THRUSTS AT BO
FAILED TO PICK

Sir Wilfrid Laurier Tried
Hard to Show That Active
Dimension Exists, But Premier
and Lieutenants Were
Not Discomfited—Borden
Again Promises Referen-
dum on Navy.

DEBATE QUITE
SPICY AFFAIR

OTTAWA, Nov. 20.—(Special)—Nationalism is as dead as reciprocity.
There were two corpses in the last
session, reciprocity and Nationalism,
and to-day Sir Wilfrid Laurier and
Hugh Guthrie tried to breathe the
breath of life into them, but both stead-
fastly refused to shake off the cere-
ments of the tomb.

Sir Wilfrid Laurier, who moved an
amendment to the address, dealing
with the navy and denouncing what
he termed disunion in the cabinet,
devoted himself considerably to Mr.
Monk, whose leap to the treasury
benches he described as a marvellous
acrobatic feat. If the government
had a new naval policy he claimed that
it was the duty of the premier to in-
form the house, otherwise he could not
see how the two (Borden and Monk)
could sit in the same cabinet.

Sir Wilfrid's Metaphor.
"Is it the imperialist lion that has
swallowed the Nationalist lamb or the
Nationalist lamb that has swallowed
the imperialist lion?" he asked.

Mr. Borden denied any disunion in
the cabinet. His difference with Mr.
Monk, two years before had been on
a question of policy. The latter and
those with him if an emergency arose
would do their duty to the empire.
He refused to be hurried into an ill-
digested naval policy. "It is better to
be right than to be in a hurry," he
declared.

They would present their naval policy
at the right time, and the people should
decide. The absurd and wasteful ex-
penditure contemplated by the late ad-
ministration should be put a stop to.

Bennett Impetuous Orator.
R. B. Bennett (Calgary), the mover
of the address, is a rushing torrent
of western eloquence, reminding one,
as Sir Wilfrid Laurier said of the
crystal flood of the Bow River.

He began rather deliberately with a
tribute to the Duke of Connaught. It
is a thing for congratulation that for
the first time in the history of the
British Empire the parliament of one
of the overseas dominions was opened
by a prince of the blood royal. It was
fitting, too, that this should be when
there was a new government fresh
with a mandate from the people on a
question which affected the solidarity
of the empire.

He paid a tribute to Sir Wilfrid
Laurier, who to-day celebrated his
74th birthday, and expressed the hope
that he may long be spared to serve
the nation, which he has come to oc-
cupy." (Laughter.)

Will Build the West.
With reference to the annexation
sentiment felt by many Americans, he
wished to say that the American set-
tlers in the west as soon as they came
to realize what the verdict of the
Canadian people was, had resolved to
devote their energies to the upbuilding
of this great country, as they had
shown in the upbuilding of the western
states.

The west needed a system of great
trunk highways. It was encouraging
to find the new government grappling
at the outset with these problems of
aid to agriculture.

He expressed the hope that they
would see fit to establish a department
of public health, to create such con-
ditions as would conserve not only
the natural resources, but also the vital
energies of the people. Proper pro-
vision should be made for elevators at
the head of the Great Lakes. By 1915
the Panama Canal would be complet-
ed, so would the Hudson Bay and Na-
tional Transcontinental Railways.
Western communication would be re-
volutionized.

Must Control Hudson Bay Railway.
No mistake should be made as far as
the Hudson Bay Railway was concern-
ed. No private corporation should be
allowed to construct or control the
terminal. Even now western grain
could be shipped thru Vancouver and
round the Horn to England. The com-
pletion of the Panama Canal would in-
tensify the need of adequate terminals
at Vancouver and Prince Rupert to
meet these conditions.

As to the Hudson Bay Railway no
question was raised as to the neces-
sity of the construction. The selection
of the best route and proper terminals
were, however, of the most import-
ance.

He hoped to see a commission ap-
pointed to investigate the N.T.R., which,
as was said, had cost 50 to 75 per cent.

CABINET
REFENCE

Interim Expenditures.

OTTAWA, Nov. 20.—(Special)—The statement
of expenditures authorized
by the governor-general's
warrant since the last ses-
sion of parliament, tabled in
the commons to-day by Hon.
W. T. White, minister of finance,
shows that the total amount
provided for was \$3,596,456, of which, how-
ever, only \$1,250,239 had
been spent.

The biggest warrant was
asked for by the minister of
railways. It provided \$1,546,732 to cover the cost of
labor on the national trans-
continental railway.

The demand of various de-
partments to cover the cost
of civil government and
other items totaled \$1,943,724.

Thirty-five thousand dol-
lars was provided to the re-
quest of the department of
state, to cover the cost of
the reception to His Royal
Highness the Duke of Con-
naught; \$25,000 by the In-
dian affairs department, on
account of an outbreak of
smallpox among the Indians
of the Yukon; \$26,000 by the
department of inland revenue,
to cover various items of
expenditure, and \$30,000 by
the marine and fisheries
department, in connection
with the reduction of dog
fish on the Atlantic coast.

HYDRO MAKES
WORLD RECORD

Power Transmitted a Distance of 273
Miles With Small Loss
of Voltage.

A world record was established on
Sunday in the way of electrical trans-
mission at Port Credit, when an all-
day test was made with the longest
distance and the highest potential the
world has ever witnessed.

For six months past power has been
supplied Port Credit from Toronto.
The Fort Credit transformer station is
now finished, and it has been made
possible to take power direct from the
main line of the hydro-electric com-
mission into the transformer.

The test was conducted by Fritz
Gaby, first assistant to Chief Engineer
Sotthman, and by John A. Brundige.
For the purpose of the test the lines
were at the Dundas station were divid-
ed and the power sent from Port Credit
to the south side to Woodstock,
Preston, Guelph; to the north side to
Dundas, Toronto and back to Port
Credit. The distance covered was 273
miles.

Such a test has never before been
made in the history of electric science,
and this is a record achievement. The
nearest approach was over a 150 miles
circuit in California. Nothing so high
however, in the way of tension has ever
been sent this distance, the voltage be-
ing 115,000 horsepower. The loss on ar-
riving at Port Credit on return was
600 horsepower.

This test demonstrates the ability of
the hydro-electric commission system
to deliver power at Ottawa, 310 miles;
Windsor, 243 miles, or any similar dis-
tance in the province. This whole pro-
vince may therefore be said to be
under the control of the commission.

It is considered by the engineering
staff of the commission that in future
building long distance lines a voltage
of 15,000 to 16,000 horsepower will be
chosen.

Motors Held Down
To 10 Miles An Hour

Toronto Police Commission Reduces
Speed Limit—Ruling Effective
at Once.

A more rigid enforcement of the law
fixing the speed of motor cars at 10
miles an hour was decided upon by
the police commissioners yesterday.
Hitherto motorists have been allow-
ed to travel as fast as 20 miles an
hour unmolested as long as they took
due precautions. This practice will be
stopped. The legal speed of motor cars
in Toronto is fixed at 10 miles an hour
and no laxity of the law will be al-
lowed. Traffic of all kinds and es-
pecially motor traffic has increased
greatly in the last few years, and the
many recent accidents have called
the attention of the commissioners to
the fact that something must be done
to regulate the traffic. The people
must be protected, and their protec-
tion is only rendered possible by the
regulation of the speed of motor cars.
It was reported that some police con-
stables have been taking part in po-
litical conventions, and Chief Grassie
intimated that any of the force doing
so in future would be immediately dis-
missed.

