DECISIVE BATTLE IS NOW
IN PROGRESS AT TABRIZ

Portion of the Town Shelled by Royalist Forces—General Attack Will be Made Today—Nationalist Leader Tries to Break Out.

ST. PETERSBURG, Sept. 25.—The Novoe Vremya Tabriz correspondent, telegraphing Friday says: "A decisive struggle was begun today with an artillery duel in which the Nationalists were worsted after six hours of unrelenting shelling. Air-Ed Dowich, who was sent to Tabriz to restore the authority of the Shah, reduced the Khilaban quarter to ruins. The effect of the exploding shells terrified the inhabitants, many of them fled into the royalist camp. "Salar Khan, the constitutional leader, attempted to sortie northward as this telegram was filed. The result of the sortie is not known. Thus far Europeans in Tabriz have suffered no loss."

BRITISH UNEMPLOYED
GREATER DISTURBANCES

Wild Disorder at Manchester When Mill Operatives Raided the Town Hall.

MANCHESTER, Eng., Sept. 25.—There was a wild scene of disorder witnessed last night when numbers of the unemployed, who recently have created frequent disturbances, came in contact with the police. They attempted to raid the town hall, where the Lord Mayor was holding a reception, but was frustrated by the police who made a charge with their clubs. A number of persons received more or less severe injuries and the police did not escape without bruises and cuts. Finally, however, the mob was scattered and order restored.

312 NEW CASES AND 153
DEATHS FROM CHOLERA

The Record for One Day in St. Petersburg—Not as Bad as Previous Day When Figures Were Larger.

ST. PETERSBURG, Sept. 25.—The municipal hospitals report three hundred and twelve new cases of cholera and one hundred and fifty-three deaths for the 24 hours ended at noon today. This is a distinct improvement over the preceding twenty-four hours, when 307 cases and 153 deaths were reported. Among the deaths today are a daughter of President Pritvy Councillor Sinitroff and another student of the Pavlovsk Military Academy.

JAPANESE STATESMEN
DISCUSS FOREIGN POLICY

TOKIO, Sept. 25.—The elder statesmen held a lengthy session yesterday, but the subject matter of their discussion has not been disclosed. The Associated Press understands, however, that the foreign policy of Japan was given the principal attention of the conference. Those present were Prince Ito, and Prince Yamagata, Marquis Matsuka, Count Yamamoto and Premier Marquis Katsura. It is understood that the main features in the financial budget were discussed and that Premier Katsura announced that the government's foreign policy would be in line with its financial policy, and that the move would bend every effort for the material development of Japan. Japan's policy relating to China, will, it is said, be made plain, Premier Katsura believing it to be absolutely imperative that there should be no misunderstanding upon Japan's friendliness to her sister empire.

SEUL, Korea, Sept. 25.—The insurrection here has been almost completely crushed out and the entire community is quiet.

YORK LIBERALS ARE
LOOKING FOR VICTORY

Are Carrying on a Most Active Campaign

Mr. Hazen Trying to Help the Conservatives—U.N.B. Reopens Monday With Large Attendance.

FREDERICTON, N. B., Sept. 25.—The university will be formally opened for the new term on Monday, and most of the students are already on hand. Three new professors, Stone, Miller and Keirstead, have also arrived to take up their new duties and it is expected that the number of students in attendance will be about one hundred and fifty. The college Y. M. C. A. holds its first meeting for the term at 4 p. m. tomorrow, when Chancellor Jones will deliver an address of welcome. The end of the first week of the political campaign finds the Liberals of York well along with their organization work, and also records the formation of a strong and active Young Liberals' Club, which will take a hand in the campaign. Mr. Brown's reception in the county has been most gratifying, and the party is everywhere encouraged by the prospects of victory. At Stanley, J. D. Phinney, K. C., is assisting in the organization with a strong committee, who expect to make a break in that former Tory stronghold that will astonish the opposition. This evening the Liberal club rooms in the Sharkey building will be opened with addresses by prominent gentlemen. The committee are also opening their city headquarters this evening. Premier Hazen is here today on government business, principally, it is said, to devise ways and means of assisting the various Tory candidates throughout the province with local government. Mr. Hazen is silent in the causes that led to his sudden abandonment of the Borden stamping party.

A GREAT TEMPERANCE
PARADE IN CHICAGO

CHICAGO, Sept. 25.—Temperance hosts paraded the streets of Chicago today in what was intended to be an annual exhibition of the strength of the foe of liquor. Thousands of marchers were in the parade which traversed the downtown streets. Churches of almost every denomination were represented, the Salvation Army and the Volunteers of America contributed almost their entire local strength, the Good Templars and other temperance organizations had thousands of members in line.

ROMANIA ESTABLISHES
A SHOT-GUN QUARANTINE

ST. PETERSBURG, Sept. 25.—A despatch received here from Kishineff, in Bessarabia, says that Rumania has established a shot-gun quarantine against cholera along the Russian frontier. The cholera has not yet made its appearance in Bessarabia, but in spite of this Rumania has stationed a regiment of infantry along the River Pruth.

ENFORCING THE SCOTT ACT.

FREDERICTON, N. B., Sept. 25.—Papers have been served in seven city Scott Act cases to be heard at the police court on Tuesday. Three are for the first offense, two for the second, and two for the third. This active campaign is said to be due to the efforts of Chief of Police Winter and Spotter Gunter.

A BUSY MORNING IN
THE POLICE COURT

Youth and Old Age Come Together Before Judge

Several Assault Cases, and Two of Theft—Pool Rooms Receive a Share of Attention.

In the police court this morning the ages of the defendants ranged from a boy of seven years old to a man 75 years of age. The man was charged with drunkenness, while the boy was charged with stealing lumber. The aged men were charged with drunkenness, while another man who had been drunk and committed assault was held as a witness. The latter was 52 years of age, while the two drunks were 75 and 76 respectively. The ages of the three men who occupied cells totaled 219 years. It was said that often seen in the police court, and one that was commented on by many of the spectators. Before the heavier business of the court was taken up, two little brothers, named McCann, of Erin street, were ushered into court by their mother and father. One boy was aged seven and the other nine. With two other boys near at hand, they were charged with stealing a quantity of lumber, the property of A. E. Hamilton. When the magistrate saw that the McCann boy he said that recently he had apologized to a mother because the police had summoned her four-year-old son to court. He did not think it proper for such children to be brought in to court and said that the officers should first learn the address of the mother before he ordered them to attend court. The magistrate then sent the little fellow out of court and remarked that he would later hear the complaint against the older boys. Messrs. Coyle and Pennington, who have conducted pool rooms without licenses, for the past eleven years, were before the court and each fined \$20, which was allowed to stand pending their making arrangements to secure licenses. The magistrate said that there had been a great many complaints about pool rooms in the city, and mothers were reporting that their sons were spending all of their time and money in them. He said only the other day a driver left an ice wagon outside a pool room for three hours while he enjoyed himself inside. The horse became impatient after such a long wait and started to walk away, when the driver stepped the animal and gave it such a beating that he did not intend to hit the door, and on the promise to make good any damage done he was discharged. Two other boys were charged with throwing stones through a Hebrew window and endangering the lives of the inmates of the house. The complainant could not attend court this morning owing to the New Year's services at the Synagogue, and the case was adjourned until Monday morning. The charge preferred against Frank O'Keefe for assaulting and robbing an old man named George Keith, was taken up. Daniel Mullin, K. C., appeared for the defendant. George Jackson gave evidence of seeing O'Keefe and the old man in a tussle on Union street and later seeing Keith's face bleeding. Witness followed O'Keefe and informed Officer Crawford, who made the arrest. Witness said that a number of persons saw as much as he did, and named Howard Saunders and the Messrs. Short, who conduct a livery stable on Union street. Policeman Crawford gave evidence of making the arrest. The case was adjourned until Monday morning, when other witnesses will be summoned. Frank McIsaac, the porter who was charged with stealing fifty-five dollars from the Clifton Hotel register, and a box of clothes from Hainesford H. Haines, a colored porter, pleaded not guilty, and is being defended by E. S. Ritchie. Haines gave evidence that he saw McIsaac with the clothes on yesterday morning, but did not say anything to him as there had been some talk of the clothes being purchased by McIsaac. The defendant had worn the suit on a couple of occasions and had purchased another suit from the witness. The case was adjourned for three days.

