Widespread Disorder; Reports In The Commons

PROPERTY DESTROYED

Movement Against Legislation Introduced to Combat Seditious Company—Three Bankers Burned to Death—Government Buildings Burned

London, April 15—Widespread disturbances in India were referred to in parliament last night during the course of what was described as the "passive resistance" movement against the recent Indian legislation known as the Rowley Act, intended to combat seditious conspiracy. The movement originated with the home rule element in Bombay and has taken shape in attacks on officials and Europeans and on property. The India office last night issued a long statement describing the general situation. It was shown that there have been disturbances recently at Lahore and a few casualties at Amritsar, thirty-three miles eastward, where three bankers were burned to death in the town hall, two banks destroyed, the telegraph office wrecked and three Europeans killed. At Allahabad a mob attacked and burned the telegraph office and two government buildings. Here also there were a few casualties. There have been disorders in which some persons have been wounded at Bombay, but the statement says that in most of these places military forces are now maintaining order. London, April 15—(Reuters)—In the House of Commons yesterday Hon. E. S. Montagu, secretary of state for India, said that rioting occurred at Lahore and there had been a slight uprising at Allahabad and Amritsar. Some loss of life occurred, including several Europeans. Yesterday was observed as a national holiday in accordance with the proclamation issued by the India secretary, General Buxton, who stated that there were nearly all the big towns, but there were no disturbances.

REAL ESTATE NEWS

The following transfers of property are reported:— St. John County. Annie E. Barnes to O. H. Warwick, property in Goodwin. Coldbrook Realty and Development Company to Laura I. FOURTH SIEGE HOME MAY 1?

S. B. Bustin recently wrote to Major Innes, M. C. asking when his son, Howard B. Bustin might be expected to sail for home. He has received the following cable:— Rhyl, April 12.— Bustin, barrister, St. John, N. B.— Expect son with Fourth Siege, May first. INCHES.

NO PROMISE OF INTERVENTION IN EXPRESS STRIKE

Toronto, April 15—A telegram from Hon. Gideon Robertson, minister of labor, was received yesterday by Mayor Church in reply to a request from the mayor that the government intervene in the strike of the Canadian Express Company's employees. The minister states that both his department and the Canadian railway board made every possible effort to bring about a settlement before the strike occurred, and there did not seem to be anything further that could be done by way of intervention.

QUITE BADLY HURT

Morris Willman, while working on the S.S. Montcalm today, fell into the hold of the vessel. He was taken to the General Public Hospital, where his injuries received attention. It was found that he had a bad scalp wound and possibly a fracture of the thigh.

CALL IN MAIN; "CENTRAL" IS NOT AT WORK

New England Phone Operators on Strike; Boston Reports Pretty Complete Tie-up of N. E. Co. System

Boston, April 15—Telephone communication throughout most of New England except Connecticut has been suspended by a strike of operators of the New England Telephone & Telegraph Company and the Providence Telephone Company. The demands include pay increases and the right of collective bargaining. Boston, April 15—At the local exchanges, night operators whose duties ended at 7 a. m. left their boards without waiting for relief and reported to the union headquarters. Several hundred day operators reported for picket duty outside the exchanges while the others attended a mass meeting. Picket tours of three hours each were established at the exchanges and at the railroad terminals. The pickets were instructed to watch for strike-breakers but reported that none had appeared during the morning hours. When it became apparent that strike could not be avoided officials of the telephone company announced that they would make "persistent efforts to restore normal conditions with promptness." Just what measures were contemplated to achieve this end was not known, although rumors had been current for several days that operations might be brought from other sections of the country. The strike did not affect the long-distance service controlled by the American Telephone & Telegraph Company and it was still possible today for business houses to connect with New York and other outside points providing their officials were not picketed. The strike did not go through New England Company switchboards. More than 100 operators employed in the American Company's exchanges here and all were on duty today. At the main office of the New England Company here early in the day it was announced that first reports indicated a "pretty complete tie-up of the system, but with some local service being given in small places."

EXPLANATION ABOUT EX-CHIEF'S UNIFORM

Commissioner Thornton said this morning that he had received as part of the uniform of the American Company a letter to the commissioner from Mrs. Simpson she said that the matter of turning the uniforms over to the city was left with the family when the ex-chief went west. In moving from the city to Stockholm the uniform became mixed in with some other clothing and in the recent fire which burned out the Simpson family the uniform with the exception of the great coat now returned to the city. Commissioner Thornton said that he would acknowledge receipt of the coat and added that he would like the public to know what became of the rest of the outfit in justice to all concerned.

WANT HIGHER FINES IMPOSED IF LIQUOR LAW IN N. S. BROKEN

Halifax, N. S., April 15—A delegation from the Social Service Association waited upon the provincial government this morning with a request for more strict enforcement of the Nova Scotia Temperance Act, and that the fines for first offences be increased. The speakers were Rev. Dr. H. B. Grant, Mr. Grass, Mr. Moriarty and W. Tuttle. In the absence of Premier Murray, Hon. O. T. Daniels occupied the chair.

NOVA SCOTIA COAL WORKERS HEARD BY GOVERNMENT

Halifax, N. S., April 15—A delegation of coal workers representing all the miners in Nova Scotia, appeared before the provincial government this morning to discuss the present rate of coal prices and the general coal situation throughout the province. The delegation is a result of Hon. L. E. Finn's visit to Ottawa to take up with the federal government the matter of extension of the coal zones of the Canadian National Railway for the supply of coal and to give employment to miners who are now out of work, owing to the lack of orders.

THE SIBERIAN MAILS

The next mail for the Siberian forces will close at Vancouver on April 17, but the military authorities will make arrangements for the transfer of later arrivals.

NEARLY ALL FOR GREAT POWERS

About 15 Per Cent of Reparation Money For Others

OBJECTION IS ASSURED

The Belgian Case in Particular—No Allowance to Germany For Maintenance of Prisoners of War—Repayment of Loans

Paris, April 15—(By the Associated Press)—The problem of reparations still has troubled times before it in connection with the question of the distribution of the indemnity to be paid by Germany. Smaller powers which suffered under German invasion and devastation are still to be heard relative to their share of the reparation and particularly Belgium, the claims of which are entitled to first consideration under various pre-conference pledges.

SMALL END FOR SMALL NATIONS

The tentative scheme of distribution which Great Britain and France have advanced approximates between 80 and 90 per cent, probably 85 of the total sum assigned to these big powers, leaving perhaps 15 per cent to satisfy the demands of Belgium, Italy, Serbia, Roumania, Russia and others. This is a smaller proportion than the secondary powers expected and they are almost sure to be dissatisfied with it. It has been suggested among the experts on the reparations commission that Roumania, Serbia and other nations have received reparations through the acquisition of territory, but this reasoning will scarcely appeal to Belgium.

A share of the reparations fund will, according to the present understanding, be assigned to the payment of the evacuated Russian territory, but will probably be turned over to Great Britain and France to apply on advances made to the old Russian government during the war. Although the contributions payable by Germany are characterized as reparations, a very considerable part of the first \$5,000,000,000 will not be available for reparation purposes, since it has been assigned to the payment of the expenses of the armies of occupation and such food supplies as must be furnished Germany. Since the reparations will continue during the entire two years covered by this first payment, the expenses, particularly of the French army, will, it is estimated, run to the \$5,000,000,000.

No announcement has as yet been made regarding the precise definition of the various "categories" of reparations. In other words, there is no definition of the classes of damages for which Germany is required to pay. It can be stated, however, that the five "categories" adopted comprise reparation for actual damage to life and property; pensions for crippled soldiers and their families; compensation for loss of enforced labor exacted of inhabitants of occupied regions, including work done by deported Belgians; remuneration for illegally exacted labor by prisoners of war, and payments for German requisitions in occupied territories. This Will Be Popular.

MAKE GET-AWAY

Junior EAKE of the police court building and guard room had an amusing experience yesterday while doing some work around the building. He had two prisoners at work. While they were down stairs and the janitor's back was turned, the prisoners walked upstairs through the guard room and escaped. They were only in jail for a minor offence.

FISHING LOT MATTER

J. Fred Belyea is taking up with Commissioner Bullock the matter of water lots on the west side. There are three lots for which Mr. Belyea holds a lease from the city. It is now proposed to sell two of the three to Mr. Belyea on condition that he surrender his leases and rent the third on a lease with limitations. It is understood, the matter has not yet been brought to a head.

Wilson For Home At End of Month

Leave on April 27 Or 28, Says Paris Paper

VERDICT FOR \$1,471.90

Judgment in Lyman vs. Emery, An Automobile Case

Paris, April 15—(By the Associated Press)—The Echo de Paris says that President Wilson intends to sail for the United States on April 27 or 28, after being present at the opening meeting of the peace congress at Versailles. It says that after his departure Col. E. M. House will act for him.

COUNCIL OF FOUR BUSY NOW WITH QUESTION OF ADRIATIC—GERMANY MAY GET SOME RAW MATERIAL BEFORE TREATY IN EFFECT

Paris, April 15—(By the Associated Press)—Premier Orlando, of Italy, and President Wilson conferred for four and a half hours yesterday on the Adriatic question, but did not complete their work, which will be resumed on Wednesday morning. Hope was expressed that the question might be ready for the consideration of the council of four on Wednesday afternoon. The peace conference secretariat is busy completing arrangements for the meeting of the peace congress at Versailles. The German plenipotentiaries and the heads of the mission will be lodged in the annex of the principal hotels, while the staff will occupy another hotel. The buildings will be guarded by military forces to prevent contact between the Germans and the plenipotentiaries. It is anticipated that the proceedings at Versailles will be of comparatively short duration.

OCEAN FLIGHT IS AGAIN DELAYED

St. John's, Nfld., April 15—Weather conditions continue unfavorable for flying and it is unlikely that a start will be made today on a trans-Atlantic flight from Newfoundland. Rain fell throughout the night.

