FORBES WON 20 ROUNDS
 Fast Battles at the Crescent A. C.'s Show Last Night in the Pavilion.

THOMPSON PUT BROWN OUT.
 Bout Lasted Nine Rounds and Loser Was Fairly in Dreamland—McEachern Beat Bird.

The patrons of the boxing game in Toronto seem to have confidence in the Crescent Athletic Club, and the Pavilion was a crowded house last night. Eddie Lenny of Philadelphia and Harry Forbes of Chicago went together for the stellar attraction, and they put up perhaps the clearest bout ever seen here. Lenny relied on punch on his footwork, and his springing to avoid attacks did not suit the crowd. His cleaver jabbing, as shown in the bout with Buzze, was counterbalanced by the wonderful book-

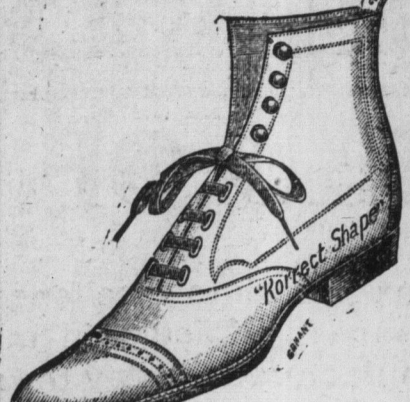

THE BATTLE BY ROUNDS.
 First round—Forbes landed with light left on forehead, following with stiff right on chin. Lenny looked surprised. Forbes out with left again and Lenny ducked, putting left slap and right on body. Even round.

FORBES STILL FIGHTING.
 Eleventh round—Forbes still forced. They were both knocked and bled very fully and no damage was done. It was very even three minutes.

FORBES STILL FIGHTING.
 Fifteenth round—Lenny started in well against Forbes, landing a left on the nose. Forbes put right on the body and left on the head, and Lenny ducked. They singled vigorously, Lenny slipping down. Forbes still forced on slipping down. Forbes still forced on slipping down.

THE ROUND AT OAKLAND.
 San Francisco, March 31.—Weather cloudy. First race, Futurity course, selling—Phidias, 104 (P. Jorg), 2 to 1; Dolore, 118 (Clondy), 3 to 1 and 6 to 5; 2; Petrarca, 120 (Hacklin), 12 to 1; Joe Ullman, 111 (L. Hoff), Merry Boy, Madrone, Henry C. Formella, Colonial Dame, Earl Islington, Sidelong and Royal Fash also ran.

All the New Shoe Styles For Spring.

The beauty of these will appeal to you—they are symmetrical—shapely.

STICK-HANDLERS IN TOWN.

The C. L. A. Held Their Annual Business Meeting Yesterday in the Temple Building.

STOUFFVILLE STARK PRESIDENT.

A Sort of a Walk-Over—Professionalism Discussed and Other Topics of Interest.

Richard Garland, ex-president of the Toronto Lacrosse Club, gave the town a starter on Tuesday by the hustling he showed in securing the sole rights in Australia of the Dunlop tire. The C.L.A. annual gathering yesterday showed that the association is tarred with the same brush of energetic action.

A hot time was looked for over the election of officers, but, unlike the action of the St. Regis Braves, this didn't materialize. Retiring President Lennox received an ovation, as did also President-elect Stark of Stouffville, First Vice-President Colonel Hamilton and Ned Haman. All else went like machinery.

When President Lennox entered a little after 2 p.m. the hall was full of decorated delegates and the bench beside him occupied by Past Presidents D. A. Rose, J. J. Craig, Col. Hamilton, H. J. P. Good, A. A. MacRadden, W. O'Loughlin, E. W. Nesbitt, First Vice-President T. Glenville, Second Vice-President P. McMillan and Messrs. W. S. A. Hartley, E. E. Scagram, L. King, B. R. Keen, G. D. Bailey, J. M. Cameron, J. Phalen, W. H. Hall, H. B. Clemons, H. W. Thompson and W. J. McInVre.

Below were such crack players as A. Tyrrell, D. Thompson and M. O'Connor of Orillia; T. Graham, Claremont; Barnhart of Galt; E. Scagram and George Pickard, and scattered about the hall were about four delegates Galore.

The following delegates were present: Aurora—S. A. Jones, N. T. Andrews. Arthur—George Pentecost, J. H. Martin. Acton—Crescents, R. Scott. Barrie—J. F. Lennox. Brampton—H. S. Cameron, A. W. Hamilton. Brantford—William Scott, George Stewart. Colchester—E. R. Gray. Cookstown and Alberton—Macdonald, C. Morzow. Fergus, Thistles 1—F. Perry, A. C. Steele. Fergus, Thistles 11—Thompson, J. Beatty. Durham—W. G. Lowe, G. W. Jones. Gravenhurst—H. Soules, E. B. Fleury. Oshawa—W. J. Webb. Pickering, Mimos—R. A. Douglas, W. G. Clark.

President T. Herbert Lennox of Aurora presented his annual report as follows: On Good Friday of last year you did me the honor of electing me without opposition to the highest position within your gift. In accepting the office, I stated that it would be my sole aim and object during the coming year to discharge, without fear or favor, the duties devolving upon me as your president, and that I would, to the best of my judgment and humble ability, rigidly enforce and carry out the bylaws and constitution governing our association. My term of office expires to-day. My record for the past year is before you, and while I feel that many of my predecessors have much more ably filled the position of president than I could ever hope to, yet I ask you to believe me when I say that I have at all times during my term of office endeavored to administer its affairs in a fair and impartial manner.

With the utmost respect for my predecessor, I cannot refrain from stating that at the time you were good enough to elect me there was a good deal of dissatisfaction in the Canadian Lacrosse Association. During my term of office I have endeavored to wipe out the dissensions that existed at that time, and to unite as far as possible the component parts of the association into one harmonious whole. It has been my aim to elevate the standard of our national game in Canada. I discouraged in every way in my power anything that tended to demoralize or degenerate lacrosse. On several occasions it was my painful duty to suspend from the association members who had been guilty of professionalism, and in other ways violating the rules governing our game.

And in addition to suspending individuals, I was forced to expel from the association a number of clubs, who during the season were playing without any regard or respect for our constitution. In this connection it may not be out of place for me to state that in some instances I found that certain members of the Canadian Lacrosse Association were not actuated by that sportsmanlike conduct which should characterize every member belonging to the association, but on the contrary I was pained beyond expression to observe that on many occasions the sole aim and object appeared to be to win at any cost, regardless of the success was attained. I felt, however, that this lack of regard for the rules governing lacrosse was not due so much to any wanton desire on the part of any of the members, but was encouraged and fanned by the gambling element, which, unfortunately, is too prevalent at the present time. My attention, some weeks ago, was directed to an observation made by His Honor Judge Ardash of Barrie, who, in dealing with a case that arose before him from Midland when a certain member of the Midland Hockey Club was charged with assaulting a member of the Collingwood Club, intimated during the course of his remarks that the players were influenced too much by an element whose love of respect for the game was due to the amount of money that they might make out of it illegitimate means. These remarks, I regret to say, apply with

the same force to lacrosse.

The Very Best Young Men.
Our association is made up of the very best young men that can be found in this province, and, unfortunately, in many cases the gambling element in certain towns pervades to such an extent that many young men, who otherwise would be a credit to any team, are carried away, perhaps in a moment of excitement and the anxiety to win, by the influence of a class of people who do not care what the effect may be either to the individual or to the association, so long as they are pecuniarily benefited. This is a matter which cannot be dealt with entirely or even to any appreciable extent by the officers of the association, and unless it is discouraged by the members of the different local clubs affiliated with the association I fear it will be some time before it will be entirely eliminated.

The Canadian Lacrosse Association is, to my mind, analogous in many respects to a joint stock company. In the latter what affects one affects all. If the company is successful each receives a benefit thereby. The same thing applies to us, and the sooner the individual members appreciate this fact the better it will be for not only the Canadian Lacrosse Association, but our national game generally. It is unfortunately true that occasionally the exercise of some improper means particular clubs have been enabled to reap some personal advantage over their opponents, but those who in the past have been guilty of such methods should bear in mind that any advantage gained by means that are not in accordance with our constitution are obtained at the expense, and not infrequently to the disgrace, of our association.

Lacrosse and Cricket.
There is no reason that I can conceive of why lacrosse should be different to cricket. The personnel of the majority of our lacrosse clubs is, socially and otherwise, the equal of those engaged in playing cricket. We never hear of professionalism in connection with the latter, why, therefore, should we have it in lacrosse? I am satisfied that this spirit of professionalism could be entirely eliminated if the officers of the respective local clubs would do the duty that is cast upon them in accepting office. It is our duty to be honest and enforce the rules governing our game. If the men who have control of the interest, taken in our clubs scattered throughout the province will not co-operate with them and observe the Rules of the Association. In this connection I may be permitted to refer for an instant to another matter, which, if continued, will materially affect the interest, taken in our national game. I refer to the roughness that is and has been displayed in many of the matches that took place during the past year. Instead of decreasing, I regret to be compelled to say, it is the opposite. Nothing will kill our national game more effectively or more quickly than the continuance of what may be aptly expressed as this "guerilla warfare." Lacrosse players should be taught to understand that the better class of people, who love and support our national game, will soon get tired of witnessing this sort of thing. The majority of people attend lacrosse matches for the purpose of seeing the game played, as it can and should be played, namely, in a gentlemanly and scientific manner, and the sooner this fact is appreciated by the officials of the local clubs the better it will be for all concerned.

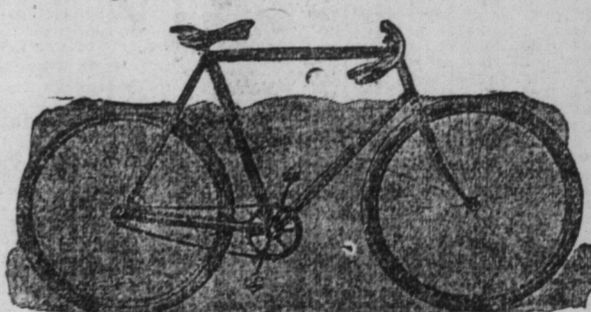

The Lennox Regime.
During the course of my administration a number of protests were entered and disposed of by the judiciary, and at this point I desire to place on record the very great assistance that I received from every officer during the past year. If I have succeeded in any way in raising the standard of lacrosse, my success is due in a very large degree to the aid and support that I received by every officer associated with me. During the past year two members were expelled for violating the rules of the association, and 17 were suspended for having committed offences of a lesser degree. Four clubs were expelled for disregarding the rules.

During the year the judiciary convened 10 times. Prior to last year complaints had been made, and very justly so, that though members were elected to positions upon the council, yet they received no benefit therefrom.

