HIGH SCHOOL GRADUATION

Splendid Program and a New Thing in Hartland—People Greatly Interested

The graduation exercises of the High School, held in the Neighborhood Theatre on Friday evening, was an innovation quite new to the town or any of the county schools. While the scheme of the program was not at all new to other larger provincial towns, and even to smaller towns in the United States, it was new to Hartland people as a whole. Not by its newness alone did the people appreciate it—the whole affair on its own merit appealed strongly to all parents and others interested in the school and the progress of the town. The gifted principal, Miss Winifred Clark, is entitled to most of the praise the enterprise earned, but she was ably assisted by not only the other teachers but by the students themselves. In the past the school closing exercises have never been attended by the older people in the way that they should have been, but on this occasion there was no cause for complaint on that account. Fully 350 people were in the theatre, and half as many more were unable to get admittance.

An outstanding feature of this event is that of the four who were graduated in the way that they should have been, but on this occasion there was no cause for complaint on that account. Fully 350 people were in the theatre, and half as many more were unable to get admittance.

The class was very tastefully decorated with garlands, yellow roses (the class flower), yellow lilies and daisies, with streamers of the class colors—blue and gold. The classes—Grades XI, X and IX—entered the hall in a pretty order, to the music of a march played on the piano. Rev. E. A. Triton, pastor of the United Baptist church, the largest congregation in town, opened with prayer. Then followed a program which is here given:

Address by M. L. Hayward (in place of Rev. W. H. Hagg who was unavoidably absent).
Essay, "The Bolshevik Question in Russia and its Outcome" by Merritt Henry Nevins.
Presentation of prize by M. L. Hayward.

Prize Essay History of Hartland by Agnes Wattars.
Solo by Elizabeth Hayward.
Music by "Advantages and Disadvantages of Incorporation as Illustrated by Hartland"—Robert Alexander Miller.

Class History, Lillian McGee.
Class Prophecy, Margaret Kennedy.
Mandolin Duo, Russell Britton and Joseph Gordon Harris.
Presentation of Prizes and The Observer Medal.
Presentation of Diplomas.

The Class Ode.
At the close Principal Clarke was called to the front and was presented with a very pretty pearl bar pin by her young graduates.
Some of the essays, the Class History, the Class Prophecy and the Last Will and Testament will be reprinted in early issues of The Observer.

The Baccalaureate sermon to the graduates was delivered at the United Baptist church on the preceding Sunday. The service was largely attended and the pastor delivered a sermon of much force and inspiration from the text found in Phil. 3: 13, 14: "Brethren, I count not myself to have apprehended; but this one thing I do, forgetting those things which are behind, and reaching forth unto those things which are before, I press toward the mark for the prize of the high calling of God in Christ Jesus."

hind, and reaching forth unto those things which are before, I press toward the mark for the prize of the high calling of God in Christ Jesus."

HELPING TO PREVENT FIRES

Yesterday Hugh H. McLellan, Prov. Fire Marshal, and Charles Robinson, Secretary of the New Brunswick Fire Prevention Board, arrived in town to give Hartland a thorough over-hauling as to its fire hazard. The gentlemen met with a committee of the Town Council last evening and Mr. F. Murdoch was appointed Fire Marshal for the town with all the legal power of a provincial fire marshal.

As a direct result of Mr. McLellan's visit here the old building on Main street opposite Queen is today being razed. If Hartland town carries out the laws it will help in the reduction of insurance rates, which are very high.

New Brunswick as a whole is considered one of the poorest fire risks on the continent. During the past year no less than five companies withdrew their agencies from this province. It behooves every property holder to take the greatest care against fire, as in the case of loss it is the people who pay in the end.

During the first three months in this year the fire loss in the province was a million dollars. This loss comes directly out of the pockets of those who pay fire insurance premiums.

A reduction of fire insurance costs must only be secured by reducing the fire hazard. To accomplish this not only Hartland but every town must do its utmost.

