

LOVE-SPLIT PLAINTIFF TELLS HER LIFE STORY

PLAINTIFF CALM AFTER FOUR HOURS OF GRILLING

Mrs. Pinfold Declares Aged Suitor Honsinger Promised Again and Again To Make Her His Wife, But Love Cooled as Time Lapsed.

WHAT STOVEPIPE HOLE TOLD DAUGHTER

Special to The Advertiser by a Staff Reporter.

St. Thomas, Feb. 27.—Mrs. Rose Pinfold, widow, and 58 years of age, completed her fourth hour in the witness stand this morning in an attempt to establish her claim for \$40,000, for which she is suing Benjamin F. Honsinger, a wealthy cigar manufacturer, and widow, of this city. She claims Mr. Honsinger wooed for a score of years, and then let her go grow cold.

Despite the grilling three hours of yesterday, Mrs. Pinfold was perfectly composed as she took the witness stand under the penetrating eyes of St. Clair Leitch, attorney for the defence, who immediately resumed his grilling cross-examination.

He concentrated on Mrs. Pinfold's life spent in Rodney, sought to have possible relations with other men, and then tried to prove she sought Mr. Honsinger's money rather than his hand in marriage. He failed to establish any evidence of a damaging nature concerning her earlier life and she deftly turned aside any attack on the motives of her suit.

Mr. Honsinger, white hair bristling, at listening intently as the questions were hurled. He played with pencil continually, but he showed no other signs of nervousness. The two children of Mrs. Pinfold, who have stayed close at her side throughout the trial, gave evidence today to support their mother's claim. They were in the stand only a short while, however.

London Woman Heard.

Mrs. W. Gough of London, who claimed she was a sort of cousin to the family, also gave evidence. The prosecution will end early this afternoon, and then the defense will be heard.

The counter-claim for \$10,000 was referred to this morning, but there was no developments. Mrs. Pinfold declared she was ignorant of the claim.

The courtroom was crowded again before proceedings were resumed. Scores could not obtain entrance, and were forced to content themselves by leaning on the windows which now and then drifted through the open door.

Mystery has surrounded the age of Mr. Honsinger, and the amount of his worldly wealth since the trial opened. Today, despite objection from Mr. Leitch, his age was revealed to be 63, ten years older than

Mrs. Pinfold, and his wealth was computed at \$181,000, made up of business and real estate, stocks, bonds and insurance.

Love's Ardor Cooled.

Mr. Smyth exhibited a letter signed Rose Pinfold, "a copy of one said to have been addressed to Mr. Honsinger in 1914," concerning her financial affairs. "If you do not intend to marry me, fix things as they were before you met me, and let me go my way." Cross-questioned by Mr. Leitch, she admitted demanding money from Mr. Honsinger.

"The whole burden of your song to him was 'Marry me; give me more money,'" "yes."

"You did not care whether he married you or not if you received money; isn't that right?" "No, that is not right."

"During the five years from 1914 to 1919, did you ask him to marry you?"

Mrs. Pinfold hesitated, and then she admitted she did not remember. "In other words, the fires of love kept burning as long as the money kept coming in."

"We talked it over several times," But Mr. Leitch still pressed for a definite admission that she did not ask Mr. Honsinger to marry her.

Mr. Leitch read Mrs. Pinfold's evidence. "In the summer of 1919, I heard that Viola, his daughter, was to be married. I wrote to him, asking why not make it a double marriage."

"But you did not ask him to marry you during the preceding five years?" "No."

Referred to Notebook.

Questioned about the conference in her apartment in 1914, Mrs. Pinfold began referring to notes, and counsel objected. "Never mind your notes. Did you keep notes as early as 1914?" "I kept a few."

"Then you began making her as early as then?"

The questions then centered around the 1914 conference for some time. Mrs. Pinfold endeavored to show, by referring to the preliminary examination, that neither Mrs. Pinfold's daughter, her fiancé or Mrs. Pinfold's son alleged Mr. Honsinger was a defrauder, but she failed to make a definite promise, including one of marriage. "So no one knows whether or not your version of the trial is true or not."

MAYOR OBJECTS TO MAGISTRATE WITH SIDE LINE

Says Police Court's Presiding Officer Should Give Full Time to Work.

NEEDED FOR YEARS

City's Executive Figures That With \$4,000 Salary Magistrate Should Not Practice Privately.

"It's time for a change. Let us have a full time police magistrate," asserted Mayor Wenige today, continuing his drive for "greater efficiency and expediency" in municipal activities.

"There is something that we have needed for years and we still need it," he went on to say, "and that is a full time magistrate who will be able to devote his time exclusively to the duties of the bench. To my mind the events of the past have shown conclusively that a move in this direction would be in the best interests of the city."

"As I understand it, we pay the present magistrate \$4,000 a year. This sum should be quite adequate for that position, in my opinion."

Mayor Wenige adds that as 1923 is the "year for action" the council should get busy in this instance and ascertain what action, if any, is deemed advisable, should be taken to effect a change.

Appeal may be made to the provincial authorities if it is explained for the present situation and I think that action should be forthcoming from the city council to facilitate a direct change."

Change the act by appeal to the government," concurred Ald. John May, "that is our only alternative."

Ald. McKay approves.

Ald. Frank McKay, ward three, also voiced approval of the mayor's suggestion. "I am certainly in favor of it," he said. "I favor an appeal to the government for permission to undertake this change. Furthermore, I hold that the same should apply to the appointment of the crown attorney."

Mayor Wenige contends that it is not in the best interests of the city as a whole, when the police magistrate is allowed to continue his private practice. It is possible for him, he points out, to act for private corporations that may have dealings with the city from time to time. "Past experience has proven, to his mind at least, that such a situation is highly inadvisable."

Think City Should Appoint.

City officials state that the people pay the police magistrate a matter of \$4,000 annually, while the appointment rests solely with the attorney-general.

London and Kingston are the only two centres in the province where police magistrates are allowed to continue their private practice unmolested.

Mayor Wenige assures further consideration of his proposal.

POLICE AT TORONTO WILL INSTALL RADIO

Chief States Instrument Will Prove Valuable in Work.

Special to The Advertiser.

Toronto, Feb. 27.—A high-powered radio broadcasting plant, which will range receiving equipment will be installed at police headquarters here in the not distant future. Chief Duggan told The Advertiser today that it would not be very long before the department would have its own radio station, but he did not think anything would be done in the matter for a couple of months or so.

"We have to keep abreast of the times," the chief said, "and I have had my ear to the ground," and he said, "with regard to radio, here long time. Radio is a coming thing, and with its possibilities in the prevention of crime and detection of criminals appear to be vast."

Owns Tapestries Woven Near 1450

In Home of John D. Rockefeller Jr. Valued at \$1,000,000.

New York, Feb. 27.—Six tapestries woven about 1450 for the Duke de la Rochefoucauld, the whereabouts of which recently was made the subject of an official inquiry in Paris, are hanging in the home of John D. Rockefeller, Jun., the New York Evening Post says it has learned. According to newspaper, the tapestries were shown in the Anderson galleries here last November and admission was by card only. On the shelves of the tapestries were suddenly withdrawn without explanation, and it was understood that they had been acquired by a collector for \$1,000,000.

According to the Evening Post, the tapestries, which include "The Hunt for the Unicorn," and which were considered some of the finest in France, after having rested for years in the castle of Vertu, the seat of the Rochefoucauld family, passed last fall through the customs in the regular manner.

SHOT BY A BANK BANDIT, ASSISTANT CASHIER DIES

Associated Press Despatch.

Wheeling, W. Va., Feb. 27.—Harry E. Price, assistant cashier of the People's Bank of Mount Pleasant, Ohio, who was shot by bandits last Saturday, died in hospital here today. Price was shot by one of two bandits when he failed to heed their command of "Hands up!" A number of suspects have been arrested in connection with the case.

'Flu' and Shortage of Coal Adds Work To Phone Girls

Daily Average of Calls Jumps From 85,000 to 100,000, While Illness Depletes Staff.

Even in the city telephone service, the shortage of coal in London and the vicinity, is making itself felt, according to an official of the Bell Telephone Company, the traffic chief, R. J. Drumbl, who, interviewed by The Advertiser, gives interesting figures.

"The scarcity of coal in the city, and the fact that so many people are ill and forced to use the telephone instead of making their calls downtown, has resulted in the average number of telephone calls, normally between 80,000 and 85,000 a day, jumping to 100,000."

"Coupled with this is the fact that many of the switchboard girls themselves are ill, and those at work are carrying the triple load occasioned by 15,000 or 20,000 extra calls every twenty-four hours."

Mr. Drumbl paid the highest credit to the local switchboard operators.

"Normally," he explained, "there are 150 operators at work in London. Of this number, 105 are retained on the local calls and the remainder on long distance. Our staff of operators is now depleted by 25 or more every day, hit just as hard by the flu and other sicknesses as any business institution in the city."

The manner in which the girls are handling the extra work is nothing short of marvelous."

CLAIMS TOMB OPENED IS NOT 'TUT'S' TOMB

Italian Egyptologist Claims Lord Carnarvon Has Found But Storehouse of Relics.

By EDGAR ANSEL MOWBRER.

Special Cable to The London Advertiser and Chicago Daily News. Copyright.

Rome, Feb. 27.—That the tomb of Tutankhamen, opened by Lord Carnarvon, is not the Egyptian king's tomb at all, but merely a storage house of precious objects, is the opinion of Italy's greatest Egyptologist, Senor Schiaparelli of Turin, according to the Rome Messenger.

The Turin archaeologist, with Denis P. de Pommery, believes Tutankhamen's tomb to have been destroyed by his successor, Ramses IV, and that the objects found by Carnarvon were either put aside by the jealous successor of the dead king or saved from destruction by Tutankhamen's servants. "It is impossible," he said, "to compare the tomb of Tutankhamen with the tombs of Ramses III, and Ramses IX, because the latter were probably superior for splendor."

Schiaparelli has left Italy for Egypt.

PENNSYLVANIA TOWN ROCKED BY EXPLOSION

Two Injured When Powder Magazine Blows Up Near Russellton.

Associated Press Despatch.

Pittsburg, Pa., Feb. 27.—The mining village of Russellton, about 25 miles from Pittsburg, was rocked by a terrific explosion today when a powder magazine at Superior Mine No. 1 of the Superior Fuel Company blew up. The magazine was destroyed and more than 100 houses were damaged. Two men were injured. First reports were that the explosion occurred in the mine.

Telegraph and telephone wires were put out of commission by the blast, which was felt in Curtsville, two miles away. The mine fanhouse and the engine-room were badly damaged.

A number of men were at work in the mine at the time, but they escaped uninjured.

The United States Bureau of Mines here, notified of the explosion, ordered its rescue car from Ford City, Pa., to Russellton before it was discovered that the blast occurred outside the workings. The magazine was on a hill above the mine.

MUST POSTPONE ACTION ON THE HAGUE QUESTION

U. S. Request For Authority To Participate in International Court Must Go Over.

Associated Press Despatch.

Washington, Feb. 27.—The meeting of the senate foreign relations committee to consider the administration's request for authority to participate in the Hague international court of justice under the League of Nations was regarded as certain to reflect the opinion of leaders of both factions that senate action on the plan must go over until the December session of congress.

A canvass of the committee was said by administration spokesmen to show enough votes to prevent action by the committee today or at any time before adjournment.

NORWAY IS PAID BY U. S. FOR SEIZURE OF SHIPS

Associated Press Despatch.

Washington, Feb. 27.—Payment of \$12,239,852, the amount of the award rendered last October by the tribunal of arbitration, which passed on the claims growing out of the seizure during the war of Norwegian ships, was made to Norway yesterday by the United States.

ROYAL CANADIAN REGIMENT COMMEMORATES VICTORY

General King Inspects Members at Armories—Honor Fallen at Paardeburg, Troop Colors—Wreaths Placed on Monument in Victoria Park.

Surely there is no military ceremonial that combines so much inspiration and dignity as trooping the colors, and none that can so well commemorate a great action or the deaths of old comrades as this.

Today the Royal Canadian Regiment, whose tenacity and courage 20 years ago at Paardeburg compelled the wily Cronje to surrender, recalled in this ceremony, and in the parade before the South African monument in Victoria Park, the deeds and faces of the men of the regiment who had found in the wide veldt a new home.

The colors of the regiment, which were taken from the barracks, and the gay tunes of the life and drums sounded like the forerunner of the spring birds—a world of a new life.

In the armories at 11:45, under the command of Col. C. H. Hill, they were inspected by Gen. W. B. King, and the inspection was followed by the trooping of the colors presented by King Edward, carried through with that exact precision which brought a tingle of pleasure to the crowds assembled to watch the proceedings.

Recalls Traditions.

Col. William Beattie, in a short address to the regiment, reminded them of the great traditions to which they were heirs, of the various campaigns in which they had taken part, and especially of Paardeburg and the long marches that had led up to the battle.

"It is a great thing," he said, "to be prepared for any eventuality. We do not want another war, but if (which God forbid) there should be another war we shall face it all the more successfully by the fact of our preparation."

"Remember that you, both as men of the R. C. R. and also as citizens, have a great and glorious heritage, be always ready to uphold the honor of both, to live for both, and if the demand comes, to die for both."

Just after the parade in the Armories and before leaving for the park, the regiment gave three cheers for the South African veterans, who were present.

Takes Salute.

As the regiment turned up Wellington street, just opposite the W. M. C. A., General King was at his saluting base, and took the salute of the company as they marched past. In Victoria Park they lined up in front of the big stone figure of the pith helmet, that all who remember the African campaign have come to know. The band played the grand funeral march of Chopin, General King laid at the base of the monument the wreaths from the regiment, and also wreaths from the city.

Just before he placed the wreaths on the monument, General King shook hands with half a dozen veterans of the South Africa, one or two of them with the familiar orange and blue ribbon on their coats.

The day was perfect, it lit up the armories, and it lent an enthusiasm to the ceremony in the park.

Order Not Present.

Gen. W. D. Otter, who commanded the regiment at Paardeburg, was unavoidably detained, and was not able to reach London until this afternoon.

There was a large attendance in the armories and in the park, and the regiment turned out about the same strength as their losses in the fighting at Paardeburg, roughly 55 men.

Twenty-three years ago today the moon had not yet risen, and through the cold darkness of the night the regiment of the R. C. R. was marching, fighting at Paardeburg, roughly 55 men.

The simple but impressive Church of England service was conducted by Rev. A. A. Bice, rector of All Saints Anglican Church.

