## CAMPBELLTON-GASPE BOAT SERVICE

Who Was Responsible For Poor Service—Too Much Politics

Early in the spring of 1916 the merchants of Campbellton as well as those on the coast as far as Paspébecq, concerned themselves about a boat service along the coast from Campbellton down. The Board of Trade took hold of the matter and their very eminent President, F. B. Blackhall, assisted by the Secy, Mr. Harry Smith gave all the assistance possible. It was soon found that a certain Capt. Beattie could supply a proper boat, one that would accommodate passengers as well as carry freight to and from the several ports along the route.

Communications was opened with Ottawa and it appeared that a sufficient subsidy could be secured. To complete the transaction a delegation was sent by the Campbellton Board of Trade to Ottawa to complete arrangements. Captain Beattie stood ready to put his boat, a very desirable one, on the route within a few days after the opening of navigation. The delegation to Ottawa was accompanied by Capt. Beattie of the S. S. City of Ghent.

Our political friends, Mr. Stewart and Montgomery pulled wires sufficiently to be asked to accompany the delegation. Ever afterwards mystery and darkness.

Capt. Beattie was asked to stand aside, not point blank, told he was not wanted, but just fooled along. In the meantime a new boat was named and new communications were being made. The season was advancing. No boat in the service. The next we hear is that S. S. Elaine is engaged for the service, which S. S. was reported to be in a condition to begin service "right away", in a day or two. May passed away, then June passed in its long days and no boat on the service. The committee always urging and always put off. July came, and partly went and at last the S. S. Elaine was put on the route. Day ye gods, such a boat, a terry boat or so it is reported. Now the season is past and the Board of Trade, the farmers and the business men are asking "Why is this thus?" Whose hand manipulated this deal. The Board of Trade and its committee only know that the facts stand as everyone knows about. But the Stewart and Montgomery part was never explained. Maybe Stewart would like to have the floor for a few minutes to explain. The explanation is asked for. The public got a very late, inefficient service. What did he get?

## HOW GAME LAWS ARE ENFORCED

The county of Restigouche is noted for its laxity in enforcing the game laws and big game are being slaughtered throughout all sections of the county and deer and moose meat is sold every week during the winter right here in Campbellton.

Sometime ago a Tobique resident who had killed a moose gave a government supporter a choice round of steak and a day or two after an officer visited his premises and seized all the meat.

At another time a prominent government merchant had a quantity of moose meat in his store and was selling it over the counter. A gentleman who knew of this, but also knew that it would be worse than useless to complain to the local officer, so he wrote direct to the Crown Land office.

What was done with his letter? It was returned here to our local representative, who in turn showed it to the accused government supporter. Is this enforcing the law without partiality?

**DAILY EXPECTED**  
A company of soldiers are daily expected here and will take up their quarters at the barracks. From whence they are to come or of what Battalion is not known at present.

## LOCAL ADMINISTRATION GOING DOWN TO DEFEAT

Men who Know Trend of Public Opinion Say that People are up in Arms.

Time for a charge! Turn the Crafters Out! These are the expressions but never have they been so popular as during the present campaign. That it is time for a charge it is that the Opposition will have from freely admitted by many former supporters of the present government, house. Men who travel every County. This government has been in power of the province say that the government nearly three years and during that time will be defeated and that Mr. time many Royal Commissions and W. H. Foster will have a large majority in the seats in the house. In Restigouche the change is evident. Men who were formerly supporters of the government are now working hard for clean government.

What do you think of the borrowed money from Montreal?—One of the no wage records then ours. Are the silent kind, eh?

## SELLING GOODS TO GOVERNMENT

Mr. D. A. Stewart Indirectly Sells Lumber, Hardware and Cement

According to the Independence of Parliament act it is a crime, punishable by a heavy fine for any member of the legislature to enter into contract with the government for the construction of any work or the supplying of any materials.

Of course Mr. D. A. Stewart, M. L. A., is not ignorant of this law, and searches out ways and means of evading same.

Every since he has been elected to the legislature he has sold lumber, hardware and cement to the government and the accounts have been rendered in the name of his book-keeper, J. L. Winton.

In the Auditor's report for 1913-1914, 1915 we find that Mr. Winton has been paid practically \$1000. for cement alone, while scattered throughout the reports are items for lumber, hardware, etc., which amount to about as large a sum.

Then there are other sales tucked away where they are difficult to find. Why it is even said that Mr. Stewart, M. L. A., would not permit the road

## MR. WILLIAM CURRIE ANSWERS TRIBUNE

Had No Connection With Home Investment Co.—Those Saloons

The Campbellton Tribune in its recent issue goes out of its way to attack Mr. William Currie, and makes some statements which are entirely false.

Mr. Currie has phoned us the following statement for publication:

"I wish to state that I had no connection in any way, shape or form with the Home Investment Co. of Vancouver, by which company Mr. Crockett says there were a large number of people victimized in this country. Any company with which I was connected did not at any time do any business with anybody in the town of Campbellton or in the County of Restigouche. Moreover while I was in the West I never invested for anyone in the East nor did I ever advise anybody in the East to invest in western property."

With regard to the two bar-rooms Mr. Crockett refers to. When visiting the West in 1909, when real estate was booming and when people purchased real estate one day and turned it over the next, making large sums of money, I purchased a property in the heart of Vancouver. A brick block, three stories high, which included a branch of the Bank of Nova Scotia, a hotel, a restaurant and laundry. When I discovered that there was a bar-room in the place I exchanged it for a wholesale property on Water Street which was sold later. This is all the answer I have to give to Mr. Crockett's assertions.

With regard to the road plow and the Hon. Mr. LaBrosse I have only to say that he is extremely foolish and I will not occupy the valuable space of your paper to make any further remarks or explanation.

## THE ROAD MACHINE

It now transpires that the road machine a local newspaper accuses Mr. Currie of stealing was handed over to the town long before Mr. Currie became a member of the legislature. What seems to trouble the said newspaper is that anything should be presented to the town of Campbellton without the town having to pay for it.

## SAWDUST

The government is calling on an election before the Prohibition Act comes into force. Its candidates require stimulants to face the many grave true charges that will be hurled at them before polling day.

Mr. D. A. Stewart says he has aspired to a foremost seat on the government ship of state. We believe him. No, nothing but the best cabin on the government ship would suit Mr. David A.

The government (both local and federal) contract plum tree seems to grow in Mr. D. A. Stewart's orchard, and he or his clerk have a monopoly of picking the ripe fruit therefrom.

Government speakers didn't seem to have much of a piece to speak. Even the celebrated hired orator didn't "orate."—Well, not much!

Well, Well, Well, Dalhousie well! Legalized and purified by legislation. Abraham won a place in history by making wells. Perhaps Billy will too some day.

Certain words have won fame by a striking phrase in their speech. Sir George E. Foster uttered the phrase "splendid isolation." Our worthy member that would-be for Campbellton has coined as his great phrase "Who is this Anselow, anyway."

That big, silent, handsome fore-castle member that wants to be wouldn't his "bust" look well in a public square in the town. But then come to think of it "bust" are going out of fashion even of illustrious cabinet ministers.

## HOW TO VOTE

"All votes shall be given by ballot. On such ballots there shall be written or printed the names of all, or any number of candidates. The voter shall mark through or strike out the names of all except the names of the two candidates for whom he wishes to vote. Do not put an X opposite any names."

## CARD

To the Electors of the County of Restigouche.

GENTLEMEN:—

This Honorable The Lieutenant Governor of the Province of New Brunswick having dissolved the Legislative Assembly of the Province and ordered a general Election to be held on the Twenty Fourth day of February instant, and the undersigned have been chosen to contest the County of Restigouche in the interests of the Opposition, we now offer ourselves as Candidates to represent this County in the Legislature.

The limited period allowed between the dissolution of the House coupled with the severity of the weather as well as the very bad state of roads will prevent us from holding meetings in the various sections of this large County but we shall visit as many sections as possible and hope to meet many of you to discuss the Political questions of the day.

We as Candidates in Opposition to the present Government which has during the past years so misgoverned the Province, will adhere to and support the platform laid down by the Opposition in Convention held at the City of Saint John in January 1916.

REQUESTING YOUR SUPPORT at the election on the Twenty Fourth instant and assuring you that if elected we shall use our best endeavors to assist in giving the Province wise and honest administration and that we shall to the best of our abilities safeguard the interests of the Province in general and of the County of Restigouche in particular, we are,

Yours very sincerely,

WM. CURRIE

ARTHUR T. LEBLANC

# NOMINATION DAY PROCEEDINGS AT DALHOUSIE SATURDAY.

Candidates Address Electors for Half Hour Each and all get Good Hearing.—Sympathies of Meeting Strongly in Favor of Opposition—Refused to Hear Montgomery.

