FORMER GERMAN EMPEROR TO BE SURRENDERED TO ALLIES

PROTESTS AGAINST TREATY FAIRLY SWAMP GERMANY

For First Time in History All Parties Are United in Wave of Remonstrance—All Assail Terms and Demand That Germany Should Not Sign Them—Press Flooded With Letters.

Berlin, May 11.—The protests that came from various quarters in Germany over the peace terms, as they were reported before the official terms became known, are as nothing in comparison with the wave of remonstrance, angry, bitter, disappointed in tone—that is sweeping over Germany now that the treaty has been presented. States, municipalities, districts, organizations of various sorts, business men's and women's clubs and the political parties thru their spokesmen are vying with each other in finding words in which to express scorn and condemnation for the document.

FIRST RECRUITS OF THE STANDING ARMY OF CANADA BEING INSTRUCTED IN DRILL

Dutch Government Has Decided To Surrender Former Emperor

London, May 11.—The Dutch government has decided to surrender the former German emperor to the allied and associated powers, according to a despatch from The Hague to The National News.

Paris, May 11.—The Temps publishes a note from the Dutch legation at Paris, declaring that the demand for the extradition of the former German emperor has reached Holland.

ALLIES REFUSE TO ADMIT ANY DISCUSSION OF RIGHT TO INSIST ON TREATY TERMS

GIVE EQUAL PAY FOR EQUAL WORK

So British War Cabinet Committee Advises Regarding Women's Employment.

London, May 11.—The war cabinet committee dealing with the industrial position of women, recommends the adoption of equal pay for equal work, in the sense that pay should be proportionate to efficient output. While it is contended that the woman employed produces less than a man, on the same work, the onus of proof should lie with the employer.

Head of German Delegation Sends Two Notes to Powers and Receives Curt and Emphatic Replies—Admission of Germany to the League of Nations Has Been Provided for in Covenant.

Paris, May 11.—The allies can admit of no discussion of their right to insist upon the terms of the peace treaty substantially as drafted. This is the reply to Count von Brockdorff-Rantzau, head of the German peace delegation, who submitted a note to Premier Clemenceau declaring that the peace treaty contains demands which could be borne by no people, and many of them incapable of accomplishment.

Much Damage, But No Lives Lost In Disturbances at Seaford Camp

London, May 11.—The reports of disturbances on Friday night last, in the Canadian camp at Seaford, turn out to be not as serious as those at Kimmell camp and so far as is known no grave injury or loss of life has occurred, but there has been considerable damage.

WILL PAY MILITARY HONORS TO BODY OF NURSE CAVELL

Will Be Taken to England May 13—Service Will Be Held in the Abbey and Remains Then Sent to Norwich—Examination Finds That Death Was Instantaneous.

ADMIRAL KOLCHAK. Whose armies have recently won continued successes against the Bolsheviks.

Brussels, May 11.—The removal of the remains of Nurse Edith Cavell for execution in England takes place on Tuesday, May 13. The body was exhumed at Brussels on March 17, placed in a double coffin of zinc and oak and conveyed to the Tir National. The body was found clothed in a black dress under a blue cloak. A black hat was also discovered in the coffin. The body was well preserved and the features were perfectly recognizable.

EX-KAISER SAYS FATE IN BALANCE

Official Abstract of Peace Terms Has Been Received at Amerongen Castle.

Amerongen, May 11.—An official abstract of the preliminary peace terms published in the Dutch papers, which was translated and read to the former emperor of Germany on Saturday, has aroused considerable excitement among the members of the Hohenzollern party. An inkling concerning what the emperors intended to do in connection with bringing William Hohenzollern to the attention of the German officials earlier in the week. They communicated the information to the former emperor, who displayed signs of marked emotion, but decided to await the appearance of a fuller official report before making the news known to her husband.

Abandonment of a Referendum Is Denied by Sir Thomas White

Winnipeg, May 11.—Sir Thomas White, in a message to the Manitoba Social Service today, contradicted a statement by R. E. Ferguson, that the Dominion government had abandoned the idea of a referendum on prohibition. "No assurance has been given to any interested party concerning any Dominion legislation," he said.

RUMANIAN ADVANCE HALTED BY ALLIES

British and American Governments Issue Order Thru Representatives at Vienna.

By the Associated Press. Geneva, May 11.—The Rumanian advance toward Budapest has been halted by orders from representatives of the allied and associated powers, according to the Rumanian bureau at Bern. The bureau sent the following message to the Associated Press here: "The British and American governments, thru their representative missions at Vienna, have stopped the advance of the Rumanian armies upon Budapest. The reasons are unknown, but probably are political."

THE ONTARIO CIVIL SERVICE

Is Put Over the Jumps by a Broad and Very Comprehensive Questionnaire.

INCLUDE CHARWOMEN What Do You Do to Advance Interests of Office After Hours?

If there had been anything even weakly resembling a labor organization among the civil servants in the parliament building in Queen's Park Saturday, a strike would without doubt have occurred. As it was, the discontent and indignation took various forms of impotent rage, the most marked of which was recourse to the newspapers.

PEACE OF VIOLENCE, SAYS LICHNOWSKY

Can Only Be Acceptable if Serious Modifications Are Made.

Paris, May 11.—Prince Lichnowsky, the former German ambassador at London, commenting on the peace terms, to the correspondent of The Temps, said: "Such a peace would be equivalent to the annihilation of Germany. It is only acceptable with serious modifications. I suppose it is meant as a basis for negotiations."

Britain and U. S. May Accept German Bonds From France

Paris, May 11.—Louis Klotz, minister of finance, today asked the chamber of deputies for permission to postpone his statement on the financial policy, owing to negotiations which are going on. The negotiations, it is understood, deal with the subject of a possible agreement by Great Britain and the United States to accept treasury bonds which France will receive from Germany in settlement of France's foreign obligations incurred by the war.

FOCH WILL TODAY RETURN TO FRONT

London, May 11.—Marshal Foch is returning to the front tomorrow, according to a Reuter despatch from Paris.

THE DELAYED SPRING A MENACE

The farmer is in dread of what will happen to him and his prospects by the continued wet weather, persistent rains, absence of sunshine, drowns land, the banks of the creeks and rivers undermined, an incalculable tonnage of good earth washed into the lakes, to be lost forever.

In some counties of Ontario there are farms without the teams getting one day on the land, and this is the twelfth day of May! And where seed has been sown little of it yet shows above the wetted surface. Even the bush and wild lands have a protracted look, Spring flowers have held back; there has been little of the widespread carpeting of hepaticas and trilliums. The May apple plants are merely closed umbels with a white-nosed top.

All the creeks and rivers have had at least four freshets, and great gullies have been cut in many places, exposing buried boulders of former ages. The hepaticas are merely closed umbels with a white-nosed top. Hardly any cattle have been turned out; certainly very few dairy cows have been able to fill themselves in the fields. Grass wants sun as well as rain! Heat more than anything else, and certainly there has been no warm rain. Cold and drizzly days at best.

The Liberals Changing Their Plans

Special to The Toronto World. Ottawa, May 11.—Don't be surprised, said a member of the senate from the east, if Leader McKenzie, now that he has declared himself a moderate protectionist, is also a moderate believer in public ownership and later on a supporter of Sir Adam Beck in his fight for the municipal rights of Ontario and her Hydro rights in regard to the St. Lawrence River within the bounds of that province. The Liberal party may be getting ready to recover all the ground they lost when Sir George Ross in the Ontario legislature and Sir Wilfrid Laurier at Ottawa listened too freely to the arguments of the private corporations against public rights.

STORE YOUR FURS AT DINEEN'S

It is well worth while to send to Dineen's cold dry air storage way furs, garments or piece of fur worth over one hundred dollars. The charge for storage is very moderate, and the fur will be returned when required in the same perfect condition as when received at the storage. Absolute protection from moths, fire and burglary. Now is the best time also to have the necessary repairs made to furs. Telephone Main 6322, and Dineen's auto delivery will call for any furs ready for storage. Dineen & Co., manufacturing furriers, 140 and 142 Yonge street.

Capt Brice in Le Journal calls "a paper guerrilla war" by the Germans against the allies' terms.

The editorial writers, however, agree in the opinion that the Germans, after protesting in all the keys of the scale, will eventually sign, says Figaro, they will sign only under compulsion and with the determination of evading their engagements at the first opportunity.

"Perinax" writes in much the same strain in the Echo de Paris, but Premier Clemenceau's course in referring Count von Brockdorff-Rantzau to the second paragraph of the first article of the League of Nations covenant in reply to the German delegates' complaint that Germany had not been invited to join the league of nations, moves Saint Brice to remark that the Germans soon found their weak spot.

The Gaulois, in an editorial along similar lines, questions the wisdom of the conference in having incorporated the league covenant in the peace treaty.

The German delegation at Versailles, in further notes transmitted Saturday night, proposes changes in the clauses of the peace treaty covering labor problems, and asks that prisoners of war be returned immediately after the signing of the preliminaries.

The notes suggest the holding of a joint labor convention at Versailles for consideration of the points raised. Satisfaction is expressed with the labor clauses in general, but it is pointed out that they cover principles already embodied in Germany, and that they do not go far enough.