Mr. Wiman's Testimony:
STATEN ISLAND, N. Y., Nov. 2nd.
GENTLEMEN,—As promised you in my letter of October 11th, to give you my opinion of the Wood Frame Bicycle sent me, I have much pleasure in stating that I am just in from a two hundred mile ride on Long Island, and am simply charmed with your Wooden Wheel. This is a wonderful machine, full of speed, and so comfortable as to eliminate fatigue. After riding it about three weeks, I must say that I cannot find words to express my satisfaction with this beautiful wheel, but I hope to have the pleasure of seeing you soon, when I will explain more fully.
Yours very truly,
ERASTUS WIMAN.

THE YEAR WHEEL IN CANADA

Chairmen of Committees Report Departmental Workings to Annual C. W. A. Meeting.

DONLEY TALKS OF WHEELMEN.

Treasurer's Statement Shows That There is Still Almost \$100 Due Him.

The annual meeting of the Canadian Wheelmen's Association of '99 was not perhaps as large as its predecessors, but it was an enthusiastic one, there being about 200 wheelmen in the hall. Shortly after 9 o'clock the Credentials Committee got to work and by 10.30 the convention was in full swing, with President T. A. Beament in the chair and the following officers on the platform with him: President-elect Louis Rubenstein, Secretary H. B. Donley, W. N. Irwin, H. B. Howson, W. F. Tasker, E. B. Ryckman, Chief Counsel G. S. Pearce, A. H. J. J. Graham and J. F. Cairns. The meeting was opened with the reading of the report by the Credentials Committee, and the time was lengthened out for the filing of credentials as some of the delegates were late in arriving.

Credentials Committee Report.

Credentials Committee, Toronto: G. S. Pearce, chairman; W. G. Ayling, Montreal; James Min, Toronto. Ontario: W. H. Gregory, 10; W. H. Brown, 37; London B. C., J. R. Chairman H. B. Howson of the Roads and Touring Committee.

H. B. Howson's Report. Chairman Howson of the Roads and Touring Committee, among other things, said: In presenting the annual report of the Dominion Roads and Touring Committee for the year ending March 31, 1899, we can safely say, without fear of contradiction, that never in the history of the association has the Roads and Touring section of the association made such a vigorous campaign in the good cause which is under the direction of our committee. We are handicapped to a certain extent from the fact that no members reside from the Atlantic to the Pacific, and it is not possible at any period in the year to meet and discuss the many important topics which come under our jurisdiction; only by correspondence is the chairman enabled to communicate with his conferees, and in some districts it has not been possible to get a response to a business enquiry, doubtless owing to the fact that the district chairman who is a member of the Dominion Committee for his locality, has been elected to the office of the office.

Under the lead of Good Roads we cannot point at individual or direct work, as the labor is more of an evangelizing nature than that of a direct work, the expenditure of money for immediate results. The laws of the various provinces and the time and the very unquiescent and extraneous nature of the work with the least possible return; this fact is demonstrated at our own doors and in every section of our Dominion. In the touring branch of our work we feel that more direct good has been accomplished for the benefit of our members by the very valuable concession gained by President Beament with the assistance of the members of the L.A.W. in securing the free admission of C.W.A. members' wheels to the United States is one that has been dealt with at length in the report of the Transportation Committee. We have drawn up a contract between the chief consuls of the districts and the hotel proprietors who may wish to cater for C.W.A. patronage. Seventy-five contracts have been made and a neat official copy furnished free to each hotel, and it is to be hoped that the work will be completed this season by the contracting at least with the good hotels in every town where the price range from \$1.25 per diem and upwards, so that our touring members may receive the benefit of the discount. Our contracts have been lived up to, we have had only two complaints to investigate, and one of them was the error of a new clerk not aware of the arrangement.

The report of retiring president is one that properly should be brief. Therefore, in presenting the annual statement of the secretary, I am obliged to be brief and endeavor to keep it as such curtailed as the demands of the occasion make possible. The report of retiring president is one that properly should be brief. Therefore, in presenting the annual statement of the secretary, I am obliged to be brief and endeavor to keep it as such curtailed as the demands of the occasion make possible. The report of retiring president is one that properly should be brief. Therefore, in presenting the annual statement of the secretary, I am obliged to be brief and endeavor to keep it as such curtailed as the demands of the occasion make possible.

Provincial and Dominion Championship Meets.

Provincial and Dominion Championship Meets and while here and there have been heard criticisms, it seems to me that, taken altogether, the new arrangement has worked wonderfully well. Those who were present here last year will remember that a number of reinstatement were granted without much consideration, and that the meeting had not adjourned before delegates were to be heard regretting the action of the association. It is likely that to-day there will be a number of similar applications, and I trust, though the mistake of to-day will not be repeated, if we are an amateur association, anxious to remain one, let us grant reinstatement only when justice demands it.

Vancouver Heard From.

Vancouver, B.C., March 31. "British Columbia members of the association send greetings to those assembled at the annual convention and trust that their deliberations will result in lasting good to the association. Only in strength." J. W. Prescott, Chief Consul.

Ever since this association has had a committee on rights and privileges I have had the honor of presiding over that committee and have been directing its work. I feel that the time has come when I must ask the association to elect another chairman and to relieve me from the duties which I have been happy to perform for so many years in the service of the association. The work of the committee is not so arduous as in the earlier years when it was necessary to assert for ourselves those rights which are now readily conceded, and which are now carried forward by active and earnest men, always zealous for the association. I am of opinion that the necessity which exists for inaugurating or modifying or preventing, as the case may be, legislation in the various provinces, is one that is of the greatest importance to the association, and that it will be sought to have this association endorse the application of the N.C.A. for larger membership in this association, if none other existed. This branch of our undertaking is one of the most important of the association and its work should be carried forward by active and earnest men, always zealous for the association.

Under the terms of this new arrangement the paper was removed to Toronto, and the company undertook to supply it to all members who wished it for 25 cents per year per capita, which was a saving to the association over the old contract of 50 cents per copy. From this saving, however, would have to be deducted the salary of the secretary and \$300 per year for the company for official matter. This left a net saving on a basis of ten thousand members of about 6 cents per member. An unpleasant feature of the new arrangement is that it was not possible to reduce it to a written contract, and any such document would only be between the company on the one hand and the individuals on the other. I am informed by the officers of the company that the paper cannot be printed on the present basis, and some modification of its terms is absolutely necessary. Intimately associated with this question is the one of the membership fee, two or three amendments to which are proposed. I cannot recommend to the delegates an exhaustive discussion of these subjects, but I trust that the best thought of this meeting will be given them, and an earnest attempt made to place the C.W.A. upon a firm and satisfactory financial foundation. Last year saw the inauguration of the

from by reason of the fact that they had never been recognized in any way by the president, and I was pleased to be able to state that during the past year, with the exception of one, every member of the council has on more than one occasion sat upon the judiciary. I felt that this was the proper course to adopt. It is, no doubt, the desire of every member of the council to attain, if possible, to the highest office within the gift of the association, and in order that he may be able to discharge his duties more acceptably to the members thereof, it is, to my mind, proper that he should have experience on the judiciary in dealing with the matters that come before it. Further than this, it is only natural to suppose that a keener interest will be taken by the members of the council, if they are enabled to take part in matters that come before the judiciary. Speaking in this connection, however, I may be permitted to say that on one or two occasions I found there was a tendency on the part of those who were present for the purpose of either prosecuting or defending a protest, to endeavor to influence the members. This did not prevail to any great extent, but it was an object in incorporating this in my report is for the purpose of bringing it to the notice of the association, as a great deal depends upon him as to the results attained at meetings of the judiciary.

A Jolly for Seaforth.

During the latter part of the season, however, the Tecumseh Elms defeated the Orangeville, and owing to rule 12, section 8, which states that "in case any club shall default in matches in the series, it shall be ruled out of the series for the remainder of the season and shall not be eligible to enter until the following season. If schedule matches played by said club shall not be counted," I found myself in the unfortunate position of being obliged to throw out the games that had been played by the Tecumseh Elms, and as a result, the Seaforth Club did not receive the credit for winning as many games as they otherwise would have received. I am sure that you more particularly so because even though the Tecumseh Elms had not defaulted and had played their schedule, they would not have affected the standing of the Seaforth Lacrosse Club. However, the Orangeville Lacrosse Club claimed that owing to this rule they were a tie with Seaforth. I gave the matter a great deal of consideration before coming to a decision. I felt that morally the Seaforth Lacrosse Club was entitled to the senior championship. However, in the face of the rule which I have just quoted,

from by reason of the fact that they had never been recognized in any way by the president, and I was pleased to be able to state that during the past year, with the exception of one, every member of the council has on more than one occasion sat upon the judiciary. I felt that this was the proper course to adopt. It is, no doubt, the desire of every member of the council to attain, if possible, to the highest office within the gift of the association, and in order that he may be able to discharge his duties more acceptably to the members thereof, it is, to my mind, proper that he should have experience on the judiciary in dealing with the matters that come before it. Further than this, it is only natural to suppose that a keener interest will be taken by the members of the council, if they are enabled to take part in matters that come before the judiciary. Speaking in this connection, however, I may be permitted to say that on one or two occasions I found there was a tendency on the part of those who were present for the purpose of either prosecuting or defending a protest, to endeavor to influence the members. This did not prevail to any great extent, but it was an object in incorporating this in my report is for the purpose of bringing it to the notice of the association, as a great deal depends upon him as to the results attained at meetings of the judiciary.

A Jolly for Seaforth.

During the latter part of the season, however, the Tecumseh Elms defeated the Orangeville, and owing to rule 12, section 8, which states that "in case any club shall default in matches in the series, it shall be ruled out of the series for the remainder of the season and shall not be eligible to enter until the following season. If schedule matches played by said club shall not be counted," I found myself in the unfortunate position of being obliged to throw out the games that had been played by the Tecumseh Elms, and as a result, the Seaforth Club did not receive the credit for winning as many games as they otherwise would have received. I am sure that you more particularly so because even though the Tecumseh Elms had not defaulted and had played their schedule, they would not have affected the standing of the Seaforth Lacrosse Club. However, the Orangeville Lacrosse Club claimed that owing to this rule they were a tie with Seaforth. I gave the matter a great deal of consideration before coming to a decision. I felt that morally the Seaforth Lacrosse Club was entitled to the senior championship. However, in the face of the rule which I have just quoted,

YEAR AWHEEL IN CANADA.

