Joan's Amazing Beliefs.
WONDER if any man ever fully understands a girl like Joan Arbeck. Truly to me she was a most bewildering mixture of brilliance and inconsistency. She once told me a little of the wisdom she thought about everything, and yet she was frivolous moments when you found if she really understood it.

RULES IN THE GAME OF CHINA BUYING.

Cousin Maisie motored in from town yesterday. She bubbled in breathless, and wouldn't sit down for a minute.
"Dear, you simply must come back to town with me at once. Now don't say no, because I won't have you miss it for worlds, and if you won't buy it, I'll get it for you myself and make you a wedding present of it. It's just the most wonderful bargain in the world, and I'm sure you'll want it the minute you see it."

Today's Fashion

Cassock Frock Novelty.

The cassock frock was inspired by the habit of the monks. It is developed of taupe-colored broadcloth, and is cut in one piece. The sleeveless jumper is worn over a bodice of taupe chiffon and a taupe silk cord confines the fullness about the waist. The skirt flares at the hem over a narrow foundation of the broadcloth. This is a practical frock to wear beneath the fur coat.

A HEART HAND

By Michelson

WHEN your head is full of certain thoughts the Queen of Hearts takes on an appearance quite different from any that she wears in an ordinary deck of cards. The stiff, angular lady of the card becomes strangely REAL, and the heart glows with a crimson redder than the rosiest red that ever happened. A HEART hand looks like a sudden and delightful fortune. You feel that you can WIN in the heart game, that it is the only game in which winning means everything.

Are You a "Terence" or an "Alice" Person?

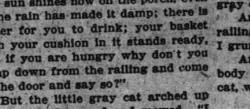

By WINIFRED BLACK

THE little gray cat sat up on the railing of the porch this morning, and mewed and mewed.
"Gray cat," said I, "why do you mew so? What is it that you want? The sun shines now on the porch, even if the rain has made it damp; there is water for you to drink; your basket with your cushion in it stands ready, and if you are hungry why don't you jump down from the railing and come to the door and say so?"

Winifred Black

When I did go back the cat did see me, and she mewed and mewed, and I went out and gave that cat a talking.
"Terence's nothing in the world the matter with you, little gray cat," said I. "You just hate the wet and you want to make me carry you over to your basket, and it isn't really wet at all; it's just damp. You're a persistent, egotistical, selfish, exacting, fussy, disagreeable, self-indulgent thing, little gray cat, and I do not approve of you any more of your kind."

When I did go back the cat did see me, and she mewed and mewed, and I went out and gave that cat a talking.

You're a persistent, egotistical, selfish, exacting, fussy, disagreeable, self-indulgent thing, little gray cat, and I do not approve of you any more of your kind."

The Persistent Alice.

I know a woman who has a good husband. The husband is a man who works early and late and denies himself many pleasures and much comfortable comradeship just to be good to his family.
He thinks he can't afford to belong to his club. He doesn't play golf because he's afraid he'll get the habit and make his wife a golf-widow. He takes a scant week for his summer vacation and sends his wife and daughter away for a month.

The Persistent Kitty.

And when I came back there was the little gray cat still on the railing, and as soon as she saw me through the window she began to mew again. But just as I was going out to see her the postman came and there were important letters to be answered.
And one of them made me laugh and one of them made me sigh, and one of them made me want to cry; and it was quite a long time before I went back where the cat could see me.

If Insomnia Troubles You

Change Your Rest Habits

By DR. LEONARD KEENE HIRSBERG

DR. HIRSBERG

BECAUSE He giveth His beloved sleep, as the psalmist sang, leads most people to believe that sleep comes as naturally to human kind as rain and water runs down hill. Yet sleep is a much tormented state. The youthful and those sound in physique fall into slumber, despite the battalions of obstacles thrown in the path of Morpheus. Yet many sleep improperly.
Little wonder is it to the observer that sleeplessness appears so often among the middle-aged, those sick in soul and body or those thrown out of their habitual stride by the irritations and petty annoyances of the day. On the contrary, it is odd that fewer instances of insomnia occur.

Where Camels Fight to Make Owners Rich

By TEMPLE MANNING

THE camel is a great feature of eastern life, and, perhaps, it is strange that the Turk takes great delight in fighting his camels, precisely as bulldozers used to be pitted against each other long ago in England. Although I have never seen bulldozers fight, I would wager it is infinitely more exciting than the camel fight I once witnessed in Anatolia.