POPE RECEIVES FIRST AMBASSADOR OF BRAZIL

Rome, April 15—Pope Benedict yesterday received Olynthos de Magalhães, who presented credentials as Brazilian ambassador to the Vatican. The legation here having been vacated recently by the rank of embassy.

REPORTED ARCHDUKE JOSEPH EXECUTED

Former Austrian Premier and Minister of Commerce Also Said to Have Been Put to Death

London, April 15—A Copenhagen despatch from the Exchange Telegraph Company says that the Acht Uhr Blatt and the Abendblatt, of Berlin, bring reports received from a source in Budapest that Archduke Joseph, Dr. Alexander Wekerle, former premier, and Baron Joseph Stjepan, minister of commerce, were executed in a counter-revolutionary plot. The report, the despatch says, has not been confirmed. Archduke Joseph of Austria is a son of Archduke Joseph Charles Louis and was born on August 9, 1872. Dr. Alexander Wekerle has for the last fifteen years been one of the principal figures in Hungarian public life. Baron Joseph Stjepan, minister of commerce, was in Dr. Wekerle's cabinet during the summer of 1918. On February 28 he was arrested in Budapest in charge of having signed a counter-revolutionary plot. On April 2, it was reported that he might be sentenced to death.

WEATHER REPORT

Issued by Authority of the Department of Marine and Fisheries, R. F. Stewart, director of meteorological service. Synopsis—The barometer continues high over northern Canada, while the low which was in Arkansas yesterday is now centered in Illinois. Rain is falling over the western portion of the Great Lakes including southwestern Ontario. The weather is fair and mild in the western provinces. Showery. Maritime—Moderate northerly winds, mostly cloudy and cool with a few scattered showers today and Wednesday. Lower St. Lawrence, Gulf and North Shore—Northwest winds, cloudy and cool today and Wednesday. New England—Probably rain late tonight and on Wednesday; moderate north winds.

Wilson For Home At End of Month

Leave on April 27 Or 28, Says Paris Paper

VERDICT FOR \$1,471.90

Judgment in Lyman vs. Emery, An Automobile Case

BUTTER IN STORAGE

Reduction on April 1 But Still 1,773,200 Pounds

Ottawa, April 15—Reduced stocks of butter in storage on April 1 are shown in a report which the cost of living branch has presented to the minister of labor. The total amount of creamery butter in storage on April 1 was 1,773,200 pounds. The report states: "Comparison figures show this to be 69 per cent less than last month and 17 1/2 per cent less than last year. The quantity of dairy butter in storage amounts to 116,968 pounds. Comparison figures show this to be 72 per cent less than last month and 76 per cent less than last year. The quantity of cheese in storage on April 1 was 1,499,952 pounds. Comparison figures show this to be 38 per cent less than a month ago and 63 1/2 per cent less than a year ago."

PRESENTATION TO J. S. CLARK IN POST OFFICE

Gift of Chair to Official Retiring After 27 Years

At the post office at 1 o'clock today Postmaster Sears and all the employees gathered to make a presentation to James S. Clark. Mr. Clark has been in the post office staff for twenty-seven years, starting in 1892. He served on the registration staff under Mr. Potter, Mr. Nicol and Mr. Woodrow and finally took charge of that staff himself. He retired on April 1 of this year after six months' sick leave. The postmaster made the presentation accompanied by the following address: "Boys and fellow-workers! You all know our friend, Mr. Clark, and we all value him as an old friend and an esteemed associate. We asked him to come here on this occasion because we want to show him some mark of our regard. We want to thank him for his experience and for what he has given us of that experience. We admire him for the sterling qualities which he possesses and which are so well fitted for the postal service. We all have not been in the service so long as he has and I hope the young members will try to emulate him. Mr. Clark has performed his work with zeal and efficiency and I take great pleasure in presenting this chair on behalf of the staff." Mr. Sears then led with three cheering cheers and a tier.

Mr. Clark in a few well chosen words thanked the postmaster and his former fellow employees for their kindness and said that whenever he sat in the chair he would think of those with whom he had worked for so long. "KID" BECKER KILLS SHOT BY HIGHWAYMEN St. Louis, April 15—Henry "Kid" Becker, known as the "King of St. Louis gamblers," who was shot by highwaymen last night died yesterday. Becker was thirty-six years old, and from boyhood followed the races. It is said he had won and lost several fortunes, and that he left a large estate. Fire on Vessel at Quebec. Quebec, April 15—Fire early today in the storage compartments of the coastwise steamer Tremblay did damage of \$400.

BOX SEATS, ANNA CASE RECITAL

Patrons purchasing box seats for the War Veterans to a considerable extent in this connection. The number of seats available for these are obtainable from Mrs. Hugh McKay, 30 Queen street, "Phone Main 9758, who is in a position to place and furnish with reserve tickets, which would not necessitate exchange of tickets at Imperial Box Office. Price of box seats \$2.50.

CORN FOR WHILE WAS HIGH IN AIR

Chicago, April 15.—Corn rose today to the highest prices yet this season for May delivery. Continued wet weather likely to hinder the crop movement was the chief reason for the new upward. The bulge, however, led to extensive profit-taking and a reaction to below yesterday's finish. Opening prices, which ranged from 1-8 cent off to 8-4 cent advance, with May \$1.60 to \$1.61 and July 1.53-8 to \$1.54 were followed by moderate set-backs all around.

Oats, like corn, reflected by only a transient advance the bullish influence of widespread rains. After opening 1-8 cent to 8-8 to 1-2 cent higher.

IT'S UNWISE to put off today's duty until tomorrow.

If your stomach is acid-disturbed take

KI-MOIDS

the new aid to digestion comfort today. A pleasant relief from the discomfort of acid-dyspepsia.

Failure to do so a Felony—The Measure a Drastic One—Aimed at Secret Arrangements Concerning Underwriting Commissions

(New York Journal of Commerce.) Senator Foley has introduced a bill, known as Senate Bill No. 988, to amend the penal law in relation to the publication of information concerning the issue and sale of stocks and bonds and other securities of corporations. If enacted into law it will become effective immediately upon approval.

The measure requires by or on behalf of such corporation to be paid for the promotion, organization or underwriting and all other expenses incurred or to be incurred in connection with the flotation of the issue of securities of corporations. If enacted into law it will become effective immediately upon approval.

AVOID ALUM IN FOOD

Baking Powder is one of the most important food ingredients. Alum or other injurious acids are frequently used by some concerns to lower the cost of production.

MAGIC BAKING POWDER

Contains No Alum It is a pure phosphate baking powder and is guaranteed to be the best, purest and most healthful baking powder possible to produce.

W. Matthew Williams in "Chemistry of Cooking," says: "Phosphates are the bone-making material of food and have something to do with building up of brain and nervous matter."

Made in Canada

PERSONALS

J. N. Harvey, of Vancouver, who has been spending two weeks with friends in St. John and other maritime province points, left for New York last night en route home.

Miss Helen Walton, daughter of Mr. and Mrs. Edward Walton, Haymarket square, left last evening for Brighton hospital to take a course in nursing.

J. H. McFadden and R. St. J. Freese, barristers of Sussex are in the city today on business.

Mrs. T. H. Miles of Boston, who was called to the city some weeks ago because of the serious illness of her sister, Mrs. John R. Hopkins, Exmouth street, has returned home.

The Star Lady of Gaspe, Wm. Thomson & Co., arrived here this morning with a cargo of sugar and hides.

The Olympic, Carmania, and Aquatania are expected at Halifax on Wednesday, Thursday and Friday respectively.

MUST HAVE SOMETHING. Hamilton Times: With butter prices soaring out of sight, and with a scarcity of the article, some concerted effort should be made to impress the government with the necessity of refraining from interfering with the sale of margarine. The people must have either one or the other, and the scarcity and prohibitive price of butter make it a matter of necessity to use margarine. It would be a fatal mistake to bar out this commodity.

HIGHER FUR PRICES. The New York Fur Auction Sales Corporation announces the following changes in prices at its sale held on Monday of last week, as compared with the January, 1919, sale: Beaver, 10 per cent higher; fisher, 60 per cent higher; Russian sable, 30 per cent higher; blue fox, 25 per cent higher; wolvenine, no change.

Of Higher Rank. "Will you have some mo' coffee, general?" asked a colored waiter, known to the Birmingham Age Herald. "Don't call me 'general,' Sam; I'm just a plain captain." "But, boss, ain't you in de army?" "Of course." "Well, we've got majors an' kernals all aroun' here dat ain't never seen no army. You's bou'n' to outrank dem, sah."

FLEET-WILSON An interesting event took place last evening at the home of Rev. Mr. Morris, Pagan Place, when Hugh A. Fleet was united in marriage to Miss Helen A. Wilson, daughter of Mrs. J. Wilson, both of this city. William Fleet acted as best man. Only a few relatives and intimate friends were present. The groom is a popular winter port employe and follows his father's profession as a fisherman. Mr. and Mrs. Fleet will make their home for the coming season in Montreal. They have the best wishes of numerous friends.

DOWNFALL OF SOVETS AT MUNICH IS ANNOUNCED

Paris, April 15.—(Havas Agency)—A proclamation issued by the Bavarian government announces that the garrison at Munich has swept away the Soviet forces, that the regime of Herr Hoffman has been re-established and that the transportation of the Polish General Haller's army across Germany for Poland will start on April 15.

Berlin, April 15.—(By the Associated Press)—In spite of adverse votes by the Independent Socialists, the Soviet congress yesterday adopted a resolution sponsored by the Majority Socialists for the incorporation of every ounce of national economic energy into a national worker's system which will culminate in a national workers' chamber representative of all crafts, arts, professions and industries.