The Germans suggest that the labor agreement be considered at the proposed conference along the lines of the conclusions of the labor conference of July, 1917.

The notes relating to prisoners criticize the clause dealing with the return of prisoners of war and ask that they be returned immediately after the signing of the preliminaries and that adequate supplies of food and clothing be guaranteed them.

The notes have not yet been considered by the council of four, but will be taken up tomorrow.

Additional suggestions from the German peace mission were submitted today in sealed envelopes to the French foreign office. The foreign office alone is cognizant of the nature of the documents.

HALF-WAY HOUSE TO DEMOBILIZATION

General Currie Predicts Record Sailings During Next Two Months.

END IS IN SIGHT

Canadians Are Being Repatriated on Increasingly Rapid Scale.

Canadian Associated Press Cable London, May 9.—General Currie, speaking to the Canadian Press, expressed his confidence that not many Canadian soldiers would remain on this side after the middle of July.

"We hope to break all records this month by at least 10,000," he said. "If we get 55,000 away in May and 50,000 in June, there will not be many left in June. We have already the bugbear of strikes to contend with. I should like to say how well disciplined Canadians have remained. Since the armistice our men have been a long way from home, and a long time from their families. They came simply to do a job. They have done it. They have also accepted the provisions made for demobilization in a very good spirit. I think many people in Canada will take a different view of what has been done in the way of rapid demobilization when the full facts are appreciated."

More Than Half. From official sources the Canadian press also learns that up to May 7 more than half the Canadian troops which were in France and England at the date of the armistice have been repatriated. The total number returned to Canada is 144,115, including 14,822 officers and other ranks of the 3rd division, and 13,088 officers and other ranks of the first division.

SEAPLANES READY FOR LONG FLIGHT

Will Start the Moment Conditions Are Favorable and Not Wait for Companion.

Trepassey, Nfld., May 11.—With the navy's transatlantic flight guardships at their ocean stations and the big seaplanes NC-1 and NC-3 declared after inspection to have been unharmed by their long trip from Rockaway Beach, N. Y., indications tonight were that the planes will start on their 1,240 mile "hoop" for the Azores at the first instant Commander John H. Towers decides the weather is favorable.

Preparations are virtually completed, and it is believed the aviators will not sacrifice a favorable opportunity by waiting for the delay of NC-4. The airman held a closed conference after examining the planes today, but the decisions reached were not announced.

The NC-1 was refueled after her propellers had been shifted and minor repairs effected. The motors on both planes are in excellent condition. The crews are rested and eager for the trip.

The NC-3, piloted by Lieut.-Commander P. N. L. Bellinger, swooped down into the harbor at 6.41 p.m., Greenwhich time, Saturday evening, making the flight in six hours and 54 minutes at an average speed of 65 nautical or 74 land miles an hour.

The NC-3, piloted by Commander John H. Towers, commander of the flight, arrived at 10.31 p.m. Greenwhich time, having been compelled to put back to Halifax for propeller repairs after flying 50 miles from that harbor. Its flying time on the successful trip was 6 hours 55 minutes, or two minutes more than that of the NC-1.

Officers expressed satisfaction with the result of the long coastal flight here, for although four times driven from their course by shifting winds, such as are expected in mid-ocean, they were enabled by their navigating apparatus to correct errors within two minutes.

British dirigible to cross Atlantic Atlantic City, N. J., May 11.—Official word that the R-33, one of the new type British dirigibles, is to make a trans-Atlantic flight within the next three weeks, was given here today at a luncheon in honor of Brig.-Gen. D. Charlton, a British air attaché. He was the guest of the Pan-American Aeronautic convention.

"It is intended to send a dirigible across to this coast this month, or if something unforeseen occurs, as early as possible next month," Gen. Charlton said. "As to the actual return, I have strong hopes it will be Atlantic City."

Paris, May 11.—Count Brockdorff-Rantzau's will was strong enough to enable him to deliver his speech on behalf of Germany to the allies at the Versailles peace congress Wednesday, but he feared collapse if he stood.

This is on the authority of his secretary, who has been clipping and translating comments of the English papers, sharply reproaching the count for remaining seated when speaking. To these comments the head of the German delegation has been giving considerable thought, and he has decided to stand.

His secretary being asked by a member of the delegation what Count von Brockdorff-Rantzau thought of this, made answer: "I was because he was master of his voice and not his legs."

Paris, May 11.—Sir Edward Kemp, overseas minister of militia and defence, arrived at midnight from Montreal accompanied by his private secretary and his aide, Major MacDonald. Sir Edward is looking exceedingly well and talked freely with The World reporter who met him at the Union Station.

YORK COUNTY AND SUBURBS

COD, WET SPRING AFFECTS FARMERS

Less Than Fifty Per Cent. of Land Seeded and Grass Backward.

Not in a generation have the farm conditions at this time of the year, all thru York county, and for that matter all over the province been so backward as right now. Reports locally, and from points widespread, all agree that with May nearly half gone, and less than 50 per cent. of the land seeded, the outlook is not rosy. Fall wheat which early in the spring looked wonderfully thrifty and luxuriant has gone back during the last week and a half to the condition of a mere stubble.

Out thru Scarborough, and on some of the low lands in Markham township, not a bushel of grain has been sown. The following is about half the total area of the province that is now in the hands of the farmer. Grass lands are especially backward, and drovers from all parts of the province agree that there is nothing much to come and go on yet.

But while the season is backward, it is not unique, and old residents declare that with fine warm weather from now on there may be a late bumper crop.

Considerable satisfaction is expressed in Earlscourt at the decision of a new public library for this district. Local authorities have striven to secure this much-needed library for many years, but it has only been thru constant public pressure brought to bear on the city hall that at last the wishes of the public have been acceded to.

RATEPAYERS LISTEN TO CITY ARCHITECT

Question of Housing Permits Brings Forth Adverse Criticism.

Saturday night's meeting of the North Toronto Ratepayers' Association, while not so largely attended as some of the others during the season, was replete with information and dealing as it did with the matter of housing permits and building, was singularly favored in the presence of City Architect Pearce, who imparted a great fund of valuable information.

A good deal of criticism has been made, especially in regard to the erection of a large number of houses of a type the most part distasteful to the people living there.

WASTE PAPER E-PULLAN

TORONTO SINCE HAMILTON 1888

DIAMONDS CASH OR CREDIT

ARMY WILL BE CUT AND RELIEF PAYMENTS WILL HAVE TO BE CONSIDERABLY REDUCED.

Brussels, May 11.—Belgium will be compelled to retrench drastically in expenditures because of the peace terms, Premier Delacroix declared to the cabinet yesterday in setting forth the financial situation of the country as revealed by the peace stipulations.

The army, the premier stated, would be reduced to 100,000 men, various military liabilities abroad would be discontinued and relief payments which still cost the country 30,000,000 francs monthly would be considerably reduced.

St. John's, Nfld., May 11.—A considerable area of depression, thirds of the way across the Atlantic, reported in meteorological advices today, was declared to be well for continuing the postponement of the overseas flight of Harry G. Hawker and Frederick P. Raynham, the British aviators here, for two days longer at least. Also the full moon of May 14, up to now heralded as virtually certain to bring good flying conditions, was tonight said to have lost much of its promise.

Col. John Cyril Porte's Handley-Page flying boat, which will compete in the transatlantic flight for the London Daily Mail's \$50,000 prize, arrived at Harbor Grace, Newfoundland, yesterday.

Newfoundland's narrow gauge railroad was given a severe test by the cases containing the huge packing machines against springing the machine. There were 103 cases weighing nearly a ton each. Mechanics went to Harbor Grace last night to prepare shelter at the airport there, and Vice-Admiral Kerr and others reported that the crew will follow tomorrow, it was announced.

The Handley-Page flying boat probably will use its four engines to rise by thrust. The English speaking democracies, above all, never will mobilize and fight again for the arrangements which are proposed. If the contrary is imagined in Paris, then Paris is grievously mistaken.

Mr. Garvin contends that the treaty can only be enforced by continuing militarism. He says it creates impossible boundaries for Russia, makes it to the joint interests of the Germans and Russians to combine against the Poles, and creates a vendetta of the German-Austrians against Italy.

A policeman patrolling his beat in the early hours of the morning saw a suspicious-looking man looting about outside a house.

For some time he watched, and then determined to make inquiries. "Here you," he said, advancing suddenly, "why are you hanging about this house?"

The loafer turned his weary eyes on the questioner as he replied, "I'm only waiting for the lady inside to get to sleep, constable. She's my wife."

Maud: "Major, it is true that once during the war one of the enemy died to save your life."

NO STREET CARS RUN IN WINDSOR

Efforts by Ottawa Representative Fail — Sightseeing Motors to Relieve.

Special to The Toronto World. Windsor, May 11.—After several fruitless efforts to bring the striking street car men and the officials of the Sandwich, Windsor and Amherstburg Street Railway together, E. M. G. Quirk representative of the Dominion Labor board, abandoned the task and returned to Ottawa, Saturday. Before leaving, the strikers declare he advised them that they were "entitled" to a substantial wage increase.

Transportation facilities will be arranged by means of large sight-seeing automobiles, and trailers attached to taxicabs, within a day or two unless a settlement of the difficulty is arrived at, according to Alderman England, chairman of the transportation committee of the city council.

