Millions of Ball Fans Tense Over Today's Deciding Game

LABOR PARTY HAS THE ADVANTAGE

COOLIDGE WILL ATTEND TODAY'S DECIDING GAME

"Pulse of Nation Will Beat With Balls and Strikes."

THE CASUALTIES

Both Teams Must Rely Today on Virtually Untried Youths.

(Canadian Press.)
Washington, Oct. 10.—It's only a ball game; but when Washington and New York meet today in the seventh and deciding contest of the World's Series, the pulse of the nation will beat with the balls and strikes.

President Coolidge set the pace for excited and willing fandom when he shelved his official duties yesterday to slip out to the ball yard to watch his "ball club" fight for the honor and glory of the town, and he arranged to do the same again today.

Playing like boys in whose eyes and bats rested the honor of their school, "Bucky" Harris and his lads yesterday routed 35,000 fans to enthusiasm by coming home with a two-to-one victory over Arthur Nehf and the gang from under Coogan's Bluff.

The casualties of shell-ridden "Pitcher's Hill" have been so heavy upon both baseball armies that the two teams will be compelled to trust their fortunes to youths of virtually untried capacity in today's deciding game. "Curly Ogden," who has not appeared in the series, will carry the standard of Washington. From swarms of untried candidates associated with the team yesterday, but to Washington they are all heroes.

Peckinpaugh, Zachary, Rice and Harris joined Gehrig and Mergarde as senior candidates for honors in the game yesterday; but to Washington they are all heroes.

Peckinpaugh was carried from the field in the ninth. His final play on Kelly so aggravated his chary-horse that Washington's hero will play with courage in pain. Today Roger will not be in the game; Taylor, himself a cripple with an injured hand, will play third, and Bluege will be shifted to short again.

Another cloudless day, with the sun promising to take most of the chill out of the air by game time, was the weather prospect this morning.

CONSERVATIVES ASK CANADIANS FOR ASSISTANCE

Sydney Webb Says British Campaign Will be "Especially Dirty."

PARTY PLATFORMS

MacDonald and Lloyd George Take the Stump on Monday.

BY C. F. CRANDALL (British United Press.)
London, Oct. 10.—The snap election forecast in the announcement made yesterday by Premier MacDonald, after his interview with the King, is all in favor of the Labor party, say politicians of all shades of opinion today. The reason for this is that the Labor organization is prepared for just such an emergency, while the Conservatives and Liberals need some little time to get their machinery running.

LABOR WILL PLACE FOUR HUNDRED CANDIDATES IN THE FIELD, SAY THE OFFICIALS, BUT MANY DOUBT WHETHER THEY WILL BE ABLE TO RETURN WITH A COMPLETE MAJORITY OVER ALL OTHER PARTIES.

The opposition may gain some seats over the Russian policy, but may lose others in the belief that Labor has not had a fair chance to carry out its programme.

MacDonald and Lloyd George Take the Stump on Monday.

London, Oct. 10.—(United Press.)—Insurance companies are reported as accepting odds of nine to one against the Labor party winning a clear majority over all other parties at the forthcoming elections.

STORM SEVERE; LIGHTS GO OUT

Gale was Thirty-six Miles an Hour at Times Last Night.

During a severe wind and rain storm which swept over the city yesterday and last night a total of 1.45 inches of rain fell and the wind varied in velocity from 28 to 36 miles an hour, according to an official report given out from the Meteorological Observatory today.

The wind blew down a high board fence near the jail and this morning Warden Wignore had a crew of men repairing the damage. This fence is from 15 to 20 feet in height and the posts were found to be broken off by the force of the wind.

The storm was responsible for the citizens of portions of the city who are served by the civic hydro commission being without lights. The sections affected were that part of the North End from Rockland Road west, and the West Side.

Not only were the householders without lights and had to go back to oil lamps and tallow candles but entertainments were put to the same inconvenience. In the Main street Baptist church the Acadia night was being given and when the lights dimmed a hurried search was made for candles and the concert proceeded.

The steamer Empress had a rough trip from Digby last evening and was about 4 hours late in arriving. Only 14 passengers made the trip, the rest preferring to wait over.

Slight damage to the city streets by the storm was reported this morning by the superintendent of streets. In some places the catch basins had been choked up with leaves and branches of trees were strewn around.

Bill Sharon Is Still Winning

Bill Sharon, the former Fredericton sensation and now by Digby, N. S., is reported this morning that not any interruption to his services was caused by the storm and that he is still in the lead.

JUDGMENT SOON

Crow's Nest Pass Decision Next Week—Appeal is Declared Likely.

Ottawa, Oct. 10—The judgment of the Railway Board in the Crow's Nest Pass case is expected early next week, on the return of the chief commissioner, Hon. H. A. McKewen, from the Gaspé peninsula, where he is conducting an inquiry into railway service on the local lines. The nature of the decision is a closely guarded secret, but it would not surprise those watching the proceedings closely if the commission were to break new ground in their findings.

It has been stated that whichever way the decision of the board goes, there will be an appeal from it. This appeal may be taken to the cabinet on both the facts and the law. It may also go to the Supreme Court on a question as to whether the board has jurisdiction, a point not regarded as likely to be raised in this case; or, as a matter of fact, to the Supreme Court on a point of law, such as, for example, as to the question whether the Crow's Nest Pass rates are binding on the board.

WILL ASK DELAY, SAYS THE MAYOR

Will Go Ahead With the School, Says Vocational Committee Man.

Mayor Potts announced this morning that he intended to carry on a vigorous campaign to have the erection of the vocational school put off for a period of three or four years and that he had already received intimations of support from citizens in the stand he had taken.

He said it was his intention to introduce at the council a resolution calling for the appointment of himself and other members as a committee to take the matter up with the Government and ask that they extend the time in which the grant would be available. His Worship said he was in favor of education and the kind of education which would fit all boys and girls to take their places in life and make good citizens, but he felt strongly that the present was no time to plunge into an expenditure that would run into half a million dollars and the fixed grants on which must add quite a bit to the tax rate.

He said he believed the great majority of the citizens were in favor of delay in the building of a vocational school and would back up the effort to carry on the Government extend the time in which the grant would be made toward its cost.

Matters of Expropriation

Alexander Wilson, one of the committee which interviewed the Government on the matter of extending the time in which the grant would be available, said no action had been taken yet toward the expropriation of the property on which was planned to erect the building, but it was the intention of the vocational committee to proceed with the work.

NOTED ACTOR'S DAUGHTER WEDS VISCOUNT'S HEIR

London, Oct. 10.—Miss Maxine Forbes-Robertson, daughter of Sir Johnston Forbes-Robertson, prominent actor, and Lady Forbes-Robertson, who is known on the stage as Gertrude Elliott, was married on Wednesday at St. Mark's Church to Captain the Hon. GRAIN RECORD AT MONTREAL MADE

That formal call for tenders for the extension of the grain conveyor system at West St. John would be made early next week, possibly on Monday, was the belief expressed this morning by Alexander Gray, federal engineer in charge of St. John harbor. Mr. Gray said he had received notification this morning from the Department of Public Works, Ottawa, that this work would be proceeded with immediately.

EARLY SIGNS ARE FOR BIG SEASON

Already Many Requests for Information re 1925 Auto Travel.

There is early promise of a larger influx of U. S. tourists to New Brunswick and other parts of the maritime provinces next year than ever. The season just closing was regarded as an excellent one but 1925 will likely far surpass it. Here is an indication.

J. Charlton Berrie, secretary of the New Brunswick Automobile Association, said today that already he has received 78 requests for information as to routes of travel in this province. These come from prospective visitors of the next summer outing season, from the land below the dividing line. At this time last year such requests numbered only 40. That is a wide difference and may be fairly taken as showing that 1925 will be bigger than ever from the tourist business standpoint.

The excellent roads of the province, the attractive scenery, the good climate, the fishing and other pleasures to be enjoyed are becoming more and more known, with a consequent increase in the number of tourists. Add that the Admiralty Hotel will be opened in St. John for the business of 1925 and there is further reason for the optimistic outlook.

Conservatives Ask Canadians For Assistance

(Continued from page one.)

It was stated in a rural circles that all of their 193 members in the Commons would contest for re-election, except the Hanley member.

It is expected that 308 additional Laborites will enter the race in the Commons, in the hope that MacDonald will be returned to power with something approaching a working majority. The Cabinet will meet tonight with trade union officials to further campaign plans.

The Party Platform

The keynote of the Labor platform is expected to be its foreign policy. The accomplishments toward peace, stability in Europe, and in other areas, with particular stress laid on the resumption of friendly relations with France, and the Geneva disarmament protocol.

The benefits of the Anglo-Russian treaty, as regarding domestic business, will also be emphasized.

The Conservatives and Liberals will no doubt stress Labor's failure to solve the unemployment problem, which is somewhat greater today than when MacDonald assumed his post.

Liberal's reply on the unemployment issue is expected to be based on what they term lack of opportunity, because of a minority Government, asserting that the solution of employment problems is dependent upon fundamental changes in the whole economic system, and the development of the nation's latent resources.

These come from prospective visitors of the next summer outing season, from the land below the dividing line. At this time last year such requests numbered only 40. That is a wide difference and may be fairly taken as showing that 1925 will be bigger than ever from the tourist business standpoint.

The excellent roads of the province, the attractive scenery, the good climate, the fishing and other pleasures to be enjoyed are becoming more and more known, with a consequent increase in the number of tourists. Add that the Admiralty Hotel will be opened in St. John for the business of 1925 and there is further reason for the optimistic outlook.

Conservatives Ask Canadians For Assistance

It was stated in a rural circles that all of their 193 members in the Commons would contest for re-election, except the Hanley member.

It is expected that 308 additional Laborites will enter the race in the Commons, in the hope that MacDonald will be returned to power with something approaching a working majority. The Cabinet will meet tonight with trade union officials to further campaign plans.

The Party Platform

The keynote of the Labor platform is expected to be its foreign policy. The accomplishments toward peace, stability in Europe, and in other areas, with particular stress laid on the resumption of friendly relations with France, and the Geneva disarmament protocol.

The benefits of the Anglo-Russian treaty, as regarding domestic business, will also be emphasized.

The Conservatives and Liberals will no doubt stress Labor's failure to solve the unemployment problem, which is somewhat greater today than when MacDonald assumed his post.

Liberal's reply on the unemployment issue is expected to be based on what they term lack of opportunity, because of a minority Government, asserting that the solution of employment problems is dependent upon fundamental changes in the whole economic system, and the development of the nation's latent resources.

WILL ASK DELAY, SAYS THE MAYOR

Will Go Ahead With the School, Says Vocational Committee Man.

Mayor Potts announced this morning that he intended to carry on a vigorous campaign to have the erection of the vocational school put off for a period of three or four years and that he had already received intimations of support from citizens in the stand he had taken.

He said it was his intention to introduce at the council a resolution calling for the appointment of himself and other members as a committee to take the matter up with the Government and ask that they extend the time in which the grant would be available. His Worship said he was in favor of education and the kind of education which would fit all boys and girls to take their places in life and make good citizens, but he felt strongly that the present was no time to plunge into an expenditure that would run into half a million dollars and the fixed grants on which must add quite a bit to the tax rate.

He said he believed the great majority of the citizens were in favor of delay in the building of a vocational school and would back up the effort to carry on the Government extend the time in which the grant would be made toward its cost.

Matters of Expropriation

Alexander Wilson, one of the committee which interviewed the Government on the matter of extending the time in which the grant would be available, said no action had been taken yet toward the expropriation of the property on which was planned to erect the building, but it was the intention of the vocational committee to proceed with the work.

NOTED ACTOR'S DAUGHTER WEDS VISCOUNT'S HEIR

London, Oct. 10.—Miss Maxine Forbes-Robertson, daughter of Sir Johnston Forbes-Robertson, prominent actor, and Lady Forbes-Robertson, who is known on the stage as Gertrude Elliott, was married on Wednesday at St. Mark's Church to Captain the Hon. Inigo Freeman Thomson, Viscount Wellington. Two thousand invitations were issued to the reception which was attended by the members of the aristocratic world, and was held at St. John's Lodge, the residence of the bride's aunt, Miss Maxine Elliott. Miss Elliott also gave her niece a check and a horse.

IS POSTPONED

The case of Chester T. McCoach against W. E. A. Lawton, which was to have come up for hearing before Judge Barry in the St. John County Court, has been indefinitely postponed.

GRAIN RECORD AT MONTREAL MADE

That formal call for tenders for the extension of the grain conveyor system at West St. John would be made early next week, possibly on Monday, was the belief expressed this morning by Alexander Gray, federal engineer in charge of St. John harbor. Mr. Gray said he had received notification this morning from the Department of Public Works, Ottawa, that this work would be proceeded with immediately.

EARLY SIGNS ARE FOR BIG SEASON

Already Many Requests for Information re 1925 Auto Travel.

