ROWELL REVIEWS
YEAR'S RECORD OF
THE GOVERNMENT

Asks in What Year of Canadian History Any Government Has Done as Much.

IMPORTANT LEGISLATION

Special to The Toronto World.
Port Hope, Jan. 16.—Dealing with the record of the Union government for the past year, Hon. N. W. Rowell tonight addressed a meeting of his constituents here. Canada, he said, had passed thru that critical time with less suffering and hardship and with a greater measure of industrial peace and prosperity than any other nation.

Regarding the demobilization and repatriation of Canada's troops, he paid a tribute to General McEwen and his staff, and pointed out that of 4,000 sick or wounded in hospitals in Britain, all but some 70 had been returned exclusive of 1000 left to close up matters.

The amount paid out in gratuities amounted to \$148,405,000, and about \$22,000,000 more would be required. The pensions provided for dependents were substantially higher than in any other country.

Regarding the demobilization and repatriation of Canada's troops, he paid a tribute to General McEwen and his staff, and pointed out that of 4,000 sick or wounded in hospitals in Britain, all but some 70 had been returned exclusive of 1000 left to close up matters.

Industrial Legislation.
He reviewed the appointment of the industrial commission and the subsequent industrial conference held at Ottawa when an agreement on many important industrial questions was reached and frank statements of the respective positions of employers and workers were given.

Other matters dealt with were the housing legislation, involving the loan of \$5,000,000 to the provinces to build homes for workers, and a law for the promotion of technical education.

Finance and Taxation.
Five years of war, said the speaker, had left Canada with a debt of approximately two billion dollars, and she was called on to raise before the war the tariff taxation by some \$17,000,000.

The hired man heard from.
Because of recent political events in this province The World has been looking over farm and labor papers with interest. So far the most entertaining clipping runs as follows:

THE HIRING MAN'S DINNER HORN.
Devoted to our glorious cause and edited by A. Harty Eater of Ontario, P. O. As editor of the H.M.'s D.H. we invited the Queen's Park bluffs last week and members of our regular subcommittee working on jobs keeping doors open. Doory and the U.F.O.s took office. The crowd's hum down as they're dividing up with Labor and they're dividing the hired man's dinner horn as a class movement, but if the farmers get the seats the hired man get the jobs. It's time that those on the 'Lan' got a show.

Mackenzie King and Lapointe Are Welcomed to St. John.
St. John, N.B., Jan. 16.—A delegation from the Commercial Club of this city this afternoon waited on Hon. W. L. Mackenzie King and Ernest L. Lapointe, M.P., and presented an address to them as members of the parliament of Canada, welcoming them to St. John and setting out the requirements here from a national standpoint for handling the traffic at the port.

FIERCEST BLIZZARD IN YEARS
LEAVES TORONTO SCATHLESS

In Spite of Deep Snow, Low Temperatures and High Velocity Wind, Toronto's Activities Continue Without Serious Loss or Inconvenience to Public.

Zero weather predominated all day yesterday in one of the fiercest blizzards which has raged in Toronto in recent years. With a maximum temperature of 6 degrees above zero and a minimum temperature of 10 degrees below zero, the city experienced the coldest day of the winter. The present cold wave differed from most cold waves in that it was accompanied by a storm of unusual severity, the velocity of the gale reaching as high as 30 miles an hour at 8 p.m. last night and was accompanied by a driving, blinding snow.

The local observatory recorded a temperature of 10 degrees below zero yesterday morning. By 11.30 a.m., however, the temperature had risen to the zero point and by 2 p.m. it was 4 degrees above. At 4 p.m. the temperature had risen still another point out at 8 o'clock last night the official thermometer stood at the zero. The velocity of the wind steadily increased as the day wore on, it being 16 miles per hour from the northeast yesterday morning, 22 miles per hour at 2 p.m. in the afternoon and increasing to 30 miles an hour from the north at 8 o'clock last night.

The place where the coldest wave seems to have struck was at the eastern part, where it was 1 1/2 to 2 below zero on Thursday night, also it fell to 1 1/2 below yesterday morning. The beaches the thermometers registered 10 below and at Sunnyside 12 below.

SUPREME COUNCIL
APPROVES DEMAND
FOR EX-KAISER

Holland to Refuse, as Neither Laws Nor Treaties Give Power of Extradition.
DRAFTED BY FRENCH

Paris, Jan. 16.—The supreme council today approved the text of a letter to the Dutch government asking for the extradition of the former German emperor.

The general expectation in French circles is that Holland will refuse to deliver the former monarch. It is pointed out in supreme council circles that in the Dutch government is disinclined to deliver Count Hohenzollern, who has a foundation for its resistance in the fact that the offences named in the peace treaty, namely, "crimes against international morality and the sacredness of treaties," are provided for in Dutch laws, nor in the treaties between Holland and the allied powers regarding extradition.

NORTH SIBERIA
OCCUPIED BY REDS

Troops of General Khalmykoff Are Cut Off on All Sides, Says Report.
London, Jan. 16.—All of north Siberia, beginning at Tulun, and all the Lumsky district is occupied by Red forces and the Soviet government exists everywhere, in conjunction with the central Soviet, according to Irkutsk advices forwarded from Moscow by wireless. The Soviet statement says: "On the night of January 1 a blood-red revolution occurred at Petropavlovsk in Kamchatka province. All of the garrison has gone over to the people and all of the officers, heads of the districts and other officials were arrested."

Mackenzie King and Lapointe Are Welcomed to St. John

St. John, N.B., Jan. 16.—A delegation from the Commercial Club of this city this afternoon waited on Hon. W. L. Mackenzie King and Ernest L. Lapointe, M.P., and presented an address to them as members of the parliament of Canada, welcoming them to St. John and setting out the requirements here from a national standpoint for handling the traffic at the port.

TO RELIEVE POPULATION
OF INTERIOR RUSSIA

Paris, Jan. 16.—In an official communication issued this evening, the supreme council approved of recommendation to relieve the population in the interior of Russia by giving them medicine, agricultural machinery and other commodities of which the people are in sore need, in exchange for grain and flax.

This partial lifting of the blockade is described in the official communication as "an exchange of goods on the basis of reciprocity between the Russian people, and allied and neutral countries," but thru co-operative societies.

CLEMENCEAU BEATEN,
WITHDRAWS HIS NAME

Defeated in Caucus by Deschanel, He is No Longer Candidate for Presidency.
Paris, Jan. 16.—Premier Georges Clemenceau went down to defeat at the hands of his countrymen today in a caucus of the senate and chamber of deputies to choose a candidate for the presidency of the republic. Paul Deschanel, president of the chamber, led the premier by 18 votes.

SENATE LEADERS
ARE WIDER APART
ON TREATY QUESTION

Less Optimism Expressed by Both Sides as to Likelihood of Ultimate Agreement.
Washington, Jan. 16.—Preliminary to the second conference, two of the bi-partisan committees of senate leaders discussing compromise of the peace treaty deadlock. Senator Lodge of Massachusetts, Republican leader, and two of his colleagues, Senators Leonard of Wisconsin and Kellogg of Minnesota, conferred today regarding the proposals received from the Democrats.

NO NEWSPAPERS
IN WINNIPEG TODAY

Shortage of Paper Stops Publication—Bulletins in Postoffices.
Winnipeg, Man., Jan. 16.—(By Canadian Press).—For the second time within a year this city will be practically cut off from the world news tomorrow. This is due to the dispute with the paper makers at Port Francon and there is little likelihood of a very early settlement and supply of paper.

PRESIDENT OF "IRISH REPUBLIC"
GIVEN FREEDOM OF NEW YORK

New York, Jan. 16.—Eamon De Valera will receive the freedom of the city of New York at the hands of Mayor Hylan tomorrow. The "president of the Irish republic" returns to New York after touring the United States to inaugurate the \$10,000,000 loan which the Sinn Fein administration will launch in the United States at once.

SINN FEINERS AND LABOR TOGETHER
WILL HAVE MAJORITY IN IRELAND

Dublin, Jan. 16.—Preliminary returns in the municipal elections in Dublin show successes for the Sinn Fein candidates. Three Sinn Fein members were elected on the first count, including Aid. Tom Kelly, now in prison in London, who obtained more than three times the necessary vote.

BRITAIN INCREASING FORCES
British Unable to Locate Personnel of Secret War Councils—Next Rising in Country Districts—Revolutionists Well Provided With Secret Service—Plans Baffle British Authorities.

