CORRESPONDENCE

Mr Editor.—I should like to kindly inform the outside public that my little boy has not had Small pox and wonder how they knew so well what he had as I did not call them in at the time he was taken sick. Perhaps if the parties that knew so much about us being quarantined and that my mother and sister were not allowed in, would tell me where they got their valuable information, instead of circulating it so freely, they might be more correct in their reports as they have put us to quite a lot of inconvenience.

The latest thing in electricity is the discovery by an English wizard of a device by which messages may be transmitted by wireless telegraphy underground. Experiments so far are said to be very successful. Surely this is a wonderful age!

General Buller, who since his return from South Africa has had charge of the troops at Aldershot, England, has, on account of a late speech, in which he admitted he had recommended the surrender of Ladysmith, been deposed from command and placed on retired list.

The old story of King Edward being troubled with cancer has again appeared in print, this time being copied into the provincial dailies from an English journal. This is said to be the first time a paper of England has published such a statement. The paper in question says operations have recently been performed for cancer in the King's throat. It is not very improbable we may be hailing the Duke of York as King in a

Lower Burlington

Oct. 18th—Quite a lot of excitement prevails here at present on account of the council elections. As there are two conservatives for the candidates it is feared by some that it will "split up the party." Time will tell.

A large number from this place went to Summerville on the 17th inst. to witness the marriage of Mr. Everett Lake and Miss Nellie Harvie. All say it was a very pretty wedding and the boys say that they were treated fine at the reception.

Mr. Ernest Sanford, who has been away in the Falkmouth for some time has returned home again.

Mr. Everett Burgess is expected to move soon in the house lately vacated by Mr. Thomas Salter.

Mr. Fred Reynolds, Hilford, has been visiting friends here recently.

Mr. Crowe and men have left with their mill for Five Mile River.

A few of the young people of this little village attended the third quarterly session of District Division at Cheverie on Tuesday the 22d.

LOSS OF FLESH

If you find yourself falling below normal weight there is danger. The use of fish oils can temporarily add fat but will never build up healthy tissues. Dr. Chase's Nerve Food acts through the blood and nervous system and carries new life and energy to every nook and corner of the body. It regulates the various organs of the body, makes the appetite good and healthy flesh and replaces the tissues wasted by disease. Naturally and gradually this food cures restores color to the cheeks, increases the weight of the body and thoroughly overcomes disease.

Over 500 fishing vessels participated in the reception to the Duke and Duchess of Cornwall and York in St. John's Nfld.

Mr. Marsh has an apple tree on his premises, which he transplanted last spring, that is bearing the second crop of apples. It had blossoms and bore apples in the spring, and in September it blossomed again, and now has apples the size of a large strawberry.—Cor. Truro News from Central Economy.

Donation

Hantsport Advance.

The donation to Pastor G. R. White in the Baptist Church vestry here on Friday was an enjoyable occasion. The room was very prettily decorated with autumn leaves. Games were introduced and young and old spent a pleasant evening.

Carl Margeson kindly loaned his graphophone for the evenings entertainment. During the latter part of the evening, on behalf of the church and congregation, Mr. W. J. Shields in a neat speech presented Mr. White with a purse of money. Rev. Mr. White responded, thanking very heartily the donors for their gift and highly appreciating this evidence of their love.

He congratulated the finance committee on the very satisfactory way they had conducted the financial affairs of the church.

A small schooner belonging to Margareville, loaded with apples, capsized off Blomidon on Tuesday, 22nd. The crew escaped in their boat and the capsized vessel was taken in tow by the schooner Mastland, but on account of the heavy sea the captain was obliged to let go his prize, which went ashore afterwards near Little River. The owner is now in possession again, but his loss is a heavy one, as he lost one hundred and twenty-five barrels of the deck. These are being picked up by passing vessels and the people along the shore.

Barnum's Monkeys

"All well—all happy—lots of fun". That is the regular report from the monkey cage of Barnum's Circus ever since the keepers began dosing the monkeys with Scott's Emulsion. Consumption was carrying off two thirds of them every year and the circus had to buy new ones.

One day a keeper accidentally broke a bottle of Scott's Emulsion near the monkey cage and the monkeys eagerly lapped it up from the floor. This suggested the idea that it might do them good. Since then the monkeys have received regular doses and the keepers report very few deaths from consumption. Of course it's cheaper to buy Scott's Emulsion than new monkeys—and that suits the circus men.

Consumption in monkeys and in man is the same disease. If you have it or are threatened with it can you take the hint?

This picture represents the Trade Mark of Scott's Emulsion and is on the wrapper of every bottle. Send for free sample. SCOTT & BOWNE, TORONTO CANADA 50c and \$1. all druggists.