There is early promise of a larger influx of U. S. tourists to New Brunswick and other parts of the maritime provinces next year than ever. The season just closing was regarded as an excellent one but 1925 will likely far surpass it. Here is an indication.

J. Charlton Berrie, secretary of the New Brunswick Automobile Association, said today that already he has received 78 requests for information as to routes of travel in this province. These come from prospective visitors of the next summer outing season, from the land below the dividing line. At this time last year such requests numbered only 40. That is a wide difference and may be fairly taken as showing that 1925 will be bigger than ever from the tourist business standpoint.

REPORT ON THE N.B. LUMBER OUTLOOK

(Special to The Times-Star.) Fredericton, N. B., Oct. 10.—Indications point to activity in the N. B. lumber woods not approaching the extent of recent years by a considerable margin. This is due to the disturbed state of the lumber market in the U. S., and to resulting low prices.

It is reported that operations which had been intended to be carried on extensively have been cancelled in some cases, and in others, according to present indications, operations curtailed. These conditions apply to both private and crown lands.

RECOGNITION BY FRANCE IS HOPE

Russia Looks for Political Advantages Following Reconciliation.

Moscow, Sept. 23.—(By mail to United Press)—That the French government will follow in the footsteps of Britain and grant de jure recognition to the Soviet government before the end of this year—and possibly within a few weeks—is the confident belief of high official circles here.

Premier Herriot, it is authoritatively said, recently told the Russian representative, Rakovsky, that France is prepared to recognize the Soviet regime even before discussing the demands of French creditors for payment of the Czar's debts and for compensation for French losses through the nationalization of property in Russia.

Since the French Premier made these promises, however, certain fundamental changes have occurred in the international political situation which may postpone the granting of French recognition to the Soviet Republic and even modify the character of that recognition.

Diplomacy is notoriously remote from philanthropy, and the French government does not differ from other governments in its determination to derive the most advantageous bargain possible from the situation.

Depends on England.

The strength of Russia's hand in its diplomatic tilt with France depends largely upon the fate of the new Anglo-Russian treaty in the British parliament. Should parliament ratify the treaty, the Soviet government's reinforced position in Britain will also strengthen its hand in the impending negotiations with France.

Should parliament reject the treaty and perhaps bring about a general election in Britain, the Soviet government's grasp upon French recognition may slip and, for the time being, the French may raise their price for recognition. There is excellent reason

conceded protectorate over Poland and the Baltic states—Lithuania, Latvia and Estonia—would relieve the Soviet republic of the most worrisome element on its western frontiers.

But France, it is pointed out, is in a position to grant Russia political, as well as economic gains. Moreover, the political bait that France can dangle before Russia's eyes is undeniably tempting. A revision of France's ill-

conceded protectorate over Poland and the Baltic states—Lithuania, Latvia and Estonia—would relieve the Soviet republic of the most worrisome element on its western frontiers.

Finally, France's traditional support of Rumania in the volcanic Bessarabian dispute might conceivably be relaxed. Bessarabia, whose annexation by Rumania is regarded as an eternal challenge to Soviet Russia, might thus drift from the Rumanian fold.

WORK—THAT'S THE CURE

The greatest means of keeping Canadians in their own country is work, something doing. A busy country, where development is constant, where people find employment under reasonably favorable conditions, retains its people.

The political doctors who are today professing to explain the exodus by saying that high federal and provincial taxation is the chief cause of it are talking politics rather than economics, and they begin by deliberately ignoring the big fact that for months past Canadian cities have been coming home in thousands, convinced after experience in the United States that their own country is best.

More work in Canada will hold those who come, bring others in their train, and prevent the exodus from again reaching large proportions, and work in developing our natural resources will react directly and favorably upon our manufacturing industries.

We are not to expect that all of our young people will resist the lure of adventure, or the desire to see other lands and other peoples. But Canadians are a home-loving and patriotic people as a rule, and most of them greatly desire to live in their own country.

"JACKIE" COOGAN AND CLEMENCEAU

By placing the name of the child idol of the picture world before that of Georges Clemenceau of France, in discussing an incident in which they recently figured, we merely follow the great Frenchman's example. It would be difficult to match the mordant humor of Clemenceau's reply when he was asked to receive the famous and justly popular Master Coogan.

Naturally enough, perhaps, Coogan the elder decided that a pictured interview with Clemenceau would be good business. He wrote to the old statesman asking if he would receive the most successful and admired child of the world of the screen. This is Clemenceau's reply:—

"A thousand regrets, and do not screen well enough to meet your illustrious child."

The New York Herald-Tribune is disposed to think that American picture folk's enthusiasm in seeking European publicity has been rather overdone, and it says that while "Doug and Mary had a successful grand tour, one can at least sympathize with M. Clemenceau's reply to Jackie Coogan's father's request."

M. Clemenceau is by this time noted for the conservatism of his views, and in general the wandering stars of Hollywood have shone in Europe with a brilliance not observed in any American visitant since our delegation went to the peace

Press Comment

BLUCHER OR NIGHT?

(Ottawa Citizen.)

Readers of Conan Doyle's fascinating "Exploits of Brigadier Gerard" have doubtless questioned whether the world ever really produced so connected, self-opinionated, flaunting, childlike and loyal a personality as this campaigning soldier of fortune under Napoleon.

The French brigadier, in his sublime faith in Napoleon's importance to a benighted Europe, has nothing on Col. Coogan incident, assuming that Clemenceau felt no inclination to play with Master Jackie, or to be used for publicity purposes, is not his reply rather a gem in its way?

SETTLERS FOR THE EAST.

Ever since the nineties, when Canada began to expand great sums on immigration, both the national government and the railways have directed the stream of settlers to Western Canada.

It is astonishing how much chaos is hiding round the corner just at election time ready like the loyola's to catch you if you don't watch out. There are six different brands of chaos confronting the United States at the present moment, two brands having been lately discovered by each of the three parties.

EARL BEATTY'S RETIREMENT.

(Toronto Globe.)

Earl Beatty, whose normal term of service as First Sea Lord will soon expire, is a man who has had the happy faculty of stirring the imagination throughout his whole career. Even the cap which sits jauntily on one side marks him out as different from others.

The World War revealed him as a great naval commander. His earlier engagements with the German navy were too reluctant to combat the railways' strong desire to profit by the long haul, and altogether too neglectful of the fact that the Maritime Provinces are entitled to some direct return for the money they have paid into the national treasury year after year—a vast sum—as their proportion of the Dominion's expenditure on immigration.

We are not objecting to peopling the West. It is good business. But the East is entitled to its share, and Dr. Black but states an old truth when he says many settlers, through not all, would thrive better under Maritime conditions than under those in that part of Canada to which the main current of newcomers has been deliberately directed hitherto.

On September 1 the average level of retail prices of those commodities taken into account in the British Labor Ministry statistics, which include food, rent, clothing, fuel, light, and miscellaneous items, was approximately seventy-two per cent above that of July 1914 as compared with seventy-one per cent, a month ago and seventy-three per cent, a year ago, according to advices received by the Bankers Trust Company of New York from its British information service. This rise in the August percentage was almost entirely due to increases in food prices; for food alone the average increase over the pre-war level was sixty-six per cent, on September 1, as compared with sixty-four per cent, a month ago and sixty-eight per cent, a year ago.

HOW SHERLOCK HOLMES WAS BORN

(David Morton in "Harvest.")

By night there came a clearing in the sky. And soft airs blowing since the rain was done. Hushed in the dark, a warm, wet wind went by. And now, these jonquils shining in the mud. Some secret, hurried rendezvous was held. Of hidden seed and air in quest of mirth. Some happy, hushed conspiracy that spat its life in the dark.

IN LIGHTER VEIN.

Doctor: "Have you any organic trouble?" Patient: "No, I'm not very musical."

Father: "Did you see much poverty in America?" Paul: "Yes; and I brought some of it back with me!"

Mow could that? He—"Dolly, dear, don't you think you could learn to love me?" She—"Why, Johnny, I haven't time!" Really! There are my mah jong and motor lessons."

Well meant. Mollie—"Buck up, Dick! I'm sure things will come right. Mother, at least, is on our side."

Dickie—"What makes you think that?" Mollie—"Well, dear, I heard her telling father he should not judge you too much by appearances."

The Threat Indirect. "Aw," said Willie, "you're afraid to fight; that's all it is."

"No, I am now," protested Jack. "But if I fight my ma'll find it out and lick me."

"How'll she find it out?" "She'll see the doctor goin' to your house."

Religious Differences. A friend inquired of Sandy, who had recently married, how he and his wife were getting along.

"We get along fine week days," replied Sandy. "But when it comes Sabbath, we walk down to the corner together and she goes off to von Methodist body, while I gang to the House of God."

Going Up. (Naval Weekly.) Minneapolis will never have anything on St. Paul. A fellow from Minneapolis came to St. Paul the other day just to

PROSPEROUS HAITI REDUCING DEBT

(Associated Press, Haiti, Sept. 16.—(Associated Press.)—During the nine years in which Americans have supervised the finances of Haiti, the debt has been reduced by more than \$9,000,000.

On Aug. 31, 1915, the liabilities were \$32,250,000. By July 21, 1924, they were \$22,978,848.

During these nine years hundreds of miles of road have been constructed, harbors have been improved, the coast-line enclosed with a chain of light-houses, schools and bridges built, and water-works and many other projects started or completed.

A modern budget system is in force and is working so that all expenditures are provided for, including the reduction of the national debt so as to clear it off in about 29 years. The improvements will continue and as reports indicate a bumper coffee crop, the republic's main source of revenue, graft among the politicians and agitators whose Chinese guns at Tien-tsin brought him a captivity at 29.

The World War revealed him as a great naval commander. His earlier engagements with the German navy were too reluctant to combat the railways' strong desire to profit by the long haul, and altogether too neglectful of the fact that the Maritime Provinces are entitled to some direct return for the money they have paid into the national treasury year after year—a vast sum—as their proportion of the Dominion's expenditure on immigration.

After all these great adventures Earl Beatty is only 53, and has still many years to devote to the service of his country.

HOW SHERLOCK HOLMES WAS BORN

(David Morton in "Harvest.")

By night there came a clearing in the sky. And soft airs blowing since the rain was done. Hushed in the dark, a warm, wet wind went by. And now, these jonquils shining in the mud. Some secret, hurried rendezvous was held. Of hidden seed and air in quest of mirth. Some happy, hushed conspiracy that spat its life in the dark.

IN LIGHTER VEIN.

Doctor: "Have you any organic trouble?" Patient: "No, I'm not very musical."

Father: "Did you see much poverty in America?" Paul: "Yes; and I brought some of it back with me!"

Mow could that? He—"Dolly, dear, don't you think you could learn to love me?" She—"Why, Johnny, I haven't time!" Really! There are my mah jong and motor lessons."

Well meant. Mollie—"Buck up, Dick! I'm sure things will come right. Mother, at least, is on our side."

Dickie—"What makes you think that?" Mollie—"Well, dear, I heard her telling father he should not judge you too much by appearances."

The Threat Indirect. "Aw," said Willie, "you're afraid to fight; that's all it is."

"No, I am now," protested Jack. "But if I fight my ma'll find it out and lick me."

"How'll she find it out?" "She'll see the doctor goin' to your house."

Religious Differences. A friend inquired of Sandy, who had recently married, how he and his wife were getting along.

"We get along fine week days," replied Sandy. "But when it comes Sabbath, we walk down to the corner together and she goes off to von Methodist body, while I gang to the House of God."

PROSPEROUS HAITI REDUCING DEBT

(Associated Press, Haiti, Sept. 16.—(Associated Press.)—During the nine years in which Americans have supervised the finances of Haiti, the debt has been reduced by more than \$9,000,000.

On Aug. 31, 1915, the liabilities were \$32,250,000. By July 21, 1924, they were \$22,978,848.

During these nine years hundreds of miles of road have been constructed, harbors have been improved, the coast-line enclosed with a chain of light-houses, schools and bridges built, and water-works and many other projects started or completed.

A modern budget system is in force and is working so that all expenditures are provided for, including the reduction of the national debt so as to clear it off in about 29 years. The improvements will continue and as reports indicate a bumper coffee crop, the republic's main source of revenue, graft among the politicians and agitators whose Chinese guns at Tien-tsin brought him a captivity at 29.

The World War revealed him as a great naval commander. His earlier engagements with the German navy were too reluctant to combat the railways' strong desire to profit by the long haul, and altogether too neglectful of the fact that the Maritime Provinces are entitled to some direct return for the money they have paid into the national treasury year after year—a vast sum—as their proportion of the Dominion's expenditure on immigration.

After all these great adventures Earl Beatty is only 53, and has still many years to devote to the service of his country.