By L. R. Munloch.
Special Cable to Toronto World.
London, Jan. 16.—The Sinn Fein army is now greater than Britain's army of occupation in Ireland, confidential reports from Dublin show. The British government, realizing this fact, is strengthening its own forces, relieving battalions worn out by long terms of occupation and otherwise making plans to cope with the mysterious enemy who is a past master in the art of guerrilla warfare, and who is baffling the British as to his ways and means of raising a huge Soviet-armed force of veterans equipped with all the elements of a regular army.

U. S. BONE DRY
STARTING TODAY

Washington, Jan. 16.—National prohibition by constitutional amendment—the dream for years of those opposed to the sale of liquor—became effective tonight at midnight with the department of internal revenue, the two government agencies entrusted with enforcement of the new basic law, ready to take drastic action against all violators.

LONDON PRESS ON
BOLSHEVIST MENACE

Globe Says Attempt to Spread Over Whole World Must Be Met.
MAY EXTEND TO INDIA
London, Jan. 16.—In an editorial dealing with what it calls the "Bolshevik menace," The Globe says: "It is time the people should recognize the peril with which civilization is menaced. The Bolshevik army is the strongest and most numerous in Europe. We must face the fact that Bolshevism by its very nature cannot remain confined to Russia, but must endeavor to spread over the whole civilized world. There is no occasion for panic, but an obvious need for wise and resolute statesmanship."

BLIZZARD CAUSES
MOTORMAN'S DEATH

Hugh Mulholland's Skull Fractured in Collision With Stalled Car.
Motorman Hugh Mulholland, aged 35, of 410 Brook avenue, had his skull fractured last night when he was crushed between two Harvard cars at the corner of Dundas and Adelaide streets, and died in the police hospital while being removed to St. Michael's Hospital. Conductor Benjamin Jones, 59 Wilshire avenue, was cut about the head and bruised about the thighs and was taken to St. Michael's Hospital.

ONTARIO G.W.V.A. MEETS
IN PETERBORO, MARCH 11

Peterboro, Jan. 16.—Secretary Sidney Whately of the Peterboro branch of the G.W.V.A. has received word that the provincial convention of the G.W.V.A. will be held in Peterboro on March 11, 12 and 13. Some 400 to 600 delegates will be in attendance.

ONLY ONE SURVIVOR
OF 474 PASSENGERS

Paris, Jan. 16.—Georges Meunier of Bordeaux was the only passenger of the 474 aboard the steamer Aquitaine when she was wrecked last Sunday in the bay of Biscay. M. Meunier said that many others might have been saved, but he refused to enter the boats. He described the scenes aboard the vessel, when terror-stricken Senegalese prayed, while many passengers took matters calmly, believing that sight of the steamer Cayton meant safety.

VOTE FOR RADIALS

Ratepayers of the eastern part of York Township are voting today on the bylaw to guarantee the bonds of the Toronto-Bowmanville radial, which will be constructed and operated by the Hydro-Electric Power Commission. Property owners will vote in 13 subdivisions of the township today, opening at 9 a.m. and closing at 5 p.m. York Township is the last of ten municipalities to vote on the bylaw, all the others having approved by large majorities.

Let York Township turn out in force and vote for the bylaw.

BLINDED BY SNOW, MOTHER IS KILLED

Badly - Injured Son Sees Parent Struck by Automobile.

Crossing the street at Dundas and Chelsea streets at 9.30 last night with her 15-year-old son at her side, Mrs. Florence Thomas, aged 48, of 2419 West Dundas street, was struck by a southbound motor car and killed. Her

son, Cuthbert Thomas, sustained a broken kneecap and lacerated face. In trying to avoid striking the unfortunate couple the driver of the automobile, Jackson Price, 12 News-ham street, swerved over the sidewalk and crashed into a telegraph pole.

According to information gathered by the police of Keele street station, this was the second fatality during the evening resulting from the storm. Mrs. Thomas and her son had just stepped off a Dundas car and were heading for their home. They had their heads down to prevent the drifting snow from blowing in their face, and failed to see the approaching motor car.

Mrs. Thomas was hurled for some distance, and died half an hour after being carried to her home. Cuthbert

Thomas was run over by one of the wheels of the automobile. He was taken to the General Hospital. The automobile is owned by J. Fleming, 1307 West Bloor street. The body of Mrs. Thomas was taken to the morgue.

Waitress at Twelve a Week Drives in an Expensive Auto

New York, Jan. 16.—Sophie Hod-óskv, a waitress, who testified that she received a salary of \$12 a week, was fined \$2 today after she had pleaded guilty to violation of traffic rules while driving her \$4,500 automobile. She told the court she averaged \$80 a week in tips.

R. A. PRINGLE RESIGNS AS PAPER CONTROLLER

Ottawa, Jan. 16.—(By the Canadian Press.)—It was definitely stated by R. A. Pringle this afternoon that his resignation as paper controller was in the hands of the government and had been accepted.

Mr. Pringle said his relations with the government had been perfectly harmonious, but he felt that having carried the work thru the war period, he had his own practice to attend to and felt that he should be relieved of the extra load.

YORK COUNTY AND SUBURBAN NEWS

DANFORTH RATEPAYERS FAVOR HYDRO RADIALS

On account of the storm last night only a few ratepayers met at the Mission Hall, Greenwood avenue, to hear arguments in favor of the Toronto Eastern radial scheme. Out of the large contingent of speakers who were expected only Engineer Hewson of the Hydro-Electric Power Commission was present at this, the final meeting of the series held in York township. Explaining the delay in the installing of residence and street lights in the Danforth district, Mr. Hewson said the best policy was to get one job finished first before starting another and assured his audience that the Chippawa development would supply not only power for the radials, but ample current for every purpose, including lighting, that the people might require. Members of the audience expressed confidence in the assurance of the Hydro officials that the line would pay and would not be a burden to the taxpayer.

ELECTED NEW OFFICERS.

The annual meeting and election of officers in connection with Danforth Park Ratepayers' Association was recently held in Gledhill Mission, Gledhill avenue. W. C. Curtis, president, occupied the chair. The following officers were elected: Herbert Grah, president; W. C. Curtis, vice-president; E. Everett, vice-president; J. Moore, secretary; W. Stucholme, financial secretary; Denis McCarthy, treasurer; A. Higgins and W. Oxley, auditors. H. Jolly, Tapley, Pearce and Clear, Delegates to the Amalgamated Association of Ratepayers, D. McCarthy, Sr., H. Wheeler, G. Thomas and W. Oxley. It was decided to change the date of meetings from the second Wednesday to the second Thursday in each month. There was a large attendance.

HYDRO IN DANFORTH.

Regarding the Hydro-Electric light for Danforth Park district, the residents will not urge the installation until the completion of the work in the Woodbine Heights section, according to the statement of D. McCarthy, secretary of the Danforth Ratepayers' Association.

LIBERTY DANCE.

Earls Court branch, Citizens' Liberty League, held a successful dance last night and added 20 new names to their membership list. In spite of the storm, the hall was crowded and the dancers thoroughly enjoyed the music supplied by the G.W.V.A. Orchestra.

MOCK OBSEQUIES OF JOHN BARLEYCORN

"Billy" Sunday Preached Funeral Sermon, and Devil Sat With Mourners.

Norfolk, Va., Jan. 16.—"Billy" Sunday preached John Barleycorn's funeral sermon here today before an audience of more than 10,000 persons, which attended mock obsequies. The ceremony began at the railroad station, where the "corpse" in a casket 20 feet long arrived on a "special" train from Milwaukee. Twenty pallbearers placed the casket on a carriage and marched beside it thru the streets to Sunday's tabernacle, while his satanic majesty trailed behind in deep mourning and anguish. At the tabernacle door, Sunday met "the corpse" and led the way to its resting place, while he preached the sermon. The devil, wearing a mask, and simulating a state of deep dejection, sat with the party of mourners. "Good-bye John," said the evangelist at the conclusion of his sermon. "You were God's worst enemy; you were hell's best friend. I hate you with a perfect hatred; I love to hate you."

SOVIET ARK HEADING FOR A FINNISH PORT

New York, Jan. 16.—The "Soviet ark" Buford, with her passenger list of 249 deported extremists, passed heading northward in the Baltic Sea, according to a wireless message giving the ship's position, received here today. The route of the Buford since leaving Kiel supports previous predictions that she is heading for Hangö or another of the ports of Finland.