Continued from Page 5.

a matter of legislation, which, if ultimately passed, will be a matter of very considerable importance to wheelmen, and particularly those at the larger centres of population. I refer to the Cycle Path Bill which we owe to the ability and industry of Mr. George A. Kingston, and which was introduced by our good friend at court, Mr. J. H. Stratton, M.L.A., at the session of the Ontario Legislature, now being brought to a close. The proposition embodied in the bill was to raise money for the purpose of building cycle paths in a series of "highways" to be issued to those who desired to use such cycle paths. It was not intended to make it compulsory, as it provided that any person desiring to use the roads in preference to the paths could freely do so as long as they saw fit to do so. It was the intention to try it first in the vicinity of Toronto, and it was framed to apply to other counties so that they might adopt it if it was found to work with good results.

Shortly before the bill was reached for second reading in the House, the Attorney-General came to Mr. Stratton and stated to him that it was the earnest desire of the Government and it would be necessary to set apart a special day to consider this bill in committee, and the Government would require to take the matter into their consideration. Mr. Stratton, in reply, asked Mr. Stratton to go on next session, and to state that he, the Attorney-General, would be glad to meet in the fall and get the bill in shape to present at the next session.

Very little opposition to the bill was shown among the members of the Legislature, and but for this request of the Attorney-General there is no doubt that the bill would have become law this session. I would just add that this bill is based upon the law passed in the State of New York two years ago, as applied to Monroe County in the vicinity of Rochester, and at the present session of the New York State Legislature a bill, similar in its terms, was passed and applied to the whole State of New York. The bill has my full approval and I am of opinion that in promoting the movement for good roads, for as soon as a part of the highway is put in its condition for the use of the traveling public, the farmer will enjoy the wheelerman and will fully of driving in the sloughs alongside.

Toronto, Good Friday, March 31, 1899.

Respectfully submitted,
E. B. Ryckman, Chairman.

The Secretary's Statement.
The work in the office of secretary grows more exacting, reported Hal Donly, every year demanding greatly increased time from me and taking at some seasons of the year all that I can do with the help of two assistants to keep it in hand. Every year the association apparently considers that he has purchased the right to sit down and write the secretary for any desire he has unfulfilled, from making him a collection of club crests to securing a written description of some road a thousand miles from Ontario, and not only do I have to cater to my own members, but so industriously have the L.A.W. authorities published my name and address that I doubt if a cycle tourist comes to Canada from the United States without first writing me to learn something of our customs regulations, roads or hotels.

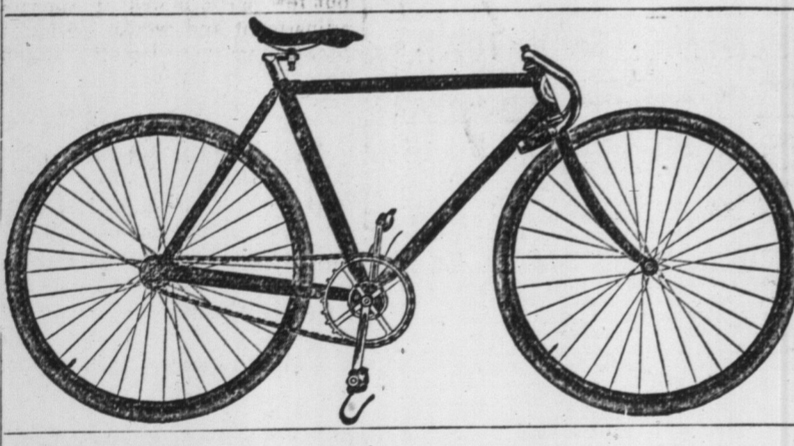

The reciprocity in customs regulations now in force between the two countries has added quite a lot of work to the secretary's office, for although it is properly in charge of the transportation committee, it is looked after in my office where use can be made of the association's salaries officials.

The arrangement is certainly now working most satisfactorily, and I am informed by the Canadian Customs Department that many hundreds on both sides of the line take advantage of it. The Departments both at Ottawa and Windsor are accommodating and lenient, granting abundance of time to both the C.W.A. and L.A.W. for the production of evidence to prove that wheels have been taken back to the country of origin. I cannot, however, refrain from urging upon all officers and members the importance of mastering the regulations, and on every occasion living up to them. The commonest care on the part of the tourist in crossing and re-crossing the boundary will obviate any possible trouble, while a simple neglect often leads to worry and exertion to me and expense to the association.

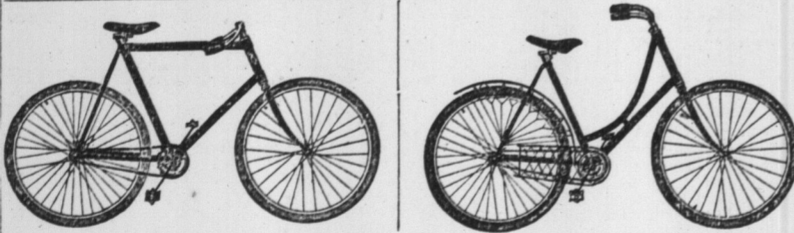

Another matter of importance now is the case of the certificate of membership. Twice the L.A.W. has had to pay duty on wheels brought in on stolen certificates, while a couple loaned by L.A.W. members made trouble and expense for the owners and heavily brought into disrepute the L.A.W. with the Washington authorities. Every one who takes an application for membership now should be certain of the bona fides

of the applicant and see that his application is properly made and signed not only by the applicant but by the proposers also. On the face of the statement it would look as if we had lost ground since last year. This is not so, however. In 1898 we owed in addition to the \$820.24 due the treasurer, \$285.00 to different parties, sufficient to bring our total indebtedness at that time up to \$1105.24, as against \$1062.42 now owing. The balance shown is everything we owe, including the stationary and supplies sent out to district officers for the year, which will bring our expenses in this particular down considerably for 1899. Then, too, I can see no questions of importance that will call for so many executive meetings this year as last, and there will be no doubt a saving in this particular. With a membership of 10,000 at the present fee and paying 24c for the Wheelerman, in my opinion your executive could promise with certainty to come to you next Good Friday with the association out of debt. The real reason for a change in our financial methods is occasioned by the fact that no one can send The Wheelerman to 10,000 people for a year for 24 cents each. The solution of this problem demands the best thought of the delegates to-day. I can only express the hope that the plan that is adopted may be permanent and productive of lasting good to the association.

The Financial Table.
The treasurer's statement of receipts was as follows:

of the proposed new constitution and by laws, in reference to which I may be permitted to add a few words.
The constitution and bylaws have been almost entirely rewritten, and several important changes are now presented for your consideration.
It is proposed to make the annual fee 75 cents for unattached members, and 50 cents each for members of affiliated clubs, such members being entitled to the official organ upon payment of 25 cents extra.
It is, however, doubtful if the association can arrange to continue to supply its members with an official organ at the low price named, and as the welfare of the C.W.A. depends largely on some kind of a paper, I trust some satisfactory arrangement may be made which will enable the publication of The Wheelerman to be continued without a loss to those concerned.
The requirements of the association have necessitated the re-arrangement of the districts; it is believed the new adjustment will be found more equitable.
As the association is devoting considerable time to the improvement of our roads, it is proposed to devote the day following the annual meeting to the consideration of ways and means to this end. This clause in the bylaws will, no doubt, receive your cordial approval.
The proposal to allow the convention to meet elsewhere than in this city as heretofore will be submitted to you, and while the principle involved seems fair, it may be pointed out that other associations have not found such a procedure conducive to the best results, and have discarded it. It is believed that the reasons which first suggested Toronto as the meeting place of the annual convention still exist.
Much time has heretofore been consumed by the applications of riders for re-instatement, which have been made without notice; the provision requiring proper notice is so reasonable as not to require comment.
District Councils have proved a great success in most cases, and a proposal to change the date of meeting to Thanksgiving Day is before you.

I have received several proposed amendments to the Racing Rules; these have been transmitted to the Dominion Chairman, as the association has given the Racing Board power to make such rules for the government of that branch of the sport as it may deem excellent.
I cannot conclude my report without acknowledging the indebtedness of the association and myself to Messrs. Howson and Walton for the invaluable assistance rendered by them in the revision of the constitution and bylaws.
All of which is respectfully submitted.
Toronto, March 29, 1899.

Everything at equally low prices. It will pay you to call and see stock before you make your purchase.

THE WHITE MAN'S BURDEN.

THE White Man's Burden, like the Black Man's Burden, or the Yellow Man's Burden, ceases to be a burden in a cycling way the minute a Red Bird, with the improved caged bearings, is used. Forty per cent. of all friction is done away with, making impossibilities quite possible and possibilities the most pleasant of pastimes.

Caged Bearings are no new venture with us. They were thoroughly tried and tested on our wheels last year, and appear in improved shape this year. Last season they made it possible for Amateur Champion Alf. Sherritt to defeat every Canadian amateur of note, and this season they will carry many other amateurs to prominent positions in racing circles. Our racing wheel this year is not only the easiest running wheel on the market, but one of the handsomest and most carefully constructed ever built.

Red Birds are made in four distinctly different styles, and can be had in crimson or black enamel, as desired. From tires to handle-bars they are constructed of the best material it is possible to buy, skilled mechanics attending to the various details that are so important in making the perfect wheel. Besides the men and material, we also have the plant, our factory being the most complete in the Dominion. Here we have the latest and best machinery used in the building of the bicycle, and make more complete parts of the wheel than any other Canadian factory.

