

The Acadian

DEVOTED TO THE INTERESTS OF WOLFVILLE AND EASTERN KINGS

Vol. XL. No. 37.

WOLFVILLE, NOVA SCOTIA, FRIDAY, July 1, 1921.

\$2.00, payable in advance

From Correspondents

KENTVILLE NEWS NOTES

There was a big crowd in town on Tuesday evening to hear the concert given by the citizens' band on the stand at the Court House grounds. A splendid program of music was given and highly appreciated.

Mrs. (Dr.) DeVine and two children of Kingston, were in town on Wednesday visiting at the home of the former's father, Mr. J. M. Card.

Wednesday was circus day and the town was thronged with visitors. The show was a good one with many attractive features.

An important meeting of the Council was held on Monday evening at which the letting of the contract for the material for a 12-inch auxiliary water main from the reservoir to the town, with the necessary financing of the same was the chief business. The whole work will cost \$35,000 and is to be commenced immediately.

CANNING NOTES

Dr. Craig gave a very instructive and interesting illustrated lecture in the Gem Theatre at Canning on Sunday afternoon and evening last, to large audiences. Subject: Red Cross Peace Work.

Mr. Glen Blenkhorn returned on Monday to his home in the North West. Mrs. Blenkhorn and son will remain the summer with L. F. Blenkhorn.

A second trophy has been added to the Armouries green. The green itself is assuming a jungle aspect.

R. W. North was chosen the new member of the School Board at the Yearly School Meeting on Monday night.

We are sorry to record the passing out of two, formerly frequent visitors to the town; Fred Roscoe, of Centerville, and W. R. Munro, of Scott's Bay.

GASPEREAU NOTES

By the will of the late Jacob Coldwell, who died a year or more ago \$2,000 was bequeathed to the Baptist Church, at Gasperau, and \$500 each to the Black River and Greenfield churches. Tuesday, the trustees met in Wolfville and signed receipts for their respective amounts, the interest of which only is to be used for church purposes.

The Gasperau Quartists are very proud of their Pastor, Rev. Dr. Bennett, whose father was admitted into the Nova Scotia Methodist Conference on his arrival from England last year. Last Sunday the father filled the son's pulpit and was very heartily welcomed, and the peculiar charm of his preaching was greatly enjoyed.

The Women's Institute met with Miss Clara Martin on Friday of last week. A very interesting report was read by Miss Mable Westcott, delegate to the Women's Institute Convention.

Mrs. Margaret Reid, of Grand Pre, is spending a few days with Mrs. Margaret Davison.

An Ice Cream social will be held in the Division Hall on Thursday, July 7th, under the Auspices of the Women's Institute. Proceeds for fixing the grounds in front of the church.

The Men's Bible Class held a picnic at Kid's Cove on Thursday of last week. Mr. Roy Millett is spending a few days at his home.

Mrs. Delight Coldwell is spending a few days with her son, Eldon Coldwell, of Port Williams.

GRAND PRE NOTES

Mrs. O. S. McNeil and family, of Millville, N. S., are visiting here, guests of her parents, Mr. and Mrs. S. W. Rodgeron.

Mrs. Ronald Thurber and family are the guests of Mrs. W. C. Trenholm.

Miss Mary Eaton is intending to open up the store at Evangeline Beach on July 1st. Her friends wish her every success in her new venture.

Mrs. F. M. Slade and family, of Westmount, P.Q., arrived here last week and are spending a few days with Mrs. W. P. Eaton.

Mrs. Roy H. Eaton, of Halifax, is the guest of Mrs. W. P. Eaton.

Mr. and Mrs. Wm. Morine and family left on Wednesday for their home in Bear River, N. S.

Mrs. J. W. McLellan and Mrs. Carton arrived from Halifax, last week, and are staying at the former's home here.

The British House of Commons on Tuesday completed the settlement of the miners' strike by sanctioning a wage subsidy agreement which will stand until December 31, 1922 and will then be terminable on three months' notice thereafter. Reductions in wages are two shillings in July; half a crown in August and three shillings in September. The men are to resume work on Monday.

Mrs. W. M. Black underwent an operation at Westwood Hospital last week and is doing nicely.

Wolfville Fruit Co.

Ends Most Successful Year — Large Increase in Business

The sixth annual meeting of the Wolfville Fruit Co. was held last Friday evening at the warehouse. President C. S. Fitch presided over a full attendance of members, who had every reason to be as well satisfied as their unstinted liberal expression of appreciation of efficient management proved them to be. Secretary-Treasurer and Manager Henry A. Peck, presented the financial statement which showed that the total turnover for the year just ended exceeded \$177,000, which is an increase of over \$16,000 over that of the previous year. But the most satisfactory fact from the patrons' point of view was that disclosed by the figures to the effect that the 23,190 barrels of apples, tree-run, handled, had realized a gross average of \$3.94 per barrel or a net of \$3.60 after deducting the expense of packing. From further statements made it was ascertained that the company owed this highly successful result to two main factors, namely, that the majority of its members have succeeded, after much painstaking effort, to produce fruit of the desirable quality for box-packing, and that, through insistent and consistent care to ensure uniform packing of a superior quality throughout the season, both its boxed and barrelled packed fruit commanded the best prices going in the British markets. These are wholesome object lessons worthy of being learned by other companies and growers.

Even the veteran Rev. Dr. Cohoon, upon whom usually devolves the task of analysing and criticizing financial statements at these gatherings, was forced to abandon his accustomed role and candidly declare that it was their righteous duty to thank most heartily those who were responsible for such a successful management of their affairs, and he begged leave to reverse his attitude at previous meetings in which he opposed the company's proposition to enter into the other enterprise of running its own co-operative store. After carefully weighing all the facts as disclosed by the figures and experience, he now had no hesitation in giving this new venture his heartiest support. Subsequently it was unanimously resolved to engage a manager and generally make the necessary arrangements to take over the premises now being built for a co-operative store on or about first October next. The management was also congratulated upon its success in averting a loss in the "supplies" department despite their having to sell goods bought on a rising market at reduced prices.

The officers were all re-elected as follows:—President: C. S. Fitch; Vice-President: F. B. Westcott; Secretary-Treasurer and Manager: Henry A. Peck; also the other directors: W. S. Eagles, W. H. Evans, W. J. Duncanson and F. L. Gertridge. The delegates appointed to the Central Company were H. A. Peck, C. S. Fitch and F. B. Westcott, who attended the meeting at Kentville Tuesday last.

BELCHER STREET

A representative of THE ACADIAN had the pleasure on Tuesday of meeting the residents of Belcher Street during a hike from Kentville to Wolfville through that delightful section of prosperous farms and attractive homes. Many whom we met were already readers of the paper and a number of new names were added to our list of subscribers in that section during the afternoon. The cordial greeting given the scribe and the hospitable manner in which he was entertained made the trip thoroughly worth while aside from any business consideration.

This section is one of the very best in the valley and THE ACADIAN, we trust, will be a welcome visitor in most of the homes there during the coming years.

BORN

BELL.—At Susamachar Manse, Trinidad, on May 27th, 1921, to Rev. J. U. and Mrs. Bell, a son.

The Bells were well and favorably known in Upper Canada before going as missionaries to the British West Indies. The many friends congratulate Rev. and Mrs. Bell on the arrival of a son.

WORK FOR BIRDS

Value equal to One-third Canada's Budget Destroyed Annually by Insects

"The annual loss in Canada to field, orchard and garden crops, due to destructive insects is on a conservative estimate upwards of \$300,000,000. To this huge destruction must be added the enormous annual destruction caused by forest insects, stored products insects, etc. It is certain that these losses would be much greater if it were not for our insectivorous birds."—Arthur Gibson, Dominion Entomologist, in Agricultural Gazette.

School Meetings

Splendid Meetings Held This Week in Various School Sections

At Lower Wolfville, on Monday evening the School Meeting was the most largely attended for years. The trustees for next year will be Mr. Alfred MacRae, Mrs. James MacRae and Mr. Geo. Brown, the latter to fill the term of Mr. C. Patriquin, retiring because of removing from the section. The question of the future of the school was discussed at some length, the proposal being made that the section be divided, part going to Grand Pre and part to Wolfville. It was finally decided to adjourn the meeting for two weeks, when the matter will be fully considered and settled. The section is to be congratulated in its accepting the new condition and appointing a lady to its Board of Trustees. Mrs. MacRae is particularly fitted for the position. A former successful teacher she has all the requirements needed to make her a very efficient director of the school policy of the section.

At Gasperau the School Meeting was successfully held and the matters of the school interestingly discussed. The trustees next year will be Messrs. A. H. Coldwell, Emery Coldwell and Otis Schofield. The school during the past year has been successfully conducted although late in starting. There are two departments with Miss Smith, of Lunenburg, as principal. At the Monday night meeting the proposal of installing a water system in the school building was under consideration.