ELECTRIC LIGHT AND POWER NOW

After a long time of waiting for hydro-electric power it is certain that the time elapsing when Hartland will have a sufficient supply may be measured in weeks. The power is to be supplied by the dam and magnificent reserve of water at Waterville, Ernest McIlroy, owner of the property there having already his order placed for the necessary turbines and dynamos. The electricity will be brought to Hartland as a 2300 volt current and here transformed to standard 110 alternating current. The amount of power supplied will be upward of 50 horse-power, sufficient for all needs for some time to come. From the start there will be a continuous 24 hour service.

CHAUTAUQUA IS COMING

A very urgent meeting of the Chautauqua guarantors of Hartland will be held July 7 in the Town Hall at 8 p.m. Very important business to be transacted including election of several officers which are vacant at present and make plans for the coming Chautauqua on August 21st-27th at this meeting.

We want every guarantor to be present as this means dollars and cents to you. We will require your co-operation this year more than ever before, because can any fifteen make a failure of it, but if everyone puts his or her shoulder to the wheel there is no doubt about making a success of Chautauqua.

REX L. YORK, Sec.

Dr. Brown of Centreville was in town on Saturday.

SEVERE EARTHQUAKE SHOCK

At 5.21 on Sunday afternoon there was experienced one of the most severe shocks of earthquake ever observed here. The quake was particularly noticeable to those who chanced to be upstairs, but even people who were lying on the grass plainly felt the tremor. Locally the most severe demonstration was that the town clock was made to strike, and in the home of A. A. Moore the clock stopped dead. The earthquake was reported at practically the same minute from Campbellton, Chatham, Fredericton, Woodstock, St. Stephen, St. John and throughout Prince Edward Island and Nova Scotia. The Dominion Observatory at Halifax recorded not only this shock but one occurring about five o'clock in the morning of the same day. Washington observatory reported the quake as occurring at an estimated distance of 800 miles, which would take in the maritime provinces. In fact the shake-up was purely local. The Observer, from its ignorance of the cause of seismic disturbances, begs to submit as one possibility a theory that the unusually heavy rains have penetrated to the fiery depths of the earth, and, so to speak, "the fat was in the fire" with the consequent explosion.

TELEPHONE CO'S TO AMALGAMATE

On Monday afternoon there was a meeting of the shareholders of the Farmers' Telephone Co. to decide upon two proposals. One was the offer of the N. B. Telephone Co. to buy the Farmers' Company outright; the other was for the Farmers' to sell to the N. B. Company their Woodstock and Florenceville exchanges and to purchase the Hartland N. B. exchange. A majority of the shareholders at the meeting favored the latter course. It would be part of the contract that there would be united service with both lines so that all subscribers of either line could have connection with either line. In plain, so far as the public is concerned there would be no duplication of service, but each subscriber would have all the advantages of both systems.

WERE THEY RUM RUNNERS?

Just after daybreak on Monday a Ford car, driven by two young men, drove rapidly up Main street and in making the turn to the bridge approach, crashed into the wire fence enclosing it. The front wheels of the car went over the edge but the car was held thus by the fence. The drop below was several feet and the wonder is that the car did not somersault, in which case there might have been a serious disaster. It is believed that not the least part of the tragedy would have been the spilling of a cargo of contraband, for those who had the best opportunity to judge declare their belief that the boat was laden with liquor. The car bore a Maine tag, and a few hours later The Observer learned that they had safely arrived in Houlton.

NOTICE!

The ratepayers of Hartland School District No. 2, in the Parish of Brighton, in the County of Carleton, are hereby notified that the Annual School Meeting will be held as required by law on the 10th day of July 1922, in the Town Hall at 7.30 o'clock p.m. July 4, 1922. By order Board Trustees.

Coldstream Notes

Hatfield Shaw spent a day last week
with his brother, Theo Shaw, in Wood-
stock.

Mrs. Russell Paget is staying at the
home of R. Craig for a few days
helping to care for her father who is
in a critical condition.

Mrs. Edmund Estabrooks and Miss
Marion Page left on Monday for a
week's visit with their sister, Mrs.
Ralph Shaw of Millinocket, Me.

Mr. and Mrs. Charles Weldon and
two boys, of Milo, Me., are spending
a few days in this place.

Mr. and Mrs. Enock Estabrooks
spent the week-end with Mr. and Mrs.
Colin Carter of Red Bridge.

The freshest of last week was the
worst in these parts since an October
in the early eighties having on Thurs-
day afternoon taken the Coldstream
bridge and overflowing all the flats.

