SUCCESSFUL ANNIVERSARY

Services At First Presbyterian Church Were Largely Attended

AN ELOQUENT PREACHER

It is seldom the people of Chatham ever have the opportunity to listen to two such able, eloquent and earnest preachers as those preached by Rev. Mr. McDonald, of Toronto, in the First Presbyterian Church yesterday.

It was the church anniversary, and it is safe to say that two more successful services have never been held in the Maple City. Rev. Mr. McDonald, who is editor of The Globe, is one of the ablest preachers in the Presbyterian Church in Canada, and his sermons were listened to with much interest and edification.

In the morning he gave a masterly address on "For How Much Does the Church Count," and dwelt upon the place of the church in the world of men, and the place and power of the church in the making of a nation.

In the evening not a seat in the church was unoccupied. Mr. McDonald gave an excellent sermon on "A Soul's Surprise at itself"—first, its surprise at its capacity for sin; second, its surprise at its capacity for service, and last, its surprise at its capacity for saintliness.

The musical part of the service was excellent under the able direction of Organist John Smith. In the morning, besides an excellent anthem, a solo was sung in excellent voice by Miss Lucy McKellar, and in the evening the solo parts in the anthem were sung by Miss Peate and Mr. Wilfrid Smith. Wilfrid Smith also sang a solo and a quartette selection was given by Misses Smith and Peate and Messrs. W. M. and John R. Smith.

Mr. John Smith deserves great credit for the excellent work he is accomplishing in this church, not only as an organist but as a director.

POLICE COURT

The man who was arrested by P. C. Groves at the Driving Park for being drunk and disorderly was fined \$7 in the Police Court this morning. The man who, it is alleged, interfered with Mr. Groves when he was making the arrest elected to be tried by a jury.

Charlie Stevens, who is charged by Peter Pizer with assault, was again remanded to see if he can raise the money. The case will come up again in a week's time.

In this case the assault was made in the Miles Hotel, as has been previously stated in this journal, and not on the street as was first reported. Pizer was not arrested as was the only one arrested and the information was laid by Mr. Pizer.

When the case came up a week ago Stevens agreed to settle the matter by paying Pizer \$50 damages and also agreed to pay Pizer's doctor bill and the costs of the court. Up to the present he has been unable to raise the money. If the money is not forthcoming by next Monday the case will go to trial.

ELEVATOR SLIDES

Peculiar Accident to Oglivie's at Port Arthur Friday and Saturday.

Port Arthur, May 28.—The Oglivie Co's grain elevator at Port William, which was erected two years ago started to slide into the river about 9 o'clock Friday night, but Saturday it was found that the elevator had only moved about 15 feet from its foundation. The building is now stationary, and the bins and machinery intact. A large force of men were soon at work removing the grain. The loss will not exceed \$250,000 or \$275,000, as in reconstruction a large proportion of the material will be available.

The elevator was on a pile foundation, which was driven to the rocks, and was tested and loaded to its full capacity the past two seasons, and up to the time of the sudden collapse showed no signs of weakness.

Owing to the nature of the accident, there is no insurance recoverable.

TAILOR'S WON

The local merchant tailors won out in their assessment appeal before Judge Dowling at Court of Revision this morning. The tailors were, under the new assessment law, brought under the manufacturer's tax of 60 per cent, while they contended that they should only be assessed as retailers.

The Court gave decision that the tailors were retailers, and as such they should only be assessed 35 per cent, instead of 60.

True merit is like a river—the deeper it is the less noise it makes.

The man who knows his limitations is better off than the man who doesn't know he has any.

CALLED TO REST RALEIGH OIL BOOM

James Pickard's Death Was Hastened by the Demise of His Mother

James Pickard, of this city, passed away at his brother's residence, Howard Tp., on Saturday night, after a lingering illness, at the age of 40 years.

The deceased had been very much upset since the death of his mother about four months ago, and grief over her loss was one of the chief causes of his demise.

He left Chatham on a visit to Howard Tp. several weeks ago, and while there he was attacked by sickness from which he never recovered. The remains were brought home to Chatham this morning and are now lying in his sister's home on Queen St.

The deceased was born in Duart, Ont., and came to Chatham ten years ago. He was a member of the Park St. Methodist Church, and was well-known and esteemed in this city. His father, predeceased his mother and the relatives left to mourn his loss are Dougall Roberts, Detroit; Henry, of Detroit; John of Howard Tp.; brothers; and Mrs. John Burgess, his sister, of Queen St.

He was a member of the Sons of England, who will attend the funeral, which takes place to-morrow afternoon from Mrs. Burgess' residence, Queen St., to the Maple Leaf Cemetery.

FARMERS' PHONES

The Farmers in Tilbury West have written to the G. N. W. Telegraph Company in Toronto, asking for a price on the discarded poles of the company in that section. The poles are still standing, but the lines of wires have been removed by the company to put along the G. T. R. tracks. They wish the poles to be used for private exchange. The farmers in this neighborhood are 'phone enthusiasts, and have been working on plans for a 'phoning system for some time past.

BITTEN BY A DOG

There Is Still Much Complaint About Tagless Canines Running at Large

In spite of the dog tag regulations, extra vigilance on the part of the police, dog poisoners and the general campaign of citizens against the "dog nuisance," the unruly canines of the city are still a nuisance.

After a couple of weeks of unusual quiet, fresh complaints from all parts of the city are increasing in number every day. On Thursday last a child was bitten on the leg by a dog who, like to conduct their respective back yards until daybreak and they start in at their old games again. It seems disgraceful that a bunch of bad dogs should be able to terrorize a whole neighborhood by their carryings on. The number of dogs in the city is still on the increase and worried ratepayers are still waiting for some one to suggest a feasible remedy for the trouble.

"The dogs in this neighborhood are a great trouble," said a resident of Murray street this morning to a Planet representative. "They congregate in gangs of anywhere from 10 to 20 in the day time and fight and squabble until night, when they howl to each other from their respective back yards until daybreak and they start in at their old games again. It seems disgraceful that a bunch of bad dogs should be able to terrorize a whole neighborhood by their carryings on." The number of dogs in the city is still on the increase and worried ratepayers are still waiting for some one to suggest a feasible remedy for the trouble.

A TALENTED SINGER

Roy Glassford, the clever young son of Mr. and Mrs. John Glassford, of this city, sang a solo, "Simply Thy Cross I Cling," in Christ Church last evening. Roy is one of the very best boy sopranos that Chatham has ever turned out and gives promise of becoming a famous singer. He has a remarkably pure soprano voice, high and clear, and sings with excellent style and expression. His solo last evening was greatly enjoyed by every member of the congregation.

THE GRIM REAPER

The death occurred yesterday of Mrs. Josie Blonde Milner, daughter of Mrs. John D. Blonde, Harwich, and wife of John Milner, at her home in this city. The deceased was 51 years of age and a most highly respected citizen and her death will be sincerely mourned by a host of friends in the city and vicinity. She leaves three sons and one daughter to mourn her loss.

The funeral will take place from the family residence, Richmond street, to-morrow morning to St. Joseph's church, and thence to St. Anthony's cemetery.

The Field in This Township May be Opened up in the Near Future

It is said that owing to the finding of some good gas and oil wells between Merlin and Fletcher, in Raleigh Township, County of Kent, that a great rush has been made for leases all through that township, especially in the vicinities of Merlin, Baxton and Sandson. Nearly twenty big rigs are at work. Many people expect deep oil to be found in the vicinity of the gusher of three or four years ago. It looks as though Chatham stood a good chance to have another oil boom.

On last Thursday Petrolia Torpedoes, Limited, shot a gas well near Hagersville. The well was tested before the shot and was good for 75,000 cubic feet a day. Some time after the shot it was tested again and its production had been increased to 200,000. This goes to show that nitro-glycerine is as necessary for gas as it is for oil wells.

