### LAND OF THE FREE.

Whites and Blacks in Conflict—A  
Mob Dispersed.

MERIDIAN, Miss., June 8.—News  
received here at a late hour last night  
that a riot between the whites and  
blacks at Marion, a small station on the  
Mobile and Ohio R. R., five miles north,  
is expected. The trouble is alleged to  
have grown out of the finding of a let-  
ter written by one negro to another  
urging a general uprising against the  
whites of that section. While citizens  
of the town and neighborhood, who are  
very much in the minority, are report-  
ed to have armed themselves and placed  
the letter writer under arrest. The  
arrest of the negro has greatly aroused  
the blacks. The sheriff of the county  
having organized a posse to go to the  
scene at a moment's notice.

HATTIESBURG, Miss., June 8.—An  
attempt was made by a mob last night  
to attack the county jail here in which  
was confined Walter Blackhead, a  
negro, charged with having attempted  
to assault Mrs. Garner, a white woman  
living near Hattiesburg. A company  
of military, ordered out by Governor  
Longino, however, repulsed the mob  
which afterwards dispersed. Further  
trouble is feared, and additional troops  
have been despatched to relieve the  
military on duty. At the request of the  
governor a preliminary trial will be  
given Blackhead tomorrow.

### RAINSFORD AND POTTER

Handed Without Gloves By Chan-  
cellor Day of Syracuse  
University.

SYRACUSE, N. Y., June 8.—A vigor-  
ous attack upon the published state-  
ments of Rev. Wm. S. Rainsford, rec-  
tor of St. George's church, New York,  
concerning temperance reform, and  
upon those of Bishop Henry C. Potter,  
concerning the excise question were  
the features of the Baccalaureate sermon  
delivered before the Graduating class  
of Syracuse university this morning by  
Chancellor James R. Day.

Dr. Day characterized the policy ad-  
vocated by Dr. Rainsford of having  
the churches offer small drinks to the  
public, that the saloons might be gradu-  
ally driven out of existence, as "fan-  
tastic," and said that sin was not to  
be used as an antidote for sin. The  
speaker ridiculed the idea as being the  
direct opposite of the teachings of the  
Bible.

The chancellor took exception to the  
"branding of those who would outlaw  
the liquor traffic and who make laws  
to prohibit as hypocrites" by Bishop  
Potter. He said it was not good for an  
eminent man to so brand the people of  
Maine and Kansas, or of any commu-  
nity because they disagreed with his  
ideas. "No one is harmed by the ill-  
considered and uncharitable remarks,"  
said the chancellor, "but the bishop  
himself. He has forfeited the respect  
of countless good people all over the  
country. When the church mourns and  
the rum-sellers rejoice, it is time for the  
bishop to retreat with repentance and  
confession."

### A FATAL FIRE.

One Killed, Three Injured and Sev-  
eral Missing—Loss \$300,000.

SARATOGA, N. Y., June 9.—One per-  
son was killed, three injured in hospital,  
and eight reported missing by a fire  
here early today, which destroyed prop-  
erty which was estimated at \$300,000,  
with insurance of about \$175,000.

The dead: Mrs. Mable  
Injured.—Fire Chief Chadwick, badly  
burned about head, fatally, it is fear-  
ed; Mrs. Hart, and a servant girl, name  
unknown.

The fire started in the Arcade build-  
ing on Broadway, and destroyed that  
building together with the Shackelford  
and the theatre Saratoga, and the Cit-  
izen's National Bank building. That  
portion of the latter building occupied  
by the banking institution was dam-  
aged only by water. The contents of  
the safes and deposit vaults remain in-  
tact and the bank will continue busi-  
ness this morning as usual.

Chief Chadwick was injured in rescu-  
ing Mrs. Hart from one of the burning  
buildings. Out of thirteen people who  
slept in the Arcade building several  
cannot be accounted for, and are be-  
lieved to be dead and in the ruins.  
The missing are: Mrs. Owens, Mrs.  
M. C. Hart, Mrs. Ahern, David, Mrs.  
M. C. Hart, Mrs. Ahern, David, Mrs.  
Morris, Miss Morris, Miss Ida Foster; Mrs. Mable,  
who was fatally burned, was asleep in  
her apartments in the Arcade.

### POPE AND ROOSEVELT.

An Exchange of Courtesies Between  
Pontiff and President.

LONDON, June 9.—A despatch to the  
Pall Mall Gazette from Rome says the  
pope was highly delighted with Presi-  
dent Roosevelt's gift of a complete set  
of the latter's works, and confirms the  
report that the pontiff issued orders  
that mosaics of St. Peter's and the  
Vatican be transmitted to the president,  
with his thanks. These mosaics are  
magnificent specimens of this branch  
of art and are made at the Vatican  
workshops.

### LOOKING FOR INFORMATION.

NEW YORK, June 9.—Among the  
passengers who arrived today on the  
strm. Barbarossa, from Bremen and  
Cherbourg were: Hauptmann Von Mul-  
mann and Oberst Von Witzleben, Ger-  
man army officers, who have been sent  
by the Kaiser to inspect the military  
academy at West Point, and also Sheih  
Yen Shoon and Tsin Tib, of the Chinese  
embassy at London, who are going to  
Vancouver to investigate Chinese im-  
migration.

### SOUTH AFRICA.

Lord Kitchener Announces the  
Surrender of 2,500 Boers.

Bitter Feeling Exists Between the  
Boers Who Surrendered Under  
Peace Terms and Those Sur-  
rendering During Campaign.

