FRIDAY MORNING FEBRUARY 15 1918—FOURTEEN PAGES

VOL. XXXVIII.—No. 13,610 TWO CENTS

ROUND-UP OF DEFAULTERS STARTS IN TORONTO TODAY
French Capture German Positions on Mile Front in Champagne
SALIENT IN CHAMPAGNE FALLS BEFORE FRENCH
UP DRAFT DEFALTERS

In Opening Action of Spring Campaign, Allies Carry Important German Defences Three-Quarters of a Mile in Depth, Consolidating Gains.

Grand Headquarters of the French Army in France, Feb. 14.—The American artillery took a brilliant part in an important French raid yesterday between Tahure and the Butte du Meuil, in the Champagne, participating in the preparatory bombardment and the ensuing barrage fire while the operation was being successfully executed.

The action was extremely interesting and the result most satisfactory. The assaulting troops brought back 160 prisoners and they established themselves in German positions to a depth of three-quarters of a mile along a front of nearly a mile.

The task of the assaulting forces was to attack and take a German salient dipping into the French position. It was a difficult operation owing to the nature of the ground, which formed a basin-like depression, into which the Germans could pour, the fire of their concentrated guns on the surrounding heights.

Six Hours Bombardment. The artillery preparation lasted six hours, and with the aid of aviators it was ascertained that the enemy's defensive positions, which were remarkably strong, had been broken up to a large extent. At 4.15 in the afternoon the order was given to the infantry units to go over the top. Every man had been instructed fully regarding the objectives to be attained.

Just before this a steady fine rain began to make the chalky earth like a sliding rink. The troops, however, advanced with determination, although they were obliged occasionally to retreat their progress owing to machine gun positions having escaped the attention of the French and American gunners.

With the help of the courageous grenadiers these positions were stormed and destroyed, and their occupants were either killed or captured. By 5.15 o'clock rockets announced that all the objectives had been attained. The American gunners, with their French comrades, extended their fire to prevent counter-attacks, which, however, did not come, the Germans having been completely disconcerted.

WILL DISCUSS COAL SITUATION
West Will Be Asked, at Conference of Premiers, to Increase Production.

Ottawa, Feb. 14.—Provincial premiers and ministers, who have gathered in the capital to take part in a conference with the Dominion Government, opened at 10 o'clock on Friday morning, expressing the view that it will take several days to dispose of all the subjects which will come up for consideration. While the question of most pressing urgency to be considered is that of increased production, with which is involved the labor problem, other matters such as soldiers' land settlement and provincial control of natural resources will probably involve long discussions.

Subsequent to a meeting of the reconstruction and development committee of the cabinet today, at which measures were discussed to ensure an adequate supply of fuel, it was officially announced that the schedule of fuel production and distribution, with special reference to the conditions anticipated for the winter of 1918-19, will receive the attention of the conference. In this connection it is probable that representatives of the western provinces will be asked to have all possible efforts made to increase the western production to a point that would make shipments of anthracite from the east in large quantities unnecessary.

For official ministers here tonight include Premier Mackenzie-King, Premier Aeneas Macdonnell, Premier Edward B. Hamilton, and Hon. T. H. Johnston, minister of public works, Manitoba.

OFFICERS' TRENCH COATS. The regulation military trench coats for officers, direct importation, \$35 at Dusen's, 140 Yonge St.

CHILDREN DIE IN MONTREAL CONVENT FIRE
Top of Grey Nunnery Burned and Thirty-Eight Bodies Already Recovered.

Montreal, Feb. 14.—The lives of at least 38 little children were blotted out shortly after 8 o'clock tonight by fire in the fifth, or top, storey of the west wing of the Grey nunnery on Guy and Dorchester streets, and it is feared that the loss may run well to a hundred. Thirty-eight charred bodies were found by the firemen at 10.30, when the fire was under control, and it is known that while flames and soldiers were engaged in rescuing infants they were forced to leave many to die as the flames and smoke drove the rescuers from the building. The property loss is not excessive, as the blaze was practically kept to the one floor. The fire started near the tower, supposedly from the electric wiring. The top floor was used as a dormitory for the infants, being cared for by the nuns, and the lower part of the west wing was occupied by returned sick or wounded soldiers.

The loss of life amongst the children in the infants' home department of the nunnery could not be definitely ascertained tonight.

All the other inmates of the big building are believed to have escaped. These include the nuns, nursing sisters, returned wounded or sick soldiers, aged, sick or crippled men and women, to the number of almost a thousand. They scattered in various directions, so that it may be some time before there can be a roll call.

A number of the soldiers were removed to hospitals, practically all the ambulances having been called into service in connection with the fire. None of the soldiers suffered injury through the fire or the consequent confusion, and within half an hour of the outbreak all of them had been removed to places of safety and comfort. There were about two hundred of them.

Sixty of them were taken to the Khaki Club and the others were distributed amongst the military hospital on Drummond street, the Royal Victoria, Western and Montreal General Hospitals.

LORD BEAVERBROOK ABLE TO DO WORK
Government Appointed Canadian as Propaganda Minister for Fitness.

London, Feb. 14.—The appointment of Lord Beaverbrook as minister of propaganda aroused questions in the house of commons tonight.

Bonar Law, replying, said that the prime minister had offered Lord Beaverbrook the appointment because he thought that Lord Beaverbrook could do the work successfully. Lord Beaverbrook would not be a member of the war cabinet.

James Hogg said if Beaverbrook would receive reports from paid spies of the government.

Bonar Law: I do not know what is meant by paid spies. Beaverbrook's work will include the receiving of reports from servants of the government.

A. S. White: "Is the government aware that this appointment has created widespread dissatisfaction?"

Ontario Farmers Get Spring Wheat at Cost
Government Has Bought 60,000 Bushels for Distribution at \$2.75 a Bushel.

In order to increase as much as possible the amount of land devoted to the growing of wheat the Ontario Department of Agriculture has secured 60,000 bushels of spring wheat from the Dominion grain commissioner, and this will be distributed among Ontario farmers at cost, \$2.75 a bushel.

Distributing points have been established in Toronto, Chatham, Brampton, Lindsay and Woodstock. Farmers will be required to pay freight from these points unless a car lot is ordered by forming a club.

PETITION BRITAIN AGAINST BREWING OF CANADIAN GRAIN
Large Convention is to Be Called in Toronto This Month.

Resolutions Will Be Presented to Dominion and Provincial Governments.

Canada, thru a great convention, is about to petition Sir Robert Borden and his colleagues in the Union government to send a friendly ultimatum to Rt. Hon. David Lloyd George and the members of the imperial government. The Dominion Government will be asked to stipulate that not a bushel of grain shipped to Great Britain shall be used during the continuance of the war for the brewing of beer or the manufacture of alcoholic beverages. It is claimed that the adoption of such a policy by Great Britain would be equal to adding 10 per cent. or five hundred thousand men to the strength of the British army.

The proposal to make such a condition by the Dominion Government is based on a suggestion sent from a Canadian officer at the front—Homer B. Massey, M.P., C. L. C., B. E. F., who went from Toronto to join the imperial army. His letter was received by a prominent member of the Dominion Alliance executive at the Methodist General Conference offices, Queen street, Toronto, and acted like a match to a powder magazine.

The convention will take up the proposition involved in the liquor traffic, and hold the annual election of officers of that body.

TO CHOOSE DEPUTATIONS. The convention will appoint a representative deputation to present its resolutions to the Dominion Government with respect to the great question of the wastage of Canadian grain by the British liquor interests, and a deputation to the Ontario Government regarding the best steps to be taken to increase the efficiency of the Ontario Temperance Act.