Pool Rooms Receive a Share of Attention.

The magistrate then sent the little fellow out of court and remarked that he would later hear the complaint against the older boys.

MEASURES COYLE AND PENNINGTON, WHO HAVE CONDUCTED POOL ROOMS WITHOUT LICENSES, FOR THE PAST ELEVEN YEARS, WERE BEFORE THE COURT AND EACH FINED \$20, WHICH WAS ALLOWED TO STAND PENDING THEIR MAKING ARRANGEMENTS TO SECURE LICENSES.

THE MAGISTRATE SAID THAT THERE HAD BEEN A GREAT MANY COMPLAINTS ABOUT POOL ROOMS IN THE CITY, AND MOTHERS WERE REPORTING THAT THEIR SONS WERE SPENDING ALL OF THEIR TIME AND MONEY IN THEM.

HE SAID ONLY THE OTHER DAY A DRIVER LEFT AN ICE WAGON OUTSIDE A POOL ROOM FOR THREE HOURS WHILE HE ENJOYED HIMSELF INSIDE. THE HORSE BECAME IMPATIENT AFTER SUCH A LONG WAIT AND STARTED TO WALK AWAY, WHEN THE DRIVER STEPPED THE ANIMAL AND GAVE IT SUCH A BEATING THAT HE DID NOT INTEND TO HIT THE DOOR, AND ON THE PROMISE TO MAKE GOOD ANY DAMAGE DONE HE WAS DISCHARGED.

TWO OTHER BOYS WERE CHARGED WITH THROWING STONES THROUGH A HEBREW WINDOW AND ENDANGERING THE LIVES OF THE INMATES OF THE HOUSE. THE COMPLAINANT COULD NOT ATTEND COURT THIS MORNING OWING TO THE NEW YEAR'S SERVICES AT THE SYNAGOGUE, AND THE CASE WAS ADJOURNED UNTIL MONDAY MORNING, WHEN OTHER WITNESSES WILL BE SUMMONED.

FRANK MCISAAC, THE PORTER WHO WAS CHARGED WITH STEALING FIFTY-FIVE DOLLARS FROM THE CLIFTON HOTEL REGISTER, AND A BOX OF CLOTHES FROM HAINESFORD H. HAINES, A COLORED PORTER, PLEADED NOT GUILTY, AND IS BEING DEFENDED BY E. S. RITCHIE.

HAINES GAVE EVIDENCE THAT HE SAW MCISAAC WITH THE CLOTHES ON YESTERDAY MORNING, BUT DID NOT SAY ANYTHING TO HIM AS THERE HAD BEEN SOME TALK OF THE CLOTHES BEING PURCHASED BY MCISAAC.

THE DEFENDANT HAD WORN THE SUIT ON A COUPLE OF OCCASIONS AND HAD PURCHASED ANOTHER SUIT FROM THE WITNESS. THE CASE WAS ADJOURNED FOR THREE DAYS.

MRS. A. W. BOBB, WITH HER TWO CHILDREN, ARRIVED IN ST. JOHN THIS MORNING AFTER SPENDING THE SUMMER WITH HER FATHER, WM. DENNIS, OF HALIFAX. SHE WAS ACCOMPANIED BY HER SISTER, MISS AGNES DENNIS, WHO WILL SPEND SOME TIME IN ST. JOHN.

Vessels Crashed Together in Dense Fog at 2.30 This Morning—Norwegian Steamer Volund Went Down Immediately but Crew Were Rescued—The Commonwealth Badly Damaged—Panic Among the Passengers—News of the Disaster by Wireless.

NEWPORT, R. I., Sept. 25.—Wireless messages received here early today, reported that in the dense fog which surrounded Long Island Sound early today, the Fall River Line steamer Commonwealth, while on her regular trip from Fall River to New York, collided with an unknown vessel, off Race Rock sinking the latter and sustaining considerable damage herself. The crew of the unknown vessel were taken on board the steamer Maine of the New Bedford line, which answered the Commonwealth's wireless message of distress, and carried to New Bedford. The accident happened about 2.30 a. m. Both the Commonwealth and the unknown craft were proceeding slowly because of the fog. The siren blasts of the Commonwealth which followed the sudden appearance of the other vessel, sounded too late to prevent the collision, and the latter after remaining above water a short time, rapidly settled, forcing the crew to take to the water. It was found that the injuries to the Commonwealth were not serious enough to prevent the steamer continuing to New York under her own steam, and the start was made about 4.30 a. m., after she had remained off Race Rock for nearly two hours. A message received by the wireless from the steamer Commonwealth indicated that the Commonwealth was in trouble. The Race Rock and that the steamer Maine was standing by. The wireless message received at Newport named the steamer Maine, as the vessel giving assistance, but the Maine of the New Bedford line, which arrived at New Bedford today, reported that it was the steamer Providence, of the New England Navigation Company, which was standing by the Fall River liner.

NEW YORK, Sept. 25.—It is reported here that the vessel sunk by the steamer Commonwealth off Race Rock early this morning was the Norwegian steamer Volund. The Volund carries a crew of 17 men. The Commonwealth was not in communication with the officers of the steamer by wireless telegraphy and afterward announced that the Commonwealth was badly damaged as a result of the collision, that she will have to be laid up for extensive repairs upon her arrival here. Capt. Nickerson said the Commonwealth was not in any immediate danger, but that extensive repairs will have to be made before she can resume her trips.

According to information received at Fall River headquarters the two steamers came together with tremendous force. Nearly every passenger on board was thrown from his berth by the force of the impact and for a time there was nearly a panic on board the big Sound steamer. The officers and crew finally succeeded in reassuring them, however, and quiet was restored before the Commonwealth proceeded slowly toward New York under her own steam. The crew of the other vessel is said to have been taken on board the Commonwealth.

Driver and His Horses Killed—Boy Thrown Thirty Feet into an Apple Tree and Escapes With Slight Injury.

NIAGARA FALLS, N. Y., Sept. 25.—Thomas Young, aged forty years, of this city, died early today from injuries received near Tonawanda last night. Young, with his son John, aged twelve years, was driving a moving van and when attempting to turn out so that a car of the International Traction company could pass him, he was struck by another car, supposed to be running to a speed of forty miles an hour. Both this horse was killed and Young was so badly injured that he died at the hospital. His boy was thrown thirty feet and was found in the top of an apple tree not seriously injured, but suffering severely from shock.