There was a good attendance at the School Meeting at Port Williams, including a number of ladies. The school has been very satisfactorily conducted during the past year. For next year the trustees will be Messrs. Aubrey B. Rand, Fowls Newcombe and Arthur Lockwood, the latter being elected on Monday evening. Estimates for the ensuing year amounting to \$1400 were passed. There are two departments in the school, the staff for next year being Miss Josephine Redmond, principal; and Miss J. M. Coleman, teacher of the primary department. Arrangements were made for a general renovating of the school building during the summer vacation.

The school Meeting of the Grand Hortonville section was held on Tuesday this year and was well attended; an attractive feature being the presentation of a number of health pictures given under the auspices of the Red Cross. Mr. S. A. Bowser was elected on the Board of Trustees in place of Mr. A. N. Perry, retiring. The other members of the board for next year are Messrs. Geo. Rose and Guy Fuller. The section has a good school building and carries on a good graded school with Miss Fisher as principal and Miss Sawler as primary teacher. The sum of \$1650 was voted for next year's expenditures.

There was a good attendance of rate-payers at the School Meeting at Greenwich, giving abundant evidence of the interest in the school on the part of the residents of that section. Miss Lillian Bishop was elected as the new trustee, the Board now being made up as follows: Messrs. Lorne Pudsy and Harry Ray and Miss Lillian Bishop. Miss Fisher, who has been teaching successfully at Church Street during the past year, will have charge of the school next year. The matter of continuing the assistant teacher during the coming year was considered and it was decided that for the present this be given up. The proposal to endeavor to make some arrangement in the direction of consolidation with the Wolfville School was discussed at some length and a committee composed of Mrs. Burpee Bishop and Messrs. Pearson and Hennigar was appointed to investigate the matter fully.

THE BOY SCOUTS

The Committee on the new camp building, appointed at the meeting of the Scout Council last week visited Sunken Lake on Tuesday and decided to erect a building 50 ft. long by 12 ft. wide with a cook house at the back 10 ft. by 12 ft.

The lumber has been ordered and will be delivered next week. Work will start at once. It is expected that the Girl Guides will attend camp this year during the second week in August, the boys going the following week.

The inter-patrol competition, carried on during the past year has resulted in a win for the "Lion" Patrol, the "Wolf" being second and the "Beaver" third.

The winners will be given a trip to Sunken Lake on Friday, July 1st, leaving the Scoutmaster's at 8 a.m.

There will be no evening meeting on Friday, July 1st.

A special prize is in contemplation for the "Lion" patrol, which has a splendid record for work done during the year.

United Fruit Companies

Annual Meeting at Kentville

The ninth annual meeting of the United Fruit Companies Ltd. was held at Kentville on Tuesday and was attended by two hundred delegates, representing various branches throughout the Valley. The meeting was by far the largest yet held and the delegates present consisted of successful apple growers from Hants and Annapolis counties.

The president, Mr. F. W. Bishop, of Acadia, occupied the chair, and after the call and the reading of the minutes of the last meeting read his interesting annual address, which was well received, and after some discussion unanimously passed.

The annual report of the directors followed and was listened to with close attention after which a spirited discussion occupied the remaining hours of the morning session.

A topic considered at some length was the apple situation in the European markets, the consensus of opinion being that there was too much carelessness in some of the warehouses in "packing out" the fruit and that too much pressure had resulted in the barrel reaching the market in London or Liverpool so badly damaged as to lower their goods considerably.

Some of the speakers endeavored to place the blame on the management of the company, but the majority were of the opinion that the packing company was practically solely to blame. Taken all in all if the lesson that may be derived from this discussion will be absorbed and used practically, Nova Scotia apples will very soon head the market in Europe.

The report of the Apple and Potato Inspectors, as well as that of the Havana representative were unanimously adopted. The afternoon session began at two o'clock with fully 300 delegates present, and the discussion regarding improvement of packing apples continued, as well as the matter of insuring the various warehouses under the control of the Company.

The financial statement shows the best record ever made, the entire turnover amounting to \$3,292,549.21, at a cost of 140 per cent.

Senator Shafrter, of Winnipeg, was an afternoon visitor and addressed the meeting, and the next year were all

President: F. W. Bishop.
Vice-President: E. H. Johnson.
Secretary: K. L. Pincio.

The board of managers was elected as follows:—F. W. Bishop, E. H. Johnson, A. E. McMahon, K. L. Pincio, Dr. P. N. Balcom, V. B. Leonard and R. S. Kinsman. Auditors—Oxley and Johnson. A. E. McMahon was re-appointed General Manager.

After the meeting the delegates visited the Experimental Farm, where they were interested in inspecting the good work being carried on by Prof. Blair and his staff.

"THE MAN ON THE STREET"

The Minas Basin steamer "Prince Albert" ought to be an important factor in travel between two such important towns as Parrsboro and Wolfville, and probably it is, but "the Man on the Street" believes that the popularity of the service might be considerably enhanced by the management giving public notice as to the hours of the sailings. Most transportation companies find such a policy necessary, it has probably been overlooked in this case.

It gets on the nerves of "the Man on the Street" to see the amount of waste paper and similar rubbish that is thrown on the street and blows about and disfigures the lawns and grounds in various parts of the town. Citizens appear to be lacking in civic pride in this matter, and the authorities apparently are too much engaged with private matters to permit their paying attention. Its too bad. There are a good many strangers coming into town these days and they get "first impressions."

Whatever may be said of the expenditures made by our "city fathers," "the Man on the Street" wishes to offer the suggestion that they are in no way extravagant in the matter of appearances. It must not be understood from this that they are found lacking in the matter of personal adornment. It is in the direction of the "city hall" that extreme economy is apparent. Taxes must be kept down, of course. "The Man on the Street" would suggest to the I.O.G.E. or some other charitable disposed organization the raising of a small fund to be devoted to the making of necessary repairs to the exterior of the building so that a better "front" might be presented.

The new Baptist Temple at Halifax was dedicated last Sunday by Rev. J. H. MacDonald, D.D., C.B.E. Addresses were also given by Rev. G. B. Cullen, D.D. and Rev. J. W. Manning, D.D.

Tennis Tournament

Wolfville Tennis Players Play at Bridgetown

A party of players from the Wolfville Tennis Club accompanied by their friends, motored to Bridgetown last Friday for a friendly tournament with the Bridgetown players. Wolfville won 5 events and Bridgetown 3, making a total of 182 games. Wolfville winning 91 games and Bridgetown 91 games. The Wolfville players did not show their usual good form, due no doubt to their fatiguing journey. They were entertained at dinner by members of the Bridgetown Club, and a sumptuous tea was served by the ladies on their beautiful grounds. The Wolfville members were highly pleased with the courtesy extended to them by the Bridgetown Club. It is expected that a return tournament will be played here next week.

Following is the summary of events and games played:

Ladies Doubles
Mrs. E. R. Fay and Miss Ethel Daniels defeated Miss M. DeWitt and Miss R. Pollard.

Miss DeWolf and Miss M. Pollard defeated Mrs. H. B. Hicks and Miss R. Fowler, 6-3, 6-0.

Mixed Doubles
Mrs. F. R. Fay and Mr. L. Ruggles defeated Mr. R. Tufts and Mrs. A. Guest, 6-3, 6-0.

Miss DeWolf and Mr. Waterbury defeated Mr. H. B. Hicks and Mrs. Hicks, 6-3, 7-5.

Miss Ethel Daniels and Mr. J. Ruggles defeated Dr. C. E. A. deWitt and Miss M. DeWitt, 7-5, 0-6, 8-6.

Mr. Beardsley and Miss Pollard defeated Mr. V. Lloyd and Miss Ruth Fowler, 9-7, 6-0.

Mens Doubles
Mr. R. Tufts and Dr. deWitt defeated Mr. L. Ruggles and Mr. H. B. Hicks, 8-6, 1-6, 6-4.

Mr. Beardsley and Prof. Balcom defeated Mr. V. Lloyd and Mr. J. Ruggles, 8-6, 2-6, 7-5.

ACADIA GRADUATE ADMITTED TO BAR

In Supreme Court Tuesday, on motion of Stuart Jenks, K.C., Arthur Wyckoff Rogers, of Amherst, was admitted by Mr. Justice Jongley to the Bar of Nova Scotia.

Mr. Rogers is an exceptionally clever student, having received his Bachelors of Arts in 1915 from Acadia University and his Bachelors of Laws from Dalhousie at the convocation this spring.

Mr. Rogers enlisted as a trooper with the 6th C. M. R.'s in 1915 and arrived in France the same year. After over a year's service he was granted a commission and returned to France as a subaltern in the 85th Nova Scotia Highlanders. Here he acted as Scout and Intelligence Officer and won the Military Cross for bravery on the field. He was severely wounded at Amiens in 1918 and returned home to Canada the following spring. Only recently he has been appointed to command the Amherst Company of the Cumberland Regiment with the rank of Major in the Canadian Militia.

If there is anything in heredity Mr. Rogers ought to make a fine lawyer. His father is Mr. H. Wyckoff Rogers, a barrister of Amherst, N.S., and his grandfather is Mr. Arthur J. McLeod, also a barrister.