STABILIZING OF PAY IN ENGLAND

After a stoppage lasting seven weeks, the Building Trades Operatives of Great Britain finally decided, at the end of August, to endorse the settlement terms negotiated by a joint committee of employers and men. The terms of agreement, as furnished to the Bankers Trust Company of New York, provide that the wages of all craftsmen and laborers are to be advanced by one half-penny an hour, and stabilized at this higher level until February 1, 1925. A significant feature of the settlement of the dispute in the building industry is this stabilization of wages for the period of 17 months ending February 1, 1925. This sets aside a portion of the cost-of-living sliding scale under which several trades have been working since May 1923. Thus both parties have agreed to take a risk, the operatives gaining by the arrangement if the cost of living falls and the employers gaining if it rises. The same desire for stabilization is

shown in other trades. The engineering employers are now in negotiation with their employees to that end, but so far their efforts have not been successful. On the other hand, the woolen employers have been able to obtain agreement to the payment of wages for the next 12 months at the same rate as those paid during last year. Other trades in which existing wages have been stabilized, until various dates in 1925 include the cotton industry, vehicle building, and brewing in several districts. In other important industries, including printing, electrical contract-

ing and domestic engineering, the period of stabilization will expire during the current year. In several of the cases the agreements have involved the suspension of cost-of-living sliding scales. Indications are that stabilization agreements which are to expire within the next few months may be continued for further periods and that employers may succeed in making similar arrangements in other important industries.

Bridge Prizes

In searching the markets of the world for interesting Bridge Prizes, the Senior Jewelers took the view that the majority do not wish to spend very much but want prizes to be proud of.

Thus it is, that while their collection of hundreds of ideas holds true to high quality, all selections are moderate in price. Colorful China pieces in rare choice, fine Cut Glass, Silver and Novelties. \$1 often does very well indeed.

OCTOBER BRIDES

Green-Dickson.
A quiet wedding was solemnized yesterday at St. James' church rectory, when Rev. H. A. Cody united in marriage Miss Margaret R. Dickson, of St. John, and Harold Stewart Green, of Fair Vale. The bride was attended by Miss Kathleen M. Connor, Mr. and Mrs. Green, who have the good wishes of many friends, will make their home in Brownville, Me., Mr. Green being in the employ of the C. P. R.

Quinlan-Laffarty.
Word was received yesterday of the marriage of Robert J. Quinlan, of Seattle, Wash., formerly of this city, and Miss May S. Laffarty, the ceremony being solemnized at Vancouver, B. C. The wedding took place on October 2.

Hamm-Duplissa.
A pretty wedding took place on Wednesday evening at 6:30 o'clock in St. Luke's church, Rev. R. P. McKim officiating, when Miss Leali Duplissa and Phillip Hamm were united in marriage.

DEATHS

John L. LeRoy.
The death of John L. LeRoy, aged 44 years, occurred at the General Public Hospital, Wednesday afternoon, Oct. 8. Besides his wife he leaves four children, Lawrence, Warren, Marion and Randolph. He was the son of the late Mr. and Mrs. John LeRoy, of St. Roch de Quebec, and had resided for six years in this city, having previously spent some time here as cook for the sergeant's mess of the 20th during the war. He married Miss Sadie Doherty of Passakeag. He was a kind husband and father, and his loss is keenly felt. The children are all young. Lately Mr. LeRoy was the cook in the St. John County Hospital and became ill with ulcers of the stomach, which caused his death.

Mrs. Stephen Peabody.
Woodstock, Oct. 8.—Mrs. Stephen Peabody passed away this morning after a short illness at the age of 80 years. She leaves two sons, Charles A. and G. Donald, and one daughter, Mrs. W. W. Loane, of Kelowna, B. C. The funeral will be held Saturday with Rev. H. P. Rigby officiating. Mrs. Peabody has lived all her life here and was very highly respected among all classes. She was a member of the Anglican church and always prominent in church circles.

ADVENTURES OF THE TWINS

By Olive Roberts Burtis

WHAT HAPPENED ON MARS.

"Who's there?" asked the old man sticking his head out of a window in the stone wall beside the gate.

The Twins held tight to Snoozle on the night-mare's back.

Snoozle was the oldest son of the Dream Maker Man and he was searching for Twee-kanoose who had stolen the sleepy sand from the Sand Man.

knocked at the gate. Rat-a-tat-tat! Rat-a-tat-tat! "Who's there?" asked an old man with a green beard and blue hair and a nose like a cucumber full of bumps and ridges and very, very long. He was first cousin to the Moon Man, but nobody would have known it, he being so queer'n all. But then all the people of Mars were queer and no two were alike.

Young Married Women Need Mother's Advice

Mrs. Pearl Steele

A GREAT many women after childbirth get up too soon and, too weak to care for the child and perform their household duties, often bring on serious derangements.

Lydia E. Pinkham's Vegetable Compound is a splendid tonic to take at this time; it is an excellent restorative, contains no harmful drugs, and can be taken in safety by nursing mothers.

Following We Publish an Interesting Letter from Mrs. Steele of Warrensburg Which Should Interest Every Mother in the Land:

Warrensburg, Mo.—"When my second child was born I got up too soon as my mother would scold me so badly that I would have to lie down at times through the day. My mother begged me to take it, which I did, and I cannot tell you how much better I felt after taking it. Then a year later my husband got back from overseas and we went to keeping house by ourselves and I got all run down again. I couldn't work long at a time but would have to sit down and rest. My husband kept begging me to take the Vegetable Compound again, so I have done so. I recommend it when I can as I know it is good for women's troubles and I thought you might like to know what it has done for me."

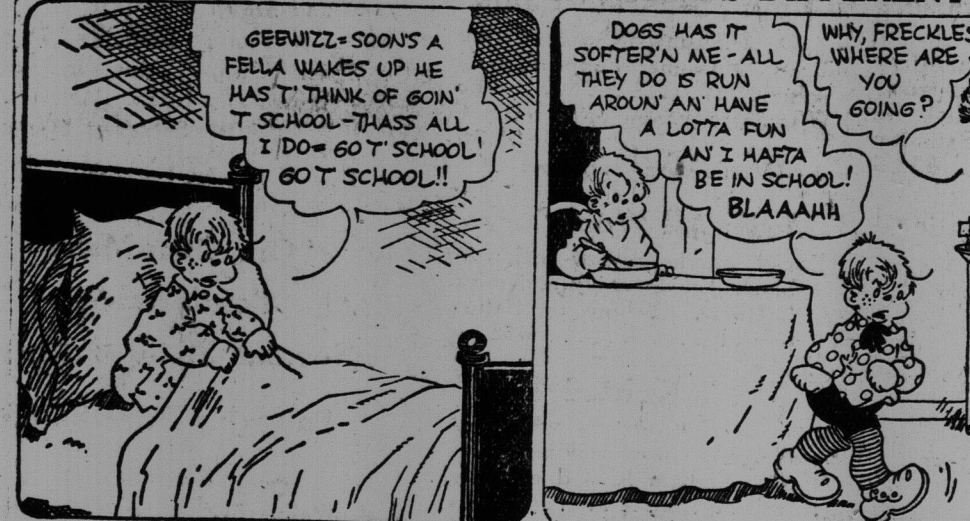

Ontario Woman's Interesting Case Mount Forest, Ontario—"I am proud today to think I have a fine my baby boy, as healthy as a trout, and I never felt better myself. Before I took your medicine I felt weak and miserable, and had pains all through me. After taking Lydia E. Pinkham's Vegetable Compound I began to get stronger and those pains all left me. I am glad I found out about this medicine. I think there is none other equal to it for women who have troubles of this kind. I cannot praise the Vegetable Compound too highly for the good it has done me. Whenever I know of a woman suffering I am glad to tell her of it."

Many such letters prove the reliability of Lydia E. Pinkham's Vegetable Compound

BOYS' CONFERENCE TO BE HELD HERE

Four Tuxis Lads Will be Chosen to Attend Maritime Parliament

A conference for older boys is to be held in St. John Nov. 14 to 16 under the auspices of the M. R. E. C. Attendance will not be limited to Tuxis boys but all boys of 15 years and older will be privileged to attend.

Announcements with regard to the two forthcoming events were received at the meeting of the St. John Boys' Work Board last night at the Y. M. C. A. with Rev. J. M. Rice, president, in the chair.

Votes of thanks were extended to Alexander Wilson and Royden Foley, who donated medals for the skating meet last year and to the East End Improvement League for the use of the grounds.

Arrangements were made for holding the annual meeting on Nov. 20. Rev. W. C. Machum, recently appointed Maritime boys' work secretary, made the announcements with regard to the conference and the holding of the boys' parliament.

AFRICAN CHIEF'S WIVES VEIL TO GO TO MOVIES London, Sept. 22—(Associated Press by mail)—The Emir of Katsina, who governs a district of Nigeria many times larger than England, attended a moving picture show the other night in London, for the first time in his life.

The emir was enthusiastic about the movies. He was accompanied by his two favorite wives, who remained closely veiled throughout the performance. Upon their arrival at the theatre the wives were escorted into the manager's office to wait until the lights went down so that they should not be seen by vulgar eyes.

Social Notes of Interest

Wind and rain did not deter the members of the Riverside Golf and Country Club from assembling in fair numbers yesterday for the closing day and for the awarding of many prizes. Mrs. John A. McAvity, president of the club, made the presentations. There were about 60 guests, who enjoyed bridge and the social tea hour. Mrs. Sherwood Skinner, president of the ladies' society of the club, and Mrs. J. Pope Barnes presided over the tea and coffee and the gentlemen served. Dahlias of a choice variety and of great size, centered the serving table and these bright autumn flowers with others, made the rooms very attractive. Among those present were Mr. and Mrs. C. H. Peters and Mr. Peters' nephew, Dr. LeBaron Peters, and Mrs. Peters, their guests from Bridgeport, Connecticut; Dr. and Mrs. F. A. Godsoe, Mrs. H. C. Rankin, Mrs. William Vassie, Mrs. Walter E. Quality Plus

When you buy King Cole Tea you expect quality. But you also look for something more—for a certain taste that is pleasant to you, and that will be repeated in every cup you make. The quality is produced in Nature's Garden; but the taste is the outcome of expert blending which gives King Cole its characteristic rich flavor—the flavor you like. Is it not worth much to have your cup of tea always—as you like it? "You'll Like the Flavor."

Thomas, Mr. Allan Thomas, Mr. Don Skinner, Mr. Harold Peters, gentleman champion, Mr. Eric Thomson, Mr. Fenwick Armstrong, Mr. Murray Vaughan, Mr. W. Peters and a few others.

Mrs. J. Gilmore Armstrong entertained for those who assisted her at her post-nuptial reception on Wednesday afternoon at a bridge of six tables that evening, when their husbands or gentlemen friends were asked to participate in the pleasant occasion. The rooms were very pretty with most of the decorations of the afternoon, which looked even more attractive with the brighter lights needed for the game. Those winning prizes were Mrs. A. S. Walker, Mrs. F. G. Spenser, Mr. I. W. Nickerson and Mr. J. B. Dever. Those present were Mr. and Mrs. F. G. Spenser, Mr. and Mrs. A. S. Walker, Mr. and Mrs. J. A. Murdoch, Mr. and Mrs. J. S. Armstrong, Mr. and Mrs. L. W. Nickerson, Mr. and Mrs. J. B. Dever, Mrs. W. C. Brown, Mrs. Lester W. Mowry, Mrs. S. L. Kerr, Miss Margaret Bolton, Miss Audrey Kerr, Miss Alice Murdoch, Miss Frances Murdoch, Miss Vivian Shannon, Dr. V. D. Davidson, Dr. Gordon Smith, Mr. H. Beaman, Mr. George Whittaker, Mrs. E. C. Armstrong, Mr. F. G. Poole and Miss Doris Nickerson. Mrs. Murdoch, mother of Mrs. Armstrong, presided over the tea cups at the supper hour.

Dr. and Mrs. E. Stanley Bridges, who were enjoying a vacation trip in New York and lately in Campobello, have returned home.

Mrs. F. H. Wetmore, formerly Miss Florence Murray of this city, will be at home to friends on Saturday at her home in Hampton.

Several of the members of the Riverside Golf and Country Club motored out yesterday for luncheon, among whom were Mrs. Sherwood Skinner, Mrs. Fred Caverhill Jones, Mrs. Simon Jones and Mrs. Lucien deBury, of Montreal; Mrs. J. E. Angevine, Mrs. W. A. Henderson, Mrs. McLaughlin, of Truro, N. S., who is Mrs. Angevine's guest, and Mrs. R. Ernest Smith. Mrs. H. L. Spangler, Mrs. Ralph Fowler and Mrs. Frank Peters. Several of the gentlemen members were also luncheon guests.

Mrs. L. G. Macneil, Summer street, has returned to the city after a delightful four weeks' visit in the United States, during which she spent some time with her son, J. K. Macneil, and Mrs. Macneil at their home in Medford Hillside, Mass. and part of the time with her brother, Captain C. A. Kennedy, at Wethersfield, Conn.

