TWO PLEASANT SLEIGH DRIVES

Beeler & Peters Entertain Visitors at Their Lumber Camps at Paradise and Dalhousie

Wednesday night a party of six of Bridgetown's business men enjoyed a trip to Beeler & Peters' lumber camp back of Paradise, the guests of Mr. A. L. Beeler of that well known firm which is carrying on the largest lumbering operations at its various camps and mills in the history of the firm whose business prospects for 1921 are excellent.

At the Paradise camp supper was served by Steward Balcolm in his usual pleasant manner, his cooking being hard to surpass in any other camp in the county. After supper violin music, songs, humorous sayings and cards were enjoyed until a late hour, the drive both ways with "Wallace," a former Lunenburg skipper, at the helm, being much enjoyed.

Those present on this drive were Messrs. A. L. Beeler, R. V. Arnold, O. P. Covert, O. S. Dunham, Wm. Anthony and W. E. Reed.

Friday night the officers and members of the Irrigation Club were entertained at the Dalhousie camp by Mr. J. W. Peters, of the same firm, who is also a member of the club.

After supper, which was cooked by Steward Tompson, the greater portion of whose life has been spent on the deep blue sea in vessels sailing out of Annapolis Basin ports in the West Indies and coasting trades, and who like Steward Balcolm, is the right man on the job, after-dinner speeches were made by the Honorary President, President and others, and new members sworn in and duly initiated. Cards were enjoyed for a little while. Votes of thanks were regularly tendered Mr. Peters, the cook and others who were responsible for the pleasant outing.

Notwithstanding the cold night the drive both ways was much enjoyed by the dozen who were present and with "Arthur" at the reins the span of horses, although not fast, were faithful and handled their big load in good shape. For it is said that the combined weights of the dozen who were there would compare favorably with any 12 men in the county. Even "Eddie's" weight is said to be increasing since February 1st. The Club's ecologist is as fat as ever and while he is as popular serving steak as he is reciting a poem, his latest, "The Travelling Man," brought down the house.

Little can be done without a messenger on such occasions to relieve the grace situation which sometimes occurs by the neglect of a marshall when the team passes through mires up to the hills. It is then that walkers are in evidence who encounter millers even on cold nights which is said to have done 'em in a manner that sand does the ice in front of Magee & Charlton's Hardware store.

ANOTHER GOOD PICTURE

The Selznick Picture starring Olive Thomas is the feature attraction for the Primrose theatre next Monday and Tuesday. The feature is entitled "Youthful Folly" and in it Miss Thomas appears as both star and author. She not only plays the leading role but is solely responsible for the plot which is developed by the action.

"Youthful Folly" is a story of domestic intrigues and as such might be called a society drama. It has, however, a world of action which puts it in the class of the refined melodramas which now are the preferred form of entertainment. There is a lively, fictitious encounter and the big climax is brought about when a jealous husband makes a murderous attempt upon his rival and seriously wounds an innocent party.

Crawford Kent appears in leading support of Miss Thomas and other important members of the cast are Helen Gill, Hugh Huntly, and Harry Truesdale.

They chose Remington Typewriters because of their experience with other makes and wanted the best machine.

Quite a number of young people met at the home of Mr. and Mrs. C. Thomas, Feb 10th, the occasion being their daughter, Mary's 16th birthday. A very pleasant evening was spent in games and music.

Hantsport news: Capt. Andrew McDonald is home, his steamer being laid up at Digby. Capt. and Mrs. McDonald left yesterday for an extended trip through different parts of Canada. They intend visiting their two daughters Mrs. Hastings and Mrs. Smith, at Woodstock, Ont; before returning home.

Mr. H. R. Mathewson assistant general agent of the C. P. R. passenger department in Chicago has our thanks for late Chicago newspapers and magazines. Few railroad officials could be more popular than Mr. Mathewson and we wish him continued success.

Place a power plant at Paradise Falls at a cost of not more than \$40,000 and with the vast amount of storage facilities for water it would run the whole proposed system and furnish power for small industries which ought to be much cheaper than Gasoline or Coal Oil.

And with the last proposition take over the Beckwith plant and use it in case of emergency as there might be a dry season when it might be needed. This should insure a first class system for all time.

I know, Mr. Editor, that I am encroaching on your space and it is only possible at present to give a synopsis of the case but hope the matter will receive the just notice it deserves and as we have two good members to represent us at Halifax we hope they will act without fear or favor and help bring about legislation that will be a fitting tribute to their memory and for the benefit of the future generation.

Thanking you Mr. Editor for the space.

HYDRO ELECTRIC COMMISSION

Valuable Suggestions Offered by a Correspondent Concerning the Proposed New System

To the Editor of the MONITOR

DEAR MR. EDITOR: Will you kindly allow me space in your valuable paper to make a few suggestions regarding the proposition as sent out by the Hydro Electric Commission. The report is as follows:

First that the Government take over the Beckwith plant now in operation near Bridgetown at a cost of \$35,000 less \$7,500 for line if I remember correctly. As to the proposed figures it is for the public to judge for themselves. As this plant has been in operation some time why should this plant be worth as much today as it was fifteen years ago when it was practically new. However, let that be one way or the other it seems to be a pity that there could not be a fair valuation put on this plant which 0 there may be, and for once in the administration of public utilities exclude the nigger in the fence.

Secondly it is proposed to take over the Lawrence town Electric plant for the sum of \$5,000 or near that amount. These figures do not seem excessive but what benefit would it be outside of Lawrence town as in a wet season there does not seem to be power sufficient to much more than turn the lights red. Of course in taking over this plant it might relieve the financial burden of the tax payers and distribute it on other sections. The public will draw their own conclusions.

And as to building a line only from Bridgetown to Lawrence town, through Paradise this does not seem to be a paying proposition as it would not include enough territory to make it worth while putting up a line.

And in the first proposition it might be a serious question whether in a dry time there would be enough water to run the proposed system especially if the rates were such that double the people would use the lights which would certainly be the case if the licat could be furnished at say 12 cents per K W hour and it should if the amount of territory was opened up.

As I have tried to show up some of the difficulties in the way of the proposed system let us turn in another direction and come down to solid facts. I will now make a proposition that should meet the approval of every fair minded man or woman mapped out as follows:

Beginning at Ledge Hill, South Williamston, thence west crossing at Bridgetown, thence East along the Main road to Brickton then crossing at Paradise to Clarence West as far as Beacomfield, then East to Brooklyn, this would take in one of the most prosperous sections of Annapolis County or it could be extended further if the people required it.

Now you may naturally ask where the power is coming from? That is very easily decided as follows:

Place a power plant at Paradise Falls at a cost of not more than \$40,000 and with the vast amount of storage facilities for water it would run the whole proposed system and furnish power for small industries which ought to be much cheaper than Gasoline or Coal Oil.

And with the last proposition take over the Beckwith plant and use it in case of emergency as there might be a dry season when it might be needed. This should insure a first class system for all time.

I know, Mr. Editor, that I am encroaching on your space and it is only possible at present to give a synopsis of the case but hope the matter will receive the just notice it deserves and as we have two good members to represent us at Halifax we hope they will act without fear or favor and help bring about legislation that will be a fitting tribute to their memory and for the benefit of the future generation.

Thanking you Mr. Editor for the space.