For some years English born soldiers have complained that while Irish and Scotch members of the army could wear their national emblems on their tunics there was no provision for wearing roses on St. George's Day, but now this injustice has been righted, for an order by the army council has been published authorizing English soldiers to wear roses or English emblems on St. George's Day, April 23. Therefore any soldiers may wear the red and white rose together in their caps and celebrate their national festival. They may also wear English flags if preferred.

MAY GET AWAY ON THE FLIGHT TODAY

St. John's, Nfld., April 15.—Sopwith airplanes may fly this afternoon. The weather has improved somewhat and they have located a section of ground at Mount Pearl sufficiently firm to justify them taking a chance.

POSTUM A caffeine-free beverage rich in coffee-like flavor, but containing no coffee. Pure and Wholesome.

QUEBEC RETAILERS TO ADOPT CASH SYSTEM.

Decide to Close All Credit Books on May 1 Next

Quebec, April 14—It is feasible that all retail dealers sell only for cash and give up simultaneously and suddenly the age-old system of credits to their customers.

The Quebec Retailers' Association appears to think this plan practicable, for it recently decided that after the first of May next it would close all credit books and sell only for spot cash.

The resolution calling for that, which was unanimously adopted at the meeting of the Retailers' Association, points out that the credit system is detrimental to both dealer and purchaser; that it has always been an obstacle to the common prosperity; that the credit system is a source of unnecessary expense to the dealer, who has to keep books, mail accounts, spend on paper, and collection; that the credit system requires a large office staff, etc.

The resolution also says that through the credit system, people over-estimate their purchasing powers, whereas if they have to pay spot cash at the time of the purchase, they buy less, thus saving the national source of provisioning, and also preventing a useless waste.

The motion also says that of all the people affected by the credit system, the retailer is the worst off, because he has to pay for his goods on the fifteen or thirty day agreement, while he is sometimes months, even years, before collecting his money from the consumer.

It also says that never in the past has the credit system brought any advantage to either the consumer or the dealer, and that it is bound to get worse with the coming of a time when money and other essentials to business are showing an inclination to a high price.

John F. Tobin Dead

Quincy, Mass., April 15—John F. Tobin, national president of the Boot & Shoe Workers Union, died at his home here yesterday. He was born in Guelph, Ont., sixty-four years ago.

DANDRUFF GOES!

HAIR GETS THICK, WAVY, BEAUTIFUL

Save Your Hair! Double Its Beauty in a Few Moments. Try This!

Hair Stops Coming Out and Every Particle of Dandruff Disappears

Try as you will, after an application of Danderine, you can not find a single trace of dandruff or falling hair, your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance, an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents and prove that your hair is as pretty and soft as any that it has been neglected or injured by careless treatment—that's all.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

WHY WE WIN

AND HOLD THE CONFIDENCE OF OUR CUSTOMERS

Because We Keep Faith With Them

Therein lies the secret of the continued growth of this business. We sell what we advertise and we advertise only the best quality merchandise the market affords. And the prices—let them speak for themselves.

Just One Application and the Hairs Vanish

(Toilet Talks)

Any woman can keep her skin free from unsightly hair or fuzz if she will follow these simple instructions. When hairy growths appear, apply a simple paste, made by mixing some water with powdered dandruff. Apply this to the surface and after 2 or 3 minutes rub off, wash the skin and the hairs are gone. This is a harmless treatment, but be sure you get the real dandruff.

Cocount Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with.

Don't use prepared shampoos or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain unadulterated cocount oil (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get unadulterated cocount oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

Big Hoosier Sale Starts Wednesday

Join the Hoosier Club Today—Only \$1.00 Down Puts The Hoosier In Your Kitchen

HOOSIER

— the Kitchen Cabinet that saves miles of steps

I Too, Have Abolished Slavery

Hoosier's abolition of kitchen servitude has brought a new vision of life to nearly a million and a half housewives. These women are no longer slaves to old ways that waste time and energy. Drudgery has ceased to be their master. With its many wanted features and labor-saving inventions, the Hoosier has made their kitchen work easy and enjoyable.

Aided by domestic science experts and many practical housewives, Hoosier makers have conducted thousands of experiments in perfecting this "automatic servant." All kitchen devices were thoroughly tested. Only the worthy conveniences were adopted.

THE CLUB PLAN IS:

- \$1.00 puts this famous White Beauty Hoosier in your home.
- No collectors going to your doors.
- No interest or extra fees.
- The balance in small monthly payments.

We Prepay Freight to All Parts of the Maritime Provinces
SOLE AGENTS

The Hoosier holds first place in efficiency, workmanship and materials. It represents the utmost in time and labor-saving kitchen equipment. It has been designed by women for women—not a mere cupboard and table combined, but a scientific work-reducing machine.

Come now and select your Hoosier. Then abolish slavery in your kitchen by having it installed at once. Don't hesitate because you may not have the money. A dollar deposit puts this work-saver in your home. The balance may be paid in small monthly payments.

THERE WILL ONLY BE A LIMITED NUMBER

of Hoosiers sold. Come in and enroll your name on the Hoosier Club Sale. First come, first served.

USE OF SCHOOL BUILDINGS.

The St. John school board is to be congratulated on its action of last evening in regard to the use of the assembly hall of the King Edward school by the South End Improvement League.

The members of the board will be interested in a booklet which came by mail from London to the Times-Star this morning. It is entitled The Home, School and Church in Community Building, and is No. 18 of Series I issued by the Khaki University of Canada.

The booklet just received has for its slogan: "Let's get together," and in discussing the school in its relation to the community, quotes the following paragraph from a leader in educational work:

"The new conception of education is to so organize the schools as to reach all the people who need inspiration and assistance to surmount the high and difficult places in life, and thereby extend to them the real blessings of a democratic government."

Consider also the following extract: "When we consider the amount of money invested in our educational system in the way of buildings and equipment, we must feel that it might return much greater dividends than it does now. It will depend on you as rate-payers whether this larger return is secured. To show why and how this might be carried out will be our next endeavor. It ought to be more widely used because: (1) The school is responsible for educating the whole community—otherwise it will be difficult to get the results of modern investigation and discovery to those beyond school age. (2) The money is already invested and is only being used a very small portion of the day. (3) One of the most immediate needs of rural life is a social centre—here, in the school, it is ready made. Let's get together. Very little planning and extra expense would equip it for community uses, by having such equipment as movable desks, hardwood floors, platform, etc. In putting up new buildings no extra expense would be entailed—only a little careful planning. Home and school would be brought closer together in their mutual task of character training through frequent meetings of teachers and parents to discuss common problems such as truancy, punctuality, child nature, health, etc. All of these avenues of service would open the way for the teacher to his highest place of service in the community, in the capacity of a community leader."

This is the vision of the future given to our soldier lads in the Khaki University, before they come home. They are shown the way to community service. What would they say on their return if they found the people at home reactionary in spirit, ruled by prejudices, and having no disposition to get together?

What is true of rural schools applies even more largely to congested city centres. Let's get together, and let the school boards and the teachers lead in presenting the larger vision of educational community service, with the school building as a centre from which shall flow ever-broadening influences for community upbuilding.

POOR OLD ST. JOHN. The New Brunswick Power Company regards it as good business to spend a lot of money to keep a large lobby on the spot in Fredericton. The city of St. John is open to the charge that it does not think the matter at issue important enough to pursue a similar policy. True, it has its representatives in the house, but even they might assume from the small number of those who think it worth while to give a day to the cause that there is very little real public interest. And that is what is always the matter with St. John. It should have a large motto erected in the most prominent place available to this effect: "Let George do it." Mr. M. E. Agar and those who have given their time freely have a right to resent the conduct of those who declared that the city must fight for its rights but did nothing and do nothing themselves. But for the future effect upon other municipalities and the province at large it would be serving St. John right to make it pay dividends for all time on a million or two of water as a penalty for the apathy and self-absorption of the citizens when their rights are assailed.

THE HOME-COMING. No soldier should be kept in England one hour longer than is necessary. That St. John wants to make holiday and extend a welcome in a large way should not be considered for a moment beside the soldier's desire to get home by the first available steamer.

As a matter of fact St. John has regarded the return of the soldiers with

quite too much indifference. There is not a sign anywhere to welcome them unless it is an assurance that they may purchase certain lines of goods at a discount. It is not so in Montreal and other cities. Even if there is no welcoming committee the soldier who walks out of the depot and looks around is assured by signs that Canada does not forget.

St. John might well follow such an example, if it were only to put a sign in the depot and one at West St. John. Some day after all the boys have come home the city will no doubt stage a celebration in some sense expressive of what is in the hearts of the people, but a little more present evidence of that feeling would cheer the returning men.

A soldier who was greeted by his own folk at the depot the other morning said he felt embarrassed because his comrades from other parts of the province could not feel that they, too, were regarded as a good deal more than mere passengers alighting from a train. No doubt a loving welcome awaited them at their homes, but how pleasant it would be to see a big sign of welcome in the depot at St. John, and hear a ringing cheer from a group of citizens. The burden should not be thrown upon a committee. That is too easy a way of avoiding personal inconvenience. The boys at the front never showed that spirit.

Since this article was written it is announced that Royal Standard Chapter, I. O. D. E., will erect a welcome sign at the railway depot. The ladies deserve the thanks of the citizens, but the work should not have been left for them to do.