ANGRY AT THE COLD DIP

Wilfrid takes satisfaction out of the thermometer.

Canadian Owners Do Well
In Hunters and Jumpers

Hon. Adam Beck's "Sir Edward" and Hon. Clifford Sifton's
"The Wasp" Win Second and Third Prizes Respec-
tively—U.S. Scores in International Military
Chargers Competition.

NEW YORK, Nov. 20.—Canadian
horses were prize winners in the event
that is regarded as the most severe
test of horse flesh during the week at
the horse show. There were sixty-one
entries in the class for hunters and
jumpers carrying a minimum of 140
pounds over four hurdles, five feet
high. A part of the judging took place
in the forenoon, but at the afternoon
competition, the last of the session,
there were twenty-nine entries to be
disposed of. All carried considerably
more than the minimum weight. The
final winner was Aristocrat of the
Blenheim Farm, Maryland, which
carried off the \$200 prize. The second
prize, \$100, was handily won by Hon.
Adam Beck's Sir Edward, while Hon.
Clifford Sifton's "The Wasp" was the
winner of third money, \$50.

Win for U. S. Cavalry.
In the international contest for mili-
tary chargers, ridden by officers in
uniform, Ireland, Holland and Belgium
were in the lists with the United States.
While it was admitted that the horses
from the other countries were the bet-
ter jumpers, the United States cavalry
horses showed superior action, and the
Plaza cup, valued at \$200, went to Capt.
Guy V. Henry, of the United States
cavalry, who rode Chiswell, one of the
mounted service school, Fort Riley.

Porcupine Bulletin.
PORCUPINE, Nov. 20.—(Special)—

below zero. Roads are being broken
to all parts of camp. Pearl Lake Golf
Mines continues deep drilling with
good results.
Chas. Fox.

St Kitts to Buy Gas Plant

ST. CATHARINES, Nov. 20.—
(Special)—St. Catharines to-
night took the first step towards
municipal ownership, when Ald.
Sherwood, chairman of the fire
and light committee, city council,
introduced a by-law to offer \$25,000
to the St. Catharines Artificial
Gas Co. for the purchase of the
works, plant and business.

The total stock of the company
is \$100,000, of which \$27,000 is held
by the city.

The company's contract for
lighting certain of the city's
streets expires in January. For
several years no dividends have
been paid, and there is danger
of the company either ceasing
operations or being taken over
by the present natural gas com-
pany.

Ratepayers will vote on the
proposal at municipal elections.

BILINGUALS ARE
NOT LEGAL
SAYS FOY

Attorney-General at North To-
ronto Meeting Further Says
He's Against Them—Candidates
Poke Fun at Leader
Rowell and Joseph Oliver—
Opening of Local Campaign.

Cumberland Hall was thronged last
night at the opening meeting of the
provincial campaign on behalf of the
Whitney government in the electoral
district of North Toronto. President
G. Stephenson was supported on the
platform by Hon. J. J. Foy, W. K. Mc-
Naught, Dr. Ryerson, T. Hook, Con-
troller T. L. Church, M. Rawlinson,
Dr. Clouse, Dr. Wilson, Ald. S. Mc-
Bride, R. J. Scott, A. M. McCausland,
J. Ellis, W. Millicamp, E. P. Pear-
son and R. S. Neville, K.C.

Hon. J. J. Foy was given a rousing
reception. The attorney-general said
that the members of the association
would form a strong bodyguard, which
would insure his safe return on elec-
tion day. This was because he was a
standard-bearer of the principles the
association stood for. Mr. Foy pointed
out that the selection of Mr. Rowell
as opponent leader had in no wise di-
minished the prestige of Sir James
Whitney. Mr. Rowell and the man
who had been appointed to oppose him
in this contest were the apologists for
all the ballot burning outrages of the
Ross government. Mr. Rowell had

Continued on Page 7, Column 3.

WHITNEY ADMITS MAJORITY
SHOULD RULE RAILWAY BOARD

Mr. Leitch's Blunder.
It seems almost incredible
that Sir James Whitney should
permit a subordinate to place
him in the position he had to
assume yesterday, when he al-
ternately condoned Chairman
Leitch of the Ontario Railway
Board, for his stupidity, and
pleaded for him on account of
his honesty.

No amount of honesty will ex-
cuse incompetence any more
than the greatest skill will ex-
cuse dishonesty.

Sir James has given assurances
that after traveling round the
vicinity of the board, he will
not be allowed, and he thinks it
could be stopped.

Of course, he thinks so, and so
does everybody else, except Mr.
Leitch, who should have been
the first to think of it.

Mr. Leitch's resignation would
solve the most difficult problem
Sir James has on his hands at
present.

GOOD ROADS BAIT
HELD OUT BY
ROWELL

Liberal Leader Condemns Pres-
ent Mode of Construction as
Out of Date, and Promises
Really Scientific Methods—
Liberal Candidate Out
Against Bilinguals.

BOWMANVILLE, Nov. 20.—(Staff
special).—Upon the question of good
roads N. W. Rowell, K.C., the Liberal
candidate, took a decided stand here to-
night.

"If we are to move abreast of the
times, if we are to get ahead of the
proposition, we must take an advanced
stand with the view of providing the
country with a good roads system and
keeping of the same in repair," said
Mr. Rowell. "The Liberal government
started the movement forward, and if
you put us in power the Liberal party
will extend and carry on the good roads
project on a broad basis," he said.

Referring to the present government,
he said: "The government that has not
eyes to see, feet to move, and hands
to act is not the one to be in power
in Ontario."

A. A. Powers, Liberal candidate in
West Durham, spoke before Mr. Rowell.
"the state of affairs with regard to
the school system is nothing short
of deplorable, and it should be remem-
bered," he said. "On the bilingual school
question he declared that English
should be taught exclusively in all the
schools. He did not, he said, know
whether or not that was the stand of
the Liberal party, but that was his
opinion. He favored the exemption of
improvements from taxation.

The meeting was held in the town
hall, and there were about 500 present.
W. A. Bragg, president of the West
Durham Reform Association, was in
the chair.

Exploiting New Ontario.
Practically all the good things that
have been done by the present govern-
ment were inaugurated by their Lib-
eral predecessor. The good roads
movement was started by a Liberal gov-
ernment, the local improvement act
was planned by a Liberal government,
but the bulk of the roads now stand
as they were before the passing of
the Highway Act. Mr. Rowell brought
in another charge against the Con-
servatives. They were exploiting New
Ontario, he said, instead of endeavor-
ing to build and open it up. A strong
policy should be adopted with regard
to opening it to settlement, he said.