I am Yours Respectfully,

GORDON-PROV. UNITED CHURCH

The Regular Quarterly Meeting of the District Will Convene at Middleton this Afternoon

The regular quarterly meeting of the Annapolis District will convene in Middleton this Wednesday afternoon. Representatives from this Circuit, the Ministers, Rev. Dr. Jost and Messrs. Fred E. Bath and Edward A. Hicks. The next meeting of the Halifax Presbytery will be held in Fort Massy Church, Halifax, on Tuesday March 1st. Representatives from G. P. U. Church, the Minister and Mr. A. Owen Price.

The W. M. S. of the town church is invited to meet at the home of Mrs. M. E. Armstrong, Tuesday, March 1st. On the same day the Granville and Benville ladies will meet at the home of Mrs. Archie Troop and Mrs. Fenwick Inglis respectively.

Last Wednesday evening in the Mid Week Service, Sunday School program were discussed and the programme of Evangelistic activities suggested by the International S. S. Association, and Denominational Boards, was endorsed and recommended to be adopted by our S. S. At the subsequent meeting of the officers and teachers this was done.

On Friday evening the attention of those present at the meeting of the E. L. of C. E. was focused on the subject of English Novelists, and very interesting papers read and commented upon.

The Tuxis boys and C. G. I. T. had their usual sing at the close of the public meeting. Their talented musical director, Miss Gladys Newcombe, is having great success in her efforts to develop their vocal ability that we predict the day is not far distant when G. P. U. Church will have a Junior choir of which it will be justly proud.

The meeting of the Tuxis Square held immediately after was well attended. Mr. J. T. Archibald's faithful and efficient work as Mentor being reflected in the fine spirit manifested by this groups of Christian boys known as the Tri Mus.

These boys and the C. G. I. T. had an enjoyable sleighing party on Saturday evening, accompanied by their leaders, Mrs. H. S. Magee and Mr. J. T. Archibald. The teams were provided by the Messrs. Price. At the home of Mr. W. B. Price the party was most hospitably entertained.

An every canvass of the Congregation is in progress in the interest of the Current account, and the reports are most gratifying, the people responding with their usual loyalty and liberality. Duplex envelopes have been introduced.

The minister will continue his present course of evangelistic sermon during the season of Lent Sunday and Wednesday evenings, to which services all are most cordially invited.

The emphasis is placed on an Evangelist pulp and a praying and working Church and an atmosphere of splendid optimism pervades the entire Church.

Mrs. C. C. Saunders made a short trip to Granville Ferry last Wednesday.

Mr. Whyllie Stronach is now on the sick list. We wish him a speedy recovery.

Mrs. Stanley Marshall has returned from visiting her daughter, Mrs. Charles Lockhart, at Falmouth, and is now on the sick list.

Mr. W. N. Stronach met with an accident one day last week when a large limb fell partly on him cutting his head quite badly. He also sprained his ankle.

Mr. Reed Blair, who has been spending the past few weeks with his daughter, Mrs. C. O. Saunders, went to his home in Granville Ferry last week and goes to Boston on Friday.

Joseph Hersey, of Digby, one of the crew of the Yarmouth fishing schooner Patrick and Michael, was landed at Barrington Tuesday, sick, and taken to the hospital in Yarmouth.

TUXIS BOYS' PUBLIC DEBATE

Bridgetown Will Meet Middleton in the Court House Next Friday Evening at 8.45

As intimated in our last issue we give to day particulars of this important event for the information of the public:

1. The debate will be held on Friday evening next Feb 25th and not on Saturday as previously announced.

2. It will be held in the Bridgetown Court House.

3. The Middleton debaters will arrive on noon train but in order to give their supporters who cannot come until the "Owl train" an opportunity to be present, proceedings will not begin until 8.45.

4. This exemplifies the Tuxis Spirit.

5. It will also permit all Church activities usual to Friday evening to proceed about as usual and yet enable their patrons to be also present at the Court House in due times.

6. In order to meet certain unavoidable expenses a small admission will be charged viz, 10c to all pupils enrolled in the Public School and 15c to the general Public.

7. The subject for debate is "Resolved that a Legislative Union of the Maritime Provinces is advisable."

8. The affirmative side of this proposition will be argued by Middleton who will be represented by Messrs Herbert Davidson (Moderator), Karl Messenger and Cyril Joudry.

9. The Negative side will be argued by Bridgetown who will be represented by Messrs Jas. Fay (leader), Maurice Armstrong and Chas Longmire.

10. Judging by reports appearing in the Halifax Press the Middleton boys are trained to the minute for this fray.

11. We shall be disappointed if the Bridgetown boys do not prove worthy opponents.

12. The winners of this contest will meet Digby boys about a month hence and thus decide who is to hold the Trophy presented by Mr. A. L. Davidson, M. P.

13. The Judges for this debate will be Mr. Lenfest Ruggles, of Annapolis on behalf of Middleton and Haddon Balcom, of Paradise, on behalf of Bridgetown. These two are to choose a third who will not be a resident of either town.

14. This is the first contest of this kind on these lines ever to be held in Bridgetown.

15. An exceptionally interesting evening may be confidently anticipated.

16. It therefore behoves the citizens of Bridgetown and neighbourhood to fill the Court House on Friday Evening with the most enthusiastic crowd ever assembled.

GRANVILLE CENTRE

Mrs. Elizabeth Craig, Victoriavale who has been the guest for two months of her daughter, Mrs. A. F. Baltzer returned to her home on Wednesday.

WORKS BOTH WAYS

(London Ideas)

"Bothered with time wasting callers, are you? Why don't you try my plan?" asked the first.

"What is your plan?" said the second.

"Why, when the bell rings I put on my hat and gloves before I open the door. If it proves to be someone I don't want to see, I say: "So sorry, but I'm just going out."

"But suppose it's someone you want to see?" asked the second.

"Oh, then I say: "So fortunate, I've just come in," said the first.

MOSCHELLE

Mr. John Bartheaux, of Kingston, Ont. arrived on Tuesday last to visit his grand parents, Mr. and Mrs. G. A. Bartheaux.

Mr. Henry Buckler and daughter, Miss Elva Buckler spent Feb. 10th with Councillor W. A. and Mrs. Marshall, Upper Clements.

Mr. and Mrs. Harold Ritchie and Mrs. R. Dargie returned from Millville on Wednesday owing to the sudden illness of their sister, Evelyn Ritchie.

PRINCEDALE

School reopened Monday with Miss Cossaboom, of Tiverton, in charge.

Mrs. Harold Fish and daughter Dorothy have returned from Halifax.

Mr. Wm. Hern spent the week end with Mrs. Hern at Mr. Gardener Wright's.

Mrs. Forman Wright returned Wednesday from a visit with relatives in Clementsvale.

Mr. Dennis Wright has gone to New Ross to take charge of the school for the remainder of the term.

HE KNEW

A schoolmistress asked her class to explain the word "bachelor" and was very much amused when a girl answered, "A bachelor is a very happy man."

"Where did you learn that?" asked the mistress.

"Father told me," the little girl replied.

Marine News

Schooner Loren B. Snow landed 65,000 pounds of fresh fish at Liverpool this week.

Clarence Riley, Hantsport, an engineer on the barge Daniel M. Munroe, has been spending a few days at his home and returned to Digby last week to join his ship.

Clarence Peter, of Westport, passed a marine examination last week before Capt John E. Murphy and was granted a mate's certificate in the coastwise trade.

