NEW GOVERNMENT HOUSE TO BE IN NORTH ROSEDALE

Purchase of 12 Acres at Head of Glen Road, at Cost of Nearly \$125,000 is Announced—Premier, However, Still Considers Bloor Street Property Fine Site.

The new Government House will be built in North Rosedale, at the head of Glen-road, a short distance to the east of the St. Andrew's College Gardens. The property is a portion of Chorley Park, belonging to the estate of the late John Hallam, and contains 12 acres. The price paid was about \$125,000.

This move by the Ontario Government did not come as a surprise, as it was known, as recently announced in The World, that a new site was being sought. However, the recent session of the legislature, Premier Whitney stoutly defended the wisdom shown in the selection from the Bloor-street site, nearly opposite the head of Church-street, but evidently representations made that Bloor-street is destined to become a business thoroughfare, induced him to alter his mind. The government is now faced with the necessity of disposing of the latter site, which was purchased from the board of education for about \$20,000 after the board, which paid \$62,500 for it, decided that it was not fit for a technical school site.

How It Was Negotiated.

F. B. Robins, president of Robins, Limited, acted for the government in securing an option on the new site, and John J. Gibson, for the Title and Trust Co., represented the estate, the executors of which are Mrs. Hallam, Douglas Hallam and William Sulack. J. Chorley Park in all comprises about 23 acres. The new Government House will be situated in the midst of finely wooded grounds, part being ravine, but a considerable portion level ground.

Numerous Sites Seen.

Premier Whitney made this statement yesterday:

"Some months ago the government purchased a site for Government House on the north side of East Eloor-street. The site is a very fine one and must be seen at close range to be fully appreciated.

"However, shortly after the purchase the attention of the government was drawn to other sites, and, indeed, quite a number of localities have been brought to their notice from time to time. These have been carefully examined and considered, with the result that we have purchased a part of Chorley Park, which is the estate of the late A. D. Hallam.

"The site contains a little over 12 acres, and lies a short distance east of the Bloor-street line, and is bounded on the west and north by Douglas-drive, and on the south by the northern boundary of a strip of land 100 feet in length and adjoining East Roxborough-avenue on the north. The property is practically triangular in shape, and on the east side there are several ravines, extending down to the boundary, which is near the Belt Line Railway.

"We consider ourselves very fortunate in having been able to acquire a reasonable sum probably the finest site in the city or its environs."

MURDOCH GETS 6 YEARS IN PEN

Jarvis Lawyer Who Fleeced His Clients of \$10,000 Sent to Kingston—Appeal to Pity Had No Effect.

CATUGA, April 25.—(Special).—Six years in the Kingston penitentiary was the sentence meted out here today by Judge Douglas to J. Y. Murdoch, the Jarvis solicitor, who fleeced his clients of \$10,000. Four years of this sentence was on the charge of forgery and two years on each of the seven charges of stealing. The sentences on the latter charges to run concurrently. Murdoch asked for enlargement of the case for one year, stating that a petition was in circulation on his behalf, and also that there were certain legal matters to clear up in the interests of his creditors.

The judge stated that no petition could be continued in view of the offences committed. He also stated that no doubt the sheriff would allow him a few days before removal, to make what amends he could on behalf of his creditors.

Asked if he had anything to say before sentence was passed, Murdoch stated that he would suffer a great deal, as he would be deprived of his profession and in future would have to look to something else for a living for himself and family. He was making what restitution he could, giving up everything he had, and intended as soon as possible to pay his creditors. The offences were committed under impulse, with the intention of making good, and if matters had not been brought to a crisis when they were he would, in a short time, have settled all.

The judge thereupon passed sentence and afterwards spoke kindly, yet firmly, to the prisoner for him, knowing Murdoch as he had for a number of years. The prisoner was then returned to his cell.

Murdoch took his sentence coolly. He will probably be conveyed to Kingston on Friday. Very few spectators were present when sentence was given.

Opens Up New Territory

The purchase of the Chorley Park site in Rosedale for the Government House means the connection of Bayview-avenue with present ends at the foot of Cudmore Hill with Rosedale. The connection will be completed by the construction of a bridge over the ravine along the C. P. R. viaduct over the same ravine, and the result will be that Rosedale, Leslie and the country up Bayview-avenue will be in living touch with Rosedale and the city.

RAINY RIVER GOLD MINES NOW TALK OF THE TOWN

At Least Three Prominent Properties Make Great Progress—History of the District.

WINNIPEG, April 25.—(Special).—Great interest has been aroused in this city over the recent workings of old mines and discoveries of gold in the Rainy River Gold Mining District. News has been coming to this city daily for the past three weeks relative to what is being done on the old Ophir, where rich ore has been struck at 100 feet, and other gold mines in that district.

Already it is vouched for that there are at least three prominent mines, with sufficient capital behind them to continue development work, which has resulted in the mines making great progress in opening up veins and sinking shafts. Among other properties there may be named the following mines, or near mines, in this district: The Ophir is the best of the lot; Sultana, Coronation, Ecuador, the Mikado, Regina, Cameron Island and others.

It is stated today that there is no doubt that the Mikado mine has made good and extensive developments are being made on this property. It lies down to the seventh level, 480 feet. The Mikado mine comprises 278 acres and is situated a mile southwest of Kenora. The adjoining mine is close to the shore of Shoal Lake, a branch of the Lake of the Woods. The plant and the buildings are valued at \$100,000 and its costs \$15 a foot to sink and about \$5.50 to drift.

The Formation.

The formation is felsitic, diabase and granite. The felsite is dark and is striped and on one of them much development has been done. The general character of the veins is that they have made pockets and in these pockets very rich ore is to be found. The felsite body, as exposed, pitches south and north; suggests that there is a secondary enrichment at or near the vein.

The question is often asked why the Rainy River Gold Mining District has not gone ahead. At one time much gold was taken from this district, but work on the mines was stopped first, because it was found that the properties were in disputed territory—the dispute was between the Province of Ontario and the Dominion Government, and as to jurisdiction—and this led to extensive litigation, both of which facts were sufficient to forbid capitalists putting up their money for development work.

Subject of Famous Litigation.

The Ophir mine was the subject of famous litigation because it was in disputed territory. These disputes, however, were finally settled, but while the Dominion Government thought they owned the mine they granted patents to three locations and received applications for a number of others. On one of these locations a shaft was sunk to a depth of about 45 feet, the ore taken out being quite valuable. The parties owning the Dominion title, which has been finally judged invalid, were offered the mine for a million cash for that property, which is now included in what is known as the Sultana Ophir mine. The Canadian Prospecting and Mining Company was about to sink a shaft, but was stopped by injunction from the Ontario court. Subsequently the Ontario Government dealt with these three locations.

SUICIDE FIRST VICTIM OF BAY

Harry Etheridge Jumped Off Spadina-avenue Dock.

Toronto Bay claimed its first victim of the year last night at 8 o'clock, when Harry Etheridge, apparently weary of life after a ten-days' spree, coolly took off his coat, laid his watch thereon, and jumped into the water from the ferry dock at the foot of Spadina-avenue.

A young girl saw the proceedings and raised a cry that brought George McLean of 18 Victoria-street from a nearby boat-house in a canoe. After telling what she had seen, the girl ran away, and McLean immediately informed the police.

From a letter in the coat addressed to Harry Etheridge, 517 Wellington-st., his identity was discovered, and from McLean of 18 Victoria-street from a letter it was learned that he had not been at the place for nearly ten days, and that he had been drinking heavily. He was 32 years of age.

McLean believes him to be the same man whom he and a companion lifted up after a fall on Clarence-square early in the evening. The body had not been found at 12 o'clock, when further search was left for the morning.

FREE LIST BILL IS KNOCKED BY REPUBLICANS

Rep. Mann Says It Might Be Stretched to Include Almost Half of the Imports on Which the United States Now Collects Revenue.

WASHINGTON, April 25.—The Democratic free list bill, characterized by the Republicans on the ways and means committee as a political soothing syrup, was roughly handled in the house of representatives this afternoon by its political enemies on the Republican side.

Mr. Underwood, Democratic chairman of the ways and means committee, introduced it to the house in an hour's speech shortly after the session convened at noon. Then it was left to the mercies of Representative Mann of Illinois, leader of the Republican side.

Mr. Mann declared that the free list bill introduced by the Democrats as the first of their tariff measures was drawn inaccurately, indefinitely and with such general language that it might be stretched to include almost half of the imports on which the U. S. now collects tariff revenue.

The free list bill puts agricultural implements "of any kind and description" on the free list. Mr. Mann expressed the belief that this could be stretched to include the free entry of saws, axes, forks, garden hoes, hammers and almost everything else that a tiller of the soil ever uses.

He said the bill was so drawn that it would admit free the leather from which the farmers' shoes were made, and would exclude from which his wife's shoes were made. It put a premium on foreign labor, he said, by permitting these special kinds of leather to come in free when they were partly made up.

Prophecies Dumping.

In putting agricultural implements on the free list, said Mr. Mann, the Democrats would let the International Harvester Company dump into the U. S. the implements it made with foreign labor in its factories in France, Germany, Russia and Canada.

"These products will be sold here," he said, "not at lower prices, but at the same price. The result would be that they would be made by foreign labor."

The free list bill admits free farm implements.