THE ARRANGEMENTS are being made by a committee of which Rev. Ben H. Spence is secretary.

THE CONVENTION will also receive the annual reports of the Ontario branch of the Dominion Alliance for the total suppression of the liquor traffic, and hold the annual election of officers of that body.

CLEAR OUT BOLSHEVIKI. London, Feb. 14.—The Bund of Bore reports the successful conclusion of negotiations at Ekaterinoslav to form a union of all southwestern republics against the Bolsheviks. It was also agreed to form a joint army to clear South Russia of Bolshevik troops.

GOVERNMENT ANNOUNCES ITS POLICY IN REGARD TO FARM LABOR. NO CONSCRIPTION

Classification of Industries of Canada Will Be Made by War Trade Board.

Ottawa, Feb. 14.—Subsequent to a sitting of the cabinet council the government shortly before midnight gave out an announcement as to its immediate policy in regard to labor. The government will not conscript men for labor under the Military Service Act, but will take immediate steps to secure a registration and inventory of the man power of the Dominion.

A classification of the industries of Canada will also be secured by the new war trade board.

There will be no importation of coolie labor at present, to which exception is taken by the labor men, but this matter may be given further consideration at a later date. No decision has been reached in regard to the conscription of alien labor.

The statement, which is the result of the recent conference of Canada, is as follows:

1. That men called out under the Military Service Act, but physically unfit, should be conscripted for farm labor.

2. That alien labor should be conscripted.

3. That coolie labor should be imported for agriculture and other essential industries.

4. That less essential industries should be closed.

5. That there should be compulsory registration of the man power and of the woman power of the country.

On these questions the government has had the benefit of consultation of the labor leaders who have also submitted their recommendations to the government. The government recognizes that in addition to these objections, the government has reached the following conclusions:

TROTZKY AND GERMANS QUARREL AND FUTURE CONFLICT IS POSSIBLE

Peace Discussion Ended in Violent Outbreak, and German Headquarters Considering Energetic Measures.

Zurich, Feb. 14.—The Munich, Bavaria, correspondent of The Neue Augsburg Zeitung says he learns that the discussions at Brest-Litovsk last Sunday between Dr. von Kuehlmann, the German foreign secretary, Count Czernin, the Austro-Hungarian minister of foreign affairs, and Leon Trotsky, the Bolshevik foreign minister, were particularly stormy and ended in a violent rupture which bore all the seeds of a future conflict.

"That is why the conference at German main headquarters is discussing the expediency of very energetic military measures against the Russians," says the correspondent.

U.S. MANUFACTURERS VETO GERMAN BOYCOTT AFTER WAR

Action of Chamber of Commerce of United States Is Denounced As Futile and Vicious.

New York, Feb. 14.—The National Association of Manufacturers has denounced the proposal of a trade boycott on Germany after the war, it was announced tonight. The question was voted upon in a referendum submitted to its members by the chamber of commerce of the United States. The ballot of the association has been forwarded to Washington.

The disapproval of the boycott plan was voted by the association's board of directors on Feb. 3 before the referendum was submitted to the membership. A statement issued tonight by the association explains the adverse vote.

"The economic boycott proposed by the referendum," it said, "is an unwarranted interference with the commerce of international relations, the handing of which rests with the president and congress. The creation of a boycott, as outlined by the Paris conference of 1916, we believe to be at variance with the sentiments of President Wilson as stated in his address to congress on April 6, 1917.

"We are but the champions of mankind. We shall be satisfied when those rights have been made as secure as the faith and freedom of the nations can make them. We have no jealousy of German progress. We do not wish to fight her with arms or hostile arrangements of trade if she is willing to associate herself with us and the other peace-loving nations of the world in covenants of justice and law and fair dealing.

"In view of these facts the action proposed by the chamber of commerce of the United States is, in our opinion, not only futile, but vicious and meets with our unqualified disapproval."

COURT-MARTIAL ON BOLO PRONOUNCES PENALTY OF DEATH

Only Fifteen Minutes' Deliberation Necessary to Find Bolo Guilty.

SPREAD PROPAGANDA Accused Used Huge Sum to Corrupt French Newspapers.

Paris, Feb. 14.—Bolo Pasha has been convicted and sentenced to death for treason. The prosecutor yesterday asked the court to condemn him on the fact that Bolo had received money from Count von Bernstorff, (the former German ambassador at Washington, thru Adolph Pavenstedt, the former head of the Amanek banking house of New York, even though the money was not used against France.

The court-martial deliberated for only 15 minutes.

Darius Porchere, an accountant, who was a co-defendant, was sentenced to three years' imprisonment.

Filippo Cavalline, another co-defendant, who is under arrest in Italy, was sentenced to death, although he is not within the court's jurisdiction.

Without the slightest tremor Bolo Pasha heard Col. Voyer, president of the court-martial, pronounce sentence of death upon him amid an impressive silence in the courtroom. Merely shaking his head and shrugging his shoulders, as tho to say it was hopeless to fight against the odds, Bolo returned to his cell.

Awed by the soldiers with fixed bayonets, those who had gathered in the courtroom refrained from all demonstration, but the great crowds outside the court house emitted a terrific roar and cheer of approval as word of the sentence reached them, plainly showing the favor which the sentence of death found among the French people.

An appeal will be entered on a technicality, but the general trend of comment heard in legal, journalistic and political circles is: "With Bolo's death, Bolshevism will die."

No Man Apparently of Age of Class One Should Be Out Without Papers Showing Why He Is Not in Uniform.

Toronto men, whether single or married, who appear to be of the age of the men liable for service under the first call of the Military Service Act will protect themselves from a lot of trouble by always carrying with them papers to prove their right to be dressed in civilian clothes, because starting today officers of the Dominion Police, acting under authority of the department of justice, will commence to arrest men who cannot show satisfactory proof why they are not in khaki.

No military defaulter, or man who cannot prove he is not one, will be safe from arrest, no matter what the time of day or night or where he is. On being taken into custody a man will not be released until his standing in regard to the draft act is proved or found out, even if in order to do this it is necessary to keep him in custody for 24 hours.

Once taken into custody the police will see that every effort is being made to bring about his release at the earliest possible moment, this being accomplished by telephoning, telegraphing or sending by messenger the proof of papers necessary. The government will spare no expense in securing such information as quickly as possible. Of course, if such information is not available, the man taken into custody will be made a member of the overseas forces if of the proper physical qualifications.

Necessary Papers. To avoid arrest a man must be armed with papers, as follows: If in class one, an exemption permit. In the case of a man who has been exempted temporarily and is awaiting a notification to report to his regiment, the police authorities will be able to verify this by looking up his papers at the registrar's office.

If above class one and married, his marriage license or a certified copy of it.

If above class one and single, a certified copy of birth certificate. If a United States citizen—either a United States military registration card, or United States citizenship papers.

In the case of a man claiming to be a United States citizen and not having papers to prove it, he will be held in custody pending the receipt of a report from the United States consul. The foregoing rules will also apply to all those claiming to be of other nationalities than British.

BURDEN ON MEN. The men apprehended must shoulder the burden of producing satisfactory evidence to show why they are not in khaki, and that failing, it being found the contrary shall be conclusively presumed. It is shown by Section 14 of the Military Service Act, which reads as follows: "If in any prosecution under this act any question arises of matters hereinafter mentioned, the burden of the proof, shall be upon the person charged, to establish by satisfactory evidence the truth of the matter."

"A—that he does not come within any specified class called out. "B—that he has duly reported in accordance with section 14. "C—that he comes within any of the exceptions set out in the schedule thereto. "D—that he has been duly exempted under Section 11. "And in the absence of such evidence, the contrary shall be conclusively presumed."

