are:—Births 120, marriages 51, deaths 36.

whose wedding in Milwaukee we noticed  
yesterday, is now in Guelph spending a  
portion of his honeymoon. We con-  
gratulate him.

Garry states that Mr. W. T. Urquhart,  
clerk to the North-West Council, died  
suddenly on Tuesday. Supposed cause—  
apoplexy.

**FATAL ACCIDENT AT KINCARDINE.**—A  
runaway accident, resulting fatally, oc-  
curred at Kincardine on Tuesday. The

his companion was seriously injured.

bers of this Association will be held to-  
morrow (Thursday) evening at 7.30, to  
receive the yearly reports from the sev-  
eral Committees. Readings will be given  
by some of the members. A full atten-  
dance is urgently requested.

**CHAMPIONSHIP.**—Base Ball Match  
for the championship of Canada, will be  
played on Saturday next on the Maple  
Leads grounds, between the Hard Batters,  
of Oakland, and the Maple Leafs, cham-  
pions of Canada. As this will probably  
be the last match game of the season,  
and the participants first-class players, a  
large attendance may be expected.

**GUELPH VOTERS' LIST.**—Judge Mac-  
donald on Monday heard objections made  
to the voters' list for the Town of Guelph.  
Very few alterations were made. The  
name of Charles Horning, one of the oldest  
ratepayers in town, was omitted, and  
three cases of mis-spelling were brought  
before the Judge. The proper correc-  
tions were made, and the list as corrected  
was finally passed.

**THE R. C. BISHOP OF HAMILTON.**—Bis-  
hop Crinson of Hamilton will arrive this  
evening by the 6.15 train on the G.W.R.,  
and will be received at the station by the  
clergy and parishioners of St. Barthe-  
lemy's Church, and will be thence escorted  
to the parsonage. His Lordship will  
christen the new bell on Thursday  
morning.

**RUFFIANISM AND THE LASH.**—At the  
Interim Sessions at Woodstock on Tues-  
day, Judge McQueen presiding, one Chas.  
Brown, a coloured man, was found guilty  
of an attempt to commit a rape upon a  
young white girl named Kennedy, eleven  
years of age. The learned Judge sen-  
tenced the prisoner to two months' im-  
prisonment in the common goal, and 25  
lashes each month.

**DESTRUCTION OF STOCK.**—In conse-  
quence of the fences being burned down  
along the line of the T. G. B. Railway  
above Orangeville, cattle have free ac-  
cess to the track, the result of which has  
been the destruction of a great many val-  
uable animals. Four cattle and three  
horses were killed on the line in Luther,  
on one day last week.

**DETERMINED SUICIDE.**—Six weeks ago  
an old man named John Phipps, living in  
Hamilton, attempted to commit suicide  
by taking poison, but did not succeed.  
On recovering from the first attempt, he  
alleged that poverty had driven him to  
the deed. Since then his circumstances  
have not improved, and on Saturday  
night while under the influence of liquor,  
to which he was addicted, he swallowed a  
heavy dose of insect poison, and was  
found on Sunday dead, in a cabbage gar-  
den near his tenement, with the box of  
poison and an empty whiskey bottle be-  
side him.

**RE-OPENING SERVICES AT OSPRINGE.**—  
The Meeting House at Osprings will be  
re-opened on Sunday the 4th October,  
when services will be held at 10 a.m.,  
half past 2 p.m., and half past  
6 p.m. Collections at each service.  
A tea meeting will also be held on  
Monday, when suitable addresses will be given  
by ministers. A pleasant and profitable  
gathering is expected. The proceeds to be  
applied in paying the repairs on the  
Meeting House. Tickets 25 cents.

**SERIOUSLY ILL.**—We regret to learn  
that Mr. Stinton, M.P., received a cable  
telegram on Tuesday that his daughter,  
Mrs. Jas. Barclay, who has been in Scot-  
land for some time for the benefit of her  
health, was lying dangerously ill at the  
house of her husband's brother, near  
Lindsaygow. Mr. Barclay, as most of our  
readers know, is at present in Manitoba,  
engaged in the construction of the Pro-  
vincial Penitentiary there, and could not  
reach Ontario in less than a week. Under  
the circumstances Mr. Stinton has re-  
solved to start for Scotland at once, and  
will sail on Saturday first. We earnestly  
hope that Mrs. Barclay's illness may not  
be of such a dangerous nature as was  
first supposed, and that her father may  
have the supreme satisfaction of being  
able to bring her home to Canada after her  
journey.

