LORD MAYOR OF CORK SUFFERS GREATLY NOW
Intense Pain About Heart, Says Chaplain
London Newspaper Publishes Rumor of Further Armed Outbreaks Planned for the Closing Days of This Month.

London, Sept. 7.—Terence MacSwiney, lord mayor of Cork, who has been on a hunger strike since August 12 and for several days has been in a critical condition in Brixton prison, was reported appreciably weaker this morning, but conscious and able to speak. Father Dominick, his private chaplain, said the prisoner was suffering intense pain in the left side of his abdomen and heart.

Dublin, Sept. 7.—A band of men disguised as soldiers descended today upon the town of Belleek, County Fermanagh, in motor cars, gained entrance to the police barracks, held up the police with revolvers, locked them in an out-house, captured all their arms and burned the barracks. Several of the police were attending church services at the time and a detachment of the raiders fastened the chapel doors, locking in the congregation so as to prevent assistance from that source.

Cork, Sept. 6.—The deputy lord mayor of Cork today authorized the statement that the eleven hunger strikers in the Cork jail, who are on the 20th day of their abstinence from food had expressed the wish that they be paid no more visits by the prison doctor. They declared they desired to be allowed to die in peace.

Dublin, Sept. 7.—The acting medical officer at Cork prison, it is officially announced, received yesterday a letter signed "One of the First Brigade of the Irish Republican Army," ordering him to leave the jail, forthwith and the country within twenty-four hours as his professional attendance on the hunger strikers "gives a tinge of legality to the slow and deliberate murder of innocent civilians. The escort, however, drove off the assaultants, two of whom were killed and three wounded. The military suffered no casualties.

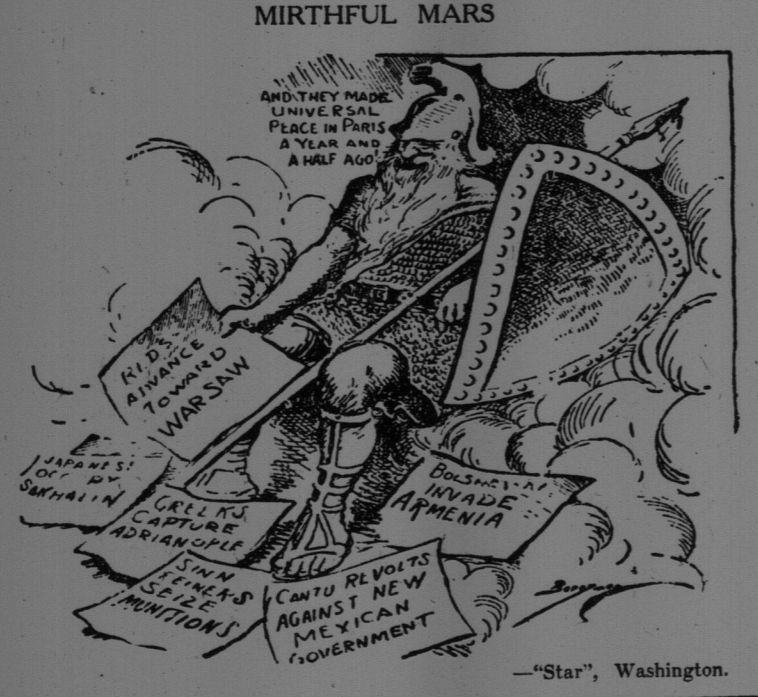

London, Sept. 7.—Miss Annie MacSwiney, sister of the lord mayor of Cork, has addressed the following telegram to Bonar Law, government leader, who on Sunday announced that the government would not release the Irish prisoners.

More Troubles.
London, Sept. 7.—The Daily Mail says it learns that new activity has been noted among certain organized units of the Sinn Fein republican army. It is believed in official circles, the news adds, that a new series of armed outbreaks has been planned and that it is considered likely these will begin on or about September 25.

THREE AIRMEN FALL TO DEATH
Forest Hills, N. Y., Sept. 7.—Two aviators were killed yesterday when a naval seaplane crashed on the ground. They were Lieut. J. M. Grier, U. S. N., and Sergeant Saxe of the U. S. army. They had gone up to take aerial photographs of a tennis tournament.

TEN KILLED IN TRAIN CRASH
Denver, Col., Sept. 7.—Ten persons were killed and upwards of fifty were injured here yesterday afternoon when an out-bound special train on the Denver and Interurban Railway carrying pleasure-seekers to El Dorado Springs, Colo., crashed into a heavily loaded inter-urban train coming from Boulder, Colo.

TROLLEY TRAINS CRASH IN NIAGARA GORGE
Niagara Falls, N. Y., Sept. 7.—Seven persons were injured, none seriously, yesterday afternoon in a collision of two trolley cars in the Niagara Gorge. All but one of the injured were from Toronto.

THRONGS RESUME WORK IN SCHOOLS
Big Year in Attendance Looked for — Changes in the Staffs.

The public schools in the city opened this morning, much to the chagrin of the future pillars of the state, but likely to the relief of the mothers of the students. It is expected that there will be a very large attendance at all the schools this year and preparations have been made to accommodate a larger number than usual. The rooms in the old synagogue have not yet been completed and so the High school was rather crowded this morning.

Addressing the manufacturers at Toronto's fair, J. S. McKinnon hit out at the U. P. O. and Dominion Government and declared that he deplored the number of commissions and investigations appointed and instituted in Canada. He contended that they had an unduly influence on industry.

NEW WAR IF THE CONDITIONS DO NOT IMPROVE
Poland Asks Mediation by League of Nations — The Trouble With Lithuania.

London, Sept. 7.—The Polish government has addressed an appeal to the League of Nations requesting its mediation in the Polish-Lithuanian dispute. It states that unless an improvement occurs in the situation, Poland will be compelled to declare war on Lithuania. The League of Nations is now considering the appeal.

CANADIAN IS KILLED IN THE WAR WITH POLES
Warsaw, Sept. 7.—Captain J. C. McCullum of Montreal, a member of the Kosciuszko squadron, has been killed in an airplane fall near Lemberg, it was learned today.

BETTER UNDERSTANDING.
Ottawa, Sept. 7.—Hon. Arthur Meighen arrived in Ottawa from Quebec at noon today. He is planning a tour through the west.

WEATHER REPORT
Issued by authority of the Department of Marine and Fisheries, R. F. Stewart, director of meteorological service.
The barometer is fairly high over the Great Lakes and middle states and relatively low both in west and east with a well marked disturbance south of Nova Scotia. Weather is showery in Quebec and the maritime provinces and fine to the westward.

WIDOW OF SIR JOHN A. McDONALD DEAD
Baroness Passes Away in England at the Age of Eighty-Four.

London, Sept. 7.—(Canadian Associated Press)—It is announced that Baroness Macdonald of Earscliffe, widow of the great Canadian premier, Sir John Alexander Macdonald, died on Sunday.

Unveiling of Monument in Quebec Yesterday a Notable Ceremony.
Quebec, Sept. 7.—(Canadian Press)—The unveiling of a monument to the memory of Sir George Etienne Cartier, one of the most distinguished fathers of Canadian confederation, here yesterday, was marked by a notable ceremony.

NINE BODIES IN RUINS OF FIRE
Mother Saves Babe of Few Days and Leaps from Third Story Window.

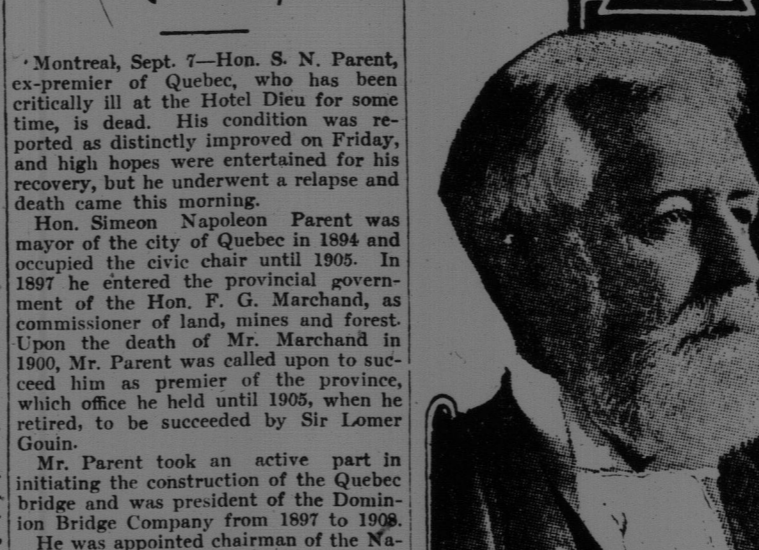

Klamath Falls, Oreg., Sept. 7.—Nine charred bodies had been recovered yesterday from the ruins of a fire which destroyed the Houston Hotel and Opera House and burned two blocks of dwellings and business houses. Five bodies have been identified. Many persons were burned or injured in escaping from the burning hotel. All the dead were believed to be from Oregon.

NOW IN CITY ON AIRSHIP MISSION
Capt. H. A. LeRoy Arranging for Air Stations — Liquor Cases in Fredericton.

HEAVY LOSS IN AN EASTPORT SARDINE PLANT
Eastport, Me., Sept. 7.—Loss estimated by officials of the Seacoast Canning Company of \$300,000 was caused by fire which destroyed two buildings of the company's sardine packing plant in this city yesterday. The plant employed 460 workers.

HON. A. S. PARENT, EX-PREMIER OF QUEBEC, DEAD
Montreal, Sept. 7.—Hon. S. N. Parent, ex-premier of Quebec, who has been critically ill at the Hotel Dieu for some time, is dead. His condition was reported as distinctly improved on Friday, and high hopes were entertained for his recovery, but he underwent a relapse and death came this morning.

MR. GUTHRIE ON WAY TO ENGLAND
Ottawa, Sept. 7.—Hon. Hugh Guthrie, minister of militia, returned to the capital last evening from the maritime provinces, and later left for England. He will represent the Canadian government at an international financial conference in Brussels on September 23. It is understood that Hon. C. C. Ballantyne, minister of marine and fisheries, will accompany him on his return.

As Hiram Sees It PUTS END TO RING CAREER OF BROUSSEAU
How French Pugilist Was Beaten by Bloomfield
Dempsy Got \$55,000 for Defeat of Miske; latter, \$25,000 — Baseball Challenge — Golf Championship.

"Hiram" said the Times reported to Mr. Hiram Hornbeam, with the fine judicial air of one balancing in mind a matter of importance, "which, in your opinion, produces the best pork — a hedge-hog or a guinea-pig?"

"I guess," he said at last, "you been listenin' to some of them town farmers down to the live stock show at the exhibition—haint you?" "Oh, no," said the reporter. "I have been thinking about it for some time you know I have a notion of taking up farming myself. I really think I could make a success of it."

LOCAL NEWS
ST. JOHN REPRESENTED.
A meeting of the council of the New Brunswick Temperance Alliance is being held today in Fredericton. Rev. Thomas Marshall and J. Willard Smith are in attendance from the city.

BURIED TODAY.
The funeral of Samuel J. Smith was held this afternoon from his late residence, 141 King street, at Trinity church, where service was conducted by Rev. Canon R. A. Armstrong. Interment was in the Church of England burying ground.

RENEWING ACQUAINTANCES.
W. R. Scriven, of Halifax, once prominent in aquatics in the maritime provinces, and who officiated as starter at the Renforth races yesterday, is spending a few days in the city and is being greeted by many old friends.

LITTLE ONES DEAD.
The sympathy of friends will be extended to Mr. and Mrs. Charles Doyle of Fairville, in the death of their little son, Charles Henry, aged five months, which occurred on Sunday. Burial took place yesterday.

STILL CARRYING ON.
"I am still carrying on as a member of the government said Hon. Dr. E. A. Smith, minister of lands and mines in the New Brunswick government, who is in the city today. Regarding the reports circulated from Fredericton, Dr. Smith said that they were without foundation. He presumed that his absence from the last meeting of the local government, the first which he had missed in three years, was taken as an indication of his retirement.

WARNING TO AUTOMOBILISTS
Attention has been called to the practice of automobile owners, particularly those of motor trucks, in allowing the license tags to become obliterated by mud and dust. W. H. McQuade, provincial inspector of taxation, said yesterday that, as the law required the license numbers to be decipherable at all times, offenders would be prosecuted.

DEATH OF AN AUNT OF THE CZAR
Contrexeville, France, Sept. 7.—Grand Duchess Vladimir of Russia, aunt of the late Emperor Nicholas, is dead here, according to announcement. She was formerly Duchess of Mecklenburg.

EARTHQUAKES IN ITALY
Rome, Sept. 7.—Very marked earthquake shocks were reported this morning from points in Tuscany. Casualties had resulted, the reports stated and the authorities have sent aid.

DOMESTICS IN GREAT DEMAND IN MONTREAL

Dorchester House Besieged by Great Crowd of Ladies Looking for Servants.

Montreal, Sept. 7.—An enthusiastic reception, extempore and unofficial, perhaps, but lacking none of the demonstrativeness and enthusiasm which usually marks such functions on the arrival of popular and distinguished guests in Montreal, was accorded the twenty-three domestic servants from the British Isles who arrived here on Saturday on board one of the Atlantic liners.

The authorities of Dorchester House, who are in the habit of engaging English girls for service in Canada, under the arrangement that prospective employers here prepay the transportation of the girls, who afterwards work out their passage money, engaged twenty-three girls in this manner, and took them on arrival to the institution. Wind of their coming got abroad in the city, and Dorchester House was attacked by a palpitating army of servant-seekers.

Ladies in the latest creations of Paris and New York, in luxurious limousines and stately touring cars, besieged the institution, and refused admission at the front entrance, invaded the rear, with the result that certain sections of sedate Dorchester House resembled an old-time slave market, with three or four ladies surrounding a girl, outbidding each other for her services. Competition was so keen that the girls were finally bundled, bag and baggage, into the automobiles, and driven off, the resultant confusion being so great that the matron at the institution lost track of the servants, and is in a quandary to know where any of the twenty-three have gone, and the original employers are, for the time being, out both girls and passage money.

HEROIC WORK OF ENGINEERS SAVES SUBMARINE CREW
Worked for Six Hours Boring Hole in Undersea Craft Through Which Trapped Crew Escaped.

New York, Sept. 17.—The plight of the disabled submarine S-5, whose crew of thirty men were rescued early on Saturday after being submerged for forty-four hours, was first learned by the steamship Alanthus, which accidentally discovered the submarine off the Delaware Capes yesterday afternoon with thirty feet of her bow protruding above the water. Captain E. O. Swinson, of the steamship General George W. Goehals reported upon his arrival at Hoboken tonight. Earlier reports were that the General Goehals had located the distressed undersea vessel by means of a telephone buoy released from the submerged craft.

The crew of the submarine owe their lives, he said, to the work of Chief Engineer W. R. Grace of the General Goehals, and his assistant, R. A. Williams.

These men by the use of a small hand ratchet drill, working in turns from six p. m. till 1:30 a. m., succeeded in boring a hole in the submarine large enough for the imprisoned crew to escape. Captain Swinson said the men from the submarine revived quickly after being put aboard the Alanthus, which stood by, and were given hot supper and put to bed. Many were bleeding at the mouth and nose, their faces were swollen and their eyes bloodshot, but they still had plenty of spirit.

"All credit for the rescue belongs to Grace and McWilliams. If ever men were heroes, they were."

The submarine crew were later transferred to the battleship Ohio, and the Alanthus steamed towards Norfolk.

The General Goehals, owned by the Panama Railroad S. S. Company, was on her way from Cristobal, via Haiti, to New York, when the accident to the submarine was discovered.

POPULATION OF SOME U. S. CITIES

in sixty-seven cities having a population of 100,000 or more, so final statistics of the fourteenth census are expected to show.

The three cities with population of 1,000,000 or more—New York, Chicago and Philadelphia—have a combined population of 10,145,221, showing an increase of 1,644,247 or about 19.5 per cent, in the 10 years since 1910.

Cities having 500,000 to 1,000,000 have increased from 6 in 1910 to 9 this year. Detroit, Los Angeles, San Francisco and Buffalo having advanced into this class.

There was a net increase of two in the cities of the 250,000 to 500,000 class with a total of thirteen although six cities advanced into this classification. They are Kansas City, Missouri, Seattle, Indianapolis, Rochester, Portland, Ore., and Denver.

There are forty-two cities of from 100,000 to 250,000 this year, a net increase of eleven although seventeen have shown increases bringing them into this class. Boston has 747,923.

THE HON. DONALD MORRISON DEAD

Miss Gwendolyn Belyea to Enter Acadia - Another For Special Course in United Kingdom, to be Awarded This Fall.

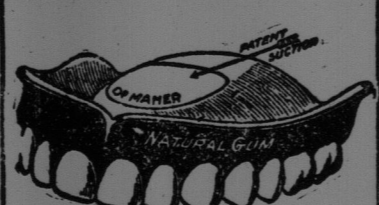

Newcastle, Sept. 6.—Hon. Donald Morrison passed away at the Miramichi hospital at 4 o'clock on Saturday afternoon.

ful business which he conducted for some years. Being a public-spirited man he soon entered the political arena and in 1903 was elected to the legislature.

In civic affairs he took a great interest and served on the first board of aldermen under the incorporation of the town of Newcastle in 1899, later holding the office of mayor for four successive terms and in that capacity giving great satisfaction.