Good Roads on National Scale.
Those who had been in England,
France, Germany and other European
countries knew what good roads were
like. The roads of Ontario in compar-
ison were no roads at all. Those coun-
tries had adopted a different system
with regard to the building of roads.
They decided that good roads were so
important to the country that they
should be carried on a national scale.
The value of good roads was as great
to the residents of the city as to the
farmer, said Mr. Rowell. They enabled

H. H. WILLIAMS & CO.
38 King Street East.

If Appeal Against Chairman
Leitch's North Toronto
Switches Order Is Unsuc-
cessful Then Other Two
Members May Decide the
Question—Back Where
They Started.

"If the appeal upholds Chairman
Leitch, then the matter can come back
again to the board, which will have
power, by a majority vote, to decide
the question all over again finally, and
to determine the length of switches.
As the leader of the government, I
tell you this as a fact."

This remarkable statement, or words
which conveyed the same meaning, was
made by Sir James Whitney yesterday
when a large deputation of North To-
ronto citizens, headed by Mayor Brown,
waited on the premier at the parlia-
ment buildings to protest against per-
mission to the Metropolitan Railway
to lay longer switches on Yonge-street,
North Toronto.

The members of the deputation were
introduced by Alex. McCowan, T. A.
Gibson, solicitor for the town, did most
of the speaking, but Mayor Brown
also had something to say.

Sir James frankly admitted that if
the appeal, which had been taken
against Chairman Leitch's order, up-
holds the chairman the matter will
come back to the board to decide by
a majority vote what the length of the
switches is to be. As the case stands
at present it looks as if the majority
of the members of the board had al-
ready stated their position pretty
plainly as to what the length of the
switches should be, viz., that the extra
switches should not be allowed at all.

Back Where They Started.
It is hardly to be expected that Com-
missioners Ingram and Klitsken will
deflect from this view, and therefore,
Chairman Leitch's order and the ex-
pense of the appeal which followed, it
consequence will be null and void, it
the majority of the board are to decide
the question. Hence the whole matter
will be exactly in the same position
as it was when Commissioners Ingram
and Klitsken by a majority vote dis-
agreed with the ruling of the chairman.

The premier was liberal in sym-
pathy with the purpose of the depu-
tation's visit, and remarked that un-
doubtedly the people had a strong
grievance.

What's the Remedy?
"If there is any remedy the people
will get it," said the premier. "But we
don't propose to cut off the heads of
the members of the Ontario Railway
Board or burn their houses. I know
what I am talking about. I have re-
ceived intimations by letter and other-
wise and the language used about
'this man Leitch,' as he is described,
is simply horrifying. I will not go into
details as to the unfair, cruel and
unmanly manner in which the railway
board has been attacked, not by you,
but by certain newspapers and cer-
tain people who have rites to fly."

"There is no tribunal in this country
more deserving of your respect and
mine than this railway board, and this
man Leitch," as he is described.

There is no comparison or analogy
between the duties of the Ontario Rail-
way Board and the Dominion Railway
Board. Mr. Mabee would have been
as severely criticized as Mr. Leitch,
because he would have done just the
same thing.

Criticism Should Stop.
"Out of nearly fifty cases that have
been appealed against Mr. Leitch, his
decision has been reversed only once.
There is not a judge in Ontario can
say the same thing. I say that only
out of a sense of fair play. This is
just criticism should stop."

No Double-Tracking.
"It is monstrous to even imagine
that the double track should be put
thru," said Sir James, in reply to Mr.
T. Barton, who put some questions as
to freight rights. "If any person takes
one step or lifts a shovel in the mean-
time while the matter is under appeal
he will be stopped by the board."
The premier continued, "You will get more
than consideration after the appeal is
heard."

Majority Should Rule.
Mayor Brown said they thought an
injustice had been done there. There
should be no board where the majority
did not rule.

"We don't think," he said, "that the
Metropolitan has the right to carry
freight. If it has, we want the right
taken away."

Mr. Gibson said that when the town
quite rightly asked the company to fix
their road, it was met by the brazen
advice to fix its own road. "The prac-
tical outcome of the railway board has
been disappointing to North Toronto,"
said Mr. Gibson. "I don't think you can
look at your work there, and say it is
good. We should have the old charters
overhauled. It is nonsense to call those
vested rights. The powers granted un-
der them should be examined. A
remedy would be the appointment of a
committee to look into these charters."

Mr. Gibson also objected to the treat-
ment received by the town from the
department of education, and referred
to the "shameful condition of the
roads."

Among those present were: Council-
lers Patterson, Howe, Reid and Messrs.
T. W. Banton, W. G. Ellis, Reynolds,
Thorn, W. Adams, Sims, McQueen, Ad-
ams, Shipley, Cuttle and Kirby, and
Engineer James. Hon. Dr. Payne was
also present.

Canadian Owners Do Well

HON. MR. HEARST'S TOUR. Hon. W. H. Hearst, minister of lands, forests and mines, will leave to-night for a political tour of Northern Ontario...

SUFFRAGETTES WILL INVADE PARLIAMENT

Leaders Express Determination To Force Entrance To-night—Battle Expected.

LONDON, Nov. 20.—The suffragettes are preparing to renew their attacks on parliament with a battle to-morrow night, which will surpass all previous campaigns. A few days ago a delegation of suffragettes interviewed Premier Asquith and attempted to obtain a pledge that the government would undertake to pass a bill giving equal rights to both sexes...

At a subsequent meeting, the suffragettes decided to inaugurate a "war of demonstration" in Parliament Square on Nov. 21. They have summoned all their followers and male sympathizers to assemble around the parliament building at 8 o'clock in the evening.

Chivalrous Knights of Labor. "The gathering has been arranged late for the express reason that the cent home-working man will be in the streets. We have found that their presence affords women moral protection against violence by the police and hooligans."

Edith Wynne Matthison Interviewed in Buffalo. Expresses Great Pleasure in Returning to Toronto and Says "The Piper" Will Prove a Treat.

BUFFALO, Nov. 20.—A World representative had the pleasure this afternoon of meeting Miss Edith Wynne Matthison in the rotunda of the hotel. Having met this noted actress on one of her former visits to Toronto...

Col. and Mrs. William Hendrie, Hamilton, are giving a dance on Dec. 12. The party will be held at the residence of Mrs. Hendrie, who is making to see me than I am to be back with them. Oh, how many dear and warm friends I have in your charming city...

The celebrated Father Bernard Vaughan is coming out from England, and will lecture at the beginning of the month at Loretto Abbey.

Major John Michie, 4th Highlanders, has returned from a three-month trip abroad.

NIAGARA FALLS, Ont., Nov. 20.—(Special.)—After confessing to the theft of \$48 from Russell Lawless, Thorold Township, milk dealer, and a quantity of jewelry in Hamilton, James Parker was today sentenced to two years in the central prison, by Magistrate Fraser.

Biggest Masking in America. CORNWALL, Nov. 20.—(Special.)—J. Duquette, proprietor of the Algonquin House, Cornwall, Ont., and the King George Hotel, received a message to-day from Dr. Fred Whitling, 19 Madison-st., New York City, that he had won first prize for the biggest masking in America in 1911.

MISS MARGARET VORCKER GIVES A CONCERT IN MASSEY HALL

England by the "Empress of Britain" about the first of December.

Miss Margaret Vorcker gives a concert in Massey Hall this evening under the patronage of H. R. H. Duchess of Connaught.