Although the funeral was not of a military nature, quite a number of friends and acquaintances joined with the relatives in the service at the home of Mr. Thomas V. Shaw, of 58 Oak street, son of the aged hero.

Shaw died in Victoria Hospital early Sunday morning, after a hard fight. In his dying moments he had visions of the six hundred riders and

SAYS 'SQUEEZING' PLAN WILL NOT MEET NEEDS

Inspector Doubts If School Accommodation Can Be Increased That Way.

Now that we have this offer from a reliable insurance company," the mayor stated, "it would seem that this phase of the problem will have been solved. I believe that the bus operators will be in a position to shoulder the \$148 insurance premium, which is \$300 less than their last offer."

To overcome the next difficulty, the question of seating regulations and the "no standing" stipulation, it is proposed to draft a new bylaw, incorporating in it the precise clause dealing with that issue, from bylaw 916, the city's agreement with the street railway company.

Seating Question.

This provides, as the mayor points out, that the company must provide seats for its passengers. The commission evidently does not insist upon a strict fulfillment of this, says, adding that the city would in case of the buses, as they have already insisted.

It is fair for one transportation company to insist that the other should conform to the same standards, unless it is the intention of the authorities to oppose a legitimate competition to the street railway corporation, which would overcome this, it is believed now that if a new omnibus bylaw was framed, containing the identical clause, it would place the police commissioners in the position that they would either have to allow standing in the buses or else refuse to permit the same state of affairs to prevail in the street cars.

"Let's have action in this right away," directed the mayor. "Let's start on this this afternoon."

ARREST 22 AT PAWNEE ON RIOTING CHARGES

Six Yale Men Are Accused of Whipping E. Ewing of Quay Last Year.

Associated Press Despatch.

Pawnee, Okla., Feb. 27.—Alleged band activities have resulted in the arrest of 22 citizens of Pawnee County on charges of rioting after a grand jury investigation, it became known today.

Six men at Yale, three charged with having whipped E. Ewing of Quay last July, and three accused of attempting to whip him again in October, have been released on bonds of \$15,000 each. When the second attempt was made against Ewing he shot and killed one of his assailants, for whose death he is awaiting trial.

RESUME SERVICE OF MOTOR BUSES ON CITY STREETS

New and Cheaper Liability Insurance Offer Makes This Probable.

TO REOPEN QUESTION

Entire Matter of Bus Insurance and Regulation To Be Reconsidered.

The transportation battle continues with increasing intensity, and the latest advice from Mayor Wenige indicates a real possibility that London's several independent motor buses will be in operation before many days have elapsed.

Following his receipt from an outside source of an insurance offer of \$148 for \$20,000 liability, the mayor gave directions that the entire question of motor bus insurance and regulation be reopened for immediate consideration.

It is just possible, viewed from casual observation, that a new motor bus bylaw will be drafted and submitted to the council for consideration.

Solves Problem.

"Now that we have this offer from a reliable insurance company," the mayor stated, "it would seem that this phase of the problem will have been solved. I believe that the bus operators will be in a position to shoulder the \$148 insurance premium, which is \$300 less than their last offer."

To overcome the next difficulty, the question of seating regulations and the "no standing" stipulation, it is proposed to draft a new bylaw, incorporating in it the precise clause dealing with that issue, from bylaw 916, the city's agreement with the street railway company.

FAILURE OF FARMERS CHARGED BY LIBERAL

Winnipeg Member Says People Would Now Reinstated the Norris Government.

Canadian Press Despatch.

Winnipeg, Feb. 27.—The amendment of T. J. Haig, Conservative, Winnipeg, to the budget, regretting that the government had failed to abolish the municipal commissioner's levy and the increased taxation had been foreboded, was defeated by the legislature last night. The vote was 34 to 8.

Changes that the United Farmers had failed to make, and pledged to the voters, that they would bring about reduced taxation, were made by Robert Jacob, Liberal, Winnipeg, in his budget speech. The budget debate, Mr. Jacob asserted, if the elections had an opportunity tomorrow they would reinstate the Norris Government in view of the farmer government's failure to carry out its promise to lower the cost of government.

\$600,000 BLOCK BURNS TODAY IN WINNIPEG

Clarendon Block, Built But Two Years Ago, Practically Total Loss.

Special to The Advertiser.

Winnipeg, Feb. 27.—The Clarendon Block, Portage and Donald streets, in the central retail business section of Winnipeg, was destroyed by fire during the hours of 3 to 4 o'clock this morning. The loss, with contents of the block, will amount to about \$600,000. Devin, merchant, Lurie, merchant, Liggett, drug; Barons, restaurant, and the Capital Loan Company were all burned out.

The block was owned by F. W. Lestakow of Los Angeles, and was built two years ago.

BOARD OF EDUCATION WANTS ABOUT \$925,000

Estimates, Presumably Cut, Will Approximate That Figure.

Now complete, the board of education estimates, presumably slashed to the minimum, and aggregating about \$925,000 roughly, await the pleasure of the March session.

The amount includes a building program of approximately \$50,000, and the interest and sinking fund for one year upon a \$300,000 branch high school in East London.

It is quite evident that the school authorities are paying scant attention to the suggestion from the mayor and Ald. Jued that the entire building program be curtailed.

PERTH SEXTET SURVIVES ALLAN CUP ELIMINATION

Canadian Press Despatch.

Perth, Feb. 27.—The Perth hockey team, Rideau group champions, came through the first round of the Allan cup elimination series with a margin of nine goals in their favor, when they defeated Berwick here last night, 6 to 0.

The first of the home and home series at Berwick, the Central Ottawa Valley Hockey League champions, was won by Perth Friday, 7 to 4.

COUNCIL MEMBERS NOT UNITED AS TO POLICE FORCE CUT

Magistrate Treats It Lightly, and Says City Is Under Policed Now.

MANY FAVOR PROBE

Suggested Police Force Be Investigated With View to Improving Service.

Members of the city council divide their opinion as to the suggested reduction of police department financial requirements for the year, there being those who concur with Mayor Wenig while others strongly disapprove of any contemplated curtailment of the service.

"I think we could get along nicely without some of these arm-chair officials up at the police station," asserted Ald. John Colbert. "These police estimates should certainly be given earnest consideration. Certain changes can be made with satisfaction. I feel confident, and if no one else suggests them, I will when the time is opportune."

"We hear about \$250,000 police estimates. Why, it's a crime. That's my opinion. Why, that's creating crime, if you ask me. We don't require all these uniformed men, except a few for traffic duty. What we actually need is plainclothes men through the residential and outlying districts. What's the use of uniformed men walking up and down Dundas street. Why, if anyone wants to commit crime, he can find out where the uniformed men are and then avoid them."

Objects to Reduction.

Ald. William A. Wilson is brief but to the point. "The mayor can't reduce the police force," he commented decisively. "My, isn't he a wonderful fellow!"

It would be all right to look the situation over," Ald. Frank McKay states, "but from my limited knowledge of the department, I don't think that a reduction can be satisfactorily accomplished. Furthermore, I do not think it would be advisable. We have one of the best police forces in the country. Would this be because our police department is more competent?"

An investigation won't hurt at all," commented Ald. John Greer. "I have not much information at my disposal. I would like to hear more. We should be able to find out how the reduction is accomplished, if deemed necessary and advisable. We could have a complete probe and see what is being done and what is needed."

Under-Policed Now.

Magistrate A. H. M. Graydon, member of the police commission, is inclined to treat lightly the proposal of Mayor George Wenig to cut the police force by ten men.

"We're going to make all applicants run one hundred yards in three seconds before they can join the police force," he stated, "and we're going to keep the policemen on the run all the time."

"Better out the force down to ten men and keep them sprinting around the city all the time," the magistrate retorted.

Then assuming a more serious attitude he said: "Why, the city is under-policed now. A year ago the merchants of the city complained of this. An order for the addition of ten more men was made."

SEVENTH DAY ADVENTIST CONVENTION IS OPENED

Fifty Clergymen and Field Mission Secretaries Gather at Oshawa.

Special to The Advertiser.

Oshawa, Feb. 27.—Fifty clergymen and field mission secretaries of the Seventh Day Adventist denomination assembled here yesterday for the first meeting of a ten-day convention. Delegates are present from Hamilton, Windsor, Quebec, Toronto, Hamilton, Winnipeg, Calgary and Vancouver. The stated object of the convention is the advancement of the gospel throughout the Dominion, both from the press and the public platform.

The conference is being held under the auspices of the Canadian Watchman Press, which is the official publishing organ of the denomination. This is the third time the representatives from all over the Dominion have gathered in convention. Four of the world leaders of the movement are here from Washington. They are N. Z. Trow, secretary general of the denomination of publications; C. H. Watson, vice-president of the general conference; W. M. Campbell, former president of the British Union, and W. Eastman, chairman of the publishing department of the world general conference.

CLAIMS \$150,000 PAID FOR EUGENIA POWER PLANT

Toronto, Feb. 27.—Before the Gregory commission investigating hydro-electric power costs, the Georgian Bay Power Company this morning brought up the matter of the purchase of the Eugenia power system by the hydro-electric.

It was contended that the price to have been paid to the company when the deal was made in 1904 was \$150,000. The company claimed to have only received \$80,000 and that \$80,000 was still owing. The company first approached the hydro in the matter of purchase, and was at the time developing 50 horsepower. As there was none of the hydro commissioners present, their side was not presented.

WILL APPLY THE KNIFE TO HEALTH ESTIMATES

Special Session for Pruning Purposes Called for Thursday.

CUT TO LAST YEAR CLUB ENDS SEASON

But Board Member Insists That Economy Rule Shall Be General.

Board of health estimates will be slashed at a special session of that body set for Thursday night. The 1922 figures shall not be exceeded, it is promised.

If it's got to be, well I suppose it will," commented E. R. Seabrook, member of the board, "but I'm in favor of adhering to a lowered rate, with the provision that it's to be a general reduction all around. Every spending body should be treated alike. They have made a 'great' of the board of health in other years. We've always been trimmed to the absolute minimum."

Dr. W. S. Downham is another member of the board who deplores any big reduction of the estimates. He states that expenditures for health purposes during the last 15 years have prevented the loss of perhaps 250 persons. Can we estimate in dollars and cents the value of that?

EPWORTH LEAGUE VICTORY PRESBYTERIAN LEAGUE

The Epworth League of the Centennial Methodist Church were guests at the meeting of the league of King Street Presbyterian Church, Monday evening. Rev. A. E. M. Thomson was the speaker, giving an interesting and informative address on "The Spirit and Genius of Methodism." He outlined the history of the Methodist Church, bringing out the four characteristics of Methodism—enthusiasm, citizenship, including temperance and social service, missionary work and evangelistic spirit. The address was met with hearty appreciation and a vote of thanks given by Douglas McWilliams and M. Wilson. Solos were given by Ted Bottoms. Games followed by refreshments were enjoyed. The meeting was presided over by Stanley Turnbull.

SAYS ADVERTISING CLUB TO BENEFIT CANADIANS

D. George Clark Declares the Association in Harmony With United States.

HOLD CONVENTION

First General Meeting To Be Held in Toronto, March 22.

"Without wishing in any way to criticize adversely the Associated Advertising Clubs of the World, whose headquarters are in New York, and whose leadership the Canadian clubs were enrolled until quite lately, I do think that in breaking away from them, and in seeking to organize in this country a central controlling body, we are trying to carry through a venture that is in the best interests of Canada both from the point of view of national goodwill and also of private business."

D. George Clark, president of the London Advertising Club, summed up the position of the Canadian advertising world in a conversation with The Advertiser today.

"For instance," he added, "there are in Canada only five advertising clubs, in the following cities—St. John, Montreal, Toronto, Hamilton and London. In Winnipeg there is a sales managers' club, and in Edmonton there is a publicity department of the chamber of commerce."

In reply to a query as to what the few remaining clubs propose to do in the way of building up this Canadian central body, Mr. Clark said: "Well, we are beginning our movement on March 22 by inaugurating the first general meeting of the United Advertising Clubs in the King Edward Hotel in Toronto."

He went on to say that the nucleus of what will in time be the equivalent in this country of the associated clubs in the United States. As in every other country today, there is great loss from overlapping and lack of co-operation, and it is one of the essential ideas that we should get out of all this wastage by having headquarters which shall be national in character and Canadian in outlook.

He also pointed out the disappearance of the other clubs by the fact that many of them felt hampered by their affiliation with the great American body, and thought that under a different system they would be able to return to life and usefulness.

Did Not Lack Harmony.

As a result of this decision of these five Canadian clubs, the association in connection with the Associated Advertising Clubs of the World some time ago, he laid emphasis on the fact that there is no lack of harmony between the clubs and the New York headquarters, but simply because the Canadians felt that they were being overruled by the American body, which represented them necessarily in a small ratio to the whole advertising profession on this continent.

Mr. Clark was enthusiastic about the coming convention in Toronto. "Everyone interested in any form of publicity will be very welcome," he declared, "whether they belong to chambers of commerce or boards of trade, or even if their interest is only that of the amateur. We want them all to come, from the Atlantic coast to the Pacific, and I hope that as many as possible will turn up, and let us get this thing away to a flying start."

MOTHERS FIGHT DELAY, EMPRESS AVE. SCHOOL

Also Oppose Any Plan To Do Away With Supervised Playgrounds.

NEW SCHOOL NEEDED

Public School More Necessary Than Secondary Building, They Say.

The executive of the London Union Mothers' Club is strongly opposed to any delay in building a new Empress Avenue School, and also opposed to any movement to do away with supervised playgrounds.

At a meeting of the executive Monday evening in the Technical School, a unanimous standing vote was taken in appreciation of what the school board already done in the interests of the children of London, and asking for reconsideration of a recent decision with regard to the Empress Avenue School, and the carrying out of the original plans to proceed with the building of a new school.

The new view was voiced that this public school is a more imperative need at this time than a new secondary school. The executive placed issues as to the whole behind the Empress Avenue Mothers' Club, protest against having the children of the West London district spend their school hours in so insanitary a building. Miss Clara Brenton, supervisor of kindergartens, who was present, added her testimony with regard to the need of a more adequate building.

A rumor to the effect that doing away with supervised playgrounds in London is under consideration was responsible for the meeting, in which the mothers expressed their fervent hope, no such action would be taken in the interests of the health and welfare of the future citizens of the city.

In response to a communication from the social hygiene committee of the Social Service Council, asking for the appointment of further representation from the Union Mothers' Club, the names of Mrs. W. A. Fane, Mrs. Alex. Harvey and Mrs. A. H. Cress were added to those of Mrs. J. A. Rose, Mrs. John Gemmell and Mrs. E. F. Brighton, who are already acting.