In the passing of Hon. Mr. Morrison the Presbyterian church loses one of its most valued members. In 1877 he was married to Miss Janie Fish who, with three sons and one daughter, survive.

becomes a real pleasure, various colorings are so readily distinguishable. The other half of this new store will, for the time being, be given over to a well planned series of special sellings, it being Oak Hall's policy here to hold down prices to the very lowest possible point.

To introduce this new Hat Shop, Oak Hall is starting today at 1 o'clock a tremendous sale of their entire hat stock, such well known lines as Stetson, Borsalino, Mallory, Brock-de-Luxe and other hats being radically marked down for the balance of this week.

In the specialty section of this new store will be conducted a great unusual sale of Men's Winter Overcoats and Fall Topcoats. An offer so unique that every man should anticipate his needs by a couple of months and make a real substantial saving.

These sales start today at one o'clock and will continue all week, so that out-of-town visitors to the exhibition will have every opportunity to do some economical shopping.

Maritime Championships. Moncton, N.B., Sept. 6.—The Maritime amateur championship sports held here today were strongly contested and well attended.

OAK HALL OPENS NEW STORE ON GERMAIN ST.

Unusual Sales Inaugurated to Commemorate Opening Days.

It is only four short years ago that Oak Hall vacated this old stand at the corner of King and Germain streets and moved into their fine new building at 55, 57, 59 King street.

During the past two years they have been continually making changes in their store layout until every available inch of the 20,000 feet of floor space has been utilized to the best advantage and still more space was required, so that the result is the fine new store on Germain street with an archway cut through to connect with their King street store.

This new Germain street store with its fifty feet of window display, its wide entrance and its 2,000 feet of floor space will be a tremendous added attraction for Oak Hall.

One half of this new store will be devoted to a new Hat Shop for men, which has entirely outgrown its old space in the King street store.

New hat wardrobes have been added, more mirrors have been placed about and the daylight is so plentiful that selecting a hat in this new shop

The Evening Times and Star

ST. JOHN, N. B., SEPTEMBER 7, 1920.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

The Times has the largest circulation in the Maritime Provinces. Special Advertising Representatives—NEW YORK, Frank R. Northrup, 303 Fifth Ave., Chicago, E. J. Powers, Managers, Association Bldg., The Audit Bureau of Circulation audits the circulation of The Evening Times.

A GREAT EXHIBITION.

The exhibition of 1920, while some of its features may have been surpassed at former fairs, is yet, in variety, extent and human interest, far and away superior to any previously held in this city. This was the view expressed by the older citizens yesterday, and it was justified by the fair itself. There was more to see, more to arrest attention, more to excite admiration, more to entertain and amuse. The very delightful weather of yesterday ensured a good attendance, but nobody anticipated a crowd that surpassed all records, and which even seemed reluctant to disperse at the closing hour.

As the days pass the features of the fair which are of the most educational value will attract more and more attention, and surpassing all others in interest for thoughtful people is the Child Welfare Department. Hon. Dr. Roberts was personally congratulated by a great many citizens yesterday, and the eager questions asked by visitors of attendants at the various booths showed how strong was the appeal to the interest of the people, and especially of parents. No citizen should hesitate for a moment about going to the exhibition. Not to inspect its varied features would be to miss a valuable opportunity. Not least important is the fact that no former fair made quite so strong an appeal to the children. Many hundreds of them shared the pleasures of the model playground yesterday, as well as of the other features dear to the heart of childhood.

THE CORRECT VIEW.

Leut. Gov. Pugsley is not one of those who entertain gloomy views in regard to the future of the port of St. John. He would have little sympathy with any who would argue that the citizens must make a desperate throw lest the port should be wiped off the map. He rejoiced in his hearers at the opening of the exhibition on Saturday that federal governments have expended nearly eight million dollars in development work in St. John harbor, thus recognizing in the strongest manner the national character of the work. That money was expended because the country realized that to be commercially independent of its great neighbor it must develop its own ports; and of these there are only two on the Atlantic coast in the winter season—St. John and Halifax. What the government began to do here it must continue to do, and for the same reason. Geography does not change, so far as Canada and the United States are concerned. The ports of St. John and Halifax must be developed to take care of Canada's Atlantic trade in winter.

Leut. Gov. Pugsley pointed out that it was decreed in the case of the Grand Trunk Pacific that all traffic not otherwise routed must go through Canadian channels, and that in the case of the Canadian Northern it must use Canadian ports. The country now owns both these lines, and has in addition its own large and rapidly growing fleet of steamships. The ports of St. John and Halifax must be equipped for the traffic of these as well as of the Canadian Pacific. No government dare refuse, for the public sentiment of the country demands the commercial independence which can only be secured in this way.

There was no talk of the necessity of harbor commission while these nearly eight millions of dollars were being expended, and there is no need of it now on the lines laid down in the acts, which would take the harbor away from the people without any guarantee that the needed development would be proceeded with as fast as needed. There has already been too much delay. The government, though knowing perfectly well that eventually it must move in the matter, has sought to drive too hard a bargain, and has delayed work more than two years ago. Harbor commission would not make it work any faster or spend a dollar more than public sentiment compels it to do. The appeal must be to that public sentiment if we are to get prompt results. A government can only delay and cannot prevent the development of the ports of St. John and Halifax. The trade and the needs of the country at large are the assurance of ultimate development, and there is no more need of harbor commission for St. John

than for Halifax. We may be sure the sister city would promptly reject any such proposal as St. John, for some reason not yet made fully clear, is asked to adopt. No sacrifice of the city's interests is at all necessary.

PROGRESSIVE ADMINISTRATION.

When the last exhibition was held in St. John Hon. W. E. Foster was a director of the Association, but he was not premier of the province. At the opening of the fair on Saturday he was able to speak as premier and tell of notable things accomplished by his government. He touched upon only a few of them, but even if he had referred only to the development of water powers it would have been enough to show that progress is the watchword of the administration. It is not easy to exaggerate what this development will mean to New Brunswick, and the premier's announcement that it will not be very many months before power is turned on at Musquash is hailed with the greatest satisfaction by St. John people. Apart from the developments at Musquash, Lepreau, the Nepisiquit and Shogomoc, there is the further assurance referred to by Hon. Mr. Tweeddale that the present owners of Grand Falls property must get busy or get out.

Premier Foster also alluded to the crown lands policy of the government, and re-affirmed the policy of conservation which it inaugurated, and which has been of such enormous benefit to the province. A very significant and welcome reference was that to the oil shale of New Brunswick, indicating as it does that the government sees in their development a great opportunity to increase the wealth of the province, and feels that the people would endorse constructive action to bring about that result at an early date.

In his review of the progress made in agriculture, Hon. Mr. Tweeddale was able to say that New Brunswick led all the provinces in stock improvement in the war period. The rapid growth in the sheep-raising industry in the last two or three years has been most gratifying, but the minister observes that where thousands of lambs are shipped there should be thousands more, and he sees a bright future for the industry. The revival of wheat raising on a larger scale and the construction of modern wheat mills were another result of the war-time demand for increased production. The minister also referred to the government policy of land improvement by the distribution of lime at the lowest possible cost for fertilizing purposes. He might have said much more, had time permitted, concerning the progressive policy of his department.

Hon. Dr. Roberts spoke briefly, but the most talked-of feature of the whole fair is the Child-Welfare Department, planned and developed by him, with the valuable assistance of the Red Cross and the various associations affiliated with the Women's Council. Moreover, his hearers could recall that at the time of the public health exhibition there was no minister of health for New Brunswick, nor any public health administration of a provincial character worthy of the name. Had other members of the government been there they could have told of remarkable improvement in the highways of the province, the adoption of a policy of real conservation of the crown lands, and better methods of provincial finance. In nothing has the province been more fortunate since the last exhibition year than in his choice of men to administer its public affairs.

The exhibition is in full swing. Yesterday the weather was delightful, the crowd a record one and the enjoyment universal. The directors and manager have done their work well in developing such a splendid fair after a lapse of six years.

SERPENT MOUND A PUZZLE.

Creation Near Chillicothe, Ohio, Depicts Snake 1,300 Feet Long.

(Detroit News.)

The Serpent Mound, near Chillicothe, Ohio, the strangest earthwork left by the Mound Builders, is one of the most striking and puzzling creations that is to be found in the Scioto River Valley. Over all the mound is more than 1,300 feet long, and depicts a serpent of several convolutions, jaws extended, and an oval within the grasp of the high jaws.

The groundwork is from two to four feet in height, and from three or four feet in width, and is made of earth and stones, and is so constructed that it is possible to walk upon it without any danger. The mound is situated on a high bank of the Scioto River, and is surrounded by a low wall of earth. The mound is believed to be the work of the Mound Builders, a race of people who lived in the region of the Ohio River valley about 3,000 years ago. The mound is one of the most remarkable earthworks ever discovered in North America. It is believed to be the work of the Mound Builders, a race of people who lived in the region of the Ohio River valley about 3,000 years ago. The mound is one of the most remarkable earthworks ever discovered in North America. It is believed to be the work of the Mound Builders, a race of people who lived in the region of the Ohio River valley about 3,000 years ago.

THE BAD COLD.

I find that by the summer seas one catches colds, just as at home; oh, come, my friends, and hear me sneeze, and see my whiskers flecked with foam. This climate is the brag and boast, and endless pride of quite a few; but all along the sunny coast I hear men say, "Kerwood's Ker-choo!" The pills I take are black and tan, and the poultice is a sight to see; I do not care for any man who will not come and sneeze with me. Oh, when one has a summer cold, the old world's beauties fade away; the azure sky skies seem stale and old, and do not feel a single thrill; you hardly shed a bitter weep, and take another blue black pill. My heart is filled with discontent as I sit here beside the sea; I've no respect for any gent who will not sneeze a round with me. The glands are swollen in my throat and every cough gives me a shock and I have lost the usual zest the coast with me, our statues to confound; like any brood of doom and fate, and will be till from colds I'm free; I have it in for any skater who will not sneeze a tune with me.

HARD TO KILL.

You take a club and swat a snake, and it will vain contortions make, long after it is dead; the tall will itself in knots as in defiance of the swats that smashes the evil head. But when the sunset comes, men say, the serpent quits its foolish play, and drops its bluff; and some one hangs it on a fence in the belief, devoid of sense, that such an act brings rain. And it is much the same with Boose; his sinful head we smash him lose and gloried in his fall; but still his body quivers and twirls, what harm they brew their jugs of ale and we escort them to the jail and give them fifty years; and every time I walk the street some delegate I'm sure to meet whose breath suggests awed beers. Bootleggers the allies thrive and yet the serpents not alive, our statues to confound; like any brood of doom and fate, and will be till from colds I'm free; I have it in for any skater who will not sneeze a tune with me.

CANADA—EAST AND WEST

Domestic Happenings of Other Days

LABOR DAY.

Although not an event in history in many respects, Labor Day, however, is an epoch marking day in the history of the nation. There was a time when the laborer was regarded as a slave, and he was treated as such. The laborer worked in conditions of extreme difficulty regardless of health and every comfort. Later years have brought him a great improvement and today he is no longer a chattel or a bondman but a co-partner with capital in advancing the interests of the world.

On Labor Day he celebrates his calling. It is the annual, national holiday of the man behind the wheel, the clerk in the office, the worker of every sphere of life. It is his day, set aside by Act of Parliament and respected by master and man alike.

The day indicates the dawn of a better era; a time where there shall be no clear cut, sharply drawn divisions between the front office and the shop but employer and employee together shall labor for the mutual benefit.

A few years ago Canada set aside by an official Act the first Monday in each September as Labor's holiday—the day when tribute should be paid to the man who does things and helps to keep the wheels of commerce turning steadily and satisfactorily. This is the day of the laboring man.

THE ST. JOHN RIVER.

The Province of New Brunswick is proud of its St. John River, the great stream that pours into the Bay of Fundy from the north. Its name was first recorded in June 1604 when on the 24th when a couple of small vessels entered the port of what is now the city of St. John on the day that of saint of the calendar.

On board the vessel was the great French explorer, Samuel de Champlain. We lay the mouth of the largest and deepest river we had yet seen which we named the River St. John because it was written in his diary after catching his first glimpse of the mighty stream. It drains an area of about 80,000 square miles and with them furnishes a length. It pours its waters into the Bay at St. John through a narrow rock cut where the famous reversing falls are situated. As a commercial asset the stream is invaluable as each year 125,000,000 feet of timber is brought to the sea coast by its route and there manufactured into lumber and pulp.

The banks of the river have proved a valuable source of Indian relics of all types and in existence anywhere. The towns and villages that are situated along its banks preserve in many cases the old Indian nomenclature of aborigine days. The valley, too, witnessed the troubles between the French and English before the land came into final possession of the English. It saw, too, twenty ships of the United Empire Loyalists land at its mouth after the colonies were declared independent.

U. S. DROUGHT AIDS CANADA.

Domino's Brewing Reported to Have Tripled Since Prohibition.

(N. Y. Times.) The same wind that brought prohibition to the United States brought prosperity to the brewing business in Canada, for prohibition in the United States and Central and South America are turning the Dominion for the beer once purchased according to Francis O'Keefe Kahle, head of the largest brewing establishment of Canada. Mr. Kahle, who is stopping at the Hotel Claridge, says that since the United States went dry the Canadian brewers' business has increased by leaps and bounds. "Beer manufactured in the United States was just becoming a staple product in South American countries when the Prohibition Amendment was passed," said Mr. Kahle. It was fast supplemented by the other 'hot' drinks among the working classes, and the 'employers' found that their men would cut out on beer instead of raising Cain on the stronger beverages. "Canadian breweries have fallen into this business naturally, and with such an extensive market now they are greatly extending their efforts. Just now we are pretty hard put to fill the orders contracted for, but after a few months more we will be well equipped to meet these orders. The business of brewing in Canada has increased from 300 to 400 per cent. In a great many cases the entire plants of American brewers, with their new and excellent machinery, were purchased in fact for a fraction of their value and immediately installed across the border. American beer grain and hops are being contracted for in large quantities for the Canadian brewers."

RECENT WEDDINGS
McIntyre-Prescott.

Hopewell Hill, Sept. 8.—(Special.)—A very pretty wedding event, which was attended by a large gathering of guests, and was of special interest, not only here, but throughout this and the neighboring provinces, took place on Wednesday evening at the residence of Mr. and Mrs. Isaac C. Prescott of Albert, when Miss Jane Catherine Prescott, eldest daughter of Mr. and Mrs. Prescott, was united in marriage to Willard Spurdin McIntyre, Norwich (Conn.), son of Mrs. and the late Rev. W. E. McIntyre of St. John. The ceremony, which was one of articular attractiveness, took place at 7 p. m., the Rev. L. B. Colwell, pastor of the Hopewell Baptist church, officiating. Spacious rooms were beautifully decorated; the parlor, where the ceremony took place, being most tastefully trimmed in green and white, with a handsome floral arch of ferns and snowdrops. The bride, who was given away by her father, was attired in a beautiful wedding dress of white charmeuse satin, with train and the conventional bridal veil of orange blossoms and carried a bouquet of roses and orchids. She was attended by her sister, Miss Susan Corcoran Prescott, who wore a very pretty dress of orchid charmeuse satin and carried a bouquet of orchids and roses. The Miss Frances Durand of Boston, made a most dainty and attractive flower girl and performed her part in a most becoming manner. The groom was supported by Otty McIntyre, a near relative. As the bridal party passed down the spacious stairway and entered the handsomely decorated parlor with the little flower girl dropping roses, the scene was one of particular beauty and attractiveness. Miss Eunice Currie of Wolfville, played the wedding march, accompanied by Crandall Prescott on the violin. The single ring service was used and was of deep impressiveness. After the ceremony and while the marriage roll was being signed Miss Kathleen Prescott sang very sweetly the solo, "All Mine," Crandall Prescott playing the guitar on the violin. Buffet luncheon served in the parlor and was followed by a number of toasts, which were received and responded to in brief but happy speeches. The toast to the bride was proposed by Captain R. V. O'Brien, and responded to by the groom. The toast to the maid of honor being proposed by Robert Duffy and responded to by

Tall Footed Ice Creams and Sherbets in attractive designs of Cut and Etched Glass. Also Lemonades, Water Tumblers and Pitchers. Appropriate this season of the year.

RECENT DEATHS

The death of Ellen, widow of Cornelius Kane, took place on Saturday, Sept. 4, at her residence, 77 St. James street. Mrs. Kane leaves one daughter, Mrs. Ellen Spears; four sons, Christopher J., Thomas P., Herbert C. and Joseph C., and one brother, Timothy O'Brien, all of this city. The funeral was very largely attended and was held on Monday from her late residence to the Church of St. John the Baptist. Interment was made in the new Catholic cemetery.

The many friends of Samuel J. Smith learned with regret of his death which took place at his home 141 King street on Saturday after a short illness of pneumonia. The late Mr. Smith was for years an esteemed employe of Manchester, Robertson Allison, Limited. He was a life-long member and vestryman of Trinity church and also a member of the Knights of Pythias and Independent Order of Foresters. He leaves his wife, formerly Miss Maud Godsoe; two daughters, Winnifred at home and Kathleen, graduate nurse of Worcester (Mass.), and one son, Walter, of the Bank of Montreal staff, St. John. He also leaves a sister, Mrs. F. Trueman, and one brother, William Smith, both of West St. John. His kindly nature and sympathetic disposition will be greatly missed by a large circle of friends and acquaintances. His death is a loss to the community at large. The funeral will be held this afternoon at Trinity church with service at 2.30 o'clock.