There were 61 men apprehended by the Dominion police in Toronto district during the past week. Of these 46, after being interviewed, were released on production of satisfactory evidence and 15 were placed on active military service. There was a total of 136 investigations.

On the southern portion of our front there was some hostile artillery activity along the Smech River.

BRUSSELS PROTEST AGAINST GERMANS LEADS TO FIGHTING

Suppression of Belgian Demonstration Results in Several Deaths.

MAGISTRATES SEIZED All Tribunals Unite in Decision to Go on Strike.

Amsterdam, Feb. 14.—Les Nouvelles (Maastricht) reports that the Belgian Government having ordered the Belgian judges in the occupied territory to prosecute all activists guilty of having announced the fall of the king's government and of proclaiming autonomy in Flanders, the three presidents of the Brussels court of cassation, placed under arrest Pierre, Toek and Dr August Borms, leaders of the activist movement. The Germans immediately hastened to the palace of justice in Brussels and arrested the three presidents, at the same time releasing Toek and Borms. The news spread like wildfire, and delegates representing 600 Brussels societies met in the main square, where a demonstration of thousands of persons was being carried out. The police and soldiers were killed or wounded.

The three magistrates were sent to Germany. Later the court of cassation met and decided to resign in a body if the three magistrates were not released free voting.

Very little is known of the members of the council, as no names have been published, but according to advices from Belgian sources it consists of men selected by the German Government. The elections are part of the German propaganda to sever the Flemings from the Walloons.

LENS AGAIN TARGET FOR CANADIAN RAID

Some Germans Killed, Prisoners and Machine Guns Taken.

London, Feb. 14.—The following official communication was issued by the war office this evening: "Early this morning the enemy's trenches at Lens again were raided successfully by Canadian troops. A number of Germans were killed and a few prisoners and two machine guns were captured. The raiding party returned to our lines without loss. "Several other prisoners were brought in during the day by our troops. "On the southern portion of our front there was some hostile artillery activity along the Smech River."

AUSTRIA WANTS GENERAL PEACE

Emperor Charles Issues Manifesto on Settlement With Ukraine. BY VICTORIOUS ARMS

First Fruits of Defensive War Waged for Preservation.

Amsterdam, Feb. 14.—The Austrian emperor has issued at Vienna the following manifesto:

"To my peoples! Thanks to God's gracious aid we have concluded peace with Ukraine. Our victorious arms and the sincere peace policy which we pursued with indefatigable perseverance, have shown the first fruit of a defensive war waged for our preservation.

"In common with my hard-pressed peoples, I trust that the first conclusion of peace, which is so gratifying an event for us, a general peace will soon be granted suffering humanity.

"Under the impression of this peace with Ukraine, our glance turns with sympathy to the suffering young people in whose heart first amongst our opponents the feeling of neighborly love has become operative, and which, after having labored in numerous battles, also possessed sufficient resoluteness to give expression to their desire for the whole world to its better conviction.

"If this has been the first to leave the camp of our enemies in order, in the interest of the speediest attainment of a new and great common aim, to unite its efforts with our strength.

"Having from the first moment I mounted the throne of my exalted forefathers, felt myself one with my peoples in the rock-like resolve to fight out the struggle forced upon us until an honorable peace was reached, I feel myself so much the more bound to them in this hour in which the first step has now been taken for the realization of this aim. With admiration for and affectionate recognition of the almost unexampled endurance and incomparable self-sacrifice of my heroic troops, as well as of those at home who daily show no less self-sacrifice, I look forward with fresh confidence to the dear and happy future.

"May the Almighty bless us further with strength and endurance, that, not only for ourselves and our faithful allies, but also for entire humanity, we may attain a final peace."

ITALIANS MAKE RAIDS AT COUPLE OF POINTS Frequent Harassing Artillery Fire Obtains in Mountain Region.

Rome, Feb. 14.—The report from general headquarters today says that the Italian army has been harassing artillery fire in the Giudicaria Valley, on the eastern edge of the Asiago Plateau, and along the middle Piave. Between Garda and the Adige small parties of infantry, after crossing several belts of wire entanglements, reached the enemy's advanced line at two points, killing various soldiers and capturing a few others.

"East of the bridgehead at Capo Sile we expanded a mine blowing up an enemy advanced post. The entire garrison was killed by the explosion. We captured a few rifles."

Billion Dollars to Be Voted To Equip American Forces Washington, Feb. 14.—Principal items for the army in the billion-dollar urgent deficiency appropriation bill, favorably reported to the house today, include \$100,000,000 for quarters for airplanes, \$100,000,000 for mountain storage points, and \$100,000,000 for mounting, field, siege and other artillery. In addition the billion dollars already spent for ordnance and ammunition, authorized for \$775,000,000 additional.

STREET CAR DELAYS

Thursday, Feb. 14, 1918. Blue cars, northbound, delayed 1 hour and 30 minutes at 8.38 a.m. at McCaul, north of Grange, by wagon upset on track.

Bathurst cars, northbound, delayed 9 minutes at 7.50 a.m. at Falls and Bathurst by slight accident on track.

Bathurst cars, both ways, delayed 10 minutes at Ulster and Bathurst at 8.30 a.m. by horse down on track.

Spadina cars, southbound, delayed 13 minutes at 8.32 a.m. at Spadina and Sherbourne by horse down on track.

Spadina cars, northbound, delayed 13 minutes at 8.32 a.m. at Spadina and Sherbourne by horse down on track.

Dundas cars, eastbound, delayed 7 minutes at 10.05 a.m. at Dundas and Spadina by horse down on track.

Queen cars, southbound, delayed 7 minutes at 10.35 a.m. at Constance and Boscawell by wagon stuck on track.

Queen cars, northbound, delayed 12 minutes at 12.25 p.m. at Avenue road and Elgin, by wagon stuck on track.

Avenue road and Dupont cars, both ways, delayed 9 minutes at 4.34 p.m. at Avenue road and Elgin, by motor stuck on track.

Dundas cars, eastbound, delayed 15 minutes at 4.34 p.m. at Dundas and Marguerite, by wagon stuck on track.

Harbord cars, westbound, delayed 24 minutes at 4.40 a.m. at Adelaide and Dundas, by auto broken down on track.

In addition to the above there were several delays of less than 7 minutes each, due to various causes.

GREATER BUSINESS AT LABOR TEMPLE

Annual Meeting of Directors Hears Reports for Year

The various reports read out at the meeting of the directors of the Labor Temple Co. held on Wednesday evening showed that a greater volume of business was transacted during the past year than during the two previous seasons.

The shareholders met last evening and expressed themselves as satisfied with the state of affairs as presented in the reports. As a result of this feeling of general satisfaction the shareholders of the company re-elected their officers of last year.

The last financial statement of the annual report was the statement of the effect that wages expended in the administration of the company had during the year 1917. It showed an increase of \$371 over those of the previous year. The surplus of \$1588 over liabilities was reported, and receipts from the pool and dividend were \$1200 during the past year as compared to those for 1916.

RAILWAY COMMISSION SITTING HERE TODAY Heavy List of Cases of Local Interest is to Be Considered by the Board.

This morning at ten o'clock the board of railway commissioners for Canada will meet in the Toronto city hall to hear a list of 20 cases.

Among the cases to be considered by the board are: The application of the Township of York for leave to cross the Grand Trunk Railway Company and the Toronto and Niagara Power Company lines by way of an extension of Eilben avenue.

The complaint of Irish and Maulson, of Toronto, against the charge of \$5.00 made for the use of the Toronto telephone directory by the Bell Telephone Company.