"Does this mean a wagon that has to be used on the farm?" asked Mr. Mann, or the kind that can be purchased and used in town?" Is the treasury department to follow up the wagon and see whether Mr. Smith puts it on his farm or uses it in town?"

Mr. Gardner of Massachusetts attacked the measure and the Democratic policy of promising to "reduce the cost of living without reducing the standard of living in the United States." He asserted that in putting articles on the free list the Democrats had disregarded the fact that farmers and manufacturers from the northern states, while leaving protective duties on tobacco, sugar, rice, oranges and other articles produced in the southern states.

Messrs. Adair of Indiana, Russell of Missouri and Adams of Georgia spoke in favor of the measure.

THREW OUT AMENDMENT FOR JOINT SESSIONS

Would Always Give the Legislature Lords Last Word in Legislation, Said Asquith.

LONDON, April 25.—Yesterday's session of the house of commons was again continued into the small hours of the morning. It was postponed by reason of the prime minister invoking the so-called "Kangaroo" course, whereby whole pages of amendments to the parliament bill for the curtailment of the powers of the house of lords were skipped at the chairman's discretion.

An important amendment proposing a joint session of the two houses in cases of disagreement was opposed by Mr. Asquith on the ground that such a plan would always give the house of lords the last word in legislation, and in his opinion it would be impossible to place a session which would not place the representative body at the mercy of the second chamber.

This amendment and another proposing instead of a joint session, a conference of ten members from each house, were both rejected by large majorities.

After this a number of amendments, selected by the chairman for the most part, proposing various modifications on the debating powers of the house of lords, were all rejected, after the application of closure.

OIL CARS IGNITED.

BERLIN, Ont., April 25.—The village was visited today by a serious fire. Several oil cars on the Pere Marquette Railway became ignited from a hot box and an spark from an engine. It was possible to put out the flames after they had spread, but a large stock car nearby was also destroyed.

Long Green Tempts John Green.

Long Green, 125 York-street, was arrested yesterday charged with the theft of \$2 from the pool room and cigar store of A. Borner at 123 York-street. Borner claims that the man sneaked behind the counter and helped himself to the money.

REFUSED COMMISSION TO PROBE PRINTING BUREAU

Enquiry by Hon. Chas. Murphy, Not Being Under Oath, is Valueless—Mr. Northrup's Formidable List of Delinquencies, Which He Claims He Can Prove.

OTTAWA, April 25.—(Special).—The scandals which have made the printing bureau notorious throughout Canada, as the happy hunting ground of the greater, were aired in parliament this evening. In defending his action in the matter, Hon. Chas. Murphy, secretary of state, made what was virtually his "maiden speech" in the house since he became a minister in 1910. He told the house he began the investigation in November, 1909. Mr. Crowne made him look foolish by pointing out that nearly all of the things the secretary of state has been investigating had occurred while he was conducting the investigation. While the minister was investigating, there had also been overcharges of \$24,000.

The investigation by royal commission which W. B. Northrup of East Hastings asked for, was refused. The evidence in Mr. Murphy's enquiry was not taken under oath, and is consequently valueless.

Premier says "Show Me."

At the outset Mr. Northrup demanded to know if the government was still determined that, in no circumstances would they allow an investigation of the department, and the premier replied that the government had appointed a royal commissioner a few years ago to enquire into the civil service. An investigation would be granted if sufficient evidence was produced.

Sir Wilfrid Laurier replied that if all these things were proved there would be no need of further evidence.

Mr. Northrup then quoted extensively on the report of the secretary of state to prove his contention that all these things had been proved. He read a letter on the Mortimer Company of Ottawa, admitting that they had sent in a bogus tender for the printing of a book at the request. It was understood that the secretary of state, Mr. Northrup showed that the contract for the printing of the book had been given to a Toronto firm, and while the work was being done the bureau officials went around and collected higher tenders in other cities. Yet to the Mortimer firm which did this thing the government paid for work done last year the sum of \$67,075.

Not Under Oath.

In reply to a question by one of the opposition, Mr. Northrup did not take place under oath. The men who came to give government evidence could twist the truth without danger of penalty.

The member for East Hastings continued that printing and binding were being done in Montreal by the firm of the government in whom the government was not concerned and that the government material were being

City's Tax Rate To Be 17 1/2 Mills

Controllers Satisfied That Civic Service Will Not Be Impaired—Before Council Monday.

Toronto's tax rate this year will be 17 1/2 mills unless the city council upholds the recommendation of the board of control. This is the rate fixed by the board at secret session yesterday.

Mayor Geary is quite confident that that rate will be sufficient to produce the revenue required to meet the civic expenditures for the year. He points out that with the same rate last year the service did not suffer as was predicted and there was only an overdraft at the end of the year of \$30,000. Were it not for the uncontrolled expenditures, he explains, the rate could be much less. The controllable expenditure is not a quarter of the total of the estimates.

The rate of 17 1/2 mills enables the city to put the heads of the various departments on a fair salary basis and provides for an addition to the police force and gives the members of that body a day off each week, at an annual cost of \$56,000. It also provides for increases to the members of the fire department.

The estimates will not be considered by the council until the regular meeting on Monday next. They are somewhat later this year than last. The rate was struck on April 16 last year and passed the council on April 21.

The Spirit of the Yellow Robot.

A magnificent dance of the robot is one of the special features of the musical comedy novelty "Katie Did" at the Princess this week. This dance is performed by La Petite Adelaide, the most famous of French dancers.

'T'WAS BRILLIANT HORSE SHOW OPENING

Lieutenant-Governor-Gibson Started Annual Event on Its Way at the Armories With Due Ceremony—Society Well Represented and the Equines Looked Their Best.

Under weather and social auspices exceedingly favorable, the seventeenth Canadian National Horse Show was opened at the armories last night by Lieutenant-Governor Gibson.

At 8.30 His Honor, Mr. Gibson and party arrived and were escorted to the judge's stand in the centre, by Gen. W. Beardmore, president, and the officers and members of the various committees. The formal proceedings were brief. Mr. Beardmore read an engrossed address to his honor, which pointed out the advance which the 1911 show represented over all its predecessors. Not only was there a noticeable increase in the number of entries, but the value of the prize list had been largely enhanced, until it now represented a value of \$7,000. The show had thereby in Canada made for improvement in breeding.

His honor was happy in his reply, which was brief and to the point, and was a pleasure for him to open the show, and he would be lacking in that commodity, of which the horse was supposed to possess a large quantity, if he made a long speech.

A Brilliant Picture.

The scene within the armories, when the show opened was brilliant. The sombre walls of red-brown brick, with the long galleries and the bare vault overhead, had been transformed into a fairyland by the magic wand of the decorator. Primrose yellow and heavy blue, the horse show colors, prevail in the decorative scheme. The immense trusses of the roof are hung with yellow bunting, which is studded at close intervals with star-like clusters of incandescent globes, hung in a graceful tangle of about seven feet below the ceiling, the supporting wires carefully entwined by artificial flowers.

On the south side of the building stretches the promenade with three tiers of boxes and the reserved seats behind. Over the whole is a masterfully draped and relieved with blue trimmings to screen the wooden framework. The galleries are placed in a way that when the opening took place, the bunting, which is studded at close intervals with star-like clusters of incandescent globes, hung in a graceful tangle of about seven feet below the ceiling, the supporting wires carefully entwined by artificial flowers.

THE DETECTIVE WAS ARRESTED

Burns Must Go Before Grand Jury For Alleged Kidnaping of Labor Leader McNamara.

INDIANAPOLIS, April 25.—Detective Wm. J. Burns to-night was served with a warrant, charging him with complicity in the alleged kidnaping of J. J. McNamara, secretary and treasurer of the International Association of Bridge and Structural Iron Workers, said to be implicated in the Los Angeles Times explosion. Three lawyers were arraigned today on the same charge, and they spent two hours in jail because of delay in obtaining bonds for them. They are Walter Drew and J. A. G. Badorf, of New York, counsel and assistant counsel for the National Erectors' Association, and W. Joseph Ford, assistant district attorney of Los Angeles.

Burns was arrested in a street as he was going to the court of Justice of the Peace Manning to surrender himself. Constables had searched for him all day. He was released under \$10,000 bond, to appear before the grand jury.

The hotel at which Drew, Ford, Badorf and Burns and his operatives have been staying was searched for Burns by constables who seemed bent on going into every corner, until the hotel management declared that they should not intrude on guests.

Ejected the Constable.

Drew and Badorf, soon after this order had been issued, went into the lobby of the hotel and announced they had forcibly taken a constable from a corridor leading to their rooms and sent him to the first floor in an elevator. This constable, Daniel J. Barton, obtained in police court a warrant charging Drew with assault and battery, but the warrant was not served.

After secret conferences of national officers of several labor unions to-day, it was announced that definite plans are to be made for the assistance of the Bridge and Iron Workers' Association in defending itself and its secretary, J. J. McNamara.

Five witnesses were examined by the grand jury to-day.

Supt. of Police Hyland and Capt. of Detectives Holtz, were the first witnesses called, probably for the purpose of learning the whereabouts of Miss Mary C. Dye, formerly private secretary to McNamara. According to the attorney the girl, in forcing the payment of a legal claim of \$300 against McNamara, told Appleman that she had important information about McNamara and the iron workers' organization, which McNamara would not like to have known. The claim, according to Appleman, was paid.

The Horse Show Week.