A Camel Battle.

The camels were muzzed to keep them from biting each other, and they fought by entwining their necks and trying to throw each other. That is precisely all there was to it, but it meant poverty or comparative riches to the wintling camel's owner.
Not only was the money made all the cash the owners possessed, but every bit of the rich harness of the camels was a part of the prize. And the expression of abject desolation the losing owner wore on his face was pitiful to see as the walked-home beside his beaten camel, which was as bare of harness as his pockets were of cash.

Advice to Girls

By Annie Laurie

DEAR ANNIE LAURIE:
I am a graduate nurse, and most people call me pretty and attractive. Some time ago I nursed a case for a doctor in our town, and ever since then he has given me all his cases, and has been very nice to me.
He is a middle-aged married man, with a wife and nice family, who used to be nice to me, but lately they do not use me so well. He always takes me to his patients, and when the patient is dismissed the doctor has taken me with him when "e was on his calls, because he does not like to ride alone, and he says it is "handy" to have me with him. He has helped me to get cases, and has had me help him on cases where he always had a doctor as assistant before. He says he would rather have me than a doctor to help him.
I am fond of the doctor, and he is certainly very nice to me, but my aunt with whom I live, scolds me because I go with him, and she also finds fault because I have gone to

Partisanship Versus Business Principles

The Globe enunciates its doctrine of non-partisanship in connection with the hydro-electric system in a thoroughly characteristic fashion, and the doctrine is, of course, what we should expect.

We shall see how long The Globe sticks to this policy or whether it is to be restricted solely to the hydro discussion in Newmarket.

The Globe defers to the judgment of the business men of Newmarket, and ejaculates: "What a piece of folly it would be for The Globe to urge Mr. Davis to vote for hydro power, because the Liberal party in provincial politics favors the extension of the hydro policy!"

The Globe recalls the fact that Mr. Davis voted Conservative in 1911, when reciprocity was the war cry.

The obvious answer of Mr. Davis, says The Globe, "would have been that he proposed to vote as a factory owner and not as a political partisan."

The Law's Delay

The famous Danbury hatmakers' case, of great interest to organized labor, was recently decided by the United States supreme court.

In the United States the law moves as slowly in criminal as it does in civil cases, and we are scandalized from time to time by the interminable appeals and retrials.

But why is it that we can not have similar expedition in the trial of civil cases? The man who gets his leg cut off by a railway or gets into a controversy with a bank will find himself even a longer way from the Tipperary of a final judgment in Canada than his brother in distress who happens to live in the United States.

WORK FOR THE UNEMPLOYED

who gets \$4100 for his broken leg from a jury must run the risk of losing it thru appeals to the appellate courts of Ontario, to the law lords in London.

If one judge agrees with a jury that a man should be hanged, we hang him, but when it comes to separating a big corporation from five thousand dollars, we are less expeditious.

The Servant of All Work

Because of the number and character of their water powers, the development and utilization of electricity is, relatively to population, more extensive in Norway and Sweden than in any other country of the world.

At last year's agricultural show, held in Christiana, the Norwegian capital, a model farm formed one of the most prominent features.

Indeed, the uses of electricity are continually being extended. About five years ago it was suggested by a Mr. Lusby that electricity, if properly applied, ought to kill all the fungus on the tobacco leaf.

The well-known lines of Rudyard Kipling may well be altered today to carry parcels and not get any compensation for it.

Three N.H.A. Hockey Games Go Overtime :: Curling Play This Week For the Tankard

CRIPPLED QUEBECERS LOST TO ONTARIOS

Easterners Were Unable to Stand Pace in Overtime

Quebec opened the first period with a rush, and Hall tallied the first one in seven minutes. MacDonald followed him in exactly ten seconds. This brought a lot of comment. The fact that MacDonald had scored against his old teammates brought whistles from all corners of the rink that the local team had been stung again just as in the case of Harry Scott last year. At the end of the first period the score stood 2 to 1 in favor of Quebec. In the second period no scoring was done at all and it looked as though they would pull out. However it was a case of the bitter bitten again. MacDonald had scored the odd goal against his teammates, so it was up to Tommy Smith to do this same thing against his old club.

Table with 2 columns: Team, Score. Includes Quebec, Ontario, and various players like Hall, MacDonald, Smith, etc.