CHOLERA IN MANILA
SPOILS FLEET'S WELCOME

MANILA, Sept. 25.—As has been predicted, the formal welcome to the battalions of the American fleet has been postponed on account of the presence of cholera in this city. The committee in charge of the reception, after a conference with Governor General Smith and a number of business men, decided that it would be wisest and safest to cancel all preparation for the reception until the fleet returns from Japan, in November. In honor of the fleet's presence, however, the committee decided to carry out the water parade on the day of arrival. Governor General Smith is advising the government at Washington of the development of strong criticism directed against the health authorities of the city because of the fact that Manila was not protected by quarantine and closed districts where cholera has claimed the greatest number of victims. It is probable that an investigation will be ordered.

Attention has been drawn to an example of the way city work is done on the streets. A citizen remarked to The Star that he had watched a gang of men laying a small platform over a gutter at Gilbert's Lane. Several men were engaged for two days in doing a job that would ordinarily be counted a small day's work for one man.

A party, consisting of J. Royden Thomson, Kenneth R. MacLean, Clarence D. Robinson and John B. Roberts of New York, left this morning on a trip to Fredericton in Mr. Thomson's automobile. They will return tomorrow.

BASEBALL SITUATION

NEW YORK, Sept. 25.—Yesterday's National League developments, exceedingly disheartening for the members of the New York club, served to intensify interest in the season's closing games, of which the last is set for Oct. 7th. With New York leading Chicago by only a single point, and Pittsburgh but five notches further down, the two double header games here in Greater New York today, New York-Cincinnati and Chicago-Brooklyn mean something. New York has yet five more games to play than Chicago. In this fact, however, there was not so much comfort as before yesterday's unexpected slump at the polo grounds. The procession of pitchers to and from the box, unable to conquer Cincinnati's batting, was disheartening to the New York fans.

POTATO YIELD IN CARLETON DOUBLE

Farmers Going in for Spuds MONEY IN IT Carleton County Man Says Western Wheat Isn't a Patch to it

"Talk about your western wheat crop," said a Carleton County farmer, Robert Jeffrey, to the Sun last evening. "They are not in it with the upriver potatoes. In Carleton and adjoining counties it is only during the last couple of years that the farmers have begun to realize the great opportunities there are for making money in spuds. But this year the yield will be twice as great as it was last year; it will be better cared for, and many of the more enterprising farmers have now provided proper potato cellars and will be in a position to sell when and where the market suits them best. "The western wheat is not a patch on the potato crop. Out there a farmer can put down a hundred acres in wheat. This year the average yield is twenty bushels per acre, as I see by the papers, and he would thus have two thousand bushels. As it would not all class as number one, he would receive not more than an average of eighty cents per bushel. Thus on the whole crop he would receive sixteen hundred dollars. "Now I know a man up Aroostook way who put down a hundred and twenty acres of potatoes. Mind you that is an exceptionally large area and such as is not often found, though I expect to see many farms of that size before long. The yield on that farm is averaging one hundred barrels to the acre—we deal in such large quantities now that the bushel standard has been abandoned. The present price of potatoes to the farmer is \$1.25 per barrel, so that he makes \$125 on each acre. On his hundred and twenty acres he will earn a maximum of fifteen thousand dollars. The cost of production has the comforts of eastern life. "Still our younger men go west. They are giving up better prospects here than any of them realize."

NEW FREIGHT SHED FOR SULPHITE CO. Large One Being Constructed Near the Cantilever Bridge

A. E. Hamilton has under construction to the north of the C. P. R. track between Fairville and the cantilever bridge a freight shed which will be used by the Partington Sulphite Pulp Co. This shed is one hundred and fifty feet long by fifty feet wide, and has a lean-to, out to the track, the whole length of the shed and thirteen feet wide. In the past all the product shipped from the pulp mill has been loaded to the cars from a platform, but with the new shed the work will be more conveniently carried on. It is the intention of the pulp company to construct whenever convenient a spur from this siding to the mill, and thus do away with the slow system of truckage now employed.

GOOD TIMES ARE COMING BACK JAMES PENDER TELLS THE SUN

Return to Former Activity is Nearer at Hand Than Most People Imagine, He Says -- Nail Industry is a Barometer of the Building Trades and it is Rapidly Picking Up.

"Good times are coming back, perhaps not tomorrow nor the next day, but certainly we will have normal activity by spring." This is the opinion of James Pender as expressed to the Sun last evening. Mr. Pender went on: "The nail industry is a very fair barometer of the building trades—not altogether accurate, but sufficiently so for ordinary purposes—and the building trades are the pulse of general industry. From the first of October of 1907 until the end of the year there was a drop in business, September was a good month, well up to the average, and the depression was not at all felt until well along in October. "I have looked over our gross sales only hurriedly, but I find that September, 1908, was fully equal to September, 1907, in output, and I know without examination that the present month is not only far ahead of last October, but is well up to the normal. "Now, allowing for the inaccuracy of the nail industry as a barometer, I believe that there is sufficient re-umption of business to indicate that the return of former activity is nearer at hand than most people suppose, and I feel that the good times of which we speak are coming very rapidly. We will not feel the full effect until spring, for the west will not until then have received the returns from this year's harvest, and as you know the western crops have a great deal to do with Canada's prosperity. Of course, the present activity does not necessarily mean the resumption of building activity, but it does mean that material is being used in some way or another, and if not in new buildings then certainly in repair work. This in itself is satisfactory, but before many months are past I feel that there will be greater reason for gratification."

SIFTON WILL HAVE A WALKOVER IN BRANDON Two Conservatives in the Field Against Former Minister of Interior

WINNIPEG, Sept. 25.—Reports from Brandon indicate the sure election of Hon. Clifford Sifton over Hon. T. M. Daly. The Conservatives are much divided over the nomination of their candidate, and the split has already resulted in the nomination of a candidate in the person of A. D. Wallace, a life long Conservative, who will fight Daly to a finish because of the latter's unsatisfactory record and stand on the school question.

RAILWAY MEN GET TWO YEARS BELLEVILLE, Sept. 25.—In the police court this morning Police Magistrate Masson sentenced Patrick McHugh and Allen Stapley, two Grand Trunk car inspectors, employed in the local yards, to two years in the penitentiary on charges of entering and stealing grain and tobacco from sealed cars several days ago. The sentence came as a big surprise to the crowded court room, mostly of railroad men. The men are both married, with families, and are old employees of the road.

- YARMOUTH, N. S., Sept. 25.—Dr. J. A. Merrill, one of the best known dentists in the province, died this afternoon at his home here. On Wednesday he was stricken with paralysis and was unconscious up to the time of his death. He was a native of Yarmouth and resided for many years in Halifax, where he practised his profession with great success. About a year ago his health began to fail and he came back to Yarmouth, where he has since been living in retirement.

THE HYDRAPLANE, NEWEST THING IN PLEASURE BOATS

Built Like a Raft, Equipped With 12 Horse Motor, It is Capable of Maintaining 23 Mile Speed Without Either Vibration or Water Displacement

"Come for a spin," said the skipper of the Brooke hydroplane, which had been launched half an hour earlier at Oulton Broad. She is the first hydroplane designed and run in British waters, and is popularly known as the Norfolk Broads as Leaping and The Grasshopper. The skipper, James Kenney in the London Daily World.

