## BATHURST AMATEURS MAKE A HIT

Entertainment in Opera House Saturday Night Was Most Enjoyable One.

The Bathurst amateurs who put on the four act drama, "The Dust of the Earth" in the Opera House last Saturday night made a decided hit with the Campbellton audience. The Opera House was well filled and none but the most favorable comments were heard.

## KEEN CURLING AT BATHURST

**THEFT OF DIAMONDS VALUED AT \$5,000.**  
Robbers Make Escape After Raiding New York Pawn Shop in Daylight.  
New York, March 13.—A tray of diamonds valued at \$5,000 was the booty of two daylight robbers who made their escape on a motor cycle after smashing the window of a pawnshop in the Bronx today.  
Having hurled a brick through the window one of the robbers snatched two trays on which were the worth of the gems, but in his haste dropped one of the trays as he clambered into the side of the waiting motor-cycle manned by his companion. The robbers whisked into a side street and disappeared.

## PAID DEARLY FOR HIS DEER MEAT

Tobique Resident, a Former Game Warden Up Before Court.

Last Thursday afternoon Chief of Police Mann arrested Wm. Foley, of the Tobique, and an ex-game warden for having deer meat in his possession contrary to the law. He appeared before His Honor on Monday and was fined \$75.00 and costs of \$33.00 in all.  
For the past month information has been given the Graphic that residents of the Tobique district had been killing deer, and were selling the meat in town. We were also informed that one of the offenders was an ex-game warden, who was expecting the appointment again this spring. This man had made several trips to town and had sold a quantity of deer meat. He no doubt has received a just reward.

One of the outstanding features of this matter is that the chief game warden of this district, Mr. Chas. B. Gray, resides in the district adjacent to where the killing has been going on for some weeks, yet has not laid any complaint against any of the illegal hunters. It is certainly up to Mr. Gray to offer an explanation.  
We are also informed that Mr. Foley is not the only guilty party, and if the Crown Land department would send a man to this locality he would no doubt, if he knew his business secure many more convictions.  
Residents who are offered deer or moose meat should immediately inform Chief of Police Mann. Every citizen should take an interest in the protection of our big game, as these are one of our best natural assets.  
We trust that this case will be a warning to others.

## OPPOSE PETITION TO INCREASE RATES

Municipal Councillors for Mann Held Special Meeting to Deal With This.

A special meeting of the Municipal Council of the Township of Mann was held at Cross Point on Monday the 11th inst., for the purpose of taking into consideration the application of Mr. J. Howe Taylor for authority to increase the rate on passengers traffic between Cross Point and the town of Campbellton. We understand that the decision arrived at was not favorable to Mr. Taylor as the Council found that the petition to the Minister of Inland Revenue was misleading.

## DESTROYED A GERMAN SUBMARINE

British Capture Eight of U-Boat's Crew.

London, Feb. 23.—(By Mail).—The British destroyer Ariel recently overpowered and destroyed a German submarine and captured eight of the crew. The Ariel was on patrol duty when she got a report of a submarine in northern waters. Sighting the periscope of the submarine at a distance of nearly a mile, the Ariel made for the enemy craft, firing as she approached. The gunners made a practice and the periscope of the submarine was struck fairly. Going at full speed the Ariel attempted to ram the German, and passed right over her. The submarine was damaged and came to the surface.

Faced with destruction the crew of the submarine attempted to use their gun on the destroyer. After two or three shots from the bow gun of the U-boat began to appear on deck with their hands above their heads in token of surrender. Several boats were lowered and eight men of the submarine crew were rescued. The other members of the crew, thirteen in number, drowned.

## POPULAR SONG WRITER KILLED.

Mrs. Ford Wrote "Keep the Home Fires Burning."

London, March 11.—The bodies of Mrs. Lena Guilbert Ford, an American poetess, and her son, about thirty years old, were discovered today in the wreckage of a house destroyed in the German air raid last week. In this house twelve persons were killed.

Mrs. Ford was author of "Keep the Home Fires Burning," one of the most popular of the English war songs.

Everything comes to those who refuse to wait.

## REPORTED MISSING NOW KILLED

Pte. Frank Boucher Now Given Up as Killed in Action.

On Nov. 6th last, word was received here by his parents that Pte. Frank Boucher, who enlisted with the 56th Battalion and who was later drafted to the Fighting 26th, was missing. For a time hope was en-

PTE. FRANK BOUCHER. Killed in Action.

It is reported that he might be reported as a prisoner in Germany, but this was dispelled recently when the word came that he was presumably killed in action.

The necessary form under the new income tax regulations can be procured from your local postmaster.

## DROPPED BOMBS INTO OPEN COUNTRY.

Official Report Of Latest Raid By Zeppelins Over England.

London, March 13.—The following official statement was given out: "Latest reports indicate that three enemy airships crossed the coast between 8 and 10 o'clock last night. Only one ventured to approach a defended locality, namely, Hull, where four bombs were dropped. A house was demolished. One woman died of shock."

The two remaining airships wandered for some hours over remote country districts at great altitudes unloading their bombs in open country before proceeding out to sea again."

## DAWSONVILLE.

A pleasant evening was spent last Wednesday at the home of Mrs. W. Main when a number gathered to see the lantern slides shown by Mr. Huntington of Campbellton.

Mr. Geo. Bain and Mr. A. Thompson of Glen Levis were in Dawsonville last Thursday.

Mr. Hudson Firth of Robinsonville spent a few days here recently.

Miss Kathleen Stevenson is spending a few days in Campbellton.

The marriage was solemnized at Campbellton recently when Mr. William Hennigan of Dawsonville was united in marriage to Miss Teresa Bonheur of Glen Levis. The ceremony was performed by the Rev. J. H. Barnes.

## SEIZED LIQUOR.

Inspector T. Mann has been watching the express offices and freight sheds for liquor and on Tuesday seized at the Dominion express office a barrel of liquor billed to Jacques River. The package was not properly marked.

This morning a seized two boxes of liquor, one billed to Charlo and the other to Jacques River. Neither were properly labeled.

## CIVIC MATTERS RECEIVING ATTENTION

Interest Being Taken in Civic Affairs Although Election is One Month Off.

Interest in the approaching civic contest is growing each week and from present indications there will likely be an election in each ward. The names of a number of prominent men have been mentioned for the office of mayor and councillors, but at the present writing none have openly declared their intention of offering. No doubt at the proper time their names will be given to the public.  
The fact that so much interest is being taken in civic affairs so early in the contest shows that the dormant civic pride is awaking and we trust that more interesting times are ahead for Campbellton.

Let every citizen take an interest in the election this year, but let it be free from hard feeling or party strife.

## FISHERY QUESTIONS HAVE BEEN SETTLED

Arrangements Between Canada and United States Mean Greater Production.

Ottawa, Mar. 13.—The important announcement was made here today by Hon. C. C. Ballantyne, minister of marine, and the travel service that an arrangement which settles long standing fisheries questions between Canada and the United States has been reached. It will remain in force at least during the war.

The new agreement, which is regarded as another evidence of how the two countries are striving to break down all barriers that stand in the way of the greater production, provides for complete reciprocity of port privileges for the fishing craft of the two countries. This will not only enable an important increase in the amount of fish produced to be made by the two countries, but will do away with the irritating delays to vessels of either country in the ports of the other.

Under the regulations issued tonight the manufacture of intoxicating liquors is prohibited from that date. It is provided, however, that "in case the sale of intoxicating liquor of any class for beverage purposes is permitted in any province, this regulation shall not apply to the manufacture of such intoxicating liquor in such until December 31st, 1918." The latter provision, in regard to manufacture, is operative in two cases. The manufacture of beer in Quebec and manufacture of malted wine in Ontario. In both instances, manufacture is to cease at the end of the present year.

## NEW MANAGER NOW IN CHARGE

Improvements to Opera House and Class of Pictures Are Under Way.

Mr. Donald McRae, who as stated in the Graphic some time ago, has purchased the Campbellton Amusement Co.'s business here, which comprises the Opera House at Campbellton, Dalhousie and Athol, is now in charge, having arrived on Monday.

In conversation with the Graphic Mr. McRae stated that he was just getting in touch with the business here, but expects to make many improvements in the Opera House, both in regard to interior appearance and class of pictures.

Mr. McRae is thoroughly conversant with the business having large interests in St. John, Halifax and Sydney.

## ADMITTED TO HOSPITAL

Mrs. Clara LeTurnau has been notified that her husband Pte. Nelson LeTurnau has been admitted to No. 8 Stationary Hospital, Vimereux, France on Feb. 3rd suffering from a gun shot wound in the right foot.

Pte. LeTurnau enlisted with the 56th Battalion.

About the dearest thing on earth is a cheap man.

No matter how often a man's heart is shattered it is always good for another break.