QUEBEC MAY ANNUL ITS LICENSING ACT

Quebec, Jan. 16.—Hon. Walter Mitchell, provincial treasurer, informed Mr. Arthur Sauve, leader of the opposition, in the house today that the Quebec government had under consideration the question of bringing amendments to the Quebec license act during the present session. The treasurer admitted that the government had received complaints respecting infractions of the law and its application.

Dr. Hastings is Preparing To Fight Hiccough Malady

Windsor, Ont., Jan. 16.—With more than 25 reported cases of hiccoughs in Windsor and neighboring municipalities precautions are being taken to prevent a spread of the epidemic. The origin of the malady has not been determined. Dr. Hastings, of Toronto, today requested information of the local health officials as to the course of the epidemic here. He is said, in order to be prepared for possible outbreaks in Toronto and other places.

CANNOT EXCLUDE LIQUOR.

Winnipeg, Man., Jan. 16.—Manitoba temperance act officials have not the power to prohibit the importation of liquor from Ontario or other outside points, said J. N. McLean, administrator under the act, today.

BRITISH STEAMER STRANDED.

London, Jan. 16.—The British tank steamer Aureole, bound from New York for Copenhagen and Helsinki, was stranded yesterday at Lister, Farsund, Norway. The vessel is in a dangerous position with her engine-rooms full of water. The crew is safe.

HAMILTON

Hamilton, Jan. 16.—E. Coles, Reuter's representative, who toured Canada with the Prince of Wales, addressed the Canadian Club here today, relating his impressions. E. P. Coleman, general manager of the Dominion Power and Transmission Company, addressing the Hamilton school conference tonight, said electric railways were a poor investment because of the high cost of power. Barton township council decided today to join with the city of Hamilton in urging civic elections held during December. The Ontario Railway Board refused Hamilton today, it consented to hear the Homeside annexation petition during February. Alfred Matthews, suing Geo. Pearce for \$5,000 for alienation of his wife's affections, was awarded \$600. The city solicitor stated in High court today that the city was ready to pay the balance of the \$1,000 adder's insurance money due to Mrs. Mary Galt.

NOT FOR PUBLICATION.

Hon. F. C. Biggs, minister of public works, informed The World yesterday that the letter sent out from his department asking for tenders on the \$100,000 motor truck deal with Mr. Parkin, of Dundas, is not at present available for publication.

Ottawa.—President D. B. Hanna and other officials of the Canadian National Railways are in the city today going over the railway estimates with officials of the department of railways and canals.

BY-ELECTIONS DATE EXPECTED MONDAY

Election Day Probably Between Feb. 13 and 15—Raney Seat Still in Doubt.

Premier Drury's cabinet yesterday performed its usual diurnal motion of sitting and rising, but had nothing to announce as to the date of by-elections or meeting of the legislature. It is understood, however, that the by-elections' date will be given out on Monday, when the seat-seeking candidates will have finished their work. Whether or not the divisions of the committee will materialize a seat for Hon. W. E. Raney is still in doubt. It is also an open question whether the return of G. E. Sewell's responsibility to his constituents in North Norfolk will be modified by the influence of the committee, and whether he, as an alternative, or another U.F.O. member will stand aside for Premier Drury. It is also an unsettled question. As to the meeting of the legislature, time is slipping up on the government. The last legislature was prorogued April 24, 1919, R.S.O. chap. 11, sec. 5 says: "There shall be a session at least once in every year so that twelve months shall not intervene between the last sitting of the legislature in one session and its first sitting in the next." Thus April 23 is the last day to which the next session of the legislature can be deferred within the law. If the by-elections' date is announced on Monday, Feb. 19, not less than sixteen days shall elapse from the date of the writs to nomination, so that Feb. 17 would in all probability be nomination day and Feb. 19 election day. Feb. 13 will fall on Friday, which some people regard as an unlucky combination. It is the intention of the government to call the legislature at the earliest possible date after the by-elections. A month, however, would reasonably be allowed for preparation and the notice of private bill legislation. If concession were allowed the legislature might meet March 13, which would be well within the twelve month period during which the first sitting of the new legislature must take place.

REDUCING GAME WARDENS.

Hon. F. C. Biggs, minister of public works, intends to dispense with many game overseers and deputy wardens throughout the province. The number will run over two hundred. Their annual remuneration totaling \$100,000. Mr. Biggs will reorganize this department and will take on employees at fixed salaries.

No Drastic Increase in Timber Dues Probable

Premier Drury at Woodstock on Wednesday anticipated an increase in the revenue of the province from timber dues. This, however, turns out to be little more than a matter of routine. The tariff of timber dues is fixed in ten-year periods, and it happens that the period of the present tariff expires April 1, 1920. That there will be a general upward revision of dues goes without saying, but it is not anticipated there will be any drastic increase, tho the present and prospective condition of the lumber market seems to justify something substantial.

EIGHT-HOUR DAY UNION.

Bricklayers in Toronto will hold their next general meeting at the Labor Temple on Tuesday night. Many new candidates will be initiated. This union is one of the most progressive and at the same time moderate among the internationals in the labor movement. Totaling a membership of 327 it is one of those unions which inaugurated the eight-hour day more than twenty years ago. An official of the union stated yesterday afternoon that it was expected the new wage schedule would be signed by both the employers and the union representatives very shortly.

G.W.V.A. APPROACHES PREMIER.

A G.W.V.A. deputation waited upon Premier Drury yesterday with a lengthy petition calling for assistance to returned men students at O.A.C.; the erection of a provincial war memorial in front of the legislative buildings; placing better positions in the labor bureau at the disposal of returned men; inquiry into the soldiers' aid commission and provincial allowances for mothers.

HON. F. C. BIGGS DENIES REPORT.

A Hamilton despatch reports oil dealers in that city as dissatisfied with the method of calling for tenders for a large contract for oils by Hon. F. C. Biggs, minister of public works. Mr. Biggs says there is no foundation for the report to the effect that the oil contract will be awarded today.

"KENWOOD" IS NEW PHONE EXCHANGE

Begins Operations With Nearly Five Thousand New Lines.

Tonight, while Toronto sleeps, a new telephone exchange will be "cut in." Kenwood, on Dufferin, near Bloor, enters the business and social life of the city a fully-equipped exchange with a ten-thousand line switchboard, operating room, rack-room, terminal room, operators' lunch and rest rooms—all the accompaniments of a standard unit in big-city telephone development. Five thousand telephone users have been notified that commencing midnight January 17th, they will become Kenwood subscribers, instead of Junction, College, Hillcrest, or Parkdale, as heretofore. The distribution of a new directory will begin in all parts of the city the first thing on Monday, and in view of the thousands of changed numbers, telephone users should not fail always to consult the new book before calling.

The Kenwood exchange begins operations with 4,900 working lines, but the ultimate switchboard capacity, as in other Toronto exchanges, is ten thousand lines. In the telephone growth of a big city exchange districts become saturated. The density of telephone development becomes so great that existing switchboards are overloaded. New exchanges must be opened and many lines transferred from older exchanges to the new one. Subscribers' lines to be changed from one exchange to another must remain in service on the old switchboard while being connected to the new. Much expensive construction must therefore be duplicated and the old equipment taken out of service following the transfer.

In the case of Kenwood over 3,500 are being transferred from Junction, 1,240 from College, and a small number from Hillcrest and Parkdale, which involves a readjustment of the territory allotted to each of these exchanges. This new exchange—the eleventh in Toronto—confirms Toronto's position as a real metropolitan telephone centre. Buffalo, it is interesting to note, has seven exchanges, Detroit has seven, Cleveland thirteen.

WANT ANOTHER INCREASE.

Piano-action workers (under the Canadian Federation of Labor, who held a well-attended meeting at S.O.E. Hall last night, are considering a new wage schedule. They now work on a mixed schedule of piece-work and straight wage. They received an increase last May and are requesting a further increase because of the continued rise in the cost of living.

P.E.I. RHODES SCHOLAR

Hallfax, Jan. 16.—J. Wilfrid Godfrey of Charlottetown, who is taking his last year in arts and his first in law at Dalhousie, has been selected as the Rhodes scholar for Prince Edward Island.

POSTPONE BANDIT CASE

Quebec, Jan. 16.—The preliminary hearing in the case of Lauretta Hamel in connection with the mail robbery of the "Ocean Limited express" on the Canadian National Railways last September, and which was to have continued today, was adjourned until Jan. 23.

THIEVES LOOT APARTMENT.

