AVIATOR WRECKED NEAR OAKVILLE ON SUNDAY

Victor Carlstrom Flying From Toronto to Brantford Fell 700 Feet When Controlling Machine Was Wrecked, But He Escaped Injury and Will Get Another.

Losing control of his biplane while traveling at the rate of an 80-mile an hour clip near Oakville yesterday morning, Victor Carlstrom glided from a height of 700 feet to the ground. His machine struck a tree, and hung there, while he was hung out by the impact. He was uninjured, and came to Toronto by an afternoon train.

Carlstrom was flying to Toronto from Brantford. He left Brantford about 8 o'clock, with a heavy wind directly behind him. At 8:30, when he had covered 40 of the 60 miles of the trip, the rod by which he controlled the plane broke off short. He was 700 feet in the air at the time, and could only hold fast to his seat while the machine swerved and dipped and, finally careening over on one side, plunged edgewise towards the earth.

Seen at the Palmer House last night, the aviator could not account for his escape from injury or death.

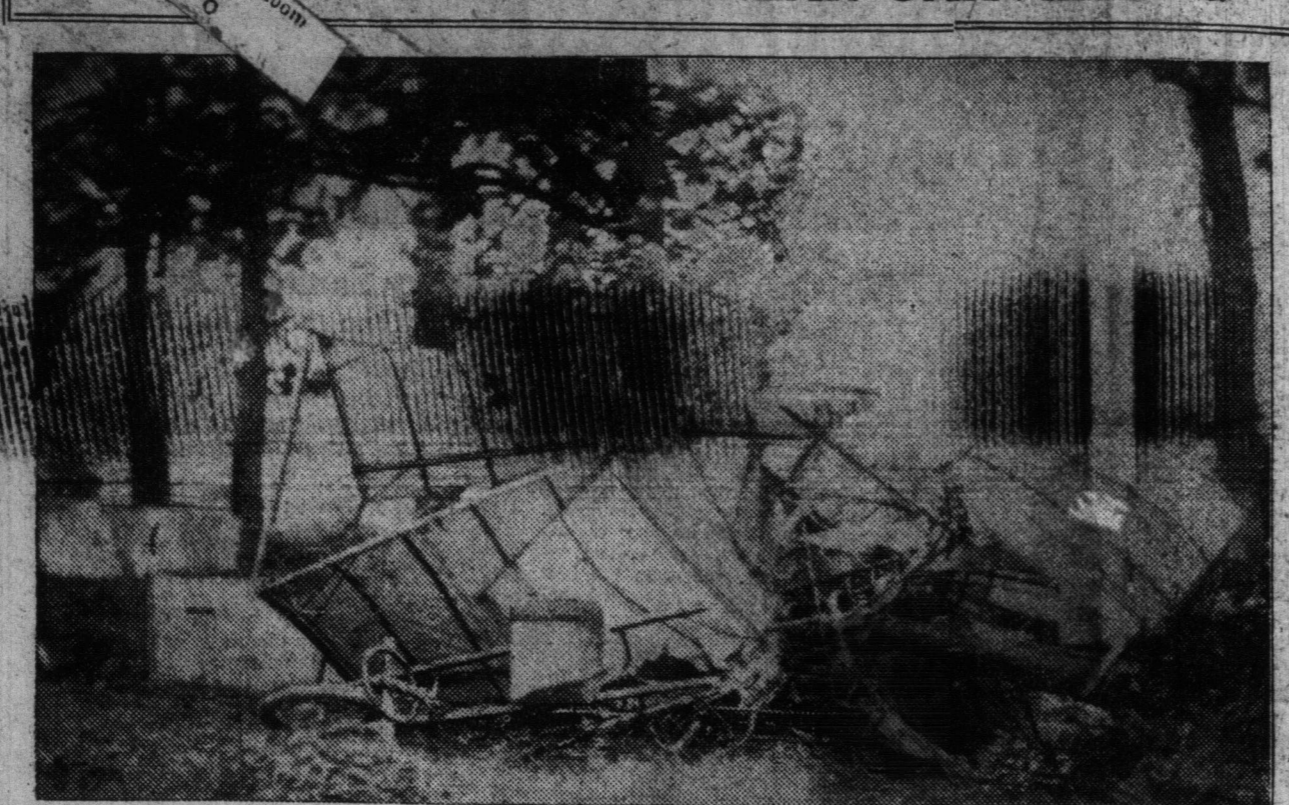

Machine is a Wreck.
"I must have been doing 80 miles an hour or better," he said. "My machine can do 50 miles without any aid from the wind, and I had it right behind me this morning. The machine is a wreck."
"The control lever," he explained, "is of light steel-pipe. I had bent it some days ago, and did not bother heating it when I bent it back, so I guess it was a bit weak. I had to use it a great deal this morning in the heavy wind, and at times there was a big strain on the rod. When an exceptionally heavy gust came along it snapped under my hand."

"I stayed with the machine as long as I could. When she hit the tree I left her—rather suddenly, too. Its strange I didn't hit a branch and knock myself out, but I had all the luck."

"Will you fly again?" asked The World.
"Yes. I'm off to New York tomorrow morning to get a new biplane. You can expect me back Wednesday, or Tuesday, night if the wind acts right."