The complaint of R. W. Hannah, of Toronto, that the Grand Trunk Railway Company refuse to apply its special mileage tariff rates on potatoes between its stations on shippers' circuitous routing.

Complaint of R. W. Hannah, Toronto, that the Grand Trunk Railway Company refuse compensation for loss incurred by the company's neglect to tender Pere Marquette delivery car on potatoes, GT 45075, ex-Fett Rocher, N.B., Oct. 25, 1916, re-assigning it to Toronto to Sarnia via Pere Marquette.

Application of the Freight and Express Underwriters of Toronto that the rate of demurrage for Canadian car demurrage rules be changed to read: "Notice of claims for refund of demurrage under this rule to be presented to the carrier's agent within 15 days."

MORE SOLDIERS RETURN Two Special Trains Will Come in at North Toronto Station Tomorrow Morning.

Announcement is made by the military hospital commission that two special trains of returned soldiers will arrive at North Toronto station tomorrow morning, the first at 7.40 o'clock, and the second at 10.30 a.m. Six hundred men in all will arrive by the two trains. They form part of the large number of returned soldiers expected for some days.

Half of one train will contain soldiers whose homes are in western Ontario. It will go thru to the London, Ont., district.

VETERANS' MASQUERADE Parkdale Branch Held Successful Ball With Over Five Hundred Members and Friends Present.

The masquerade ball held last night at Oddfellows' Hall, under the auspices of the Parkdale branch of the Great War Veterans Association, proved to be a rousing success. More than five hundred members and friends were present, and considerable credit is due to the committee, headed by J. Valentine and E. Ellis, who worked hard to make the occasion the success it was. Miss Church, sister of the Parkdale branch, was the guest of honor, and to whom so much of the progress of the Toronto G.W.V.A. is due, was present, and in company with Mrs. Arthur VanKoughnet, Miss Constance Boulton, and Mrs. W. R. and Miss J. H. Hosking, who were notable both as to number and variety. Besides being one of the most successful of its kind in its social aspect it was also a decided success from a financial standpoint, the proceeds amounting to more than \$300. This money will be devoted to the needs of the relief committee.

"Among the costumes which gained prizes were those of a 'Moorish couple' that of 'Jeanne d'Arc,' one which neatly burlesqued Julian Eltinge, another cleverly depicting a woman of a harem, an officer of the Great War, a hundred years ago, a 'Sis Hopkins,' and a hobob."

PARKDALE VETERAN DEAD. The death occurred yesterday of A. Riggs, of 145 Dunn avenue, who had been ill for some time at Euclid House, a home for wounded officers. Mr. Riggs was a member of the Parkdale branch of the Great War Veterans' Association, and will be accorded a full military funeral. A large attendance is anticipated, and the date of the funeral has not yet been decided, but it is believed that it will be held on Saturday afternoon.

GERMANS TO DEBATE PEACE. London, Feb. 14.—An important peace debate will begin in the German Reichstag today at 10 a.m. It will be a wireless dispatch from Amsterdam, Chancellor von Hertling will discuss the treaty with the Ukraine, and will reply to President Wilson. Premier Lloyd George and Premier Orlando.

CANADIAN CASUALTIES

ENGINEERS. Wounded—W. E. Stubbs, Grandview, Man. ARMY TROOPS. Wounded—G. H. Grundy, Scotland.

BRITAIN MAY DEPORT RUSSIAN AMBASSADOR Bolshevik Envoy Attempts to Incite Munition Workers to Revolution

London, Feb. 14.—The authorities are considering the activities of Maxim Litvinoff, the Bolshevik representative in London. Although he has not been recognized by the government, Litvinoff has been circulating among munition workers, pamphlets, books, and leaflets, which the newspapers assert are incitements to revolution.

In a discussion of common sense today, Noel Pemberton-Billing, independent, asked whether Litvinoff was to be deported as an undesirable alien. The Home secretary replied that the matter was receiving his attention.

It is recalled that Leon Trotsky, the Bolshevik foreign minister, recently protested strongly that the British and American embassies in Petrograd had tried to interfere in Russian politics, but that Sir George Buchanan, the American ambassador, had refused that these charges were unfounded.

Premier Borden Will Meet Delegation Next Thursday Special to The Toronto World.

Guelph, Feb. 14.—The deputations representing Ontario municipalities in hydro power zone which will work on the Dominion Government in relation to the nationalization of the railways and hydro power will be received by the prime minister next Thursday. Secretary T. J. Hannigan this morning received a telegram from the Ontario premier stating that Thursday next would be a suitable day, but asking that the claims to be urged by the deputations be prepared in a memorandum and submitted to the cabinet in that form.

Mr. Hannigan stated that there would be probably 15 people in the deputation. He did not think very much, however, of the idea of having to submit the claims of the deputations in writing. He said: "I feel that the municipalities of Ontario, and the demands which are being made about the hydro power zone, are of considerable importance and should be granted a reasonable time in which to present them."

"Surely the Ontario municipalities want a better hearing than on a previous occasion, when they were only allotted half an hour. The person in charge of the deputation has not yet been announced."

Power Still Off at Cornwall And Business at a Standstill Cornwall, Ont., Feb. 14.—From information received tonight from the authorities at Mills Roches power house it would appear that relief from the conditions prevailing at the plant will not come on Tuesday will not be before Saturday and possibly not before Monday next. The Standard and Electric Public offices. The government has not yet taken any action on the offer.

Baltimore Castle is near Perth, Scotland, and is the Scottish highland residence of the British royal family. Buckingham Palace and Kensington Palace are in London. Since 1871 the residence of the sovereign. It is at the west end of Whitehall, and Queen Mary were both born in Kensington Palace.

Gen. Robertson Will Remain As Chief of General Staff London, Feb. 14.—Major-General William R. Robertson, The Chronicle declares, on his own information, will remain chief of the imperial staff with the full approval and confidence of the war cabinet. Major-General Wilson, the subordinate who will continue to be the official British representative at Versailles. The Chronicle adds that it has been reported that Robertson might resign at the end of the war, but that he has now been abandoned.

The Central News last night reported that Robertson might resign at the end of the war and take a position of high influence if he cared to do so.

King Offers Three Castles For Use of British Nation London, Feb. 14.—King George, The News says, has offered three royal palaces for national use. They are: Balmore Castle for wounded soldiers, and Buckingham Palace and Kensington Palace for public offices. The government has not yet taken any action on the offer.

DIED AT LOS ANGELES. Special to The Toronto World. Guelph, Feb. 14.—Rockwood Horticultural Society has organized for an effective campaign to secure production of all the garden foodstuffs that is possible. Officers have been appointed and a goodly sum subscribed towards the year's prizes and expenses. Last year's results have been good, as evidenced by the supply of vegetables still in the cellars, and the enthusiastic manner in which the citizens are taking out their own garden foodstuffs that will augur well for its success.

The following officers were elected: President, W. Harris, secretary, G. W. Clough, secretary-treasurer, A. L. Squires, directors, Miss Milroy, Mrs. Gray, Mrs. W. Harris, Mrs. McAlister, Mrs. Lundy, Mrs. Tozland, Messrs. E. D. Oakes, M. P. D. H. Hosking, H. Henderson, P. Osburn, A. J. McAleer.

Special to The Toronto World. Guelph, Feb. 14.—Charles S. Baxter, a well-known hardware merchant of this city, died today at Los Angeles, whither he had been summoned for medical treatment. He was 50 years old. The remains will be brought to Windsor for interment.

Men For Shipbuilding. London, Feb. 14.—Secretary MacNairna informed the house of commons that the war office had consented to release 20,900 skilled men for shipbuilding.