Breaking into the apartment of Mrs. Roland Todd, Wilson avenue, thieves stole a small sum of money and articles of jewelry. Mrs. Todd was visiting a neighbor and when she returned found the house turned upside down.

Government Order Holds Up Liquor Shipped to Winnipeg

Winnipeg, Man., Jan. 16.—Revenue officials here declare the shipment of liquor from St. Paul, Minn., to a Winnipeg firm, which is held up in St. Paul for a \$25,000 bond, under a court order, cannot leave the States or enter Canada. A government order provides that liquor cannot be shipped into a bonded warehouse in Canada during January.

POLICE CHIEF DENIES STORY.

Chief of Police H. J. Grasset yesterday afternoon denied a story published in an evening paper Thursday to the effect that he would resign office in March and leave for England.

GEO. MERCURA IN TOWN.

George Mercura, former secretary of the Canadian Federation of Labor in Toronto, and now resident in Ottawa, left for Ottawa yesterday following a visit to old friends in the federation. Tom Watt, general organizer for the Federation of Labor, left last night for Montreal on general organization work.

DANCES PROVE PROFITABLE

Among the most popular methods of raising the war memorial fund of the various chapters of the I.O.D.E. the dance seems to lead. Last night the Westminster Chapter launched a big terpsichorean event at the Pavlowa.

Special Notice!

"Kenwood" exchange, Dufferin near Bloor, will be opened for service midnight tonight.

Five Thousand subscribers' lines will be transferred to "Kenwood" from other exchanges—namely "Junction," "College," "Hillcrest" and "Parkdale."

Only our new directory (January issue) can give you the right number. The books will be distributed as rapidly as possible in all parts of the city. There are over 84,000 to deliver.

Please be sure always to consult the new directory before calling any telephone number. The new book contains over 27,000 changes.

End Your Rheumatism

Like I Did Mine—Says Pastor Reed; Wife Also Rid of Neuritis

Endured Tortures For Years—Now Tells Good News to Others.

Don't Believe That Old Stubborn 'Uric Acid' Holds the Cause of Rheumatism—It's Not So!

Emphatically asserting that thousands of unfortunate sufferers have been led into taking wrong treatments under the old and false belief that 'Uric Acid' causes rheumatism, Pastor H. W. Reed says: 'As do some of our highest medical authorities, I now know that 'Uric Acid' never did and never will cause rheumatism! But it took me many years to find out this truth. I learned how to get rid of my rheumatism and recover my health and strength through reading 'The Inner Cause of Rheumatism', a work written by an authority who has scientifically studied the cause and treatment of rheumatism for over twenty years. It was indeed a veritable revelation! 'I had suffered agony for years from rheumatism and associated disorders, and Mrs. Reed was tortured with the demon neuritis almost beyond endurance. We had read and talked so much about 'Uric Acid' that our minds seemed poisoned. But the 'Inner Cause of Rheumatism' made it all clear to us and now we are both free from the suffering and misery we endured so many years. I believe it was the hardest lesson I have ever learned. For me to discard the old 'Uric Acid' theory, and what I now know to be absolutely false, for the new scientific understanding of the cause and cure of rheumatism, was like asking me to change my religious beliefs! But I did change, and it was a fortunate day for me and mine when I did so.'

CONTROLLER GIBBONS GIVES U.V.L. ADVICE

Discussion of the bylaws and constitution was the principal item of business before yesterday's session of the first general convention of the United-Veterans' League. The convention opened on Wednesday and will be brought to close today.

Controller Joseph Gibbons made a brief address to the delegates. He expressed his appreciation of the help given him in the recent municipal elections.

In advising the convention to endeavor to retain public sympathy the controller pointed out that so long as they maintained a policy of moderation in the exclusion of radicals, so long would the league continue to thrive.

The convention was unanimous in maintaining that Mr. Flynn's re-election as president constituted an effective reply to all and sundry of his critics.

Beautiful weather, clear and crisp, now prevailing in Algonquin Park with temperature twenty degrees below zero and almost two feet of snow, making it ideal for snow-shoeing, tobogganing, skiing and the many other winter attractions.

REPORT ANOTHER RISE IN THE COST OF LIVING

Ottawa, Jan. 15. (By Canadian Press)—During December there was another rise in the cost of living, according to The Labor Gazette. The average cost of the weekly family budget of staple foods averaged \$14.70 at the middle of the month, as compared with \$14.27 for November, \$13.83 for December, 1918, and \$7.59 for December, 1914. The index number of wholesale prices rose to 327.7 for December, as compared with 307.7 for November, 288.8 for December, 1918, and 187.8 for December, 1914.

CALL OF PREMIER DENIES CONSTITUTIONAL

(Continued From Page 1).

'Sixty-two days have passed since the 18th day of November, when Mr. Drury announced the names of his cabinet ministers and they were sworn in by the chief justice of Ontario. Ever-hunting has become a popular U.F.O. pastime. It was the duty of Mr. Drury to find seats for himself and his seatless ministers or declare his inability to do so. But he is powerless. I quote from last night's evening press: 'We have not decided yet in what constituencies the by-elections will be held,' said Mr. Morrison. 'You know the press does not seem to understand the country districts now with the changed conditions. Under the old system of party politics the executive set-up the question of opening a constituency. Now, it is the people who do this and, of course, it takes time. I hope, however, that within a few days the matter will be settled and then the people will be satisfied. 'I have you decided on what those constituencies will be? 'No, not yet. 'This is really very rich. The people whom Mr. Morrison assumes to represent have not yet decided for which constituencies Mr. Drury and Mr. Manning are to run. Mr. Manning is allowed to sit; and yet these gentlemen are carrying on the business of the country making appointments to office and letting contracts without tenancy.

'Now Mr. Morrison's premier undertakes, upon the advice of his seatless and irresponsible attorney-general, to discuss a suggested violation of constitutional government by Lieutenant-governor Clarke as a sign for going and men! This morning the correspondence as published, and Mr. Drury ventures to suggest in a letter, evidently written by his irresponsible attorney-general, that there are certain matters in the recent speech of a former Lieutenant-Governor Clarke which he criticizes in the interests of stable government which should be maintained between the representative of his majesty and his constitutional advisers.' would it not be better for Mr. Drury and his attorney-general to constitute themselves advisers constitutionally before they undertake to suggest constitutional usage and practice with the lieutenant-governor or anyone else?

'Mr. Drury made it abundantly clear in his Woodstock speech that he is not anxious to discuss in Ontario politics, and that he regards the farmers' success in provincial politics only of importance as it leads to the larger sphere of Dominion politics in which he has always been interested. But the interview that he gave on Wednesday, and which he has not denied, is still more serious in indicating his idea of constitutional government. I quote from a Toronto evening paper: 'The government would be inclined to get away as far as possible from introducing measures as government bills except where law or special circumstances require this. Instead, the measures may, as a general rule, go into the house as ordinary bills and be thrown open for free discussion on from every side. 'Every member would then be in a position to discuss the bill freely. The result would be a much franker discussion of the matter in hand and a satisfactory consensus would, in all probability, be arrived at,' stated the premier.

'This is responsible government with a vengeance! So long as the government tag is not put upon the bill, the most important governmental measures may and apparently will be deliberately introduced in the name of private members, so as to avoid the possibility of a government defeat. One is amazed that a man with such ideas of the duties that he owes to the country should assume the position of premier of this province, and should undertake to talk about 'stable government' and 'constitutional advisers' if he uses either term in its ordinary acceptance.

'I have refrained from criticizing Mr. Drury except as it appeared to be absolutely necessary from time to time, and he knew my willingness to give him every reasonable assistance. If he finds himself opposed in this province it will be due to the fact that the people will not stand for irresponsible government.

'Since Mr. Drury finds so much difficulty in getting any of the U. F. O. members to resign his seat in order to enable him to contest it, I am in a position to give him an opportunity to contest one of the Liberal seats in Toronto if he desires to do so. He will then be able to test the strength against a Liberal in Toronto. 'H. Hartley Dewar.

ROWE REVEALS RECORD OF YEAR

(Continued From Page 1).

loss of revenue the income tax had been largely increased.

'By the new immigration act greater care would be taken in selection of settlers and the government had power to deport all undesirable.

In order that profiteering might be investigated and those responsible punished, a board of commerce had been established and it combines and fair prices act passed. Although subjected to some criticism its general conclusions must be reassuring to Canadians. The measures adopted for the marketing of their wheat by the Canadian farmers had met with the approval of the farmers of the west and the continuance of the policy so long as government control prevailed in Europe, had been asked for.