Mayor Donnelly of Sandwich has already been asked by the street car officials for protection, indicating his intention to start his cars out as soon as a sufficient number of new men can be secured. Advertisements for motormen and conductors are also being used with fair amount of success, the company says.

RUSSIA PROTESTS FINN INDEPENDENCE Paris, May 11.—The Russian commission in Paris, of which Prince Lloeff is chairman, has protested to the entente powers against the unconditional recognition of Finland's independence on the ground that Russia's consent must be obtained before Finland can be legally separated from the Russian empire.

The protest states that the commission holds that the action of the various powers in recognizing Finland will not affect Russia's attitude toward Finland and prevent Russia from having an interest in that country safeguarded.

HORSE DRAGS TO DEATH BOY NEAR BLENHEIM Blenheim, Ont., May 11.—Charlie Cole, a 10-year-old adopted boy living at the home of Ed. McEachran on the base line, Harwich, met a tragic death this afternoon. In the presence of Mr. McEachran the boy took a horse from the stable to let it have a "feed" of grass.

Boy-like, he tied the halter to his waist. The horse became frightened and ran up and down the road a considerable distance before stopped by a neighbor, with the dead body of the boy still attached to the halter. His mother died from influenza last winter. The father is an employe of the Gas Company, Chatham, and formerly lived here. The boy was a general favorite and highly thought of by McEachran.

HAMILTON NEWS

HAMILTON, Ont., May 11.—That before His Honor Judge J. G. Gault gives his decision on the application of Dr. James Roberts, medical health officer, for an order fixing his salary at \$5000, the city will make a compromise offer of \$4500 for 1919, with an increase of \$500 in 1920, is probable.

It is announced that a mission will be held by three priests of the Order of the Passion in the cathedral from June 1 to 15.

George Wild, for 15 years a member of the parks board, who tendered his resignation two weeks ago, has declined to reconsider and return to this independent board.

Anniversary services were held today in three city churches, the First Methodist, St. Peter's and Victoria Avenue Baptist.

For the purpose of founding an infant home and adding the separate school board, the congregation of St. Mary's Cathedral is planning to hold a street carnival, from June 30 to July 5. The present system of placing the children in private homes as boarders has proven unsatisfactory, as well as expensive.

Two parties of returned soldiers were welcomed home today. One of the contingents was from the Siberian campaign. The other consisted of veterans of France, who crossed on the Mauretania.

NEW ALTITUDE RECORD. Paris, May 11.—Sud-Léonard, a French aviator, yesterday established what is believed to be a new height record for a monoplane by climbing 26,900 feet. He was accompanied by a representative of the French Aero Club.

DANFORTH RATEPAYERS COMBINE WITH COAL DEALERS

The Danforth Ratepayers' Association executive committee has decided to discuss the coal question at their meeting in Danforth School, Logan avenue, tomorrow evening.

According to Albert Hanna, secretary, the committee will propose a co-operative scheme with the coal merchants to adopt an efficiency system that will eliminate some of the overhead expenses and to adjust the price of coal according to distance, and also dispense with the double cartage.

The coal, according to Mr. Hanna's statement, can be delivered at \$2 a ton, and a large coal firm is congenial to the proposition.

MOTLEY PATCHWORK SATS OBSERVER

British Sunday Paper Prints Scathing Arraignment of the Treaty.

London, May 11.—The most influential Sunday newspaper published here, The Sunday Observer, which after the armistice denounced the blockade as promoting Bolshevism, today prints a strong denunciation of the peace treaty, written by J. L. Garvin, its editor.

"These terms," says the article, "give no fundamental solution of any European problem. They revolve in the vicious virulence of the old diplomacy; they repeat the fatal precedents which have always led back to war and made the end of one struggle the direct cause of another."

"There will be quarrels, conspiracies, agitations, assassinations, revolutions and collapses. The motley patchwork which has been stitched together will have to be picked up thruout, thread by thread. The English speaking democracies, above all, never will mobilize and fight again for the arrangements which are proposed. If the contrary is imagined in Paris, then Paris is grievously mistaken."

Mr. Garvin contends that the treaty can only be enforced by continuing militarism. He says it creates impossible boundaries for Russia, makes it to the joint interests of the Germans and Russians to combine against the Poles, and creates a vendetta of the German-Austrians against Italy.

A policeman patrolling his beat in the early hours of the morning saw a suspicious-looking man looting about outside a house.

For some time he watched, and then determined to make inquiries. "Here you," he said, advancing suddenly, "why are you hanging about this house?"

The loafer turned his weary eyes on the questioner as he replied, "I'm only waiting for the lady inside to get to sleep, constable. She's my wife."

CASH OR CREDIT

ARMY WILL BE CUT AND RELIEF PAYMENTS WILL HAVE TO BE CONSIDERABLY REDUCED.

Brussels, May 11.—Belgium will be compelled to retrench drastically in expenditures because of the peace terms, Premier Delacroix declared to the cabinet yesterday in setting forth the financial situation of the country as revealed by the peace stipulations.

The army, the premier stated, would be reduced to 100,000 men, various military liabilities abroad would be discontinued and relief payments which still cost the country 30,000,000 francs monthly would be considerably reduced.

St. John's, Nfld., May 11.—A considerable area of depression, thirds of the way across the Atlantic, reported in meteorological advices today, was declared to be well for continuing the postponement of the overseas flight of Harry G. Hawker and Frederick P. Raynham, the British aviators here, for two days longer at least. Also the full moon of May 14, up to now heralded as virtually certain to bring good flying conditions, was tonight said to have lost much of its promise.

Col. John Cyril Porte's Handley-Page flying boat, which will compete in the transatlantic flight for the London Daily Mail's \$50,000 prize, arrived at Harbor Grace, Newfoundland, yesterday.

Newfoundland's narrow gauge railroad was given a severe test by the cases containing the huge packing machines against springing the machine. There were 103 cases weighing nearly a ton each. Mechanics went to Harbor Grace last night to prepare shelter at the airport there, and Vice-Admiral Kerr and others reported that the crew will follow tomorrow, it was announced.

The Handley-Page flying boat probably will use its four engines to rise by thrust. The English speaking democracies, above all, never will mobilize and fight again for the arrangements which are proposed. If the contrary is imagined in Paris, then Paris is grievously mistaken.

Mr. Garvin contends that the treaty can only be enforced by continuing militarism. He says it creates impossible boundaries for Russia, makes it to the joint interests of the Germans and Russians to combine against the Poles, and creates a vendetta of the German-Austrians against Italy.

A policeman patrolling his beat in the early hours of the morning saw a suspicious-looking man looting about outside a house.

TORONTO KILTIES MARCH THROUGH THE CITY

"Ladies From Hell" Receive Plaudits of Cheering Thousands. GOOD-BYE TO COLORS Standards That Waved in Germany Find Final Resting Place.

Column after column of marching figures, then kilted to the mad music of the pipes, the Old Red Patch, Toronto's most picturesque regiment, held its last parade before the eyes of its native city yesterday.

Spectators caught their breath in something akin to awe as the men, in marching array, accented within their breast the thrill that comes once in a lifetime.

There was no hitch in the program. At exactly 2:10 the parade moved off from in front of the armories on University avenue.

The route of the parade was from the armories along Queen to Bay street, to King, to Queen, to Queen east on Queen to Jarvis, to Bloor, to the stadium.

Major Church, accompanied by the cadets of St. Andrew's, received the salute of the battalion on Bloor street, opposite St. Paul's church, where a saluting base had been erected.

At the stadium the colors of the battalions, which accompanied them on their march into Germany, were returned to the home regiment (48th Highlanders). This was the occasion of a very impressive ceremony and one that will long be remembered by the citizens of Toronto.

With the band playing and the men of the 15th Battalion marching and counter-marching, the honoring of the colors took place. This was followed by the "Strathpey" march by the 15th Battalion Pipe Band.

Illuminated addresses were presented to Lieut.-Col. C. E. Bent, C.M.G., D.S.O., and Major Pir William Hearst and Major Church.

Mrs. C. W. Darling, wife of Colonel Darling, accompanied by Mrs. J. J. Wright, wife of Major Wright, and Mrs. J. M. Lowndes, decorated the colors, entwining them with laurel wreaths. A prayer of thanksgiving was offered by Major T. Crawford Brown, chaplain of the 48th Highlanders.

VETERANS MORE TROOPS ARRIVE AND ARE DEMOBILIZED

Two trains, bearing still more of Toronto's soldier boys, arrived at the Exhibition Camp yesterday. A drizzling rain failed to dampen the enthusiasm of the crowd present, and a splendid reception was given to the men as the trains pulled in.

From the station the men were marched to the transportation buildings, where they cheerfully awaited demobilization. Gifts from the Salvation Army and Y.M.C.A. dispensed refreshments to the hungry warriors.

Ex-Controller Joe Thompson arrived home yesterday from the front and was met at the station by a large number of friends.

All overseas officers of the 48th Highlanders are invited to attend the dinner in the King Edward tomorrow night.

Arrangements are being made for the reception of the 19th and 20th Battalions. Tickets will be issued for admittance to the stadium.