Victor Carlstrom was to have made exhibition flights in the city during the present week. He is from Colorado and was driving a Rex aeroplane, which is fashioned something like the Curtiss models. The point where he came to grief is two miles north of Oakville, in a farming district, and no great crowd collected to see the shattered machine. The latter will be shipped back to the United States today.

WRECK OF BIPLANE NEAR OAKVILLE

THIS PHOTOGRAPH WAS TAKEN A FEW MINUTES AFTER VICTOR CARLSTROM FELL INTO THE BUSH FROM A HEIGHT OF 700 FEET. HE ESCAPED, BUT THE MACHINE IS A WRECK.

TURKS MARCHING ON ADRIANOPLE

EUROPE'S PEACE IS ENDANGERED

Advance of Turks, With Consent of Greece and Serbia, Gravely Significant.

LONDON, July 13.—(Can. Press.)—The Balkan states appear to be again in the melting pot. There is no sign of peace at present. Greece and Serbia have declined so far to agree to an armistice. The Turkish army is advancing by forced marches from Thessaly and Bulair, apparently with the consent of Greece and Serbia, to attempt the recapture of Adrianople and Thrace. Rumania is said to be proceeding to occupy a much larger extent of Bulgarian territory than she previously claimed, and Greece is burning to avenge the Bulgarian massacres, concerning which horrifying details continually appear in the official reports issued from Athens and Saloniki. According to these reports, ears and fingers of Greek women still bearing earrings and rings were found in the pockets of Bulgarian prisoners.

Will Russia Intervene?
There is still talk of Russian intervention, and it is reported from St. Petersburg that the powers in concert have notified the sublime Porte that they will not permit military operations beyond the Enos-Midia line fixed by the London conference. But the European concert is slow in moving. No fresh fighting is reported, and it appears that the rumors regarding a revolution in Sofia are without foundation.

Counter Accusations.
The Bulgarian Government accuses Greece of circulating false accounts of Bulgarian atrocities, with a view to preparing the ground for future territorial claims, and expresses itself as willing to submit the whole matter to an international intervention.
An active campaign of recrimination regarding which side began the hostilities, and of accusations and denials of atrocities, is going on between Bulgaria on the one side and Serbia and Greece on the other.
In Bulgarian official circles in London it is announced that an agreement has been reached with Turkey to regard the Enos-Midia line as a provisional frontier, pending final delimitation by the international commission.

NEW AGREEMENT EXPECTED TODAY

Turkey and Serbia Will Join Forces to Occupy Territory Held by Bulgarians.

CONSTANTINOPLE, July 13.—(Can. Press.)—The Turkish troops at Thessaly and Bulair have received orders to march for the re-occupation of the Ottoman territory now held by the Bulgarians. Preparations are being hastily made for an advance toward the Ergenli line.
The Bulgarian delegate, N. Natchovitch, tonight expressed regret at the failure of his mission, which he had hoped would result in a Turco-Bulgarian alliance.
The mission of the Serbian delegate, M. Pavlovitch, has proved successful. It is said that an agreement between Turkey and Serbia will be signed tomorrow.
It is announced in official circles, that Rumania proposes to annex the quadrilateral formed by Silistria, Rustchuk, Shumla and Varna.

Bulgars' Procrastination Fatal

VIENNA, July 12.—(Can. Press.)—A high Austrian military authority attributes the defeat of the Bulgarians to the indecision of the government's policy. This reacted against the plan of campaign, destroying its efficiency and causing a lack of unity between the cabinet and military staff. Contradictory orders resulted, which had a dispiriting influence on the army.
Another important cause of the defeat was a shortage of officers and the presence of inexperienced recruits on the firing line.

ACCUSE GREEKS OF ATROCITIES

Thousands of Helpless Bulgars Ruthlessly Butchered, it is Asserted—Ivanoff's Retreat Masterly.

SOFIA, July 12.—(Can. Press.)—An official statement has been issued by the government as follows:
"The Greeks daily publish calumnious statements accusing the Bulgarians of massacres and incendiarism. In this connection it must be pointed out that Greek troops killed thousands of Bulgarians at Kilkish, where the Bulgarians had only six battalions. The Greeks took ten days to reach Mount Beles.
The movements of the second army will remain remarkable in history as successful movements of weak contingents against a force of overwhelming superiority. The Greeks will perhaps have an opportunity of testing the military art of Gen. Ivanoff and the high morale of his troops.
"In the circumstances it is absurd to talk of the capture of Gen. Ivanoff and two divisions."

UTTER ROUTE OF BULGAR FORCES

Line of Retreat Extends Three Hundred Miles—Wounded Abandoned.

BELGRADE, July 12.—(Can. Press.)—A semi-official statement reports that through Friday along the entire front from Satchbar to Radovitch, a distance of about 300 miles, the Bulgarians were compelled to retreat, hotly pursued. Near Konechana former attacks by the Bulgarians were repulsed. At other points Bulgarian detachments were crushed, and in one instance, fourteen field batteries were captured. The Bulgarians, unable to rally, abandoned their wounded.
Contact has been established between the Servians and Greeks on the Radovitch-Strumitza line, as the result of which Macedonia has been practically cleared of the enemy's troops.
Accounts received from Uskup report terrible barbarities on the part of the Bulgarians. Villages in their track were burned. Kujanevatz was pillaged and set on fire, and Serbian soldiers, wounded in defense of the town, were massacred. At Vratarnitza the bodies of seven old men were found mutilated by bayonets.