The skipper smiled persuasively, and the smother white raft danced about like a light-hearted, laughing, little water sprite, full of the "joie de vivre" movement and go.

The invitation was irresistible. She looked like a cockleshell, and I conjured up visions of a watery grave, mourning relatives and a splendid opportunity of obtaining an obituary paragraph in the newspapers. Also I wondered in the event of a catastrophe whether the skipper—designer and builder, all in one—would save the woman or his craft. It is a way yachtsmen have to place a superlative value on the "ship" which takes them down to river or sea. However, nothing venture nothing have, and the distinction of being the only hydroplane now to tempt a bat to pass by.

33 MILES AN HOUR.

The Brooke Hydroplane Surprise, to give her the benefit of the full title bestowed on her by her godfathers and godmothers at the baptismal launch, is only some thirteen feet long and five feet six inches in breadth. Her passenger-carrying capacity is in consequence somewhat limited. In fact, she is only built for one. But with a little skillful steering, she is capable of making "aboard" being pronounced in nautical fashion, the skipper promptly left her all out. At an average of 23 miles an hour she covers twenty-three miles in an hour.

MOVED RESOLUTION.

The hydroplane is the latest novelty in water craft, this type of boat being at present more or less of a "freak," for it is totally and whimsically different from any other craft on the face of the waters. To describe her popularly and in a manner free of perplexing technical details is the purpose of this article. A man of woman could readily lift her up and carry her, for she weighs but fifty-six pounds in all. Due to the addition of the twelve-horse motor, which endows her with a twenty-three miles an hour speed, she weighs but 300 pounds up to everything like 300 pounds.

LIFT'S UP OF THIS WATER.

Both the front and after parts of the hull are made of cast iron, the hull being the underneath part of a dish. As she gathers speed the whole of her hull sails up and is lifted clear of the water. It is this peculiar construction which enables her to "ricochet" or "skid" on the surface at a tremendous speed without vibration or displacement of water.

"Her" is smooth and delightful; she touches the water as lightly as a butterfly poises on a flower. The less she touches the water the better she runs. On the surprise, although the engine gives about 1,500 revolutions per minute, there is no apparent effort in her progression than in the easy gliding of a sea-gull's wings. The ease and poetry of aquatic motion is due to the hydroplane principle of her construction. Apocryphal and dramatic stories are told of secret and marvellous hydroplane craft. As it were, the French navy slave to be utilized for scouting and rapid despatch work in times of war. But exact and nautical experts alike declare that no hydroplane at present conceived could be of any practical use on rough waters. Nobody can say where any invention may lead. But a hydroplane on substantial seagoing, weather and wave-proof lines has not, so far, been brought into being.

EXPRESS RUNS INTO FREIGHT IN SNOW STORM

Score Are Killed and Many Injured
CRASH HEAD-ON
Passenger Train Strikes Freight Locomotive Full in the Side

LIVINGSTON, Mont., Sept. 25.—Ploving through a snowstorm, a Chicago Burlington and Quincy east-bound passenger train, running over the Northern Pacific Railroad today, crashed head-on into a freight train at Young's Point, where the trains were to pass, and in the demolition that resulted a score of lives were crushed out and a score of persons were injured, several probably fatally. The freight train failed to signal the passenger train in time to prevent the collision, it is said, because of the blinding snow. The express car telescoped with the smoking car, and most of the fatalities and injuries were of persons in the latter car. Not a passenger in the smoking car escaped death or injury. Passengers in other cars escaped with cuts and bruises. On the train was the Spokane delegate to the National Irrigation Congress at Albuquerque. None of these were injured.

The smoking car's debris was hopelessly mixed with beads, bodies, legs and arms, presenting a horrible sight.

Seven Wedged Together

In one place seven bodies were so tightly wedged together that they were separated only with great difficulty. It was impossible to succor the wounded without trampling on the dead. The known dead, Col. Sorenson, of Utah; James Cavala, Billings, Mont.; Lon Anderson, Harby, Mont.; Larren A. Stewart, Dean, Mont.; H. C. Gombie, Minister, Iowa; E. L. Eymond, Denver, D. H. Barnes, Seattle; G. M. Korick, Anacosta, Mont.; S. Chingdon, Chico Springs, Mont.; Chas. B. Johnson, Denver, district passenger agent Nickel Plate Railroad; George Battelock, Anacosta, Mont.; John Ryan, Cushing, Okla.; Schemmer, address unknown; Ora Babcock, freeman, Billings, Mont.; Milo Holloway, headman, Billings, Mont.; four unidentified coal miners.

Among the injured are John Burke, Boston, legs broken and back hurt; B. A. Rickers, Billings, Mont., may die; Ban S. Westler, may die; Sam Simons, both legs broken, may die; Anton Rowlets, Helena, may die; Susan Corick, Flathead, Indian Mission, back injured; L. E. Cordes, Flathead, Indian Mission, head cut.

Wrecking and relief trains were sent out from Livingston and Billings. The freight, which was an extra west-bound, in charge of Conductor Hickey, was heading in at the east end of the siding on short time, when the passenger train, running into the blinding snowstorm, struck it. On account of the storm neither train and any warning fractured leg, the injury being caused by a horse.

PROMINENT MEN MAKE SPEECHES

Gathering in the Interest of Laymen's Missionary Movement

LUNCHEON SERVED

MONCTON, N. B., Sept. 25.—An important gathering in the interest of the Laymen's Missionary Movement was held tonight in the Y. M. C. A. The gathering was in the form of a luncheon and about a hundred men, representing different Protestant churches were present. Prominent men interested in the movement delivered stirring addresses. J. S. Magee, city clerk, presided, and the speakers were Dr. Miller, Halifax; U. S. Consul Wilbur, Halifax; Rev. W. T. Stackhouse, Winnipeg; R. M. Hobson, Guelph, Ont.

Committees were appointed to canvass the city with a view to increasing the subscriptions of male members of the churches of the city, to the amount of five dollars each. Those present pledged themselves to this amount.

Four cases of smallpox have been discovered near Meadow Brook, in the families of Underwood and Cassy. The County Board of Health has been notified and the houses quarantined.

David Killam of Sussex was brought to the hospital today suffering with a fractured leg, the injury being caused by a horse.

CONDITIONS WHICH MUST BE OBSERVED

What Municipalities Who Want Juvenile Courts Must Do

SEPARATE JUDGE

OTTAWA, Sept. 25.—An order-in-council has been passed formulating conditions and requirements necessary to the putting into force of the juvenile delinquents act, passed last session, before any municipality may institute a juvenile court under the provisions of the act. The governor in council must be first satisfied that a proper detention home has been established and will be maintained for the proper detention of juvenile delinquents. The institution shall be conducted more like a family home than like a penal institution and must not be under the same roof as or in the immediate vicinity of a jail or other penal institution. An industrial school must exist to which juvenile delinquents may be committed. A judge or justice must be named as willing to act as juvenile court judge and a separate salary must be provided. Remuneration for a staff of probation officers must be provided by municipal grant or by popular subscription or otherwise. Finally, some society or committee must be ready to act as a juvenile court committee.

