FIVE DEATHS ADDED TO ST. THOMAS LIST

St. Thomas, Oct. 18.-The epidemic of Spanish influenza continues unabated in St. Thomas. Fifty new cases were reported today and five deaths have occurred during the past twenty-four hours. All the victims are comparatively young people, ranging in ages from two years to forty. Anne, the two-year-old daughter of Archibald Schram, is dead. Ivey, the eight-year-old son of James Walker, after a week's illness, developed pneumonia, and William John Macdonald, fireman on M. C. R., died today in the Hope-well Isolation Hospital. Macdonald, aged 22 years, was the only son of John Macdonald of Ridgetown. John Hughes, also an employe of the M. C. R., died in the isolation, hospital this morning, aged 39 years. He is survived by his widow and two sons. Mrs. George E. Forsythe died this evening, aged 32, survived by her hus-band and one daughter and two sisters

evening, aged 32, survived by her husband and one daughter and two sisters who are nursing in France.

ENCOURAGING SIGNS IN OTTAWA EPIDEMIC

Ottawa, Oct. 18.—The Ottawa epidemic situation is continuing to improve. The health authorities were more optimistic tonght than at any time during the week and reports from all sections of the city were more encouraging. The number of deaths during the twenty-four hours ending at noon on Friday were 33, a decrease of two over the previous day's of the city were and the city of the city were and the city hospital tonight and sixty at the city Hospital tonigh decrease of two over the previous day's record. The decrease was not very material, but the health authorities point out that this is not altogether a discouraging sign.

\$45 A MINUTE COST OF BRITISH RED CROSS

High Tribute Paid to Work at Banquet Tendered to Sir Arthur Stanley.

London, Oct. 18—Speaking last night at a dinner given by the American Officers' Club to Sir Arthur Stanley, chairman of the joint war committee of the British Red Cross, the Earl of Reading, lord chief fustive and British high commissioner and special ambassador to the United States, in referting to the allied entry of Ostend, said that it was a great night for America and England No one would consider him vainglorious if he claimed that the British army had done and was doing deeds which would make every Briton proud.

Sir Harry E. Brittain, founder of the Pilgrim's War Club for American army and navy officers who is active.

army and navy officers, who is active in Red Cross labors, said that the cost of the British Red Cross work was £9 every minute, each faithing of which went directly to help the grand work in all its multifarious directions. Sir Arthur Stanley paid a warm tri-bute to the American Red Cross. He said that the credit for the establishment for the ambulance corps on the various fronts was largely due to the initiative of the American and Britis. Red Cross. "The whole Brtish naton," he said, "will ever remember not only the help America has given in the field, but the generosity and affection she has shown this country in the hour when we sorely

EATON'S DAILY STORE NEWS

EXTRA SPECIAL! Boys' Tweed Suits, \$4.75; Boys' Overcoats, \$8.95

Two Extraordinary Offerings in Boys' Clothing Today

For this item we cannot take phone or mail orders, the quantities being limited Today's the day to outfit the boy with a new suit and overcoat, for both are offered at money saving prices.

These two specials combine to make one of the best offers so far this season---in fact. so low are the prices and so good the materials that judging from conditions now prevailing we cannot expect to be able to duplicate the value for weeks---maybe months---to come.

\$4.75! How far would that go in making a suit---but in spite of that here are about 200 suits to clear today at that very price.

They are all broken lines, but are of strong wearing cotton and wool tweeds, in many patterns of mixed greys and browns. They are single-breasted style, with pleats at front and back, and belt sewn at waist, others with pleats at back only, and sewn on three-piece belt at waist, flap or patch pockets, and strongly lined throughout. Bloomer pants. Sizes 24 to 35. Greatly reduced today, \$4.75.

Big Boys' Overcoats, in plain shades of brown or grey, in soft, fluffy finished wool and cotton overcoatings, also in Witney cloth. Snug, warm coats in the smart double-breasted belted model, with slash pockets and fancy cuff on sleeve. Centre vent in back, and warm body linings. Sizes 29 to 34. Price \$16.50.

Big Boys' Overcoats are in a big variety of patterns of thick, warm, comfortable materials, such as wool or wool and cotton overcoatings, in plain grey or browns; also in many mixed patterns. They are made in cloth ends from lines that have accumulated in our own factory---only a few coats of any one pattern. Are neatly tailored in doublebreasted models, with convertible collar and loose belt at waist with buckles; loose-fitting back, straps on sleeve, and well-built shoulders. Warm body linings throughout. Sizes 29 to 34. Today \$8.95.

Boys' Overcoats, "Ulster Model," \$15.00. They are thick, warm, fluffy finished overcoating in wool and cotton mixtures. Included are dark browns in plaid effect, doublebreasted standard ulster model. Have two-piece half belt at back, inverted pleat also at back running from waist to bottom of coat. Sizes 29 to 34. Price \$15.00.

With shawl or military collar and two pockets; in plain cardigan stitch, in light and dark grey, dark brown, green and brown or plain slate grey. Sizes in the lot 34 to Special, each, \$3.45.

Boys' Sweatercoats-In plain cardigan stitch, or fancy stitch, with storm collar—medium weight coats of cotton and wool in plain grey, maroon and brown or in grey with purple or green with fawn trimmings. Sizes 26 to 32.

Men's Underwear-For fall and winter wear, fleece lined cotton shirts in single or double-breasted style; all garments with ribbed cuffs, sateen facings, and suspender tapes on drawers. Sizes 34 to 44. Garment, \$1.00.

Men's Work Shirts-Of heavy cotton drill in assorted black and white striped patterns; with full sized body, double sewn seams and lay down collars attached, breast pocket and single band button cuffs. Sizes 14 to 18. Each,

Men's Neglige Shirts—Of Eng-lish and American makes, being broken lines, made in coat style with laundered or soft double cuffs, some of woven cloth in wool taffeta effects; others in fancy colored striped shirtings, in patterns of blue, black, green or helio. on light grounds. Sizes in the lot 14

to 171/2. Special, \$1.69. Men's and Boys' Laundred Collars discontin u e d lines, including such wellknown makes as "W. G. and R." and "Arrow," in stand-up-turndown styles. close-fitting or cutaway fronts, some with long points. Sizes in the lot 13 to 18, but not all sizes in each style. To-day, 3 for 25c, or, each,

-Main Floor, Centre.

Men! A Clearance of Tweed Hats and Felt Fedoras, Special Today, \$1.40

You've no doubt seen and appreciated the air of quality and pleasing style of the tweed hat-a hat that one can have every confidence in for service. It's seldom you see them at \$1.40, if ever, and the reason this time for such a pricing is that they're made of stout ends of tweeds in browns, greys and

mixed shades. The felts are in crease crown style, with flaring or rolling brims, having raw, welted or bound edges. In green, brown, fawn, grey or black. Sizes 65% to 71/2. Today, each, \$1.40.