Big Support of Italian Loan. Paris, Feb. 14.—Subscriptions to the fifth Italian loan collected up to Feb. 11, exceed \$2,000,000 lines, according to the Havas correspondent at Rome. The total is growing constantly.

HE WAS UNABLE TO WORK ALL WINTER

Takes Tanlac and is Now on the Job Again—Troubles Are Overcome.

"I'm speaking from experience when I say I believe Tanlac is the finest rheumatism medicine made and I now realize what a mistake I made by not trying it long ago." Otto E. McDonagh, who makes this statement, is a valued employe of the Toronto Ship Building Company and lives at 21 Broadview avenue, Toronto.

"I couldn't hit a lick of work all last winter," Mr. McDonagh continued, "and I don't doubt but entirely, would be in the same fix yet if I hadn't taken Tanlac. The rheumatism started in my right knee more than a year ago, later my arm and shoulders came affected and I soon became so crippled up I simply couldn't do a thing. My knee joint was so swollen and stiff I could hardly move it and my arms were in such a fix that I could just barely raise my hands high enough to button my collar. My knee was so swollen and stiff I could hardly move it and my arms were in such a fix that I could just barely raise my hands high enough to button my collar. My knee was so swollen and stiff I could hardly move it and my arms were in such a fix that I could just barely raise my hands high enough to button my collar."

"I had tried most everything, it seems to me, but two bottles of Tanlac have done me more good than all the other medicines combined, and I have just started on my third bottle and I have never seen or heard of anything knocking out rheumatism like it has mine. The swelling and stiffness has almost disappeared and I will be able to raise my leg up and down without a bit of trouble and can use my arms any way I please. In fact, I haven't noticed any more of the trouble since I finished my second bottle of Tanlac. All the men where I work know how it has helped me, for I can work every day now, and I have told them that brought me out. I bought a bottle of Tanlac just the other day for one of the boys who has rheumatism and I believe it will help him. These are just plain facts and I will be glad to tell anybody who wishes to come and see the just what Tanlac has done in my case."

Tanlac is sold in Toronto by Tamblin's Drug Store and by one regular established agency in every town.

RETURNED SOLDIERS The Head Office of the SOLDIERS' AID COMMISSION OF ONTARIO (Incorporated by Special Act of the Legislature of Ontario) is at No. 116 Colborne Street, Toronto.

The public are cordially invited to cooperate with us in securing suitable employment and in doing other things for returned soldiers and their dependents.

Classes for the vocational re-education of returned soldiers who have been disabled as to prevent them from resuming their former occupations have now been provided, and any man who regards his disability to be of such a nature as to entitle him to the benefit of these classes is requested to make application to Mr. W. W. Nichol, Superintendent of Education for Returned Soldiers, No. 116 Colborne Street, Toronto, when full particulars will be gladly furnished, and arrangements at once made for a board to enable those entitled to obtain courses of instruction in the subjects suitable to their particular disability.

In addition to getting instruction free, the support of the soldier and his family or dependents during the period of retraining, and for one month after it is completed, is provided for, according to scale.

Classes where assistance for the families of soldiers is required are daily reported to us, and we will thankfully receive subscription to our Relief Fund. Subscribers to this fund are assured that careful official investigation is made of each case, and particulars will be furnished on request to subscribers as to disposition of their donation. All donations should be made payable to the order of the Soldiers' Aid Commission, and in each case an official receipt will be issued immediately.

All services are free of charge. For further particulars as to our work, please write to telephone No. 2600, W. D. McPHERSON, K.C., M.P.E., Chairman, J. WARWICK, Secretary.

TWO FRENCH RAIDS IN RHEIMS REGION Allied Batteries Disperse Strong Enemy Concentration Near La Dormoise.

Paris, Feb. 14.—The war office announcement tonight says: "Northwest and east of Rheims we carried out raids and brought back prisoners. "In Champagne both batteries were quite active. Our batteries caught under their fire and dispersed a strong enemy concentration reported south of La Dormoise. "Eastern theatre, Feb. 13: There was reciprocal artillery activity west of the Vardar and at the Cerne bend. "Belgian communications. The last two days there has been moderate artillery activity. Last night a German detachment which attempted to approach one of our advanced posts in the region of Kings was completely dispersed by our barrage fire."

FIVE SENTENCED TO DEATH. Athens, Tuesday, Feb. 12.—Three lieutenant and two soldiers have been sentenced to death by court martial in connection with the mutinous outbreak early this month at Lamia. Another lieutenant has been degraded and sentenced to one year in prison.

CONTROLLERS BAN HEALTH BULLETIN

Cut Seventy Thousand Dollars Off Dr. Hastings 1918 Estimates.

M.O.H. SAVES LIVES

Work of Department Strongly Defended by Controller Maguire.

The joint meeting of the board of health and the board of control to revise the estimates of the health department was held yesterday afternoon. Dr. Hastings, the medical health officer, was given five minutes' notice to come downstairs and watch the execution, and he was not in a merry mood. "You will be reduced to the staff of your department 25 per cent," was the first ultimatum delivered by the mayor.

	Estimate.	Cut.
Personal services	\$228,878.10
Outside services	\$9,578.50	\$ 7,717
Materials and supplies	68,128.00	\$6,521
Plant and equipment	69,498.00	\$6,694
Interest, taxes, etc.	1,586.00
Contributions	70.00
	\$517,834.06	\$70,832

The largest item cut off was one for \$16,000 for a new heating plant at the isolation hospital. The monthly health bulletin, which cost about \$2500 a year to print and distribute, will also be dispensed with this year.

Department's Work Defended. Controller McBride led the way in the cutting of the estimates, and Mayor Church and Controller Robbins seconded all his moves. Controller Maguire and Ald. Risk were strong in the defence of the department's work and opposed the wholesale slashing.

The work of this department has out the death rate in Toronto to such an extent that there were 1694 fewer deaths last year than in 1910. The death rate under the death rate in 1910," said Dr. Hastings. "That is only the sentimental side, tho. Getting down to dollars and cents the department saves the people of this \$225,000 every year by giving them milk that is all milk and not largely water."

Controlled Maguire. Dr. Hastings has eliminated the scheme in Toronto. No other city on the continent has been able to do that.

But the mayor refused to lend a sympathetic ear. "We can only have as much health as the people can afford to pay for," was his argument.

Parks Department Estimates. The parks committee also met and visited the pruning knife so deftly that they cut \$59,147 from the estimates of Commissioners Chambers, which amounted to \$411,460.

RED CROSS SHIPMENTS

Mrs. Stearns-Hicks reports for the Toronto branch of the Canadian Red Cross Society, 38 West King street, the shipment of 162 cases of supplies for January, 1918, containing 20,202 articles, consisting of 2894 pair socks, 246 pairs slippers, 119 dressing gowns and bed jackets, 1590 sets pyjamas, 1870 personal effects bags, 3072 handkerchiefs, 264 hospital suits, 673 pillow slips, 287 pneumonia jackets, 373 many-tailed "T" and stamp handkerchiefs, 188 bed pads, 365 pan covers, 8 quilts, 14 pounds chocolates, 58 kit bags, 162 flannel shirts, 1916 straitcher caps, 241 towels, 2206 wash cloths, 15 sweaters, 92 trench caps, 511 gaiters, and also a quantity of miscellaneous articles.

This is the result of the combined efforts for the month of the women connected with the various circles throughout Toronto.

Once again the Canadian Red Cross reminds its workers that this is the fourth spring of Red Cross work, and being such the demands will be greater than ever. Socks are still the most required article.