LONDON, June 9.—Lord Kitchener,  
in a despatch from Pretoria under to-  
day's date, announced the surrender on  
Saturday and Sunday of 2,500 rifles,  
of which 483 were handed in by Cape re-  
bels. The remainder were principally  
from General Dewet's men. The British  
commander added that the cheers  
given by the Boers for King Edward  
were hearty.

BLOEMFONTEIN, Orange River Col-  
ony, June 9.—A strong contrast to the  
good feeling between Boer and Briton  
is the bitterness existing between the  
burghers who are surrendering under  
the peace terms, and those Boers who  
surrendered during the campaign.  
When the Boer leaders came to Bloem-  
fontein, previous to the conclusion of  
peace, they curtly refused to shake  
hands with those who had previously  
surrendered. The general belief is that  
the relations between those two classes  
of Boers will be embittered for a long  
time.

LONDON, June 9.—The suggestion  
that Lord Kitchener with the con-  
vance of the government, entered into  
a secret compact with Boers to induce  
them to surrender was denied by the  
government leader A. J. Balfour in the  
house today. Mr. Balfour declared that  
as far as the government was aware no  
pledges and no assurances were given  
by Lord Kitchener which had not been  
published.

The colonial secretary, Joseph Cham-  
berlain, answering a question regard-  
ing the agitation for the suspension of  
the constitution of Cape Colony said he  
had received a petition from forty-two  
members of the parliament of Cape  
Colony in favor of its suspension, and  
had awaited the observations of the  
Cape ministry on the subject. An act  
of parliament, he added, was required  
before the constitution could be sus-  
pended.

### THE COAL STRIKE.

The Tightening Up Process Con-  
tinues—Intimidation  
Is Practised.

WILKESBARRE, Pa., June 9.—The  
"tightening up" process in the coal  
strike continues. All classes of trades  
unions in the coal belt have partici-  
pated in helping the miners and now the  
long predicted move of the railroad  
men has begun. At Freehold yesterday  
the railroad men of the Delaware, Susque-  
hanna and Schuylkill R. R. decided to  
refuse to handle trains carrying de-  
puties, coal and iron police or non-  
union men. The Lehigh Valley Co. men  
met at the same town and will not  
handle soft coal which may be wanted  
to displace hard fuel, and at Kingston,  
the Delaware, Lackawanna and West-  
ern Co. employees protested against the  
hauling of soft coal and condoned the  
action of railroad conductors in acting  
as deputies.

WILKESBARRE, Pa., June 8.—The  
house to house canvass of miners' com-  
mittees in an endeavor to bring out  
those who have refused to strike and  
also those who have taken the places  
of strikers, is still being vigorously  
pursued. Many of the men who are  
still working complain that their houses  
are stoned almost nightly. The ass-  
aults are made usually between 9 p.  
m. and midnight. The method is to  
gather a small body of men and boys  
and at a given signal send a storm  
of stones against the dwellings, breaking  
windows and frightening the inmates.  
The police department of this city to-  
day ordered the removal of all effig-  
ies that have been strung up since  
the strike began. A large number have  
been removed, but the police managed  
to find eighteen of them in the city to-  
day. Twenty of them were seen in the  
region above Wilkesbarre as far as  
Pittston.

SHAMOKIN, Pa., June 8.—The homes  
of Charles Albert, Robert Thomas and  
William Rodin, non-union employees  
were surrounded by a crowd of strikers  
early this morning and effigies of the  
three were burned on bonfires. Women  
furnished the effigies. Rodin, wearing  
of the demonstration faced the mob  
and threatened to shoot if any one  
ventured on his premises whereupon  
the crowd dispersed. Acting under or-  
ders of Burgess William Thomas, the  
police last night and today destroyed a  
number of effigies which had been left  
hanging about the town.

### IN WEST VIRGINIA.

THURMOND, W. Va., June 8.—This  
is the centre of the New River coal  
field. It has been raining here today.  
Notwithstanding the rain the miners  
have been parading the Narrow Valley  
of New River and much drinking and  
agitation prevailed. Yesterday 85 per  
cent of the miners in both the new and  
the Kanawha River districts were out  
and it is thought that tomorrow not  
five per cent of the miners in these  
fields will be at work. The daily ship-  
ments of coal from these two fields  
amounted to five hundred cars, but  
yesterday less than 100 were sent out,  
and part of these were loaded Friday.

### DANISH EMIGRATION.

COPENHAGEN, June 9.—Emigration  
from this port to the United States is  
assuming increasing proportions. The  
emigrants are mostly young Swedes,  
who are leaving for America, partly on  
account of the more stringent military  
service relations.

### THE AMERICAN SUNDAY.

Pistols and Shot Guns Used and  
Four Persons Wounded.

BOSTON, June 9.—The harbor mast-  
er's office and the police stations along  
the water front were besieged today by  
anxious persons, inquiring for friends  
who went out in small craft yesterday  
and had not returned when a heavy  
squall swept over the harbor last even-  
ing. More than 20 persons were miss-  
ing this morning.

ST. PAUL, Minn., June 9.—A battle  
was fought with pistols and shot guns  
late yesterday between three citizens  
and about 30 Italians, employed in a  
camp on the Chicago Great Western  
road, at the end of the Concord street  
car line, resulting in the serious injury  
of four men, one of whom will die. The  
wounded; A. Roberg, will die; N. Mar-  
cotte, Minneapolis, injuries not seri-  
ous; Fred Wayman, expected to recov-  
er; Joseph Dors, an Italian laborer, has  
several wounds on his face, and it is  
thought that he will lose his eye-sight.  
The battle is said to have resulted  
from insults offered to two women who  
were passing the camp of the laborers.  
Pistols were used, but which side be-  
gan the shooting is not clear. The It-  
alians, it is said, had been drinking  
during the day, and when Mr. and Mrs.  
Roberg, Mr. and Mrs. Marcotte and Mr.  
Wayman passed the camp after a fish-  
ing trip, some of the laborers made dis-  
respectful remarks about the women.  
Roberg and Marcotte understood the  
insults spoken in Italian and answered.  
A pistol shot was fired, and immedi-  
ately followed by several others. The  
shooting ceased for a time and witness-  
es say some laborers ran into the camp  
building and one of them fired three  
charges from a shot gun. Each shot  
brought down a man, Roberg, Marcotte  
and Wayman falling in the street, and  
then the shooting ceased. The police  
arrested twenty of the Italians and  
twelve were detained at police station  
for investigation.