BULGARS RACE OF BARBARIANS

King of Greece Declares Horrors of Darkest Ages Have Been Surpassed.

ATHENS, July 13.—(Can. Press.)—King Constantine has sent the following message to the Greek minister of foreign affairs:
"The commander of the sixth division reports that Bulgarian soldiers, carrying out the orders of their captain, gathered together in the courtyard of the school at Demirhisar two priests and over one hundred notables, whom they massacred. The bodies have been disinterred in order to prove the crime. Bulgarian soldiers violated girls; one of whom, resisting, was cut to pieces."

"Protest in my name, to the representatives of civilized powers against the acts of these monsters in human form. Protest also to my regret, against the barbaric times, and have proved that they no longer have a right to be reckoned among civilized powers."
Murdered and Burned.
The commander of the seventh division reports that the Town of Seres has been burned, with the exception of the Jewish and Mussulman quarters. Many men, women and children were found murdered or burned beyond recognition in their homes. Twenty thousand persons are without shelter. A long statement issued by the minister of war gives details of crimes alleged to have been committed by the Bulgarian troops while fleeing from the Greek army.
"Priests, old men, women and children," says the statement, "suffered martyrdom after being subjected to unspeakable treatment. Incendiarism was the order of the day. Not a single church was respected, and the savings of many people were stolen by Bulgarian officers and soldiers."

RAILROAD STRIKE NOW HANGING IN BALANCE

Unless Forty-Five Big Eastern Roads of U. S. Agree to Demands, Eight Thousand Conductors and Trainmen Will Quit Work Within Few Days.

NEW YORK, July 13.—(Can. Press.)—Whether or not a strike of upwards of 80,000 conductors and trainmen on 45 eastern railroads shall be declared within the next few days depends upon whether the railroads recede from their present position and withdraw from their refusal to arbitrate the wage and other differences between the companies and the men. This declaration was made tonight in statements by the representatives after the grievance committees gathered here in conference had ratified the strike vote of the men recently taken and authorized A. B. Garretson, president of the Brotherhood of Railway Conductors, and W. G. Lee, president of the Brotherhood of Railway Trainmen, to issue the formal strike order to their respective organizations.
One Way Out.
Peace prospects centered upon the attitude of the roads, the men declared, with the possibility that a way out of the deadlock will be supplied by tomorrow's conference in Washington, where amendments to the Erdman Law, under which previous disputes between the roads and their men have been arbitrated, will be considered, with a view to pressing their speedy passage upon congress. The general committee of the two organizations authorized Mr. Garretson and Mr. Lee to delay the strike order long enough to permit them to attend the Washington conference between President Wilson, representatives of the railways and their employees and prominent public men. The men's representatives will take part in the conference in the hope that it will result in the passing of the Erdman Law amendments.
It is pointed out that the roads' chief objection to the Erdman Act was that too much responsibility rested upon a single man—the third or neutral arbitrator.
Presidents Garretson and Lee left on an evening train for Washington. Shortly before their departure they issued a signed statement explaining the action of the committee today and their attitude with regard to the Washington conference.
Ready to Strike.
The committees of the various roads, says the statement, "unanimously ratified the strike vote of the membership on their respective lines and empowered the executive officers of the organizations to fix the date for retirement from the service should the attitude of the managers' be such as to require it."

HANNA AND PROUDFOOT MEET IN JOINT PLATFORM DEBATE CHARGES REMADE AND DENIED

Marshal Stricken at Orange Parade

ST. JOHN, N.B., July 12.—(Can. Press.)—Charles W. Stockton, grand marshal of the Orange parade, decorated in the Zion Methodist Church this afternoon to attend a special service, was stricken by heart disease just as the parade disbanded after its return to Orange Hall, and died almost instantly.
He was worshipful preceptor of St. John's Lodge, No. 10, 61, Black Knights of Ireland, 58 years of age, and leaves a wife and four children.

Liberal Member Had Seventeen Questions for Provincial Secretary to Answer, and Mr. Hanna Said, No Man Living or Dead, Could Point to One Corrupt Act During His Twenty Years of Political Life—Maisonville Alleged to Have Instigated the Charges.

(By a Staff Reporter.)
OWEN SOUND, Ont., July 13.—"I have been in public life for nearly twenty years, and there is not a man in the province, not a man living or dead, who can point to a dishonest act of mine in all this time," Hon. W. J. Hanna.

CUT UP CAPERS IN POLICE CELL

Drunken Man Pulled Down Gas Bracket and Caused Near Asphyxiation of Thirty Prisoners.

HAMILTON, July 14.—Daniel Hill, who was arrested on a charge of being drunk, caused considerable excitement in the central police station yesterday morning when he pulled one of the gas fixtures off the wall. There were about 30 prisoners in the cells at the time, and as most of them were sleeping they might easily have been asphyxiated had not the constable on duty in the detention room gone in to have a look at his guests. When he entered the cell room was full of gas, which was wafting from the open pipe. It was some time before he could stop the flow of gas, but finally succeeded before the prisoners felt much the worse for their experience.