The many friends of Mr. Rogers will regret to hear that he will not practise in this province. About the middle of July he and his bride will leave for Victoria, B.C., where he intends to set up an office. However, his future career will be followed with interest by those who know him and talented as he is it will not be surprising if he goes far in his chosen profession.

Mr. Stairs, agent of the Children's Aid Society of Kings County was successful in placing four of the children under his protection in good homes last week. The Society is doing a most commendable work in this direction and is worthy of support. The agent has still a number of boys and girls for whom he would be glad to secure good homes.

Wolfville Wins

First Game in Valley Cricket League Defeats Annapolis 59-20

The Wolfville cricket team went to Annapolis on Monday for their first game in the Valley League Series, which they won by the score of 59 to 20. Wolfville went to bat first and although not realizing their expectations, captured 59 runs. Annapolis followed hopefully but were unable to stand up against the accurate bowling of Saunders and Spittall or Wolfville's sharp fielding, and were retired for 20 runs.

Wolfville then returned to bat and declared at six wickets for 47 runs. Annapolis followed until six o'clock, scoring 18 runs for 5 wickets. In this innings Wolfville tried out some of their coming bowlers who gave a good account of themselves, showing, White, 5 runs for 1 wicket; Bauld, 1 run for 1 wicket; Smith, 2 runs for 0 wickets; Mason, 2 runs for 1 wicket.

Annapolis showed lack of practice, due to the difficulty of getting their players together often. During the afternoon tea was served on the field by the lady supporters of the Annapolis team.

The scoring was as follows:

Wolfville:	Annapolis:
D'Almaine, lbw, b Evans..... 17	P. Donat, c A. J. Mason, b Spittall..... 4
G. S. Bauld, b Evans..... 9	Dan Evans, c D'Almaine, b Spittall..... 5
A. J. Mason, c Gardner, b Evans..... 4	Jacques, c Bauld, b Spittall..... 1
J. E. Smith, b Rice..... 2	Dr. Rice, b Saunders..... 2
H. White, b Evans..... 3	R. S. Evans, b Saunders..... 6
J. P. Spittall, c Gardner, b Evans..... 0	Echlin, run out, b Spittall..... 0
C. D. Koppel, not out..... 6	G. Evans, b Saunders..... 0
K. Mason, c Harris, b Evans..... 8	Graham, b Saunders..... 0
A. C. Cox, c Jacques, b Evans..... 1	Gardner, b Saunders..... 0
J. F. Herbin, c Evans, b Rice..... 4	Harris, b Spittall..... 0
H. Saunders, c & b Rice..... 2	Lagar, not out..... 2
Extras..... 4	
TOTAL..... 55	

BOWLING ANALYSIS

Wolfville:	Overs	M's	Wkts.	Runs

SPORT BRIEFS

The league baseball game which was to have been played on Wednesday evening at Kentville between the Kentville and Wolfville teams has been postponed until Monday evening.

A good game of Cricket is expected this afternoon at the Athletic Grounds when Wolfville and Bridgetown play their first game in the league series.

On Thursday of last week the Bridgetown cricket team defeated the Annapolis eleven by the score of 77 runs to 60. The standing of the teams in the Valley League is now as follows:

Won	Lost	
Windsor.....	2	0
Wolfville.....	1	0
Bridgetown.....	1	1
Annapolis.....	0	8
Kentville.....	0	0

ENGAGEMENT

THORPE-FOSTER.—Mr. and Mrs. E. W. Fox, of Wolfville, N. S., announce the engagement of their niece, Violet Genevieve Thorpe, B. A., to Malcolm Cecil Foster, Ph. D., son of Mr. and Mrs. D. E. Foster, of West Torbrook, N. S., the marriage to take place in August.

MEET AT FRIENDS THEATRE

SARTOR RESARTUS.

(A Little Girl's Reply to "Risqué Garb and Risqué Rhyme")

Little man, if I could find
That the motive of your mind
Which inspired your risqué rhyme
Was in some degree sublime—
Some expression of your heart,
Not expressly to be smart;

If your purpose seemed to me
Censure in sincerity,
That plain virtue might alone
For your verses' vice atone,
Which is plainly, as I see,
Metrical immodesty.

But no hint of hand I find
Caustic chiefly to be kind;
In no line is kindness seen,
Since the motive lies between.
Coarse may be the grain and chaff,
If the sower raise a laugh.

If a little girl must be
Sport for his pop-gunners,
If the mail-clad poet's wit
Male-clad follies cannot hit,
Chivalry might still, forsooth,
Point his goose's quill with Truth.

And the truth is, little man,
Not till now, since Dress began,
Have the clothes of womankind
Simply, sensibly, combined
All that now they do embrace:
Comfort, freedom, health and grace.

Slipped the shackles are at last
Of the bondage of the past;
Compress corsage, weighty skirt,
Draught, perforce, in dust and dirt—
Every overdressing ache
Borne for man's convention's sake.

Women have outgrown the stage
Of their great-grandmother's age.
When a maiden blushed to see—
(Conscious of her prudery)—
In the presence of her beaux,
Half an inch of home-spun hose!

Beauty walks abroad to-day
Linked with Nature, in the play
Of each free and lissome limb;
Naught immodest is to him
Who, with an untroubled mind,
Only beauty seeks to find.

Little man, it is your sex
Who their own conventions vex.
When they strut less nakedly,
Posing, by the summer sea,
For our glances on the beach,—
You may be ordained to preach.

In your philanthropic "throes"
You would take us to the "shows",
Where Miss Decollette in tight
Male propriety delights,
Or Miss Gauzy Barefoot dances
In the light of first-row glances.

Unlined "flannels"; ditto "sack";
Zephyr shirt on brawny back;
B.V.Ds., (perhaps); a belt;
Silk socks; pumps; a two-ounce "felt"
Tops the haberdasher's tale.
This your brave "warm weather mail!"

O my "belted" summer knight!
In your modest armour dight,
When at little girls again
Rough you ride with poet's pen,
Bear this line in remembrance:
HONI SOIT QUI MAL Y PENSE.

House painters and novelists are
responsible for some highly colored
stories.

Minard's Liniment for sale everywhere

IMPORTED FRUIT

Why Should the Biggest Apple Producing Country in the World Import Fruit?

An exchange has the following:
In grocery and retail fruit stores all over Canada there may be seen whole windows full of tempting red apples priced at 60 cents a dozen, or five cents an apple, and for this expensive fruit—as dear as oranges and almost as dear as grape fruit, neither of which may be raised in Canada—the merchants will tell you that they find plenty of buyers.
If the housewives buy the imported apples in boxes, which contain anywhere from 125 to 225 apples, they pay from \$3 to \$4 per box, yet if they are asked to pay \$7 or \$8 for a barrel of choice Canadian Northern Spies, the barrel containing just three times as many as the ordinary apple box, they are apt to throw up their hands in horror and refuse to buy the home fruit.

The result of this bad practice begins to be abundantly apparent. The latest official figures from Ottawa show that in the eight months of 1920, beginning in April and ending in November, importations of American apples into Canada rose to the value of \$1,090,637, so it is amply apparent that in the twelve months just past we have imported at the rate of \$1,250,000 worth of fruit from the United States into a country which is reckoned as one of the biggest apple producing portions of the world.

FOOD VALUE OF SPROUTED GRAINS

For centuries the Chinese have recognized sprouted grains and seeds and have used them in many of their dishes. Chop suey, which contains sprouts of rice or beans, is a far better food than is commonly believed. The value of it lies in the fact that sprouting, like malting, makes the starch more digestible. Sprouted grains, beans and peas afford necessary vitamins and are satisfactory substitutes for many of the expensive fruits and vegetables.

Every well-wisher of Ireland the Empire over will re-echo the King's fervent prayer that his visit to Ireland so happily carried out, "may prove to be the first step towards an end of strife among her people," and that it may be the prelude of the day on which a united people "shall work together, in common love for Ireland, upon the sure foundation of mutual justice and respect." May conciliation and peace be the rich fruitage of so memorable an occasion!

Yarmouth, N. S., March 24, 1921.

Mr. Joseph LeBlanc, Secretary of the Athletic Association, who were the Champions for 1920 of the South Shore League and Western Nova Scotia Base Ball, states that during the summer the boys used MINARD'S LINIMENT with very beneficial results, for sore muscles, bruises and sprains. It is considered by the players the best white liniment on the market. Every team should be supplied with this celebrated remedy.

Thin, Watery Blood Means Ill Health

Rich, Red Blood Brings Bright Eyes and Rosy Cheeks

The girl who returns home from school or work thoroughly tired out will be fortunate if she escapes a physical breakdown, because this getting tired so easily is probably the first warning symptom of a thinning blood that must not be disregarded if her health is to be preserved. When the blood becomes thin and impure the patient becomes pale. She not only tires out easily but often suffers from headaches, palpitation of the heart, dizzy spells and a loss of appetite.