NEW YORK, June 9.—Twenty per-  
sons, who were caught on a yacht in  
Long Island Sound in Sunday's gale,  
arrived at their homes safely early to-  
day. The yacht was owned by Chas.  
E. Clark, a politician of the Bronx.  
The party had failed to return up to  
midnight and a general alarm was sent  
out. It developed that the yacht's rudder  
broke shortly after noon and the  
party, helpless before the gale, drifted  
in the course of the storm, until a pass-  
ing steamer took them in tow late in  
the afternoon and landed them at Bay-  
side, L. I.

THE GREAT WRAPPER SALE  
COMMENCED THIS MORNING  
WITH A BOOM. It will continue  
until the wrappers are all sold,  
but as there are a great many of  
them, they will probably last two  
or three days. Wrappers from 60c.  
to \$1.87 at Dykeman's.

### STREET RAILWAY STRIKE.

Jeering Mobs Make a Lively Sunday  
in Pawtucket and Central Falls.

PROVIDENCE, R. I., June 8.—The  
scene of action in the street railway  
strike today shifted from this city,  
where quiet has been restored for two  
days and lines opened, to Pawtucket  
and Central Falls. In these cities the  
cars of the United Traction Co. were  
struck and several partially demolish-  
ed. Jeering crowds thronged the streets  
from early morning until night and  
in frequency with which obstructions in  
the way of large stones, heaps of re-  
fuse and sand were placed on the tracks  
made the running of cars almost im-  
possible. Armed officers guarded every  
car, yet in many instances they were  
unable to preserve order, and in two  
instances calls were sent in for re-  
serves. One special deputy was at-  
tacked and relieved of his prisoner and  
a crowd of sympathizers broke into a  
car barn and badly smashed two cars.  
In Central Falls a car which encoun-  
tered an obstruction of refuse this after-  
noon stopped and the driver attempted  
to clear the track. He was attacked  
and the deputy arrested an assailant.  
He was set upon by the crowd and re-  
lieved of his prisoner while the other  
deputy was protecting the conductor.  
It took sixteen officers to clear a way  
before the car was moved.

### TO PREVENT STRIKES.

Effort to Establish an Arbitration  
Board in Chicago.

CHICAGO, June 9.—Alarmed by the  
disturbances that marked the striking  
of the packing house teamsters last  
week, employers have started a move-  
ment for the prevention of strikes, in  
the shape of an arbitration board. It  
is proposed that all difficulties that  
cannot be settled by the men directly  
with their employers shall be submit-  
ted to a joint advisory body composed  
of representatives from the Employers'  
Associations and the unions affil-  
iated with the National Teamsters union  
for arbitration.  
The initiatory action will be taken  
this afternoon, when the delegates from  
eight teamsters' organizations will  
meet. These delegates are expected to  
select a committee of seven to meet a  
similar committee from the teamsters'  
unions to devise a course of procedure  
whereby all serious differences may be  
adjusted.

### FATAL SUNDAY EXCURSION.

ing for Saginaw, consisting of an en-

River, while running 40 miles an hour.  
One man was instantly killed, three  
were probably fatally injured, and  
nearly 50 others received injuries of  
various degrees of severity, ranging  
from bruises and cuts to broken limbs.

# ST. JOHN STAR.

ST. JOHN, N. B., JUNE 9, 1902.

# THE BILIOUS GLOBE.

The Globe appears to be in a particularly bilious mood of late. Its fault-finding faculty is working over-time. It has discovered that there were Tories present at the congress of boards of trade in Toronto, and is especially scornful in its allusion to the St. John delegates.

Touching the resolutions with reference to preferential trade, the Globe scents danger to the broad liberal principles of free trade. Yet the Globe supports a protectionist government, which has violated all its free trade pledges of former years. The men who met in Toronto are business men. They do not all hold the same views on trade questions. There was, on the contrary, great divergence of opinion. But they met together as Canadian citizens, and the interests of Canada at heart. Naturally the delegates from various sections of the country viewed the different questions from a local as well as a general standpoint, and their participation in the conference was all the more valuable on that account. The Toronto Star, which is a very positive grit paper, and makes merry at the expense of some members of the conference, says that nothing occurred at the meetings to embarrass the premier in his negotiations at the imperial conference. The Star says that the trade resolution of which the Globe complains was "discreet and deliberate." Describing the various elements in the conference the Star includes this one:—

"Others again, with a wistful eye toward the United States, asked what the great American Republic would think of these things. They hardly liked to offend Uncle Sam, being somewhat hypnotized by that gasconading country, where the rich are growing richer and the poor poorer."

Is it with a "wistful eye toward the United States" that the erstwhile annexation organ in St. John sneers at the efforts of Canadian business men to bring about closer trade relations with the rest of the empire?