Largely attended was Friday night's regular session of the G. A. C. held at St. George's Hall, which discussed the needs of imperial reactivists.

Regarding an alleged statement of W. J. Carmichael, general organizer, that the G. A. C. was a non-political organization, R. Wood, managing editor of The World, stated that the G. A. C. would stand independently on its own legs.

A memorial to the late Lieut. Gordon Ross is to be unveiled at St. Andrew's church, this morning.

Dominion Secretary C. G. McNeill, of the G.W.V.A., in a circular to branches of the association, has given out the following information respecting discharges:

Soldiers discharged and in no way disabled will have their discharge papers marked "On Demobilization"; those soldiers who were disabled at the date of discharge will have their papers marked "On Demobilization, medically unfit for general service."

Colonel Sanson, O. C. the First Canadian Machine Gun Corps, is interested in the newly formed association of the First Battalion Machine Gun Corps.

WORRYING THE PATIENTS.

Charles H. Stock, a well-known returned soldier and once secretary of Riverview G.W.V.A., writing to The World from Kitchener, states that the dependents of the hospital in Kitchener under the jurisdiction of the soldiers' civil re-establishment are often considerably embarrassed as to their payments respecting assigned pay and separation pay.

LOCAL JEWS PROTEST POLISH "POGROMS"

Athrob With Resentment at Action of New Oppressors. APPEAL TO BORDEN To Approach Allies on Behalf of Unhappy Nation.

Pleading on behalf of their murdered brethren overseas, and protesting in the strongest terms that the rights of liberty, both civil and political had been violated, some 1500 Jews of the local community held a protest meeting in the Strand Theatre yesterday.

It needed but little to stir the indignant hearts of this audience, which were athrob with resentment at the murderous action of the new oppressors (who had so lately gained their own freedom) in Poland, and when the following resolution was put for the pleasure of the meeting, it was met with tumultuous cheering.

"That the premier of Canada attending the peace conference be appealed to on behalf of the suffering Jews in Poland. From unimpeachable sources it is learned that the Jews in Poland are now going thru a nightmare of horrors, scarcely paralleled in their long history of suffering.

In opening the meeting, Lyon Cohen of Montreal, the chairman of the Canadian Congress, told of the atrocities done by the Jews during the last few weeks. He thought that if the recent peace had not been signed, political and religious equality had been in its highest opportunity.

From country and town there is a renewal of political surmise concerning the plans of Mr. Wm. Proudfoot, "leader of the opposition," as the bold legend runs on the back of his official envelopes supplied by the government.

Not a hint of salary. Not a word about the salary above accorded to Mr. Proudfoot, just as the members were standing up to sing "God Save the King" at the close of the legislature.

Amsterdam, May 11.—The comment of Dutch newspapers on the peace treaty is generally unfavorable.

RUSSIA IS EXCLUDED FROM SMALL NATIONS

Archangel, May 11.—Commenting on the peace terms presented to Germany, the Governor Uro (Northern Morning) published here, says: "The impression is made upon every body included among the great nations signing the peace but does not even belong among the small nations which took part in the war. Russia seems not to exist at all."

ALLIED FLOTILLA ASSUMES OFFENSIVE

Has Bombarded Cities on Both the Dvina and Vaga Rivers.

Archangel, May 11.—The allied river flotilla has taken the offensive on the Dvina and Vaga rivers, the flotilla Tulgas, on the Dvina, and Kitzka on the Vaga.

A column of the Murmansk force operating west of the railroad has cleared the villages along Lake Segoo of Bolsheviks, while another column operating eastward has advanced down the road from Petrozka Yam, and is now only 15 miles from Povneiz at the headwaters of Lake Onega.

Meanwhile the Bolsheviks have withdrawn on the railway to a point seventeen verstas south of Meseleskaya, while the American railway troops have repaired the line as far as Meseleskaya.

Artillery and air activity with the assistance of British gunboats continues on the Dvina and Vaga rivers.

LONDON PAPER DEFENDS CANADIAN GENERALS

Flat Denial to Critics by Canadian Journals of Generals Turner and Currie.

London, May 7.—Delayed in transmission—By Canadian Associated Press.—The Globe, speaking of certain newspaper criticism in Canada of Generals Turner and Currie in the selection of staff officers says: "We are pleased to be able to give from our own knowledge a flat denial to these suggestions. It is easy for critics sitting in Canada to work up uncalled for complaints against Canadian officers who have been doing such splendid service in France, but complaints, to cut any-vice at all, here, should at least be like stories that are founded on facts."

REPORT ACTIVE WEEK BIG EMPLOYMENT BUREAU

Ottawa, May 11.—For the week ending April 26, the Dominion-Provincial employment offices report that regular employment was found for 3996 persons. This is an increase of 153 over the previous week. In addition 447 casual jobs were supplied. Of the regular placements, 164 were represented from Quebec, 1472 from Ontario, 445 from Manitoba, 530 from Saskatchewan, 596 from Alberta, and 861 from British Columbia. Of special interest in view of the unemployment situation on the coast is the transfer of 106 farm hands from British Columbia to the prairie provinces.

Leafs Arrive Home in First Place Ready for Opening Game Today

IF THE SUN SHINES ALL WILL BE JAKE

Ido Picks Leafs to Win With Jones Pitching.

By Ida L. Webster.

If ever a gang of people wanted to see sunshine in all its glory, it is the mob who follow in the wake of baseball in this city. Every fan in town has called up this city to see the game which has been called off, but owing to the fact it is only 1 a.m. and as it is still raining as it did in the days when the ark was on the job, there is no way of being sure. But one thing is certain if there is a chance to pull off a battle it will be done.

The fans are not any more anxious to see the Gibsonites in action than the same guys are to perform. They have been making such an excellent showing since they have been on the road that naturally they are back in town filled with enough confidence to move this Traders Bank Building.

It is quite likely that Mister Jones will be started against the Newark outfit, and at the same time it is quite likely that he will beat the tar out of them. This young pitcher is certainly one of the things which the Leaf boosters may thank Jawn McGraw for, or perhaps after all the applause is all due to our own manager. You know very well the wrong fellow gets the praise, while the poor fish who turned the trick gets nothing but abuse.

But in any case Jones is a member of the Toronto Club and he is a winner, which means that he is a find, and just what is wanted. In the box defending the club against the Bears he will just about be a knockout, considering, of course, if he is in the pink. When a chap of his apparent calibre is in form he is like, but when they all have their off days, even as you and the other fellow.

Should the sun make an appearance in the early hours of the morning Jim Johnston McCaffery will have a smile on his face which will be heard half way over Toronto, but if it continues to patter down, as it is now, he will look as he does after a day's walk on the 12th of July, and boys, you know that is not exactly pretty.

Then on the other hand think what a disappointment it will be to his worship the mayor? He has been banking on the opening, and the opening has been banking on him, because all kidding aside Thomas L. is a mighty good fellow, and when it comes to baseball he is a regular. A bunch of people like to kid him in one way or another, including ourselves, but when it comes right down to the shake he is anything but dusty where the advancement of sport is concerned.

Well, there is no use guessing about what is going to happen, the main thing is to wait and see what the day will bring forth, but just the same we may all hope for the best, and be prepared for the worst. The money from this angle seems to be on the Leafs, and heaven only knows what we need it, so let us all pray.

FEDERATION PROPOSES MUNICIPAL STADIUM

Admitted to Be Immediate Necessity and Willowvale Park Suggested as the Location.

The Toronto Amateur Athletic Federation has resumed its activities, nearly every species of athletic endeavor being represented, and athletic Toronto is gradually but surely lining up in support of the T.A.A.F. The executive committee at its last meeting had a very busy session.

The sports branch of the reparation committee has asked the federation to handle that part of the work relative to grounds, and the executive will, of course, assist in every way to satisfactorily arrange for grounds when our returned boys need them. Mr. J. A. Woodward was appointed representative on the sports committee, so that the federation will be kept posted as to ground requirements. There are several spaces at present available, but with very little expense, can be put into shape, and the reparation committee will be apprised of their location, so that the work can be put in hand at once.

The matter of dressing accommodation in the parks was again up for discussion, and, as nothing has yet been done in this respect, the parks department is again being approached on the subject. In addition, representations are being made to the board of education to allow the basements of the schools to be used for dressing purposes when games are played in or near the school grounds, two notable instances being Palmerston School and Oakwood Collegiate. Permission is also being asked to allow the school grounds at Frankland School to be again made available for baseball practice. This permission had been withdrawn on account of certain indiscretions of irresponsible parties, and a guarantee of proper supervision will be given the authorities and public with the inadequate facilities for games in Toronto, the T. A. A. F. will during the next few months, take a census of all who participate in sport. This will entail a great deal of work, but it is greatly alleviated by the hearty co-operation of the executives of the various organizations. This program is an immediate necessity, and the sight at Willowvale Park seems to meet with general approval, and a well-known architect has offered to prepare drawings free of charge. This gentleman is an ardent supporter of the T.A.A.F. It is further suggested that the stadium should be dedicated to the memory of the sportsmen who laid down their lives in defence of their country. This project has already been endorsed by several reputable organizations.

SOCCER IN NEW YORK.