Men's and Boys' Caps, Special, 79c

In one, four or eight-piece crowns, with or without band at back. Of wool or wool and cotton tweed mixtures. On grey, brown, green, pin checks, plaids, heather or fancy mixtures. All sizes in the lot, but not in each line. Today, each, 79c.

These hats are of silk velvet, in a variety of shapes, including diamond shaped crowns with white piping and flexible brims; Rah-Rah shape with dome crown and drooping brims trimmed with corded ribbon having white edging; navy blue velvet having sectional diamond crowns with self-raised piping and stitched brims; green plush hats with fancy shaped crown,

diamond shapes, crowns with hook over top, dome crown shape with turned-up brims. The trimming corresponds with the color of the hats, which include royal blue, navy blue, or black. All sizes in the lot, but not in each line. Special, today,

-Main Floor, James St.

T. EATON COMITE.

Clearance of Men's Boots at \$3.35

Popular lace style, with recede shape toe. The leather is of good weight, gunmetal, with low heel, and double sewn soles, with solid leather insoles. Sizes 6 to 1.1. Today, clearing, per pair, \$3.35.

Also These Values in Regular Lines

Boys' Boots—Mahogany Blucher Boot, with solid double soles and shanks. Wide full toes. Sizes 1 to 51/2. Per pair, \$4.00.

Mahogany brown, straight, low boots, with Neolin sole and rubber heels. A neat recede last. Sizes 1 to 51/2. Price, per pair, \$4.35. Men's Boots—Mahogany calf, Blucher pattern, with wide toe and welted Neolin soles, and rubber heels. Sizes

51/2 to 11. Per pair, \$7.00. "EATONIA" mahogany calf, straight lace boots, with a recede last. Leather sole, Goodyear welted. Sizes 51/2 to 11. Per pair, \$7.00.

A Clearance of Men's and Young Men's Medium and Light Weight Overcoats, \$16.25

Of Tweeds and Homespuns in Browns, Fawns, and Mixed Patterns.

Of a quality that would be a value among values in normal times at \$16.25—let alone now! It's a collection of odd lots and broken sizes, in a number of patterns. Slip-ons with narrow shoulder effects, patch and slash pockets; others with all-around belts, suitable for young men or youths. Some have regular shoulders and set-in pockets with flaps. All are in

button through style, some have lined sleeves and yoke, others are lined thruoughout. Sizes 34 to 44 in the lot. Special,

today, \$16.25.

DEATH RATE HIGHER Cut Your Own Hair AN APPEAL FROM THE FROM INFLUENZA Easier Than Shaving

THE DUPLEX AUTOMATIC HAIR CUTTER has 4 times the cutting power of any hair-cutting machine ever placed on the market. It is 4 times the size and will do the work 4 times as well and 4 times as fast as any other machine.

You do not need any experience or practice to use the DUPLEX AUTOMATIC HAIR it you can have your hair out better than it was ever out before.

The DUPLEX will cut as closely or trim as long as you wish it to. No clippers or solssors are needed with the DUPLEX; it finishes the work completely. It cuts the front hair long and the back hair short. Trims around the ears, etc. It is absolutely safe. A child of six can cut his own hair. The patent hand-made comb has a handle to fit the hand, and keeps the fingers free from the blades.

The cost of all raw materials used in the manufacture of the DUPLEX has increased nearly 100 per cent. Inside of a very short time you will have to pay \$2.00 for the DUPLEX. The price today is \$2.00, but while our present stock lasts we will accept this advertisement the same as \$1.60 Cash. Cut it out and send it with ONLY \$1.00 and we will send you the DUPLEX AUTOMATIC HAIR CUTTER, ready for instant use, postage paid, registered mail to any address. Send Today—tomorrow may be too late. help and no one to send. One man crawled out of bed to call for help. "For God's sake send some one to us," he said. "There are seven of us in bed in this house and not a person in to get us a drink for two days."

One most pathetic case was that of a

Duplex Manufacturing Co., Dept. U3, Barrie, Ont.

EPIDEMIC INFLUENZA

Epidemic influenza is an infectious disease spread by exhalations from the lungs of those who suffer from the lungs of those who suffer from the lungs of those who suffer from the lungs may reand inflames them and is accompanied with fever. The complaint only lasts three or four days, but the patient is left very weak. Those most susceptible to it are those who work in places where the air is impure, such as where much gas is used or where many people are crowded together and little ventilation; all of these must expect to suffer if they come in con-

Prevention—Breathe the purest air possible and thus get the mucous membrane strong, so that the poison germs which fall upon them cannot set up inflammatory action. Have the windows open four or six inches everywhere, night as well as day. Keep the mouth shut and breathe thru the nose. Those who are anxious to escape the complaint must keep out of all ill-ventilated places until the epidemic has gone; such places as churches, chapels, meetings, halls, theatres or rooms where people meet together without widely open win-

Symptoms-One of the first symptoms is a violent headache across the forehead or behind the ears. There is, at the same time, weariness, unof the social needs, but cannot supply nurses.

Burwash Hall and Jesse Ketchum

Very few meetings of any sort are being held in Toronto now owing to the epidemic of Spanish influenza. All meetings at the Labor Temple have been canceled until further orders. There was no meetings held last night at Orange Hall, Queen street, and at most lodge halls, orders were issued prohibting the extension of sessions beyond the hour of ten o'clock. Usually there are at least 300 trades unionists in session at the Labor Temple, but last night there were

Many women's organizations are anxious to help the families sufferng from influenza by providing and cooking food. That nourishing food is an essential in many homes is recognized by Dr. Hastings, the medi-cal health officer, who yesterday declared that no time should be lost in

The following announcement was made by F. N. Stapleton, general secretary of the Neighborhood Workers: Pillow cases, sheets, towels and night dresses are urgently needed. In some cases the attending physician may or-der the patient to wear a pneumonia jacket, and all the adult members of the home are ill and unable to make this very necessary article. The nurses are too overworked to take the

time necessary.

There is also need for the preparation of hot soups, broths, etc., which can be sent out to cases where there is no one available to do the cooking. In many instances the whole amily are ill and have to depend on the kindness of neighbors.

To sum up, the needs are:

1. Bed linen, towers, etc., and materials which can be made any into

terials which can be made up into pneumonia jackets, etc. 2. Workers who cannot nurse, but who can cook or sew. Volunteers are asked for.

3. Money. The food and materials will have to be bought. Where patients can pay for the prepared food they will do so, but a good deal of it must be given away. Money is necessary also to meet certain emergencies in the home.

The Neighborhood Workers are undertaking the work of organizing and

THREE HUNDRED ALREADY.