THE WORK OF THE Y. M. C. A. The remark of Sir Arthur Currie that the Y. M. C. A. was an essential part of the army because it contributed so much to the morale of the troops was brought home to all who heard Capt. Best speak at either of the three meetings he addressed yesterday. It was also made clear that the work of the Association was not ended, but rather increased by the signing of the armistice. The tension had relaxed. The soldiers were done with fighting, but could not at once come home. They needed something to occupy attention that had previously been centred on the activities of war. It became necessary to provide more of healthful recreation and entertainment to divert their thoughts and keep them fit and content to await the slow process of demobilisation. In this the Y. M. C. A., with its fine equipment and trained secretaries, was able to do the most valuable service. These secretaries were consulted by the various army commands, and did their utmost to meet the new situation. That they did well is the verdict of men just home from the front, and who knew of their huts in France, Belgium and England, their leave stations in London and other large cities, and the cheery message they always had for the lads in khaki. The Y. M. C. A. found itself when the war broke out, and it goes on to a new and indispensable work in the era of reconstruction, with a programme which cannot but commend itself to all Canadians. Such addresses as those delivered by Capt. Best are both illuminating and inspiring. They disarm criticism, because he frankly says that some mistakes would be unavoidable in so vast an organization and so large a work. He insists, however, and Sir Arthur Currie holds the same view, that the Y. M. C. A. work in these four years has been of enormous value. The people may safely and confidently accept such assurances.

It is time the churches and temperance organizations united in a sweeping campaign, with a vigilance committee of one hundred if necessary, to run down the boot-leggers and end the illicit trade in liquor. They could do it—why don't they? A prohibition city with a full jail ought to be a challenge to every well-meaning citizen. The present situation is entirely due to public apathy. If the people can be waked up a change can be effected in a week.

It would be very fitting if the first vote by the women of New Brunswick were recorded to make prohibition safe for this province. There can be no doubt about the way they would vote, and none are so deeply concerned as are the mothers of New Brunswick in removing temptation from the path of fathers and husbands and sons.

Lunch is now served in the Dining Car. ON A TRAIN TRIP or on the journey through life, a frequent cup of MORSE'S TEA affords a pleasure that everyone can enjoy.

HELP! You may be able to defend yourself from a frontal attack, but how about it if you are held up from the rear? Your body has to fight constantly against disease. It isn't always a fair fight, because constipation is a treacherous enemy that you usually don't recognize until too late. Stagnating, poison-forming food waste in your large intestine, helps disease to attack you and hinders you from defending yourself. Such self-poisoning causes over 90% of human illness. You may be held fast for months in the grip of constipation, trying vainly to free yourself by taking castor oil, pills, salts, mineral waters, etc., in order to force the bowels to move. Not only will the constipation grow worse with the continuance of such remedies but you will be less able to defend yourself against the attack when it comes. On the other hand, Nujol overcomes constipation and brings about the habit of easy, thorough bowel evacuation at regular intervals. It acts gently and harmlessly, at all ages under any conditions. Take Nujol and constipation can't sneak up on you and cripple you when you least expect it. Get a bottle of Nujol from your druggist today and write for free booklet "Thirty Feet of Danger." Warning: Nujol is sold only in sealed Trade Mark. All druggists. Insist on Nujol. You may suffer from substitutes. Nujol Laboratories, STANDARD OIL CO. (NEW JERSEY) 50 Broadway, New York

WEALTHY FARMER IS MURDERED; INDIAN YOUTH SUSPECTED. Winnipeg, April 15—James Campbell, a wealthy pioneer farmer of the Teulon district, was found murdered and his body charred to a cinder in the buried ruins of his farm house on Sunday evening. An Indian youth, who gave his name as J. Cokrane, is being held as a suspect.

ESTIMATES INCREASED BY MORE THAN TWO MILLIONS. Toronto, April 15—Ontario's expenditure for the financial year ending October 31, 1920, was set at \$13,814,238 in the estimates brought down by Hon. T. W. McGarry, provincial treasurer, in the legislature yesterday. This represents an increase of \$2,204,138 over 1919. MARKETS FOR OUR GOODS. Ottawa, April 15—A cablegram to the Canadian Trade Commission from

the Canadian mission in London states that there is a promising outlook for the sale of Canadian products, especially of foodstuffs, in Scandinavia, Denmark and Holland. Import regulations for these countries have been undergoing considerable revision. Permits will be granted freely. No meeting of the city council will be held this afternoon owing to the mayor's absence. It will be held at 2 o'clock (old time) on Wednesday, when daylight time will be considered. THE ROTARIANS WANT BETTER PLAYGROUNDS Visit All Schools in Ashville, N.C., and Call for More Play Appliances and Other Things (Asheville, N. C., Citizen)

The special committee of the Rotary club, appointed several weeks ago to investigate the conditions at the schools of the city, has made its report and this report was filed at the meeting of the city commissioners held yesterday, with that body. The committee, after making recommendations for each school, urged that for all schools play ground appliances be provided, such as swings for the girls and "giant strides" for the boys. The committee states that on every hand the members were urged by the children both boys and girls, to have more appliances for their play and they found that at the schools where appliances were now being used the children seemed to be more pleased with the school work. The report was ordered filed by the city board for investigation. Besides suggesting many improvements the report says: "Play ground appliances such as swings for girls, 'giant strides' slides and other apparatus, which will give both boys and girls more healthy and interesting recreation, should be provided at all schools. We questioned many of the pupils whom we met and the general desire was expressed to have more play ground appliances at all the schools. As one reads the list of recommendations it is hard not to contrast the modern school and the rather barren plant which served educational needs in days gone by. But the change is not desired. Practical business men see today that a new era has brought with it new problems. Soon we shall be discussing how to provide school

TOOK SEVERE COLD ON HIS LUNGS COUGHED PHLEGM AND BLOOD On the first appearance of a cough or cold, do not neglect it, but get rid of it at once before it has a chance to grow worse, and get settled on the lungs, causing bronchitis, pneumonia and other serious lung troubles. Dr. Wood's Norway Pine Syrup will cure the cough or cold on its first inception and perhaps save you years of suffering. Mr. G. F. Stratzchuk, Carroux, Sask., writes: "Last winter I took a most severe cold on my lungs and was coughing up phlegm and blood most of the time. I had the cough for over two months, and took a great deal of different medicines, but found no relief from them. At last a friend advised me to take Dr. Wood's Norway Pine Syrup, which I did, and it gave me great relief in a very short time, and today I am enjoying good health again."

The marvelous results that Dr. Wood's Norway Pine Syrup has achieved in its cures of coughs, and colds has caused many so-called "bible" preparations to be put on the market, which do not contain any pine whatever. See that you get the genuine when you ask for it. Put up in a yellow wrapper; three pine trees the trade mark; price 25c. and 50c. Manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

TOOK SEVERE COLD ON HIS LUNGS COUGHED PHLEGM AND BLOOD On the first appearance of a cough or cold, do not neglect it, but get rid of it at once before it has a chance to grow worse, and get settled on the lungs, causing bronchitis, pneumonia and other serious lung troubles. Dr. Wood's Norway Pine Syrup will cure the cough or cold on its first inception and perhaps save you years of suffering. Mr. G. F. Stratzchuk, Carroux, Sask., writes: "Last winter I took a most severe cold on my lungs and was coughing up phlegm and blood most of the time. I had the cough for over two months, and took a great deal of different medicines, but found no relief from them. At last a friend advised me to take Dr. Wood's Norway Pine Syrup, which I did, and it gave me great relief in a very short time, and today I am enjoying good health again."

The marvelous results that Dr. Wood's Norway Pine Syrup has achieved in its cures of coughs, and colds has caused many so-called "bible" preparations to be put on the market, which do not contain any pine whatever. See that you get the genuine when you ask for it. Put up in a yellow wrapper; three pine trees the trade mark; price 25c. and 50c. Manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

THE ROTARIANS WANT BETTER PLAYGROUNDS Visit All Schools in Ashville, N.C., and Call for More Play Appliances and Other Things (Asheville, N. C., Citizen)

The special committee of the Rotary club, appointed several weeks ago to investigate the conditions at the schools of the city, has made its report and this report was filed at the meeting of the city commissioners held yesterday, with that body. The committee, after making recommendations for each school, urged that for all schools play ground appliances be provided, such as swings for the girls and "giant strides" for the boys. The committee states that on every hand the members were urged by the children both boys and girls, to have more appliances for their play and they found that at the schools where appliances were now being used the children seemed to be more pleased with the school work. The report was ordered filed by the city board for investigation. Besides suggesting many improvements the report says: "Play ground appliances such as swings for girls, 'giant strides' slides and other apparatus, which will give both boys and girls more healthy and interesting recreation, should be provided at all schools. We questioned many of the pupils whom we met and the general desire was expressed to have more play ground appliances at all the schools. As one reads the list of recommendations it is hard not to contrast the modern school and the rather barren plant which served educational needs in days gone by. But the change is not desired. Practical business men see today that a new era has brought with it new problems. Soon we shall be discussing how to provide school

CANNED GOODS SCARCE

Toronto Globe: The scarcity of canned goods is one of the problems confronting the grocery trade these days. For the last few months there has been heavy buying of both canned fruits and vegetables for export. Salmon, too, has been shipped in considerable quantities overseas. In fact canned fruits are so scarce among wholesalers that many lines are

completely off the market. Vegetables have not been shipped to the same extent, although, because of the shortage for domestic consumption, prices show some very sharp advances in the last fortnight. In fact, quotations on canned corn, for instance, almost place it in the luxury class. Tomatoes, too, are high, although not so much as corn. The grocery trade, on the whole, is quiet just now, stated a well-known wholesaler yesterday. The retailer is holding off in the matter of purchases. He did not believe, however, that prices would recede as quickly as had been expected.

OUR RESPONSIBILITY

Our work is the care of the most valuable sense of the human being—VISION. Viewing our vocation from the standpoint of duty to our patients, we shall neglect no detail of examination that might in the smallest way affect our prescription in giving proper glasses.

K. W. EPSTEIN & CO., Optometrists and Opticians 193 UNION STREET BUY WAR STAMPS

Buy Hardwood Flooring

It is cheaper than carpets, for when laid that practically ends the cost. Carpets mean frequent cleaning. They are unsanitary and are easily stained or become spotted.

Think what carpets will cost you now. For a choice floor buy 9-16 thick Birch at 9 cents a foot.

