BIG BATTLE OF THE WAR

The Important Struggle is Now Believed to be Near at Hand.

Forces of Oku and Kuroki Confronted by Kuropatkin's Main Army.

London, June 27.—A despatch from Liao Yang of yesterday's date says: "The second Japanese army, under General Oku, is withdrawing all along the line, having apparently abandoned the intention of effecting a junction with Gen. Kuroki's army. THIS MUST BE KUROKI'S ARMY. Reports of fighting between the advance guard regiments are continually coming in. The battles are indecisive but they show that the Japanese are moving forward regularly on each front."

ANOTHER RUSSIAN REVERSE? A St. Petersburg despatch says: "It is reported that a serious land fight has taken place near Ta Tohe Kia, in which the Russians were defeated, but no confirmation of this report is obtainable."

JAP LOSSES AT TELISSU. This cablegram was received at the Japanese legation to-day from Tokio: "General Oku reports that our casualties at Telissu were 247 killed, including seven officers and 946 wounded, including 43 officers."

RUSSIANS FALL BACK. A Chefoo despatch dated June 26, 11:30 a. m., says: "Steamers passing thirty miles to the westward of Liao To Shean last night did not hear any firing. This leads to the supposition that the reports of guns heard here was a naval battle south-east of Port Arthur. Chinese arriving here report that the Japanese army within seven miles has fallen back to Yumelidun, just north of Kai Ping, where gunboats will not be so effective. They also report that the Russians are entrenching themselves at the ancient city of New Chwang, north of the port of New Chwang."

RUSSIA SHORT OF ARTILLERY. A New Chwang despatch, dated June 25, 10 p. m., says: "The Associated Press Courier who has been out three days, returned to-night and reports that Japanese scouts have seen ten miles south-west of Kai-Chou this morning. Information from private Russian sources indicates that the Russians have only a few pieces of field artillery between Liao Yang and Kai Chou."

JAPANESE PLANS. A Chikangman who is known as a Japanese spy, reports that the Japanese have planned to enter Kai Chou unopposed not later than Monday, and expect a battle near Tabe Kiao. If victorious, they will place troops in New Chwang immediately."

THE DECISIVE BATTLE. Liao Yang, June 25.—The armies of Generals Oku and Kuroki, aggregated at least six divisions, are confronted by the huge force under General Kuropatkin. The tension here is most acute at the approach of the important battle of the war, in which three times the number of troops engaged at Kiu Liao Chong, Kin Chuan and Vafangkow will take part. The proximity of the rainy season makes the battle unavoidable. A Cossack scout and a railway man have just returned here after having been held as prisoners by the Japanese. They managed to kill their guard and escaped at night and rejoin the Russian advance posts. They report that they were kindly treated during their confinement, though they were kept on short rations. Reinforcements are arriving regularly, and are in excellent spirits.

STILL ADVANCING. The Japanese continue their advance from the eastward. The southern Japanese army advanced ten miles beyond Seau Chen, and halted awaiting the arrival of Gen. Kuroki. Several days must elapse before General Kuroki and General Oku can get into position and jointly attack Ta Tohe Kia and Ki Chuan, which it is believed will be the most likely point for an important battle.

1,500 LIVES LOST. Chefoo, June 25, 11 p. m.—Steamers arriving at Chefoo from Moji, Japan, report that large numbers of Japanese troops and horses are awaiting transportation at Japanese ports. The loss of life resulting from the attacks of the Russian Vladivostok squadron on the Japanese transports Hisechi and Luma, is now placed at 1,500. Many horses also were drowned.

THURSDAY'S NAVAL BATTLE. London, Monday, June 27.—The Central News has received the following despatch from its Tokio correspondent dated June 26, evening: "A detailed account of the naval battle at Port Arthur has just been published here. The Russian battleship Peresviet, Potava and Sevastopol and the cruisers Bayan, Askold and Novik attempted to emerge from the harbor at dawn on June 23, led by steamers used for clearing the mines. At 11 a. m. the battleships Ozevich, Rostizian and Pobeda joined the others. All the ships then advanced, endeavoring to

dispose of the mines laid by the Japanese, but they were hindered by two Japanese torpedo boat destroyers, which had been guarding the mouth of the harbor. At 3 p. m. the Japanese torpedo boats exchanged shots with seven Russian destroyers, which were covering the clearing operations. One of the Russian destroyers was set on fire and raised inside the harbor. Subsequently the Japanese decoyed the Russians out to sea and awaited an opportunity to begin a general action, but between eight and nine in the evening the Russian ships made for the harbor.

