Ottawa, 29 Dec 1886

Whilst awaiting a report from Mr Austin to whom I sent Mr Justice Rose's letter of the 24th inst. I beg to state that the correspondence and letter regarding this matter (vide letter from Mr Boucher of 28th Jany. 1881 describes the proposed piece of land to contain 230 acres, and a Proces Verbal attached to this file dated 19 Nov. 1881, apparently one describing a portion of land ~~jointly~~ surveyed for a Reserve as recommended by Mr Boivin P.L.S. states the portion of land surveyed by him to contain only 97 acres. It is probable that this amount (97 acres) is the correct area, but the Plan is required to be able to state positively if this Proces Verbal describes all the land proposed to be purchased ~~for the~~ as a Reserve. A copy of the Plan has been applied for (vide Mr Austin's memo of 10th Oct. 1886.)

Permit me to call your attention to the claim made by Mr Lowmountaine in regard to the land which the Government has acquired or is about to acquire for the Indians at Crowmains. Mr Lowmountaine only wants $200.00 for it. — It is true that the land in question does not contain as many acres as was at first believed, but it is the very same land that the Government proposed to purchase — That land is well known and Mr. Lowmountaine never curtailed any portion of it when the question of its purchase was mooted between the Government and Mr Dobson —

L'Hon. Th. White,
Ministre de l'Interieur,

Monsieur,

Permettez moi de vous entretenir au sujet de l'un de nos meilleurs amis, Mr J. J. Lamontagne, de Ste Anne des Monts, comté de Gaspé - Ce monsieur possede des etablissements importants dans le comté de Saguenay et y jouit d'une grande influence -

Le département des affaires indiennes veut acheter de lui un terrain occupé depuis longtemps par les sauvages - Ce terrain appartient à Mr Lamontagne - Mr Lamontagne a demandé $200. Ce terrain que l'on croyait alors contenir plus de 200 acres. Mr Lamontagne a eu bien et l'on a constaté ce terrain contient 97 acres. Le dept. des affaires indiennes n'offre que $84.34 pour ce terrain donnant pour raison que le terrain ne contient que 200 acres comme on le pensait.

Mr Lamontagne refuse cette offre, soutenant que le terrain en

Dear Sir—

I have yours of the 12th ins relative to the negotiations for the purchase of certain land from Mrs T. J. Lamontagne for the purpose of an Indian Reserve. I find that the Department had come to a decision upon this matter some time ago, and I am unwilling to change that decision without at least consulting with the Deputy Supt Genl, Mrs Vte, I expect him back from the west in a day or two, when I shall consider the whole matter and let you know the result.

Dear Sir,

I have the honor to enclose herewith for your personal consideration letter relating to one lot of land sold by Mr J J Lannon copy to your Department for the use of the Indians at Kanawaina on the North shore of the lower St Lawrence. You will find in your Department other documents of a nature to complete those I now enclose.

Mr Lannon says wanted $200.00 for his lot of land, but your Department would not allow him more than $100.00 with interest at 6% from the date the offer to sell was made.

Mr Lannon has written to me, to say that he will take now $100.00 with interest from 1879, which was the year the offer was made, since he cannot get more, as a final settlement of his claim.

Would you kindly give instructions for

Dear Sir,

I am in receipt of your communication of the eleventh instant enclosing a letter of the Deputy Minister of Justice, dated the 7th April and of a letter from Mr. A.Power calling your attention to what is thought to be an error in the copy of a deed executed on the 23rd of April 1892 between Her Majesty and Théo. Lamontagne. By comparing the copy with the original, I find that the document is conform to the original so that the copy cannot be altered.

The description of the land in question was taken from certain papers, which were sent from Ottawa, it is possible that the error, if error there is, might be traced to these documents. There are in the description other inaccuracies which tend to show a difference between the plan and the written description, inaccuracies which in my opinion, do not affect the validity of the transfer of the land. For instance the description mentions lot XI in the first range as forming the southwest boundary whilst by referring to the plan, I find that it would be more correct to say No XI in range A. If I am not mistaken at the time of the passing of the deed, the description of the land was sent to Ottawa in a draft of Power of Attorney which I inferred was then examined and found sufficiently correct.

Yours truly,

(signed) J.A.Charlebois.