**A GOOD WELL.**—On the 4th Concession  
of Elderslie, about two miles from Ches-  
ley on the farm of Mr. James McEwen,  
is a flowing well which is a curiosity. The  
well had been sunk to a depth of 31 feet,  
but as there seemed no prospect of get-  
ting water, the workmen thought of  
stopping; just then, at a distance of 25  
feet from the surface, a stream burst in  
with a great noise from the side of the  
excavation, carrying with it a quantity  
of earth, and overflowed the well. The  
water rises to the top, and flows along a  
spout into large troughs. It is exceed-  
ingly clear, cool, and delicious. A slight

### Fergus Correspondence.

The heavy rains of the past week have  
done much good in putting out the fires  
which have done much damage.  
The fruit crop in this section of coun-  
try promises well. Potatoes and turnips  
will also turn out well.

The funeral of the late Wm. Hutchison,  
of the township of Nichol last Friday, was  
largely attended, deceased having been  
much respected.

We have to record the death of Geo.  
Monger, Esq., of Garafraza, at one time  
Reeve of the township, which took place  
on Sunday. Deceased was universally  
respected. He was the founder of the  
W. M. Congregation in Fergus, and  
while in health was always an active  
worker.

Mr. Thos. Milne, of this place, returned  
home from Scotland last week, well and  
hearty. Mr. John Cormie left for Scot-  
land last week where he intends to spend  
the winter.

The new post office is now nearly com-  
pleted, with the store next door to it, and  
the second story will be fitted up to  
live in. The other half of the building  
is intended for a store. Such a store will  
make a very fine stand for any kind of  
business. It will be completed early in  
November.

Business is now becoming brisker, the  
harvest being nearly over.

**Destruction by Bush Fire.**  
In Proton the barns and crops of John  
Holliday and Mr. Dean, and a log build-  
ing and three and a half tons of hay be-  
longing to Robt. Hazzard were destroyed.  
Mono did not wholly escape. About  
two hundred acres of woods in the  
vicinity of Elba were destroyed, and the  
fire threatened the village, but it was  
saved by a change in the wind.

In Caledon a great deal of valuable  
timber was destroyed on the farms of  
Messrs. T. Jull, M. Leeson and A. Jones,  
near Leeson's Lake; and also on the  
farms of Messrs. A. Huston and W.  
Woods, near Orangeville.

Amberley, Co. Bruce, was in imminent  
danger of destruction on the 14th inst.,  
and had it not been for the rain of Tues-  
day, the whole village would have been  
destroyed.

Jas. Smith lost his blacksmith shop;  
and Wm. Humphrey his dwelling-house,  
as well as the blacksmith shop. Mr.  
Cauley's dwelling-house was also de-  
stroyed.

John Wright, 9th con., Huron, lost  
his barn, crops, fences, and 50 cords of  
wood. Partly insured.

John Patterson, 12th con., Huron, lost  
his barn and crops, comprising 200 bushels  
of wheat just thrashed. No insurance.

Messrs. Doupe lost their fences, but by  
straggling efforts saved their barns.  
D. McConnell, near Kintouh, lost his  
barn and entire contents. The village of  
Kintouh was saved from destruction  
by the rain of Tuesday.

**Contested Election Cases.**  
On the 25th the West Northumberland  
contested election case opens at Cobourg;  
East Toronto comes on at Toronto on  
the 29th; Cardwell at the same place on  
the 15th of October; North Victoria, at  
Lindsay, 4th November; South Norfolk,  
at Simcoe 3rd Nov.; North Leeds, at  
Brookville, 10th Nov.; South Huron, at  
Goderich, 10th Nov.; Prince Edward,  
in Picton, on the 14th of October; Ni-  
agara, at the town of Niagara, on the 20th  
of October; East Northumberland, at  
Cobourg, on the 27th of October; Centre  
Wellington, at Guelph, on the 3rd of  
November; Kingston, at Kingston, on  
the 17th of November; Hallowville, at  
Hallowville, on the 8th of December; East  
Middlesex, in London, on the 15th of Decem-  
ber.