Quite a considerable amount of dam-
age has been done. The men got busy
on Saturday and erected a temporary
foot bridge and the children are again
at school.

HARRY R. CURRIE

The funeral of the late Harry R.
Currie of Arlington, Mass., who passed
away on June 22, took place on Sun-
day 25, at the First Baptist church and
was largely attended. His pastor, Dr.
Henry Sterling Potter, conducted the
service and was assisted by Rev. A.
A. Rideout of Whitman.

Dr. Potter spoke of his life and in-
fluence in connection with the church
where he had served as superintendent
of the Bible School, clerk of the stand-
ing committee and paid a high tribute
to his worth and achievements. Rev.
Mr. Rideout spoke of his early life
and of their friendship which began
when they were schoolmates. Rev.
Mr. Rutledge offered prayer.

The wealth of floral tributes evi-
denced the esteem in which he was
held. A large number accompanied
the remains to Mount Pleasant cem-
tery where interment was made.

Mr. Currie was a son of the late
Judson Currie of Hartland and attend-
ed the public schools in the village.
He is a graduate of the Frederickson
Business College.

His first position
was with the Woodstock Wrapper Fac-
tory. About twenty-three years ago
he moved to Boston and during the
past fifteen years has resided in Ar-
lington, where he has been employed
as a public accountant. He was a
member of the Baptist Social Union
and of the Canadian Club of Boston.

He is survived by his widow, who was
Miss Bessie Alton of Woodstock,
and one son Douglas, also his mother,
Mrs. Currie of Hartland; four sisters,
Mrs. P. H. Boyer of Hartland, Mrs.
W. W. Estey of Vancouver, Miss Lily
of Cambridge and Miss Sadie Currie
of Hartland; and one brother, Arthur,
of Hartland. The latter two were
present at the funeral. Among other
Hartland folk present were Miss
Georgia Reed and Miss Ella Tomp-
kins. He was held in very best es-
teem by his large circle of acquaintance
and much sympathy is expressed for
the family in their sorrow.

Hartland friends of the deceased

tives.

Windsor Whisperings

Evangelist F. W. Foster is holding
revival services here with great suc-
cess. In spite of rain, bad roads and
every thing the church is pretty well
filled every night and much interest
shown.

The freshest did considerable dam-
age almost completely demolishing H.
A. Smith's mill at Beaufort. The
bridge just below the mill went with
the wreckage.

The Hamilton Brook bridge went.
The people got together next day and
replaced it. The roads were gullied
out fearfully in places being almost
impassable, but were quickly repaired.

Robert Faulkner had a large barn
raising Friday.

C. P. Wasson is building a machine
shed.

H. A. Smith is having extensive re-
pairs put on his house.

LEE-SEARLES

A very pretty wedding was solemn-
ized at Holy Trinity church on Wed-
nesday afternoon, June 28, when Miss
Alice Searles of Sussex became the
bride of Joseph Lee, one of the best
known farmers of Glassville. It was
the first wedding in the pretty little
church and the chancel was beauti-
fully decorated with flowers. Al-
though the event was well filled with in-
terested spectators. To the strains of
the wedding march played by Mrs. H.
W. Annett the bride entered the
church and was given away by Ethel
Brooks of Foreston.

Immediately at the close of the
solemn marriage service the newly
married couple were met at the chan-
cel steps by Fred H. Stinson, senior
of church wardens, who following one of
the ancient customs of the church,
presented them with a family bible
which he admonished them to accept
as their daily guide throughout their
married life.

The wedding party re-
turned immediately to the rectory
where refreshments were served af-
ter which Mr. and Mrs. Lee left for
their home at Glassville.

During the past year Mrs. Lee has
been the teacher at Beaufort.

Appetite Good, Gained 20 lbs. Could Not Feel Better

From a nervous wreck this man
was restored to health, strength
and happiness.

He tells his own story in this
letter.

Mr. Ralph A. Roberts,
Lovers, Sask., writes:

"In 1917 I had lost all appetite,
failed 25 pounds in weight, became
very nervous and shaky and in fact
some time I had suffered from consti-
pation, which kept getting worse, until
I was fast becoming a total wreck.
Doctors and their drugs were sending
me to my grave at the age of 39.