"Couldn't be better weather for the show," said one of the enthusiasts yesterday, "and the program is wonderfully attractive." They were all at the opening last evening—about the "Four Hundred" and their friends. Costumes in endless variety and in superb style. Men that could truly be called well groomed and properly haired were in evidence also. About hats is where the Dineen Company comes in. The Dineen company is sole agent for the Heat Hat, Heat, of London, England, makes hats for His Majesty the King.

"EATON BRAND" Clothing for Men and Boys

You just try an "EATON BRAND" suit on once, and if it does not fit you perfectly we make any alterations necessary.

"EATON BRAND" Clothing of Quality.

Sometimes when you see a stylish, well-fitting suit on a man you wonder how long it is going to keep its shape. There's no cause for wonder about an "EATON BRAND" suit. If you look in the inside pocket of the coat you will see this label.

The Guarantee of Clothing Value

That is our guarantee that the clothes will hold their shape. If they are not as we represent them bring them back.

We give "EATON BRAND" clothing a high guarantee because we know each garment to be designed by an artist who KNOWS what men who dress fashionably are wearing in New York and London, where men's fashions originate. Then, the material from which the suit is tailored is high-grade and of a reasonable weight. The linings and finishing materials and stayings

On Thursday we will have a special display of "EATON BRAND" clothing for men and boys. Here are a few of the good values.

You save time and money. Making suits for men in such large quantities as we do in our men's tailoring workrooms we are able to save money in the making. That's why it's to your advantage to buy your clothing here, for you get such extra good value.

are all carefully selected and cold water shrunk, as is the cloth. The men who are employed in the production of the clothing are expert workmen. High-class tailors shape the shoulders, collars and lapels of the coats and have charge of the finishing of the garments. The haircloth stiffening goes right to the bottom of the coats and the pockets are built to prevent them from sagging.

\$15.00—Scotch Tweed Suit in a mid-grey shade, with colored overplaid, also a Scotch tweed in a rich shade of brown in a small check, with a green stripe every 1 3/4 inches—single-breasted models, \$15.00.

\$16.50—A Navy Blue Suit of a clay diagonal English worsted, made from pure Botany yarn, with a finish that will not readily gloss—single or double-breasted, \$16.50.

\$18.00—At this price a wide selection is offered in several shades of brown and grey in neat, small designs, pin checks, stripes and basket weaves—single-breasted models, \$18.00.

\$20.00—In navy blue, a Clay's worsted is shown in a fine twill, and a suit of Scotch tweed in a golden brown shade, with a brown stripe, in a cassimere finish, is also offered—single-breasted models, \$20.00.

\$22.50—A line is shown at this price in several shades of grey, in fancy woven, small patterns, and stripe effects, in worsted materials, \$22.50.

\$25.00—Beautiful effects in shades of grey and golden brown, in single-breasted sack suits are shown in Scotch and English worsted goods, \$25.00.

And there are "EATON BRAND" Suits for Boys, too

They're designed and tailored with just as much care and attention as is given the clothes we show for their fathers and big brothers.

We show a three-piece suit for a big boy in the double-breasted coat style in an imported all-wool fabric in a neat shade of golden brown, with self-woven stripe every inch; sizes 29 to 33 \$12.50

Bloomer Suits are much favored for boys and we show those models in the "EATON BRAND" too. One is in a beautiful grey material of a very fine weave. Good full bloomers, with straps and buckles at the knees \$12.50

THE T. EATON CO. LIMITED

YORK COUNTY West Toronto North Toronto East Toronto

FUNERAL OF LATE MRS. WRIGHT HELD TUESDAY

What's New in Humberstone—Whit-church Minister Talks Reciprocity—County Doings.

WEST TORONTO, April 25.—(Special.)—The funeral services of the late Mrs. Charles Wright, held this afternoon, from the family residence, 154 Western-avenue, were attended by a very large concourse of sorrowing friends and relatives drawn from widely different parts of the city and province. With the single exception of W. J. Wright, of Ice Lake, Manitowish Island (who was unable to reach the mainland), all the surviving sons and daughters of deceased were present at the last sad rites. They were Charles J. Jesse, G. and Edmund B., all of West Toronto, and H. A., of Winton; the daughters were Mrs. J. C. Wagner, of 7 Brighton-place, and Mrs. W. B. Chamberland, of 130 Indian-road.

From the family residence the remains were taken to St. John's Anglican Church, where a short service was conducted by Rev. Beverly Smith, and later interment took place in the family plot in Prospect Cemetery. Here the services at the graveside were in charge of Rev. Mr. Seaborn, of St. Mark's, assisted by Rev. Mr. Smith.

The late Mrs. Wright was the last surviving sister of the late John Traskery Bance, for 10 years editor and part proprietor, associated with Sir John Jaffray, in the management of the Birmingham Post.

The late Mrs. Wright was born in Wolverhampton, England, and came with her husband, 40 years ago, to Collingwood, afterward removing to West Toronto, where they have since continued to live for the past 20 years.

The pall-bearers were W. B. Chamberland, J. C. Wagner, John Edgecombe, Edward Doane, William Macdonald, and George Edgecombe. The floral offerings were marked by exceptional beauty and profusion, and among those who so kindly voiced their appreciation of the deceased were Samuel Ryding and family, the Edgecombe family, J. G. Wright's class, Mr. and Mrs. Morfitt, Mr. and Mrs. E. E. C. Doane, David and Mrs. Donlay, Mr.

officials from western Canada. A large number of members were present. Court Davenport No. 1, and Court No. 1283, L.O.O.F., held their regular meetings to-night in the lodge rooms of St. James' Hall. Initiation of new members was the special business in connection with both.

In the first inter-form game of baseball at Humberstone Collegiate Institute this afternoon, the second form defeated the first form.

NEW TORONTO, April 25.—(Special.)—Fire at an early hour this morning destroyed the barn belonging to James Douglas, a short distance to the east of this village. Together with the buildings were four cows, and altogether the loss will amount to about \$500, on which there is said to be little insurance. No cause can be assigned other than the work of an incendiary.

LEMONTVILLE. Correspondent Says Preacher is Strongly in Favor of Reciprocity.

LEMONTVILLE, April 25.—(Special.)—Reciprocity is all the rage here. Every person is talking about it. Rev. W. Walker, pastor of the Methodist Church here, is preaching a series of sermons on it. The farmers here are all pleased with the deep interest the reverent gentleman is taking in their financial interests. In his sermon on the 23rd inst. he strongly advised the farmers to grow barley, as he was sure they would realize one dollar per bushel for brewing purposes in the United States when we get the duty taken off. They evidently do not get enough beer over there. We will grow the barley for them if they are "short" on beer. Of course some temperance cranks over there may kick, but we farmers all believe that the reverent gentleman's advice is good. There are a few people here who think that reciprocity should not be preached from a pulpit, but this is an age of progress and what a minister of the Gospel says must be all right, as it is inspired.

As a result of the sermons and in anticipation of the good times coming we notice that the collections are very much larger.

RUNNYMEDE. Ratepayers Meet and Discuss All Sorts of Local Live Topics.

RUNNYMEDE, April 25.—(Special.)—At the regular monthly meeting of the Runnymede Ratepayers' Association, held last night in the public library, Herbert-st., the needs of the district were the chief topics discussed. A committee was appointed as follows:

to wait upon the township council at their next meeting on Monday, May 1, and ask for certain things. The committee is: H. Durrant, M. Clewson, J. Van Poo, W. Cross, H. Hallett. The improvements asked for are that more street lights shall be supplied, that certain streets shall be graded, that more cinder paths shall be laid down, and other local improvements made.

The committee of the Coronation Celebration Society have handed in their report on the songs to be sung by the children of the schools in June, on the occasion of the King's coronation. Printed copies will be placed in the hands of the teachers of the schools, and practice will begin immediately.

The monthly story hour for children, which is usually held on the third Thursday of the month, will be held on Thursday next, April 27, in the Runnymede school.

ELIA. Former Well-known Vaughan Township Man Dies in Chicago.

ELIA, April 25.—(Special.)—The funeral services of the late Robert Baxter, which is usually held on the third Thursday of the month, will be held on Thursday next, April 27, in the Runnymede school.

ELIA, April 25.—(Special.)—The funeral services of the late Robert Baxter, which is usually held on the third Thursday of the month, will be held on Thursday next, April 27, in the Runnymede school.

ANNUAL week of prayer and self-denial takes place throughout the Dominion from May 7th to 13th, inclusive.

This effort includes the securing of funds for

Home AND Foreign Missions

WILL YOU HELP?

STILL SUSPECT A PLOT

Labor Men Firm in Belief of McNamara's Innocence.

Labor men continue to denounce the arrest of McNamara and his colleague in connection with the Los Angeles Times disaster.

"We are prepared to go to the limit in defending the secretary-treasurer of our organization," declared Business Agent James Wilson, yesterday, "against the unjust treatment handed out to him by the United States authorities."

Mr. Wilson is the business executive of the structural iron workers. He declared that McNamara always acted with the greatest prudence, and preached peace even against great odds. "It's only a scheme to destroy our organization," he said, "but it won't work."

William Gloecking, president of the trades and labor congress of Canada, is of the opinion that if necessary, the unions could easily raise a million dollars for the defence of the accused secretary.

Regal Papers Give You Fine Prints

You will find "Regal" paper easier to handle than ordinary printing paper. You can print Regal in any light—artificial or daylight. And you will find that "Regal" has greater latitude than any other—and is not so apt to stain or blister.