The death took place on Sunday at her late residence, 112 Rothesay avenue, of Martha, wife of David A. Ramsay, president of the East End Improvement League. The late Mrs. Ramsay, although she had been suffering for several years, had been patient in her lingering illness. She is survived by her husband, and two sons, William T., Ottawa, and David A., of the Boston Post, Boston; also three sisters, Mrs. H. Flanders, of Amesbury; Mrs. R. McKinley, of Cambridge (Mass.) and Mrs. George Saunders of this city. The funeral will take place from St. Mary's church on Wednesday afternoon at 3 o'clock and the service will be held at 2.30 at her late residence.

Herbert McColgan, formerly of this city, died yesterday morning at the home of his parents, Joseph and Mary McColgan, Chapel Grove. He had been ill several weeks. He was about thirty years of age and is survived by a wife and two children. He was employed at one time by Stetson, Cutler & Company.

Mrs. Sarah Jane Price, widow of Alfred Price died at the home of her daughter Mrs. James Stevens of Millinocket, (Me.) on Aug. 30, aged eighty four years and ten months.

She is survived by seven sons, three daughters and three brothers, G. B. Price of Vancouver, (B. C.) G. G. Price of Fort Lauderdale, (Fla.) H. E. Price of Cambridge, (N. B.) R. F. Price of Springfield, (Mass.) H. J. Price, Amesbury, (Mass.) A. A. Price, Brownville, (Me.) F. W. Price Argyle, (Me.) Mrs. Saddle Hopkins, Merrimac, (Mass.) Mrs. Jane Fresse, Concord, (Mass.) Mrs. Blanche Stevens, Millinocket, William and Thomas Thorne, St. John, and Ransford Thorne, Moncton.

Mrs. Price was a never failing source of helpfulness to her family and to a large circle of friends. Interment was in the family lot in Cedarvale cemetery, Argyle.

Mrs. Thomas Barry died at her home in Victoria, B. C., on August 28, at the age of eighty-eight years. She was a native of St. John but about sixty years ago moved to Victoria. She leaves three sons, James, Albert and William, and a host of friends who will regret to hear of her death.

Head of King St. London House

PERSONAL GLIMPSES OF FAMOUS SCULPTOR

Reminiscences of Augustus St. Gaudens, Intimate Friend of Stanford White.

Cass Gilbert, of New York, contributed the following personal reminiscences of August St. Gaudens to the London Times: It seemed strange to me, as we stood in the rain under the walls of Westminster Abbey and saw the statue of Abraham Lincoln unveiled, to remember the days with August St. Gaudens when this masterpiece of sculpture was taking shape in his mind. He little thought that he was then engaged upon a work which should not only be rated among the great artistic triumphs of his time, but one which should eventually stand in London as a symbol of American friendship for Great Britain.

Meeting with the Indians. It was one day in the early Autumn of 1889 that I was surprised to receive a telegram from White, dated somewhere on the Pacific Coast, asking me to meet him at Helena, Mont., 1200 miles west of St. Paul, where I was then living. Reaching Helena a day in advance of the date proposed, I awaited White's arrival. The train was hours late, but when it finally came in, at two o'clock in the morning, he was instantly on the station platform with his hearty greeting and merry laugh of welcome, his tall form and quick, lithe movement making him a noticeable figure, even among these tall western plainsmen who formed the crowd at the railway station platform. As we entered the sleeping car I heard a voice say, "Is he there?" "Yes," said White, "and we are going on through without stopping." "Who is it?" "Who is it?" not recognizing the voice and not seeing the face in the dimly-lighted car.

A Pimple Remover That Never Fails

Dr. Hamilton Stands Behind His Formula. Bad blood is always responsible for pimples, blackheads and humors. Pimples, eczema and boils are the common result. I contend that to cure these ills, the liver, kidneys, and bowels must receive attention. My remedy, known as Dr. Hamilton's Pills of Mandrake and Butternut, invariably reaches the trouble. For putting life into sleepy organs, for forcing out every kind of waste and foreign matter, for making health-sustaining blood, where can you find such efficiency as in Dr. Hamilton's Pills? In a thousand cases I have demonstrated that Dr. Hamilton's Pills cure facial blemishes and skin diseases. I look upon these pills as the best blood purifier and system builder of the age, and guarantee they will cure every complaint having its origin in a weak or debilitated blood supply. If Dr. Hamilton's Pills will not cure that tired, run-down condition, if they will not change a life of force into energy and vim, then nothing will. By creating an abundant supply of rich, nourishing blood they maintain that standard of health so much desired by those participating in the strenuous life we live today. Get Dr. Hamilton's Pills and prove their merit today, 25c per box.

ECZEMA IN RASH CUTICURA HEALS

Very Itchy and Burned. Troubled Six Weeks.

"Our daughter's face came out in a rash that we were told was eczema. Her cheeks got sore and she rubbed causing loss of sleep. The breaking out was very itchy and burned so that I had to keep her from scratching. This trouble lasted about six weeks before I used Cuticura. I used one large box of Cuticura Ointment with two cakes of Cuticura Soap when she was healed." (Signed) Mrs. E. Stares, Eilenheim Rd., Galt, Ont. Cuticura Soap, Ointment and Tablets are ideal for daily toilet uses. Soap 25c, Ointment 25c and 50c. Sold throughout the Dominion. Canadian Depot: Lyman, Limited, St. Paul St., Montreal. Cuticura Soap always without trace.

"It's St. Gaudens; he is going on East with us," answered White. "Let's turn in and we will breakfast together in the morning."

A Charming Companion. It is a long way from the Rocky Mountains to the Mississippi Valley, and for three days we were constantly together. I had known St. Gaudens for several years; in fact, had worked upon the drawings for the pedestals of several of his statues, and I knew what a charming companion he could be. Vast forest fires in the mountains filled the air with smoke, and for hundreds of miles of the journey it was only occasionally that we could see more than a few hundred yards from the train. St. Gaudens was disappointed that we could not see the mountains by which we were passing, nor get a real view of that curious region known as the Bad Lands of North Dakota, and sometimes he seemed more than usually absorbed in deep thought, gazing intently out toward the veiled country. When a band of several hundred Sioux Indians in full savage regalia came aboard the train somewhere in the Yellowstone Valley, on their way to their agency station at Fort Keogh, St. Gaudens was soon found keenly studying them. Their superb physical appearance, hardy, strong faces and barbaric costumes excited his intense interest as long as they remained on the train; but when they were gone he again became deeply absorbed in thought, as though mentally recording the impressions he had received. How Lincoln Figure Grew. I urged him to break his journey eastward by a few days' stop in Yankton, but he declined, and then he told me in strict confidence that he was hurrying on to Chicago to close a contract with the committee there for a statue of Lincoln which should, he hoped, be the greatest work that had come to him. He said that he was "slutly absorbed in the thought of it, that he could think of nothing else, and that his journey from New York across the continent and back had given him a volume of impressions. He had never before realized the vastness and extent of the country, he had never before seen the western men among whom Lincoln had passed his youth and early manhood, and he was looking forward to the work with a sense of great responsibility. His Own Severest Critic. In the circumstances I did not press the invitation, and he hurried on to Chicago. Years afterward, when we were in Paris together, he recalled the journey and how his hopes had been centered on the work, first as a great artistic opportunity, but also how he had thought that the liberality of the committee was such that all financial problems would be behind him; but, alas! whatever the artistic success, the work had left him poorer in purse than when he undertook it. St. Gaudens was never satisfied with his own work. His passion for perfect-

Abbey's EFFERVESCENT SALT. First Thing in the Morning. The man who smiles before breakfast is the man glowing with health and vitality—who has enjoyed a good night's sleep—and is ready for something good to eat. He takes a morning glass of Abbey's Salt to keep his stomach sweet, his bowels regular, his kidneys clear, his blood pure and cool. He likes Abbey's Salt because it is so invigorating and refreshing. Try it yourself.

FIRE DESTROYS BUILDING AT FREDERICTON. Fredericton, Sept. 6—A wooden building at old government house which at one time did duty as a carriage house and carpenter shop was completely destroyed by fire Sunday evening. An alarm was rung in just as the churches were dismissing and a large crowd was attracted to the scene. Fortunately there was no spreading to the large barn and vocational building adjoining. Four twelve-pound guns used for firing salutes at the opening of the legislature were stored in the building but were taken out without much damage. The building, which is valued at about \$1,000 is a total loss. Beautiful autumn weather prevailed here today and the holiday was thoroughly enjoyed. Hundreds of people spent the day in St. John attending the exhibition and those who returned expressed themselves as being greatly pleased with the show. The labor council held a very successful festival in the Barrack's Square this afternoon. Brosseau Knocked Out. Montreal, Sept. 6—In a ten round scheduled bout in the Monument Nationale here tonight, Eugene Brosseau, Canadian champion, was knocked out by Jack Bloomfield in the seventh round.

Commercial Training. Commands High Salaries. There is steady demand for our graduates in Bookkeeping, Shortland, and Telegraphy in which we furnish highly modern course by the best teachers procurable. For full particulars apply to Miss Johnson's Business College, 102 Prince William St.

SAPHO. Use Sapho Powder against Flies, Mosquitoes, Roaches, etc. Use Sapho Liquid for Moths—For sale every where. THE KENNEDY MFG. CO. Montreal.

THE JOY OF MOTHERHOOD. Came to this Woman after Taking Lydia E. Pinkham's Vegetable Compound to Restore Her Health.

Ellensburg, Wash.—"After I was married I was not well for a long time and a good deal of the time was unable to go about. Our greatest desire was to have a child in our home and one day my husband came back from town with a bottle of Lydia E. Pinkham's Vegetable Compound and wanted me to try it. It brought relief from my troubles. I improved in health so I could do my housework; we now have a little one, all of which I owe to Lydia E. Pinkham's Vegetable Compound."—Mrs. O. S. Johnson, R. No. 3, Ellensburg, Wash. There are women everywhere who long for children in their homes yet are denied this happiness on account of some functional disorder which in most cases would readily yield to Lydia E. Pinkham's Vegetable Compound. Such women should not give up hope until they have given this wonderful medicine a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 40 years experience is at your service.

You Have Heard of the Sonora. THE INSTRUMENT OF QUALITY. CLEAR AS A BELL. This is Your Chance To Hear It. At the St. John Show Room. Make a mental note of this—for you will wish to see this magnificent exhibit of Sonora Phonographs including Period Models, you will wish to hear the golden tone, clear as a bell, which has made this exquisite instrument the invariable choice of the musician. "It gives one a new idea of a phonograph," said a visitor, who had listened critically to a reproduction of a favorite record by the Sonora "Suprem". "Heretofore," he continued, "I have always associated a harsh metallic tone with all phonographs. The Sonora, with its purity and richness of tone, has taught me how desirable a phonograph can be." Hear the "Highest Class Talking Machine in the World". The artistic cabinets of the Sonora phonograph are as substantially and carefully constructed as if this were not an era of costly material and high-priced labor. Examine the cabinets carefully. Note the thickness of the fine wood employed. The Sonora maintains its high standard of quality throughout. You pay no Luxury Tax on a Sonora. I. MONTAGNES & COMPANY. Third Floor, Ryrie Building, Toronto. Distributors of the Sonora and the Magnavox. SOLD IN ST. JOHN BY THE PHONOGRAPH SALON, 25 KING SQUARE. THE INSTRUMENT OF QUALITY. Sonora. CLEAR AS A BELL.

Craftsman Fabrikoid The Choice of this Furniture Maker. "The cheap split leather ought to be entirely eliminated in upholstering furniture," says S. Karpen, a leading furniture manufacturer in the States. CAST aside the cow. There are many things in which man can improve over nature, and one is the making of a covering for furniture. Mr. Karpen learned this from experience in the line in which he is a specialist. For upholstery Fabrikoid looks better, is more sanitary, and, above all, does not deteriorate or absorb water or grease. The life of Fabrikoid is practically interminable—it outlasts the furniture itself in many cases. This is proof of its economy. The best you can get in leather upholstery is most likely "split" leather—uneven in thickness, irregular in texture, full of soft spongy spots, or hard brittle ones that crack. Craftsman Fabrikoid is pliable, even, richly colored, dyed if you wish, and without waste. When buying new furniture, or having the old recovered, insist on Craftsman Fabrikoid. Your dealer can supply it, and the appearance and the saving will surprise you. Our free booklet "Fabrikoid in the Home" will give you a few hints about many things that can be done about the home with Fabrikoid. Write today for a copy. Canadian Fabrikoid Limited. Head Office, Montreal. Halifax Toronto Sudbury Winnipeg Vancouver. Most of the motor cars in Canada today are upholstered or topped with Fabrikoid.

Today at One o'clock Marks the Opening of
OUR FINE NEW STORE
 On Germain Street
 With Direct Connections to Our King Street Store

The Carpenters, Painters, Electricians have all done their part—we are now ready to take over this fine new store. with its big floor space, its large display windows and an abundance of daylight.

To commemorate this great occasion in a fitting way, we start off today with three great sales of a very unusual nature.

A Sale Unusual of Men's Winter Overcoats

Yes! Of course it's an unusual time to place winter overcoats on sale, but then this is an unusual opportunity we have to offer.

Winter Overcoats for the coming season are actually 20 p.c. to 30 p.c. higher than they were last season.

Last year many of our winter overcoats were very late in arriving—over five hundred coats were received in the month of February, after the season's business was over.

We knew then that overcoats would be greatly advanced in price for this season, and so decided to hold these late shipments for just such a sale as this.

The Regular Prices quoted below are what these overcoats would have been marked had they arrived in time for last season's selling—so that the savings shown by these comparative prices are really much less than the true saving as compared with prices this season when the new winter stocks are opened up.

The prices are:	
\$30 Winter Overcoats	\$24.65
35 Winter Overcoats	28.95
40 Winter Overcoats	34.60
50 Winter Overcoats	42.95
60 Winter Overcoats	53.10

And many other Prices, too.
 MELTONS—Fancy Brushed Wools, Scotch Tweeds and others.

STYLES—Usters, Belters, Silp-ons, Form-Fitting, Chesterfields and Young Men's Ulsterettes.

Anticipate your winter overcoat buying by a couple of months and make a substantial saving of \$10 to \$25 on the new season prices.

Sale Starts Today at One O'clock and Will Continue All This Week.

Our Extensive Stock of FALL TOPCOATS
 Radically Reduced
 During This Exhibition Week

Just at the beginning of the Fall Topcoat season this opportunity comes to you to procure your new one at a much lower price than usual.

\$25 Fall Topcoats	\$21.60
30 Fall Topcoats	24.98
35 Fall Topcoats	29.65
40 Fall Topcoats	34.90
45 Fall Topcoats	39.85
50 Fall Topcoats	43.85

These Prices Will Continue All Through Exhibition Week.
 Sales Conducted in Our New Store With Separate Entrance on Germain Street.

A New Hat Shop FOR MEN

Our Men's Hat business has greatly outgrown the floor space it has been occupying on the Street Floor and now that this fine new store on Germain street is ready, one-half of the floor space will be given up to a new up-to-the-minute Hat Shop, making without doubt the finest exclusive men's Hat Shop in Eastern Canada.

New revolving hat wardrobes have been added, mirrors are plentiful, but most important of all is the abundance of daylight, permitting one to distinguish at a glance the slightest variation in the shadings of the hats.

Our new fall stocks are now complete making a very extensive showing of the best makes obtainable.

To introduce to our patrons this new stock in its new home, we will conduct all this week

Starting Today at One O'clock
A Tremendous Inauguration Hat Sale

Offering at the following Reduced Prices our entire fall stock of Hats and Caps.

BROCK-DE-LUXE—Canada's best—

Churches Pay Tribute To Dignity of Labor

Special Sermons on Timely Topic Delivered on Sunday—Sunday Schools Returning to Winter Schedule.

As Sunday was the day before the Labor Day bank holiday, Labor, and kindred subjects were made the themes of special addresses by several of the clergymen. Rev. Moorehead Legate, preaching in Knox church on Sunday evening took for the subject of his labor day sermon, "Is Work a Blessing or a Curse?" and Rev. F. H. Bone of Central Baptist church dwelt upon the dignity of labor in his morning address.

would tend to harmony in spirit of the various elements of national life that might make for discord. He said the British Empire looked to Canada to maintain peaceful relations between the Empire and the United States and to that end Canadians must so regulate the national life that all friction in industrial, political, religious and social life should be reduced to a minimum.

ST. JOHN-ALBERT BY-ELECTION TO BE CONTESTED

Dr. A. F. Emery Nominated to Oppose Hon. R. W. Wigmor — The Formal Proceedings Yesterday.

Dr. A. F. Emery was nominated yesterday to oppose Hon. R. W. Wigmor in the by-election on September 20 in St. John-Albert to fill the vacancy created by Mr. Wigmor's acceptance of the customs portfolio in the Meighen government.

opening of an advanced poll. One advanced poll will be opened in St. John and one in Fairville, each being open for three days previous to polling day, Thursday, Friday and Saturday, Sept. 16, 17 and 18. To be permitted to vote at these advanced polls the voter must make affidavit before Judge Armstrong in the city of St. John, or the registrar in Fairville, to the effect that circumstances make his or her attendance at the polls on the appointed polling day impossible.