The annual conversation of Victoria College will be held on Friday evening, Dec. 1. All old students and graduates may obtain invitations on application at the registrar's office.

Mrs. Percy Schofield gave a tea in her lovely new house in Thornwood-rd. yesterday afternoon, when she was wearing a very pretty frock of white satin with over dress of white chiffon and fine black net painted with pink roses...

Mrs. Sherman Sutton has returned from Winnipeg.

Mrs. John Hay and Miss Margaret O'Brien in Hamilton last week.

Mrs. Walter Gillespie, 36 East Charlotte-st., is giving a concert at the new Royal School old boys, which is to take place Dec. 14, at the Metropolitan assembly rooms.

Mrs. Stewart, 70 Henry-st., is giving a progressive bridge to-day for Miss Way, Barrie.

Invitations have been issued for the second annual dance of the St. Aldegund School old boys, which is to take place Dec. 14, at the Metropolitan assembly rooms.

The annual sale of work will take place at St. Mary's Church parish house, on Thursday, in addition to a number of pretty and useful articles there will be refreshments afternoon and evening.

Through Sleeper to Ottawa. A through sleeper to Ottawa will be operated on Grand Trunk 10:30 p.m. train during session of parliament.

HELP IS CHEAP AT FIVE CENTS

A whole ironing costs about five cents with an Electric Iron. But this cost includes freedom from all the drudgery, all the heat, all the muss. There is nothing to do but go ahead with the actual ironing.

12 Adelaide Street East.

PLOW AND WAGON MERGER

Cookshutt Co. Takes Over Two Other Companies in Brantford.

BRANTFORD, Nov. 20.—(Special.)—It was reported here to-day that the Cookshutt Plow Co. had secured a controlling interest in the Brantford Carriage Works and Adams Wagon Co. in this city.

Body Found in Freight Car. NEW YORK, Nov. 20.—In a freight car filled with copper bullion, shipped from Omaha, Neb., the body of a man was found suspended by his clothing which had caught on a nail, when the car was opened at the American Smelting and Refining Company's plant at Perth Amboy, N.J., to-day.

Five Liberal Conventions Left. The following Liberal conventions have been announced:

North Brantford, at Pembroke, Tuesday, Nov. 21.

East Northumberland, at Warkworth, Wednesday, Nov. 22.

West Hastings, at Trenton, Thursday, Nov. 23.

South Simcoe, at Cookstown, Friday, Nov. 24.

Receptions. Mrs. W. H. Clipperton (formerly Miss Edna Graydon) Streetville) postponed Friday afternoon and evening at her house, 288 Crawford-st., afterwards on third Fridays.

Mrs. H. L. Mason, Palmerston-boulevard, on Thursday, Nov. 23, and afterwards on fourth Thursdays.

Mrs. Arnold Mason, formerly of Ross-avenue, on Thursday, Nov. 23, at her new house, 11 Edgar-avenue, North Rosedale.

Brandon, 48 Foster-road, has indefinitely postponed her reception announced for Thursday, owing to serious illness in family.

PHOTO THE SHOW

British Makers of the Yankee Record Display

LONDON, Nov. 20.—A record of fifty British motor cars was shown at a reception given by the Automobile Club of Great Britain and the Automobile Club of America at the Royal Albert Hall, London, to-day.

Show last night. Paris has the honor of being the first city to hold a motor show of this kind. The show will be held at the Grand Palais, Paris, to-morrow.

Only the very best cars are shown. The American cars are shown in the foreground, and the British cars in the background.

How To Safely Peel Your Face

(From Beauty Culture.) If you have a muddy, sallow or blotchy complexion, the most sensible thing to do is to remove it—rather than to patch it over or "doctor" it with any cosmetic, rouge or lotion. The only way to really remove the complexion is to remove the fresh young skin and let the old skin fall off naturally...

Wrinkles Disappear As If By Magic

(From Household Guest.) "In the removal of wrinkles I have discarded cosmetics entirely," writes Mrs. Corran, the celebrated Parisian beauty expert. The results they produce are deceptive. They never permit. Massaging is only partially successful and it is too slow a method. "I've never seen anything more wonderful as a simple harmless solution which any woman can prepare and use at home without the least trouble. A half pint of water, half an ounce of rosin powder, and a few drops of rose water will do it. Mix the two and apply to the face with a brush. The effect is marvellous. The skin becomes firmer, tighter—every wrinkle and sag is affected. You feel so refreshed after using the wash, you look refreshed too. You will look ten years younger."

For your own benefit

Eat Shredded Wheat for breakfast for the next ten days and note how different you feel during the day. Wheat is the most perfect food given to man—rich in every strengthening, muscle-building element, so essential for the healthy, robust body.

SHREDDED WHEAT

Biscuit is just the plain, wholesome whole wheat, steam-cooked, shredded and baked a crisp golden brown—a delight to eat and to serve. Its very crispness assists digestion—compels the necessary chewing and mixing with saliva. Shredded Wheat is better than mushy porridges because you have to chew it, thereby getting from it its rich muscle and bone-building nutriment.

Two Shredded Wheat Biscuits with milk or cream and a little fruit make a complete nourishing breakfast, supplying all the strength needed for a half-day's work. Delicious with fruit for lunch. Your grocer sells them.

The only cereal made in biscuit form. Made by Canadian Shredded Wheat Co., Ltd., Niagara Falls, Ont.

AT THE SHOW IN LONDON

British Makers Preparing to Meet the Yankee Invasion—Record Display at Olympia.

LONDON, Nov. 21.—Over three hundred and fifty firms exhibited in the Olympia Motor Show this year, and the congestion was unpleasant for everyone.

It was a record show in every way, and never was there such a big lot of buyers and sellers from all sections of the country.

Everything points to a very brisk trade next season, but it is quite clear that there will be no sign of competition.

Only the very ignorant or prejudiced make the charge that American cars are cheap they are shoddy.

The more experienced makers realize that the American makers who are putting smart and medium powered vehicles on the market, and are selling complete cars at very moderate prices.

It was just twenty minutes after her arrival in town that I saw her in the drawing-room of her apartment.

And then the interview began. "How is it that the women's pages of the newspapers persistently fill their space with recipes for dandruff cure and hair oil?"

"Why don't they fill the men's pages with hints on how to keep their wives?" It looked dreadfully as if Miss Starr had turned interviewer and was bent on interrogating the right one.

As I left her she almost deluged me with the Richmond Fall and remarking sweetly as she did: "What good are flowers if they are not used to bring a little bit of pleasure?"

Acted for Gen. Reyes. In reporting to the state department on the seizure of arms and the arrest of the revolutionary officers by Major Hagdorn.

WASHINGTON, Nov. 20.—In reporting to the state department on the seizure of arms and the arrest of the revolutionary officers by Major Hagdorn.

As regards bodies for the touring car the torpedo is all the rage, but the limousine has been given a more graceful appearance.

Electric lighting is all the vogue, and the installation cost of a new system is not so high as it used to be.

WEST NEEDS INDUSTRIES

Only Means of Uniting Canada, Declares Brandon M. P.

