Sir Edward Grey Declares Effects Would Demoralize -Budget Protest Meeting.

LONDON. June 23.—(C.A.P).—Sir Edward Grey, speaking at the National Edward Grey, speaking at the National Liberal Club in reference to tariff reform as an alternative to the budget, said the former would be ruin to the country industrially and imperially. He saw something of the proceedings of the last imperial conference, and he could imagine nothing more unfor-tunate than that the imperial govern-ment should establish for itself—as under the colonial preference it must do-the claim to say to the dominions what duties they were to impose under their own fiscal systems. Sir Edward added that at no time had there been greater harmony, confidence and sympathy between the overseas and the home government than at present.

City Engineer Says Present Scheme Differs Little From One of Five Years Ago.

Other civic issues may come and go, ut the problem of the reclamation of shbridge's marsh is ever present. The special civic committee which to-day to consider a scheme which, so City Engineer Rust says, is a modification of one drawn up by himself four or five years ago. The plan was gone over yesterday by Mr. Rust with Assessment Commissioner Forman and Joseph Thompson, commissioner of industries.

The idea is to start in on the res dealing with the subject will meet

The idea is to start in on the reclaiming of about 170 acres on the west side of the marsh. This area is exclusive of roads and lanes. The scheme provides for ships for shipping, fronting on Toronto harbor; also for a new ship channel 400 feet wide at the southerly limit of the marsh, and the filling m of the present cut known as Keating's channel.
All things considered, the reclama

tion prospects are quite bright, in fact, they are quite as promising as at any time in the past 20 years. Battle Over Water Rates.

OWEN SOUND WIN

Defeat Orangeville in Intermediate C.L.A. by 8 to 3.

OWEN SOUND, June 23.—(Special.)

Owen Sound lacrosse intermediates went up against their second game in BLOOD DISEASES went up against their second game in the district No. 4 series with Orange-ville here to-day. The game was clean thruout, and Dr. L. G. Campbell of Markdale, the referee, characterizes the playing as an excellent exhibition of the national game. Both teams are not hardened to the play and at times the play lagged. There was little penalizing, and the teams were complimented by the referee. Mayor Harrison faced the ball and gave an imaugural address as this was the first home game on the schedule. Attendance 1000. The score was 8 to 3 in favor of Owen Sound.

The Capitals will practise in Jesse Ketchum Park this (Thursday) evening and play the Norway team in the rye field on Saturday.

won 4 to 1, there haves were served to be served to mention.

Above you will read the telegram that Mr. James sent me direct from the track. Read and see what he has to say. We will give everybody another chance to get in and win some easy money. Don't forget we will put lots of other good ones over at this track like we did at Woodbine and Blue Bonnets.

In order to let everybody win a few nice bets for themselves we will charge our old price:

### 50 CENTS PER WIRE

Remember. we don't advise you to bet on every race, but give you one or two bets a day. And we don't give you a full sheet of 21 horses and if any one of them win advertise it as a winner. We give you only two horses a day, no more, and by following our instructions you will come, out a big winner every week.

If you want just two horses a day to play come and buy my inside information. And if you want twenty-one horses a day or more go to the other tipsters and listen to all their hot air. Our office has been open every day since the Canadian meeting opened up, and my ad. has appeared every day in this publication, and all my telegrams are on file at my office for inspection. Come and look them over, and I also can prove that every long shot that I publish in this paper I have it on file with the Telegraph Co. I am here to stay, I don't run from one town to another and don't tell you to count the winners that I did not have; when other and don't tell you to count the winners that I did not have; when more clients that play my information than any other information bureau in Canada and the U. S., and I have more clients on my books than all information bureaus in Toronto combined, barring none of them, and why? Because I made good and all my clients are big winners since they started to play my inside track information. Don't listen to a lot of hot air every day, but listen to reason. I am the only man in this line of business that delivers the goods every day. I publish the losers just as well as the winners, so pay a little attention to me from now on as I am going to put over lots of

ing of the Hamilton Jockey Club was light rain fell all morning, and it was showery during the afternoon, which made a fast track cuppy and slow. The card was without a feature event, consisting of seven races, with the daily stceplechase. The topic of the afternoon was the report that Red Walker would retire from the racing gome, and that he would take up his home near Uxbridge, a small town in Ontario, where his mother resides. J. E. Seagram is said to be negotiating for the horses Stanley Fay and Bellwether, the rest of the Walker string

be sold privately. The first race saw a big field go to the post with Edgely the first choice at 3 to 1 at post time. The field went away to a good break, with Alice George setting the pace to the top of the stretch where Eliza Coat came. the stretch, where Blue Coat came away and won by half a length, gain-ing a lot in the last few strides. Sereliade, the good thing, was outrun all the way, while Edgely got up in time

to get the place money.