Dr. Margaret Patterson, who is giving the lectures at the parliament buildings to the "Sisters of Service," ue, died yesterday at the Base Hosstates that 300 have already gone on cases. The sisters are sent from the office of the provincial health officer, Dr. McCullough. A staff is kept busy at Prospect Cemetery.

FUNERAL IS POSTPONED.

Prevent the "Flu"

by wearing

Dr. Chase's Menthol Bag

Since 1510 influenza has periodically swept over the known world. The last big epidemic in this country was in 1889, when almost every person in every home was brought

But the present form, known as Spanish "Flu" because it started in Spain, seems to be a most fatal variety on account of the quickness with which it develops into bronchial-

Hence the wisdom of preventing infection by every means possible, and our suggestion is to "Wear a Menthol Bag." We have arranged for the manufacture of thousands of these Menthol Bags, and while

they last shall give them away to the first persons who send in the coupon printed below. These bags are pinned on the chest outside of the underwear, and the heat from the body causes the menthol fumes to rise and mingle with the air you breathe, thereby killing the germs and protecting you against Spanish influenza and all infectious diseases.

It was always the aim of Dr. Chase to serve his fellow-man by the prevention of disease whenever possible, so that this gift is in line with the policy which he established.

In his large Receipt Book Dr. Chase devoted five pages to the treatment of influenza, and of his medicines on the market Dr. Chase's Syrup of Linseed and Turpentine and Dr. Chase's Nerve Food are used to splendid advantage in fighting this malady.

The Linseed and Turpentine should be used freely just as soon as there is any tendency for the throat and bronchial tubes to be affected.

Dr. Chase's Nerve Food is used to strengthen the action of the heart and aid in the restorative process.

The great secret of keeping healthy as well as of regaining strength after illness is by keeping the blood pure, rich and red.

Red blood is the greatest of germicides, for no disease can make any great headway so long as the blood is in condition to restore the wasted tissues.

In Dr. Chase's Nerve Food are found the vital substances which go to the formation of new, rich blood. It fortifies the system against attack and hastens recovery. You can buy half a dozen boxes from your druggist for \$2.75, but be sure to see the portrait and signature of A. W. Chase, M.D., on the box you buy.

But in the meantime send for a "Menthol Bag" and do all you can to protect yourself against the Spanish "Flu."

& Co., Limited 7 KING ST. WEST, TORONTO

At this point, while there were a number of so'diers inside of the restaurant, breaking and smashing things and looting it, there were a number of police, at least 25, outside, sufficient to have prevented this outrage, but instead of doing so, they were totally inactive, and altho it was suggested to inspector Mulhall by one of their damage done, and the injury sustained by some people, and an announcement was given out to the public to send in any complaints in order that they might be investigated.

On the 17th the investigation was commenced, the Great War Veterans' Association being represented by Lieut.-Col. A. T. Hunter and A. W. Roebuck, the Greek restaurants by J. W. Payne, and the police department by R. S. Robertson. Witnesses were examined on the 17th, 18th, 19th, 24th, 25th, 26th, 27th, 28th days of September, and on the 1st, 2nd, 3rd, and 4th days of October, when the evidence was closed.

On the 17th the investigation was commenced, the Great War Veterans' and altho it was suggested to inspector Mulhall by one of their own number that they should act, nothing was done; the men apparently waiting for orders from their officers, which never came. Inspector Mulhall being asked why he did not interfere, stated that it was dangerous.

As compared with this the action of Acting Detective Stewart shows to great advantage. Shortly thereafter inactive, and altho it was suggested to inspector Mulhall by one of their own number that they should act, nothing was done; the men apparently waiting for orders from their officers, which naves came inspector Mulhall by one of their officers, a strength maker, a blood purifier, a power in protecting against the ravover him and was picking him up over him and was picking him was picking him up over him and was picking him was picking him was

however, that the police should have acted differently and with more spirit and determination, and it is a matter of regret to the board that the police force at that point should have so thereby failed in their duty. The should have so thereby failed in their duty. The should have so thereby failed in their duty. The should have so thereby failed in their duty. The should have so thereby failed in their duty. The should have so thereby failed in their duty. The should have so thereby failed in their duty. The should have so thereby failed in their duty. The should have so thereby failed in their duty for the should have so thereby failed in the should have so the shoul thoroly failed in their duty. This they attribute to the lack of energy and initiative on the part of the officers, and perhaps to a misunder standing as to the real meaning of the arrangement between the milithoroly failed in their duty. the atrangement between the mili-tary and the police made in 1916, and acted upon for a couple of years. fact that after the first hight's riot-

the riot, and was enabled to do so by the measures taken by him.

During these riots considerable damage was done to restaurants kept by Greeks, and a number of civilians work injured by the police in driving back the mob. Unfortunately some in the riotous mobs were hurt, but none permanently injured.

Sergeant Snider and Inspector Tripp, with a policeman, at the Colonial mediately thereafter, on the 6th of August, the board instructed the acting-chief to make a full investigation as to those who participated in place. Some of these soldiers were injured by the police in driving that the energy and attention to duty of Sergeant John-ston, which played such havor in Europe. has reached this continent. Thousands of cases of the strange malady have are and that he saw Button when two prison-speared and many deaths are almost of college and Yonge, with a stick in his hand, on the sidewalk near the fountain, very excited, and was shouting, "Give it to the ——," and he made a blow at Police Constable Elliott with his cane, but did not hit him. Police Constable Elliott stated that he saw the fountain, very excited, and was shouting, "Give it to the ——," and he made a blow at Police Constable Elliott with his cane, but did not hit him. Police Constable Elliott stated that he saw the place. Some of these soldiers were to the energy and attention to duty of Sergeant John-ston, which are cheff the strange malady have are the saw Button when two prison-treat the saw Button when t Practically every ship which the blow coming and dodged it. This ouches our shores from abroad brings was after there had been stones and bottles thrown at the police. Police Constable Neill states he was the last to leave the corner to move the crowd westward. Private Button was then lying down at Davies' gate, and some one said he had taken a fit. Consoldiers came over and took him away. ahead of Tait with about 12 people between us. Did not see Button fall. Tait was going to pick him up when the two soldiers said they would take him to the hospital. Heard Button say:
"Don't push me," when the crowd were moving past me. Police Constable Tait stated that while two soldiers were being put into an auto after arrest, Private Button said, "Are you going to allow these yellow to take away our men? We fought What everyone needs now is a gen-eral tonic like "Fruit-a-tives." This times with crutches. Button, with the rush of the crowd, was standing a with Police Constable Whitelaw, when two soldiers said, "Officer, we will take him," and I asked where they were going, and they said to the Cen-tral Military Hospital, and I said "All

men that me claims was made and in the first possible and the control of the cont