Wm. Millar, Jr., struck a well a few days ago on his farm, 6th and 7th sideroad in the 12th concession, Moore, that is good for 30 barrels a day. It has created quite a stir in that locality.—Petrolia Topic.

VISIT OF INSPECTOR

The Hon. Nelson Monteith, Minister of Agriculture, accompanied by Dr. Anderson, visited a number of fruit and vegetable farms in the vicinity of Leamington on Tuesday. Mr. Monteith wished to become familiar with the existing conditions and learn something of the possibilities of this section and its suitability for experimental stations. He does not depend upon hearsay, but wants to make personal observation and become thoroughly conversant with the necessities of the fruit and vegetable growers.

BAND CONCERT

The first open air band concert in the city this season will be held in Tecumseh Park this evening. The Regimental Band is now in good shape, and it is expected that tonight's performance will be a very enjoyable one.

The concert this evening is being given by the members of the band in aid of Mrs. Frank Vendessal and her family, who will be leaving for their home in Antwerp shortly. During the course of the program a silver collection will be taken up from those present who are willing to help in the charitable cause. All of the money collected will be handed over to Mrs. Vendessal.

Bandmaster Harry Philip and other members of the band have interested themselves all along in Mrs. Vendessal's cause, having already secured transportation for the widow and her family.

CASTRO RESIGNED

Announces That He Has Permanently Retired From Presidency.

New York, May 28.—The Herald has the following cable from Caracas, Venezuela: Taking advantage of the fact that to-day is the anniversary of the restoration, when as a victorious general he entered Venezuela at the head of his army, former President Castro, published a proclamation entitled, "An Offering to My Fatherland," announcing that he has decided permanently to retire to private life and sacrifice his personality to save his party and the nation from fatal consequences arising through the jealousies and passions fomented by the prohibition of the spontaneous proposition of the press and public to demand his return to the Presidency.

He expresses gratitude to his friends, and adds that he will always be at the service of his country in case of unexpected international complications. Public sentiment is astounded, and already there are rumors of a popular manifestation to demand his return to power.

SMASHED THE BUGGY

Shortly after half-past one Saturday afternoon the buggy of Mr. Brown, a colored farmer residing a few miles out of the city, was run into in front of the Rankin House by a trolley car which was backing up King street.

The hind wheel of the vehicle was smashed and the occupants had to jump for safety.

It's because riches have wings that so very many who inherit fortunes become high-flyers.

TO IMPROVE THE PARK

P. H. Bowyer, M. P. P. Secures Promise From Minister in this Respect

GOVERNMENT PROPERTY

The following article appeared in the Ridgetown Dominion in reference to the recent visit of Hon. Mr. Cochrane to Government Park:

Hon. F. Cochrane, Minister of Lands, Forests and Mines, who paid his first visit to Rond Eau Park on Thursday, was greatly pleased with that delightful spot. After inspecting the building at the picnic grounds and taking a peep at the deer, wild geese and pheasants, he drove up through the forest and expressed surprise at the splendid quality and the variety of the timber he found there. Dr. Clark, Chief of the Forestry Department, who accompanied the Minister, measured one giant sycamore and the verdict was, "over six feet in diameter."

Ranger Gardiner handsomely entertained the party which, besides the Minister and Dr. Clark, included B. Willson and P. H. Bowyer.

Before leaving Hon. Mr. Cochrane, with regret, decided that the old dock must suffice for the present season. To build a temporary dock would only be a waste of money. The \$1,000 voted for a dock was not sufficient to complete a substantial structure. This coming fall and winter timber will be got out for the construction of a substantial new dock early next spring. The dock will extend to fairly deep water and will have a broad flat end providing a shelter for boats. The T will be formed of a cribwork filled with stone. Two other crabs will be sunk at intervals before spiles will be used to support the shore portion of the dock. In the words of the Minister he intends to "build a dock that will stay built," even if the sum voted must be doubled or more.

It was decided, however, that the old refreshment stand, so long an eyesore and disgrace to the park, will be replaced by a suitable and more commodious building. The proposed structure in the main will be 25 x 30 feet, two storeys high, with cottage roofs. On two sides of the building there will be a ten foot veranda. At the rear of the building will be a one storey 15 x 25 addition, to serve as a kitchen. It is hoped to have this building completed by Dominion Day.

It was also decided that \$300 be spent on the Park road, which has commenced to show signs of wear and tear.

Additional seats and benches will be placed about the picnic grounds. Hon. Mr. Cochrane was quite in sympathy with the local member's desire to do all possible within reason for the improvement of the park, and looks forward with interest to the time when the proposed electric railway will be in operation.

CARD OF THANKS

A. M. Ripley, manager Kent County House of Refuge, wishes to thank James A. Robinson, musical director of the A. O. F. orchestra, for a number of suitable selections of music furnished by himself and orchestra in connection with the service held on Sunday afternoon conducted by Messrs. H. Dennis and K. C. G. Dryer.

DO YOU USE

Tooth Picks?

If not, you should, and there is no place to buy them like our store.

We have two kinds—one with 2,500 picks for 5c. and another called Banquet, with 1,000 picks for 10c. We quote the former kind as follows:

1 Package - 5c.

1 doz. Pkgs. 50c.

1 Case 100 Pkgs. \$3.50

We also carry a large stock of

LEMONADE STRAWS

for summer drinks. Price 50c. each package of 500.

HIGH LIFE AT DAWSON.

The Interior Department at Ottawa looks after gold mines and collects royalties and dues of all sorts. It cost last year \$476,000 for that department alone in the Yukon, which was \$68,000 more than it collected. This department maintains the ridiculous number of seventy officials to look after the 8,000 people. These officers have salaries and living allowances of nearly \$200,000. There is a chief commissioner at \$6,000 a year, and another \$6,000 living allowance, besides which \$10,616 was expended last year on the maintenance and furnishing of the house in which he lives. There is a gold commissioner at \$5,000 and \$1,100 living allowance, an assistant at \$4,000 and the same allowance, a registrar at \$4,000 and \$1,500 allowance, a controller at \$3,000 plus \$1,000, a land agent at \$2,400 plus \$1,000, and so on. The customs department costs twenty per cent. of all its collections, and employs thirty all its collectors, and one for every 250 people officers, or one for every 250 people in the country. It costs more to day to police the Yukon than it did with a disorderly population four times as large. No less than \$60 per head goes for police protection, per head goes for police protection, besides another \$12 per head, or \$100,000 a year for the administration of justice. It will surprise the tax payers to know that for these 8,000 people they are paying three Supreme Court judges each \$5,000 salary and \$5,000 living allowance, a clerk costs \$4,000 plus \$1, that a sheriff the same, the police \$800, a magistrate \$4,000 plus \$1,400, and there are eight or ten other employees at proportionately high pay and allowances. The maintenance of the Dawson Court House cost last year \$7,970, that of the administration building \$22,299. There is a postmaster at \$5,000 and \$900 living allowance, a superintendent of public works at \$4,000 and other officials in proportion.

That is the Yukon story, and it is a sample of what goes on everywhere. Mr. Foster mentioned some matters in British Columbia and the West, speaking particularly of the theft of prairie land. One company, in which members of parliament were concerned, got 250,000 acres in 1902 for \$1.00 an acre, which they at once began to sell at \$8 to \$10. Another exploiter got hold of 36,000 acres of half-breed land which cost him less than \$1.00 an acre, and is now sold at \$8 to \$10. Thousands of homesteads have been fraudulently obtained by speculators and sold. Altogether millions of dollars that might have gone to the reduction of debt, has been won from the people of Canada by favored exploiters, with no benefit to the genuine settlers.

Wonder has been caused in Chatham by a citizen advocating the sprinkling of the streets on Sunday. Horrible! yet sometimes rain sprinkles the streets on Sunday.—Ridgetown Dominion.