The second was for 2-year-olds, and won by a head by Bob R., a malden from the stable of J. W. May, over the first choice, Autumn Girl. It was a ust in time to land the long end o the purse. Autumn Girl did not seem to like the footing any too well, the

When they were despatched Student King went to the front and made the running for the greater part of the way, then he made a bad landing and lost many lengths. Tourney that was backed to split favorite, and who was in second position, then went to the front and won handily. Stu-dent King came again at the end, and was second over Ai Powell, who was always well up.

In the fourth race, the first choice, Moquette, in a three-horse race, was beaten by the outsider. This was for the Hotel Royal Cup, over a distance of a mile and an eighth. Donald Macdonald set the early pace, when John E. McMillan made the running. As they rounded into the stretch Goldstein made his run on the favorite, poking his nose in front for a short way. Then the winner came again and won by a head under a hard drive. Donald Macdonald was outclassed after the first half mile.
The fifth race was for Dominion The fifth race was for Dominion breds, and in it the Dyment stable ran 1—2. McIntyre beat the gate, opening up a gap that the others could never close. Fort Garry, the stable companion of Caonie Maid, outran the others in the last eighth of a mile and got up in time to get the second

when Beliwether went to the front at the start and held the lead to the end. The track was the kind that he liked and he showed his ability to step in the mud. In this race Sir Edward finished third, but was disqualified for fouling Hiacko, and McIntyre was suspended for a week for cutting across to the rail and shutting Hiacko off.

The fifth favorite was beaten when County Clerk, the second choice, came from behind and won by half a length, Spanish Prince, the first choice, made all the running and when collared at the head of the stretch, quit. Woolwinder then took up the page, but could not stand off County Clerk, who came with a rush at the end.

Close at Gravesend. GRAVESEND, June 23.—The Gravesend meeting came to a close to-day with a good card and a fair crowd in attendance. The feature of the program was the Bedford Stakes, five furlongs, and resulted in an easy victory for Mexicana, an 8-to-1 shot. She took command in the stretch and won by two lengths from the favorite. Summary:

### DOES REDUCTION MEAN PROHI-

The mandate of the people as expressed last January was for a reduction in hotel licenses in Toronto by forty. There was no mandate for a dry belt; yet that is how the ilcense commissioners interpreted it. They refuse to grant any license in a big district in the northwestern portion of the city.

To our mind and to most reasonable men this is tyrannical and illogical. Hotel accommodation, even opportunity to get a drink, if these are to be denied, ought to be denied on a fair play basis. A man who works down town can get a drink if he wants it when he lives in the east; the man who works alongside of him has no such opportunity if he happens to live in the northwest section of the city. There were many men who voted for license reduction who had no idea that they swere yoting for prohibition, and that

Master's Chambers.

Before Cartwright, K.C., Master.
Mills v. Hillyer—T. J. Blain (Brampton), for plaintiff, on motion for further examination of defendant, B. F. Justin, K. C., for defendant, contra. Judgment (B.). In view of defendant's answers to questions, 46, 47, 54, 63 and 76, plaintiff should be satisfied. The defendant was not asked if he said what he is charged with. This is what one would expect to be asked. What Maxwell said to him is not relevant so far as I can see. The motion is dismissed with costs to defendant in the cause.

This concluded the business of the court, and the divisional court is adjourn-Alexander v. Courian-D. L. Sinclair.

### Divisional Court.

Before Falconbridge, C.J., Britton, J., Riddell, J. Wellington v. Fraser.—E. B. Ryckman, K.C., for plaintiff, appealed from the judgment of the County Court of York of March 18, 1909. E. M. Young (Picton), for defendant opposed the appeal and cross-appealed. Plaintiff, a wholesale nursery dealer, sued defendant, a farmer, of Sophiasburg, in Prince Edward County, for \$253,25 for nursery stock, consisting of trees shrubs plants and tubers supplied rees, shrubs, plants and tubers, supplied o defendant t Defendant alleged that the stock furnished was not first-class, as agreed, but was inferior stock, in bad ndition, and under size, and in no way carried out his representation, and coun-ter-claimed, for \$200 damages for breach ter-claimed, for \$200 damages for breach of contract. At the trial judgment was given for the plaintiff for \$253.25, and to the defendant on his counter-claim for \$200, to be set off against the plaintiff's judgment, and did not give any costs to either party. Both parties now appeal. Judgment (H.). While the trial judge thought the defendant entitled to damage the set of ages to a much larger sum, he considered that he could not allow more than \$200, that being the limit of the jurisdiction of his court. If the defendant has proved damages in excess of the \$200 allowed.

there is no reason why a sum should not in this action be allowed sufficient to counterbalance the plaintiff's claim. We do not think it should be increased by us, nor do we think it should be left at large, so that the defendant might bring another, action for a further amount. There should be an adjudication that the damages to which the defendant is entitled under his counter-claim, are \$200, and, with that adjudication, the motion and cross-motion should be dismissed, both with costs.