cidal for the police to have acted differently than they did at any one of the places mentioned, except at pressed on examination by Mr. Roesumly side, the police being in such strength. The broard is of opinion as to Sunnyside, the policeman; he was small numbers and the rioters being standing up by a policeman; he was being done, when he himself was also struck and he immediately ran also struck and he immediately ran into a Chinese restaurant and held the door. Policemen coming down Yonge street to stop fighting that was going one of the newspapers, who was at the time of one of the newspapers, who was at the time of one of the newspapers, who was at the time of one of the newspapers, who was at the time of one of the attacks on No. 2 Station at street to stop fighting that was going down. The evidence of Sergeant Reeves showed that while he and Sergeant in the restaurant came to the door, in the restaurant came to the door, and the control of the newspapers, who was at the time of one of the attacks on No. 2 Station at the corner of Teraulay and Dundaes showed that while he and Sergeant in the restaurant came to the door, in the restaurant came to the door, and the police had differently and with more spirit. The board draws attention to the vere season of the year for colds—
act that after the first night's riet— one day is warm, the next is wet and dains so Previous to his being first one day is mother list night's right one day is mother is on her cold, and unless the mother is on her cold, and unless the mother is on her cold, and unless the mother is on her struck, there were stones and missiles struck, there were stones and missiles thrown at the police from side streets. The evidence of a number of policemen was given with reference to the attack on Partridge, and, among others, was that he was wearing artificial legs, and with the aid of two sticks was walking very slowly. On Saturday night he was sitting in the mildle of the benches on the south side of College street, near Yonge street, while there was a large crowd on the north side of College street, about 7 or by mail at 25 cents a box from p.m., and also on the east side of The Dr. Withams Medicine Co.

We are confident that only a word to the public in such a situation is necessary.

in the restaurant came to the door, and Col. Hunter refused to allow them in. Police Constable Ennis got in and the colonel immedately took hold of his baton and a scuffle took place, and the colonel immedately took hold of his baton and a scuffle took place, and they threatened to strike him when he showed them his press badge. his baton and a scuffle took place, and the colonel was thrown over on to the seats. He was afterwards taken out of the door and put into an auto, while his head was bleeding, and taken to the station. All attempts at ascertaining who strück Col. Hunter were season of the year for coldsere as several to the station. All attempts at ascertaining who strück Col. Hunter were by evidence to show that he was not struck by any policeman who admitted doing so. Previous to his being first struck, there were stones and missiles thrown at the police from side streets, at the corner of Teraulay street, he heard the voice of Patridge stating that he was a press man, and then he saw him on the ground; but, as his duty called him somewhere else, he was unsatisfactory. It was difficult, was very unsatisfactory. It was difficult,

The Toronto World ople to Bagdad, and joining the British forces coming up from Mesopotamia. The Turk is shrewder in his generation than the Hun.

At the same time we believe that the desperate military situation in which Germany now finds herself, accentuated by a political upheavai which daily fends more and more towards civil disintegration, will hasten a decision to accede to the allied terms, and to trust to the mercy of the representatives of civilization. It is only the criminals who delay this decision and delay will not improve their case.

Other People's Opinions

Trafalgar Day.

Editor World: As the navy and the mercantile marine have been largely responsible for the success of the allied armies in the field, and therefore will be largely responsible for the ultimate defeat of the central empires, the one—the merchant marine—having transported troops, food and munitions to the scene of actual hostilities, and the other—the royal navy—having convoyed the ships across, you will therefore readily see how indebted we are to the service of our gallant seamen, who "carry on" in the face of every destructive devise known to marine warfare. As "Trafalgar Day" marks the anniversary of our greatest sea victory in past years, the Navy League of Canada is making a special effort to induce the people of Ontario to observe this day as one specially dedicated not only to honor the memory of our great admiral, Lord Nelson, but also fof the purpose of paying a just tribute to the fleet.

F. McDOWELL, Publicity Manager.

The Navy League of Canada.

Small Houses Wanted.

Small Houses Wanted. nortation to and from outlying districts—is one expense. Our conditions vary greatly from practically every other nation, except, perhaps, Siberia. So there must be practical working out and application of any ideas brought forward. Crank remedies would be ineffective, for all interests in the nation must be considered. Whatever action is proposed must be broadminded. Generally and the demand prices will remain when the feel was in the nation in must be considered. Whatever action is proposed must be broadminded. THEATRE OWNERSHIP COMES UP IN COURT

Phone N. 5165.

The real ownership of the Star Theatre was yesterday afternoon the. centre of controversy between opposing counsel in the case of the Bank of Montreal vs. Frederick Waldo and Della M. Stair, in which the bank sought to recover the sum of \$30,246.21 lin respect to a judgment against Frederick Stair on behalf of the bank for this amount, given by Mr. Justice Magee at Osgoode Hall March, 1918. The case was tried by Mr. Justice Rose, who reserved judgment.

Della Stair and her husband are said to be owners of the Stair Building, the Star Theatre and a \$44,000 property on St. George street. The Star of Montreal vs. Frederick Waldo and

perty on St. George street. The Star Theatre, according to evidence, was purchased by Mrs. Stair in June, 1901, Mr. Stair making the purchase and the title deeds being made out in his name. It was further stated in evidence that in 1917 the husband transferred the title to his wife's name, and the argument of the counsel for the plaintiffs was that this was done so that the husband might evade the judgment or-der for the \$30,246.

Both Mr. and Mrs. Stair are theatrical managers, and it was contended by the defence that Mrs. Stair had not only supplied the cash for the purof the theatre but had also don most of the work of keeping it up, and was therefore entitled to most of the proceeds of the business. The plaintiffs, on the other hand, contended that Mr. Stair himself by virtue of his position as manager had contributed most of the work to this end, and that the theatre was held either by him as a proprietary interest or by both in partnership, either or both of the defendants being therefore liable for the \$30,246 judgment made out in favor of the bank. Wallace Nesbitt, K.C., was counsel for the plaintiffs and H. A. Scott, K.C., of Montreal, for the defendants.

ALLOWANCE DECREASED.

Chief Justice R. M. Meredith has decreased the allowance to Taxing Officer Thom to \$100 in respect to counsel fees against plaintiffs in the cases of the Flexlume Sign Co. v. the Globe Securities and eight others, the fee case of the Globe Securities being reduced by \$800.

Harper, customs broker, 39 West Wellington street, corner Bay. Adelaide 4682

ENTERTAIN SOLDIERS.

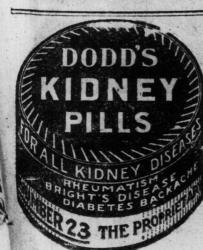

Thru the kindness of the Y.M.C.A. at the request of Major-General Logie, the soldiers quarantined at Exhibition Camp last night enjoyed a fine moving picture show. Four hundred seventy-five men watched the film thru. The Y.M.C.A. will continue the licture shows each night.

