The Evening Chit-Chat
 By RUTH CAMERON

Some weeks ago I included among other suggestions of unusual occupations for women a letter received from a woman who had been very successful in raising hens.
 This woman said that she had fifty-five hens, averaging four dozen eggs a day, that her feed and supplies averaged \$3.80 a month, and that she sold the eggs at 40 cents a dozen the year around to a regular customer who called for them.
 This letter called forth the following protest, presenting the other side of the picture, which I think fairness bids me publish:
 "My Dear Miss Cameron:—Your talk on hens and eggs in yesterday's paper is perfectly absurd, wherever you got it from. The poultry business is an all-year-round business, and there probably are not fifty-five hens in the country who will average 48 eggs per day. If one had a flock that would do that the eggs would sell at a great big price for setting purposes. Go to a practical poultry man and see if his books will show much over an average of 150 eggs per hen a year.
 Then the feed expenses is way off. It figures up at 83 cents per year a hen. No one can feed for that. Furthermore, you allow nothing for houses, nothing for labor or casual losses—and where, oh, where can you find a market that will pay 40 cents a dozen the year round? Please tell me, for I grow eggs for a living and really would like such a market myself.
 "I am afraid your article will influence someone ignorant of the business to start to get rich on a few hens, with dark failure for a result. For the right kind of woman poultry keeping is a congenial and fairly profitable business. Take one season with another, with business ability and economy all along the line one should clear from a dollar to a dollar and a quarter per year on a hen. Of course experts growing fancy stock can do more, but the average woman seeking a livelihood is not a poultry expert, and would

have to depend on selling a good quantity of eggs for family use. Such a woman could manage probably five hundred hens and raise some chickens to sell."
 Another idea for the woman who wants some unusual method of earning money is thus suggested by a reader:
 "A woman who lives near a school-house would no doubt find a number of teachers who crave a hot lunch at noon, but who have no time to seek it. If a hot, home-made, tray lunch were brought to these teachers' own classrooms at a reasonable figure, say 25 cents, they would doubtless be glad to patronize the person who could supply them."
 A woman whom I know has worked up quite a successful business as a renovator.
 That term covers a good many kinds of work. It includes putting in fresh yokes to dresses, remodeling sleeves and cuffs and minor details into style, doing fine mending, taking spots out of delicate fabrics, curling feathers, cleansing white gloves and many similar operations too numerous to mention.
 This woman also makes fitted underwear for people who like home-made underclothing, and a few plain shirtwaists, but the most of her time is taken up with the renovating.
 She happens to know a good many working girls who are too busy or incapable of doing their own odd jobs and she finds them both good customers and good advertisers.
 In the case of the feathers and the gloves she charges prices slightly under professional rates, and having a knack about such things, rennovates and replaces the feathers.
 Altogether, by putting herself into whatever niche needs filling she has made a fairly comfortable living. The trade, of course, has developed very gradually, but she thinks that any woman suitably located and with a knack at such things might develop a similar business if she did not have to depend upon her earnings at first.
 Don't forget to send in that suggestion of some unusual occupation for women. We want it. Don't say "Some day," but take your pen in hand and "Do it now."

Patriotism
 The stomach is a larger factor in "life, liberty and the pursuit of happiness" than most people are aware. Patriotism can withstand hunger but not dyspepsia. The confirmed dyspeptic "is fit for treason, stratagems and spoils." The man who goes to the front for his country with a weak stomach will be a weak soldier and a fault finder.
 A sound stomach makes for good citizenship as well as for health and happiness.
 Diseases of the stomach and other organs of digestion and nutrition are promptly and permanently cured by the use of