TORONTO LEADS LEAGUE

FOURTH STRAIGHT VICTORY

Leads Outfitting and Outfielding

Jersey City—Rochester Lost to Newark—League Games.

JERSEY CITY, N.J., April 25.—The Leafs today outbatted and outfielded the home team, but it was not until the last man was out that the game was out of danger.

Lee Won From Rochester

NEW YORK, N.Y., April 25.—The Indians defeated Rochester today in a pitchers' battle. It was a close call, however. The score was 1-0.

Orleans Batted Out a Victory

BALTIMORE, Md., April 25.—The Birds won the second game of the Eastern League today by hitting the ball opportunely. The score was 3-0.

Elston Featured for Providence

PROVIDENCE, R.I., April 25.—The Providence team defeated the Royals in a close contest today despite frequent errors on the part of the home team.

Amateur Baseball

There will be a workout of the National baseball team of the Beaches League at the Beaches today.

Soccer Notes

The Devonians play Moore Park on Saturday and all other soccer matches in Friday's World for place and time of game.

FULL OF QUALITY NOBLEMEN CIGARS

The Spots of the Leopard

Prejudices are something like the spots on a leopard—they are hard things to remove.

Again, a few men still believe in the "imported" Cigar, although every "DAVIS" "NOBLEMEN" proves the alleged superiority to be a fallacy—an exploded theory.

The "NOBLEMEN" Cigar is equal to high-grade "imported" brands, because it is made from choicest Havana leaf, by skilled Cuban workmen.

For obvious reasons, a fresh egg would taste the same in Cuba as in Canada. For equally powerful reasons the DAVIS "NOBLEMEN" Cigar and the high-grade "imported" smoke taste and are the same, yet the "NOBLEMEN" costs half the price, or 2 for 25c.

"NOBLEMEN" size, 2-for-a-quarter. "DAVID" size, 10c straight. "CONCHA FINA" size, 3 for 25c.

S. DAVIS & SONS, LTD., MONTREAL. Makers of the famous "PERFECTION" 10c Cigar.

TO ISSUE DEJURETURES FOR LIBRARY BRANCH

Controllers Grant Request of Library Board—Don as Ward Boundary.

The request of the public library board for \$75,000 for the establishment of a branch at Bloor-street and Dovercourt-road, and the equipment of the reference library with books, came before the board of control yesterday, and Controller Bowen registered a strenuous objection to issuing debentures for the purchase of books. It was declared that this was the only legal way in which the library board could be given the assistance that was absolutely essential, and the majority of the board sent a recommendation

on to council that the debentures be issued. Controller Spence suggested that the library board establish a branch in the city hall for the keeping of municipal books, records and reports, but his idea was not favorably received because of the expense. The amount the library board asks for is to be distributed as follows: New site, \$25,000; building and fixtures, \$35,000; books, \$6000; books for the reference library on College-street, \$10,000. **Dusty in Ward Seven.** Ald. Baird complained of the dusty condition of the streets in the seventh ward, and asked that the \$4,000 asked by the street commissioner for the oiling and watering of unimproved roadways, which was struck out of the estimate, be reinstated. He declared that the City of West Toronto had been able to keep the streets in first-class shape for \$10,000. The commissioner was asked to report on the cost. The city solicitor reported that the Ontario Government had issued a proclamation fixing the eastern boundary of the second ward and the western

boundary of the first ward at the Don River, which is the result of the motion introduced by Ald. Yeomans at the inaugural meeting of the present council. **E. H. Harcourt, Limited, and E. Rummage registered a complaint** that they would be entirely isolated by railway tracks in event of the proposed C. T. R. and C. P. R. plans being carried out in the vicinity of their premises at Peter and Windsor-streets, and asked that the city use influence to make the railways buy the property at a fair valuation. The request will be considered when the C. P. R. plans come up for discussion again tomorrow. **More Pay for Linemen.** A deputation, headed by A. Garland, business agent of the Electrical Workers' Union, requested that the wages of the workers in the city hydro-electrical department be raised. They claimed that they were promised wages equal to those paid in every part of the province. They were paid 21 cents per hour, and they claimed that Fort William electrical workers received 25 cents per hour. Their request was referred to City Electrical Engineer Aitken for a report. There was a deputation from the W. C. U., who made a second visit to the board with a view to securing accommodations at the exhibition grounds. They asked permission to erect a brick building, at a cost of \$800. The parks commissioner will be asked to report on the request, after conferring with Manager Orr.

BATOCHÉ COLUMN OFFICERS. The annual meeting of the Batoché Column was held in the lecture-room at the armories and the following officers were elected for the ensuing year. Hon. president, Lt.-Col. H. J. Grassett; hon. vice-president, Lt.-Col. John Hughes, Newtonville, Ont.; president, Fred W. Petty; vice-president, Robt. Hazelton; secretary-treasurer, William J. Bewley (re-elected); auditors, Major Alfred Curran, William H. Caniff and S. H. Dye. The following comrades constitute the executive committee: Robert Marsh, Samuel Bennett, Wm. Collis and James Coulter. The annual social and reunion is to be held on Thursday evening, May 11, in the Royal Grenadier sergeants' mess rooms, 77 West Queen-street.

FIREPROOF STAIRWAYS IN 2-STORY FACTORIES. City and Ontario Government to Confer on Measure—Florists Complain. A large deputation of gardeners and florists at the fire and light committee yesterday, protested against the building by-law as it affects the erection of greenhouses. Robert W. King, of the King Construction Company, and also a member of the Gardeners' and Florists' Association, contended that the law as at present enforced was a retrograde move in the science of greenhouse construction and prevented a manufacturer erecting a sample house to sell from customers outside of the city. T. W. Adams, president of the Gardeners' and Florists' Association, and Walter Munston, a member of the same organization, gave similar views. The florists were asked to confer with the city architect, with a view to drafting a satisfactory by-law. John E. Laidlaw, manager of the Norwich Union Fire Insurance Company, who wrote the mayor regarding better fire protection in buildings where large numbers of employes are working, expressed his views to the committee. He suggested that every building more than two storeys high should have a fireproof stairway so arranged that if fire breaks out on one floor the employes can get to safety from the floors above. His scheme is similar to the one suggested by Fire Chief Thompson, in reference to the new school buildings. Immediate action should be taken to render safe all buildings which were up to specifications at the time of erection, but not up to date now. Ald. Hilton, Chief Thompson and Mr. Laidlaw will confer with a representative of the Ontario Government with a view to having a law passed making it necessary to have fireproof stairways, with automatic doors, but in all business buildings over two storeys in height. It is necessary to have a government representative as the government regulates all factories in the province. The chief reported that it would be well to remove the helpless patients at the home for incurables, to the ground floor and replace the wooden balcony by an iron one, lowering the outside rail to facilitate the removal of patients in event of fire. He also suggested a fire escape at the north side with balconies opposite the main corridors.

TOOK THE VEIL. Eight Sisters Admitted to Perpetual Vows at Kingston. KINGSTON, April 25.—(Special.)—The ceremonies of profession and reception took place to-day at the church of Our Mother of Sorrows, House of Providence. Right Rev. Mgr. Masterson officiated, assisted by Rev. A. J. Hanley, rector, R. J. Halligan, master of ceremonies; C. J. Duffus, J. J. Salmon, Morrisburg, Ont.; W. W. Cayne, Ganagh, Corkery. Eight sisters who had spent four years in probation were admitted to perpetual vows. To this number was added one other, who assumed temporary engagement for two years, while three candidates received the white veil and holy habit. The following are the names of the sisters for final vows: Teresa Masterson (Sister M. Florentina); Catherine Walsh (Sister M. Amadeo); Sarah Foley (Sister M. Conchita); Matilda Marsh (Sister M. George); Veronica Blanchfield (Sister M. Angelica); Elizabeth Whalen (Sister M. Lawrence); Rose Hamilton (Sister M. Cecilia); Philomena Roberts (Sister M. Christina); Margaret C. Kennedy Huntley (Sister M. Mary); known in religion as Sister M. Gregory. Those who received holy habit and white veil were: Misses May Kearney, Ptocon; Ethel Martin, Detroit, Mich.; Mary O'Neil, Erinville.

RESTORE YOUR MANHOOD And Have No Back Pains—No Nervousness—No Loss of Ambition—But With Plenty of Life and Energy and the Vigor of Youth Restored. To be strong and manly is the aim of every one, and yet how many we find who are wasting the vitality and strength which Nature gives them. Instead of developing into the strong, vigorous young fellows that nature intended them to be, they find themselves broken down and despondent—no ambition to do anything. They struggle aimlessly along, sooner or later to become victims of dreaded disease, their finer sensibilities blunted and their nerves shattered. No man should be weak. No man should suffer from the loss of that vitality which renders life worth living. No man should allow himself to become less of a man than Nature intended him; no man should suffer when there is at hand a certain cure for his weakness. Most of the pains, most of the weakness of the stomach, heart, brain and nerves from which men suffer are due to an early loss of Nature's reserve power. You need not suffer from this. You can be restored. The very element which you have lost you can get back, and you may be as happy as any man that lives. You can feel as vigorous as you were before you wasted your strength. You can enjoy life again. You can get up in the morning refreshed by sleep, and not more tired than when you went to bed. You can have no weaknesses in the back or strength is not slipping away. You can once more have bright eyes, healthy for you. In short, do you want to be strong and healthy? I can make you all this, because I have done it to others. I'll give you all the proof you want if you will write to me, and if you haven't confidence in Electricity let me treat you at my risk. I will give you the Belt on trial, without one cent of risk to yourself. Give me reasonable security, and I will take your case, and you can **PAY WHEN YOU ARE CURED** Pick out the men who have worn my Belt. See them with head erect, chest expanded, the glow of health in their cheeks, courage in their hearts, and a cheer of the hand that tells you, "I am a man." Mr. Samuel J. Harnett, North Gower, Ont., says—"I received a Belt from you some four years ago, and I wish to say that it was all it was represented to be, having cured me of indigestion and other ailments, and I now feel like a new man, giving all the credit to your Belt. Anyone giving it a good trial, I know will feel as I do." Cut out this coupon now and mail it. I'll send the book without delay, absolutely free. Call if you can. Consultation free.