The population of rural Ontario continues to decrease. The Northwest calls for the young man with irresistible voice. Every school section in Kent and Elgin is regretting the departure of its sons, and the same conditions prevail in other countries. According to the census of 1901, the population of the County of Bruce was then 59,020. Figures obtained from the assessment roll of 1905, shows, says the Clinton News-Record, that the population had fallen to 51,384. At the same rate of decrease the present population is not over 50,000.—Ridgetown Dominion.

W. E. Rispien, city passenger agent Grand Trunk and Wabash Railways, will sell round trip tickets at single fare account of Victoria Day, to any point in Canada, also to Detroit, Mich., Port Huron, Mich., and Buffalo, N. Y., at single fare for the round trip, tickets good going Wednesday and Thursday, May 23rd and 24th, returning May 25th.

It isn't necessary for even the advocate of free speech to give himself away.

Selfishness oftentimes has more force in the imagination than in reality.

2 in 1
Shoe Polish

Black, Tan and White

"2 in 1" instantly cleans and polishes. Preserves, alike the daintiest kid and the roughest leather. Particular people give nothing but praise.

"2 in 1" has no substitute. Millions use it. Refuse all imitations.

White 15c. glass

DISTRICT

TILBURY

May 28.—Mr. and Mrs. Henry Richardson and daughter Pearl, of Detroit, spent Sunday with relatives here.
Miss Laura Davis is visiting near St. Thomas.
A twilight musical will be given next Friday evening at the home of Mrs. Crawford, in aid of the rectory building fund. A good program has been arranged.
H. S. Shaw, of Detroit, spent Sunday at his home here.
Rev. Mr. Nichol has returned from Clifton Springs, N. Y.
Douglas Richardson, of Detroit, spent Saturday and Sunday with relatives here.
H. Johnston has returned from a trip to Port Rowan.

BARGAINS IN MEDICINE.

A woman once wrote us that she was not going to buy Scott's Emulsion any more because it cost too much. Said she could get some other emulsion for less money. Penny wise and pound foolish. Scott's Emulsion costs more because it is worth more—costs more to make. We could make Scott's Emulsion cost less by using less oil. Could take less care in making it, too. If we did, however, Scott's Emulsion wouldn't be the standard preparation of cod liver oil as it is to-day.

SCOTT & BOWNE, Toronto, Ont.

DRESDEN

May 25.—V. Dunn spent Thursday in Ingersoll.
Mrs. Sid McWha is visiting friends in Windsor.
Miss Juliette, of Chatham, spent Thursday with her sister, Mrs. Brandon.
Miss Nora Smith entertained a number of her girl friends at tea on Thursday afternoon.
The Misses Jessie and Helen McVean, of Chatham, were home for the holiday.

A very pretty wedding took place Thursday afternoon at three o'clock, when their youngest daughter, Annie L., was united in marriage to Norman E. Leslee, of Sarnia. The bride's gown was of white tulle, trimmed with lace, chiffon over tulle, and she wore an exquisite embroidered veil and carried white roses. Her niece, Ella McDonald, acted as flower girl. The ceremony took place in the presence of only the immediate relatives and friends, and the happy couple left for their new home in Sarnia on the evening train. The bride's going away gown was of dark blue crepe de chene with hat to match.

Miss Irene Sylvester, of Chatham, is visiting Miss Eva McDonald.
Miss Eva McDonald gave an afternoon tea to sixteen young girls on Thursday afternoon in honor of Miss Sylvester. The decorations were green and white. The Misses A. and H. McDonald and Miss Brennan assisted.

Verning Penfound, of Toronto, is visiting his wife's parents, Mr. and Mrs. J. L. McGlothin.

Ernest Fairfield, of Wallaceburg, spent Thursday in town.
Mrs. Robert Aikin, Mrs. Cronk and Mrs. Obeay spent Thursday in Thamesville.

Mr. and Mrs. J. C. Tassie and son Garth spent Thursday at Mitchell's Bay.

John Harrison, of Wallaceburg, was in town on Thursday evening. Inspector Park visited the Public school on Friday.
Mrs. Ed. Watson and children, of Eberts, are the guests of Mrs. (Dr.) McDonald.

Every man had a right to his opinion as long as he keeps it to himself.

A stubborn fountain pen has interrupted many a man's flow of thought.

PATTERN DEPARTMENT OF THE PLANET.

Name.....
No.....
Street.....
Town.....
Measurements—Waist..... Bust.....
Age (if child's or miss' pattern).....
CAUTION—Be careful to enclose above illustration and send size of pattern wanted. When the pattern is sent measure you need only mark 32, 34 or whatever it may be. When in waist measure, 22, 24, 26 or whatever it may be. If a skirt, give waist and length measure. When miss' or child's pattern write the figure representing the age. It is not necessary to write "inches" or "years." Patterns cannot reach from less than three or four days from the date of order. The price of each pattern is 10 cents in cash or postal order, or postal stamps.
ADDRESS THE PLANET PATTERN DEPT., CHATHAM, ONT.

BOOKS AND MAGAZINES

Keith's Magazine on Home Building for June contains "Typical American Homes," "A Building Expert in Colorado," "The Home Making of Two Lone Women," "Homes Grounds and Gardens," "My Experience With Concrete Stone," "Three Interesting Interiors," "Study for Wall Decorations," "Designs by Leading Architects," all of which are profusely illustrated.
No doubt what will appeal most strongly to the public in this number will be the numerous designs for small and pretty homes at low figures. The usual departments are also well sustained.
Subscription price 15 cents a copy or \$1.50 per annum. Published by Keith Publishing Co., Minneapolis, Minn.

Everyday Housekeeping, which is published by The Clark Publishing Co., of Boston, Mass., at \$1.00 per annum, is a monthly "Magazine for Housekeepers and Mothers." Though the primary object of the magazine is to treat of housekeeping in all its branches, some of its pages are devoted to other subjects, as for instance the first article in the May number, "The Switzerland of America," which is a beautifully illustrated description of the White Mountain region in New Hampshire.

A new serial, "The Voyage of the Blue Vega," a story of Arctic adventure by the well known writer Gordon Stables in the May number of The Boys' Own Paper.
The B. O. P. photographer tells how to make a lamp for Bromide Printing.

There is a colored frontpiece that every boy will want for his own particular den.
These are only three of the features in this best of boys' magazines. The Boys' Own Paper, which is published by Warwick Bros. & Butler, Toronto.

The colored frontpiece in the May number of The Girls' Own Paper is "Wild Hyacinths in a Surrey Copse." Ruth Thornton's "Wanderjahr," a new serial which commences in this number, has the scene laid in America and England.

There are lessons in embroidery for the girls who like fancy work. "My First Spring Housecleaning" tells in story form how to do any kind of cleaning.
There are short stories, poems, and the usual "Club" departments which make The Girls' Own Paper so attractive each month.

Success for June has reached us

A SIMPLE SHIRT WAIST SUIT.

6474-6454.

The woman who has household duties or business to attend to during the morning is always glad to have a simple gown which is easily made and tubbed. Here is just the thing for such a dress and suitable to duck, linen, percale or lawn as well as a light wool or tulle. It consists of a shirt waist which escapes absolute plainness by three tucks on the shoulder in front which provides a modish fullness. The skirt is a new seven gored one which fits smoothly over the hips, and has a full ripple about the lower edge. The idea of trimming suggested in the drawing might be followed, using the lower edge in hands about the waist, collar and belt of silk would add to its attractiveness. In the medium size the pattern calls for 10 1-2 yards of 36-inch material.

Two patterns—
6475—Size 32 to 44 in. bust measure.
6474—Size 20 to 32 in. waist measure.

this week. It opens with "The Human Side of Business," which contains portraits and sketches of some of the most successful business men of the present day.