CELEBRATION OF LABOR DAY IN BORDER TOWNS

Grand Parade With Three Bands and Attractive Floats — Street Sports and Baseball Games.

St. Stephen, Sept. 6.—Labor organizations have owned the community today and everything has broken favorably for the observance of Labor Day. The unions at Woodland have held monopoly of the great day for several years as that was the home of all labor organizations on the river, but this spring the workers in the cotton mill at Milltown effected an organization of a textile union with a large membership and carpenter and mason unions had been established here and all combined with the Milltown union in the celebration.

Strength Will Return To Weak People Using This Treatment

You are discouraged. You feel old and worn. You are sick, but not aware of the fact. You can drag yourself around—but work is impossible. With your stomach crying out for assistance and the nerves all on edge why not try Ferrazone?—It will surely do you good.

To the People of Canada

THERE are many things which you need not buy unless you choose. But footwear is not among them. You must have shoes. From the standpoint of your health, as well as for comfort and appearance, good shoes are a necessity. And that fact alone places upon the manufacturer of shoes a responsibility which he must at all times appreciate.

The fact that we have built up an industry of such magnitude is the best evidence that we do appreciate this responsibility. One may think that our responsibility ends when we have produced footwear of honest value and sincere workmanship, and have placed it on the shelf of the retail store where it is accessible to you. That is one essential service which our industry is called upon to render.

Good shoes are of such daily importance that we ought to make public certain facts and conditions which govern the quality of the product we make, and the value which you receive for your money. We ought to point out clearly, the part which you exercise, in establishing those conditions. We should urge upon you, your own responsibility in the matter, and show you just how you can help to maintain the quality of the footwear which we offer you.

But we cannot dismiss our responsibility quite so easily. We believe that we should do more than that.

This is the first advertisement of a series which will be devoted to that purpose.

Canada produces footwear of every desirable type, and of standard quality in all grades. When you buy Made in Canada Footwear you are assured, at fair prices always, of the utmost that modern skill can produce in Comfort, Service and Style.

SHOE MANUFACTURERS ASSOCIATION OF CANADA

LAUNCHING OF THE CANADIAN MARINER

Halifax, Sept. 6.—Exactly on schedule time, 11.30 a.m. the splendid ship Canadian Mariner was launched at the Halifax Shipyards on Saturday. The beautiful weather and the interest in the occasion attracted a tremendous crowd, which lined Barrington street for a quarter of a mile and thronged the Shipyards.

Advertisement for Nuxated Iron with image of the product bottle and text: 'Used by 4,000,000 People Annually', 'Prepared with Predigested Organic Iron - Easily Assimilated by the Blood', 'For Red Blood, Health and Strength'.

LOSES RIGHT ARM IN ACCIDENT IN THE TRURO YARD

Truro, N. S., Sept. 6.—James Slack, a railway man about twenty-four years old, whose home is at Londonderry, had his right arm cut off near the shoulder at 9 o'clock last evening when he fell from the top of a moving box car. He was walking along the top of the car with a lantern when the accident occurred. He will probably recover.

WILL BE LAUNCHED FOR SECOND TIME

Hopewell Hill, Sept. 6.—Work of repairing the schooner Marjory Austin, at Harvey Bank is progressing well and it is hoped to have the craft take her second launching in a month or so. Planning will be finished in a few days, and the riggers are on hand to begin their work. The Austin was launched at Harvey Bank two years ago, and was wrecked on her maiden voyage. The hull was badly damaged amidships and all spars and rigging were carried away, but with the work that has been done on her this summer and newly sparred, she is expected to be a pretty good vessel when she again takes the water.

FUNERALS

The funeral of Mrs. Mary Fitzgerald took place yesterday morning at 8.45 o'clock from 49 North street to the cathedral for high mass of requiem. Rev. Father Ramadge was the celebrant; Rev. Father Allen, the deacon; Rev. Father Landry, the sub-deacon, and Rev. William Dule, the master of ceremonies. Father Ramadge gave the final absolution. Interment was made in the new Catholic cemetery.

GEE, BUT IT'S GOOD FOR A BAD COLD

Nothing Can Touch Catarrhose in Curing Quickly. You may dislike taking medicine—but coughs are best cured without medicine. The modern treatment is 'Catarrhose'—it isn't a drug—it's a healing vapor full of pine essences and healing balsams. It spreads over the surface that are weak and sore from coughing. Every spot that is congested is healed—Irritation is soothed away, phlegm and secretions are cleaned out, and all symptoms of cold and catarrh are cured. Nothing so quick, nothing so sure, so pleasant as Catarrhose. Beware of dangerous substitutes meant to deceive you for genuine Catarrhose. Large size which lasts two months, price \$1.00; small size 60c; sample size 25c, at all dealers.

NOMINATIONS IN COLCHESTER, N. S.

Truro, N. S., Sept. 6.—Hon. F. B. McCurdy and Captain Hugh Dixon were nominated here today to contest Colchester county at the coming election as representatives of the Conservative and Labor parties, respectively. The Conservatives held a largely attended nomination meeting in the Princess Theatre tonight at which the principal speakers were Hon. F. B. McCurdy, Hon. G. D. Robertson, minister of Labor, and Dr. Edwards, M.P., for Frontenac.

FERRY SERVICE WAS INTERRUPTED

The ferryboat Governor Carleton is off the service and is undergoing repairs, a faulty shaft having caused difficulty in steering on Saturday. For about an hour in the early part of Saturday afternoon the ferry service was suspended, as it was necessary to take the Governor Carleton off and get the Ludlow ready to go on the service until the trouble could be fixed. No accident occurred, due to the defective steering as, when it was seen that the trouble was not one that could be remedied off-hand, the Governor Carleton was taken to the west side and tied up there. The regular service was resumed shortly after 2.30 o'clock in the afternoon and the Ludlow will carry on until repairs are completed to the Governor Carleton. It is expected that she will not be out of commission for very long.

QUIT TOBACCO

So easy to do Cigar, or Cigarette

No-To-Bac has helped thousands break the costly, nerve-shattering tobacco habit. Whenever you have longed for a smoke or chew, just plug a harmless No-To-Bac tablet in your mouth instead. All desire stops. Shortly the habit is completely broken, and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question. No-To-Bac is made by the owners of Cascarets; therefore is thoroughly reliable. (Toilet Helps.) You can keep your arms, neck or face free from hair or fuzz by the occasional use of plain delatone and using it you need have no fear of marring or injuring the skin. A thick paste is made by mixing some of the powdered delatone with water. Then spread on the hairs and after 2 or three minutes rub off, wash the skin and all traces of hair have vanished. Be careful, however, to get real delatone.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, SEPTEMBER 7, 1920

HOLIDAY IS ENJOYED IN DIVERS WAYS

City Crowded With Visitors and Many Attend Suburban Attractions.

The splendid weather of Saturday and Sunday continued yesterday and induced every person in St. John who could possibly do so to take another day off and enjoy the many attractions in and near the city. Hundreds of strangers came to town by railroad, steamer and motor to see the exhibition, and many others attended the horse races at Moscow, the rowing races at Renforth, the baseball games, the swimming events and other attractions, including the theatres. The children in particular thoroughly enjoyed the beautifully balmy day, most of juvenils St. John remaining out of doors from early morning until dark, except a meal time. The railroads were patronized almost to the limit, and automobiles not engaged were difficult to find. Several motor parties came in from out-of-town and places beyond. The hotel accommodation was taken up early and cant beds were not to be had after certain hour in several public houses. The flight of an aeroplane over the attraction grounds was one of the attractions which could be seen from all parts of the city and was a good drawing card the big show.

Westfield. The Westfield Country Club observed holiday yesterday by a series of tennis tournaments, followed by a golf tournament held, was for the club championship and the silver was won by Frank L. Peters, with D. McAvity as runner up. In the mixed foursome was played, but match, the first prize was won by B. Coster and Mrs. P. D. McAvity, second, by C. L. Turpey and T. C. English. In the tennis tournament he afternoon, the first prize was won Miss Helen Jack and George Harley, second, by Miss Marion Sorrell and T. Creighton. During the dance held the evening the prize were presented the different winners by the president, accepting the silver cup for the championship, F. L. Peters presented a cup for the ladies championship next year. All of the matches were interesting and were watched by many of the club members. It was said to be the best day in the history of the club and from such a

ST. PETER'S TAKES THREE OUT OF 4

In four games with the fast Crescents of Halifax, the St. Peter's baseball team took three, thus establishing their superiority over Nova Scotia's premier baseball aggregation. Two games were played on Saturday and two yesterday. The game Saturday afternoon was won by the Halifax team after eleven innings had been fought out by a score of 7 to 3 and was the only game dropped by the locals. Campagna, the Crescents star twirler, was on the mound and was only touched for five hits while the visitors got ten of the delivery of Corvee. The Crescents scored one run in the first frame. Kelly walked but was caught stealing. Phelan got a life on O'Regan's error. McLellan singled, but was caught off first as Phelan went to third. Campagna singled through the box, scoring Phelan. Hat fanned. The game then developed into a pitchers' contest, the visiting pitcher being helped out of tight places by double plays by his team mates in the third and fifth innings. There was no further scoring until the seventh when the Crescents got another tally. Whelan walked, Conrod fanned, Levy was safe on error and the bases were full when Ferguson laid down a nice hit. Kelly forced Whelan at the plate, but Corvee, by walking Phelan, forced in a run. McLellan flied out to Milan, retiring the side. In their half the Saints opened up and got two tallies. With one down O'Regan got a life on Phelan's bad throw. He stole and went to third on Callaghan's

32 GLASSES - 35 CENTS

Winnipeg Building.

Winnipeg, Man., Sept. 7.—The Clarendon office block, which has occupied for many years one of the most valuable business corners in Portage avenue, has been torn down and is being replaced by a modern business block. The famous semi-circular 100-foot bar has made way for a drug store's 60-foot soda counter.

FRIENDS' ADVICE MADE MAN OF HIM SAYS NOEL

Was About All in When They Urged Him to Take Tanlac — Feels Like Old Time Self Now.

"Yes sir, I'm only too glad to tell you what I think about Tanlac. This is the fourth bottle I have bought, and if it wasn't doing me good I wouldn't be wasting my time on it."
The above statement was made recently by Charles Noel, of 31 Meadow street, St. John (N. B.). Mr. Noel, who was three years in France with the Fifth Canadian Siege Battery and saw considerable fighting, is now in the employ of the Canadian National Railway.
"When I returned from overseas, my digestion was so upset I couldn't eat a thing scarcely without suffering the worst kind of distress and pain afterwards. After every meal I had a heavy feeling like I had swallowed a lump of lead, and my food would sour and blast me up till I was in perfect misery and the pains in the pit of my stomach were awful. I also had such pains in the back I could hardly get around and could sleep so little on this account I often

"Yes sir, I'm only too glad to tell you what I think about Tanlac. This is the fourth bottle I have bought, and if it wasn't doing me good I wouldn't be wasting my time on it."
The above statement was made recently by Charles Noel, of 31 Meadow street, St. John (N. B.). Mr. Noel, who was three years in France with the Fifth Canadian Siege Battery and saw considerable fighting, is now in the employ of the Canadian National Railway.
"When I returned from overseas, my digestion was so upset I couldn't eat a thing scarcely without suffering the worst kind of distress and pain afterwards. After every meal I had a heavy feeling like I had swallowed a lump of lead, and my food would sour and blast me up till I was in perfect misery and the pains in the pit of my stomach were awful. I also had such pains in the back I could hardly get around and could sleep so little on this account I often

You Can Scarcely Believe Your Eyes

That such altogether charming hats can be sold at such moderate prices as we are selling them at this week. The materials are so fine and silky. The rich colorings—the carefully done silver or gold embroidery, the perky feathers—the gleaming pins and ornaments.

All these bespeak hats costing dollars more than what we have them on sale at this week. Hadn't you better see these tomorrow? For you will save money by buying here.

LOCAL NEWS

PROBATE COURT.
In the matter of the estate of Mary Jane Doney Jones, late of Montreal, wife of the late Hon. Thomas R. Jones, letters testamentary have been granted to Dr. J. Roy Campbell, K. C., C. C. Thomson of Montreal, as executor. Among the legacies in the will was one of \$100 to St. Paul's church here. The real estate owned is estimated at \$1,840, R. A. Davidson was proctor.

NURSE VERY ILL.
Many friends here will be sorry to learn that Nursing Sister Margaret Woods, niece of Post Office Inspector Woods is seriously ill in a military hospital in Esquimault, Victoria, B. C. Word to this effect was received by her sister, Mrs. McKinney, wife of James McKinney, of the staff of appraisers in the Customs House, and has caused much distress among relatives and friends. Miss Woods made a notable record in her service with No. 3 Hospital, Boulogne, for nearly two years. After that she served in several casualty clearing stations near the front. She was one of those chosen to accompany the Canadian troops in their victorious march into Bonn, Germany, when the war was won. Some little time ago she underwent an operation for appendicitis in a hospital in St. Anne Bellevue, but had quite recovered. She was then asked to go to Esquimault to take charge of the operating room in the military hospital. Good news will be anxiously awaited by relatives and friends.

SEPTEMBER BRIDES

A wedding of interest took place in St. Peter's church this morning when Rev. James Woods, C.S.S.R., who was celebrant at nuptial mass, united in marriage Miss Helen Beatrice Dalton, daughter of Mr. and the late William J. Dalton, and Augustus Joseph Kinsella, son of Mr. and Mrs. A. Kinsella, 105 Paradise row. The bride, who was given away by her brother, Dr. James Dalton, wore a becoming traveling suit of navy blue with lynx fur, with a picture hat to match and carried a bouquet of roses. She was attended by Miss Holland of St. Martins, who was costumed in a suit of broadcloth with fur trimmings and carried a bouquet of carnations. The groom was supported by his brother, John Kinsella. Following the ceremony a dainty wedding breakfast was served at the home of the bride's mother in Main street, after which Mr. and Mrs. Kinsella left for a honeymoon trip to Boston and New York. Returning they will reside at 809 Main street. They were the recipients of a large number of beautiful presents.

Long - Haslett.
Many friends will read with pleasure of the marriage of Miss Sadie M., daughter of Mr. and Mrs. Wm. J. Haslett of Whitehead, Kings Co., to Percy Long of Moncton, formerly of Milkish, Kings Co. The marriage took place in St. Paul's Anglican Church, Whitehead, at 4 o'clock on Monday afternoon, Sept. 6. Rev. Henry Waterton, rector of Kingston officiating. They were attended by Mrs. Waterton presiding at the organ and Joseph W. Long and Ernest H. Haslett acted as ushers. The church was beautifully decorated by friends for the occasion.

The bride, who was given away by her father, wore a beautiful gown of white satin and georgette and carried a bouquet of cream roses.

Following the ceremony a reception was held at the home of the bride and a dainty luncheon was served. The bride and bridesmaids were the recipients of many beautiful presents. The groom's present to the bride was a cape stole of taupe Canadian wool.

Mr. and Mrs. Long, after a short honeymoon to Halifax and other Nova Scotia towns, will reside in Moncton where the groom is employed.

Cosman - Shea.
A pretty wedding took place in the Cathedral of the Immaculate Conception this morning at 6:30 o'clock when Rev. W. M. Duke united in marriage with nuptial mass, Mary Gertrude, daughter of Mrs. Margaret Shea and Wesley Cosman both of this city. The bride was becomingly attired in a travelling suit of brown velvet with hat to match and wore a seal stole, the gift of the groom. The attendants were Miss Jennie Logan and Joseph E. Danaher. After the ceremony Mr. and Mrs. Cosman left on a trip through Nova Scotia and on their return they will reside in this city. Many beautiful and costly presents were received among them substantial checks from two of the bride's brothers in the west.

POLICE COURT

Bigamy Charge One of Those Before the Magistrate This Morning.

The magistrate in the police court this morning dealt with fifteen cases as a result of the activities of the police over the week-end and holiday. John Raymond was charged with non-support of his wife and children. Mrs. Raymond and Mrs. Orrilla Weatherall, 161 Erin street, in whose flat the complainant and accused had lived for a short time, gave evidence.

With a view to a satisfactory settlement the two parties to the case left court. Scott E. Morrell represented the complainant.

Peter E. Halpenny was charged with bigamy but the charge was dropped until tomorrow morning at 11 o'clock for other witnesses. J. A. Barry is appearing for the prosecution and W. M. Ryan for the defence.

Reginald Rice, charged with having liquor in his possession other than in his private dwelling, and who was arrested on the exhibition grounds yesterday, was remanded. The accused said he got the liquor on prescription as he was sick with a cold.

Frederick O'Keefe, was charged with being drunk and also having lemon extract in his possession. He was told he was liable to a fine of \$208. He was also remanded.

Two lads who were taken in for protection, were allowed to go on condition that they procure work. They were taken to the new C. P. R. bridge where they will be employed.

Nine men charged with drunkenness pleaded guilty and were remanded to jail.

NEW REGULATIONS FOR PILOTAGE AT PORT OF ST. JOHN

Matters of Charges; Age Limit and Division of the Pool-Ed Earnings.

The new regulations governing pilotage in the St. John district, recently taken over by the department of marine, are published in the last issue of the Canada Gazette. The new district includes limits to Musquash light, eight miles from Partridge Island.

