of the principal speeches on the occasion we take from the Telegraph:

Mr. Anglin made a very appropriate speech, breathing toleration and patriotism, and thoroughly Liberal in tone. He briefly referred to his own political career, his former prejudices against the Ontario Liberals, his acceptance of Confederation and his subsequent alliance with the party led by Messrs. Mackenzie and Blake. He regretted the weakening of the Liberal party in the Local Assembly, and gave them and Liberals everywhere some judicious counsel for future action. The tactics of the present Ottawa Government, including corruption, gerrymandering and other illegitimate practices, were forcibly other illegitimate practices, were forcibly

while we would not make any effort to interfere with our neighbors in the exercise of their right to spend their money as they please, it will do no harm to say a word or two on the subject of having a match race between famous professional carsmen take place on the Miramichi. We take the ground that it is not desirable, for a good many reasons. Such events, while they bring together a very large number of entirely respectable sight-seers, also attract hundreds of the sporting fraternity and others. A portion of the sporting class are, doubtless, unobjectionable, but many of them are not so. Then, there must be scores of pickpockets, sneak thieves, wheel-of-fortune, three-card-monte and other rogues and sharpers,

ABDALLAH MESSENGER

Pedigree, etc of Abdallah Messenger

Abd allah Messengeris by Jupiter Abdallah, broad by Peter Vandervier, Esq., of Flatbush, Long Island, N. Y. Jy revit vancervier, Esq., of Flatbush, Long Island, M. Y.

Abdallah Messenger is a blood bay, 16 hands high and weighed 1,200 lbs. at 4 years old. He trotted a mile in 2.30, and was never trained. He was sired by Jupiter Abdallah, he by old Jupiter, he by Long Island Black Hawk, he by Andrew Jackson, he by Bashaw, he by Imported Bashaw.

Jupiter Abdallah's dam was by old Abdallah, grand dam sired by Eugineer, he by Mambrino, he by Sandaw and Sand

There is not a better bred horse in the country than the Abdalish Mossenger; he traces back to two of the best bloods in existence, viz: Abdalish and Messenger. While we do not wish to question the qualities of other good horses, we are correct in aying that the blood of Abdalish Messenger to-gether withhis fine size, symmetrical formation and great muscular power, stamp him at once as one of the best and first stock horse for all purpose that now stands in Amaria. Abdallah Messenger's Colts

have made the fastest trotting and he has sized more tretters than any other horse imported to P. E. feland of the same age. He came from I oug island, New York, May 14th, 1877. Captain I tring's colt, 2 years old, took first money Someriet Track last fall and John O'Ronghan's mare to took first money, and John Dobson's colt, 2 us old, took first money, and John Dobson's colt, 2 us old, took first money on Tryon ice last winning and the second of the second second and the second second and the second second and the second second

JOHN O'RONAGHAN. DEAR FIR.—As I thought you would like to hear how Abd allah Messenger stock is turning out, I might say I parchased one freu George Cudmors Euq., which is a credit to Abdallah and his owner. Euq., which is a credit to Abdallah and his owner. He is rising four years old and cast ret a mile inside of three minutes, has never been trained, and I'he is properly kandled he will make one of the fastest horses ever raised on P. E. Island. His weight is about ten hundred pounds; color, dark brown. There are several other colts around here sired by Abdallah Messenger which give every prospect of fast trotting and I consider Abdallah Messenger stock the best for speed on P. E. asstern laverness-shire, in the desert solitudes where the Findhorn and the Foyers first begin to draw their waters from a thousand mystic-named or nameless rills, stands the lodge of Allt-namba. The plain little doubled-gabled building, with its dependencies of kennels, stables, coach-house, and keeper's bothy, occupies a promontory formed by the confluence of two brawling streams, and facets a long, wide, beautiful valley, which terminates in the winding waters of a loch. It is the only sign of habitation in the strangely silent districts, and it is the last. The rought hill valley declined it.