The large barge David Munroe which arrived at Digby from New York last Friday, will lay up there for the balance of the winter or until navigation opens up the Bay.

The week's total fish landing out of Liverpool has landed at the Queen's wharf a total of about 200,000 of fresh fish, consisting mostly of haddock, the balance being cod, with a small percentage of cusk and hake.

The Annapolis Royal schr. A. W. Longmire, which since her launching two years ago has been sailed by Capt A. W. Longmire, is laid up for a few weeks in Yarmouth. Capt Longmire came to Digby and is relieving Capt Ansel Snow on the schr Dorothy G. Smart.

Because of the storm in the Bay of Fundy on Saturday, the Manchester Shipper did not leave St. John for Halifax. The C. P. R. steamer Empress for Digby did not venture out of St. John on Saturday and the Manchester Hero also remained in port there.

The steamer Liberty, 6,119 tons gross, in command of Captain Charles A. Abbott, of Yarmouth, is in Boston, after a long trading trip to Australia. She brought 6,000 tons of general cargo, of which 1,500 tons is consigned to a Boston firm. The remainder of the cargo, including 700 tons of chrome ore, will be unloaded in New York.

Captain John Walsh, of Digby, is master of the steamer Willdomine, 5,755 tons gross, which put into St. Michael's with fire in bunkers and cargo in forehold damaged. The fire was confined to the fore compartment. The ship is bound from Genoa for Norfolk and was in Halifax last year for repairs under another captain.

The new Brigantine town schooner Ronald C. Longmire, now at Bermuda from Digby with box shoeks will after discharging at that place proceed to Mobile, where she has been chartered to load hard pine for St. Thomas. After delivering that cargo the schooner will go to Turk's Island and load salt for Meteghan. In addition to the above the owners also have some good business offering for the trim little three master after her salt cargo has been discharged.

On her second trip in the coastwise service from Yarmouth, the steamer Bernard M. Captain Kirkerson, arrived at Halifax Friday, her last port of call being Lunenburg. Leaving Yarmouth she had a large freight for Lockeport, Shelburne, Liverpool, and Lunenburg. The Bernard M. is taking in freight at the wharf of her agents, Hendry, Limited, for the return trip. This boat is partially owned by Bridgetown parties. We wish her every success on her new route.

Annapolis Spectator: Two schooners arrived Wednesday in evidence that Annapolis Royal is an always open winter port. One is the large 3 master Stewart T. Salter, with hard coal from New York for Mrs. Fisher, of Bridgetown, which will be forwarded by rail under direction of Geo E. Corbett, and the other is the M. S. Kenner, 63 tons, Capt Vernon D. Kenner, from Portland, Me., with fish for Robin Jones & Whitman. The latter vessel calls from Barrington Passage and may be laid up for the rest of the winter.

From reports being received at Shelburne from outlying districts it looks as though the lobster fishing will be prosecuted with much more vigor than in previous years. Almost every place sends word that

the number of traps to be put out will be larger than usual. One small section reports seven hundred more traps than last year. One good thing is the fact that traps are costing a little less this year, but there is plenty of room still for a very substantial drop in the cost of the same.

The fresh fishing fleet of Yarmouth is growing. With the launch of the schooner Patrick and launch of 140 feet overall and 192 tons gross, Yarmouth will boast of the largest fresh fisherman in the Canadian fleet. A slightly smaller vessel will be launched in the spring of 1921. The fleet had a successful season during 1920 landing and shipping fish to the United States market. A growing business is being done with inland Canada. The need of an up to date cold storage is badly needed for the development of the industry.

WILL STRIKE THE MOON

First Rocket Will Start in the Early Summer on trip to the Moon

A Worcester Mass., despatch says: First trials of the rocket which is hoped will reach the moon will be held early this summer. It is announced by Prof. Robert H. Goddard, of Clark University, the inventor. It will be designed so it will give off a flash when it strikes that will be seen from the earth. The Smithsonian Institution is financing him up to \$5,000. Beyond this he is forced to finance himself, and he frankly states that he hopes some one sufficiently interested will give aid.

The propelling force of the rocket would be smokeless powder. The gases would be ejected from the rocket at high velocity, and with each successive explosion the rocket would be boosted higher. He explained that to reach an altitude of twenty-five miles a rocket weighing twenty-five pounds would be necessary. Of the total weight about seventeen pounds would be powder.

He calculates that with an initial mass charge weighing 6,436 pounds he could cause an explosion on the surface of the moon large enough to be seen from the earth through a telescope. This rocket would travel 6,000 or 7,000 feet a second.

OUTRAM

Choppers seem to be the order of the day in this place, instead of dances. A number of the young folks attended the P. Social at Port Lorne on Thursday evening last.

Miss Doris Healy spent a few days recently at Port Lorne, guest at Mr. and Mrs. Iversel Banks.

Mrs. Beatrice Ritzen has returned home after a pleasant visit the guest of her sister, Miss Susie A. Bent.

Misses Vera Graver and Susie Banks, Port Lorne, were visiting their friend, Mrs. Doris E. Healy, one day recently.

Mrs. Wm. Bent returned home Wednesday after a week's visit with her sister, Mrs. Frank Marshall, at Middleton.

Mrs. Silvia Sloucm spent a few days last week the guest of her sister, Mrs. G. B. Hines and other relatives at Mt. Hanley.

PRINCEDALE

Mr. Lorin Wright spent the week end at Waldec West.

Mr. Ervin Dondale spent the week end with his family here.

Mr. and Mrs. Manning Dondale spent Sunday at the home of their son William at Milford Corner.

A pleasant evening was spent by a number of the friends of Mr. S. B. Beeler at his home on Monday evening Feb 14, the occasion being his birthday anniversary.

PAPE'S DIAPHRAGM ENDS INDIGESTION

"Pape's Diaphragm" has proven itself the surest relief for Indigestion, Gases, Flatulence, Heartburn, Sourness, Fermentation or Stomach Distress caused by acidity. A few tablets give almost immediate stomach relief and shortly the stomach is corrected so you can eat favorite foods without fear. Large case costs only few cents at drug store. Millions helped annually.

THE DAILY MISERY OF ILL-HEALTH

Three Years of Suffering Quickly Relieved by "FRUIT-A-LIVES"

MR. GASPARD DUBORD

"For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine and faithfully carried out his instructions; but I did not improve and finally the doctor told me I could not be cured. At this time, a friend advised me to try 'Fruit-a-lives' and I did so. After taking two boxes of 'Fruit-a-lives', I was greatly relieved; and gradually this marvelous fruit medicine made me completely well. My digestion and general health are splendid—all of which I owe to 'Fruit-a-lives'."

A REAL LIVE TESTIMONIAL

Given to Professor Hamilton, of Hampton, N. S.

Doucet Lake, Digby Co., N. S. This is to certify that I was afflicted for a long time with chronic diabetes. Tried doctors in the states and home receiving but little benefit: so on arrival of Prof. Hamilton my suffering day and night is past describing I oftentimes locked myself in my room so no one would see my suffering. I sent for the Professor and can truly say that he saved my life and for the past year am doing my own house work, feeling cured. My husband suffered stomach trouble for 18 years trying doctors with no result. The Professor cured him two years ago. I highly recommend his treatment to the sick knowing all who try will not try in vain, but receive health which is before great riches.