"Then I read about people being
restored by Dr. Chase's Medicine and
after three months' use of Dr. Chase's
Nerve Food and Kidney-Liver Pills I
found that my bowels were restored to
normal movement each day and the
constipation was no more. I had a good
appetite, had gained 20 pounds and
could not feel better. I shall always
be grateful for these benefits."

Now Can Do All Her Housework Alone Because Lydia E. Pinkham's Vegetable Compound Helped Her

Jasper, Minn. — "I saw in the paper about Lydia E. Pinkham's Vegetable Compound and took it because I was having such pains in my stomach and through my back that I could not do my work. I had tried other medicines, but none did me the good that your Vegetable Compound did. Now I am able to do all my work alone while before I had my daughter staying at home to do it. I have told a number of friends what it has done for me and give you permission to use my letter as a testimonial." — Mrs. JESSE PETERSEN, Route 1, Jasper, Minn.

There is no better reason for your trying Lydia E. Pinkham's Vegetable Compound than this—it has helped other women. So if you suffer from displacements, irregularities, backache, nervousness or are passing through the Change of Life remember this splendid medicine. What it did for Mrs. Petersen it may do for you.

The Vegetable Compound stands upon a foundation of nearly fifty years of service.

SENDING ROADS TO GLOUCESTER

It is only fair that the following correspondence coming from a Woodstock writer, be given prominence—and editorial endorsement, with reservations.

"Your Centreville correspondent thinks some of our roads should be sent to Gloucester county for repairs. Is it not fair, if we ask Gloucester county to repair our roads, that we should give them the Valley Highway? The estimates for interest and upkeep of the Valley Road are more than double the ordinary road money for the whole province. One would expect the people of the North Shore to grumble a little, but they do not. "Your correspondent well knows that the little insinuation he made cannot be backed up with facts and that Carleton county shares as well from the public money as any other county. The matter is quite clear when you remember the state of mind caused by the recent by-election in the Province."

TOWN COUNCIL IN SESSION

The July meeting of the Town Council was held on Monday evening and continued to the small hours of the following morning.

Mayor Kelly presided and all the aldermen were present except W. B. Nixon.

The treasurer reported having collected \$54.20 in May and having expended \$637.90. During June the collections were \$543.36, expenditures \$1405.58.

The town Marshal had nothing to report. A member of the Board appointed to attend the County Council reported having taken up the matter of the county assessment with some of the individual members of the council, but as yet nothing definite had been done.

On motion of Ald. Hagerman, seconded by Ald. Hatfield, the secretary was instructed to take up the matter with the County Secretary and to ascertain how they made the county assessment \$62,500.

The committee on the electric proposition reported they had nothing definite to work on as yet. Extension of time was granted them.

The Financial Committee reported the meeting had been held and the matter of disputed taxes was considered.

The Street Committees reported the heavy rains had interfered with road work, but much work had been done which included a side-walk along Rockland Road in the vicinity of John Noddin's. The expenditure for streets was \$578.62 which also includes some items chargeable to water works.

A petition from the citizens on High Street to have a by-path from that street to the town was presented by E. A. Britton. The petition was favorably received and recommended to be reported on at next meeting. On motion of Ald. Hagerman seconded by Ald. Hatfield it was decided that the town take over the road from High Street opposite Harry Large's to the corner of the property owned by Jas. Montgomery and the road running from Hillcrest Ave opposite H. D. Keswick's in the northerly course to E. B. Hagerman's south line.

The sum of \$100 was granted to help defray the expense of the Cadet Corps encamped at Woodstock. On motion it was decided to close the highway road on the hill where it runs through the new cemetery land, and that the Greenwood Cemetery Association be allowed to fence and put up gates across the part of said road so closed.

An important matter was a notice of motion given by Ald. Hatfield, seconded by Ald. Hagerman, to add section 54 to by-law No. 13 to read as follows: "No children under the age of 14 shall be allowed on the streets of the town after 9 o'clock p.m., unless accompanied by parents or guardian."