Household Notes.
 No one enjoys washing the broiler of the gas stove. This unpleasant task may be avoided if chop or small steaks are placed in tin pie-plates and in the broiling grate. The meat is cooked just as well and the plates are easy to clean.
 Sheets, tablecloths, spreads and the like are difficult to fold when taking from the line, but if you will unpin one end, then pull over from line, catching in centre and take fastened end from line, you will discover it a very simple method.
 One of the nicest and most economical shortenings for pie crust is made from equal parts lard or cod fat and lard. Try out separately and when half cooked beat together until light and creamy. The French use this for their best pastry.
 Clean iron holders are the exception rather than the rule. They need not be, for little washable cases, open at one end like a pillow slip, are easily made, and can be renewed as often as desirable with little trouble. The cases are with tapes.
 To prevent outdoor brass from tarnishing, clean the brass as usual, then rub it over with a soft cloth dipped in vaseline, and afterwards polish it with a dry duster. This will keep it from getting tarnished so quickly, even in the blindest weather.
 When putting baby in his cradle or perambulator, place him on his right side. You can alter his position later on. Remember particularly in connection with his cradle that it makes him uncomfortable to be put on his back directly he has his food.
 To cut away the goods under lace insertion without snipping the wrong thread, slip between the lace and the material a piece of cardboard four inches long of the width of the lace, and rounded at one end. This will make the work both safer and easier.
 If the dry staples used daily in the kitchen be kept, as far as possible, in glass bottles, they will retain their flavor and freshness twice as long. The wide-mouthed preserve jars are handy to label and use for the purpose in the pint, and even half-pint size.
 To clean and restore the elasticity of cane-bottom chairs, turn the chair and with hot water and a sponge saturate the cane work thoroughly. If the chair is dirty use soap. After set the chair to dry out of doors and the seat will be taut as when new.
 If the kitchen utensils in the heavier granite ware are placed in a large re-

CURED THE WIFE AND HUSBAND TOO
 GREAT WORK DONE BY DODD'S KIDNEY PILLS IN ONE QUEBEC FAMILY.

Thomas Laurault had Kidney Disease and his wife Bright's Disease, and Dodd's Kidney Pills made them both well.
 Lac Beauport, Que., April 26. (Special).—There is a world interest in the simple story of Madame Thomas Laurault of this place. In her own words, it is as follows:
 "Dodd's Kidney Pills cured my husband of Kidney Disease and myself of Bright's Disease. We recommend Dodd's Kidney Pills to all who suffer from Kidney or Bright's Disease."
 This is a splendid example of the grand work Dodd's Kidney Pills are doing among the plain people of Canada. Kidney Disease is the commonest of all ailments among those who have to work hard, because the kidneys are the first part of the body to feel the wear of heavy work.
 When the kidneys go wrong the blood goes wrong, and the whole body goes wrong. Rheumatism, Dropsy, Diabetes and Bright's Disease are the usual results. Dodd's Kidney Pills cure these by simply curing the kidneys.

The Washer-woman's Song.

In a very humble cot,
 In a rather quiet spot,
 In the suns and in the soap,
 Worked a woman full of hope;
 Working, singing all alone,
 In a sort of undertone,
 'With the Saviour for a Friend,
 He will keep me to the end.'
 Sometimes happening along,
 I had heard the semi-song,
 And I often used to smile,
 More in sympathy than in glee;
 But I never said a word
 In regard to what I heard.
 As she sang about her friend
 Who would keep her to the end.
 Not in sorrow nor in glee,
 Working all day long was she,
 As her children, three or four,
 Played around her on the floor;
 But in monotone the song
 She was humming all day long:
 'With the Saviour for a Friend,
 He will keep me to the end.'
 It's a song I do not sing,
 For I scarce believe a thing
 Of the stories that are told
 Of the miracles of old;
 But I know that her belief
 Is the antidote of grief,
 And will always be a Friend
 That will keep her to the end.
 Just a trifle lonesome she,
 Just as poor as poor could be;
 But her spirits always rose,
 Like the bubbles in the clothes.
 And, though widowed and alone,
 Cheered her with the monotone
 Of a Saviour for a Friend
 Who would keep her to the end.
 I have seen her rub and scrub
 On the washboard in the tub,
 While the baby, sopped in suds,
 Rolled and tumbled in the duds;
 Or as paddling in the pools,
 With old sissors stuck in spoons:
 She still humming of her Friend
 Who would keep her to the end.
 Human hopes and human creeds
 Have their root in human needs,
 And I should not wish to strip
 From that washerwoman's lip
 Any song that she can sing.
 Any hope that song can bring.
 For the woman has a Friend
 Who will keep her to the end.

Evening Telegram W. J. HERDER, - Proprietor W. F. LLOYD, - Editor THURSDAY, April 27, 1911.

Wake Up and Open the Roads.