**The Provincial Exhibition.**  
On Tuesday nearly all the articles  
were got into their proper places, and  
things began to have a pleasant look.  
In the cattle department, also, great changes  
had been effected, the arrangements for  
the animals and the opportunities for  
fairly viewing them, as intended, had  
been completed. The stables also presented a  
very different aspect, many horses, some  
of them of the finest breeds, which had  
been entered having arrived during the  
morning. Altogether the place had as-  
sumed a different aspect, and there can  
be no doubt but that this morning every-  
thing will be in good working order.

During the afternoon Lieut.-Governor  
Crawford accompanied by Attorney-Gen-  
eral Mowat, visited the Exhibition, when  
an Address was presented on behalf of  
the Association to which His Excellency  
made an appropriate reply.

It is not necessary to enter into a de-  
tailed account of the stock and articles  
exhibited as with some exceptions most  
of the best animals, and not a few of the  
articles were at the Central Exhibition,  
and were noticed at length.

There is a very fine display of horses.  
Among the recently imported cattle are  
short horns exhibited by J. B. Craig, Ed-  
monton, merit a great deal of attention.  
He has six head—all of them very superi-  
or animals, and taken from some of the  
best English herds. Mr. Battie and Mr.  
Miller, show some splendid imported  
short horns. John Miller; Brougham,  
and Birrell & Johnston Greenwood, have  
also some superior Durhams, from cele-  
brated Aberdeen herds. Messrs. J. & R.  
Hunter, J. & W. Watt, J. & R. McQueen,  
John S. Armstrong, Henlock Young,  
Geo. Hood, Wm. Whitelaw, W. West, and  
other well known breeders in this County  
also show the superior stock they exhib-  
ited at the Central. Among the Here-  
fords Messrs. Stone and Geo. Hood, are  
the most prominent exhibitors. In De-  
vons Mr. Geo. Rudd's herd comes out  
very conspicuously. In the Galloways  
the herds of Messrs. Wm. Hood and Thos.  
McCree are the greatest a sire in his depart-  
ment. In the class of Leicester sheep we  
notice that Mr. Wm. Whitelaw takes  
several prizes.

In musical instruments Messrs. W.  
Bell & Co. and John Jackson & Co.  
show their fine collections which attracted  
so much attention at the Central.

A great part of the implements shown  
were at the Guelph Central.

Attorney-General Clarke, of Manitoba,  
has put in a claim for damages against  
the United States Government for ill-

A stuffed figure of a woman was placed  
on the railway track near Clinton, one  
night recently and caused considerable  
annoyance to the engineer.

states the claims of Beecher for the Pres-  
idency of the United States.

Some friends of the late Hon. T. D.

Mrs. Cunningham, widow of the late  
member for Marquette, has left Wrin-  
poe, to reside in Scotland.

George Galt, of Toronto, a son of  
Judge Galt, was shot in the eye on Mon-  
day by a sportsman who fired at a wild  
duck which got on the wing between the  
two parties, who were only about fifty  
yards apart. He will lose his eye sight.

Mr. Donald McInnes, of Hamilton,  
since his return from Nova Scotia, has  
been very ill with fever.

It is rumored that Mr. John White, ex-  
M. P. for Hallow, is to be Postmaster of  
Hamilton.

The Dominion Parliament is to be  
prorogued by proclamation in the *Official  
Gazette* to Oct. 30th.

A number of influential citizens in  
London, Ont., have associated themselves  
together for the purpose of constructing  
a system of water works for the city.

A double newspaper, the size of the  
*Herald*, to be called the *Republic*, will be  
started in New York shortly. It will be  
sold for three cents a copy.

from six acres. The wheat was of the

ing a new dictionary. It defines "Man-  
a generic term, embracing woman." If  
this is a sample, the new dictionary will  
be comprehensive enough at least.