Two Brave Ladies. A reception is being tendered at the city hall to Captain Mary Plummer and Lieutenant Joan Arnold, two ladies who have done worthy and noble service at the front in connection with the Canadian Field Commission.

Electrifying the Railways. A despatch carrying an Ottawa date appeared in The Telegram last night to the effect that it is the intention of the Canadian Pacific to electrify their whole system; a very progressive and a very big job, and one that will take a long while to realize.

The World believes that the activity of Sir Adam Beck in laying plans for a system of radials from here to Hamilton, and to the Falls, and perhaps to London, may have started the Canadian Pacific into study of the electrification of its system.

Just whether the Canadian Pacific will admit that the electrification of its lines is within its present intentions, The World cannot say, but sooner or later all our railways will have to come to electrification, especially if they can get the necessary energy from the rivers of the country.

The member for South York has repeatedly directed the attention of the House at Ottawa to these possibilities, and, in fact, the necessity of developing electrical energy to operate our railways. Other members took the same line especially in view of repeated coal famines.

The European Situation. England may be in a bad way, as "Sack-the-Lo" Fisher repeatedly declares, but it is some compensation that she has somebody to amuse her while she suffers.

Admiral Fisher seems to try to convey the impression that if he were prime minister of Britain he could settle all the world's troubles in the twinkling of an eye, if not sooner. It's a way some dear old gentlemen have.

Here and There

Thanks to the honorable provincial secretary for the appointment of Dr. Helen MacMurchy to the board of medical examiners for industrial homes for females.

Chairman Dr. Noble thinks that the school children of today are not polite enough, and he advocates having a class to teach them the art. Might we suggest he take the matter to heart, and do his best to keep order in the meetings of the board?

It is to be hoped that nothing on earth will interfere with the proposed trip of Col. Grasset. After so strenuous a life as the chief constable has had, a sea voyage would be the very thing to rejuvenate his tired nerves.

Tonight is the municipal press gallery dinner. It will be a success undoubtedly, because, after all, will it be attended by the members of the city council, and under such conditions what could go astray?

Dr. Noble has also made a statement to the effect that this spelling should be cut out as a separate subject in all public schools, and that geography should be merely a sideline, while grammar should be carried entirely, until the pupil has mastered the English language.

The ordinary garden variety police constables still continue to be the members of the police force who catch the bandits.

Now, if Mr. Raney will please appoint a woman to the juvenile court bench he will earn the applause and thanks of the multitudes. And who knows but what one of them might come forward with a constituency for him, which would be nothing to sneeze at these days.

Mining Stock and Income Tax. Editor World: Thanks in anticipation of your reply to the following: Why is there city assessment on income received from Toronto debentures and not on income received from mining stocks, etc. in the province of Ontario? One investment helps along the city of Toronto and the other the province of Ontario. Surely if there is any exception the holder of city debentures should have the preference, more especially as the city is only paying sterling coupons at the current rate of exchange and not at the rate of 4.46 when the loan was floated.

Montreal, Jan. 16.—Local meteorologists, far from being skeptical, express themselves as extremely hopeful of the success of Professor Goddard's plan, which involves the discharge of a multiple charge rocket, and which its inventor insists, can acquire sufficient propulsive power to carry it as far as the moon, says a despatch from New York to The Montreal Gazette.

DIVORCE APPLICATIONS.

Ottawa, Jan. 16.—A dozen divorce applications were published in the current issue of the Canada Gazette. Toronto is given as the residence of seven of the persons applying. They are Ernest A. The tinsmith has a puzzle on his hands. You see, he has to place a square patch on the roof. The irregularly shaped piece of tin with which he must do the job contains exactly the amount of material required. It consists of three squares, one 8 x 8, another 4 x 4 and the third, one unit square. There is just enough tin to form a 9 x 9 square.

ANSWER TO NO. 85. When Martha departed with her fish and left 45 cents of the assets of the investors were 2-3 out of their original fish stock, cost 32 cents, and 45 cents, in cash. The girls' interests in the assets were in the ratio of 18 to 30. Since the girls took half of the stock valued at 16 cents, whereas she was entitled to only 2-8 or 12 cents worth, she should have paid to Mary 4 cents out of her interest in the 45 cents in cash. Therefore, Maggie received two and 4 cents in cash for her share. Mary taking the balance of 34 cents and two fish.

MOONLIGHT AND MONEY BY MARION RUBINCAM

A PRIVATE EXHIBIT. CHAPTER 90. Where was she drifting, Louise wondered? She had been three weeks in her little studio apartment, and in that time she had met every other inhabitant of the building, and had been interrupted several times a day, by one or the other of them running in and out.

She had been included in any number of parties, she had dined out in sociable "Dutch Treat" style with groups of the young men and women. She had been dazzled by their display of learning and puzzled by their curiously irresponsible point of view on life. Some of them she liked, some she disliked without being able to explain why.

The semi-Bohemian art world, at least this special phase of it, was something entirely new to her, and she did not suspect it, it was really doing her good. At least it was making her more self-reliant.

But every time the phone rang and every time she found a letter in her box, she hoped that somehow, in some way, it would be from Harry. Yet, she had not written him, because the task of so doing was too painful.

One day the phone rang and Murray Butler's voice greeted her cheerily. "There's a private exhibit of paintings on this afternoon," he said. "Will you go?"

"I'd love to," Louise assured him. "I'll be around at three, he said. "These exhibits won't do you much practical good, it's what is called 'high bro' art, but it will increase your general appreciation. Besides which, everybody goes to them, and you'll have a large acquaintance if you want to be successful."

Half a Million in Three Days. What is the Federation for Community Service and what does it do?

THE Federation for Community Service is a centralized body, representing more than 40 charitable and social service organizations of Toronto. Under the Federation these institutions make one appeal a year, so that one cheque annually, quarterly or monthly, as may be most convenient for you, will provide for all of those investigated and worthy charities for the entire year.

It supports these local agencies that give to more than 8,780 men, women and children relief from want, misfortune, ignorance and disease; to young people recreational and educational facilities; to thousands of wayward people friendly help; besides a vast amount of extra social welfare work, including 50,000 visits made by visiting nurses to the tubercular sick and maternity cases.

Do You Believe Jesus?

ELDER JENSEN SAYS: "What the Church must do to be saved," is the apt title of a book before me. This title implies that unaved churches are trying to save an unaved world...

"God set in the Church" apostles, prophets, miracles, "gifts of healing" and "diversities of tongues." (1 Cor. 12) If a church has no prophets to whom the Holy Ghost "shows things to come" (John 16), is it God's church?

The Church of Jesus Christ of Latter Day Saints is actually allied with God through the Holy Priesthood which is vested in her.

ROUSING BATTLE WHEN IRISH TEAMS CLASH

Over in Ireland home rule is the big topic. In Toronto anybody with Irish blood in his veins waits for the annual clash between De La Salle and St. Michaels in the prep. college junior group. A warm battle is generally the result and yesterday the Irish teams ran true to form.

De La Salle were the victors 6 to 3 and the game ended with the boys ready to try at one another's throats on the ice. De La Salle simply smothered the Saints in the second period, ran in five goals and won the contest.

In the first and third rounds St. Michaels had system to their attack, checked well and shot with effect. They were better here, but their bad session in the second period spelled disaster. Loranger and Donohue were the heroes and tried to stop all the De La Salle life with his stick instead of his body. The result five goals.

Cawell and Griffin were best for the winners. The former packed a wicked shot and scored the only goal. Griffin played strongly all thru checker and was a great little cleanly all the way and was very useful.

De La Salle. Milan rushed well and Shaw was brilliant in spots.

For St. Michaels Burke checked well and was also strong on the attack. He used his stick too frequently when checking a man.

St. Michaels checked closely and showed good combination in the opening period. De La Salle came like whirlwinds in anger from all sides and scored five. The Saints outscored De La Salle two to one on Bond street and bottled up the final was 6 to 3. The teams:

St. Michaels—Goal, Loranger; defense, Milne, Kelly, left; Rice, sub; De La Salle—Goal, Stone; defense, Griffin and Shaw; centre, Donohue; right, Cawell; left, McAllister; substitutes, Burke and Harrington.

Referee, Frank Feeney.