Easily laid.

The Christie Woodworking Co. Limited 65 Erim Street.

Of Course You'll Be Well Shod For Easter

Any other time of year but Easter under certain circumstances it might be permissible to be a trifle negligent in the attention given to the footwear—but Easter never.

It is rather paradoxical to say that footwear is the crowning article of dress to the well-groomed or well-groomed woman or man, nevertheless it is true.

And who is the man or woman (big or little) who doesn't drop in line with the well dressed at Easter time?

Now that the heavier boots are giving way to the lighter lines of footwear, Oxfords and Pumps are ruling and we are desirous of having you at least glance at our line.

We know from experience just what that glance will do in a contributory way to your having a parcel of footwear sent to your home.

Scarcely necessary to mention that prices are the lowest possible in the east. Low because governed and controlled by a sound merchandising policy.

EXONERATE TEACHERS OF ALEXANDRA SCHOOL

Report on Investigation Following Case That Was Before Public Recently

A committee appointed by the teachers' committee of the school board last night reported as follows:

The committee appointed at the last regular meeting of the teachers' committee of the board of school trustees of St. John, for the purpose of investigating the methods of discipline generally used by the teachers of the Alexandra school, have attended to that duty and beg leave to report as follows:

They have made three visits to this school, questioning not only the scholars of Miss Spencer's department, but also examining the discipline and government of other departments.

Your committee wish to assure the board that they did not find any evidence to make them believe that there is undue severity on the part of any teacher in the administration of any department of this building. On the contrary, they found every department from the principal's room to the primary grade in a state of admirable discipline—a discipline administered in accordance with the spirit and purpose of the regulations of the board of education. Every department seemed pervaded by a spirit of kindness and courtesy on the part of the teachers, who were doing their utmost to make this school what it has always been, one of the best in the city.

Falshoods Told and Believed.

Your committee have to record with pain that in the course of their investigations they discovered many cases where deliberate falshoods were told by scholars to their parents for the purpose of conveying erroneous ideas as to the severity of punishment practised by teachers, and it is still more painful to have to mention the deplorable fact that such falshoods were often readily believed by parents. In more than one case, and that too in schools of the seventh and eighth grades, there were found pupils who had presented excuses for their absence from school on which they had forged the names of their parents.

The fact that there has been more than one case of this kind seems to show that too little care is taken in many homes to instill a proper respect for truth and upright conduct in the minds of the children.

Your committee deem it right to bring these facts to the notice of the public, not only to show the difficulties under which the teacher often labors in the administration of his school, but also

To those who are really particular about the Coffee they drink, there is one brand that always pleases particularly well because it is particularly good—Chase & Sanborn's "SEAL BRAND" COFFEE.

In 1/2, 1 and 2 pound tins. Whole—Ground—Pulverized—also fine ground for Percolators. Never sold in bulk.

CHASE & SANBORN, MONTREAL.

is detention after school. Corporal punishment should be reserved for such grave offenses as downright disobedience, insolence to an instructor, and constant infringement of the regulations of the school.

When punishment of this sort has to be inflicted upon a pupil, your committee recommends:

1st—That the teacher be advised to discard the ruler in administering it.

2nd—That a record of such punishment be kept in a book supplied to the principal for this purpose—such record specifying the date and the reason.

3rd—That such punishment be administered by the teacher in the presence of the principal or preferably by the principal alone.

In concluding this report your committee wish to lay emphasis on the fact that they did not discover anything to make them believe that there is undue severity used by teachers in the administration of their departments. While the methods employed are for the most part strict, they are not unduly so, and your committee feel that the teaching staff of the public schools of this city merit and should receive in the discharge of their difficult duties, the approval of the members of the board as well as the hearty support of the parents of the children attending the public schools.

A. F. EMERY, M. D.
ANNIE E. TAYLOR,
H. S. BRIDGES,
Committee.

St. John, N.B., April 12, 1919.

to lay emphasis on the fact that a regard for truth is the foundation of every virtue. Not only should a school be pervaded by a spirit of honesty and truthfulness, but it must instill in the minds of those taught a regard for truth and a hatred for deception and falshood in any form.

In regard to the government of the school, while it may be assumed that the ideal is to govern with hardly a rebuke, and without punishment at all, it will be found that this is not often possible in earthly class-rooms. Your committee feel that in most schools, however well conducted, offenses are sure to come, and if punishment suited to the offense is not inflicted, disorder will sooner or later prevail and the authority of the teacher be set at naught.

Now the punishments available to the teacher are reproof, disgrace (such as standing apart from the class), detention with or without tasks, and in some cases bodily chastisement or corporal punishment. Many weak parents and some teachers who are not able to rule, and amiable theorists who have never tried to rule, often maintain that children should be ruled by love and not by fear. But it must be remembered that discipline rests on authority and love, and that where love is too weak

to affect the conduct of a wayward child, it must be reinforced by fear.

Corporal Punishment.

Your committee, however, deprecate the infliction of bodily chastisement for such minor offenses as mistakes in spelling or lack of preparation of the work set to be done at home, as they feel that the proper punishment for these things

ZAM-BUK

This illustrates but one of the many uses to which Zam-Buk, the great herbal balm, is daily put. Accidents will happen, especially where there are children. Mothers should never be without Zam-Buk. Zam-Buk is the best "First Aid." Its strong antiseptic properties kill all germs, preventing blood-poisoning and inflammation. Its rich herbal essences quickly ease pain and build up new healthy tissue. Zam-Buk is entirely different from all other ointments. It is purely herbal and contains no poisonous coloring matter. Take no substitute. See the name on every box before paying.

ZAM-BUK HEALED SEVERE CUT

Mrs. J. E. Bierwirth of Carnduff, Sask., writes: "My little son cut the end of his finger. As it was such a severe cut, I was going to take him to a doctor, but in the meantime to ease the pain, I applied some Zam-Buk. This stopped the bleeding and gave him such relief that he ceased crying and seemed quite at ease. I therefore decided to see if Zam-Buk would heal the wound. Next day I replaced the dressing, and continued to do so each day, using nothing but Zam-Buk. Complete cure resulted."

Cat's Paw Rubber Heels and Rinex Soles

—made them good as new.

Cat's Paw Rubber Heels and Rinex Soles will double the wear of your comfortable old shoes. As long as the uppers are good, Cat's Paw and Rinex will make your shoes good as new, for you don't have to break them in, and they will have a spring that you didn't feel with the first soles of leather. They are waterproof, full of life and long wear, will not slip, and make walking ever so much easier.

Always demand Cat's Paw and Rinex; there is no such thing as "just as good."

DOMINION RUBBER

Common Sense Health Talks

BY E. W. BOWER, M. D.

AFTER COLDS AND INFLUENZA.

We cannot too often urge folks to "clean house." When I say "clean house," I mean daily cleansing of the intestinal tract is important. To keep well or to ward off the attack of the germs of influenza or pneumonia use every precaution. First and foremost, take castor oil or select a vegetable pill. Such a one is composed of May-apple, leaves of aloë, root of jalap, and made into tiny sugar-coated pellets, to be had at every drug store as Dr. Pierce's Pleasant Pellets. Be sure to take them every other day.

The body's resistance depends upon a good rich blood supply, and if the blood is right there are good policemen (phagocytes) in our blood stream who guard us against the influenza bacilli, the pneumonia germ, or the other germs of disease. How can we best put our blood, or "our house," in order? Exercise and breathe fresh air, drink plenty of water—preferably hot water—before meals to act on the bladder and the kidneys. If the back aches, if the water is full of sediment and the whole urinary tract needs attention, then it's a simple thing to get "Auric" (anti-uric-acid) tablets at the drug store. These Auric tablets set as an antiseptic and a tonic to the intestinal tract and to the bladder and kidneys, as well as carrying away the poisons and the uric acid from the system.

After Spanish influenza swept the country we are confronted by the wrecks of men and women who have been left in a weakened condition, with faces pale and feelings of general lassitude and weakness. It is a fact to be borne in mind that the effort on the part of nature to throw off the poisons during the attack of Spanish influenza results sometimes in nephritis, or inflammation of the kidneys. To ward off kidney trouble and keep the kidneys, bladder and urinary tract in good condition, take this wonderful kidney remedy, "Auric," which was discovered by Dr. Pierce a few years ago and now sold by every pharmacist, or send 10c. for trial pkg. to Dr. Pierce's. Thus lumbago, rheumatism and gout are cured by the removal of uric acid. If the person is thin blooded, anemic, what may be needed is more red blood corpuscles and if one is rundown, weak or tired before tasks are half done, build up and gain in strength and health with an iron tonic tablet, which can be had at some drug stores as "Ironic." This is as good iron tonic as I know and made at Dr. Pierce's Laboratory in Buffalo, N. Y. A trial package can be had by sending ten cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

Now a Complete Truck

HEREAFTER Ford One-Ton Trucks may be bought complete with bodies and cabs, ready for the road. The Chassis may still be purchased separately. But in most cases, the Ford Truck will be sold as a complete Ford job. The body as well as the chassis will be planned to give Ford Service. This radical step in the production of Trucks is being taken to insure the utmost efficiency from the Ford Truck; to give the purchaser Ford value in every part of his truck; to produce better bodies at lower prices.

Two Standard Bodies

The two types of Truck body most widely used are the Stake and the Express.

These types will be kept in stock by Ford dealers and Ford Branches, set up, painted (or in the lead) and ready for prompt delivery.

They are scientifically designed to distribute weight and strain, and to give the utmost loading capacity.

They have oak floors. The sills are of seasoned hickory, clear five-inch members, clamped to the chassis. There are no bolt holes to weaken this sturdy frame.

Specially designed forgings and castings are used throughout the entire job.

The construction at every point provides for rough usage such as every truck is bound to get. There are no outside stake sockets or braces. The sides of the body are free from trouble-making projections.