Morristown

A donation was held at the residence of Deacon Joshua Hutchinson on Thursday, Oct. 24th, in benefit of the pastor of the Baptist Church, Rev. A. S. Lewis. The house was crowded and a good sum was given, \$62.25 being the amount.

The donation at Aylesford was held at the Parsonage Tuesday of the same week the amount their raised being \$108.00.

Burlington

Oct. 24th.—Quite a number of our people attended District Division at Cheverie on Tuesday evening and report being out a first rate time. Six of the company were rather late but got there just the same.

Mrs. Hays, Mrs. Nix and Mrs. Reynolds returned from their visit to United States on Tuesday last. All three report having enjoyed themselves immensely and purpose repeating their visit next summer.

Mrs. McMichael, Gay's River, is visiting her daughters, Mrs. E. Young and Mrs. A. Burgess.

Councillor Election seems to be the order of the day just at present. Mr. Marshall Sanford and Mr. Edgar Burgess being candidates for nomination.

Mr. Morris Sanford is building an extension to his shop, which will be quite an improvement, as he was limited for room in the old shop.

The first candy nut of the season was pulled last week. More are to follow soon.

Mr. N. P. Burgess has been in Hantsport remodeling the house of Mr. H. K. Francis.

Mr. Rufus Curry, Windsor, was the guest of his sister, Mrs. C. M. Tyler, one day last week.

Mr. Editor, if you see any one from our neighbouring village, tell them the Uncle is still waiting for a visit.

Our School is rapidly progressing under the efficient management of Miss Catten.

NOTHING LIKE GOOD REPUTATION
To have a good reputation in business goes long way toward success. When the Family Herald and Weekly Star, of Montreal with their reputation for doing things right, announce to the public that they are issuing portraits of the King and Queen to their subscribers, the public will be satisfied that their picture is the best obtainable, and will wait for it. The public will not be disappointed, either. The Family Herald's portraits of the King and Queen are each 18 x 24 inches, and are truly a beautiful pair. They have also a third picture of the Duchess of Devonshire, in ten rich colors, 22 x 28 inches, which is regarded as a perfect gem. All three pictures are to be given free to all yearly subscribers.

Hantsport

The new vessel at North's shipyard is being pushed forward, some 23 men being now employed.

Rev. E. O. Read has resigned his position as pastor of the Baptist church in Waterville.

The W. W. W. Club met at Mr. C. E. Burgess' last night and re-organized for the winter months.

The Asst. Sarah D. Fell, Capt. C. A. DeNeat, Philadelphia, has arrived at Horton Bluff and will load plaster at Windsor.

Temporary buildings are being erected in the burnt district of Sydney as the near approach of frost will not permit the building of permanent brick structures.

The local Methodist church choir were entertained at the parsonage on Friday night. Tea was served and Mr. Aikens gave several selections on the gramophone.

The death of Wm. Beckwith occurred at his home at Kellyville last Saturday night. The deceased was 57 years old. Mr. Thomas Beckwith, Lockhartville, is a brother.

A goose supper was held last night at Avonport. Quite a number attended from here. Our band discoursed music for the occasion. The proceeds go towards repairs on the Baptist church at Avonport.

The tea-meeting held in Falmouth Thursday night was very successful. The affair was under the charge of the ladies of the Methodist church. About \$100 was realized to be devoted to repairing the church.

Surprise parties seem to be the order of the day, or rather night. Last Friday evening there were two in town, for Miss Bernette Burgess and Miss Julia Shaw. It is needless to say they were much enjoyed by the young people present.

An election of new officers for the Baptist Young People's Union was held after the service Monday evening, as follows: President, Miss Carrie I. Borden; Vice President, Miss Robinson; Secretary, Miss Paten; Treasurer, Miss Mary J. Davison.

The question of the hour: How's your arm? Some of our young ladies have been confined to the house, suffering from the results of vaccination, among others Miss Mary J. Davison and Miss Frederica Bradshaw. Mrs. J. H. Pullen kindly took Miss Davison's place as organist at the Baptist Church Sunday.

We were shown the other day a piece of "core" taken from our coal mine in which was imbedded vegetable matter which looked something like a fern. Up to Saturday night the drill had reached a depth of 73 feet with the prospects for coal getting brighter. Mr. Power says the drill has broken the record for rapidity of work.

E. Churchill & Son's have imported 11 Angora goats from Birmingham, Me. They arrived by train last Saturday and will be put in Messrs. Churchill's pastures in Waterville. They will be used for breeding purposes and incidentally will clear up the pastures, not to mention that, as we are informed this kind of goat does not dine on such eatables, but weeds and such like.