We have now had two days of warm spring weather. This we believe constitutes a record for the month. April has been abnormally cold and stormy, and the snowdrifts of the past fortnight would have been unusual even in the depths of winter. We may conclude reasonably that the snow season is over, and it now behoves the Government to make some effort to open the country roads. Traffic is at present greatly impeded, and the season for preparing the ground is already backward. Roads are blocked and fields are now being damaged by traffic through them which cannot pass over the country roads at present. These conditions are exceptional and it is the duty of the Government not to hamper farmers, whom they talk so encouragingly about, leaving country roads in their present impassable state.

Men Are Indignant.

Jno. Jenkins of 57 Plymouth Road, to-day was at the Marine & Fisheries office, to try and get some remuneration for clothing which he lost in the old store after he came off the Newfoundland. He says that all the St. John's men on board the ship who left clothes there to be fumigated have come mixed up and some singlets were cut up with knives. Jenkins says that the men intend to sue for the recovery of their belongings.

Damaged by Storm.

Several of the schooners which arrived here from Placentia Bay yesterday afternoon were badly damaged in the stormy weather of last week. O'Reilly's schooner of Corbin, bound to North Harbor for wood, lost both masts off Cape St. Mary's last Thursday for about 15 feet from the deck, and got into St. Lawrence under jury masts on Friday. All hands narrowly escaped being lost.

The schr. Mary E. Simon Hearn, master from St. John's to St. Mary's, deeply laden, in Wednesday's storm was driven 40 miles to sea. She got back on Friday, was smashed badly by the sea and narrowly escaped being lost.

The schr. Exponent, Briand Fowler, skipper, of Salmonier, left there Tuesday last and before reaching Trepassay carried away her main-topmast and foretopmast. She reports several other schooners also damaged.

ML. O'Rourke's schooner got into Trepassay on Friday last with both masts gone. She also narrowly escaped from foundering. The crews of all these schooners suffered terribly from cold, exposure and loss of sleep.

Those Missing Furs

The value of the bags of furs that went astray at the General Post Office as referred to exclusively by the Telegram yesterday was \$1,300. The discovery of the missing bags was made by Mr. Robert Walsh who was having the rubbish cleaned out of the basement. The price of furs has dropped considerably since March and Mr. Taylor feels his loss very keenly.

HERRING STRUCK IN.

Herring struck in at Clarke's Beach this morning. Those who had nets out secured from two dozen to four dozen each.

DIED ABROAD.—Mr. Pierce Dunne had a letter to-day from Idaho, U.S.A., stating that Mrs. Quirk of this country died there on the 19th, inst., after a very short illness at Wallace. She was a well-known resident of Little Bay mines formerly, and leaves a husband and family at Wallace.

DODD'S KIDNEY PILLS CURES ALL KIDNEY DISEASES. RHEUMATISM, BRIGHT'S DISEASE, DIABETES, BACKACHE, GRAVEL, NEURALGIA, MIGRAINE, HEADACHE, STOMACH DYSPEPSIA, BILIOUSNESS, INDIGESTION, CONSTIPATION, URINARY AFFECTIONS, AND ALL AFFECTIONS OF THE URINARY SYSTEM.

DAILY DIPHTHERIA DEVELOPMENT.—A case of diphtheria was reported yesterday, from Carter's Hill, and two from Rossiter's Lane, from the house of Mrs. Kennedy, where a child died of it not long since. A case of scarlet fever was also reported from 17 LeMerchant Road. The residences of Messrs. Dunne and on March 21st, have been fumigated and disinfected.

TWO ARRIVALS FROM GULF FISHERY.—Capt. Walter Kennedy arrived from Fortune to-day from the Gulf fishing banks with 300 qts. fish. Capt. John Lewis arrived at St. Pierre yesterday from the same fishing grounds with 250 qts. They will both take a herring baiting and will sail for the Grand Banks.

Bought Property.

Mr. William Snow, brother of Capt. John Snow and Mr. Geo. Snow, of this city, who left here 23 years ago and is a resident of Lynn, Mass., arrived here a few days ago. He has secured the iron ore claims of Messrs. Kelly, Salter and Scott, of Sydney, and will form a company at Lynn to work them. These claims are situated at Indian Point, St. George's, and are said to be exceptionally good. Mr. Snow is also after timber and will remain here some time. When he leaves here Mr. Geo. Snow's daughter will go with him to Lynn to reside there.

Coastal Boats.

REID'S BOATS. The Argyle arrived at Lawn at 5.40 p.m. yesterday going west. The Ethie arrived at Burgeo at 7.30 yesterday going west.

The Glencoe arrived at St. John's at 1 a.m. to-day and sailed for Louisburg at 2 p.m.