Mrs. John Gemmell, convener of the committee in charge of printing, distributed copies of the revised constitution, which also contains a procedure for clubs and a definition of the duties of the various officers.

Miss Clara Brenton, supervisor of kindergartens, announced her visit to the city on March 13 to attend the Proebel Society annual banquet at the Hotel Windsor, and to attend the nursery school convention at the Hotel Windsor on March 14. The Union Mothers' Club will put forward in order to have her speaker.

Mrs. J. A. Rose, president, who has been confined to her house for several weeks through illness, was accompanied by her executive, when she was on duty again.

CLEVER THIEF SECURES THOUSANDS IN MAIL

Works at Leisure Rifling Packages in New York Central Car.

MAY BE BANDIT RING

Officials Connect Robbery With Yesterday's Theft From Chicago Mail.

Associated Press Despatch. New York, Feb. 27.—Thief of thousands of dollars in registered mail from a New York Central train between Syracuse and Albany several days ago was reported by authoritative sources yesterday. The robbery, it was stated, was similar to that in Grand Central terminal yesterday.

The robber, it was said, evidently worked at leisure in the registered mail car, rifling the packages and casting the wrappers out of the window. Later, track walkers found wrappers strewn along the right-of-way, many of which it was said, bore European addresses. The robbed train was eastbound.

The similarity of this robbery and the one executed yesterday in Grand Central terminal, when the Chicago fast mail, composed of ten steel cars, was looted, led to the belief that both were committed by the same band of robbers. Postal inspectors said they believed the robber of the fast mail yesterday had boarded the train at Albany, with ten mail clerks who got on there. They said he either used forged credentials or else slipped by the crowd of clerks without displaying any credentials.

He was discovered at work in one of the cars as the train was rolling into Grand Central. When several clerks started toward him, he leaped through the car alighting the door, equipped with a spring lock, and fled into a train track dropping one of the pouches he carried.

He retained a registered package, but the inspectors said its contents were not believed to have been valuable. When the clerks freed themselves from the car and pursued him, they saw him hurrying up an emergency exit to Park avenue, where he disappeared.

Federal officials said they believed the man was a member of a band of mail thieves organized in Chicago. They said they expected to make arrests within a short time.

U. S. MAY PARTICIPATE IN COURT AT HAGUE

President Harding Reported To Be Taking An Unusual Interest In European Affairs.

Special Cable to The Advertiser. Geneva, Feb. 27.—The desire of President Harding for American participation in the Hague international court has been an "open secret" here for months.

Step by step, it is pointed out by attaches of the secretary of state, the United States is becoming more active in councils of the old world. America is already represented on the white slave and opium traffic commissions, and is indirectly associated with the international labor office.

It is anticipated that the United States, when the United States Senate grants its approval of President Harding's plan for American participation in the international court, will be given an equal standing with other powers.

Special to The Advertiser by a Staff Reporter. Windsor, Feb. 26.—Analysis of the political situation in North Essex reveals "Tim" Healy as the long-odds favorite in the contest against Col. Robinson. A certain amount of enthusiasm was displayed by Walker, citizens of traditional Conservative leanings when Mr. Meighen addressed them last Saturday evening, but in other sections the Conservative candidate's reception has been disappointing.

Mr. Healy is everywhere received with applause. This morning, addressing employees of the Studebaker and Fisher Body Companies, the Liberal hope created an epidemic of enthusiasm. Healy's straight-forward shoulder talk to the men was loudly acclaimed.

Mayor E. G. Odette of Tilbury, contributed to the oratory, and brought home some truths regarding the danger of sending a Conservative representative to Ottawa tending to further embarrassment to the King government.

RAILWAYS CAPTURING TRADE ON UPPER LAKES

Water Freighters Gradually Driven Out of Package Freight Business.

Canadian Press Despatch. Port William, Feb. 27.—Package freight business from Montreal direct to the head of the lakes has been almost wiped out in recent years, according to evidence given here this morning before the royal commission which is investigating the matter of lake rates on grain.

J. Coburn, collector of customs at Port William, said that at one time there were 31 package freighters in a Montreal-Port William trade, and now not more than ten or fifteen, the rail routes having taken over the business.

John F. Hodder, collector at Port Arthur, said the package business had been nearly wiped out. Various explanations were suggested. It was said that all cargo boats of any size had been taken into the ocean service during the war, and that they gradually were getting back to the lakes trade.

Arthur Chamber of Commerce, venturing the opinion that the boats would be as profitable in the lower lakes as in the north, their while coming as far as Port William.

CHARLES E. GRANTHAM TELLS OF HIS INJURY

Street Railway Manager Says His Company Is Powerless To Interfere.

Charles E. Grantham, a former employee of the London Street Railway Company, who failed to receive compensation from the Workmen's Compensation Board for injuries to his eye, told of his experience with the company and the board.

Mr. Grantham states that he reported the accident at once to the company and says further that he was not in the army before first entering the service of the Street Railway Company but quit working for them after many years service to join the army. After his discharge from military service he resumed his work for the transportation company.

Mr. Grantham declares that during his early years of service with the street railway people his eyes were frequently examined by order of the company and asks in reply to the statement that he always had poor eyesight—how could a motorman with impaired vision run a street car?

He says that his eyes were examined at the time of his enlistment in the army and on the occasion of his discharge from the army and that they again passed a rigid examination before he was allowed to re-enter the employ of the street railway after the war.

He added that he always had splendid eyesight and did not contemplate an operation or treatment before the accident occurred and that he served in the medical corps during the war.

Manager C. B. King of the London Street Railway replied to The Advertiser's statement that the company and its officials are bound by the rules and are unable to take action one way or another. "Mr. Grantham's vision was good but he always had one eye which was twisted," he continued. "It was simply a case between Mr. Grantham and the Compensation Board and one in which the street railway has no power to interfere."

Street Railway Manager Says His Company Is Powerless To Interfere.

Charles E. Grantham, a former employee of the London Street Railway Company, who failed to receive compensation from the Workmen's Compensation Board for injuries to his eye, told of his experience with the company and the board.

Mr. Grantham states that he reported the accident at once to the company and says further that he was not in the army before first entering the service of the Street Railway Company but quit working for them after many years service to join the army. After his discharge from military service he resumed his work for the transportation company.

Mr. Grantham declares that during his early years of service with the street railway people his eyes were frequently examined by order of the company and asks in reply to the statement that he always had poor eyesight—how could a motorman with impaired vision run a street car?

He says that his eyes were examined at the time of his enlistment in the army and on the occasion of his discharge from the army and that they again passed a rigid examination before he was allowed to re-enter the employ of the street railway after the war.

He added that he always had splendid eyesight and did not contemplate an operation or treatment before the accident occurred and that he served in the medical corps during the war.

Manager C. B. King of the London Street Railway replied to The Advertiser's statement that the company and its officials are bound by the rules and are unable to take action one way or another. "Mr. Grantham's vision was good but he always had one eye which was twisted," he continued. "It was simply a case between Mr. Grantham and the Compensation Board and one in which the street railway has no power to interfere."

L. AND P. S. RAILWAY TO PAY TAYLOR \$1,000 DAMAGES

Special to The Advertiser. St. Thomas, Feb. 27.—The supreme court civil action of Taylor vs. London and Port Stanley Railway was settled out of court Monday afternoon by the counsels for the litigants.

By the settlement the plaintiff receives \$1,000 damages and costs, fixed at \$250. The company's counterclaim was dismissed without costs, with 20 days' stay.

GRANTS FOR CONSTRUCTION NOT FULLY CONSIDERED

Canadian Press Despatch. Ottawa, Feb. 27.—In the Commons today Hon. G. P. Graham, acting minister of railways, stated that the question of introducing further legislation at this present session to provide for grants to aid provinces in highway construction had not yet been fully considered.

HEALY SHOWING GAIN DAILY IN ESSEX FIGHT

Every Day in Every Way Prospects For Liberal Victory Are Improving.

APPEAL IS POPULAR

Premier King Tomorrow, and Arthur Meighen Tonight, Will Conclude Platform Fight.

Special to The Advertiser by a Staff Reporter. Windsor, Feb. 26.—Analysis of the political situation in North Essex reveals "Tim" Healy as the long-odds favorite in the contest against Col. Robinson. A certain amount of enthusiasm was displayed by Walker, citizens of traditional Conservative leanings when Mr. Meighen addressed them last Saturday evening, but in other sections the Conservative candidate's reception has been disappointing.

Mr. Healy is everywhere received with applause. This morning, addressing employees of the Studebaker and Fisher Body Companies, the Liberal hope created an epidemic of enthusiasm. Healy's straight-forward shoulder talk to the men was loudly acclaimed.

Mayor E. G. Odette of Tilbury, contributed to the oratory, and brought home some truths regarding the danger of sending a Conservative representative to Ottawa tending to further embarrassment to the King government.

RAILWAYS CAPTURING TRADE ON UPPER LAKES

Water Freighters Gradually Driven Out of Package Freight Business.

Canadian Press Despatch. Port William, Feb. 27.—Package freight business from Montreal direct to the head of the lakes has been almost wiped out in recent years, according to evidence given here this morning before the royal commission which is investigating the matter of lake rates on grain.

J. Coburn, collector of customs at Port William, said that at one time there were 31 package freighters in a Montreal-Port William trade, and now not more than ten or fifteen, the rail routes having taken over the business.

John F. Hodder, collector at Port Arthur, said the package business had been nearly wiped out. Various explanations were suggested. It was said that all cargo boats of any size had been taken into the ocean service during the war, and that they gradually were getting back to the lakes trade.

Arthur Chamber of Commerce, venturing the opinion that the boats would be as profitable in the lower lakes as in the north, their while coming as far as Port William.

MAYOR URGES THE CITY TO SUE STREET RAILWAY

Wenige Suggests a Plan To Smash Agreement With the Company.

SCORES ANY DELAY

Next Move in Transportation Must Irrespective of Bus Proposals.

"Sue the London Street Railway Company for violation of contract, and if we win, we can smash bylaw 916 and not have to buy the road at all."

This is what Mayor Wenige urges as the next move in the local transportation game, irrespective of any motor-bus proposal.

"First of all, we should test out the city's agreement with the company—bylaw 916," he said. "Take it into the courts without delay. Why wait until next February, when we are supposed to give the company notice of our intention with respect to the proposed purchase?"

TEST AGREEMENT

"Don't wait until the last moment. Find out in the supreme court if 916 still holds good. If we prove, and I believe that we can, that the company has violated its agreement, then it can be considered, I should think as non-effective in every respect. Then it shall not be incumbent upon us to purchase the line."

Mayor Wenige voiced the further opinion that the members of the council who were not to be considered because they loaned the company the money to pave the Hamilton road.

"Why, the company could not undertake any of its paving projects," he said, "unless they received the assistance of the city. No banking institution or any other body in the city of London, will advance them any loans. To all intents and purposes they are bankrupt."

Special Election. While the mayor has already submitted his 62-bus proposal, Ald. Drake is particularly anxious that the council should seek the opinion of the people at a special election this spring, upon his proposal to purchase but 6 or 7 buses at an expenditure of roughly \$80,000. He is extremely confident that the people would give majority approval by a substantial majority.

Mayor Wenige adheres to the belief, however, that judgment should be first obtained in the courts, from the railway company, after which the city can buy buses, or do what ever is considered advisable under the circumstances.

BRITISH LABOR PARTY INSISTS UPON PEACE

Make Proposals To French and Belgian Chambers of Deputies.

Special Cable to The Advertiser. London, Feb. 27.—"His Majesty's opposition" demands peace in Europe. The Labor party in the House of Commons, Monday, introduced a resolution which is designed to end the Franco-German embargo in the Ruhr.

The Laborites propose to the French and Belgian Chamber of Deputies that committees on which all shades of political belief would be represented, be appointed to meet a similar committee from the House of Commons to discuss the occupation of the industrial area "in relation to problems of security and reparations."

Groping over the heads of the governments of France and Belgium, the Labor party is communicating with the leaders of the Socialist parties in the two countries, an effort to induce them to introduce similar motions in their chambers.

The Labor party, it has been learned, will announce the following plan for settlement of the war-debt situation:

1. Withdrawal of the French from the Ruhr.

2. Great Britain to forego all reparations claims from Germany.

3. Britain to remit the French debt.

4. An international loan for Germany.

5. Germany to rebuild the devastated areas of France.

6. Revision of the reparations schedule.

CITY SEEKS CONTROL OF WATERLOO-WELLINGTON LINE—PRESIDENT ASKS \$30,000.

Special to The Advertiser. Kitchener, Feb. 27.—The original price offered by the city for the purchase of the Waterloo-Wellington Railway line has again been offered by the railway commission to the city council, after a joint conference with the local street railway.

The price is \$35,000 with the understanding that the company pay for the submission of the bylaw if the city is defeated, and the city pays for the cost of the bylaw if it carries.

W. H. Breithaupt, president of the line, stated today that he had his own engineers go over the line and value it, with the result that he is asking \$30,000. He declared today that if the city will not do better than \$25,000 the deal is off, as he would not consider selling at the city's figure.

Soberson Family Are Found Drunk

Chicago Father, Mother and Baby All Drink Moonshine.

Special to The Advertiser. Chicago, Feb. 27.—Moonshine took a vicious sting at the family of Steve Soberson here yesterday.

Five Sobersons, including a baby, were found unconscious on the floor. Empty, ill-smelling bottles were scattered about the place. For five hours ambulance surgeons worked over the family attempting to revive them. All are now expected to recover. The victims are: Steve Soberson, 31; Mrs. Theresa Soberson, 28; John, 11 months; Steve, Jr., 7; and Joseph, 5.

WILL TRY LONDONER FOR MANSLAUGHTER

St. Louis, Mo., Feb. 27.—Rear Admiral William S. Sims, retired, in an address here yesterday, attacked the Ku Klux Klan, and said that if legislation would not prove effective against the wearing of masks, an open season might be declared for the Klan and a bounty offered for their ears. He spoke before the local chamber of commerce.

FIELDING AND LAPORTE PAY CITY A BRIEF VISIT

Pass Through London on Way
to Liberal Rally at Windsor
Tonight.

READY FOR ACTION

Minister of Finance Is Non-
Committal On Question of
Healy's Chances.

Hon. W. S. Fielding, L.L.D., D.C.L., minister of finance in the Dominion cabinet, and Hon. Ernest Laporte, B.A., L.L.B., K.C., minister of marine and fisheries, passed through London at noon today, in Mr. Fielding's private car, on the Grand Trunk, en route to Windsor, where they will speak at a Liberal mass meeting tonight in behalf of Timothy Healy.