The driver can step from the cab into the truck body, saving many a trip to the back of the truck.

Enclosed Cab

There never has been any sound reason for an open cab for all-year-round service. A truck goes out in rain and storm. The driver should be protected from unnecessary exposure.

He gets proper protection in the Enclosed Cab of the Ford Truck.

This Cab can be closed up tight, or perfectly ventilated. It has sliding windows and two-way double ventilating windshield. It is the Coupe idea applied to the Truck.

These Complete Ford Trucks are on Sale NOW

Call and learn what it will cost to use them in your business. Look them over carefully. See how they outclass other Trucks in every detail. This new idea in selling Trucks not only gives you unusual value, but enables you to avoid delay in securing the Truck you need.

“What is This Nerve Food You See Advertised in all the Papers, Some Kind of Patent Medicine?”

PERHAPS that is what you might call it. Well, do you know anything about it? I certainly do, and have a box right here in my grip. Why, say, in my estimation, it is the greatest thing ever invented in the medicine line. You seem to be rather enthusiastic. You are not selling Nerve Food, are you? No, I am not selling it, but I am recommending it. When I find a good thing I like to tell others about it. What did it ever do for you? I was on my back with the flu for two weeks, and when I got up was so weak that I did not get out of the house for ten days. I started out on my trip on the road, but did not have the energy to sell goods. What seemed to be the matter? The doctor said my nerves were in bad condition. I could not sleep nights, and after talking to a customer I seemed to be all in. There was so little nerve force in my system that I went all to pieces with a little exertion. I did not get right until I had used Dr. Chase's Nerve Food for about two weeks. By that time my appetite was good and I began to feel like myself again. For a month I scarcely missed a dose of the Nerve Food, and am now feeling fine. I eat and sleep well, and take the same old pleasure in my work that I always did when in good health. You must be all right, then. Yes, and I certainly appreciate what Dr. Chase's Nerve Food has done for me, for I thought I would have to quit the road entirely. You can call it a patent medicine if you like, but, anyway, I swear by it. Dr. Chase's Nerve Food, 50 cents a box, 6 for \$2.75, all dealers, or Edmansons, Bates & Co., Ltd., Toronto. On every box of the genuine you will find the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author.

INQUEST INTO DEATH OF GEORGE E. COLWELL

An inquest into the death of George E. Colwell was conducted last night by Coroner F. L. Kennedy. The jury went out at 1 a.m. and returned with the following verdict: “We, the jury, empanelled to inquire into the death of George E. Colwell, find that he died in the General Public Hospital on the evening of April 12, 1919, from a fracture of the skull. The said fracture was received while he was at work on the C. P. O. S. liner Scandinavia on the afternoon of April 12, 1919, at No. 6 berth, West St. John, and was caused by being struck on the head by a falling iron stanchion. We find from the evidence that the accident was caused by having inexperienced workmen make repairs, they being carpenters instead of iron-workers. We deeply regret the lack of sympathy shown by his fellow workers in allowing him to go to the hospital unattended. “We would bring to the notice of the workmen's compensation board the urgent need of an ambulance for the exclusive use of the West Side during the winter months.” The following witnesses gave evidence: Dr. H. Hedden, superintendent of the General Public Hospital; Andrew Sheppard of 90 St. James street, West Side, who was working with Mr. Colwell at the time; D. Maryland, a hatchman on the steamer; E. Robillard, who was in charge of the winch; E. Toole, who worked with Mr. Colwell; Oscar Taylor, who also worked with the unfortunate man; Morton McLaren, a workman, and William Urquhart, foreman of the carpenters on the vessel. J. F. H. Teed represented Mrs. Colwell.

SMOKE MACDONALD'S INDEX

T. P. Regan, president of the N. B. Automobile Association, has received an invitation to attend a Canadian good roads congress and exhibition in Quebec on May 20, 21, 22. A St. Stephen delegation and band will come here to welcome the 29th Battalion.

GOVERNMENT BILLS IN THE LEGISLATURE

Women's Franchise, Compensation Act, Liquor Law Amendments—Two of Opposition Vote With Government

Fredericton, N. B., April 15.—It was nearly half-past one o'clock this morning when the legislature adjourned. Government bills introduced last evening reached a total of a round dozen. The premier announced that these bills completed the government programme and intimated that they should not stand in the way of prorogation on Thursday.

When the house went into committee for consideration of bills the attorney-general with respect to the bill to extend the franchise to women, asked for the decision of the members on the proposal contained in the bill to prepare special lists of women voters before July 1. This precipitated a lively discussion in which the opposition members seemed rather at sea. Although they recognized that the premier could not be expected to tell them when the next general elections would occur, they ardently lashed for the information, and also for the possible date of the prohibition referendum. Not receiving any enlightenment, many of them reversed the attitude they had taken before and demanded that the special lists be prepared. The debate having shown difficulties in the way of having the work of revision done in the country districts before July and a general opposition to the extra expense involved, the government members with the added support of Messrs. Campbell and Foltis, voted to eliminate the provisions for the special lists, and accordingly they were struck out. As the bill now stands the names of the women electors will be added at the time of the usual revision in September.

An amendment was made to make clear the government's intention that all soldiers, whether of age or not, should have the right to vote in the compensation act providing that an action to recover compensation for an injury sustained before the act came into force may be maintained was passed.

Mr. Smith, of Carleton, offered another amendment to the act for the purpose of bringing men engaged in lumbering operations under its jurisdiction. The premier announced that the matter already had been decided upon and that at the next meeting of the government, probably within a day or two, the lumbering industry would be brought under the act by order-in-council.

The act to consolidate and amend the several acts relating to the protection of persons employed in factories was taken up in committee, but as it was deemed that no one would suffer by allowing the bill to stand over for another year, and considerable time would be saved thereby, this course was adopted.

There was no opposition to the government's proposal contained in the amendment to the liquor act, to take over the wholesale vending of liquor. Mr. Young even suggested that they go further and take over the retail vending as well. Mr. Potts protested vigorously against giving the board power to regulate the sale of essences, classing it as a dangerous infringement of personal liberty and said such action might lead to a rebellion.

Mr. Sweeney asked that the same right of appeal be given the accused as the prosecution enjoys. Dr. Campbell characterized the liquor law as the most un-British on the statute books, and said the right to search stables was causing unrest throughout the province.

Progress was reported in order to give opportunity for further consideration. Hon. Mr. Foster introduced a bill to provide for the funding of certain expenditures in connection with the Jordan Sanatorium and the O'Connor property, Fredericton. On the ground of urgency it was read a second time.

Hon. Mr. Veniot introduced a bill to amend an act to provide a fund for the building of permanent highways. He explained that it was proposed to fund the sum of \$450,000 during the present year. On the ground of urgency the bill was read a second time.

Hon. Mr. Roberts introduced a bill to amend the act respecting witnesses and evidence, which on the ground of urgency was read a second time.

Hon. Mr. Roberts introduced a bill to confirm certain measures taken during the influenza epidemic, which on the ground of urgency was read a second time.

Hon. Mr. Roberts introduced a bill to amend the public health act, 1918. He explained that the bill was to deal with several important matters, one of which was to reduce and possibly eliminate the epidemic of small-pox. The present law provided that district boards of health should be composed of not less than three members and more than five with the district health officer, chairman ex officio. Under the amendment it was proposed that the boards should consist of not less than four nor more than six members. On the ground of urgency the bill was read a second time.

Hon. Mr. Foster introduced a bill to provide for provincial debentures falling due in 1919. He explained that debentures to the amount of \$2,250,000 would fall due during the present year and authority was asked for power to make a new issue of bonds.

Hon. M. Tweeddale introduced a bill to provide for the transfer of certain parts of the crown lands to the municipalities to be used for a municipal home. He explained that authority was being asked to dispose of from 100 to 500 acres to municipalities which might require the same for the establishment of municipal homes. On the ground of urgency the bill was read a second time.

Hon. Mr. Byrne introduced a bill entitled, the sale goods act, 1919. He explained that the bill had been recommended by the board of uniformity of legislation and was to be read in connection with the sale goods act previously introduced. On the ground of urgency the bill was read a second time and referred to the law committee.

Hon. Mr. Byrne introduced a bill to amend the act relating to electoral districts and sub-districts. He explained that it would be applicable to parishes and sub-districts in the counties of Charlotte, Gloucester, Kent, Northumberland and Queens. On the ground of urgency it was read a second time.

Hon. Mr. Byrne introduced a bill to erect parts of the parishes of Northfield, Sunbury and Canning, Queens county, into a police district and to provide for the appointment of a stipendiary or a police magistrate. He explained that

the bill proposed to make the costs in criminal cases a charge upon that section of the parishes where the offence was committed and it also provided that the sum of \$400 be paid the stipendiary out of fines collected on account of salary. On the ground of urgency the bill was read a second time.

Hon. Mr. Byrne introduced a bill to amend the law respecting rates and taxes so far as it relates to the county of Kings, which on the ground of urgency was read a second time.

Miss Hazel McCain, superintendent of women's institutes in New Brunswick, gave an interesting address at a meeting of the local Women's Institute last evening. An instructive lecture was given by Hon. R. J. Ritchie, who spoke on laws affecting women. Refreshments

Canada Food Board License No. 71-1912
were served by Mrs. W. H. Golding, Mrs. Matthew Adams and Mrs. John Addy. A pleasing solo was sung by Miss Waterbury.
Inspector Brittain finds that a report that a man owning land at Loch Lomond intended to put pickered in a pond of his connected with the lake is untrue.

PEACE BRINGS MANY JOYS

The war taught us to save and to serve. It brought the supreme test of patriotism and now comes Peace with countless blessings—among them

Shredded Wheat

You couldn't get all you wanted during the war but now your grocer can supply the normal demand. It is the same Shredded Wheat you have always eaten—clean, pure, wholesome, nutritious. There is no substitute for it. Eat it with milk or cream. Salt or sweeten to suit the taste.