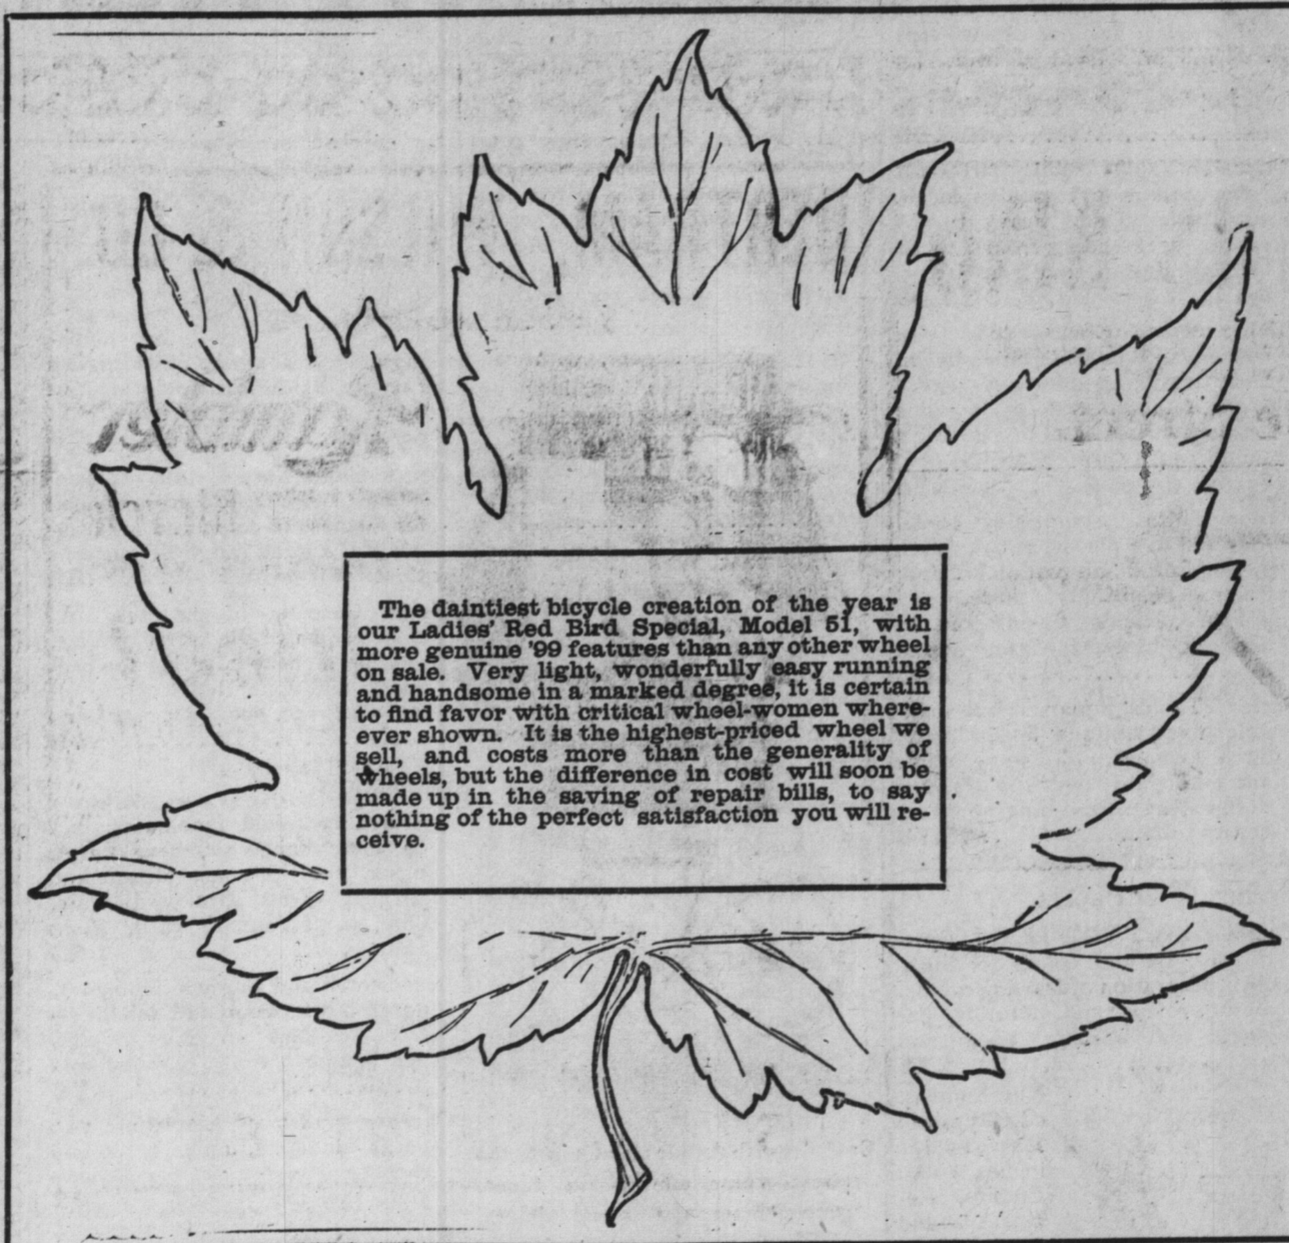

Up to the present time this season we have manufactured two and one-half times as many wheels as we have ever manufactured before. Nearly 700 men are now employed building Red Birds, and so great is the demand that our busy big factory is kept running twenty-two hours per day, with every available inch of floor space occupied.

NEW HANDLE-BAR ADJUSTMENT.

One of the important new features introduced this year is the new Handle-bar Adjustment. The handle-bar being set forward of the head of the machine, the grips are brought closer to and more in line with the head, giving a greater leverage and enabling the rider to have more perfect control of the mount. A bolt running down through the head of the machine serves a double purpose, for it not only tightens the lug on the handle-bar, making it secure, but it expands the handle-bar stem, forming a friction that cannot be relieved without the unscrewing of the bolt. This is done by the handle-bar stem being split, so that a V slot is formed on each side. Fitted in the ends of the stem, that has the V slot is a wedge-shaped nut. This nut is connected with the bolt running down through the head, so that the tightening of the bolt brings the nut up into the handle-bar stem, causing it to expand and forming the friction with the interior of fork stem, into which it in turn is fitted. The bolt can be slackened without disturbing the nut, and as the handle-bar is adjustable it can be adjusted to any position desired without relieving friction in fork stem. Should it be desired to raise or lower the handle bars, however, this is easily accomplished by unscrewing bolt and gently tapping it downwards, when the nut goes down in the handle-bar stem, relieving friction. One of the most commendable features of this new adjustment is its simplicity and the ease with which it is operated. It is also absolutely secure, as it is impossible for it to work loose, causing the handle-bar to slip, as it so often does with many of the ordinary stems.

NEW REAR AND FRONT HUBS.

The bearings of the hubs of the Red Bird Special, Model 51, are the same good three-point caged bearings used in the hubs of our '98 Red Bird Special. An improvement, however, has been made in the axle, as it has been simplified. The new axle complete is made up of a 3-8 inch axle, two cones, a sleeve, two ball retaining cages, two spring rings that hold retainers in position and two swivel washers that fit on axle between cone and inside of fork end. When mounted this axle is one solid fixture that cannot get out of alignment. The cones being made convex at the ends so as to fit concave of the washers, it does not matter how much twisted or uneven the fork sides may be, it is impossible when tightening for the axle to get out of alignment. The wheels must run even and true, and there is no more friction at one point than another, as would be the case with twisted or uneven fork sides, were the cones with convex ends and the concave washers not used. The bearings having two points on cones and one in cup, a greater wearing surface is given to cones, so that cones are less liable to be broken. Cones are made from the best cast steel, hardened and ground to one standard. They can easily be replaced as each cone is detachable. A right and left spiral groove cut in the sleeve of the cup forms a partial vacuum, causing an outward current of air that renders it impossible for dust to get anywhere near the bearings. As a consequence they are absolutely dust-proof. Hubs are made from the solid steel bar, and have no brazed joints. The front hub is fitted with fourteen 1-4 inch steel balls, and the rear hub with fourteen 5-16 inch steel balls.

The daintiest bicycle creation of the year is our Ladies' Red Bird Special, Model 51, with more genuine '99 features than any other wheel on sale. Very light, wonderfully easy running and handsome in a marked degree, it is certain to find favor with critical wheel-women wherever shown. It is the highest-priced wheel we sell, and costs more than the generality of wheels, but the difference in cost will soon be made up in the saving of repair bills, to say nothing of the perfect satisfaction you will receive.

THE FOUR RED BIRDS WE MAKE.

The following are the four distinctly different styles of Red Birds we manufacture and sell:

- Red Bird, Model 50,** in both Ladies' and Gentlemen's, the best wheel for a little money that you can buy.
- Red Bird,** in both Ladies' and Gentlemen's, somewhat more expensive, but big value for the price asked.
- Red Bird Special,** in both Ladies' and Gentlemen's, with every detail of construction thoroughly tested and proven valuable.
- Red Bird Special, Model 51,** in both Ladies' and Gentlemen's, as well as racers, the most perfect bicycle ever offered for sale in Canada.

Where Matchless Red Birds Are Sold.

Red Birds are sold at our Branches in Toronto, Montreal, Hamilton, London, St. John, Winnipeg and Vancouver, as well as by representatives in every other city, town and village in Canada. Samples of 1899 Models can be seen at your nearest Red Bird Agency.

NEW SEAT-POST FASTENER.

Another new feature that is valuable on account of its simplicity and the perfect manner in which it does its work, is the seat-post fastener, which is composed of three pieces—a blind nut, a cotter key and a sleeve. The key, which is milled away on one side, so as to partly encircle sleeve, is inserted through a hole drilled horizontally through top tube, bisecting seat-post tube. The sleeve, which is split and fits the tube snugly, having been put in position and the seat-post inserted, the nut on end of cotter key is tightened. The tightening of nut compresses the sleeve against the seat-post, forming a friction that holds the seat-post securely without any perceptible strain. To adjust the seat-post it is merely necessary to loosen nut and tap back bolt, when the sleeve expands and all friction is off. This fastener is light, has but few parts, is neat in appearance, simplifies the matter of adjustment and works perfectly. It is one of the many little things that combine in adding much to the value of a wheel.

A NEW CRANK.

The outside of the new crank has the same handsome diamond shape as the crank of '98, but the inside is made oval in shape. While this gives an effect pleasing to the eye, it also gives additional strength. Cranks are all made of the best spring steel and are tempered. Made this way in the diamond-oval shape, there is a certainty of their strength, and they can be relied upon not to have a weak spot in their make-up.

THE FRAME OF MODEL 51.

The frame of the Red Bird Special, Model 51, is of the internal flush joint pattern, with the tubes reinforced at ends and swaged so as to fit internally to lugs. The joint thus formed is brazed from the outside, the work being so carefully done that it is impossible to have any defect in any detail of the process. This joint is clean and smooth, and is exceptionally strong. The tubing used in these frames is of the finest steel we can buy, and is tempered by a special process, adding greatly to its strength. This, with the careful way in which the joints are made, gives a frame that it is almost impossible to twist or break, and that will withstand any amount of hardship. Frames are made 20, 22 and 24 inches high, measured from the centre of bracket to the top of frame. Hanger centres drop 2 1/2 inches below wheel centres. A very pleasing effect is produced in the bottom rear fork tube by making them so that they gradually taper from seven-eighths of an inch at one end to nine-sixteenths at the other. Taken altogether, the frames to be used in the different models of the Red Bird Special, Model 51, are decidedly handsome, and are just as strong as they are good-looking, for happily they combine in a marked degree both beauty and strength. In the frames for Style B, or the Ladies' Red Bird Special, Model 51, the fittings and wheel base are exactly the same as those of the gentlemen's mounts; in both cases the wheel base being 44 5-8 inches.

LIFE

"Any delay is too long to one who is in a hurry." If you have loved ones dependent upon you for support, you should regard as too long the least delay in performing that plain and manifest duty of insuring your life for their benefit in a strong and successful company such as the North American Life.

The plans of the Company are attractive, which, combined with its unexcelled financial position, make it a desirable Company for the insurer.

Pamphlets explanatory of the Company's plans, and copy of its last Annual Report sent on application.