Rev. R. O. Armstrong, M. A. of the Newport Methodist Church circuit preached in the Methodist church here on Sunday evening.

Pastor J. W. Aikens gave missionary addresses on Sunday at Rawdon, Scotch Village and Brooklyn. The contributions were considerably larger than those of last year.

Charles Zinck, traveler for A & W Smith, Halifax, assisted the Methodist church here Sunday night by playing his clarinet.

Mr. and Mrs. J. A. Mumford and daughter Miss Hattie, have returned to New York, where they will spend the winter months.

Mrs. W. Bradshaw of Hantsport is visiting her father Mr. James Woodruff of Waterville.

That Gold Spoon.

There are some men who seem to be favorites of fortune. They are industrious, cheerful workers, full to overflowing of the energy of splendid health, and success seems fairly to drop into their hands. It is of such as these that the less hardy and less successful men say enviously, "That fellow was born with a gold spoon in his mouth."

splendid health, the endowment of a healthy mother.

Dr. Pierce's Favorite Prescription gives the mother health to give her child. It cures nervousness, anxiety and sleeplessness. It makes the body comfortable and the mind content. It gives physical vigor and muscular elasticity so that the baby's advent is practically painless. "It will endeavor to tell you of the many benefits I have derived from taking Dr. Pierce's Favorite Prescription," writes Mrs. R. E. Robertson, of Medicine Lodge, Barber Co., Kans. "In the fall of '89 I was expecting to become a mother and suffered terribly with pains in the back of head; in fact I ached all over. Suffered with neuralgia, headache, and was threatened for weeks with miscarriage. A lady friend told me to use Dr. Pierce's medicine. She had taken them and felt like a new woman. I began using the 'Favorite Prescription' and took four bottles before my baby came and two afterwards. I suffered almost death with my other two children, but hardly realized that I was sick when this baby was born and she weighed twelve and one-quarter pounds. She is now eleven months old and has never known an hour's sickness; at present she weighs thirty-seven pounds. I owe it all to Dr. Pierce's Favorite Prescription."

"Favorite Prescription" makes weak women, strong, and sick women well. Accept no substitute for the medicine which works wonders for weak women. Dr. Pierce's Pleasant Pellets are the most desirable laxative for delicate women.

Capt. James McKenzie, of the Windsor schooner Emperor, has been presented with a pair of marine glasses for bravery in rescuing four persons from a swamping boat in New York harbor. Three members of the crew also received each a purse of money. Their names are Arthur Lockhart, Avonport; Fred Macumber, Wentworth; Matthew Carr, Cheverie.—Ex.

The Work is Now Easily and Well Done by DIAMOND DYES

When you have selected your design, use the Diamond Dyes to color your rag mats or shades on mat or rug pattern. Pattern sheets mailed free to any address.

BROOKLYN, HANTS CO.

The Frost Stock Comedy and Dramatic Co. have just finished a week's engagement here. The company drew good houses during the entire week and put on good plays, the production of Peck's Bad Boy being especially good. The company have gone to Bridgetown, where they will show next.

The Midland Railway are now running through trains to Truro, leaving Windsor at 9 a. m. and returning 6 p. m. This service is a great accommodation to the county through which it runs in carrying freight as well as passengers. S. L. McMullen was a passenger over this road to Truro Saturday on a business trip.

S. L. McMullen's saw mill here has just finished one of the largest cut of logs ever made here. Mr. McMullen is now shipping deals of which he has an enormous quantity on hand, and intends putting his men in the woods for the winter's work in a few days.

Roy Gibson and Thomas Forest of Halifax were out to Stanley for a few days sport and report game plentiful.

Frank Hennessy of Halifax was in town Monday on business.

The writer having occasion to frequent the post office here happened to be in there when the mail was being distributed Wednesday night and noticed the large number of "The Advance" that are taken here; but we didn't wonder at that when we considered the fact that the paper only boasts fifty cents a year and contains as much local news and news in general as any dollar weekly in the county.

WALTON ITEMS.

While on a business trip recently we took in the beautiful village of Walton, a place upon which nature has lavished some of its richest treasures. It has good shipping facilities, and if its mineral wealth were sufficiently developed would be heard from as a commercial centre.

Mr. Albert Parsons is at present shipping plaster by J. B. King Co's vessels to New York.

A manganese mine is being developed which shows mineral of a high value. There is also good signs of coal deposits in the vicinity.

We heard considerable talk of a possibility of the Midland railway being put through to Walton which would, it is said, if steamers were put on, shorten the route from Halifax to Boston by some hours.