ADJOURNED INQUEST.

Coroner G. W. Clendennan last night opened an inquest into the circumstances surrounding the death o a result of being struck on Oct. 14 by a motor car driven by William Rick-ett. The jury viewed the body, reidentification evidence and adjourned till Oct. 24.

FELL FROM ROOF.

Allan Ramsay, 12, 3 Tecumsel place, had a narrow escape from serious injury yesterday when he fell 30 feet from the roof of a Niagara street house. He was taken in the police ambulance to the Hospital for Sick Children, where it was found he was suffering from a bad shake up.

THE WEATHER

where in Canada the weather has been fair.

Minimum and maximum temperatures: Prince Rupert, 40-48; Victoria, 48-56; Calgary, 30-62; Edmonton, 36-54; Battleford, 44-56; Prince Albert, 40-58; Minnedosa, 32-50; Port Arthur, 38-46; Sault Ste, Marie, 34-60; Parry Sound, 34-48; London, 31-61; Toronto, 36-50; Kingston, 38-60; Ottawa, 34-50; Montreal, 36-48; Quebec, 36-46; St. John, 34-46; Halifax, 34-40.

BEAUTIFUL HAIR IS NECESSARY TO

SCREEN SUCCESS

T is an interesting fact that the leading stars of the screen have beautiful hair. Their success in many instances depends upon it. It is also an interesting fact that stars of the screen and legitimate stage use and depend upon

Newbro's Herpicide They use it to keep their hair and scalp healthy, to make their hair soft, fluffy and shimmering. In short, they use it to make hair that is already beautiful, more beautiful.

If your hair is unsightly; if you are troubled with dandruff and your scalp itches even a little, HERPICIDE will correct these embarrassing conditions.

Lila Lee, The New Paramount Star writes:

"The Herpicide Company, Detroit, Mich.

Gentlemen:—After the use of a single bettle of your Herpicide it was plainly noticeable that my hair had improved in appearance to a marked degree. In every possible way the health and vigor, and beautiful lustre of my hair were improved to the extent that my friends commented on it. My observation of many artists on the stage and iscreen, particularly the stars in Paramount Pictures, has taught me the value of beautiful hair. This attribute no doubt aids in the securing of opportunities for many artists.

Cordially yours,

The improvement in Miss Lee's hair is not unusual. HERPI-CIDE will do the same thing for your hair. Your friends will quickly note its added beauty. It is just a matter of using HERPICIDE, and using it now.

People who have their own recipes for hair tonics find that the war has increased the cost of alcohol to such an extent, that this valuable stimulant, antiseptic, and germicide is sometimes omitted. The result is a watery fluid that acts as a pronounced scalp depressant. You have but one scalp to care for, don't cheat it. Use genuine NEWBRO'S HERPICIDE.

was connected latterly with the customs department.

Gaul played his first senior hockey with the Ottawas in 1905, when they successfully defended the world's championship and the Stanley Cup against the Rat Portage team. He was a member of the Capitals for several seasons, being the regular outside home for the team when it won the championship of the world in 1907. He was also in the party which toured England as guests of the late President Emmanuel Tasse. Horace was probably the cleverest stickhandler the Ottawa teams have ever had in hockey and lacrosse. In the latter it was really marvelous how he could accept a pass and spin around an opponent. He was a deadly shot and a great scorer.

NATIONAL HOCKEY LEAGUE MEETING

Toronto Arena, Ottawa and Canadiens of Montreal for Three-Club Circuit.

Montreal, Oct. 18.—The annual meeting of the National Hockey League, which replaced the National Hockey Association last winter, will be held at the Windsor Hotel tomorrow afternoon, when the hockey situation may be straightened out. This at present is only a two-club league, Canadiens and Ottawa, as Wanderers forfeited their franchise a year ago when they withdrew without finishing out their season, and the Toronto Arena Company was given a franchise for last winter only, according to Charlie Querrie, who managed the team and won the championship with it.

winter only, according to Charlie Querrie, who managed the team and won the championship with it.

When in town a short time ago, Querrie stated that the Arena Company would be given a franchise again this season, to make it a three-cornered race, as last winter, as there is little chance of the Wanderers being revived. So far as known, nothing definite regarding the hockey season has been done, and an adjournment may be made tomorrow afternoon until the situation is cleared up.

There is likely to be a shortage of players in the east this season, owing to the number of men who have enlisted since last winter, and juniors will have to be depended on to carry the club colors. Toronto is better off for players than either Montreal or Ottawa, owing to the number of well-known players now at the various camps of the Royal Air Force at the Queen City, and the majority of these men would, no doubt, obtain permission to play for a Toronto team, altho they would not be allowed to play for any out-of-town team, as a year ago. Emmett Quinn, who for a number of years held the office of president, stated tonight that he would not be in attendance at the meeting tomorrow afternoon, if held, and that he was out of the game to stay.

Queen City Curling

Club Elects Officers

The Queen City Curling Club annual meeting was held last night, with a good attendance, and all arrangements were completed for the curling season. The following officers were elected:

Honorary president, J. H. Spence; president, E. H. Brower; vice-president, Dr. J. H. Wickett; secretary R. B. Rice; assistant secretary, W. Phillip; chaplain, Rev. R. Law; committee, C. E. Brown, C. H. Kelk, A. T. Cringan, J. Nicholson; representatives to O.C.A., Brig.-Gen. R. Rennie and R. B. Rice; single rink committee, E. H. Brower and R. B. Rice; friendly games, G. G. Eakins and W. Phillip; social committee, A. T. Cringan, W. Duffett, W. Sparks and F. T. Marks.

The club skips will be elected at the November meeting.

Semi-ready prices are as low as high-quality permits.

War conditions have played havoc with wool prices and clothing conditions.

Many makers have gone down in the struggletrades which had leaned on monopolistic or "combine" agreements grew lamentably weak in their service to the people—their initiative grew inert.

Semi-ready Tailoring is to-day a survival of service in its best days—the price is in the pocket still, and the values are so much below the percentage of increase in wool, that one must give praise for the makers' study of efficiency and economy.

Keeping the Standard Up

T its annual meeting recently the United States Chamber of Commerce adopted the following resolution:—

"Whereas, the maintenance of the country's public utilities in the highest possible state of efficiency is essential not only to the war progress of the nation, but also to its business, industrial and public interests; and

"Whereas, such efficiency depends upon the preservation of the credit of the companies providing public utility service; and

"Whereas, the increase of costs and the unusually onerous conditions of operation brought about by the war seriously threaten the ability of the public utilities to continue the furnishing of the necessary service they perform; now, therefore, be it

"Resolved, that the Chamber of Commerce recommends to state and local authorities that they recognize the unusual and onerous conditions with which public utilities are contending, and that in the interest of the nation, and of the public, they give prompt and sympathetic hearing to the petitions of such utilities for assistance and relief."