The new charges are: Steamers, \$3 a foot draught, both inward and outward, with additional charge of \$2.75 a foot if pilot is required to go down the bay. Sailing vessels, \$2 a foot draught inward and \$1.50 a foot outward with additional charge of \$2 a foot if pilot has to go down the bay.

Charges for moving shall be \$5 for vessels less than 1,000 tons, over that tonnage \$10. Fees are to be paid through the collector of customs.

All pilots under seventy years of age are to be re-examined. Arrangements for examination and licensing of new pilots are outlined.

When a pilot reaches the age of sixty-five he is to be examined and if still considered competent will receive an extension of his license from year to year until he has reached the age of seventy. Otherwise his license will be cancelled.

The receipts shall be placed in what will be known as the St. John pilotage fund. An amount from this will be set aside as a superannuation fund. Seventy per cent of the balance each month will be distributed equally amongst the pilots, but no pilot shall receive a sum in any month, including the amount set aside for his superannuation greater than \$300. If at the end of the year there is a credit balance in the fund it shall be divided amongst the pilots up to \$300 a month.

The pilots are placed under the orders of the harbor master regarding the mooring and unmooring of vessels.

ANOTHER BIG DAY AT FAIR

That Was the Outlook This Morning - Kennel Show Opened Today.

From all indications today will be another record breaker at the exhibition. Despite the weather conditions this morning a large number of people visited the grounds and after viewing the magnificent displays throughout the main building went to the enclosure where the judging of cattle was in progress. Aside from judging there was no other outdoor attraction so the majority of those present spent their time going about from building to building seeing the various exhibits.

On the main grounds Duff Brien, R. R. Ness, Gordon Duncan and Neil Sangster judged the following classes of live stock—Aberdeen Angus, Ayrshires, Beef Cattle, Brown Swiss and Holsteins. Competition for honors was keen, making it a hard task for the judges to decide the winners. There were many splendid specimens of Ayrshires and Holsteins, which were greatly admired by all.

Judging of poultry was also started by John A. Clark, of Cainsville, Ont., while C. H. Vroom, of Middleton, N. S., commenced judging in the horticultural department and Harvey Mitchell, of Upper Keswick, began judging the dairy products.

Another feature was added to the exhibition this morning when the New Brunswick Kennel Club opened up for their annual show. All morning there were crowds of men, women and children and those in charge maintain that a larger or more select number of dogs were never assembled at one of these shows in the city.

Canada arrived and were registered. The various classes are well filled, among them St. Bernards, Newfoundlandis, Russian Wolfhounds, Bloodhounds, Irish Setters, Collies, Airdales, English, French and Boston bulls, Cocker Spaniels, etc.

Lieutenant-Governor and Mrs. Pugsley and Premier and Mrs. Foster will make an official inspection of the Child Welfare exhibit and the exhibits of the St. John Ambulance Association, the New Brunswick Red Cross Association, and the Tubercular Association. A guard of honor will be furnished by a troop of boy scouts and the party will be received by Mayor Schofield, representing the Exhibition Association.

The official opening of the exhibition was held last Saturday afternoon at four o'clock and up to this morning more than 25,000 people had paid admittance to the grounds.

The various attractions along the pike have been a source of much entertainment since the opening day and this morning crowds of men were busily engaged making preparations for an anticipated rush of business this afternoon and evening.

NOVELTY SHOWER.
A delightful novelty shower was tendered Miss Myra Gillespie Friday evening at the home of S. P. Spinney, 178 Charlotte street, when about forty friends assembled and made her the recipient of many valuable presents, including cut glass and silver, in honor of a happy event of the near future. The evening was spent in games and music, and refreshments were served. The party broke up a little after midnight, all wishing Miss Gillespie much future happiness.

U. S. POLITICS

Concord, N. H., Sept. 7.—The candidacy of Senator George H. Moses for re-nomination by the Republicans of New Hampshire was of outstanding interest in today's primary for United States senator, congressman and governor.

The League of Nations, suffrage and the tariff were issues in the pre-primary campaign waged by Mr. Moses and his opponent, Hurler N. Spaulding, former state food administrator.

Senator Moses was one of the irrecconcilables on the League of Nations issue when it was before the United States senate.

Reed—The All Year Round Furniture—Have You Seen It!

Have you seen the new effects in Willow, Reed and Fibre Furniture. This new line lends itself beautifully to the furnishings of any room in the home.

Within the last year Furniture of this nature has grown very popular. Every family with modern instincts has at least one room furnished in Reed, Willow or Fibre. New factories have been started to keep pace with this demand, the result of which is that suitable pieces may be had for any room in the house.

We will be glad to show you this beautiful line.

A. Ernest Everett THE HOUSE FURNISHER
91 Charlotte Street

We have decided to continue Saturday half-holiday during September. Store open Friday evenings until Ten, as usual.

EXHIBITION VISITORS

will find themselves particularly favored this year because the Annual Fur Sale of this store is in operation during the whole of the exhibition week.

Many attractive Fur Coats and Fur Pieces here to choose from and at prices that only a Fur House like this could make possible.

This sale, also being pre-seasonal means an interesting pecuniary saving just at the time when Furs will soon be needed and the Fur market showing decided upward tendencies in price.

No obligation entailed in a call—in fact we want you to feel that this is YOUR store during your visit here.

AN IMPORTANT FEATURE OF THIS FUR SALE
Is that your desired fur may be secured and reserved for you for a small cash payment. Also that credit accounts are cordially solicited during sale as usual.

Premier Foster Makes Important Announcement Re Hydro Development

TENDERS TO BE CALLED IN NEAR FUTURE FOR WORK AT MUSQUASH

Attendance at Fair for Two Days Exceeds 25,000; Yearly Show Intimated; Big Success Forecasted

An attendance during the first two days of 25,415 at the St. John exhibition exceeded the best day of 1914 the last showing by more than 9,000 and offered the best prospect for an annual event of the kind was wanted by the public of St. John and the province at large.

More than 3,000 people were in attendance at the exhibition during the opening on Saturday afternoon, when the fair was formally opened by His Honor, Lieutenant-Governor Pugsley.

Mayor Schofield, in his opening remarks, E. A. Schofield, mayor of the city and president of the Exhibition Association, said he had received a communication from Lieutenant-Governor McCallum Grant, of Nova Scotia, expressing regret for his enforced absence from the exhibition opening, but wishing the undertaking every success.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

BIG VAUDEVILLE TREAT AT OPERA HOUSE TODAY. New Programme Has Some Big Broadway Hits Booked for Exhibition Week.

Visitors in the city today have an opportunity of seeing a great vaudeville treat at the Opera House. Some of the biggest hits along Broadway have been booked especially for this week, and all are assured of a great time.

The new bill, which started this afternoon, and will continue until Friday, not inclusive, will be as follows: The Bison City Four, one of the best male comedy quartets working in vaudeville; Nadine, a classy singing comedienne; The Garden Girls, in a feature singing due of real merit; Wilfred Du Bois, 'Le Louleur Distingue,' in something new; Mary Kurty and partner, in a sensational gymnastic offering.

In addition to these stellar vaudeville acts there will be another episode of 'The Silent Avenger,' a great motion picture serial teeming with thrills, in which William Duncan is playing the lead.

BAB. Is a modern Cinderella and although she didn't live in the chimney corner was almost as lonely. But a fairy Old Man saved her.

RICH MAN POOR MAN. Will tell you the story at Queen Square Theatre commencing Monday next.

Miss Janie Stewart, Miss Florence Phillips and Miss Olive Doherty, of Summerside, P. E. I., are spending a few days in the city attending the fall and winter openings.

THE BY-ELECTIONS

Result Doubtful in Colchester—Ottawa Surprised by Contest Here.

Ottawa, Sept. 7.—(Canadian Press)—News of the nomination of Dr. A. F. Emery, as Liberal candidate to oppose Hon. R. W. Wignome, in the St. John by-election on September 20, was received with some surprise here. It was thought that Mr. Wignome would receive an acclamation, as there appeared little prospect of a Liberal candidate entering the field.

The nominations in Colchester, where Hon. F. B. McCurdy is opposed by Captain Hugh Dickson, M. C., former laborer candidate, were just as expected. Although government supporters appear to think that Mr. McCurdy will carry the seat, the fact that two farmers were returned in the provincial elections tends to make the result doubtful.

MARINE NOTES. The schooner Charles C. Lister, Captain Warnock, arrived in port this morning from Perth Amboy with 447 tons of anthracite coal for R. P. & W. F. Starr.

R. C. Elkin, local agent for the schooner Cutty Sark, has received word of her safe arrival at St. Martin's, West Indies.

HAPPY REUNION. A delightful family reunion was enjoyed on last Friday evening at the home of John R. Hopkins, Brookville, when twenty-four members of the family, representing four generations, sat down to table.

Among them was Mrs. S. Hopkins who is in her ninety-fourth year and who is well and quite active. In addition to J. R. Hopkins, there was another son Arthur, of Montreal, present with his wife and child. A daughter, Mrs. A. M. Coukey, also came from Boston, accompanied by her son and daughter, her grandson Ralph and his boy.

MUSICAL STOCK CO. OPENS TO CAPACITY BUSINESS AT LYRIC

Notwithstanding the many other counter attractions in connection with the exhibition the Lyric Theatre played to capacity business yesterday afternoon and evening when the 'You Tell' Musical Stock Co. made their first appearance. It was refreshing to note the absence of the cut and dried bits which have been so characteristic of musical offerings.

The Lyric opened in a delightful farce comedy, entitled, 'The Mix up of Mickey,' which has much to commend it from the standpoint of good clean comedy. Joe Burkhardt, an old St. John favorite, received an ovation every performance. For fully two minutes after the appearance of the genial Irish comedian the house resounded with hearty applause, and his specialty simply captivated them in a manner which left no room for doubt as to his popularity.

Mr. Burkhardt has surrounded himself with an excellent supporting company and all acquitted themselves admirably. A decidedly clever team, George and Stella Watson, made an instantaneous hit and it is easy to see that they will be favorites. Mrs. Watson appeared in the sketch as Nancy, the maid, and played the part admirably, while in her specialty with her better half, 'Jiggs' she well merited the applause bestowed on her.

Mr. Watson is a clever singer and dancer, and has also a reputation being a comedian of no mean fact which will doubt be demonstrated in other programmes. Harry Carr, as Major Puff-jacket, played a difficult character well while Mr. Slater as Charles Livingstone, assisted very materially in crowning the efforts of the company with the laurels of success. In his number with the choruses he was very pleasing. As Laura, Miss Ida Eldridge did splendidly. Possessed of a wonderfully sweet voice, this lady had no difficulty in winning her way into the hearts of the audiences.

In the opening she was heard to excellent advantage in the chorus of 'Beautiful Lady,' and in the rendition of the delightful ballad 'Shadows,' as well as the pretty Japanese novelty, 'Yo Sam,' added very materially to the enjoyment of the programme. In a violin specialty Jack Kenney offered variety and his numbers were repeatedly encored. The chorus not only looked well but also captivated them in a captivating manner. The stage setting came in for much praise as did also the work of the Baby Watson as Cupid. Miss Jerry Slater in her number, 'Hold Me,' was forced to respond to well deserved encores.

The work of Miss Florence Frink, the musical directress, deserves special mention, in fact there was little to criticize and much to commend in the performance given at the Lyric yesterday. One of the most commendable features was the absence of anything that might offend the taste of quite a number of children. The ambition of the management of the company was to offer only good clean refined entertainment.

The same programme will be repeated this evening as well as Wednesday and a complete change will be offered Thursday.

BABY CLINIC. At the exhibition yesterday Dr. Landry, of Moncton, a specialist in child diseases, presided at the baby clinic. During the afternoon he examined twelve or fourteen infants and found defects in about one-third of that number. Matters which will have to be cared for. Dr. Fred Burden of Moncton, dentist, presided over the tentist booth and examined the teeth of quite a number of children. These clinics are daily features at the exhibition.

MOTHER! Child's Best Laxative

'California Syrup of Figs' Child's Best Laxative

Accept 'California' Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruit taste. Full directions on each bottle. You must say 'California.'

IN MEMORIAM

JOHN C. NORTON—In loving memory of our dear father, John Norton, who departed this life September 7, 1919. Sleep on, Dear Father, thy labor's o'er. Thy willing hands can do no more. Thy midnight stars shine o'er the grave. Of one we loved but could not save. Wife and Family.

DE MONTS CHAPTER. De Monts Chapter, I. O. O. E. Garden Gate, 230 German St., Wednesday, Sept. 8th, 8 to 6.

MORRISSEY—In loving memory of George L. Morrissey who departed this life on Sept. 5th, 1918.

In the graveyard softly sleeping. Where the angels are around. Lies the little one we loved so deeply. One we loved but could not save. Gone but not forgotten.

THE KING OF SEA LION HUNTERS

Gets Bounty on 352 from State - Disastrous to the Salmon Industry.
Astoria, Ore., Sept. 7.—William M. Hunter, known here as "King" of sea-lion hunters, recently collected \$880 bounty from the state for 802 sea-lions scalps, paid at the rate of \$2.50 each. Bounty is paid on sea-lions because they are considered the Pacific Coast salmon's worst enemy. They gather off the mouth of the Columbia River here to prey on fish bound upstream.
Sea-lion hunting is dangerous. Hunter says, and he tells of narrow escapes from angry bulls. Seals, he asserts, are not as awkward as they appear but can travel fast. Recently one chased him over the rocks but was killed by Hunter's companion before it reached him. Hunter works from a small launch while at sea. Much of his hunting is done on rocky beaches where seals congregate. He learned his trade as he termed it—as a mountaineer hunting bear and deer in the Cascade Mountains. In addition to the government bounty Hunter is paid by salmon cannerymen for destroying seals. Estimated on the 1919 pack the rate of the cannery bounty would be about \$2,000 for every 1,000 sealions killed.
Sealions destroy the fish by snapping off their heads. It is said. During the winter hunting seasons in the spring tons of the fish are victims of the sealion herds.
Skins of the sealions are used extensively in glove manufacturing. Oils and fats also are products.

LOCAL NEWS

The Rev. Dr. Meahan celebrated the early mass in the Church of St. John the Baptist Sunday, Rev. Father Ramag conducted the service at the last mass and preached a masterful sermon.
The death of Mrs. N. Perley Lomax took place Friday at her home in Leppan after a long illness at the age of thirty-five years. She leaves one son, one daughter, her mother, two brothers and two sisters.
Father Eckbert and Father Burnell of the Dominican Order, and both of them in Holy Trinity Church for the women of that parish. The mission opened Sunday evening and was largely attended. A mission for the men will be conducted next week. During the mission mass will be celebrated at 5 and 8 a.m. with prayers and instructions every evening at 7 p.m.
Work of replacing the defective gate valve in the water system at Silver Falls will be satisfactorily accomplished late Saturday afternoon. The men began their work early in the morning and for a while the water supply throughout No. 8 main was shut off, but only slight inconvenience was felt on this account, as the public had ample notice. The higher

20 Trials Free To Show You What Clean Teeth Mean

All Statements Approved by High Dental Authorities
This is to offer you a 10-Day Tube of Pepsodent—the peppin tooth paste which combats the film.
Able authorities have proved the product by clinical and laboratory tests. The results are beyond any question. Leading dentists everywhere are now using it as a standard.
We ask you to prove it by a 10-day test. Do this for your sake and your children's sake. See for yourself how it will help you to cleaner and whiter teeth.
Film Wrecks the Teeth
That slimy film which you feel on your teeth causes most tooth troubles. Every modern dentist knows that. And for years dental science has sought a way to combat it.
Film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.
Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea.
Now science knows a way to combat it. The way is embodied in a dentifrice called Pepsodent. It is now used daily on millions of teeth, largely by dental advice. To those who don't know it we supply a free tube, so they may find it out.
Old Ways Don't End It
This film is clinging. It enters crevices and stays. The tooth brush doesn't end it. The ordinary tooth paste does not dissolve it. That's why millions find that well-brushed teeth discolor and decay.
Pepsodent is based on peppin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it.
But peppin must be activated, and the usual agent is an acid harmful to the teeth. So this method long seemed barred. Now science has found a harmless activating method, and teeth can now be daily cleaned as they never were before.
Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the fixed film disappears. Compare your teeth now with your teeth in ten days and decide what is right for yourself. Cut out the coupon now.

Look Now

See how the teeth's whiteness is dimmed by film. Perhaps tartar has formed in some places.
Look Later
See how the teeth have whitened—how the film has disappeared.

PEPSODENT
REG. IN
The New-Day Dentifrice
A scientific film combater, based on activated peppin, now advised for daily use by leading dentists everywhere.

JEWISH NEW YEAR FESTIVAL

On Monday, September 14th, the festival of the New Year (Rosh Hashanah) will be observed by the Jews of the entire world. Like all the other Jewish holy days, the festival commences at sunset on the preceding day. Orthodox Jews observe two days, whereas Reform Jews keep only one day.
The festival of the New Year is one of the most important in the whole Jewish calendar. It is the first of a series of holidays lasting nearly a month. It is likewise the beginning of the Jewish year and one of its principal features is the blowing of the Shofar or ram's horn.
Apart from its joyful and festive nature, Rosh Hashanah is rich in moral import and significance. The fact that it is the beginning of the New Year lends it special sacredness. It is the time of higher resolves, the turning point of the year. It is the day which brings home to the Jew with great force the lesson that the time is short and the work is great, and that, as each year rolls quickly by, the task must be accomplished within a shorter period. The festival is a gentle reminder of the brevity of human existence, but it optimistically stresses the doctrine that man, far from being a plaything in the hands of fate, can realize his life's work if he but takes advantage of the swiftly fleeting moments.