LUXURY ORGY OF WAR TIMES MEETS SAD END

Baillif Has Over \$40,000 of Motor Cars

According to the Borders Cities' Star many citizens are feeling the effects of luxuries purchased during the prosperous years just passed when money and employment were easy to get, and this opinion was borne out by divisional court baillif Frank St. Louis in a recent interview with the Star.

At the present time Mr. St. Louis has over \$40,000 worth of automobiles which have been seized for non payment by the purchasers. The cars are of many sizes and makes. Among the twenty or more cars the baillif has which will be sold at public auction is only one Ford, the rest of the cars being larger and higher priced.

EASY

A little girl timidly asked the drug clerk for a package of pink dye. "What do you want it for?" responded the clerk. "Woolen or cotton goods?" "Neither," said the child. "It's for my mother's stomach. The doctor said she'd have to diet, and she wants it a pretty color."

PLEASE PASS THE APPLES

When every pool in Eden was a mirror
That unto Eve her dainty charms proclaimed
She went undraped without a single fear or
Thought that she had need to be ashamed.

'Twas only when she'd eaten of the apple
That she became inclined to be a prude
And found that evermore she'd have to grapple
With the much debated problem of the nude.

Thereafter she devoted her attention,
Her time, and all her money, to her clothes.
And that was the beginning of Con-vention,
And Modesty, as well, I do suppose.

Reacting came about in fashions recent
Now girls conceal so little from the men,
It would seem that in the name of all that's decent,
Some one ought to pass the apples round again.

AN OLD TIME VALENTINE

It is somewhat dimmed and faded
With the passing of the years,
It is quaint and out of fashion,
Its rhymes of "hopes and fears".

It is edged with paper laces, tied with ribbons pink and blue,
With a wreath of dainty roses, and some bright eyed pansies, too.

Cupid, with his bow and arrows, in the place of honor stands,
With a little heart shaped missive, held within his tiny hands;

Just a simple little message, formed in letters old and queer,
With a lover's knot above it—just these words, "I love you, dear!"

Yes, 'tis out of date and faded, it is quaint and queer and old,
Paper lace is out of fashion—so are lovers' knots of gold.

Let them change the form and pattern, turn and alter as they will—
But there's one device, I notice, that is quite the fashion still—

Good St. Valentine retains it for his use from year to year,
Just the same old fashioned message—just the words, "I love you, dear!"

THE STATESMAN

The statesman throws his shoulders back and straightens out his tie,
And says "My friends, unless it rains the weather will be dry."
And when this thought into our brains has percolated through,
We common people nod our heads and clearly cry, "How true!"

The statesman blows his massive nose and clears his august throat,
And says, "The ship will never sink so long as it's afloat."
Whereat we roll our solemn eyes, applaud with main and might,
And slap each other on the back, the while we say, "He's right!"

The statesman waxes stern and warm, his drone becomes a roar,
He yells "I say to you, my friends, that two and two make four!"
And thereupon our doubts dissolve, our fears are put to rout,
And we agree that here's a man who knows who he's about.

VERSES WITH A MORAL

Mary had a little cold
That started in her head,
And everywhere that Mary went
That cold was sure to spread.

It followed her to school one day,
THERE WASN'T ANY RULE;
It made the children cough and sneeze
To have that cough at school.

The teacher tried to drive it out,
She tried hard, but kerchoo!
It didn't do a bit of good,
For teacher caught it, too.

ABLE TO DO HER WORK

After Long Suffering Mrs. Peasey Restored to Health by Lydia E. Pinkham's Vegetable Compound

Toronto, Ont.—"I suffered with irregular menstruation, was weak and run down, could not eat and had headaches. The worst symptoms were dragging down pains, so bad I sometimes thought I would go crazy and I seemed to be smothering. I was in this condition for two or three years and could not seem to work. I tried all kinds of medicines and had been treated by physicians but received no benefit. I found one of your booklets and felt inclined to try Lydia E. Pinkham's Vegetable Compound. I received the best results from it and now I keep house and go out to work and am like a new woman. I have recommended your Vegetable Compound to my friends and if these facts will help some poor woman use them as you please.—Mrs. J. F. PEASEY, 387 King St., Toronto, Ontario.

If you are one of these women do not suffer for four or five years as Mrs. Peasey did, but profit by her experience and be restored to health.

A Warm Store A Cold Draft

The man or woman behind the counter is in constant danger of contracting colds.

An overheated store, and the drafts from the continually opening doors—that's what causes it.

SHARP'S BALSAM

of Horchound and Anise Seed—a winter health preserver for indoor workers—is the most reliable remedy for all such conditions.

It almost instantly remedies incipient colds, and affords quick and grateful relief in more chronic cases, finally completely correcting the condition.

The popular cold remedy for 70 years. At all drug and general stores, 25c. The Canadian Drug Co., Limited, ST. JOHN, N. B.

A Quick Relief for Headache

A headache is frequently caused by badly digested food; the gases and acids resulting therefrom are absorbed by the blood which in turn irritates the nerves and causes painful symptoms called headache, neuralgia, rheumatism, etc. 15 to 30 drops of Mother Selge's Syrup will correct faulty digestion and afford relief.

PAINFUL ACCIDENT

Harvey S. Buckler, of Somerville, Mass., who has been in poor health the past year and has been staying with his brother Frank P. Buckler of Dalhousie, received a painful injury to his foot by the accidental discharge of a gun severing the toe next to the great toe on his right foot.

HOCKEY MATCH AT MIDDLETON

On Saturday, the Bridgetown Sub-Junior Hockey team played a hard-fought game in the covered rink, Middleton, winning 8 to 4.

Considering the amount of practice, they put up a very good game. Irvin Burns did heroic work in goal.

The rest of the team: Harold Bates, Dennis Mack and Jack Lockett, gave a very good account of themselves.

A return match will probably be played at Bridgetown in the near future.

PLEASANT SLEIGHING PARTY

The Tux's Boys of Gordon Providence United Church, accompanied by school teachers and C. G. I. T. girls had a very pleasant sleigh ride Saturday evening. After going around Paradise they stopped for a short time at Mr. W. B. Price's. After a few games and doing justice to the refreshments they set out for home.

THE ODDFELLOWS' HOME FUND

Next Tuesday evening the members of Autumn Leaf Rebekah Lodge, I. O. O. F., will hold a box or basket social in their lodge room, Bridgetown for the benefit of the Oddfellows' Home Fund. While the public is cordially invited, it is the duty of every Odd-fellow to be present and thereby render financial assistance to this worthy object.

CHRISTIAN SCIENCE OF PRAYER

Continuing his course of sermons on "The Christian Science of Prayer" in St. James Church on Sunday evening the Rector suggested the following as some of the causes which prevent prayer becoming a power in the life: The obstruction by man of his own shadow, failure to recognize the vital connection between right thinking and right praying; the harbouring of unkind thoughts; "Moods". Next Sunday the subject will be "The Importance of Doors and a Right Aim."

N. S. BAR SOCIETY

There was the largest attendance of twenty years at the annual meeting of the Nova Scotia Bar Society held in Halifax last week. W. J. O'Hearn, K. C., was elected president for the coming year. Lewis Chipman, K. C., Yarmouth; F. W. Nichols, Digby; Hon. H. H. Wickwire, K. C. Kings and John Hood, of Shelburne were among those elected to the council.