# TARTE ON BLAIR.

Mr. Blair and Mr. Blair's organ have a shivering spell whenever Mr. Tarte rises to discuss transportation matters. Mr. Tarte has always regarded with contempt Mr. Blair's dream of making the I. C. R. a great through line for ocean-borne traffic, and has had no sympathy whatever with those who in Mr. Blair's interest denounced the C. P. R. Mr. Tarte's latest delirium is so complete a repudiation of Mr. Blair's views that it must have been a particularly bitter pill for papers like the Telegraph. Mr. Tarte said he would make St. John the winter freight port for this reason, which he said was obvious:—"The C. P. R. must be depended upon almost exclusively to supply the trade for the winter port, and their own line runs only to St. John, so that the Canadian (steamship) line should furnish it with return freights."

Thus the I. C. R. is thrust unceremoniously into the background, without even a suggestion of apology to Mr. Blair, and the boast of the latter that he would give the Grand Trunk and Portland, Me., a little active competition, is brushed aside by the master of the administration, as an already exploded fallacy.

The four lake-built steamships, Northeastern, Northman, Northtown and Northwestern, which it was hoped would revolutionize the grain trade by carrying it direct from the lake ports via the St. Lawrence route to Europe, are being converted at Morse's yards, New York, into oil tanks. Only two of them went across with grain, and the venture did not pay.

Seven candidates who ran as straight prohibitionists in the Ontario elections were defeated, and eight other candidates who subscribed to the prohibition platform also went down. This leads the Brantford Expositor to remark:—"Explain the circumstances as you may, the fact remains that the pledging of candidates favorable to the prohibition cause has served only to secure their defeat."

Two members of the Italian parliament fought a duel yesterday. One was slightly wounded in the ear. Then they "became reconciled." And, so far as the record shows nobody laughed.

The members of the American embassy at Berlin yesterday attended, with those of the British embassy, a thanksgiving service for the conclusion of peace in South Africa.

The boy burglar, the murderer of Isaac Oulton and the forger of the Rothsay lists are still at large.

WELLAND, Ont., June 8.—The recount in Welland reduced the majority of Gross (liberal) from 121 to 112.

# MORLEY AND MITCHELL.

The Latest Trouble in St. Philip's Church Circles.

Mrs. David Mitchell says she regards some statements published with respect to transactions with the Rev. J. O. Morley of St. Philip's church as very injurious, particularly as they are untrue. It is alleged that Mrs. Mitchell is asking Mr. Morley to return four silver tea spoons which were a wedding present, and a picture which was a personal gift. Mrs. Mitchell says the truth is she gave a white bedspread as a present; that four table spoons were loaned weeks afterwards, when Mr. and Mrs. Morley were entertaining friends, and that the picture, which used to hang in the colored Oddfellows' hall, was also loaned at a later date. An evidence that the spoons were merely loaned, Mrs. Mitchell says she asked for them some time ago, and Mr. Morley promised to send them back, but two weeks ago, hearing that Mr. and Mrs. Morley were going to leave the city, and not receiving them, she wrote to Mrs. Morley, politely noting asking her to return them. Furthermore, Mrs. Mitchell states that the spoons were bought from Ferguson & Page for the restaurant business and had been used in that business, so that they could not have been intended for wedding presents. The subscription referred to was raised to buy curtains and not spoons. As Mr. Morley is to leave this week for Bermuda, Mrs. Mitchell has been obliged to secure counsel to get them. Independently of the wedding present above referred to, Mrs. Mitchell donated to the parsonage when Mr. Morley went housekeeping two chairs, two tables and some carpet, which of course in his generous report he forgot to mention, but he distinctly remembers four tea spoons which were had an existence in fact as far as Mrs. Mitchell is concerned and were not among her gifts. This part of the story Mrs. Mitchell pronounces a mere invention, intended to make her appear ridiculous in the eyes of the people.

# MR. MORLEY'S SIDE OF THE STORY.

Rev. Mr. Morley writes to the Sun: An article appears in Saturday night's Globe about four silver plated spoons begged by Mrs. Lena Mitchell for St. Philip's parsonage at the time of the marriage of Rev. J. O. Morley, the pastor. These spoons, Mrs. Mitchell now demands as personal property. The Rev. Mr. Morley made this statement when the spoons referred to were given they were new and had never been opened. Mrs. Mitchell said she begged them, but did not want her husband to know she had been solicited for aid for St. Philip's, as too much of that was already done in an underhand manner. She said her spoons were all marked with the letter "M." These spoons are not. The parsonage will, however, return the articles as a gift. How much was ever donated by kind citizens of this place will never be known, but I may say that the parsonage received very little. Yet there were two or three women out collecting, she included. My trouble with this family dates back to my marriage three years ago, when this said lady played a prominent part in bringing about the annoyance that then existed. She said she would get even. Perhaps this is one of her means of so doing. She tried often to make a disturbance between myself and my wife, and for this she was asked to keep away from the parsonage. The picture she met me some time last year in Queen square and told me to make my selection from the colored Oddfellows' hall, where she had many stored; this I did. As to the statement that I promised to return the articles she claimed she had sent for, it is absolutely false. I have not seen the said Mrs. Mitchell in months to speak to. The lawyer's letter came from Mr. Mitchell, and the articles were donated he was out of the city, and had been for months. I therefore felt I had no right to deliver said articles on such a demand, especially after I had been given to understand they were begged for St. Philip's parsonage.

I do not make this statement for notoriety, for I detest publicity of any nature, but that a fair minded public may see the malevolence which the servant of God's Church at St. Philip's has to meet and endure while toiling for the uplifting of fallen humanity.