Congratulations are in order to Mr. and Mrs. A. C. D. Wilson, whose daughter, Miss Mary, who is in the freshman year at the University of New Brunswick, received the St. John county scholarship on matriculation into the U. N. B.

Mrs. Seymour Rathbone, of Ottawa, daughter of Mr. and Mrs. G. L. Tapley, Douglas avenue, who has been attending the W. A. at Hamilton, where it met in annual convention, returned home last week and motored to Montreal with Mr. Rathbone for the weekend.

Mr. J. W. Hughes and son, Harold, left Wednesday for New York where they will spend a few months with relatives.

Fifty friends of Miss Ethel M. Creary, Elm street, were entertained last evening by Mrs. Thomas Kane, Manawagonish Road, when they presented her a lovely shower gift for her future home. Most of the guests were from the city. Mrs. Kane, who is a sister of the bride-elect, assisted by a committee of the merry guests, served delicious refreshments.

Mrs. Sheryl Carvell, of West St. John, was the hostess on Wednesday evening for a delightful shower in honor of her sister, Mrs. Harry Moore, who was one of the September brides. The two little nieces of Mrs. Carvell, the Misses Roberta and Lana Cairns, who were daintily gowned in frocks of silk, pulled in a cart, gaily decorated, in which were many gifts for the new home of the bride. Dancing and games were enjoyed during the evening and delicious refreshments served.

AWARDED SCHOLARSHIP. Miss Mary Wilson, daughter of Mr. and Mrs. A. C. D. Wilson, has been awarded the St. John County Scholarship for matriculation students at the University of New Brunswick, where she is now a freshman in arts. Miss Wilson is the only girl among the students entering from this county whom she led. She graduated from St. Vincent's High school this year.

Carnation Milk

From Canada's Fine Dairy Farms

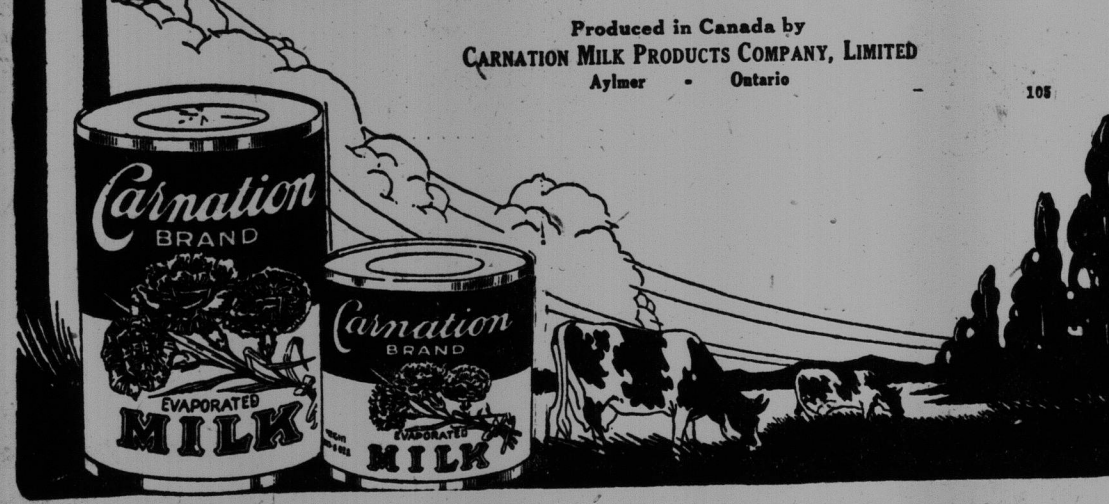

Comes the rich, creamy milk you get in the Carnation red and white labeled can. It is tested rigidly for purity and richness, evaporated to double richness and kept safe by sterilization.

Open a can when you need it—you will always find it fresh and sweet. You will enjoy it in place of cream on cereal or fruit, and in coffee. For tea, use it diluted, one part Carnation, three parts water.

Add to Carnation a little more than an equal part of water and you have milk of natural consistency, for all milk uses. Carnation Milk is convenient and economical. Order from your grocer several tall (16 oz.) cans or a case of 48 cans.

The Carnation Recipe Book contains many a good recipe such as below. Write for a copy.

CREAM WHITE SAUCE (For Creaming Vegetables):
2 tablespoons flour, 1/2 cup Carnation Milk, 2 tablespoons butter or substitute, 1/2 teaspoon salt, 1/2 cup water.
Melt butter or substitute, add flour and stir until thoroughly mixed. Add the milk, diluted with water, and cook about five minutes, or until the mixture thickens, then add seasonings. This recipe makes one cup of White Sauce. All vegetables may be creamed. The vegetables should be cooked by either boiling or steaming. After cooking with salt, drain and add Cream Sauce.

CHURCH EVENTS OF LAST EVENING

Congregational socials in rally week programmes were held last night in the Portland Methodist school room and the Exmouth street school room. Both were most enjoyed and highly successful events. At Exmouth street the social was also a formal welcome to Rev. E. E. Styles, the new pastor.

At the Exmouth street social, Walter Adams, recording steward, was the chairman and the very pleasing programme included vocal solos by Mr. McEachern, Miss Edith Magee and Miss Mildred Bustin and readings by Miss Katherine Shepherd, all of which were heartily applauded.

Addresses of greeting to the new pastor were given by Rev. E. R. McWilliams, pastor of the Waterloo street Baptist church, and by Rev. R. G. Fulton, president of the New Brunswick and Prince Edward Island Methodist Conference. Mr. Styles, in his reply, expressed appreciation of the many kind words spoken and he also welcomed Mr. and Mrs. James Myles, who yesterday returned from a visit of several months in western Canada. At the close of the evening refreshments were served by the Ladies' Aid of the church.

North End Rally.
The school room of the Portland Methodist church was filled to capacity for the social held by that congregation last night. Rev. H. A. Goodwin, pastor, was the chairman. The programme was interrupted for a short while when the lights went out at 9:45 and there was a general scurrying to provide some other form of illumination. Lamps, lanterns and candles were called into use and served the emergency nobly.

The programme was of a high order and every number was heartily enjoyed. The various items were as follows: Solo, Mrs. M. Thompson; reading, Ronald Shaw; solo, Miss Phyllis MacGowan; piano solo, Miss Vera Corbett; solo, R. B. Irvine; violin solo, Master Daniel; solo, Miss Madeline Daley. The accompanist was Miss Lillian Bromfield.

Encouraging reports from the various departments were presented. Mrs. A. D. Hopkins introduced the new study book, China's Real Revolution. An interesting letter from Mrs. C. H. Sanford, who recently attended the board meeting in Toronto, was read. The attendance was unusually large. Dainty refreshments were served.

PREPARE FOR TAG DAY.

The preparations for the Travelers' Aid tag day on Saturday are well in hand and Mrs. A. W. Estey, general ward convener reports that there has been a ready response to the call for workers. Organization for the thorough canvass of the district has been completed and the ward conveners have been named as follows: King's, Mrs. Allan G. McAvity; Queen's, Mrs. A. E. Logie; Prince, Mrs. Herbert Crockett; Wellington, Mrs. T. H. Sommerville; Duke, Mrs. Donaldson Hunt; Victoria, Mrs. George Parker; Sydney, Mrs. F. E. Holman; Dufferin, Mrs. J. J. Gordon; Lorne and Lansdowne, Mrs. J. J. Silliphant, and West St. John, Mrs. Philip Simms. The Y. W. C. A. recreation centre will be headquarters for the taggers and refreshments will be served there. Mrs. H. H. Pickett will take charge of the bank.

CLASS HOLDS SUPPER.

The Sunshine Class of the Tabernacle Baptist church held a very successful supper in the church hall last night in aid of the church funds, and served a large number of patrons. The excellence of the supper and the pleasing appearance of the hall with its decorations of rowan berries were subjects for much favorable comment. Mrs. M. R. Pratt was the general convener and had a very efficient staff of helpers.

SAYS MILLIONS ARE AVAILABLE AS IMMIGRANTS

Reported Deterred by Stories of Undesirable Conditions in Canada.

DR. BLACK SPEAKS

Many Would Do Better in the East Than in the West, He Says.

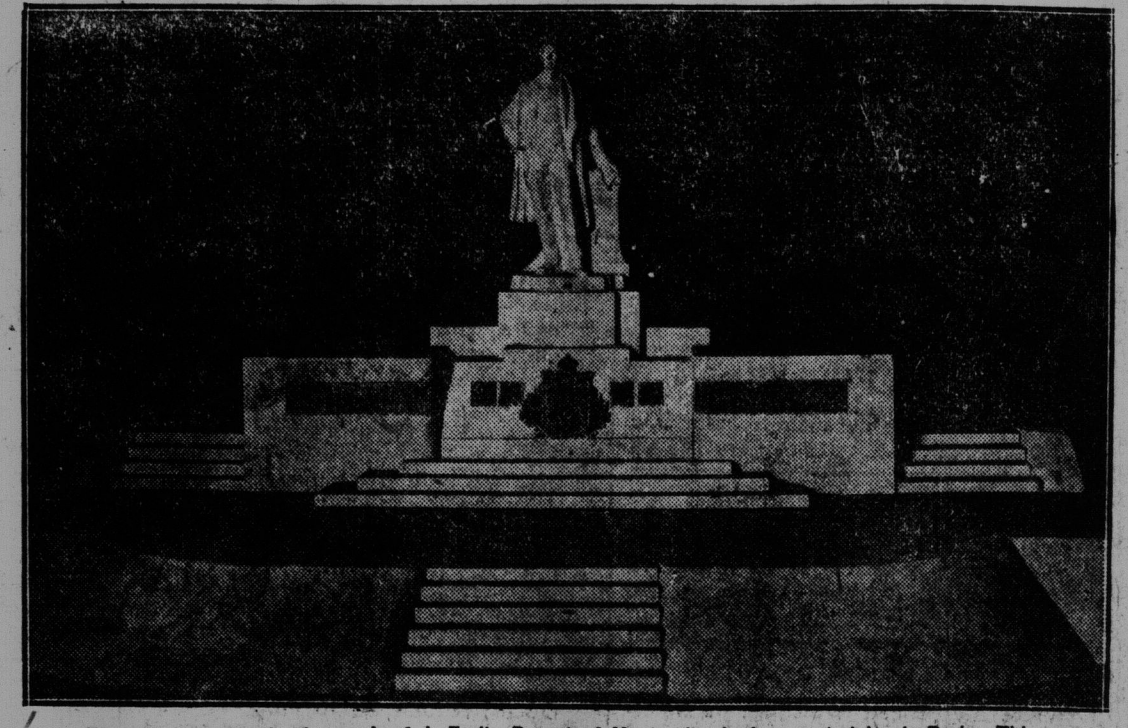

Montreal, Que., Oct. 10.—"Unless many Canadians are enabled to display a greater measure of confidence in their country and its possibilities than has been in evidence in recent years, the effect will be to retard development in immigration," said Dr. W. Black, European manager of colonization and immigration of the C. N. R., in an interview given yesterday afternoon on his arrival in Montreal from London to take part in a conference on colonization to be held by the company officers next week.

Millions Available.

"At present," continued Dr. Black, "there is no weapon so effective in the hands of those in European countries who oppose immigration to Canada, as the reports of unemployment or other undesirable conditions which go across the Atlantic from this side. At the same time the fact is clear that there are people numbered in millions available for settlement within the borders of Canada, who will come as soon as they are satisfied it will be to their advantage to emigrate, and they are able to make arrangements to do so. Europe, including Great Britain, waits on Canada. Increased population can be had practically as desired, but the number that come to our shores will be influenced to a considerable extent by the degree of industrial activity and the success of farming which the Dominion will experience in the immediate future."

In the opinion of Dr. Black it is not bringing immigrants to this country that is the hard task, but the pleading of those people where they can be most quickly obtain economic independence. He pointed out that the policy of the Canadian National Railways colonization department has been to question applicants very closely, so that they may be settled in districts best suited to their capabilities. He is opposed to the directing of settlers hither-and-thither to Western Canada, and believes that there are many desirable and adaptable settlers in Great Britain and other countries such as Holland and the Scandinavian countries, where bureaus have been opened, has established a correspondence course

of ten very practical lectures on Canada farming. This course includes the following subjects: Selecting a farm and erecting farm buildings; live stock on the Canadian farm; farm machinery; dairying; poultry; growing of grains and soil management; foreign crops; fruit growing; the farm house and making money on the farm.

This course has proved a tremendous success according to Dr. Black. Many hundreds of enquiries have been received for the information these booklets contain, and it is evident from the tone of these enquiries that hundreds of people are going to spend the winter evenings studying to prepare themselves as well as they can to become adaptable settlers in Canada.

Dr. Black, in the concluding words of his interview, asked for a more pronounced sympathetic interest on the part of Canadians in solving the problem of immigration and colonization, and on the part of individual communities in welcoming the new settlers and doing all they can to help them get a firm footing in their new environment.