Mr. Howard Wadner showed us a family clock over 100 years old. He values it very highly.

Broad Arrow Division is progressing favorably under the leadership of Worthy Patriarch Wm. Brown.

The different industries and fine farms in this beautiful valley look prosperous and Walton, with push and enterprise, has a future.

Capt. Harris Patterson, Pembroke, is having a large barn built in which to store the produce of his three farms. He also intends constructing a new house near by.

We arranged for a correspondent at Walton and our readers at that place may expect to see items from their neighborhood often.

St. Croix.

Miss Jessie Hamilton, of Halifax, is the guest of her friend, Miss Gertrude Kughn. Miss Hamilton has been visiting friends in the United States and is now on her way home.

Among those who attended the celebration in Halifax on Saturday the 19th from this place were Mr. and Mrs. J. C. Spence and Miss Nettie Spence, Misses Henry, McLellan, Dill, Spence, Gibson, Hunter, Redin, Mrs. McDonald, Mrs. Harry Spence and sister Miss G. Kughn, J. L. Marsh, M. Spence, W. Spence, Walter McDonald, Arthur McDonald.

ONLY A LITTLE BACKACHE

That is the first unmistakable symptom of diseased kidneys, and ailment which no one can neglect without inviting Bright's disease, diabetes, rheumatism and the most painful and fatal maladies. At the first sign of backache and urinary disorders use Dr. Chase's Kidney-Liver Pills and you can be certain of prompt relief and cure. One pill a dose, 25 cents a box.

Dr. Chase's Ointment A Food for the Skin.

An Antiseptic Healer Which Promptly Alleviates Itching and Burning and Thoroughly Cures Every Form of Itching Skin Disease.

If the extraordinary value of Dr. Chase's Ointment were thoroughly understood there would not be a family in Canada that would be without it in the house for a single day.

In the first place it is a food and beautifier for the skin, and is so pure and pleasant to use that no lady will delay in applying it. It removes pimples, blackheads, and all sorts of disagreeable and disfiguring skin diseases. In the severest cases of eczema, salt rheum, fetid, scald head and other itching skin eruptions, Dr. Chase's Ointment affords instant relief by allaying the burning, stinging sensations, and will permanently cure if applied regularly.

Dr. Chase's Ointment is the standard ointment the world over, and so marvellously successful as to far surpass all rivals. Ask your neighbors about it. There is not a single community, in Canada but has some case where this remedy has worked remarkable cures. 50 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

FRAIL LITTLE ONES

Their Hold Upon Life is Slight, and Mothers Have a Great Responsibility

Every baby—very little one—requires constant care and watchfulness, and when a trace of illness is noticeable, the remedy should be promptly applied. The little ones are frail. Their hold upon life is slight. The slightest symptom of trouble should be met by the proper corrective medicine.

Baby's Own Tablets have a record surpassing all other medicines for the cure of children's ailments. They are purely vegetable and guaranteed to contain no opiate or poisonous drugs such as form the base of most so-called soothing medicines. For sour stomach, colic, simple fever, constipation, and bowel troubles, the irritation accompanying the cutting of teeth, sleeplessness and similar symptoms, these Tablets are without an equal. They act directly upon the organs which cause the troubles, and gently but effectively remove the cause and bring back the condition of perfect healthy health. Every mother who has used these Tablets for her little ones praises them, which is the best evidence of their great worth.

Mrs. David Dunald, Posenby, Ont., says:—Baby's Own Tablets are a wonderful medicine. I think they saved my baby's life, and I gratefully recommend them to other mothers. Ask your druggist for Baby's Own Tablets. If he does not keep them, send 25 cents direct to us and we will forward a box pre paid. We have a valuable little booklet on the care of children and how to treat their minor ailments, which we will send free of charge to any mother who asks for it. The Dr. Williams Medicine Co., Brockville, Ont.

KEMPT SHORE

Miss Edna Mosher found a full blown Mayflower on Oct 13th.

Mrs. Lindsay and children and Miss Kate Harvie returned to their homes in the U. S. after a pleasant visit to their parents, Mr and Mrs J. L. Harvie.

Mrs Edith Burgess came home recently from a visit to her mother in New York. Her brother Mr Palmer Reynolds, accompanied her and spent a few days in hunting and fishing, returning on Oct 14th.

Miss Miller teacher of Avondale paid a short visit to her sister the popular teacher of our advanced department.

Miss Ruth Mosher who is teaching in Kellyville, spent Saturday and Sunday at her home.

Quite a number from here attended the church in Summerville to witness the marriage of Miss Nellie Harvie and Mr E. Lake.