We submit that the principles laid down above apply to our efforts to provide an adequate telephone service.

VIADUCT DECLARED **OPEN FOR TRAFFIC**

Thousands Quickly Take Advantage of the Big Public Convenience.

CARS IN TWO WEEKS

Scheme Advocated for 20 Years at Last Becomes a Reality.

One outstanding feature of the viaduct is that by it the distance from the head of Breadview and Danforth to the corner of Queen and Yonge is reduced one-fifth of a mile either by street cars, motor or on foot, or two-fifths of a mile for two trips per day for every citizen who makes the journey, This will run into thousands and thousands of dollars per annum in saved time, not to mention the saving in the life of the vehicles that make the trip and in the item of up-keep.

The saving by the viaduct in getting from Danforth to Sherbourne street (and this means all points west of Sherhourne) is 8000 feet, or one and three-fifths miles for every person or vehicle.

The Bloor-Danforth viaduct, the \$2, 500,000 undertaking which is destined to have such a big influence on the future development of Toronto, and which is but the beginning of other public improvements which will be necessary if the city is to keep abreast of its progress, was formally opened yesterday morning to the accompani-ment of cheers and the tooting of hun-dreds of automobile horns. Mayor Church was master of ceremonies. An improvised platform had been erected at the Danforth avenue end, and besides the city council and heads of civic departments, there were several hundred people present. When the mayor formally declared the viaduct open for traffic, the barriers were removed and about a hundred motor cars, headed by his worship's, drove slowly across, and a scheme advocated in season and

Parliament street to Bloor and Sherin a fortnight, and Manager Fleming the

of the Toronto Railway has pledged an Facts About the Viaduct. Probably the largest structure of its

claims for damages of one sort or another, the Bloor-Danforth viaduct stands as a model public enterprise. It is just a little short of a mile long, and the following figures give some idea of its size: gth: Don bridge and approaches

1618 lineal feet; Rosedale bridge and approaches, 580 lineal feet; solid ground and earth fill, 3069 lineal feet. Total, 5267 feet. Width: From Broadview to Parliament street, 64', 6" between curbs; sidewalks, Broadview to Parliament

21', 6"-2 walks 10', 9" each; from Parliament to Sherbourne, 54 feet between curbs; sidewalks, Parliament to Sherbourne, 32 feet-2 walks 16 feet

Length and heighth of longest and highest span, Don section: Length, 281 feet, 6 inches. Floor, 125 feet above

Cars Within Two Weeks. In declaring the viaduct opened Mayor Church said it would link up district of Riverdale with the heart of the city and after years of

weeks and congratulated Works Commissioner Harris, Engineers Powell, McCarthy and Stewart, the designer; Thos. Taylor, who was absent thru illness. He also regretted the absence of W. F. Maclean, M.P.

of W. F. Maclean, M.P.

Ald. Hiltz, chairman of the board of works, said there were four people deserving of special mention in connection with the viaduct. W. F. Maclean, M.P., was one. That gentleman had been referred to as "big eyes" and the pity was there were not more "big eyes" in Toronto. He had been ridiculed when years ago he first advocated the viaduct, but now everybody could see he had been right. H. R. Frankland, Commissioner Harris and Thos. Taylor were the other three whose names would always be con-

whose names would always be connected with the undertaking.

Commissioner Harris told of the fight that had been made to build a viaduct that would take care of the future and not build, as was proposed in some quarters a comparatively in future and not build, as was proposed in some quarters, a comparatively insignificant structure. He praised his staff and the designer of the work which was one of the greatest of its kind in the world. He also paid a tribute to Manager Fleming of the Toronto Railway for his co-operation and assistance in completing the job, making an early opening possible. To W. F. Maclean, M.P., the engineers, foremen and men he extended his warmest thanks. To the criticism that the viaduct should have been opened before he said it would have been a before he said it would have been a was entirely completed. He hoped it was but the forerunner of greater

things which would have to be underaken after the war. Chairman Lionel Clarke of the harbor commissioners also spoke and the mayor then formally declared the via-

After the opening a continuous stream of people from east and west walked over the structure, and the procession was maintained for nearly two hours. During the remainder of the day and until a late hour the roadways on both sides were freely used, and expressions of praise and

sat sfaction were heard on all sides.
Wheeled traffic passed over at the rate of three every minute each way during the day, and it is estimated that over 2000 vehicles of all descriptions used the new thorofare the day. Three funerals passed over the bridges during the afternoon, and many ambulances carrying patients stricken with the prevailing epidemic availed themselves of the new thorofare, which materially shortens the distance from the east end to the city hospitals.

All kinds of rigs were quick to avail themselves of the new route, which shortens their journey by 15 minutes out for twenty years became a reality.

While the viaduct is now opened for vehicular traffic and pedestrians, street cars will not be operated until the tracks are laid on the temporary readway which runs from the head of roadway which runs from the head of the structure both ways, asd three members of the Playter family, W. E. However, if yesterday's are made good—and there George Ingleby, are proud of the fact seems to be no reason why they should not—this work will be finished the line of the line the line of the civic procession over

INDIVIDUAL FEATS **OF CANADIANS**

Private of Quebec Regiment Took Machine Guns Under Heavy Fire.

A REMARKABLE FEAT

Lieutenant Outflanked Position, Capturing Garrison and Several Guns.

Canadian Forces, Oct. 18. to the reader the true pictures of conditions under which the Canadian corps have waged war since Sept. 27 this terrible battle of Cambrai. Alberta battalions, while attacking the Marcoing line on Sept. 28, ran up against heavy uncut wire and numerous machine guns. A private discovered one of these which was inflicting heavy casualties. In the face of point blank machine gun and rifle fire he attacked voluntarily, sniping as he went, and then rushed this formidable nest, canturing the gun

ment on the Marcoing line a lieu-tenant who had won his Military tenant who had won his Military Medal in the ranks, found his platoon held up by machine gun fire from a railway embankment which lay in front of his objective. Realizing that unless silenced the entire advance must be held up, he called for two volunteers and attacked. Under continually heavy fire and biinded by flares the enemy was throwing up the little party crawled the entire distance. Waiting his chance he ordered bomb's to be thrown and rushed the position, killing two of the crew and bomb's to be thrown and rushed the position, killing two of the crew and capturing the third, the remainder falling victims to bombs. Owing to the heat caused by their intense fire he was unable to remove the machine guns, but after putting them out of action, he sent back word that the advance might be resumed.

Rushed Enemy Guns.