MUSICAL CLUB HAS SUCCESSFUL CONCERT

A good attendance and corresponding program were the features of the meeting of the Women's Musical Club held in the new Masonic Hall yesterday afternoon. The opening for the piano was a group including Paderewski's "Nocturne" and "The Swan" were delightfully interpreted by Jessie Hill. Two groups of songs including operatic and other selections were sung by the popular soprano Winifred Hicks-Lyne. The attractive trio "Dumky," by Dvorak, and played by Jessie Allen, Lena Hayes Smith and Leo Smith completed the program.

Returns from the Barrentos concert were not announced in full, but it was stated that the members of the club alone sold over \$2,000 worth of tickets.

JASCHA HEIFETZ COMING

Wonderful Young Russian Violinist to Play in Toronto.

All the remarkable eulogies that appeared in the New York papers the day after Jascha Heifetz, the wonderful young Russian violinist, made his first appearance in America have been simply verified and emphasized by these same writers upon subsequent performances of this real genius of the violin. His recital in Toronto on March 4 is being looked forward to with the greatest interest.

A SNAPPY WAIST. Another waist of distinctive qualities is illustrated. Tan crepe de chine with tan Georgette sleeves and vest trimmed with buttons, and a black satin edging.

ADVICE TO GIRLS

By Rosalind

Rosalind gives advice to girls in both The Daily and Sunday World. Both papers, therefore, should be watched for her answers. Writers sometimes ask that answers be given either in the daily or Sunday paper; but so many letters are received that it is impossible to separate them. Letters requiring private answers must contain self-addressed, stamped envelopes.

Hamilton, Ont. DEAR ROSALIND: I am a girl of 23 years. The boy whom I really like the best of all my friends is in England, having been wounded in the foot in France. He has been in England some time, and now is on the road to a very speedy recovery, for which I am more than thankful. During his stay in France and England I have been going with other boys. Two have asked me to marry them—one unable to go on account of a slight physical defect, the other has enlisted and gone "over." What I want to ask or rather tell you is this: All the time Frank has been "over there"—Frank by the way is the one I like the best—he has not as much as sent me a trinket. I overlooked this for a while, but now am beginning to feel that I have recently received a beautiful little locket from Frank in England. It is not because he hasn't the money, because his folks here are continuously sending him funds by cable—sums amounting away up, and with this money he goes on to Scotland, Ireland, Wales, etc., and is having the time of his life. I at home drudge on without even a little ring or chain to remember him by. True, I do not need these things to remember him by, but it goes hard when he professes to think and care so much about me. It is not the worth of the trinket I refer to, that I am worrying; it is more the principle of the thing. Surely with his army pay, which is above the ordinary, as he has a commission, and the money sent him from home, he could send me a little something. Referring again to the lad at home—this boy takes real delight in making me happy, and, although his education and wealth are not as great as my soldier boy, I often wonder just which would make the better husband. What do you think of it? I believe that I have sent Frank many, many boxes of goodies, but lately have tired of hearing my mother say so that he has become a dainty thing, while he never considers me in the least except with letters. I am not getting it, it is not that I am only too glad to be of some use in service to any of our soldiers; but I am just beginning to wake up. Your advice will be more than appreciated. Thanking you, I am, HAZEL EYES.

DEAR HAZEL EYES: I think I know exactly how you feel. If you were in Frank's place it would give you the greatest delight to spend money on the girl you cared for. And the fact that you do not do this, seems to you to denote a lack of thoughtfulness. And thoughtfulness, to a woman, is the keynote of love. But men are different. Hazel Eyes. Some of them never think of these little attentions that girls think so much of. There is another thing to be said for Frank. Even if a soldier's gifts have in a way been allowed to disregard the old rule—just the same, it is not correct for a girl to receive gifts from a man to whom she is not formally engaged. Your Frank may be adhering to the rule. You, who know him, must decide whether it is courtesy or thoughtlessness that prompts him. There are many ways in which a soldier can show his appreciation for a girl's thought of him and his comfort, and I am sure your soldier boy could have shown you, in some way, that he appreciated your devotion and sacrifice. The war seems to have shown us just how many-sided in character people can be. HAZEL EYES.

DEAR ROSALIND: My name is Annie, and I have been keeping company with a young man three years younger than myself. He is a young man of good habits and is very true to me, tho he goes out with other girls, but never allows other men to pay attention to me. I am very much in love with him, tho I do not like his habits sometimes. Do you think I should allow him to pay attention to me? I am twenty-eight years of age. The only objection our parents have against our union is that he is an excellent dancer, and spends much of his spare time in practising this act—probably this is why he has so many frivolous and silly friends—and my parents are prejudiced against dancing and frivolity. We have worked together, in the same store, for six months, and, as I have known him since I was sixteen, our friendship is not new. Do you think it is wise to plan our marriage? One strong point is that he is well situated in the financial world. ANNIE.

DEAR ANNIE: Why don't you dance, too? Supposing you marry this young man. You wouldn't like him to go out to dances with other girls then, would you? And you could hardly expect him to give up something that he takes very great pleasure in. Dancing, carried to extreme, is, of course, very frivolous; but dancing for exercise, in moderation, is quite all right and very pleasant. I am afraid you have some reason for discussion, and, perhaps, for quarrels, in your different ideas of amusement and recreation. It would be wise to reach some understanding on the subject before going further. Does not the Military Service Act affect this young man at all?

DEAR ROSALIND: For a long time I have been going to write, but I now feel as if I have to. I was very much in love with a man, and he told me he loved me. Well, he seems to have changed an awful lot lately, but I don't know what to do. Some people say, "Oh, don't think about him." But I can't help thinking about him; I just feel as miserable as anything, because I love him. I took my girl friend up to his place and introduced her to him, and he seems to pay more attention to her than he does me. He also has asked both of us up several times, as if he has got a position that keeps him home often. We went up to his place the other night, and he kept talking about my girl friend's lovely eyes, and how cute she looked. We phoned him up the other night, and he kept talking to him over the phone, and he asked her to go up and see him alone, and then he asked her if I heard him say it. My girl friend just took with him for fun, but it hurts to hear him say it. Please tell me what to do, but I hope you won't say to forget as if I will be making myself sick thinking about him. Please let me know as soon as you can. Yours truly, NELL.

DEAR NELL: Wouldn't you rather be disappointed in the man now than after you had married him? No man who really cares for a girl would deliberately hurt her feelings by neglecting her or making little of her before her friends. If this man does these things, and makes no explanation to you as to why he does them, I am sure he is not worthy of the affection you have given him. It is hard, I know, to even think of putting all thought of him out of your life, but I really think, dear, you are too loyal a little girl to be wasted on one so fickle and thoughtless. Some day he will come along, Nell, and then you'll be so glad you were wise enough and womanly enough to demand the best treatment from your friends—and not be satisfied with anything else.

DEAR ROSALIND: I write you for advice. It really doesn't matter about my age, for I don't believe in age, and I believe in the age of mind, and in my case they are perfectly coincident. I have been trying for some time to muster enough courage to write. I am somewhat sensitive, and very on the idea of publicity, but I have overcome that. Over a year ago I met a young man whom I liked very much. He wrote to me, but my mother forbade me to correspond with him owing to where and how I met him. She made me write a most terrible letter to him, tho she admitted that he had written to me, and she had seen his picture. Now, I am very impulsive, and, under this, I am very convinced of a false sense of duty. I posted the letter. Needless to say, I heard no more of him.