THE SHOCK

of this

Economy Earthquake Has Opened Up Greater Avenues of Money Saving

Another rush of bargain seekers last week has shaken up every lot in this house. The stampede of those keen for economy, the repeaters who have come back for more money savers after having made their initial purchases and their neighbors and friends who have just realized the force of the buying advantages that this Minus-Profit Sale presents. However, don't think that the intensive buying has taken all the sweetness out of this sale. We're sweetening it up for you now. Regrouping the lots to fill out broken size ranges.

Making the Values and Savings Greater Than Ever Before

Here's how we're doing it. Wherever sizes or styles are missing in a certain line, we're filling them in from higher priced lines. This gives you from \$5 to \$10 better values than before — compensating you with greater savings for what the stock now lacks in great variety. It's the climax in our stock clearance operation—it's the Miracle Man's method of keeping up the momentum—of getting under the final wire with full speed and reaching its goal with victory—the goal of our Stock Clearance—the goal of giving you the greatest apparel values this town has ever known. Last Call. Fair Warning.

A GREAT DAY AT RENFORTH

Good Field of Entries and Large Crowd of Spectators - Cups Presented by Mayor.

Fine weather and a good field of entries combined to make the regatta at Renforth on Saturday a great success. About 3000 people from the city and suburban resorts were in attendance. The prizes for the events were presented by His Worship Mayor Schofield, and among them were twenty-five silver cups. A dance was held in the evening in the clubhouse, the music being provided by an orchestra from the city.

The Events.

Senior Four-oared One Mile and a Half.

Renforth crew - Harry Silliphant, bow; H. McLeod, fore mid; R. Fleming, aft mid; George Wetmore, stroke. McGinnis crew - Walter McGinnis, bow; Harry McGinnis, fore mid; Edward McGinnis, aft mid; Walter Lockhart, stroke.

Power Boat Club crew - Al Nice, bow; Robert Belyea, fore mid; Chas. Campbell, aft mid; George McLeod, stroke.

The crews got away to a good start and in a short time the Renforth four appeared to have a little the better of the others. They were rowing a good straight course for their buoy. The McGinnis crew in centre position and the Power Boat Club crew were both out of their course. Renforth turned first and the other two crews rounded their buoys with little distance between them. Renforth squared away for home with a comfortable lead. On the home stretch Renforth rowed but little out of the course while the other two crews steered badly.

The Renforth crew finished first in eleven minutes and ten seconds. The McGinnis crew finished about four lengths behind and in second place, while the Power Boat Club crew was about four lengths in the rear.

Junior Fours, One and a Half Mile.

Two crews started in the race for the junior fours, the Concretes and the Renforth. The crews were made up as follows:

Renforth - J. Griffith, bow; R. Hunter, fore mid; P. Wetmore, aft mid; Geo. Richardson, stroke.

Concretes - Thomas McLeod, bow; Roy Campbell, fore mid; F. M. Silliphant, aft mid; H. McLeod, stroke.

The two crews took the water together on the word "Go," but had not gone far before Renforth took the lead. On the row to the finish the Concretes rowed a bad course and were forced to slip when they rowed in too close to the motor boats but at that time Renforth had a comfortable lead.

Renforth finished a winner in thirteen minutes and four seconds, with the Concretes about four lengths in the rear.

Boys' Single Scull, Three-quarters of a Mile.

Four youngsters made their appearance for the boys' singles - McCavour, McIntyre, Brayley and Belyea. They were started from the turning buoys and rowed three-quarters of a mile to the finish line. McCavour forged ahead of his opponents after the word was given at the start. On the way up the course McIntyre steered a better course than his three opponents. Belyea rowed far out into the river while McCavour and Brayley also rowed out of their course. When nearing the finish McCavour, Brayley and Belyea were obliged to row through a fleet of moored motor boats to get on their course again. McCavour had a good lead, however, and finished first in seven minutes and fourteen seconds, with McIntyre in second place about three lengths behind. Brayley was third and Belyea last.

Novice Four-oared Race.

Two crews started in this race, the Blue Rocks and the Millidgeville.

Blue Rocks - Jack Reardon, bow; Chas. McLaughlin, fore mid; Raymond McLaughlin, aft mid; Jack Ward, stroke.

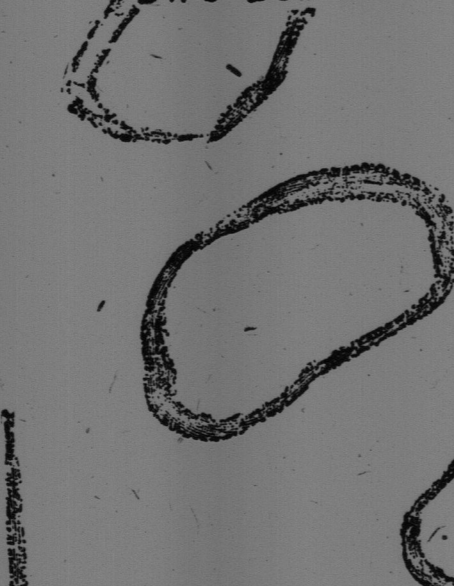

Millidgeville - H. Gigzey, bow; H. Webster, fore mid; Robert Irwin, aft mid; Merrill Turner, stroke.

There was not much difference between the crews at the turn. On the way to the finish the Blue Rocks steered better and came along well. Millidgeville got far out of the course and were soon in too close to the motor boats, they almost stopped rowing to get clear and into the course again, and the Blue Rocks finished an easy winner in 13 min. 5 sec.

Senior Singles - One and a Half Miles.

Three seniors rowed to the starting line in this race, Hilton Belyea, the champion, Robert Belyea and Campbell. Hilton Belyea went ahead of his opponents at the start and the race for second place was being well contested between Bobbie Belyea and Campbell, with the former having a little the better of it. Hilton Belyea kept comfortably in the lead and was squared away for home when the others turned the buoy nearly together. Hilton kept just ahead of Bobbie on the way home and when near the finish Hilton spurred enough to win by a boat length, with Campbell about three lengths in the rear. The time for this race was 11 min. 42 sec. Campbell rowed in a bad course on his way home and was among the motor boats

before he got squared away on his course again.

Swimming Events.

The swimming events created considerable interest. The 150 yards race for girls was a hard fought contest and resulted in Edna Driscoll winning in 2 min. 42 sec. Lillian Steeves was a close second and Mildred Wetmore was third. It was a very close finish between the three and they were heartily applauded.

Canoe Race.

Two canoes started in this event and the race proved most interesting. Gigzey and Webster of Millidgeville were the winners.

Motor Boat Race.

The motorboat race for the Premier Foster Cup had two entries. The course was six miles covered twice and the two boats showed plenty of speed. The Anzac, owned by Harry Baker, won the race in 25 min. 14 sec. with the Patricia, owned by Robert McAllister, a good second.

Yacht Race.

The yacht race, which because of the lack of wind was little more than a drifting match, was won by the yacht Osprey, owned by Water Allison, while the Smoke, owned by Ralph Fowler, came in second. These were the only two yachts which finished.

The club house was nicely decorated with bunting and flags for the dance in the evening and this closing event of Renforth's gala day was greatly enjoyed by the young people. The chaperons were Mrs. L. V. Price, Mrs. J. E. Pritchard, Mrs. Wilson Dalton, Mrs. Roy Burrill, Mrs. F. J. Nisbet and Mrs. H. Arrowsmith. The orchestra provided a splendid programme which was enjoyed by more than two hundred people. The club held a dance on Saturday night also which was very successful. Robilliaid's orchestra providing the music on this occasion also.

A Big Gate.

Vancouver, Sept. 7 - Before a crowd of approximately 10,000 people, New Westminster lacrosse team defeated Vancouver six to four in a hard game yesterday.

FOOTBALL.

St. John, 5; Hampstead, 2.

A fast game of soccer was played on the East End Grounds on Labor Day, between Hampstead and St. John, the latter winning by a score of 5 to 2. The Hampstead team, under the leadership of Campbell (captain) kept the St. John boys on the move, Hampstead trying to wipe out a previous defeat which was meted out to them by the St. John team at Hampstead. The team from up-river was greatly strengthened by four new players who made their appearance on the line-up. A marked difference of good combination playing by all the Hampstead boys kept the city team guessing for the first fifteen minutes of the game. St. John opened the scoring eighteen minutes after the kick-off. Some good combination play by the city half backs, Rankine passing to Simpson, who beat Jeffrey with a fast ground shot which he could not handle. On resuming play Hampstead pressed the St. John defence very hard but the backs were playing a great game and Lennox cleared nicely. The forwards got possession of the ball and invaded the visitors territory and a beautiful pass from Smith, who was playing a steady game, to Langworthy, enabled the latter

to shoot the second goal for St. John. On kicking off the St. John team, who were settled down to the game, tried hard to break through again but the Hampstead halves were too quick on the ball and gave a great exhibition of football passing the ball to the forwards who carried it to the St. John end where the Hampstead forwards gave MacFadyen a few hot shots to forward which he cleared nicely. But the Hampstead team was not to be discouraged and attacked again. Marriot made a beautiful pass to Angus, who put something on the ball and beat MacFadyen easily. On kicking off the city team, by some clever footwork, invaded the visitors' half and Richmond scored the third goal for St. John. On kicking off the playing of both teams was well worth seeing. Hampstead and St. John players were determined and some very clever footwork and combination playing was witnessed by the spectators. St. John carried the ball to the visitors' territory and Simpson netted another for the city team. On resumption of play the home team beat the visitors' halves and Captain Campbell, Hampstead's old reliable, who played a fine game, cleared a fast shot, kicking the ball well up the field, where Captain Frost, the city team's left back, got possession and passed to

his forwards, Spearman netting the fifth goal for St. John. On kicking off after the rest the Hampstead boys kept pressing and for twenty minutes they invaded the home team's end. Finally on a beautiful centre by Maitland to Robertson the latter beat MacFadyen with a very fast shot, making the second goal for the visitors. On resuming play was chiefly confined to the middle of the field until the whistle blew; the final score being Hampstead, 2; St. John, 5. Both teams gave a great exhibition of fast football. The line-up:

Table listing football players and their positions for St. John and Hampstead teams.

Referee, A. Parafetti; linesman, Maber A. Coates.

Northern Maine Entries

New Brunswick horsemen will be well represented at the northern Maine fair races at Presque Isle which will start today and continue until Friday. The following horses are entered: 2:30 pace, College Swift and Sis Peters, J. W. Gallagher, Woodstock; 2:25 trotting, Myrtle Rysdyk and Togo M., Mr. Gallagher; 2:22 trotting, Myrtle Rysdyk; 2:20 trotting, Bill Sharon, Peter Carroll Chatham; Alice Homeland, D. L. D. McIntosh, Hartland; 2:20 trotting, Bingen Worth, L. R. Acker, Halifax; Four Feathers, D. O'Keefe, St. John; Victoria, Dr. D. H. McAllister, Sussex; 2:14 trotting and pacing, McGregor, J. H. DeWitt, Woodstock; Dusty Dan, F. D. McKinnon, Woodstock; 2:18 trotting or pacing, Victoria, Dr. McAllister; free-for-all, purse \$1,000, Ben Ali, Hartland Driving Club; Peter Parren, D. O'Keefe; Fern Hall, Dr. McAllister. In the latter race, Zom Q., Baby Doll, The Problem, Bob Walker and Blanche H., all Aroostook county entries, May Bird (Boston), Lady Gritton (Montreal), and The Ghost (Portland), are also on the list.

PREMIER FOSTER MAKES IMPORTANT ANNOUNCEMENT RE HYDRO DEVELOPMENT

(Continued from page 11.)
require notice considerably in advance so they could get their live stock in shape for a showing. This year the required notice was very short indeed.

An Annual Fair.
"However," said Mayor Schofield, "we are going to make a strong effort to have this exhibition an annual event hereafter. It is the best way to carry on and will mean a considerable saving in the amount of repairs that would be otherwise required to the buildings. Exhibitors then will know definitely that there is going to be a show and can make arrangements without guessing about the event." (Applause.)

The speaker gave a hearty welcome to all visitors to the city, and to the exhibition during the week and hoped that the attendance records would surpass the achievements of other years.

Mrs. Kuhring.
Mrs. G. A. Kuhring, who had charge of the women's work and public welfare exhibits, was the next speaker. She asked the visitors to look over the exhibits thoroughly this year as, to her mind, there was a very notable showing of all classes, considering the short notice that was available. The exhibits were of a most representative character and showed that all parts of the province were doing their share towards the important work of reconstruction.

Particular attention was called by the speaker to the public welfare exhibits, the display of work by the various women's institutes and particularly the demonstration of flax weaving.

The work of inmates of the Home of the Good Shepherd and the Provincial Hospital for the Treatment of Nervous Diseases was also referred to by Mrs. Kuhring, who said it showed in a remarkable way the amount of worthwhile work that could be done by even those who had not the full privileges of ordinary people.

Attention was also drawn to the display of vocational training results, shown by the department of civil re-establishment, the speaker saying it was a splendid thing to see that the men who were able to cope successfully with all the world forces in the war were equally skillful in the arts of peace.

Nearest to her heart, she said, was the welfare exhibit which was made possible by Hon. Dr. Roberts, minister of public health, R. T. Hayes, Dr. Murray MacLaren, Dr. H. A. Farris and others. Tuberculosis, she said, was more destructive to humanity than all the dangers of war and it was a splendid thing to know that New Brunswick was in the forefront in combatting this awful plague.

Premier Foster.
Congratulations to the exhibition executive were offered by Hon. W. E. Foster, who said great praise was due the officials for planning on so short a notice, such a great exhibition. Six years ago he was one of the directors of the exhibition and he fully appreciated the amount of work that was necessary in

TODAY'S PROGRAMME.

(The exhibition is operating on Atlantic standard time.)
9.30 a.m.—Judging of live stock starts in the show ring.
Beef cattle—Duff Brien, judge.
Ayrshires—R. R. Wiss, judge.
Jerseys—Gordon Duncan, judge.
Holsteins—Neil Sangster, judge.
9.30 a.m.—Judging of poultry, in grand stand building.
Judging of dairy products in the basement of the eastern annex.
Judging of potatoes and seeds on the main floor of the eastern annex.
11.00 a.m.—Aeroplane flight by Captain Stevens and Lieutenant Barhill.
2.30 p.m.—Concert by City Cornet band.
Public dancing and cabaret in amusement hall.
3.15 to 4.00 p.m.—Free vaudeville acts before the grand stand.
7.15 to 10.00 p.m.—Band concert before the grand stand by 62nd Regiment band, and in main building by St. Mary's band.
8.15 to 9.00 p.m.—Free vaudeville acts before the grand stand.
9.15 to 10.00 p.m.—Fireworks display.
11.00 p.m.—Midnight aeroplane flight by Captain Stevens.

order to make the showing so good for the opening day.

To the ladies' committee, he said, should go a great amount of the credit for the community welfare work and he thought the provincial health department section would be of great interest to all visitors.

A great amount of good work could be done by politicians, was the observation of Premier Foster, who said that though the public attention was now diverted by farmer movements, labor movements, the women's franchise and other matters of public political interest, he thought they would all work eventually to the public good.

It had been said that there was not much community spirit in St. John, observed the speaker, but this attitude was altogether wrong. There was a splendid public spirit and it had been displayed when every important public work had been attempted. As a merchant and as a citizen of St. John he offered thanks to the exhibition officials for the good work that had been done and hoped that the exhibition would be an annual event, as the president had intimated.

The good community spirit of St. John, said the premier, was in evidence throughout the whole province and he hoped that the interest that was being taken in agricultural interests would spread to other organizations. The main object of the exhibition, he believed, was not the exhibition of live stock and manufacturing interests but the providing to the young people of the province an incentive to stay at home and to see what splendid resources there were right in this home country. Too long and too many had been the excursions of young people from the province to the western country, the speaker declared.

Through the war period the government had taught and encouraged the production of manufacturing interests and agriculture so that a plentiful supply of food could be sent to the battlefronts and he was very glad that the minister of agriculture had been so successful during the war period. The object now, however, should be just as great as during the war, especially when one faced the fact that the country's debt was \$2,000,000,000 and that the exchange situation between Canada and the United States was growing worse instead of better. Trade conditions, he said, showed that the international exchange situation was more intense now than it had been and imports to Canada from the country to the south were by far exceeding the exports. The agricultural and manufacturing industries of the country should be increased and encouraged, he said, and he declared it to be the duty of the government to put forth an especial effort to increase the local industries and to help agriculture.

"I am not a farmer myself," said Premier Foster, "but I am sure that Hon. Mr. Tweeddale, the minister of agriculture, fully knows the needs of the farmers and that there has been a great amount of benefit given the people and the farmers by the provincial government."

The provincial timber lands were growing more valuable all the time, the speaker said, and the United States now looked with envious eyes to this country for pulp and paper but, so long as he was at the head of the government, the resources of the province would be conserved for the benefit of the New Brunswick people. (Sustained applause.)