ORANGEMEN ATTACK MOTORIST

EDMONTON, Alta., July 13.—(Can. Press.)—Orangemen from all over Alberta took part in the celebration here yesterday. Twelve hundred came by special train from Calgary and hundreds of others from Lethbridge, Medicine Hat, Macleod, in the south, and Edmonton, concentrated here. Dr. W. T. Ferris, who it was thought was trying to run thru the parade, was attacked by the Orangemen, his machine being badly smashed and Ferris was struck on the head with a sword, but not seriously injured. He called on the police to make arrests, but they declined to do so at the time, fearing a riot might be started.

LAST POST SOUNDS FOR V. C. HERO MAJOR COCKBURN KILLED IN WEST

Ex-C.M.R. Officer Who Helped to Save the Guns in Hard Fought Action in South African War, Was Fatally Injured by Kick From Horse at His Albertan Ranch.

By the death of Major Hampden Z. Cockburn, V.C., at his ranch at Maple Creek, Alta., word of which was received at his home in Toronto last night, Canada has lost one of that slender band of heroes, who for conspicuous gallantry in the South African war, won the little bronze cross for valor. No authentic report of the exact manner in which the major met his death could be learned last night, but The World was informed by a friend of the family that the fatality was due to a kick from a horse.
The late officer was widely known in Canadian and British military circles, and his loss will be generally regretted. He was the son of the late G. R. R. Cockburn, for many years prominent in financial circles, and a former principal of Upper Canada College. Born in 1867, he was educated at Rugby School, England. On November 20, 1891, he was gazetted second lieutenant in the Governor-General's Body Guard, and at the outbreak of hostilities in South Africa, volunteered for service with the second Canadian Mounted Rifles.
He was present at the operations under General French, around Coleberg, from January 1 to February 12, 1900, and later took part in the actions at Vet River, Zand River, Johannesburg and Pretoria. He was present at the fight at Diamond Hill, some eighteen miles east of Pretoria, when the Boers, under Louis Botha, put up a stubborn three days struggle with the British, before they were driven back to Bronkhorst Spruit.
Saved the Guns.
It was five months later, however, when he crowned his military career with the achievement which won for him the most coveted decoration in the bestowal of the sovereign. The date was November 7, 1900, and the scene the Komati River, where the Boers by sheer force of numbers had driven back the British mounted troops and were within an ace of capturing the guns. Cockburn, then a subaltern, rallied around him a few of his men, and succeeded in holding off the enemy until the guns were limbered up and driven to safety. As an instance of the severity of the fight, all his detachment was either killed, wounded or fell into the hands of the enemy. Cockburn, himself, being wounded.
So impressed was Major-General Smith-Dorrien, who commanded the force, with the young Canadian officer's gallantry, that he immediately recommended him for the Victoria Cross. The presentation was made in Toronto by the present king, then Duke of Cornwall and York, the ceremony taking place at the city hall, on October 11, 1901. A sword of honor was also voted to the gallant officer.
Humane Medal Also.
In addition to the Victoria Cross and the Queen's South African medal with four bars, Major Cockburn also wore the Royal Humane Society's medal for having at great personal risk saved from drowning, his brothers Robert and James in Lake Rossese, fifteen years ago. He is survived by his mother, Mrs. G. R. R. Cockburn, and a sister, Lady Tate.
The three surviving Canadians who now wear the Victoria Cross, are: Colonel R. W. Turner, R. O. Major E. Holland, Corps Reserve, and Sergeant A. B. Richardson, formerly of Strathcona's Horse.

Mr. Proudfoot Left.
Mr. McGarry bitterly denounced Mr. Proudfoot for leaving the meeting when the provincial secretary had concluded his reply, the member for Renfrew having announced previously that he would ask two questions: "Do you personally believe that Hon. W. J. Hanna, or Sir James Whitney committed a wrongful act?" and "How much is the Liberal party paying for the blackmailing letters?" As Mr. Proudfoot was absent Mr. McGarry called him a coward for running away.
Mr. Proudfoot was given 45 minutes to deal exclusively with his charges, and 15 minutes to reply to the provincial secretary. The member for Centre Huron is by no means a brilliant speaker, but as a matter of fact, is rather tremulous. He waded right into the charges without any preliminary flourishes. He referred to the Taylor-Scott contract to manufacture articles in the Central Prison which was to run for five years from 1905, and the claims which arose in 1907. A claim for \$17,469 was submitted in 1911, and was later amended to \$15,000. "Strange to say, the amount subsequently grew to \$27,000," said the speaker. "Thorne, the arbitrator, granted \$21,000."
Lapse of Time.
He stated that there was a great lapse of time between the application and the granting of the bid. He claimed that the bid was allowed because of Taylor's charges. He referred to a sentence in Thorne's letter to Maisonville, a discharged employe of the government, who had tried to injure him because of an alleged grievance. Mr. Hanna asked his opponent point blank as to what tender he had taken exception to, but he got no reply.
No Heckling.
Altho it was a Conservative rally, it was a mixed audience that came to see the two men fight. There was comparatively no heckling or interruptions of any kind. Each speaker was given a fair chance.
No new light was thrown on the affair. Mr. Proudfoot repeated his charges and previous speeches. He read seventeen questions with the expectation that the provincial secretary would answer them. But Mr. Hanna did not; instead, he cast the blame on Harry Maisonville, a discharged employe of the government, who had tried to injure him because of an alleged grievance. Mr. Hanna asked his opponent point blank as to what tender he had taken exception to, but he got no reply.