MINARD'S LINIMENT CURES DYSPEPSIA.

Government Neglect Causes Loss.

The Tory Party, some members of which are now preparing to enjoy some nice little picnic excursions to England and elsewhere, could not pay a few men to clear up the Portugal Cove Road, and as a result the fishermen of that place are many dollars out of pocket. Herring have been very plentiful there for some time past and nets made good hauls, but owing to the condition of the road to the city they could not bring them to St. John's. Yesterday the men had to haul up 20 nets and stop fishing owing to this. Had the road been looked to these deserving fishermen could have sold their herring here and would have earned much needed money. However, they will remember the Picnic Party when the time comes.

Here and There.

GLENCOE SAILED.—The s.s. Glencoe sailed for Louisburg at 2 p.m. to-day, taking about 100 passengers emigrating to Boston and Springfield.

DIED OF ERYSIPELAS.—Yesterday a man named LeDrew, of the north shore of Conception Bay, was removed from the General Hospital to the Fever Hospital suffering from erysipelas. He succumbed to the disease this morning and the body will be sent home for burial.

In connection with our Carpet Department, we are operating this season Vacuum Cleaners, Carpets, rugs, chairs, etc., cleaned thoroughly. Prompt attention, satisfaction guaranteed. Book dates at Hardware Dept. AYRE & SONS, Ltd.—adv26.21

OPENED NEW STORE.—Mr. Pierce Dunne of the firm of Dunne Bros. formerly, has opened a bright and attractive grocery just east of T. & M. Winters. Mr. Dunne carries a well selected stock, is well known and liked and should do a good trade.

ST. BONAVENTURE'S COLLEGE.—The Annual Meeting will be held at the College on Sunday, the 30th instant, at 12 o'clock. Business, election of officers for 1911. All ex-pupils are requested to attend. CYRIL J. CAHILL, Secretary. apr. 27, 31.

AURORA'S TURNOUT.—The Aurora finished to-day. Her turnout was 2,343 young harps, 3,624 young hoods, total 8,984 seals. Gross weight 612 tons, 14 cwt., 1 qtr., 7 lbs. Net, 280 tons, 3 cwt., 3 grs., 5 lbs. Net value \$20,382.19. Her crew of 237 men shared \$28.55 each.

SMALL ICEBERGS.—Capt. Parsons, who arrived here in the Maggie from Barbados last evening, reports a large number of small icebergs between Cape Race and Cape Spear in the track of shipping. Some of them are particularly dangerous, as there is very little of them over water and they are not readily seen in the night.

Bad Road.

It is about time the City Council directed their attention to the almost impassable condition of the Old Cove Road, just above Hayse's. This is one of the main arteries of traffic from the city, and no attempt has been made recently to clear it.

Patient from Placentia

Mrs. William Quilty, aged 26 years, came in from Placentia by last night's train to go to hospital. Mr. E.H. Whiteway was there with a cab to meet the patient but missed her. The cabman went away before she was found so that Mr. Whiteway and the patient had to walk which was a pretty hard trial for a sick woman.

Kidney Suffering

Backaches and tired feelings tell of weak kidney action—Prompt relief by using DR. A. W. CHASE'S KIDNEY AND LIVER PILLS. There is no treatment for kidney disease which will afford you relief so quickly as Dr. A. W. Chase's Kidney and Liver Pills, and none which will so certainly cure the most complicated forms of this disease. There is a reason for this. Dr. A. W. Chase's Kidney and Liver Pills awaken the action of the liver and bowels as well as the kidneys and thereby effect a thorough cleansing and regulating of the excretory system. Mr. S. J. Argue, Kars, Carleton, Co. Ont., writes: "I have suffered a great deal with kidney troubles and pains in the small of the back and have tried a good many remedies without obtaining very much benefit. I wish to say, however, that I can heartily recommend Dr. Chase's Kidney-Liver Pills as a splendid medicine as they have proven of very great value to me." CALL EARLY.

A. & S. Rodger

Had to Jettison.