# ST. JOHN DELEGATION.

OTTAWA, June 8.—The St. John delegation had a satisfactory interview with Sir Wilfrid Laurier, Hon. Mr. Blair and Hon. Mr. Tarte yesterday. The question of dredging the harbor and furnishing additional accommodation was discussed. Mr. Tarte said he would visit St. John shortly and consult with the civic authorities. After looking over the ground he would then be prepared to make a recommendation to his colleagues.

# MONTREAL, June 8.—The St. John harbor delegation is to be taken for a trip around the harbor tomorrow and will be entertained at luncheon by the Montreal harbor board.

# DEATH OF COL. FLETCHER.

MONTREAL, June 8.—Colonel John Fletcher, C. M. G., for many years prominent in Canadian military circles, died last evening, in his 87th year. He was born in Scotland in 1815 and came to Montreal when quite young. He served in the rebellion of '37-'38, and took an active part in the measures to repel the Fenian invasion in 1870. He led the line of skirmishers that carried the enemy's entrenchments at Trout River. For this service he was created C. M. G., and was subsequently appointed deputy adjutant general.

# MARITIME COLLEGE UNION.

HALIFAX, N. S., June 8.—E. H. Eaton of this city, representing Acadia College, has officially informed the joint committee representing King's and Dalhousie colleges that the matter of Acadia's attitude on the question of union will be considered at the August meeting of the Baptist convention of the maritime provinces.

# THE CORONATION.

Honorary Holder of Office of King's Champion Will Appear.

It has been stated that though the coronation will not be followed by the banquet in Westminster Hall, says the London Telegraph, and consequently there can be no challenge within that building on the part of the King's champion, yet the hereditary holder of that office will appear in the procession. An interesting rumor is circulating in Westminster that at some point on the route there will be an actual revival of the historic ceremony, modified by the circumstances of the present day. To go back to the precedent of 1821, when George IV. was crowned, the entrance of the champion, Mr. Dymoke, was thus described in the "Annual Register" of that year.

"The way to the bottom of the hall was now again cleared, to make room for the approach of the champion, Mr. Dymoke, who was soon afterwards seen in his full suit of armour under the porch of the triumphal arch. Both his own helmet and his horse's head were decorated with luxuriant plumes, the one containing twenty-seven ostrich feathers, and the other sixteen. The trappings of the horse were also of a splendid description.

"At the entrance into the hall the trumpets sounded thrice, and the passage to the King's table being cleared by the Knight-Marshal, the Herald, with a loud voice, proclaimed the champion's challenge in the words following:—

"If any person, of what degree soever, high or low, shall deny or gainsay our Sovereign Lord, King George the Fourth, of the United Kingdom of Great Britain and Ireland, Defender of the Faith, son and next heir to our Sovereign Lord, King George the Third, the last King, deceased, to be right Lord of the Imperial Crown of this United Kingdom, or that he ought not to enjoy the same, here is his champion, who saith that he lieth, and is a false traitor; being ready in person to combat with him, and in this quarrel will adventure his life against him on what day soever he shall be appointed."

It is quaintly recorded that "the champion then threw down his gauntlet, which, having laid a short time upon the ground, the Herald took it up, and delivered it again to the champion. Then then advanced to the middle of the hall, where the ceremony was again performed, in the same manner. Lastly, they advanced to the steps of the Throne, where the Herald (and those who preceded him), ascending to the middle of the steps, proclaimed the challenge in like manner; when the champion, having thrown down his gauntlet and received it again from the herald, made a low obeisance to the king; then the cup-bearer, having received from the officer of the Jewel-house a gold cup and cover filled with wine, presented the same to the king, and his majesty, after drinking to the champion, sent the cup-bearer to him with the cup. The champion, having put on his gauntlet, received it, made a low obeisance to the king, and drank the wine, after which, making another low obeisance to his majesty, and being accompanied before, he left the hall, taking with him the cup and cover as his fee."

It is obvious that, should this ceremony be revived in any form in full public view, the detail will be considerably revised.

# CORONATION CONTINGENT.

QUEBEC, June 7.—In spite of the rainy weather hundreds of spectators filled every place of vantage to witness the departure of the troops to the continent. The guard of honor of 100 men from the 8th Royal Rifles was in line on the wharf. The Governor General inspected the coronation contingent on Allan's wharf before the troops embarked, and at 9 p. m. the Parisian sailed with them for Liverpool amidst enthusiastic cheers from the crowds. A salute of 21 guns was fired from the citadel, and the steam whistles of all tugboats and vessels in port were blown. The Governor General is accompanied by Lady Ruby Elliott and Arthur Slade, his excellency's private secretary. Col. Sergt. Henry Brennan and Private R. Watt of this city have been added to the contingent to fill vacancies caused by the non-arrival of two men from Dawson City.

# FIRE AT AMHERST.

AMHERST, N. S., June 8.—Fire broke out in the plant of the Amherst Foundry and Heating Co. early this morning and damaged the engine room and finishing shops seriously before it was got under control. The loss is estimated at about \$2,500, but the exact amount cannot be ascertained until tomorrow. A large proportion of the damage is to the stock of stoves and patterns. Owing to the new warehouses now under construction not being ready the stock of stoves in the finishing room was very large, and the damage consequent higher than it would have been otherwise. The loss is covered by insurance.

YACHTING. OF ROYAL DESCENT.

The Winogene Wins the R. K. Y. Club's Willis Cup.

The Willis cup for class B yachts of the Royal Kennebecasis Yacht Club fleet was won by Edgar Fairweather's yacht Winogene Saturday afternoon in one of the most exciting races ever sailed in this vicinity. The cup was offered by E. LeRoll Willis in 1899 and was to be awarded to the boat winning it three times. The first race was taken by Mr. Fairweather's boat, the next year the Wahbewawa, owned by Harry Gilbert, P. Egan and Andrew Burns, captured the race. In '01, the Winogene was the victor and again this year Mr. Fairweather's boat crossed the line first.