WHO IS BEHIND THE NEW PAPER?

Political and Industrial Conflicts Loom Up Ahead in Montreal Over Newspaper Situation.

OTTAWA, July 13.—(Special.)—The newspaper situation down in Montreal begins to be decidedly interesting, as political as well as industrial conflicts loom up ahead; and not very far ahead at that. In the first place it can be taken for granted that Sir Hugh Graham is head and shoulders in The Daily Telegraph project, in spite of the fact that such an assertion might appear to be very unlikely to any one unacquainted with the many forces at the disposition of the millionaire proprietor of The Montreal Star. That Sir Hugh Graham would support an ultra-imperialist campaign on one side, namely, in the columns of The Star, and finance the chief Liberal organ in the city of Montreal appear to be absolutely absurd, but such is apparently the case, and there will be abundant proof of this contradictory position before very long.
The first editorial appearing in The Daily Telegraph and The Daily Witness, the name of the new Liberal organ, explaining the attitude of the paper in party matters, is known to have been written by the leading imperialist and Tory writer of The Daily Star, consequently the progress of the fight will be watched with a great deal of concern by an interested as well as

HINTS BY MAY MANTON

7887 Fancy Blouse, 34 to 42 bust.

WITH LONG OR THREE-QUARTER SLEEVES, WITH OR WITHOUT POCKETS.

The blouse that is made with corded edges is a new and smart one. This pretty little model can be finished in that way or with plain hems but the cords are so pretty and easy to insert that every woman will surely want them. There is a square yoke that makes such a feature of the season with pretty fullness below and, if liked, the pockets can be used but they are not necessary. In this case, the center front portion is of the material but a pretty effect can be obtained by making it of some pretty all-over material or of banding. Such a blouse can be made from the soft silks quite as well as from the pretty voiles and familiar muslins. In the illustration, white crepe de chine is trimmed with collar and cuffs of moiré. The long sleeves are gathered into cuffs that are finished with turned over portions but the three-quarter sleeves are without gathers and are finished with plain cuffs.

For the medium size, the blouse will require 3 yards of material 27, 24 1/2 yards 36 or 13 yards 44 inches wide, with 25 1/2 yards 27 inches wide for the collar and over portions of the cuffs and 1/2 yard 44 inches wide for the center front if contrasting material is used.

The pattern of the blouse 7887 is cut in sizes from 34 to 42 inches bust measure. It will be mailed to any address by the Fashion Department of this paper, on receipt of 35 cents.

FIVE THOUSAND ORANGEMEN MARCHED IN DRENCHING RAIN

But Sky Cleared and Afternoon Program Was Carried Thru
—Mayor Hocken Says the Orange Order is Broad Enough to Admit People of Any Faith.

Despite the day's terrific rainstorm over 5000 Toronto Orangemen paraded from Queen's Park to the Exhibition grounds Saturday afternoon. Had the weatherman not said his heaviest rainstorm of the year was the Glorious Twelfth, there is little doubt but that Saturday's demonstration would have eclipsed any Orange celebration yet witnessed in Toronto. Just when the mustering at Queen's Park was assuming enormous proportions the rain came down in sheets, and hundreds who proposed marching in line ducked for shelter, and those who did not leg it for home witnessed the parade from the shelter of doorways or umbrellas.

On the way down Yonge street practically half the parade left the street and rushed for the umbrella stores, and after the avalanche had passed, not a dealer on Yonge street had an umbrella left, except in the very high priced fancy ones.

"We were worrying about the tremendous stock of umbrellas we had on hand," said one dealer afterwards, "but if we had had twice as many we could have cleaned the lot out to the Orangemen on Saturday. They rushed in here by the score, threw down their money, grabbed an umbrella and rushed back in line. The lowest priced umbrella I have in the store now is \$5.00."

At that it was a wonderful exhibition of the enthusiasm with which Orange principles are viewed in this city; the route was lined with thousands altho the storm assumed such proportions that an umbrella afforded but meagre protection. The parade was five and a half miles long, and took an hour and a half to pass. Last year's parade numbered 7000.

Bad For Drums
The rain played havoc with the drums. Drummers on Saturday had to confine their Orange enthusiasm within certain limits; the regulation Orange Day round arm swing meant a broken drum head, and more than one was put hors de combat.

With the True Blues in the lead, followed by the Ladies' Orange Benevolent Association, county Orange lodge officers, Orange Young Britons, and visiting Orange lodges, the parade proceeded from Queen's Park along Grosvenor street, down Yonge, along Queen to Dufferin and down to the Exhibition. No less than fifty-four bands were distributed thru the procession.

Roughly Handled
Detective Miller was somewhat roughly handled by Orangemen in front of the city hall, in attempting to break thru the lines with a prisoner.

THE SUPREMACY OF THE ORANGE ORDER

The Orange Association has given the ideal of a great united Protestant church. This ideal is strong in Montreal, where its greatest need is felt. Altogether there has been development co-operation in solving the social problems of the day.