Simcoes Could Not Hold Blue and White

Varsity Juniors handed one out to the Simcoes Saturday afternoon when they beat them in a Junior O.H.A. fixture by the score of 5 to 3. Simcoes until Saturday were destined to have a fall out of them. Garry Stratton was missing at that time, and Dave filled his position. Heinemann, Itoe of Uxbridge, and finally Judd of the Ravina Rink boys, and he kept Malone hustling to hold his spots. Brown and Wagner were left with a lot to do at top speed. In the first period Varsity opened the scoring and netted another goal after 10 minutes. Malone was lost in the following minutes of play by bad passing or shooting, and finally lost before the bell rang Simcoes tallied. In the second period Varsity began to pull away, and four minutes later they had them, holding the west enders to one. The last period saw some hustling on both sides, but the blue and white again led in the scoring, and the final score stood 5 to 3 in favor of Varsity.

Table with 2 columns: Team, Score. Includes Varsity, Simcoes, and various players like Stratton, Heinemann, etc.

Runaway Race in Coast Hockey League

Vancouver won their sixth successive match in the Pacific Coast Hockey League at Vancouver when they disposed of the Victoria by the score of 9 to 2. In only one period, the second, did the visitors give the Vancouverites any sort of an argument, the teams dividing four goals in this session. The first period ended with Vancouver leading by 5 to 2. In the second period Genge and Tommy Dunderville each tallied in turn for Victoria, but Frank Neighbour and Kenny Lafontaine stepped back with two more for the home team. In the final period Vancouver toyed with their opponents, and many of the three thousand spectators started to leave before half the season was over. McKay tallied twice, followed by Fred Taylor and Frank Neighbour.

Table with 2 columns: Team, Score. Includes Vancouver, Victoria, and various players like Neighbour, McKay, etc.

A. ROSS BIG FACTOR IN OTTAWA VICTORY

Toronto Beaten One Goal in Eighteen Minutes Overtime - Carpenter Starred

OTTAWA, Jan. 10.—After one of the most sensational games since the expansion of the N.H.A., the Toronto lost out to Ottawa at the local Arons last night. Score, 2 to 1. The game was brilliantly fast at all stages, and was featured by wonderful defensive work on both sides, and went eighteen minutes overtime. Broadbent scored for Ottawa in the second, and the Senators appeared to have the game won, with only two minutes to play in the third session. Foyston dashed in and beat out Benedict with a side shot. Both teams failed in stumbling all over the ice. Wilson collapsed in a heap and was carried off, and carried the puck up, shooting in the second goal. Holmes failed to see. Six thousand people saw the match, and pandemonium broke loose when Merrill's effort decided it. Art Ross made his debut on the Ottawa team, and was a great factor in the victory. There were many penalties, McGiffin and Shore being the chief offenders. Holmes and Benedict scored their club-mates on two occasions by hair-raising shots, and Carpenter, who subbed for Jack Marshall, proved one of Toronto's best men. Egan and Butterworth refereed a hard game in good style.

Table with 2 columns: Team, Score. Includes Ottawa, Toronto, and various players like Ross, Foyston, etc.

S. Cleghorn on a Rush Scored Winning Goal

MONTREAL, Jan. 10.—After playing six minutes and forty-five seconds overtime, the Wanderers won from the Canadiens at their first meeting this season by a score of 5 to 3. The game was one of the most spectacular played at the local arena in some seasons. Neway Lalonde played with the Canadiens for the first time this season. In the penalties, Cleghorn, who had been out for a while, struck Harry Scott of the Canadiens in the face early in the game. Line-up: Wanderers (6)—Goal, McCarthy; defence, Stephens, S. Cleghorn; wing, Egan; centre, Egan; wing, O. Cleghorn. Canadiens (6)—Goal, Vestia; defence, Dubau, Lavolette; wing, Lalonde; centre, Smith; wing, Pitre. Referee—Harvey Fulford. Judge of play—Cooper Eganon.

Table with 2 columns: Team, Score. Includes Wanderers, Canadiens, and various players like McCarthy, Stephens, etc.

OTTAWAS KICK THIS WEEK 18 AGAINST MINNIE MCGIFFIN

OTTAWA, Jan. 10.—The management of the Ottawa Hockey Club have communicated with president Emmet Quinn, asking him to notify the Toronto Hockey Club management of the rough work of Minnie McGiffin and take action in the slashing tactics employed by McGiffin in Saturday night's game with Ottawa. McGiffin drew two major fouls and several minor ones. The major fouls were imposed for McGiffin deliberately slashing Darragh across the arms and body, and for short-ending Graham in the face. While on the side McGiffin persistently stated that he would "get" certain members of the Ottawa team.