RUNS AWAY WITH OLD MAN'S PURSE

A most daring highway robbery took place on Germain street about four o'clock yesterday afternoon, and Walter O'Keefe, a young man well known about the city, was charged with the crime. The victim is an old man who gives his name as George Keith. The two were seen sitting together on Union street door step and were each somewhat under the influence of liquor. The young man, who is said to be O'Keefe, was seen to put his hand in the old man's pocket, and then start to leave the place. The old man caught mid of the thief, and in the scuffle held on to his assailant until the corner of Germain and Union streets was reached. Here he lost his hold and he fell against the sharp stone wall of the Merritt house. His nose was cut and he fell to the sidewalk, bleeding badly, while his young assailant ran away. A gentleman who witnessed the affair gave chase and was enabled to inform Policeman Alex. Crawford of the occurrence and pointed out where the man went. The policeman, managed from information given to arrest O'Keefe only a short time after the alleged assault and robbery took place. The old man claimed to have lost his pocketbook and three dollars. The case will come up this morning.

MR. PENDER AND THE I. C. R.

On every occasion on which he has spoken in public since his nomination, Mr. James Pender has endeavored to strongly impress upon the electors, that he stands for the protection of the I. C. R. While Mr. Pender is not adverse to any fair arrangement by which the Canadian Pacific may be permitted to secure haulage rates over the government road, he will strongly oppose such an agreement as has been suggested, under which the big corporation will be enabled to capture a great deal of the traffic now carried by the People's Railway. The Canadian Pacific is a very large purchaser of coal and steel rails. A considerable portion of the I. C. R. business is derived from the companies doing business in Cape Breton and in the Straits counties. If the I. C. R. had absolute running rights over the Cape Breton companies to haul coal to all of their freight business and the benefits of this is felt not only by the shippers in the Maritime Provinces, but by all in Upper Canada whose goods pass over the government lines. There is a disposition on the part of Mr. B. L. Borden to enter to the demands of a certain party in Nova Scotia who are demanding that the I. C. R. be permitted to enter Halifax. Mr. Borden will undoubtedly do all in his power, as he has done in the past, to injure the I. C. R. and in the interests of our own people, as well as in the interests of those farther West. It is the duty of all to send to parliament men who will protect the I. C. R., the greatest asset owned in Canada. Mr. Pender is pledged to do his utmost in this respect.

MARITIME OUTLOOK.

The outlook in the Maritime Provinces is for an increased support for the Liberal government after the coming elections. There are in all thirty-five members to be selected—quite a large number when taken together—and it is difficult to find any one country in which the Conservative party can hope to make a gain. Nova Scotia sent to Ottawa in 1904 a solid eighteen. By the use of choice timbers and other resources equally familiar, Mr. Borden's friends captured one seat in a by-election. Colchester will return to its old allegiance and the ranks of the Nova Scotians will be unbroken. In Prince Edward Island the Conservatives now hold Prince and Queens Counties, the latter having two members. Dear Lefurgey will have the fight of his life in the western end of the island, Mr. Richards, his opponent, being one of the strongest men in the province. The outlook is that Mr. Le-

furgey will not hereafter find it necessary to spend much of his time at Ottawa—unless he and his friends, Messrs. Foster and Fowler arrange another little deal in western lands. In Queens County there has for some time been a steadily growing feeling against having opposition members at Ottawa. The people realize that there is no possibility of the government being defeated and, consequently, will throw their support to Prowse and Warburton, the Liberal nominees. In Kings County Mr. Hughes, the Liberal representative in the last parliament, is now opposed by Mr. Austin Fraser, a young lawyer, who has had some experience in the provincial house, but who has not shown himself to be possessed of any particular ability. Mr. Hughes is safe. Thus the chances are good in favor of four Laurier men from the Island province.

In New Brunswick the situation is ready-made. In no one county are the Conservatives at all confident, and indeed, in several constituencies, including even one or two which they have held in the past, they are practically giving up the fight. Mr. Wilnot is on his last legs politically. Mr. Ganong, influential though he may be in his own county, is forced to admit that the current of public opinion is strongly in favor of the present government. In York the manner in which Mr. Smith was treated by the Hazen government has lost many votes which would otherwise have been cast for Mr. Crockett. All the other counties in the province may be regarded as safe for the Liberals. The closest contests will be in Charlotte and York, and the Liberal nominees there are not afraid of the result. Apparently the provinces of P. E. Island and New Brunswick are preparing to follow the example set by Nova Scotia.

SATURDAY SERMONETTE

Half crazed George Francis Train used to shake hands with himself when he sat. I forgot what he told me was the reason, microbes or magnetism, when I stood before him feeling foolish with my half extended hand, and he vigorously shaking his own. I can't remember where the fashion started, or who was the first to shake hands. It was very likely a political pugilist or clergyman. They are all past masters in the art of handshaking.

THE VIOL AND HARP AND THE REEDY BASSON.

Oh, wondrously wistful and tender the sound of the viol and harp and the reedy basson! I think I could sit in the shadows and listen forever. Wrapt in the spell of the strange and enchanting soft tune.

JOY NOT UNMIXED.

"Your husband will be all right now," said the doctor to a woman whose husband was dangerously ill. "What do you mean?" demanded the wife. "I told me 'e couldn't live a fortnight."

DO YOU?

Believe in human kindness? Believe in fun and laughter? Believe that there is a bright side to everything? Believe that work is the best panacea for most ills—especially those of the mind? Believe in the hearty handshake of hospitality, comradeship, friendship and love. Believe in the beauty of flowers, sunsets and mountains; in the music of birds and brooks? Believe that an ounce of frankness and explanation is worth a pound of repentance and forgiveness? If not, you should.

SPOON VICTUALS.

A certain well-known Boetonian has been married long enough to have acquired the average man's cynical attitude in respect of the written expressions of devotion indulged in before marriage. One day the Hubble was going over with his wife a mass of useless papers that had accumulated in the household. They uncared several large boxes full of love letters. After a hasty glance at them, the husband said: "No use keeping this junk, I suppose? Here it goes."

QUARANTINED; ARE DYING OF HUNGER FOR NEW SULTAN

Supplies are Cut Off When Island is Isolated. Mad Riot When Soldiers Attempt to Prevent Boat Landing Supplies at Plague Infected Town.

LISBON, Sept. 24.—There has been a resumption in the Azore Islands of the serious rioting that broke out about ten days ago as a result of the anger of the population aroused by the failure of the local authorities to take preventative measures against the bubonic plague. The people of Horta, on the island of Fayal, which is isolated, because of the plague, are dying of hunger, and when the governor, at the head of a platoon of troops, attempted to prevent the landing of a boat from Fico Island with supplies, the maddened populace, frenzied by their hunger and suffering, attacked the troops with all sorts of weapons. Many persons on both sides were injured. The government finally yielded and there was a scene of wild revelry when the supplies finally reached the excited people. The plague on the island is increasing in intensity and heart-rending tales are told of the misery, privation and death.

CLEVELAND MAY NOT HAVE WRITTEN FAMOUS LETTER

New York Times Defends Article in Which Former President is Said to Have Favored Taft.

NEW YORK, Sept. 25.—The Times will print tomorrow a letter which it received from S. S. Hastings, executor of the estate of the late Grover Cleveland, in which the writer questions the authenticity of a political article purporting to have been prepared and signed by the former president and which was published by the Times after his death.