The brig. Lake Simcoe, Capt. Wilson, arrived to Baine Johnston & Co. from Barbados to-day with molasses after a run of 29 days. She had fairly fine weather up to two weeks ago, when, like the Maggie, she had a succession of storms with snow, high sea and intensely cold weather, and between the Grand Banks and Gulf stream the weather was terrific. She was laying to off and on for 7 days, was constantly sea swept, lost some of her head gear, and had her lower topsail gaff (top-sail, jib) and almost all the other sails badly torn in the storm. She lost about 50 feet of her rail on both sides, and her cargo going adrift in the hold, the men had to cut through the bulk heading and beat in the heads of the casks of molasses, let it flow and pump it out of the ship. It was the worst weather Capt. Wilson ever experienced.

The Ethie Should Call to Wharf.

The people of the north side of Trinity are expecting that the Reid Mtd. Co. and the Government will instruct Capt. Gooch to call right into the wharf there every trip the coming season now that the service is about to be resumed in a few days. It cannot be said that the water is not deep enough for her, as the s.s. Bellavente called there a few days ago to land sealers.

Found Dead Body.

Charles Snow, of Flat Islands, whose dead body was found on a rock near there, Thursday morning last, was coming alone in a punt from Red Harbor, Wednesday night when over taken by a storm. The boat was loaded with wood and was buried in the sea when she neared the rock it was thought. It is believed that the dead man jumped to reach the rock and was thrown upon it with much violence. His face was laid open, one eye was burst in his head and his body was a mass of bruises. It is evident that he climbed upon the rock out of the reach of the seas and there were serious enough to cause death. Men going out after birds next day found the body and brought it to Flat Islands. He was a married man, leaving a wife and no family.

RAILWAY REPAIRS.—To-day the Reid Mtd. Co. have 100 men employed repairing the railway at Carbonar Beach and restoring the foundation carried away by the recent washout.

Here and There.

TAKEN TO HOSPITAL.—Mrs. Stamp, of 31 Lime Street, and Mrs. Buckley, of 8 James Street, were taken to the hospital last night in the ambulance.

COMPANY PROMOTION.—From what we hear we judge there is likely to be trouble in connection with a property that was floated last year in England. FIRST DANDELION.—The first dandelion for the season was picked to-day by Mr. Thos. Vavasour of Harvey & Co's. employ. He sent a sample to our office for ocular proof. Well done, Thomas!

ENGAGING MRN.—Mr. Blackie, who was out to Conception Bay engaging men for Sydney and Spring-hill mines, returned by the morning train with 20 men and left by the s.s. Glencoe.

POLICE COURT NEWS.—In the police court to-day two drunks were discharged, and two drunk and fighting on the streets were fined \$5 or 14 days each. The trap case between two Outer Cove fishermen was postponed until Wednesday next.

SEAMAN REPORTED DROWNED.—Two of the crew of the Lake Simcoe, Messrs. Tizzard and Mansfield, deserted her and two natives of Barbados were shipped to replace them. Members of the crew to-day told the Telegram that just before they left they heard it reported that Tizzard had been drowned by falling over a wharf there, but they could not verify it. He belonged to Sydney, where they think he has a wife.

RODE OUT STORM.—Three vessels of Flat Island, P.B., rode out the storm of Monday night at anchor off St. John's. A regular blizzard and hurricane raged with a mountainous sea. Geo. Collins' schooner burst her chains, and these and her two anchors were lost. She had to run around Cape Pine. Before the gale, John Butler's schooner, Marcella, suffered similar damage and was badly buffeted. But for good seamanship the schooner might have been lost.

Mr. Gibbons, telegraph operator, of St. Mary's, is in town. Mr. P. Hickey, of St. Mary's, is in town, in connection with a lumber mill. The S. S. Fogota will sail west on May the second.

Train Notes.

The 8.45 train this morning left out Rt. Rev. Monsignor Reardon, Rev. Fr. Doughty, W. Noel, A. Long, Messrs. Bradbury, Morgan, Grant, Hennebury, Dawson, Cross, Collin, and 50 others, including 30 from the Glencoe.

The west bound express arrived at Port aux Basques at 3.20 a.m. today. The incoming express left Grand Falls at 9 a.m. to-day and arrived at St. John's at 1 p.m. The local with the express arrived here at 1 p.m. bringing 120 passengers, including Messrs. Jerritt, W. Joyce, Rev. J. St. John, P. Murphy, A. Long, Pearce, March.

Grand Falls Notes.

One of the paper machines at Grand Falls is lying idle just now for the want of logs. The ice is still in the River and no logs can be floated down. The A. N. D. Co. will shortly start the foundation of the new paper making machine. It is the intention to have it finished before next winter.