TENDENCY OF CATARRH IS TO SPREAD. Just a slight matter at first, and because slight, neglected, but the seed sown brings forth a dangerous harvest. Consumption, which is the harvest of death. Better spend a few moments each day inhaling Catarrhzone, an aromatic antiseptic that relieves at once, clears the nasal passages, and restores lost sense of taste and smell. The immediate effect of Catarrhzone is magical, so prompt and efficient. Care is certain and permanent if you use Catarrhzone. Price \$1. Small sizes 50c., at Druggists or Polson & Co., Kingston, Ont.

It has been learned that the King wishes to have his birthday observed. A cablegram received by the Governor-General states: "It is His Majesty's wish that the usual birthday dinner in the Colonies be given in 1901 and 1902 on November 9." During the early part of the year he preferred to have the observance take place on the birthday of his deceased mother. It is expected that a proclamation will be issued shortly making November 9th a public holiday.

Australia and New Zealand are sending military contingents to the King's coronation next year. It is expected that Canada will also be represented. Men who have seen service in South Africa are getting preference in these contingents and the imperial government is anxious that Hon. Dr. Borden, the Canadian minister of militia, should have picked men in the contingent from the Dominion.

The Duke and Duchess of Cornwall and York are due to arrive at London to-day, after an absence of eight months. Preparations for a grand welcome home have been completed.

A London despatch says:—
"The home coming of our future King and Queen, after their visit to the British colonies, will be no half-hearted event. It is desired to make it memorable in historical annals, since it marks the completion of the cementing of the Mother Country and her colonial possessions. There will be a great naval display at Portsmouth, and it will undoubtedly be a magnificent sight to see the great white ship pass through the lines of cruisers, battleships and torpedo destroyers, all manned and armed with their lusty-throated crews. It is expected that the King and Queen, with the little Princess Edward and Albert, will meet the Duke and Duchess at the premier naval port."

The war in South Africa is still dragging on and news in regards the situation has been very scarce the past few weeks. The Boers for their part have prolonged hostilities another stage and succeeded in eluding pursuit without striking a decisive blow in any quarter of gaining any material advantage. The British columns have been trekking over the veldt the past week without making at least one important capture. It is a long and terrible struggle between British grit and Boer obstinacy to wear out the patience and endurance of a superior foe. The British government is being severely criticised in respect to its failure in bringing the war to an end. The war has been a heavy expense to the country and the public sentiment is that the most rigorous measures be used in putting an end to this war.

A Dastardly Act

Some unknown party or parties of Kingsport, performed a dastardly act upon Mr. Roy's barge which has been at that place for the past week. A few nights ago some miscreants boarded the vessel and bored seven or eight holes in her. The vessel sank in time and the next morning all that could be seen of her were the masts and deck house.

We do not know the reason that called for this act but we presume that it was for the fear of the disease being contracted by those who ventured on or near this vessel. There was no fear of contracting the disease from the vessel, as the afflicted man was taken ashore probably before it had developed to the danger stage and as the owner intended to have the vessel thoroughly fumigated so that there would be no danger. The perpetrators if ever caught should be punished to the full extent of the law.

The death of Mrs. Leonard Palmer occurred on the 21st ult. at the home of her daughter, Mrs. J. A. Woodworth in Windsor. The deceased was 90 years of age and was a daughter of the late Samuel Hamilton of Grand Pre. The remains were sent to Grand Pre on Thursday of last week for burial, which took place in the Methodist grave yard at Lower Horton.

BULLETIN

"I recently visited the town of Kentville, met the Board of Health, all the medical men of the town, and a number of representative citizens, and after a thorough investigation of the origin of the small pox cases, and the care and management of them, I find the following facts:

There are five places under quarantine which includes all cases and suspected cases.
The quarantine is very rigorously enforced and is full and complete in every respect.

The disinfecting process used is thorough and the best known to modern science.

The Disease is under effective control and there is nothing whatever in the conditions with the buildings in which sickness is, or in the condition of the town to cause the slightest fear or danger from infection to persons visiting the town on business or otherwise or to prevent them doing so without perfect safety."

CANNING

Oct. 29th.—Rev. W. N. Hutchins has returned from his trip to the States and gave a patriotic sermon in the Baptist Church on Sunday evening. The discourse was very spirited and interesting. Mr. Hutchins does not agree with those people who consider the time and money recently expended on the Duke and Duchess of Cornwall, wasted. He has an exalted view of royalty and does not look upon the recent honours given as vain display. "Honor the King" is his mandate. In honoring our representatives we are honoring and respecting ourselves. We would lose caste with other nations if we failed to show our future King and Queen proper respect.

The discourse aroused all the latest patriotism in the breasts of the listening congregation and at the close "God Save Our King" was sung with heart-felt ardor.