Local Happenings

The Assessment Appeal Court met in the council chamber yesterday.

Next Friday the St. James Church Organized Bible Class will meet at 7.30 instead of 8 o'clock.

Mr. Wheelock Marshall, of Clarence, has two new visitors, twin steer calves. They are Durhams and give the promise of one of the handsomest yokes of oxen in this country.

The Third Degree will be conferred on a candidate in Crescent Lodge, I. O. O. F., to-morrow (Thursday) evening. It is important that the full degree team be present.

Owing to the big snow storm which hit the D. A. R. tracks trains were considerably delayed on Monday, and yesterday the expresses were also somewhat behind the regular schedule.

The officers and members of the World Wide Guild gave a splendid entertainment which was much appreciated by the audience in the Baptist Church last Thursday evening.

Monday morning Bridgetown's streets were badly filled with snow, the worst of the season. The chairman of the street committee and Supt Goldsmith were right on their jobs and the sidewalks and streets were soon cleared and traffic resumed normal.

The Annapolis Spectator says: "The hard coal now landing here from the schooner Stewart T. Salter is certainly a fine article and consumers who would for it to arrive are glad they did." This refers to the cargo of coal owned by Mr. E. L. Fisher, a portion of which is being brought to Bridgetown via the D. A. R.

DAY OLD CHICKENS IN NOVA SCOTIA

The Poultry Department of the Agricultural College has completed arrangements to secure several thousand day old chickens for Nova Scotia Farmers and Poultrymen. These chickens are to be shipped direct from the Hatcheries to each person ordering in Nova Scotia. The expressage will be prepaid but there is no duty on the chickens when they are to be used for breeding purposes.

The breeds that may be selected and cost per chicken are as follows: S. C. Rhode Island Reds, 31c each. Barred Plymouth Rocks 31c each. White Plymouth Rocks 31c each. White Wyandottes 31c each and S. C. White Leghorns 30c each which includes expressage and delivery to nearest express office. The chickens will be shipped direct from the Hatchery to the person ordering them. Shipments will be made between March 15th and June 1st. In sending orders state about the date when chickens are required to be shipped. The Post Office address and nearest express office must be given with each order.

The safe arrival of the chickens is guaranteed by the Hatchery or the money will be refunded by them. It is important that the box of chickens be opened and examined at the express office before taking delivery. If they do not arrive in good condition and several are dead or in dying condition have express agent endorse this on receipt which should be obtained from express agent. Return this receipt within seven days and this firm will refund the amount paid for the chickens or replace the dead chickens. This must be done promptly after arrival of chickens. If return of express agent's receipt is delayed longer than seven days the guarantee to refund or replace does not hold good. Notify nearest Customs Officer so as to avoid delay in recording entry of chickens when they arrive.

These chickens are from specially selected stock which has been inspected by the United States Inspector for Poultry diseases and have been pronounced free of all diseases. They are represented by this firm to be of extra vigorous stock, have been tried in Nova Scotia the past four years and have given very satisfactory results in growth and production.

This is a splendid opportunity by clubbing together to obtain some first class poultry for egg production next season and thus go into profitable production of more eggs and poultry.

Cash in Canadian currency must accompany all orders for these chickens and must be in the hands of the Manager of the Poultry Department, Agricultural College, Truro before May 1st. No orders will be accepted after this date.

All orders for these chickens accompanied by cash amount of order to be addressed to J. P. Landry, Agricultural College, Truro, N. S.

LOCAL DEATH ROLL

MRS. JOHN S. MURPHY

Early Tuesday morning, Feb 1st, the community of New Ross, Kings County, was saddened by the news that Mrs. Murphy had departed this life. On Thursday, Jan 27th, she was brought home from Halifax where she had been undergoing treatment for several weeks.

Charlotte Mary the beloved wife of well known John S. Murphy, of Willow Park, New Ross, was the eldest daughter of James E. Franey, now of Aylesford, and Mrs. Franey, his wife. She was 52 years 8 months and 5 days old.

A faithful wife, loving daughter, tender mother, kind neighbor and true friend, it is a wonder she will be sincerely missed. She leaves immediately to mourn, a sorrowing husband, two daughters: Mrs. J. D. McLean, of Halifax, and Miss Pauline; two sons, Joseph W. and J. Thomas; a father and mother; five sisters, Mrs. Thurston, Mrs. Nesh and Mrs. Hicks, of New Hampshire, Mrs. Douglas Gaul, of Paradise, and Josephine at home; three brothers, Edgar J., in the West, and Edward D. and Charles Ross, at home. Her eldest son, Capt. V. R. Murphy was killed overseas.

The funeral which took place on Thursday Feb 3rd was very largely attended. Dr. Donohoe, of Kentville, performed the burial rites in St. Patrick's chapel and came to rest.

ALICE L. POTTER

On Feb 24th Miss Alice L. Potter entered into rest at the age of twenty three years, leaving to mourn a sorrowing mother, two brothers and a sister. The mother, the widow of the late Gifford Potter, who predeceased his daughter just three years and three days. The brothers are Millage V. of Clarence, N. S., and Alfred K., of Hyde, Sask. The sisters Mrs. F. Clyde Bishop, of Lawrenceville, N. S.

Mrs. Potter and family have the prayers and sympathy of the entire community.

Alice's kindly disposition won for her a large circle of friends both at home and in the community where she was engaged in teaching. In her death the Clements church has lost a valued member, a good Sunday school teacher and a faithful choir member.

The funeral services were conducted by her pastor in the afternoon of Feb 12th in the Baptist Church at Clementsvale where a large congregation gathered to view the remains and to manifest their love and esteem for the departed.

THE LATE CAPT. J. R. TROOP

Our Granville Centre correspondent writes as follows in reference to the death of the late Capt. John Rawlins Troop a notice of whose death having already appeared in the MONITOR: Mr. Arthur S. Troop received a telegram last week from New York announcing the death of his brother Capt. J. R. Troop, who passed away in San Domingo, B. W. I., on Jan 26th. Deceased was born in Granville Centre in 1854 son of the late Joseph and Hannah (Bent) Troop. When only seventeen years of age he left home to go to sea, and for over fifty years has followed his chosen calling enduring the hardships and privations that only ship wrecked mariners experience. During the last fifteen years he was Captain on a Coast Guard Boat. He is survived by his wife and six children, residing in Brooklyn, New York, also four sisters and two brothers, Mrs. Ostiger, of Vancouver; Mrs. Hallowell, California; Mrs. Ray, Upper Granville; and Mrs. FitzGibbon, Boston; William I. Troop, of Bridgetown and Arthur at the old home in Granville Centre.

BROWN

Much sympathy is extended to Mr. and Mrs. Chipman Brown in the death of their twelve year old boy who took place on the eleventh day of February. The little fellow was loved by his school mates and while at play with one of them met with an accident which terminated in death three days later. The funeral services were conducted by the pastor in the Baptist Church at Clementsvale on Sunday afternoon, Feb 15th.

The little fellow had many mourners as there were many near relatives, both on the father's and mother's side. His grandparents on the mother's side Deacon George Wright, of Princeton, N. S., and on the father's side Mr. Albert Brown, of Clementsvale, N. S.

DEEP BROOK

Miss Neva Marsters is spending a few weeks at her home here. Miss Dorothy Sulis returned home from Wolfville last week. A number of our young people enjoyed a sleighing party to Digby Thursday evening.