What an Easter this will be!

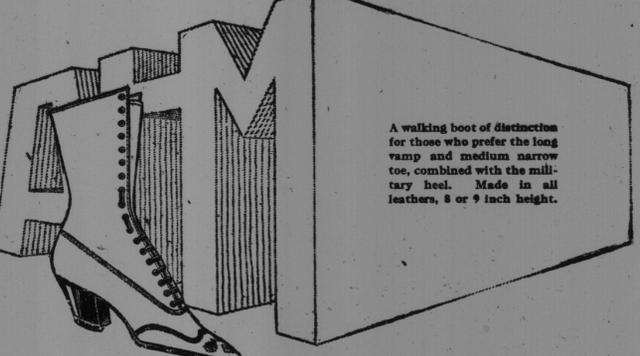

PEACE!—Joyous homecoming and reunion—Spring in the air—and renewed evidence of prosperity and plenty about us— Happy parents—healthy children—freed from the worry of the years of conflict and the restrictions that have helped to attain the victory that is now ours— Little wonder that the aim in thousands of Canadian homes will be to celebrate this joyous occasion by a return to old-time festivity. Let your home be one! Let your household, this Easter of 1919, once again freely enjoy its old-time Easter Breakfast—

Swift's Premium Ham

Gone are the reasons that for four long years have restricted the enjoyment of this delicately-tender, sweetly-flavored, simply-satisfying food product. Once more you need only phone your grocer or butcher in order to be promptly supplied. When you buy, make sure you see the Swift's Premium wrapper and brand. You can seek no better Easter breakfast dish than ham—you can find no better ham than Swift's Premium!

When You Buy for Style

THERE is a point beyond which the adding of refinements to a shoe can add nothing to its value. There is a certain definite limit to the fineness of leathers and fabrics.

Shoes of graceful design, and in perfect good taste, can readily be obtained at moderate prices, and little extra service value can be secured at any price. There is no reason why you should not pay extravagant prices if you can afford it, but you should understand what your dollars are really buying.

The model shown above is correct and attractive in style, and represents good value for the money in any of the grades in which it is made. Our booklet "How to Buy Shoes" gives some interesting information about different types and grades of shoes. We gladly send it to any address in Canada upon request to our head office at Montreal.

PARDEE CREATES A STIR IN PARLIAMENT

Indication of His Leaving Unionists—The Matter of Titles in Canada

Ottawa, April 14.—Fred Pardee, chief Liberal whip, created a sensation in parliament yesterday afternoon, practically declaring that he was going back to the Liberal party. He had differed, he said, in one question from his chief and others of his party and that was conscription but his Liberalism was better than ever. He declared that this country must come to one form of government and that is the party system.

The commons decided 71 to 64 to refer the question of titles to a special committee. Mr. Pardee's startling statement was warmly applauded by the opposition, while the occupants of the government benches maintained absolute silence. It was made during the discussion of a resolution introduced by W. A. Nichol of Kingston, advocating the abolition of titles in Canada, and an amendment by R. L. Richardson, of Springfield, to abolish hereditary titles.

Parliamentary corridors and galleries seethed with excitement. "Would Mr. Pardee cross the floor of the house immediately?" was the question on every lip. "Certainly he will attend the Liberal convention in August," one was assured. It was the opinion of his friends that he would not in the future attend the caucus of the Union government supporters.

The answer of one was that "The notice calling the Liberal conference for August next was the death knell of Union government." When the vote was taken, it was found that nine Unionists had voted with the opposition. They were Cruise, Campbell (Nelson, Man.), R. Reid (Mackenzie), Pardee, Crowe, Frapp, Foster (East York), Harold (Bramford) and Manion (Fort William).

The attitude of the opposition as declared by D. D. McKenzie, the Liberal leader, was that the matter should be settled by the house and not referred to a committee. Hon. N. Rowell made a statement with regard to the result of the conferences between the government of representatives of the letter carriers and postal clerks in Canada.

The request of the representatives of the various organizations present was for certain changes in salaries, bonuses, etc. The government had informed the delegates that a re-classification of the service was now under way and that no action could be taken until this was completed. The situation, as it now stood, was that the re-classification would wipe out all existing wage schedules and also nullify the differential between east and west. Men would be paid on the basis of work done no matter what section of the country they resided in. The new schedule would be dated back to April 1 and it was hoped, said Mr. Rowell, to introduce the re-classification of the service on or about the first of May.

USE KING EDWARD SCHOOL ROOM ONE NIGHT THIS MONTH

Further Consideration of South End Improvement League Request—Scholarships

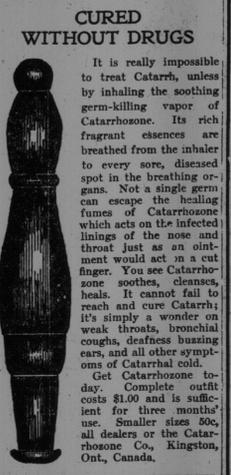

At a long and busy meeting last evening the school board decided to grant the use of the King Edward school assembly hall to the South End Improvement League for one evening in April, pending further consideration of its request for regular use of the building. The board also passed a motion making daylight time adoption by the city council for the city automatically take effect for the schools; granted a bonus of ten per cent. on their last year's salaries to all the janitors in the schools in lieu of the ten per cent. increase asked for, and received the report of a committee to the effect that a suitable site for a new building in the West End had been selected and it will be viewed by the whole board before action is taken in the matter.

Two offers received at the meeting were received with thanks, the first, a memorial scholarship of \$150 for High school students wishing to enter college from the High School Alumnae Association, and the second a first and second prize of \$8 and \$9 each to be competed for by the pupils of grade VIII in each school or where there is no grade by the pupils of grade VII. These prizes were offered by the DeMotts Chapter, I. O. E., and other co-operating chapters, for the best essay on What We Owe to the Navy. A. M. Belding was present at the meeting and put the position of the South End Improvement League with regard to the use of the King Edward school building very clearly before the board. Dr. A. F. Emery occupied the chair.

CATARRH COLDS BRONCHITIS CURED WITHOUT DRUGS

It is really impossible to treat Catarrh, unless by inhaling the soothing germ-killing vapor of Catarrhazone. Its rich fragrant breath from the inhaler to every sore, diseased spot in the breathing organs. Not a single germ can escape the healing fumes of Catarrhazone which acts on the infected linings of the nose and throat just as an ointment would act on a cut finger. You see Catarrhazone soothes, cleanses, heals. It cannot fail to reach and cure Catarrh; it's simply a wonder on weak throats, bronchial coughs, deafness, buzzing ears, and all other symptoms of Catarrhal cold.

Get Catarrhazone today. Complete outfit costs \$1.00 and is sufficient for three months' use. Smaller sizes 50c, all dealers or the Catarrhazone Co., Kingston, Ont., Canada.

and the members of the board present were Mrs. E. R. Taylor, G. E. Day, T. Nagle, J. P. D. Lewin, H. C. Smith, G. H. Green, E. R. W. Ingraham, Dr. H. S. Bridges, superintendent of schools, and Secretary A. Gordon Leavitt.

The secretary's report showed 8,076 pupils enrolled, 3,788 boys and 4,056 girls with an 88.78 per cent. of enrollment in daily attendance. The following applications were received for positions on the teaching staff from H. M. Vroom, Miss F. M. Coster, P. J. Patterson, Miss K. Folkins and Miss M. Crawford, and Janitor, J. A. Mallman.

The G. W. V. A. asked to be allowed to submit the name of a suitable man to hold the position of inspector of schools. Letters of thanks for increases in salary were received from Miss A. McGuigan, Miss B. Holder and Miss M. E. Lingley and the St. John Teachers' Association wrote to thank the board for granting its request that the increase of salary accorded the women teachers should date from September, 1918, instead of from January, 1919.

Interesting News For Working Men AN ARTICLE WELL WORTH YOUR WHILE TO READ

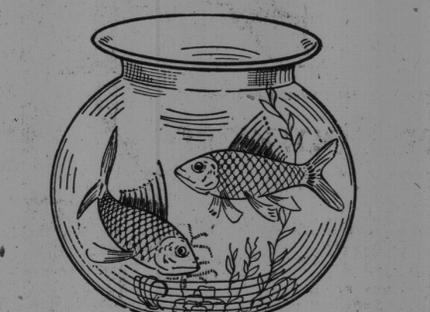

This is a nerve-racking age—not a man in an office or behind the counter, striving hard to get on in the world, that does not feel the strain. If nerves are in order, a man is strong, eats and sleeps well. Unstrung nerves means weakness, worry, sleeplessness and a general decay of bodily strength. Most men are careless of their health. They trust to luck and that kind of thing, instead of taking Ferrozone for a few weeks when they feel dull in the morning, or when they sleep poorly or lose appetite.

Ferrozone quickly brightens up the mind. It creates an appetite and improves digestion. Ferrozone makes blood, quiets the nerves, makes muscle like steel and induces refreshing sleep. Ferrozone is a body builder. Thousands have proved it. If you are sick or out of sorts, use Ferrozone and enjoy the splendid health it so surely brings. Permanent in its results, the greatest health-giver in the world is Ferrozone. Because nourishing and perfectly harmless, all can use it, even children. Get Ferrozone today, 50c. per box, at all dealers or by mail from The Catarrhazone Co., Kingston, Ont.

X-RAY PLANT AT HOSPITAL

The General Public Hospital is now equipped with a complete X-ray plant. It was manufactured by the Campbell Electric Company of Lynn, Mass., and was installed by Lawrence Gott, president of the General X-ray Company, also of Lynn, and it is the most powerful that can be obtained. The new installation is in keeping with the policy of the hospital to provide every facility for the best care and treatment of cases. Credit is due Dr. Heddon, the superintendent, for his untiring efforts for an efficiency of the institution, and also for his excellent supervision of the hospital.