New York, May 11.—The crack New York soccer team missed a fine chance today of securing the position of runner-up to the champion Bethlehem Steel eleven in the National League, by losing to the Merchant Ship A.C. by 4 to 1 at Lenox oval. New York led at the interval by 1 to 0, scored twice in the second half, the shipbuilders ran them off their feet and put on goals by Hardy, Hemmley and Doogan.

At Paterson, N.J., the crack Paterson soccer team trounced the Babcock and Wilcox A.C. by 8 to 2 in a National League game, and now tie with the Merchant Ship A.C. as runners-up in the table.

THE BISLEY PROGRAM

London, May 9.—The Bisley program this year, is largely of an experimental nature in view of the suspension of the meeting during the past four years. The Bisley prize is open to every man who has worn His Majesty's uniform, which presumably includes members of the armed forces. The rifle is to be the short Lee-Enfield, as issued with no sling, and the maximum range is 409 yards.

HOD ELLER PITCHES FIRST NO-HIT GAME

For Cincinnati Against St. Louis on Sunday—A Twelve Innings Tie.

At Brooklyn (National on Sunday)—New York batted Cadore and Mammaux for 13 hits, including six doubles in a home run drive over the right field wall by Kauf, and defeated Brooklyn, 7 to 2. Three last double-plays kept New York from getting more runs. Causey allowed only four hits. Doyle's batting and fielding featured. Zimmerman was put out of the game in the ninth for kicking. The score: R.H.E.
 New York 1 0 0 0 0 1 0 4 1—7 13 3
 Brooklyn 7 2 0 0 0 0 0 0 0—2 10 0
 Batteries—Causey and McCarty; Cadore, Mammaux and Krueger.

At Cincinnati—Hod Eller pitched the first no-hit game of the season, and Cincinnati easily beat St. Louis, 6 to 0. Only three Cardinals reached first base, all on bases on balls. Two of these were out stealing, so only 28 batters faced Eller in the nine innings. Score: R.H.E.
 St. Louis 0 0 0 0 0 0 0 0 0—0 0 3
 Cincinnati 6 0 0 2 0 0 0 0 0—6 0 0
 Batteries—May and Snyder; Eller and Hariden.

At Chicago—Phil Douglas won a pitcher's battle from Babe Adams, the Chicago Cleveland batters scored in the seventh inning Chicago scored when Holtscher doubled and came in on Barber's error. With one out in the eighth, Deal and Killifer singled, and Douglas clinched his own victory with a double, scored by both. Score: R.H.E.
 Pittsburgh 0 0 0 0 0 0 0 0 0—0 0 0
 Chicago 0 0 0 0 0 1 2 3 6 4
 Batteries—Adams and Schmidt; Douglas and Killifer.
 Only three games scheduled.

International—All Sunday games postponed on account of wet grounds.

At New York (American on Sunday)—New York and Washington played a 12-inning, no-score tie, which was called at six o'clock in compliance with the new Sunday amusement law, which forbids play after that hour. Johnson and Quinn had a great pitcher's battle, the former permitting only three of the locals to reach base. From the time that Beckenbaugh singled, in the first inning, until Baker walked, in the tenth inning, Johnson retired 28 batters in order. Quinn had a great pitcher's battle, but was strong in the pinches. Three times he retired Washington with the bases full. Score: R.H.E.
 Washington 0 0 0 0 0 0 0 0 0—0 10 0
 New York 0 0 0 0 0 0 0 0 0—0 2 3
 Batteries—Johnson and Assey; Garrity; Quinn and Ruel.

At Cleveland—Chicago hit Uhl, Cleveland's sand-lot pitcher, hard and won, 10 to 2, in being Uhl's first defeat in three starts. Williams was very effective, holding Cleveland scoreless until the ninth, when three doubles produced two runs. Speaker fanned for the first time this season. Cleveland will play two postponed games at Detroit tomorrow and Tuesday, instead of remaining here to play off a postponed game with Chicago. The score: R.H.E.
 Cleveland 0 0 0 0 1 4 2 0 3—10 17 1
 Chicago 2 0 0 0 0 0 0 2—2 8 4
 Batteries—Williams and Schalk; Uhl and Nunamaker.

At St. Louis—Mitchell and Kallion held St. Louis to a four hit performance, their teammates batted three local pitchers for a 6-2 Detroit victory. Hank Severid received the most applause above the kneecap, and was forced to retire in the sixth inning, when Plagstedt slid into him at the plate. Score: R.H.E.
 Detroit 0 0 0 1 0 3 0 1 1—6 10 1
 St. Louis 0 0 1 0 0 1 0 0 0—2 4 3
 Batteries—Mitchell, Kallio and Ainsworth.

FORUM DISCUSSES DEATH PENALTY

Speakers Consider Capital Punishment Relic of Barbarism.

Capital punishment was the topic of the open forum in St. George's Hall last night, and the discussion was one of general condemnation of the system.

Mrs. J. L. Hughes declared that if a man committed murder he was punished more than by anything else that could be done to him.

Another speaker quoted a criminologist to the effect that 96 per cent. of crime was due to economic conditions, and argued that to abolish crime they must abolish the economic system which produced such a state of affairs.

REV. A. E. RIBOURG, D.D., AT SAINT ALBAN'S

Rev. Dr. Ribourg, preaching at St. Alban's Cathedral Sunday evening, said: "More Than Conquerors," said in part: "In the great war just ended we have fought and conquered visible foes on the fields of battle, but more than fight and conquer the invisible foes which are threatening not only the soul's life, but the life of the community, the life of the nation."

"We must fight and conquer the spirit of Cain, the spirit of jealousy and strife, of heartless competition and replace them by the spirit of good-will which is the spirit of love, brotherhood and good-will. Without love, brotherhood and good-will there can be no peace nor fair play in society."

"That same spirit of good-will should be developed in all the activities of human life, in commerce, in education, in politics and in the social relationships. Good-will is the lubricant which keeps the machinery of the world running smoothly. As long as there can be no peace in the community without good-will, so there can be no lasting peace in the world without international good-will. And that instintive virtue can be generated only thru the co-operation of all the agencies of modern civilization—the press, the educational centres, the diplomatic corps and the international business interest. Then we shall be not only conquerors in a visible war, but more than conquerors in the invisible war, which is being waged daily against the forces of evil and the powers of darkness."

CANADA AND NEW ZEALAND

Interesting Development in Trade Between the Two Colonies.

About a fortnight ago a news item in these columns told of the shipment and safe arrival of a beautiful miniature grand piano, the "Olds" type, of Heintzman & Co. Limited, one of the leaders in the business world of New Zealand.

K. OF C. ANNUAL COMMUNION.

The annual communion of the Toronto council of the Knights of Columbus was held yesterday morning at the Church of Our Lady of Lourdes. Mons. Whelan officiated at mass, assisted by Rev. Dr. O'Reilly and Father Kirby. The sermon was preached by Bishop McDonald. About 600 members attended and received communion. They met at the K. of C. club house at the corner of Sherbourne and Linden streets, and marched in a body to the church, returning after mass to the club house for breakfast where they were addressed by His Grace Archbishop McNeill.

SOCIETY

Conducted by Mrs. Edmund Phillips.

His Excellency the Duke of Devonshire, accompanied by the Ladies Rachel and Anne Cavendish, and attended by Viscount Molyneux and Captain Fortescue, will arrive at Government House this afternoon from Niagara Falls. His excellency will be present at the executive meeting of the Red Cross, and will present medals to some of the returned men.

Mrs. Owen has arrived in town from Montreal, and is the guest of his honor the lieutenant-governor and Lady Hendrie at Government House.

JEWS DRAW UP BILL OF RIGHTS

Would Have Religious Autonomy Embodied in Peace Conditions.

The Jews in the United States have drawn up a bill of rights—a kind of Magna Charta or organic constitution desired by the Jews in every land, and have great hopes that the peace conference will insert it in the treaty of peace, as conditions precedent to the creation of the new states they proposed to bring into being.

For the first time in America Jewish history a congress representing over three millions of Jews in the United States, was held in the closing days of last year at Philadelphia. It was at this congress the bill of rights was drawn up and agreed upon. The Jews of the United States ask, amongst other things, that all inhabitants who were expelled or driven from themselves from any territory, subsequent to August 1, 1914, be allowed to return to the said territory any time within ten years, and be free citizens thereof. That all citizens, without distinction, shall enjoy equal civil, political, religious and national rights, and no discrimination of race shall be enacted by law. That members of national and religious bodies shall be accorded autonomous management of their own institutions. That no language test be established, and any law restricting any language be repealed. That they have their own Sabbath day, and shall not be prohibited from working on any day they please.

A committee of Jews has been in Paris for some time past, and they have every hope that the principles incorporated in this bill of rights will become part of the treaty to be concluded at Versailles.

LAKE OF BAYS IS LOVELY REGION.