The article in question which the Times published, was a magazine article in which Mr. Cleveland compares Mr. Taft and Mr. Bryan as presidential candidates to the disadvantage of the latter. "The publication of the article over Cleveland's signature caused wide comment and not a little discussion as to its authenticity. Mr. Cleveland, at that time was quoted as saying: 'I do not believe it as genuine.'"

MORE FREEDOM FOR NEW SULTAN

Demand in Germany's Reply to Franco-Spanish Note. All Steps Must be in Accordance With Moroccan Law—Financial Considerations.

BERLIN, Sept. 25.—Germany's reply to the Franco-Spanish note regarding Morocco does not oppose the demand made by France and Spain that Mulai Haïd accept the Algeiras convention, nor does it oppose the steps taken to apply that convention, but it makes it a condition that the steps must be in accordance with the Moroccan law. It cautions that Mulai Haïd ought to recognize his predecessor's undertakings with the powers and individuals, but none of the stipulations with individuals, no debts should be regarded as binding unless contracted in accordance with the Algeiras convention. Germany requires that Mulai Haïd be allowed some freedom of action so that anti-foreign feeling among the Mussulmans shall not be provoked. It does not dispute the repayment to France and Spain of their military expenditures, and compensation for the murder of citizens of those countries, but it hopes the powers will consider in connection with these claims Morocco's financial position, the improvement of which is important to all the powers. The note approves of bringing pressure on Mulai Haïd to procure suitable treatment for ex-Sultan Abdul Aziz and his suite.

Tiger Tea

IS PURE, IS STRONG, IS GOOD. DYING FASTER THAN THEY CAN BE BURIED

ST. PETERSBURG, Sept. 25.—The cholera epidemic in St. Petersburg, in the opinion of experts, now has reached its maximum and henceforth the number of new cases in the city is expected to remain about stationary for a week or ten days and then to gradually decline under the influence of the cold weather. Little progress has been made in cleaning the court yards of tenements, the factory districts, the slums and other breeding centres of the disease and the necessary conditions exist for a renewal of the epidemic in the spring should this occur the extent of the westward progress of the disease through Europe is problematical, but it may sweep down to the Russian frontier to the neighboring regions of Germany and Austria and from the coast towns menace the ports of northern Europe.

A visit today to the Freedmen's cemetery, where most of the victims are being interred, disclosed the fact that the burial vaults still are unable to keep pace with the number of dead removed there. The cemetery is a low-lying tract near the river above the city and is reached by the railroad. Mortuary trains, which run there twice daily, convey an average of over 150 bodies for burial. In a shed near the entrance to the cemetery were found about 150 coffins.

ANOTHER HUNTER KILLED IN THE MAINE WOODS. Judge So Doubts Because Harry Did Not Appear in Bankruptcy Case.

PITTSBURG, Sept. 25.—An order of Judge Archibald, of Scranton, Pa., adjudging Harry Thaw in contempt of court, was filed in the United States district court here today by Counsel for Roger Osmun, the trustee of Thaw's estate. The order decrees that a warrant be issued to the United States marshal directing him to apprehend Thaw and bring him here to answer in the premises and further be dealt with according to law. The warrant directing that Thaw be brought into court was signed this afternoon and given to United States Marshal Stephen P. Stone. Marshal Stone said that he had no right to serve a warrant outside the western district of Pennsylvania, and to the best of his knowledge Thaw was not in his jurisdiction.

Fair Graduate—"My commencement essay is on 'The Indisputable Superiority of Mind over Matter.'"

Anty Drudge—"Why not make your essay about practical things: 'How Fels-Naptha Has Lightened Woman's Work.' After you are married, and have a house of your own, you will find that Fels-Naptha has done more to take the sting out of housework than anything ever invented."

The three great forward steps in woman's housework are: The modern range in place of the old fireplace and kettle; The sewing machine in place of laborious hand-sewing; Fels-Naptha soap, which makes it easy to wash clothes in cool or lukewarm water, without boiling or hard rubbing.

At the very first, you can see how it saves time and labor, but perhaps you'll wonder how Fels-Naptha saves money.

Then the clothes last longer when washed with Fels-Naptha in cool or lukewarm water.

Their fibre isn't weakened by boiling nor strained by hard rubbing.

You can't realize just what a help Fels-Naptha is until you've tried it in your own washing.

Use it according to directions on the red and green wrapper, winter or summer.

ON THE TRACK OF THE WHALE

Away beyond Shelburne, where the short surges of the North Sea lift to the long swell of the Atlantic, our little steamer bucks and jumps like a yearling pony. The top of her long, jerky funnel describes wondrous ellipses and circles, and her impudent bow, with its propositioned fluke in the tip of it, now dips guavate deep and now clears the forefoot as the waves romp under her.

Modern missile weighs a hundred-weight, and its iron shank pretty nearly fits the bore of the gun. Through the length of the shank runs a slot like a prolonged needle-eye. In this travels an iron ring, to which it is attached by the line. Between that point and the other end, snug in the hold, is a thousand yards of the heavy rope which makes it. It is of no great thickness, not so thick for example, as the ut of a billiard cue, but the first couple of hundred yards or thereabout will stand a pull of twenty tons, and the rest is little behind it. Part of it is coiled on the tray, which is fixed to the bow in front of the gun, and it is led over a brass sheave and along the deck round the two drums of the winch, and so into the hold.

A MERE COCKBOAT.

Round swings the little steamer "steady" is the word, and we head for a point in the sea which the eagle-eyed harpooner—who commands the ship—has determined as the place where the unsuspecting monster is likely to rise again. We have a long chase before us, so there is time to take a look at the craft we are in. A mere cockboat, you would say, and assuredly a displacement of 160 tons or thereabouts seems little enough for the work she has to do. Perched on the bridge, you look down on a deck only some 22 feet, and the rail along its sides is no higher than a man can easily climb from a small boat alongside.

THE DEADLY HARPOON.

Ninety-nine people out of a hundred think they have a fair idea of what a harpoon is like. Not one in a thousand has the faintest glimmering of the weapon which the ingenuity of the Norseman Svend Poyd devised a generation ago. The big two-barbed arrow which the whalers Dundee and Peterhead used to hurl with sturdy arm into the black flank of the Greenland whale is an obstacle to the

NATURE AND A WOMAN'S WORK

LYDIA E. PINKHAM

Nature and a woman's work combined have produced the grandest remedy for woman's ills that the world has ever known.

In the good old-fashioned days of our grandmothers they relied upon the roots and herbs of the field to cure disease and mitigate suffering.

The Indians on our Western Plains to-day can produce roots and herbs for every ailment, and cure diseases that baffle the most skilled physicians who have spent years in the study of drugs.

From the roots and herbs of the field Lydia E. Pinkham more than thirty years ago gave to the women of the world a remedy for their peculiar ills, more potent and efficacious than any combination of drugs.

Lydia E. Pinkham's Vegetable Compound is now recognized as the standard remedy for woman's ills.