## PREFERRATION TO SOLDIER BOYS

Ann Klubb Gave Supper to Departing Member—A Pleasant Time.

On Tuesday evening, Feb. 5th the Campbellton branch of the very ancient Order of Klamm met at the Canada Cafe to tender a farewell supper to their brother Klamm Fred. W. Sharpe, who was leaving them to serve his king and country on the battle field of France.

President Eugene Savage, of Maryville presided at the festive board and in a few well chosen words expressed the regret of all in losing such a valuable member of the Klamm Klubb as brother Sharpe, and regretted also not being with them, but as he had his farewells to say to some members of the fair sex at Moncton, his absence was excused.

During the evening Vice President W. P. Thompson, on behalf of the Klubb presented brother Sharpe with a wrist watch and appointed him a special messenger to carry to brother Matthews a safety razor with the Klubb's best wishes that he may never have a closer shave than the one he gets with his razor.

Appropriate speeches were made by all members of the Klubb and much appreciated songs were rendered by Bros. McDevitt and Harkins.

Trusts were drunk to the King, the Allies, and members of the Klamm Klubb in khaki.

The pleasant evening was brought to a close by singing Auld Lang Syne and the National Anthem.

## CANADA VIRTUALLY GOES DRY APRIL 1

Dominion Prohibition Regulations Issued—No Shipping From One Province to Another.

Ottawa, March 11.—Canada virtually goes dry on April 1st.

Under regulations issued tonight the manufacture of intoxicating liquors is prohibited from that date. It is provided, however, that "in case the sale of intoxicating liquor of any class for beverage purposes is permitted in any province, this regulation shall not apply to the manufacture of such intoxicating liquor in such until December 31st, 1918." The latter provision, in regard to manufacture, is operative in two cases. The manufacture of beer in Quebec and manufacture of malted wine in Ontario. ## AFTER SICKNESS THEY GAVE HER VINOL

And She Soon Got Back  
Her Strength

New Castle, Ind.—"The measles left me run down, no appetite, could not rest at night, and I took a severe cold which settled on my lungs, so I was unable to keep about my household work. My doctor advised me to take Vinol, and six bottles restored my health so I do all my household work, including washing. Vinol is the best medicine I ever used."—Alice Record, 437 So. 11th St., New Castle, Ind.

"We guarantee this wonderful cod liver and iron tonic, Vinol, for all weak, run-down, nervous conditions."

## HOW A SUBMARINE WAS KNOCKED OUT

Trawler (captain) Used a Shovel on  
Periscope.

London, Feb. 21.—When one's vessel is in danger from enemy submarines anything will do as a weapon of defence, as is shown by the story of a captain of a British trawler who used a coal shovel with good effect against a German U-boat. The trawler, according to the story told by one of the crew, who was in the North Sea in a stiff breeze when the skipper saw a periscope crawl through the surface of the sea about a hundred yards off. There was no gun aboard and the trawler's best speed was less than eight knots.

"It was a situation to dismay most men," said the sailor. "Our skipper, however, has a fighting spirit. A touch of the wheel sent the trawler's hunt bows pointing at the periscope. The U-boat swung around to avoid the impact and the sides of the trawler scraped along the sides of the submarine. The periscope was still well out of the water, but was beginning to slip down as the submarine dived.

"The skipper bawled for a hammer crowbar, anything that would hurt. One of the crew thrust a coal shovel into his hands, and he scrambled over the bulwarks and leaned over, two of the crew hanging on to his coat so that he would not fall overboard. Backwards and forwards he swung the heavy scoop at the fragile periscope and the third blow reduced it to fragments.

"The submarine commander, hearing the noise and wondering what new and horrible device the enemy had invented, crept to his periscope to have a look, but all was black. He was blind, and the trawler got away in safety."

In your own little family circle, you are regarded as one of the greatest men in the world, and if you are a good sport, you will go on working like blazes to keep up the illusion.

## GRADUATED WAR TAX ON INCOMES.

Those Enjoying High-Paid Incomes  
Will Pay Largest  
Amount.

If the income war tax law, about to be applied, did nothing more than cause a national stock-taking, it would serve a most useful purpose.

The taking of an inventory of one's resources invariably induces a desire to save and a desire to save when translated, as it very frequently is, into a determination to save, means getting on with the war, as well as happiness all around. This process, first an inventory on one's resources, then a desire to save, applied to every unmarried person, or widow and widower without dependent children receiving an income of \$1,500 and over, and to all other persons receiving an income of \$3,000 and over, will unquestionably result in a large proportion of cases, in a determination to save. And that means more general prosperity and renewed national strength.

But a national stock-taking is only incidental, of course, to the chief purpose of the income war tax, which is to provide revenue for the prosecution of the war in as equitable a manner as possible. The tax is to be graduated, according to one's ability to pay. Those who are in receipt of only a living wage or salary will not be called upon to pay; those enjoying the highest incomes will be called upon to pay the greatest amounts, and the great body of income receivers between, will be called upon to pay in their due proportion.

Moreover, the purpose of the act is to distribute the burden equitably among all classes. By way of illustration the farmer will be required to add to the value of his actual income, the value of the home-grown products which his own family consumes. This places the farmer on a plane with the salaried man the value of whose services is wholly represented in the income received and against which he must charge all his living expenses.

Canada has established a war record that is the envy of the world. It is certain that the Canadian people will run true to form in answer to this latest call of their war government.

## NEW BRUNSWICK IS TO GET \$25,000

Large Expenditure in Provinces to  
Encourage the Production of  
Food.

Quebec, Mar. 7.—At a conference today between Dr. Robertson, representing the food board, and the federal minister of agriculture, and the Hon. J. E. Caron, provincial minister of agriculture, the former said that the federal government will give \$60,000 to Quebec and the same amount to Ontario to encourage an immense production of food-stuffs. Nova Scotia will get \$30,000; New Brunswick, \$25,000; Prince Edward Island, \$5,000; Manitoba, \$25,000; Saskatchewan, \$35,000; Alberta, \$35,000; British Columbia, \$15,000.

## AUTO-INTOXICATION OR SELF-POISONING

"FRUIT-A-TIVES" Absolutely Pre-  
vents This Dangerous Condition.

The chief cause of poor health is our neglect of the bowels. Waste matter, instead of passing from the lower intestine regularly every day, is allowed to remain there, generating poisons which are absorbed by the blood.

In other words, a person who is habitually constipated, is poisoning himself. We know now that Auto-intoxication, due to non-action of the bowels, is directly responsible for serious Kidney and Bladder Troubles; that it upsets the Stomach, causes Indigestion, Loss of Appetite and Sleeplessness; that chronic Rheumatism, Gout, Pain In The Back, are relieved as soon as the bowels become regular; and that Pimples, Rash, Eczema and other Skin Affections disappear when "Fruit-a-tives" are taken to correct Constipation.

"Fruit-a-tives" will protect you against Auto-intoxication because this wonderful fruit medicine acts directly on all the eliminating organs. 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

## RELIABLE GUIDES.

In a herd of fourteen cows that gave an average yield last year of 6,058 lb milk and 260 lb fat, the best cow was a five-year-old, the second was 11 years old, and the third was only a three-year-old with a yield of 7,364 lb milk and 305 lb fat. The two poorest were aged six and four years.

So it is not always age that determines production; it is not always feed, for these 14 cows were all fed alike; but it does largely rest upon some at present unknown principle which enables one cow to make use of the same quality and quantity of feed and out of it produce two thousand pounds of milk more than her stable mate.

With such remarkable differences in plain sight in every herd where individual milk records are kept, the owner is in no doubt as to which are the best cows to keep as foundation stock. But without such records there is no reliable guide in selection.

The best of it is that no dairyman need go to the trouble of finding suitable sheets of paper and laboriously ruling them to suit him. For an application to the Dairy Branch, Ottawa, he can obtain free of any cost whatever, convenient ruled and printed milk record forms for taking weights either daily or on three days per month, together with feed record forms and a herd record book for the complete year's figures: write today, it will pay to use them; they are reliable guides.