VACCINATION TRUTHS

Talking of Sanitation—
The health officer of Leicester, the English city so much quoted by the opponents of vaccination, Dr. Millard published a book in 1916, in which he advocates Sanitation in Smallpox Prevention, but Dr. Millard takes no chances with his own family.

Nor does Dr. Millard take any chance with his nurses in the smallpox hospital, as will be seen by this picture.

Moreover, Dr. Millard says that vaccination is an "absolute means of prevention of smallpox" and that the stories of the anti-vaccinists, as to vaccination being a "myth" or a "substitution," are entirely disproved in his experience.

Why take a chance?
Yours for good health,
The Provincial Board of Health.

THE VALUE OF VACCINATION IN PROTECTING SMALLPOX NURSES.
Nurse recently vaccinated, and child (unvaccinated). This nurse had a sister whose husband did not believe in vaccination and objected to her being vaccinated. Although never knowingly exposed to infection, she unfortunately contracted the disease and died. The nurse in the photograph, although constantly exposed to infection, entirely escaped.

NATIONAL YACHT CLUB ELECT THEIR OFFICERS
The annual meeting of the National Yacht Club was held at the new club house, foot of Bathurst street, on Tuesday, January 13, there being a large and enthusiastic attendance. A number of exceedingly favorable reports were presented to the meeting by the various committees, amongst which was the financial statement, which showed the club to be in a very strong financial position. The following officers were elected for the ensuing year: Commodore, E. A. Roberts; vice-commodore, E. A. Dorgan; racing commodore, H. Boddington; financial secretary, A. D. Cummings; recording secretary, H. V. Cummings; treasurer, R. J. Thompson; executive committee, G. A. Dingwall, W. H. Bennyworth, J. C. Cutchell, W. A. Clarke, H. H. Briggs, R. Hall.

Plays, Pictures and Music

"A Prince There Was." Starting Monday night with matinees Wednesday and Saturday. Conan & Harris will present Geo. M. Conan's greatest character comedy, "A Prince There Was," founded upon Mrs. Darragh Aldrich's novel, "Enchanted Hearts," with Grant Mitchell in the leading role, supported by the original New York organization intact. "A Prince There Was" is generally credited with being the best light comedy in recent years. The brilliant satire throughout the three acts is delicious with never a dull moment. The plot of "A Prince There Was" begins to get mysterious when Miss Wood—but why spoil a perfectly good evening's entertainment, so suffice it to say that the noted Geo. M. surely knows his public. For in the last act, with three kisses and a few moves of the head, he does more to straighten out a dramatic tangle than most authors do with pages of speech. The supporting company includes George Parsons, Marie Vernon, Gilda Leary, Ernest Stuard, Jessie Ralph, A. G. Andrews, Grace Nolan, Ralph Slipperly, Gladys Towle, Wanda Carlyle, Ralph Theodore, Elizabeth Dunne and Walter Browne.

"The Sweetheart Shop." Of "The Sweetheart Shop," the new musical show which comes to the Princess the week of Jan. 26. The Baltimore American of last Tuesday says: "With all the charm of its alluring title, 'The Sweetheart Shop,' Anne Caldwell's very latest musical comedy, had its premier performance at the Academy of Music last night. The acme of daintiness, loveliness and elegance, the latest aspirant to public favor is destined to find instant appreciation from those seeking diversionment of an aesthetic character."

"Tick-Tack-Toe." "Tick-Tack-Toe" is the title that Herman Timberg has given his new musical venture, which he will present at the Royal Alexandra Theatre all next week, commencing Monday evening, with matinees on Wednesday and Saturday, previous to its New York engagement.

Sparing no expense in making his show the best of its kind on tour, Mr. Timberg has surrounded himself with a coterie of high-class artists, including Flo Lewis, Jay Gould, Florenz Ames, Hattie Darling (and this, by the way, will be the first appearance of Miss Darling since her tremendous success with "The Passing Show of 1918"), Adelaide Winthrop, George Mayo, Pearl Eaton, William Bence, Doris Hilton, C. Leland Marsh, Billy Dreyer, Delphie Daughn, Laura Dreyer, J. Gilfoil and many others, while surrounding them will be seen the chorus of scintillating Broadway truant that are described 100 per cent. perfect.

"Monte Cristo, Jr." Another big New York Winter Garden spectacle is scheduled for the week beginning Jan. 26 at the Royal Alexandra. On this date "Monte Cristo, Jr."—companion production to the big "Passing Show of 1918"—comes to the theatregoers of this city. The show comes direct from long runs in New York, Boston and Philadelphia, and this city is one of only five that will have an opportunity of seeing this big extravaganza before it goes into Chicago for a long run.

"The Naughty Wife." If you were a young man and succeeding particularly well in your business, and you had a young wife of whom you were extremely fond and proud, and then suddenly she told you herself—right out of a clear sky—she was about to elope with another man, what would you do? That isn't the easiest question in the world to answer, but it is pretty safe to say you wouldn't do what the young husband of "The Naughty Wife," a farce by Fred Jackson, which Selwyn and Company present at the Grand Opera House next week, did.

It was the course he took to bring confusion to the prospective elopers and to win his wife back at the same time, that provides the story of what has been pronounced to be one of the best farces produced this season. Not that his method was so unusual as to be either illogical or impossible. In fact, the success with which it worked in the play bespeaks serious consideration for it from those who may ever find themselves in a like predicament. But it is funny, really, and merrily so—and it is fun that he enjoys and the audience enjoys, and everyone else in the play enjoys, save possibly, in the end, the interloper who would have run away with another man's wife had he been allowed to.

"The Winnie Kiddies." The novelty theatrical offering of the season will be the appearance at the Grand Opera House the week of January 26 of "The Winnie Kiddies," an organization of talented

Canadian children, who give the snappiest of vaudeville entertainments and are meeting with the greatest success in their tour across the continent.

At Loew's Next Week. In her latest production, "The Third Kiss," featuring Vivian Martin, at Loew's Yonge Street Theatre and Winter Garden next week, the star appears as a factory girl who is not quite what she seems, and a big-hearted man marries her and then goes thru fire to win her love. Roscoe (Fatty) Arbuckle will be seen in his latest comedy film success, "The Hayseed," a veritable gale of laughter. Charles Ahern, the clever pantomimist and trick cyclist, assisted by a sextet of mirth-provokers, introducing his latest edition of "At the High-Life Cabaret," headlines the vaudeville. Another big feature introduces Hal Johnson, assisted by George P. Watson and Florence Little, in a farce comedy with music, called "Mr. Chaperone," a novelty that centres about an impersonation. Danny Simmons, the eccentric Scotch comedian, appearing as "The Raw Recruit," Chic and Tiny Harvey, in a sparkling revue of melodrama; Martin and Elliott, a pair of clever dancers, with feet so swift that the eye can scarcely keep up with them; the Flying Waxwings who do death-defying tricks on the wire; the latest edition of Loew's Timely Topic pictures, and the "Mutt and Jeff" animated cartoons complete a splendid combination of attractions.

Mollie Williams at Gayety. The name of Mollie Williams has always been a guarantee of the best that could be obtained in burlesque, and it may be said with truthfulness that Mollie Williams' Greatest Show, which will be seen all next week at the Gayety Theatre, is the ultimatum of burlesque accomplishment. This famous star and feminine producer is presenting this season a production in two acts and four scenes, the burlesque being entitled "The Garden of Peaches" and "A Day at Coney Island." There are many specialties, a big sensational dramatic playlet, "The Unknown Law," a wealth of wonderful costume creations, scenic beauty, musical tunefulness and every possible essential that could be used in building up a first-class show.

The Broadway Belles Company. The Broadway Belles will appear at the Star next week. Joe Marks, Burton Carr, Ed. Cole, Elie Harris, Burnie Friedman, Dolie Davis and Jean Worth and a chorus of 29 shapely beauties will appear in two rollicking burlesques, with the Broadway Belles Company. This is a real big show and the management has displayed tact in the selection of this company, carefully choosing those whose peculiar abilities to portray the characters assigned to them is beyond question. He has succeeded in gathering in his standard the cream of musical comedy and vaudeville.

Chaplin at Madison. All next week everybody's favorite, Charlie Chaplin, will be seen at the Madison Theatre in his latest screaming comedy, "A Day's Pleasure." This "day's pleasure" is taken by the Chaplin family in a motor car, and it provides entertainment too excitingly funny for words. For the first three days of the week there will also be presented Eugene O'Brien in "The Perfect Lover."