Table with 2 columns: Team, Score. Includes Ottawa, Toronto, and various players like McGiffin, Quinn, etc.

HOCKEY SCORES

Table with 2 columns: Team, Score. Includes Ontario, Ottawa, Wanderers, etc.

HOCKEY GAMES TODAY

Table with 2 columns: Team, Location. Includes Riverdale at Kingston, etc.

RIVERSIDES BATTLE AT KINGSTON TODAY

Three games are on the O.H.A. list today, in which the local sides are participating. At nine o'clock Riverdale will engage Kingston, where they will tackle Jimmy Sutherland's boys. This will give the critics a good chance to size up the east-enders. Rescoe's case has been settled by the O.H.A., and he found that he was not to be suspended from the league, but that he must not play tonight, but on Saturday.

Varsity Juniors Were Outclassed

Victoria look as if they will take some beating this year after their showing of Saturday afternoon. In the second period of the first O.H.A. game of their group, they were outplayed by a team of people saw the battle and it was generally conceded that the Varsity team was in no way to be compared with their opponents. The decision was not long lived, however.

DRUMBO BEAT A.Y.R.

DRUMBO, Jan. 10.—An intermediate curling match between Drumbo and A.Y.R. was played here last night, resulting in a victory for Drumbo. Referee, W. H. Jones. Line-up: Drumbo (5)—Goal, Kerneer; right defence, Wedge; left defence, Blumington; wing, Baskwell; right wing, Miller. A.Y.R. (5)—Goal, McKeen; left defence, Bain; right defence, Black; right wing, Dufferin; left wing, Cross; right wing, Maeder.

HOCKEY GOSSIP

The Avenue Road Presbyterian senior hockey team was defeated by the Wychwood Juniors on Saturday on Wychwood ice by 2 to 1. The Wychwoods are members of the Toronto Hockey League.

"J. D." Wins Foot Race

Rev. J. D. Morrow earned an afternoon last week on Bathurst street, with a 100 yards foot race. It was an athletic looking individual who won the race in a preponderant manner. The person and his unknown rival disembarked with the stakeholder and the two to see they stepped off the distance on Bathurst street, starting north from Eglinton. "J. D." was in good form and made show of the field, winning away off the money which he needed for a new suit. The race was turned over to a good cause and it is hardly likely that the O.A.A.U. will take notice of the case.

BEACHES LEAGUE GAMES WERE FAST

Two good games were staged at Riverside hockey arena Saturday night in the senior series of the Beaches Hockey League before about five hundred people. Controller Thompson set the eastern series in motion by facing off the puck and both games were fought out to the bitter end. The ice was in grand condition, in fact the first game Don Rowing Club furnished the surprise of the evening, heating out last year's champions, Kew Beach, by the score of 3 to 1. It was a tight all the way and the result was in doubt until the finish of the second half. The scullers had a little better combination and Paterson broke up rush after rush with his weight. The teams:

## RICH CHOOSING IN THE WOMEN'S SUITS AND COATS FOR TUESDAY

Looking ahead as far as possible, we can see no time in the future when women's coats and suits will be sold at such reductions as we've made for Tuesday. The particular conditions that make it possible now are not likely to recur. Multiply Tuesday's price for example on this first suit item by four, and you get the price at which many of these suits have been sold. It reads almost too good to be true, doesn't it! But come and see Tuesday, Third Floor, 8.30 a.m.

**WOMEN'S AND MISSES' SUITS, \$3.75.** In good navy and black serges and chevets; carefully tailored, and lined with satin; coats are straight front or cutaway with rounded corners; skirts are in yoke and flare; plain satins or tulle shapes. Regularly \$12.50 to \$15.00 values. Tuesday, 3.75.

## Making the Furs Fly

An announcement about half-price furs has no interest unless the original prices were intrinsically good value. Fur prices that play the old childish game of "first we go up, then we go down," have no interest for people that seek real values.

Our Fur Department's reputation for good values makes the following announcement of special significance:—

Our entire stock of women's furs will be marked at reductions that in many cases will be less than half our regular prices.

If you know our fur stock, you know that the styles are the newest, and the quality is the kind we stand behind with our guarantee—many of these imported garments cannot be duplicated at any price.