An interview with "Ethel Barrymore" will be read with interest. The stories in this number are "The Man, The Boy and The Girl," "Frenchie and His Mate," "The See-Ing Generation," "The Honor of a Sultana," "Shine," "The Late Ebenezer the Corpse," and "The Late Ebenezer the Corpse," which with the usual heavier articles; the regular department stories, verses, etc., make this number one of the most attractive which has yet been published. Success is to be had at all book stands or from The Success Co., New York. Subscription price \$1.00.

NEW CHRISTIAN SCIENTIST CHURCH.

Many are expected to take advantage of the low rates to Boston in the opening of the new church of the Christian Scientists, and this is to remind intending passengers that the New York Central is the quickest and most direct route. The rates for single fare plus 25 cents for the round trip, tickets good going June 2nd to 11th inclusive, and for return up to June 18th.

Call on
Canadian Passenger Agent New York Central Lines, 69 1-2 Yonge street, Toronto, for further information.

Earth-Eaters in India.

Efforts are being made to stamp out the habit of earth-eating, which is prevalent among natives over almost all India. In Northern India the favorite form of earth is a grey or drab-colored loam. This is excavated mostly at Meth, in Bikanir, and is exported to Punjab at the rate of 2,000 camel loads a year. In different districts different varieties of clay are eaten; but ferent natives have at one time a taste for a special kind of mud, as the habit of earth-eating is a universal one. Increases, the depraved appetite soon becomes satisfied with bricks and broken pots. White-ant soil, with the nests and ants themselves, is a great delicacy.

The effects of the habit are distressing. Those women addicted to it, very soon complain first of pain and weakness in the limbs, palpitation and difficulty of walking a little distance up hill. After some time all the other symptoms of anemia are fully established; sallow and pale complexion, languid and gummy bloodless, and general debility. Very often dropsy supervenes. A planter in Assam almost completely suppressed the habit on his estate by making the offenders stand out with a piece of mud in each hand exposed to the ridicule of the rest of the coolies.

The Northway Co., Limited

superb "Nerve" of a Hat Seeker.

"Oh, but the nerve of some women is worth a fortune to them!" groaned a girl at luncheon in a department store. "I've been trying to get a hat. Upstairs in the millinery department I tried on hats until my arms ached planning them on, and the saleswoman got purple with rage because none suited me. In walked a grenadier sort of woman, with a scarred looking maid carrying a big paper bag. This woman sniffed around, turned hats upside down and almost inside out and finally looked over the untanned shapes. She picked out one. Drawing a chair before the biggest mirror in the place, she sat down and had the maid empty the contents of that bag in her lap. It held feathers, flowers and ribbons. Then she began to pin on feathers here, to tattle merrily over on to feathers there. That in a store, mind you, where the salesgirls ask you sarcastically whether you are looking for something cheap if you refuse to put down \$35 on a hat they select for you!"

Her Property.

Now and again things happen on the football field which go to add to the gaudy of the nation. On one occasion, for instance, during a certain league match in the north, the referee somehow managed to lose his whistle. There was no another whistle to be found, and it seemed that the game would have to come to a sudden and inglorious end, until the referee hit upon an ingenious scheme. He produced a latchkey from his pocket and managed to tattle merrily enough on it till suddenly, as he approached the touch line a woman's shrill voice was heard, exclaiming: "Fred, come here at once! Where did you get that latchkey?"

Training a Dog.

A dog understands "yes" and is equally content to grasp the "no." Outside of that he is all dog and follows his dog ways. He indulges in mental refinement and will not comprehend many of your changes of mood or mind. Whatever you undertake to teach make it plain, simple and unchangeable. It is a pity that he must be taught not to jump up on people and compliment them with his caresses. He means well, but must be disciplined sternly into knowing that it is not good form under any circumstances. The discipline need not be ac-

companied by any severity.

A light touch with a whip, if applied invariably, will soon settle the matter. Some kennel men adopt the plan of stepping lightly on the hind foot, and it is perhaps the clearest way of conveying the idea.

Don't Starve or Diet, but Use Mi-o-na, and Cure Your Stomach Troubles.

The average treatment of stomach troubles consists of a rigid diet which often half starves the patient. Of course it would be foolish for anyone who knows that some foods are positively harmful and foods are positively helpful, to starve or diet if Mi-o-na is faithfully used, a tablet before each meal.

This scientific remedy for the cure of stomach troubles, acts upon the whole digestive system, and strengthens the organs so that they are able to digest any food that is eaten without fear of distress. If you suffer from loss of appetite, belching of food, sour taste in the mouth, furrows, bad dreams, lack of energy, headaches, backaches, loss of strength and weight, you can be assured that these troubles are all due to imperfect digestion.

Strengthen the stomach by taking a Mi-o-na tablet before each meal, and soon you will gain in weight, strength will return, and your food strength will give nourishment so that the rich red blood will carry good health to every part of your system. Mi-o-na costs but 50 cents a box. If you cannot obtain Mi-o-na of your druggist, it will be sent by mail, post-paid, on receipt of price. Write us for advice on your case from a leading stomach specialist which will be sent free. The R. T. Booth Company, Ithaca, N. Y.

You can't take money apart to see how it is made.

Only \$9.00 to New York and return via Lehigh Valley Railroad Friday, June 15th, tickets good for 15 days, and only five dollars from Suspension Bridge, Niagara Falls. For tickets and further particulars call on or write Robert S. Lewis, passenger agent L. V. R., 10 King street east, Toronto, Ont.

A thousand votes wanted for the sugar factory by-law Thursday.

James Hornal, of Muirkirk, spent Saturday in the city on business.

Miss Etta Dooley, of Detroit spent Sunday with relatives in this city.

Mr. and Mrs. McGavin, Springfield, Ont., are visiting in the city.

Ted Bogart, of Detroit, spent Sunday day with his parents, Cross St.

Miss Sarah Green, of Detroit, is the guest of Mrs. D. C. Clements, Joseph St.

Joseph Thorp, Charing Cross, has sold his stallion "Sunbeam" to Alex. Osborne, of Tilbury.

Miss Mabel Wemp has returned to her home in Toledo, after a visit to her mother, this city.

The interest will run high at the medal eloquatory contest in Park street lecture room Tuesday evening.

A sugar factory means more houses will be built. Reduce the taxes by voting for the sugar factory by-law Thursday.

Don't forget the silver medal eloquatory contest in the lecture room of Park street church Tuesday evening. Good music.

Immediate employment will be given to 50 or 60 men and extend over a year building the factory if the by-law carries Thursday.

The A. O. F. orchestra and Chatham's best vocal talent will assist at the silver medal contest in Park street lecture room Tuesday evening.

F. H. Briscoe is in Ottawa attending the first annual meeting of the theatrical managers of Canada, which is being held at the Capitol, May 28, 29 and 30.

MORE WELLS ARE STRUCK

Oil Is Being Secured In Tilbury In Great Paying Quantities

SEVEN WELLS FINISHED

The Tilbury East Oil Company made another big strike on the J. W. Smith farm near Stewart on Saturday at noon. This is the second oil producing well which has been put down in this part and it is claimed that well No. 2 is even better than well No. 1. The first well is now producing 50 barrels of oil per day.

On Saturday evening a second producing well was also struck on the Marshall property. It is said to be one of the best wells in the field.

There are now seven completed wells in the Tilbury field and it is estimated that fifteen more wells will be put down within the next three weeks.

It is said that there is enough gas escaping from any one of the seven completed wells to supply all the needs of the whole city of Chatham.

NOTICE

The members of Thames Lodge, No. 101, Sons of England, are requested to assemble at the lodge room at 1:30 Tuesday afternoon, May 29th, to attend the funeral of our late brother, James Fickard.

The funeral leaves the residence on Queen street at 2:30 p. m.