This summer, when I was out of town, I met him, and I turned him down. I didn't realize what I was doing. He saluted and left me. Months passed by, and a young man calls to see me. He is going overseas soon, and has been showing me great attention. I will say, he is a splendid young man, honest and upright, and here am I next door to hating him, and he is waiting to ask me, "What shall I do? I know it is not honest for me to allow him to spend his money on me, but I feel absolutely helpless. He wants me to write him. Do you think it would be right?" And, if ever "he" should come again, would it be right for me to speak? I owe him an apology, do I not? Thank you, HOPE.

DEAR HOPE: You exactly what your mother would have expected you to do, didn't you? Very often mother's objection seems hard to her impulsive daughter, but, my dear, she has had experience with the world, with men, with love and with nice little girls, and she knows. Hope, she knows every time. As for the other young man, I certainly cannot see any pleasure for you in going out with him when you "are" next door to hating him—and by the same token, neither can I see much fun for him. Better drop him, Hope, dear, and let some other nice little girl help spend—or save—his money. If the first man is for you, rest assured he will come back and carry on his acquaintance in such a way as your mother approves of. And remember this: You are a lucky, lucky little woman in having a careful mother. If you only knew the scores of letters I get from girls who fairly ache for a mother—and her loving, careful, counsel.

WHY DO YOU BUY A NEWSPAPER?

The answer is simple. You buy a newspaper to get the news. If you choose between two newspapers, or if you choose one from among three or half a dozen newspapers, you take the one that gives you the *most* news.

All Toronto newspapers are supplied with practically the same war news. You can get the principal war news in any Toronto morning newspaper. But readers of the Toronto morning newspapers, in addition to the war news, want *local* news.

The Toronto World publishes more local news than any other morning newspaper EVERY DAY.

By *local news* is meant news about Toronto and its immediate suburbs. Why waste time reading newspapers that do not give you *all* the news? Why read newspapers that do not give you the news in such a way that you can learn, almost at a glance, the happenings in Toronto and throught the world?

In addition to the news in *The World*, you get features that no other Toronto paper publishes.

For instance, no other Toronto morning paper gives two pages of news for and about women every morning.

No other Toronto morning newspaper, and no other newspaper in the world, publishes Sam Hunter's cartoons.

No other Toronto morning newspaper publishes comic cartoons, such as "Penny Ante," "That Son-in-Law of Pa's" and "Polly and Her Pals." No other Toronto newspaper publishes "The Kewpies"; that special high-class daily comic and verse for the kiddies.

No other Toronto newspaper publishes "Advice to Girls," a feature whose popularity is shown by the thousands of letters that are written to the paper and carefully answered.

No other Toronto newspaper has as good a sporting department as *The World*, which, for years, has been the acknowledged sporting authority in Toronto.

No other Toronto newspaper publishes a war summary as accurate and as entertainingly-written as that published in *The World* every morning.

No other Toronto newspaper gives its readers such accurate, condensed information and news about Toronto, Ontario and the world as the

TORONTO WORLD

STILL NEGOTIATING FOR STEEL MERGER

Sir Henry Pollatt, who returned yesterday from Montreal, where he attended the meeting of the directors of the Dominion Iron and Steel Corporation, said that negotiations looking toward a merger with the Nova Scotia Steel Company were still being conducted.

Reports presented showed the meetings of Dominion Iron to be excellent.

ENTIRE NEGLECT OF STEEL ISSUES

Brazilian, Cement, Steamships and Mackay Are Heavy in Dull Market.

The Toronto market appears to have fallen back into the rut from which it was recently rescued by steel news.

Reports that negotiations had been dropped entirely have been silenced by the guarded admission of President Workman of Dominion Iron that some tentative steps are being taken, but the "street" seems for the moment to have lost interest in the overture.

Not a share of Dominion Iron, Nova Scotia was traded yesterday, and the bid asked were identical with those of the Wednesday close. Steel of Canada was likewise neglected. Cement, after a period of inactivity, sprang into some prominence, opening at 3 1/2 and declining to 3 1/4 on transactions of 209 shares.

There was no news accompanying the break, which was seemingly due to stock being pressed for sale at a time when there was no absorptive power.

Brazilian continued its downward movement, closing at 3 1/4 for the loss of 1/4. The company's December statement, just made public, shows a heavy increase in operating costs with a resultant contraction in net earnings. Mackay took a point in the morning at 7 1/2 in sympathy with the price edging off slightly. Steamships common was shaded 1/4 at 4 1/2.

Early brisk dealings in the third issue featured the war loans, the price edging off slightly. Shares, 6 1/2; war loans, 12 1/2.

STEEL IGNORES OUTPUT IS GREATLY REDUCED

Production of Pig Iron in Past Six Weeks Falls Off Greatly.

New York, Feb. 14.—January output of steel ingots estimated on returns from companies producing 88 per cent. of the country's steel ingots in 1918 was 2,000,000 tons against 3,106,500 tons, the estimate for December, and 3,969,000 tons for the month of largest production of 1917. The February rate thus far has been well below that of January.

The monthly output in pig iron output in the past six weeks points to a shortage in the later months of the year, and this may be more than now counted on in standard iron since irregular operation of furnaces and poor coke have much increased the percentage of scrap.

STOCK APPEARS ON RALLIES.

J. P. Bickell and Co. received the following closing stock letter: The market showed some reactionary trend today as yesterday. The Union Pacific dividend was used to stimulate the railroad but the buying was largely short covering. The market is heavy and stock appears on the rallies.

RUE FLYERS IN ROUBLES.

New York, Feb. 14.—It is estimated that Americans have invested \$100,000,000 in rouble exchange during the past year or two at 25 cents a rouble and higher to the present 13 cents. How their investment will result is a matter of much concern and will depend upon the policy the Bolshevik will ultimately pursue to ward Petrograd banks.

SMART WOODS EARNINGS.

Montreal, Feb. 14.—The financial statement of Smart, Woods, Limited, for the year ending Dec. 31 last, shows net earnings of \$70,815 compared with \$51,190 earned in 1916. Bond interest cost \$29,250; war tax, \$110,750; deferred charges, \$60,000; Patriotic Fund, \$8500; reserve for bad debts, \$20,000; preferred dividends, \$108,185, and common dividends, \$120,000, leaving a net surplus for the year of \$312,890, compared with \$150,200 in 1916.

BROKERS' HOLIDAYS OVER.

New York, Feb. 14.—The order closing the New York Stock Exchange on Monday was withdrawn today by the board of governors in view of the action of the fuel administration cancelling the general closing order on the days specified.

The New York Cotton Exchange also withdrew its closing order.

VOTE TO INCREASE ADANAC'S CAPITAL

Joint Annual and Special Meeting Gives Approval to Financing Project.

At the special meeting held in conjunction with the annual meeting of the Adanac Mining Company in the Excelsior Life Building yesterday unanimous endorsement was given the proposal that the directors be empowered to increase the capital stock of the company from \$2,500,000 to \$3,000,000.

Only one-half of the additional stock, of a par value of \$400,000, will be offered to shareholders in the ratio of one share of the new to eight of the old, at ten cents per share.

If all shareholders avail themselves of the privilege the \$250,000 issue will not be sufficient, and in this event allotments of the larger holders will be reduced. Those who take up the stock will be asked to subscribe after Feb. 20, the remaining \$250,000 of the issue authorized on the same basis.

A syndicate, it was announced by President R. A. Cartwright, just north of the Adanac mine, just north of the Timiskaming line, penetrating the area which A. R. Whitman, geological expert, advises is the best mineralized section of the Adanac.

Year's Operations. The report of Managing Director M. R. Cartwright for the 11 months period ended Dec. 31 last showed that a program of exploration work had been steadily carried out. For the first six months the company was under the management of George Randolph, and operations were conducted almost entirely under contract. In that period there were 70 1-2 feet of raising and 503-95 feet of drifting effected at a cost of \$17,375.47.