The conditions called for a course four miles to windward and return. Saturday there was a light wind, south to southwest, and it was found necessary to go to Grand Bay to get the required course. The start was made about 3 o'clock from a buoy off Brown's house, the turning buoy being in South Bay. The Gracie M. was first across the mark, followed closely by the Winogene and Wahbewawa.

The three boats kept well together, changing positions almost every tack. Shortly after the start the Gracie M. went by an accident, her spinnaker boom being broken by a fall. The Gracie turned the buoy first, followed closely by the other boats. The Winogene was the first to break out her spinnaker and quickly overhauled the other yachts. The Winogene and Wahbewawa gradually ran away from the Gracie and were close together to the very finish. In fact the two yachts were so close, the Wahbewawa crowding the Winogene, that Mr. Fairweather was obliged on four occasions to life his spinnaker boom to avoid a foul. By splendid seamanship he kept his boat in position to cross the line first.

On Saturday next classes A and B will sail for the cup offered by the residents of Westfield. The race will take place off that favorite summer resort.

WOMAN'S ART ASSOCIATION.

The nominees for office for ensuing year were: Miss M. Barry Smith, president; Miss McGivern, treasurer; Miss Louise Hamm, corresponding secretary; Miss Nellie Parker, recording secretary. As there was no opposition, they will be elected. The vice-presidents nominated were: Mrs. George Herbert Flood, Mrs. George Murray and Mrs. R. G. Murray.

Miss Mary McKean, who has been recording secretary since the organization of the association, retired on account of absence from the city. WESTERN BOOM.

A Wheat Farm of Over a Million Acres.

American and Canadian Capitalists Organize a Company to Buy the Land.

(Winnipeg Free Press, June 2.) The great Saskatchewan Valley Land company's deal whereby that organization of American and Canadian capitalists purchased an immense tract of land in Assiniboia and Saskatchewan will rank in importance in Canadian history with the C. P. R. Company and the Hudson's Bay Company.

One million one hundred thousand acres, nearly 1,600 square miles of land, the best wheat land in the world, comprises the purchase.

This land lies now for the most part untouched by the plough of the pioneer. In two years through the efforts of the new company it will be settled as thickly as any part of Manitoba.

A. Mackay, superintendent of the experimental farm at Indian Head, a man with twenty years' experience in that country, stated after looking carefully over the land that it was capable of producing over thirty million bushels of wheat annually.

This is half the entire crop of Manitoba and the Northwest Territories last year, and is equal to the entire crop of the year before.

Last Tuesday a private car left Chicago having on board a number of millionaires interested in the company and others who wanted to see the land.

They were joined at Minneapolis by others. A party from Winnipeg also left and met the others last Thursday at Regina. The entire party travelled up the Regina-Prince Albert line inspecting the land and planning methods by which this land is to be filled with settlers.

The entire party arrived back in the city yesterday afternoon, their car being attached to the regular east-bound express. They will remain in Winnipeg for a day or two.

Personnel of Party.

Those in the party were: Col. A. D. Davidson, of Duluth, a gentleman who has very large interests in American lands and who is interested in about twenty-five American banks; F. E. Kenaston, president of the Minneapolis Threshing Machine company, president of the John A. Bell Engine Works, Toronto; G. F. Piper and E. C. Warner, manufacturers of lined oil, Minneapolis; A. D. Douglas, director of the American Cereal company, a capitalist interested in many of the greatest companies in the American republic; G. F. Howe, a capitalist and banker, of Duluth; H. Matthews, of White Bear Lake, dealer in real estate and lumber; T. C. Wells, ranch owner, capitalist and president of the Continental Packing company, of Chicago; Lincoln Richardson, traffic manager of the American Cereal company; F. M. Prince, manager and vice-president of the First National bank, Minneapolis; F. A. Chamberlain, president Security bank, Minneapolis; T. Hord, live stock broker, capitalist and rancher; D. H. Macdonald, banker of Qu'Appelle; A. J. Adamson, banker, of Rosyth; G. W. Wesley, a capitalist and banker, of Winnipeg, interested but unable to attend were S. A. Harris, president National Bank of Commerce, Minneapolis, and A. D. McRae, a prominent Duluth capitalist.

Big Farm Projected.

While on the trip a second company was formed which is unique in Canada. The name of it is the Saskatchewan Farm Co., and the purpose is to run an immense farm near Craik on the Prince Albert division. The farm will comprise a whole township, which covers an area of thirty-six square miles. The company will be incorporated under the Territorial corporation act. Work will immediately be commenced in breaking land and this year it is hoped that several thousand acres will be broken. This season is too late for the sowing of wheat but flax will be put in and next year wheat will be the crop. The most modern machinery will be installed, comprising steam plows, threshers, etc., and a man with a great many years' experience in large farming will be engaged to superintend the work. Buildings will be built at once, labor hired and in a very short time work will be under way.

The purpose of this is to give the people who will come in to occupy the company's land a practical demonstration of what can be done in farming on a large scale and the savings and economies that can be effected by modern and scientific methods and up-to-date machinery. The books of the company will be kept open to all and the most careful record of all statistics will be kept. Besides being a commercial venture the proprietors believe that this farm will be invaluable as an experimental station and will take its place with the other government experimental farms of the dominion.

No Time Wasted.