W. A. MOORE, President.
ARTHUR FENNINGS, Secretary.

CHRISTIAN SCIENTISTS TO BOSTON.

New York Central Lines offer the most direct and the quickest service to Boston on the occasion of the opening of the new Scientist church, June 10th to 17th inclusive. Rate of single fare plus 25 cents will be in effect for the round trip, and tickets reading via New York will permit passengers to travel via Hudson River steamers between Albany and New York in either or both directions, without extra charge.

Louis Drago, Canadian Passenger Agent New York Central Lines, 69-12 Yonge street, Toronto, will gladly give all information.

Baby Carriages

We received this week a large shipment of the newest designs in Baby Carriages and Go-Carts from one of the largest American factories. They were bought for delivery first of March. Rather than refuse them on account of late delivery, we have decided to mark them at prices that will move them quickly as we make it a rule never to carry goods over from one season to another. Note the values:—

Folding Go-Cart, with Parasol, Price \$5.00

Baby Carriage, closely woven reed body, varnished, upholstered in finest quality figured silk with beautiful lace parasol, all steel gear, four 16-inch cushion rubber tire wheels, anti friction wheel fasteners, white enamel push bar. Regular price \$37.50, our special price.....\$30.00

Pullman Sleeper, full roll, closely woven reed body, auto gear, with mattress cushions. The Pullman Sleeper is a combination of carriage and Go-Cart, the body is smaller than that of a carriage. It also has adjustable reclining back and foot well with sliding cover. Price (regular) \$25.00, our special price.....\$20.00

and foot well with sliding cover. Price (regular) \$25.00, our special price.....\$20.00

See our Special Carriages at \$11.50, worth \$15.00

An Engagement Ring!

From E. J. MacIntyre's store has a double value, as its exquisite design and elegant workmanship, with the delicacy and daintiness of its settings, enhance its worth aside from its being a love token. For Little or Much Don't Miss These May Opportunities

WILLIAM GORDON..

A GOOD YEAR

An old landmark of Blenheim, 82 years old, makes the prediction that the present year will be the best yet for the prolific production of grain, vegetables and all kinds of fruits. He bases his optimistic assertion on reasons that have never failed in his experience, and he prophesies bumper crops generally. The frost, he says, came out of the ground to a great depth when the warm spell came in February and the after frosts have had practically no damaging effects upon the fall wheat, which is sometimes killed by the frost in the upheaval of the ground in the early spring months.

—If you prefer to take medicine in tablet form you can now obtain Dr. Shoop's Restorative Tablets. Absolutely no change has been made in the medicinal ingredients. Sold by C. H. Gunn & Co.

The character that needs law to mend it is hardly worth tinkering.

As a rule, one must climb or dig for things that are worth having.

Do all the good you can. It is the opportunity of a life time.

WORDS OF PRAISE

Arthur M. Abell, critic for the Musical Courier, in Berlin, Germany, has the following to say of one of Chatham's promising young ladies:—

One of Madam Schmalfeldt's most promising pupils is a pretty Canadian, Carmen MacIntyre, whom I have formerly mentioned. During the winter she has made great strides in her vocal study, both in volume and beauty of voice and technique. She recently sang "Una Voce Poco Fu," from Rossini's "Barbar of Seville," for me, and her coloratura work was delightfully clear, true and even. Miss MacIntyre has great aptitude for vocal facility, and Madam Schmalfeldt is putting her through a thorough course of instruction. Her voice is of charming quality, and she bids fair to make her mark as a singer.—Arthur M. Abell, Musical Courier, New York, May 16th.

—Whenever your bowels skip a day without a movement—take a LAX-ET. Whenever your breath is bad—your skin waxy, or sallow—your tongue coated—your breath foul—take a LAX-ET only 5c. Sold by C. H. Gunn & Co.

High-Class Sanitary Plumbing

You will find more plumbing jobs that are not sanitary than you will of those that are sanitary. And there is nothing around the house that should be as perfect as the plumbing. You may cut down on the luxuries, but you should never do so when your health hangs in the balance.

We make a specialty of sanitary plumbing of every kind. If you have any work to be done we should be glad to have you consult with us about it. We will explain to you all the latest ideas in sanitation, the why and wherefore of their usage, the prices and all about them.

"Nothing else will do—send Paterson's Butter-Cream Sodas"

—this is a 'phone message grocers are continually getting. We say Paterson's are the best Soda Biscuits made—and you'll say so, too, if you once try them. The first bite will prove to you their worth.

Paterson's Butter-Creams are not like ordinary biscuits—they're not dry, hard and tasteless. They're fresh and crisp with a flavour all their own.

Made only of the best materials. Most palatable for everyone.

The best between-meals food for hungry youngsters. Get a supply to-morrow. Tell your grocer *nothing else will do*. Insist on getting

Paterson's Butter-Creams

—in the red box. As crisp as pie-crust and a thousand times more wholesome. Forty biscuits to the pound—proves their flaky crispness.

Sheep, \$5.50 to \$6.25; yearlings, \$5.75 to \$6.30; shorn wethers, \$5.50 to \$6.00. Receipts, 6000, steady.

CANADA FOR CHRIST.

Broader and Grander Conception Than "Canada For Presbyterianism," Says Prof. Bryce At Edinburgh.

London, May 26.—(C. A. P.)—As the representative of the Canadian Presbyterian Church, Prof. Bryce of Winnipeg yesterday addressed the general assembly of the Church of Scotland at Edinburgh.

He said the union of the Church of Scotland and the United Presbyterian Church thirty-one years ago in Canada had been a magnificent success. They now were talking of a larger union.

He didn't say "Canada for Presbyterianism," but "Canada for Christ—a broader and grander conception." He extended an invitation for Scotch delegates to the Canadian assembly. The other representatives present were Principal Patrick of Winnipeg College, Prof. Ballantyne of Knox College, Toronto, and Rev. J. C. Jack of Nova Scotia.

Rev. Dr. Norman McLeod, speaking of his visit to Canada, said the foundation was being laid in that country for a mighty empire. He didn't believe any church in Christendom was doing better work than the Canadian church in the Northwest.

TERRIBLE PAINS ACROSS BACK

SUFFERED EIGHT MONTHS WITH KIDNEY TROUBLE. WOULD HAVE TO STAY IN BED FOR THREE DAYS AT A TIME

Doan's Kidney Pills CURED HIM

Mr. Thomas Fitzgerald, Hazeldean, Ont., writes us as follows: "I was a great sufferer from kidney trouble for eight months. I had terrible pains across the small of my back. I would have to stay in bed for three days at a time and could not do any work. I tried several remedies but to no avail, and also plasters but they were of no use."

One day a neighbor of mine advised me to try Doan's Kidney Pills. I was so much discouraged I told him I was tired of trying remedies, but he urged me to try one box so I purchased one, and before I was through using it, I found a change for the better so I got five boxes more, and I have had no trouble with my kidneys since. I would not be without Doan's Pills in my house."

It is really not difficult to cure kidney trouble in its first stages. All you have to do is to give Doan's Kidney Pills a trial. They are a never-failing cure for all forms of kidney trouble. They quickly relieve the congested, overworked kidneys, and gradually bring them back to health.

Doan's Kidney Pills 50 cents per box or three boxes for \$1.25, all dealers or The Doan Kidney Pill Co., Toronto, Ont.