Solving The High-Cost Problem

Eat simple, nourishing, inexpensive foods and you will be the gainer in health and pocket. The high protein foods, meats, etc., cost the most, are the hardest to digest and hence the least nutritious in the long run. Cut out heavy meats and soggy pastries for a while and eat

SHREDDED WHEAT

Biscuits, the ready-cooked, ready-to-serve whole wheat food—steam-cooked, shredded and baked in the cleanest, finest food factory in the world. Try Shredded Wheat for breakfast for ten days—served with milk or cream. Easily digested. Keeps the stomach sweet and the bowels healthy and active. Also deliciously wholesome when eaten in combination with stewed or fresh fruits.

Triscuit is the crisp, tasty Shredded Wheat—delicious for any meal with butter, cheese or marmalade. Toast in the oven before serving.

Made by
Canadian Shredded Wheat Co., Ltd., Niagara Falls, Ont.

A DOUBLE CURE FOR DOUBLE TROUBLE Father Morrissey's No. 26 Cures Catarrh by a Combined Treatment. The sudden weather variations in our climate result in a great many cases of catarrh—a troublesome disease usually considered hard to cure, and one which often leads to serious pulmonary and intestinal troubles. A neglected cold in the head weakens the nasal membranes, so that at every future exposure the trouble returns. At length these conditions are fastened onto the system, and the sufferer undergoes the annoyance and danger of chronic catarrh. Some doctors confine themselves to prescribing external applications, and thus do not reach the seat of the trouble. Others give internal treatment exclusively, and thus do not promptly relieve the affected parts. Father Morrissey, the skilled physician, rightly regarded catarrh as a double trouble, consisting of unpleasant local effects and their fundamental causes, the latter having to do with impaired general vitality. His famous remedy, No. 26, is a combined cure for catarrh. It consists of tablets to be taken three times a day, and an especially compounded salve. The salve is antiseptic, and quickly heals the inflamed membranes of the nasal passages. The tablets go to the seat of the trouble and restore the system to its usual tone. Together, they cure. Instead of neglecting a disease that is unpleasant to yourself and to others, and one which often leads to pneumonia and consumption, it is surely the part of wisdom to take timely steps to do away with the effects and at the same time remove the cause. No. 26 does just that. 50c. for the combined treatment. At your druggist's, or from Father Morrissey's Medicine Co., Ltd., Montreal, Quebec, and guaranteed in Toronto by: The Broadway Drug Co., cor. Spadina Ave. and College St.; Hennessey's Drug Co., Ltd., 107 Yonge St.; J. W. Wood, cor. Carlton and Parliament Sts.; also 770 East Queen St.; W. T. Pearce, 162 Dundas St.; also 1582 Dundas St.; The Hooper Drug Co., Ltd., 83 King St. W.

TEMPEST IN R.M.A. Officers Resigned But Later Convinced to Think it Over. At the regular meeting of the Toronto branch of the Retail Merchants' Association harmony did not reign supreme. The meeting was called to receive a report from the Dominion Board on some amendments that were asked for in the constitution. It was the intention of the officers to resign if the Dominion Board did not grant their request. Three hours of heated debate had the effect of the officials in charge all resigning, but they changed their minds when the majority asked them to reconsider the matter for a week. The chief conflict was between two factions of the association, and they both made charges, which proved to be merely personalities. The proposed amendments called for greater power in local branches and for a reduction of the per capita tax fee, but owing to important legislation that the Dominion and provincial boards were engaged in securing and opposing, the fee could not be changed.

ASK LICENSE REDUCTION. KINGSTON, April 25.—(Special.)—Kingston and Frontenac Temperance Alliance will ask the city council to submit a by-law to the electors calling for reduction by twelve licenses. This will leave approximately one license for every 1000 population. If the campaign is successful, it is possible it will be followed next year by another local option.

WATER EXPERTS ON THE JOB
Visited Mimico Point Yesterday and Will Go to Lake Simcoe To-day

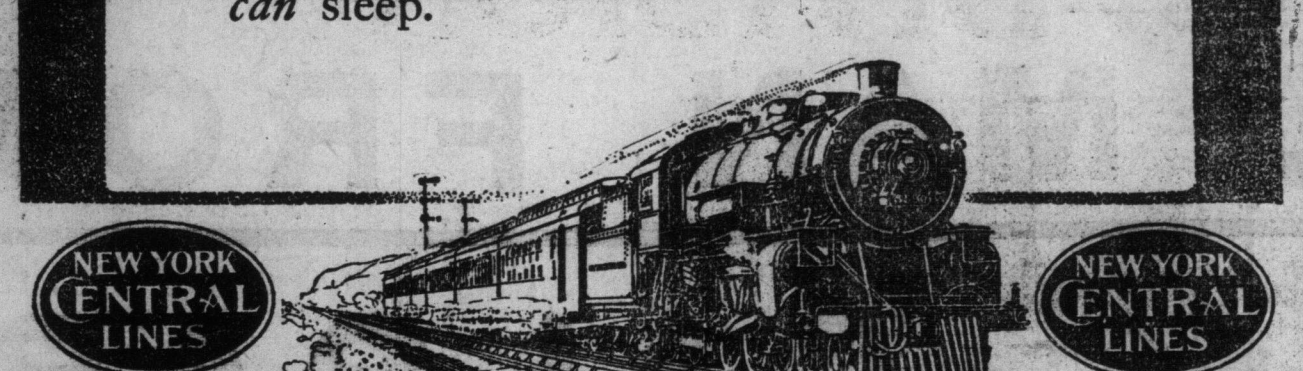

The city's board of water experts, J. G. Sing, chairman, Randolph Willis Chipman and T. Aird Murray, met yesterday and resumed enquiries into the present and future water supply. They paid a visit to Mimico Point yesterday afternoon and propose going up to Lake Simcoe this morning. They have been prevented from continuing the work they started some weeks ago, thru the illness of Messrs. Sing and Randolph, and the absence of Mr. Murray. The cut at Clarendon-avenue is completed with the exception of the removal of a few stones and some piling. The water from Blockhouse Bay is pretty well closed out and the water from Long Pond has been turned into the settling basin.

A sewer with a centrifugal pump on board was sent out to the temporary intake to pump the sand out of the pipe at that point and the diver found a tree at the second manhole, six feet long and three feet in diameter, at

Nineteen Cases of Typhoid Only. Another typhoid fever case was reported to the medical health department yesterday. It is from Hallam-street, and brings the total for the month, up to 19. This is considered a remarkably satisfactory showing by the department.

Wheat Declines Another Point On Favorable Crop Report

Weather Conditions Favor Bear Interests and Continued Selling Keeps Market Under Pressure—European Markets Lower.

CHICAGO, April 25.—Fine rains falling in the dry sections of Kansas, Nebraska and South Dakota carried down wheat prices to-day. There was a weak close, with last figures 1/16 to 1/16 under the level of twenty-four hours before. At the final gong corn varied from the same as the previous night to 1/16 up; oats were 1/16 to 1/16 down, and provisions were 1/16 to 1/16 advanced.

Tallies in wheat proved brief in every case, much long grain and more or less of the short variety being for sale at all the hard spots in the market. Besides, the bear sentiment, due to the fact where needed, advices were at hand showing that spring wheat seedling in the northwest would be largely completed on both sides of the international line this week, and that the Canadian planting would reach the huge total of 11,000,000 acres. Some temporary strength came from an unexpected report that the U.S. had sold a little wheat for export. Another momentary source of encouragement was the fact that the U.S. supply in the world's available supply. Such factors, however, were fully offset by news that foreign markets had become depressed owing largely to improved conditions for European crops. Furthermore, demand turned out positively in all directions, even Minneapolis admitting that the edge was off the range for July delivery ran from 33 1/2 to 35 1/2, with the close at 34, a net loss of 1/2.

Table with market prices for various commodities like Spring chickens, Pork, Beef, etc.

Foreign Crop Summary

Bromball's weekly summary of foreign crops is as follows: United Kingdom—There have been general showers during the week, which have been very beneficial, as the land was dry.

ST. LAWRENCE MARKET

Receipts of farm produce were light, owing to farmers being busy seeding. There were only three loads of hay on the market.

Market Notes

Joshua Ingbar bought 25 spring lambs at \$6 to \$7 each; 100 American yearling lambs at \$7.50 to \$7 per cwt. for selected lots.

Grain

HER HANDS WERE RAW HAD TO WEAR RUBBER GLOVES

"Fruit-a-tives" Completely Cured the Eczema.