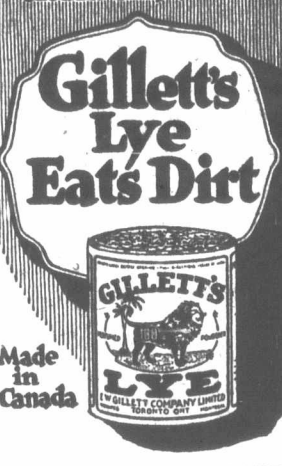

There is a great opportunity for a local writer to publish a treatise on "How to be happy though it rains every day." Such a work is badly needed.

Household Necessity

Make Gillett's Lye your household assistant. Use it for washing dishes, for cleaning sinks, for washing greasy pots and pans. It cleans and disinfects.

The Marshall shall have the authority to enforce this law.

A USEFUL INDUSTRY

The Red Ball Garage, of which G. Frank Seely is the hustling proprietor, now employs six men and is open for two apprentices who are willing to work in order to learn a good paying business. In Irwin Gray of Fort Fairfield Mr. Seely has imported one of the best machinists in the state of Maine. Long before automobiles were in common use Mr. Gray's father was known as a machinist of rare ability. When so many years ago that it makes him feel dizzy to think of it, the editor of The Observer was running the Fort Fairfield newspaper, Mr. Gray the elder was a man who could correct any trouble with the water motor or the presses or any of the machinery operated in the town. He was spoken of as a genius. He reared his son as a machinist and trained him in his own shop.

No matter what your car troubles may be Mr. Gray knows the remedy. It matters not if your car is a humble Ford or Rolls-Royce, Mr. Gray knows them all.

At the Red Ball Garage vulcanizing is in the hands of a thoroughly skilled workman, and many an old tire apparently worthless may at a small expense be made as good as new. The upkeep of cars is so expensive that every owner should seek to get the most for his money when he buys car service.

The Red Ball crew are not cheap men, but they are each expert in his line and while charging fair prices their chief effort in every case is to make a good job of whatever they are called to do.

The Red Ball's advice is to bring in old tires even if you are convinced that they cannot be repaired.

CAVE-IN MIGHT HAVE CAUSED DEATH

While engaged in making an excavation for the new addition to the United Baptist church one day last week Clyde Rideout was completely covered by the caving in of earth and was rescued just as his breath was exhausted. He was so deeply buried that he could not move hand or foot. He was rescued just in time to save his life. It might well have been that no one was near to lend assistance, in which case this article would have been an obituary.

Probably no person can be found who can recall a greater rainfall than has been almost continuous since the first of June. One thing is assured and that is a record hay crop, but what damage to root crops that may ensue can hardly be estimated as yet. If a long period of dry weather does not follow soon it will be difficult to gather the hay; grain will suffer, and there will be much damage to potatoes. But we hope for the best, and have patience to endure the worst. The heavy rains have already done more than \$100,000 damage to highways and bridges and it looks impossible to have really good roads anywhere this season.

A BUSINESS COUPE OF STEEL

Dodge Brothers offer to the business public of America an entirely new principle in Coupe body construction.

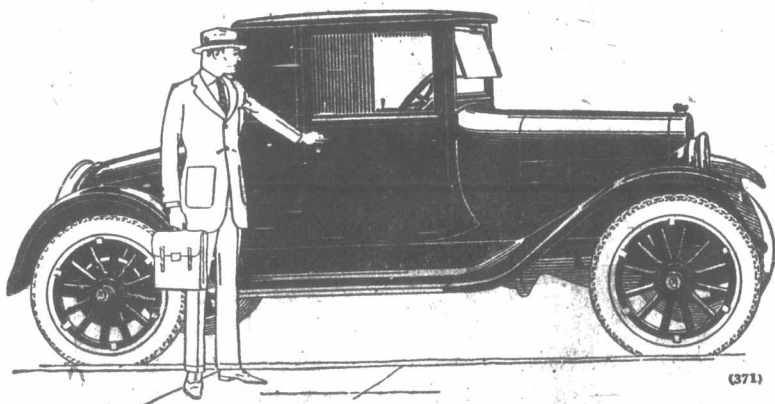

From framework to window mouldings the body is built of steel. It is the first all-steel closed car ever marketed. This design anticipates every possible requirement of commercial travel. It insures unusual quietness—unusual grace—unusual staminia. It has made it possible to give the Coupe that same lustrous baked-on enamel finish for which Dodge Brothers open cars have long been famous.