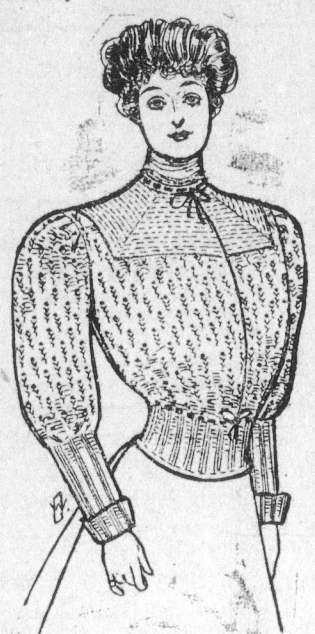

Lusol, a New Light Giver.
After electric lights, Lusol. The Paris municipal authorities are extending their street lighting trials with Lusol, which is a hydrocarbon recovered as a byproduct in making blast furnace coke. The light is said to be even softer than that of alcohol, and a 100 candle lamp of the type hitherto employed costs only a cent per hour, while the domestic Lusol lamp gives double the light at half the cost of a good kerosene lamp. One use of the new illuminant will be to form a reserve in case of unforeseen gas or electric light extinction.

If courage is gone all is gone.

ATHLETIC MODES.

The Latest Wrinkle For the Outdoor Girl—A New Sweater.

Quite recently some wise manufacturer remembered how the tennis and golf girl rolls her shirt sleeves above her elbows for freedom of movement, perhaps, but more probably that her arms may receive a becoming coat of

THE NEWPORT SWEATER.

tan. So he reasoned, "Why all that fuss?" and produced a waist called the life saver. It's not a shirt waist. Oh, dear me, no! It's a shirt, just like a man's negligee smartness, and quite as much of a misnomer. It goes on over your head. It fastens in front with flyed band and buttons, slitted but halfway down, an absurd patch pocket upon the left side. That's as far as it copies the mannish affair, for the sleeves, reaching to the elbow only, have no tucked up folds, but are cut short and smartly finished with a wide turned over cuff. The collar is low and flat, meeting only when confined by a loosely knotted Windsor tie.

It is not only for lingerie gowns that the well beloved princess gown is accepted good style, but for the tennis and golf dresses as well, made as they are now of firm, crisp linens, of ginghams, heavy linen crashes and hand woven cotton goods, heavy enough to hang properly when fashioned into short skirted sporting suits.

The sweater illustrated is a new affair called the "Newport" and is very fine and dainty in effect. It is knitted of Spanish yarn on small needles and is often made up with yoke, belt and cuffs of a contrasting color.

Latest Fashions in Stationery. The latest notion is to put within the envelope a second colored one.

These linings are of red or a soft shade of turquoise blue or of violet and show through the paper just enough to hint at the color inside without seeming bizarre, as strong colors used with stationery usually do.

There's no color about the paper itself. It is only the envelope which needs to be made opaque, and these color linings accomplish the purpose most successfully.

The quaintest thing about some of them is the way the inner envelope slips in and out of place, while others have the lining made up with the outside, the color perhaps showing like a piping where the edges lap. A little arrangement at one corner—an extension of the same color as the lining—is for the purpose of tearing the envelopes open quickly.

New monograms are smaller, the newest, most popular of all, being a heavy circle—hardly bigger round than the usual pencil is—with the initials heavily done in short, broad letters, mounted, where there are only two, one upon the other, both of them stretching out to touch the circle on each side.

Home Helps.

Rinsing milk glasses in cold water before washing them in warm prevents them from looking smeared.

When pouring hot fruit into a glass dish place the latter on a wet cloth. This prevents any chance of the dish cracking.

If you shut your finger in a door or bruise it, put it at once in water as hot as you can bear. Change the water as it cools and keep the finger in for fifteen minutes.

To keep bread and butter fresh and moist, put it in a cool place, with a serviette or cloth wrung out of cold water, and many hours after it will be as moist as when cut.

Keep the roots of the celery plant dry, grate them and mix the powder with one-third as much salt. Keep in a bottle, well corked. This is delicious in soups, gravies, hashes, etc.

For Nervous Headache. The ordinary headache, from which so many women suffer, will be greatly relieved and in many cases entirely cured by loosening the waist of the dress, knotting the hair high up on the head out of the way and while leaning over a basin placing a sponge soaked in water as hot as it can be borne on the back of the neck. Repeat this many times, also applying the sponge behind the ears, and the strained muscles and nerves that have caused so much misery will be felt to relax and smooth themselves out deliciously, and very frequently the pain promptly vanishes in consequence.

A Foregone Conclusion. "They have some china that has been in the family for years." "Indeed? Haven't they any servants?"

The Lobster's Bloth Name.

"Did you ever see the name a lobster is born with?" asked a fish dealer the other day. "It is marked on his body. No? Well, I'll show you one."

The dealer took a live lobster out of a heap on the marble slab.

"Its name is Joe," the dealer said after he had inspected one of its legs. "Now, can you find it?"

The customer took the lobster gingerly by the back of the neck, where it could not reach his hand with its pincers. Turning it on its back so that the brown legs at its side flopped backward, a smooth streak half an inch long and nearly as wide was seen on the inside of the thigh. In this streak, like a mosaic, were short lines, as though some one had printed on it with indelible brown ink in backhand the characters J-O-E.

"Some lobsters are named Jim," the dealer said, "some Jack, others John, and I once clearly made out the name Julia."

Poverty is the test of civility and the touchstone of friendship.

There is nothing so true that the damp of error have not warped it.

Trees That Form Islands.

In the course of great rivers, islands are generally formed by the stranding of trees, shrubs, plants and such things brought down by the current. In the Mackenzie river of Canada the whole process of island making in this way can be easily observed. Trees borne down from the banks by the undermining action of the current usually retain considerable mass of earth and stones entangled in their roots. They, therefore, readily sink, and by doing so form considerable shoals, which time converts into regular vegetable islands. Then a thicket of small willows covers the newly formed land and their fibrous roots serve to bind the whole firmly together. A peaty soil is formed by the gradual decay of the vegetation, including the trunks of the trees, and on this many new varieties of plants spring up. Sometimes the island clears its moorings and floats away down stream until it is again arrested by an obstacle, or it may become in a sense water-logged and subside close to the bottom. In this latter case it often gets covered over with mud and sand, which form a new and more permanent land surface above it.

SURPRISE SOAP

A PURE SOAP
HARD SOAP

You Can Use "SURPRISE" Soap in any and every way, but we recommend a trial the "SURPRISE" way, without boiling or scalding the clothes.

READ THE DIRECTIONS ON THE WRAPPER.
ST. CROIX SOAP MFG. CO., ST. STEPHEN, N.B.

Cattle Byproducts. Cattle furnish, besides food, no end of articles in common use. Your toilet or laundry soap is made from their grease; the curled hair in your chair and the bristles in your shoe brush are from their tails. As for the steer, again, your combs are made from his horns; your toothbrush handle and the mouthpiece of your pipe were once part of his thigh bone; your knife handle comes from his shin bone; the buttons on your coat and your wife's hairpins are from his hoofs; neatfoot oil represents his sinews, and the prepared food you throw to your chickens is reduced from his blood; also the pills you buy at the drugstore is made from a pig's stomach; the grease extracted from the wool of sheep after slaughter is converted into potash.

Twenty Minutes Time Enough?

To Cure the Worst Headache From Any Cause—New Reduction Method.

Most headaches and pains yield instantly to the new Reduction Method—Dr. Shoop's Twenty Minute Headache Cure. The cause for these pains is congestion—a rushing of blood to the nerve centers—which distends the veins to nearly the bursting point. Swollen and enlarged, these veins and capillaries exert an irritating pressure on the myriads of nerve branches and fibres. Then there's a pain, and finally that excruciating, agonizing, nerve ache. This new Reduction Method dispels the blood, distributes it to the proper channels. It frees the nerve centers from the irritation—the pressure and the ache—disappears the pain and the headache. You may have been reduced to submission, but the remedy is prompt relief and because it reduces the congestion—it must embody the Reduction Method. Medicine has thus found a way—simple and sure, yet the only way—to thoroughly overcome these attacks of Headache and Neuralgia. The effect of Dr. Shoop's Twenty Minute Headache Cure is prompt—perfectly suited to all forms of Headache and absolutely positive in every temperament. For sale and recommended by

SENSATIONAL ADVICE!