Mrs. J. M. Tweedale, 12 Napanea Street, Toronto, Canada, writes to Mrs. Pinkham:

"I was a great sufferer from female troubles, had those dreadful bearing down pains, and during my monthly periods I suffered so I had to go to bed. I doctored for a long time but the doctor's treatment failed to help me. My husband saw Lydia E. Pinkham's Vegetable Compound advertised and got a bottle for me. I commenced its use and soon felt better. I kept on taking it until I was well and an entirely different woman. I also found that Lydia E. Pinkham's Vegetable Compound made childbirth much easier for me. I would recommend your Vegetable Compound to every woman who is afflicted with female troubles."

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Tweedale it will do for other suffering women.

ously facilitates towing. A long pole of iron pipe connected with a hose which leads to an air-pump is started, and the whale is inflated, so that it shall float of its own buoyancy.

Meanwhile the harpooner has been reloading his gun. A second harpoon is quickly fitted with its leaded shell and pushed home on a fresh charge of powder. The firing fuse is about to be fitted to the breach, when a great blast to starboard makes all look up incredulously. Heading straight across our bows is a huge fincer not fifty yards away. The harpooner hurries his preparations with lightning speed, but when the whale shows himself in front of that terrible curve, as did the Jackdaw of Rheims from the anathema of the Church, not all the scientists and harpooners of the North Sea will ever be able to tell us. Suffice it that we chased for an hour and more and never got another chance.

THE PROASIC SIDE.

At last, in the fading light, we head for home, ten hours' sail or more away, and as darkness falls those who can leave the bridge seek their bunks, where they are speedily rocked to sleep. The stopping of the screw and a strange sensation of being on an overcast sea make the eyes water, and him that is off the whaling-station or manufactory. He goes on deck and sees the low, bare, wind-scoured hills of Shelburne all round the land-locked harbor, and on the shore, in the gray morning light, the chimneys and packing-cases-like buildings of the station. One of the ships' boats is already lowered with a line, and has made the whale fast to a buoy, where the gulls swoop down in scores to pick out the blubber-fat in the floating belly that floats above the water.

Celluloid in Comb Factory Ignites, Causing Explosion

FACTORY BURNED

CAMBRIDGE, Mass., Sept. 25.—Ten persons were injured and a boy died from excitement as the result of an explosion today at the Ideal Comb Company, in this city, today. The explosion, according to the police, was the result of the sudden ignition of some of the celluloid product used in the manufacture of the plates. The injured were taken to the hospital in a dangerous condition.

STRIPPING THE BLUBBER.

Rapidly, one of the hands—the "fletcher" runs his knife a blade about a foot long, shaped like a bill-hook, sharpened on its convex side, and fitted to a four-foot handle, along the carcass from head to tail, making a series of cuts parallel with one another, and reaching through the coat of blubber, which is thus cut into strips.

Then, beginning at the point of the jaw, he cuts a flap, to which is secured a steel wire rope from a winch. This is wound steadily in the fletcher, as the blubber-flap is folded back, sliding between fat and flesh with his knife till the whole strip is clear. One side stripped the harpooner is passed round a pulley at the right of the carcass, the huge mass is hauled bodily over, so that the flatter side is uppermost, and the process is completed.

Popular Member for Gloucester Addresses Enthusiastic Meeting

SHIPPEGAN, Sept. 25.—O. Turgeon, M. P., on his arrival here last evening, was presented with an address at a large and most enthusiastic meeting at which all the leading citizens of the parish were present. The address was read by P. P. Morais, and Mr. Turgeon replied in a very sensitive way with his usual appealing eloquence. He referred to the many and extensive improvements of our harbors, etc., brought about since his election in 1900, and declared that his programme was not yet filled. He has great confidence in the natural resources of our country and thinks a lot more ought to be done towards their development. He was greeted with loud and prolonged applause when he resumed his seat.

FOOTBALL SEASON OPENS HERE TODAY

Two Matches in Intermediate League on Shamrock Grounds WILL BE EXCITING

The intermediate football league for the season of 1908 will be opened this afternoon on the Shamrock grounds, when the four teams comprising the league will play. A small admission fee will be charged and a large number will no doubt attend. The first game will be between last year's champions, the Victorias and the Algonquins. This game should be an excellent one, as both teams are confident of victory.

ERIK, BOUND SOUTH, RUNS INTO ICEBERG

ST. JOHN'S, N. F., Sept. 25.—With her hull damaged by collision with an iceberg, the steamer Erik, which accompanied the Peary expedition to the north, is reported on her way to this port. The damage to the vessel is said to be all above the water-line, and she is not leaking. After the accident, the Erik put into Tursavik harbor, on the Labrador coast, where temporary repairs were effected, after which she proceeded slowly south.

Men's Suits, Raincoats and Overcoats for Fall

AT PRICES THAT SPELL E-C-O-N-O-M-Y

Fine merchandise at "way-up" prices is not so hard to get, provided price is no object to the buyer. But 'there's where the rub comes in.' Men of good judgment do not care to pay any long price for an article, just because it is supposed to be fine.

Many conservative men are daily learning of this store's advantages.

The fact is that we handle only goods of the better quality, but on account of our limited expenses we are not required to ask long profits—hence our unmistakable low prices.

We shall be pleased to demonstrate our superior inducements by showing you our grand values in Suits, Raincoats and Overcoats

AT \$6.98, \$7.98, \$8.48 and \$9.98

Every garment at its price means a positive saving.

C. B. PIDGEON Cor. Main and Bridge Streets

It was announced in yesterday's papers that the Marathons and Algonquins would play a football match on the Every Day C.I.B. grounds at 3 o'clock this afternoon. The game, however, has been declared off owing to the inability of the Greeks to get their team together. Arrangements have been completed by the managers of both teams to play a series of three games for the Bullock trophy. The first to take place on Saturday next, October 3rd. The senior league has not materialized on account of the St. Peter's dropping out.

The Algonquins turned out on the Shamrock grounds last evening for practice from 5 to 7 o'clock. This fifteen are in the pink of condition and when they meet the Marathons in the championship series some excellent football will no doubt be seen.

LOCAL NEWS

The Atlantic express was two hours late in reaching St. John today.

Next week the various civic boards will hold their monthly meetings in preparation for the council meeting on Monday of next week.

Mr. John Keefe, Mr. William Mahoney and Mr. Norman McGloan addressed a largely attended Liberal meeting at Petersville, Queens County, last evening.

The Liberals of Bonaventure, in the Parish of Lancaster, will meet on Monday night at eight o'clock for organization at the residence of George Maxwell.

The Rev. Dr. John Pringle, of the Klondyke, is to be in St. John next Wednesday (Sept. 30th) and will address a public meeting in St. Andrew's Church on the subject: "Lessons from the Trail." The public are invited to the meeting.

Did you say Fall Overcoat at a reasonable price? Certainly the C. B. and Bridge streets is at your service with a better fitting and better made garment that was ever offered—and the prices are the lowest too.

In connection with the Rally Day services in the Portland Methodist Church Sunday school tomorrow there will be a roll call of the classes. In the evening instead of the regular service there will be an inspirational service for the teachers and officers of the school. The pastor will deliver the address to them.

Fifteen deaths which occurred in the city during the last week were due to the following causes: Cholera, infantum 3; senility, 2; enteritis, 1; tuberculosis, 1; mania, 1; heart disease, 1; typhoid fever, 1; uraemia, sclerosis, 1; cancer of tongue, 1; carcinoma of uterus, 1; heart nephritis abscess, 1; tubercular meningitis, 1.