Liberal candidate in the North Essex by-election.

"Do you think Mr. Healy will be elected?" both of them were asked, and both replied that it was at present impossible to make any forecast of the result of the election.

Mr. Laporte was in his characteristic good humor, and greeted the advertiser with his usual wide smile and hearty handshake.

To the question as to who might be the probable successor to Hon. W. R. Kennedy as minister of railways, the minister of finance replied that he knew nothing definite as yet.

"Have you any idea who is to receive the railway portfolio?" Mr. Laporte was asked, but he also responded that he had no inkling yet as to who might succeed the late Hon. W. R. Kennedy.

"I am not prepared just now to make any statement of the kind," Mr. Laporte was likewise non-committal.

EARLY CAMERA MAN MAY "SNAP" PICTURE

G. T. R. Superintendent Promises
To Be Photographed at
Two in the Morning.

C. R. Davidson, general superintendent of the Grand Trunk eastern lines with headquarters at Montreal, will be through London today at noon on the Chicago train and will stop at Battle Creek for an inspection and to make certain arrangements for the re-organization of the Grand Trunk.

The advertiser's representative managed to get into Mr. Davidson's private car in time to see the general superintendent become many of the local G. T. R. officials.

"Hello Bob! How are you, Fred?" "Hello Dick!" he said to those who came to greet him.

"Mr. Davidson, I want to take your picture," the reporter ventured to say after the hand shaking and greetings had been exchanged.

"You do?" he replied, with a smile, "why you already have one of me over in your office now."

"I have never seen it," answered the scribe, "and in any event a recent picture of anybody is always more interesting than an older one."

"How long ago was it taken?" the reporter asked.

"Well, it couldn't have been more than ten years ago," was the reply.

"May I take your picture when you go through here on your way back to Montreal?" the reporter queried.

"By all means," he responded.

"Things are looking up," thought the scribe to himself and to the general superintendent, who was looking at him with a friendly smile.

"About two o'clock in the morning," answered Mr. Davidson.

**LONDON MAN JUDGING
AT CHICAGO DOG SHOW**

Chicago, Feb. 26. — The largest entry of Boston terriers in Chicago for many years greeted the Canadian judge, Vincent G. Perry of London, when he came here on Saturday to judge the specialty show of the Western Boston Terrier Club.

"Mosholu Bunko," a New York entry, was awarded winners in the male class, and later won the cup for best in the show. The winning female was "Rosehome Queen of All," but for best of opposite sex, "Ch. Rosehome Blue Princess" took the award.

This show was not only the largest held in Chicago for some time, but in number and quality of dogs entered, it was the best since the first of the New York show, and was well over the four-point rating. Experts in attendance at the show were well satisfied with the judging, and the decisions of the judges were well received with the ringside and exhibitors.

Would Prohibit Cigarette Sale

Vermont Fish and Game Com-
mittee Wants Forests Protected.

Associated Press Despatch.
Montpelier, Vt., Feb. 27. — Sale of cigarettes or cigarette materials would be prohibited in this state under a bill reported favorably in the Senate last night by the committee of fish and game.

The contention of the committee was that many forest fires have been caused by cigarette smokers.

"A fine of \$50 or five days' imprisonment for violation of the terms of the bill is provided. The measure does not call for any penalties for smokers."

MAJOR W. T. LAWLESS RECEIVES PROMOTION

Veteran of South African War
Has Been Gazetted Lieuten-
ant-Colonel.

Lieut.-Col. W. T. Lawless, if you please, by happy coincidence, or possibly design, the only officer of the R. C. R.'s who served in the South African war has received his promotion and been gazetted lieutenant-colonel.

Just in time for the commemoration of Paardeberg day, one of the great days of the war, "Major" Lawless, as people will insist upon calling him, is receiving the congratulations of his hosts of friends today.

FIFTEEN CITY MASONS ATTEND CONVOCAION

Section of Local Delegation
Left at Noon Today For
Toronto.

Fifteen London Masons will represent the four Forest City chapters at the 65th annual convocation of the Grand Chapter, Royal Arch Masons of Canada, being held in Toronto Wednesday and Thursday.

One section of the local delegation left the city at noon today for the convocation at the Royal Excelsior Hotel.

Among those who form the London delegation are: Royal Excelsior, Companions J. P. Woodward, grand superintendent of the London division, who is 33 years old, is alleged to have been begging, along with Victor Ames, 17, and two juveniles, a boy 12 years old and a girl 13 years old.

The Grand Chapter executive committee tonight, Mr. Smith and Mr. Elliott, who are members of the executive left at noon to be present at the convocation. The grand third principal, Mr. Smith, will be present, and explained, and as the election of the "off" year convention is expected to be about half as large as it would be if the election were held.

One hundred and eighty chapters, with a total membership of 27,500, will be present at the convocation, and the convention, and companions will assemble from Ontario, Manitoba, and the Yukon.

The convocation will be presided over by the Grand Z. R. H. Spencer of Trenton, Ontario.

BOARD OF EDUCATION TO VISIT BRANTFORD

Will Consider Collection of
Fees From Children Living
on Untaxable Property.

Several members of the board of education will attend the Ontario School Trustees' Association at Brantford, which opens tomorrow morning, where they will introduce for consideration a resolution regarding the collection of fees from parents of children who reside on non-taxable property within the city limits.

The local trustees refer to the military reservation, Wolsley Barracks, where were some 40 pupils to be sent to school, and the school, the same is true of the other municipalities, Toronto, Kingston, and Ottawa.

The resolution requires that the city must provide accommodation for the public schools for all students within its confines. No provision has been made, however, with respect to children from non-taxable land, as a military holding.

This problem has claimed attention at Brantford for many years, and the responsibility has been placed on the shoulders of the city, still shouldering the expense.

The local board was finally advised that it would be necessary for the four municipalities to make a joint statement, a new form of teachers' contract submitted for discussion by another centre. The local trustees frankly disapproved of the suggestion that school boards retain the power to discharge all teachers after a month's continuous illness. This is considered unfair.

INCOME TAX DODGERS ARE FINED IN COURT

No Leniency For Those Who
Failed To Make 1920
Returns.

DEFENCE DIFFICULT
Proof That Notice Was Mailed
Makes Defendant Liable
to Fine.

Citizens who failed to make 1920 income tax returns, as requested by the local federal authorities, found themselves in police court today with little hope of escaping a \$50 fine.

It was shown that all that was required to make a default under the act was the mailing of the registered letter to the defendant by the inspector of taxation.

James Hotchkiss, a deaf mute, was fined \$50 and costs. His interpreter, J. Fisher, explained that Morse had lost his tax forms, and "didn't have enough sense to go back for more."

He had earned \$1,000 during 1920, and had a bank account.

Morse can neither read nor write, the interpreter testified.

Did Not Get Letter.
R. Wilson, 388 Hale street, claimed he did not receive the registered letter.

He had filed returns for 1919 because he had thought he was taxable that year. In 1919 he had earned \$2,200. He has a wife and two children.

Postal authorities proved the registered letter had been delivered to 1029 Dundas street, an old address, first. Then it was delivered to 283 Hale street. Papers were produced to show Mrs. Wilson had signed for the letter.

Wilson claimed the writing on the form was not that of his wife. He was fined \$50 and costs. "We haven't the money," he told the court.

Dismissed for Trespass.
James Hotchkiss and George Wilkins of Toronto, were sleeping soundly in a Grand Trunk railway coach near Talbot street when G. T. R. Constable Ernest Black awakened them.

Hotchkiss explained that his boarding house at Talbot street was cold, and so he had changed quarters for the night. Wilkins claimed he was just keeping Hotchkiss company.

Both defendants were working. Constance Ryan, charged with vagrancy, was remanded one week. This woman, who is 33 years old, is alleged to have been begging, along with Victor Ames, 17, and two juveniles, a boy 12 years old and a girl 13 years old.

**ONLY VETERAN OF '66
ATTENDS CELEBRATION**

John Hislop Began Military
Service Before the Fenian
Raid.

Among all the soldiers who participated in the Paardeberg ceremony in Victoria Park, there was only one more erect and soldierly in bearing more keen and alert, than the only veteran of '66 present, Mr. John Hislop of Rowley J. Hislop of Queen's avenue.

His step was springy and his interest keen as that of a school boy. He celebrated his 81st birthday yesterday.

"My first experience in military service came before the Fenian raid," said Mr. Hislop, reminiscingly. "It was 60 years ago, in the good old days when municipal elections were still municipal elections. There weren't nearly so many offices to be won then, but it took two days to get through an election, with the open voting and no lid on when it came to whiskey."

"There were two candidates, famous in London history, running for the mayor's chair. One was David Glass, later Hon. David Glass. The other was Frank Cornish, known to fame through many an interesting anecdote, and the result of the election, which, by the way, was established as a battalion in 1863.

In the morning, the second day of the election, the 200 strong of us distributed all over the city. I was guard at the old mechanics institute, Talbot street."

"Well, we were kept on duty all day, under orders of Col. Shanly, with bayonets fixed and ten rounds of ball ammunition."

"Was there any shooting?" Was anyone injured or killed?" asked The Advertiser.

"To be sure not," replied the veteran of '66, his eyes twinkling. Those were the good, old, picturesque days, when people got real excitement out of elections."

**WOMAN GETS 20 YEARS,
CONVICTED OF MURDER**

Mrs. Lillian S. Raizen Betrays
No Emotion Upon Hearing
Sentence.

New York, Feb. 27. — Mrs. Lillian S. Raizen was today sentenced to twenty years to life in Auburn Prison for the murder of Dr. Abraham Gleickstein on Dec. 10, 1921.

There was a large crowd in the court room when Justice Crosey pronounced sentence. The woman was perfectly composed. As she was led into the court, Mrs. Raizen smiled at the spectators, and walked to the stand with a firm step.

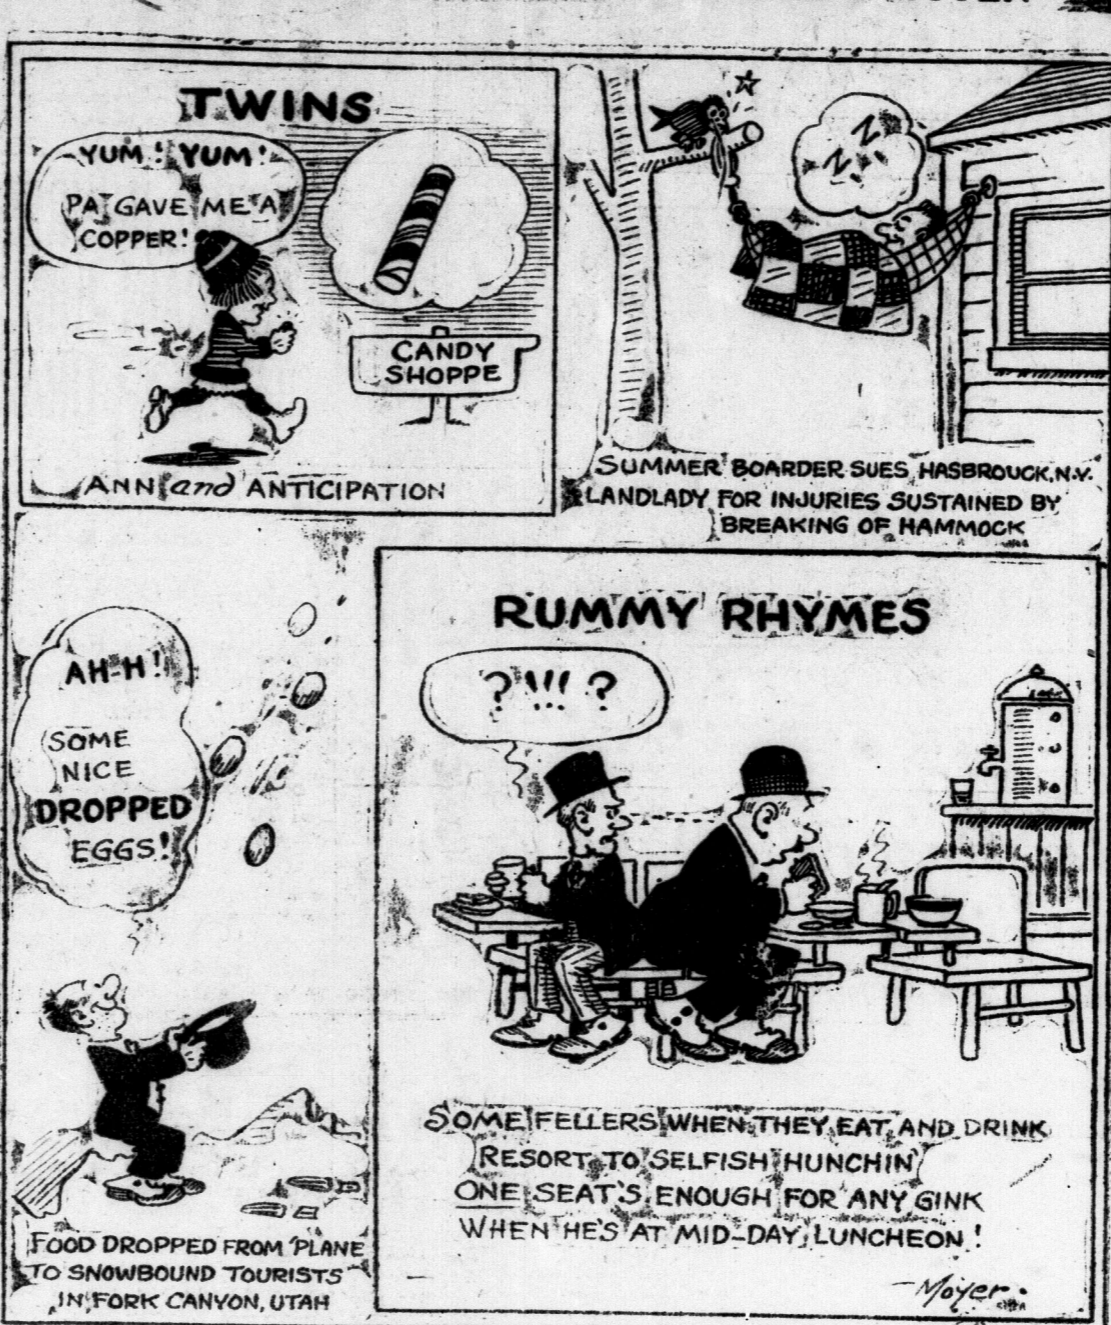

As Justice Crosey pronounced sentence, "I sentence you to not less than twenty years, and not more than twenty years, your natural life, in Auburn prison," Mrs. Raizen looked straight before her. She made no sound.