In this condition Dr. Williams' Pink Pills will be found to have a beneficial action on the blood. Miss Delima Lafreniere, St. Ambrose, Man., has proven this in her own case, and advises others to use these pills. She says: "Before I began the use of Dr. Williams' Pink Pills I felt like a complete wreck of my former self. My blood was poor and thin, I suffered from faint and dizzy spells, and had backaches and headaches almost every day. I decided to give Dr. Williams' Pink Pills a trial, and by the time I had used three boxes I felt much better and I continued taking the pills until I felt as well as I ever did. For what they did in my case I cannot recommend these pills too highly."

Dr. Williams' Pink Pills can be obtained from any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

"We really must let our sitting room furnished," exclaimed Mrs. Dod to her husband.

"Al right, my dear," he replied, "I'll put an advertisement in the local paper. You leave it to me."

Hunting for his rule he visited the room in question and made some notes. The days passed by, but no inquiries were made.

"Did you see to that advertisement?" asked Mrs. Dod.

"Rather! I had it in the next day," replied her husband.

"It's disappointing to have no replies. What did you put in?"

He fetched the paper and proudly showed the paragraph, which ran: "To let, furnished sitting room, suitable for lady or gent, fourteen feet wide and cheerful."

HOW TO FIGURE INCOME TAX.

- First take your home.
Add wife's income.
Divide by your eldest son's age.
Add your telephone number.
Subtract your auto license number.
Add electric light bill.
Divide by number of kilowatts.
Multiply by your father's age.
Add number of gold fillings in your teeth.
Add your house number.
Subtract wife's age (approximately).
Divide by the number of aunts you have.
Add the number of uncles.
Subtract number of daughters.
Multiply by number of times
You have gone up in an airplane.
Subtract your best golf score.
Add a pinch of salt
And then go out and
Borrow the money to pay the tax.
Gage Readings.

AN IRISHMAN'S LETTER.

Dear Mick:
O! have lost yer address, and, as I can't find ut, will ye send ut as soon as possible, as I want to tell ye poor uncle Dan doied very sudden after a long illness. He laid for many days quiet and spachless, all the time inquiring for water, with a little whisky. The doctor tells me that his death was caused through illness, but, Mickey, me bhoys, between ourselves, stoppage of his heart was the cause of his death. He was eighty-five years of age last March, all but fifteen months, and had he lived till now he would have been dead a fortnight.

I enclose five shillings, which father sends unbeknown to me.

I would beg of you not to break the seal of this letter until two or three hours after you have read it, by which time ye will be more prepared for the sorrowful news. Yours, Pat.

NOTICE

Your taxes are now due and you will greatly oblige by paying same at once.

Diabetes

(By G. J. Randall, D. C.)

There is not a home but has a friend or relative who is suffering from the disease called Diabetes. You are probably familiar with it, but I shall refer to a few of the symptoms. The victim suffers from excessive thirst sometimes excessive hunger, loss of flesh, weakness, the skin is rough and dry, there is frequent and excessive urination. The temper is irritable and the person is inclined to be fretful. There is a gradual loss of sight. The urine has the odor of over-ripe apples.

Health turns the Clock Backward

This disease is practically considered incurable from a medical standpoint. This is not surprising, as the medical treatment is all directed toward the alleviation of the chemical condition, but medicine is powerless to remove the cause.

Diabetes is one of the most easy and simple cases a chiropractor gets. In at least 97 per cent. of such cases treated chiropractically the condition yields readily and permanently. There is no danger of its return, as Chiropractic removes the cause.

In almost every case of Diabetes the pancreas is the bodily organ involved. The pancreas is a gland about five and one-half inches in length and one and one-half inches broad. It is situated behind the stomach. It is by far the most important organ of digestion. It can do the work of digestion without the aid of the stomach.

The pancreas supplies a chemical which is necessary to life. This pancreatic solution acts on sugars and starches. You need not be a student to understand that when an organ is diseased its secretions cannot possibly be the same as when an organ is in a healthy condition. When the pancreas is weakened by lack of nerve tone its secretion change and the body is not properly nourished. In Diabetes the condition is such that the pancreatic juice, going into the intestines, turns the starches there to sugars. Starches are essentials to life. Without it health gives way.

When adjustments are given to remove the nerve interference that is robbing the pancreas of its natural strength the secretions become normal again and the starches are again properly digested. The usual symptoms disappear and the kidneys return to normal.

Cases of twenty to twenty-five years standing have recovered in three months' adjustments. Cases vary in the time required for recovery.

AUTOMOBILES NOW TWICE AS SAFE

Automobile use is growing constantly safer. Official figures show a steady decline in the ratio of fatalities to the number of cars in operation. Automobile deaths per car were .0025 in 1914, and have been reduced to .0013 in 1919. Figures for the year 1920 in Detroit and New York City show that these cities registered 22 less fatalities than in 1919. The reduction of 50 per cent. in five years in the ratio of fatalities to the number of cars shows that the public is quickly adapting itself to the problems of congestion, and continued progress in motor safety is confidently looked for. Automobile manufacturers feel, however, that the actual numerical increase in car fatalities nationally presents a situation which calls for further strenuous effort in the minimizing of hazard.

KEROSENE AND CARBON

Kerosene will not dissolve carbon, tradition to the contrary, but a little kerosene put into the cylinders may loosen the carbon. It breaks up the caked deposits which may then partially be blown out of the exhaust. The method of using the kerosene is as follows: About a tablespoonful of the kerosene is poured into the combustion chamber while the engine is hot. The engine is then allowed to stand for about twelve hours when an eighth glass of kerosene is fed into the valve of the carbureter with the engine running and throttle well open. Feed the kerosene slowly and the engine sucks it in.

VASELINE FOR TERMINALS

The car owner should not forget that ordinary vaseline is perhaps the best medium available for coating battery terminals and connectors. The vaseline has the great advantage of preventing corrosion from acid or water that may have been spilled.

TRUCK TIRES

For the man who drives a big, heavy car, the possibilities of truck pneumatics are worth consideration. These are now available in larger passenger car sizes, and they are much heavier than corresponding passenger car casings, insuring longer mileage at comparatively slight advance in cost.

TRANSMISSION NOISE

A humming noise in the transmission case is very likely due to an excess of heavy grease. The case should never be more than two-thirds full, and oil is the proper lubricant, not grease. It is axiomatic that a noise in the gear box means faulty lubrication somewhere.

REPAIRING BALL BEARINGS

The fact that ball bearings have become worn does not necessarily mean that they are a complete loss. Instead of installing a complete new set of balls, have the races trued up and put in a new set of oversize balls of the size needed.

TO PREVENT SCRATCHING

If strips of brake lining are tied around the jaws of bars used to bend plated or enameled levers, pedals, headlight rods, etc., scratching will be prevented.

CAR KNOWLEDGE SAVES MUCH MONEY

Taking care of the Necessary Minor Adjustments Keeps Car on Road.

"The first duty of the automobile owner is to know his car," says an expert.

"He should learn the basic mechanical principles of its construction and operation. He should familiarize himself with those parts which commonly require attention.

"Automobile design has been greatly simplified in the last few years. Almost anyone can learn all that is essential to the proper care and operation of his car. And this is one of the reasons for the popularity of the medium weight car of today.

"It is profitable to acquire this knowledge. With it the automobile owner can save himself much time and inconvenience. He will find many minor adjustments that he can take care of himself. He can often save unnecessary examination of his car by experts. He can anticipate and prevent and thereby eliminate trouble almost entirely.

"For most motor car troubles are the direct result of ignorance and carelessness. Knowledge is the proper preventive measure. A minimum amount of intelligent attention will keep a car running better and longer. And an intelligent driver will operate his car so as to avoid unnecessary wear and tear.

"The automobile, in its way, is as responsive to treatment as the human body. And if any ailment develops, the most prompt and sensible attention is the quickest and best remedy."

CRACKED CYLINDER

For the car owner who likes to do his own repair work, here is an interesting way to repair a cracked cylinder. Drill a small hole at each end of the crack and top it for a sopper plug. Scrape the surface near the crack till the metal is bright. Cover the crack with soft copper filings and melt them with a blow torch. Use a flux of resin dissolved in alcohol.

SURFACE GRINDER

A handy tool for grinding shims, piston rings, bearings caps, etc., may be made by passing a carriage bolt through the centre of the round board which holds the emery cloth in the chuck.

The July number of **ROD AND GUN IN CANADA**, the well known sportsmen's magazine, contains many interesting fishing stories and articles; including "Piscatorial Doubters" a tale of Timagami fishing by M. Parkinson. Pisciculture, by Leo Baker, describes the culture of game fishes at one of the fifteen government hatcheries. The hunter is well looked after in this issue with interesting accounts of hunting trips in Ontario and British Columbia. For the lover of firearms, there is the Guns and Ammunition department, conducted by C. S. Landis. The well known nature writers, Bonny-castle Dale, F. V. Williams and Robert Page Lincoln are represented in this issue. **ROD AND GUN IN CANADA** is published monthly by W. J. Taylor, Limited, at Woodstock, Ontario.

The man who tries to do his neighbors imagines that they are always trying to do him.

By a vote of 25,022 to 12,324 Samuel Gompers on Saturday defeated John L. Lewis, head of the United Miners of the United States, for the presidency of the American Federation of Labor. The above picture of Mr. and Mrs. Gompers was taken at the time of their wedding in April.