SUPERANNATED AFTER 48 YEARS ON RAILWAY

John Gilker of Campbellton has been superannuated from the C. N. R. service after 48 years. He entered the railway service in June, 1876, in the shops in Campbellton. Soon afterwards he became a fireman and in 1882 a locomotive engineer.

ENGINE OFF TRACK

The St. Martins branch of the C. N. R. was blocked on Tuesday about 25 miles from Hampton owing to engine No. 126 running off. An auxiliary crew was sent out from Moncton.

AGAIN URGES THE MARITIMES' CLAIM

Hon. Wm. Pugsley, on War Claims Mission, Speaks in Montreal.

"Over 900 claims have already been dealt with and there yet remain a considerable number to be taken up," said Hon. William Pugsley, K. C., in Montreal on Wednesday. Mr. Pugsley is commissioner for the reception of claims against the German Government for losses incurred by enemy action during the war years. He said that the claims survey totalled \$42,000,000.

"The eastern claims have now been completed," said Mr. Pugsley. "But they are many more to be heard, chiefly in the west, and it will require some time to investigate all of them."

Regarding claims taken up in the maritime provinces, Mr. Pugsley said that many were for the losses of fishing vessels of the Banks of Newfoundland, while others were put forward by the British Empire Steel Corporation, and the Canada Steamship Lines. One peculiar case was for a steamer proceeding from Halifax to New York which was thought to be out of the danger zone, and did not carry special war risks insurance. Nevertheless, it

Slowing down

It's harder than speeding up, says engineer after three million miles on the road

(By STEPHEN HANNAGAN)

Hoboken, N. J., Oct. 10.—"Slowing down is a lot more difficult than speeding up,"

So spoke Richard Tresise, 70, as he climbed aboard his faithful horse, "and now the red flag is against me. I must make an emergency halt, get down off my engine and sit by the roadside" while the world of engines goes speeding past.

"It's going to be the most trying task of my life. All these years my orders have been to go faster and faster. I've become accustomed to opening the throttle and making up lost time. Now the brakes must be applied for, according to regulations, old age has overtaken me. I am 70."

Tresise has traveled 3,000,000 miles. Of the millions of passengers entrusted to his care, he has never lost a life. He is proud of his record.

"All life is like riding a horse," he philosophized, "there is a constant rush and a fear lest one be late. Haste becomes a mania and habit. Every nerve is centred on going faster. The mind and body become attuned to it."

"Then suddenly age or excess, or any number of reasons, brings about a slackening pace. If you can't slow down as gradually and systematically as you have gathered speed the result is likely to be disastrous."

"You can gather speed with reckless abandon—but the brakes must be applied cautiously. Jamming on brakes while traveling at top speed will most likely wreck you."

"Americans are traveling life's road too rapidly. Speed is often necessary, and it is all right in its place. But always keep your engine under control in the dangerous places. Don't ever permit your mind to become preoccupied while traveling at top speed—remember there may be an open switch just ahead. Keep an eye open

for it, and a ready hand for the brakes."

Tresise is married, the father of five children and the grandfather of 18. He never has drunk liquor or used tobacco. As he sat in his cab, hand on throttle, the conductor signalled him to "go ahead."

There was something pathetic about the grizzled veteran as he pressed the throttle and began his last trip as an engineer and his first trip on his new, perilous journey of "slowing down."

MONCTON'S "Y" CAMPAIGN.

The Ladies' Auxiliary of the Moncton Y. M. C. A. held a very successful meeting on Wednesday night. The auxiliary has promised to raise \$1,000 for the swimming pool. H. J. Schmidt on the staff of the international secretary, New York, will arrive in Moncton on Monday and would assume full charge of the Y. M. C. A. campaign.

REV. Z. L. FASH RETURNS.

Rev. Z. L. Fash, for some years pastor of the George street Baptist church, Fredericton, before going to West Sumnerland, N. C., about two years ago, has accepted a call to the pastorate of the Baptist church at Hantsport, N. S.

ON PUBLICITY MATTERS.

T. P. O'Connor and C. H. Boudreau of St. John were in Fredericton yesterday, says the Mail, for the purpose of promoting a new publicity enterprise connected with tourist business.

Room for Settlers.

Mr. Pugsley expressed the opinion that there is ample room in the maritime provinces for settlement, particularly for mixed farming and sheep raising. "There are great areas of really beautiful country," said he. He was also of the opinion that more Nova Scotia coal could be marketed in Canada and favored the project of coining it so that clean fuel would be available at an economical price. "That would mean less money flowing out of Canada to the United States," he remarked.

Trade with the West Indies could be developed more generously, Mr. Pugsley thought, and added that he had been surprised at the amount of potatoes raised in New Brunswick and Prince Edward Island for direct export to Cuba. Mr. Pugsley approved of the activities of Hance Logan, M. P., in striving to extend trade between Canada and the Islands.

British Liberals and Conservatives Are Drawing Closer

TO DEFEAT LABOR OLD PARTIES ARE UNITING FORCES

Regarded as First Step Towards Return of Two Party System.

PRESS COMMENT

Sir Patrick Hastings and the Communists—Was the Prosecution Wise?

London, Oct. 10.—(British United Press, by C. F. Crandall)—Whatever may be the actual outcome of the fall of MacDonald's Government, the Liberals and Conservatives are drawing closer together today than they have ever before in the view of many observers. There is no doubt that the two parties are drawing closer together today than they have ever before in the view of many observers. There is no doubt that the two parties are drawing closer together today than they have ever before in the view of many observers.

DETECTIVES GET CLERICAL POSTS

Halifax, Oct. 9.—The Halifax police force, which has been in more or less of a turmoil since an appointment of former Chief Constable was voted by the City Council and was followed shortly after by the chief's resignation, was further disturbed this evening when the council, with only four members and Mayor Murphy objecting, decided to relegate the two detectives, Reynolds and Aitken, to clerical posts and appointing Inspector Melrose and Sergeant Officer Fife in their places. The move was made on the recommendation of Chief Palmer, who accused the two detectives of constant disobedience of orders. Mayor Murphy desired to retain them and to bring in an experienced detective from some metropolitan center to work with and train them.

MYSTERY ATTENDS DEATH OF COUNT

Tragedy in High Life in France Brings Arrest of Countess.

Paris, Oct. 10.—The tragic death of Count Roger le Roux de Kermon, the last male representative of one of the oldest noble families of Brittany, has brought to light a remarkable story of alleged murder and the dying nobleman's efforts to hide the facts of the case in order that the family name might not be tarnished by a crime. As a result Countess Louise de Kermon has been arrested on a charge of having murdered her husband.

FRENCH PREMIER MUST CUT U. C. L.

Herriot Faces Huge Task on Which Security of Government Depends.

By MINOTT SAUNDERS (United Press Staff Correspondent)

Paris, Oct. 10.—With foreign affairs seriously adjusted for a time, Premier Herriot is struggling with all his energy with even a bigger problem, France's economic task.

NOT THIRD OF U.S. WAR VETERANS ASK BONUS

Only 1,300,000 Out of Possible 4,500,000 File Applications, Reports Show.

Washington, Oct. 10.—Only 1,300,000 applications out of a possible 4,500,000 have been received for the soldiers' bonus, and veterans who intend to apply for the adjusted compensation were urged to do so without delay by Major General Robert C. Davis, adjutant general of the army.

STRIFE RENEWED BY RESIGNATION

The Fundamentalist-Modernist Controversy Has Been Revived.

The resignation of Dr. Harry Emerson Fosdick from the pulpit of the First Presbyterian Church has fanned to a glow the embers of a controversy which last year threatened to set the whole Protestant world afire, according to definite indications on Tuesday, says the New York Herald.

TRACK STARS SELDOM USED IN FOOTBALL

Chicago, Oct. 10.—Track and football usually do not mix in college athletics, but in some instances it is certain to be a point winner in track, he is kept out of football.

Brookings will not be eligible for track this spring at Iowa and is taking a sabbatical at the gridiron game. Coaches are hoping that his great handling ability in addition to his speed will make him a valuable man.

REPEAL EXTRA TAX

Herriot promised he would repeal the "double decime" legislation of the Poincare Government, a 20 per cent. addition to all taxation, which was drawn up and quickly passed to arrest the alarming fall of the franc last spring.

SAILOR WINS \$40,000 IN SUIT FOR LOSS OF LEG

New York, Oct. 10.—It took a jury before Judge Garvin in the Federal Court, Brooklyn, less than an hour to decide that Vernon Phillips, 21-year-old former sailor of Smyrna, Del., was entitled to \$40,000 damages for the loss of his leg.

CALLS MINISTRY GREAT SPORT

The telephone bell jangled and as he turned to answer he remarked laughingly, "The ministry is great sport if you don't weaken."

London, Oct. 10.—(By Canadian Press)—Campaign plans of the political leaders are being discussed in the House of Commons today. Premier Lloyd George makes a tour of Scotland next week, his principal speeches being planned for Edinburgh, Aberdeen and Inverness.

Right Hon. Arthur Henderson opens the Government's campaign at Glasgow on Saturday. Mr. MacDonald speaks in Glasgow on Monday and afterwards will tour the northern industrial centers.

The Conservatives made arrangements some time ago for a big anti-Labor campaign and several of the right wing of Labor, but the tendency of movement is all towards Conservatism.

London, Oct. 10.—(Canadian Press)—Premier MacDonald's view was that the prosecution of the editor, Campbell, of the Communist paper, The Workers Weekly, on a charge of sedition, would give the Communists the advertising they wanted.

VETERANS HEAR CASE STATED AT LARGE MEETING

New Carleton Branch of the G. W. V. A. Has Inaugural Assembly.

PROMINENT MEN

Matter of After-war Situation of Soldiers is Aably Presented.

A smoker and concert given last night by the Carleton branch of the Great War Veterans' Association in the Masonic Hall, West Side, proved a most enjoyable function. Stirring addresses were delivered by Mayor Potts, Hon. J. B. M. Baxter, K. C., M. P., Father Lockhart and E. A. Schofield. The guests included the speakers and Hon. R. W. Wigners, Commissioner of Water and Sewerage; Judge J. A. Barry, Dr. F. L. Kenney, Councilor W. Murray Campbell, Capt. A. Mulcahy, Dr. J. H. Barton, S. C. Tippey, president of the St. John branch; Herbert Price-Coman, McAdam, secretary of the provincial branch; A. J. O'Spinney and Granville Crowley, president and secretary of the St. George branch.

After a selection by the orchestra, the chairman called on His Worship Mayor F. L. Potts for an address. The Mayor said that there were many things brought about by the organization of the G. W. V. A. that should appeal to everybody. He said that many cases come to his notice. He saw that the G. W. V. A. was an organization that was doing a great deal of good.

Following the remarks of Mayor Potts there was a banjo selection by Mr. Ellis. Father Lockhart was the next speaker. The president of the provincial association said that he was glad to meet with the war veterans. Explaining the objects of the G. W. V. A. he said that it was a patriotic organization, Canada and the Empire to see that provision was made for all the returned men. There are many families of returned men. The loyalty of the soldier was not the "burial" while men passed along the street in a spirit of devotion. There are many problems to be dealt with, labor, transportation, soldiers' re-establishment, and other problems that will try the heart and brain of a soldier," said Father Lockhart.

Another object of the G. W. V. A. was to see that something was done for the sick, needy and wounded, that there were pensions for the widow of the soldier who lost his life in battle, the helpless children, the poor comrades who were ill. This was the promise made by the nation that all would be cared for. "But we have an unympathetic pension board; we have the selfish politician, (with exceptions) who have the Senate that takes the credit that they have not the time to consider the applications, but at the same time this same Senate has time to pass a million dollar bill for a bridge across the harbor of Montreal," said Father Lockhart. When the Germans tried to break through at Verdun, the Frenchmen cried out, "They shall not pass." The same cry would come from the G. W. V. A. until such time as their appeal was listened to, said the speaker. In the province of New Brunswick there were 25,000 enlisted men and there should be 15,000 of these men enlisted as members of the G. W. V. A. In reality there was not 10 per cent. of them members, he said. When the Pension Act was presented to Parliament the members said that it was presented by the G. W. V. A. and it was only a small percentage of the returned men. The speaker pointed out that the membership of the G. W. V. A. should be stronger in number, and said returned men who were not members of the association showed a lack of interest.

The speaker called on the returned men to stand by their comrades in need, not to permit them to suffer alone.

E. A. Schofield was the next speaker, and said that his sympathies were always with the veterans, and it had only been a pleasure to assist them in the past. He said that he had only been during the war to assist families, but that was little compared to what the men had done who shouldered his rifle and performed his duty in the front line trenches.

Speaking from the view point of the employer and the manufacturer, the (Continued on page 10, first column.)

(Continued from page 9)
speaker said that the money conditions in Europe were such that for some time business looked good, then it became stalled and left matters so that it was almost impossible to carry on. Mr. Schofield thought that all should take an interest in the carrying over the returned man.