The judge turned to some papers on his desk and the woman was led from the room by a matron. She displayed no emotion. She was taken in the police van to the Raymond street jail, where she will await representatives from the prison.

TODAY IN PARLIAMENT.
Ottawa, Feb. 27. — The House of Commons will go into committee of supply on estimates of the department of soldiers' civil re-establishment, the department of health, and the department of justice, in the order named.

DIBS AND DABS

—BY HARRY MOYER

UTILITIES ESTIMATES WILL NOT EXCEED 1922

E. V. Buchanan Assures Ex-
penditure Has Been Re-
duced to a Minimum.

The public utilities estimates will not exceed 1922, assures General Manager E. V. Buchanan, who adds that in the past few years, they have been reduced to a very practical minimum.

He instanced last year, when barely one-half of the possible parks and playgrounds appropriation was asked.

Touching upon the latter phase of municipal development, Mr. Buchanan said: "Of course, if it is deemed expedient to do so, we can do without them, but it is wise."

"When the town planning activities were recently discussed by the aldermen, the claim was uttered by one of the council, that we want to town plan for factories."

"We are doing a very practical suggestion, but while factories must be secured, so must dwellings be built for the employees. If these latter are not secured, the city is not law-abiding and healthy citizens, then town planning beyond mere factory sites is absolutely imperative."

"The real asset to the city is not the number and size of new industrial plants, but the quality of its citizens—both physical and moral. That is the secret of town planning."

"We have confirmation of this, when a representative of an American firm, desiring to locate in the Canadian city, who asked: 'Where are your factory sites?' Evidently the city is not ready to play the game before the parks and playgrounds."

AGED NEWSPAPER MAN DIES SUDDENLY IN SOUTH

George Clarke Holland Is
Dead, After Interesting
Career.

Canadian Press Despatch.
Ottawa, Feb. 27. — George Clarke Holland, 76, former newspaperman, died suddenly in Jacksonville, Fla. His death was sudden. He had not yet reached Ottawa.

He commenced his newspaper career as a reporter on the Ottawa Evening Post in 1866, and was subsequently connected in the same capacity with the Ottawa Citizen, Toronto Telegram, Chicago Times, Toronto Globe, St. Louis Republic, Nashville Union and American, Washington Post, New York Sun, New York Herald, and Brooklyn Eagle.

He joined the Harsard staff of the House of Commons in 1875, and in 1877 he and his brother became official reporters of the Senate of Canada.

A number of years later Andrew Holland retired from the work and George Holland held the position of chief editor of the Senate debates till 1897 when he retired.

He served in the volunteer militia at Fort Wellington in 1866 during the Fenian raid, and received the Talbot medal. He represented the Toronto Globe in the eastern townships of Quebec and Vermont during the Fenian raid of 1870.

WINGHAM ACTORS PLEASE IN AMATEUR PRODUCTION

Special to The Advertiser.
Blyth, Feb. 26. — The Wingham Dramatic Club presented the play, "The Temple's Telegram," in Memorial Hall Friday evening, under the auspices of Trinity Church, and were greeted by an enthusiastic audience. The performance evoked the plaudits of its hearers.

The Dramatic Club of the Methodist Church Friday evening presented the play, "The Minister's Wife's New Bonnet," to a fair-sized audience in Auburn. The proceeds amounted to \$60.

ODDFELLOWS GATHER FOR SOCIAL EVENING

150 Members and Their Wives
Hold Successful "At Home"
in Lodge Room.

Forest City Lodge, No. 38, I. O. O. F., held an enjoyable "At Home" in their lodge rooms on Richmond street last night, some 150 Oddfellows and their wives being present.

P. D. G. M. Bro. G. Luke of Hamilton was present, and gave a very instructive and pleasing address on the work of the order.

Bro. Luke based his remarks mostly on "Brotherhood Co-operation" in the neighborhood of the order, and particularly on how the brotherhood has been co-operating together for the uplift of humanity ever since its institution over 125 years ago in Baltimore.

Under it in subsequent elections of aldermen would be elected each year for a two-year term.

The musical program was furnished by the employees. The resignation of Bro. Wilson was a very clever company, and the numbers rendered consisted of dancing and instrumental.

Noble Grand Bro. E. Carter, on behalf of the lodge, presented Miss Nicholson with a beautiful box of flowers, and doing so, he presented a very novel drawing contest conducted by the D. D. G. M. of London district, Bro. H. A. Clement.

Poovee took part in the contest, and D. G. P. Bro. Jewel carried off first prize for the men, and Bro. Stokes second.

The hall was beautifully decorated for the occasion. The lighting effects were a feature, giving the rooms very cozy and restful appearance.

Several prominent Rebeccahs were present, and officers of the other city lodges.

JAP STEAMER TO BRING DUTCH BRICKS TO U.S.

Holland Opens Negotiations
To Compete With American
Firms.

Special to The Advertiser and
Chicago Daily News, Copyright.
Amsterdam, Feb. 27. — A Japanese steamer is today lying in the Delft harbor near Rotterdam loading a cargo of Dutch bricks for New York.

Negotiations for the delivery of Dutch building materials to the United States were opened last summer between the Groningen brick works and an American firm. These negotiations failed because the price of bricks in America suddenly slumped, but now the price of bricks in Holland has also slumped, and therefore Dutch bricks can compete successfully with the American products in American markets.

The American products will please the Americans," said the Groningen manufacturer to the writer. "And we certainly shall be able to sustain competition, for despite the fact that our yards for a long time have not been working at full capacity, we have large stocks lying unsold."

FIRE SCARES PASSENGERS IN WINDSOR STREET CAR

Special to The Advertiser.
Windsor, Feb. 26. — Passengers on a street car were thrown into a semi-panic at noon today, when the car took fire while near the bridge over the Grand Trunk tracks at Walker.

The car was stopped when one of the passengers discovered smoke seeping through the floor. The crew discovered that the chassis was on fire.

The flames were extinguished by hand extinguishers, and the passengers were safely disembarked.

ST. THOMAS CAN RAISE \$100,000 FOR HOSPITAL

Clause in City Bill For Election
of Aldermen For Two
Years Is Defeated.

Canadian Press Despatch.
Toronto, Feb. 27. — The city of St. Thomas was permitted to raise \$100,000 for the construction of a memorial hospital. The committee, however, decided that the clause in St. Thomas's bill which provided for aldermen being elected for two years should not come into effect until passed by a vote of six aldermen getting the most votes next election hold their positions for two years, and the other six for one year. Under it in subsequent elections of aldermen would be elected each year for a two-year term.

interview was correct or not except you and Mr. Honsinger?"

"I found out since our conversation was overheard."

Stand On 1919.
"Oh, then in 1919 you consulted a lawyer and began dicker over how much more Honsinger should pay?"

"Mrs. Pinfold did not know what dicker meant."

Mr. Justice Masten suggested the word "discussed" be used. It was substituted, and Mrs. Pinfold replied in the affirmative.

"Then subsequently Mr. Honsinger gave you the check for one thousand dollars. How did you receive it?"

"I didn't accept them. He left them on the piano. Mr. Honsinger asked me to take them to the lawyer to get his advice."

"What did the lawyer advise?"

"To keep them as evidence."

Guelph Beats N. Toronto Out For Finals in Big H.A. Inset

Mrs. and Church Finas Pave Way To City Title

Mrs. Finalists To Be Decided Tonight in McClary-G. T. R. A. A. Tilt—Ask and Knox Play Church Final Tomorrow Night.

With one of the finalists in the Manufacturers League race being shown to-night in the title between McClary and Grand Trunk A. A., and the Church League group tomorrow night settling the question whether Knox or their Wesleyan brethren of Ask sit pretty at the top of the heap, the way to the city championships is clearing up considerably. The Manufacturers will have decided their out and out change by Saturday night, as the winners of to-night's mix go on Thursday and Saturday nights with Perrins, and inners of the first series, in the finals.

Next week, if the city play-offs commences, the first round of the city title could be played off. This game tonight between Grand Trunk A. A. and the Church League is to be just as popular a mix as the finals of the league. Both teams were highly routed and favored in the first round, the honors the Perrin beatmakers grand Trunk with a preponderance of O. H. A. material on the dops and on paper should be favorites, but if it looks like a toss-up, with both teams straining their hardest to win, it is probably a little bit strenuous at times, with a venue as the last chance to settle up with the dops and out change in a contained game of mind. The line-ups will be:

GUELPH UPSETS DOPE, ELIMINATES TORONTO

Royal City Sextet Will Now Meet Stratford in Intermediate Finals.

WIN ROUND 7 TO 6

Hard Checking of the Visitors Proves Fatal For All-Star Aggregation.

Toronto, Feb. 27.—North Toronto's all-star team played like juveniles at the Arena last night, were back-checked team, play together well, and the Knox players who have seen them in action would not be taking any liberties with the south enders.

A meeting of the Church League executive last night decided on a full 60-minute game, and neutral timekeepers will watch the flight of the seconds. Despite the fact that the member-league officials expect they'll break at night, the game will be a hard one, and the Knox players will have to be on their toes.

Down the Line in All Sports

The Woss hockey semi-finals will be finished this week unless a split spell intervenes.

Sarnia and Clinton were forced to leave their game in Stratford Saturday at a 2-5 count. The Clinton boys wanted to play out the game, but the Sarnians discovered at half time that their money had been stolen from the dressing room, and as the Clinton team couldn't lend them any, they had to let it go for the train. They dressed at the station. Apparently the Sarnians didn't get much favor from the Stratford rooters. They claim Clinton has a nice team but believe they can beat them.

Woodstock College, who won by default from Tilsonburg, meet the winners of the Kitchener-Simcoe tilt before the week is out, and then the finalists will be known.

The basketball draw in the "Woss" series will be made today or tomorrow. It is expected. This series is creating a lot of interest, and has the biggest registration of teams of any season so far.

England has not produced many champions of late years, but neither have they produced the ring fatalities the rushing American style of fighting has. Al Roberts' one fatal punch a few years ago, and Arthur Pelkey's killing of Luther McCarry now well remembered tragedies, and even Willard has one death, one smashed about the head during the ring careers. Probably the English style of fighting, of which Roland Todd, Lewis' conqueror, is the latest exponent, will yet dominate the game.

Barney Tooley, seen in action many times during inter-army bouts by Canada's big Canuck, who got a fight with Frank Goddard, appeared in one of Jimmy's now famous hammering festivals in New York the other night against one of his own pupils. Tooley was the comedy hit of the piece.

Roscoe Hodgins, former home player of the London lacrosse team, is now located in Simcoe. The ex-Brampton man should be a find for either Brampton or Ingersoll, whichever place is closest. London's lacrosse prospects will be played this year. There is a rumor that St. Thomas will not be in with a team this year, which makes it probable that Hiltz and some of the other Railway City stars would be available for a London team.

Beseman Bulger, in an intimate sketch of Christy Mathewson, seeks to show that Big Six started out definitely to own a ball club some day. He also gives some insights on a character often misunderstood.

York Club. Big Six was financial adviser to half the players on the New Yorks they always consulted Big Six. He would promise to tell them to lay off a pitcher's get no business trying to gamble in stocks. But he used to say, "but you're a little better than a genuine affection for Matty which he did not always admit."

There is a general impression that Matty was a sort of upstage fellow—some call it a "Sunday school guy."

and that he got out laughs, but he didn't have the faculty for mixing. On one night he got out a pad and with intense concentration began asking questions in detail as to how much he was getting out of the game.

That was an idea, but somehow it never worked out. He had outlined his plans for years, but the Boston people have got a more valuable executive than they realize, perhaps.

Padre Commends Boxing Tourney

Addressing the members of the London Garrison at church parade on Sunday, Rev. Canon Stacey, M.A., of the Church of the Holy Trinity, Toronto, prior to delivering his sermon, commended the boxing tourney and stated how much he had enjoyed the boxing bouts of the past few days.

He also commended the efforts to promote the art of self-defence. He also commended the efforts to promote the art of self-defence. He also commended the efforts to promote the art of self-defence.

STRAITFORD BEAT FALLS 6 TO 0 ON SLUSHY ICE

Falls Made First Score, But Were in Hand At All Stages After.

MURRAY RUSHES FINE

Former Londoner and Falls Goalie Star, But Indians Have Edge When They Need It.

Special to The Advertiser.

Stratford, Feb. 26.—Stratford Indians defeated the intermediate O. H. A. finals. Tonight they triumphed over the Falls 6 to 0, and took the round by six goals.

Played on slushy ice, tonight's game was a far from snappy. The first two periods were slow and for the most part uninteresting. The puck struck, bounced, rolled, and combination was well high out of the question. The visitors lacked the condition of the locals and could not get a move on.

The locals added one to their lead in the first 20 minutes. The game was a no score. The spruce-up came in the second period, when the Indians ran in three, and got by with some service in the third. They had the visitors' goal in a shambles and the ice had been keen the score would have been 6 to 0.

For Stratford Kelterbourne was easily the shining light. He attacked and broke through the opposition's defence and figured well in the scoring. Morens was good too, but Carson was inclined to make things easy, and was called several times for leading. For the Falls Murray was the principal rusher.

Mayo, in goal, stopped a number of the late goals, but he was not as good as the first period. The game was not without outbreaks of feeling between players, but nothing serious.

The first period started slow, and there was not a great deal of improvement in the second. The game was played loose hockey, more so even than the heavy ice seemed to warrant.

It was not until the third period that the game became a real one. The Indians took the lead in the third period, and the game was a real one.

MINING NEWS

An important mining deal has just been closed by the Knox Brothers of Ontario and J. P. Dransfield of Toronto, involving four claims, or 800 acres, in the southeastern portion of the township of Rouyn, in the province of Quebec, where gold has been found in the last five years ago, but the district was not accessible, and the claims were not staked until the rush which developed during 1922 made it unsafe to wait any longer.

Capitalists in Toronto are associated with Montreal interests in this purchase. An initial payment of a substantial sum has already been made, and arrangements are under way to start exploration as soon as the snow melts.

Messrs. Knox and Dransfield own another group containing 1,300 acres at the north end of Lac du Brasseur, in the township of Rouyn. According to Dr. H. C. Cooke of the department of mines, Ottawa, this district is a prolongation of the Kirkland Lake gold fields. The geologic conditions are very favorable, consisting of porphyries, conglomerate and other gold-bearing rocks.