The future of the Orange Association and its possibilities will not be measured by strife and battle, but by answering faith in God. Controller McCarthy declared. He concluded with the following stanza:
Our Father God, from out whose hand
The centuries full like grains of sand,
We meet today united, free
And loyal to our land and Thee,
To thank Thee for the era done,
And trust Thee for the coming one.

The Supreme Grand Master
The Orange Association and its principles, "was the subject of the speech by Lt.-Col. Scott of Wootton Bassett, supreme Grand Master. The form of the Orange Association is broad enough for even Roman Catholics to join, and the speaker was "cheered." "It is broad enough for every man, no matter what his nationality, sect or creed, to stand upon. We have in one flag, one emblem, one school, one language. Up to twenty years our association was not aggressive, but today it has a determined front against the enlargement of the privileges of the Roman Catholics when they go beyond equal rights."

"We Orangemen have no special aim to grind," Col. Scott asserted. "Our endeavor is to help in the building up of Canada and maintaining equal rights to all." (Applause.)

The Other Speakers
Hon. A. E. Kemp made one of his vigorous addresses upon "Canada and the Empire." Chas. P. McKown and W. D. McPherson spoke upon "Linguism in schools and parliament, and its effect upon the country." Rev. W. P. Stungard, theme was "The churches in politics." H. B. Murphy spoke upon "Our country and its future." Rev. Canon Dixon, county chaplain, made a brief but very entertaining address.

Toronto Orangemen Going

The announcement was made Saturday that forty Orangemen would leave Toronto on July 24 to visit the supreme lodge at Newfoundland. Among the Toronto delegates will be Captain William Crawford, William Charles Soudy, William McBrien, Charles Jennings, William Chinnery, H. Wilson, William Harper, W. H. Gee, Frank Somers, W. H. Tuck and Joseph Johnston.

Natural Development

The gradual awakening of the various senses and the development of the common acts and functions of life have been the same for all generations since civilization began. Babies are all alike in general, and we follow a standard so that we may know of any development in our baby that does not agree with the normal or average child. Babies left alone learn to see, taste, feel, and hear, as the senses develop. They learn to smile and play and creep. And then, when the time is come, they walk and run and learn to talk.

These signs of growth and development do not appear at the same age in every baby. Some children walk at nine months, some at 18. "When the bones and muscles are strong enough, the baby will walk. If a child does not attempt to walk, however, at a year and a half, the cause should be investigated. Next comes the power of speech. At a year a baby usually attempts simple names and words. Gradually he adds the names of familiar objects. Then he combines words until at two years he can frame a simple sentence. Children should not be encouraged to talk too much, but, on the other hand, some children become too silent, to try to talk, unless assisted. If a child does not talk at two or a little older, you may suspect deafness or vocal deficiencies. Deafness frequently may be corrected by the use of special training. Deafness of all kinds, such as using incorrect sounds or substituting one consonant for another, should be corrected at once, and special training is needed for serious cases of defective speech.

With the True Blues in the lead, followed by the Ladies' Orange Benevolent Association, county Orange lodge officers, Orange Young Britons, and visiting Orange lodges, the parade proceeded from Queen's Park along Grosvenor street, down Yonge, along Queen to Dufferin and down to the Exhibition. No less than fifty-four bands were distributed thru the procession.

Roughly Handled
Detective Miller was somewhat roughly handled by Orangemen in front of the city hall, in attempting to break thru the lines with a prisoner.

Bad For Drums
The rain played havoc with the drums. Drummers on Saturday had to confine their Orange enthusiasm within certain limits; the regulation Orange Day round arm swing meant a broken drum head, and more than one was put hors de combat.

FRIENDS PAY PASSAGE

Agricultural Laborers Form Small Percentage of British Immigrants.

Immigration officials now assign the cause of so large a proportion of town dwellers coming to Ontario to the fact that those of this class who are coming over do so with the money sent them by relatives and friends who are already here. The officials in Britain are devoting their efforts solely to the sending of those who will be suitable to take up agricultural work on arrival here, but a Toronto official stated to The World that at the present time only about 25 per cent. of those arriving are agriculturalists or farm laborers. The percentage of domestic coming in is about the same, while the remaining fifty per cent. are composed of town dwellers who have come over to join friends and relatives in Toronto and other Ontario cities.

At the Toronto general postoffice it was learned that the larger part of the money orders sent out from this city go to the friends of those who have come with the set purpose of following the same occupations in Canadian cities.

sonville, which said that "it was up to Hanna to resign." Taylor made public his charges. "W. K. McNaught corroborated this statement, he said:

"Thorne decided on the amount Taylor should receive within a week, without even calling a solicitor or a witness," said Mr. Proudfoot. "He merely looked into the accounts. Mr. Hanna should not have allowed the account to be settled, as his account said that the extra money was not due. Taylor was so satisfied with Thorne's decision that he gave him a cheque for \$700." (Applause.)

Seventeen Questions.

Mr. Proudfoot then produced a raft of questions, typewritten, seven in all, and began to read them. He expected Mr. Hanna to answer them from the platform. The first question was:

"Taylor has sworn that he paid you \$500 in November, 1907. There was no election then pending, or immediately in sight. You admit you took the money. Why?"

"I clean admit the difference from average, 3 above; highest, 82; lowest, 60."

Successful Big Four Bicycle and
Foot Races at Scarboro
Beach.