The Japanese torpedo boat destroyers and torpedo boats chased the Russians, and at 9:30 delivered the first attack, in consequence of which the enemy was thrown into disorder. During the night eight separate attacks were delivered, but none was successful. In one of these attacks the Chiratake twice torpedoed a battleship of the Peresviet type and sank her. A battleship of the Sevastopol type and a cruiser of the Diana type were disabled and towed away. The Russian vessels re-entered the harbor during Friday night. The newspapers publish eulogistic articles upon Vice-Admiral Togo's prompt action.

FIRING AT PORT ARTHUR. Chefoo, June 25, 11 p. m.—There was firing at Port Arthur last night, June 24, and to-night. The booming of big guns was distinctly heard here to-night. Eighteen Japanese transports have been seen going west along the Korean coast.

A SUGGESTION

"The Cemetery Committee of the City Council have all kinds of chances for making money," said William Wilson, of the firm of Coltart & Wilson, to The Planet this morning. "I took a walk out to the Maple Leaf Cemetery yesterday and was surprised to see the cemetery road almost choked up with grass. Now all the Cemetery committee has to do is to fence the road in and advertise for cows to pasture. Either that or cut the hay and sell it. I think the latter plan would be the one to meet with the most favor."

HURLED TO HER DEATH

Terrible Accident at the Village of Highgate—Struck by P. M. Train.

While Standing on the Track Talking to a Friend—Mrs. I. Foster the Victim.

Highgate, Ont., June 25.—A peculiar and very sad accident occurred about a mile east of the village on the Pere Marquette Railway at noon to-day, in which one of the most estimable ladies in the district lost her life.

Mrs. I. Foster accompanied a lady calling on a friend over the M. O. R. R. and P. M. tracks, which pass directly in front of her door, and stood chatting a few moments. Then bidding her friend, Mrs. Wm. Raycraft, of this village, good-bye, she turned to re-cross the tracks for home. Not having noticed the train approaching as she stepped upon the P. M. tracks, she was struck by the noon passenger train and hurled sixty feet away, killing her instantly.

Mrs. Raycraft saw the danger at the instant that Mrs. Foster undertook to cross, and tried to reach her to pull her back, and narrowly escaped the same fate. Mrs. Raycraft, who is not a strong woman, lies in a very precarious condition on account of the shock to her system.

Mrs. Foster resided with her son, Hector, who is one of our most prosperous farmers, having resided in their present residence for the past twenty years. Two sons—Robert, Foster, on the farm, and John Foster, one of the principal merchants in the village—survive the most estimable mother. The people of the vicinity are stricken with awe at the sad calamity, and the sympathy of all go out to the bereaved ones.

RETURNS HOME

R. J. Winters, who returned recently from the Northwest, brings back discouraging news about the country there. He says the place is flooded with laborers who can find nothing to do. There is however, lots of work for mechanics.

His protests were strongly against the preference given to Americans in the Northwest by the C. B. R. "Out there," said he to The Planet, "Americans can travel any where for one cent a mile on the railroad, while Canadians and Englishmen have to pay three cents a mile. This is not right especially in a Canadian country."

Mr. Winters went out with the intention of settling down on a farm but decided to come home again after he found out the condition of the country.

Happiness is hope, not experience.

SAD SUICIDE AT BIG POINT

Moses Martin Hanged Himself to a Fence Post Yesterday Morning.

Mind Was Unbalanced at the Time—Was Well to do and Highly Respected.

Moses Martin, an aged and respected resident of Big Point, took his own life yesterday while out of his mind. About four years ago while fixing his barn Mr. Martin had the misfortune to be hit in the eye by a piece of rusty nail. He suffered very much from the wound and finally underwent an operation in the Detroit hospital. Even this afforded little relief and Mr. Martin's brain was affected. He was sent to the asylum but returned home. He suffered from melancholy and has several times attempted his life.