The way this company was organized, illustrating the bright methods of modern Americans, made some of the Canadians open their eyes. The idea of the farm was conceived, a meeting was held on the train and the project was discussed, the company formed, the capital placed at \$120,000, and those who took stock sat down and wrote their cheques for this amount. The whole matter was settled in a few minutes. The directors appointed are: Thos. B. Wells, Chicago; G. E. Warner, Minneapolis; John Walker, Chicago; Andrew Duncan Davidson, Duluth, and F. E. Kenaston. Mr. Kenaston is president, Mr. Davidson vice-president and Mr. F. M. Prince, secretary-treasurer of the new company.

A New Townsite. A pleasing incident of the trip was the establishing of a new townsite near Finlay, which was named Davidson after Colonel Davidson, who organized

the syndicate. A hotel, depot, post office, grocery and offices will be erected at this point and a flourishing town will soon be in active life.

BRITISH STATESMEN WISE.

A Moderate American View of the Peace Terms.

(Portland Press.) There seems to be complaint among some Englishmen that the terms to the Boers are too liberal. These men are taking counsel of their passions rather than of their judgment. The problem of South Africa is not solved by the laying down of arms of the soldiers of the two republics. The most difficult part of it is how to make over a population hostile at heart into trustworthy and loyal subjects. The great majority of the permanent population of South Africa is Dutch, and probably ever will be. Many Englishmen have been attracted by the gold and diamond mines, but very few are cultivating the land, and when the mines decline the English population is likely to decline also. The Dutch must be conciliated, therefore, must be converted into loyal subjects, if South Africa is not to become a second Ireland which England can keep in order only by having close at hand a large army maintained at great cost to the empire. The statesmen who made the peace treaty saw this clearly, and therefore made the terms as liberal as was consistent with the preservation of British sovereignty. In all probability in practice the terms will be even more liberal than they appear on paper. South Africa filled with a loyal population may be a source of strength to the British empire. Filled with men sweating under tyranny and with their freedom needlessly curtailed, it would become a source of weakness and might some day prove a millstone about its neck. English statesmen never acted with higher wisdom than when they granted liberal terms to the brave and indomitable Boers of South Africa.

RIDERS OF THE PLAINS.

Coronation Squad of N. W. M. P. Are Each Six Feet Tall.

(Winnipeg Free Press, June 2.)

If it was not for the fact that they have probably heard the same thing before the flattering remarks passed on the appearance of the squad of Northwest Mounted Police at the C. P. R. depot, on Saturday afternoon would have had the effect of sending them to the coronation with the affliction commonly known as "swelled head."

The contingent numbered exactly 25, including the officer in charge, Capt. J. Cartwright; Regt. Sgt. Knight, Regina; Staff Sgt. Cotter, of Macleod; Staff Sgt. Brooke, of Calgary, and Sgts. Marshall, of the Yukon force; Richardson, of Battleford; Robinson, Regina. The men are chosen from every point where the Mounted Police are stationed, six having come all the way from the Yukon. The men and officers were not dressed in the red uniform, but wore a very becoming khaki dress with high top tan boots. The uniform set off the splendid figures of the men to perfection. There was not one of them who would not have been called a fine type of soldier, each being six feet tall. They were met at the station by a large crowd of friends and by others who simply wished to have a look at the contingent.

AN ANCIENT BRITISH CHAIR.

(N. Y. Post.)

Dr. James Johnson, the British antiquarian, has made an interesting discovery at Stanford Bishop, England. He has found in the village church an old oak chair which is believed to be the most perfect example of ancient British carpentry. It is believed to have been used by St. Augustine at the synods held between 590 and 603 A. D. It is made entirely of oak. It is oblong in shape, the outside measurements being 32 inches long and 22 inches wide. Four posts, with two boards mortised into them, form the supports. The seat is 26 inches long and 18 inches wide, and appears to have been 2 inches thick when built. The construction is, in many respects, similar to a Roman sedum or chair of authority.

BOY SHOT HIS FATHER.

Coroner's Jury Exonerated the Nine-Year-Old Slayer From All Blame.

SHERBROOKE, Que., June 5—Details of the tragedy at Whitton, in which Donald, the nine-year-old son of Jos. Hugh Matheson, shot and killed his father, are at hand today, in the evidence taken before the coroner's jury. The lad and his brothers told a story of most cruel treatment at the hands of their father. On one occasion they were all driven from the home and lived for a week in a camp in the woods. On the day of the shooting the father threatened to kill all his children, and started to put his threat into execution. He had one of the boys down and was calling for a club, when Donald took up the rifle and sent a bullet into his father's body. Death followed in twenty minutes. The coroner's jury exonerated the lad, finding that he acted in self defence, and in defence of his brothers. Evidence went to show that Matheson had been constantly abusing his children, and had driven his wife to a premature grave by ill treatment.

HYMN.

For the Celebration of Peace.

(Composed by Dean Partridge, and sung at the Cathedral, Fredericton, on Sunday night). Tune—Austria.

Heavenly Father, bear our praises, As we bend before Thy throne; On this day we lift our anthems, And Thy tender mercies own; Heart and voice together blending In our grateful songs, to Thee, For the triumphs Thou hast given us, Laud and glory ever be!

In the hour of doubt and anger England raised to Thee her cry; Now that conquest, by Thy goodness, Crowns our arms with victory, May we feel that Thou hast saved us, Thine the might, the issue thine; In the strength of Thy salvation

Rest us, and Thy love divine. Long and bitter raged the conflict Forged upon us by the foe; In our country's hour of need Forth our sons to battle go; Some thou tookest to Thy bosom, Borne again in martyr's blood, Firm they stood, and yielding never, Died for England; sleep with God.

Though our hearts with grief are anguished For our loved ones resting there; To the remnant Thou didst spare: Peace Thou grantest like a river, Sch. Adorne, 192, Williams, from New York; R. C. Kilkin, bal.