The upholstery is of genuine leather—leather that will wash and wear. The seat is wide and comfortable. Carrying compartments are accessible and spacious. The car is equipped with a heater, dome light, window levers, windshield cleaner, cord tires, Yale door locks, and every other appointment necessary to the owner's comfort and protection.

Build inside and out to withstand the wear and tear of everyday use, it retains the same lightness and beauty of line which you are accustomed to look for in Dodge Brothers cars.

It is the Business Coupe which business people the world over have been expecting—from Dodge Brothers.

On Saturday evening the members of the Reformed Baptist church gave a farewell meeting at F. K. Brown's for Rev. H. C. Mullen and family. After refreshments were served Mr. Mullen was presented with a purse of money. Prayer was offered by Pastor Mullen and Doxology was sung.

FRIENDS TELL HER HOW WELL SHE NOW LOOKS

"WHAT TANLAC DID FOR MY WIFE IS NOTHING LESS THAN ASTONISHING," DEBIES HALIFAX CITIZEN.

"My wife suffered for ten years from stomach trouble but Tanlac has completely restored her health," said John Bonzang, 33 John St., Halifax, N. S. Mr. and Mrs. Bonzang have lived in Halifax thirty-five years and are widely known and highly respected. "Mrs. Bonzang's main trouble" was indigestion," he continued. "Her appetite was very poor and she could retain but very little she ate. What she did retain caused gas on her stomach so bad she could hardly breathe. Nearly every day she had dull headaches, was very nervous and would roll and toss for hours at night, getting hardly any sleep. In spite of constantly taking medicine she lost weight and kept getting worse. "What Tanlac has done for her is astonishing. Her appetite is splendid, she has gained in weight and does her household work easily. Her friends are always speaking of how well she looks. We are both deeply grateful to Tanlac."

Tanlac is sold by all good druggists.

LOCAL AND PERSONAL ITEMS

Owing to irregularities in the train
schedules the management of the pic-
ture house here was obliged to offer
an apology to the patrons for neces-
sary substitution of films. The apol-
ogy was in no way a necessary one,
as "The Way of an Eagle" on Wed-
nesday and "The Poverty of Richard"
on Saturday evening were both won-
derful films. This week they are pre-
sented Corinne Griffith in "Broadway
Babble" on Wednesday and Tom Mix
in one of his very best on Saturday.
On each evening a reel of comedy will
also be run off, with better-better re-
sults.

The holiday was observed quietly
here on Monday, each going the direc-
tion and pulling the stunts, that in
their several ways constituted a day
of pleasure. Fishing, motorizing and
picnicking caught the majority of the
forenoon.

The teachers of the school here left
last week for their summer vacation.

Harter of East Florenceville were in
town on Monday.

F. Teddie of Hartland was in
Centreville on Saturday.

Mrs. Bell of Mars Hill visited her
daughter, Mrs. A. R. Hawkins last
week.

Many people of the town and coun-
try side are finding a great blessing
in the cafe and bakeshop operated on
Main street by R. Hawkins. A good
line of choice home cooking can be
had here at all times, and the propi-
etor is making a specialty of picnic
lunches. He isn't fussy whether you
take them out inside or outside. Any
town needs such an establishment and
the boss seems happy, so we take it
that business is good.

at her father's home in Houlton.

Rev. C. R. Canham will be away
from the parish for the next three
Sundays. Members of the Church
please take note. The next service

SCHOOL CLOSING AT FLORENCEVILLE

The Florenceville school closing
was held in the school assembly hall
Thursday, June 28. The hall was very
prettily decorated with potted plants,
wild flowers, evergreen and the school
colors were blue and gold. Although
the weather was unfavorable the hall
was packed to its utmost capacity.
A. D. McCain, chairman of the School
Board, performed his duties as chair-
man for the closing exercises in his
usual efficient manner. The follow-
ing interesting program was carried out—
Chorus—May God preserve Canada—
School.

Essay—Canada—Dorothy Stickney.
Piano Solo—Summer's Goodbye—E-
lynn McCain.