Harry Nichols, of Truro Business College, has been spending a few days with his parents, Mr. and Mrs. J. M. Nichols.

The Valentine supper given by the Deep Brook Dorcas society in the Baptist Hall on Tuesday evening, February 15th, was a splendid success. The hall looked very pretty with the valentine decorations in red hearts. The young ladies who served looked charming in their valentine costumes and did their work very efficiently.

Tuesday afternoon and evening the Annual County Meeting of Orange Lodge convened in Deep Brook. At 5.30 members of Marquis of Lorne Lodge with visiting delegates sat down to the well laden table, then came large sleighing parties from Bear River, Smith's Cove, Clementsvale and Clements-port. We are sure every person went to their homes feeling that the committee in charge (namely Mrs. J. F. McClelland, Mrs. E. V. Hutchinson, Mrs. S. A. Spurr, Mrs. H. S. Vroom and Mrs. Howard Adams) had most bountifully anticipated the needs of all who came expecting a good supper. The receipts of the evening were \$75.00

CLEMENTSPORT

Baptist sewing circle meets at the home of Mrs. Joseph Roop, Thursday at 2 p. m.

Mrs. Louis Morgan has gone to spend week end with her husband who is employed at Weymouth.

We noticed Mr. Herbert Vroom, of the Life Saving Station, Point Prim, at home for the week end.

It has been a good winter for farmers and lumbermen, roads still excellent, lots of wooden goods coming to market.

The relatives and friends of Mrs. Amos Burns gave her a pleasant surprise on the eve of her 78th birthday. Mrs. Burns is still enjoying good health.

Mr. Carl I. Stronach, son of Mr. Chas. I. Stronach, and Manager Royal Bank of Canada at Clark's Harbor, accompanied by his wife, has been visiting at home. They returned to Clark's Harbor on Thursday last.

Prominent Western Man Praises Tanlac

G. W. Logan, Peabody, Kansas

"Tanlac has completely restored my health and I feel finer than in years," was the straight forward statement made recently by Mr. George W. Logan, of Peabody, Kansas, one of the most prominent stock dealers in the Middle West.

"It has not only made a new man of me but I have actually gained thirty five pounds in weight and feel as well as I ever did in my life. I am telling all of my friends about Tanlac but they can see for themselves what it has done in my case."

"When I began taking Tanlac I was in an awfully run down condition I was away off in weight, felt weak and nervous all of the time and couldn't take any interest in my work or anything else. My main trouble was indigestion. Nothing seemed to agree with me. At times I would have dizzy spells and at other times my back would ache so bad that I could hardly get up and down in my chair. This is just the condition I was in when I started to take this medicine. It took just six bottles to make a well man of me. I now have a fine appetite, everything tastes good and my digestion is perfect."

"My wife was also troubled with indigestion at times and it relieved her the same way. You may publish my statement wherever you like and if anyone doubts it, just tell them to see me."

Tanlac is sold in Bridgetown by S. N. Weare in Middleton by Clifford A. Mumford and in Bear River by L. V. Harris.

Cow Testers in Conference

During the recent Convention of the Nova Scotia Dairymen's Association held at Bridgewater a number of extra sessions devoted exclusively to the tests of the Nova Scotia Cow Testing Association were held. At these sessions Mr. H. R. Brown, Promotor of Dairy Industry, occupied the chair and addresses were given by Mr. George H. Barr and Mr. W. A. Mackay. Active discussions, participated in by all present, took place. The subjects discussed being "How can the work of the Cow Testing Association be extended?" "Means best adapted to maintain interest among farmers," and "How can the Cow Testing Associations best aid Dairy Development?"

The discussions brought out the varying conditions in different parts of the Province and also many suggestions for the conduct of the Cow Testing work. Mr. A. J. Gaudet and C. J. Cook, Dairy Promoters for New Brunswick and Prince Edward Island, respectively, were present and assisted with the discussion. A conference such as this, taken part in by men who are actual producers and who are intensely interested in improving the conditions of dairy farming in their own particular communities, is bound to have a far reaching effect, the value of which is hard to estimate.

HOW TO SAFEGUARD YOUR DIGESTION

The Blood Should Constantly be Kept Rich and Pure.

If you suffer from any form of indigestion your diet should be carefully chosen. Over-eating is always harmful, but at the same time one must take enough food to supply the needs of the blood. It must be remembered that the blood has to carry nourishment to every part of the body, find fuel for its energy and defence against disease, as well as the requisite juices for digestion. Hence when the blood becomes weak and fails to do its work indigestion arises; also when indigestion begins the blood still further suffers. Therefore, to safeguard your digestion, the blood should be kept rich and free from impurities. For more than a third of a century Dr. Williams' Pink Pills have been a favourite tonic for enriching the blood and strengthening the nerves. If, therefore, you find yourself troubled with indigestion or other ailments due to weak, watery blood, you will find Dr. Williams' Pink Pills both safe and effective. The value of this medicine in cases of stomach trouble is shown by the experience of Mrs. J. Lewis, Lake George, N. S., who says: "I suffered very severely with indigestion. I had severe pains in the stomach after every meal. I had a loathing for food, my rest at night was very much disturbed, and my general health was declining. I was under a doctor's care, but did not find any improvement. Reading of what Dr. Williams' Pink Pills had done in a similar case I decided to try them with the result that after giving them a fair trial, my general health was improved, and all symptoms of the indigestion that had afflicted me disappeared. I feel very grateful to Dr. Williams' Pink Pills for saving me from so much misery."

You can get Dr. Williams' Pink Pills through any medicine dealer, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

NOTHING TO EQUAL BABY'S OWN TABLETS

Mrs. George Lefebvre, St. Zenon, Que., writes: "I do not think there is any other medicine to equal Baby's Own Tablets for little ones. I have used them for my baby and would use nothing else." The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach and thus banish indigestion, constipation, colic, etc. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

ONE WAY OF GETTING IT

"I'm awfully sorry, dad," said Bobby, "to think how much trouble I give mother."

"She hasn't complained, has she?" "No, she's very patient. But she often sends me to the shops for things, and they are a good way off, and I know she gets cross waiting when she's in a hurry."

"Oh, she's nearly always in a hurry. She gets everything ready for the baking, and then at the last moment she has no yeast, or something, and I can't run a long distance you know and I feel awful sorry for poor mother."

"Humph! Well, what can we do about it?" "I was thinking, dad that perhaps you might get me a bicycle."

WHEN WOULD HE PLAY AGAIN?

Once when John D. Rockefeller was playing golf a negro lad crossed the Links. Mr. Rockefeller had just given the ball a vigorous stroke, and the lad received the missile squarely on the head. It was a heavy blow, but only stunned the boy a little, and after blinking his eyes for a moment, he was himself again. Mr. Rockefeller, who had rushed up, fearing that the boy had been badly injured, was relieved to find that he took it so calmly, and, pulling a five dollar bill from his pocket, he gave it to the youngster as a salve for his feelings. The boy looked at the bill and grinned with delight. Then he looked at Mr. Rockefeller and inquired: "When is you gonna to be playin' again?"

WEDDING BELLS

HANLEY—PHINNEY

On Saturday evening at 8 o'clock at the home of the bride the marriage of Miss Annie Phinney and Lorenzo D. Hanley was solemnized.