Yesterday morning about eight o'clock Mr. Martin attempted to hang himself with a handkerchief but was noticed in time. About eleven o'clock he was discovered in the lane, dead. He had taken some old carpet rags and twisted them around a post on a barbed wire fence in the lane and then around his neck. The post was only about five feet high. Mr. Martin had said to one of his sons early in the day that if his wife wasn't back from the hospital soon they would be sorry. Mrs. Martin is ill in St. Joseph's Hospital, this city. Theodore Nelson, of this city, was one of those who found and helped notify the coroner. He was notified by the coroner Dr. J. L. Bray but that officer deemed an inquest unnecessary.

Mr. Martin was a well to do farmer and owned 100 acres on the 9th concession, Dover. He was always hardworking and industrious and was highly respected. The late Peter Martin, wholesale dry goods merchant, Montreal, was a nephew.

BOYS IN RED

24th Kent Regiment Attend Divine Service at Park St. Church—Good Sermon and Inspiring Music.

When the bugle sounded the "fall-in" of the 24th Regiment to their regular church parade yesterday morning the attendance of soldiers was larger than at any previous parade this year. Interest in the crack military organization is developing and recruits are enlisting every day. The march yesterday was a most inspiring one. Headed by their splendid bands the soldiers marched to Park street Methodist church, where an excellent service was enjoyed by the pastor, Rev. G. B. Bobbideck, preached on the duties of citizenship to the citizen soldier, basing his theme upon the Saviour's temptation in the wilderness.

The musical service was much enjoyed. Miss Flossie Bogart, the popular and accomplished organist, appropriately played the magnificent "Recessional" as the soldiers entered the sanctuary, and the choir, under the direction of Miss H. Edythe Hill, contributed several excellent numbers. Particularly beautiful was the rendering of "Hark, Hark, My Soul" with its two rich contralto solos exquisitely sung by Mrs. Milton Bogart. This accomplished young lady, possessing a magnificent voice, sang a perfect expression and fidelity to every precious condition on account of the shock to her system.

The return to the drill hall Colonel Rankin were present in large numbers. The various addresses were simple yet impressive, and most attentively followed. The service in the evening was evangelistic and many earnest and eloquent appeals were made to the immense congregation. The results for the Jay were most encouraging. Miss Ethel Leinster and the male quartette sang at each service, the church quartette singing at the morning and evening services. The meetings will be continued, but will close Tuesday night.

STUDENT'S SERVICES

Three crowded audiences greeted the McMaster University students yesterday at the William street Baptist church, the evening one being a record breaker, every available seat in the church and corridor being occupied, a large overflow meeting being held in the basement and many were unable to obtain admission. The morning topic was "Prayer," upon which Prof. Campbell and the student spoke effectively and helpfully. The afternoon service was for the children, who were present in large numbers. The various addresses were simple yet impressive, and most attentively followed.

GOING TO PIECES

Signs are multiplying that the Liberal party is becoming disintegrated. There is a split in South Oxford, and it appears to be due to the corrupt manipulation of the license system by the partisan commissioners.

The reckless disregard of public interests in the interest of party cliques which has been so pronounced during recent years in Liberal circles appears to be reacting now. The revelations of rascality in connection with the attempt to unseat Donald Sutherland have undoubtedly had their effect.

GOVERNMENT ON DEFENSIVE

Hon. Sydney Fisher appears to have "woken up the wrong passenger." Lord Dundonald has got the whole cabinet on the defensive, and the people of Canada are—maybe with the exception of a section in Quebec—back of the dismissed G. O. C. Sir Frederick Borden is inclined to assume a contemptuous attitude, but such assumption only places him in a more humiliating position even than the one he now holds.

"The personal issues between Lord Dundonald and the Ministers sink into insignificance beside the great question thrust before the people of Canada. "Sir Frederick Borden could hardly be in a worse position. He repeatedly has asserted that Part II. of Lord Dundonald's first annual report was a secret and confidential document.

"The above is plain, very plain, English, but none too plain to describe the situation. The "Dundonald incident" has stirred the whole empire, and will live in Canadian history for all time. It will be a stain on the Laurier regime. The remarks of the Toronto News may be further quoted with aptness: "This Government has had the services of experts who have preached the doctrine of a self-sufficient Canada, of a Canada with rifles enough, cartridges enough, cannon enough, equipment enough, to enable her own sons to safeguard her soil."