Curran was walking one day with a

The *Manitoba* says that those of the  
grasshopper eggs which have escaped the  
red ragwort are now all hatching out.  
They will, of course, be entirely destroyed  
by the first winter frosts. It is pretty  
certain now that there will be no grass-  
hoppers to annoy us next year, and it is  
probable, by comparing the last plague to  
former ones, that it will be another 10 or  
12 years before they trouble us again.

The U. S. Congress, at its last session,  
observes the *Herald*, makes a great mis-  
take in the reduction of the army, and  
the country is now perceiving the fact.  
It is reported that by desertion and death  
the number of the rank and file has fallen  
to 18,000, and that the effective force is  
not more than 12,000 men. This condi-  
tion of our military service is discredit-  
able and dangerous to the country.

Newfoundland is becoming alarmed in  
regard to the seal fishery. It is found  
that the seals are being killed off more  
rapidly than they are produced, and, if  
measures of protection are not taken, the  
seal fishery will soon become a thing of  
the past. The oil produced in 1874 was  
2,855 tons less than in 1873.

London, Sept. 23.—A despatch from the  
Carlist forces denies the truth of the re-  
port that Don Carlos has been recog-  
nized by four branches of the Bourbon  
family, as heir presumptive to the throne  
of France.</

The Hudson Bay Company's new steamer, the Northote, made her way from the mouth of the Saskatchewan to Carleton in ten days. From Carleton during the season there is no impediment to navigation for a considerable distance beyond Edmonton. The navigability of the river may be allowed of the Saskatchewan through almost its entire length is therefore quite supposable.

The Right Hon. Wm. E. Forster, member for Bradford, in Yorkshire, in the British House of Commons, and the Minister charged with the care of the Education Department in the late Administration of Mr. Gladstone arrived at Quebec on Monday. He has long held a prominent position in the ranks of the Liberal party in the mother country.

Death of George Monger, Esq.

We regret to announce the death of George Monger, Esq., which took place at his residence, West Garafraxa, (near Fergus), on Sunday afternoon last, at the age of 58 years. Mr. Monger moved from the Township of Toronto to the farm in which he died over twenty years ago, when Garafraxa was but sparsely settled, and underwent the difficulties incident to the pioneer in those times. By dint of hard labor and perseverance, he accumulated sufficient property to place him in comfortable circumstances. He was appointed magistrate some years since, and also represented the township as Reeve, Deputy Reeve and Councillor, the duties of which he discharged with considerable ability. He had been a member of the Wesleyan Church for some thirty-eight years, occupying an official relation thereto for over thirty years. The present prosperity of the Church in Fergus is in a great measure due to his unwavering attachment and unflinching perseverance. He may be said to have been the founder of the church of his choice in that village. In June last his right side became paralyzed, and although he was at times in a very low state, yet hopes were entertained by his friends that he would recover. During the last month, however, it became evident that his end was approaching. For the last two weeks he remained a greater part of the time in a comatose state, occasionally being conscious. On Saturday last he rallied, and stated to his family that he did not think he would linger another day, and his predictions were realized. His funeral took place on Tuesday and was largely attended. His remains were taken to the church, where an appropriate service was presided over by the Rev. Mr. Pakenham, of Drayton. Rev. Mr. McLean, the pastor of the W. M. Church, and the Rev. Mr. Sullivan, Presbyterian minister, assisting in the services—for which his remains were deposited in the cemetery on the south side of the river, adjoining the village. The pulpit and communion rail were draped in black out of respect for the deceased.

W. Herborne Correspondence.

We notice that Mr. Jas. Hamilton of Woolwich, who usually takes prizes for her butter at the Guelph show; Mr. Hamilton too takes a prize for pumpkins, and Mr. Alex. Sheriffs of Waterloo, for potatoes.

The dangerous road over the Winterbourne creek, running on the narrow bank of the dam, is being fenced by the Township Council. A few months ago horses took flight at this place and a wagon was capsized into the dam and a child drowned, but the fencing will make it secure.