THE YUKON SCANDAL. The Globe's attempt to belittle the charges made by Sir Hilbert Tupper against the Yukon officials will not stem the tide of public opinion in favor of a searching investigation into the scandal.

A PREMATURE ANNOUNCEMENT. The New York Tribune made a bad blunder the other day, it stated that the Georgian Bay Canal would be completed in three years, and that at the expiration of that time large lake barges and steamers would be able to go from Duluth to Montreal, via the Ottawa River, without breaking cargo.

THE PEOPLE FOOT THE BILL. In defending the Government's revenue bill on Thursday night, Mr. Hardy stated that the bill did not impose a tax upon the workman or upon industry.

LADY INSTANTLY KILLED. Horse Backed Against a Train Which Was Moving Rapidly. Campbellton, N.B., March 31.—This evening when Mrs. Wm. Parker, accompanied by two young ladies, all of this town, was crossing the railway track in a sleigh, the accommodation train passed by just as the sleigh had cleared the rails.

THE WESTERN FOOTBALLERS.

Annual Meeting of the Association Yesterday at the Walper House, Berlin.

FINANCES ARE IN GOOD SHAPE.

Matches Arranged, Amendments to Rules Adopted and Officers Elected.

Berlin, Ont., March 31.—The annual general meeting of the Western Football Association was held in the parlor of the Walper House on Good Friday. Members present: H. C. Cheswright, president, Seaford; William Govenlock, B.A., hon. president, London; D. Forsyth, B.A., secretary, Seaford; W. H. Skene, Galt Collegiate In- stitute; J. E. Armstrong, Stratford; G. E. Buis, Wingham; O. Vogesang, Rangers, Berlin; H. L. Pratt, Simcoe; H. F. Boehmer, Berlin; W. H. Grant, League, Toronto.

The treasurer's report, showing a small balance on the right side, was received and adopted, as was also the secretary's report, giving list of clubs in attendance and results of last year's contests. The secretary was ordered to have all cups engraved as usual.

Messrs. Jackson and Govenlock were appointed a committee to revise the rules defining the duties of the various officers and committees and submit report at the next meeting and provisionally adopted. The following matches were arranged:

Senior Cup. Wingham at Berlin, May 24. Berlin at Seaford, May 30. Seaford at Wingham, June 3. Berlin at Wingham, June 10. Seaford at Berlin, June 17.

Intermediate Cup. Galt C.I., Ingersoll, Simcoe, Stratford and Norwich. Matches to be arranged by the president at a later date.

Junior. Hurons and Simcoe, but list to remain open and matches to be arranged by the president.

Hough. Seaford C.I., Goderich C.I. and Clinton C.I.

Amendments Adopted. Amendments proposed by J. A. Jackson, Seaford, and adopted:

Page 13, line 14, law 12, laws of the game, to strike out "And act as timekeeper." On page 19, instruction 4, section A, to strike out "By acting as timekeeper" and substitute "By appointing two timekeepers."

Page 20, rule 4, line 9, after the word "convenes" strike out the remainder of rule and substitute "The Intercollegiate Association, the Toronto Football and the Peninsula League, shall be allowed full manage- ment and control of everything appertain- ing to all matches in which the members of these leagues are alone concerned, in- cluding the drawing of lots and the decid- ing of protests."

Page 22, rule 9, line 6, cup and district competition rules. After the word "Com- mittee" strike out the whole of the next sentence from "In case must be accepted" and substitute "In case either of the clubs cannot agree upon a date for starting the game, the president shall fix the time."

Page 22, rule 11, line 5, cup and district competition rules.

Hon. President, W. C. Cheswright, Seaford; Secretary-Treasurer, D. Forsyth, B.A., Berlin; Executive: W. Galt, H. J. Crawford, Fred W. McLeay, C. H. C. Wright, Toronto; W. McDonald, Windsor; J. V. Gourlay, Essex; T. F. Best, Bradford; H. S. Rob- ertson, Seaford; W. Burnett, Ingersoll; Dr. A. J. Irwin, Wingham; T. T. Aitkin, Galt; H. L. Pratt, Simcoe.

Committees. International and Inter-Association: W. H. Grant, Toronto; S. A. Dixon, Varsity, Toronto; J. Gourlay, Essex; J. A. Jackson, Seaford. Caledonia Cup: J. A. Jackson, Seaford; W. Burnett, Ingersoll; D. Forsyth, Berlin. Amateur, Standing and Registration: W. M. Govenlock, London; H. Bewell, Mount Forest; J. E. Armstrong, Stratford. Auditors: W. K. Skene, Galt; H. F. Boehmer, Berlin.

Eastern League Formed. Cornwall, Ont., March 31.—(Special.)—The Eastern Football League was organized here to-night. The following delegates were present: F. J. Best, Bradford; W. H. Skene, Galt; J. H. Donnelly, Finch; D. A. McNaughton; G. E. Buis, Wingham; O. Vogesang, Rangers; W. B. Collison. The association defined the limits of its area as between Kingston and Cornwall, including the following clubs: Two districts were formed, Finch, Chesterville and Ingersoll in the western and Cornwall, Valleyfield and Point St. Charles in the east. Champions of each district to play off in home and home games, with final, if necessary, on neutral ground.

The following officers were elected: President, F. J. Best, Bradford; Secretary-Treasurer, W. B. Collison, Cornwall; Secretary, W. M. Hill, Valleyfield; Secretary-Treasurer, W. B. Collison, Cornwall; Secretary, W. B. Collison, Cornwall.

Resting at Malolos. The city it seemed as if the whole place were ablaze. It turned out, however, that the rebels were in considerable numbers, but a few of the summer buildings, had been set fire to by the rebels before they evacuated the place.

Bravery of American Troops. The American troops behaved splendidly. They advanced steadily against successive lines of trenches, through woods and jungles and suffering from frightful heat. In addition, the American volunteers were handicapped in fighting by the fact that their Springfield rifles are of shorter range than the Mauser rifles in the hands of the rebels. Under these circumstances, the successful advance of our troops is a really remarkable achievement.

But the most noteworthy feature of this campaign is the patience and endurance of the private soldiers. They had never hesitated to march across any kind of difficult country, against any number of the enemy and in the face of positions of entirely unknown strength.

This afternoon the victorious American army is feasting on coconuts and bananas and enjoying a well-earned rest, while the hospital train is carrying the wounded back to Manila.

HALL'S BRIGADE. Advanced Up the Mateo River Valley, Driving the Enemy to the Northern Hills.

Manila, March 31.—(10:37 a.m.)—General Hall's brigade advanced to-day from Marikina up the Mateo River Valley, almost to Mountain, driving the enemy to the hills on the north. The rebels were in considerable force at the junction of the Rivers Naga and Ampit with the Mateo, but the American artillery soon scattered them, with heavy loss. The American loss was one killed, Lieut. Gregg of the Fourth Infantry. General Hall eventually retired to the waterworks.

General King advanced from San Pedro Macuti, establishing headquarters at Pasig. Some Reports From Filipinas.

Recently issued copies of The Republica Filipina, Aguinaldo's official organ, contain- ed a proclamation to the effect that certain parties are raiding the northern towns and ordering the same to join generally with the Americans. This is construed as meaning that Magdalo, the Governor of the five northern provinces, has fled to Manila. It is undoubtedly out off at the railroad here.

San Fernando. The Republica Filipina on March 23 pub- lished an extra edition, containing a state- ment to the effect that the Americans had attacked Pasig, that many of them were killed, and a majority of the remainder

Purity - Skill - Healthfulness

Lytle's "Sterling" Brand Pickles.

No care is too extreme—no cost too great—that will add a whit to the purity of the famous "sterling" brand pickles. They must rank the best. We intend that they shall. Only the finest select- ed vegetables are used, and the experi- ence of years is exercised in the manu- facture of these pickles.

Sold by all first-class grocers.

from the injuries received the train must have been going at a fast rate.

San Francisco, March 31.—The transport steamer Charles Nelson has sailed for Manila. She has 600 tons of freight, 200,000 cigars, a large number of coffins, in which the bodies of American soldiers will be brought back to this city.

Troops Rising at Malolos. Washington, March 31.—The following despatch was received at the War Department early this morning:

Manila, March 31.—Adjutant-General, Washington: Troops resting at Malolos, P. I., were notified by a messenger that considerable portion of the United States troops at Malolos, P. I., had been wounded. Hall has returned with his troops to former position, north of Manila. Ots. (Signed.)

"SHE HEARD NO WHISTLE." The inquiry into the cause of the Lansdowne-Avenue Fa- tality Adjudged.

The enquiry into the death of Mrs. James Malone and her son Willie, who were killed by a C.P.R. train at Lansdowne-Avenue, Monday night at No. 6 Police Station, before Coroner B. O. Orr. The jury re- viewed the bodies at the house at 112 Lansdowne-avenue, and then visited the scene of the fatal accident.

The first witness called was Mrs. Stanton, an eye-witness of the accident. She swore that the train was going at a fast rate of speed, and that no warning whistle was either by whistle or bell. She had seen many narrow escapes at this crossing, for the past 10 years. A fence had been erected at one time, but the boards had been removed by the boys, and the fence was being used as a playground.

Dr. Lynd, who performed the post-mortem on the body of the boy, testified that he examined the place.

ANOTHER BRAIN WORKER Gives Experience in Coffee Drink- ing.

"My work (writing for papers and maga- zines) calls for such steady use of the brain, that many fellow workers in that line, I became badly exhausted at times, and naturally felt a desire for some sort of stimulant."

"Coffee I have used considerably. Its effects finally became so apparent that I do not intend to make a change, for I could not endure the headaches and extreme nervousness that followed. Then came the dis- tressing discovery that the other mem- bers of the family. What shall we have for breakfast in the place of coffee, for you, of all people, are very particular about your morning drink?"

"We tried leaving off coffee, but for a morning or two the breakfast was not im- proved."

"Then Postum Food Coffee was brought to my notice, and unfortunately, the first morning it was carefully made by the cook, and was not at all satisfactory. I deter- mined to look personally after its prepara- tion, and after noticing that the direc- tions called for full fifteen minutes' boiling after boiling had really commenced, I made it that way, and these were some of the ex- citations at the breakfast: 'Why, it's far better than coffee.' 'What an exquisite flavor!' 'Delicious, delightful,' etc."

"The effect of the change on my health was magical. The headaches and nervous- ness were gone, and their place a pecu- liar and grateful exhilaration possessed the entire body. I was not the only member of the family that benefited by the change. One member who had suffered seriously with stomach troubles was relieved entirely in a very short time."

"Perhaps you might be interested to know that several of our friends who have been greatly helped by the use of Postum. Mrs. Emma Max used to be greatly troubled with nausea and sick head- aches; Miss Addie Slight was cured of stomach trouble; Chas. E. Brown, formerly suffering greatly with headaches and nerv- ousness; Miss Ella Smith was a great sufferer from severe indigestion, which was relieved by the use of Postum Food Coffee."