Despite the heavy condition of the track a large crowd of bicycle and foot racing enthusiasts turned out to witness the big 4 events held at Scarborough Beach Saturday evening. The races were pulled off in first-class shape and were very interesting, even though taking a keen interest and working hard.

Walter Andrews, quarter and half mile champion of Canada, and Frank Brown, a St. Louis, champion of Canada for one and two mile events, contested for the half-mile bicycle race. Walter was a great form and went right after Brown.

five and went right after Brown, winning in 1:38 2-5. In the five mile match race between Andrews and Brown, Andrews had the misfortune of having a puncture at the mile and had to retire. Altho Brown is given credit for being the fastest five miler in Canada, Andrews looked as tho he was going to win or make him ride faster than he had traveled for some time. Brown finished the race, his time being 12:43 3-5.

Jack Tait of the West End Y ran a fast race in the 3/4 mile handicap. He started on the scratch and out of a field of 34 he pulled up third, beating the old

Canadian record of 3 min. and 20 sec., his time for the event being 3:19 3-5. G. H. McCullough, of Toronto, won the 30 and 50 yard races, respectively, to beat him home. G. H. McCullough winning.

At 10 o'clock one of the most spectacular cycle events of the evening was pulled off. It was called the Unlimited Team Pursuit Race. There were five teams in the race. As soon as the starting bell rang, the teams were spaced eighty-eight yards apart. The team of Scotty Wilson and A. Brady of the T. C., who were on the scratch, caught up to the other teams. The other four would have to drop out. They caught the team at 2 1/4 miles, doing the distance in 5 min. and 18 sec.

THE RESULTS of the other events

One mile novice bicycle race—1, F. Martin; 2, Munro. Time 2.39 2-5.
One mile, 2.30 class bicycle race—1, R. Brady; 2, R. Penney; 3, F. Penney. Time 2.31.
In the half-mile relay foot race, the All-Toronto team beat the picked team, their time being 1.52 4-5.

At the International polo game at the Woodbine next Saturday night, Buffalo and Toronto, each player of the winning team will be given a cup commemorating the occasion. The Toronto team has secured three new players for this game. The members of the local team will practice daily this week, and it is expected that the game will be a good one. Arrives, which will be about 10:00 a.m., the personnel of the Toronto representative will be announced.

A much greater interest in polo, and widespread interest is being manifested in this international contest than in any of the previous years. There have been played here in the tournaments of the past.

The game has been arranged with a two-fold

The race has been arranged with a two-fold purpose—to decide the international supremacy in this district, and to enable the Toronto sports-loving public an opportunity to see polo at its best. The price of admission has been lowered to the nominal sum of twenty-five cents, and the Ontario Jockey Club will co-operate with the polo club to provide adequate refreshment and accommodation for the big crowd which is confidently expected. The motor party has already been arranged from Buffalo, in which it is expected that the hundreds of friends of the Buffalo Club will come to Toronto.

For Race in August

LONDON, July 13.—The Canadian Press is requested to announce that Albany, the professional sculler, challenges Curran for the American championship for either one or two hundred pounds a side, fifty pounds for expenses and half the receipts, the race to be rowed in Toronto in August. A reply is awaited at the sporting life office in London.

COMEDY WEEK AT SCARBORO.

This will be comedy week at Scarborough Park. Honors and Le Prince, the noted comedy acrobats, have been engaged, and they will be supported by the famous Howard and Listette, who are among the leading musicalians on the amusement bars now before the public. Those who are fond of a good laugh should not miss these enterprising entertainers. The moving pictures in the open air will be given, as usual, and tonight the music will be supplied by the Grenadiers' Band. The Grenadiers' Band will play on Tuesday and Wednesday evenings.

HEAVY RAINS ALL OVER WHEAT BELT

Prices Decline Sharply at Chicago on Flood of Selling Orders.

CHICAGO, July 12.—Wheat prices fell today to a lower level for July and September than had been reached before this season. Excellent rains of advantage to the entire spring crop had much to do with making the market weak. The close, which was nearly at the bottom point, showed a loss of 1-3-8c to 1-2c to 1-7-8c to 2c net. Corn finished 1-2c to 3-4c down, oats off half to 7-8c and provisions 10c down to a like advance.

General selling of wheat by buyers bore down the market from the outset. Cables were lower and there seemed to be no evidence of export demand. About the only demand there was came from shorts, who were taking profits. Hedging sales due to a large run of winter wheat to market, had an increasing bearish effect in the last half of the day. Primary receipts for 24 hours amounted to 1,197,000 bushels against 632,000 bushels a year ago. This completed an average arrival of more than a million bushels a day at the principal terminals throughout the week. Seaboard clearances of wheat and flour today equaled only 133,000 bushels.

Sentiment in corn became rampantly bearish as a result of the continued fine weather and the improved outlook for the growing crop. Owners unloaded on an extensive scale. One house alone disposed of more than a million bushels. Action in the provision pit had a sea-saw character. The reason was that firmness of the hog market conflicted with sympathy for the weakening of the cereals.

CANADA'S TRADE IN PAST YEAR EXCEEDED ONE BILLION DOLLARS

Report Prepared by Trades Commissioner Wickes Shows That Exports Have Increased Seventy-Three Per Cent. in Last Decade—United States Absorbing Much of Steel and Iron Import Trade.