It seems right that we should welcome royally our rulers but there is a danger of going too far in this matter as in many others. It seems sinful to spend so much money on mere pomp and feasting when so many of our people are poor and starving. Is the sincerity of our welcome to be measured by the amount of money spent for the occasion?

The band gave a concert in Old Fellows Hall on Friday evening. A goodly number were present and the band was listened to with the usual interest it receives.

Mr. and Mrs. Fred Rand of Kentville, were guests of Mr. and Mrs. Fenwick Rand over Sunday.

The members of the Epworth League gave a very pleasant social at the home of Mr. and Mrs. Sturk last Tuesday evening.

Mr. George Gaetz of Lunenburg Co., is a guest at the Methodist parsonage. The block of Potter Bros., is to be opened on Thursday. The block contains a meat shop, a grocery and a dry goods store. They present a nice appearance and are an addition to Canning. The much longed for sidewalk in front of their block has made its appearance and is well worth the long delay. It is made of plank but is wide and smooth. We understand that we are to have a continuation of this nice platform along the entire length of the store.

Already some of our merchants are beginning to prepare for their Xmas stock. Mr. Fred Northup expects to have a specially large assortment of fancy wares and Xmas goods this year. Captain Nichols has also ordered a nice supply of fancy goods.

Rev. W. N. Hutchins gave a very interesting account of his trip to the Pan-American Exposition where all America is supposed to take part, at the B. Y. P. U., Monday night. There is a larger attendance than usual at the Union this year.

Mr. and Mrs. Ira Cox have moved into the house which Mr. Cox has recently purchased from Mr. Silas Pattison who now resides at Woodside. The house occupied by Mr. Cox is now rented.

Foul poisons in the blood by de-

uric acid. Its presence may be detect-
ed by such ailments as dyspepsia, associ-
ated with irregular bowels and
scanty, highly-colored urine. There
are pains of a neuralgic nature in the
back and in the joints, sleepless nights,
dizziness, headache, depressed spirits
and impaired memory.
Fatty heart, dropsy, apoplexy and

if uric acid is left in the blood. It is a

by Dr. A. W. Chase has proven suc-

**THE KING,
THE QUEEN and
THE DUCHESS
OF DEVONSHIRE.**

A Remarkable Offer.

Here is the best offer ever made in this community. By a very excellent ar-
rangement made with the Family Herald and Weekly Star of Montreal we are
enabled to offer THE KENTVILLE ADVERTISER and that great Family
Paper, the Family Herald and Weekly Star, for one year for the small sum of
\$1.75 and include to each subscriber three beautiful premium pictures of
which the following is a brief description:
KING EDWARD VII.—True to life, a beautiful portrait, size 18 x
24 inches, on beautiful heavy white satin finished paper for framing. This portrait
has been taken since his accession to the throne, and is the very latest and best
obtainable. It cannot be had except through the FAMILY HERALD AND
WEEKLY STAR; each picture bears the King's autograph. This picture has the
great merit of being the first taken after the King's accession, and has therefore
an historical value that no other picture can possess.
QUEEN ALEXANDRA.—An exquisitely beautiful picture of the remark-
ably beautiful and good Queen Alexandra, also taken since the King's accession
to the throne. It is the same size as that of the King, the two forming a hand-
some pair of pictures that alone would sell for many times the subscription price
of paper and pictures.
No portraits of the King and Consort taken at the second or succeeding sit-
tings can have one fraction of the value of the first. These go down to history.
THE DUCHESS OF DEVONSHIRE.—The Renowned Gainsborough Pic-
ture. Sold at auction sale in London twenty-five years ago for £10,000,
stolen by clever thieves, hidden for over twenty-four years and delivered to its
owner on payment of £35,000 reward and since sold to Mr. J. Pierpont Morgan for
\$75,000.
This, in brief, is the history of one of the premium pictures, which, by a
clever stroke of enterprise, the publishers of the Family Herald have secured for
their subscribers. The picture is 22x35 in ten colours, and is reproduced line for
line, colour for colour with the original. Copies of the reproduction are now sold
in New York City, Montreal and Toronto for \$1.25 each, and this is the picture
Family Herald subscribers are going to get absolutely free together with the
pictures of the King and Queen.
It is that no big value! Call at THE ADVERTISER Office and see samples
of these beautiful pictures.
You want THE KENTVILLE ADVERTISER for the local news and you want that
great paper, the Family Herald, for its 24 pages of general news and family
reading. Its agricultural pages alone are worth many times the subscription
price.