His ambition was to build up New Brunswick agriculturally and industrially, for the benefit of those living now and to offset all the inducements that might be offered the younger people by other provinces. In this connection he referred to the mineral resources of the province which, he said, the government would foster. In Albert county alone, he said, besides the great activity in cattle raising and farming there was a wonderful deposit of oil shale that only awaited the proper financial backing to be properly developed. Gasoline was costing fifty-two to fifty-four cents a gallon, now and twenty-two cents was being paid for crude oil, and here were vast resources of these oils awaiting the hand of man.

Some would say why did not the government develop the Albert oil shale, said the premier, but the same would apply to the water development of the province. The people had not the capital, nor the proper incentive to develop the industries, he thought, and if that were the case, it was the duty of the government to supply the necessary help, backed by the energetic people of the province. It was the policy and the intention of the government to encourage manufacturing and industrial improvement, and while he was not personally in favor of public ownership he thought it was the duty of the government to undertake the development of the water powers of the province when sufficient outside or private capital was not offered for the purpose.

The government, he said, was working now on the development of its water powers of the province; last year a bill had been introduced in the local house appropriating \$1,000,000 for the purpose and the various preliminary surveys now were being made. Among the places where investigations would be carried on are Newcastle, Chatham, Grand Falls, Bathurst and St. John.

An Official Announcement.

In making the first official announcement of the government plans, the premier said that the first river to be developed in this vicinity would be the Musquash river, holding the Lepraux dam in reserve for later requirements. There were several reasons for doing this; the Musquash river was seven miles nearer St. John than the Lepraux; the dams could be built almost entirely of earth; examinations and surveys demonstrated that the water of the West Branch can be diverted into the East Branch and the waters of both branches utilized in one power house. It would be impossible to develop as much power in this one house as in one at Biz Falls

LUX For Soft Blankets!
Keep your blankets soft, woolly and comfortable! Guard them carefully in the wash and they will repay you with a doubled life. The safest of all blanket baths is with the rich, creamy, cleansing LUX suds.
The best way to wash blankets.—Use two table-spoonsful of LUX to a gallon of water. Whisk into a thick lather in very hot water. Add cold water until suds are lukewarm. Work your blankets up and down in the suds and squeeze the suds repeatedly through the soiled spots. Do not rub.
Rinse the blankets in three lukewarm waters. Pass through a loose wringer or squeeze the water out. Do not twist. Dry in the shade in a moderate temperature.
Lever Brothers Limited, Toronto

and another at Lower Falls on the Lepraux.

Plans and estimates were being made by the staff of the New Brunswick Electric Water Power Commission. This work was being pushed vigorously and he was sure every one would be pleased to know that the Commission expected to call for tenders for some of the most important parts of the work, particularly in the vicinity of Musquash, within a short time.

In the Parish of Lancaster and in the city every opportunity was afforded for suitable sites for manufacturing plants, and with cheap power and favorable conditions they should be able to attract a fair share of new industries.

Then there was the bigger question of the Grand Falls on the St. John river. The government and Commission were considering how best to bring about the development of this great power. They realized, however, that before this power could be developed there must be linked up with it some great industry. Before very long he hoped to be able to make an announcement and to tell the people that arrangements have been completed for the development of that power upon a goodly scale.

Hon. Mr. Tweeddale.

Hon. J. F. Tweeddale, the minister of agriculture, congratulated the management of the exhibition upon the excellent showing that had been made and referred to the remarks of the preceding speakers. It was his opinion that the people were looking to the government to develop the water powers of the province and, in this connection, he thought there should be greater development of the power of Grand Falls. These falls, he said, were greater than all the other water powers of the province combined and he had supported legislation in the provincial parliament last year which would compel the International Paper

RAMSAY'S ENAMELS

Wherever enamel is used their brilliant, hard finish proclaims them best. All colors. Wm. E. Emerson, West St. John

Many a war had been lost through hunger, the speaker pointed out, but despite the fact that labor was scarce and seed was even harder to get, the province of New Brunswick raised more than 900,000 bushels of wheat in 1918. There were now thirty wheat mills in the province with a combined capacity of 1,540 barrels of flour every twenty-four hours.

When the price of wool advanced and there was a call for increased production, the sheep growers of the province responded with such enthusiasm that there was an increased production of 1,000 pounds in twelve months and the increase in sheep production for the last two years was 150,000.

Now that the price of wool was getting back to pre-war levels it was interesting to note that the production of sheep still was increasing; during the present year there had been 70,000 pounds of wool marketed co-operatively by the growers and all of an exceptionally high grade.

The soil of New Brunswick was particularly adapted to sheep-raising, said the minister of agriculture, and he believed that when the farmers fully realized the great profit possibilities of sheep there would be thousands shipped from the province, where there now were carloads.

A great deal of attention had been given to co-operative marketing of livestock by the government, said the speaker, and last year twenty-six cars

of sheep, seven cars of cattle and one car of hogs had been shipped to the Montreal stock yards. Potatoes were now fifty times more profitable than they were several years ago, he said, and an effort was being made to increase production in this branch of agriculture.

In closing, the speaker referred to the need of lime in the land and announced that the government soon would be operating the plant at Brookville, where eighty tons of lime each day would be produced and sold to farmers anywhere in the province, freight prepaid, for \$5 a ton. No other province, he said, was assisting the farmers in this respect. The use of lime, said the minister, would mean a fifty per cent increase in crop production.

Hon. Dr. Roberts. In a brief and pithy speech, Hon. Dr. W. E. Roberts, minister of public health, congratulated the women committee members for the splendid showing that was made in their department. The work was made in their department. The work was made in their department.

That his gratitude for better health and better living conditions should have the support of the people, was the opinion of Dr. Roberts, who said that his effort at present were more along the lines of child welfare now, for the children of today would soon be the young womanhood and the young manhood of tomorrow.

The present health exhibit had been thought a necessity by the department of public health, said Dr. Roberts, and he heartily thanked the women who had helped in its arrangement.

Lieutenant-Governor Pugsley. Mayor Schofield then called upon the lieutenant-governor, Hon. William Pugsley, to formally open the exhibition. The lieutenant-governor said he might be pardoned for making more than a formal announcement for the speeches of the prominent people present and the important announcements that had been made were worth the public. Too long, he said, had the resources of the province and the opportunities offered to the young men and women been neglected by the public. As the years go by, said his honor, the comforts of the home in New Brunswick would be largely increased and the boys and girls would be fully satisfied to remain in the country, for he thought it no exaggeration to say that New Brunswick was the most splendid province of the whole dominion of Canada. He said this knowing full well the general prosperity of the country; he had been all over the dominion which, he said, eventually would be the greatest of the Imperial overseas dominions, but right here in New Brunswick, with its lovely hillsides, its beautiful valleys and its splendid resources was found the peer of all the other provinces.

Among the north there was the great grain country of the province, and then the great timber lands, with millions of acres of splendid forest land sufficient to provide for all generations to come.

The cities also were progressing rapidly, said the lieutenant-governor. Moncton was going up in the air, he declared, and along the St. John valley, at Woodstock and Edmundston, and along the north shore, Bathurst and Campbellton, and other places were all going ahead.

St. John was modest, he said, but he had great faith in the future of the city. When commercial city and others neglected to take stock of the future and said that the outlook was dark, a great mistake was being made, he said. With respect to the size and the population of the city, there had been as much done for St. John as for any other port in the dominion in the past year; more than \$8,000,000 had been spent on this port by the government since he was minister of public works, said the speaker.

When consideration was taken of the wharves and the harbor improvements at this port he did not think that any one would say that the other people of Canada had been neglectful of this city. A National Port.

As St. John was the terminus highway of traffic between Canada and the countries beyond the seas, for a considerable period of each year, and it had been made a port in the interests of the whole nation. Acting on the principle that no country could be developed beyond its own resources it may be many thousands of children. Miss Heffer and Miss Colwell were in charge and they had thirty of the children from Alexandria grounds, the regular thing in playground programmes.

Over in the main building on the ground floor the Free Kindergarten Alumnae, with Mrs. H. H. Pickett as convener, had charge of a rest room in

which children were cared for and parents could spend a few restful moments. The children from the Brussels street kindergarten delighted a big audience when they gave a demonstration of kindergarten work in the rest room in the afternoon under the direction of Miss Elsie Trentoway, Miss Mildred Barnes, Miss Winnifred Ross and Miss Beatrice Fleet. As the kindergartens are inspected each week by a Victorian Order nurse V. O. clinics, with tooth-brush drill are to be included in the daily programme at the rest room.

In the public welfare and women's department section in the upper hall there was a constant crush of visitors. The well-baby clinic, at which Dr. Landry was in duty, was such a source of interest that spectators stood rows deep and the outer edge could only judge from the exclamations of the inner circle as to what was going on inside. As the babies were weighed and examinations made. Each of the booths in the child welfare section was the centre of considerable attraction.

The nutritional booth, managed by the I. O. D. E. chapters under the general direction of Mrs. A. W. Adams, regent of the Municipal Chapter, had weighed and measured more than 225 children by the time night came and there still was a long queue waiting to be measured. The Duke of Rothesay Chapter, with convener the regent, Mrs. W. S. Allison, had charge of the booth in the morning and the Brunswick Chapter, with convener Mrs. J. Montgomery had

charge in the afternoon and evening. In the women's department the demonstration of flax weaving and spinning given by Mrs. Blanchet, of Caraquet, held the fascinated attention of big audiences for long periods. Mrs. Blanchet is very skilled in the manipulation of her wheel and shuttles and her swiftly flying hands wrought apparent marvels.

Official Inspection. This afternoon at 8 o'clock standard time (4 o'clock daylight time), there will be an official inspection of the child welfare exhibit by Lieutenant-Governor and Mrs. Pugsley and Premier and Mrs. Foster. They will be received by an honorary guard of twenty boy scouts and Mrs. Schofield, Mrs. G. A. Kuhring, Colonel and Mrs. Murray MacLaren, Mrs. and Mrs. Joseph I. Hayes, Mr. and Mrs. R. T. Hayes and Hon. Dr. and Mrs. W. F. Roberts.

Another department that was very popular yesterday was the display made by the Protestant Orphanage, an institution in its sixty-six years. This exhibit is featuring an electrical railway which bears the gifts of all who wish to contribute to the institution and down a miniature lake tiny scows bring to the donor an acknowledgement and a small gift. All proceeds from this booth go directly to the local institution.

Outdoor Entertainments. The free attractions offered before the grand stand yesterday and last night were considered among the best that have appeared at a local exhibition. With a novel aerial act, trained animals, Japanese tumbling exhibition, acrobatic comedians and a strong man stunt, there was variety to please all, and in addition a "song booster" was heard to good advantage in many of the more recent songs, accompanied by the band.

Not only the exhibition visitors but all the south and east end of the city was interested in the airplane which "took off" from the Red Head grounds and circled about the grounds and lower cove for almost an hour in the morning and twice in the afternoon. These flights will be continued all through the week. The great attraction last night, however, was the fireworks display and it is no exaggeration to say that the exhibit was the best ever seen in the city. For almost an hour there was a continuous bombardment of the sky by Roman candles, giant sky rockets, captive balloons, flower pots, cascades and other high-flying pieces, while the colored fire and the set pieces which showed Niagara Falls, the Prince of Wales, the Maltese Cross, His Majesty the King, the Shamrock and "Good Night," were something a little better than had been seen here before.

With good weather today, the management of the exhibition is looking forward to an attendance which will break the record of something more than 26,000 which was established in 1912.

Women's Institutes, the Home of the Good Shepherd and the Provincial Hospital there has been no judging. Most of these exhibits were judged before they were put in the cases. The other classes will start judging today.

Great interest centres around the exhibit of the child welfare work, shown on the second floor of the annex. This exhibit, which was advocated by Hon. Dr. Roberts, minister of public health, is the first one of the kind to be shown in the province, but was said yesterday by Mrs. Hasbrouck, who has visited all leading cities in the United States, to be the best she ever had seen.

Practical Demonstrations. Some demonstrations at the big fair were not matters of staging merely. The Red Cross emergency hospital received four patients and the St. John Ambulance Brigade both tended four accident cases. The usefulness and the necessity of both societies could not have been more efficiently demonstrated.

At the St. John Ambulance booth in the upper gallery at which Mrs. J. Boyle Travers and Dr. Murray MacLaren presided, practical demonstrations in home nursing were given by Miss Marion Magee and the Boy Scouts demonstrated bandaging. The neatly arranged booth and its restful looking bed were sought out as a haven of refuge. A woman who had fainted was carried there and, when sufficiently recovered, was taken to the emergency hospital in the former scientifically called a "foreign body" in his eye had that uncomfortable acquisition removed. Two young men, with a cut hand and a cut finger respectively, had these wounded members bound and properly treated.

Besides the fainting case taken from the St. John Ambulance booth, the Red Cross emergency hospital, which was in charge of Miss Bertha Rudwick, received three other sufferers. A sore heel was treated and bound and a case of sun fatigue was cared for. The convenience and the "spick and spanness" of the hospital made it refreshing merely to look at.

The big rest room next to the emergency hospital which was managed by Mrs. R. A. Jamieson, assisted by Miss Tapscott, the new general secretary, was much sought. Its shady spaciousness, its comfortable chairs and its writing tables were in great demand. A lounge for the very weary was never without an occupant and so many inquiries were made for resting places for the children that it was decided to move in three coats today to add to the usefulness of the rest room. Mrs. Gertrude Hasbrouck gave addresses on child welfare to big audiences in the rest room yesterday.

The Playgrounds Association swings and teeters and slides in the grounds outside the rest room were used by many hundreds and it may be many thousands of children. Miss Heffer and Miss Colwell were in charge and they had thirty of the children from Alexandria grounds, the regular thing in playground programmes.

Over in the main building on the ground floor the Free Kindergarten Alumnae, with Mrs. H. H. Pickett as convener, had charge of a rest room in

which children were cared for and parents could spend a few restful moments. The children from the Brussels street kindergarten delighted a big audience when they gave a demonstration of kindergarten work in the rest room in the afternoon under the direction of Miss Elsie Trentoway, Miss Mildred Barnes, Miss Winnifred Ross and Miss Beatrice Fleet. This exhibit is featuring an electrical railway which bears the gifts of all who wish to contribute to the institution and down a miniature lake tiny scows bring to the donor an acknowledgement and a small gift. All proceeds from this booth go directly to the local institution.

Outdoor Entertainments. The free attractions offered before the grand stand yesterday and last night were considered among the best that have appeared at a local exhibition. With a novel aerial act, trained animals, Japanese tumbling exhibition, acrobatic comedians and a strong man stunt, there was variety to please all, and in addition a "song booster" was heard to good advantage in many of the more recent songs, accompanied by the band.

Not only the exhibition visitors but all the south and east end of the city was interested in the airplane which "took off" from the Red Head grounds and circled about the grounds and lower cove for almost an hour in the morning and twice in the afternoon. These flights will be continued all through the week. The great attraction last night, however, was the fireworks display and it is no exaggeration to say that the exhibit was the best ever seen in the city. For almost an hour there was a continuous bombardment of the sky by Roman candles, giant sky rockets, captive balloons, flower pots, cascades and other high-flying pieces, while the colored fire and the set pieces which showed Niagara Falls, the Prince of Wales, the Maltese Cross, His Majesty the King, the Shamrock and "Good Night," were something a little better than had been seen here before.

With good weather today, the management of the exhibition is looking forward to an attendance which will break the record of something more than 26,000 which was established in 1912.

STOP LOOK and LISTEN

before purchasing a baking powder that may possibly contain injurious ingredients. Many food scientists claim that baking powder containing alum is unsafe for use in food. The mere fact that some brands of baking powder have the words "No Alum" on the label is not sufficient proof that they are what they are represented to be. Our chemists find a good many have "No Alum" on the outside but large quantities of it inside.

Miske Takes Count In The Third Round

Jack Dempsey Successfully Defends Title Before Large Throng

Benton Harbor, Mich., Sept. 6.—Jack Dempsey, world's heavyweight champion, defending his title for the first time, knocked out Billy Miske, St. Paul, in the third round of a scheduled ten-round championship fight here this afternoon. The finish came after they had fought one minute and thirteen seconds of the third round. The challenger had been floored with a right hand punch to the chin and Miske took the count of nine. As he staggered to his feet Dempsey whipped over another right hander and Miske fell in his own corner.

The fight was witnessed by a crowd of approximately 17,000. The gate receipts were estimated at between \$150,000 and \$200,000.

The sand pit arena where the fight took place was a steaming vapor bath when the gates opened. An all night rain and a morning drizzle gave way soon after noon to hot sun that rolled the moisture up in hot waves from the soaking sand floor.

Dempsey and Miske both were pronounced fit for their ten rounds by medical examiners of the Michigan state boxing commission. Dempsey stepped on the scales at 187 pounds about five hours before the fight and Miske at 185. After weighing in, the champion and the contender both returned to card games to while away the time. Two hours before the first preliminary the cheapest section of the arena was filled while the high priced ticket holders remained downtown, jamming the streets, clamoring for sandwiches and coffee from street quick lunch booths. A Benton Harbor religious sect, The House of David, sent a band wagon through the streets with billyhoo men, announcing a circus at their own grounds as a counter attraction.

Benton Harbor's police and a rate of fifteen dollars a pint, effectively enforced the prohibition laws. But incoming spectators reported that night trains had been not only wide open for selling drinks, but that in some cars, nearly every known variety of gambling games flourished.