Mary Pickford in "Pollyanna." There are people everywhere who are drugging themselves with all sorts of medicine, who need nothing but a new viewpoint of life, a new comprehension of the power of happiness that is within themselves and in others, a new knowledge of how to find the bright side even under the darkest trial, of how to effect redemption thru words of cheer and encouragement, of how to generate a spirit of resignation, even of gladness. Mrs. Pickford thought that, more as the affliction is hard as the deprivation, it could have been worse. What they need is the Pollyanna treatment as portrayed by Mary Pickford in "Pollyanna," at the Regent Theatre the week of January 26.

Elsie Ferguson at the Regent. Elsie Ferguson, during her extensive stage and screen career, has been called upon to do a variety of unusual things. But in "Counterfeit," her picture at the Regent Theatre this week, for the first time she tries her hand at safe-cracking. It is quite in line with her past performances that she does a very clever and neat job. The only untoward development that mars it is the fact that the man she loves has been watching her without her knowledge, and is at a loss to know her motive. This is one of the dramatic moments in "Counterfeit," a film which presents Miss Ferguson in one of the most fitting and interesting characterizations of her career. She is a southern girl who enters the secret service to win the large reward offered for the capture of a band of counterfeiters. The photoplay is by Ouida Bergere and was directed by George Fitzmaurice. David Powell is the leading man. The "Fatty" Arbuckle comedy entitled "Hayseed" will be an added attraction.

At the Alhambra. That great spectacular photoplay founded upon the world-famous melodrama of the sea, "The Romany Rye," will be presented at the Alhambra Theatre on Monday, Tuesday and Wednesday of next week. The picture version is entitled "The Life Line," and is one of Maurice Tourneur's finest film productions. It is said that "The Life Line" is the last word of spectacular thrills, and it is sure to please all those who witness it amid the comfortable surroundings of the Alhambra Theatre. Miss Marjorie O'Donoghue is the soloist next week, and the Alhambra Concert Orchestra will render some very fine selections. On Thursday, Friday and Saturday, Katherine MacDonald, the American beauty, will be featured in "The Thunderbolt."

Dorothy Dalton at Strand. You've seen Dorothy Dalton as a western dance hall girl, as a traveling saleswoman, as a trained nurse, as a society woman, and in various other roles in winners. But next week at the Strand Theatre, you will see her in a wonderful dual role—that of an Apache dancing girl and an American heiress in "L'Apache," her thrilling new Paramount-Artcraft picture, directed by Thomas H. Ince. "L'Apache" is a sensational story of love and adventure in the Latin quarter of Paris. The picture is staged with Ince's well-known skill and inventiveness. Maurice Tourneur's big melodrama, "The Life Line," has its last showings today at the Strand.

SALTS FINE FOR ACHING KIDNEYS

We Eat Too Much Meat Which Clogs Kidneys, Then the Back Hurts.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally. else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders. You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts is harmless, inexpensive, makes a delightful effervescent lithia-water drink, which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble with it. It is only trouble.

AGREES TO LOWER SALARY. Cobalt, Ont., Jan. 16.—The unusual spectacle of a municipal servant agreeing with his employer that his salary should be reduced, was witnessed at the regular meeting of the town council. Bruce Williams, town solicitor, said he found himself in accord with Councilor Campbell when the latter suggested that the remuneration for the town solicitor should be reduced to \$600 instead of \$900 as at present. Woodstock.—Mrs. Effie Fay died in the local hospital during the night, after a lingering illness. She was born in Charlotteville.

BOARD'S RULING PROVES UNPOPULAR

Clothiers and Sugar Merchants Protest Ruling of Board of Commerce.

Following a preliminary inquiry yesterday into the advance of the cost of oatmeal in certain restaurants from 10 to 15 cents, the board of commerce, presided over by the chairman, Judge Robson, decided that all restaurant prices should be investigated and the city will be asked to co-operate in carrying out this plan. Following the hearing, Judge Robson, Commissioner Murdoch and Mayor Duncan waited on Mayor Church to learn what assistance the board might expect from the city. The proposal from Judge Robson was that the city should empower one of its officials to check up restaurant prices and report to the board any increases or apparent overcharges. When an inquiry would be ordered. The board will write a letter to the mayor, setting forth its proposal for the appointment of an inspector.

R. H. Hinman, manager of Bowles' Lunch rooms, appeared before the board yesterday to justify, if possible, the increase of the price of a bowl of oatmeal from 10 to 15 cents. He emphasized the increased cost of sugar and also argued that he supplied milk with the porridge which was half cream. The board decided not to make an order at present, but intimated that a test might be made of the milk and other foods and a verdict would be rendered later.

Clothiers Protest. Representatives of the clothiers appeared before the board and protested against the recent order fixing the retailers' profits on men's clothing at 3 1/2 per cent. on the cost. Mr. Fitzpatrick, provincial secretary of the Retail Merchants' Association, said the order had raised a storm of protest from one end of the Dominion to the other, altho the order affected only the Toronto merchants. The Toronto merchants, he said, were dissatisfied on their own account, and were desirous of having orders of such a nature apply to the whole Dominion. A meeting of the Dominion Association of Retail Merchants had been held in Ottawa early in the week as a result of pressure brought to bear from merchants outside of Toronto. Mr. Fitzpatrick would not admit that at his previous meeting with Mayor Duncan, at which a profit of 3 1/2 per cent. on cost was agreed to, he represented merchants who were not at that meeting.

Not Enough Profit. Robert Dowson, chairman of the retail grocers' sections of the Merchants' Association, appeared before the board and protested against the order fixing the price of sugar at 16 cents. "Our sugar costs us \$14.71 a hundred," said Mr. Dowson, "and our overhead expenses are 15 per cent. We should have 20 per cent. on cost." Judge Robson said the appeal would be considered.

H. C. Beckett, representing the wholesale grocers of Hamilton, read to the board a long statement, setting forth the view that the departmental stores and mail order houses constituted a grave menace to the country by reason of the fact that they were putting the rural trader out of business and depopulating the towns and villages.

\$100,000 DAMAGES FOR A. B. McCaULEY. Toronto Engineer Given Solatium for Imprisonment as "Christmas Keogh." One of the most romantic cases of mistaken identity which attained international repute has concluded within the past few days in a verdict in favor of A. B. McCauley, well-known mining engineer and promoter, for \$100,000 damages by the United States supreme court respecting McCauley's arrest three years ago in St. Louis on charges preferred by jewelers of that and other American cities against "Christmas" Keogh, international crook of world-wide notoriety. A. B. McCauley is a Canadian, and was engaged in mining engineering in Toronto, having small interests both in the Cobalt and Porcupine districts. While engaged in business at St. Louis in January, 1917, Mr. McCauley was arrested by St. Louis police at the instance of Theodore Starr, New York jeweler. McCauley spent some days in jail, but finally received bail at the instance of Toronto friends. A year later he was acquitted by the United States courts. He immediately preferred suit for damages for false and malicious imprisonment, with the results noted today. It will be recalled that "Christmas" Keogh, the real, was captured nearly a year ago.

Religion Is Patriotism

It is the Root of Personal Righteousness, the Mainstay of Social Order, the Bulwark of International Peace

The Makers of Canada. The earliest settlers in Canada were roused by the Call of the Church to develop a noble and useful citizenship. Young and old were invited to turn their eyes from material things, and to regard the splendor of unseen realities. Knowing that Religion is the only true safeguard of stability in the State, they built Churches, Schools and Colleges, to train men for the Christian Ministry, and to spread abroad in the land the benefits of education. This they did in their poverty, and thus directed the course of history in Canada to this day.

The Testing of Canada. Because of such sacrifices, there arose in Canada a public spirit hostile towards all injustice, dishonesty and cruelty. The War tested the moral fibre of the Canadians of a later day. Would they choose material ease and wealth, or would they risk all in defence of freedom and the rights of the weak?

Over 400,000 men voluntarily offered their lives, and endured hardness as good soldiers for the defence of equity and fair dealing in all human relationships, and for the vindication of public right. Nor were the people at home less steadfast. Besides bearing the national cost of the War, they gave voluntarily for the help of the soldiers more than \$90,000,000. Canada nobly stood the great trial.

The Menace of To-day. That conflict is ended. Now comes another test. Not only in Canada, but all over the world, sectional and class struggles for material rewards and for mastery threaten the present basis of Society. The vision of spiritual values gained in the War is in peril of being forgotten. The supremacy of sacrifice, the nobility of service, the reality and glory of the Unseen and Eternal, the promises of Christ; these were the things by which we lived during the War. Now there is great danger that they may fade from the view, giving place to selfishness and the love of ease.