RETURN OF QUEBEC GIRL WHO NURSED THE KING. Among those on board the hospital ship Essequibo, which arrived at Portland, Me., recently from Liverpool with Canadian wounded soldiers, was Matron Tremaine of Quebec, who has charge of the nursing staff of the ship. She is a member of the Victorian Order as well as having the 1915 star, the Mons medal awarded to Canadians in service in France that year. Matron Tremaine was decorated with the Victorian Order, given only to those who serve the royal family, for nursing King George when he fell from his horse in France.

A pleasing Shakespeare recital was given in Queen Square Methodist church last evening by a boy elocutionist, Norman Magnusen, and his father, both of Montreal. The programme was carried out under the auspices of the Epworth League, the proceeds to be devoted to missionary work.

The Full measure of honest market value is put into every genuine packet with the selling price on each.

This is the public safeguard.

Chick Raising Pays Big Profits

There's Money in Chicks

The Early Pullet Lays the Early Egg

And the early egg—say late November and through December—commands the top price of the year.

Start a

BUCKEYE INCUBATOR

in March or early April; raise the many chicks you'll hatch in a cool-burning Standard Colony Brooder, and this good money is yours.

We know the Buckeye Incubator and the Standard Colony Brooder will do exactly what we say. We guarantee it, and our guarantee is backed by the manufacturer. Everybody gets a square deal. Nothing beats the "Buckeye," and the Standard Colony Brooder has no equal. Come in and see them.

Notice To Advertisers

It is important that advertisers in The Evening Times take notice that, under the prevailing conditions due to change of time on the railroads, this newspaper is obliged to issue one hour earlier than usual, in order to make mail connections and, consequently, begin work an hour earlier in the day, therefore the business office will be open from 8 a. m. to 5 p. m. (old time) and advertisers are requested to have their copy in the office one hour earlier than usual. This to ensure prompt service and changes.

LOCAL NEWS

EXPECTED THURSDAY

The S. S. Minnedosa is expected in St. John on Thursday, with twenty-one officers, 375 other ranks and dependents on board.

THE MILLS

The four mills which were idle yesterday are still down. It was announced today that negotiations are under way between the men and mill owners to reach a settlement. The workers who struck are said to be non-union men.

HER BROTHER DEAD

Friends of Mrs. J. R. Shields, Murray street, will sympathize with her in the death of her brother, Jordan Clarke, of Hillsboro, who died on Monday morning. Mrs. Shields left today to attend the funeral.

PINED \$250

In the police court this morning the firm of McCormack and Zisman, 77 Smythe street, were charged with allowing fish to be caught in their weirs on Sunday. The full penalty for an offence of this kind is a fine of \$100, but Magistrate Ritchie considered the matter and as it was a first offence, a fine of \$250 or three months in jail was imposed.

HEALTH MATTERS

Another case of smallpox from Westmorland county was reported to the department of health this morning. It originated from Halifax, breaking out one day after the patient's arrival at his home from that city. The department, through its district medical health officer, Dr. Desmond, and the sub-district board of health for Westmorland county, have taken every precautionary step necessary. It was reported to the board of health today that another family in the city is infected with influenza.

POLICE COURT

One man was in the police court this morning charged with drunkenness. He told the court that he became intoxicated on lemon extract given to him by a man he had met in France. When asked by the court if he had ever lost any money while he was drunk, he said no. This question was asked, because it had been reported that some persons are doping returned soldiers and robbing them. He was fined \$8 or two months in jail.

A BIT DEARER

A local ice company has made a slight increase in the cost of ice sold out of the team to casual purchasers as a matter of equitable dealing with those who subscribe to a monthly or yearly service. The increase amounts to about 25 per cent and is along the lines followed by similar corporations in the larger cities. The ice crop this year has been about an average and if anything slightly below.

WEST INDIES STEAMER

The R. M. S. P. Chaudiers, which left Bermuda on April 12 docked here this morning at eight o'clock. She had eighty-two cabin passengers on board, among whom was Senator N. Curry, formerly of Amherst, now of Montreal; C. H. Harvey of the Marine and Fisheries Dept., Halifax, with his wife and daughter; T. A. Linton of this city. There were also military officers, most of them returning after duty in Bermuda. Most of the passengers were tourists making the round trip and they said that they had had a very pleasant voyage. The Chaudiers' cargo was 1,000 tons of sugar and 500 barrels of molasses.

LOCAL MILITARY NEWS

A party of imperial army men arrived this morning on the S. S. Chaudiers from Bermuda, where they have been doing garrison duty since the outbreak of the war. They are in the city awaiting transportation to England. Among them were Canadian officers who have been on leave in St. Lucia and Bermuda, including Captain McFarland, Lieut. Harrower, Lieut. Reddy, Lieut. Crowley and Lieut. F. H. Powell. Lieut. Powell of Ottawa has been doing duty with the No. 6 Company Royal Canadian Garrison Artillery in St. Lucia, West Indies, for the last two years. He was formerly in the Canadian field artillery in Canada. He is in this city awaiting his transportation to Ottawa.

LOYAL TO CUSTOMERS

There is at least one patriotic butter dealer in the community as an incident disclosed in the city market on Saturday relative to price would indicate.

A little old gentleman, who hails from one of the Kings county villages, has been selling butter at the public stalls for several seasons. He has never exceeded the market quotations and by reason of fair dealing and satisfactory product has worked up a profitable line of business.

The other day he returned to the market after a winter's lay-off and to a confidential friend made the following assertion: "That he had never offered seventy-five cents for his butter by agents of upper Canadian firms scouring the country but, knowing that prices were already excessively high and that he had a line of customers awaiting him in St. John with whom he wished to play the game fairly, he refused the alluring proposition of the butter scouts from Montreal and Toronto and brought his goods to town to be marketed at the ruling prices."

So much for a spirit of fair dealing and good citizenship which seems a rare thing in some directions nowadays when every trifling advantage is taken of the upward tendency in the cost of living.

SAVINGS IN SCHOOLS GROWING LARGE

High School Pupils Alone Put Away \$1,000 in Thrift Stamps in Two Months

The war thrift stamp campaign in the public schools seems to have taken a firm hold upon the pupils and by educational system and organization is now rolling like the proverbial snowball into a large and important factor in St. John's patriotic financial effort.

Dr. H. S. Bridges, superintendent of schools, tells the Times that in the High school alone during the first month, that of February, the pupils contributed \$450 by systematic weekly stamp buying and in the month of March, which was the last accounting, the sum of \$550 was accumulated, making an even \$1,000 in the first two months of the campaign.

The school superintendent says there are ten well organized savings clubs in the school system of the city and more are in process of organization. In some of the intermediate grades, such as 7 and 8, the boys and girls collect as much as \$5 to \$10 a week which, when totalled throughout the city, runs into a large sum of money. In fact the schools here are showing such enthusiasm in the matter of thrift stamps that it would not be surprising if they show the way to the whole of eastern Canada when the year's totals are struck and comparisons made.

FREE CLINIC FOR CHILDREN

Proposal to Treat at Hospital School Boys and Girls Who Need Dental and Eye Treatment

It is expected that a free dental and eye clinic, for the benefit of the school children, whom Dr. Mabel Hanington, in her inspection of schools in this city, had found that treatment will be established in the General Public Hospital.

The matter was talked over this morning, but no definite plans have been made yet. It is felt that a department of this kind is necessary, as a large number of children are afflicted in this way.

This matter was recently before the hospital commission, but was not given full consideration. It is hoped when it again comes before the commission they will consider it favorably.

INTEREST IN VISIT OF SIR ROBT. BADDEN-POWELL

St. John Hopes There Will Be Change That Will Bring Scout Chief Here

A great deal of interest has been stirred up in local boy scout circles over the coming of General Sir Robert Baden-Powell, chief and father of that famous body. The famous defender of Mafeking is due to arrive on this side of the water during the month of May and so far it is reported the only Canadian places at which he will be heard are Ottawa and Toronto, although local scout officials can hardly credit this rumor.

It is thought Sir Robert will not pass by the important scout division of eastern Canada, especially since he has been literally bombarded with telegraphic and written requests to visit here. An official inspection just now would give the organization added stimulus as well as showing some mark of appreciation to the lads who have done so much in their boyish yet effective way in fitting into wartime schemes at home.

The report that the head of the scouts is to spend some three weeks on the American side of the boundary naturally creates a little feeling akin to jealousy, but those in the high command argue that since the noted Englishman is head of the scouts for all the world, he must, of course, deal with each country according to its importance in organization and where the most work would be done upon him. In the meantime Sir Robert has not started his journey and there is still a strong hope that his itinerary will be so changed that St. John and Halifax will at least be included and that he might make his plans to arrive either in the sister city or at this port.

FURTHER PREPARATIONS FOR THE CELEBRATION OF BIG BATTLE ANNIVERSARY

Further details were worked out this morning at an executive meeting of the committee in charge of the arrangements for a banquet by the men of the first contingent who were in France early in the war and up to the end of April, 1915. The returned men from this vicinity who were in France during this period are entitled to attend the banquet. Tickets are in the hands of Major Peat of the medical corps; Louis LeLacheur, representing the signallers; Lieut. S. C. Tippet, infantry; Sergeant McCarthy, army service corps, and Sergeant Fowle, the artillery.

It was announced this morning that General Macdonell, G. O. C., M. D. No. 7, had kindly loaned all the facilities of the new mess room in the armory where the banquet is to be held.

The function will take place in celebration of the commencement of the famous battle in 1915, which included St. Julien, Ypres and Langemark. It is planned to make the anniversary one of the biggest military events of the season and the veterans are sure to receive all the co-operation that is due them. Nothing will be overlooked to make it a grand success.

MACAULAY BROTHERS & CO.