Directly on the hour and to the strains of the wedding march played by Mrs. R. J. Schaffner, the bride entered the drawing room on the arm of her brother, Mr. Harvey Phinney. The ceremony was performed in the presence of immediate friends, by the Rev. H. T. Jones, B. A.

The bride was tastefully gowned in white satin and wore a bouquet of white roses. After congratulation a dainty luncheon was served. The bride is the youngest daughter of the late Norman Phinney, of Lawrence town.

The many friends of the bride and groom wish them much happiness and prosperity in the coming year.

NO SPEED LIMITS FOR CUBAN TAXIS

Havana, Cuba, claims the distinction of having solved the problem of cheap transportation more satisfactorily than any other city.

Operating within a territory whose radius is little greater than a mile, eight thousand Ford automobiles carry one or two person between any two points in the circle for twenty cents. Under no speed limitations, the drivers are left to their own fate, rushing back and forth through the streets, but their feet and hands become so highly developed that they can swerve out of one another's way more adeptly than can be imagined.

Besides, Cuban upholsterers have transformed the Ford. Mahogany replaces the metal of the tonneau, whip cord for the body upholstery, fancy carpet for the floor, and many colored leathers for the seats. In a single car may be seen five or six different shades of leather.

AGRICULTURAL REPORTS FOR 1921

The 1920 report of the Secretary for Agriculture will be off the press within a short time. The new regulations of the Postal Department make it impracticable to distribute on a lavish scale. At the same time, the Department is anxious that all who will find it of real value shall have copies.

As usual, this year's issue will embrace the reports of the Boards of the various Divisions, the superintendent of the College, general review of agricultural conditions and accounts of several experiments in farm practice, thus containing much valuable information. All who wish to have copies should drop a line at an early date, either to the Secretary for Agriculture, Truro or any member of the Provincial House.

CREAM OF THE WEST FLOUR

United Fruit Companies' New Power Duster

(By F. E. Peck)

Any one living in the town of Berwick during the afternoon of February 8th, might have thought that the D. A. R. had shunted one of its big engines into The Fruit Companies' packing-house, for the great white clouds which poured out of the packing-house and rolled twenty to thirty feet into the air more resembled the clouds of steam that pour forth from a locomotive under high pressure on a frosty day, than anything else that one could imagine. The fact was, however, that The United Fruit Companies of Nova Scotia were giving a demonstration of their new power duster.

Some forty or more persons gathered for the purpose of inspecting the new machine and comparing its good and poor points with other machines on the market. The demonstration at Berwick was one that should send a thrill of pride coursing through the veins of every loyal fruit grower of Nova Scotia. There was no "Made in Germany", "Made in U. S. A." or made any other where, signs except Nova Scotia. The power duster as every one now knows is being manufactured by The United Fruit Companies at Kentville. The power for running the duster was furnished by The Stationary Co. of Bridgewater, N. S. The duster was first run with their four horse power engine; later this was replaced by their two horse power engine, and with either one the duster worked satisfactorily. The "International" and the "Fairbanks-Morse" three horse power engines have also been used with equal success. It is evident that a good engine with a rating of two, three, or four horse power, will give good satisfaction. Lime only was used in this demonstration. The dusts that will be used in orchard work will be prepared ready mixed by The Fruit Companies at Kentville, according to the "Dusting Calendar" for 1921 as prepared by Mr. Sanders, and appearing in "The United Farmers' Guide" for February 2nd. Here it should be said that the Copper Arsenic dust stands to the credit of Mr. Sanders alone; the process in its manufacture being invented by him, and marks one of the most important mile stones in the control of the insect and fungus pests.

As one mingled among the crowd gathering the different views, there was little heard in the way of criticism except in some minor points of detail, practically all of which are already in the minds of the company, and will not appear in the market. The many good points commented upon so far outnumbered anything in the way of criticism that we need concern ourselves only with its many points of merit.

To the writer, these appeared as: simplicity of design; strongly built; light weight; complete and easy control; great power and high pressure; and efficiency.

The present U. F. C. Duster Machine would be very disappointing to any one expecting to see a complicated machine of clock-work design, with automatic attachments. Such a machine in the hands of an expert is quite wonderful, and its many attachments and complications make talking points of interest. It will always be found, however, that the machine most efficient, most durable, and most useful to the greatest number of persons, will be the simply constructed machine with fewest parts to get out of order. Such a machine is the new duster as now manufactured by The United Fruit Companies. Everything is easy to get at. Should anything go wrong with any of the parts, it can be seen at a glance, and quickly repaired or part replaced. The machine has a simple agitator which insures a steady even feed; there are no brushes to gum up, or be readjusted or replaced.

The machine is built strongly, on a firm stoutly constructed base, which holds it solidly in place and prevents the vibrations from shaking itself to pieces, which would be the case under poor or weak construction. The machine, though strongly built, is at the same time of comparatively light weight, about 350 pounds. This is an important factor in going through the orchard where the ground is soft.

The control of the duster is one of the simplest, and at the same time, most admirable feature of the machine. By simply raising or lowering a lever a notch at a time, the amount of dust delivered can be regulated from absolute zero, to the

maximum amount per acre as required. This is but another feature of the machine; simple in construction, but perfect in action.

Perhaps the strongest feature of the machine is the improved fan. The addition of side plates, a distinctive feature, puts the U. F. C. Duster in a class by itself. The amount of air pressure developed by this machine exceeds that of any other duster on the market today, in fact it is more than double the amount. This has been brought about through the perfected fan as devised by the United Fruit Companies. This fan has bearings so built that it can be run as high as 10,000 revolutions per minute. It is guaranteed for 7,000 and 4,000 are needed for doing satisfactory work.

Efficiency may be said to be the motto of the Fruit Companies and this simply means getting the greatest results in the shortest time, and with the least expenditure of money and energy. Compared by this standard we must admit that The United Fruit Companies have perfected a machine superior to anything on the market today, in the matter of costs, the Companies are selling this duster at from twenty to fifty dollars below other makes. Given the same horse power, this duster develops more power and much greater air pressure, thus giving a more uniform distribution of dust over a greater area, and much more penetrating, so that the inner parts of the trees, the under sides of the leaves, and even the crevices in the bark will be coated with a film of dust. Owing to the increased capacity and high pressure this new duster is capable of doing a greater amount of better work, in a given time than anything that has yet been put on the market.

It should be stimulating to the pride of Nova Scotia, fruit growers to know that they are setting the pace in the matter of fungus and insect control both in the material and in the machinery used for its application.

THE EDITOR

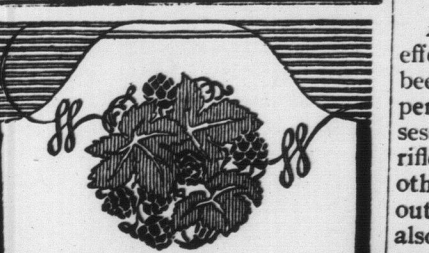

Most any one can be an editor. All the editor has got to do is to sit at a desk six days out of the week, four weeks of the month, and twelve months of the year, and "edit" such stuff as this.

Mrs. Jones, of Cactus Creek, let a can opener slip last week, and cut herself in the pantry. A mischievous lad of Picketown threw a stone and struck Mr. Pike in the alley last Tuesday. John DeCimbed on the roof of the house last week, looking for a leak, and fell striking himself on the back porch. "While Harold Green was escorting Miss Violet Wise from the church social last Saturday night, a savage dog attacked them and bit Mr. Green several times on the public square." Isaiah Trimmer of Running Creek, was playing with a cat Friday when it scratched him on the veranda. Mr. Fong while harnessing a bronco last Saturday was kicked just south of the corn crib. —Exchange.