His funeral took place at half-past two o'clock this afternoon from his late residence. The services were conducted by the Rev. Mr. McKel and interment made in Cedar Hill cemetery.

ORANGEVILLE, Ont., June 7.

TONIGHT'S ATTRACTION.

Lytell's Company of Forty Artists in a Milk White Flag at York Theatre.

Not for years has a St. John audience had such an opportunity to enjoy bright, clean comedy, running over with laughter and music, as is offered in Hoyt's Milk White Flag, to be presented at York Theatre tonight by the old St. John favorite, Wm. H. Lytell, and his talented company.

When Charles W. Hoyt discovered some years ago that public taste lay in the way of laughter, not of tears, he laid the foundation for a fortune and for a great storehouse of merriment that was to delight theatre-goers for years to come. Of all the bright absurdities that have come in such rapid succession from this prolific fun-maker, none have been so bright, so original, and so daring as "A Milk White Flag." A brilliant piece of semi-dramatic crazy-quilt work for which the domain of opera bouffe, the sparkle of comedy, the gorgeousness of spectacle and even the robustness of melodrama, have all been called upon. It is daring in its conception, but never once does the author overstep the bounds of good taste in the telling of his story. One of the funny ideas incorporated into this plot tells of a man pretending to be dead to get one hundred thousand dollars life insurance money, and the added complication arising from the desire of a military company to have him a grand burial to eclipse a great funeral given by a rival company to one of their members. Every accessory that could add to the success of this splendid bit of nonsense has been looked after, and the beautiful settings with the gorgeous costumes of the Ransome Guards and the bright dresses of the vivandieres make a wonderfully pleasant picture under the dazzling brightness to the calciums.

HOW ARE YOUR POOR FEET?

Some member of the common council is suffering from corns, or at least if the corn cure man, who after the manner of Boadicea, harangues the populace from a chariot on King square, is to be believed, this is the case. The gentleman with the festering hair announced on Saturday night, his deputation of leading citizens headed by a member of the common council had requested him not to advance the price of his cure. This delegation met with more success than either of those which went to Ottawa on dry dock or winter port business. Their request was granted. But then Mr. Tarte and the corn doctor are entirely different persons. The gentleman on the square removes corns, and if his business during the past year has been as good as on the last few nights he must have a grand collection on hand. Old corns, young corns, big corns, little corns, pet corns and warts, all come under his influence and all lose their heads. The display of feet, too, is amusing. Some of them are cold, but they make no difference to the doctor who yanks out the offending lumps and smilingly keeps on talking.

SENATOR ELLIS

Sharply Called to Account By a Blair Organ.

(St. John Gazette.) Senator Ellis opposes the further extension of the intercolonial, but men of his stamp will oppose anything. He has at times even opposed himself. But the opinion of the general senator from St. John is not liable to cut much of a figure in dealing with this important national question. His opposition is taken for granted as he has invariably opposed every progressive move undertaken in Canada since he became a factor in public affairs. The minister of railways is not indebted to Senator Ellis for his present position, whatever may be the indebtedness of Senator Ellis to the minister for his present safe seat in the senate.

STILL MISSING.

Chief Clarke, who, with Detective Killen and Officer Greer has been searching the country around Golden Grove in the hope of catching Kilson, returned yesterday afternoon. Their efforts were without success, but from information received they have good reason to believe that the young fellow is in hiding in the woods out there. The officers report that the country is very difficult to search, as on account of the thick undergrowth it is almost impossible to force a way through the woods. It is probable that the officers will go out this afternoon to try again. In the meantime Briggs is taking things quietly in jail, but he is regarded as the less important prisoner of the two, and the police are asking "What are Briggs without their Kelsons?"

SERVED A PURPOSE.

The heavy rain of last night proved a boon for the merchants and others who frequent North Market street. It cleaned that thoroughfare as it has not been cleaned for many months. Even yet its condition is far from being perfect. Pieces of decayed vegetable, fruit and other refuse adorn the street, and in one place where the gutter was torn up to put in a pipe, the gutter stones have not been replaced. These repose peacefully in a vacant lot.

WHARFAGE RATES.

Supt. Osborne and J. N. Sutherland, of the C. P. R., conferred with Deputy Mayor Baxter and Harbor Master Taylor in regard to the payment of top and side wharfage by certain steamers now loading hay at No. 1 berth. The hay was brought down by the I. C. R. from Quebec. There is some doubt about whether payment is required at this berth and the matter will be sent to the board of works for settlement.

POLICE COURT.

They All Got Their Inspiration Before 7 p. m. Saturday.

On Saturday afternoon Alex. McDonald and William Walsh raised a disturbance in Hogan's barroom on Union street. They were put out by the police and later on were arrested on Brussels street for being drunk. Both men had money and were released upon leaving deposits of eight dollars each. These deposits were forfeited this morning.

James Moody, from Ireland, had pulled the cork too often and Officer Boyle found him on the I. C. R. wharf, dreaming of Killarney. A sloven was requisitioned and Moody taken to the central station. He explained this morning that his jag had been accumulated in less than two hours, and he was given twenty days to get clear of it.

David Hurley did not think he got any liquor after seven o'clock on Saturday, but admitted that he must have had quite a load before the saloons closed. He was found on Carleton street and paid the usual eight today. Thomas McCann jumped up and pleaded guilty before the charge was read to him this morning. Later on he desired to amend his plea, but was satisfied that he had been drunk. Eight Tom Lavigne did not know whether he had been drunk on Friday, Saturday or Sunday, but was certain that he got his liquor before seven o'clock. In