MONTREAL, Nov. 20.—There is urgent need for the establishment of more industries in Western Canada, and for larger efforts to build up a national industry.

This was the argument laid down by Mr. J. A. M. Adams, M.P., for Brandon, in an eloquent address to-day at the luncheon of the Canadian Club of Montreal.

"In order that there may be unity between east and west, there must be a community of business interests and a community of national sentiment.

"The last census indicates that the manufacturing output of the east last year was one billion dollars, while that in the west was only \$113,000.

A combination of feminine inconsistency, an indetermination of enthusiasm, interest in things worth while, humor and imagination, all these placed in the midst of a halo of charm—this is Becky, known to her admirers as Frances Stern.

It was just twenty minutes after her arrival in town that I saw her in the drawing-room of her apartment.

And then the interview began. "How is it that the women's pages of the newspapers persistently fill their space with recipes for dandruff cure and hair oil?"

UNCONTROLLED AMBITION MAY BE BARRIED TO FAME

Byron H. Stauffer Preaches Upon Virtue of Contentment—City Should Not Attract.

Taking the incident in the life of Eliza when he offered to speak to the king on behalf of the woman who had made a bedroom for himself and servant and who repelled that offer.

One should not work principally for position, but for the excellencies that would bring place for the virtue that would find its place in the life.

"I guess it is the policy of the public of Ontario to abolish bilingual schools," he declared, "with the French language there are no bilingual schools."

"Sir James Whitney in theory and in fact," announced R. S. Muir as he rose to speak, "he blamed the fire rangers, and incidentally the system of the late government for the disastrous fire."

Prof. Currie Telle Canadian Club of History of Coaling.

C. T. Currie, provincial archaeologist, addressed a large gathering of the Canadian Club at McConkey's yesterday afternoon.

Mr. Currie traced the history of measurements of value, explaining how primitive people had used cattle as a means of exchange, and how through the process of evolution, gold coinage was finally reached.

THREE MORE FIREHALLS At Cost of \$83,000, in Newly Built Up Parts of City.

The property committee of the city council instructed Property Commissioner Harris yesterday to make provision for the erection of three new fire halls, and to estimate the cost.

CUMMINS FOUND GUILTY Former President of Carnegie Trust Co. Goes to Tomb.

NEW YORK, Nov. 20.—Wm. J. Cummins, the former Tennessee promoter, and recent directing head of the Carnegie Trust Company, was found guilty to-day of the theft of \$140,000 from the Nineteenth Ward Bank by the jury.

Blocking the Car Service

In all large centres of population accidents are of daily, sometimes of hourly, occurrence, and those connected with street cars affect the general public to a greater extent than more serious accidents that happen away from the line of railway, because so many people suffer inconvenience on account of the delay to the cars caused by a mishap on the line.

Two such accidents, of minor importance in themselves, but both causing delay to the cars and consequent annoyance to the public, occurred on Friday. In each case a collision with a wagon was the cause.

An hour later a somewhat similar accident occurred at the corner of Soranuen Avenue and Dundas Street, delaying the eastbound Dundas and College cars for twenty minutes.

Everyone will admit that it is practically impossible for the Toronto Railway Company to guard against such accidents as these, and that there are causes of delays in the car service that must be accepted as one of the conditions of living in a large city.

JAMES GUNN, Superintendent Toronto Railway Company

U.S. Pins Faith To Big Warships

Two New Fighting Crafts Will Be of Massive Design Despite Expert Criticism.

WASHINGTON, Nov. 20.—The finishing touches to-day were put on the plans which will be submitted to congress next month for two battleships of 20,000 tons displacement each.

On the point of coal endurance, the new American battleships are expected to excel those of other nations.

ST. STEPHEN'S NEW RECTOR Rev. T. G. Wallace of Woodstock to Succeed Canon Broughall.

WOODSTOCK, Nov. 20.—(Special.)—Rev. T. G. Wallace, rector of New St. Paul's Church of this city, has received a call to St. Stephen's Church, Toronto, and providing that the bishop of this parish consents, will ask to be relieved of his present incumbency about January 1.

FOREIGNERS MANGLED ALIKE FELL VICTIMS Chinese Legations Accept Stories of Cruel Barbarities and Are Considering Action.

PEKING, Nov. 20.—Chinese officials confirm the report that a massacre of foreigners, as well as Manchus, has occurred at Sianfu.

On Tuesday Controller Church will move another resolution in the board of control that the board recommend to the city council to have either a public meeting called in Massey Hall, or a joint conference of the Toronto members of the legislature, board of council and the government and urge reform of the railway board at once.

Alleges Light Weight Butter. CHATHAM, Nov. 20.—(Special.)—W. A. McGeachy of the Maple City Dairy faces a summons to police court on the information of A. P. Smith, a North Chatham grocer, who alleges that he sold him ten rolls of butter supposed to contain ten pounds of butter, which when weighed only aggregated nine pounds.

Damages From Construction Co. OTTAWA, Nov. 20.—In the supreme court to-day the appeal of the Toronto Construction Co. v. Strate was argued. The respondent (plaintiff) sought the action as administrator of one Laneta, who was killed while in the appellants' employ.

FARMING AND LIVESTOCK EDITION

Commercial Reports Wheat Market Shows Strong Tone On Adverse Argentine Reports

CHICAGO, Nov. 20.—Damage reported throughout the entire wheat belt of the Argentine Republic, with losses contained serious in the important provinces, had a bullish effect to-day on traders in Chicago. The cereal closed at a net decline of 1-1/2 to 1-3/4 and 3-5/8, only unchanged to 1-1/2c advance and 1-1/2c to 1-3/4c down.

Apprehension Over Damage to South American Crops Kept Trade On the Jump—Corn Higher. The crop damage to wheat in the Argentine was alleged to have been limited by last week's storms, which were in some places said to have been more or less of a hurricane character. According to one authority, the damage amounted to at least 10 per cent. Prices here made an immediate reaction and there was a further advance aside owing to word shipments being only about half as large as a year ago.

Wheat—No. 1 bushel 1.10 0.10 No. 2 1.05 0.10 No. 3 1.00 0.10 No. 4 0.95 0.10 No. 5 0.90 0.10 No. 6 0.85 0.10 No. 7 0.80 0.10 No. 8 0.75 0.10 No. 9 0.70 0.10 No. 10 0.65 0.10

Good Cattle Scarce Market 100 to 250 Lower. The quality of the bulk of the cattle was the worst ever placed on sale in the history of this market. Quality of cattle was low, so were the prices in comparison with what they had been a few months ago.

Cattle Prices Lower in Montreal Market. Heavy Supplies Give Weaker Tone—Hogs Strong at Further Advance. MONTREAL, Nov. 20.—At the Montreal Stock Yards west end market the receipts of live stock for the week ending Nov. 15 were 1,170 head, 1,100 sheep and 1,100 hogs and 67 calves. The offerings on the market this morning amounted to 1,800 calves, 250 sheep and 1,100 hogs and 400 calves.