The Hon. Supt. General

Sir,-

I have the honour to inform you in making complaint against the Indian reserve at Escoumains for the boundary duties between the reserve and the owners of the lands occupied by Messrs. Achille Letourneau, Charles Roussel, Philippe Gagnon, Fidel Dufourd and Gregory Dufourd, all in the municipality of Escoumains, in making the boundary with the Indian reserve, of which there is urgent need, to do part of the fence, water-course and clearing.

I ask your Department that these parts of the work be done, either by your Dept. or by the Indians who occupy the reserve, the neglect to do which is a great wrong to the neighbouring land-owners, also to place the animals in safety so that they will not do damage either to the Indians or to the other land-owners.

I wrote during the course of the winter to the Indian Agent, Mr. Adolphe Gagnon, and my request has remained unanswered.

I hope, Mr. Superintendent, that you will do justice to each of us by honouring me with a reply.

Memo.

Department of Indian Affairs,
Ottawa, 21st May, 1904.

The Deputy Supt. General,-

Referring to the letter, hereunder, from Mr. Achille Letourneau, complaining that the Indians of the Escoumains Indian Reserve have not constructed half of the work of fencing, opening a water course,and clearing, along the boundary of their reserve, I beg to state that the Department has invariably insisted on the Indians constructing and maintaining the fences and ditches along the boundaries of their reserves.

Section 34 of the Indian Act provides that this work shall be done under instructions from the Superintendent General, and if not so executed, he may cause the work to be performed at the cost of the Band,or of the particular Indian in default as the case may be, either out of its or his annual allowance or otherwise.

The Escoumains Band has no funds, and in the event of the Indians refusing to do the work, there appears to be no provision in the Indian Act to compel them to undertake it. Under the circumstances, I think we can only instruct the Agent to call upon the Indians, and to do his utmost to induce them to perform their fair share of this work.

A letter has been received from Mr. Achille Letourneau in which he complains that the Indians of the Exoumains Reserve have neglected to do their share of the work of erecting and maintaining the fence, water-course and clearing on the boundary of their reserve, next to the lands of Achille Letourneau, Charles Roussel, Philippe Gagnon, Fidel Dufourd and Gregory Dufourd.

The Indians on all their reserves are expected by the Department to do one half of this work on their boundary lines. I have to request to call upon the Indians to do this work, and to do your utmost to induce them to perform it.

Province of Quebec,
County of Saguenay. Municipality of Escoumains.

To the Dominion Government,
Dept. of Indian Affairs,
Ottawa, Ont.

The following is an exact report which the undersigned have the honour to submit to the Federal Government, for its information:-

1. There exists in this municipality an Indian reserve, property acquired by the Dominion Government several years ago, of an area of about 120 acres, designated under the numbers A1, A2 and A3, subdivisions of lot A, of range A, of Escoumains township, on the official cadastre, bounded to the northwest by the coast road, on the southeast by the St.Lawrence river, on the northeast by the Saguenay Lumber Company and the property of Antoine Boucher, and to the southwest by the cemetery and the property of Alphonse Tremblay; it may be remarked that between the said reserve and the coast road, bounded on the north west there exists the properties of Messrs.Theophile Tremblay, Charles Roussel and his sons, Alphonse Tremblay, Achille Letourneau, Ferdinand Dumont, Johnny Letourneau and Philippe Gagnon.

2. That on this reserve there are six half-breed Indian families of the Montagnais tribe holding land and residing there named Paul Ross,Jr., Ludger Ross, Marc Denis, Joseph Ross, Joseph Moreau and Leon Dominique, two of them being professional hunters, the others with their sons are labourers who work in the shanty and at the saw-mill.

3. That the inhabitants of this reserve are favoured with the advantages of the protection of our Municipal council and are exempt from taxation owing to the fact that they are Indians, living on property of the Federal Government, while our tax-payers are obliged to pay taxes and special municipal taxes.

Indian Affairs. (RG 10, Volume 2126, File 24,273)

4. That a canal was made here some years ago at a very considerable cost, in order to turn the water of the municipality that overflowed and destroyed the road semi-annually.

5. That this canal is filled up, having been neglected on the side of reserve, because of inconvenience and costly repairs, and our municipal officer cannot wait to communicate with your agent Mr. Bosse, of Bersimis, before commencing these works.

6. That most of the inhabitants of this reserve possess several large train dogs, on which they do not pay taxes, for the reasons already given above, and these animals are vicious at night, and very often destroy the sheep belonging to the farmers as they are not able to prevent them from so doing, and these farmers are tired of suffering damages and are no longer able to keep sheep.