The Brooklyn Daily Eagle is the ideal
Resort medium. It reaches the people you
want to reach. Its circulation is the largest
in Brooklyn, and goes into the best homes
in the entire City of New York. Its name
stands for excellence, quality, fairness and
an unparalleled advertising reputation. Its
resort rates are equitable; its monthly rate
so low that you can afford to keep before
the public every day.

The Eagle maintains two free infor-

ASTHMA CURE FREE!

Asthmalene Brings Instant Relief and Permanent Cure in All Cases

SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL. Write Your Name and Address Plainly

CHAINED FOR TEN YEARS

EVERY BREATH BRINGS RELIEF.

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. C. P. WELLS, of Villa Ridge Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with painful sore throat and asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full size bottle."

Rev. Dr. Morris Wechsler

Rabbi of the Cong. Israel, New York, Jan 3, 1901. Dear Taff Bros, Gentlemen: Your Asthmalene is an excellent remedy for Asthma and Hay Fever, and its composition alleviates all troubles which combine with Asthma. Its success is astonishing and wonderful.

After having it carefully analyzed, we can state that Asthmalene contains no opium, morphine, chloroform or ether.

Very truly yours, REV. DR. MORRIS WECHSLER

Avon Springs, N. Y., Feb. 1, 1901

Dr. Taff Bros Medicine Co.

Gentlemen: I write this testimonial from a sense of duty having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 22 years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your windows of 120 street, New York, I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her asthma had disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease. Yours respectfully, O. D. PHELPS, M. D.

Dr. Taff Bros Medicine Co.

Gentlemen: I was troubled with Asthma for 22 years. I have tried numerous remedies, but they have all failed. I ran across your advertisement and started with a trial bottle. I found relief at once. I have since purchased your full-size bottle, and I am ever grateful. I have family of four children, and for six years was unable to work. I am now in the best of health and am doing business every day. This testimony you can make such use of as you see fit. Home address, 235 Rivington Street

What He Objected To.

At the farewell to Dr. Gunnison in Worcester, Mass., it is said that the Rev. Mr. Phalen, the Unitarian preacher, and the Rev. Mr. Wilcox, the well known Congregationalist, met. The three divines, as all ministers will do, got to bantering each other. The pastor of the Church of the Unity said he lived near enough to the Congregational church to hear the clock strike. "Well," said Mr. Wilcox, "we give you good time, I hope." "Oh, yes!" responded the Unitarian. "It is not your time we object to; it's your eternity!"—Worcester Spy.

Massage For Apoplexy.

The medical profession recognizes today as it has never done before the remarkable aid of massage. It has done marvelous things for paralysis, even for apoplexy, at which doctors once looked on helplessly. Apoplexy is caused by a clot of blood on the brain, and if that clot can be broken up, if an emptying can be effected of clogged veins, recovery is in sight. Constant massage of the forehead and skull will do it (this has been proved over and over again), while paralyzed limbs, by patient, constant kneading, can have new life rubbed into them.

Some railroads advertise to carry passengers through without change, but they make a fellow pay just the same.

In Paris the public authorities supply gratuitously sulphurous baths to all workers who manipulate lead.

Cancer.

Sir James Sawyer, M. D., writes in The Lancet that he has studied cancer for a third of a century and has come to the conclusion that one of the predisposing factors is the excessive consumption of meat. He thinks "it is among the men of the mines in England and Wales that the progressive increase in cancer in the period under consideration is mainly to be found. Steam appears to have brought us cheap food, and cheap food has multiplied our cases of cancer by two."

IT IS WHAT YOU NEED

Paine's Celery Compound

CURED MR. J. BEECHINOR, OF SHILOH, ONT., OF RHEUMATISM AND SCIATICA

It Matters Not How Serious Your Troubles are, the Great Compound Will Permanently Cure You

Autumn months bring rapid weather changes disastrous to all who suffer from rheumatism. Pains and tortures increase seven-fold, and death reaps his harvest from the ranks of rheumatics at this season.

If you are a sufferer from any form of rheumatism, cast aside the medicines that you have too long experimented with and test the virtues of Paine's Celery Compound, that great specific for rheumatism that has worked such marvellous cures in all parts of our Dominion. Mr. Beechinor permanently cured after five years of suffering, urges the afflicted to use the remedy that saved his life. He says: "For five years I suffered from sciatica and rheumatism, sometimes being so bad I could not walk or put my hand to my mouth. If I attempted to do any work I would be crippled for weeks. I took medical treatment, patent medicines, Turkish and mineral baths, but all failed to meet my case. I tried Paine's Celery Compound, and after using six bottles I feel like a new man, and can do a hard day's work and feel none the worse for it. I have also gained in weight, and can truly say I am permanently cured."