GRANDE LIGNE, Que., Jan. 2, 1910. "My wife was troubled for three years with eczema of the hands which made her hands almost useless. The doctor gave her several ointments to use, none of which had any effect. He also advised her to wear rubber gloves (she wore out three pairs).

"I persuaded her, as a last resort, to try 'Fruit-a-tives.' The effect was marvelous. Her hands are now cured. We both attribute our present health to 'Fruit-a-tives.'"

"Eczema, rash, pimples, itching and burning skin are always caused by impure blood—due to chronic constipation, indigestion or some weakness with the kidneys."

"Fruit-a-tives" is a positive cure for all skin troubles. It is the greatest sympathy with the patient in the world—and is the only remedy made of fruit juices.

50c a box, 6 for \$2.50, trial size 25c. At all dealers, or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

The local market was easier in sympathy with a further decline in the Winnipeg market. Prices here show no actual change as yet. The export trade in flour and country hays is fair, and now that navigation is practically opened for the season, a steady increase in the movement is anticipated.

Canadian western, No. 2, 49 1/2 to 50 1/2; car lots, extra No. 1, feed, 48 1/2 to 49 1/2; No. 2, C.W., 48 1/2 to 49 1/2; No. 2 local white, 34 1/2 to 35 1/2; No. 2 local white, 34 1/2 to 35 1/2; No. 2 local white, 34 1/2 to 35 1/2.

Flour—Manitoba spring wheat patents, firsts, 32 1/2 to 33 1/2; second, 31 1/2 to 32 1/2; winter wheat, second, 31 1/2 to 32 1/2; straight rollers, 31 1/2 to 32 1/2; in bags, 1 1/2 to 2 1/2.

Rolls—Oats—Per barrel, 4 1/2 to 5; No. 2 yellow, 80c to 85c; No. 2 white, 85c to 90c; No. 2, 23c to 24c; No. 2, 23c to 24c, outside.

Wheat—No. 2 red, white or mixed, 84c to 85c, outside points.

Barley—For feed, 50c to 51c; for malting, 60c to 61c, outside.

Buckwheat—51c to 52c, outside.

Manitoba wheat—No. 1 northern, 85 1/2 to 86 1/2; No. 2 northern, 86c; No. 3 northern, 87c, outside points; May shipment; No. 1 northern, 88c to 89c.

Manitoba flour—Quotations at Toronto are: No. 1, 44 1/2 to 45 1/2; second patents, 44 1/2 to 45 1/2; strong bakers, 44 1/2.

Corn—No. 2 yellow, new 34 1/2 c. l. f., bay ports, May shipment.

Peas—No. 2, 80c to 81c, outside.

Ontario flour—Winter wheat flour, 33 1/2 to 34 1/2; seaboard.

Millfeed—Manitoba bran, 21c per ton; shorts, 23c; Ontario bran, 22c in bags; shorts, 24c, car lots, track, Toronto.

Foreign Crop Summary

Bromball's weekly summary of foreign crops is as follows: United Kingdom—There have been general showers during the week, which have been very beneficial, as the land was dry.

ST. LAWRENCE MARKET

Receipts of farm produce were light, owing to farmers being busy seeding. There were only three loads of hay on the market.

Market Notes

Joshua Ingbar bought 25 spring lambs at \$6 to \$7 each; 100 American yearling lambs at \$7.50 to \$7 per cwt. for selected lots.

CATTLE TRADE CLOSED ON VERY SOFT BASIS

Moderate Receipts Necessary to Check Impending Slump—About 200 Cattle Unsold.

The railways reported 101 carloads of live stock, consisting of 1611 cattle, 1236 hogs, 505 sheep and lambs, 416 calves and 1 horse.

The quality of cattle was good, and outside of the Easter market, there were more good as well as choice cattle on sale than at any previous market this season.

Early in the day there was a fair trade, with prices about the same as was paid at the Junction on Monday.

But later in the day trade became slow, the market feeling with about six to eight loads unsold. Evidently the supply was greater than the demand, and would there be a large or even a moderate delivery during the next two days look out for still lower prices. One reason for a slow trade to-day was that many of the largest buyers had no date needs on Monday, and were not anxious to operate unless they got bargains.

Choice butcher cattle sold at \$3.75 to \$3.90; good, \$3.50 to \$3.70; medium, \$3.15 to \$3.35; common, \$2.80 to \$3.00; cows, \$3 to \$3.25; bulls, \$4.50 to \$5.25.

There was a good demand for stockers and feeders. Feeders, 900 to 1050 lbs., each, sold from \$5.40 to \$5.50; feeders, 575 to 900 lbs., at \$5 to \$5.25; stockers, 600 to 700 lbs., sold at \$4.50 to \$5.

Milkers and Springers. There were a few good cows on the market, probably 15 to 20, but the rest were common, medium and late springers. Prices ranged from \$40 to \$70, but very few at the latter price.

Receipts large, trade slow, and prices easy at \$3 to \$5.50 per cwt., the average price being about \$5 per cwt.

The bulk of the offerings in the sheep barns was of American origin, that had paid 23 per cent duty, and were able to compete at a profit against our Canadian lambs.

Wesley Dunn sold 330 Chicago yearling lambs that cost \$4.75 at Chicago, freight paid, \$4.80 to \$5.20; feeders, 575 to 900 lbs., at \$5 to \$5.25; off cars for them, Canadian lambs sold at \$4 to \$4.50 with a few at \$4.75.

Sheep and Lambs. Receipts large, trade slow, and prices easy at \$3 to \$5.50 per cwt., the average price being about \$5 per cwt.

Select fed and watered at the market, \$6.75 and \$6.90; 50 lb. cars at country points, heavy hogs over 250 lbs., 50c per cwt. less than above prices.

Representative Sales

C. Zeaman & Son sold: 22 butchers, 110 lbs., at \$3.40; 8 butchers, 110 lbs., at \$3.75; butchers, 100 lbs., at \$3.95; 16 butchers, 70 lbs., at \$4.15; 15 stockers, 700 lbs., at \$4.75; 11 stockers, 600 lbs., at \$4.75; 12 cows, 110 lbs., at \$4.90; 6 cows, 100 lbs., at \$4.90; 10 lbs. at \$4.15; 6 cows, 100 lbs., at \$4.15; 8 cows, 90 lbs., at \$3.90; 5 butchers, 140 lbs., at \$4.75; 3 butchers, 140 lbs., at \$4.75; 100 lbs., at \$3.90; 20 cows, at \$4 to \$4.75; 7 yearling lambs, 50 lbs., at \$4.75.

Maybee & Wilson sold: 35 butchers, 100 lbs., at \$3.90; 15 butchers, 100 lbs., at \$4.15; 20 butchers, 100 lbs., at \$4.15; 10 butchers, 80 lbs., at \$4.15; 20 cows, at \$4 to \$4.75; 7 yearling lambs, 50 lbs., at \$4.75.

Platt, half-barrels, 100 lbs., \$3.25; barrels, 20 lbs., 41; tierces, 30 lbs., \$3.25; Lard—Compound lard, 50 lbs., \$4.00; Compound lard, 50 lbs., \$4.00; Compound lard, 50 lbs., \$4.00; Compound lard, 50 lbs., \$4.00.

East Buffalo Live Stock. EAST BUFFALO, April 25.—Cattle—Receipts 20 head, mostly fat, market steady; prime steers, \$6.30 to \$6.40; butchers, \$6.30 to \$6.40; calves, \$6.30 to \$6.40; hogs, \$6.30 to \$6.40; sheep, \$6.30 to \$6.40; lambs, \$6.30 to \$6.40.

Chicago Live Stock. CHICAGO, April 25.—Cattle—Receipts estimated at 2500; market slow and weak; heavy, \$5 to \$5.25; Texas steers, \$4.90 to \$5.10; western steers, \$4.90 to \$5.10; cows and feeders, \$4 to \$5.00; calves and heifers, \$2.90 to \$3.50; calves, \$4.30 to \$4.50; hogs—Receipts estimated at 12,000; market steady to a shade higher; light, \$5.50 to \$6.25; mixed, \$5.50 to \$6.25; heavy, \$5.50 to \$6.25; pigs, \$5.50 to \$6.25; rough, \$5.25 to \$5.50; stags, \$4.25 to \$4.75.

Chicago Gossip. J. P. Bickell & Co. had the following close: Wheat—There was an easier market for wheat all day, although at one time there was a fairly good rally on a report of export business at Duluth. New crop months closed at a little more than last week's decline. July was off to 89 1/2, and rallied to 91 1/2, and rested at 91 1/2 at the close. September closed 1 1/2 better than the low point, at 83 1/2. Trade naturally was inclined to be bearish at the outset because of weakness displayed before the close Monday. It was claimed that there was realizing for profits in the English market, the same as here, and that Le Platt offers were cheaper. Weather conditions favored selling because of additional rains southwest and forecast for showers and warmer. Northwest and West were strong recovery at one time.

There was not much activity in the oat trade, and in the end May price was at its decline, while the new crop months were at a net decline of only 1/4 for the day. Conditions for the new crop are so fine that selling pressure is likely to be felt, unless there is further display of strength in corn trade.

Liverpool Grain and Produce. LIVERPOOL, April 25.—Closing—Wheat—Spot wheat, No. 2 red western winter, 49 1/2; futures week, May 6 1/2, July 6 1/2, Oct. 6 1/2, & 3/4. Flour—White patents dull. 27s. Hope—in London (Pacific Coast), firm, 4 1/2 to 5 1/2.