Business Men Take Your Loss Now

Every trade paper for the last month or two has had this advice to merchants: "Take your loss now." Just what do they mean? Why this? Many lines of goods are dropping in price, and every merchant has in stock more or less of these goods bought when prices are highest. There are two things the merchant can do—hang onto these goods and try and get out of them what he paid for them, and probably in the end lose on them; or he can put them on the market at once at a price equal to what will be the new price on these lines of goods and get rid of them at once at a loss;—in many cases a very great loss to himself. It is this second course that is being advised.

Reduction in the price of staple goods, such as foods, clothing, boots, etc., makes possible a reduction in wages; a reduction in wages makes a further reduction in the price of goods, and thus will be brought about a speedy return to the conditions existing before the war. But can the merchant afford to take his loss now? In many cases he cannot. In spite of all said to the contrary, the many merchants in the Valley when prices began to rise at the beginning of the war, sold out their stocks on hand at the old prices and did not make any advances till rising markets compelled them to. Consequently, the merchant has not now the money to stand taking any big loss all at once. True, the Banks will help him out to a certain extent, but neither the merchant nor the bank can be expected to carry all the load. The customer, often referred to as the "ultimate consumer", must take his share of the load. How can he do this? First, by buying from his home merchant as much as he possibly can. Second, by paying his bills. If you owe a bill at any store go at once and pay it, or arrange for it, and by so doing put in the hands of the merchant the money necessary to enable him to "take his loss now." By this co-operation of merchant and buying public, business will be kept going and stabilized, money will be put in circulation, markets will be developed for the unsold produce now in the Valley and there will be brought about much more speedily the much desired and much talked of return to normal.

DOZEN NEW LAYD EGGS FOR 25 TO 40 CENTS

The price of new-laid eggs has hit the toboggan in the southwestern peninsula Counties of Kent, Elgin and Essex, according to Mr. Charles E. Bachly, who returned last evening from a business trip through that district. "In towns like Blenheim, Tillsonburg and Essex," said Mr. Bachly, "the regularly quoted price was 40 cents per dozen, while in certain cases eggs were sold for 25 cents per dozen." The tumble in price resulted from a sudden "glut on the market," due Mr. Bachly was told, to the mild, springlike weather, which has started Mrs. Hen every where in the district on an orgy of greater production. The diligent little feathered lady is winning immense popularity among consumers.—Toronto Globe.

ARE YOU CARRYING FIREARMS?

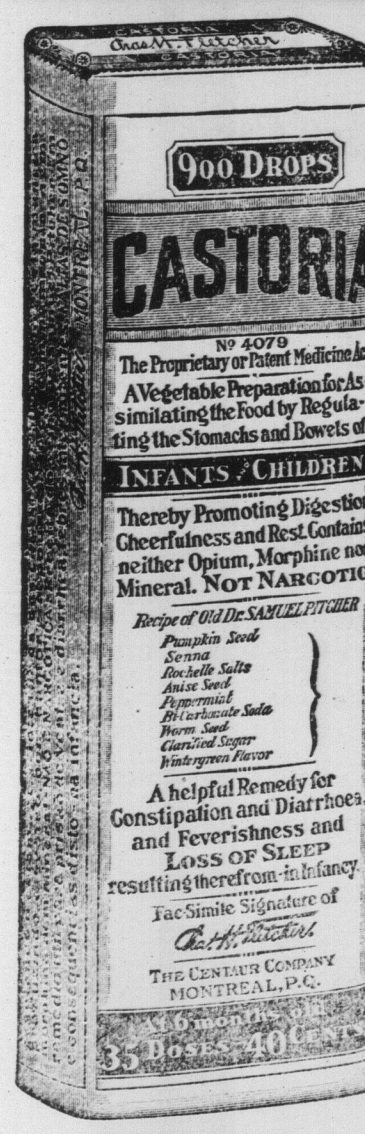

A new act recently passed and effective through Canada has just been issued and prohibits any person from having in their possession a cannon, machine gun, rifle, gun, revolver, pistol, bomb or other firearm, or any air-gun without having a permit therefor. It also provides that no British subject shall be required to obtain permit for a shotgun which he or she has had in their possession prior to Oct. 15th last. It further provides as a penalty for not complying with the above a fine of \$100 costs or three months' imprisonment or both if the Stipendiary or judge sees fit.

A WIN FOR THE EDITOR

Titus Titmouse was infuriated but the editor shut him up in two seconds. "Is this the newspaper office?" inquired Mr. Titmouse. "It is," responded the man at the desk. "Didn't this paper say I was a liar?" "It did not." "It did not say I was a scoundrel?" "It did not." "Well, some paper said it." "Possibly it was our contemporary 'down the street'" suggested the editor, as he picked up a paper-weight. This paper never prints stale news.

Who were the young couple we overheard the following from:—"I were to try to kiss you, how would you meet the emergency?" "Face to face."

MAGEE & CHARLTON

New York C. P. R. Building

Great interest is being taken by New York transportation and real estate men in the decision taken by the Canadian Pacific Railway to concentrate its various offices into one building close to the Grand Central Station.

The Canadian Pacific deal, which has required an entire year to close on account of its elaborate ramifications, involves a lease from the Madison Avenue Offices, Inc., the holding corporation for the Fifth Church of Christ Scientist, of a large store, basement and almost the entire second floor of the 44th Street portion of this twenty-one story building; and also involves an investment of considerable proportions by the Canadian Pacific Railway Company in the building itself, in consideration of which the name of the building will be changed from "Madison Avenue Offices," or, as it has sometimes been referred to, the "Christian Science Building," and will be re-named the "Canadian Pacific Building."

The area of the plot on which the building stands covers over 31,000 square feet, and is situated directly opposite the Hotel Biltmore on the east, Brooks Brothers' building to the north and the old Hotel Manhattan to the south.

The Canadian Pacific Railway will occupy the store, basement and second floor, all that part of the building on which only a year ago stood St. Bartholomew's Church, demolished last April, to make way for the great uptown trend of business.

The negotiations just closed provide, in addition to the investment mentioned above, a lease for 21 years at an aggregate rental of something approaching \$3,000,000. It was said by F. R. Perry, General Agent, Passenger Department, in New York, for the Canadian Pacific, that it will give up its railway offices at Broadway and 30th Street and its branch at Broadway and 33rd Street, and will combine its railway, steamship, and colonization departments in its new home on Madison Avenue.

The plans of the Canadian Pacific Company are particularly significant in that they will provide the largest consolidated ticket offices in New York, for, in addition to their own occupancy, it is said by the agents of the new Canadian Pacific Building, that negotiations are pending with several of the largest trans-continental railroads for representation in the same store. This arrangement is similar to the Railroad Administration during the war.

The store has a frontage of 81 ft. 6 in. on Madison Avenue and 146 ft. 6 in. on 44th Street. The Canadian Pacific Building will contain over 400,000 square feet of rental area and will be the most up-to-date office building in the Grand Central District. Many offices and much space have already been leased to influential corporations, and it is said by the agents that other important leases are now pending.