"I am convinced that your claim that Postum furnishes the particles of phosphate of potash and albumen necessary to rebuild the delicate matter in the nerve centres is true, for my own experience and that of my family and friends gives every indication of it."

The Robert SIMPSON Co., Limited

An Extraordinary Sale of Shoes.

There's a way of making shoes so you can't tell how bad they are—everything being done for effect. The essential qualities of good shoemaking are neglected to make price a dwarf and value seemingly large. We've adopted a larger and broader shoe policy. We've ignored shoddy altogether in our plans. Our idea is not "how cheap," but "how good," the extra cost being nothing compared with the satisfaction and better service to be got from properly made shoes. To demonstrate our policy we've bought from the best shoe factories in Canada and the United States between

Four and Five Thousand Pairs of Fine Boots and Shoes for Men and Women

For Quick Selling—at Small Profits.

This special selling of shoes will commence Monday morning, and there'll be no question about our selling them at prices which will average

One-Third to a Half

Less than you'd pay elsewhere for similar goods. There'll be no restriction as to your right to return or exchange these shoes. All we ask is that you do so promptly when not suited. These are hints of what we have:

Ladies' and Misses' Fine Shoes.

Ladies' Victoria Kidskin Lace Boots, hand-sewn welts, the new modern toe, very well and mannish style, a splendid demonstration of art in shoemaking, very suitable for this season, in all sizes and widths, AA to D, good value at \$5.00. Sale price is \$3.00.

Ladies' Genuine Steppe Kid Lace Boots, a beautiful tan shade, hand-sewn soles, very flexible, Athens last, which is perfect-fitting, nothing better made, sizes 2 1/2 to 7, widths B, C and D. Sale price is \$3.00.

Ladies' Al Quality Dongola Lace and Button Boots, patent and self tips, coin and medium toe, all sizes, 2 1/2 to 7, C and D widths, McKay and Goodyear welts, \$2.50 to \$3.50 shoes at \$1.95.

Children's Dongola Lace Boots, tartan cloth tops, self tips, sizes 5 to 10, regular value \$1.25 and \$1.00. Sale price .80.

Ladies' Victoria Kidskin Oxfords, hand-sewn welts, made in the easy-fitting and good-looking natural

last, a splendid shoe for spring wear, sizes 2 1/2 to 7, widths A to D; you have paid \$3.00 for inferior goods to these. Sale price is \$2.00.

Misses' Dongola Spring Heel Button Boots, patent tip, coin toe, neat and durable, sizes 11 to 2, regular price \$1.50. Sale price \$1.15.

Instead of \$4.50, as you'd pay elsewhere.

Spring Clothing for Men and Boys.

The main thing about the Simpson Clothing Store is that it is a SAFE STORE. Whatever you buy here is of sterling quality and cheaper than you can buy it elsewhere. If not satisfied—your money back—is your safeguard. These price hints of a few seasonable needs:

Men's Black Worsted Suits. Fine Black Clay Worsted Suits, made in double-breasted Prince Albert style, made up with narrow silk-stitched edges, silk-faced lapels, lined with fine farmer's satin, well trimmed and perfectly tailored, \$15.00.

WOLVERS OF FINANCIAL STOCK
 Their Rights to Information—One Company Which Issues Monthly Statements.

CARIBOO OF CAMP MCKINNEY.
 How Does Depth Affect the Character and Richness of Ore Bodies?

A good example is being set by the Golden Summit Mining Co. of Spokane. This company issues monthly a statement setting out in detail the amount of money spent in development work on its properties, the extent of the progress made, the number of men employed, and other data regarding the operations. This statement, as said before, is issued monthly to all shareholders. There are thousands of shareholders in other mining companies who would be pleased if such a method were adopted in regard to the corporations in which they hold stock.

While on this subject an editorial in the Rossland Miner on the rights of shareholders may be quoted as follows:
 "The policy of shutting out the minority stockholders from nearly all participations in the affairs of a mining company is one that in time will have to be legislated against. Anyone owning shares in a mining corporation should, at all times, have access, not only to the books, but also to the properties being operated. This latter privilege should be conceded, to the end that the shareholders may know the condition of the mines of companies in which they own shares. A stockholder has put his money in and is to the extent to which he has purchased a property in the Public Creek division can be readily obtained and access can be easily had to every part of the property or mine in the camp under certain restrictions. This one property is a special look to the stockholders and the public good has no rights in the premises, but we contend that the stockholders should have a strike is made in the Virginia the stockholders are entitled, in all justice, know it."

The following is from the pen of a Western writer: "The Cariboo mine has already made a number of rich assays and the sound to me as I wended my weary way at midnight, for the first time, to the small clearing on the hill. Ten stamps were pounding ore then, 200 are thumping away to-day. Let me give you some tangible evidence that the Cariboo mine is all right. It has paid in dividends up to Dec. 31, 1892, \$201,328.75. It paid in dividends up to Dec. 31, 1893, \$72,624.88, and there was considerable money left in the treasury. For 1893, 10,141 ounces of fine gold were recovered by amalgamation, and 177 tons of concentrates. The total value of production for 1893 was \$14,414. Up to Oct. 1, 1893, only ten stamps were added. Therefore, the output for 1893 may be close to double what it was for 1892."

The equipment at the mine is up-to-date, including the buildings is valued at about \$45,000. A new 10-drill compressor plant is now on the road for the mine. Joseph P. Keane, the superintendent of the Cariboo, took me through the mine from tier to tier lower levels. They have some large bodies of ore, but the best is the small feet. Mr. Keane is a very conservative but thoroughly capable mining man. The Cariboo has for its first time, a dividend and I need not recapitulate what has already appeared in the review.

Relation of Depth and Value.
 At the conclusion of the annual address of James Stirling, Government Geologist for Victoria, delivered recently in Melbourne, Australia, before the Geological Society of Australia, E. L. Rossman, in seconding a vote of thanks to the lecturer, remarked that the thanks of the society were due to Messrs. Bell, Watson and Lassel "for the enterprise shown by them in exploring the idea of geologists that payable gold could not be got at a greater depth from the surface than 400 feet." Mr. Stirling, in reply, pointed out that when the assertion alluded to was made by Prof. McCoy and Mr. Patton, Dr. Bellman publicly stated his opinion to the contrary and refused to sign the memorandum submitted to Parliament on the subject.

The statement elicited a reply from Sir Frederick McCoy, who wrote to the following effect: "I never wrote, said, or thought any such thing, and I challenge anyone to produce such a statement. I believe, as a rule, the upper portion of gold veins is richer than the lower, but that there is a limit to the depth at which traces of gold may be found."
 The latter clause of the above, coming from such a distinguished source, says The Mining and Scientific Press, leads to the inquiry, "To gold-bearing veins, is there any value in depth?" As the depth at which veins become so impoverished as to be valueless has never been reached in any good mines in the United States, it is a matter of theory, unsubstantiated by fact, that mineral veins deteriorate with depth. The relation of value to depth is always determined by economic conditions. A few years ago mines worked to the depth of 1000 feet were looked upon as approaching the limit at which mines could be profitably worked; but the shafts have gone steadily deeper, until now there are many mines more than 2000 feet deep, paying, and with no noticeable falling off in value.

In California mines the ore, taking one level or about with another, averages in any particular mine about the same. One of every grade can be found on almost any level, though some levels have no ore at all. Undoubtedly there is a depth at which any mine will cease paying, and that depth will be found where the cost of mining equals or exceeds the commercial value of the output, and this depth will vary with the local conditions. In some mines extreme heat is the prohibitory factor, in others too much water, and in some both. The veins are ways of a physical character in gold mines, for the market price of the metal does fluctuate. Because the operating expense of a mine exceeds the value of the product, which at a higher level may have afforded profit, it does not determine that the ore has deteriorated, but that the expense has increased.

It is true of many veins, particularly those soft, porous, "honeycombed" zones, that they are found thickest at the surface, but this is a local condition that should not enter into the general discussion of the relation of depth to the gold value contained in veins.
 At a meeting of the directors of the Toronto Yukon Mining Company (limited), held in Toronto 29th Inst., the following directors were elected: H. F. Fyfe, M.I.A., Toronto, president; Frank Scrutton, M.I.A., London Stock Exchange, vice-president; George C. Parker, Esq., secretary-treasurer; F. S. Hoully, Esq., London Stock Exchange; Arthur H. Greene, Esq., Toronto; Charles D. Weyford, Esq., Toronto; George W. Bedells, Esq., Toronto.

Developing the Morrison.
 Greenwood, B.C., March 21.—Eight feet a day are being made by two shifts in the long crosscut tunnel on the Morrison mine in Deadwood Camp. The Morrison Gold Mining Company of Spokane owns the Morrison claim, and acquired the property in 1885. Twelve men, under the supervision of Gus Peterson, who formerly was in charge of the Princess Maud, in Republic camp, are employed on the property, working in the mine or erecting cabins and building roads.

Today the Spokesman-Review's traveling correspondent was shown through the lower workings by Mr. Peterson. When in the foot from the mouth a blind lead running diagonally across the tunnel was encountered. This ledge measures eight feet of solid ore from wall to wall. No drifting was at-

Sailor Consolidated

Mining and Milling Company, Limited.
 Of Camp McKinney. (Non-Personal Liability.)

Incorporated under British Columbia charter, and being licensed under Ontario statute.

Capital Stock, \$1,250,000
 In 1,250,000 shares, par value \$1.00 each. 500,000 shares in the Treasury for Development.

PROVISIONAL DIRECTORS.
 SIR GEORGE A. KIRKPATRICK, ex-Lieut. Governor of Ontario. T. MILBURN, Wholesale Chemist, Toronto. T. A. CRANE, of Crane & Baird, Wholesale Grain Merchants, Board of Trade Building, Toronto.

Properties.
 Properties belonging to the "Sailor" Consolidated, as shown in the above plan, consist of "Diamond," "Toledo," "Snowshoe," "Bellevue" and "Sailor." The company also has extensive water rights, and own the new town site of McKinney.

Waterloo.
 The manager, Joe Murphy, is vigorously pushing the work upon this property. He reports that they have now drifted 70 feet along the vein, and some of the richest ore in the camp, running into phenomenal values, has been taken out.

The Annie L.
 now known as the "Cariboo No. 2," is being actively developed on what is believed to be the "Cariboo" vein.

The Shannon-Dolphin Company.
 on the other side of the "Bellevue," is also working on what is believed to be the "Cariboo" vein. The course of the vein on the "Bellevue" (one of the "Sailor" properties) is shown on the plan, in the same direction as the "Cariboo," and, as already stated, is being proved on both sides of it.