HARPER'S MAGAZINE FOR OCTOBER, received from Harper Bros., New York, and also from W. E. Tunis & Co., Clinton, is as magnificent a number for its illustrations, and as rich in the variety and interest of its reading matter, as was ever published. This number, containing eight illustrations of unusual beauty, opens with "The Barken's Story," by J. E. Irving, a poem of character, interest and pathos, illustrated by S. E. Bytge. The first of an admirable series of illustrated papers on "Decorative Art and Architecture in England," is contributed by Messrs. D. Colvay, T. B. Aldrich, contributes a pleasant and exceedingly interesting paper, in which he beautifully illustrates, on Portland, entitled "An Old Town by the Sea." Happily supplementing this article is one on "The Isles of Shetland," by John W. Chadwick, beautifully illustrated. Under the title of "The Huntsmen of the Sea," is given a curious and thrilling chapter of American whaling, adventure, with graphic and effective illustrations. One of the most characteristic illustrated papers of the number is "Some Talks of an Astronomer," contributed by Prof. Simon Newcomb, of the United States observatory at Washington. The admirable serial story, "Raps of the Gamp," is continued, with two of Mr. Frederic's brilliant illustrations; and R. H. Stoddard contributes an excellent poem, which is illustrated, entitled "The Two Anchors." Especial interest will attach to the resumption in this number of Senor Castelar's series of papers on "The Republican Movement in Europe." This subject is treated with an especial attention to the religious movement in Germany during the last hundred years, which will be the subject of a few subsequent papers. Three stories of unusual power, poems by John G. Saxo and Margaret E. Saugster, and the five editorial departments make up, with the other articles which we have noticed, an ideally perfect number.

THE CLOSING OF BAR ROOMS.—The Court of Queen's Bench has ruled that having lights in a bar-room within the prohibited hours is not in itself a criminal offence, but only prima facie evidence of an offence—that is, of the sale of intoxicating liquors within the prohibited hours, which evidence may be rebutted by proof that no such sale took place. To charge the presence of the light as being in itself an offence was held as constructing a new crime unknown to the law, and which the Legislature never intended to have construed into one. Practically, the decision leaves the lighting of bar-rooms within such hours almost as dangerous as ever, except that where it can be shown that it was done with an innocent purpose the law will not arbitrarily convert that which is not an innocent and legitimate act into a punishable offence. The onus of proving the act not wrongful is thrown on the defendant, but if he can so prove it he is saved from the injustice of being punished for that which is not in itself a wrong.

The Guelph scholarship for the present year has been awarded to Mr. W. J. Alexander, a student of the Hamilton Collegiate Institute.

Palmerston Correspondence.

NEW SCHOOL HOUSE.—The Trustees of the Palmerston School have let the contract for building a frame school house 36 x 56, in two rooms, to Mr. C. Locheed, at \$1,875. It is to be completed by the 1st January, 1875.

THE COUNTY TOWN QUESTION.—We see that notice has been given by hand-bill that a meeting will be held in this village in Kenny's Hall, on Tuesday, 29th Sept., to take into consideration the County Town question. Reeves and leading men of Howick, Minto, Maryborough, Southampton and Harrison are invited to attend. We anticipate considerable "spouting" at all events.

ACCIDENT.—One of the men working at the sawing machine in the W. G. and B. wood yard, was struck on the head on Saturday by a stick of wood, and badly stunned, but sustained no serious injury.

GUELPH CENTRAL EXHIBITION.—Palmerston was emptied of most of its population on Wednesday last, the receipt being Guelph, and the attraction the Central Exhibition. A few reserved themselves, however, for the Provincial at Toronto.

NEWSPAPER.—Mr. A. Armour, of Brantford, has made arrangements to commence the publication of a newspaper in this village. The business men of the place have guaranteed a sufficient number of subscribers to induce him to come, and he will remove the material of his printing office in Brantford to this place at once and issue the paper as soon as he can get ready.

From Toronto.

The weather is very fine, and the streets are thronged with excursionists.

The Liberal Conservative Convention meets at two p.m. A large number of delegates are in the City.

The Yorkville burglary case and attempted assassination of Joseph Dain, will be tried at York County Assizes, which opened yesterday.

A new order of Patrons of Industry is now in Session here, and the question of separation from Granges of the United States will come under discussion. The delegates were badged with appropriate designs of rural scenery thereon, and the ladies a row-white aprons with crimson border.