The dirt and sand in Carpets act as a sand paper when walked upon. Besides the tubercle bacillus is the sole cause of consumption; its entrance may be prevented mainly by destroying the sputum of patients. Susceptibility to consumption may be inherited; the disease itself is not any cause which lowers vitality, increases susceptibility.

Dust is a Source of Danger

Of doors and in. Dust in houses should be removed, not simply stirred up—encouragement for snufflers in early stages of disease. Our Dust Removing Device solves this serious problem.

The Bread-Winners.

Bread-winning is too often health-breaking.

For all who have to work hard and long—who have to risk health and sacrifice comfort in the hard struggle of life, Bu-Ju is a ready friend.

Our customers' experience shows it gently counteracts the strain on the kidneys and resultant ailments, stops pain, eliminates the beginning of serious disease and makes work easy, by building up health. We like our customers to be satisfied—that's why we guarantee Bu-Ju. Fifty cents each box.

W. W. TURNER, Druggist.

Lieut. Gov. Dunsmuir Sworn In.

Victoria, B. C., May 28.—At 10 o'clock Saturday morning James Dunsmuir was sworn in Lieutenant-Governor of British Columbia. The retiring Governor, Sir Henri Joly, expects to leave for his home in Quebec the end of next week.

Sunlight Soap is better than other soaps, but is best when used in the right way. Buy Sunlight Soap and follow directions.

Check For the Lords.

Liverpool, May 28.—David Lloyd-George, president of the Board of Trade, representing the Premier, Sir Henry Campbell-Bannerman, spoke at a luncheon of the Liberal agents of the United Kingdom, and intimated that action would be taken by the Liberal Ministry with a view to curtailing the veto powers of the House of Lords. He said that the date of the next election would depend upon the upper House.

Coughs, Colds, Hoarseness and other throat ailments are quickly relieved by Cresoline Tablets; 10 cents per box. All druggists.

The eyes of the master will do more work than both of his hands.

SPIRIT OF REVOLUTION

Stirs Russia by Government's Non-Redemption of Promises

GAVE VENT TO PASSIONS

St. Petersburg, May 28.—At the end of a memorable seven-hour session the Lower House of Parliament Saturday indignantly rejected the Government's policy as presented by Premier Goremykin, and with only seven dissentients, voted lack of confidence in the ministry, practically throwing down the gauntlet to the bureaucracy with a demand for retirement of the present Cabinet and its supersession by a ministry approved by the majority in the House.

Conflict Appears Inevitable. The spirit of absolute revolution is in the air and a conflict between the crown and the nation now appears to be inevitable.

While the House avoided the appearance of delivering an ultimatum, the Government seems to have no alternative except surrender or war. The gloomiest forebodings were everywhere expressed at night, and the general impression is that the country is on the verge of a titanic struggle, which may be delayed but not averted. Despatches received from the interior indicate that the struggle possibly may be inaugurated Monday with a general strike when the people learn that all amnesty has been refused them.

The Premier's Statement.

While the Premier's statement promised co-operation with the Lower House, "in so far as the latter does not transgress the limits of the fundamental laws," it recognized the agrarian question as paramount, proposing to remedy the deficiency in land through the operation of an agrarian bank and migration to Siberia. It proposed the introduction of universal and compulsory education, the reform of the administration and the realization of the four liberties. Premier Goremykin's statement, however, returned a nonpossumus on the burning question raised by the House in its reply to the speech of the Emperor. It declared that the Government's flat and exceptional laws cannot be drawn into order and terrorism cease. The expropriation of appanages of the crown and church and private lands was declared to be inadmissible. The right of investigation of administrative acts, the statement declared, belonged to the crown, the House having only the power of interpolation. Amnesty, Premier Goremykin said, was solely the prerogative of the Emperor.

Free Range to Passions.

Such, broadly, was the Government's reply to the address of the House. The Premier's words seemed to arouse all the latent resentment in the hearts of the members of the House. The Constitutional Democratic leaders for the first time gave free range to their passions, and with flaming words or after orator declared the Government's program inadmissible, and said that the ministry must give way to a Cabinet in which the people had confidence. M. Rodicheff announced that the Government's reply had dashed to the ground all the hopes of his hopes of working in harmony with the administration. M. Kovalesky enacted the role of Mirabeau, practically paraphrasing the Frenchman's words, "We are here by the will of the people, and nothing but bayonets can disperse us," while half a dozen peasant members hurled defiance at the ministry. Even Count Heyden, the leader of the right, deserted the Government's side, saying that inasmuch as the Government had refused to redeem its promise to repeal the exceptional laws, his vote was for censure.

The resolution of censure as adopted provides that the House shall proceed with the order of the day Monday, thus adroitly placing upon the shoulders of the Government the responsibility for making the next move.

Ministry Hesitates.

For a moment, as indicated by a communication issued by the official agency at midnight, the ministry is hesitating in a dilemma, being ready neither to resign itself nor dismiss Parliament. The communication says: "We are able to announce authoritatively that the rumors of a dissolution of Parliament are unfounded. The Parliament will sit until the middle of June, when it will take a vacation. The dismissal of the Ministry is a matter exclusively for the unfettered decision of the sovereign. The speech of the Minister of Justice at today's sitting of the House was an expression of his personal views given on his own initiative."

Want of Confidence Resolution.

The text of the resolution of lack of confidence in the Government adopted was that drafted by the Labor group. It is as follows:

"This declaration of the Premier, heard today by Parliament, contains the decisive declaration that the Government in no way wishes to meet the demands of the people, and the expectation of a land of liberty and civil rights, enumerated in the address of the House in reply to the speech from the throne, without fulfillment of which the pacification of the country and successful work by the House is impossible. By its refusal to satisfy the popular demands, the Government clearly shows its disregard of the real unwillingness to relieve from the shadow of new disasters a country which is harassed by poverty, lawlessness and the continued unpunished arbitrariness of the authorities."

The Lower House of Parliament considers that it is its plain duty to proclaim to the country its complete distrust of an irresponsible ministry. It regards this a most necessary condition to the pacification of the country and fruitful work by Parliament. The immediate resignation of the present Cabinet and its replacement by a ministry possessing its confidence. Par-

Only part of the wheat berry is fit for food. Yet much that isn't often gets into flour. You cannot see it or taste it, but it's there. It is simply a case of the miller getting more flour from his wheat and your getting less nourishment.

Royal Household Flour

is so milled that nothing goes into it except the part of the wheat that is food. You get just what you pay for—the best and purest flour made. It goes farther because it is all flour. Your grocer can supply you.

Ogilvie Flour Mills Co., Ltd.
156 Montreal.

Hament thereupon votes to proceed with the regular order of the day."

Premier Goremykin went to Peterhof immediately after the adjournment of Saturday's session to confer with the Emperor, and yesterday there were agitated conferences between the ministerial leaders.

Bomb Thrown At Tiflis.

Tiflis, May 28.—While Governor-General Timokoff and Chief of Police Martynoff were driving yesterday bombs were thrown at them. Neither was injured but a Cossack belonging to their escort was killed. The city is agitated, fearing an armed outbreak.

Sebastopol, May 28.—Several bombs were thrown here yesterday while a review of troops was being held after the triumph in celebration of the anniversary of the Emperor's coronation. Eleven persons were killed, including five children, and over 100 wounded. Among the wounded were the commander of the fortress, General Neputsev, who received slight hurts, and the chief of police, who was gravely injured. Two of the bomb throwers were arrested.

Prison Warden Shot.

St. Petersburg, May 28.—M. Shkief, warden of the city prison, was shot four times yesterday and mortally wounded by an 17-year-old youth, who was executing a social revolutionist sentence in revenge for Shkief's bad treatment of political prisoners. The assassin, whose name is Skutlinski, was arrested.