Saturday, Feb. 17th was nomination day at Dalhousie and was crowded with electors long before noon. At 10 o'clock Sheriff Stewart opened his court and read the writ calling the election.

Shortly after 10 o'clock, M. A. Kelly Esq., acting for Messrs Wm. Currie and Arthur T. LeBlanc, filed their nomination papers. And shortly after H. A. Carr, Esq. acted in like capacity for Messrs Stewart and Culligan.

At noon the courts was adjourned to meet March 3rd, declaration day.

At 2 o'clock the Dalhousie Opera House was crowded to the doors with electors eager to hear the candidates.

The government party wanted to allow all comers to speak, while the opposition wished the speaking restricted to the candidates, and no agreement was reached.

Sheriff Stewart was chosen chairman and stated that he would allow thirty minutes to address the meeting, and this arrangement was agreed to.

Hon. Arthur Culligan was the first speaker.

**HON. ARTHUR CULLIGAN.**

Mr. Chairman, Ladies and Gentlemen: In regard to that convention held in Campbellton I must say it was one of the best and most represented convention I have been at within the last fifteen or twenty years. On looking around that room during the convention and seeing such a large crowd of people who came from all parts of the country, I made up my mind that this contest would be an easy one and I have not changed my mind since. Now let us take into consideration that different criticism that have been passed in regard to us. Let us start right now with those roads they think we have not bettered any. During the last four or five years we built about forty five bridges and where roads are concerned I am sure that the people will say the bridges and roads are in a far superior condition than what they were left in by the last government. Some of the opposition people want to know why we are changing the road policy so often. Well the only reason is that the conditions of the country are changing daily. For myself I might say that since 1912 the interests and welfare of the electors of this County have always been handled by me to the very best of my ability.

Mr. Stewart and myself have always had before us continually the welfare of the public. I myself last year performed a feat that seemed almost impossible to do before and that was to go all around through the country by way of the Tobique, Balmoral and just about as far down as the county runs. Now this must be due to the better roads, and such was made by this present government and government to be. I was told last fall that some of our opposition friends began to criticize and even went so far as to make a statement that we were holding out our hand for graft. Well Gentlemen I want to assure you here, you the electors of this county that I entered into politics with a clean conscience. I do not have to get graft to make a living, Thank God. When this government came into power there were only thirteen agriculture societies in good standing in the province. Today we find from forty three to forty four divided throughout the province. This goes to show the government of to-day is taking an interest in the farmers of the Province.

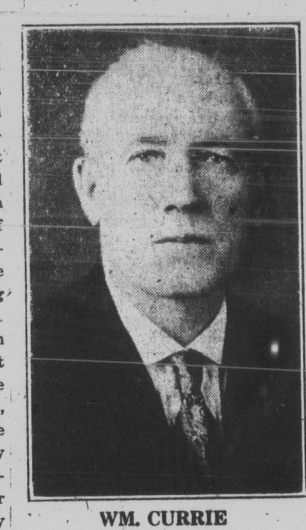

The Colonization Policy of the Government to-day to my mind is a very good one. There has been more people brought into the Province these last few years. The L. N. R. for instance has been opened up and a new Parish formed up there. There is somewhere about five thousand people there and the government is help-

ing to build good roads, getting grants and helping out every way. Now there has been more grants issued in one year in this province than there was issued by the old government in nine years throughout the whole Province, and I know it is the intention of the Government to continue to colonize the country. I am no puny speaker but I want to assure you that the idea of some people is to get the most they can out of the government and then stand up and say they never have recourse to graft. What you want is men who go down to a rectorian and work. Mr. Stewart and myself have done our utmost to look after your interests. I would ask you to look back at the record and compare the record of the old government with the record of the present government and I feel sure you will make up your minds before the 24th Feb. to cast your ballot in favor of Mr. Stewart and myself and the Murray Government. I feel quite sure we are going to be elected with a big majority taken out of the county.

Starting out in the Parish of Durham we will start out there with at least three hundred majority. Colborne in 1912 we had a majority of one, two or three but without a doubt we will this time take at least seventy five to one hundred majority. Parish of Dalhousie will have a larger majority than last time. I may say

that we are not all perfect in Government. If we find a man who does any wrong we immediately appoint a Royal Commissioner to investigate the charge and if he is found guilty we turn him out which is more than the old government did.

Now in closing I ask you to vote for Stewart and Culligan and good clean government.

WM. CURRIE

## Opposition Platform

The following platform was adopted at the Opposition Convention held in St. John recently:

In the event of the Opposition being returned to power, we pledge ourselves—

- NO PARTIZAN CONTROL OF CROWN LANDS.**  
1. We pledge ourselves to completely reorganize the Crown Lands Department, so that its administration shall be entirely severed from politics and administered on sound business principles under systematic plans by a non-partizan commission specially appointed for that purpose, responsible to the Legislature and working in co-operation with the Dominion Commission of Conservation.
- TAKE THE HIGHWAYS OUT OF POLITICS.**  
2. We pledge ourselves to take the highways out of politics, giving the expenditure of the money collected from the people and the control of the labor, together with the Government appropriations, into the hands of supervisors, chosen by the people of each parish, to whom a detailed and audited account must be rendered every year at the annual meeting, and a duplicate thereof forwarded to the Department of Public Works, the work of the supervisors to be under the inspection of a competent provincial engineer.
- PROHIBITION PROVINCE WIDE.**  
3. We pledge ourselves at the first session of the Legislature to pass a law prohibiting the sale of intoxicating liquors within the Province to the fullest extent allowed by the Constitution, and within three months after the passage of said Act to submit the same by referendum to the electors of the Province, and should the majority of votes cast be in favor of the said law, then to bring the same into force by proclamation within one year thereafter.
- ELECTION LAW.**  
4. (a) To amend the electoral law so as to make it impossible for members of the Legislature to traffic with the Government and still retain their seats.  
(b) To make it possible for young men, when they reach the age of 21 years, to register their names and be placed forthwith upon the voters' lists, instead of waiting for the tedious machinery of revision as it now exists.  
(c) To divide the counties into electoral districts which shall each be represented by one member.  
(d) We will also consider amendments to the election law to make bribery in municipal as well as provincial elections impossible.
- PROVINCIAL FINANCES.**  
5. To obtain at once a correct statement of the financial condition of the Province in order that the people may have definite knowledge of the vasty increased public debt and the enormous obligations of guaranteed bonds they will be called upon to pay; and to so reduce the cost of the administration of affairs and the number of useless officials as to avoid the necessity for direct taxation now confronting us.
- AGRICULTURE.**  
6. To give the farmers all the practical assistance that the resources of the Province will permit, to improve agricultural methods and the quality and quantity of the stock upon the farm; to reduce the enormous salary list in the department, and to spend the educational grant received from the Federal Government without regard for political patronage.
- VALLEY RAILWAY.**  
7. To complete the Valley Railway from point on the Transcontinental Railway at or near Grand Falls, to St. John, and insist upon the Dominion Government carrying out the terms of the original legislation and allow the Province forty per cent. of the gross earnings thereof.
- EDUCATION.**  
8. To always maintain and improve the educational service of the Province and to co-operate with the Federal Government in carrying out the recommendations of the commission upon technical education.
- IMMIGRATION.**  
9. The inauguration of a vigorous immigration policy to properly place before immigrants, whose number will be large after termination of the war, the advantages of the agricultural possibilities of New Brunswick.

to take some part in the affairs of state of my own native County. I am very glad to meet so many of the electors and to see them here in so large numbers but I am also pleased to see that we have also present a number of ladies. It always seems to elevate and help to keep things in proper order. Although this is a beautiful day I am sorry that we had to meet here at this time, the worst month of the year and in such inclement weather that we have had this far. I am sure that to-day we would feel much better by our firesides looking after our own business and especially at this time when our Country is engaged in this great conflict that has brought so much trouble and suffering to so many homes in this wide world. I am positive and certain that it would have been better if the Government had held this Session. Then part of the year say in June or July when these good roads that our friend Mr. Culligan has been telling us about would be bare of snow then it would be a real pleasure to run through the country in our autos, preparing for this grand election at which Mr. Stewart and Culligan are going to have such a large majority. Did you ever hear about horse races and elections. Well, don't bet on them. It will be just a little over a week from to-day and then the whole story will be known and I am sure that the graft, bribery and corruption that has been going on for the last four or five years will be at an end.

Yes, people, I would say rise up and send this corruption back to the farthest part of the wall. Now let us in to and scrutinize our public debt.

(Man in audience.) Why did you not try and evade some part of it when you were in?

Mr. Currie. I want to answer that gentlemen. Sir: I just had the honor to be there but one year and you cannot accuse me of anything very serious.