The Lake of Bays is one of the jewels of a beautiful chain of lakes. It is situated in the township of Havelock, in the famous "Highlands of Ontario." The name Lake of Bays was well chosen, the innumerable bays affording a constant delight and surprise to the visitor. Against the steep woodlands nestle pretty cottages, hotels and summer villas, all these charming summer homes harmonizing with the surroundings of wistful waters and brooding woods. The Lake of Bays being situated at an altitude of more than 1000 feet above sea level, the air is found to be most invigorating and fresh. All the delights of a lakeland holiday are available, with excellent hotels, boarding-houses and farm houses to accommodate the visitor. Three golf courses overlooking the lake. SOCIALIST DIVINE ADVISES RESTRAINT

Rev. Dr. Bland, of Winnipeg, Foreshadows Peaceful Revolution.

"I covet for Canada a spirit which will carry out nothing less than a great social revolution; but, oh, in a brotherly, earnest and thoroughly considerate manner," said Rev. Dr. Bland, who was in Toronto for the first time, in a stirring address upon the relation of the churches, the Methodist Church in particular, to the coming revolution. Tracing the history of the various denominations from the days of feudal dominion, thru those of capitalistic influence, to the present day of awakening, Dr. Bland advocated a sane, constitutional revolution in the social fabric of the country, likening Canada to the old horse which was left by the powers to be in the middle of a race, to be socked dry by the profiteers. "So long as that stagnant pool of profits is maintained so long will you have those monstrous profiteers. The speaker likened the government to a ship making progress, yes, progress with anchors at both bow and stern."

Two Dangerous Classes. "The man who fights a lawless fight for freedom before all constitutional means have been exhausted is a traitor, both to his race and his real self," said the speaker, who pointed out that there were two dangerous classes in the social fabric of the country. One of these comprised those among the employers who forget the necessary co-operation between all factors in the life of the Dominion," said Dr. Bland, who emphasized his opinion that a great opportunity was at hand for a great leader to arise among the employers to step out from among his own people and champion the cause of the whole people.

Not Like Russia. Dr. Bland emphasized his opinion that labor was not well enough represented in Canada to engage in an out and out revolution. The industrial situation in the Dominion was not large enough or well enough populated to ensure success along impatient lines. In any case, Canada was not like Russia, a country which had only recently realized any sense of liberty, and there was hope for a peaceful, but none the less overwhelming victory for the sane revolutionists.

HONOR MEMORY OF LIEUT. GORDON ROSS

A strikingly impressive special service was held in St. Paul's Church, East Bloor street, yesterday morning, on the occasion of the unveiling of a tablet in memory of Lieut. Gordon Fraser Ross, R.C.M.P., who was killed in action at the blocking of the harbor of Ostend on May 10, 1918. The tablet was unveiled by Lieut. Turner, who was the commander of the Ross in the Ostend undertaking, and following this ceremony, the "Dead March in Saul" was rendered on the organ and "The Last Post" was sounded.

Ven. Archdeacon Cody paid a high tribute to the heroic life and death of Lieut. Ross, who was the son of John Ross of Rowanwood avenue, and was 24 years of age. Lieut. Ross, who was a graduate of St. Andrew's College, was a member of the Canadian branch of the Red Cross, and was in the front line of the war, and saw service in France. He then took a naval course at Greenwich, and was attached to the motor patrol service at Dover. He came unscathed thru the famous Zebrugge enterprise, and also volunteered to take part in the attempt to wreck Ostend. While in a motor boat assigned to the work of picking up men from the Vendictive, which was sunk across the harbor mouth, he was struck by a shell and killed.

Archdeacon Cody read a message from Vice-Admiral Keyes, who directed the Zebrugge and Ostend ventures in which he referred to Lieut. Ross as having been killed while gallantly endeavoring to rescue his comrades. Principal Macdonald of St. Andrew's College assisted in the services.

HUMAN LABOR AS BASIS OF EXCHANGE

Is Industrial Solution Pounded by Editor of Labor News.

Winnipeg, May 10.—While labor was not officially heard, at the first day's sitting of the industrial relations commission in the city hall here today, at the afternoon session Reeve Wm. Evans, editor of the Western Labor News, who conducts the labor church in Winnipeg, gave his views with the proviso that they were his individual opinions as the trade and labor ally had decided to ignore the commission asserting that capitalism had them by the throat. He said he saw no hope for a permanent solution until human labor became the basis of exchange.

At the morning session J. B. Hugg, K. C., had on behalf of the Winnipeg manufacturer, a scheme for the establishment of a series of joint councils. It was announced that the commission would not hold a session at Port Arthur as scheduled. The commission will sit at Fort William on Thursday, May 15. A. Jamieson, who said he belonged to the Brotherhood of Railroad trainmen, criticizing the manufacturer's argument for increased production said if they kept on producing they would wipe themselves out. The manufacturer invested his capital for profit and he would be compelled to withdraw his capital if there were no profits. But what was the present condition of affairs? witness asked. Some things had gone up 400 to 500 per cent. while wages had only increased 18 per cent. Was there anything justifiable about that?

PAINTERS' STRIKE OVER; MEN ARE IN CLOVER

That the painters' strike might be over by Wednesday was the belief expressed last night by the strikers' committee, to the press. At the moment there are agreements signed with nearly 60 master painters, and all painters on the board of education, with the municipal government, and with the municipality will go back to work this morning. The agreement bodies having signed the agreement for 65 cents. It is hoped that the men with the federal government (the D. S. C. R.) will return to work by Tuesday. The committee expressed its thanks to the G. W. V. A., the G. A. C. and to organized labor, and the public generally for their moral support in a three-weeks fight, which they considered might have been avoided had the employers so desired.

PAPER MAKERS OUT FOR HIGHER WAGES

Over Five Thousand of the International Paper Company Are on Strike.

Glens Falls N.Y., May 11.—Refusing an offer made by the International Paper company of approximately 10 per cent increase in wages by a new working agreement which was to go into effect yesterday, 5,000 members of the International Brotherhood of pulp, sulphite and paper mill workers employed in this company's mills throughout the country, struck between midnight and 8.30 this morning. Members of the mechanics' organizations also went out. The company agreed to grant the demand of the International Brotherhood of papermakers for an increase of 15 per cent. The pulp, sulphite and paper mill workers sought increases of eight cents an hour for four workers, nine cents an hour for inside day workers and 10 cents an hour for outside day workers with an eight hour day for the entire plant.

The company offered increases of four cents an hour for men earning 40 to 50 cents under the old scale; 5 cents for those earning 50 to 60 cents and 6 cents for those earning 60 to 70 cents and an eight hour day for all workers. The mechanical trades were offered 55 cents an hour as a minimum wage. Their demand was for 60. One of the principal grievances of the strikers is that the paper makers have been granted the full increase demanded while an effort is being made to reduce the demands of the other unions. Ordered to Report for Work. The paper makers are under orders from their international officers to report for work tomorrow morning, at Palmer Falls and other locations. The paper makers have voted to continue work until the present pulp supply is exhausted, but to refuse to work if an attempt is made by the company to fill the places of the strikers. The pulp, sulphite and paper mill workers employed by the Minnesota & Ontario Paper Co. at International Falls, Minn., and Fort Francis, Ont., have struck. The men employed by Union Bag & Paper Corporation have voted to confer with company officials before taking action. President Burke of the International Brotherhood of Pulp, Sulphite and Paper Workers, and President J. T. Carey of the International Brotherhood of Paper Makers, leave tomorrow for conferences with Canadian manufacturers.

HOUSING COMMISSION HAS DECIDED TO ACT

Members Inform Mayor That They Are Prepared to Tackle Problem.

The housing commission has finally decided to act, and on Saturday the members sent the following letter to Mayor Church:

"When in January, 1919, you brought the matter of housing to the attention of the members of the proposed commission, it was specifically set out that the desire of the city was to have the business of the housing commission conducted on strictly business lines, in order that the funds might be administered to the best advantage, and that the buyers of the houses would receive the best possible value for the moneys expended. At that time it was decided that a commission numbering five would be the best results, and to add to that number would result in an unwieldy administration of housing matters. It was pointed out by the members of the proposed commission that they would act only if they were given such powers by the city and provincial governments as would enable them to conduct the housing affairs on strictly business lines. The bill passed by the Ontario government, and known as 'The Ontario Housing Act' is an excellent and workable bill for small municipalities, but we have felt that its provisions were inadequate to meet the needs of a great community such as Toronto, in which opinion the board of control have unanimously concurred. Therefore, we drew up a draft bill, submitting it to the city commissioners, who, in turn presented it to the Ontario government. It was finally decided that a carefully revised draft bill be sent to the city council of Toronto for ratification, thus giving the proposed housing commission such authority as they felt was necessary for them to function to the best interests of returned men and civilians desiring houses.

The proceedings this week in the city council led the members of the proposed housing commission to the conclusion that the council desired a change in the personnel of the housing commission, and a letter was sent by us to you, prior to the city council meeting on Friday, May 9, 1919, withdrawing our names so as to leave the city council free to handle the situation without embarrassment. We have read in the newspapers of this morning that the city council has not only endorsed our draft bill, and that the housing commission, as originally proposed, has been appointed.

There has been no change whatever on our part from the time the matter was first discussed with us by the city commissioners. We were, and are, willing and anxious to serve on this commission to our utmost in an effort to provide additional housing facilities. Houses can not be built in a day, or in a week, and the need is late advanced to obtain large tracts of land this year, but the greatest pressure on our command will be brought to bear immediately to relieve the need for five and six-room houses. Our organization will be promptly formed, and building started shortly thereafter, in order to relieve the pressure for small houses for returned men and civilians of moderate and limited means.