While leading his platoon against Bourlon Wood a lieutenant of a Brittish Columbia battalion found him-

Bourlon Wood a lieutenant of a Britch Columbia battalion found himself held up by machine gun fire from a sunken road. He took his men round the enemy's flank and captured the stronghold, killing the crew and capturing one officer and ten other ranks, with one field gun and four machine guns. Later on, his party was checked by a strong enemy post south of Bourlon Wood. Many of his own company by this time were casualties. So, gathering together a detail from another company, he led them in. He rushed the post at once, killing the officer and capturing 49 prisoners with machine guns. Pushing on to their final obcapturing 49 prisoners with machine gurs. Pushing on to their final orjective the party captured two officers and 45 other ranks. His right flank being in the air he took up a defensive position, forming a flank for the adjoining troops.

Personally Led Attack.

America. He closed by requesting the abolition of the common institution of the monarchy.

Personally Led Attack.
Holding the Military Medal, being promoted from the ranks, the lieutenant of a New Brunswick battalion personally led an attack in front of Inchy on Sept. 27. The next day near Baillencourt, notwithstanding heavy casualties, he again led the battalion into action, storming his objective. Towards evening the enemy launched very heavy counter-atobjective. Towards evening the enemy launched very heavy counter-attacks on brigade front. The brunt of it fell on this battalion, which was formally a Manitoba unit, and owing to severe casualties, the line was temporarily pushed back. After making a personal reconnaitsance the Heutenant organized all the elements of the battalion and in co-operation with other units of the brigade, counter-attacked and drove the enemy out, re-establishing the line and my out, re-establishing the line and recovering our wounded lying in front. His gallant personal example Inspired the men and contributed largely to the indomitable spirit they evidenced under trying circumstances, being cheered by his contempt of danger, his initiative and fine leader-

LIGNITE FOR FUEL.

Ottawa, Oct. 18 .- Problems touch ing on the cost of living were under consideration at a meeting today of the reconstruction and development committee of the cabinet. As a result of the committee's work, further investigations are now under way into the treatment of lignite for fuel pur-

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert-vigorous and dappy, bright, alert—vigorous and wacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

take place.
Instead of the thousands of sickly. anaemic-looking men, women and girls with pasty or muddy complex-

each morning before breakfast, a glass of real hot water with a tea-spoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons before putting more food into the stomach. Those subject to sick headache, bil-iousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who

Says Backache is Sign You Have Been Eating Too Much

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they cloudy, full of sediment, channels often get sore, water scalds and you are

times during the night.

Either consult a good, reliable physician at once or get from your pharmand your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, com-bined with lithia, and has been used sluggish kidneys, also to neutralize tates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

AUSTRIAN MONARCHY BLAMED BY HUNGARIAN

foreign committee of the Hungarian lower house, Count Michael Karolyi,

archy proved that it wished to the war. Count Karolyi said that Aus foreign policy during the war has been still worse than that which prevailed before hostilities began, and asserted that there were 'numberless occasions

"When we knew that Germany would

not give in, and that the whole world had arisen against the policy of Ger-many, which had become hateful to many, which had become hateful to all nations," he continued, "we might have made peace. Our fidelity to the alliance has limits." Count Karolyi was ruthless in his criticism of submarine warfare, and

GERMANS TOO WEAK TO STAND IN BELGIUM

Paris, Oct. 18.—General von Arnim's army is no longer strong enough to sustain operations on the extended front from the French to the Dutch frontier. It is therefore reasonable to expect that its march across Belgium will be rapid, and that King Albert will 1e-enter his capital earlier than was

At the very moment the Flanders battle was won another offensive was started in the direction of Hirson and started in the direction of Hirson and Vervins by Anglo-American and French forces. The object is to take the armies of the crown prince, under shelter of the Hunding line, on the flank and condemn them to an early entrest towards the Ardeness the retreat towards the Ardennes, the front of the powerful allied right wing. The way back to Germany lies thru two bottle necks, separated by the Ar-

dennes—the one between Liege and Dinant and the other between Montmedy and Verdun. The latter is already partially blocked.

While it may be admitted that the Germans are fighting well and conducting their retreat with great skill, sober military opinion here is that the great military machine is in degree of sober military opinion here is that the great military machine is in danger of collapse at no very distant date.

ALLIES AGAIN TRAVERSE SANJAK OF KOVIBAZAR

Paris, Oct. 18.—French and Serbian troops invading Montenegro have captured the important town of Ipek. 15 miles inside the frontier, it was announced by the French war office

today. \
"North of Nish allied troops have "North of Nish allied troops have reached Kalna and have occupied the heights south of Jekrinac and Krushevatz," said the communique.
"Further to the west French and Greek troops have reached Kursumlje and Novibazar, from which the enemy

"On the Montenegrin frentier French cavalry, supported by Serbian moun-train troops, attacked Austrian conroan troops, attacked Austrian convoys retreating west of Mitrovitza and captured them, including 3000 wagons and immense quantities of material.

"The same detachment entered tpek on Sunday and took 600 prisoners, large grain stores and a number of machine guns."

When Canada Promises to Pay

There is no more certain way of making money than by loaning money at interest.

-provided the security is good.

-provided the borrower is known to be able to pay the interest as it falls due and to repay the principal on the date specified.

When you loan money to Canada you know beyond all possible question your money is safe—the security for the loan indisputable.

Canada's war debt per capita is the lowest among the nations at war-her wealth per capita, enormous-her resources, so great as to be almost beyond reckoning.

And all the resources of Canada are behind the Victory Loan 1918, which will be open to the Canadian people for subscription within a few days.

Like the Victory Loan 1917, it will be welcomed by all loyal Canadians:-

-as an opportunity of proving that we are determined to fight on to Victory with our dollars, as well as with our men. and our guns.

-as an opportunity of placing our earnings in what is at once the greatest of causes and the safest of investments.

-as a loan in which there is absolute certainty that the borrower will repay and equal certainty that the interest will be paid every six months.

The security is so strong that none can question it-for it is safeguarded by all the wealth that Canada possesses-by all the developed resources represented by her combined industries and by all the untouched resources of her mines, forests, lands and fisheries.

When you invest in the Victory Loan 1918, you will become the owner of a Victory Bond. That Bond is Canada's signed pledge of repayment—a pledge that Canada is in honor bound to redeemand, in wealth of resources, abundantly able to redeem.

Get ready to do your share in buying Victory Bonds

McINTYRE'S SURPLUS

MATERIALLY LARGER Hamilton B. Wills in his weekly market letter says of McIntyre: As buying in this security emanates from inside sources, it may be taken for granted the forthcoming annual statement will be a very strong report. My engineer advises me company earnings for the past fiscal year will show an increase of over \$100,000, as compared with the previous period, as well as a treasury surplus in the neighborhood of \$500,000, which also is a material increase. Or reserves, I am advised, are slightly below those of the last annual report, which fact is undoubtedly due to the scarcity of labor, and will easily be corrected with the rapid approach of peace when conditions will again become more normal.