CAREFUL MOTORIST IS EVER WATCHFUL

Batteries Must be Kept in Good Shape to Render Efficient Service

Keep a careful watch on your distributor. In case of a leak in the high tension wires a spark will jump and you can see it. But the spark may be jumping inside and you not know anything about it. So wipe off the dust. By this means trouble is avoided long before it can occur.

Starting and electric lighting systems require efficient batteries. For this reason the battery should receive careful attention. It should be inspected frequently and the plates of the cells kept covered with electrolyte. A little distilled water added at frequent intervals may obviate the necessity of a new battery.

If your car is equipped with the battery ignition system, always remember that the distributor points need cleaning frequently. Carefully follow the makers instructions and you will enjoy a smooth running engine.

Most self-starting systems have a fuse-box installed at an accessible point. The purchaser of a new car should acquaint himself with this as quickly as possible. Very often considerable trouble can be eliminated by the installation of a new fuse. This is a simple matter, but if not known may cause a lot of trouble and unnecessary expense.

Minard's Liniment for Burns, etc.

CAUSE OF MISFIRING

A not frequent cause of spasmodic engine missing is either moisture or grease on the ignition distributor. The current passes across the surface of the water or oil, instead of pursuing its proper course. It is a good plan to give the distributor a cleaning at frequent intervals.

DAVIDSON BROS., Printers and Publishers

Members of the Canadian Weekly Newspaper Association.

Subscription Rates—In British Empire, in advance, \$2.00 per year. To U. S. A. and other countries \$2.50 per year.

Advertising Rate Cards and information respecting territory and samples of paper mailed upon request, or may be seen at the office of any advertising agency recognized by the Canadian Weekly Newspaper Association.

Advertisers must have copy in by Tuesday noon in order to insure changes for standing advertisements. New display advertising copy can be accepted one day later.

Correspondence—Letters addressed to the Editor and intended for publication must be short and legibly written on one side of the paper only. The longer an article, the shorter its chance of insertion. All communications must bear the name of the writer, not necessarily for publication. The publication or rejection of articles is at the entire discretion of the Editor. No responsibility is assumed by the paper for the opinions expressed by correspondents.

Editorial Notes

Some weeks ago the suggestion was made in THE ACADIAN that the formation of a Woman's Institute in Wolfville might be attended with most beneficial results. In other places organizations of this kind are found to be most valuable in promoting community interest. Of course it all depends upon the manner in which the organization is conducted and the spirit in which the work is undertaken. We notice that at Lawrencetown, Annapolis county, the institute has been conducting a short course in dress-making for the benefit of the young girls of the community. It may very readily be seen how valuable such a course might prove in any community, and this is only a sample of what is being done by Woman's Institutes. There is ample work for the women of this section if they care to undertake it.

With the advent of July begins the customary time of tourist travel. Those who should be in a position to know say that the outlook is most promising and that during this summer there will be a large influx of our "American" cousins—come to enjoy the cool breezes and beautiful scenery of Nova Scotia and to view the historic scenes of the Land of Evangeline. If we are wise we will do our utmost to assure that there visit is not disappointing and that they are not obliged to pay more than is absolutely necessary for any attention they receive. In the past it has sometimes been a case of "killing the goose that laid the golden egg" and such a mistaken policy should not be allowed to continue. If we may be permitted we should also like to suggest that money expended by the authorities in keeping the town tidy and attractive will not be wasted. People who are accustomed to seeing municipal property attended to at home will appreciate.

Premier Lloyd George has made a fervent appeal to the two Irish Leaders Eamon de Valera and Premier Sir James Craig to come together in a conference in London and try and settle the Irish trouble.

ACADIA GRADUATES WED

One of the prettiest weddings of the season took place Tuesday evening at Halifax at the home of the bride's parents, 312 Robie Street, when Irene Frances Ganter, daughter of Mr. and Mrs. Harry L. Ganter, formerly of St. John, and Arthur Wyckoff Rogers, son of H. Wyckoff Rogers, barrister, of Amherst, and grandson of the late Arthur James MacLeod, barrister and author, were united in marriage. The ceremony was performed by Dr. George B. Cutten, President of Acadia University, of which both bride and groom are graduates. Miss Rae Wilson, of St. John, N. B., rendered "The Voice that Breathed O'er Eden" and Mendelssohn's wedding march. Miss Helen Ganter sister of the bride, sang "O Promise Me." The drawing rooms had been beautifully decorated for the occasion with palms, snapdragon, sweet peas and a profusion of snow balls, and the bride wore a gown of ivory charmeuse satin embroidered in seed pearls with corsage of Brussels lace, her bridal veil being arranged in Juliet cap style with soft wreath of orange blossoms. She carried a shower bouquet of pink roses and sweet peas.

Mrs. Ganter, mother of the bride, wore an exquisite gown of French gray Canton crepe with touches of blue and cut steel with corsage bouquet of blue pansies.

Mrs. Rogers, mother of the groom, wore a handsome gown of white taffeta silk with rare flower-crowned hat of soft lace.

After the ceremony a reception was held, Mrs. G. Rex Ganter presiding at the table.

Mr. and Mrs. Rogers will spend their honeymoon on a motor camping trip through southern Nova Scotia leaving later for Vancouver where they will reside. The bride's going away gown was of navy tulle, with small navy hat and ermine scarf.

Among the out of town guests for the wedding were:

Mr. and Mrs. Wyckoff Rogers, Messrs. Dean and David Rogers, and Mr. Horace Read, of Amherst, Mr. and Mrs. G. Rex Ganter, Miss Rae Wilson and Miss Hazel Clarke of St. John, Miss Evelyn Smallman of Wolfville, and Mr. Murray Chipman, of Kentville.

Unique among the collection of very beautiful wedding gifts was a silver water kettle, engraved with the MacLeod crest, a piece of the family silver from Dunvegan Castle, the gift of MacLeod of MacLeod with whom, and the family, during his service in the war, the bridegroom formed a most valued and delightful friendship, and of which clan both he and his bride are members.

The bridegroom's gift to the bride was an antique writing desk and chair of carved mahogany. The family gifts included substantial cheques a dinner set of Aynesley china and a silver tea service.

Visiting Cards at The Acadian.

DIED AT OTTAWA

News has been received of the death at Ottawa on Saturday last of Josie, wife of J. Philip Bill, K.C., of the Department of Justice. No details of the sad event are at hand except that her demise followed an operation on the previous Wednesday. Mr. and Mrs. Bill had recently moved into a handsome new home, and although never very robust the deceased was apparently in usual health at the first of the week and on Tuesday was on the golf links. She was a daughter of the late Mr. Patterson, of Five Islands, whose sudden death, while land surveying, took place a few months ago. During visits to friends in Wolfville she made many friends and was very highly esteemed. Mr. Bill, who is a son of the late C. R. Bill, of this town, has the sympathy of a host of old friends in the county, with whom THE ACADIAN heartily joins.

SOCIAL NOTES

The Ladies Bridge Club was entertained on Tuesday evening at the home of Mrs. David Thompson. This was the final meeting of the club for the season.

Miss Marguerite DeWitt was the hostess at a very enjoyable "Bridge" on Tuesday evening.

Mrs. F. C. Churchill, entertained at an informal dance on Wednesday evening.

NOTICE

Supervised Play Grounds under the direction of Miss Schurman will open to-day, July 1st, at 9 A.M. All children under 12 years of age are welcome.

Items of Local Interest

To-day is Canada's 54th birthday. Dr. Simeon Spidle concluded his series of sermons on Religion and Temperament at the First Baptist Church, Halifax, last Sunday.

"MULTUM IN PARVO". Much in little—The Remington Portable Folding Typewriter. A. Milne Fraser, 157 Hollis St., Halifax, N. S.

A large number from Wolfville attended the circus at Kentville on Wednesday. All agreed it was the best circus that ever visited this section.

Mr. and Mrs. F. W. Barteaux and family are moving this week into the house which Mr. Barteaux recently purchased from Mrs. Bowles.

Mr. Whitney Parker, of Canning, who recently came to Wolfville to engage in the automobile business, is getting ready to erect a residence on Pleasant street just west of the home of his partner, Mr. A. T. McConnell.

The Sacrament of the Lord's Supper will be dispensed at St. Andrew's Church, next Sunday, at the morning service. A Preparatory Service will be held this evening at 7.30 o'clock, at which Rev. R. F. Dixon will be the speaker.

Dr. J. H. MacDonald delivered two addresses at Halifax this week. On Monday he gave his lecture on Lloyd George at the Baptist Temple. On Tuesday he was the speaker at the Progressive Club luncheon. His subject was, "The Canadian citizen and his franchise."

At a meeting of the Athletic Association last week it was decided to hold a social at the Parish Hall on Wednesday, July 13th. A committee comprising Rev. R. F. Dixon, A. J. Mason, Elliot Smith, G. K. Prescott, and J. D. Harris was appointed to make the arrangements. The Berwick baseball team will be here that day for a league game with Wolfville, and will be asked to attend the social.