FORWARD

Is the watchword of the "Progress" tailors. Create—develop—perfect. Originate—improve—better the present best.

"PROGRESS" CLOTHING

minister the country refuse to make real provision for the national safety and, instead, make political patronage out of national defence."

CONVERTS TO ADVERTISING.

A periodical devoted exclusively to advertising interests tells of the conversion of one of the oldest mercantile establishments of New York to the policy of advertising. The necessity of advertising has never been shown more positively than in this instance.

Gradually the art of advertising was developed as the increasing population made it necessary, and the growing enterprise of merchants led to experiments. Little by little the trade of the venerable establishment fell away—or rather day by day the advertising houses encroached on his business.

More and more the old house, depending on its reputation for honesty, lost trade. That it did not advertise was considered proof that it was slow—lacking in the enterprise which appeals so strongly to buyers. For several years it has been made clear to the proprietors that they must advertise or perish; but with the tenacity of men of principle they have adhered to the old policy, until now they have had to make the distinct choice between collapse and advertising.

"The personal issues between Lord Dundonald and the Ministers sink into insignificance beside the great question thrust before the people of Canada. "Sir Frederick Borden could hardly be in a worse position. He repeatedly has asserted that Part II. of Lord Dundonald's first annual report was a secret and confidential document.

"The above is plain, very plain, English, but none too plain to describe the situation. The "Dundonald incident" has stirred the whole empire, and will live in Canadian history for all time. It will be a stain on the Laurier regime. The remarks of the Toronto News may be further quoted with aptness: "This Government has had the services of experts who have preached the doctrine of a self-sufficient Canada, of a Canada with rifles enough, cartridges enough, cannon enough, equipment enough, to enable her own sons to safeguard her soil."

The general officer commanding makes trouble for the government because his own secure military position in England encourages him to do his duty, whether his head is cut off or not.

PLAIN ENGLISH, ANYWAY.

Lord Dundonald writes good enough English to make Sir Frederick Borden feel uncomfortable.

SENATORS AT WORK.

The Senators recently rushed a divorce case through their divorce committee in twenty minutes! Was this an effort to show Dakota that it is not the only automobile on the road, or was the evidence very uninteresting?

MONEY BEGGING

Was Set Apart Years Ago for Benefit of Chatham Colored Children.

According to a letter received by Hon. Richard Harcourt, Minister of Education, from Philadelphia, there is \$1,200, together with years of accumulated interest, going begging. A large firm of solicitors in that city have written, informing him that "under the will of Esther Moore, which was probated there in 1854, she bequeathed \$1,200 which was to be invested, and the interest arising was to be paid out for educational purposes for children of both sexes and colors in Canada, apart from all sectarian or traditional dogmas."

"For a time the interest arising from this fund was paid to the Wilberforce Educational Institute, of Chatham, Ontario, but no interest has been claimed on the fund by them or any one else for many years, and the same has been simply accumulating. Our clients, the Provident Life and Trust Company, of Philadelphia, substituted trustee as aforesaid, are anxious to dispose of the income of this kind to the proper parties, if any such exist, answering foregoing description, and we would greatly appreciate it if you would advise us whether there is any institution in the Western part of Canada answering the description of the foregoing gift, with its accumulations, could properly be paid."

Mr. Harcourt is making enquiries in response to the request.

WHAT WOMEN SHOULD KNOW.