Press Takes a Pessimistic View. St. Petersburg, May 28.—The press today, almost without exception, is pessimistic, recognizing the extreme gravity of the situation and the tempest which the denial of the right of forced appropriation of land will provoke among the peasantry.

ENA'S PLEA FOR PARDON

Saves Condemned Spaniard on His Way to Gallows

HER HOLD ON THE PEOPLE

Madrid, May 28.—The first notable act of Princess Ena of Battenberg since her arrival in Spain to become the bride of King Alfonso XIII. has been to induce the King to pardon Fernando Levera, who was condemned to death after an exciting trial. Levera was to have been executed in the neighboring town of Badajoz, but the population solicited Princess Ena's intercession, and she spoke to the King, who consulted with the Ministers, and after a Cabinet council, the Government resolved to grant the request, as it was the first petition the princess had made in Spain. Thereupon the King issued a pardon, and a telegram announcing this fact reached the prison at Badajoz as the march to the scaffold was about to begin.

There were remarkable scenes of rejoicing. The townspeople formed a procession and sang the praises of their Queen-to-be.

Fort of the Military.

The Pardo Palace was again the scene of royal ceremonies yesterday, the ideal weather permitting of open air religious services on the lawns of the palace, where the military bishop celebrated a campaign mass. Princess Ena's interest in the Spanish uniform led King Alfonso to summon six soldiers, representing the various arms of the service for his bride-elect's inspection of their arms and accoutrements. This was a source of special satisfaction to the influential army element.

Later in the day King Alfonso and Princess Ena went in an automobile to the picturesque forests of Pardo.

Barcelona, May 28.—The secretary of Don Jaime de Bourbon, son of Don Carlos, the Spanish pretender, was arrested here yesterday. The charge on which he was taken into custody was not made public.

Calling Cards, Invitations, Wedding Announcements and Envelopes to match, Programs, Pencils Etc., can always be obtained at The Planet Office.

A REVOLTING TRAGEDY

Jack Joyce Shoots Wife and Her Father and Suicides

MURDER WAS PLANNED

Sydenham, May 28.—A double murder and a suicide occurred near Ralston at 7 o'clock Saturday morning.

A man named Jack Joyce shot his wife and her father and then deliberately cut his throat, and died in a few minutes. The tragedy occurred in a log shanty within a mile of Ralston, at the home of Cornelius Wood, the victim of the shooting.

Joyce was a quiet, simple young Englishman, working for William McCauley. Some months ago he married Cornelius Wood's daughter and apparently loved the girl and they lived happily together until her father interfered and coaxed her to come home, which she did a few days ago.

Three in the House. At the time of the tragedy the old man, Wood, his daughter, Mrs. Joyce, and his son's wife were all living together.

In the morning early old man Wood had received a visit from his two sons, who had just departed for Harrow-smith. They met Joyce coming towards the house. Joyce only stayed long enough to threaten the old man what he would do if he did not let him have his wife. Upon refusal he quickly went after a gun and returned with an old Snider rifle, loaded. They saw him from the house and the old man went out to parley with him.

Shoots His Wife. A report told the two girls that the father was shot. Joyce reloaded and again shot the old man, who had attempted to run away, but dropped not far from the shanty. The girls in the meantime had barricaded the doors. Joyce broke these very quickly and also the inner bedroom door, and although his wife pleaded with him not to shoot, he shot her with the last bullet he had and she dropped near the door.

Apparently Joyce had deliberately planned what he intended to do, for he made no attempt to harm the other woman, who was inside. He then went out and wandered a little from the porch.

In the meantime the other woman slipped out and ran to a neighbor's for help and shortly after Joyce was seen in a defiant attitude, ready to shoot the first one who approached. Apparently Sydenham is the nearest business town to the tragedy, about two miles away, and constables were sworn in to arrest the fellow.

Cuts His Throat. When they arrived they found him lying by the house with his throat cut in a fearful manner.

Kingston, May 28.—Early Saturday morning a terrible tragedy was enacted near Ralston, a village about two miles from Sydenham, and fourteen miles north of here.

John Joyce is dead, the work of his own hands, he having committed suicide by cutting his throat after having shot and, as he thought, killed his wife and her father, Cornelius Wood. The people were very poor and lived in poor circumstances. They are also said to be of a low calibre mentally and morally. The matrimonial life of Joyce and his wife was by no means happy. Cornelius Wood, the father-in-law, had a somewhat bad reputation, and recently served a term in jail for an indecent assault committed on his daughter.

Father and Daughter Will Die. Late Saturday night Dr. Mundell, coroner, swore in a jury to investigate the death by suicide of Joyce, who shot his father-in-law and wife at Ralston on Sunday morning. After viewing the body the inquest was adjourned to Monday afternoon. Coroner Mundell found Mrs. Joyce very low, and bleeding internally. The bullet had gone through her body.

Cornelius Wood was very bad, the bullet that pierced his arm having penetrated his lung. Both were too ill to be brought to Kingston Hospital. The coroner took their ante-mortem statements.

LUCKY ESCAPE FROM MURDER. Wm. Maynard Fires Six Shots at Chas. Sheard and One Hits.

East Toronto, May 28.—A shooting affray took place in Scarborough Township on Saturday afternoon at the home of Charles Sheard, a gardener, when Sheard was shot and dangerously wounded by William Maynard, who lives on Danforth avenue, a short distance east of Dawe's Corners. On Saturday afternoon Maynard went to the home of Sheard, where Maynard's wife was at the time visiting, and gave Sheard considerable abuse. The latter ordered him from the place and turned to go to the house, when Maynard fired six shots in rapid succession.

One of the bullets took effect in Sheard's shoulder.

Maynard then decamped, but was arrested Sunday.

Sheard is resting easily, and unless complications develop the wound in his shoulder is not expected to prove serious. His assailant will be arraigned today.

Young Wife Suicides. Windsor, May 28.—Because her husband had refused to have anything further to do with her, Mrs. Roy Raymond, aged 21 years, took poison at her father's home on Glenary avenue early Saturday morning, from the effects of which she died a few hours later. An early marriage culminating in unhappiness, was the indirect cause of her rash act. Raymond has been away from home for some time and nothing of his whereabouts is known.

Child Fatally Scalded. Brockville, May 28.—The three-year-old child of Milton Rowsome, a farmer residing between Athens and Charleston, was fatally scalded Saturday by upsetting a pail of boiling water over herself.

A MAN

Can have no greater satisfaction than in knowing that he is correctly attired.

T. & D. clothes have these satisfying qualities. The man in a T. & D. suit doesn't worry about his appearance. He knows he's alright.

Come and let us clothe you with an up-to-date suit and this satisfied feeling. We can do it.

Suits \$7.00 to \$20.00

THORNTON & DOUGLAS,

...LIMITED...

If You Buy Here You're Safe!

It's a great idea—when a merchant asks Ten Dollars for a Suit—the buyer offers six and the merchant "takes him up."

The question is, what does "he" get? If the "he" means the merchant, he gets the man's six dollars and his suspicion for evermore. If the "he" is the man.

HE GETS LEFT!

If that merchant could afford to sell the garment for less than he asked, why did he not name the lowest price at once? Is that merchant reliable? Can you afford to risk his judgment? He certainly takes quite a load on his shoulder, when he attempts to carry trade that way. We guarantee that you will pay here fully as much as your neighbor—and just as surely you'll pay just as little. We further guarantee you your money back on demand, if you find your purchase unsatisfactory when you get home. If you buy here, you're safe. If you are interested in Spring Suits or Overcoats we want to show you our handsome spring suits at \$7.50, \$9.00, \$10.00 or \$12.00 to \$15.00. If you pay 1 s elsewhere, you'll get less value.