Montreal Grain Prices. MONTREAL, April 25.—Cables on Manitoba spring wheat were weaker, bids 4 1/2 per quarter lower than yesterday, and demand very limited. The foreign demand for oats continues good, and as bids were in line with exporters' views, sales of 150,000 to 200,000 bushels were

Cobalt Shares Strong Feature on Mining Markets

Interest Diverted to Cobalts And Silver Issues Turn Strong

Mining Market Settles Down to Digest Porcupine Stocks—Meanwhile Traders Turn Attention to Cobalts.

World Office.
 Tuesday Evening, April 25.
 It is apparent from the trading in the mining market during the last two days that interest is being diverted from the Porcupine to the Cobalt stocks, and the silver issues are showing an almost all-round buoyancy as a result of this factor.

The transactions to-day were a further demonstration of this more speculative attention being paid to the Cobalt department than for some time, while the Porcupines were, if anything, a little neglected. At least this was about all that could be deduced from the list of operations, while the way in which the Cobalts responded to the improved demand was conclusive proof of the idea that these latter issues are in a healthy condition, and one which is altogether favorable to an upward movement.

There were various advances throughout the silver stocks, gains running from small fractions to upwards of four points, the latter being in effect, in Crown Reserve, Timiskaming was an Crown Reserve feature, the shares selling as high as 75, or over three cents above yesterday's level.

Peterson Lake is coming in for more attention, and the buying power has shown considerable improvement during the last day or so. The stock was up to 14 to-day, an advance of over a point. Rochester was also in good demand, and recorded a further advance, the this was lost in the late dealings.

Porcupine shares suffered from an apathetic buying movement, the majority of instances were more inclined to decline than to advance. Holding dropped back below the yesterday's mark, and Peterson, Dome, Vipond, Vipond and Swastika were all lower in the late dealings, when stocks were seemingly put out under forced sales.

Traders are viewing the resumption of interest in the Cobalts with a good deal of satisfaction, and in the main look for a sustained advance in the better issues. The negligible trading in the Porcupines is regarded with equanimity, as it is felt that the market must be given time to absorb the overhanging stock before any decided turn can be justly expected.

NIPISSING FINANCES.

In sending out a brief financial statement to stockholders of its affairs as of April 1, 1911, the Nipissing Mining Company gave notice of the payment of the quarterly dividend No. 21, of 3 percent and 2 1/2 percent on the preferred stock. The figures mentioned in the statement:

Cash in bank	\$731,883.51
On transit and in smelters	318,653.67
Ore sacked at mine ready for shipment	266,711.60
	\$1,317,252.78

FOUR CLAIMS SOLD

Byrne and Heidman Lots Go to "Paddy" Brennan.

FOR MURPHY CITY, April 22.—(Byrne and Heidman claims) Two in the Byrne and Heidman claims, and two in the Mattson claims, and two in Eldorado, have been sold by E. J. Logan, a prospector, to P. J. (Paddy) Brennan, of Montreal, a member of the Shamrocks, and well-known athlete.

"Paddy" Brennan spent two weeks in the district last October when the road was bad and he had been unable to go thru hard training, carrying pack and wadding trails, put him to the bad. This time he did not come in but did his business through a broker, "Jack" Logan. The claims are to be worked this summer.

Provincial Labor Federation.

At the annual convention of the Labor Educational Association of Ontario, to be held in Guelph on May 24, the question of forming a provincial Federation of Labor for Ontario will be discussed. Another question will be the removal of the labor paper, The Industrial Banner, from London to Toronto for publication.

Joseph Marks, editor of the Banner, is touring the province, speaking to the unions on both these subjects. He is at present in Toronto.

Advice to Dealers in Weapons.

The new provincial law regarding the sale of offensive weapons went into force on Saturday, April 22. Any dealer can procure a copy of the act after today by applying to the office of the superintendent of provincial police at the parliament buildings.

Recent Developments In Porcupine Camp

Interesting Summary of Current Happenings Received by Toronto Firm of Brokers.

Messrs. Scott, Dawson & Paterson, members Standard stock exchange, have received the following report from E. A. Sutton, their representative in Porcupine:

The "Rea Mines" are now at the 200-foot level, with big values; they have received the following report from E. A. Sutton, their representative in Porcupine:

The "Rea Mines" are now at the 200-foot level, with big values; they have received the following report from E. A. Sutton, their representative in Porcupine:

RAINY RIVER GOLD MINES NOW TALK OF THE TOWN

Continued From Page 1.

making 10 locations in all, grouping them all together as mining location A, 20, Sultana Island, containing about 400 acres. The crown granted undivided interest in the above parties.

Now Own Entire Property.

A company was formed called the Sultana Ophir Mining Co., Limited, to which all the above interests were transferred, so that this company owns the entire property. The title is a Toronto title, which means that any person bringing forward a possible claim adverse to the certificate of title would have to resort to what is known as the Assurance Fund Act, and could not disturb this holding by the Torrens title.

The value which those holding the Dominion title above referred to attached to the property was estimated at \$100,000 by the desperate fight that was made, the case having been carried to the judicial committee of the privy council, the matter being finally decided in the sum of \$100,000 has been spent in costs.

Appeal to Privy Council.

The appeal to the privy council from the supreme court of Canada was argued in the year 1901. In the record of the proceedings of the privy council the case was stated as follows: The Ontario Mining Co., Limited, plaintiffs and appellants, and Edward Seybold, Edmund E. Oser, J. W. Moyer, Elizabeth Johnson, John W. Brown and John S. Ewart, defendants and respondents.

Edward Seybold is a successful manufacturer of Ontario, and respondent. He is a very powerful syndicate there. E. B. Oser, M.P., is well known in the Public Life of Canada. He has since sold out his interest in the property, and it is understood his interests are now held by English investors. Mrs. Johnston has transferred her interest to the National Trust Co., which company has sold this interest to a company organized under the Ontario act known as the Sultana Ophir Mining Co., Limited. John W. Brown represents the J. J. Hill interests at Winnipeg. J. S. Ewart, K.C., is the well-known barrister of Ottawa, who took such a prominent part in the litigation of the Hague last summer. So, altogether, the litigation concerning this one mine in the Rainy River district, namely, the Sultana Ophir, has been a celebrated case, involving many prominent men and large financial interests.

Who Will Get Judgment?

The names of Arthur W. Anglin, C. C. Toronto, Thomas Mulvey, K.C., Ottawa, and W. N. Thiley, K.C., Toronto, have been mentioned in connection with the vacancy on the high court bench caused by the death of Mr. Justice MacMahon.

It is reported that Mr. Anglin is unwilling to accept the appointment.

Canadian Pacific Railway officials are greatly pleased with the success of their North Toronto evening train. This is comparatively a new train, being introduced only last fall, but it has more than exceeded expectations. North Toronto residents have been especially pleased with this service, as besides making fewer stops than the other trains, it leaves from a part of the city which is very convenient to northern residents. Montrealers have also found the train much to their liking, as it enables them to leave Montreal or Westmont later than other trains and yet lands them in Toronto in time for breakfast before business offices open.

New Vein Shows Up In Excellent Shape

Dome Extension Is Making Good Showing Under Active Development Work.

Reports from the Dome Extension say that the new thirty-foot vein that was uncovered last week is showing up wonderfully. The overburden has been removed for several yards, and where it is uncovered visible gold is apparent all along the foot walls.

Pannings taken across the whole thirty feet show colors half as long as a finger to every pan. Even the schist on each side of the vein pans gold up into the two figures.

Such ore does not need to be assayed. Some of the assays actually made run into high figures, and the whole ore body gives every evidence of being excellent milling ore.

The blocking out of the ore will go on rapidly. Three main working shafts are being sunk, one on the Big Sulphide, one at the intersection of the new vein and the Big Sulphide, and another to the east, the three forming a triangle. In this triangle an immense body of ore will be blocked out. The work is being consistently done, as it was done on the Dome itself, where there is probably \$2,000,000 of ore now actually blocked out. Capt. Anchor is carrying on the work and expresses great satisfaction with the outlook.

Dome Extension is fast becoming one of the leading mines in the Porcupine.

TEACHERS FOR CALGARY.

Rev. G. W. Kerby, president of the new Mount Royal College in Calgary, is spending a few days in Toronto, engaging members for the school staff, of which he is the head.

Among the specialists whom Mr. Kerby has engaged on his present trip are Miss Graham, specialist in English and modern languages, an honor graduate of Toronto and post-graduate, France and Germany; J. H. Beeseley, specialist in mathematics and science, Mount Allison University; W. G. Bennett, commercial specialist, Queen's University; Miss Norah Powers, Halifax College, specialist in classics, a graduate of Dalhousie University.

House Densely Inhabited.

Edward Richards, who sued John H. Willis for the return of \$20,000 before Judge Morson yesterday, in the division court, claims that when he lit the furnace, bedbugs crawled out of the wall. Judgment was given for the plaintiffs with costs.

George Clay's Estate.

George Clay of Aberdeen-avenue left an estate worth \$87,132. His widow, Eliza Clay, was left the whole estate.

George Douglas Griffin of 196 James-st. left an estate valued at \$3300. Emily Griffin, his daughter, is the sole beneficiary.

Porcupine will show rich values and pay big dividends.