### Mining Securities Are Steady Trading Mostly Professional

LaRose Continues to Lead With Upward Movement, and Other Issues Show More Firmness.

World Office, Wednesday Evening, June 23. There was no one special feature worthy of mention at the local mining exchanges to-day. The markets on the whole were on the firm side with a slight upward tendency, but trad-ing was almost entirely in the hands

terest for the day, selling up to the sight dollar mark before the close of sight doilar mark before the close of business. It is rumored that the buying of these shares is for old country investors, and the listing of the stock on the London Exchange will in all probability force the price still higher, talk of a ten dollar figure for higher, talk of a ten dollar figure for all sides. igher, talk of a ten done, and sides, asses shares being heard on all sides.

In the other low-priced issues City of Cohalt was the only stock which was dealt in to any extent. This issue remained steady at 41 cents in Nipissing went thru the Keewatin formation into the diabase. As it is generally considered that the diabase was the agent that brought up the val-uable minerals, this discovery will profuture development of the mines. More extensive exploration of the Keewatin may be looked for in the future, and the probability is that a good deal of diamond drilling will be done to deter-mine the thickness of this series.

der Lake camp and their own property in particular is displayed by the fact that their men have been constantly employed for the past year.

During the past week the directors of the Victoria Creek Mining Co. paid a visit to their property, and were highly pleased both with the rich ore and with the character of work done. It was decided to put in a large plant of machinery at once, and their manager is at present in Montreal selecting.

shafts. Mr. E. A. Wiltsce, who was at the mine at the time the vein was cut, brought down the news and also took samples of the ore with him to New York. Mr. Wiltsee says the ore body struck consists of a calcite vein six inches wide, carrying smallite and studded with native silver, two feet of fissure filling shot with leaf silver making a grade of good milling cre. and a calcite band very rich with siland very rich wit over two and a half feet wide.

This was an unexpectedly favoreble development, as this vein did not show much at the surface. Six of the eight veins yet to be crosscut are very rich at the surface, and if they carry similar values at the 75 ft. level, the Otisse will immediately become one of the greatest properties of the north. As excellent values have peen encountered at the 75 foot level of the first vein struck, there seems to be now no rearon to doubt that the six veins will carry their high values

It is needless to say that the Otisse management are highly elated with The cross-cut is being pushed with

J. LORNE McDOUGALL. TOM. R. JONES. Second Daily Letter by Cyril T. Young. If you have not read" my advertisement and accompanying letter-

in yesterday's issue of this paper, you certainly ought to get that issue and read it in connection with this letter. In yesterday's announcement I made public an offer to sell Cobalt Leasers, Limited, stock, capitalization \$75,000, at 25c per share, further stating that I was writing up four letters for Wednesday, Thursday, Friday and Saturday's issues. I find it impossible to write these letters daily, and get them out from Haileybury for the various daily papers throughout the province, therefore I was forced to write these four letters at the one time and cannot tell you the success of

the subscriptions from the previous days' advertisements.

The low capitalization of this Company caught your eyeiFIRST—I thought it would. Now, you are thinking of what the other capitalizations of the camp are, and you are thinking of what the other leasers on Peterson Lake have capitalized their companies at. Let me help you: Gould Consolidated, \$2,000,000; Kerry Mining Co. \$2.000,000; Little Nipissing, \$1,000,000 (this also covers J.B., 2); Union Patigo \$2,500,000; Nove Scotie \$2,000,000 and the parent companies. cific, \$3,500,000; Nova Scotia, \$2,000,000, and the parent company, the Peterson Lake Mining Company, \$3,000,000. Our little capitalization of \$75,000 will look good to the investor—this is where he is

Now you think that my assertion that this issue of stock at 25c per share will be over-subscribed, is very likely to be true. You have drawn your conclusions correctly. This has set you wondering why we are able to capitalize so low and I can convince you of this be-

With the advent of the compressed air power into the camp this fall, generated at Ragged Rapids by the Cobalt Hydraulic Power Cower can dispense with the heavy outlay in cost of machinery, as we do not require to instal a compressed air plant, the main pipe line of the company crossing our property. Again as per our agreement with the Peterson Lake Mining Company, they handle the ore at the shafts' mouth, concentrate it, smelt it, etc.; we do not, therefore, need to build nor provide for a costly concentrator as so many of the mines, have to do. The Peterson Lake Company, of course, are not compelled to build a concentrator, either; it may be that they may arrange to have their ore treated at the Northern Customs Concentrator. Limit-

ed, which is a custom mill giving first-class satisfaction.