I am not going into the particulars of the changes that have taken place in the government. I will only suggest to you that the gentlemen Mr. Flemming who came to you for your support four or five years ago and when he told you of the wonderful things the government had done and were going to do and you remember what a nice easy speaker he was and such a nice pleasant fellow he was. Well the facts are these that today he is home looking after his own business and private affairs. Now I think it is very reasonable that every elector in this county who strongly supported him should wonder why he is not at the present time still Premier. You see he was sent home to look after his own affairs.

Clark got sick and he broke down under the load trying to carry it.

Now Murray, a big strong fellow would be quite capable of carrying this load along if he gets in but never fear he is not going to get there to carry this load along. The old government is not on trial. It is only this present government that is on trial and that won't do any good.

A lot of people who were then looking after the welfare of the people are away to their graves and are not here to answer for themselves but the question is this. Is the government we have to-day looking after the affairs of the country in a satisfactory manner? If they are not doing such, well then the only thing that can be done towards having things done properly is to fire them out and try somebody else who will make a better effort to do things more satisfactory. For instance if you had a clerk who was not earthy good whatever, would you keep him in your employ and pay him a big salary. No, on the con-

# A Woman's Problem

How to Feel Well During Middle Life Told by Three Women Who Learned from Experience.

The Change of Life is a most critical period of a woman's existence, and neglect of health at this time invites disease and pain. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Read these letters:—

**Philadelphia, Pa.**—"I started the Change of Life five years ago. I always had a headache and backache with bearing down pains and I would have heat flashes very bad at times with dizzy spells and nervous feelings. After taking Lydia E. Pinkham's Vegetable Compound I feel like a new person and am in better health and no more troubled with the aches and pains I had before I took your wonderful remedy. I recommend it to my friends for I cannot praise it enough."—Mrs. MARGARET GRAMMAN, 709 N. Ringgold St., Philadelphia, Pa.

**Beverly, Mass.**—"I took Lydia E. Pinkham's Vegetable Compound, for nervousness and dyspepsia, when I was going through the Change of Life. I found it very helpful and I have always spoken of it to other women who suffer as I did and have had them try it and they also have received good results from it."—Mrs. GEORGE A. DUNBAR, 17 Roundy St., Beverly, Mass.

**Erie, Pa.**—"I was in poor health when the Change of Life started with me and I took Lydia E. Pinkham's Vegetable Compound, or I think I should not have got over it as easy as I did. Even now if I do not feel good I take the Compound and it restores me in a short time. I will praise your remedies to every woman for it may help them as it has me."—Mrs. E. KESSELING, 931 East 24th St., Erie, Pa.

No other medicine has been so successful in relieving women's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass. Such letters are received and answered by women only and held in strict confidence.

trary, you would sack him and get for \$30. or \$40.

Now wasn't this extravagant, and there were bridges all over the country painted under this same contract. Now people are satisfied with this. I don't care what party you belong to. We are not running this election on party lines, but what I want you people to know is that your money is being spent for these things and it is all being spent the right way. We be- lieve the making of good roads, roads that are passable either after a rain storm or dry weather. Is such the case with our road in this County, I will leave this to your own opinion.

I will say that I do not care what party is in power as long as they are handling our money and affairs at Frederickton in a satisfactory manner but if they are not taking into consideration the affairs of the people whom they represent, well the only thing to do is to get rid of them and that is by firing them out, and if you, the people, will condemn wrong you will purify the government and after a while you will get some one to look after your affairs who in no way thinks of benefiting himself but simply has the welfare of the people at heart.

Graft is a very bad thing, very bad indeed and the perpetrator of these things should be turned out and sent home. The grafter or the dishonest man will steal your goods but rest assured he does not take it all. Extravagance is more wasteful than graft.

I think if they simply tried to throw away the peoples money they could not have done it any better than they have done in the past. For one thing permit me to mention that little bridge this side of the Town of Campbellton, The Mill Creek Bridge.

The very terms of that contract were such that no business man on earth would care to admit he was in any way connected with it. There was no check on the expense, and the profits were outrageous. This little bridge, you all know it a mere iron railing of one short span cost \$452.17. Now how is this amount made up. How is it?

## Weak, Anaemic, Nervous Run-down

WHEN your system  
is undermined by  
worry or overwork—when  
your vitality is lowered—when  
you feel "anyhow"—when your  
nerves are "on edge"—when the  
least exertion tires you—you are in  
a run-down condition.

Your system is like a plant that  
is drooping for the want of water.  
And just as water revives a drooping  
plant—so Wincarnis gives new life  
and new vitality to a "run-down"  
constitution. Because Wincarnis  
possesses a four-fold power. It is a  
tonic, a restorative, a blood-builder  
and a nerve food—all in one.  
Therefore Wincarnis promotes new  
strength, new blood, new nerve  
force and new vitality.

The benefit begins from the first  
small dose. You can feel it doing  
you good. You can feel your  
whole system being surcharged with  
new vitality and new life.

That is why over 10,000 doctors  
recommend Wincarnis.  
Wincarnis quickly brings back  
your old-time vigor—gives a sparkle  
to your eyes—and coaxes the roses  
back to your cheeks. You look  
well—feel well—eat well—sleep  
well—and can revel in the new  
health and new life Wincarnis cre-  
ates. But, remember, that only  
Wincarnis can give you this new  
and vigorous health. Imitations  
only waste your money and disap-  
point you.

## NOMINATION DAY PROCEED- INGS AT DALHOUSIE

(Continued from page 4)

his speech that when any one in the  
Government party had been found  
doing wrong that he had been put out.  
Yes Mr. Fleming has been put out  
and what is he doing today. That  
Mr. Fleming who is the chief  
speaker in the government campaign  
in Carleton County. Is that putting  
him out. When he was found guilty  
they gave him the Federal Nomina-  
tion for Ottawa. It was not my in-  
tention to say a word about Mr. Flem-  
ming as the poor man is down and out  
but when two gentlemen who sat in  
the House stand up here and hold up  
their hands and say they would put  
any government member out who  
was found guilty I am afraid there is  
something crooked somewhere. Of  
course in private life I have nothing  
to say against these men but about  
their public record I am afraid.  
Mr. Culligan has condemned himself  
in his own mouth when he said that  
anyone doing wrong in the govern-  
ment were put out. Now what did  
Mr. Stewart and Culligan do. Near  
the closing days of the session there  
came before the house a resolution, to  
give Mr. Fleming a clean record.  
A whitewash resolution, and every  
government member present voted for  
it.

One would think that with the sup-  
port you gave Mr. Stewart and Cul-  
ligan that they would come and render  
you an account of such things as were  
relative to your welfare.

Did you hear anything about those  
good roads that Mr. Stewart has been  
telling us he was going to give us.  
Up to the present time I fail to see  
anything popping up that would make  
one thing there were to be an im-  
provement on the roads. And why  
should we not have better roads? You  
will remember that when the Hazen  
government was returned to power  
an increase of the poll tax from \$1.00  
to \$1.50 was made, as well as an in-  
crease in the tax rates on property.  
This increase would give about \$100,000  
per year or over a half million in  
eight years. Was this extra money  
spent on the roads? I tell you it  
does not look like it.

At this point Mr. LeBlanc was  
again interrupted, but order was re-  
stored by the chairman.

The Opposition wish to bring about  
a new state of affairs. I do not care  
what your politics are. We do not ap-  
peal to you as a political party. We  
simply want to go about matters as  
business men. Our whole ambition is

to get the money in the province prop-  
erty spent. We want to have the  
money spent for the roads to be  
spent on the roads and not put some-  
where no earthly person can find trace  
of it. For the last thirty or forty  
years the road law has been made  
a political football of both parties and  
it is high time the people should make  
up their minds and see that this money  
is spent properly, that is in a way  
that will benefit them and not in a  
way that will be most pleasing to the  
men who handle their affairs.

Mr. LeBlanc then went fully into  
an explanation of the road policy of  
the Opposition which is fully set forth  
in another page of this issue.

He closed his English address with  
an earnest appeal to the electors to  
rise above petty politics, to refuse to  
be bribed and vote the most corrupt  
government New Brunswick has ever  
seen out of existence on the 24th.

Great applause and cries of French  
French.

Mr. LeBlanc then spoke fifteen min-  
utes in French and was frequently ap-  
plauded.  
When Mr. LeBlanc concluded his  
remarks, Mayor W. S. Montgomery  
stepped to the front and commenced  
to address the electors, but a large  
number had already gone out and  
many of those present refused to give  
him a hearing. The meeting then  
adjourned.