My engineer further advises me, after a careful diagnosis of mine and financial conditions, that the intrinsic value behind each share of stock is considerably in advance of \$2 per share.

MOTOR COMPANIES IN LOCAL MARKET **WILL AMALGAMATE**

> terests to Merge With General Motors Company.

The outbreak of bullish enthusiasm in New York yesterday was not without its effect upon the Toronto exchange, several issues developing strength and activity and closing at the highest prices of the day. Of these Steamships common, Spanish River and Brazilian were the most outstanding. The first named, which accounted for a total of 415 shares, opened up half a point at 47 and advanced to 475-8, at which it closed, showing a gain of 11-8 over Thursday's close. Spanish River opened a

increase the manufacturing facilities in Canada so that costs of production may be materially lowered. All of the present plants, branch houses and distributing stations in Canada will continue to be operated as heretofore, and in addition, engines which have formerly been imported, will be manufactured in Canada, together with axles, transmissions and all other important parts. With this in view the General Motors Company has recently purchased a site in Walkerville condition.

The tractor division is believed to possess great possibilities.

The entire proposition means a Russell Russell The entire proposition means a largely increased wealth of manufacturing power for the Dominion of Canada, and the possibilities of export trade after the close of the war are largely increased wealth of manufacturing power for the Dominion of Canada, and the possibilities of export trade after the close of the war are looked upon as excellent.

CORN SELLS HIGHER ON U-BOAT REPORT

Prospect of Exportation of Grain Being Helped Strengthens Prices.

Chicago, Oct. 18.—Reports that the German U-boats had been called in gave a decided stimulus today to bullish sentiment in regard to corn. Largely as a result, prices at the finish, althoursettled, were 1c to 1%c net higher, with November \$1.21% and December \$1.16% to \$1.16%. Oats gained %c to 50c down/
News that the exportation of grain would be much facilitated by recall of the U-boats put the corn bears at a disadyantage from the outset. Notwithstanding that the reports as to the re-

Oats averaged higher with corn. The buying was scattered.

Weakness of provisions was due mostly to hog market declines.

TIRPITZ BATTERY TAKEN BY ALLIES AT OSTE LIVERPOOL MARKETS.

Sharp advances in several leading Porcupine issues to the highest points of the year to date, and trading well distributed thruout the list, altho the vol-ume of transactions, 88,000 shares, was less than that of the previous day, made yesterday's session of the Standard Exchange on of the most notable in months It is doubtful if at any time since the culmination of the bull market, in December, 1916, has the sentiment regarding mining stocks been as bullish as it is at present, and, unless developments in the war zone should indicate that the conflict may be prolonged, traders look for a sustained upward movement.

So many stocks were conspicuous yesterday by reason of substantial gains that it is difficult to select any one issue for mention as the market leader. However, many market followers regard Mc-Intyre as the most reliable barometer, and the advance of that stock to 1.58, three points above the previous high for the year, and four points above the closing price of Thursday, was extremely significant. Dome, which sold at 12.75, was 50c a share above the closing price of the day before, altho in New York Dome did not rise above 12.00. Dome Extension made an impressive gain of 244, to 21, at which level it is nearly two points above the previous high for the year. Lake Shore was not active, but at yesterday's session of the Standard Ex-24, to 21, at which lever it is nearly two points above the previous high for the year. Lake Shore was not active, but at 82 it was half a point above the previous high point in the history of the stock. Porcupine Vipond made an abrupt advance from 16½ to 20, and Moneta rose to 9¼, about two points higher than the

1 to 3 points, at the close, gaining Convertible issues were the strong features of the bond market, Liberty issues displaying decided irregularity, with no especial feature to the international group. Total sales (par value) aggregated \$11,500,000.

disadyantage from the outset. Notwithstanding that the reports as to the recall were by no means fully accepted
as true, a majority of traders credited
the gossip sufficiently to try to anticipate in a measure the implied likelihood of greatly increased freedom for
commercial shipping, and, therefore of
a better demand for grains. In this
connection talk was current that, regardless of the course of hostilities it
would be many months and possibly
years before consumption of cereals
could decrease to a pre-war basis.
However, top prices were not well maintained, and during the late dealing the
market was in an uncertain waiting attitude.

The Clothes That Serve Are the Clothes That Save---Simpson Standard Quality Clothes

Good clothes are so patriotically economical that thoughtful men today insist upon them unanimously. Simpson quality clothes meet the desires of the patriot because they give longest service and better satisfaction. And remember they cost no more than ordinary clothes. Buying unreliable clothing is an out and out waste, so it devolves upon men to be careful in their purchases. You not only save money for yourself when you wear good clothes, but you conserve wool for the boys overseas, and that means something.

Throughout the Simpson assortments of suits and overcoats, the better styles and patterns will be noted with interest. Take your pick from our superb stocks and rest assured of maximum style, quality and value at whatever price you pay.

Wonderful Suits at \$22.50, \$35 and \$40

Smartly Styled Models for Men and Young Men

Suits for Youths 16 to 20 Years -- Developed in dark navy blue serge, a most practical material for style and service. Trencher model with all-round belt, 6-button vest and narrow trousers with cuffs or plain bottoms. Sizes 32 to 35, and just \$22.50.

Suits Developed in Oxford Grey Cheviot --- Single-breasted, three-button, soft roll lapels, semi-fitted sacque, carefully cut and tailored throughout, 6-button vest and English trousers. Sizes 36 to 44, for men and young men. Moderately priced at \$35.00.

Suits Developed in Navy Blue Worsted .-- Single-breasted, three-button, soft roll lapels. The slightly rounded fronts give the coats the right style touch. Six-button vests and medium trousers. A very smart but conservative model. Sizes 36 to 44, for men and young men, \$40.00.

Handsome Overcoats at \$26.50, \$30 and \$37.50 Developed in Most Wanted Fabrics in Popular Styles

Overcoats, made up in rich dark coatings that show fancy shadow stripe effects. Singlebreasted trencher model with slash pockets and convertible collar. Sizes 34 to 42, for men and young men, Unusual value at \$26.50.

Overcoats, developed in extra heavy weight imported English melton fabric. Chesterfield model with roll collar. Expertly tailored to fit perfectly and retain shape. Sizes 34 to 44, for men and young men-and the price is only \$30.00.

Leather-Lined Driving Ulsters, of heavy warm coating in dark brown shade, storm collar gives adequate protection. These coats are 48 to 52 inches long. Sizes 38 to 44, for men and young men. Extremely good value at \$37.50.