Everything possible had been done with the assistance of the Red Cross in the establishing of a workshop, and this shop had been fairly successful, but only last season the committee found that it was impossible to sell the toys made by returned soldiers in St. John or other parts of New Brunswick, because the merchants were stocked with toys manufactured by Germans, the goods of the former enemy taking the place of those manufactured by the brave men who were responsible in preventing the Germans from taking this country.

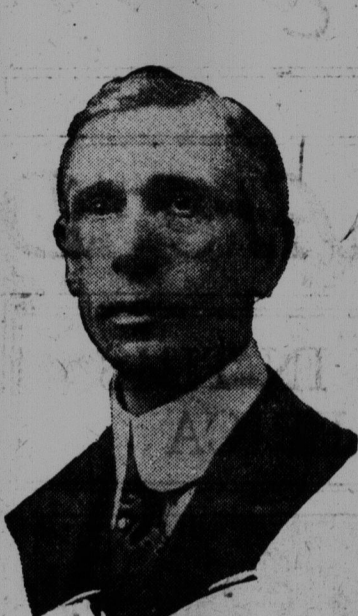

He closed his address by wishing the Carleton branch of the G. W. V. A. success in carrying out the objects of the association.
"Hon. Dr. Baxter.
After referring to the fact that appeals had been made by citizens, who sincerely believed that civilization was endangered but who were not in a position to take up active war duties themselves, Dr. Baxter said with regard to these citizens:
"As I said before, no one questions their sincerity nor the necessity of the responsible action which they took, but surely they made a bargain with the men who did what they asked and the important question today is whether or not that bargain is being kept in the spirit in which it was entered into. Politics did not enter into that appeal and party politics should be eliminated from all consideration of the questions which the war has left behind it.

"The man who went to the front did not go as a member of any political party. The obligation to treat him and those belonging to him fairly because of his service is as national in its character as the existence of Confederation itself. Therefore, when I say a few words to you on this subject tonight I wish it to be distinctly understood that I am not criticising any person in a political sense nor am I pretending that the solution of this problem is to be found or even ought to be found within the ranks of any single political party.
"I have said," continued Dr. Baxter, "that in the main Canada's obligations have been well maintained. At the same time I have come in personal contact with and I have heard in other places discussions of cases which undoubtedly have not received the generous treatment that the enlisted men had a right to expect from the promises which were made to them to induce them to take up the burden of their service."
The remainder of Dr. Baxter's address in part follows:
Subsequent breakdown.
"I think perhaps the worst impression which I have received is with regard to the difficulty which is so often experienced by the man who comes home in apparent good health and who has since broken down. Now it is true

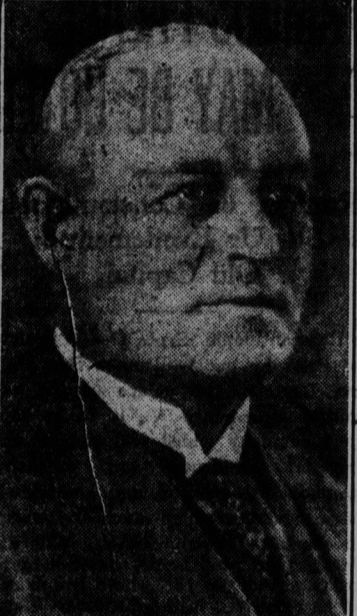

Addressed Carleton Veterans

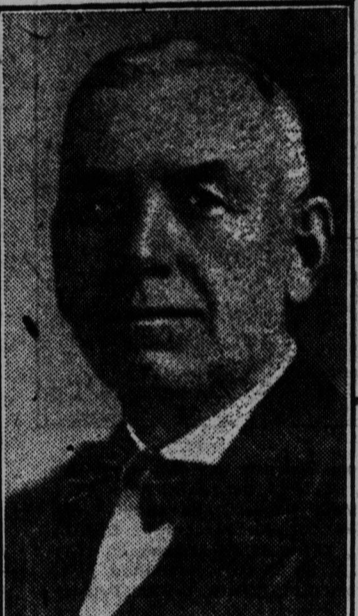

REV. F. M. LOCHARY.

E. ALLAN SCHOFIELD.

that many of these men, anxious to get home at the first possible moment, have made representations as to their physical condition which were not correct. Who can blame them? Is there one man in a thousand of those who were not overseas who would not have done the very same thing in order to get home as soon as possible after the close of the conflict. Yet I feel that the technical record is too often urged against a claim that a common-sense man would admit in five minutes. * * *

"I might draw an analogy between the old system of dealing with Workmen's Compensation and the modern one recognized that the suffering caused by an accident was immediate yet the relief, so far as the law gave relief, was in many cases postponed until years of litigation had brought the recompense too late to be of much practical benefit; the modern system requires the claim to be immediately attended to and recognizes the human-

ity of the idea that help should be extended promptly during the period of suffering and not postponed until that period has come to an end.
"I would like to suggest that in dealing with such cases as I have instanced it would be well if relief were afforded first and investigation proceeded while the sufferer is receiving help and treatment. If it should be found that the applicant was not entitled to help the loss would not be very great because the discovery would be made and a class of mistake which reflects severely on the nation would be avoided.
"The attitude of officialdom in such cases is that there must be proof that the breakdown is due to the war. The Pension Board has repeatedly said that it cannot act until such proof is given; but I am satisfied that in many cases the Pension Board itself would have acted if they had felt at liberty to be guided by the dictates of human feeling rather than by a purely scientific demonstration."

Left in Darkness.
At the conclusion of Dr. Baxter's address the chairman called on the orchestra for a selection, and just as the musicians were about to start the electric lights went out and the hall was left in darkness. When the flare of a match was seen "when a red-robed man was lighting a 'flag' there would be calls: "Dance it; he careful of Frittle," and other remarks.
There was a call from one of those present, "while the lights are out, let us have a sing song." This remark was greeted with applause, and the piano player, who could find the keys with the light of a candle, played while the assembly sang numerous choruses. But still the electric lights failed to illuminate, and the committee to procure oil lamps from persons residing near the hall, and also brought in a supply of candles, with the result that all tables were illuminated in the matter of years past the card games were commenced, the refreshments were served and a real good time was spent by all present.

Dr. Baxter then told of the money raised to relieve sufferers in the great St. John fire of 1877 being used year after the fire itself to aid people whose misfortune then could be attributed to the fire years before. He continued in part as follows: "I think we get from this a hint of possible improvement in dealing with the problems of the returned soldier.
Wants Public Opinion Aroused.
"Reconciliation in administration will give very much better results and this should be accompanied by an opportunity for latitude in judgment until the circumstances of the case are finally resolved. There is no question whatever that the men of prominence who appealed to others to call are still desirous that the nation should meet the obligations to which it was thereby committed. I would be glad if those men would today use their influence to arouse public opinion so that there will not be the cases which I have seen of men spending a long period before they could be admitted to a local institution for treatment and after that admission having to ask their friends to carry on correspondence so that their wives and families may get the benefit of pay and allowances instead of depending on private or sometimes public charity for subsistence. These cases are fortunately not many in number but when they do occur they cause the bitterest possible feeling on the part of the unfortunate and those who know of the circumstances.
His Suggested Remedy.
"Underlying all the problems is, I fear, the fact that there is no provision for their administration in terms of human sympathy. I believe the wise and generous solution can be found by giving to proper tribunals unlimited discretion to render relief where they feel that the case is one where the conscience of the nation would be outraged if relief ought to be given, and I would advise that legislation of this character should be sought."
"Now in bringing this very sketchy discussion to a close may I again impress upon you that the returned soldier should pay no attention whatever to the demagogue who seeks to attract him and his fellows by specious promises of what will be done for them by men of his class. The best representative to look for in any particular man who contributes to his solution, but only in the spirit of his own advice to get justice done is doing nothing more than the work he ought to do and vastly less life if in order that the nation might be preserved as a unit, capable of appreciating the opportunities as well as the blessings of a free state."
During the evening, in addition to the music furnished by the orchestra, there were a saxophone solo by Cedric Fiewelling; banjo selection by Mr. E. J. Hart, William Leason, H. C. Canrane, Alex. V. Wright, Frank M. Hann, Robert Smith, J. S. Williamson, George Emerson, Curtis Williams, and vocal selections by Mrs. Logan was chairman of the committee in charge of the entertainment and Leonard Hildes and Fred Mays had charge of the musical end of it.

IS LANDED AFTER AMAZING HOAXES
Young Belgian's Exploits Rival Those of Cobbler of Copenick.
Paris, Oct. 10.—A young Belgian, whose exploits surpass in impudence those of the famous Cobbler of Copenick, has been condemned by the Twelfth Correctional Chamber to six months' imprisonment, to be followed by deportation, and on returning to his native country he will find himself wanted there, having been condemned by default to a year's imprisonment for illegal wearing of uniform and decorations.
Stephane Otto, who is only 25 years of age, has used many aliases, as at Biarritz, for instance, where, posing as the son of Maurice Masterlinks, he was arrested in the month of August, 1923, and was by default to a year's imprisonment for illegal wearing of uniform and decorations.
His most audacious exploit was carried out in the Rhineland, where he visited the military headquarters, representing himself as an envoy of the King of the Belgians, and, in the presence of the military commander, conferred a Belgian decoration on the American commander, General Allen. It was not until some time afterwards that the incident came to the notice of the Belgian Government, which recalled matters by conferring the decoration which Otto had awarded for his own amusement.
A short while ago he was traveling to Rennes in a first-class compartment, but without a ticket. He explained to a fellow passenger he had lost his purse and asked for a loan to pay his fare, but he had addressed himself to a police inspector who arrested him for attempting to defraud the railway. The trick was successful, Otto, once more at liberty, donned naval uniform and, posing as a nephew of Cardinal Charrax, enjoyed the free hospitality of priests in the neighborhood of Dinard and Saint Malo. These are only the latest exploits of Otto. Earlier in his career he was a secretary to General Wrangel, after whose defeat he posed in Constantinople as a famous poet and won a warm welcome from the Turkish authorities by composing a poem in honor of their regime.
His gay career has been brought to a temporary check by an hotel proprietor in Paris, who, falling to obtain payment of his bill, had him over to the police under the name of the Comte d'Artagnan de Sabrol.

BOOSTERS REORGANIZE
The Senior Boosters of the Y. W. C. A. were organized last evening at a most enthusiastic meeting. It is planned to have the programme include instructions in knitting, sewing, fancy work and home cooking. The officers elected were: Miss Jean Jones, president; Miss Hilda Cummings, vice-president; Miss Stella Earle, secretary; Miss Lena McDonald, chairman of membership committee; Miss Mildred Wheaton, keeper of the lights. Mrs. A. W. Estey spoke and was assisted in carrying out the programme by the Misses Edna Hunt, Winifred Mann, Florence Warwick and Patterson.

JAP ENVOY TO TURKEY.
Tokyo, Sept. 9.—(Associated Press, by Mail).—Japan will establish an embassy to Turkey within the next year, now that the treaty of Lausanne has come into effect through ratification of three of the four allied signatories, Japan, Italy and Great Britain. The embassy probably will be located at Ankara and is expected to advance Japan's interest not in Turkey alone, but also in Persia, Arabia and Central Asia.

Reduce Your Weight Safely and Sanely!

Nemolastik Self-Reducing CIRCLET GIRDLE \$7.00 \$12.50
Some of Their Virtues
1 They make the figure permanently smaller and lighter in weight.
2 They give constant, healthful massage.
3 No rubber is in contact with body or undergarments.
4 They mould the figure into graceful lines.
5 They permit you to reduce the portion of your figure that needs it.
6 They give comfortable and grateful support and control.
7 They are guaranteed against ripping or tearing.
8 They are easily cleaned by the use of pure soap and water.
9 They improve the circulation and removing excess fat.
10 They fit, are as comfortable as your skin and produce a supple, youthful figure.

The Nemolastik Self-Reducing Health-Way Rubber Girdles and Circlets are the ideals of fashion as well as health. They make the figure permanently smaller and actually lighter in weight. The massage they give is the correct massage. It constantly eliminates superfluous fatty tissue, and liquefies it. It is then taken up into the circulation, in turn to be reabsorbed from the body.
Unless reducing garments are built on that principle, all they can do to excise fat is to redistribute it to other parts of the body.
If you believe that your figure might be improved by correct and healthful reduction, go at once to your favorite Corset Department or Shop and be fitted to a Nemolastik Self-Reducing Health-Way Rubber Girdle and Circlet.
You may do this with confidence as they have the reputation of the Master Corset Builders of the World behind them. Nemolastik Girdles \$12.50.
Nemolastik Self-Reducing Circlets with the "stay put" device which prevents "sliding-up" \$7.00.