Mining Corporation of Canada has decided to carry on aggressive exploration work on its mining claims in the Lightning River district. With this in view, a diamond drilling outfit is now in course of transportation to the district, taking advantage of the snow roads to get the equipment and supplies on the ground preparatory to both diamond drilling and surface exploration during the summer months.

O'Brien Mine was the only shipper from Cobalt during the week ended Feb. 23, having consigned two cars of ore, totalling 128,000 pounds, to Deiora.

B. E. STEEL CORPORATION TO BUILD POWER PLANT

Montreal, Feb. 26.—Half a million dollars will be spent at New Waterford this spring, according to present plans of the British Empire Steel Corporation. This work involves construction of a new power plant and New Waterford Lake with a capacity of 5,000 kilowatts. This will include a new boiler house, with medium and high pressure turbines, and the installation of other up-to-date machinery.

A new and modern bank head will replace the present wooden affair at No. 14 Colborne, and will cost about \$35,000.

UNITED STATES EXPORTS OF GRAIN INCREASING

Washington, Feb. 26.—Grain exports from the United States last week amounted to 4,351,000 bushels, as compared with 3,688,000 for the week previous, while exports of flour amounted to 284,500 barrels, as compared with 277,500 barrels the week before.

COMMERCE OPENS BRANCH.

Toronto, Feb. 26.—The Canadian Bank of Commerce is extending its service in the Danforth district by opening a new branch at Danforth avenue and Dawes road. This branch will be opened on Thursday, March 1.

GRAND TRUNK RAILWAY SYSTEM.

Traffic earnings for the seven days ended Feb. 23, 1923, compared with 1922, were: 1923, \$1,858,825; 1922, \$2,048,642; a decrease of \$189,817, or 9.74 per cent.

CANADIAN EGG REVIEW

Ottawa, Feb. 26.—The situation has developed considerable nervousness, and in Montreal and Toronto the demand is being mostly supplied from United States fresh imports. Country shippers in the East report receipts lighter, due to bad roads. Ontario country points shippers are paying 35c to 40c and making sales of straight egg at 45c to 50c, graded, f.o.b., 55c.

Electrolytic—Spot, 27 1/2d; futures, 27 1/2d.

Lead—Spot, 21 1/2d; futures, 21 1/2d.

Zinc—Spot, 27 1/2d; futures, 27 1/2d.

Sugar

New York, Feb. 26.—The raw sugar market was easier early today, and prices were 1/8c lower, with Cuban quoted at 5 1/2c, and freight, equal to 7.15c for centrifugal. There were sales of 75,000 bags of Cuban to refiners.

The further reaction of the spot market led to renewed general selling in the early operations. Futures, with prices declining 1/8c to 1/4c, were active. After the early selling movement had subsided, however, there was a sharp rally on covering and buying by trade interests, with midday prices 3/8c to 1/2c higher.

There were no changes in refined sugar, with fine granulated listed at 18 1/2c to 19c, but buyers were apparently more cautious, and the demand did not seem to be quite so active.

Refined futures nominal.

SCANLON ENRAPTURES IN "MAYTIME IN ERIN"

Actor-Singer Accorded Plaudits of Well-Filled House At Grand.

PLAY FASCINATES

Excellence of Production Rivals Offering of Silver-Throated Tenor.

Evidences of the delight of the audience were not scarce at last night's performance of "Maytime in Erin," the new play with songs in which Mr. Walter Scanlon appears.

Coupled with the sweetness of Mr. Scanlon's singing is a play which breathes of the quaint wit and whimsicality which the makers of the "old gold" brings to mind. It is a merry play, which commences as though it were to be merely a pretty setting for songs, and then it develops into quite a thrilling story of things with suggestions of mystery, almost as exciting as "The Bat."

It could startle a cat in its sleep, if it hadn't the sweet songs of its hero to help it along.

Responds To Encore.

The first intermission brought Mr. Scanlon with his response to an encore, "Old Irish Mother of Mine," which he proceeded to sing with the announcement that the "Pat O'Neill" of the evening had stepped into the breach with a rehearsal of only two days, coming from New York when it was learned in Toronto that Miss Betty Browne had taken with pneumonia and would be unable to appear.

The brogue didn't cling to Miss Duncan as well as it might have done with a few more rehearsals, but notwithstanding, she satisfied the eye and the ear as an exquisite type of what Donegal does for its daughters.

There was "atmosphere" in plenty. Conroy Barry and John Nolan were responsible for much of it. You're bound to like the two of them. John Nolan with his "women" and Conroy with his Irish "tip" him, and the "beaters" badge "off" him.

Takes Hearers by Storm.

But to say enough about the play would be to say too little of Mr. Scanlon's singing. The melody of his first song, "Some Day," echoed through the play, and in the second act, "Puff O' My Pipe," brought an encore. It was "Myself," however, which almost brought down the house.

There is a quaint twist in the rhyme which fascinates, and the tune is as sprightly and tingling as a shower of little stones falling into the ripples of a brook, at least that's the nearest thing we can think of in English.

There are but few songs in the play, and it was a bit regrettable that he hadn't time or opportunity to introduce more. They would have been welcomed.

The house was well-filled last night, and there wasn't the shadow of a doubt that the audience enjoyed themselves. However, there are those still, who must not have heard Mr. Scanlon, and they are advised to hear the swains of his voice and see what he can do with the role of an Irish Musketeer.

AVERS COMMUNITIES NEED KIWANIS CLUBS

D. A. Johnston, Detroit, Urges St. Thomas Society To Keep Clear of Politics.

Special to The Advertiser.

St. Thomas, Feb. 27.—Donald A. Johnston of Detroit, who is district governor of Michigan and is president of the Kwanian Club, addressed the St. Thomas Kwanian Club at their noonday luncheon today.

Mr. Johnston told the early history of the club in Detroit, where it was founded in 1914, and also the meaning of "Kwanian," which means "We would keep clear of politics and would spread rapidly during the next few years."

The speaker spoke of the underprivileged boy and the opportunity offered to Kwanians to assist him. In conclusion he stated that Kwanian is not a commodity to be sold in a community and that the club should not get along without Kwanian, as it was the most valuable work in community life.

The sum of \$482.22 was realized from the production of "Thirty Days" at the theatre, which amount was divided equally between the London players and the Kwanian playground movement.

HYDE PARK CLUB STAGES PLEASING ENTERTAINMENT

Special to The Advertiser.

Hyde Park, Feb. 27.—The proposed social evening under the auspices of the Night Club was held in the town hall Thursday. Despite unfavorable weather the attendance was largely interesting.

Miss Phyllis Gray and Mr. Eric Horton each rendered piano solos in pleasing style. Miss Bernice Gray treated the audience with a solo and Mr. Robert Springette with a violin selection.

A pleasant hour was served, after which a pleasant hour was spent in games and dancing.

The Presbyterian Guild held their social evening in the school room of the church Friday.

President, Miss Parkins, presided. After the usual business routine a pleasant time was enjoyed.

Mrs. Austin Winter has returned home after spending a week visiting friends and relatives in her former home in Springfield.

Miss Laura Keay is spending a week visiting relatives in Dutton.

E. G. NORRIS OF SIMCOE DIES FROM PNEUMONIA

Special to The Advertiser.

Simcoe, Feb. 27.—Mr. E. G. Norris, formerly owner of the Norris Bakery here and recently on a tour of business, died Saturday, a victim of pneumonia. Mr. Norris, who was in his 47th year, was a descendant of one of Norfolk's oldest families, having followed in his father's footsteps, who for many years conducted a bakery here. He is survived by his widow and six young children.

Mrs. Daniel Winter of Talbot street, Simcoe, is a sister. The funeral will be held Tuesday afternoon at Oakwood Cemetery.

At the Movies Last Night

"The Beautiful and the Damned."

Being in total ignorance of P. S. Fitzgerald's book, "The Beautiful and the Damned," the version of which is showing at Loew's, one was quite unprepared to find the lovely Marie Prevost adopting the attitude of an "old-fashioned girl." She is beautiful, of course, but how "damned?"

The first few scenes show her a trifle heady, a trifle thoroughly imbued perhaps with the pleasures of expensive existence, but it is only a few turns of the camera before she settles down into quiet domesticity and battles between a desire to learn the proper way to bathe a baby and the present exigency of frying steak. In the end the steak burns.

"The Beautiful and the Damned" has its good points, and Marie is one of them, but generally speaking the plot moves through a series of incongruities which may heighten one's impressions of the weaker side of human nature, but which do not tend to stimulate the interest.

Even the jangles of married life, about which one reads so much, are in a really, though a little, overdone. Seemingly the plot hangs entirely upon these same married jangles.

At no time does it take a crucial turn, or it might account for the sudden change in the "beautiful" to simply meanders along by way of hilarious parties and anxious waiting with the audience.

The vaudeville acts went over well with the audience. There were some unique tight-rope walking and dancing that is worth seeing.

"The World's Applause."

Having seen Lewis Stone's really fine ability squandered on the insipidness of "The Dangerous Age," last week, it was somewhat of a relief to find him at the Allen yesterday in a really fine performance. Supplementing Mr. Stone and a feasible plot were the magnetic Bebe Daniels and the always beautiful Kathryn Williams.

Of late those productions of the popular exotic nature haven't had a leg to stand upon, and the promise of a riot of clothes and sumptuous settings has come to be taken by the knowing public with a grain of salt. "The World's Applause" really fulfills what it promises. As you probably know, Bebe Daniels is not a beauty, but she is radiant, with certain quality of personality, which has won her an appreciable measure of success. She wears stunning clothes well, and gives a definite impression of being vividly alive.

Consequently, since she bears such an attraction, one is able to bear with her in her faults as an actress spoiled with too much applause, and become thoroughly sympathetic throughout the misfortunes which heap themselves upon her head, by reason of those same faults.

As far as we can recollect, the plot is original. There is no mystery, but it does effect a departure from the conventional circumstances, and is not the cause of a mystery which lasts to the close up. The audience is made aware of the murder while the act is going on, but the interesting feature is that, until the last scene, one is concerned with finding someone else who could conveniently bear the blame, since all the sympathy must lie with the accomplices to the deed and guilty one.

"The World's Applause" is a film excellently produced, and quite the best release at Allen's for some time.

ALLEN'S Monday, Tuesday—Lewis Stone and Bebe Daniels in "The World's Applause."

Wednesday, Thursday, Friday and Saturday—"The Flirt" starring George Ade's Paramount picture, "Back Home and Broke."

MAJESTIC Thursday—Marie Gladys Players in grand stock production "Comes the Bride." Vaudeville between acts.

PATRIOT Monday, Tuesday and Wednesday—"The Third Alarm," featuring Ralph Graves.

Thursday, Friday and Saturday—Dustin Farnum in "White Justice Waits."

KINGSCOURT SOCIETY HOLDS PLEASING EVENT

Zenana Missionary Organization Arranges Delightful Program For Valentine Tea.

Special to The Advertiser.

Watford, Feb. 27.—The ladies of group two of the Zenana Missionary Society of Kingscourt held a Valentine tea at the home of Mrs. Freeman Birchard, fourth concession, S. E. R. Warwick, and notwithstanding the inclement weather, a large number of members and visitors were present.

The house was tastefully decorated and an enjoyable afternoon's program was rendered. The program opened with a song, "Roseland," by the ladies of group two, Mesdames John McKenzie, Freeman Birchard, Russell Rivers and Freeman Williamson, which was followed by contests, readings, songs and musical selections.

At the close of the program an adjournment was made to the tea room, where a dainty luncheon was served. An offering was taken for the work of the society.

Major J. H. Franklin, proprietor of the Earl's Salt Works, Warwick, has returned, after spending the winter at the family residence in Sussex, England. He is planning to settle permanently in Watford, having purchased the residence of ex-Reeve George L. Harper on Victoria street. Mrs. Franklin, their two sons and Mrs. Franklin's sister, are planning to sail from England early in May.

An important property transfer took place recently in the village of Watford. Mr. McCrae and Captain R. H. Stapleford made a deal whereby they will exchange residences. The change of residence will take place shortly, when the McCrae family will move into Captain Stapleford's brick cottage on Front street, and the Stapleford family will move into the McCrae home on Victoria street.

W. B. Fleuty of Oakville has been appointed teller at the local branch of the Sterling Bank, succeeding the late Mr. McCrae, who resigned, in order to enter other business.

Mrs. G. D. Robertson, wife of Senator Robertson of Ottawa, was a guest at the home of her father, Andrew Hay, since street, for a few days last week.

Miss Mariette Hall, of the second concession, N. E. R. Warwick, spent last week visiting at the home of her friend, Miss Kathryn Conkey, Adelaide.

The Women's Missionary Auxiliary of the Zion Methodist Church, Warwick, held their February meeting at the home of Mrs. W. Young. Nine members and five visitors were present. Mrs. Stubbins, of the auxiliary, was elected to a life membership at this meeting. The March meeting will be held at the home of Mrs. J. E. Collier.

HEALTH BOARD TO REQUEST SEPARATE SCHOOL NURSE

Special to The Advertiser.

Kitchener, Feb. 27.—Announcement was made yesterday by Chairman Bucher of the board of health that a request will be made of the separate school board in this city for the appointment of a school nurse to look after the health of the children in the separate schools of the city.

At the present time no nurse is employed by the board, and the public schools are provided with the services of a nurse who makes daily inspections throughout the various schools.

It has been intimated that the presence of a school nurse in the separate schools would be an asset, and that the spread of contagion, especially in the winter months, could not get away from their business—their winter business. Others could not afford to take their families or to leave them. By perseverance we finally succeeded and made the start.

The White Sox team was made up of Jimmy Calahan, manager; Tommy Daly, first base; "Germany" Schaefer, second base; Buck Weaver, shortstop; Dick Egan, third base; Steve Evans, left field; Tris Speaker, center field; Sam Crawford, right field; Jack Bliss and Andy Sligh, catchers; Joe Benz, Jim Scott and Lefty Lovern, pitchers.

Of the non-English speaking countries we found the Japanese better informed on baseball than any other people. All the big universities there have teams and they have advanced rapidly in the finer points of baseball. In a few years I expect to see Japan as much of a baseball country as Cuba.

To go into the details of this long tour probably would be tiresome, especially to those who were not on the trip. We had many good laughs. One of these was when we got Bill Klem up one night to be ready in case the ship should run into the equator while the tide was down. He and others were quite relieved when we crossed safely.

The climax of the trip—the big game—was in London, when the king attended and we had an attendance of 35,000. To make it more spectacular the game wound up with a home run walloped by Faber.

Callahan and I were notified early in the day that the king would receive us in his box. The American ambassador tipped us off that we were to wear high hats and frock coats. We were mighty busy that day getting all set.