A number of friends surprised Mr. and Mrs. George Orams at their home on Brook street last evening. Dancing was enjoyed until a late hour. An elaborate supper was served and Mr. Joseph Murphy, on behalf of the guests, presented the host and hostess with a sideboard, the presentation being made in an appropriate speech.

A very pleasant family gathering took place Friday evening at the residence of Mr. and Mrs. E. S. Cooman, 38 Cliff street. It being the twenty-fifth anniversary of their wedded life. Several valuable presents were received by the happy couple in token of the esteem in which they are held. After reading the 22nd chapter of Revelation and earnest prayer by many present that Mr. and Mrs. Cooman may be safely guided over the remaining voyage of life and at last "see their Pilot face to face," the gathering broke up.

ST. JOHN LIQUOR DEALERS FINED AT WOODSTOCK

Moltyre and O'Regan Will Pay \$50 and Costs—Rev. Perry Stackhouse Going to Woodstock.

WOODSTOCK, N. B., Sept. 25.—Police Magistrate Dibbles this morning delivered judgment in the liquor cases against Wm. E. Moltyre, finding the defendant guilty on both charges and imposing a fine of \$50 and costs in each. The case against O'Regan was likewise adjourned until a fine of \$50 is imposed, there being practically no defence.

Rev. P. J. Stackhouse, B.D., of Campbellton, has accepted the call to the pastorate of the Woodstock United Baptist Church.

MANY CRIMES ARE REPORTED FROM CHATHAM

Stealing Seems to be Especially Popular—Ward Committees Appointed and Liberal Meetings Held

CHATHAM, N. B., Sept. 24.—Myer Moore's jewelry store on Water street was broken into last night and about \$10 worth of cheap watches stolen. The damage, however, amounted to \$75. A large iron bar was used to smash a bit with force sufficient to send pieces flying into the inner store, no one heard the crash. A dozen pieces of expensive cut glass were smashed and other articles broken. There is no clue to the culprits.

A horse was stolen last night from a schooner lying at the wharves. Two young fellows are in jail here charged with rape. Their trial comes on today.

At a meeting last night the Liberal executive appointed the following committees for town wards:

Queens—Wm. Skidd, Michael Jardine, C. McDonald, Ed. Barry, R. Baldwin, F. Walsh, P. H. Tweedie, C. B. Rutdock, Wm. Cornish.

Kings—John Saver, Thos. Fitzpatrick, J. A. Buckley, John Gray, J. A. Highland, Chas. Bernard, A. P. Williams, Aid. Cassidy, E. S. McLean, Wm. Morris, Harry Morris, J. A. Boudreau, Wellington—F. S. Maher, J. K. Logie, K. H. Pallen, Aid. Haine, J. B. Bell, I. Hoffman, A. Dickson, J. Kerr, H. Smith, P. J. McIntyre.

Dukes—Jas. Bower, P. Gilmore, Jos. Richard, John Great, Philip Barry, Dennis Brennan.

For Douglasville—Wm. Baldwin, Thos. King, Wilnot Trevers.

Chatham Head—Wm. Johnston, Chas. Muzerall.

Rockhead and Nappa—Clement Dickson.

A meeting will be held on Monday night and measures started for an active campaign. W. S. Loggie, M. P., held a splendid meeting last night at Bay du Vin. It was the largest in the history of the village of Hardwick, and was a great success.

A ROUSING MEETING HELD AT PETERSVILLE

Messrs. John Keefe, W. J. Mahoney and Norman L. McGloan Spoke to Large Audience.

A highly successful Liberal meeting was held at Petersville, Queens County, last evening. The hall was packed to standing room. The speakers were Messrs. John Keefe, Wm. J. Mahoney and Norman L. McGloan. Mr. Keefe spoke at length on the reduction in the tariff as made by the present government, and pointed out that by such reductions they carried out their platform of 1896 as near as it is possible for any government to do. He also pointed out the advantage of the rural postal service about to be put into operation by the present government.

Mr. Mahoney went thoroughly into the matter of preferential trade with England as successfully carried out by the Liberal government to the advantage of Canada. He also spoke on the superior immigration and transportation policies of the present government and Liberal principles in general. Mr. McGloan referred at length to Col. McLean's creditable record in the past, and placed before the meeting by quoting many facts, reasons why the voters of the constituency should support Col. McLean. He also referred to the expenditure and revenue statistics, and the reduction of the public debt under Liberal rule.

The meeting closed with cheers for Sir Wilfred Laurier and the Liberal candidate, Col. Hugh H. McLean. After the meeting the following working committee was appointed: John S. Butler, chairman; John J. Breen, Jr., secy.; John H. Gallagher, Jas. Burns, Frank Kegan, John H. Butler, Patrick Kelley; Daniel Connors, Jos. Kelley and Hugh Shannon.

There was a dance after the meeting.

PROMINENT WOODSTOCK CITIZEN IS DEAD

Gideon Fields Passed Away Last Night—W. M. Sherwood, of Passakeag, Died This Morning.

WOODSTOCK, N. B., Sept. 25.—Gideon Fields, aged 77 years, after nine months, died last night of hemorrhage of the brain. He was one of the best known local mechanics. Deceased leaves two sons, ex-Ald. Albert G. Foreman at Small & Fisher's foundry, and Lieut. Alfred W., caretaker of the armoury. There are two daughters, Mrs. Fred. Toms, of Cincinnati, and Mrs. Seth Berry, of St. John. The funeral will be held tomorrow afternoon.

HAMPTON, N. B., Sept. 25.—Wendell Minard Sherwood, son of Samuel H. Sherwood, of Passakeag, died this morning after a brief illness, aged 19 years. He was a very bright intelligent young man, and had already become a careful, correct and rapid telegrapher, when compelled by failing health to give up business. Besides his parents he leaves four brothers, Samuel H., and Gerry E., St. John, N. B.; Leonard H. and James C., at home, and four sisters, Mrs. W. J. Sparks, Vancouver and Misses Mabel, Jennie, and Muriel at home.

The funeral will take place at half past one o'clock and service will be held at Midland at half past three o'clock on Sunday.

LOCAL MEN WILL BOX IN MONCTON NEXT WEEK

McLeod, Rogers and Ramsay Will Appear in Big Tournament on Wednesday.

Several of the local boxers will appear in a tournament in Moncton next Wednesday. After a preliminary between two Moncton men, Jimmy Rogers of the north end, will meet Johnnie McIntyre for the maritime championship at 125 lbs.

Young Ramsay, of St. John, will box six rounds with Ned Warren, of Halifax, and in the final Beth McLeod will meet Jack Ryan, of Moncton.

Tom Foley, of Halifax, will referee the bouts.

Louis Faedr, who says he is a member of Coburg street synagogue, complains that last evening he was not admitted to the new year service. He says he came down from Chipman to attend the meetings and arrived here without money. He is behind with his dues, and having no ready cash was unable to join the congregation. This, he thinks, was unkind treatment.

PERSONAL

Miss Lizzie Barbary will leave on this evening's boat to visit friends in Boston.

Mrs. Harry L. Wall, of St. Stephen, is visiting Mrs. S. Herbert Mayes, 235 Winslow street. Mrs. Mayes yesterday entertained at a small dinner party in honor of her guest.