## IMPORTANT LEGISLATION FOR PROVINCE IS PROMISED IN SPEECH FROM THE THRONE

Shipbuilding, Health Provisions, Forestry  
Act, New Highway Policy, Work-  
men's Compensation

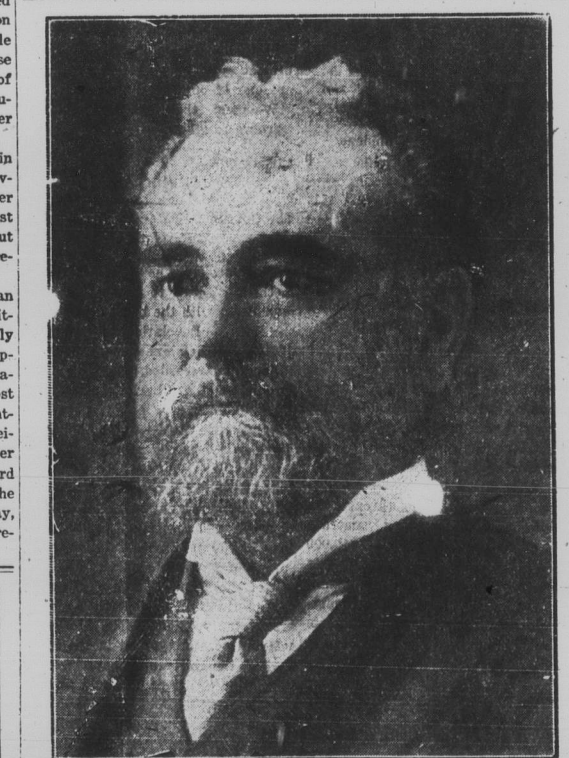

Fredericton, Mar. 7.—At the opening of the New Brunswick Legislature this afternoon, Hon. Wm. Pugsley, lieutenant-governor, delivered the speech from the throne as follows:—

Mr. Speaker and Gentlemen of the Legislative Assembly:—

It gives me much pleasure to welcome you to the second session of the seventh legislative assembly of the province of New Brunswick. This is the fourth meeting of the legislature since the beginning of the tremendous war for liberty and civilization which began in Europe in August, 1914, and it is a matter for the greatest congratulation that the spirit of courage and determination of our people for victory and a successful conclusion of that great struggle are stronger than ever. The response of the people to patriotic effort, for the funds of the Red Cross and the bonds of the Great Victory Loan, has been such as even to astonish themselves.

My government, recognizing last spring, the need for more foodstuffs, asked the farmers to increase their production, procuring for them both seed grain and fertilizer. I am happy to say that they spared no effort to increase the production of their farms. A fresh appeal is now being made to them, and all possible measures will be taken for facilitating their task.

The settlement of returned soldiers upon the land has been engaging the attention of my government in co-operation with the federal ministry, and plans are being formulated which

HON. WM. PUGSLEY, LIEUT.-GOVERNOR OF NEW BRUNSWICK.

I hope will result in encouraging many of those returning from overseas to take up the pursuit of agriculture.

The province has also agreed to co-operate with the Military Hospitals Commission in the erection of additional accommodations for soldiers afflicted with tuberculosis, and extensions are now being made to the River Glade and St. John county institutions.

I am pleased to be able to congratulate the province upon the beneficial results of the Prohibition Act. The area of enforcement has been considerably increased by reason of the co-operation of the federal government, which made it unnecessary to hold elections in several counties for the repeal of the Scott Act.

The construction of the St. John and Quebec Railway between Gagetown and Westfield has proceeded during the year as rapidly as labor conditions and scarcity of material would permit. On account of the extraordinary demand for steel rails for use overseas as well as in this country, the Canadian Government Railways were unable to carry out their undertaking to provide the rails necessary for the completion of this section, but arrangements have recently been made preliminary to the taking up of the steel rails upon the Northern New Brunswick and Seaboard Railway authority for which was given at the last session of the legislature. Construction of the road is at such a stage that with the assurance of steel for track laying, the company is able to

look forward to completion of the rail-way ready for transportation for the next fall and winter. Details of the expenditure upon this important work will be furnished you.

In the month of April, 1917, a commissioner was appointed to inquire into contracts entered into and acts performed by the directors and officials of the St. John & Quebec Railway Company. The commissioner has made his report which will be laid before you.

After you have had an opportunity of studying the report and the evidence on which it is based, my government will ask you to consider the propriety of passing legislation, rendered necessary by the fact that the Saint John and Quebec Railway, and the moneys provided for its construction, although in reality the property of the crown, are nominally the property of a company whose stock is owned by His Majesty.

My government is of opinion that the moneys wrongfully and illegally obtained from the company should be deemed to be and should become a crown debt, recoverable by His Majesty from the offending party or parties.

I am confident that you will cheerfully support legislation designed to make more certain the securing of redress for wrongs which have been committed against the province in connection with this public work in the past, and provide greater safeguards for the future.

During the recess, an investigation and survey have been made of the health conditions in the province and a report upon the same by John Hall, a recognized authority, has been received. Legislation based upon Mr. Hall's report will be introduced.

It is with much pleasure that my government has learned that the dominion cabinet has decided upon a broad and comprehensive policy for the creation of a fleet of steel vessels, and by giving building contracts therefor has decided to encourage the establishment of a great national industry upon a permanent basis.

By reason of its geographical position, and the fact that some of its important harbors are open at all seasons of the year, New Brunswick possesses ideal advantages for the building of steel ships, and my government will invite you to consider what measures it will be desirable to take in order to secure for this province a reasonable proportion of the contracts to be given by the federal authorities.

The need of ships for the transportation of the agricultural products of Canada, to enable our people to do their part in sustaining the armies of the Allies, is most urgent, and I am satisfied that if, after due consideration, you should decide upon a course which will secure in this province speedy and effective action in this direction in co-operation with the Canadian government, such a course will result in the most beneficial manner for the future.

of Buying a Grafonola*

GO to the store where Columbia Grafonolas are sold. Walk in. Columbia sales people know how to treat the man or his wife who would like to do a lot of looking and listening before they begin to buy. Look over the catalog of records. Pick out what you want. The records will be brought and played. Then play some yourself. Take this sensible way of getting acquainted with the Grafonola. Compare it with other instruments. In direct comparison the Columbia Grafonola always appears the best.

Columbia Grafonolas are priced at \$24 to \$350.

### HALIFAX BLIND ENDOWMENT FUND.

The Halifax Blind Endowment Fund of which Campbellton was the first town to respond, and whose citizens gave so liberally, is meeting with marked success in other towns.

Mr. Havelock Sansom, who has been on a tour of the lower part of the province accompanied by Mrs. J. H. Jenner returned home encouraged by the reception given them by the people of Dorchester, Sackville and Moncton.

Mrs. A. E. Smith gave a lecture in Moncton in the city hall Friday night to a full house in behalf of the Halifax Blind, and an organization was at once formed to solicit funds in that city.

Mrs. J. H. Jenner has been asked to repeat her illustrated lecture in the College Memorial Hall, Sackville on Wednesday night of this week.

### SAYS SINKINGS INCREASED

London, March 5.—Commander Carleton Bellairs, Unionist member of Maidstone, in the House of Commons today gave submarine sinking of merchantmen as averaging 70,000 tons weekly in January, and 80,000 tons weekly in February.

### GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver and Bowels.

Look at the tongue, mother! It coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad, has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

### IMPORTANT LEGISLA- TION FOR PROVINCE

Continued from page 2.

ceive a ready and enthusiastic support from the people of New Brunswick. The Workmen's Compensation Act Commission has made much progress during the recess and a bill based upon the conclusions at which they have arrived will be introduced for your consideration.

Among other measures to which your attention will be directed, are: A new highway act, a forest act, which will make considerable changes in the administration of the crown lands, acts amending the game and mining laws, and other measures concerning the public services of the country.

The increasing needs of the public services of the province and the necessary expenditure in connection therewith, the large demands to provide the interest upon the provincial debt and guarantee railway bonds make it necessary to supplement the revenue of the province and certain measures will be brought to your consideration.

In a recent conference of provincial premiers at Ottawa, which was attended by a committee of my government, many matters of interest and importance to the future of the province were discussed and the result of these deliberations will be brought to your attention during the session.

I have directed the accounts of the income and expenditure for the past year as well as a statement of the receipts and payments of the current year up to the opening of the present session to be laid before you. The estimates of the probable income and expenditure for the current year will be submitted to you, and I believe you will find that the estimate for the expenditure have been prepared with a due regard to economy and the requirements of the public service.

I wish to assure you, in conclusion, of my belief and confidence in your patriotism and zeal for the public good and to express the hope that your deliberations will result in promoting the welfare and increasing the prosperity of the province.

### RE SCHOOL GARDEN —UPSALQUITHE

March 9.—Some time ago we stated that this school taught by Mrs. J. W. Munroe in 1916-17, had received a prize for Physical Training and also maintained a School Garden. We wish also to state that recently the school has received from the Agricultural Dept., a prize for its School Garden, second in the province. This is a record to be proud of. It is also an encouragement to other teachers who hesitate about introducing this very desirable work into their schools, as a more unpromising outlook for a beginning could not well be imagined than that which confronted this teacher and her small band of pupils. The inducements offered to teachers who prepare this work are such that we hope to see a still greater number taking advantage of the special course given at Sussex and Woodstock this summer of 1918.

The work of this School Garden is to be continued under the direction of the present teacher Miss Muriel Barbour, who has completed the Rural Science Course, and who we have every reason to believe, will carry on the work with as much enthusiasm as her predecessor. Let other schools in the county take notice.