That the cause of a great deal of suffering, and that which is to be overcome by ANTI-PILL, the discovery of Dr. J. S. Lehnardt. A great amount of women's ailments are caused by the food that is taken being turned (through improper digestion) into poison instead of nutrition. This poison carried by the blood throughout the system, makes weak women—women who are hardly ever well—nerves in dreadful condition—limbs ache, back aches, head aches—blisters, constipation. ANTI-PILL, the Great System Treatment, will correct these troubles—it starts its work by making a well stomach—it insures strength to weak women—it is harmless at any stage or condition of a woman's life, and there is no time ANTI-PILL cannot be used with safety. Any woman who cares to may use a bottle of ANTI-PILL free from any expense. If satisfactory results do not follow its use, mail us wrapper with name of druggist from whom purchased and get your money back by return mail. Wilson-Fyle Co., Niagara Falls, Ont. Application was made Saturday afternoon before the local master to settle a scheme for the maintenance of a house, Hannah Luman, Fred Stone, of the firm of Houston & Co., for the committee on Inaugury; W. E. Gundy, of the firm of Wilson & Co., for the inspection of prisons and charities.
A party of young people went down the river Friday evening last to the residence of William Holmes and enjoyed a very pleasant lawn social. Entabes were taken with them and the ride down and back was immensely enjoyed. There were about 30 in the party and they arrived back in the city about half past eleven. They went down in Howard Waddell's launch and some went in canoes.

6 hours in Detroit, July 1st.
Horace Elanor, aged 19 years, and hailing from Chatham, rented a bicycle from Jas. H. Patterson at 15 Chatham street this morning, and promised to return it an hour later. As it did not put in an appearance several hours afterward, Patterson informed the Detroit police, who found the young man in the act of disposing of it to a Michigan avenue second-hand dealer and locked Elanor up. He was turned over to the Windsor police and in court pleaded guilty to the charge of theft. Magistrate Bartlett refused to sentence the young man until Wednesday next, by which time his relatives in Chatham can be communicated with.—Detroit Tribune.

Sleeplessness

Is akin to insanity. Many a woman realizes this as she lies awake hour by hour, peeping the darkness with phantoms starting at the creaking of the bed or the rustle of the bedclothes.
Such symptoms in general point to disease of the delicate womanly organs, and a constant drain of the vital and nervous force. This condition cannot be overcome by sleeping powders. The diseased condition must be cured before the consequences of disease are removed.
Dr. Pierce's Favorite Prescription cures the womanly diseases which cause nervousness and sleeplessness. It is the best of tonics and invigorants, nourishing the nerves, encouraging the appetite and inducing refreshing sleep.
\$500 Reward for Women Who Cannot be Cured.
Proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States for any case of Leucorrhoea, Female Weakness, Proflapsus, or Falling of Womb, which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.
"My wife was sick for over eight years," writes Albert H. Felle, Esq., of Alhambra, Tenn. "She had uterine disease and was treated by two physicians and got no relief. At last I read about Dr. Pierce's medicine and we decided to try his 'Favorite Prescription.' I sent to the drug store and got one bottle and the first dose gave ease and sleep. She had not slept any for three nights. Being sure that it would cure her I sent for five more bottles and when she had taken the sixth bottle she was sound and well."
Dr. Pierce's Pleasant Pellets should be used with Favorite Prescription whenever a laxative is required.

gore, be assessed to Mary Snary, instead of Alonzo Ruble.
The assessment roll is amended was confirmed and the court closed.

PRESENT ARMS!
For the Aurora Zouaves are Coming With the Big Show.

Their reputation for phenomenal superiority is so universally and unquestionably established that many of our readers, even if they have not seen and marvelled over them, have heard of the Aurora Zouaves, who are announced to appear here on Saturday, July 9th, in the grand colossal arena of the Great Adorn Forepaugh and Sells Brothers Enormous United Menageries, Circuses and Hippodromes. The nearest approach to them in evolutions and manual, so varied and quickly changing that all attempts to follow in description is absolutely futile, were the pre-season, famous Ellsworth Zouaves, of Chicago, and their star poles before their Aurora successors, organized within a day's march of the Windy City. The latter have at toe and finger tips the manual and movements of every military school on earth, besides many most brilliant, beautiful and bewildering formations original with themselves, and all executed with a rapidity and precision no mechanism could surpass. The record shows that in friendly competitions they have conquered all comers, both at home and abroad, and won the highest encomiums from military experts of the regular service at the courts of Europe and in "Old Glory's" camp. Associated with them are other military features of great historic interest and most artistic and magnificent character.

Why Popcorn Pops.

Why does popcorn pop? The department of agriculture answers the question, which was propounded to it by a small boy. Popcorn pops by reason of the volatilization of the oil contained in the kernel by heat. Field corn does not pop because the outer portion of the kernel is more porous, permitting the escape of the oil as it volatilizes, while in the case of popcorn a great pressure is developed in the kernel by the confined oil and the kernel is suddenly exploded and turned wrong side out.