Surrounding Mines.
 The Cariboo Gold Mining Company's properties, consisting of "Fairview," "Okanagan," "Emma" and "Maple Leaf" (see plan), lie to the east. This company has already paid to date over \$270,000 in dividends, and is paying regularly dividends of 1 cent per share per month.

Minnehaha
 is being actively developed, and is showing up wonderfully well under the careful management of Major Ainsley McGraw.

THE MAN FROM NEBRASKA.

A Little Story of How a Horse and Rig Were Spirited Away.

T. P. Murray, the Nebraskan who caused so much amusement in Col. Denison's court on Thursday, kept up the fun until he landed in Police Headquarters again yesterday morning on a charge of horse-stealing.

About 4 o'clock on Thursday night, finding a horse and rig belonging to P. McCarthy of 88 Clarence-street, standing in front of the Palmer House, he jumped in and drove off. That was the last seen of the outfit. This is McCarthy's story, as told to the police.

Later on Thursday night Murray was seen in Palmer House grounds. Asked where the horse and rig were, he took to his heels, and ran upstairs, and, though diligent search was made under beds of every room, no trace of him could be found.

A Tric Arrested. William Griffin, 121 Ontario-street; George Beatty, 17 Bleeker-street, and Luke Sullivan were taken to the police yesterday morning by P.C. Crowe. It is said that they committed an aggravated assault on a woman in the street.

The German Conversation Club, owing to the Easter holidays, will defer their meeting this week, but will be entertained next Saturday by Mrs. Sloan, 143 Balliol-street.

Charles Han of 226 Ontario-street was thrown out of a wagon yesterday afternoon by the horse running away. He was seriously hurt, and after being taken to 150 1/2 East King-street, the trouble took place at Jarvis and King-streets.

St. Basil's Church, The Litany of the Blessed Virgin Mary, followed by Benediction of the Blessed Sacrament, is sung every Saturday at 7:30 a.m.

St. Patrick's Church.—The Easter services will begin at 8:30 o'clock a.m. At 10 o'clock the children's choir will sing under the direction of Miss Costello.

St. Mary's Church.—The Easter services will begin at 7 a.m. At 8:30 a.m. the choir will sing under the leadership of Mr. John Bayley.

St. Joseph's Church, Leslieville, Mozart's Twelfth Mass will be rendered by the choir. The soloists are: Mrs. Casey, Mrs. Brooks, Misses E. Ryan, J. Murray, I. I. Richard and Howard.

St. John's Church, Wexford, has prepared special music. There will be two services, at 10:30 a.m. and 7:30 p.m.

The Church of the Ascension will hold three services, at 8 a.m., 11 a.m. and 7 p.m. Music of a special festive character will be sung by a full choir.

St. Michael's Cathedral Hayes's third Imperial will be sung. The soloists will be Mrs. Tappin, Mrs. St. John, Mrs. F. McCarron, Miss Foley, Miss Shaw, Messrs. Caron, Metzler, Patton and Graham.

SERVICES OF EASTERTIDE.

Special Music of a Festival Character Will Be Sung in the City Churches.

A SEASON OF FRESH HOPE TO ALL.

Sermons of a Special Nature — Boys' Choir and Girls' Choir Will Sing.

Good Friday, day of gloom and sorrow in churches, was alliterous for those who kept holiday. The day was beautifully fine, with bracing air, and legion were those who took their walks abroad. There were greater stretches of blue sky than of trampled snow, and fervent were the wishes that the white mantle of Our Lady may now be laid aside—in fact, our legislators say, given the six months' hoist.

And now, with the close of Holy Week, and its sad though hallowed recollections, comes the glad Easter time. In to-morrow's services will be heard the jublations of thankful worshippers. Crowds will enter the Lord's courts with praise, and the story and season of our redemption, old, yet ever new, be fittingly enforced. Subjoined are particulars of several of these Easter services:

At St. Barnabas' Church low celebration will be held at 8 a.m.; high celebration at 11 a.m., and evensong at 7 p.m.

At West Association Hall Rev. D. C. Hosack will speak at 4:15 p.m. A musical will be given by Misses McKay, assisted by the Boys' Choir from Gladstone Mission and others. Evangelist Crombie will speak at 8:30 p.m., aided by limelight views.

At St. Paul's Church the boys' choir will sing at the 7 a.m. mass. The girls' choir will sing at the 9:30 a.m. mass. At 11 o'clock the regular choir will sing Weber's Mass in G, with orchestral accompaniment, under the direction of Mr. Harry Jerman. The chorus numbers fifty voices specially trained by the choir-master, Miss Harvey will preside at the organ. Rev. J. L. Hand will deliver the sermon. Special music at 7 p.m.

Woodgreen Methodist Tabernacle has arranged a special program of music for both morning and evening services. A choir of over 35 voices will sing, assisted by Mrs. Annie McNeil and Miss Scott. Mrs. A. J. Greenwood will be organist.

At Grace Church, Elm-street, the choir, assisted by an orchestra, will sing at both services. Special music will be given by over 40 voices. The program is: Te Deum, Morley; Jubilate, Elvey; Anthem, "Christ is Risen, Elvey; Magnificat, Towne."

Special music has been prepared for Easter Sunday's services in the Northern Congregational Church, Church-street. Miss Carrie Briggs, Miss Anna Watson and Miss G. Mer will be the soloists. Two services will be held.

St. Jude's Church, Wexford, has prepared special music. There will be two services, at 10:30 a.m. and 7:30 p.m.

The Church of the Ascension will hold three services, at 8 a.m., 11 a.m. and 7 p.m. Music of a special festive character will be sung by a full choir.

At St. Michael's Cathedral Hayes's third Imperial will be sung. The soloists will be Mrs. Tappin, Mrs. St. John, Mrs. F. McCarron, Miss Foley, Miss Shaw, Messrs. Caron, Metzler, Patton and Graham.

At St. Joseph's Church, Leslieville, Mozart's Twelfth Mass will be rendered by the choir. The soloists are: Mrs. Casey, Mrs. Brooks, Misses E. Ryan, J. Murray, I. I. Richard and Howard.

St. John's Church, Wexford, has prepared special music. There will be two services, at 10:30 a.m. and 7:30 p.m.

The Church of the Ascension will hold three services, at 8 a.m., 11 a.m. and 7 p.m. Music of a special festive character will be sung by a full choir.

Harbourn is much talked of now, so is Blue Ribbon Ceylon Tea.

Easter—the season of newness and brightness—the time for discarding the garments of winter—for donning those of spring.

New hats, new clothes and new homes for your feet. House them in handsome comfort-bringing "Slaters."

The "Slater Shoe" is made to fit the foot and please the eye, but especially to fit the foot.

Good appearance in shoes without comfort is easily obtainable, and comfort without appearance is equally simple.

It is the successful combination of foot-comfort and appearance that has brought the "Slater Shoe" to what it is to-day—the recognized shoe for men in Canada.

Only the best material used, and expert workmen to build them, each man his own particular part in the construction.

Made in twelve foot-fitting shapes, all sizes and half sizes, six widths, all leathers and colors.

Every pair Goodyear Welted and the name and price stamped on the soles by the makers. \$3.50 and \$5.00.

The "Slater Shoe" can only be procured at the "Slater Shoe" store, 89 KING STREET WEST.

MERCHANTS' BANK WILL BUILD Four Additional Storeys Will Be Added to the Already Fine Structure.

A WALKERSON BOY. Percy Lockhart, Killed at Manila, Was a Son of Robert Lockhart of That Town.

O'KEEFE'S Liquid Extract of Malt. Is made from the best Canadian Barley Malt and English Hops; and is put up in 16 ounce bottles to retail at 25c per bottle, while others at the same price contain only 12 and 14 ounces.

A Chainless Chicken. The Welland Vale Co.'s Easter announcement, in which special attention is given to their "chainless" models, will be read with considerable interest by World readers.

THAT ALL-NIGHT SESSION

Enabled the Government to Pass Important Bills Without Due Discussion.

BIG BONUSES FOR RAILWAYS.

Engledeu Mining Forfeit - Niagara Power Company's Agreement - May Shoot Deer in Water.

All night did the legislators at the Parliament Buildings talk, and it was breakfast time when the House adjourned on Good Friday morning.

The important measures taken up were grants of aid to railways and the Canadian Niagara Power Company monopoly.

The bill to grant a million and a half dollars for railways passed after vigorous objection from the Opposition.

In the Power Company case the Government submitted an amendment to the statute law, which allows the Queen Victoria Niagara Falls Park Commissioners to make an agreement with any company regarding Niagara Falls power and also to arrange with the company now holding the monopoly.

The Government was constantly berated for leaving such important matters until the last hour of the session in order to escape proper consideration and fair discussion.

Municipalities and Electric Companies.

In committee on the amendments to the Municipal Act there was much discussion relating to the clause compelling municipalities desiring to do their own electric lighting to purchase the plant of any lighting company that may be in operation in the municipality, but eventually the clause was dropped.

Mr. Crawford argued that a company which wanted to sell need not give a miserable service and say to the municipality, "If you don't like it buy us out." The clause affecting trading stamp concerns was struck out of the municipal bill.

Return the Forfeit.

The Engledeu failure was brought up by Mr. Gibson in the way of an amendment to the statute law. The clause was to allow the refund of the \$200,000 to the gentleman who had placed the plant with the Government. A lot of money had been spent in carrying out the plan, and it was not right to retain the forfeit.

Mr. Foy claimed the Opposition had not had any time to look into the matter. The Premier said the Government was only carrying out its bargain. Mr. Pattullo said the country owed an apology to the gentleman of the Engledeu syndicate for driving so hard a bargain with them. Mr. Carleton asked if the House knew whether the Engledeu people had not discovered wonderful resources and were playing a trick on the Government. The clause carried.

The Premier's Amendment.

The Niagara Power matter was reached at 3 a.m., when the Premier introduced an amendment to the statute law to give the Government Park Commissioners power to make any agreement with the owners of the companies subject to the approval of the Lieutenant-Governor-in-Council. The amendment the Premier introduced was as follows:

"The Commissioners of the Queen Victoria Niagara Falls Park, with the approval of the Lieutenant-Governor-in-Council and the Canadian Niagara Power Company may enter into an agreement for the surrender and abandonment of the sole or exclusive rights to use the waters of the Niagara River within the limits of the said park granted by the agreement bearing date 7th April, 1892, and with the approval of the Lieutenant-Governor-in-Council, to make any agreement with the owners of the companies subject to the approval of the Lieutenant-Governor-in-Council, and thereon called the Commissioners of the first part and Albert D. Shaw of the second part, and set out in chapter 8 of the statutes of Ontario, 1892, in relation to the extension of time for the completion of the contract under the agreement or any variation of the said contract and for other purposes in connection therewith as may be necessary or in the public interest, and any such agreement so entered into shall be binding and effectual according to its terms."