Then, to our discomfort, just as we were about to start for the box, word was sent down to us that high hats wouldn't do. The king said that the ordinary bowler would do—derby, or "iron hat," as we called it.

There has been much said as to the conversation between the king, Callahan and myself. As a matter of fact very little was said. "I am glad to meet you, Mr. McGraw," said the king, just as anybody else would do.

"I thank you," I said, and we shook hands. He did the same to Callahan. "Your game is very interesting and I would like to know more about it," said the king.

"We certainly hope that you will have a chance to see more of it," I said.

We then bowed out and went back to our respective benches.

MY THIRTY YEARS IN BASEBALL

By JOHN J. MCGRAW.

Around the World With the White Sox

—Baseball and the Crime Wave—

Meeting With the King of England.

(Released exclusively through the North American Newspaper Alliance.)

ARTICLE 46.

Always it has been my ambition to see the profession of baseball elevated. I have seen it rise higher and higher, but the peak has not yet been reached by any means.

Following out this ambition, I always have made it a point to have the players on my clubs absorb as much information and general polish as possible by observation. It was this that prompted me to make the trip around the world with the White Sox.

I love my profession and am proud of it. Baseball, to my way of thinking, means much more to America than a mere game for making money.

The Giants were: Fred Merkle, first base; Larry Doyle, second base; Mike Doolin, shortstop; John Lobert, third base; Lee Magee, left field; Mike Donlin, center field; Jim Thorpe, right field; Urban Faber, George Wilkes and Bunny Hearn, pitchers; Ivy Wingo, catcher.

Umpires: Bill Klem and Jack Sheridan.

The late Harry Sparrow acted as our business manager. Among other old-time baseball people along was Ted Sullivan.

On the trip across the United States we were helped out by many stars such as Mathewson, Chief Meyers, Fred Snodgrass, Jeff Tesreau and Art Fromme. Among those to help out the Sox were Walter Johnson, Ray Schalk, Doc White, Frank Isbell, Lefty Russell, Walter Mattick and Joe Berger.

The receipts of these thirty-one games made up the greater part of our expense money. The fans flocked to see us by the thousands. We made a feature of visiting little towns that had never seen a big league ball player and probably never would again. To our surprise these country fans knew every man by reputation. At one place a crowd sat up until after midnight to see our special train come through and to get a glimpse of the players of whom they had read.

Finally, setting out from San Francisco, we sailed through fifty different bodies of water and railroaded through Japan, China, Australia, Egypt, Italy, France and England.

It has a big influence. Incidentally, I have just learned from a statistician in Washington that crime showed a decided decrease during the world's series between the Giants and the Yanks—showed a falling off all over the country.

I didn't quite see the connection until he told me that the interest of everybody in the outcome of the series had diverted the minds of young and old from thoughts of crime. Anyway, it fell off during that week remarkably.

When I was a young fellow playing on the Orioles Jennings, Kelley, myself and others made a trip to the other side just to see things. We did not go to play ball—just observe. I was so impressed with what I saw that ever since I have had a desire to take a ball club around the world and show people of the other countries just what our great national sport means.

After the world's series in 1912, when I was appearing on the stage for the first, last and only time, I met Gary Herrmann, John Bruce and Charles Comiskey in "Smiley" Corbett's place in Chicago. I had just finished a performance at the Palace Theatre.

After a few moments of conversation Comiskey called me over to a table where we could talk alone.

"Say, John," he said, "what do you think of taking our teams on a trip around the world?"

This took me back for a moment, but only for a moment.

"When would you want to start?" I asked.

"Right after the close of the 1913 season."

"All right, I'll go."

That's all there was to it. Mr. Comiskey and I began making arrangements shortly afterward. Between us we financed the entire proposition. And we never had one scrap of paper between us in the way of an agreement. What's more, we made a complete tour of the world, starting for the Orient from San Francisco and returning to New York from London. Neither of us lost or made a cent. The receipts at the games just about paid the expenses.</

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It contains neither Opium, Morphine nor other narcotic substance. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.

TELLS OF RELATIONS
IN ECONOMIC FIELDCol. W. J. Brown Delivers
Instructive Lecture To West-
ern University Students.

ENGLAND LEADER

Claims U. S. Faces More Com-
plex Problems Than Any
Other Country.

Western University students in sociology and political economy were given a treat last night, when Col. W. J. Brown delivered a lecture on "The Relation Between Economics and Sociology." About 50 students of the day and evening classes gathered in the arts building, and the comprehensive lecture was deeply appreciated. "There was ample evidence of this when the assemblage burst into loud applause at the conclusion of the lecture."

In commencing his talk, the speaker stated that sociology might be termed an American science, while economics could rightly be called an English science. The United States, with its cosmopolitan population, faces social problems more complex than in any other part of the world, he said, and during the last 50 years American scholars have specialized in sociology. "The most illuminating text books on this subject come from American sources."

On the other hand, England is an outstanding nation as far as trade and industry is concerned, and it is only logical that English scholars should perhaps be better versed on political economy or economics than those of other countries.

Related To Group.

Col. Brown went on to explain that sociology is closely related to a whole group of sciences. Examples of these are, biology, history, ethics, education, science and home-making. In the same way every science draws from every other field. To understand astronomy one must also study mathematics, chemistry and physics. Economics could be defined, the speaker said, as a treatise of those social phenomena that are due to the wealth-getting, and to the wealth-using activities of man, and secondly deals with all other phases of life, in so far as they affect social activity in this respect.

Col. Brown gave a short interesting sketch of the history of sociology, and how various sciences are blended together to form this science. The speaker pointed out that many have the erroneous idea that the study of sociology is actually "slumming," making a study of the unfortunate in the world or philanthropy.

Four Economic Series.

One of the highly interesting features of the lecture was Col. Brown's enumeration and explanation of four economic series in a man's history. They are: first series, 1, hunting and fishing stage, 2, pastoral or nomadic stage, 3, agricultural stage, 4, industrial stage; second series, 1, independent economy, 2, town economy, 3, national economy, 4, world economy; third series, man's ways of exchanging goods in stages, 1, trick or barter economy, 2, money economy, 3, credit economy, fourth series, 1, slaughter of enemies taken in battle, 2, slavery and serfdom with some free labor, later governed by custom operating through tradition, 3, free labor regulated by individual contract, but increasing in tendency towards group contract and legal protection of labor, 4, collective bargaining.

KENT AUTHORITIES SEEK ALLEGED SWINDLER

Confidence Man Said To Have Robbed Wm. Quirk of \$275 in Deal.

Special to The Advertiser.

Chatham, Feb. 27.—County police are looking for a Toronto confidence man, named Henderson, who is alleged to have swindled William Quirk, a Toronto man of the sum of \$275, in connection with a restaurant deal at Merlin a few days ago.

It appears that Henderson knew of the deal, whereby the proprietor of an hotel in Merlin was willing to lease his dining-room as a restaurant for the sum of \$300. Quirk had paid \$25 as a guarantee for the lease, but Henderson got to Merlin first, and claiming to be Quirk, secured the balance of the money.

A description of Henderson will be sent out to the police of the province.

PROF. R. C. DEARLE GIVES INTERESTING LECTURE

Special to The Advertiser.

Watford, Feb. 26.—Prof. R. C. Dearle of Western University, London, gave an interesting lecture to the Reading Club Friday night, his subject being "The Physical Basis of Music." The lecture was given in the high school, and was largely attended. Refreshments were served at the close of the lecture, and a period of social intercourse enjoyed.

The lecture was one of the university extension lecture course, and the Reading Club is planning to have two other lectures of the series during March, when Dr. Sherwood Fox will lecture on "Cretaceous Cradle of Modern Civilization," and Fred London, M.A., public librarian of London, will lecture on "Canadian Authors and Canadian Literature."

At the joint meeting of the Young People's Society of Christian Endeavor of the Congregational Church and the church mid-week service, held in the schoolroom Thursday evening, Miss Mildred Duncan gave a most interesting paper on the Y. P. S. C. E. topic, "How should we spend it?" Some very good suggestions were given. The second half of the meeting was devoted to the Bible study, conducted by the pastor, Rev. T. de Courcy Rayner, of St. John's Gospel.

ICE-BOUND SETTLERS SEND CALLS FOR FOOD

Winter Conditions in Newfoundland Reported As Worst in Years.

Canadian Press Despatch.

St. John's, Nfld., Feb. 27.—Urgent calls for provisions from ice-bound settlements in the southern bays of the colony were received by the government yesterday. A number of these settlements have been short of food-stuffs for several days, and heavy ice has tied up all coastal navigation. Winter conditions here are declared to be the most severe in half a century.

The steamer Sable Island tonight remained jammed in the ice, where she has been for several days, about 30 miles southwest of Cape Race. She has an accumulation of more than three weeks' mail for the colony. Halifax Saturday with mail, was reported tonight as making slow progress in heavy ice, 55 miles southwest of Cape Race.

Commissioner Black Compiles Figures For Forthcoming Provincial Elections.

Special to The Advertiser.

Windsor, Feb. 27.—Approximately 22,000 Windsor residents are eligible to vote at provincial elections, which will be held in the fall of this year, according to figures compiled by Assessment Commissioner Black.

Of the 13,025 persons, whose names are on municipal voters' lists, the commissioner said, 12,295 may mark ballots. This number is made up of property owners, tenants and persons who are entitled to vote because they pay income tax.

Upwards of 9,000 names of British subjects, who are 21 years old and over, also will be included in lists which City Clerk Dickinson has been ordered to have printed at the expense of the city.

As soon as the lists are printed they may be examined by persons whose names have been omitted may file an appeal with registrars appointed by the senior county judge.

KITCHENER STREET FIGHT RESULTS IN COURT ACTION

Special to The Advertiser.

Kitchener, Feb. 27.—As a result of a street corner fight, which took place here on the night of Feb. 16, Provincial Police Constable McCaffrey was charged with assault in police court here this afternoon by A. H. Schetter of Waterloo.

The police officer brought a counter-charge against Schetter of assaulting an officer and interfering with his duties. After hearing evidence in the case, Magistrate Woir dismissed both charges, and assessed the costs to Schetter.

Safe Milk for Your Children

YOU have to be sure about the milk your children drink. Carnation Milk is absolutely safe. Located in the heart of Canada's fine dairy counties, Carnation Condenseries take the fresh, pure, rich milk, remove about 60% of the water by evaporation, seal the milk in airtight containers and sterilize it. Nothing could be safer for your kiddies. Give them Carnation Milk on cereals and fruit, and Carnation diluted with water to drink.

Order several tall (16-oz.) cans or a case of 48 cans from your grocer. Try this recipe and write for the free Carnation Cook Book.

CARNATION MILK PUNCH

A delicious and refreshing drink may be made by diluting ice cold Carnation Milk with cold water in equal proportions. Sweeten with sugar, flavor with vanilla, and add a dash of nutmeg. Then add the beaten white of an egg. Any sweetened fruit juice may be used in place of vanilla, according to taste. Mix well before serving.

Snatched From Jaws of Death
To Hear About OverblouseAlice's Attack of Flu Is Short If Sharp, But Shows Up Heart-
lessness of Girl Friend.

"Isn't the flu simply awful?" said Alice's girl friend, who had dropped in for a call on her way down town. "It certainly is," answered Alice. "Simply terrible."

"Do you know, there was a man on our street," went on the girl friend. "I didn't know him, but I heard about him—and he was as strong and healthy as anything, and one morning before he went to work he said he had a kind of a sore throat, and his wife said he'd better go right to bed, and he said oh, no, he thought he'd go down to the office; and the next morning he was dead."

"The flu is certainly awful," said Alice.

"I certainly is," answered her girl friend. "And I heard of another case—I didn't know her myself, but I know some people who did—of a girl who worked downtown. She was feeling all right, except that she had a cold, and sort of chills. And when she came home at night she had a temperature, and they called the doctor, and she died the next morning. I didn't know her, but they say she was a lovely girl."

"My goodness," said Alice. "how much do you have to have a temperature?"

"Oh, about 50 or 60 is normal," answered her girl friend. "And I heard of another case. Now, this is a true case—of a lady who was feeling sort of out of sorts—that was on Wednesday—and in the night she got worse and worse, and on Thursday she died, and was buried on Friday, and the next Friday her husband married someone else."

"It was clear that the thing worked with extraordinary rapidity. Alice was feeling more and more uneasy. "I've got kind of a sore throat," she said.

"Well, you better be careful," warned the girl friend. "That's one of the first signs. Have you got chills and a sort of buzzing in your ears?"

Yes, Alice had. She hadn't noticed it before, but now that her girl friend mentioned it, she realized that she had chills and a buzzing in her ears for some time.

"And a backache?" went on her girl friend excitedly. "And when you shut your eyes tight do you see sort of purple and yellow rings?"

Alice did.

Has Raging Fever.

"You better not take any chances. If I were you I'd go right upstairs to bed," said her girl friend urgently. Alice indeed needed no urging. She went right upstairs, but before she went to bed she decided to take her temperature. Alice's temperature was ninety-eight and two-fifths. She was so horror-stricken that she simply dropped the thermometer on the floor, and without waiting to pick up the pieces crawled dazedly into bed. With a temperature like that she recognized at once, as she declared afterwards, that she was just simply facing eternity. Alice was strangely calm. As always, her first thought was not of herself but of others. She imagined these others, many of them perfect strangers, discussing the thing among themselves.

"Just the day before she was perfectly well," they would say, "and that day she had sort of chills and a sore throat, and the very next day she was dead."

"We didn't know her," these strangers would say. "But we heard

from voters who were in a similar predicament to that in which he now finds himself."

"It's your own fault," the commissioner told the complainants. "You should have looked at the lists. The commissioner evidently forgot to practice what he preached, and as a result is temporarily disenfranchised."

Windsor Assessment Commissioner Finds He Is Minus Vote For Election

Special to The Advertiser.

Windsor, Feb. 27.—Assessment Commissioner Black of Windsor will not vote at the by-election here this week, for the very good reason that his name has been omitted from the list.

During 20 years that the commissioner has held office here he has received thousands of complaints from voters who were in a similar predicament to that in which he now finds himself.

"It's your own fault," the commissioner told the complainants. "You should have looked at the lists. The commissioner evidently forgot to practice what he preached, and as a result is temporarily disenfranchised."

ACCLAIM AS NOVELIST
NATIVE SON OF LONDONHarvey O'Higgins Achieves
Success With Contributions
To Literary World.

ARTIST OF ABILITY

Professional and Businessman
of City Relates Instances of
Author's Boyhood Life.