WHAT IS CATARRH?

It is an inflammation of the mucous lining of the throat, bronchial tubes and nasal passages excited by germs that can only be destroyed by fragrant, healing Catarrhose, which is breathed direct to the seat of the disease, and has never yet failed to cure. Pleasant to use, absolutely certain to cure, Catarrhose always nasal catarrh so badly that I couldn't breathe through my nostrils, writes G. K. Wilnot, of Meriden. I used Catarrhose for a few minutes and was relieved. It cured in a short time." No other remedy just like Catarrhose—it's the best. Two months' treatment \$1.00; trial size 25 cents.

Neck Wrinkles.

To remove wrinkles from the neck make a pomade by mixing lanolin and vasoline, cold cream, two ounces, and vasoline, two ounces. Perfume with any agreeable scent. Apply to the neck every night and wash off in the morning.

White cotton crepon makes very serviceable and pretty bedspreads. It is light weight and washes beautifully and needs no ironing. The crinkly effect is very pretty.

A Hard Bird.

Customer—What sort of a chicken do you call this? Waiter—That, sir, is, I believe, a Plymouth Rock. Customer—Ah! I'm glad it has some historic interest. I thought it was just an ordinary cobblestone.

Nothing Like Experience.

"One truth learned by actual experience one hears about." Tell a man that Chamberlain's Colic, Cholera and Diarrhoea Remedy will cure cholera morbus, and he will most likely forget it before the end of the day. Let him have a severe attack of that disease, feel that he is about to die, use this remedy, and learn from his own experience how quickly it gives relief, and he will remember it all his life. For sale by all druggists.

AN AGGRAVATED COUGH CURED.

A customer of ours who had been suffering from a severe cough for six months, bought two bottles of Chamberlain's Cough Remedy from us and was entirely cured by one and a half bottles of it. It gives perfect satisfaction with our trade. —Haynes-Parker & Co., Lineville, Ala. For sale by all druggists.

Most of us can offer a sure remedy for other people's ills.

If it's a bitous attack, take Chamberlain's Stomach and Liver Tablets and a quick recovery is certain. For sale by all druggists.

The less some people have to say the more talking they do.

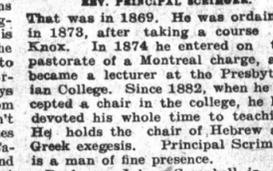

The duties we owe ourselves are generally performed first.

REV. DR. JOHN SCRIMGER

NEW PRINCIPAL OF PRESBYTERIAN COLLEGE, MONTREAL.

Fatal Incident in Connection With His Appointment by the General Assembly.—Rev. Prof. John Campbell Resigns.—Sketch of the Career of the Late Acting Principal and of the New Incumbent.

Rev. Dr. John Scrimger, the new Principal of the Presbyterian College, Montreal, whose appointment was announced in the Montreal Herald of Saturday, 4th June, 1904, caused rather a painful incident in the General Assembly, when Professor Campbell, the acting Principal, rose and resigned his chair, because of the promotion over him of one who had formally been his pupil, is very well known in Ontario. He was one of Dr. Tassie's boys at Galt, his native place, and after he had been called into passable condition by the famous disciplinarian and really great head master, he came to Toronto University, from which he graduated as a double medalist.

REV. PRINCIPAL SCRIMGER.

That was in 1869. He was ordained in 1873, after taking a course at Knox. In 1874 he entered on the pastorate of a Montreal charge, and became a lecturer at the Presbyterian College. Since 1882, when he accepted a chair in the college, he has devoted his whole time to teaching. He holds the chair of Hebrew and Greek exegesis. Principal Scrimger is a man of fine presence.

Professor John Campbell is the son of the late James Campbell, an eminent Toronto publisher of the early days. He was born in Edinburgh, Scotland, in 1840. After a short business career he entered Toronto University, graduating in 1865, with the Prince of Wales prize and two gold medals. He studied theology at Knox and went to the front in 1866 with the student company that fought at Ridgeway. While a student he joined the late Robert Baldwin in starting the Y.M.C.A. in Toronto. After a short pastorate from 1868 to 1873 in Charles Street Church, now the Westminster, of Toronto, he was appointed to the chair he now holds, and held until Saturday, that of church history and apologetics. Professor Campbell is one of America's great authorities on ethnology and philology. His work on the Etruscans is classic.