Winnipeg Inspection. Winnipeg receipts at wheat to-day 10,000 bushels, No. 1 northern, 10,000; No. 2 northern, 10,000; No. 3 northern, 10,000; No. 4 northern, 10,000; No. 5 northern, 10,000; No. 6 northern, 10,000; No. 7 northern, 10,000; No. 8 northern, 10,000; No. 9 northern, 10,000; No. 10 northern, 10,000.

ST. LAWRENCE MARKET. Receipts of farm produce were 200 bushels of grain and 15 loads of hay, with one load of straw. Three hundred bushels sold at 80c to 85c per bushel. Straw—One load of sheaf sold at 15c per ton.

GOOD CATTLE SCARCE MARKET 100 TO 250 LOWER. The quality of the bulk of the cattle was the worst ever placed on sale in the history of this market. Quality of cattle was low, so were the prices in comparison with what they had been a few months ago.

LAMBS 25c LOWER, HOGS 15c LOWER, SHEEP EASY, CALVES STEADY. Receipts of live stock at the Union Stock Yards were 100 cars, 200 cattle, 100 hogs and 50 calves. The quality of the bulk of the cattle was the worst ever placed on sale in the history of this market.

Natural Shake-Out in Mining Markets Follows Recent Bulge

Market Runs Into Reaction When Profit-Taking Develops

Lower Prices for Porcupine Issues, But Values Hold Up Fairly Well—Bear Raid on Timiskaming

World Office, Monday Evening, Nov. 20.

The mining market ran into a reaction in the first session of the week, considerable profit-taking coming into play and giving a heavy tone to prices in general throughout the day. There were some further indications of strength, and in special instances prices closed at a small advance for the day, but this was not the general disposition of the market.

It was only natural to look for a reaction after big advances recorded last week, and no surprise was expressed at the inception of the downward swing. Coincident with the turn came a falling off in trading, and viewed broadly, the list did not display anything like the acumen which characterized the dealings a few days ago.

Tendency to Recover.
The break of the decline was, of course, borne by those issues which headed the upward movement last week. It is significant, however, that responsible buying developed on the decline, and this did not permit of much lowering of prices, stocks showing a tendency to recover at various intervals during the session.

The big issue was hidebound with apathy, but considering the selling movement which was in progress, it was remarkably well held, dropping back to \$11.10 again, but did not at any time get below Saturday's low figures. The share, treating to \$12.25 after selling up to \$13.05 early in the day.

No Apprehension Occasioned.
In the cheaper stocks the reaction was more pronounced, but at no time was the weakness sufficient to cause any apprehension. Prices in the early trading actually showed a tendency to advance, but quickly lost their strength when selling was evoked.

Dome Extension got up to a new high for the movement, \$2.35 in the morning, only to lose four points at 7:30 later on in the session. Vipond also established a new record at \$1.40 at 6:00, but was off to 57.14 under the profit-taking movement. Pearl Lake, Frost and Crown Charter followed the action, the latter extending to \$1.05.

One of the strong spots of the market was Swastika, which got up two points at 8:30, and held its advance without much difficulty.

Timiskaming Hits the Bumps.
In the Cobalt's the feature of the day was Timiskaming, which was under pressure, and lost 40 points in the afternoon, only to recover 20 points at 6:00, and held its advance without much difficulty.

The market throughout showed the result of a rapid bulge, and in view of the strenuous advance, it is not surprising that several weak accounts were shaken out as a result of the decline, and the situation should benefit on that account. There is no indication that the weakness will be carried much further.

MACHINERY FOR DOBIE.
PORCUPINE, Nov. 17.—(From Our Man Up North.)—Among the new equipments for the Dobie mine is a nine-ton locomotive boiler, additional power to the two 50-ton boilers now on the property, and the new work at the deeper levels will be put in. Equipment of the new machinery is expected now any day. The shaft road has been made over between the mine and Golden City, over which the heavy machinery will be skidded on long bobs.

LONDON AND THE COBALTS.
An interesting feature of the Cobalt situation, and one which is little known on this side of the Atlantic, is the fact that shares of the Cobalt Township Mining Co. have taken a sharp advance in the London market recently, having risen from 16s to 25s within the last two weeks. The company is a consistent shipper and it is understood that the net earnings for the year will show up remarkably well. The property consists of 80 acres around the town of Cobalt. The capitalization of the company is \$200,000. The stock is largely held in the old country market and is not traded in here.

MCKINLEY DIVIDENDS
Ten Per Cent. for Next January—Record to Date.

It is announced that the directors of the McKinley-Darrach-Savage mines have declared a dividend of ten per cent., payable Jan. 1.

The dividend would probably have been larger had not the company some rather extensive expenditures in prospect, which will be discussed at the annual meeting. One is to build an aerial tramway from the Savage mine to the McKinley mill and the other is to enlarge the mill.

The dividend record of McKinley-Darrach is as follows:

1907-March 1	2	\$4,120.00
1908-Jan. 15	4	8,832.00
July 15	5	112,353.43
1909-Jan. 15	5	112,353.43
July 15	5	112,353.43
1910-Jan. 15	5	112,353.43
July 15	5	112,353.43
1911-Jan. 1	15	337,153.80
April 1	15	337,153.80
July 1	15	224,678.30
Aug. 1	10	224,678.30
1912-Jan. 1	10	224,678.30

LURE OF GOLD FROM PROVING UP THE VIPOND REPORTS AND DATA

Prospecting Party Will Face Arctic Storms in Search of Precious Metal.

Porcupine, Nov. 17.—(From Our Man Up North.)—As announced in the World last week, a party of eight, headed by Wm. Donaldson of Cobalt, will leave next Tuesday for a trip far into the wilds of frozen Labrador in search of placer gold.

Four men from Montreal, two from Cobalt, and one from Porcupine, Roy, the guide, compose the party, with all names except Roy and Donaldson kept in the background for some reason.

The outfit will consist of six tons of provisions, silk tents, fire utensils, and with food for the 40 dogs that are to draw the provisions and equipment.

This party goes to the north quite independent of the reports brought out from this country last fall by Ottawa and Montreal men, who reported that they found gold in the sands along streams that flow towards the north.

While prospecting in this section last summer, it is claimed, one member of the party found gold in the sands of the river beds, and returning to civilization, the present gold prospecting trip was planned.

The route to be taken is not made public, but it is known that the guide will pilot the party north upon some point along the T. & N. O. Railway to the Abitibi country, and thence north and east by the way of river trails. The distance to be traveled is over 400 miles, and 150 days' time will be required in which to reach the placer district.

This is one of the first arctic exploration expeditions to be planned and executed during the winter months, and those who are acquainted with the life in the north feel that the party hazards too much in facing the perils of the north country at the beginning of what appears to be a very hard winter.

Roy, the guide, is the man who went to the Labrador country several years ago in search of Edgerton-Hubbarton, whose body was later found in a snow-bank near a river that flows thru the Ungava country. He has made three trips into the Northern Ontario region.

When the placer region is reached, Roy ceases to captain the party, that mantle of authority falling upon Donaldson, the prospector, who will direct the search for gold.

The outside world, the result of the trip will not be known till some time late next fall, when the return trip will be thru the chain of lakes and rivers that span the northern part of the Province of Quebec.

