Report was adopted and bills order On recommendation of Park and Fire Committee, Lawrence MacDonald's bill of \$3.00 for having first team

at a fire was passed. The Bye-law Committee reported of time.

The Mayor regretted that the chair man of the Ferry Committee was not present, as there was much dissatisfaction among the public because of the early stopping of the Newcastle-Nelson ferry, run by John Russell &

Ald. Morrison and Belyea reported that John Russell had explained to put the boats into winter quarters. He could not foresee the coming of unilder weather. It appears that the ferry ships are not fitted for lifting boats out of the water. Council was of the opinion that the Provincial government should see that better wharves are provided. It was agreed to interview Mr. Russell further upon the matter.

The special committee appointed to see about lighting the North West Bridge were given an extension of Morrison in the chair.

Mayor Miller spoke of the Drumanond Company needing a twenty-five foot channel from their whaves here to the mouth of the river. The company wished the town to urge the government to have the channel dredged as soon as possible. He would call a public meeting soon after

New Year's. Ald. Morrison thought the Board of Trade and Town Council should take the matter up.

The mayer agreed this plan was

good. The question of the I. R. C. Commission taking away the electric lights from the station was brought np. It was shown that, on the representations of the local M. P.'s, the lights at Sussex, Campbellton and other places had been restored.

Ald. Doyle objected to boys loitering around the Power House at night. Ald. Morrison, chairman of the Light Committee, said he had never seen any loafers there, but he would give orders to have the rules strictly enforced.

The question of Robt. Murray's bill for \$25 Counsel fee in two recent Scott Act cases, was sent back to the! Police Committee for report at next meeting.

Ald. Russell spoke of need of fire in hose room, as hose in cold weather is not in good shape in case of fire. The chairman was advised to attend to the

Jas. M. Troy was given permission to address the Council. He complained that he had been charged poll tax for last three years although he had! during those years been past the age of poll tax exemption. The tax for

One night about \$2,500 worth of fish were caught and Tuesday's haul was also a good one. One fisherman with three nets took in over three tons of smelt, and as fish were selling at 51 cents per pound he netted over \$350. Prices have ranged from five to six cents, which is higher than in previous years. An average smelt season is worth \$30,000 to the fishermen of the Miramichi and it is now expected that this season will be better than usual.

UNCAN MORRISON

The death of Duncan Morrison, one of the oldest and most respected residents of the Miramichi, occurred on Saturday, at his home at Oak Point. Deceased was 81 years of age, and up to a few years ago, was Lighthouse keeper on Sheldrake Island, which position he then resigned in favor of his son. He leaves a widow, formerly Miss Murray, of Tabusintac, and the following children. John A., at home; George, of Colorado; Albert, of Chippegan; and Mrs. Wm. Loggie, of Ferryville. Deceased, who was born in this county, was the son of the late Finlay Morrison, a native of Scotland. W. S. Loggie, M. P., is a nephew of deceased, and Hon. Donald Morrison is a second cousin. The funeral was held at Moore field, on Monday, Rev. F. C. Simpson officiating in presence of many mour-NEWCASTLE ners and friends.

More Than You Expect in Soap

You who are used to ordinary soaps will be surprised when you first try Taylor's Infants' Delight Soap.

No other soap compares with it for every toilet purpose—the bach, massage, shampoo, or for washing baby's rose-leaf skin.

For we make this soap of pure cocoanut oil from the isle of Ceylon, and vegetable oils from France.

We clarify and blend these oils and mill them by our own special process. Nothing is left undone to make this soap supreme.

Infants Delight Soap

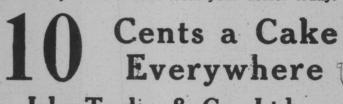

is the product of forty-four years of conscientious effort and costly experiment. Over a million Canadian families find it superior.

Its use prevents chapping, roughness and other skin complaints.

Containing a small amount of boracic acid, it combines the healing qualities of this much used antiseptic and cleanser with the stimulating and nourishing action of pure vegetable oils and essences.

It makes a rich, creamy lather, cooling and delightfully refreshing.

Prove for yourself that a cake will outlast any ordinary soap. See how delightful it is to use three times a day. Get a cake from your dealer today.

Rural Phones

Solve These

Problem I. Bad Roads :-The old way was to curse nature and idly await sun's return.
The new way is to telephone for what you want, and smile because you get the information in a thousand part of the

Problem III. Prices Current:-

Problem IV. Emergencies :-The old way of procedure when some one took sick, was to harness up the "driver" and make all haste for the doctor. Effort in this direction often procured as its only result the information: "doctor is out."

The new way is to call up the doctor on the beauty of the set of Problem V. Help:-

The old way was to allow men to go on boys' errands — waste half a morning walking to Smith's only to find that his harrow was already loaned.

The new way is to make the phone your errand boy—buy, borrow, beget by means of the "silent partner." We have prepared a Booklet describing fully a rural phage system. Hadn't you better instruct us to send you this interesting bit of information, seeing it costs you nothing. 0.4.4.0