### THE CURFEW BY-LAW.

The following is a copy of the Curfew By-law in effect in the towns of Newcastle and Chatham:

This by-law was enacted by the Town of Chatham with the problem of young people running on the streets at night by playing, under the direction of the Police Committee, certain disciplinary and disciplinary powers in the hands of the police which they did not have under any previous existing statute.

To facilitate the operation of the first section of the by-law, the janitor of the Town Hall each evening gives three strokes on the Town Hall bell, at the hours of Nine during the summer months and Eight during the winter months.

A by-law for the protection of children and minors.

Be it enacted and ordained by the Town Council of the town of Chatham: Sec. 1. No child under the age of thirteen years shall be allowed upon any public street, park, or other public place within the town of Chatham after the hour of nine o'clock in the evening of any day during the months of May, June, July, August, September and October, and after the hour of eight o'clock in the evening of any day during the months of November, December, January, February, March and April, unless accompanied by an adult person in charge of such child.

2. Every parent, guardian, or person with whom any child under the age of thirteen years may reside, who shall allow or permit any such child to be upon any street or other public place within the Town of Chatham on any day after the hours mentioned in the preceding section and unaccompanied by an adult person, shall be guilty of an offence against this by-law and liable to a penalty of not less than two dollars for each and every such offence.

3. After the hour of Ten o'clock in the evening of any day, no boy or girl under the age of eighteen years shall be permitted to loiter, linger or remain without apparent object or purpose on any street, park, alley, or other public place within the Town of Chatham, unless a sufficient reason therefor is given by them, and in the absence of such sufficient reason or excuse it shall be the duty of any policeman or constable to direct all such persons to proceed at once on the way to their homes. In the event of their refusing to do so, or failing to give a satisfactory reason for so remaining, it shall be the duty of the police to take such person or persons into custody and detain them till their parents, guardians, or other responsible persons with whom they may reside are communicated with and notified to appear at the Town Hall to receive them into their care and charge.

4. Any parent, guardian, or other responsible person who shall refuse, or shall neglect within a reasonable time after being so notified, as provided in the last preceding section, to appear at the Town Hall and take charge of the minor or minors so detained, unless a satisfactory explanation of their failure to do so is given, or who shall use or address abusive language to the policeman in connection therewith, shall be guilty of an offence against this provision of the by-law and liable to a penalty of not less than two dollars for each and every offence.

### OVER 40 YEARS ON THE ROAD

The name of W. G. Reid of Hamilton, Ont., is a familiar one to thousands throughout the Dominion. For over forty years Mr. Reid has been serving as a commercial traveller. A letter recently received from him indicates how he suffered from Rheumatism, and at last found relief.

Read this letter:  
Hamilton, Ont.  
"About four years ago I wrote you of my condition from Muscular and Inflammatory Rheumatism and Kelsey's Kidney and Bladder Pills. I had been suffering from these ailments for years and was unable to do any work. Since then I have been very well and am able to do my work as usual. I feel it not only a duty but a pleasure to recommend Kelsey's Kidney and Bladder Pills to my thousands of personal friends throughout Canada to whom I am well known as a commercial traveller of over forty years' service."

### Laugh When People Step On Your Feet

Try this yourself then pass it along to others. It works!

OUCH! OUCH! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Clinician's authority, who claims that a few drops of a drug called Freezone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right off without pain.

He says Freezone is an ether compound which drives immediately to the never inflamed or even irritated the surrounding tissue or skin. A quarter of an ounce of Freezone will cure a corn at any drug store, but it is difficult to remove even hard corns without Freezone. Nothing of American origin will relieve the agony of the high heels.

### SOUR, ACID STOMACHS, GASES OR INDIGESTION

"Papa's Digestion" neutralizes excess of acid in stomach, relieving dyspepsia, heartburn and distress at once.

Time it! In two minutes all the acid distress, flatulence, indigestion, belching of gas or eructations of the stomach, no diarrhoea, flatulence, or heartburn.

"Papa's Digestion" is not a medicine, it is the surest, most reliable remedy ever in the whole world, and it is harmless. Put on an acid stomach distress once by a certain amount of "Papa's Digestion" and you will find it is not a medicine, it is a relief. You really find it is not a medicine, it is a relief. **DAYLIGHT SAVING.**

The Toronto Star gives this illustration of the benefit of daylight saving:

"We have received a letter from a workingman who is employed in a factory from 7 a.m. to 6 p.m., and he strongly advocates the daylight saving law. Last year he rented a lot and produced fourteen bags of potatoes, besides carrots, onions, corn, tomatoes, and other vegetables, and until now has not had to spend a penny for vegetables. Daylight saving, with its extra hour of light in the evening, would, he says, have a wonderful effect in increasing the success of the production campaign in the way of gardening. That extra hour would enable a man to do something worth while in an evening instead of getting only started by the time darkness falls. I would be able to grow twice as much as I did in 1917," he writes, and produce not only for his own family, but add to the general supply. The whole production movement in and around the city and in the factory centres of the province and throughout Canada would undoubtedly be greatly increased in scope if another hour of daylight were available in the evening for gardening purposes."

The press of the United States is urging congress to take action at once as the time for bringing a daylight-saving regulation into force is at hand. The change should be made to cover the continent to avoid any confusion arising from the difference in time.

Perguson Manor  
March 11th, 1918

Editor Graphic,  
Campbellton, N. B.

Dear Sir:

In your paper recently I noticed your protest against killing deer and moose illegally. And I for one think you do just right only not strong enough.

I want to give you a few facts that have come to the notice of myself and another gentleman who travels with me

in scaling and counting logs along the rivers and brooks up the I. N. R.

As soon as the last rain made a crust the deer hunters started out with dogs and sleds, the usual way to go along the brooks with the dogs, and in the winter the deer yards on the sunny side of the brooks, and when they come to a deer yard they send the dogs up and they stay on the ice.

The dogs chase the deer down and with snow as deep as it is now they are an easy prey for the hunters, but there are lots of them that the dogs tear so bad that they are no good. Last week I saw two lying on the ice that were so badly torn they were good for nothing.

I also met 7 men and two dogs and 13 dead deer at one time, and I passed an old camp in which there were three men and a dog, and four deer.

I saw in another place 7 deer heads lying on the side of the hauling road, and along the brook where ever there is a deer yard you will see where there has been some killing.

But there is one thing, I have not seen where those deer have been killed, a "game warden" although it is not over nine or ten miles from the railroad.

A. SCALER  
Campbellton, N. B.  
March, 14th, 1918

Editor of the Graphic,  
Town.

Dear Sir:

In your last week's issue of your paper I took exception to "June" letter in a previous issue re the selection of our mayor and councillors for next year and gave an opinion that working men should be largely represented at the new board and proved that in the past the town lost forty three thousand dollars on one deal.

I notice in the columns of yesterday's Tribune that the editor of that paper devoted some space in reply to my last week's letter. In the first part of his article he condemned past town management and rather agrees with me, then brings up Dalhousie town affairs and finishes up by saying that our present board are conducting our affairs in a much more fair and business-like manner.

I would in reply to my friend and neighbor, the editor of the Tribune, say that at many times in the past some of his many contentions should have been considered and perhaps our debt would have been much "less". Perhaps over one hundred and fifty thousand dollars of this amount will no doubt make your readers and the tax payers question this large sum. It may be well to point them out in rough sum.

1. After we took over the water supply and commenced to erect a new concrete dam there was a question as to the title of the land. We could have settled with the owner for a small sum but through poor judgment and spite we got to law. The same thing took place with the said owner of the land on which we laid our 16 inch main. These two blunders and lawsuits cost us about \$15,000.

2. Then when our concrete dam was built the water over-flowed the

land in the rear. The owner called the town's attention to this fact and offered to settle for a small amount. The same poor business and spite was indulged in, another law suit and the owner rightly won out. We cut down our concrete dam two and one half feet (this was done without a vote of the council). This was a loss of about two thousand dollars.

3. Our storage of water was not sufficient for our growing town so we purchased Smith Lake, built a dam but found it did not give us water storage enough. Then we bought more land raised the dam, cleared land, cleaned out brooks, etc., etc.

Expenditures are said to have cost us about thirteen thousand dollars (\$13,000). Bear in mind this was done without consulting a competent engineer or a vote of the people. Another thing, land in that section is quite level and boggy in the summer, a large portion of the water is stagnant in the spring after severe winters, ice frozen in the ground in the months of March and April finds us short of water.

4. After the fire we widened two streets and paid as high as \$1.40 per square foot for some of this leased land. This with other land we could have bought for a small sum a short time previous. On this we spent some six thousand dollars.