The great non-Christian peoples of the world comprise two-thirds of the human race. They are mastering our modern scientific knowledge, and if they remain Pagan may yet turn it to our destruction. Paganism stands for the supremacy of Might, the very ideal we fought and conquered in more than four years of war.

The World's Need is Spiritual. I speak as one standing upon the watch-tower, and know what the need of the land is. It is not material, it is spiritual. Get the spiritual, and the material will follow. The wounds of the world are bleeding, and material things will never heal them. And that is why I hail any movement which brings the great spirit of brotherhood. The one need of England and France today is the healing and the brotherhood of the Cross of Christ. —Rt. Hon. David Lloyd-George, Before the Brotherhood Convention, London, September, 1919.

Fight the Good Fight

Victory only through Christ. How can we retain the heavenly vision? How can the world be guarded against another attempt to establish the Pagan ideal? Only through the Church of Jesus Christ. There is no other agency or society that has any possibility or hope of bringing about a full realization of the brotherhood of all mankind, and the reign of the Prince of Peace.

What the Church Has Done. All the progress of humanity in Civilization for the last 2000 years has been inspired, directly or indirectly, by the Gospel of Jesus Christ. It has ended slavery, protected life, ennobled women, educated the children and safeguarded their lives, sanctified the home, established schools, missions and charities.

The Coming Era. Victory places upon the shoulders of the Allied Nations the responsibility for directing new conditions to right ends. Canada must do her share. The Church must prepare to meet the needs of the new day. Old standards of life with old habits of thinking and of giving will be wholly inadequate. We must do in our day what our fathers did in theirs. The hope of the world is bound up with the strengthening and extension of the Church of Jesus Christ.

The Forward Movements

FIVE Christian Communion, Anglican, Baptist, Congregational, Methodist, and Presbyterian, are convinced that the time has come to rouse all Christians to a clearer understanding of their calling and stewardship in Christ, their King. They believe that the Church should be equipped adequately with men and money to enable it to meet the needs and opportunities of the New Day. These five separate Communion are of one mind as to their belief in God, the Father Almighty, Maker of Heaven and Earth, and in Jesus Christ, His Son, Our Lord. They now declare to their respective constituencies, and also unitedly, to the Canadian people, that the only effective method of making good citizens is by urging men to a more faithful practice of Christianity, by inculcating personal faith in Jesus Christ. They insist that there is no other dependable way of correcting evil tendencies in individual and national life. They call the people to repentance. To all Christians their message is, "Awake, Arise. Fight the Good Fight, For Canada and For the World."

EACH of the Communion named is in the midst of a Forward Movement. Each is seeking by prayer and by earnest effort to accept all its responsibilities. Each is striving to extend its activities in Canada and in Foreign Lands. Your Church needs your help, but, far more, you need the help of your Church to learn the difficult art of living wisely and well. Consult your Clergyman. He serves you and your children. Ask him how and when you can serve in this day of national emergency. Give yourself to the task. Say: "Here am I, send me."

FIRST MEETING OF LEAGUE OF NATIONS

Representatives Express Satisfaction at and Hopes for Full Efficiency.

Paris, Jan. 16.—Representatives of France, Great Britain, Italy, Greece, Belgium, Spain, Japan, Portugal and Brazil, members of the council of the league of nations, met in the "clock room" of the French foreign office at ten o'clock this morning for the first meeting in the history of the league.

The council organized at 10.30 o'clock by electing Leon Bourgeois chairman, and confirming the choice of Sir Eric Drummond, of Great Britain, as general secretary.

Leon Bourgeois, French representative, who presided at the meeting, spoke briefly, saying in part: "January 16, 1920, will go down in history as the date of the birth of a new world."

After the delivery of the speeches M. Bourgeois announced that the only item on the order of the day was the appointment of three members of the commission to fix the boundaries of the Sarre Valley, together with one member appointed by the French government, and one by Germany.

After the appointment of the commissioners, M. Bourgeois proposed London as the place for the next meeting of the council, and it was approved. The entrance of Premier Lloyd George and Viscount Grey occurred during the delivery of M. Bourgeois' speech, and was almost unobserved.

After the appointment of the commissioners, M. Bourgeois proposed London as the place for the next meeting of the council, and it was approved.

RECORD HIGH PRICES FOR MINING STOCKS

Kirkland Lake and Beaver Break Into New Ground—Peterson Lake Strong.

Kirkland Lake and Beaver, each of which sold at the highest point on record; Peterson Lake, Atlas and Teck-Hughes were leading stocks in the local mining market yesterday. It was demonstrated again that the causes of weakness on other exchanges do not exert a depressing effect upon mining stocks; in fact, it is contended that influences which unsettle other securities should work to the advantage of mining stocks. For one thing, breaks in oil and other industries are calculated to divert speculative funds back to mining issues, and the process of general deflation, which will lower operating costs and hence the price of silver mining industry, which has an assured market for its output.

ATLANTIC SUGAR OFF FIVE POINTS

Reactionary Trend in Toronto Market—Demand for "Rails" Satisfied.

Stocks were clearly inclined to lower levels in the Toronto market yesterday, the fresh unsettlement in New York being a bearish influence locally. However, there were only a few issues, however, in which offerings reached any appreciable volume, and Atlantic Sugar was among the leader, with transactions of slightly more than 1100 shares. Sugar opened at 95 1/2, advanced to 97, and declined to 95, closing at the low for a net loss of five points.

AMPLE FUNDS SECURED TO FINANCE HERRICK

The Herrick gold mine, at West Shilling, has finished diamond drilling and is now arranging to install a plant and carry on mining and milling operations on a large scale. The company has been amply financed, and plans are being prepared for a large, modern mill, which is probable that this mill will be in operation before the close of the present year.

WHITE ROCK ACQUIRES PROMISING PROPERTY

The White Rock Gold Mining Company has acquired the McVittie-Saville property, in West Shilling, and is now taking in supplies and machinery preparatory to active exploration. This property lies between the Atlas and the West Tree mines. It has one of the great veins of the camp. This vein is strong and well defined for over 200 feet, and then appears to plunge into Wasps Lake, there to cut the east and west systems of the Atlas and the Tree. It is said that fire last summer also exposed another north and south vein on the White Rock. The company is financed in Sydney. It has certainly secured a fine piece of mining property. White Rock is the English translation of Wasps Lake, a term first applied to the great Ribble vein because of its picturesque appearance.

HONOR J. T. EASTWOOD.

John T. Eastwood, a prominent member of the Standard Exchange, has been presented with a beautifully engraved gold watch and chain by A. W. Singer, Albert Singer and Dr. George A. Mackay, who had received from Lord Lake on Jan. 14, 1919. The party were motoring across the top on a 23 below zero night when their car overturned. Mr. Eastwood, after getting on his feet, drew the others to safety. The presentation was made on the anniversary of the rescue.

SHAREHOLDERS LEARN PEACE RIVER PROGRAM

Aggressive New Company Already Has Over Two Thousand Members.

In keeping with their policy of fully acquainting shareholders with their plans and movements, the directors of the Peace River Petroleum Ltd. yesterday met an enthusiastic and largely attended meeting of shareholders at the King Edward Hotel. One of the interesting reports made was that this young company now boasts over 2000 shareholders. The company's program of drilling was explained to the shareholders, and it was learned that the company was strong enough now to finance an aggressive campaign for two or three years. But it is expected that the rich oil fields will be encountered in very short order.

Something Unusual In Mining Stock Offerings

We are accepting subscriptions for the unsold portion of the original issue of treasury stock in

Clifton Porcupine Mines, Limited

on the basis of a definite undertaking to refund any subscriber's money in full without question, if, within thirty days from the date of his subscription, he is, for any reason, dissatisfied.

THERE ARE NO STRINGS TO THIS OFFER

It is made to make it possible for you to enter your subscription before the present allotment at 30c per share is exhausted, and at the same time to allow you to make any investigation you may see fit before definitely deciding whether or not you want to remain a shareholder. You alone shall decide.

But in order to take advantage of this offer, your subscription must be in our hands on or before Monday, January 26th.

The development of this property has reached such a stage that it is practically certain to become an important gold producer within a reasonable length of time, and in our opinion the purchase of the stock at 30c per share offers splendid possibilities of early profit.