"The Owl," a miniature musical extravaganza, headed by the vaudeville, King and Harvey, offering melodies and crossfire patter; Harry Mason and his players in a one-act comedy skit titled "The Money" by Tyler and St. Clair. America's foremost xylophonist, Young and Leander, whirlwind dancers and acrobats; Al Tyler, the tramp comedian; the Matt and left anti-mated cartoons; Loevy's British-Canadian Weekly, and a Sunshine comedy film are other features billed.

Hippodrome This Week. The headline attraction at Shea's Hippodrome this week is Mary Miles Minter, the charming screen star, in "The Intrusion of Isabel." This is a romantic comedy drama with a striking human interest note and is said to be one of the prettiest love stories in which Miss Minter has appeared.

PLAYS, PICTURES AND MUSIC.

"Some One in the House." Who stole Hollister's jewels forms the basis of laughter which will be created by the Robins Players when the new 1919 company under the able management of Edward H. Robins will open their summer season at the Royal Alexandra in New York's most recent melodramatic mystery comedy.

"Some One in the House," the play which was presented only in one theatre in the world, the Knickerbocker, New York, at the beginning of the present season, when it enjoyed a capacity run of three solid months. This comedy perhaps has the greatest diversity of characters of any comedy ever written, each one of them being an important character of the story and not merely thrown in to fill up the stage. Being of melodramatic construction, there are naturally several thrills, but as each thrill is worked from a different angle and finally culminates in a hurricane of laughter, the play is naturally called a comedy. In the new lineup of players which will greet the many patrons of the local company will be seen several new faces who properly called a comedy. In the new lineup of players which will greet the many patrons of the local company will be seen several new faces who properly called a comedy.

"Twins Bed" at the Grand. At this late period in the history of the great laugh festival "Twins Bed," there is nothing new that can be said for the benefit of theatregoers. There are any who have not encountered this famous play through the country. It is known from previous visits to the city as the funniest play ever written and its fame has even reached remote communities. The San Francisco Examiner of recent date dated as follows: "Twins Bed" opened at the Columbia Theatre last night to one of the largest houses of the season, and it was the fifth time for the most part. The play is a new play, it kept the audience in a constant roar of laughter during the entire evening and was received by the best, cast ever seen on the Pacific coast. It will be presented at the Grand with the same company that made the coast trip.

Shea's Theatre This Week. A Parisian comedy entitled "The Mannequin," is presented at Shea's Theatre this week by Edna Goodrich, who has returned to vaudeville after a considerable absence. This play was written especially for Miss Goodrich by Edgar Allan Woolf and aside from its merits as a play, which are indeed many, it gives the beautiful actress an opportunity to display some very wonderful gowns. The special extra attraction is the musical comedy "The Girl of the Year" by Artie Melinger and George W. Myers and takes the form of a musical mélange of their own compositions. There has been no change whatever on our part from the time the matter was first discussed with us by the city commissioners. We were, and are, willing and anxious to serve on this commission to our utmost in an effort to provide additional housing facilities. Houses can not be built in a day, or in a week, and the need is late advanced to obtain large tracts of land this year, but the greatest pressure on our command will be brought to bear immediately to relieve the need for five and six-room houses. Our organization will be promptly formed, and building started shortly thereafter, in order to relieve the pressure for small houses for returned men and civilians of moderate and limited means.

"The Probation Wife," starring Norma Talmadge at Loevy's Theatre and Winter Garden this week, is a story about a very human girl, Miss Talmadge plays a girl who has been denied a fair chance in life. Phil E. Adams and a nest of songbirds in "The Owl," a miniature musical extravaganza, headed by the vaudeville, King and Harvey, offering melodies and crossfire patter; Harry Mason and his players in a one-act comedy skit titled "The Money" by Tyler and St. Clair. America's foremost xylophonist, Young and Leander, whirlwind dancers and acrobats; Al Tyler, the tramp comedian; the Matt and left anti-mated cartoons; Loevy's British-Canadian Weekly, and a Sunshine comedy film are other features billed.

TURLEY GIVES REASONS WHY HE OPPOSES GRANT

Financial Position of Canada Would Not Permit of Such Large Expenditure.

"I am opposed to the request for \$200 for each fighting man, \$1500 for each man who has proceeded overseas, and \$1000 for each man discharged in Canada, for very practical business reasons," said V. E. Turley, provincial secretary, G.W.V.A., Saturday. "A good deal of attention has been called to the sentimental reasons for my opposition, and my critics have been accorded a great deal of space in that connection.

"The practical business reasons against the demand for cash compensation for services rendered are, in brief, as follows: It would cost the country \$675,000,000 to meet the claims of the 417,000 volunteers, a total of \$825,000,000 to pay off the \$95,441 men who have served in the Canadian forces in this war. Well over 300,000 of them would be entitled to the \$200 bonus, and Canada cannot shoulder such a burden for the following reasons:

"Hon. P. B. Carvell in a recent statement estimated that Dominion's debt would total \$2,000,000,000 before the end of the year. This, he said, would entail an annual expense to Canada of \$110,000,000 as long as the present generation of Canadians lives.

"The cost of pensions in 1919 will amount to \$30,000,000, and eventually to \$60,000,000. The work in connection with the new department of soldier's civil re-employment will come to \$25,000,000. These, in addition to war gratuities, pay and allowance, upkeep of military hospitals, which create a total of \$185,000,000, which will have to be met this year as a result of war activities, in addition to \$128,000,000, which will be required to run the affairs of the country.

"The income to meet this large amount totals \$195,000,000, which is made up of \$140,000,000 from customs and \$55,000,000 from income and business profits; taxation. The problem for the acting premier, Sir Thomas White, during the present session of parliament will be to find the extra \$115,000,000.

"If this agitation were successful it would be impossible for Canada to meet the obligations to the widows, orphans and disabled men who have served. The present pension scale is inadequate. We cannot get an increase for those men in compensation for services rendered.

THIRTY CASES BEFORE CRIMINAL SESSIONS

McCullough's Former "Death Watch" Among Those to Face Judge Coatsworth.

There are but thirty criminal cases to come before Judge Coatsworth in the sessions which open at the city hall Tuesday. Among the cases will be that of Edward H. Robins, charged with the "death watch" of Frank McCullough, which will be charged with aiding and abetting the latter to escape from custody. Other cases include ten cases of theft, one of which is the theft of a motor car, three charges of receiving, two of offences against females, three cases of criminal negligence as a result of motor accidents, four cases of wounding, three of assault, and one of bigamy.

In the county court, over which Judge Denton will preside, there will be twenty-seven cases to be tried by a jury, and in the non-jury county court, where Judge Morson will have sway, there will be a cause list of seventy-two cases.

The criminal cases set down for trial are: John Montgomery, theft; Morris Weinstein, Harry Harrison, Abraham Goldberg, Max Baitz, Harry Gold and Nathan Lefspring, theft of a trunk containing \$3000; James Peruginer, theft; Ernest Bonnell, theft; George E. Buhard, assault; Robert L. G. Mace, theft; Alfred Taylor, theft; Lorne Evans, theft; John Gripton, receiving; John Hutchinson, receiving; Herbert Chapman, receiving; Ella Park, false pretence; three charges; Adolphus Orvis, false pretences; W. Bener, false pretences; C. Douce, forgery; Hannah Hoffman, forgery; George Burdick, assault; Jack J. Cohen, assault; W. Etherington, Albert Brown, H. Etherington and James Agnew, assault; Alfred D. Owen, forgery; Alex. Wanda, criminal negligence; Nicola Rappa, wounding; Louis Meyer and Samuel Feldt, wounding; Chu Yet Lu and Chu Joe, wounding of a motor car; Greer and William Powell, wounding.

"GO SLOW" ON VIADUCT. As a result of a recent accident when a Bloor street car jumped the track at the west end of the Bloor street viaduct striking the concrete wall, the Ontario Railway Board has issued instructions to the Toronto Railway Company that all cars operating from Sherbourne street to the east side of this curve and the west side of the Rosedale section of the viaduct must not exceed a speed of eight miles per hour.

NEW POSTAL STATION FOR DANFORTH. The postoffice department have informed W. F. Maclean, M.P., that a postal station for the Danforth district will be established almost immediately near the corner of Ferrier and Danforth streets.

The office will be fully equipped with all services under the control of the postmaster of Toronto, with a staff of clerks and carriers, four clerks there to. The exchange of mails will be effected by motor cars and other subsidiary transports. Colonel Ross, chief postoffice superintendent, Canada, is under instructions to have the branch organized.

TUGS WILL ASSIST. Owing to the destruction by fire of the life-saving station, the tugs in the harbor will give every possible assistance to any vessel giving way to a whistling. The harbor master will render every possible assistance by calling Adelaide 644 by day and Adelaide 340 by night.

DRAFTSMEN ORGANIZE. Draftsmen to the number of 200 met on Saturday afternoon at Victoria Hall to further strengthen their organization. James Simpson, managing editor of the Industrial Banner, addressed those present.