5. Park lot on Water Street stand is today about twelve thousand dollars.

6. Ten years we voted a gift to a wood-working company, not understanding the wish of the people our town councillors granted that firm exemption from taxes for fifteen years. Here again we met a loss of about fifteen thousand dollars in taxes.

7. We gave the Tribune a permit for water to run a small motor, then our Town Board cut off supply. Here again spite and poor judgment prevailed. The tax-payers paid to St. John lawyer and other law costs about two thousand dollars. Case is still in court.

8. Loss in the leasing present Town building maintenance of fuel, etc., upwards of five thousand dollars, a very low estimate.

9. Annual loss in Town management for the past five years at \$30,000 per year. This neat little sum amounts to \$15,000.

10. About ten years ago our Council decided to put in a 16 inch main. We got as far as Duncan's Hill just beyond the I. N. R. station. There "they" connected with our 10 inch main. Land next to reservoir was bought for said pipe from two or three owners and for this we paid two cents per foot not an unreasonable price but it all goes to make up expense. These men did this without a report of an engineer or a vote of the rate-payers. This unnecessary outlay cost close to \$30,000 so one can quite understand why our bonded debt is "Half Million Dollars". There are some on the board now that voted for this and my friend says they remain because no one will offer, lack of interest, etc. I want the readers to consider if his contentions are just in this matter. I have given him credit up to now and I want to be fair, but I take a different view.

I will mention a case in which the "power behind the throne" showed itself. I have in mind the late Samuel Laughlin who was elected councillor by a close vote and his opponent at once entered a protest. He refused to hold a seat at the Board. Today we have at least three councillors not qualified and in the face of these facts my friend, says a great improvement has taken place. Such arguments are not "water tight".

Again there are few that do not know that Frank Blackhall served as Councillor, creditably and benefit to our town, always on duty, free from mean acts, honest to the core.

He was asked to offer for mayor a few years ago but at once the Group that has held control for so long started in with the usual unfair canvasses. He would not suit the temperance people, etc., it was evident this gentleman was not "desirable". The result was that our town again made a grave error and discouraged working men offering.

The result of last year's election was shown up a few days ago by "Progress" in your paper, but the "Tribune's Editor" think everything is O. K. and says it is hard to get men to offer but fails to give or state the cause.

I will make a very short reply to his comment in reference to Dalhousie. Some time ago he said through his paper that, that town was the best managed town in New Brunswick. That is quite true and if he would make inquiry re management of towns such as Bathurst, Newcastle, Chatham and Sackville and "Busy Amherst" he would discover that all of these towns are largely governed by "Working men". So all can see these towns use good judgment. The Editor finishes up and says that in the past two years the town's management is all that could be (this compliments the old councillors which in the past he condemned) a change of heart again.

Now I am leaving him and I want

**BUSINESS** men everywhere who have hauling or delivering problems to consider—whether operating a wholesale business, a retail store, or a farm—will welcome the arrival of the Ford One-Ton Truck.

Heretofore, the Ford user who wanted to carry loads up to a ton found it necessary to get one of several special attachments or extensions which were on the market. Now the standard Ford truck is available—a car that can withstand the drudgery of commercial use, and yet lacks superfluous weight, and is easily handled.

The truck differs from Ford passenger cars in that it is specially designed throughout in proper pattern and strength for heavy-duty service. It has a final drive of the worm gear type, so that all gears are enclosed. Rear wheels are equipped with solid tires. Front tires are pneumatic. Standard Ford motor, transmission and ignition.

#### SOLDIERS ARRIVE

Three hundred soldier-boys from Ontario and vicinity arrived here Monday at noon and are now at the barracks. They are being welcomed by our citizens.

**FOOD CONTROLLERS' ORDERS.**  
The rubber stamps giving license number as called for by the Canada Food Board, can be ordered through the Graphic, Campbellton. Also ink pad for same. Send us your order.

#### SCARLET FEVER.

It is unfortunate that three cases of scarlet fever have developed among the soldiers who arrived here Monday. They have been isolated and the Murray house, Water street has been prepared as an hospital for them.

#### STIMULANT DISAPPEARED.

A local doctor last week paid a visit to a man who was injured. As the injured man needed a stimulant the doctor took from his grip a small bottle of brandy from which he administered a small portion. A minute or two later he looked for his bottle but it had disappeared. There was a dry spectator handy.

#### EXCHANGED PULPITS.

Rev. Mr. Camp occupied the pulpit of the Methodist church Sunday morning last, while Rev. Mr. Bertram of St. John's at the Baptist church. A union service was held in the Methodist church in the evening as Rev. Mr. Camp had taken suddenly ill Sunday afternoon. We are pleased to see Mr. Camp around as usual again.

#### RECEIVES LEGACY.

The will of the late Dr. Young of East Boston has been probated. It is in favor of his fiancée Miss McEllen. She leaves the house on Grana St., the drug store and stock in trade, the house and lot on Church St., the summer house and grounds at Fernwood. There is also \$4,000. His fiancée, Miss McEllen, resides with her parents at New Carlisle, P. Q.

#### A NEW JOURNAL.

The first number of The Business Review, a trade journal for merchants and others has been received. This is well filled with articles of special interest to business men, and appears to be the organ of the Retail Merchants Association. The subscription price is only \$1.00 a year, and every progressive merchant should subscribe for it.

#### ASSAULT CASE.

Mr. Wm. Foley, who was arrested last Thursday for selling deer meat was also arrested Friday evening for assaulting Arthur Oullette of Tobique. It appears that Foley accused Oullette of inferring on him in the deer killing case and a heated argument ensued ending by Foley hitting Oullette over the head with a sled stake. The case came up Monday but was adjourned until Monday March 18th at 10 o'clock.

#### FAILED TO ARRIVE.

The two rinks of Chatham curlers scheduled to play here last evening for the Archer cup failed to arrive.

#### TEA.

The young ladies of the Mission Band of the Methodist church, will hold a tea in the Sunday School Hall Friday afternoon from 5 to 7 o'clock. Tickets 25c.

#### NO STORM HERE.

Reports of a severe blizzard throughout the Maritime Provinces was received here Sunday. The day was fine and cold here. The storm delayed all trains.

#### PIONEERS BATTALION.

In a letter received from Capt. Allison Clark he stated that the 184th Battalion was being converted into a Pioneer Battalion. Twelve officers and two hundred men are taking the three week's Pioneer course of training.

#### NEW S. A. BARRACKS.

Ensign Squarebriggs has received word that the plans for the local barracks have been approved, and work will be commenced as soon as the frost leaves the ground. In the meantime the necessary brick for the building is being bought and hauled to the site.

#### HAS ENLISTED.

Colin McKenzie, son of Mr. Archd. McKenzie, who was attending the U. N. B. at Fredericton has enlisted with the 66th Battery at Woodstock. He is a brother of Lt. Col. A. E. G. McKenzie. This makes the fourth son to join the colors, two already at the front, and one invalided home.

#### MEMORIAM.

Forgoan—in loving memory of Capt. Harry Winsley Ferguson killed in action March 15th 1916. "With armour buckled on and flag unfurled, The heights of death he trod, Translated from the warfare of the world Into the peace of God." Inserted by his Parents and Family.

**INSPECTOR RIDEOUT HERE.**  
Inspector Rideout of Moncton who is looking after the enforcement of the Military Service Act was in town this week and conferred with Chief Mann as to work in this locality.

**DON'T BORROW.**  
Don't borrow your neighbors Graphic, send \$1.00 to-day and have it sent to your own address until Jan. 1st, 1919. The Graphic is worth twice the money.—Tf.

**CHATHAM WINS.**  
The Chatham hockey team won from the Campbellton Vics last Friday in a very fast game. At the end of the second period the game stood 4-4 but in the overtime Chatham scored another point.

**NEWS FOR THE BOYS.**  
So many of our soldier boys request that the Graphic be sent them each week that we have decided to offer the Graphic mailed to any address overseas for \$1.00 per year or 50 cents for six months. The boys at the front appreciate the home paper.—Tf.

**THANKS.**  
During the past three weeks we have notified many of our subscribers that their subscription had expired, and many have renewed promptly, for which we thank them. We trust others in arrears will not neglect to remit.

**DO IT TODAY.**  
Send a dollar to The Graphic Limited and have the Campbellton Graphic mailed to your address or any address, except the United States from date to January 1st, 1919. The Graphic prints all the local news.—Tf.

**OPEN FOR SOLDIERS.**  
The G. W. V. A. room in the Murray building are open to all soldiers. Writing material is furnished free. Any citizen who desires to help the G. W. V. A. might contribute letter paper and envelopes for the use of the soldiers.

**MEMORIAM.**  
In loving memory of Elsie Porter beloved husband of May Porter who departed this life on 18th, March 1914.  
Softly at night the stars are shining  
On a lonely grave.  
Over you my darling husband  
One I loved, but could not save.