Our venerable and esteemed townsman, Rev. Maynard Parker Freeman, reached his eighty-eighth birthday on June 10th. Rev. Mr. Freeman has held pastorates in various parts of Nova Scotia, and is universally esteemed. He is, we believe, the oldest minister whose name appears in the convention list of the Baptist church of the Maritime Provinces. For many years he has made his home in Wolfville and although now feeble his familiar figure is seen nearly every day on our streets. His life has been one of good works.

The first game of the Valley Tuxis Boys Baseball League will be played here on next Wednesday, July 6th. The game will be between Middleton and Wolfville Tuxis Boys. Our team will be weakened by the loss of Wallace Barteaux who is at the Big Boys Camp; but Blair Elderkin as pitcher and Cecil Langille as catcher make a battery that is hard to beat and an exciting game is expected. A collection will be taken on the grounds to defray expenses. It is hoped that there will be a large attendance and that the people will be liberal.

In another place THE ACADIAN has pleasure this week in presenting to its readers a well-written original story contributed by a clever young lady, some time a visitor in Wolfville—Miss Evangeline Gormley, niece of Mr. C. M. Gormley, of this town. In a private letter the writer, who has for some years been engaged in teaching in the Southern States, refers to her pleasant memories of Wolfville and its people whom she met during her visits here. "A Fireside Tale" will, we feel sure, be found much of interest to the many readers of this journal.

Coming Events

Notices under this heading are inserted at 10 cents a line. Each repeat, 5 cent a line; minimum charge, 30 cents. Contract rates on application.

A Strawberry Festival will be held at the Rectory grounds, Church Street, on July 6th. Band in attendance.

Wolfville Methodist Church.—Services at 11 and 7. FAREWELL address will be given by Rev. W. H. Watts at Greenwich 3 p.m. and Wolfville 7 p.m.

BERRY-PICKERS START DESTRUCTIVE FIRES

"Destruction of magnificent timber in a six mile area, mountain slopes now blackened wastes, and thousands of dollars expended in wages to fire-fighters, are some of the results of Lynn Valley's greatest forest blaze. And all due to carelessness of a few berry-pickers."—Vancouver Province.

In New Brunswick last year 60,000 acres of Crown lands were burned over. During the season 2,410 permits were issued for slash burning, and of these only 19 got beyond control. There were 57 convictions for infractions of the forest fire law.

British Columbia had 389,846 acres burned over, in 1920, the result of 1,251 fires, of which 246 were chargeable to campers and travellers.

In the Prairie Provinces, 1,313 fires burned over 5,491,215 acres. Campers and travellers were responsible for 152 of the fires.

Berry-pickers, camping parties, hunters and others who visit the woods for any purpose whatsoever, have a great responsibility for the care of the forests. The city resident looks forward to the time when he can get away to the woods, but he seldom gives a thought to the fact that only the strictest precautions in connections with the camp fire can preserve the forest which has such a fascination for him.

The people of Port Williams were delighted to have a former pastor, Rev. C. H. Martell, with them last Sunday morning and evening, and enjoyed his helpful sermons very much.

DON'T SUMMER PRUNE

The question is asked many times "Is the summer pruning desirable?" According to one prominent grower, the answer is no, except in a limited way. Small branches and water sprouts may be removed without harm to the trees, but the cutting off of large branches is debilitating. It may be said in favor of summer pruning that wounds made in the growing season heal quickly, and it has been asserted that summer pruning hastens fruit bearing, but this is not fully settled as a matter of fact.

In practice pruning when the leaves are on is very difficult. It cannot be done with a fair degree of speed except in the case of removal of dead branches. When the leaves are in the way one cannot see which branches should be removed without consuming much time; besides, after a branch with leaves on is cut off its removal from the tree is difficult. When the trees are bare and the weather mild is the only time to prune fruit trees.

Never leave long stubbs when cutting off limbs.

Save The Children

Mothers who keep a box of Baby's Own Tablets in the house may feel that the lives of their little ones are reasonably safe during the hot weather. Stomach troubles, cholera infantum and diarrhoea carry off thousands of little ones every summer, in most cases because the mother does not have a safe medicine at hand to give promptly. Baby's Own Tablets relieve these troubles, or if given occasionally to the well child will prevent their coming on. The Tablets are guaranteed by a government analyst to be absolutely harmless even to the newborn babe. They are especially good in summer because they regulate the bowels and keep the stomach sweet and pure. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

HUMAN NATURE

(From the Linn County, Mo., Budget.)
 People who complain that the home paper has no news get all het up if it isn't delivered to them right on the minute every time.

KENTVILLE DEFEATS BERWICK BY BIG SCORE

(From The Advertiser.)
 Hundreds of spectators witnessed the third game of the Valley League and the first League game played on the new Athletic Field, Wednesday, at 6.15 p.m. Berwick, the opposing team, brought a large number of supporters, and the game started off amid much enthusiasm. The third innings ended with no score. At the beginning of the fourth innings, G. Cox, of the Berwick team, scored 1, and their rooters went wild. Their enthusiasm was rather dampened, however, when in the second half Kentville scored three runs. From this time forward the home team played great ball, scoring run after run, until the score stood 16-2 at the finish. The boys received a great ovation from their supporters. The game was clean throughout and a good spirit prevailed. Berwick played hard, but Kentville proved too strong.

The batteries were as follows:
 Kentville—Walsh and Spencer.
 Berwick—Hart and Barlow.
 J. Roy Hiltz umpired satisfactorily, and J. Howe Cox made a good base umpire.

Kentville is confident that they have a fine baseball team this season and results are expected. Keep up the good work boys.

ADVERTISING

"Isn't it funny," asks the Gillingham Globe, "that the man who thinks he is a business man will get up in the morning from an advertised mattress and shave with an advertised razor take off advertised pajamas and put on advertised underwear, hose, shirt, collar and tie, seat himself at the table and eat advertised breakfast food, drink advertised breakfast coffee, put on an advertised hat, light an advertised cigar, go to his place of business and turn down advertising on the ground that advertising doesn't pay."

"What is this we have for breakfast?" asked Mr. Newly-wed.
 His wife looked at him with troubled eyes. "It was to have been bacon," she said, "but poor cook's burnt it."
 "Poor Cook! I should think so, indeed. Confound her! Have you given her notice?"
 "Oh, no; we mustn't be too cross with her, darling," said this wife. "Won't you be satisfied with a kiss for breakfast?" she coaxed archly.
 "All right, dear," replied Mr. Newly-wed, suddenly pacified. "Call her in."

"Can You Speak English?" is one of the census questions. There no doubt are a lot of Canadians who can, but there are few who do. The majority of them speak Yankee slang.

KENTVILLE NOTES

Two clever Kentville girls, Miss Catherine Chesley, daughter of Mr. and Mrs. A. E. H. Chesley, and Miss Kathryn Shaw, daughter of Dr. and Mrs. A. M. Shaw, won honors at the Mount St. Vincent during the term which just closed. The former received a scholarship certificate for complete examinations in Academic Course, first rank in English and History and honors in Arithmetic and General Science; while the latter made a very fine showing, winning pass in Provincial B. in Freshman Science, English, first rank in Senior History, Algebra, Geometry, French and honors in Trigonometry.

Members of the Dartmouth Poultry Association are coming to Kentville on Friday of next week to hold a picnic at the grounds of the Experimental Fruit Station.

Mr. G. H. Harris, of the Advertiser, who took the trip to Vancouver to attend the meeting of the Canadian Weekly Newspaper Association, returned home on Thursday of last week. His daughter, Miss Mona, who accompanied him, stopped over a few days on her return to visit friends in Montreal and at Loggieville, N. B.

SICH TERRIBLE NEWS

The other day an Irish servant girl asked leave of absence for an hour to consult a fortune teller. She returned wailing dismally.

"Did she predict some great trouble?" asked her mistress, sympathetically.

"Och, mem, sich terrible news!" moaned the girl, rocking backwards and forwards, and wringing her hands.

"Tell me what she said," asked the mistress, wishing to comfort the girl.

"She told me that me father works hard shovellin' coal an' tinding' foires for a livin'!"

"But that's no disgrace nor sorrow," said the lady, a trifle vexed at such affectation.

"Och, mem, me poor father!" sobbed the girl. "What a hard time he must be havin', an' he's been dead these noine years!"

It was a British tip that made the United States authorities seize the Irish machine guns at Hoboken. The next tip in the case, The Boston Transcript advises, "should be to tip out the authorities that did not find it out for themselves."

A little girl had questioned her grandpa almost incessantly since supper-time, and now that her bed-hour had arrived she had one more question to ask.

"Grandpa," she said, "were you in the ark?"

"No, my dear," he replied.

"Then," said she, "how came it that you wasn't drowned?"

Out of a total of 1,373 children between the ages of 8 and 14 attending one of the Brooklyn, New York, public schools, only 573 knew the Ten Commandments. 499 wrote they did not know them, and 351 frankly admitted they had never heard of them. This declaration was made by District-Attorney Harry E. Lewis, of Kings County, N. Y.