TORONTO ISLAND DELIVERY. Delivery of The Morning World at Hanlan's Island, Centre Island, and Ward's Island will resume on May 12. An early and efficient service is assured. Orders telephoned to Main 5308 will receive prompt attention.

LABOR NEWS CITY FALLS IN LINE. The wage schedule of the Painters and Decorators' Union has been set as the standard for the City of Toronto. Commissioner Chisholm has accepted the schedule and is taking on all the members he needs on municipal works, and will ask the board of control to ratify its action at its session on Wednesday. Fifty seven master painters have accepted the schedule, and the soldiers' civil re-employment is considering the schedule. The only master painters who have not accepted the schedule are the 37 comprising the association. All government contracts will be let on the 56 cents an hour basis.

FOR 403 ENEMY MACHINES. London, May 11. — Thirty Canadian airmen who served both on the Italian and western fronts dined together by invitation of Mr. Harry Hungerford of Belleville to celebrate their meeting in the air over London during Saturday's procession. Every guest signed his neighbor's menu card with the number of enemy machines he is officially credited with destroying, the total number reaching 408, while the airmen were less than 30.

WHO ARE BOLSHEVISTS? Referring to the alleged decision of employers to discharge those employees whom they may assume to have Bolshevick tendencies, J. G. Merrick,

secretary of the Employers' Association, stated on Saturday afternoon that the employers had no machinery for finding out who were Bolshevists and who were not and that, furthermore, they did not worry about men's creed, color or race, so long as they did their work.

ALL GOES WELL. Lou Braithwaite, business manager for the Meat Cutters' Union, stated on Saturday afternoon that the packers were showing every inclination to act in consonance with their agreement to reinstate all the men and women who went out on strike. "Harmony prevails everywhere," said Mr. Braithwaite, "and the outlook is excellent. But I have no hesitation in stating that it is our intention to have every employe reinstated who fought our battle."

Maitland, Bedford, Ohio; Mrs. A. McClearen; and Mrs. F. Hendley, Guelph, and Mrs. Roy Jones, Toronto. Funeral on Tuesday.

How Can I Save... With Profit?

Many wage-earners are asking themselves this question. They do not want to put a quarter in the bank at a time, and before they know it, it is gone for trifles. The Government has provided a simple plan to enable you to save that quarter in such a way that it will earn you more money. Twenty-five cents buys a Thrift Stamp. Sixteen Thrift Stamps become a War Savings Stamp, for which the Government will pay you \$5.00 in 1924. If you lend the Government your savings in this way, you can make your money earn over 4 1/2% compound interest as often as you save \$4.00 odd. That is more than Savings Banks pay you. This is not only easy and profitable investment, but patriotic investment, because the Government needs money for the heavy financing of the reconstruction period.

War Savings Stamps can be bought wherever this sign is displayed. Make Your Savings Serve You and Serve Your Country—Invest Them in War Savings Stamps.

NEW YORK STOCKS SHOW STRENGTH

Rallies From Extreme Declines of Two to Ten Points Easily Made.

New York, May 10.—Today's stock market gave an impressive demonstration of underlying strength, rallying easily from its extreme decline of two to ten points in some of the more speculative shares, notably oils and shippings.

The break in these groups was precipitated in part by a slump of some 20 points in one of the prominent "cub" stocks, but stock also rebounding briskly to the discomfiture of the shorts.

Accompanying the recovery of the last half-hour was an urgent demand for some of the motor and food shares, especially Studebaker, Chandler, State General Motors, American Sugar and California Packing.

Texas Company was the most remarkable feature, however, making up all but a fraction of its 9 1/2-point decline, while Royal Dutch issues remained under pressure, with Mexican and Sinclair.

Atlantic Gulf recovered all but a point of its 4 1/2-point loss, and American and United Fruit showed recuperative power. Tobacco, metals and equipments were steady to firm.

United States Steel and rails were less affected than the more speculative issues. Final quotations reducing major losses in these divisions to fractions. Sales amounted to 1,000,000 shares, which constituted the most active week-end session of the year.

The day's general news included the April tonnage report of the United States Steel Corporation showing a further decrease of almost 630,000 tons in unfilled orders.

Bonds were steady in the main, the Liberty group alone easing slightly. Total sales (par value) aggregated \$5,250,000. Old United States 7 1/2 was 1/2 cent higher on call during the week.

LOWER TREND IN TORONTO MARKET

Barcelona, N. S. Car Preferred and F. N. Burt Are Strong Spots.

New York's irregularity exerted a moderately depressing effect upon the Toronto market on Saturday, and, for the first time in some days, losses were more numerous than gains. Activity was not so brisk as on Friday, but the market was not so widely scattered as on the day before.

Barcelona, in which dealings attained the highest volume, was the only stock widely scattered thru the list, odd-lot drift being a prominent feature.

HOPEFUL OF EXCELLENT RESULTS AT GOLD REEF

Diamond Drilling to Be Carried Out to Depth Under Houston's Direction.

Hamilton B. Wills, in his weekly market letter, says: "It is my firm opinion that Gold Reef will advance very much higher, as results of a most favorable nature are confidently expected soon after active development work begins."

The fact that a rich vein is known to exist on the property, and that a considerable amount of exceptionally high-grade ore was extracted by crude methods and under amateurish supervision, leads well posted engineers in Porcupine to the belief that under scientific mine management not only should the main vein, so far as is known as yet, be productive of gold at depth, but that a vein system of importance will be discovered in the course of intelligent development.

Joseph Houston, E.M., this week made an examination of the surface and is reported as being highly impressed with conditions, more especially the rock formation being indicative of high pay values. A number of diamond drills will likely be put into service and sent to great depth, as well as surface work started without delay.

OPEN MARKET FOR SILVER IN LONDON

New York, May 10.—Advices received by local bullion dealers are to the effect that London has removed the export restriction on silver. This follows the initiative taken by the federal reserve board at the beginning of the week.

This removal removes the last restraining influence for an open market in silver, the further advance in the quotation for silver here to \$1.03 1/2 to \$1.05. One of the largest silver producing companies is understood to have turned down a bid Thursday afternoon of \$1.04 1/2 an ounce for over 300,000 ounces of silver.

ROAD TO LIGHTNING RIVER

Matheson, May 10.—It is learned that the corporation of the town of Matheson has under consideration a plan for the opening of a half-way house at Perry Lake on the road to the Lightning River gold area for the accommodation of prospectors and mining men traveling to and from that district.

Work has been resumed on the Burton-Munro property, situated in the township of Munro, close to the Croesus mine. Two shafts are being worked.

HOLLINGER MAKES ANOTHER BIG GAIN

Saturday's Rise is Fifteen Points—Silver Stocks Are Holding Well.

While it was officially announced at New York on Saturday that silver was selling at \$111 since the behavior of the Cobalt stocks indicated the sharp rise, particularly in Nipissing, which was considered to have been carried sufficiently far for the present. Many traders look for another advance this week, the object of the rise of the price of the white metal will be the big determining factor.

The real feature of the day was Hollinger, which cut loose with a 15-point rise, the price being shaded only 1/2 point at the close, with a net gain of 15 points. Hollinger was selling at \$7.04, and two weeks ago at \$6.46. McIntyre held its advance at \$12.85, and the final bid fell off to \$11.75 in sympathy with the somewhat weaker tone of the market in New York. Davidson was active and sold up a point to \$8 1/2, closing at \$8. Forcupine showed a 2 1/2-point strength, and rose to 26, but sagged at the close to 24 1/2, the net gain being only 1 1/2. Wasapika at \$12.85, and McIntyre was selling at \$7.04, and two weeks ago at \$6.46. SIMPSON'S Formal Opening of Summer Millinery---Today

Where you will find set forth in charming array in the French Room a host of exquisite conceits which Fashion has decreed shall accompany your summer frock or suit.

Models from New York, bearing the labels of such exclusive makers as Bendel, Bruck-Weiss, Farrington & Evans, Rawak and Moorehead & Jardine.

Also chic designs from our own work-rooms, original affairs of unlimited chic, or lovely adaptations of Paris and New York productions.

Irresistibly broad and airy of brim, transparent of material, flower-like in color; in all, hats that exquisitely translate "summer" in every line, and possess that acme of style for which Simpson millinery is noted. Among them you will find:

Novelty Braid Hats

In the vivid shades so highly favored for sports wear, ribbon and flower-trimmed, or in pastel tones for dressy occasions, touched with feather. Displayed for the first time in the Simpson French Room, today.

Transparent Hats

The predominating mode. Mostly of finest hair, in pastel colorings, enriched by shaggy bits of ostrich or flatly applied flowers, in black, with glycerined ostrich.

Or of maline, entirely, or with crown of fine braid, flower and ribbon trimmed.

Leghorn Hats

Fascinating leghorn and hair combinations, trimmed with rare flowers.

Leghorns with georgette tops, delicate shades, indescribably lovely.

Leghorns veiled with maline and enwreathed with field flowers.

Leghorns with maline brims and a dash of glycerined ostrich for chic.

Milan Hats

As rare as they are smart and popular. Bordered and trimmed with wee ostrich tips—perty bowed with ribbons or adorned with flowers.

Simpson's—Second Floor.

Navy and Black Silks On the Crest of Popularity