Outside of the interruptions during  
Mr. LeBlanc's remarks the meeting  
was an orderly one. The sympathies  
of the large crowd of electors present  
were decidedly with the Opposition  
candidates and they have every con-  
fidence that their party will be vic-  
torious on Saturday.

## GRAND OPPOSITION RALLY IN OPERA HOUSE

(Continued from page 3)

adopted; but I just want to say a  
word about our fur bearing animals.  
I think they should be more carefully  
guarded than they are at present, the  
many beaver coats that we see walk-  
ing around are living witnesses to the  
fact that our beaver are not well pro-  
tected I think the Government should  
adopt a policy that they would have  
of every beaver  
colony in N. B. and see that the law  
is enforced conservation of our For-  
est wealth. I spoke of the young  
Manhood and Womanhood of our  
country as one of our natural resour-  
ces; they are our greatest asset. "A  
nation's wealth lies not in its Riches  
or Armaments but in the Character  
of her people" but in the past we  
have heard a great deal about pro-  
tecting our game and our fisheries  
and our Forests but have heard very  
little about the protection and well-  
fair of our boys and girls.  
It will be the duty of the incoming  
Government to co-operate with the  
Dominion Government in the matter  
of Technical Education, Medical in-  
spection of the schools should be made  
compulsory throughout the Province  
and in fact any laws that will safe-  
guard the Home and the rising gen-  
eration should be enacted and en-  
forced. Messrs. Stewart and Culligan I  
understand are very uneasy about the  
Prohibition Bill, the canvass I un-  
derstand they are using is, if the opposi-  
tion comes into power it will delay Pro-  
hibition coming into force and that  
the liquor men are putting up \$75,000.00  
in the country to defeat them, well, I never heard of these men being  
great temperance reformers.  
Prohibition has been a football  
long enough; it is not an issue in this  
election; it is now a law on the statute  
book and I want to say this to put  
everybody's mind at rest. Every  
law on the statute book that has for  
its object the protection of the Home  
and the young manhood and woman-  
hood of our country will be improved  
and enforced.

IMMIGRATION.  
Immigration which is the eighth  
plank in our Platform which includ-  
es the settling of our returned sol-  
diers at the conclusion of the war will  
be no small problem, but it should be  
grappled with in a proper business  
manner. If we want Canada to be  
the country it ought to be and which  
it is destined to be we want 50 million  
more people than we have at present  
so that from this time forward we  
will require an energetic Immigration  
Propaganda. I do not think the Province  
should undertake this independ-  
ently but rather in conjunction with

# "SALADA"

A Daily Treat in Every Household

the Dominion Government the same  
thing would apply to our returned sol-  
diers.

The Dominion Government should  
adopt a comprehensive policy as it has  
the larger and ever increasing reve-  
nue but the Provincial Government  
should work in unison with them.

Mr. Murray, who is Premier  
advised himself somewhat in the  
old country with a wonderful scheme  
for the settling of returned soldiers.  
There are two things we require in  
this Province towards the carrying  
out of his scheme which we have not  
got, these are a lot of money and large  
tracts of farm land. The first  
thing to do with either our immi-  
grants or returned soldiers is to make  
them happy and contented, this can  
only be done by giving them congen-  
ial work, so you see you could never  
make a farmer of a business man or  
a country gentleman out of a man  
who loves the city.

One of the most amusing canvasses  
Messrs. Stewart and Culligan are us-  
ing against me is that their's is the  
temperance party and ours is the op-  
posite. Now this is certainly inter-  
esting. Messrs. Stewart and Culligan  
the new apostles of temperance!  
But they are only at their old game.  
In 1908 this same party tried to tan-  
gle my feet in this same prohibition  
question only at that time the shoe  
was on the other foot. I was the can-  
didate who favored prohibition. I  
have been a temperance man all my  
life and I tell you, ladies and gentle-  
men it made me loose confidence when  
I saw men who were interested in  
temperance work vote against me un-  
on such grounds as the snap of the  
party whip.

But now I am the one who is said  
to be opposed to prohibition and these  
new apostles of temperance are can-  
vassing the county with two kinds of  
prohibition medicine. When they meet  
a temperance man they hand out some  
of their prohibition dope. But if the  
elector canvassed will take a little  
stimulant the grip is relaxed and the  
anti-prohibition dope administered.  
I make this statement knowing it to  
be true.

Now what are we up against?  
We are known to be temperate men  
and can carry only one kind of medi-  
cine. But we would rather loose the  
election than have to use rum to win.  
And besides they have another kind  
of medicine. They have the money,  
and are spending it freely.

Electors we ask you to forget party  
and line up for honest government.  
Take off the party glasses which ob-  
scure your view and see the corruption  
of the present administration. This  
is a fight between right and wrong,  
are you going to help us win for right  
or are you going to vote for graft  
and corruption.

There is a little item in this paper  
the Tribune which really I do not  
think I should refer to but perhaps I  
had better say a word or two. It  
says "Holy Billy of Vancouver will  
preach in the church Saturday even-  
ing". Well do you know that I like  
that name "Holy Billy". It means a  
lot to me and only wish I could live  
up to it. I have been in many places  
where the people were not as good  
church goers as here and I know  
Campbellton citizens will agree with  
me when I say that this tea is a  
reflection upon the citizens of this  
town. Will you forget party and re-  
scent that slur upon the church? Will

the church goers help us to run this  
election without money and without  
rum.

I have a word to say to the railway  
men. You know I have a deep feel-  
ing in my heart for railway men.  
For twelve years I myself was a rail-  
way employee and in my heart I al-  
ways felt that we (the railway men)  
should be as free to vote according  
to the dictates of our consciences as  
any other citizen, and I still think so.  
I am going to place you in the posi-  
tion. I hope to ask every railroad  
man for his vote, but I am not going  
to ask him to promise to vote for us.  
One thing I can assure you of and that  
is that when the Liberals come into  
power at Ottawa no German will be  
at the head of the I. C. R.

Prolonged applause.  
Nor will any Ontario men be brow-

Campbellton, N. B. Feb. 22, 1917.

Our Canadian boys have won an immortal name on the fields of France. New Brunswick has not been doing as well as it should in doing her share. The name for bravery and gallantry has not been won without effort and sacrifice. If those boys had failed; if when the critical moment of charge had come, they had run or played false, when would we have the victory—the pride in their heroism. But no funk, no flinching away—the brave fellows set their teeth and while "all the world wondered", won for New Brunswick and Canada undying fame.

Next on Saturday next we have as eventful a contest as was fought in Flanders. And all Canada stands watching. British Columbia spoke when the opportunity offered. Manitoba and indeed every Province of this dear old Canada has at the earliest opportunity spoke their approval of dishonesty and graft and mismanagement in the handling of public affairs.

What better if our sons shed their blood to preserve the honour and integrity of our land, if the fathers and brothers at home sell the heritage that the brave ones are fighting for, for a "mess of pottage" by electing an unworthy party at the polls on Saturday next.

One ballot wrongly cast may ruin the whole province. We appeal to you to pause and consider before casting your ballot and when you have considered you will vote to turn out that old administration and vote into life and power a government who will honestly and fairly look after the interests of a free people.

In taking a careful survey of the county to-day it is apparent that a majority of the ratepayers have decided to vote for a new party. A majority of the electors are convinced that we do not want the friends of Fleming who perpetrated the biggest steal ever witnessed in the Province to any longer be at the head of affairs. Still the Government friends say that at the close of the polls on Saturday night there will be a majority of votes cast in this county for the friends of B. F. Smith, the man who almost became a rich man out of the profits gotten from the sale by him of the potatoes to a government who bought from Smith at a nice profit, those potatoes intended for a starving people—a nice little scheme of charity this, to make B. F. Smith wealthy for all time out of the profits of charity. But he got caught at it by the Opposition and gave some of it back. Now these are the people who will be returned to power on Saturday next, some say, notwithstanding to-day it is conceded on all sides that the majority of the electors of this County favour the Opposition. How will they try to bring it about. Men of Restigouche—yea, women too! watch their movements. They the Government, pose as prohibitionists!—watch them

as the days go by. Are they seeking to honour and uplift the electors of this sterling old County or are they planning to debauch and disgrace our fair name. Electors of Restigouche County you are being observed as well as are the friends of the Government and to you is committed the honour of Restigouche.

These are days of crisis and history. A little question is given to you upon which to think—the issue seems small and immaterial. A little spring in the source of the Great Father of Waters, the Mississippi river. The little question before you is how are you going to cast your ballot. Take the question home, electors, to your family and use it as an object lesson with which to teach your family, honour, fair-dealing and purity. Tell your family that there are two parties seeking election—one party has been in power for eight years, the other is a new untied party, who appear before the public with a scheme for governing the Province in some respects very different from that of the other—a party who promise a fair, clean, honest government.