A vein was encountered in the diabase and a raise was started to get to the contact. High-grade ore was found, just north of the Hamilton-Cowick, and was intermittently for about 170 feet. Mr. Randolph resigned as manager about the time of the completion of the contact. The work has since been conducted along company lines. There has been stopped out and sorted 4500 cubic feet of vein matter and rock, from which has been obtained about nine tons of high-grade and this was shipped and sold. The recovery amounted to \$555.77 fine ounces. The remainder of this 3550 pounds consisted of high-grade and this was shipped and sold. The recovery amounted to \$555.77 fine ounces. The remainder of this 3550 pounds consisted of high-grade and this was shipped and sold.

Upon discontinuing stopping drifting to the north was continued, A. R. Whitman having given a definite report that the effects of changed geological conditions would be felt within the next 300 feet. During the past three months when drifting northward has progressed a distance of 287 feet at an average cost of \$17.37 as compared with \$21 per foot under contract. The entire cost of the latter period being only \$11,67.29.

DAVIDSON'S OUTLOOK

G. C. Crean, president of Davidson Gold Mining Company of Canada, Ltd., at the annual meeting at developments at the mine during the period ending Dec. 31, 1917. The president stated that the estimated ore blocked out comprised 30,000 tons of 315 ore and the balance of 100,000 tons of 200-300 level ore. The average grade of the 315 level ore was 1.75 per cent. of gold, and the 200-300 level ore was 1.25 per cent. of gold. The total amount of ore blocked out and in sight down to the 315 level amounted to 130,000 tons, probably averaging 1.5 to the ton. Between the 200 and 300-foot levels were 100,000 tons of low-grade ore, which has been indicated as a result of lateral work, but sufficient development has not yet been done to permit an estimate of values. Further diamond drilling close to the 300-foot level localities has shown wide five feet of low-grade ore, high-grade ore and the remainder low-grade. The president remarked that the 315 level ore is of the 100-foot level and has been given a value of \$15 to \$20, and the 200-300 level ore is of the 100-foot level and has been given a value of \$15 to \$20.

LAKE OF THE WOODS HIGHER AT MONTREAL

Montreal, Feb. 14.—An advance in Lake of Woods commodity to 120 was the most notable price change today. It sold off from 120 last year to 120 and has now fully recovered the loss it worked up from 120 to 123 in January, and has since sold in broken lots at 126 to 127. The general tone showed some improvement, iron recovering to 60%, after falling during the forenoon at 60. The cotton market was active at 155 after a period of inactivity, and Brazilian again came to life, selling at 34%. The previous local transaction was at 32%. Steamships was off 1/4 at 4 1/2, and Toronto Railway was in fair demand at 40 1/2.

NEWRAY CARRIES RECOVERY FURTHER

Hollinger, Dome, West Dome and Thompson-Krist Sell Off.

Bar silver closed unchanged yesterday at 42 1/2 in London, and 85 1/2 in New York.

Continuation of the upward movement in Newray, and recession in Hollinger, Dome, West Dome and Thompson-Krist were points of interest in yesterday's rather dull mining market.

Newray at 26 yesterday's closing quotation, showed a recovery of a full six points from the low of the week. Complete absence of any confirmation of the disturbing rumors regarding Newray was brought about by restoration of confidence, and shorts are in the position of seeing their paper profits melt away. Hollinger seems to be suffering from the unloading of considerable blocks of stock, released by holders who are not satisfied with the dividend outlook, well on to 1400 shares being placed on the market yesterday. At one time a price of \$4.25 was reached, but a rally brought Holly back to \$6 even. Dome was not helped by announcement that underground operations had been resumed on a small scale, the stock selling to \$2.50, as against \$3 the previous day. Dome, after its flurry of Wednesday, was not helped by announcement that the close, Thompson-Krist was weak at \$1.25, the stock showing a loss of 1 1/2 points. Cartwright expressed confidence that the effects of changed geological conditions would be felt within the next 300 feet. During the past three months when drifting northward has progressed a distance of 287 feet at an average cost of \$17.37 as compared with \$21 per foot under contract. The entire cost of the latter period being only \$11,67.29.

HOLLINGER MEETING

Montreal, Feb. 14.—At the annual meeting of shareholders of the Hollinger Mines this afternoon the annual report was adopted and the directors re-elected without change. Managing Director Fort On Mission to Pete Lake. S. G. Forel, managing director of the Peterson Lake Cobalt Company, spent north Wednesday night in response to a message, the nature of which is not disclosed, and will take a look over the preparations being made to install a mill for the treatment of the ores of the old smelter, after a period, the machinery for which is now being purchased, and will be installed shortly.

ORE RECEIPTS AT TRAIL.

The Consolidated Mining and Smelting Company of Canada, Ltd., report ore receipts at Trail smelter from Jan. 22 to 31, 1918, at 11,647 tons. Total receipts from Oct. 1, 1917, to date were 97,254 tons.

COTTON CONSUMPTION

Washington, Feb. 14.—Cotton consumed during January amounted to 224,083 bales, a decrease of 10,000 bales from the corresponding month of the year ending Jan. 31, 1918, 234,083 bales. Last year in January 601,881 bales were consumed and for the six-month period 3,857,823 bales. Cotton on hand January 31 in consuming establishments was 1,697,448 bales, compared with 1,846,088 a year ago, and in public storage and compresses 3,616,078, compared with 3,726,790 a year ago.

COTTON MARKET NARROW.

J. P. Bickell and Co. received the following closing cotton letter: Today's market was very quiet, those that have been experienced for the past several weeks. Prices moved within a very narrow range, closing at four to six points decline. The cotton consumption figures for January were about as expected, and considering the various holidays during that period, made a favorable showing.

NEW YORK COTTON.

Table with columns: Name, Op. High, Low, Close. Includes New York, Feb. 14.—Cotton futures closed dull.

Have You Already Appointed A Personal Executor?

- If so, have you faced the following possibilities? 1. That he may be unwilling to act. 2. That he may die before your estate is fully administered. 3. That he may be ill or away when your estate needs him most. 4. That his training may not qualify him to deal with the kind of property which your estate is made up. 5. That his financial resources may not be sufficient to make him responsible for the amount of property which is given him to manage.

If any of these possibilities suggests to you that it is advisable to protect your Estate by safeguards additional to those which you have already supplied, our officers are happy to be consulted.

BANK CLEARINGS. Local bank clearings this week show the second decrease for the month of the corresponding period last year being nearly \$5,250,000 less than almost all the other weeks of the year.

TODAY

A Two-Day Special Price Offer From Simpson's Made-to-Measure Dept.

TOMORROW

Suits Custom Tailored to Your Measure In Any Style You May Choose, \$28.50

More Than 75 Handsome Suit Lengths in the Selection

The materials are imported English and Scotch tweeds in neat, becoming designs, in the season's most wanted colorings—grey and brown mixtures. There are, as well, the ever-popular Bannockburn patterns. No less than seventy-five lengths to choose from, in medium weights, suitable for all-year-round wear.

To the above we have added a few suit lengths of plain black mill-finished serge. Fit, finish and workmanship of every garment guaranteed.

You may choose any of the styles illustrated or from others not illustrated here and we will tailor to your individual taste and measurement, today or tomorrow, a suit at the reduced price of \$28.50.

Orders received today or tomorrow will be at the reduced price
\$28.50

Understand, please, the reduced price is for today and tomorrow only.
\$28.50

February is a Wonderful, Wonderful Time to Plan Ahead and Buy Furniture, Carpets, Rugs, Etc., at Simpson's