London has had scores of native sons, who went out into the world abroad and made themselves famous, and not the least of these is Harvey O'Higgins, one of the foremost of the contemporary school of American novelists.

An article treating of the life and achievements of Mr. O'Higgins, appearing in the Sunday issue of the New York Herald for February 25, says:

"Born in London, Ontario, in 1876, Mr. O'Higgins studied at the University of Toronto from 1893 to 1897. He has been writing since 1895, and his publications include 'The Smoke Eaters,' 'Don-a-Dreams,' 'A Grand Army Man,' 'Old Clinkers,' 'The Beast and the Jungle' (with Judge Ben. B. Lindsey), 'The Argyle Case' (with Harriet Ford), 'Polygamy,' 'From the Life,' 'The Secret Springs' and 'Some Recent Americans.' In 1917 and 1918 he was an Associate Chairman of the Committee of Public Information at Washington."

Mr. O'Higgins secured his elementary education at St. Peter's Separate School, and later attended the London Collegiate Institute, where he was the class-mate of Doctors Tillmann and Seaborn, and John Gunn, local barrister.

J. W. Flew, assistant inspector of taxation for this district, was also a chum of his during their days at the high school.

Harvey was a quiet, unassuming boy at all times," he said, "and no one ever suspected that he would become great. He and I were always close friends. He wore a mackinaw overcoat which was one of the first seen in London. His father's name was Joseph, and the boy with whom he played used to shout when they saw him coming down the street wearing the mackinaw. Here comes Joseph in his coat of many colors."

"Harvey was one of the best-natured boys in the school and was at that early age an artist of no mean ability. He could draw and sketch remarkably well."

"He never indulged greatly in games, but was more inclined to exert his energies along literary and artistic lines."

"He was a handsome boy, and at all times displayed the ready store of humor which he had received from his Irish parents. His father was a grocer and for many years conducted a store on Dundas street next to the present location of Chapman's."

"I very seldom see him any more but I am certainly delighted to hear him making such a name for himself in the world of letters, and am proud to say that I was a former classmate of his."

As soon as the lists are printed they may be examined by persons whose names have been omitted may file an appeal with registrars appointed by the senior county judge.

KITCHENER STREET FIGHT RESULTS IN COURT ACTION

Special to The Advertiser.

Kitchener, Feb. 27.—As a result of a street corner fight, which took place here on the night of Feb. 16, Provincial Police Constable McCaffrey was charged with assault in police court here this afternoon by A. H. Schetter of Waterloo.

The police officer brought a counter-charge against Schetter of assaulting an officer and interfering with his duties. After hearing evidence in the case, Magistrate Woir dismissed both charges, and assessed the costs to Schetter.

THE STRANGER

By JOHN GOODWIN

CHAPTER 12.
The next morning Joan, who had kept her own counsel overnight, astonished Emmie by donning her best dress, a neat and alluring little costume of pale blue muslin, which she had not yet worn.

"Hullo! Go in to waste those glad rags on the office, dear?" exclaimed Emmie.

"I'm not going to the office," replied Joan with a musical little laugh. "You may tell them so if you like, Emmie. I've better things to do today, and I'm going to do them."

"What?" gasped Emmie. "Joan! What am I to tell Miss Puttock, then?"

"Anything you please, dear."

"Why, she'll sack you!" cried Emmie. "As sure as eggs are eggs."

Joan turned to her friend, with eyes sparkling mischievously and a smile on her lips.

"Then let her," said Joan. "She has paid me less and worked me harder, because I'm a better worker than any one else. Miss Puttock has often been grossly rude to me, and refused abruptly the one small favor I ever asked her to do. I don't all, quite humbly. I bear her no ill will, but there's something in me that declines absolutely to beg her to give me a day off that she certainly not give. And so I shall take it."

Emmie regarded her with consternation.

"You think £300 is going to last forever, Joan?"

"It will keep me for two years, anyhow," returned Joan, briskly. "If that were all, but it's not. I'm not, you needn't look at me like that. I'm going to be rich and free, and I believe it in spite of anybody who doubts it. I feel it in my bones! There are some things, dear, that I haven't even dared to tell you yet. But I feel like a bird that has been uncaged and you must let me flutter my wings."

She strode to the window and turned back again, laughing to see Emmie's scared face. Joan's eyes were shining and her cheeks were flushed. She was as dainty and fascinating as ever, more so, if possible, than when she had been a schoolgirl. She was a girl of obstinacy and rebellion that Emmie had never before seen or suspected in her friend.

"All my life I have done what other people ordered me to do," cried Joan. "Now, at last, I do what I choose. I want to know the splendor of the world—to travel among the nations and the great, beautiful cities—to mix with those who know how to live. I want to taste the wine of life."

She threw out her arms. "I'm the best little friend I ever had. There is more than enough for both. I tell you, I cannot go on with me along the primrose path."

Emmie shook her head.

"Not me," she said grimly. "A pretty sight I am, with a figure like mine, gallivanting over primrose paths through roarin' towns! I don't know what you mean by the wine of life. I take a small glass with my meals, and nobody ever saw me go home on a week-end at Margate now, an' then in my marks—and yours, too."

She rose abruptly.

"I think you're crazy, Joan. There's a funny streak breakin' out in you today—I'd needly suspected it of you! As soon as a Sunday school pupil-teacher got dotty! Put on your hat an' come along to Puttock and Capes!"

But argument, reason, and entreaty were wasted; after some futile effort, Emmie had to give it up, and departed for her office, looking decidedly worried and anxious.

Joan, left to herself, cleared the table and began hurriedly to write a couple of letters. They took her some time. Then she looked through her belongings in the housemaid's drawers she shared with Emmie, took out a small box, and before the looking glass, and made a face at her reflection. She donned the least dainty of her two hats and left the house.

By train and tube Joan journeyed from the wilds of Lambeth to Oxford street, and at a telephone call office she rang up Mr. Theophilus Bell. Miss Joan Ayre desired to see Mr. Bell, and as soon as he was arranged, so ran Joan's message.

Mr. Bell, after some delay, replied that he could arrange for Mr. Vallie to be at his office at a little before six. He hoped Miss Ayre would not insist on it unless the matter was urgent. Joan replied that it was, and seemed to her that Mr. Bell's voice, even over the telephone, sounded rather anxious. Joan hung up the receiver.

"I'm going to have my own way," she said to herself demurely, as she left the call-office, and she knew her own right can't do that, what can she do?"

She went to her bank and inquired whether she might draw against the check that had been posted the night before. After consulting with his manager, the cashier agreed. She wrote out a draft for £40. And while writing it, Joan pondered momentarily to consider.

It occurred to her that Philip Mottisfont, barrister, had not given her any advice about this £300. And for the very reason that he had not, it was the one thing she had forgotten to mention to him. Was she doing a particularly unwise thing?

But only for a few seconds did Joan hesitate. Had they not been absolutely certain of success, they would not have advanced the money. And she was to pay them forty thousand! It would be absurd not to make use of what was in hand. Joan cashed the draft.

She left the bank feeling like a child to whom a benevolent uncle has given a sovereign. Her eyes shone softly, her cheeks were tinted, flushed pink; the pavement seemed to have springs beneath her feet.

"My Heart Would Palpitate, I Had Weak Spells"

Mrs. L. Whiting, 202 King St. West, Brockville, Ont., writes:—

"I took very sick with my nerves and stomach, and seemed to be all run down. At times my heart would flutter and palpitate so and I would take such weak spells in the pit of my stomach that I sometimes thought I would never get better. I had almost given up hope when a friend advised the use of Dr. Chase's Nerve Food. I did not stop until I had taken twenty-five boxes. It has done wonders for me and I want to recommend it to everyone."

"You mean," said Joan, "that I should lose my pennance and you your forty thousand? Perhaps so. But I know quite well that the bond I signed, Mr. Bell, is not valid. If at the end of the day I choose to fight a court of equity could upset your claim."

These extraordinary legal terms, which she had so confidently signed, Joan's rose petals lips morally suggested the two men. Vallie could hardly believe his ears.

"And yet!" said Joan, turning in her chair to face him. "I will tell you now, once and for all, that I hold you that bond, whatever happens! If I win the fortune, that is my right. I will pay you your £40,000 in full. I have given you my word. But I will keep the rose to my feet. But the barrister who fights this case will be Mr. Mottisfont, and not other!"

Vallie was about to break out. But Mr. Bell gave him, behind Joan's back, a swift glance of warning.

"My dear madam!" said Mr. Bell, with his most charming smile. "You must have your way. I did not realize how you were set upon it. We thank you for your expression of confidence, and we shall find means of arranging exactly what you desire. Have no fears—and give us time to receive her."

Joan smiled, too, and gave her hand to each of them in turn. But as the door opened for her, she looked back at the two men, and said, "I don't know you, and I don't know you, and I don't know you. When the door was closed, Mr. Vallie swore with heartfelt fluency, and his face had come to twist the screw. He said, bitterly, and with a hard stare:

"We must communicate with the chief at once!" said Mr. Bell, moving to the telephone. "A slight difficulty was to be looked for, and I was ready for it. But this! I was watching the girl sharply, and an unexpected complication has arisen, which may wreck our plans. We need drastic measures for it."

"What do you mean?" said Vallie, staring.

"Mr. Bell's serene self-possession suddenly fell away from him. 'Don't you see, you fool,' he rasped, 'that she is in love with this cursed fellow Mottisfont?'"

an attempt to cut her off, and with this intention steamed southward on Nov. 1, with his whole squadron. By noon the Glasgow was in the harbor before it was too late. Almost at the same moment, Admiral Cradock began to sweep northward, hoping to catch the Leipzig, whose wireless had been heard repeatedly by the Glasgow. He was rejoined by the Glasgow at half past 2, and the whole squadron proceeded northward abreast about fifteen miles apart. At about half-past four the smoke of several vessels was seen to the northward, and in another hour or so the hour the Glasgow was able to identify the Scharnhorst, Gneisenau, and a German light cruiser. The Leipzig was nearly 300 miles away. Was there still time to refuse action? Undoubtedly. The Good Hope and Monmouth had normal speeds of 23 knots and 22.4 respectively and could maintain steam 21 knots in company with the Glasgow. Cradock could steam over 25. The Scharnhorst and Gneisenau had normal speeds of 23.2 and 23.5; but they had been long in southern seas and out of dock. On the other hand, the Leipzig was a new vessel, and Admiral Cradock would have been liberal in allowing them 22 knots. Rough weather would reduce speeds equally on both sides. Both sides, he turned at once and by standing out to sea, offered a stern chase to the enemy. At 4.45 the Leipzig was sighted one knot each hour. When the Leipzig was sighted by the Glasgow at 4.45 the nearest and armored ships were about 20 miles apart. There were scarcely two hours to sundown, and less than three to darkness.

But the Leipzig was a possible combatant. She could only steam 22 knots, and against the head sea during the action she did, in fact, only steam 15 knots. As this was a slow ship had been for some unexplained reason sent ahead with the Glasgow, she was at the moment of sighting the enemy only 17 miles distant. Assuming that Admiral Cradock had steam 22 knots, and three for the head sea, i. e., 18, he could overtake the Leipzig four knots an hour. On this basis, the Leipzig would have been brought to within long-range action before daylight, during which the British ships would actually have been increasing their distance from the enemy. In the chase of the Leipzig, the Scharnhorst and Gneisenau did not exceed 20 knots in the worst weather. There is therefore no doubt he could have got away untouched.

Decided to Attack.
But nothing was farther from the mind of Admiral Cradock. He instantly decided to attack as soon as he could get sighted the enemy, and to only steam for 14 knots, and to light two more boilers to realize his full speed. Moreover, his ships were disabled. To conserve fuel, he had taken an hour and a half to get underway, during which the British ships would actually have been increasing their distance from the enemy. In the chase of the Leipzig, the Scharnhorst and Gneisenau did not exceed 20 knots in the worst weather. There is therefore no doubt he could have got away untouched.

GOOD HOPE AND MONMOUTH ARE SUNK BY THE GERMANS

Naval Battle in the Falkland Islands Was One-Sided Affair—Obsolete British Ships No Match For Modern German Vessels.

XIII.—CORONEL AND THE DREADNAUGHTS (Continued.)
By WINSTON CHURCHILL.

Suddenly, on October 27, there arrived a telegram from Admiral Cradock which threw me into perplexity. Good Hope, October 26, 7 p.m. At sea.

With reference to admiralty telegram received October 27 and in regard to search for enemy and our great desire for early success, I consider that it is impossible to find and destroy enemy's squadron owing to slow speed of Canopus.

Have therefore ordered Defence to join me after calling for orders at Montevideo.

Shall employ Canopus on necessary work of conveying collars.

The admiralty telegram to which Admiral Cradock here referred was as follows:

Oct. 25.—You must be prepared to meet Scharnhorst, Gneisenau, and a third certain here. Canopus should accompany Glasgow, Monmouth, and Otranto and should search and protect trade in combination.

Talks on Heredity To 'W' Faculty Club

Dr. (Mrs.) Macklin Speaker—Organization Aids Girls' Camp.

Dr. (Mrs.) C. C. Macklin gave an interesting address at the regular meeting of the Women's Faculty Club held Monday afternoon at the university. Her subject was "Some Unusual Aspects of Inheritance," which she illustrated with diagrams. Mrs. Sherwood Fox is lending her home for the next meeting of the club, Monday, March 26, at which a collection will be taken up in aid of the permanent camp at Port Bruce.

Following the meeting tea was served. Miss Grace Hill presiding over the dainty table, gay with daffodils. The hostesses were Mrs. C. Macklin, Mrs. R. L. Allan, Mrs. G. H. Stevenson and Mrs. D. D. Davison. A social committee was appointed to take charge of all social activities, the committee including Mrs. C. H. Somerville, Mrs. Sherwood Fox and Miss Grace Hill.

Mothers and Their Children

When my son lets his shoulders droop I get him to play "Kite" and stretches both arms shoulder high and sideward with palms forward, keeping his head, "the top of the kite" held high. He makes the kite fly with the arms held in this position. This is a very good exercise for the shoulders and chest of the growing boy.

Playing Kite for Health.

Dear Miss Grey and Boxites: We are certainly getting a taste of winter these days, aren't we? But it's healthier than so much foggy weather as we have earlier in the season. It is just fine for those who can skate. A very successful carnival was held on our great lake, the Our Little town has all the other towns beaten for costumes. Am sending you some recipes for our cook-book, which we have put together for the winter. Anne, also a shipmaster to help the C. H. Fund. Wish you could see my beautiful calla lily blossom.