The trade of the Dominion of Canada, both import and export, continues to show great expansion, according to the statement of C. Hamilton Wickes, His Majesty's trade commissioner in Canada and Newfoundland, who has just issued his annual report for the year 1912. The gross figures for the 12 months ending December 31, 1912, for the first time exceeded one billion dollars. The following comparison of trade statistics, basic clearings and customs revenue in the years 1902 and 1912 will serve to indicate the general measure of the remarkable progress of Canadian trade during the past few years.

Twelve months ending Dec. 31.
Total imports: 1902, \$208,169,481; 1912, \$647,162,121.
Total exports: 1902, \$219,082,938; 1912, \$378,093,980.

Bank clearings: 1902, \$2,538,583,771; 1912, \$9,124,198,721.
Customs revenue: 1902, \$34,559,435; 1912, \$124,772,772.

Including iron and steel.
It will be noted that in the short period of 11 years imports have tripled, exports have increased by 73 per cent., and revenue from customs has been trebled.

During the last two years there has been a marked falling off in the United Kingdom's share of dutiable imports. This decrease would appear to be due principally to a falling off in the United Kingdom's share of the trade in iron, steel and other metals and machinery. This decline in the proportion of imports from the United Kingdom, which has been gradual and consistent, is a serious matter. The trade so lost to that country has not been divided between the number of other countries, but has been almost entirely absorbed by the United States, as the figures of imports from the United States clearly show.

During the last two years, however, that is not prepared to go so far as to believe that this loss of percentage by the United Kingdom in the import trade with the Dominion has been due to any general decrease in the competition for trade in fact, the United Kingdom has within the last three or four years not only taken their share of the increased trade, but have actually secured trade which formerly went to the United States.

British manufacturers are taking a greater interest in the United States and the effect has been noticeable in the last few years, and many lines have been either overlooked or the volume of business has been done has not been fully appreciated.

The Dominion of Canada, in common with other countries, felt the pressure of the financial situation towards the beginning of the autumn of 1912. Financial lightness, the clearing of the market, and the effect has been noticeable in the last few years, and many lines have been either overlooked or the volume of business has been done has not been fully appreciated.

GUELPH MECCA FOR ORANGEMEN

Fifteen Thousand Poured Into City for the Big Demonstration.

AN IMPOSING PARADE LAKESIDE CAMP OPENS

Grand Marshal Greenway of Guelph Handled Event in Great Style.

GUELPH, July 12.—(Special.)—The biggest Orange celebration held in western Ontario in many years was that in Guelph today. From early in the morning until well into the afternoon Orangemen were pouring into the city and it is a conservative estimate to state that 15,000 visitors were here.

The camp at Lakeside has started, and is now increased by a corps of scouts from Ingersoll, Woodstock, Tillsonburg and Toronto. The camp is located on the shore of the lake, which provides an excellent opportunity for boating and swimming.

Court of revision will be held in the council chamber, St. Mary's, on Tuesday, July 22, for the hearing of appeals against the assessment roll.

On Civic Holiday (Aug. 4) there will be an excursion from St. Mary's to Port Stanley under the auspices of the Maxwells. They are also arranging for an excursion to Port Stanley.

Mr. and Mrs. H. E. Illingworth and Miss Taylor left from Port Stanley to Cleveland, on route to Akron, Ohio, on a visit to Mrs. Illingworth's sister.

Mr. H. Bonds has been appointed principal of the Dunnville High School, at a salary of \$1800 per annum. The school is a fine new four-story building, costing \$150,000, and is the latest and most approved manner, including a large assembly hall, with a seating capacity for four hundred. There is also a gymnasium in connection with the school.

The grand marshal of the day was Bro. Alex Greenway of Guelph, who made a most picturesque figure on his white horse. He handled the parade with a veteran's hand, and with people all along the route, the making of the parade was a success.

NEW FLOUR MILL TO BE ERECTED

Carter Milling Co. of St. Mary's Must Enlarge Their Plant.

Scouts from Western Ontario Points Are Now Under Canvas.

ST. MARY'S, July 12.—(Special.)—It is understood that the Carter Milling Co. who are unable to keep up with their increasing business in the export trade, contemplate erecting a new mill adjoining the present existing mill in order to increase the capacity of the plant to 600 or 700 bushels per day.

The camp at Lakeside has started, and is now increased by a corps of scouts from Ingersoll, Woodstock, Tillsonburg and Toronto. The camp is located on the shore of the lake, which provides an excellent opportunity for boating and swimming.

Court of revision will be held in the council chamber, St. Mary's, on Tuesday, July 22, for the hearing of appeals against the assessment roll.

On Civic Holiday (Aug. 4) there will be an excursion from St. Mary's to Port Stanley under the auspices of the Maxwells. They are also arranging for an excursion to Port Stanley.

Mr. and Mrs. H. E. Illingworth and Miss Taylor left from Port Stanley to Cleveland, on route to Akron, Ohio, on a visit to Mrs. Illingworth's sister.

Mr. H. Bonds has been appointed principal of the Dunnville High School, at a salary of \$1800 per annum. The school is a fine new four-story building, costing \$150,000, and is the latest and most approved manner, including a large assembly hall, with a seating capacity for four hundred. There is also a gymnasium in connection with the school.