If You Keep Hens CUT THIS OUT
1,000 Eggs From Every Hen—Four to Seven Eggs a Week Per Hen Through Cold Winter Season. High Priced Eggs Means \$5.00 Profit Per Hen in Next Six Months.
Amazing Poultry Secrets Revealed By AMERICA'S FOREMOST POULTRY EXPERT
This is an offer no reader of this paper who keeps chickens can afford to ignore. We will tell you why. Henry Trafford, Famous Poultry Expert and Breeder, for nearly eighteen years Editor of "Poultry Success," has developed a new and remarkable system of rearing, breeding and feeding chickens for heavy egg production that seems certain to revolutionize the poultry industry and give five eggs or more for every egg produced today.
His plan or system is explained in Mr. Trafford's "1,000 Egg Hen," a free copy of which will be sent to any person who keeps six hens or more.
Poultry keepers, following Mr. Trafford's directions, learn how to start young pullets laying early; make old hens moult quickly and resume heavy laying during entire winter season. Most any hen will lay in spring when eggs are cheap. Mr. Trafford tells how to lay four to seven eggs a week during coldest winter days when eggs sell at a dollar a dozen or more. His systematic care, may get 1,000 eggs or more from nearly every hen in four years' time at a net profit of \$25.00.
There is big money to be made with chickens this winter by the man or woman who gets the eggs. The time to get the hens ready for heavy winter laying is now. Mr. Trafford's "1,000 Egg Hen" system tells how and arrangements have been made whereby any reader of this paper may receive one copy absolutely free by using the Coupon below. Send no money, but cut out the Coupon and mail it with your name and address to Henry Trafford, 621 K Herald Bldg., Binghamton, N. PROVIDES ALL-TIME HOSTEL FOR HOBOES

Barn on Outskirts of Altoona, Pa., is Open for Their Use.

Altoona, Pa., Oct. 10.—As though it's only an old barn, it has a reputation throughout the United States. It is known as Hagerly's Barn and it is located on the outskirts of Altoona.

Years ago a man named Hagerly, who lived just outside the limits of this city, owned the barn, which became a favorite stopping place for the knights of the road traveling along the route of the present Lincoln Highway. Mr. Hagerly never objected to the hoboes stopping in his barn, even after fire, believed to have been started by them, destroyed the original building. Mr. Hagerly built a new barn and when he died enjoined his heirs never to close the building's doors to tramps. The heirs have done his bidding.

Every night from two or three to a dozen hoboes stop there. Meals are

cooked nearby. Frequently the visitors do their laundry and string the clothes on ropes near the barn.

A resident of this city, traveling in the west this summer, was asked by a man from California if he knew where Hagerly's Barn was located. The Altoona resident replied in the affirmative, and the western man said he and many "traveling friends" had stopped at the place.

INSTITUTE AT SUSSEX SUCCESS

Teachers Hear Important Addresses—Enrollment Reaches 140.

Sussex, Oct. 9.—The fortieth annual session of Kings-Queens Counties Teachers' Institutes opened in the assembly hall of the new school building here today. The first session began at 10 o'clock with F. S. Keirstead, principal of the Consolidated School, Hampton, and president of the institute, in the chair and W. A. Biggar, secretary. The first item of the program was a chorus by pupils of the Sussex High School. Enrollment then took place and 140 teachers registered.

This was followed by a very interesting address delivered by Charles Swain Thomas, of Harvard University, Cambridge, Mass., his subject being the composition problem. It was a splendid effort and was most favorably commented on.

Committees were appointed as follows:

Audit—H. E. Dyrast, Annie Mosher and Frank Northrup.

Nominating—L. R. Hetherington, C. T. Watson, J. A. Edwards, Evelyn Erb, Ethel Humphrey.

Resolution—N. S. Fraser, Hattie L. Murray and Helen Chapman.

The afternoon session opened at 2 o'clock. A piano solo by Ralph Bolton of Sussex High School, was given and he was obliged to respond to a hearty encore.

The reading of the minutes followed. An excellent paper, and one that reflected great credit on the author was read by its composer, W. N. Biggar, the subject being Discipline, Defined, Classified and Applied. This paper, which had been very carefully thought out was the subject of many favorable comments. It was discussed by Inspector L. R. Hetherington and C. T. Wetmore.

A brilliant address entitled One of Our Reading Problems, was delivered in a masterly manner by Dr. Thomas, of Harvard University.

The last hour of the afternoon session was devoted to what is known as the question box. Questions on many subjects of education and different modes of teaching were asked and debated. Dr. W. S. Carter, chief superintendent of education, taking a prominent part in the discussion.

A public meeting was held this evening commencing at 8 o'clock, at which W. J. Mills, chairman of the Sussex School Board, presided.

After a musical selection by the Sussex Band orchestra, His Worship Mayor J. D. McKenna delivered an address of welcome to the visitors. His Worship expressed regret at the small attendance of citizens of the town due

NESTLÉ'S A pure creamy MILK

EVAPORATED MILK

to the severe storm that was raging. He extended the freedom of the town to the visitors and trusted that their stay would be one of profit and pleasure combined. He felt that there were two callings that were undergoing a renaissance. The idea of reducing teachers' salaries was unjust and as far as he was concerned he would fight for an increase along these lines instead of a reduction. His Worship referred to the fire prevention manual that was to be added to the curriculum shortly and spoke of the immense value of the forests and the need of their conservation, as they were the province's greatest asset. In closing he said a glowing tribute to Norman S. Fraser, principal of the Sussex schools, and the members of the school staff for the splendid work performed in the training of the scholars. For three years in succession the Beaverbrook scholarship had been awarded to pupils of the Sussex High School, Fred Forbes securing one in 1922, Charles R. Atherton in 1923 and Miss Alice Atherton in 1924.

CANADIAN PACIFIC RAILWAY

The Canadian Pacific Railway and all that is connected with that name—the enterprise of its founders, the accomplishment of the apparently impossible, the pride of all Canadians in the road and the enormous asset that the road is to Canada—all these have for many years been taken for granted, and it has been no small surprise to find the younger generation growing up without a full knowledge and appreciation of the deeds and achievements of this great corporation.

The questions of this stock on the Exchange of London and New York have been considered a barometer of the general well-being of Canada by many investors and it is significant that those outside of our country should be apparently so much better versed in our own younger generation as to the importance of the Canadian Pacific.

The executive of the railway company therefore felt that they owed it to themselves and to this new generation to apprise it of some of the salient features of the Canadian Pacific's service to Canada; and they have therefore chosen the leading cities along their lines as illustrations of the growth of Canada and the assistance which the Canadian Pacific rendered to the cities individually and to Canada as a whole.

A series of advertisements is now appearing in the daily press illustrating these points. The Canadian Pacific has recognized the importance of the Canadian newspapers as a great national medium to carry this message.

Something More!

After meals you want something more—a bit of sweet with a change of flavor. WRIGLEY'S is that "something more" and it's more than that! It is a great aid to your good health, as medical authorities say.

This is from a recent book on health:

"Many physicians now recommend gum chewing . . . for a better and more complete change of the starches into dextrin."

WRIGLEY'S

after every meal

—means that your digestion is aided while your pleasure is served; teeth and digestion both benefit.

Your choice of several flavors, all of the WRIGLEY quality—sealed in its purity package.

TO PAY EMPLOYER'S COMPENSATION FEE

Because employers have to pay assessment to the Workmen's Compensation Board, there has naturally been some hesitancy on their part to employ returned soldiers who might be handicapped by disabilities and more liable to injury, thus in the long run increasing the levy on the employer. This was the statement made yesterday at the D. S. C. R. office here by D. Jerome Sullivan, assistant uni-

rector of administration, when he announced that this situation would be met by the following federal order-in-council, word of which he had just received:

"The authority under the order-in-council, P. C. 4432 which has been amended by order-in-council, P. C. 4427, which granted authority to the D. S. C. R. to pay every employer of a pensioner, who is in receipt of not less than 20 per cent. of a pension, the amount of assessment paid by the employer or individual to the Workmen's Compensation Board, has been extended until Sept. 1, 1925, by order-in-council, P. C. 1629.

In the Sable game preserve, in South Africa, there are more than 2,000 lions, which do great damage to surrounding farms.

WANTS 'EM ALIVE

(N. Y. Times.) On reading that one Chinese General has offered rewards of 60,000 Yen for the heads of two others, and four times as much for them if they are brought to him alive, it is only natural to wonder why the difference. Is it because to a dead Chinese General nothing more can be done to show disapproval of his political course, while there are many ways, particularly in China, by which further disapproval can be demonstrated to a live General? 2834-10-12

In this country and in not a few others, prisoners of distinction always have been a source of serious embarrassment, but for reasons that probably do not exist in China unless conditions there have changed much from what they were many years ago. 2834-10-12

But in China a captured enemy can be made to pay many large debts before death releases him, and the confessed vengeance are viewed with interest by his creditors. At least that used to be the case, and the present monetary distinction between live and dead General makes the survival there of old ideas. 2834-10-12

MORBID CURIOSITY.

(Ottawa Citizen.)

Many citizens of Ottawa must have experienced pain as a consequence of the exhibition of morbidity which marked the funeral rites of the victims of the Ottawa South tragedy. There surely is something lacking in our social life when great crowds want to look for the bodies of the victims of the acts of a murderer. At the services on Friday at St. John's church, thousands of people crowded the scene, eager to obtain a glimpse of the earthly remains of the murdered woman and children, jostling each other and behaving with deplorable lack of reverence for the dead. It is a charitable thing to say that these thousands of persons, mostly women and girls, attended out of respect for the dead. They were drawn, in a great number of instances, merely by that unhealthy morbidity which is so difficult to understand by those who reveal a more balanced point of view. Those who went out of their way to witness the funeral must have looked half fearfully and half shamefully upon the departed with a sense of having witnessed an immodest and unwholesome craving. There were also regrettable scenes when the victims were placed in view—literally on view—at the undertaking establishment. Who was responsible for this unfortunate arrangement, whereby hundreds of unhealthy curious sight-seers were allowed to look upon the dead? Again, it would be a generous interpretation of public behavior to say that those who took advantage of the opportunity to gaze upon the victims of tragedy were attracted out of respect. The whole unhappy affair does not reflect credit on the people of Ottawa. Many will resent this display of tragedy, and many more will regret exceedingly the seeming lack of restraint and reverence on the part of so many fellow citizens. 2834-10-12

MONTREAL MARKET
SHOWED ACTIVITY

Many Shares Changed Hands This Morning—New York Quiet.

Montreal, Oct. 10.—Unusual activity was in evidence at the opening of today's stock market, and many shares changed hands during the first fifteen minutes. Alcohol was the most active issue and rose into new high ground at 52. Next in point of activity came the Montreal Power, whose strength features were noted by the market.

IS HERE HUNTING WITH W. G. BROKAW

Former Waasis Man is Associated With Millionaire in Business.

J. Fred Lawney, now of Hollywood, California, who is visiting his former home at Waasis, Sunbury county, was in Fredericton on Wednesday afternoon renewing acquaintances.

Next week he will go to Bonney River, Charlotte county, where William Gould Brooks, American millionaire, has a lodge, and they will hunt moose for ten days or two weeks before returning to the United States, where they are interested in oil development ventures.

Mr. Lawney went overseas during the war with the MacLean Highlanders, and upon his return from France was engaged in New Brunswick as a forest ranger for a time before going to North Carolina, where he took charge of the Brokaw properties. From there he went to Texas and took charge of development enterprises in which he became associated with Mr. Brokaw.

FUNERAL OF MRS. ELIZA LESTER

Many relatives and friends assembled at the home of Mrs. Eliza Lester, Prospect street, Fairville, last night, to pay a last tribute of respect to his mother, Mrs. Eliza Lester, who died on Tuesday morning.

The funeral service was conducted by Rev. J. M. Hico, pastor of the Methodist church, at 10 o'clock on Tuesday afternoon.

HAUNT OF DICK TURPIN FOUND

London, Oct. 10.—During alterations to one of the oldest public houses in the south of England, the King's Head, Old Malden, Surrey, which dates back 600 years, a secret hiding place was found.

According to legend, the house was the haunt of Dick Turpin, the famous highway robber, who hid there for several years.

Among visitors in Fredericton yesterday was Very Rev. Dean Storrs, of the Deanery, Rochester, England, who has been in Canada for the last month.

He left last evening for Montreal to call for England. He is a nephew of Colonel Haynes, who was A. D. C. to the late Sir Edmund Head when he was governor of the province, and Dean Storrs being anxious to see where his relatives lived, went to Fredericton for that purpose.

Accompanied by Very Rev. Scott Neale, he visited the Cathedral, Old Government House and the house his uncle occupied while a resident of Fredericton.

FLU LEFT MRS. PEKESKI IN POOR CONDITION

But Tanlac Quickly Built Toronto Woman Up to Normal.

"Adding her voice to the 10,000 or more who have spoken out in behalf of the merits of Tanlac, Mrs. Paul Pekeski, 124 Meland St., Toronto, Ont., says:

"If I could talk with everybody who is not feeling right I would certainly urge them to try Tanlac. A year ago I was taken down with influenza which left me in an awful run-down condition. I was sick with a terrible hurting in my stomach, had no appetite, suffered all the time with pains in my back, was extremely nervous and dizzy, and had headaches that nearly set me wild."