Tell your family that the party who have been in power for eight years, have friends who during the eight years, got money—a large quantity of money—in a way, that if the same manner of getting the money had been practised in private life, the party so practising would have been before the courts. Tell them further that this offence is excused and condoned by the party, that large sums of money have been diverted by this party for the use of the Government to the needs and uses of certain election funds—tell them of the profits made by friends of this Government party on bridge contracts—in fact talk over the situation and advise with your family as to whether this evil should be corrected and how. Would it be better to say nothing about this so-called mismanagement or to speak out for a cleaner, honest way of doing things—and the answer will be—assuredly let us do what we can to bring about a change—and so vote for a change.

## MR. D. A. STEWART

AND THE GRAPHIC  
Mr. D. A. Stewart, M. L. A., has gone out of his way, both privately and publicly to attack the editor of the Graphic, and has accused us of many things which are entirely false. If we were so disposed we could truthfully answer in kind as to some of Mr. Stewart's actions as a private citizen, but it is not Mr. Stewart, private citizen, who is on trial, but Mr. D. A. Stewart, M. L. A., and as a representative of the people his public acts are certainly open to criticism. When the elections were announced it was agreed among the Opposition managers that petty personalities would be eliminated and this has been done so far as the Opposition speakers and press are concerned.

We wish to assure Messrs. Stewart and Culligan that personally they are not on trial, but as members of the discredited local administration they are up before the jury and that jury is not a partisan one solicited by a partisan sheriff but the honest electors of Restigouche who will deliver their verdict on Saturday, Feb. 24th.

All the personal abuse they can shower upon the Graphic on the Graphic's editor will not strengthen their cases, but rather tend to weaken it.

When politicians fall out, the people get their due.

Scene:—The same Baron's Castle—in the same locality, but no money bags in evidence and no road machine.

Baron—Musing in a sorrowful attitude—And to think they would not allow me to speak.

ME—in my own town, almost on my own door-step.

ME—who am the head and brains of this whole party. And I was burning with eloquence, I could have electrified that audience.

A knock at the door disturbs His Highness.  
Enter silently—Heads, chiefs, office boys and funkeys belonging to the party—one a most distinguished looking foreign individual with long hair, almost inclined to curl at the ends with a well fed look, whose eyes roam round the room as if in search of some thing and with a disappointed cast of the eye at the absence of certain things from the room.

Sir Knight—Impulsively breaks the silence—Isn't it too bad—and he could have told them how things were done in Dorchester and to think they wouldn't let him open his mouth—that dear little fat mouth that would

have uttered pearls—and there was a tremor in the voice of the Sir Knight that appealed to the Baron, who breaks in—

Sir Baron—And they wouldn't let me speak either—ME—this also terminated tremulously.

Sir Knight—from the lower end of the County—Never mind boys! I had plenty of time to speak and I guess I gave them something to think about, I opened up affairs of state, and I told them just exactly what majorities we would get, I guess the people of Restigouche after Saturday last cannot say that I cannot express myself on public matters. I concluded that I made a speech worthy of an Honourable Member.

Sir Knight—Contractor—I guess I'm no slouch at speech-making either. I guess I showed what was the better politician, Me or Harry Anslow—I'll bet you'll be an Honourable too before long.

Sir Baron—Enough about speeches—But what are we going to do—the people are all set on turning us out—unless something is done.

Sir Knight—Contractor—Us out—it isn't you that is running—maybe if you weren't so officious running round with your pencil in your hands we would be better off.

Sir Knight—Tribune—Breaking in—I guess I fixed the Presbyterians on Currie—He was to church on Sunday alright, but the people all the time kept looking at me and Stewart and never bothered with him.

Sir Baron—Yea and they looked at you in Dalhousie on Saturday—and if you hadn't shut your trap sudden they would have pulled your head off.

Sir Knight—Tribune—Sitting silently—Where have all those bags gone to—When I was in Dorchester, we had plenty of bags and they did great things for us.

Sir Baron—I put them away. They didn't bring you much of a majority in Dorchester—Some of them up there took the money all right and then voted all the same for the other party, and that is what the people will do—I'll look after those bags myself. If any one wants anything out of a bag send him to me—I tell you "I bear the bag."

Sir K. Caribou—Where is that big road machine?

Sir Baron—Oh, that! Some one has carried that down to Dalhousie and stuck it down one of my "wells."

It has choked the Tribune man, and it has choked my well and it may choke the party—But to Sir K.

from Montreal, you got to do something—What are we paying you for—Sir K.—Bah! You fellows make me sick. You had better all go on a visit to your mother-in-law—The people have too much brains to be fooled any longer by you fellows! You are no good and the people know it—Your party is rotten and will hardly hold together until election day—You can't fool the people all the time—They don't want your wiakey and if they do take your money, they will take it and vote for the Opposition just the same—I'll tell Sevigny when I go home that the day of judgement will strike the conservative party in New Brunswick on Saturday the 24th Feb'y.

Sir K. Caribou—Appears and cleans out the room—

## THAT CONCRETE JOB.

Mr. D. A. Stewart says that he was not to blame for the imperfect concrete job in the side-walk—that it was the fault of the Government—The Graphic only said this was a thing. We found no fault with D. A. Stewart private citizen—it is with D. A. Stewart as he represents a P. K. Government that we take exception to.

## A PROHIBITION WORKER.

On enquiry to the Clerk of the Executive at Fredericton, the information is gained that Mr. Henry Cormier, Proprietor of the International hotel, has made application for a wholesale liquor license under the Prohibition Act which comes into force May 1st next. Mr. Henry Cormier has signed Mr. D. A. Stewart's nomination paper. Someone had better ask Mr. Stewart, immediately, if he will recommend the issuing of a wholesale license under the Prohibition Act to Mr. Henry Cormier.

### Local Items of Interest

**CARD OF THANKS.**  
Mrs. Duncanson and family wish to thank friends for sympathy shown them in their bereavement.

The opposition have no better fund of \$75,000 to win elections with. They appeal to the electors under a clean up New Brunswick's political life. YOU can assist them by your vote on Saturday, Feb. 24th.

**ANOTHER CAR.**  
Mr. F. E. MacKenzie has received a Gray Dost auto which is now on exhibition. Anyone interested should see this car before placing their orders. It is recognised as one of the best on the market and the price is very reasonable.

**GILMAN-STEIN.**  
The marriage was celebrated in the Auditorium hall, Montreal at 8 o'clock on Sunday evening, Feb. 11th, of Miss B. Stein of Montreal and Mr. A. Gilman of Campbellton. Mr. and Mrs. Gilman will reside in Campbellton.

**NEW SERIAL PICTURE.**  
A new Serial picture, The Shielding Shadow will be at the Campbellton Opera House on Friday and Saturday and Saturday Matinee. This will be at Dalhousie Opera House on Monday next, Feb. 26th. The Shielding Shadow is said to be one of the best serials yet. It is now running in one of the St. John Theatres. WHO WILL get a lucky number on Friday and Saturday and Saturday Matinee.

**ASTELL'S-CHEDORE.**  
A quiet wedding was solemnized on Friday afternoon Feb. 16th between Earl Astell of Swift Current, Saskatchewan (formerly of New Carlisle) and Margaret Chedore of Lunenburg, Nova Scotia. The ceremony was performed by the Rev. Wellington Camp after which the bride party repaired to the home of Mr. and Mrs. Evelyn Sherar, where a sumptuous supper was enjoyed by a few of the groom's old friends from New Carlisle. The groom's present to the bride was a wrist watch. The happy couple left on the Ocean Limited amid the best wishes of their friends and will visit Montreal and Minneapolis on their way to their home in Swift Current.

**SPECIAL SERVICE.**  
The announcement was definitely made in the Churches on Sunday that the Rev. Evangelist Beatty accompanied by his daughter as Song leader, would begin Special Services under the auspices of the united churches, on Sunday March 11th. Great interest was shown in the Union Prayer meeting held in the Presbyterian Church last Friday night. Seventeen Cottage prayer meetings are to be held in the various sections of the town. Each Tuesday evening. This week in spite of the storm that well nigh blocked the streets these Cottage meetings are reported as being well attended. Amidst the tumult of war, dependence upon the leading and blessing of God is being realized as never before. Campbellton is only joining in what is now a world wide religious movement. The Union Prayer meeting this week, on Friday at 7.30 P. M. in the Baptist Church.

**SUCCESSFUL TEA.**  
The afternoon tea and sale of home cooking at the Methodist Church was a very successful one.

**HAVE SIGNED AGREEMENT.**  
The local Opposition members have each signed the agreement submitted to all candidates by the Dominion Temperance Alliance.