Balloon Drill—Primary girls.
Recitation—Paul Rover's Ride—Hel-
en Peters.

Stickney.

Motion Song—Daisies—Primary girls.

and Elissa Bridger.

A very interesting part of the pro-
gram was a solo beautifully ren-
dered by Miss Fie Armstrong of Ft.
Fairfield. The teachers and school
board were very grateful to Miss Ar-
mstrong for her assistance. Following
the program the prizes were awarded
to Grades I, II, and III for highest av-
erage. D. Thompson in a pleasing
way presented the gifts to—Edna Mc-
Kay, Grade I; Miriam Taylor, Grade
II; Mary Bridger, Grade III; Rev. D.
R. Chown presented prizes to
Grades IV, V, VI, VII, for highest av-
erage. The same prize being offered
to grades VI and VII, the winners be-
ing Glenn Estabrook, Grade IV;
Harry Fowler, Grade V; Hugh John
Gordon, Grade VI-VII. A. D. McCain
presented the Gov. Gen. Medal, offered
in the High School grades for high-
est average, to Helen Peters, Grade
IX. Miss Doten, principal of school,
awarded the diploma to Dorothy Stick-
ney, the only graduate in Grade XI.
Dorothy Stickney was the winner of
the Lieut. Gov. Medal for Carleton
county in 1919 and of the Gov. Gen.
Medal in 1920.

Miss Doten in a very pleasing man-
ner spoke to the school and parents
of the district, thanking them for
their kindness to her while among
them and expressing her regret be-
cause she was leaving her connec-
tions with the school. In speaking to
the school she thanked her pupils for
their courtesy, implicit obedience and
hearty co-operation in her work. She
impressed upon them the true value
of education which consists of not
merely masses of book knowledge, but
a deeper sympathetic attitude toward
their fellow men, so that they might
take their places in the world as true
Canadian workers.

Miss Robinson also thanked the
school and parents for their kindness
and regretted leaving very much.

The people of Florenceville very
deeply regret the losing of two such
excellent teachers as Miss Doten and
Miss Robinson. During their stay
here they have won the confidence of
parents and pupils by their congenial
and efficient personality.

The Chairman, A. D. McCain com-
plimented the teachers and pupils
upon the success of the program and
the amount of work accomplished dur-
ing the school year. Mr. McCain
closed upon several speakers who also
expressed their gratitude for the work
done in the school and the interesting
program. Singing of the National
Anthem closed the exercises.

GOOD WORK OF VOCATIONAL SCHOOL

That the Carleton County Vocational
school is justifying its existence
and the assistance given by the county
was well evidenced at the closing ex-
ercises held in Woodstock, Tuesday,
of last week. There was a large attend-
ance of spectators from many parts
of the county and the exercises from
the "Drill on the Lawn" by the girl
graduates to the closing piece within
the walls of the handsome building,
reflected the utmost credit on both
teachers and students. Particularly
worthy of reference were the address-
es, salutatory by Aubrey Reid and
valedictory by Ruthford B. Avery.

In its way each was a remarkable
address, evidencing a high conception
of citizenship, by the speakers—well
reasoned and well delivered speeches.
One is led to think that the centre of
intellectualism is shifting from the
town to the country and that the day
is fast approaching when the farmer
will instruct the townsman instead of
the townsman instructing the farmer.

If these two young men are typical
of the coming farmer of Carleton
county, it speaks well for the future.

"Class Gifts" by Miss Alice R. Jones
and the "Class Prophecy" by Miss Mary
M. Sunder were two well considered
numbers showing that humor is still
the spice of life. Miss Pauline Hay and
Miss G. Marie Mannel with choruses
added greatly to the program with
musical excellency. The speech of the
evening was by Mr. Fletcher Pascoe
and he paid a high tribute to the vo-
cational school, which he claimed was
unsurpassed by anything of the kind
this side of the Great Lakes.

A number of prizes were given and
presented to the students to which the
Women's Institute contributed no
small share. Certainly Mr. Maxwell
and his associates teachers have reason
to be proud of the showing made.

Probably there is not a institution in
the county which has more important
bearing on its future than the Vo-
cational school, where practical sub-
jects are taught hand in hand with
cultural instruction. Through it the
young farmer comes to see the nobil-