"Tanic was the first and only thing that did me any good. Since taking this grand medicine I eat and sleep like a child and feel fine. In fact I am now enjoying the best of health and will always praise Tanlac."

Tanic is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

AIR OCEAN SERVICE WITHIN FEW YEARS

British Official Estimates Two Days and Half for Trip.

London, Oct. 8.—(United Press)—Regular trans-Atlantic airship service between England and America is expected within a few years by Sir Sifton Branker, air vice marshal. He estimates two and a half days as the regular service time for the trip across the Atlantic. Airship will be the pioneer in establishing this service, but eventually airplanes may become practicable for such duties, he said.

Sir Sifton also thinks bi-weekly airship service between England and India and Australia, 11 days for the trip, and weekly service to Captown in five and a half days, will be established before many years.

Two and a half to three years will pass before the first two big ships are being used, he said, "and after that it may be another two years before the airship service to India in a regular, steady bi-weekly basis can be established."

The British Air Ministry is now working to produce aircraft that can operate more cheaply. Experiments are now being made with a heavy-oil engine, which, if successful, will do to airplanes what the Ford did to automobiles—make an airplane within the financial reach of almost everybody.

There has been no rain in Central Australia for three years.

WASHINGTON WINS
AND EVENS SERIES
WITH THE GIANTS

Art Nehf Pitches a Great Game, But is Defeated.

TWO PLAYERS HURT
Fans Go Wild When Harris Gets Single Which Wins Game.

One moment's witness by Nehf in the fifth frame, his only lapse in otherwise perfect exhibition of hurling, and the stage was set for "Bucky Harris" singing single to right field, which split two precious runs and victory for Washington. The scene that followed as Peckinpaugh and McNeely raced across the field can be better imagined than described. The Giants at the time were holding grimly on to their one run lead in the form of a lead-off homer by Peckinpaugh and that run was looming larger and larger before the eyes of the thousands of loyal Senator rooters who had packed Griffith Stadium at Washington to its utmost capacity. They feared that the Giants were on the way to another world's series triumph when suddenly the setting was changed. The Senators, fighting desperately with their backs to the wall and handicapped by the moral effect of the second straight defeat to hold their star hurler, Walter Johnson, the day before, rose to suppress heights and snatched victory in the face of every obstacle.

DIAMOND SMUGGLERS ABANDON TORONTO AS JUMPING-OFF PLACE

Activities of Customs Officers Foil Operations Which Once Made Ontario Town Headquarters of Extensive Illicit Trade in Precious Stones With United States—Many Tricks of the Trade—Liquor Goes Across Border by Remarkable Stratagems.

A few months ago Toronto was the headquarters of the continent for the diamond smugglers into the United States, says C. R. Greenaway in the Victoria Colonist. Then something happened. That was surprising information one United States customs officer happened to mention in a rare communicative moment the other night.

"We intend to have the diamonds you are carrying," the men were told. They continued to deny vehemently. So the search proceeded step by step. Just as discouragement began to attack the officers, one of them noticed a wisp of white cloth protruding from one of the little electric light sockets in the berth.

ACTION WEEK ON POWER CO. RATES

Likely Equal or Go Lower Than Hydro, Says Mr. Pooler.

The local Board of Directors of the New Brunswick Power Company will meet on next Wednesday to take final action on the new light and power rates according to M. A. Pooler, general manager while in conversation with a representative of The Times-Star this morning. He said that the new rates will probably be as low if not lower than the present hydro rates. He said he was in receipt of a telegram from the board of directors of the Federal Light & Traction Company, directors of the New Brunswick Power Company's plant, saying that they had had a special meeting on Tuesday and had unanimously approved of the recommendation submitted by himself and Messrs. Allison and Peterson when they met with the members last week. Street Railway Work.

Speaking of the extension of the street railway line from Barnhill corner, Fairville, to Moore's hill on the Manawagonish road he said that the heavy rain storms had held up the work, but aside from this satisfactory progress is being made.

The replacement work from the foot of Fairville to Tilton's corner, Lancaster, is also being pushed forward and should be completed in the near future. There is no other extension or replacement work planned for this year, but the programme will be continued next year.

GET READY FOR THE WINTER WORK

City Completes No. 5 Trestle Operations—Other Work at Wharves.

The city work on No. 5 trestle has been completed, it was said this morning by G. G. Hare, city engineer, and the harbor department is now putting in the eight inch cast iron pipe which is to carry the water supply for Sheds 5 and 6. At No. 3 trestle all the work has been completed except the laying of the rails but the C. P. R. has yet to place ties and stringers and the laying of the heating plant at the McLeod and Pettinfill warehouses has been completed and the crew are now working on the rest room. This should be completed within two weeks it was said. Good progress was reported with the work at Indian wharf and work will be finished in about ten days.

ROXBOROUGH HAS ANNIVERSARY

Roxborough Lodge L. O. B. A. celebrated its 28th anniversary in their hall, Guilford street, West field, evening. The hall was decorated with autumn leaves and cut flowers. The worthy mistress, Mrs. E. E. Egan presided. Members from Fairville, East St. John and city lodge attended, also members of D. O. No. 70 and P. A. P. B. No. 30 and their wives and friends, and many others. Little sacks were distributed among the audience in which each person put in as many cents as the lodge was years old. A nice sum was realized for the lodge funds.

An interesting programme was carried out as follows—Piano solos, Miss Edith Edwards, Miss Willa McCallum; readings by Edwin Rupert, Miss Edith Edwards and Miss Hannah Marshall; piano and accordion selections by Messrs. Davis and Melvin; duet by Misses Burke, solo by Miss Madeline Ervine, with Miss Marjorie Purdy accompanist. An address was given by County Master Magee. All numbers were recited. After the National Anthem had been sung all went to the dining hall where the table was tastefully decorated with yellow and red, the colors of the association. A nicely laid birthday cake, illuminated with 28 candles, was in the centre.

PLANS FOR CADETS

At a meeting in Major William Vassil's office this morning arrangements were completed for the cadets' tag day on October 23 next. Mrs. M. B. Edwards was present, representing the I. O. D. E. The tagging will be conducted by cadets in uniform and young ladies. Capt. D. Y. Palin announced this morning there would be a church parade of all cadets on Sunday morning next. Plans will take place in Prince William street in front of the post office at 9:30 o'clock and the parade will catch the 10 o'clock ferry boat, the boys going to the Church of the Assumption and St. Georges. On Saturday morning in the Army, a special battalion drill will be held. Capt. Palin reported that recently a contribution of 100 new cadet uniforms had been completed, making 200 altogether.

NEW DIRECTOR OF C.N.R. VISITS CITY

R. H. McKay Found Maritime Much Talked of in U. S.

R. H. McKay of New Glasgow, who was recently appointed a director of the C. N. R., arrived in the city today en route to his home after a short trip to Boston and Providence. Referring to the various C. N. R. problems, Mr. McKay said that he was not in a position to discuss them at present as he pointed out he was gassed to this office only about a month ago and he had a very thorough grasp of his new work as yet.

Concerning conditions in Nova Scotia, Mr. McKay said that the steel and coal mining industries were not very busy at present and said that this affected the general prosperity of the province. The apple crop and the increased price for fish should help conditions this fall.

While in the eastern states, he said he had been pleased at the numerous words of commendation he had received from tourists who had visited these provinces during the last few years. He said that they were unanimous in their praise of the roads and their treatment while here. There was a slump in business at present in the states, he noted, but declared that the people expected a sharp revival following the election next month.

Mr. McKay said that he expected that his duties would often bring him to St. John. He left on the afternoon train for his home in New Glasgow.

LOCAL NEWS

FROM FAR AWAY.

A request for information about St. John was received this morning by the Board of Trade from a school in Texas. The matter has been mailed.

PAVING WORK BEGUN

A start was made today on the paving of Seelye street. The curbing is the first to be placed.

PAY DAY.

Today was the fortnightly pay at city hall. The sum of \$11,984.55 was paid out as follows: Public Works, \$2,026.71; water and sewerage, \$3,821.43; harbor, \$2,618.75; ferry, \$486.

TELLS ABOUT ST. JOHN.

A copy of the latest issue of the "Red Anchor" the magazine of Anchor-Douglas line, in which was printed an article about the Port of St. John written by R. E. Armstrong, secretary of the Board of Trade, was received this morning by the board.

TO BRING MAN HERE.

Sergeant Detective Fiset left this afternoon for Moncton to bring back Henry LeBlanc who was arrested there yesterday at the request of the local police. It is said there was a warrant out for LeBlanc, charging him with non support.

HIS BIRTHDAY.

About 20 friends of Master Donald McDonald, 13 Delhi street, called at his home yesterday and helped him celebrate his fifth birthday. Among the gifts received was a book from his kindergarten teachers, who were among the guests at supper.

MAY CHOOSE CHAIRMAN.

A meeting of the Civic Power Commission was to be held this afternoon at 4 o'clock. As the commission is without a chairman it was probable an election to that office would be made at this session. Another matter to come up is the recommendation of the engineer that the hydro lines be extended to the Isolation Hospital, the Board of Health having applied for this service.

NOVELTY SHOWER.

Miss Myrtle McFarlane, 21 Sydney street, was pleasantly surprised last evening when about 25 of her friends called and tendered her a novelty shower. The rooms were trimmed in white and yellow and Miss McFarlane was enthralled in a chair. Gifts of glass, silver and china were brought into the room by a "bride and groom" and presented to the guest of honor.

THE HALIFAX NIGHT TRAIN

A. C. Barker, superintendent of transportation of the C. N. R., Atlantic region, stated in Moncton today that he "had heard nothing about it" when asked as to whether the night train service was to be restored between Halifax and St. John. The Maritime Express was suspended in Moncton following the failure of an engine between Mont Jolie and Riviere Du Loup.

FUND STILL GROWS.

The Times-Star today received some more money for the fund for the babies and the total is now about \$1,000. The new donations are \$6 from a baseball game played by insurance and fire insurance teams on August 28; \$3.88 from Masters Harold Macdonald and Frank Macdonald, proceeds of a sale; and \$1 from two little girls, "Christina and Anne," sent to the fund by their mother.

The fund will be closed tomorrow.

BURIED TODAY.

The funeral of John LeRoy was held this morning from O'Neill's undertaking parlors to the cathedral for high mass at 10 o'clock by Rev. Raymond McCarthy. The body was taken on the noon train to Hampton for interment.

The funeral of Mrs. Elizabeth McJordan was held this afternoon on arrival of the Montreal train. Service was conducted by the Rev. by Rev. Archdeacon Croft. Interment was in Fernhill.

WILL VISIT ST. JOHN.

J. A. Thomas, fire marshal of British Columbia and president of the Fire Marshals' Association of Canada, is on his way east and is expected in St. John soon. He will spend a day here and will be in touch with H. H. McLellan, New Brunswick's Fire Marshal, and will then go to Halifax for a day with Fire Marshal Randall of Nova Scotia, and will then visit friends in Kentville and other places in the maritime provinces. He will later go to Toronto for the annual meeting of the Dominion association of which he is the head. Mr. McLellan will likely attend the Dominion meeting.

INQUEST THIS EVENING.

A late report from the General Public Hospital this afternoon was to the effect that Allan Currie, 18-year-old son of the late H. L. Currie who was killed recently in a motorcycle smash-up, was resting quite comfortably and is expected to recover.

The jury empanelled to enquire into the death of Mr. Currie, Sr., met yesterday afternoon and viewed the body and adjourned until 7:30 this evening. The enquiry will be held in the Court House. The jury is composed of E. J. Todd, foreman; W. V. Hatfield, Harry Lugin, C. B. Dever, G. H. McLaughlin, D. J. Stockford, J. A. Lindsay and R. T. Worden.

IS GIVEN FREEDOM

Edward Greer, a 19 year old youth, who was taken into custody yesterday on a charge of stealing coal from a car on Forest street siding, the property of the General Public Hospital, was brought before Magistrate Henderson this morning and pleaded guilty. He was informed that the other two boys who had been reported could not be located and his case would be dealt with. Magistrate Henderson said this was the first time he had been brought to court for violating the law and he would take that into consideration and allow him to go on a suspended sentence. He told him to go along with his father and in future to be a good boy and not do anything that would result in his reappearance in the court.

LETTER FROM JAIL BRINGS FREEDOM

Man Gets a Chance to Go Out to Pick Potatoes.

"If you will let me out of jail and give me a chance to go to Aroostook County where I know I can get work picking potatoes I will return the favor some time" was the text of a letter received by Magistrate G. A. Henderson yesterday from a man serving a two months term in jail on a drunkenness charge. After reading the letter the Magistrate looked into the case and learned that the man had served three weeks for the same offence. He gave him the chance he desired and issued instructions to release him.
