The copy filmed here has been reproduced thanks to the generosity of:

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

HEREWITH is presented to the public the second of a series of Bibliographical Bulletins issued by the Library of Victoria University of Toronto, Canada.

The first number, edited by Mr. C. C. James, Deputy Minister of Agriculture, was based on a collection of Canadian (English) poetry, donated by Mr. James to the Library, and included all works known to the date of issue, 1899.

This second number represents the data in process of collection for several years by Prof. L. E. Horning, of Victoria University, and by Mr. Lawrence J. Burpee, of the Department of Justice, Ottawa.

Both numbers represent original and pioneer work in this direction and will doubtless be found of great interest to all students of Canadian literature. From time to time it is proposed to issue supplemental lists, making all necessary corrections and additions and bringing the lists up to date. Indeed, a supplemental list to No. 1 will shortly be published. Information which will be of service in this regard will gladly be received by the Library Committee.

These numbers are issued in limited editions of 500 copies, of which 300 are for sale.

INTRODUCTORY NOTE.

ONLY those who have had experience in pioneer bibliographical work know of the difficulties connected with such a task. For various reasons it has been impossible to get information about many authors past and even present. We have tried to make our material as complete as possible, but it is very probable that some names and works have been omitted which should have found a place in our lists; also, on the other hand, some may have been mentioned that should not have found a place in the list. For all such errors of omission and commission we ask indulgence, and for all corrections we shall be very grateful. We have tried to make our data as complete as possible in Sections I. to III. In Section IV. we do not profess to have made more than a beginning.

To Dr. James Bain, of the Toronto Public Library; to Mr. Avern Pardoe, of the Ontario Legislative Library; to Mr. C. C. James, Deputy Minister of Agriculture; to Mr. John Reade, of Montreal, and to Dr. James Hannay, of Fredericton, we are especially indebted for help, and to many others whose names we might mention.