The big crowds were good natured, and often sleepy-eyed, having arrived so late in the night that their brief sleep cost about two dollars an hour.

The local police force was supplemented by a detachment of Michigan constabulary. At the arena squads of uniformed soldiers on leave from Camp Custer, offloaded as ushers and kept order. High fences surmounted by barbed wire separated the sections of the sand pit saucer, and husky guards were on duty at the turnstiles prepared to prevent a repetition of the debacle at Toledo last year, when hundreds of spectators, with common accord, swarmed into the ringside seats and refused to be ousted.

As the main gates were thrown open and the fight fans began drifting in, workmen were still busy completing preparations in the ring. They used old-fashioned bed quilts for gadding the floor.

Start of the preliminaries was long delayed waiting the arrival of several trains from Chicago. Umbrellas carried by women spectators in anticipation of a renewal of the morning rain storm stood them in good stead and helped ward off the hot sun. The impromptu sunshades dotted the arena.

Miske wearing a cap and a bath robe over his ring togs was the first to enter the ring. He faced a battery of photographers.

Manager Jack Reddy was in charge of Miske's corner. He was assisted by Ike Bernstein, Jack Heinen, Jim Delaney and Johnny Tillman.

Dempsey crawled into the ring ten minutes later. The champion wore a red sweater and a day's growth of whiskers. Dempsey obligingly backed into a neutral corner and posed for some pictures. After individual pictures had been taken of Dempsey, he and Miske, Chairman Biggers, of the state commission, Referee Dougherty, Philadelphia, and Promoter Fitzsimmons posed for a group picture.

Dempsey chose the corner with the sun at his back. Manager Jack Kearns was in charge of the champion's corner.

The Contest.
Round one—Miske's weight was announced at 187 pounds, while Dempsey's was announced as 188. The ring was cleared at 4:27 (central time). Miske hooked a left to the head. They danced around the ring. Dempsey landed a right and left to the head. Dempsey missed a left hook but landed two rights to the head. Dempsey drove a right to the head. Dempsey hooked a light left to the mouth. Dempsey hooked two lefts to the head and exchanged punches to the body as they came together in a clinch. The bell sounded with both men fighting in the center of the ring.

Round two—They rushed into a clinch. Referee Dougherty had difficulty breaking them. Dempsey landed a left hook to the chin and followed it with a right cross. He floored Miske with a right hand punch and the challenger took the count of five. Miske fell into a clinch to protect himself. Dempsey landed three lefts to the jaw on the break away and a half dozen hard rights to the body. The champion missed a right swing to the head, and drove Miske into his own corner, hooking him with a left to the chin.

Round three—Dempsey danced around the ring and hooked a hard right to Miske's body. Miske landed a left to the jaw, and Dempsey swung a right to the jaw knocking Miske down. When Miske started to his feet Dempsey swung over the finishing blow with a right to the chin and Miske crumpled in his own corner, completely knocked out.

Bill Tate, of New York, Dempsey's sparring partner, had the better of Sam Langford, Boston, in a tame six-round preliminary. Tate outboxed the veteran Langford, keeping him away with rangy lefts to the face. Langford weighed 194 and Tate scaled 200 pounds.

Harry Greb, Pittsburg, and Chuck Wiggins, Indianapolis, boxed six even rounds in the second preliminary. Wiggins outboxed the Pittsburg man in the first three rounds but Greb scored heavily in the last three, cutting Wiggins over the eye in the last round. Wiggins entered the ring weighing 164 pounds and Greb's weight was announced at 160½. The match was advertised as for the light heavyweight championship.

probably will be October before the rooms in the Victoria annex are ready for occupation.

SACRIFICE OLD SHIP FOR NAVAL EFFICIENCY

The Indiana Will Be Subjected to a Hail of Bombs from Seaplanes.

Washington, Sept. 7.—The cause of naval efficiency is soon to claim as a sacrifice another oldtime fighting ship of the United States navy,—the battleship Indiana. In Lower Chesapeake Bay this month the vessel will be subjected to a rain of bombs from a squadron of naval seaplanes, just to see what the bombs will do to her.

The United States naval officers claim that this will be the first actual test to be conducted by any navy to show the possibilities of direct attack upon war-

ships from the air. Flying at heights ranging from 4,000 to 8,000 feet six planes which it is planned to include in the squadron will attempt first to demonstrate the practicability of hitting a target the size of a battleship, and for this purpose non-explosive bombs. If the range is found to be satisfactory will then be subjected to the explosive force of bombs carrying a minimum of 1,000 pounds of TNT. If there is a visible remnant of the Indiana at the conclusion of the bombing experiment, she will be used later as a stationary target for the dreadnaughts of the Atlantic fleet.

The Indiana was one of the first battleships of the U. S. Navy and recently was placed out of commission to make way for a new super-dreadnaught of the same name. She played a part in the destruction of Cervera's fleet at Santiago.

CITY MISSION PICNIC

The City Mission of Brussels street, thoroughly enjoyed its annual outing held yesterday afternoon and evening when a happy party, numbering some 150 or 200 grown-ups and children, were transported to Rockwood Park in two

On Friday evening a party of and friends of Mr. and Mrs. L. Hamilton gathered at their home, 83 Ludlow street, to extend greetings to them on their return from their wedding tour. During the evening two leather armchairs were presented to them, John Cooney making the presentation on behalf of the gathering. Refreshments were served by Mrs. Cooney, Mrs. Graham and Miss White.

SCHOOLS RE-OPEN AFTER LONG HOLIDAY

Between Eight and Nine Thousand Pupils Will be in Attendance—Several New Class-rooms Will be Added to Accommodation.

The summer holidays for the school children are over today and, while they have been almost the longest that they could possibly be, since they were extended over Labor Day and Labor Day fell just one day short of the latest date on which it could fall, they have come to an end. There will be between 8,000 and 9,000 children trooping to school, and probably there will be some reluctant feet on the way to school. It is usual for 1,000 to 1,100 children to be entered as newcomers each year. Permits issued up to Saturday afternoon numbered about 740 and a big rush for permits probably will be made today. A comparison of the number of permits issued previous to the opening of school this year and last year shows this year in the lead with a few more to its credit. No prediction can be made as to whether this year the number of new scholars will be greater or less than last fall, as it cannot be judged how big a percentage has been foresighted enough to get permits early. There will be several changes made in the teaching staff when the schools re-open this morning. Changes in the arrangements of the schools are comparatively few. The synagogue building in Hazen avenue is to be opened as an extra class room for high school pupils but it will be some little time before the desks and other equipment are installed as it has been found necessary to send to Quebec for some of the iron castings. Two new rooms in the Victoria annex will be opened for use this term, but these also are not yet in readiness. It

TURF.

Trotting every foot of the way and going as smooth as clock work, Border Prince, owned and driven by H. C. Jewett, Frederick, yesterday at Moosepath Park in the free-for-all trot, lowered the trotting record for the track from 2:17 1/2 to 2:16 1/2. The former mark, which was the track record until this summer, was made by Nelson in 1914 and had stood for twenty-seven years. Border Prince lowered the mark twice. In the first heat, he went the distance in 2:17 and in the third heat did it in 2:16 1/2. He had little difficulty in winning his race and never made a break all day. Mayor Todd, driven by Major McKinney, was second.

There was nothing to it in the free-for-all trot. In the first heat Border Prince led all the way and won by two lengths. Colorado L. and Mayor Todd both broke badly in this heat. The second heat was a repetition of the previous one. Colorado L. broke on the first turn and lost ground. Mayor Todd also broke and neither one could close up the gap the Frederick horse had on them. Border Prince led by about two lengths all the way. The third heat was the fastest of the day. Colorado L. could not get going smoothly and broke. Border Prince lapped by Mayor Todd, was far in front of the other two horses in a hard finish won from the Island race. The summary:

Canadians Win at Houston.
Houston, Me., Sept. 6.—Saturday was a big day for Canadian stables in the free-for-all of the Houston fair races. The free-for-all was a big upset for the talent and a general surprise, being taken handsly by the Montreal pacing mare, Lady Grattan, the entry of A. Faulkner and driven by Potvin, in straight heats. With a win race mark of nothing better than 2:15 1/2, she was not expected to show with the 2:10 horses and better. She was forced to a mark of 2:09 1/2, but evidently could have gone faster. The prize of Arcotook, Zom Q., failed to show, acting badly in the first heat and being out-footed in the second and third. While the fast summer pacer Bravos took the 2:15 mixed, Forefather, from St. John, took second in a field of nine, winning the first heat in the fastest time of the race. A French criton horse, The Manor, got first money in the 2:30 trot called off and setled by the card, on account of darkness. It was a big day of racing, with a crowd of about 15,000 people on the grounds. The summary:

Hartford, Conn., Sept. 6.—Small fields and tame races were the rule on the opening day of the Grand Circuit meeting at Charter Oak Park. The only event that went into three heats was the 2:04 trot, Nedda winning the first and third, with Charlie Red taking the second. A break by Murphy's trotter in the stretch cost him the third heat as he was leading comfortably at the time. Wiki Wiki, "Pop" Geer's mount, took the 2:15 trot; Sanard, with Murphy in the sulky, captured the free-for-all pace and Darvester, W. W. Fleming's champion double gaited horse, easily outpaced the field in the 2:15 pace. Rain fell during the last two heats, the final heat of the 2:04 trot being raced while a hard shower was in progress.

Time—2:34 1/2, 2:31 1/2, 2:31 1/2.

Hartford, Conn., Sept. 6.—Small fields and tame races were the rule on the opening day of the Grand Circuit meeting at Charter Oak Park. The only event that went into three heats was the 2:04 trot, Nedda winning the first and third, with Charlie Red taking the second. A break by Murphy's trotter in the stretch cost him the third heat as he was leading comfortably at the time. Wiki Wiki, "Pop" Geer's mount, took the 2:15 trot; Sanard, with Murphy in the sulky, captured the free-for-all pace and Darvester, W. W. Fleming's champion double gaited horse, easily outpaced the field in the 2:15 pace. Rain fell during the last two heats, the final heat of the 2:04 trot being raced while a hard shower was in progress.

"IN OLD KENTUCKY"
FEATURING ANITA STEWART
Never a More Tense and Gripping Drama Screened. It portrays with intense realism all the gigantic scenes the stage could only suggest
The great Kentucky Handicap race with a girl winning by a nose.
Gun fights between moonshiners and United States revenue officers.
Masked night riders chasing outlaws at break-neck speed over the mountains.
A girl on horseback leaping over a broken bridge above a yawning chasm to save her lover.
Scores of other intense dramatic moments with a beautiful love story of a loyal clans-girl underlying it all
Admission—Matinee, Adults 15c., Children 10c.; Evening, Lower Floor 25c., Upstairs 15c.

popular each season, the attendance steadily increasing. He spoke of the good work of and competent instruction given by Mark Burns, who has taken great interest in the sport for a long time.
At the conclusion of the meet Captain Macnab called for three cheers for Mr. Burns, which were given heartily by the large assembly.
Morning game—Chicago 3, Pittsburgh 2.
Afternoon game—Chicago 1, Pittsburgh 12.
Boston, Sept. 7.—Boston and New York divided a double-header yesterday afternoon, the home team winning the first game and New York taking the second. Fillingim allowed only two hits in the first game, which was won in the sixth when Ford opened with a triple and scored on a wild pitch by Barnes.
First game—New York 5, Boston 0.

Beats Pal Moore.
Providence, R. I., Sept. 7.—Young Montreal of this city won a decision over Pal Moore of Memphis, at Woonsocket yesterday afternoon. The bout went twelve rounds.
FOOTBALL.
At Montreal.
Montreal, Sept. 7.—Yesterday's local baseball games resulted as follows:—Royal Canadians 7, Lachine 7; Crecentas 4, Metropole 4; two tie games.
British Games.
London, Sept. 7.—(Canadian Associated Press)—Football results:—The League first division—Sheffield United 4, Bradford City 1; Tottenham Hotspur 2, Derby 0; Preston 2, Middlesboro 0; Manchester United 1, Arsenal 1; Liverpool 0, West Bromwich 0; Aston Villa 3, Manchester City 1; Southampton 2, Port Vale 0; Coventry 0; Westham 1; Wolverhampton 0; Barnsley 2; Notts County 2; Hull 1; Birmingham 0; Rochdale 1; Stoke 1.
Third Division—Merthyr 4, Brighton 0; Northampton 0, Queens Park Rangers 0; South End 3, Grimsby 1; Swindon 3, Southampton 2.
AQUATIC.
Annual Water Sports.
There was a large attendance on Saturday afternoon at the annual water sports held at the city swimming pools at the foot of Kennedy street, which are in charge of Mark Burns, swimming instructor. In the 100 yards boys' swimming race the time was unusually good. Frank Kee winning in one minute and twenty-five seconds. The world's record is one minute and one second.
At the conclusion of the competitive programme Commissioner Bullock and Capt. A. J. Mulcahy presented the prizes. Commissioner Bullock in a short talk said that he hoped that the city would be able to add to the facilities for swimming, as the pool is becoming more

Special Attractions for Exhibition Week

Will be of Interest to Visitors in the City as Well as Those Who See Us Every Day

APART FROM THE THINGS MENTIONED IN THIS ADVERTISEMENT, WE ARE ALSO FEATURING A SPECIAL SHOWING OF INDIVIDUALIZED APPAREL IN ALL OUR READY-TO-WEAR DEPARTMENTS. YOUR INSPECTION IS INVITED.

EARLY AUTUMN SALE OF BOYS' TWO-PIECE SUITS BEGINS WEDNESDAY MORNING

We have selected one hundred and ninety high class suits from our regular stocks for this sale. All the latest styles are included and all sizes from 7 to 18 years.

There are Waiste Line Suits in newest variations with slash, plain or fancy flap pockets. Suits with plain or pleated coats and belts loose or stitched on. All have bloomer pants, and a few have an extra pair of bloomers.

Only good, strong, hard wearing Tweeds and Worsteds are used in making. These are in neat checks, stripes and two-tone mixtures in medium and dark shades of greys and browns.

Early purchasers will have the best choice, as the quantity of suits is limited.

Sale prices are as follows:

Regular \$13.50 Suits \$11.45	Regular \$17.00 Suits \$14.45
Regular 15.00 Suits 12.75	Regular 18.00 Suits 15.70
Regular 16.50 Suits 13.95	Regular 20.00 Suits 15.95

Remember: Sales begins Wednesday morning.

(Boys' Clothing Shop—Second Floor.)

OPENING. FORMAL DISPLAY OF ANNOUNCING OUR MILLINERY AUTHORITY MODELS FOR THE AUTUMN AND WINTER SEASONS—THURSDAY AND THE FOLLOWING DAYS

A fashion occasion of greatest importance to which every woman within distance of this store is cordially invited.

An interesting variety of charming hats, showing originality and individuality in every line will be presented to your critical viewing.

New colors, new shapes and new fabrics abound. It is impossible to point out the exact charm of these chic conceptions of foremost designers. It is enough to know that there will be hats here to suit the most exacting tastes and in a wealth of styles for all times when ones hat must be smart and different.

The collection of models offers you a splendid and individual choice in small or big hats of the favored mode.

(Millinery Salon—Second Floor.)

New Rugs For Fall Furnishing

We are just in receipt of a beautiful line of High-Class Floor Coverings, including:

ORIENTAL RUGS WILTON RUGS AND BROAD LOOM CARPETS

Oriental are in small pieces of "Shirvan," "Kazacs" and "Pergmus." Very fine and heavy quality and in colors of a richness that can be procured in no other make of carpet. There is no end to the wearing qualities of these oriental rugs. You will be charmed by the effect when placed on your floors.

Wilton Rugs are showing in a large variety of sizes and designs—selected with a view to the requirements of harmony in interior decoration.

Broad Loom Carpet—This is in great demand in all the larger centres. It is a very heavy Axminster, 4 yards wide without seam. Can be purchased in any length. Your choice of three lovely and popular plain shades—Taupe, Rose and Blue.

We have only mentioned here a few of our better makes of Floor Coverings. You will find our Carpet Department well supplied in other lines. Those requiring anything in the way of Linoleum Rugs or Carpets will do well to inspect our stocks. (Carpet Department, Germain Street Entrance)

Exhibition Visitors Are Invited to View Our Stocks of Fine Furniture

The furnished flat in our show room will offer suggestions you will appreciate. These displays open the doors to greater possibilities in beautifying the home.

Of exceptional interest just now are: Chesterfield Suites upholstered in English Cretonnes, in unusual and beautiful colorings. Rattan Rockers and Arm Chairs, upholstered in tapestries.

Walnut Dining Room Suites of present popularity.

Those who do not expect to furnish any room completely will be interested in our large assortment of attractive odd pieces.

(Furniture Store, Market Square.)

Our Stock of New Fall Suitings Is Now Complete

Women now realize that their Fall and Winter Suits should be fashioned from only the best materials, and our present selections will please the most particular.

Here are some of the most popular Fall Suitings:

Broadcloths in a beautiful finish, 50 and 56 in. wide. Colors are Navy, Dark Green, Russian Green, African Brown, Wood Brown, Reindeer, Taupe, Purple, Burgundy and Black.

\$6.75 and \$6.90 yd
Mannish Worsteds—This splendid material is in regular men's weight. Your choice of Natural Grey, Oxford Grey, Dark Brown, Dark Green, Navy and Black. 56 to 60 in. wide. \$6.90 upward