OPTION OF \$100,000
PORCUPINE, Nov. 17.—(From Our Man Up North.)—The Bozan claims, three in body near the west Whitney line, in a direct easterly course with the Three Nations belt, have been optioned to Montreal and Ville Marie capitalists for \$100,000, with the first payment of \$20,000 made, so it is reported to-day.

The purchasers of the property went over the ground yesterday and today, and the option is falling upon the bank at a quarter lead in the schist free gold in the quartz veins.

The Bozan claims show the result of a quartz formation. The vein is said to be regular and varies in width from three to five feet, where openings have been made.

The quartz carries very heavily of fine gold, according to engineers' reports, and apparently is one of the promising rich prospective mines that are being opened in the eastern Whitney district.

DOG BITES BOY.
While riding his wheel in Parliament street yesterday morning, Edward Adams, a boy living at 118 Scadding street, was attacked by a dog and bit-simulated for keeping a vicious dog. The lad's wound has been cauterized, and is not believed to be serious.

Mounted Men to Watch Motors.
The police have decided to use cavalry on the hunt for motor car speeders, and a mounted squad is out on the downtown streets looking for chauffeurs who disregard the speed regulations.

Hat Started a Train.
A train at Sittingbourne suddenly started before everything was ready and had to be stopped. The engine driver had mistaken a large green plume in a woman's hat for the guard's flag—London Standard.

THE SWATSKA MINING CAMP.
T. and N. O. Railway bridge crossing river near Swastika Station. Excellent water power is available here and this will be utilized to generate energy for development purposes. The railway line at this point traverses the Crawford group of properties.

PROVING UP THE VIPOND REPORTS AND DATA

The recent advance in Vipond stock has been owing mainly to the favorable reports of mining engineers regarding the value of the property. We will mail these reports to any address on application.

DISPLAY AD PUBLICITY
Speakers at Ad Club Luncheon Make Interesting Comments.
Yesterday's weekly luncheon was given up to a review of current advertising. W. G. Colgate speaking on newspaper ads and E. S. Dean reviewing recent magazine publicity.

Mr. Colgate was somewhat severe on the majority of newspaper ads, and pointed out that exaggeration was very prevalent. This was especially the case with piano advertising. In addition, many captions were weak, there was lack of news interest, and the typography was often poor.

Successful ads should have individuality, originality, simplicity and honesty, and nice clean looking ads frequently got choice of position in a paper.

Mr. Dean's comparison between Canadian and American magazine advertising was not favorable to the former, and he pointed out that it was the enormous revenue that enabled them to perfect every department. The editorial work of Canadian magazines was poor in comparison—there was not sufficient money in them to pay the best number of selected ads evoked much laughter and applause.

Upwards of eighty were present. Holiday for Montreal.
MONTREAL, Nov. 20.—"I have decided," said Mayor Guerin to-day, "to issue a proclamation naming Dec. 12 a public holiday. It will be in honor of the visit to the City of Montreal of His Royal Highness the Duke of Connaught. I shall also ask citizens in the proclamation to decorate their homes on this date."

Bulgarian Reaction in Values Carried Further in New York Market

Market Waits Irresolutely For Some New Development

Trading on Wall Street Falls Away Abruptly and Lower Prices Follow—Toronto Market Decidedly Quiet

NEW YORK, Nov. 20.—Trading fell off abruptly to-day on the stock exchange. The afternoon session was the quietest of several weeks, and the total of transactions was considerably below the recent average. The market seemed to be waiting irresolutely for some new impulse to determine its course after its recovery of more than half of the losses sustained during the long summer decline. Quotations rose and fell within a narrow range until shortly before the end of the day, when the market became weak and some of the principal stocks, including American Steel, Union Pacific, Northern Pacific and Great Northern, preferred lost a point or more.

Steel heavily sold. General reactions of American stocks in London exercised a depressing effect, which was heightened by heavy selling of United States Steel in the early trading, and a further break in the Washab stocks and bonds. Bear operators concentrated their efforts on the United States Steel ostensibly because of the meeting of the Stanley committee for resumption of the Steel investigation. The whole list weakened, but losses were small and the bears were not permitted to have the advantage for long. Stocks were also held up by the fact that the market was not permitted to have the advantage for long. Stocks were also held up by the fact that the market was not permitted to have the advantage for long.

The export movement of gold continued to-day, \$1,200,000 being engaged for shipment to Canada, and \$1,000,000 for South America. This was the first sale for Canada, and \$1,000,000 was engaged for shipment to South America. This was the first sale for Canada, and \$1,000,000 was engaged for shipment to South America.

BEARS RAID THE MARKET.

A bear raid was in effect in the New York stock market yesterday. The news that the Steel Corporation had protested against the action of the congressional committee which has been investigating its affairs was used as the lever to pry out securities, and the usual apprehensive holders were scared out by this and other means. Prices closed at a loss of approximately a point and a half for the day. The market turned extremely sluggish on the decline, and the public interest throughout was at a low ebb. A sea-saw motion is to be expected this week, but it is significant that the bears have to go far afield in order to find excuses for conducting drives against prices.

Steel Profits at Low Ebb.

NEW YORK, Nov. 20.—Private Profits of the steel industry are at a low ebb. The price of steel now is the lowest in the history of the corporation. This is due to many factors, including the fact that the price of steel products are at a low ebb, and that henceforth improvement of an irregular, gradual but sure character will be witnessed.

Rocky Road to Higher Prices.

The market, having had its legitimate reaction, is now proceeding on its upward trend, and while its progress is very slow, it is not to be continually interrupted by congressional disturbances and tariff and presidential election uncertainties, the path for the present seems still to lead to a higher level. J. S. Bache & Co.

The Balance Sheet of a War.

Our original bill for the weekly expenditure of Italy could not be less than half a million sterling, which is a very large sum for a country of that size. The London Economist, "As any rate, an estimate from Rome puts the total expenditure for the first two months at about \$100,000,000. As any rate, an estimate from Rome puts the total expenditure for the first two months at about \$100,000,000.

LONDON MARKET QUIET.

LONDON, Nov. 20.—Money was in increased demand and discount rates were quiet to-day. The Bank of England is said to have taken the bulk of the \$5,000,000 South African gold consignment offered in the open market. The stock market was dull and irregular, and the market for securities was checked by news of the Paris gold mine strike, and the fact that Rio Tinto, which improved a point.

WANT BONUS STOCK BACK

Bursting of Rubber Boom Causes Demand on U. S. Promoters.

LONDON, Nov. 20.—The shareholders of the United Malaysian Rubber Co., Ltd., a concern floated in London in 1910 by the American Malaysian Rubber Co., passed a resolution at a meeting to-day to invite the American vendors to refund 1,000,000 out of the 1,000,000 shares paid to them at the formation of the company.

The Harvester Suit.

JEFFERSON CITY, Mo., Nov. 20.—Attorneys for International Harvester Co. have filed in supreme court an application for re-hearing of state's suit, which resulted in ousting of company from the state and filing company \$37,000.

The Gold Movement.

NEW YORK, Nov. 20.—Gold to the amount of 500,000 has been engaged at sub-treasury for shipment to Canada. This makes the total shipment on the movement \$250,000.