**BRILLIANT DISPLAY.**  
There was a very brilliant display of "Northern Lights" last Thursday night. These were witnessed by many last night and it is believed they were the grandest seen for some years. The "lights" played about the sky in different colors, but the vivid red seen in the western portion of the sky was very attractive and predomant. It appeared to the onlooker that a huge fire was casting its light against the clear sky. About midnight the "lights" were at their prettiest.

**RESIDENCE BURNED.**  
The fine residence of Simon LeBlanc at Balmoral was totally destroyed by fire on Sunday afternoon. Fire originated from the chimney and before came the building was in flames. It was with difficulty that any of the movables were saved. Mr. LeBlanc was absent from home. He was in the woods. He will feel his loss keenly as the impression is that he had failed to renew his insurance. This is the third fire reported from Balmoral this winter, two dwellings and one barn with most of contents. 18 point heading.

**MANY CANADIANS PROMOTED.**  
Toronto, March 6.—Douglas Robertson, in a special cable from London, says that 2,300 Canadians in the ranks at the front have been recommended for promotions or commissions by their commanding officers.

Campbellton, N. B.  
March 14th, 1918.  
Editor Graphic,  
Dear Sir:  
I read in the Tribune to-day that the Town Council is all right now. Some tell me he gets town printing now, and that last year in printing the blue book he asked 88 cents for us. I am a poor letter writer but have a good memory. He told us in the past he could get a better Council over at the Mission over the river. Last year in Ward III we elected a big man from there, but don't see much change, have to wad through snow on the side walk.

Wish you would print this letter and hope the editor of the Tribune will not have a "brain storm."

**WARD THREE.**  
Editor mail.  
Campbellton, N. B.  
March 6th, 1918.

Dear Sir:  
I wish to call your attention to the fact that on Thursday evening for the past two weeks I have been unable to buy extra Graphics; not a paper boy "All Promised," went to drug stores where you usually have them on sale, they told me "all sold out." Could you not have some at small stores as we want town and other news which is always interesting.

Trusting you will have more papers this week.

Yours,  
"A READER."  
In answer to "A Reader" we wish to state that in this time of newspaper shortage and high prices we print just the number of papers we think necessary. For the past month the street and store sales have increased so rapidly that we have not had sufficient to supply the demand, although more have been printed each week. We would suggest that persons who purchase the Graphic from the boys or at the stores subscribe for a year and they will be sure of getting their paper each week. (Ed.)

Campbellton, N. B.  
March 11th, 1918.  
To the Editor of the Graphic:  
The new Imperial Theatre is meeting with grand success being filled each night to overflowing. Miss Laura McIntyre deserves to be congratulated by the public for her determination and enterprise in building such a fine stylish city-like theatre in Campbellton and when you enter this show house you are received with courtesy and when our sovereign the King is shown on the screen the National Anthem is played from the balcony to the end by the orchestra and every person present stands at attention.

The picture house has become one of the leading places in Canada to educate the small boy and girl on patriotism and love of country. Success to Laura.

**LOYAL.**  
**INSTANT ACTION**  
**SURPRISES MANY HERE**  
This grocer's story surprises local people: "I had had stomach trouble. All food seemed to sour and form gas. Was always constipated. Nothing helped until I tried buckthorn bark, glycerine, etc., as mixed in Adlerika. ONE SPOONFUL astonished me with its INSTANT action." Because Adlerika flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICK-EST action of anything we ever sold. A. McG. McDonald, Druggist.

### DALHOUSIE.

Dalhousie, March 13.—In the cur-  
ing match for the Stewart Cup be-  
tween the Dalhousie and Bathurst  
curriers at the Dalhousie rink on Sat-  
urday evening, the visiting team easily

won by a score of 43 to 23. The ice  
was in perfect condition and although  
the score was somewhat one sided, all  
the playing was very interesting. The  
score was:

Bathurst	Dalhousie
E. P. McKay 18	P. Barberie 14
N. Thibadeau 25	E. R. Guigard 9
43	23

A supper was served after the  
games by the ladies of the Women's  
Institute. The hour being late Mr.  
E. P. McKay was the only speaker. He  
spoke of the very pleasant manner in  
which the Bathurst curriers had been  
treated by the Dalhousie people and  
thanked the ladies for the trouble they  
had taken. The happy gathering came  
to a close by the singing of God Save  
the King.

The curriers from Bathurst who re-  
gistered at the Queen on Saturday eve-  
ning were: T. M. Burns, E. P. Mc-  
Kay, W. A. Lanagan, J. Garrett, L. H.  
Cookson, G. W. Ellis, R. C. Rogers, R.  
Eddy, J. B. Gammon, N. Thibadeau.

Minnesota, who went to Port Daniel to  
spend Xmas at her old home was in

town recently, visiting her cousin Mrs.  
Wm. Simpson. She has returned to  
her home in the west.

Mr. Jacob Arseneault, Campbellton  
was at the Queen on Sunday. He vi-  
sited his old home in Bathurst.

Mr. Percé McKenzie and Mr. Dave  
Dow of Alnco, Sask., who have been  
visiting their old homes in Port Daniel,  
P. Q., were in Dalhousie recently the  
guests of their friends Mr. and Mrs.  
William Simpson.

Miss M. P. Nadeau who has been  
doing private nursing in St. John, N.  
B., for the past year or so is spending  
some time at her home here.

Mr. Charles A. LeBlanc, Carleton  
was in town on Monday arriving from  
the Gaspe Coast.

Mr. George McNeill of the Royal  
Bank staff, Bathurst, spent Sunday at  
his home here. On Saturday eve-  
ning he took in the play at Campbellton  
"The Dust of the Earth."

Miss Jessie Dunn, Dalhousie Jun-  
ction was a visitor to Dalhousie last  
week.

Mrs. S. J. Beckingham, Mrs. Wm.  
Simpson, Mrs. James McKenzie, (Shi-  
gawake) and Mrs. Robt. Good of Dal-  
housie Junction went to Campbellton  
on Monday.

Pte. Albert Arseneault, who was  
wounded at Vimy Ridge, has returned  
to Dalhousie after paying a visit to  
his parents in Petit Rocher.

Mrs. Merrill, Newcastle, is visit-  
ing her brother Mr. Fred Gallay.

Miss Margaret Baldwin, who for  
several years was stenographer for  
the Dalhousie Lumber Co., went to  
Arlington Mass., last fall to join her  
mother. Word has been received here  
that she was to have left Arling-  
ton on Monday for Halifax, N. S., to  
enter Mount St. Vincent Academy to  
become a nun. Three of her sisters  
have already joined religious orders.

She is a sister of the late Private  
Gideon Baldwin, who gave his life for  
his country at Vimy Ridge, and she is  
a grand daughter of the late John  
Phillips, who represented Restigou-  
che Co., many years ago in the Legis-  
lative Assembly at Fredericton. She  
was born at Bathurst, a daughter of  
the late John Baldwin.

### PASPEBIAC.

week from a short visit to Campbell-  
ton and Esquimaux.

Mr. P. Du Fen of Montreal spent  
the week end here.

Mr. J. L. LeCunne left on Monday  
for Quebec.

Travellers in town last week were:  
Messrs. LeGallais, Gaudet, Siro's and  
LeBlanc.

### ROBINSONVILLE.

"Mar. 19.—Miss Mary Robertson was  
hostess at a most enjoyable party on  
last Wednesday evening, the occasion  
being the birthday of her brother Al-  
bert who returned last fall from a se-  
jour of seventeen years in the west.  
Games and dancing were the chief  
amusement. Before midnight supper  
was served, dainty and refreshing,  
and with old time abundance and hos-  
pitality (nothing wasted, Food Con-  
troller).

Among those present were:—Mrs.  
Geo. R. Thomas, Mrs. Arthur Murray,  
Mrs. Ed. Robertson, Mrs. Jas. Mc-  
Naughton and Miss S. Gerrard, (Rob-  
insonville); Mrs. Wm. Murray, Mrs.  
J. W. Munroe, Miss M. Barbour and  
Miss C. Bury. (Upsalquitch); Mrs.  
Murdoch Mann, Mrs. Harvey Myles,  
Misses Mary McDonald, Lena Engle-  
hart, and Susie Myles (Wyers Brook);  
Mrs. Alex. McNaughton, Misses Dor-  
McNaughton and Miss Flowers (Dor-  
side); Miss Maggie Styles, (Moore's  
Settlement); Miss Mary Adams, (Mat-  
spedia); Miss Kathleen McNair, (Jac-  
quet River); and Misses Gertrude and  
Maude Lodge, (Bismynde).

Also Messrs. Wm. Murray, J.

Nelson, Donald Murray, Henry Moor-  
ce, Arthur Murray, Ed. Robertson,  
Albert Robertson, Jas. McNaughton,  
(Robertsonville); Sherman McNaugh-  
ton, Eben Wyers, Lindsay Englehart.

### THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair gets soft, fluffy and  
beautiful—Get a small bottle  
of Dandruff.

If you care for heavy hair that glis-  
ters with beauty and is radiant with  
life; has an incomparable softness and  
is fluffy and lustrous, try Dandruff.  
Just one application doubles the  
beauty of your hair, besides it im-  
mediately dissolves every particle of  
dandruff. You can not have nice heavy,  
healthy hair if you have dandruff. This  
destructive scurf robs the hair of its  
lustre, its strength and its very life,  
and if not overcome it produces a fever,  
burning and itching of the scalp; the  
hair roots fall out, loosen and die; then  
the hair falls out fast. Surely get a  
small bottle of Knowlton's Dandruff  
from any drug store and just try it.

## Proof that Some Women do Avoid Operations

Mrs. Etta Dorion, of Ogdensburg, Wis., says:  
"I suffered from female troubles which caused piercing pains  
like a knife through my back and side. I finally lost all my  
strength so I had to go to bed. The doctor advised an operation  
but I would not listen to it. I thought of what I had read about  
Lydia E. Pinkham's Vegetable Compound and tried it. The first  
bottle brought great relief and six bottles have entirely cured me.  
All women who have female trouble of any kind should try  
Lydia E. Pinkham's Vegetable Compound."

### How Mrs. Boyd Avoided an Operation

Canton, Ohio.—"I suffered from a female trouble which  
caused me much suffering, and two doctors decided that  
I would have to go through an operation before I could  
get well.  
"My mother, who had been helped by Lydia E. Pink-  
ham's Vegetable Compound, advised me to try it be-  
fore submitting to an operation. It relieved me from  
my troubles so I can do my house work without any  
difficulty. I advise any woman who is afflicted with  
female troubles to give Lydia E. Pinkham's Vege-  
table Compound a trial and it will do as much  
for them."—Mrs. MARGIE BORN, 1431 6th St.,

## Baking Day in Grandmother's Kitchen

GRANDMOTHER did her baking in tin kitchens set before the fire. Sometimes she baked a sponge cake in an iron kettle, browning the top with hot coals heaped on the lid. On baking day the kitchen was filled with delicious fragrance because Grandmother made her cakes and pies with old fashioned brown sugar.

Gone are the cranes and bellows and tin kitchens but we still enjoy Grandmother's favorite dishes. Mince pies, plum puddings, cakes and many sweets and beverages are much better made just as she made them with soft brown sugar. It is easy to get both the recipes and the sugar with which to make them up. Lantic Old-Fashioned

Brown Sugars come in three kinds—Light, Brilliant and Dark Yellow—and are for sale by grocers throughout Canada. Brilliant Yellow is particularly good for baking. Grandmother's Recipes have been reproduced in a delightful little book which we will send to you for a 2c. stamp to cover cost of mailing.

## Lantic Old Fashioned Brown Sugar

is put up only in 100-lb. bags with the well-known Lantic trademark from which your grocer will serve you any quantity you require. Our booklet tells you among other things how to keep brown sugar fresh, moist and ready for use.

Lantic Old-Fashioned Brown Sugars are made by the same firm that makes the famous Lantic "FINE" Granulated.

### THE FOOD CHAIRMAN SAYS.

Maple sugar and maple syrup production come as the first attack in the greater production campaign for 1918. The call for foods of all kinds comes to Canada and all Canada, east and west, to save the situation must produce this year as never before.

First of the year's crop in Eastern Canada at least, and in parts of Manitoba and British Columbia as well, comes the crop secured by tapping the sugar maples. The season is due to open in Essex County, Ontario, the most southerly point in Canada, about March 20, and gradually the spring will creep north and east, spreading across the other part of Ontario into the Eastern Townships of Quebec and on to New Brunswick and Nova Scotia. The sap running season will last in each section until the leaves bud—about three or four weeks. The greatest use a farmer can make of that sap running period if he has a sugar bush in his farm is to turn in, with all the help he can command or persuade and a couple of hundred dollars' worth of sugar. It will cost him some firewood, it is true, and in some districts of Canada cord wood is getting pretty scarce. But the farmer has to consider that this is an exceptional year. We have had a great world shortage of cane and beet sugar. Canada has not suffered as some countries, but the demand for sugar is greater than ever known. Britain is on a sugar ration of two pounds a month, France one and one-tenth pounds per month and Italy one pound per month. Maple sugar may not be used to take the place of cane and beet sugars altogether, but it will be used far more than it has ever been if the supplies are forthcoming.

The Canadian market has hitherto readily absorbed 75 per cent of the Canadian sugar maple production. The United States takes all we can send, and would gladly take more. Western Canada is growing a market where the pure maple sugar and maple syrup of the East is highly esteemed. In the big cities of Canada it has been hard to get pure maple sugar and syrup, and the demand for the pure products has for years exceeded the supplies. The United States offers an unlimited market. And, further, the American people have been asked to conserve the cane and beet sugars and reduce the consumption of sugar candies. The greatest consumers of candies in the world are forced to find substitutes. Maple sugar is a wholesome substitute and popular wherever introduced.

The people of Britain and France have lately been made acquainted with Canadian sugar. The Canadian soldiers have introduced it. Thousands of pounds have been sent to the front by the Red Cross, and the knowledge of maple flavor has spread by now to the various countries of Europe where Canadian soldiers have been stationed. This has created the foundation for a permanent export trade, and Canadian maple producers have now a market opportunity practically without a limit.

Maple sugar and syrup have been protected from adulteration by the Pure Maple Sugar amendment to the Adulteration Act, passed in 1915, and the word "maple" may not be used in branding or offering for sale any but the pure products. Dealers in the Ottawa Valley and the Eastern Townships of Quebec are offering prices netting 16 cents a pound to the farmers for sugar and \$1.75 per gallon for syrup. These prices are easily double those received years ago. Every available maple tree should be tapped this spring and every sap bucket, pail and pan pressed into service, whether it be the most up-to-date equipment or the old-time sugar making outfit that hasn't been used for years. Every little helps. Every pound of maple sugar is wanted.

A bricklayer, whose nationality was apparent in all he said and did, was working on a scaffold when suddenly a brick slipped from his hand and dropped with a sickening thud on to the head of his pal who was mixing mortar below.

The unfortunate man started dancing about and moaning in his agony. The bricklayer stared down on him with something very much like contempt in his eyes.

"Come, come!" he called down, at last. "It can't have hurt as much as that, man. Why, it wasn't on your head half a second!"

"CASCARETS" WORK WHILE YOU SLEEP  
For Stomach, Sour Stomach, Sluggish Liver and Bowels—Take Cascarets tonight.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

### ARCTIC VISITANTS.

The bitter winter has been especially hard on our wild life. Deep snows have starved and excessive, long-continued cold has frozen to death creatures which ordinarily defy the season. Starlings have crowded into chimneys and stove pipes and been taken thence by the bushel, frozen to death. A red shouldered hawk, accidentally killed not far from Boston, was found all sooty underneath. It is believed that he had been roosting nights on a chimney top for warmth. Wintering ducks have been starved weak and then frozen because the flats where they usually feed have been so long ice blanketed. Added to the overwhelming disaster of the winter weather, trouble from the far north has come in the shape of hordes of predatory creatures, mainly birds. Foxes are reported very numerous and the gray lynx and the bobcat have been taken as far south as Connecticut and Cape Cod.

Various reasons are assigned for the descent of predatory creatures in large numbers upon New England woods and fields. The cold is one. Another is the failure of the rabbit crop up about Hudson Bay, chief food supply of the birds of prey. Whatever the cause, the predatory birds have come south in very large numbers. Bald eagles appeared in December and January. Snowy owls were seen along the coast, rarely in the interior. Great horned owls and especially goshawks have been very numerous. One game keeper on a southern Connecticut estate is reported to have trapped or shot 225 hawks, mostly goshawks, and 76 owls, mostly great horned owls. At least three Arctic horned owls, rarely seen in New England, have been taken here.

One of these was captured in Mount Auburn cemetery by one of the cemetery employees. There has been a large influx of northern shrikes, feeding largely, it is reported, on sparrows. All these northern visitors are picturesque and interesting, but very destructive to our native wild life.

The winter is hard on the grouse, almost deadly to the bobwhites. But these great predatory birds, hawking silently above by day and night, have been perhaps its worst feature. If there is scarcity in our native wild life in the year to come, certainly some of it must be laid to their presence.

### SOUTH AFRICA AND CONSCRIPTION.

In connection with the recent despatches from Cape Town and London about "conscription" and "distaste of his viceroyship" in South Africa your correspondent interviewed a prominent member of the Canadian Defence League who had spent much time in that Union. This gentleman stated that under the South African Military Act, Universal Training and Service had been in vogue for home defence since 1912, but in face of the immense number of practically savage blacks, and the large proportion of trained men available, it is held to be neither wise nor necessary as yet to bring in conscription for overseas service.