Gasoline is due for a considerable drop in price throughout Canada. This, it is believed, will be brought about by the arrival in Canada of the steamship San Ungo with 2,250,000 gallons of gasoline from the British oil fields at Baku.

And what doth it profit a man to make his mark in the world when he has a wife who makes him toe it.

Minard's Liniment for Dandruff.

Canada's forest resources constitute one of the Dominion's most valuable assets. They contribute to the trade of Canada upwards of \$200,000,000 a year. They play an important part in our external commerce. With proper protection our forests can be made to produce timber in perpetuity.

There is now no duty on citrus fruits imported into Canada, with the exception of grape fruit. The duty on grape fruit, which went into effect on May 10 last, is \$1.00 per 100 pounds. Oranges and lemons are admitted into the Dominion free of duty.

The Boston Herald very chivalrously remarks that "the victory that brings the international polo cup to America would count for still more if England had lost no polo players in stopping Germany's grim game."

Dr. Pillem—"I had a great many more patients this time last year, my dear. I wonder where they can all have gone?"
 His Wife—"We can only hope for the best, John."

Compared with a year ago a dollar is a lot of money.

The Monthly Cheque That Never Fails

How the Money was Lost

"You see I had only a few thousand dollars left after the estate was settled—"

and my brother borrowed some to help him along; of course that went and then—"

I simply had to help father with his business, he was so worried—"

and I thought it best to invest something in real estate at once. Well, that failed—"

and, really, if it were not for the monthly income cheque from the Canada Life I don't know how I should be getting along now."

It is all so simple and effective!

Just a few dollars set aside regularly, and the Canada Life will guarantee to your home a continuous monthly income.

While you will probably live to draw the proceeds of the policy yourself, what a relief to know that no matter what may happen, the monthly cheque that never fails, issued regularly by the Canada Life, will come to your home.

Your present Life Insurance will no doubt "clear the mortgage," pay off the obligations of your estate, and leave something for your family, but

Consider This:

In addition to a "lump sum" of money, you should provide a definite income that cannot fail.

A weekly or monthly income is the natural thing for most people.

A woman can keep a family together on even a small income, provided it is regular.

Financial problems should not be thrust upon a woman who is not used to business deals.

The hands of unscrupulous men are always outstretched for money held by the unwary.

The Monthly Income Plan

You will be surprised to learn what a reasonable proposition can be made to you; how only a few dollars saved and set aside from your regular earnings can be multiplied into a substantial income for your Beneficiary.

A FIRESIDE TALE

By EVANGELINE GORMLEY

"Let us tell a ghost story all," suggested the pretty New Yorker, who was toasting her small, stylish feet before the merry pine-wood fire; "I don't know one, but I'll think up something while the rest of you tell your stories." The challenge was accepted gaily by the group about the fireplace of that Canadian boarding house. The cool rain of a June evening had sent the boarding guests of "Mapleborough" into the hospitable living room, and the magic of a cheery grate made us all one people for a mystic hour.

After several thrilling or amusingly weird stories had been related, it was my turn to give a tale. "I know you'll just make our blood curdle green, you little Salem witch," laughed a very charming lady from Penn's state, and the very elderly gentleman from Toronto, who was visiting his native province, looked at me curiously, I thought.

"Well," I began, "I shall tell you a true story—as I learned it from my grandfather. Grandmother never once mentioned it, because of some evident painfulness to her.

"When grandmother was a young woman with three small children—my mother was one of them—she lived in a cottage on the island where both she and grandfather had grown up. Like all of his ancestors, grandfather followed the sea, and at that time was the prosperous young captain of his own vessel, which was manned by a very loyal crew."

I paused here, my eyes being attracted to the gentleman from Toronto, who was sitting forward in his chair, regarding me with intense interest. I was yet young enough to be a trifle embarrassed, for we already knew that this late comer was a man of wide knowledge. Was he really interested in my story?

"I do not recall the names of that crew," I continued, "but among the men was one who had desired to marry Grandmother, so Grandfather said. There continued to be a feeling of rivalry, but true to the breezy, wholesome character of seamen, Grandfather was not going to let a little sentiment interfere with his choice of a good second mate; some people thought that Grandfather made a mistake in taking Coverly—that was his name—on the vessel, but as Coverly was a very young man, three or four years younger than Grandmother, often Grandfather teased him about the matter in a jovial way, and made the fellow his friend. My good old Aunt Nancy declared, however, that someone heard Coverly say that he wished he could disappear, for he felt that the island was no place for him. Some people smiled at what they called a lovesick boy's depression.

"It was a cool, rainy spring day, and as Grandfather was in from a trip, Grandmother was doing some housecleaning, while he looked after the children. He was in the cheerful kitchen, whittling boats for his little girls, and Grandmother was

up in the attic, putting away the winter flannels in camphor. She had been feeling unwell for a few days, so when Grandfather heard her scream and fall he ran hastily up to the attic; he found her lying in a dead faint. After he had brought her to consciousness, she had fits of weeping and clinging to him; several days later she told him why she had fainted.

"Jimmie," she said, "when I looked up from the chest where I was putting the children's clothes, I saw over in the attic corner the great big seas covering over a dory in which were five men; the dory turned over and they all went down. Coverly was one—here she wept hysterically, and Grandfather tried to laugh away her fear; but secretly he knew that Grandmother had always possessed a curiously sensitive imagination,—that peculiar intuition which so many seaside dwellers seem to imbibe from the mysterious ocean.

"When Grandfather decided to stay at home another week to await fairer weather," Grandmother brightened up; but one stormy night a near neighbor came and implored Grandfather to go and help him take in his traps. He said that Coverly was coming, too. Of course Grandfather never hesitated, for he knew that the poor man could not afford to lose his traps, because he had a large family. As Grandfather was getting into his oilskins, Grandmother came down from the bedroom where she had been putting the children to bed; her face was blanched and she begged Grandfather not to go. He grew a little impatient, but when she dropped in a faint at his feet, he told the neighbor he could not leave her in that condition.

"That wild night worked destruction in several homes, and in the morning no sign of the distracted man who went to save his traps was visible. A searching party found his poor vessel smashed on an angry reef; near by was an upturned dory, gouged by a sharp rock, and under it was a half dead man. When he was nursed back to life, he told how frantically the crew had worked to save the traps, and how the last that he remembered was that the dory upturned with the five men hanging onto it as it went down. Coverly had been one of the perishing men!" For some reason the inscrutable sea gave not up these dead.

"Of course Grandmother heard of this sad affair; after that she coaxed Grandfather to sell the house and move over on the mainland. Grandfather was very tender for suddenly he understood that more than the ghostly vision that she had seen up in the attic was haunting her. Grandmother's sensitive nature made her feel this unspoken sympathy, and she whispered, 'Jimmie, I didn't love Coverly—but I pitied the poor, handsome boy,—but let us move away.'

"Now when I visit that island, among Grandmother's people they still tell of her strange experience, and I often sleep under the roof of that cottage, in which a cousin now lives."

I had been favored with a singularly

quiet audience, but now the gentleman from Toronto arose and said in his deep, courtly voice, "I hope you will not be dismayed, fellow-guests, but if you had looked in the guest-book since I came this evening you would have noticed that I am—Bartlett Coverly,—the sea gave me up alive!"

On another evening, and by a very dear fireside we may hear Bartlett Coverly's story.

THE PRINTER AND HIS PAPER

"He is only a printer." We overheard such a remark recently on the street from a member of the aristocracy. We did not reply in kind, but we thought a plenty. Who was the Earl of Stanhope? He was only a printer. The former Emperor of China was a printer, as was the U. S. president-elect. What were G. P. Morris, N. P. Willis, James Gales, Charles Richardson, James Parker, Horace Greeley, Charles Dickens, Jas. Buchanan, Simon Cameron and Schuyler Colfax? Printers, all and practical ones. Mark Twain, Amos Cummings, Bret Harte and Opie Reed were plain, practical printers, as were Artemus Ward, Petroleu V. Naseby and Sut Lovingood. The leader of science and philosophy in his day, Benjamin Franklin, made it his boast that he was a journeyman printer.

In fact thousands of the most brilliant minds in the country are to be found toiling in the publishing houses of large cities and towns. We have found it a hard life, for it is not every one that can be a printer—brains are absolutely necessary.

An aggressive country weekly can make a community, or lack of it break a community. It can lift a struggling neighbor up to prosperity. It is the tie that binds the home, church and school together. This is the opinion of A. W. Hopkins of the Department of Agricultural Journalism of Wisconsin College of Agriculture.

"Once established, the country weekly can be of great assistance in making a live community," he says. "Backing all the valuable and worthwhile social or business enterprises is a regular part of its duties. Many a success has been built because of the help given by the local newspaper.

"Familiarity with its readers is the foundation for the success of the country weekly," says Mr. Hopkins. "Printing a record of all births, marriages, deaths and the various fortunes of its readers will help make a place for itself in the homes of its readers.

"Since farming plays a basic part of the prosperity of nearly every community, the news of the farm should have an important part or place in the paper. An increasing number of weekly papers are solving the problem of printing agricultural information and news," he says.