Gold to the amount of \$1,000,000 was engaged at the sub-treasury for shipment to South America.

MONTEAL STOCK MARKET

Big Slump in Steel Corp. Due to Street Rumors.
MONTEAL, Nov. 20.—Price movements on the stock exchange to-day were irregular, being both strong and weak in turns. The distinctive feature of the market was the selling of Steel Corporation stock, under which the price broke to 56, as compared with 59 at the close on Saturday. At the close it recovered a shade to 56 1/4, with 56 bid and 56 1/4 asked at the close. The selling of the stock was due to unconfirmed reports that a further decrease on the street regarding a stock issue.

More Frightened Than Hurt.

Confidence and sanity are gradually returning their way in the business world. Depression and resentment went to extremes and big business is now beginning to find that it has been more frightened than hurt. In the stock market are higher prices and increased confidence. Underlying conditions continue sound and show no change, except for the better.—Henry Clews.

A Page That Shows How Very Interesting Shopping Becomes as the Season Advances

A SALE OF English Chintz and Taffeta Curtains at Half Price

This sale affords an excellent chance for re-draping your house. An opportunity enabling you to do two rooms for the price of one is a seldom occurrence, but such is the case on Wednesday. There is

A great variety of fine English and French Chintzes and Taffetas, in lengths up to 8 1/2 yards, all colors, all styles, for overdraperies, loose covers, cushions, portieres, etc. Regularly sold at \$1.75, \$2.00 and \$2.50. **WEDNESDAY HALF PRICE.**

COUCH COVERS, \$2.35. Roman stripe Couch Covers, 3 1/2 yards long 56 inches wide, fringed all around. Wednesday, each 2.95

HEAVY TAPESTRY CURTAINS, \$6.95 PAIR. 3 yards long, 50 inches wide, fringed heavily top and bottom, a very fine quality portiere. Wednesday, pair 6.95

SWISS APPLIQUE CURTAINS, \$4.65.

A choice of a lot of new patterns, fine Brussels net, with applique border, some with plain net centre, some figured, an exceptional price. Wednesday, pair 4.65

\$5.50 NOTTINGHAM CURTAINS, \$2.50.

105 pair of Nottingham Curtains, from two to four pair of a pattern, some in fish net, some in Nottingham net, with plain or figured centre. Regular \$5.50 and \$4.00 value. Special Wednesday 2.53

HALF PRICES ON SILKS. Remnants in lengths of from one to ten yards in Silks, Moires, Velours, Tapestries, etc. **WEDNESDAY HALF PRICE.**

Women's Dresses at \$8.65 About One-Third of Their Value

These are up-to-date one-piece dresses, worth \$25.00 each, selling on Wednesday for \$8.65. Best materials only, and in dainty styles for this winter.

Serges, cashmeres, lustrés, satins and nets. Waists with short and long sleeves, high and low collars, trimmed lace insertion and braidings, with satin or velvet pipings. Regularly sold at \$25.00. Wednesday **8.65**

Walking Skirts

All-wool imported tweed, in brown, grey or green tones; made with panel back, and high waist. Finished with fancy buttons. Price **6.00**

\$1.50 Double Width Dress Silk for 98c Yard

There are just 2,000 yards of this wide width silk and satin. The weaves are mousseline, duchesse satin and Swiss satin paillette. The colors are ivory, black, sky, pink, mauve, old rose, brown, tan, Alice, Copenhagen, Paddy green, myrtle, reseda, cerise, plum, navy, old gold, yellow, maize, etc. 40 inches and 36 inches wide. Regular \$1.50 quality. Wednesday **.98**

Does Your Son Want a New Overcoat?

If he happens to be between the ages of ten and seventeen, send him along to Simpson's, or draw his attention to the fact that on Wednesday the nicest overcoat may be bought at a bargain price.

There Are 180 Sample Overcoats Worth From \$7.50 to \$9.50, Wednesday \$5.85

They are the best ulster samples of the season, and come from the two best manufacturers. Some are double-breasted, with convertible collars, and some single-breasted, with permanent collars. Materials are the very best of Scotch and English tweeds, in a good selection of patterns. They are samples, and tailoring in every coat is perfect. Sizes 28 to 35. Wednesday **5.85**

Men's Winter Ulsters

Dear Sir:

We address you personally because this is an important and purely personal matter. About this time of the year an overcoat is an appealing kind of thing, and here is just the one that will appeal to you, not only in the matter of price, but in style and quality, but there is a "but" about it. They are only on sale **FOR ONE DAY, Wednesday, AT THE PRICE, which is \$15.00. This would be a well spent \$15.00, because such coats are invariably sold at \$20.00, which would be a legitimate outlay for any one of these.** Yours truly,

The Men's Clothing Department, Main Floor, Robert Simpson Company.

Here are furs for men which will prove to be the "lasting" kind, warm and comfortable, and your money's worth in every respect.

Men's Canadian Raccoon Skin Fur Coats, dark prime full fur skins, extra well lined, best finish, extra deep shawl style collars, and full 50 inches long **65.00**

Men's Galloway Fur Coats, made from choicest skins, heavy and evenly furred, oil tanned pelts; a warm and very durable coat **30.00**

Men's Fur-lined Coat, extra fine black beaver cloth shell, lined with selected Canadian muskrat skins, fine grade, Canadian otter collars, in shawl shape. Wednesday **50.00**

A Sale of Velvet Shapes

360 Black Velvet Shapes, of French silk mirror velvet, best styles, would sell regularly in New York at \$6.00 to \$7.50 each. Wednesday **3.75**

65 New York Velvet Shapes, in colors, also good styles and colors, perfectly fresh. Worth \$4.50 and \$5.00. Wednesday **2.50**

Two Happenings in the Underwear Section

Almost half price for heavy plush lined underwear for women, and a substantial cut on the price of children's fine warm sleepers.

Phone Orders Taken.

400 pieces Women's Vests and Drawers, "Watson's" unshrinkable heavy plush-lined, elastic-ribbed cotton, white only. Vests, high neck, long sleeves, button front. Drawers to match, ankle length, both styles, sizes 32 to 38, regular price 90c each. Wednesday, each **.35**

Children's Zimmer-Knit, natural merino sleepers, feet attached, button down back, drop seat, long sleeves, pocket, sizes 2 to 7 years only. Wednesday, all sizes **.45**

Hosiery and Gloves at Reasonable Prices

Women's English Cashmere Hose, plain and ribbed, correct weight for winter, double in responsible spots; sizes 8 1/2 to 10. Pair. **.25**

Women's "Pen-Angle" Cashmere, all-wool black cashmere, knit to form. Wednesday 35c pair. 3 pairs for **1.00**

Glacé Kid Gloves, French made, the odd sizes of the best grades; sizes 5 1/2 to 7 1/2. A bargain, pair. **.59**

Men's Wool Lined Gloves, suede and leather finish, tan shades; sizes 7 to 10. Wednesday **.79**

A Special Showing of Washing Materials for Evening Wear

The newest thing is the "Bandeau" effect, in 40 inch voiles, a beautiful silk embroidered band, 6 inches deep, forming the bottom of the skirt, and the same being used for the bodice.