He further noted: "Some people hold that if Canada had had a real national military system, more like South African, backed up by a national interest in it, we should be in a very different condition of organization today, and they also hold that, even from a 'win-the-war' point of view, it is not too late for our Union Government to act. Lord Kitchener showed what the true spirit should be when in his report to Australia he said:

"The first and imperative principle for the enrolment and maintenance of these men as an efficient (citizen) force is that the nations as a whole take a pride in its defenders, insist upon the organization being real and designed for war purposes only, and provide the means of properly educating, training and equipping their officers and men. The second principle for a successful (citizen) force is a complement of the first. The force must be an integral part of the national life. The citizens should be brought up from boyhood to look forward to the day when he will be enrolled as fit to defend his country; and he should be accustomed to practise those habits of self-denial, of devotion to and emulation of his duty, of reticence, and of prompt obedience to lawful authority, which are essential to the formation of patriotic and efficient citizen soldiers."

Did Caddie Have a Bit?  
It is unfortunately a fact that some caddies occasionally bet on the match between their employers. On one occasion a player, whose boy had gone forward to watch the ball, pulled rather badly into the rough. On reaching his ball he was surprised to find that it lay very well, and he remarked it to the caddie.

"That's a much better lie than I expected."

"Oh, yes," returned the youngster, "but you should have seen it when I came up."

The more a man talks the less time he has for success.

# OBITUARY.

Miss Lyde M. Cooke.

The sympathy of the entire community was extended to Mr. and Mrs. Charles Cooke, in their recent affliction, the death of their third daughter, Lyde, aged twenty-five years, who passed peacefully away on Tuesday, March 5th, at her home in New Carlisle, after an illness of about five months. In August last she went to Saskatoon where three of her brothers live, to take charge of a school. After teaching a few weeks, she was obliged to give up her work suffering from sciatica; this, and the change of climate, caused heart trouble. She came home in November, and strong hopes were entertained for her recovery, until Sunday last, when unfavorable symptoms were discovered, she growing gradually weaker until the end came. Lyde was a general favorite with all. Her sweet and lovable disposition attracted the attention of all who knew her.

The funeral was largely attended by relatives and friends of New Carlisle and Paspebiac, also Mrs. Steele and Ernest of Black Cape, and Mr. Scott and Mr. Beck of Cape Despair. It was her wish to have Rev. W. De Gruchy of Gaspere, where she had taught two years, assist at the funeral service, which he kindly did by conducting the prayers at the house, reading the appointed lesson and pronouncing the committal of the grave.

M. Burigan.

The death of Mr. M. Burigan of Matapedia took place at the Hotel Dieu Hospital here Wednesday, after a brief illness.

Deceased was about sixty years of age. For a number of years he was connected with the construction of the B. C. R. and in this connection made many friends throughout the Bay Chaleur territory. A brother and sister reside at Old Chocley, Que., where the body was forwarded for burial.

Mrs. Samuel Walters.

A telegram was received at Campbellton on Sunday last announcing the death of Mrs. Samuel Walters at Sawtelle, Cal.

The deceased was the mother of Mrs. Mary Archer, C. B. Gray and W. P. Gray of this town and two daughters residing in Mapleton, Maine. She was eighty-four years of age and was married twice. Her second husband and one brother survive her. They are veterans of the Civil War and three of her brothers gave their lives in the Battle of Gettysburg. She had one grandson killed in the present war and has four still serving their country and also three great grandsons overseas. Also her father fought in the Battle of Waterloo.

She enjoyed very good health until June of last year when she had a stroke of paralysis which confined her to her bed till her death.

# WOMEN SAVED THE DAY FOR THE ALLIED NATIONS

Cannot Praise Them Too Highly, Says Rev. Geo. Adam.

(Ottawa, Journal-Press.)

"Women are in the war, I believe more seriously than men themselves. The waiting, the suspense, and the worry is the woman's. The women are doing their bit in a fashion that is something beyond expression." This was one of the numerous tributes paid to women of the Allied nations by Rev. George Adam of Montreal, who addressed the Women's Club in the Collegiate Institute last night.

The speaker lauded the achievements in the war of the women of Great Britain, France and Canada. "France is the hero nation of the Allies," he said. "We expected Great Britain to do well but from France, that joke of the countries of Europe, great things were not looked for. The women of France in all their grandeur were considered jokes. Today the French women are leading the world in endurance, work and enthusiasm. With all their causes for depression they are working on the roads, day in and day out, they are in the fields, in the coal mines, the streets cleaning—they are doing everything in France, and without the women France would have failed."

Dr. Adam said that the women of Great Britain have stepped into the breach in a way the world has not fully understood. Uncomplainingly and willingly they have shared meagre food supplies with France and Italy. They are in the war not only by prayer or by enthusiasm but by work. Every week 10,000 British women, clad in khaki (are on the lines of communication in France braving the bursting shells and screaming shrapnel. Today there are five and one-half million women employed in Great Britain at every vocation imaginable.

Women Saved the World.

"If they had not come in as they had the front line trenches would have been crushed and the world today would be under German rule," said Dr. Adam. "We have to thank the women in the war for the munition surplus. As an illustration of what they have done I tell you that in one day the women produced as many shells as were made in the first year of the war. (Applause.)

"We have the guns and we have the shells—thanks to the women—now we need men and more men. The women in the last analysis will have to have credit for a greater part of the victory.

Germany Friendless Now.

If the war ended today Germany would not be victorious, said Rev. Principal Smythe. She is bankrupt in good name and good faith and has not a friend on the earth, except the Turks. Britain will come out of the war infinitely higher in esteem than she was before she entered.

"Those boys were as good if not better than I was—I did not preach to them—I did not have to," said Rev. Principal Smythe, in speaking of the Irish Rangers of Montreal, with whom he went overseas as chaplain. He said the war had shown one thing, and that was that "things we agree on are greater than those we differ on." He was speaking of the close relation of chaplains of all denominations. He lauded the British soldier and said the Cockney "had the heart of a Tiger."

SURRENDER IN AIR.

Two German Airplanes Give Up on Finding British More Numerous.

Amsterdam, Feb. 22—How a British air squadron captured two German airplanes in full flight near Ghent, Belgium, is told in a telegram from the Dutch-Belgian frontier.

The British airmen, being in heavy numerical superiority, surrounded their opponents. The Germans saw there was no chance of escape. Rather than fight to inevitable death, the German pilots hung out white flags and meekly flew away toward the British lines, surrounded by a flock of British planes.

Jenkins was decidedly peevish at the office one morning, and his partner ventured to ask him if anything was wrong.

"My wife burst into a flood of tears last night," said Jenkins bitterly.

"Did she cause any trouble?" asked the partner sympathetically.

"I should say so," said Jenkins. "She was crying for a new hat in the first torrent!"

"So you're leaving us," said a mistress who, after great difficulty, had managed to secure a servant. "What's the trouble? Don't you like the place here?"

"I did, but I ain't going to stay here no longer. You don't treat me like one of the family!"

"Jane, how can you say that?"

"Well," said Jane, tossing her head, "you were away ten days, and you didn't even send me a picture postcard!"

Sheriff's Sale

I will sell at public auction to the highest bidder in front of the Post Office, at the Town of Campbellton in the County of Restigouche on,

THURSDAY, MARCH 28TH, 1918.

At the hour of two o'clock in the afternoon all that lease hold lot, piece or parcel of land, situate, lying and being in the Town of Campbellton aforesaid, being a lot of land bordering on the Grist Mill Road, on what was originally known as the Deberry property, bounded and described as follows:—"Commencing at a point on the southern side line of a reserved road or street at the north-east corner of a lot of land leased to one Oronzio Muzerolle, thence running in an easterly direction along the said reserved street, one hundred feet to the north-westerly side line of the road running to the Grist Mill; thence running south fifty-two degrees, fifty minutes west eighty-five and three tenths feet to the northerly boundary line of the said Muzerolle lot; thence running northwesterly along the same sixty-nine feet to the said reserved street or place of beginning". The same having been seized by me and to be sold under and by virtue of an execution issued out of the Restigouche County Court against William Darbyson at the suit of McKenna Bros.

Dated at Campbellton, N. B., this 7th day of March, A. D. 1918.

# Is Your Headache Caused by Imperfect Eyes

It is stated on good authority that 90% of all headaches are caused by imperfect eyes, and I have proved this true by my own experience. If this fact was generally known much unnecessary suffering could be avoided, and prevented, and more glasses would be worn.

If you are subject to this distressing affliction you should see me at once, and give me the opportunity of examining your eyes, and fitting you with glasses, that will bring you instant relief.