The said Commissioners with the approval of the Lieutenant-Governor-in-Council, may enter into an agreement of agreement with any persons or companies to take water from the Niagara River or from the Niagara and Welland canals, for the purpose of generating out the park, electricity or pneumatic, hydraulic or other power conducting and discharging said water through and across said park or otherwise in such manner, for such rental and upon such terms and conditions as may be embodied in the agreement or agreements and as may appear to the Lieutenant-Governor-in-Council to be in the public interest."

Mr. Whitney moved an amendment that this clause be referred to a select committee.

The Government's Tactics.

Mr. German, the member for Welland, said that the Government had a greater desire to get the \$25,000, and ultimately \$35,000, rental per annum than they had for the chance of development of power on the Canadian side. He was pleased to see the resolution the Government had framed, which, he stated, does away with the monopoly as it existed with the Canadian Niagara Power Company, as that company was not a right to expect and obtain a reduction of the rental they have paid for the privilege of giving up the monopoly.

The Proposed Company.

Turning to the other company, Mr. German said that the Government had a greater desire to get the \$25,000, and ultimately \$35,000, rental per annum than they had for the chance of development of power on the Canadian side. He was pleased to see the resolution the Government had framed, which, he stated, does away with the monopoly as it existed with the Canadian Niagara Power Company, as that company was not a right to expect and obtain a reduction of the rental they have paid for the privilege of giving up the monopoly.

Mr. Carleton said there was nothing about such terms in the bill being discussed.

Mr. German replied that it was a proposition to give the Government, as a Government, the right to enter into an agreement with any company at Niagara Falls to develop power. The only reason the company should be made to give up the privilege was because the Government had appropriated certain land as a park, and in order to develop power it was necessary to go through that park. The Government had no right to obtain a revenue for the land beyond enough to pay the interest on the debentures for it. If the Government intended to make a revenue for the privilege of it they must settle at a higher price with the people from whom they took the land, not for park purposes, but for business purposes.

Mr. German went on to say that no monopoly would be proposed in the agreement the Park Commissioners might enter into. There was room for three or four companies to develop power within the limits of the park, so that the reasons which usually actuated the Legislature to keep control did not exist in this particular case.

Negotiations in Progress.

Hon. Mr. Hardy said negotiations were under way and he might expect them. The Government was in possession of much information, and was in a position to make a deal before the Legislature met. The Government would get the best bargain that could be got, and it could be ratified by the House on division.

On a division Mr. Whitney's amendment was defeated and the clause placed in the bill by 47 to 37.

Aid to Railways.

Hon. Mr. Ross took up the bill for aid for certain railways. He pointed out that the Mississauga road must pay out \$200,000 a mile before the Legislature met. The possibilities of reaching Hudson Bay and the good result that would ensue to the province were mentioned on.

For Ontario's Development.

Mr. Ross touched upon the several sections of the bill pointing out that the Mississauga road would open up fresh fields for timber limits, and was 300 miles from the Mississauga road to the Hudson Bay.

Clause No. 4 was for a road that went into the heart of the Rainy River, the best agricultural land in Ontario, and per agreement, the road would connect with Winnipeg.

Moved an Amendment.

Mr. Whitney was not prepared to assent to all the grants proposed. In the first place the Government had no right to impose a direct taxation on the country, and under those circumstances he would hesitate before imposing new burdens on the people. The matter was for a full and extensive discussion, and was not one that should be dealt with simply in a 20-minute address of a member of the Government, which contained not a single fact or detail.

Mr. Whitney moved that the bill be not read a third time, and that the clause be amended by subsidizing the Ontario and Rainy River Railway, 75 miles, to the mouth of Rainy River, at \$3000 a mile—\$225,000—and a grant of \$1000 a mile for the section (200 miles) previously constructed.

On division the amendment was defeated by 49 to 35, Mr. Carleton voting with the Government.

The third reading of the bill passed on division by 49 to 32.

The railway bill went through, with some slight amendments.

May Kill Deer in Water.

Mr. Gibson's bill to amend the Ontario Game Protection Act, which permits the killing of deer in the water, was passed after some discussion. Mr. Miscampbell, Mr. Carleton and Mr. Matheson all spoke in support of the bill.

Mr. Whitney's bill to amend the election law in respect to bribery was defeated.

The House adjourned at 7:20 a.m. Prorogation will take place this afternoon.

A Malignant Disease.

A Malignant Disease is a foe with which we are constantly grappling, and cannot exterminate. Subdued, and to all appearances vanquished, in one, it makes its appearance in another direction. In many the digestive apparatus is as delicate as the mechanism of a watch, and a slight variation, in which even a breath of air will make a variation. With such persons disorders of the stomach and bowels are the most trivial causes and cause much suffering. To these the Pharmacia Vegetal, and any such agreement so entered into shall be binding and effectual according to its terms. Pills are recommended as a safe and sure.

Lands of good butchers and exporters, mixed, sold at \$3.50 to \$4.65 per cwt.

Export Bulls—Choice export bulls of good quality sold at \$3.85 to \$4.25, and bulls, medium of export grade, sold at \$3.50 to \$3.75 per cwt.

Choice picked lots of butchers' cattle, equal in quality, sold at \$4.40 to \$4.65 per cwt.

Lands of good butchers' cattle sold at \$4.30 to \$4.50, with medium at \$4 to \$4.25 per cwt.

Common butchers' cattle sold at \$3.90 to \$3.75, with inferior at \$3.40 to \$3.50 per cwt.

Very inferior rough cows and bulls sold at \$2.50 to \$3.00 per cwt.

Buffalo Stockers—Deliveries light, with prices firm at \$3.50 to \$3.90 for general run, and a high \$4 for choice bred steers.

Feeders—Heavy feeders, weighing 1000 to 1150 lbs., scarce and worth from \$4.15 to \$4.50 per cwt.

Stock Heifers—A few heifers for stock purposes sold at \$3 per cwt.

Stock Bulls—Inferior stock bulls sold at \$2.50 per cwt.

Feeding Bulls—Bulls suitable for the byres run about \$3 to \$3.25 per cwt.

Calves—About 25 calves sold at \$2 to \$10 each, but the best at \$5 to \$7 each.

Sheep—About 25 sheep and lambs came forward. Ewes sold at \$3 to \$3.50; bucks, \$2.75 to \$3 per cwt.

Yearling lambs were not so plentiful, selling at \$4.75 to \$5 per cwt., with a few choice picked lots of ewes at \$4.25 to \$4.50 per cwt.

Spring Lambs—A few lambs sold at \$3 to \$4 each.

Milch Cows—About 12 springers and milkers sold at \$25 to \$44 each, selling at \$4.75 for sets, \$4 for light and \$3.75 for light fatts.

William Leveck bought 85 cattle, mixed butchers and exporters, at \$3.85 to \$4.80;

SATURDAY

Is always a very busy day with us. Kindly leave your orders early as possible.

We are expecting a very fine lot of eggs by this morning's express.

THE CATTLE MARKETS.

Cables Show That Monday's Advance Has Been Maintained.

Montreal, March 31.—(Special.)—The British markets have not undergone any change since the further advance in prices of both cattle and sheep advanced on prices of the central they have paid for the privilege of giving up the monopoly.

New York Live Stock Market.

New York, March 31.—Beef—Market slow, 1754 head; 37 cars on sale. Market slow, 1754 head; 37 cars on sale.

Chicago Cattle Market.

Chicago, March 31.—Trade in cattle was fairly active, but with no particular change in prices.

East Buffalo, March 31.—Trade was in rather slow shape with 1 1/2 loads on sale and a generally indifferent feeling.

Local Live Stock.

The run of live stock at the Cattle Market here today was about 1000 head.

Choice picked lots of butchers' cattle, equal in quality, sold at \$4.40 to \$4.65 per cwt.

Lands of good butchers' cattle sold at \$4.30 to \$4.50, with medium at \$4 to \$4.25 per cwt.

Common butchers' cattle sold at \$3.90 to \$3.75, with inferior at \$3.40 to \$3.50 per cwt.

Very inferior rough cows and bulls sold at \$2.50 to \$3.00 per cwt.

Buffalo Stockers—Deliveries light, with prices firm at \$3.50 to \$3.90 for general run, and a high \$4 for choice bred steers.

Feeders—Heavy feeders, weighing 1000 to 1150 lbs., scarce and worth from \$4.15 to \$4.50 per cwt.

Stock Heifers—A few heifers for stock purposes sold at \$3 per cwt.

Stock Bulls—Inferior stock bulls sold at \$2.50 per cwt.

Feeding Bulls—Bulls suitable for the byres run about \$3 to \$3.25 per cwt.

Calves—About 25 calves sold at \$2 to \$10 each, but the best at \$5 to \$7 each.

Sheep—About 25 sheep and lambs came forward. Ewes sold at \$3 to \$3.50; bucks, \$2.75 to \$3 per cwt.

Yearling lambs were not so plentiful, selling at \$4.75 to \$5 per cwt., with a few choice picked lots of ewes at \$4.25 to \$4.50 per cwt.

Spring Lambs—A few lambs sold at \$3 to \$4 each.

Milch Cows—About 12 springers and milkers sold at \$25 to \$44 each, selling at \$4.75 for sets, \$4 for light and \$3.75 for light fatts.

William Leveck bought 85 cattle, mixed butchers and exporters, at \$3.85 to \$4.80;

several export bulls at \$3.65 to \$4 per cwt.

A. Maybee bought one load of butchers' cattle, 1100 lbs. each, at \$3.50 per cwt., for shipment to Sudbury.

S. Leveck bought one load butchers and exporters, mixed, at \$4.45 per cwt.

A. Ironsides bought three loads of exporters at \$5 to \$5.10 per cwt.

C. Woods bought butchers' cattle, 1020 lbs. at \$3.60 to \$4.00 per cwt.

John Vance sold one load of extra well finished exporters, 1240 lbs. each, at \$3.15 per cwt.

Crawford & Hummelset bought three loads of stockers at \$3.50 to \$3.90 per cwt.

Alex. Leveck bought 25 cattle, choice picked butchers, at \$4.25 to \$4.80 per cwt.

A. McIntosh bought several loads of choice finished exporters at \$5 to \$5.10 per cwt.

H. Dean bought one load of exporters, 1150 lbs. each, at \$4.70; one load, 1210 lbs. each, at \$5.00, and nine cattle, 1200 lbs. each, at \$4.75 per cwt.

Brown & Snell bought one load of exporters, 1210 lbs. each, at \$5 per cwt.

A. Kerr sold 23 stockers, 600 lbs. each, at \$3.75 per cwt., and one milch cow at \$30.