Fifteen thousand persons had entered the Exhibition grounds by noon—trains were arriving crowded, even on the roofs—seventy-nine persons went west to-day on a one-horse street car.

ACCIDENT AT NEW HAMBURG.—A man employed on the new brick school-house was seriously injured on Tuesday, by the scaffolding giving way. He fell about 30 feet.

LARGE YIELD.—Mr. John A. Hill of Pilkington, has a very heavy crop of bread-wheat. When threshed it turned out 40 bushels to the acre of nice plump grain. He sold the most of it for seed.

HOME AGAIN.—Mr. James Millar, Guelph; Mr. Robert Lydon, Paisley Block, and Mr. and Mrs. John Richardson, Garafraxa, arrived in Guelph on Tuesday evening from their visit to the old country. We are indebted to Mr. Millar for late Scotch papers.

FIRE AT WINDSOR.—Early on Tuesday morning a fire broke out in the store of J. H. Bradshaw, in Windsor, and before it could be got under control seven buildings, besides some out-houses, were sacrificed to the destroying element. The value of the property destroyed is estimated at about \$36,000, on which there is upwards of \$15,000 insurance.

MRS. CASS'S CHILDREN.—These children—two girls and a boy—whom reference was made at the Council meeting on Monday evening, were sent home to Chicago on the morning train to-day (Wednesday). They were furnished with through tickets, and instructions were given to the conductor to see that they were properly cared for, and shown from one train to another. The eldest girl is only about ten years of age, and such a long journey will no doubt be very tiresome to the little wailer, who will have to travel without either of her parents.

The town authorities have acted very generously in this attending to these children, whose mother will not be released from jail until the 10th of October. They will arrive in Chicago at about nine o'clock to-morrow (Thursday) morning.

FOUR YEARS AGO.

It is just four years ago to-day since the Fashionable West End became an established institution on Upper Wyndham Street. At that time, many of the business men in town ridiculed the idea of doing a successful retail Dry Goods business here as absurd, it not altogether foolish. By industry, perseverance, and a determination to succeed, we have dispelled those fears to such an extent that those who were loudest in their prophetic denunciations are now beginning to think there are worse places than Upper Wyndham Street, and are rather inclined to wish themselves up this way.

By the same means we have established a business second to none in town. From the day we opened up to the present, we have enjoyed a steady and regular increase in our sales, the last week being the best we have ever had. For these satisfactory results we feel our indebtedness to the inhabitants of the town of Guelph and surrounding country, and desire to convey to them our very best thanks. Encouraged by the past and fully realizing the fact that the trade is rapidly concentrating on Upper Wyndham Street, we enter upon our fifth year with strong resolutions to do our utmost to merit the continued support of all our old customers, and to secure as many new ones as possible. We were never in a better position to give our customers satisfaction than we are for the Fall of 1874. Constantly increasing facilities enable us to take advantage of every favourable turn in the markets, and confident that no one can do the trade better than we can, we have determined this Fall by an unusually grand display of Cheap Goods to satisfy every one that there is no better place in which to make purchases than the Fashionable West End.

**AGENTS WANTED IN EVERY TOWN.**

A Roof may be covered with a very cheap shingle, and by application of this slate may be made to last from 20 to 25 years. The expense of slating new shingles is only about the cost of simply laying them.

**The Paint is Fire-Proof**

against Sparks or Flying Embers, as may be easily tested by anyone, and appears from the fact that Insurance Companies make nearly the same Tariff as for Slated Roofs. For Tin and Iron it has no equal, as it expands by heat, contracts by cold, and NEVER CRACKS NOR SCALES. For Fences it is particularly adapted, as it will not corrode in the most exposed places. Roofs covered with Tar Sheeting Felt can be made water-tight at a small expense. The Slate Paint is

**EXTREMELY CHEAP!**

Two gallons will cover over 100 square feet of shingle roof, or over 400 of tin or iron. **No Tar is Used in this Composition,** therefore, it does not effect the water from the roof, if turned off from the cistern before the first few rains. On Decayed Shingles it fills up the holes and pores, hardens them, and gives a new, substantial roof that will last for years. Curled or Warped Shingles it brings to their place and keeps them there. It fills up all holes in tin or felt roofs, and **STOPS THE LEAKS.** The color of the slate when first applied is dark purple, changing in about a month to a light uniform slate color, and, in, to all intents and purposes, **SLATE.** The Paint has a very Heavy Body, but is easily put on, and, although a slow dryer, rain will not affect it in the least one hour after applying.