When people want to interest distant friends in their home town they send away copies of the local paper.

When the merchants are full of courage and advertise freely, an impression is created among the many people living

outside of town who see the paper that is a wide-awake little business town. If at times the merchants let up a little on their advertising, the town does not look so good to outsiders.

In supporting the home paper therefore, you not only get the local and business news, but you help on all civic causes, you are enabled to participate to the fullest extent of its life, and you help the town exert influence and create a favorable impression outside.

—Successful Farming.

Every farmer should name his farm; paint the name on a becoming sign board with his name attached and place it at the gateway or entrance to the farm.

Sometimes we are led to believe that if a newspaper published the Ten Commandments some folks would stop the paper because it was too personal.

If you're business can't be helped by advertising it, then may the Lord have mercy on you and your business, is the ultimate conclusion.

The advertising columns of the local paper, to a large extent, reveal the business quality of the town in which it is published.

A wise man never tries to please himself and a woman at the same time.

American sugar has struck the lowest price in four years.

Most of the average girl's face now is beneath the surface.

SOMETHING TO THINK OVER.

The bee, in proportion to its size, is thirty-five times as strong as a horse. The cost of making a bank of England five-pound note is one half-penny.

A Mosquito has twenty-two teeth, all of which may be seen through a microscope.

A feature of Japanese weddings is the building of a bonfire made of the toys of the bride.

The Chinese usually open a conversation with "How old are you?" instead of "How do you do?"

"Dead ends"—termini where trams have to stop and turn—cost the London tramways \$1,000,000 annually for the time wasted in turning.

A bank in Nevada (U. S. A.) is starting a \$1 deposit account for every baby born in the district, with a two dollar account for twins.

The telephone was a toy in 1876; the typewriter a crude arrangement in 1878; the electric industry a baby in 1879, when Edison invented the incandescent light; the phonograph was a curiosity in 1890; and moving-pictures a flickering experiment in 1896.

Sound is said to move at the rate of thirteen miles a minute, and, compared to light, it is slower than a snail. If we should hear a clap of thunder half a minute after the flash of lightning, we could calculate that the discharge of electricity was about six and a half miles away.

You cannot please everybody, and nobody knows it better than a preacher in a small town.

Personal Paragraphs

Mrs. E. H. Beattie is visiting her old home at Lower Wolfville.

Mrs. Emma Whidden is spending a few weeks in Deep Brook, the guest of Mrs. Stuart.

Miss Hilda Tufts left last week for the White Mountains where she will spend July.

Mr. E. E. Fairweather, of the legal branch of the Department of Railways, Ottawa, is spending a vacation of a few weeks at Hortonville.

Mrs. H. D. Johnson left by the boat on Saturday for Parrsboro, en route to her old home at River Hebert, where she will spend a month or so.

F. H. Beattie, representative of the Sydney Daily Record at North Sydney and Sydney Mines, is spending a vacation at his home in Lower Wolfville.

Mr. and Mrs. W. C. Milner, who have just returned from a visit to Victoria, B. C., arrived in Wolfville on Saturday last having enjoyed a very pleasant trip.

Mrs. Knowles and little son, of Poplar Grove, Hants county, were visitors in town over Sunday, guests at the home of the former's brother, Mr. W. D. Withrow.

Hon. Dr. F. L. Shaffner, of Winnipeg, is visiting his sister, Mrs. T. A. Pearson, Greenwich. Accompanied by his wife, he leaves in July on a trip to Japan and China.

Mrs. Herbert Stairs went to Parrsboro by the boat last Saturday, taking with her one of the wards of the Children's Aid Society where it is being placed in a home there.

Mr. Elias Eagles, of North Grand Pre, who has been a patient at Westwood Hospital for some weeks, had recovered sufficiently to allow of his going to his home on Sunday.

Rev. Guy Bleakney, of Braintree, Mass. and Rev. Clair Bleakney, of Bridgewater, Mass., arrived on Tuesday to spend their vacation at their old home in Wolfville and at other points in the Province.

Rev. E. M. A. Bleakney, of Hyde Park, Mass., accompanied by Mrs. Bleakney and family, have arrived to spend their annual vacation in this vicinity. Rev. Mr. Bleakney will fill the pulpit of the Billtown Baptist Church during July.

Mrs. Faye C. Stuart, accompanied by her niece and nephew, left for Deep Brook on Friday. She will later be joined by her sister, Mrs. Tedford, of St. Louis, and her brother, F. A. Coldwell, of Washington, who will spend August in Deep Brook.

Mrs. N. P. Freeman, who with her daughter has been spending some months with friends in St. Louis and Arkansas, has been visiting for two weeks at the home of her sister, Mrs. Leslie Eaton. She will spend the month of July at her old home in Bridgewater after which she will join Mrs. Eaton at Deep Brook.

Dr. and Mrs. Charles Wendell Townsend, of Boston, Mass., were over Sunday guests at the home of Mr. and Mrs. Robie W. Tufts, Highland avenue. Dr. Townsend, who was a former professor at Harvard University, is an author and orthologist of international fame. The visitors took the Prince Albert on Monday for Parrsboro, to continue their journey through Nova Scotia. Mr. Tufts met Dr. and Mrs. Townsend at Digby on Saturday and they accepted his invitation to motor to Wolfville with him and remain his guests over the week end.

Miss Mary Black is home from Dartmouth on a short vacation.

Miss Evelyn Duncanson is spending a short vacation at Middleton.

Mrs. E. L. Gould is visiting at North Grand Pre, the guest of Mrs. E. V. Gould.

Mrs. B. A. Elderkin, of Port Greville, was a recent visitor at the home of Mrs. J. G. Elderkin.

Mr. and Mrs. Laurie Harris, of Pittsburg, Mass., are visiting at the home of Mr. and Mrs. J. D. Harris.

Mrs. Dyke and little daughter Betty, of Dartmouth, are spending a few weeks in Wolfville, guests at the Foster House.

Miss Daley and Miss Harris, of Dartmouth, are spending a short vacation in Wolfville, guests at the home of Mrs. Blanche Russell.

Miss Ruth B. MacDonald arrived home from Ottawa on Saturday and will spend the summer with her parents, Rev. and Mrs. J. H. MacDonald.

Mr. L. E. Shaw and family left Wednesday for their summer home in Avonport. Dr. and Mrs. Primrose will occupy their house during the summer months.

Mr. H. E. Woodman, District Manager, of the Canada Life Assurance Co., left last Friday to attend the outing of the \$125,000 Club of the Canada Life at Muskoka, Ont. On his return he will visit New York and Boston. Mr. Woodman is one of five in the Maritime Provinces who by their energetic work and splendid ability in their insurance business are qualified for this fine tour, having written \$125,000 worth of insurance during the year.

WOLFVILLE LOSES TO KENTVILLE

A friendly game of cricket was played at the Athletic grounds last Saturday afternoon between eleven from Kentville and Wolfville, and resulted in a win for the visitors, the score being 39 to 25. Gerald Bauld, alone of the home team made any stand against the deliveries of Walker, who took three wickets for ten runs, and Beauchamp who took seven for thirteen. Going in first, Bauld scored fifteen out of the total, and all but carried out his bat. All things considered Kentville did not fare very much better against the bowlings of Saunders who took seven wickets for eighteen runs and Robinson three for sixteen. Bauld relieved Robinson in the last two overs and got three runs scored off him.

It is interesting to note that Rev. R. F. Dixon, President of the Valley Cricket League, who has seen nearly eighty summers enjoyed the distinction of being not out in Wolfville's innings, at the close of which he received quite an ovation.

A bevy of lady supporters graced the occasion, those of the Wolfville dispensing very welcome hospitality in the form of tea and cake during a brief interval, in the shade.

The scoring was as follows:

Wolfville	
Herbin, thrown out	0
Miller, b Walker	1
Bauld, c & b Walker	15
Karl Mason, h.w., b Beauchamp	1
Robinson, b Beauchamp	0
O. H. Saunders, b Beauchamp	4
A. J. Mason, b Beauchamp	0
Cox, b Walker	1
Smith, b Beauchamp	1
Young, b Beauchamp	0
Forbes, b Beauchamp	0
Rev. R. F. Dixon, not out	0
Extras	2
TOTAL	25
Kentville	
Brook, b Saunders	3
Miller, b Saunders	10
A. Beauchamp, c Cox, b Robinson	6

Vereker, b Saunders 2
 Fosberry, c A. J. Mason, b Robinson 2
 Morell, l.b.w., b Saunders 2
 Walker, b Robinson 8
 Murphy, not out 5
 Beauchamp, b Saunders 0
 Hotchkiss, b Saunders 0
 Brown, b Saunders 0
 Extras 1
TOTAL **39**

Mr. L. N. Cogswell, of Belcher Street, who sustained a severe accident in consequence of a runaway team about eight weeks ago, is getting around again by the aid of a crutch. His many friends wish for him a speedy and complete recovery.

DOOR BELL

Wont Ring! Must buy another new battery.
 Not at all! Have your bell connected to your electric light wires. This is one of my little specialties. Everything in the electric business promptly attended to