Morgan has this reference to the trial for heresy in which Prof. Campbell figured: "It was in reference to certain statements made in his address on 'The Perfect Book and the Perfect Father' that Professor Campbell was tried for heresy before the Presbytery of Montreal in 1893, and condemned by a majority vote. His appeal to the Synod of Montreal and Ottawa, composed largely of his own graduates, was almost unanimously sustained, only three members siding with the Montreal majority. To save the Presbytery from humiliation a finding was adopted which granted the appellant a larger theological liberty than he had claimed.

Women and Books.

Professor York-Powell is a devoted lover of books. We remember hearing him read a paper to a society in Oxford which illustrated both his devotion and his pretty touchings upon the dangers to their treasures against which book lovers should be on their guard, he denounced the irreverent treatment of books by woman-kind. A woman, he said, if she were interrupted in her reading and wanted not to lose the place she had reached, would put the book down, open and face downward on the table or on the lawn or anywhere. Woman, in fact, was one of the great standing menaces to books. The other, by the way, was insects.—London News.

Race Question Settling Itself.

In the Transvaal and the Orange River Colony, if the present rate of inter-marriage between Briton and Boer is kept up, within twenty years the two races will be so welded together as to be indistinguishable. The only bitterness now existing is between two sections of the Dutch, the bitter-enders and the Scouts.—African Review.

He Wished He Could Do It.

A merchant who had a store in a small country town fell in with a comic actor on a train and said to him: "I do not see how it is that you are able to think of such funny things to say on the stage, and all of a sudden too. I just wish I could do it. It would be invaluable to me in my business."—Success.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you get the genuine. It is taken internally and made in Toledo, Ohio, by E. Cheney & Co. Testimonials free. Sold by druggists. Price 75c. per bottle.

Red Snow.

Captain Ross discovered on the shore of Baffin's bay a range of cliffs extending for eight miles, which were covered with red snow of a brilliant hue, and sometimes as much as twelve feet in depth. Careful examination with the microscope revealed that it was due to the presence among the snow of a very minute plant called Palmella nivalis.

"NOT IF IT COST TEN DOLLARS"

A bottle would I be without Poldson's Nerviline, writes J. A. Ruth, a farmer living near Trenton, Ont. Nerviline is the best household liniment I know. We use it for stomach troubles, indigestion, headaches and summer complaints. I know of nothing better to take in hot water to break up a cold, or to rub on for rheumatism or neuralgia. Every farmer should keep a few bottles of Nerviline handy and have smaller doctor bills. Large bottles 25c. at druggists.

A Diplomat.

"At what age do you consider women the most charming?" asked the inquisitive female of more or less uncertain age.

"At the age of the woman who asks the question," answered the man, who was a diplomat.

IT IS HIGHLY INJURIOUS

To use a cheap drastic physic. Safest remedy for constipation and torpid liver is Dr. Hamilton's Pills of Mandrake and Butternut, which loosen the bowels without griping pains. Use only Dr. Hamilton's Pills. Price 25c.

Japan's Camphor Trees.

The camphor tree of China and Japan is a large evergreen, not unlike a linden, with a white flower and red berry. The gum is taken from chips out of the root or base, which yield 5 per cent or more of it. The Japanese government owns large forests of camphor trees, able to keep up the average supply of the gum for twenty-five years, and the young plantations are growing up. These are under the Japanese forestry department.

A WORD TO WOMEN.

Any sick woman is invited to consult by letter with Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. In an active practice of more than thirty years, assisted by a staff of nearly a score of associate physicians, Dr. Pierce has treated and cured over half a million women. All diseases peculiar to women are treated with success. This consultation by letter is absolutely free. Every letter is treated as strictly private and is accordingly confidential. Answers are mailed promptly giving the best of medical advice. All answers are sent in plain envelopes bearing on them no printing of any kind. Write without fear and without fee to Dr. R. V. Pierce, Buffalo, N. Y.