**ENGLISH POSTAL STATISTICS.**—In London there are no less than one thousand six hundred post offices or other receptacles for letters, and from many of these post offices letters are collected and distributed sixteen times a day. The total number of letters posted in the United Kingdom last year was over nine hundred millions; newspapers, book packets, &c., bring up this number to about one-third more. In the Savings' Bank Department, more than a million and a half depositors have in keeping over twenty-one million pounds sterling. The revenue of the Department shows a very large increase, and as the expenses have not increased in the same proportion, the net profit to the Government has advanced to the highly respectable sum of \$8,000,000. On the whole, the British Post Office may be safely said to be still far ahead of any similar institution in other countries.

**WANTS A TENANT.**—Mr. Champlain, Governor of the Huron jail, is sadly in need of a tenant. The establishment is completely vacant, as regards prisoners. So says the Star.

**WINNIPES ITEMS.**—New hay is selling at \$2 per cart load, and new potatoes at \$1 25 per bushel.

**BREAKFAST.—Epps's Cocoa.**—GRATEFUL AND COMFORTING.—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which will save us many heavy doctors' bills. —*Civil Service Gazette.* Made simply with boiling water or milk. Each packet is labelled — "James Epps & Co.", Homoeopathic Chemists, London. — 15-9m

Freezing salmon in summer for winter use, and the artificial breeding of terrapin, are among the most recent of ingenious contrivances for permanently supplying New York with delicacies hitherto only occasionally attainable.

**HAVE YOUR CLOTHING MARKED.**—In a lifetime it will save you many dollars and afford much gratification. Payson's Indelible Ink is indispensable for the purpose; it needs no preparation, it will not injure the finest fabric and can be used with a common pen.

**Special Notices.**  
**IT IS OF THE UTMOST IMPORTANCE** that a remedy intended for popular use should be not only thoroughly reliable and scientific, but incapable of producing dangerous results. The treatment of old lingering complaints is necessarily protracted, and if deleterious drugs are taken into the system for a long time, they may accumulate and do more harm than good. Dr. Wheeler's Compound Elixir of Iodine and Gaiassia, containing elements of the tissues, repairs diseased bone, muscle and nerve, and renews constitution and vigor in the same manner as our daily food, with no more liability of injury. It may be taken in all forms of debility in the young or aged, with positive certainty of permanent benefit.

**The Simplest, Cheapest, and Best Marking Apparatus in the World**

**PAYSON'S INDELIBLE INK.**  
Used with a Common Pen without a preparation.

This ink flows perfectly; will write as easily on the finest muslin as ink on paper. It does not dry up, and retains its virtues longer than any other ink known. It will not injure the finest fabric. PAYSON'S INK has endured the test of forty years, and is now the most popular ink in existence, and is unrivalled for uniformity of quality and durability. It will mark more neatly, quickly and indelibly than any other apparatus. It requires no preparation of the fabric.

**Co-Operative Store.**

On reference to all our advertisements since commencing business in Guelph seven years ago, it will be seen that we never offered "To Slaughter Goods," "To Sell at Half Price," "To Sell at a Great Sacrifice Irrespective of Cost," "To Sell 50 per cent. under other Houses," "To Keep the Largest and Best Stock in the Dominion."

We have carefully abstained from exaggeration, giving facts and figures only, leaving it to the buyers to judge for themselves.

Our aim has been to buy low, sell cheap to increase our sales, to allow no house to undersell us, to give our customers a share of profits, and make only one price.

The result has been that we have done a steady, prosperous, and increasing business, retaining old and obtaining new customers. Some left us to obtain goods "at half price," but soon returned, as "actions speak louder than words." Hence we will continue to conduct our business on the same principle.