**VOTE THIS TICKET.**  
WILLIAM CURRIE, ARTHUR LEBLANC. And you will be voting for good government.

**BALMORAL NOTES.**  
Messrs. Stewart and Culligan spent Sunday here and attended mass. After vespers they addressed the electors upon the issues of the present political campaign and were given a good hearing.

**GRANTED EXTENSION.**  
The smelt fishermen of the North Shore have been granted an extension of time from Feb. 15th to 25th. The season has been a fair one. While the quantity of smelts taken has been small the price has been high.

**SOLDIERS CAN VOTE.**  
The Militia department has arranged to send all soldiers on duty who have a vote in the provincial election to their homes so that they can exercise their franchise on the 24th.

**VALENTINE TEA.**  
A successful Valentine Tea was held by the "Tipperary Club" in Miss Barthe's store on Wed. afternoon and evening Feb. 14th inst. Mrs. A. H. English poured tea while Misses Estella McKenzie, Jessie Moore, Gladys Kena, Gladys Currie and Lillian Mowat assisted in serving. Misses Jean Henderson and Kathleen Dickie presided over a table of dainty home-made candies. The amount realized was about thirty six dollars. The Club is very thankful to Miss Barthe who kindly gave them the use of her store.

**BALMORAL MEETING.**  
The Opposition Candidates addressed a meeting at the Balmoral school house Monday night and were given a great reception. The school house was crowded to the doors. Addresses were delivered by the candidates and others. Those who are in touch with the feelings of the electors say that Balmoral will be in time with the other parishes in voting for a clean administration and will give Messrs Currie and LeBlanc a handsome majority.

**OBITUARY.**  
The death of Mrs. Wesley Devereaux of this town took place at her home Metis Beach on Monday, February 19th after an illness of some time. Deceased was daughter of Mr. and Mrs. Frank Crawford and was 24 years of age. Two sisters and two brothers one of which is Franco survive. The deceased was an exceedingly lovable character, and although sick for a number of months, her first thought was of others. The bereaved husband, parents, brothers and sisters have the sympathy of all in their sad bereavement.

Mrs. Walter Miller has also had word from her nephews, Clayton and Walter Richards expressing appreciation for the good things which were sent them through St. Andrew's Church.

Lieut. G. A. Mowat was in town on Sunday, leaving on Tuesday evening for New York.

Miss Mona McLennan entertained a number of friends on Saturday afternoon for her guest Miss Gladys Webb of Amherst. After enjoying a snow-shoe tramp for an hour or so, tea was served at her home and a most pleasant time spent by all.

An uncommonly pretty shower took place at the residence of Mrs. H. L. Champion Marine Drive, South Vancouver which was given in honor of Miss R. Parsons. The decorations were carved out in a color scheme of canary yellow and blue birds. Miss Parsons was generously showered with a great variety of beautiful gifts from a dainty parasol decorated with yellow and white chrysanthemums which was hung from the chandelier. During the evening appropriate songs were sung and bridal games were a source of entertainment. Miss Parsons rendered the song "A Perfect Day" and was then presented with a beautiful bouquet of shower daffodils. Later the guests partook of a dainty repast of delicious confections, and various kinds of sweet meats. Many dainty gowns were worn by the guests which harmonized beautifully with the decorations.

In a letter received by Mrs. John Quinn from her son Ewart he acknowledges receipt of a parcel from St. Andrew's Church and wishes to convey to the ladies his thanks for so kindly remembering him at the Xmas season.

Mr. P. G. McFarlane, School Inspector is visiting the Grammar School this week.

Miss Gladys Webb of Amherst is the guest of Miss Mona McLennan. Mrs. W. H. Fraser of Moncton was in Oak Bay last week to attend the funeral of her brother Mr. Andrew McKinnon.

Mr. James Connell was down from Kedgwick to attend the funeral of Mr. Andrew McKinnon of Oak Bay.

### BY JOVE!

said a well educated man the other day when he was asked this question—"Why, when you have a cold, a cough or bronchitis (troubles, you will note, of throat and chest) do you persist in pouring cough syrups, lung tonics and the like into your stomach, which is perfectly sound?"

Ever think of it? The stomach and the lungs are not connected, otherwise food swallowed would choke you. Lung and throat troubles were never yet cured by doing the stomach. To cure coughs, colds and bronchitis, you must breathe the cure. Peps provide the rational treatment for these ailments. Peps are tablets made up of pine extracts and medicinal essences, which when put into the mouth turn into healing vapors. These are inhaled down direct to the lungs, throat and bronchial tubes—not swallowed down the stomach, which is not ailing. Try a box of Peps for your cold, your bronchitis or asthma. All drug and grocery stores or Peps Co., Toronto, Canada.

no fault to find and as far as I am concerned it is to stay On the Statute Book and if I can do anything to improve it I will do it.

But the government candidates have the advantage over us. They have two kinds of medicine or dope. When they meet a man who is in favor of Prohibition they say "vote for us as we have given you a prohibitory law, and we are in favor of prohibition. When they meet a man who is fond of a little drop they open, up their grip and offer him a little something out of a bottle. Now we can't do this. We have only one kind of medicine and that is the prohibition kind.

Then if they meet an automobile man they tell him to vote for them as they are the makers of good roads. If the poor man would only think where he was struck last time in that car of his he would certainly wonder where the good roads come in.

Now this is what we are up against. Voice—What became of that road machine?

Mr. Currie—Well, I will tell you about that road machine. It was bought before I was elected and loaned to the town of Campbellton. Some say I carried it to Vancouver in my vest pocket, but that is not true. I know nothing definite about that machine. Probably it was destroyed in the Campbellton fire.

Then they accuse me of leaving the county and going to Vancouver. Yes, I did go, but I came back and filled my seat in the Legislature.

A voice—Come back for your pay. Mr. Currie—Well, perhaps I did. I came back to the session, but it cost me about as much to come back as the pay I got but anyway I had to come back to keep these fellows straight and we did keep them straight. There was only thing we could not keep them straight in and that was the greatest crime committed in this Province and that is the Local Government undertaking this great work, the Valley Railway. I do not see how we are going to get out of debt on account of the Province undertaking this great work. I stood up and I voted against the building of that railway.

Now I had to come all the way from Vancouver to do that. Our party wanted it to run under the I. C. R. This seeming to be the only safeguard. As you refer again to my trip to Vancouver. I will say that never did I steal anything and paid every man one hundred cents on every dollar. I went away before the fire and our friends are worrying because I came back.

I notice that we have the far famed Mr. Derosier here and I suppose he is here with the intention of speaking for the government. Say men, he wanted us to hire him for four or five dollars a day and we did not think he was worth it and therefore had nothing to do with him. Now this Mr. Derosier may be a very eloquent speaker if one may judge by his associates. Think of being associated with the famous Boursassa. Now this man is here for something mark my words. He is certainly here for a motive. Never mind one can easily see why he comes here. He is the opposition of the Quebec Government. Quebec is handling its affairs as well as any province. The Finances of Quebec are in a splendid condition and the fact that he is opposition to the Government there would make one believe there is something wrong. That is why he lands down here to try and support the rotten government that we have because he is opposition to everything clean in Quebec.

Another thing, what in the name of all that is good and holy does he know of our N. B. affairs and what

They delight in referring to the vote they are going to get at Anderson and Kedgwick. I feel that we are going to get a great vote in that part of the County. Some say that I said there never should have been a settlement up there. Well I say right here that if the people up there are not to get good roads and good schools and all other things necessary for the formation of a good settlement it should never have been started. Ask any man from up there in what condition the roads are and he will tell you. I say that roads and proper school should be considered by the government who have the welfare of the people living in this section of the country in their hands.

At this point Mr. Currie proceeded to read an interesting statement of affairs in reference to that famous Dalhousie well, but the Montgomery following present would not allow him to be heard. However he has handed the statement to the Graphic and it will be found elsewhere.

Mr. Currie closed with an appeal for the support of himself and his colleague.

**D. A. STEWART**

Mr D. A. Stewart was the next speaker. He spent about half his time trying to justify his taking \$213. for that bit of sidewalk in front of the Campbellton post office which he was supposed to repair and by personal abuse to the editor of the Graphic. The Graphic's mere statement of facts must have touched him on a very raw spot. He even accused us of saying that he was a grafter, which we did not.

The balance of his time was taken up in a few generalities in reference to his honest and upright career, etc., and ended with an appeal for the votes of the electors for himself and his colleague.

**ARTHUR T. LeBLANC**

Mr. A. T. LeBlanc was greeted with a great ovation and the French electors insisted that he be allowed to speak to them in French as well as in English.

The chairman asked those in favor of Mr. LeBlanc speaking fifteen minutes in French in addition to his thirty minutes in English to rise. A large majority stood up so this permission was granted him.