DON'T NEGLECT COBALTS

Since the introduction of the Porcupine stocks there has been a disposition to disregard the Cobalt securities. Prices for the silver shares are low, and we expect a good advance to take place at once.

In Porcupines GOLD REEF and STANDARD PORCUPINE are two cheap stocks which will undoubtedly make good profits for present buyers.

SCOTT, DAWSON & PATERSON
 STOCK BROKERS, 24 King St. West, TORONTO.

PORCUPINE THE GOLDEN CITY

Station of the T. & N. O. R.R.

The Town of Porcupine is located on Porcupine Lake, in the heart of the greatest gold field ever discovered. Stages and motor boats clear in every direction to the various mines. "Bobs Lake," a mile distant, the source of water supply, now being installed for the town, has been carefully analyzed, and is the only body of water in the vicinity that is adapted for drinking and cooking purposes.

It is worth your time to think about it as a business proposition, but act quickly before the choice sites are selected. Every mile of advance of the railroad adds dollars to the value of the sites now offered for sale.

Choice Hotel Sites on the Lake Front, ideal locations, convenient for business men and tourists, but the selection of these sites must be made at once. Remember there are over three hundred buildings already. The fact that the government has recognized the importance of the camp to construct a railroad, is assurance of its permanency. Choice lots for residences are offered in the different sections of the town.

Local maps of charts of the town will be sent if requested, and selections will be held for a limited time on receipt of deposit, and lots will be sold in easy payments.

Write at once, address and make money orders, cheques, payable to

TIM MARLEAU, Box 158, Porcupine.

Bordered Silk Foulards, newest colorings, Persian border, 44 inches wide. Per yard **2.00**

Bordered Silk Foulards, in an endless variety of designs, 40 inches wide. Per yard **1.50**

The Exception

That millinery bill is generally rather a staggerer to the poor unfortunate who doesn't wear the hat. Of course it is because he does not know the real value of women's dress. However, here is the exception. A stylish hat (and style is exactly what costs money), trimmed with handsome plumes, for \$10.00. Surely this is reasonable enough. The feathers cost as much as we are asking for the trimmed hat. The shapes are New York's latest, in tagel, mohair and fine chip. Thursday **10.00**
(See Yonge Street Window.)

Gloves and Hosiery

Men's Finest Imported Chamois Gloves, natural shades, P.X. M. and pique sewn seams, a perfect washing glove, comfortable and drowsy, all sizes. Special Thursday **1.25**

Women's Fine Imported Plain and Ribbed Black Cashmere Hose, full fashioned, double spliced heel, toe and sole, all sizes. Regular 50c value. Thursday, pair **.29**

Women's Imported Lisle Thread Hose, black, also opera shades and fancy patterns. Regular 25c. Thursday pair **.19**

Women's Long Black Silk Gloves, all pure thread silk. Regular 75c. Thursday, pair **.49**

Linens and Staples

TABLE CLOTHS \$3.00 EACH.
75 Fine Double Damask Table Cloths, size 70 x 90 inches, all pure linen, Irish make, extra quality, new fancy bordered designs. Thursday, each **3.00**

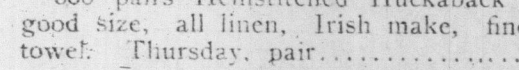

LONGCLOTH 10c YARD.
900 yards Fine English Longcloth, 36 inches wide, free from dressing, fine even weave, for fine summer clothing. Special Thursday, yard **.10**

40-INCH BROWN HOLLAND 22 1/2c YARD.
700 yards All-linen, Irish make, brown Holland, 40 inches wide, perfect washing goods, just the thing for children's wash dresses. Thursday **.22 1/2**

HUCKABACK TOWELS 48c PAIR.
300 pairs Hemstitched Huckaback Towels, good size, all linen, Irish make, fine drying towel. Thursday, pair **.48**

BLEACHED SHEETS \$1.44 PAIR.
100 pair Large Size Sheets, plain weave, size 80 x 90 inches, full bleached, torn ends, English sheeting. Special Thursday, pair **1.44**

\$4.75 WOOL BLANKETS \$3.83 PAIR.
40 pair only. Fine Unshrinkable Wool Blankets, good size 68x86 inches, good close napping, soft finish, regular price \$4.75 a pair. Thursday, pair **3.83**

Warranted Sound

MAN doesn't often buy a valuable horse unless "warranted sound." Often enough, too, he gets someone else's opinion to reinforce his own. Here are some clothes for out-of-door wear, "warranted sound." The good opinion of most men goes with such names as "Burberette," "Priestley's Cravenette." Anything that leaves our Men's Clothing Department will stand pat against hard wear, and look well during the process.

English Burberette Raincoats, a soft finished, fine twilled material that is porous, yet waterproof, being thoroughly proofed by secret chemical process; single breasted style, in fawn, with military collar; tailored in the best manner, and half lined with twill mohair. Sizes 36 to 46 **16.50**

Men's Driving and Automobile Waterproof Coats. These raincoats are made from a fine quality English covert cloth, in grey and fawn, thoroughly proofed by chemical process, single breasted Chesterfield style, cut long and roomy, splendidly tailored. Sizes 35 to 44 **12.00**

Priestley's Cravenette Raincoats, in black, grey and fawn shades; a finely woven, smooth finished material, suitable for spring wear; cut on the new single breasted Chesterfield models, long and roomy. Sizes 35 to 44 **18.00**

Paramatta Waterproof Coats, a lightweight single texture material that is easily carried; thoroughly rainproof; single breasted style, with military collar. Sizes 36 to 46 **10.50**

English Paramatta Automobile Waterproof Coats, in a fawn shade, single breasted style, with Presto collar, which can be worn buttoned close up to the throat or turned down, finished with elastic wind cuffs in sleeves. Sizes 36 to 46 **15.00**

A Clearance Sale of Men's Shirts

3,000 Men's Neglige and Outing Shirts. The negliges are made from good hard-wearing cambric; the outing shirts are cashmerettes, fancy duck, etc. All sizes are represented. There is nothing wrong with the quality of these shirts, they are odd sizes, and a few are slightly soiled. That is the only reason for selling a shirt. Usual prices at \$1.00 or \$1.25. For 39c Each

Underwear

MEN'S BALBRIGGAN UNDERWEAR 44c.

A medium weight balbriggan in three colors, sky, grey and natural, neatly trimmed with satin to match. These garments are made from genuine Egyptian yarns, and will give excellent wear; sizes 34 to 44 in each color. Thursday **.44**

2,000 Men's "Body Guard" Brand Natural Wool Shirts and Drawers, fine and soft non-irritating and guaranteed unshrinkable. These are just the weight for present wear. Sizes 34 to 44. Special Thursday **1.00**

Men's Hats

Christy's English-made Derby Hats, in every new style that is pronounced correct for the present season, all the different proportions in height of crown and width of brim. Special at **2.00 and 2.50**

Soft Hats for Men and Youths, all the newest ideas. Let us show you our lines, complete range of colors, in tourist, Alpine, crusher, negligé or telescope, fine American and English fur felt. At **1.00, 1.50 and 2.00**

China for Thursday

97-piece Dinner Service for 12 persons; the ware is Austrian china with a dainty floral spray decoration on a beautiful transparent body; the pieces are trimmed in gold, the cups are in the new Kermiss shape. Regular \$16.50, Thursday **12.50**
Large size Porcelain Meat Platters, 16 and 18 inches, Thursday while they last **.25**
Water Jugs, in neat pressed glass, quart size, Thursday **.25**
Table of plates, jugs, mugs, soap dishes, etc., valued up to 20c. Thursday **.5**

See This Furniture

Dressers and Washstands, made of solid hardwood quarter-cut oak finish, large mirror and good drawer space. Thursday **8.90**

Suits, Coats and Skirts

that are becoming

Stylish and becoming Suit of black silk ninon; coat is semi-fitting both back and front; fastens in front with three silk corded buttons, neatly stitched notched collar and cuffs to match; the new plain gored skirt, with semi-pleats from knee line to bottom of skirt **27.50**

Another beautiful and fashionable Suit of black matalasse. Coat is lined throughout with king's blue satin; the new square back collar, with large pointed revers, inlaid with black satin, and fastens with two large corded and satin ornaments; five-gored skirt, with wide back panel, which fastens to left side **45.00**

A beautiful Coat of superior quality French serge, in cream only; has a semi-fitting back, with heavy seams, deep vents at back; a large, round collar, with long revers, overlaid with black satin and narrow pipings of blue; plain manish sleeves, with wide cuffs, trimmed to match collar; a trimming of self gives the effect of a pocket; just the style of a coat that is wanted for wear at the Horse Show. Moderately priced at **25.00**

Four Styles of Women's Separate Skirts.

No. 1 is of all-wool Panama, in black and navy, made in a nine-gore style; has a yoke effect on side gores formed by deep tuck of self **4.50**

No. 2 is made with panel front and back, pleated on side gores around bottom, and finished with self-covered buttons; this comes in black or navy all-wool Panama, and sells at **4.50**

No. 3 is a very smart Skirt, and is made of imported Panama, in black only, and has front and back panel, is tucked on side gores; has the fashionable deep band around bottom, with inverted pleat in centre, and finished with buttons **5.00**

No. 4 is of Panama, in black and navy, and is made in a plain gored style, has tucked seams, front and back panel, and fastens at left side in front **5.00**