The Sword.

There is only one sword factory in the United States, a Massachusetts concern, and that one has ample capacity for supplying the domestic demand for swords. The saber lost its efficiency as a cavalry weapon as far back as the war of the rebellion, and the increased range of rifles has made the sword equally obsolete as an implement of actual combat. It is about as dangerous now as a handmaster's baton and serves much the same purpose.

PORT WILLIAMS

The Pic Social here on Monday evening under the auspices of Sons of Temperance, was a decided success. The only drawback was the lack of pies. The neat sum of \$19.00 was realized.

The foundation is being prepared for the erection of Christian Church here early in the Spring. It will be built on land procured from S. P. Benjamin facing the road leading to Starr's Point. With considerable filling in and etc., it will be made a good situation.

The Baptists are preparing to give their church building a much needed coat of paint. The present coat has stood the storms of over 20 years.

The shipping has been stirring of late. Two good sized schrs. Omega and Delta owned by Captain Pratt of Cheverie, have loaded potatoes here of late. Smaller crafts have also been discharging coal here.

A. F. Newsombe is away on a fortnight's trip to Boston.

Miss Iremene Newcomb left Thursday for Pembroke, Me., where she will spend the winter with her cousin, Mrs. Dr. Best.

A bride and groom in the Port and as yet, the small boy has not blown his horn. We are certainly making rapid strides in civilization as such an omission was never heard of in former years.

Sore arms are plentiful and the question "Did it take" is getting some what stale. However we will not complain of the lesser evil.

Ducks are said to be plentiful at Starrs Point and enthusiastic sports from here make midnight sorties in quest of them, but as yet the shots have proved harmless.

Mr. Hector VanBerkirk of Kingston, has the position of mail clerk at J. W. Fullerton's and bids fair to keep up the record of the obliging officials of the past.

The service in Temperance Hall on Sunday evening next, will be prayer meeting on account of pastor R. E. Stevens preaching elsewhere.

Evangelist Roming has gone to Halifax.

There will be a Missionary Concert in Baptist Church on Sunday evening. The programme will consist of exercises by the W. B. M. U. and the children. Music led by church choir, also by the children and an address by Pastor Hatt who always has something new and interesting. A silver collection will be taken for missions.

There was quite a fire here lately when Dr. Fullerton's cooperage establishment was burned with considerable stock. Had the night not been suitable for fire, the whole place would probably have been wiped out, as there is no water supply.

PALE YOUNG GIRLS

HOW THEY MAY GAIN BRIGHT EYES AND ROSY CHEEKS

The Story of a Young Girl Who Suffered from Headaches, Dizziness and Fainting Spells—Her Health Became so Bad that She Was Forced to Give up School

Miss Catherine McLellan is a young lady well known in Charlottetown, P. E. I., and greatly esteemed among her acquaintances. Like so many other young ladies throughout the land, Miss McLellan fell a victim to anaemia, or poorness of blood, and although several medicines were tried, she found nothing to help her until she began using Dr. Williams' Pink Pills for Pale People. Miss McLellan tells the story of her illness, as follows:—I am now eighteen years of age, and for a considerable time suffered much from anaemia. My blood had almost turned to water, and I was very weak and pale; in fact could not undergo the least exertion. My appetite failed me; I suffered from headaches; if I stooped I would become dizzy, and frequently I suffered from fainting spells. I tried several kinds of medicine and doctors prescribed for me, but instead of getting better I was gradually growing weaker, and eventually had to discontinue going to school. About this time I read the testimonial of a girl whose condition was similar to mine, who had been cured by Dr. Williams' Pink Pills. I then decided to try these pills, and have every reason to be gratified that I did so, as they have completely restored my health. Every one of the symptoms that had made my life so miserable have disappeared, and I am now enjoying as good health as any girl of my age could wish, and I shall always have a good word to say for Dr. Williams' Pink Pills.

Miss McLellan further stated that while she was not desirous of publicity in matters of this kind, she nevertheless felt that her experience, if known might be the means of bringing health to some other sufferer, and it is this very praiseworthy motive that has induced her to give the above statement for publication.

Dr. Williams' Pink Pills make rich, red blood, and give tone to the nerves. In six hours after taking Doctor Loomer's Small Pox Cure the pains ceased, the swelling went down in the tongue and throat so she could speak; she had been blind for three days and speedily recovered. My two children were taken with the same disease one not being vaccinated, they took the remedy when it first showed the spots on the face, and were not sick afterwards. The spots dried in two days without leaving one mark. I was in the house all this time and took the remedy myself and did not take the disease. I believe it is a sure cure and preventative. I therefore recommend it to all.