Mr. LeBlanc spoke in part as follows:—

**A. T. LeBLANC.**  
Mr. Chairman, Ladies and Gentlemen: I wish to say that the Candidates of the County of Restigouche in whom you electors are particularly interested should be given time to put before you the different facts that you should by all means be familiar with

Country and I know in some sections we will be unable to go.

In one half hour it would be impossible for me to take the proper time in order to put up any argument but I hope my good French friends who have come here today to hear the different discussions will excuse my being unable to put before them the different facts that are most interesting on account of lack of time.

Now Gentlemen why is it that we have been limited to one half hour. If we were to go into all details it would take us thirty days, a whole month. You saw when the arrangements were being made that the Campaign Manager got very nervous.

A Voice—Have you the uniform on?

Mr. LeBlanc—How old are you. Why he is a young man not over thirty years. Where is your uniform. Stand up man that all can see you. Now as you have asked the question I will answer you, and also my kind friends who have been using that dirty canvass against me.

I worked hard as any man in the recruiting of soldiers for the county and for all that I did not get one red cent of pay. Why I did not get paid you want to know. Well because I was a Liberal and therefore did not have the pull some other men had.

There was no twenty five dollars per week for doing nothing granted to me. Oh no. I defy anybody here

**S. A. PORIER.** OPPOSITE DEPOT

## GRAND OPPOSITION RALLY IN OPERA HOUSE

Large Auditorium Crowded to hear Messrs. Carvell, Currie and LeBlanc.

The Opera House was crowded to the doors Friday night to hear Mr. Frank B. Carvell and the Opposition candidates discuss the issues of the present campaign.

Long before the hour announced the seating capacity of the Opera House was taxed to its utmost.

Mr. John Harquail was chosen chairman, and introduced the speakers. On the platform were many prominent men from all sections of the country.

Mr. Wm. Currie was the first speaker. Although he was somewhat husky from frequent speaking during the past week, his address created a very favorable impression and was frequently applauded.

In part his address was as follows:

Mr. Chairman, Ladies and Gentlemen, it gives me great pleasure to be here at this time and to again take some part in the affairs of state in my own native county. I am glad to see such a large number of the electors present. I regret very much that the government has seen fit to bring on an election at this inauspicious season of the year when people should be allowed to stay by their fireside instead of having to attend to the election of representatives during the wildest months of the winter and especially at this time when the whole country's mind is all taken up with the fearful war in which we are engaged, fighting for the principles of Liberty, Justice, and Civilization but the reason for this is not difficult to understand, their record is so bad that they want to rush the people into a decision before they can have time to think or before the opposition would have time, either during the session or before the county, to show them in their true light.

If there ever was a time in the history of our country that required time for mature reflection before casting ballots, now is the time. We have come to one of these great epochs in the world's history which marks the division of time, everything in the world is undergoing a great change, the map of the world will never be the same after this war.

### END STOMACH TROUBLE, CASES OF DYSPEPSIA

"Pape's Digestin" makes Sick, Sour, Gassy Stomachs surely feel fine in five minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, headache, nervousness, nausea, bad taste in mouth and stomach, etc., you can get the best relief in five minutes. Put a few drops of Pape's Digestin in your glass of water and you will find it a stomach trouble forever by getting a large fifty-cent case of Pape's Digestin from your doctor. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder. It's the quickest, surest, stomach doctor in the world. It's wonderful

in the grave and the other out of it. I am going to power a government what for? to go on with their carnival of corruption, dishonesty and extravagance wasting the resources of the Province. We as free men regardless of party politics, in our own highest interests, in the interests of this fair province, from the highest sense of patriotism should rise in our might and crush for ever with our ballots anything that savours of dishonesty in public life.

At the convention of the Provincial Opposition in St. John on January 11th, 1916 we adopted a very comprehensive Platform and one that should appeal to every elector in the county.

### PLATFORM

Ladies and Gentlemen this is a splendid platform but I realize that the best Platform is of no use whatever unless it is lived up to, and if we are returned to power on the strength of this platform I want you to hold us accountable for its carrying out. The present government came to you with a splendid platform but they have violated every plank in it; but you have the power in your own hands. Now is your chance to punish them for violating their pledges to the people and then, if we do not live up to the Platform we put before you to-night when we come back for your endorsement at the end of the term show us your disapproval by turning us from power; how can you ever expect your public servants to do right if you condone the wrongs which they do.

I am not going to discuss the Platform of the opposition in detail I will leave that to the speakers who will follow me, but there are three planks that I would nail right across the face of our Platform and bring the thing together, these are Economy, Conservation and Immigration. The first, Economy, is a very small word composed of seven letters but it is the biggest word in the English language in connection with either National, Commercial or Home life for without economy everything else fails. It is said that a "Dollar saved is a dollar gained" but, it is more than that; we as a party may have the very best platform in the world but if we do not practise economy in the carrying out of our policy we would be no better than the present Government so the first thing I would like to emphasise is, if we want to get anywhere in our public affairs we must practise Economy. As a supporter of the opposition that is one thing I will insist upon and I know that my colleagues are of the same mind in this matter.

A great deal has been said about Graft but I regard the reckless expenditure of public money as great a menace to the prosperity of our Province as that of Graft and Dishonesty. You take every department of the present Government and it is notorious for the reckless expenditure of public money. I may just note one instance the contract with the Concrete Construction Limited for the painting of steel bridges, 30 per cent on cost of work for their profit. What business man would ever make a contract like that? To show how ridiculous it is I will just analyze one case, take the Mill Creek bridge down here it cost \$452.17 to paint it, any painter will tell you the work could be done easily for \$30.00 to \$40.00, but just let us see how the items are made up:

Transportation from Ottawa to Fredericton to Campbellton for eating meals \$267.00, Cartage, Fishes etc. \$18.15, mens wages \$128.62, 30 p. c. commission for their profit \$104.35 in other words it cost \$219.20 to get ready to do the work it cost \$128.62 to do the work it cost \$104.35 commission over and above the whole thing making a total of \$452.17 to do a \$30.00 job. I want to ask you all seriousness is that the way our public money should be handled? But there is one bridge worse than that which I must mention, that is the French Fort Cove Bridge. It just cost the small of \$2721.82, 30 p. c. commission \$346.27 Total \$3068.09. It costs 10 per. to collect our Crown Land Revenue, many business men under the same conditions could collect it for 2 per. another matter I want to speak of in this connection, the collection of succession duties. Why should the Attorney General

## TWO LONG YEARS HE SUFFERED

"Fruit-a-tives" Made Him Feel As If Walking On Air

OTTAWA, Ont., Nov. 28th, 1914.  
"For over two years, I was troubled with Constipation, Drowsiness, Lack of Appetite and Headaches. One day I saw your sign which read 'Fruit-a-tives' make you feel like walking on air.' This appealed to me, so I decided to try a box. In a very short time, I began to feel better, and now I feel fine. I have a good appetite, relish everything I eat, and the Headaches are gone entirely. I recommend this pleasant fruit medicine to all my friends."

have a fine time of it, but the collection of succession duties in addition to his salary which in some cases brings his salary up to eight or ten thousand dollars? The sordid story of Graft bribery and corruption about which we all know too well I will not attempt to discuss I will leave that to Mr. Carvell as he has it first hand.

Another plank I would nail across the face of our Platform is Conservation. While economy is essential to success I do not believe in that kind of economy that cannot see the silver dollar because of the copper cent in the eye.

I think one of the things the new Government should give more attention to is the conservation of our national resources, our minerals, our fisheries, our game both big and small our great timber areas and last but not least the young Manhood and young Womanhood of our country. About the only iron mine we have in N. B. has been given to a Company for a period of thirty years at 5 per cent per ton royalty and then the Government guarantee their bonus to the extent of \$42,000.00 to build a railway to get to the shore and then the way and mine are lying idle and the Government will likely have to pay both interest and principal of the bonds.

Giving blanket licenses to large corporations to hold large stretches of territory to prospect or to hold at their will in order to speculate is not the best way to open up and develop the mines.

Our mineral laws are obsolete and it is the duty of the incoming Government to look very carefully into the most up-to-date mining laws and give such encouragement and assistance as will conserve and develop our resources along this line. Then our game, a great deal of money has been spent in protecting the game but, has it been protected? Our big game is a great asset to this country, the amount of money brought in is no small item and I think that if the present system of protection is not adequate some other system should be

## ARE SIGNS OF INDIGESTION.

Indigestion—the complete or partial failure of the digestive processes—frequently throws out of gear the whole machinery of the body. You can't enjoy the vigour and vitality of good health unless your stomach, liver and bowels do their work regularly and efficiently.