Now, Mr. Reader, this is not a "Just as good" article, such ias storekeepers often hand out to take the place of a better one—it is the better one. My experience in Cobalt Camp (and I certainly got it right; I got it as a laboring man striking on the drills and surface trenching in 1906 and '07, and since then in actual mining, and managing director of companies), leads me to believe that if you know the Cobalt Camp as I know it, you will at once come to the conclusion that this is one of the best opportunities (if not the very best) that has been presented to the public for an enormous rise in value.

been presented to the public for an enormous rise in value. The dividends which could be paid should we strike a real good thing as the location of our property makes possible, would be second only to Tempiskaming & Hudson Bay on the actual money invested.

Three of us on this board fill the position of superintendents or managing directors of notable properties in the Cobalt Camp. We are sure we know our business, and you know how essential this is are sure we know our business, and you know how essential this is to the directorate board of mining companies—you know how essential it is in your own business. My opinion is that a horse that is traited in draft harness may be put on the race course, but he never raised in draft harness may be put on the race course, but he never trots first. I believe "Leasers" will be a winner on the home stretch,

because it is not over-weighted with high capitalization and its location in the running is inside on the course—it's an inside property.

I am specializing on low capitalizations—am making real good on them. It is not, therefore, amateur work, for I have learned that in low capitalizations you have to conserve your funds and not throw-money away on large mining buildings until you get the ore; on high salaries until you make good, and what you must do is put your treasury money into surface development covering the whole of your acreage, instead of sinking a deep shaft on any little seam you run onto, thereby only prospecting a portion of your property, 7 x 9 ft in size. This is the method adopted by the Cobalt companies, the big companies who are staying with the game to-day, as they are continually.

searching for new veins on the surface.

LISTEN. I believe that it would only be fair for us to give the purchaser who goes in now the opportunity to get in right on the next block of treasury at a lower price than the market. I like this method. I have successfully used this before and have had every dollar of the second issue subscribed for at 400 per cent. advance over the first treasury issue. This also stimulates the market, as the outsiders, will buy at that time in order to get in and get the bonus. Surely you can now see how possible it is to have this stock over-subscribed; don't pass up a good thing, write to-day.

DRIVE MADE AGAINST SAO PAULO.

World Office

Thursday Evening, June 23. With a recovery in prices in the New York market, some improvements occurred at the Toronto Exchange, but the price changes were too insignificant to demonstrate that any important developments were about to occur. Rio, Sao Paulo and Mackay were the only active shares, and two made a small advance from yesterday's prices. La Rose sold freely at \$8, the highest price yet touched for the stock. The market, as a whole, exhibited signs of steadiness, with the exception of Sao Paulo, which was forced down during the late trading. The drive against Sao Paulo looked like manipulation, and astute traders

MONTH OFF FOR MILITIAMEN MILLING COMPANY'S OFFER

A report made to the annual congress of the National Cotton Association, in session at Montene, Arkansas, says:

"The yield of cotton for the present year will exceed that of last year by a good margin, except in Eastern and Northeastern Texas and Southwestern Arkansas, where the boll weevil is reported as causing much damage." the Woods Milling Company have gone one better than their rivals, The Ogilvie Flour Company, in the matter of Lead- assisting indirectly in the defence of LONDON, June 23.—F. W. Morse, before sailing for New York said the parts of the G. T. P. now in operation were securing traffic far in excess of expectations. Skin Diseases.

A diseased or disfigured skin will always leave its stamp on the mind of the individual. Many people suffering from disfiguring skin diseases avoid society and lose all pride in their personal appearance. When the skin breaks out in eruptions and sores it is due entirely to an impure condition of the blood.

In all such cases Burdock Blood Bitters will quickly purify the blood and drive all the impurities out of the system.

Mrs. J. J. Magee,
Jr., Kinmount, Ont.,
writes: "In the spring
of 1906 I was troubled
with a Resh that broke with a Rash that broke out all over me. It was the worst on my face and head, had a dry, scaly top, and when I would get warm it would become very itchy. I tried the doctor's medicine but it did me no good, so I then got one bottle of Burdock Blood Bitters and before it was all used the Rash was entirely gone."

Mrs. Harvey Bark-house, Gold River, N.S., writes: "I was greatly troubled with Sores on my face and finally be-came so bad I had to go to the doctor about it, but he could do