## MOTHER SEIGEL'S SYRUP

As a digestive tonic and stomachic remedy, Mother Seigel's Syrup is esteemed in tens of thousands of homes, wherever the English language is spoken. If you suffer much or little from disorders of the stomach, liver or bowels, try the effect of taking 15 to 30 drops of this famous remedy in water, after meals, for a few days and note its beneficial effects.

### GRAND OPPOSITION RALLY IN OPERA HOUSE

(Continued from page seven) ght down there to put the best positions on the railway.

More applause.

They also use the canvass that I left the country and went to Vancouver.

Yes, I did go west, but before I went I paid one hundred cents on the dollar. I imagine they were not sorry when I went. At least they were not at the train to see me off and shed no tears when I went.

Gentlemen, I have come back. Yes, thank the Lord, I did come back. We have the best country and the best people in the whole country (I am not saying this because I am running an election).

It might be a good thing if Messrs. Stewart and Culligan left the country for awhile. They would meet other people and get some of the conceit taken out of them.

Mr. Currie ended with an appeal for a vote for good, clean government, and took his seat amidst prolonged cheering.

Mr. John Harquail the chairman, explained that the Opposition were determined to run a clean election and no money would be used to corrupt the electors in the Opposition interest. If men who are running as candidates spend thousands of dollars to win an election it is only natural that they should endeavor to get it back, and it is your money they get. If you, the electors, are willing to be bought then the Opposition will wait until another time. But public opinion is changing and he felt sure the people were anxious to have good, clean men at the head of affairs.

Mr. Foster, the leader of the Opposition has come out squarely against bribery and corruption.

The Standard said recently that Mr. Foster was no politician. Well in the past we have had too much politics and not enough business.

ARTHUR T. LEBLANC

Mr. Arthur T. LeBlanc was then introduced and spoke briefly in French, and then in English. His remarks were in part as follows:—

Mr. Chairman, Ladies and Gentlemen:—

At a convention of the ratepayers

opposed to the present local administration held here in December 1911 Mr. Currie and myself were chosen to contest the county in the interests of good government and we are here tonight to tell you something of our platform.

Personally I have not a word to say against Messrs. Culligan, an I know, but as representatives of the corrupt Fleming, Clark, Murray government they are certainly open to criticism.

But Messrs. Stewart and Culligan are not as considerate of Mr. Currie and myself. Their canvasses of personal abuse are the only arguments they have and they are at liberty to use them.

They are telling their temperance friends that they are the Temperance party. That if the Opposition is returned to power Prohibition will be delayed for a year or more. Now if this was so do you think the liquor men would be working night and day to elect them. I only wish to say that the Prohibition law is on the statute books and so far as I am concerned it will stay. You have all read what our leader, Mr. Foster has said on this question.

I have not the time to deal fully with the planks in our platform but will mention briefly some of them.

Previous to the present administration coming to power they promised us great things in respect to the roads. They were going to take the roads out of politics, and also give the country good roads. Have they done so? Well they experimented with the Highway Act and then amended it to make it a political machine and now our roads are worse than ever. When they came into power they increased the poll tax from \$1.00 to \$1.50. This increase alone would increase the amount received from \$35,000 to \$40,000. Then they increased the rate of tax on property from 12 1/2 to 20c. and this added another \$35,000 or \$40,000 or say \$75,000 in all extra each year to spend on the roads. And yet with all this extra money they have not been able to give us better roads.

If the Opposition is elected on the 24th they will take the roads out of politics and hand them over to the people to manage. Districts will be formed, composed of one or more school districts and the electors of that district will elect a road supervisor or some such official to look after the business. At the end of each year he will be required to publish a detailed statement of the receipts and expenditures of his district. And that statement will have to give every item just as the school accounts are paid up. There will be no "Sunday Persons" then. If it is found that the official-elected has made good he will likely be re-elected. If the ratepayers find that he has only hired his only sons and daughters, grandfathers and grandmothers to work on the roads then he will not be popular and a new man will be elected.

Then the Opposition will embark upon a policy of permanent roads. In the past we have been pledging the credit of the province to assist railway magnates build roads. Now why should we not pledge the credit of the province for the good of the common people. And the best thing about this is that the common people will not be taxed to pay for these roads. It will be the policy of the Opposition to issue bonds for one million dollars. To pay the interest upon this the tax on automobiles and motor vehicles which last year amounted to nearly \$40,000 and which is increasing rapidly each year, will be taken and provision will also be made for a sinking fund.

(Mr. LeBlanc also dealt fully with other planks of the Opposition platform but for the lack of space we are obliged to omit same.)

In closing I wish to call your attention to statements made by Government candidates. They say that it is true some members have been found guilty of accepting graft, but they have been kicked out of the government. "Yes they stole the people's money but we kicked them out." And passed a whitewash resolution absolving them from all wrong doing. Today Mr. Fleming is one of the chief speakers for the Government party in Carleton.

New ladies and gentlemen the only way to reform the present administration is to kick them all out and I hope you will forget party and cast your vote for Currie and LeBlanc and good government.

F. B. CARVELL, M. P.

Mr. Frank B. Carvell of Carleton County was introduced by the chairman who said Mr. Carvell was one of the best men in public life in the Dominion to-day and one who should have the thanks of every elector for his good work in disclosing graft and corruption among those high in government circles.

Mr. Carvell was greeted by prolonged applause and addressed the meeting in part as follows:—

Mr. Chairman, Ladies and Gentlemen:—

It gives me great pleasure to be present to-night to address you. I do not think I am worthy of the flattering introduction of the chairman. At all events there are many people in this country who do not think I am the best man in it. If you could believe what some of the Conservative papers say. I must be classed among the worst. But doubtless they have good reasons for their opinions. But I wish to say I am neither the best nor the worst. Yes, I am not loved by a certain class, and why? Because I have been one who has assisted in exposing some of these gentlemen, of revealing a condition of affairs in this province which should bring the blush of shame to every honest clerk.

You know where Mr. Fleming was three years ago? Now where is he? Driven from provincial politics. And Mr. Stewart, he also was forced to retire from political life.

Mr. Pinder, the man who stole \$55,000 in his railway activities is still on top. Yes, I am sorry to say that he is to-day heading the government ticket in the great county of York, I would deeply regret to think that any man in Restigouche would want such a man as Pinder to represent them.

Mr. LeBlanc has told you quite fully of the Crown Land steal. When Hon. Dr. Landry, Hon. Mr. Baxter and the others deny that they know about this matter, I do not believe them. I have in my possession a paper which leads me to think they did know all about it.

Before the election of 1912 an offer of \$150,000 was made to the leaders of the opposition if they would agree if elected, to give the holders of licenses the privilege of renewing their licenses without competition. This proposition was turned down flatly by the Opposition leaders. But we have every reason to believe that the government party did give such a promise, and no doubt got the money.

After they were successful at the polls, they proceeded to fulfill their promise. They told the government that they would renew the tender license at \$150,000 per mile. This the lumbermen claimed was too much. Well later Bill Berry again approached the lumbermen and suggested that \$100,000 per mile would be about right for the government. But it would be necessary for them to contribute \$15-

In Quebec and Nova Scotia the roads are almost entirely out of politics. They are under the care of the Municipalities and they have good roads. In Maine the roads are entirely out of politics and they have regular boulevards. Now it seems that if we wish good roads it is necessary to get them out of politics. Take the roads out of politics, that is the policy of the Opposition.

Another proposal of the present government was to settle the returned soldiers on old abandoned farms. Why the former owners of these farms could not make a living on them, then how could a returned soldier.

The granting of farms was tried by the Dominion government after our boys returned from South Africa. They were each granted a half section in the west, and I tell you not over one per cent took up the grant, but the ninety-nine per cent sold their script to land speculators. I hope our country will do something better than this for our returned heroes.

The present government candidates say that they have kicked the dishonest ones out and others have paid back what they have stolen. Fleming has paid back some of his ill-gotten plunder. Paid it back

because he had to. Baxter paid back that \$500.00 he got from Gould. B. F. Smith paid back some of his patriotic potato steal and now they say they are not going to steal any more.

But gentlemen they have again stolen \$143,000 from the Valley road. This latter steal has not been made public, but I would not make the statement if I did not know it was true.

Now I have touched only the fringe of these matters, it would take weeks to tell it all. I think I have told you enough to convince the intelligent ratepayers that it is their duty to vote for Messrs. Currie and LeBlanc. The town which has sent the best man east of Montreal, (Col. McKenzie), (great applause) and such a large proportion of its best young men, are you going to allow this government which has made this province the reproach and laughing stock of the whole country, to remain in power. I appeal to you to take this matter home and discuss the issues calmly and I am sure your best judgment will point clearly to your duty. Great applause.

The meeting was brought to a close by singing "God Save the King".