7. That our municipality during the epidemic of Spanish Influenza last fall did not refuse the Indians medical care, when in some cases they could not await the arrival of the doctor, named Bergeronnes, appointed by your government, who is twelve miles from here.

That in order to remedy this state of things, it seems to us that the Government might easily transport these two families known to be bona fide hunters to the Persimis reserve, near the agent and the doctor, where they would be more economically situated than here, and sell the Escoumains reserve to the profit of these families, and thus we would be able to regulate the affairs of our municipality.

Made and signed at Escoumains, this 3rd day of May, 1919.

Mayor
Municipality of Escoumains,
Province of Quebec.

Memorandum

Approved

Mr. Scott,

In regard to the attached document from the Municipality of Escoumains advocating the removal of the Indians of the Escoumains Reserve I have never visited this Reserve but on the occasion of my last visit to the Bersimis Reserve the Indian Agent described the conditions of the Escoumains Reserve in much the same manner as set forth in the document here-under.

The Reserve has an area of 97 acres and is distant from the large Bersimis Reserve only 45 miles.

I am of the opinion that it would be greatly to the benefit of the Escoumains Indians to move to the Bersimis Reserve if this can be arranged.

Their land should realise a fair value being situated in the municipality of Escoumains and I would suggest that the municipality be asked to make an offer for this land and at the same time the Agent at Bersimis should be requested to determine the attitude of the Bersimis Indians as to the proposal to move the six families of Indians at present occupying the Escoumains Reserve.

Inspector Parker, who will be in the vicinity during the present summer might also be instructed to submit a report on the whole situation.

Dear Mr. Parker,-

I enclose herewith copy of a communication re- [illegible] the Mayor of the municipality of Escoumains, [illegible] Province of Quebec, in which it is suggested that the Escoumains Indians be removed to the Bersimis reserve, if this could be arranged, and that their reserve be sold for their benefit.

When you are in the Bersimis district during the summer, it is desired that you will look into this matter and report fully to the Department.

I met with 31 families, 3 widows with children, one orphan girl and 2 orphan boys, 13 families which I did not see were in the woods, the total number are estimated at 171 souls, next year I hope to give you a correct census for I know they will be glad to meet the Agent.

Charlie Lafontaine is Grand Chief; they all live in wigwams of birch bark, the hunt was small last winter but there is not much poverty, those that are better off assist the poor, I had no ammunity to distribute amongst them, they would be very glad to receive it like their other Brothers they say.

Minister of the Interior

Hon Sir,

The widow Paul — Joseph Canadienne married a squaw who is now a widow, to whom the Government left a lot of land on the Indian Reserve of the Amalecite tribe of Viger, that the latter possessed it before 1870, which has been sold once this date to Canadians.

This person occupies a lot which was left her at the time of the Sale in 1870 and since then she has never paid any taxes, & has done no statute labor, line fencing, ditches, & keeping the public road in repair, she keeps cattle which are constantly in the grain & hay of her neighbours, she is always quarreling, other Indians also live with her who also keep cattle which do much injury to the neighbours

The land she occupies yields fair crops to allow her to do the fencing, ditching &c

At the time of the Sale of this Reserve she asked to keep the land saying she was a Canadian and that she would do the same as others in regard to the duties connected with the property.

The Municipal authorities cannot make her do anything for her lot is the property of the Dominion Govt. The Mayor of the Municipality

was informed by Official letter that the Lot
Owned not be taxed. She stirred herself with
this letter & does nothing. It is a great
annoyance to the Municipality & the
persons who come in contact with her.

This is why we ask you to be good
enough to give her a little occupation to
fulfil the statute labor such as fencing
ditches &. & the keeping of the public
road in repair, or to order a sale of
the said Lot.

By doing you will oblige
Your Petitioners.

Dear Sir.

I beg most respectfully to be informed whether the Islands in Stony Lake and Deer Bay in the Trent waters are Indian Reserve or subject to the jurisdiction of your Department All the other Islands in the other Lakes in the line of the said Waters being Indian Reserves I presume these are also.

The Ontario Government through their Agent claim the right to dues on timber cut thereon - but if they have no title to the Islands I consider it unjust to pay them dues or for their Agent to collect dues

I am willing to pay dues on the timber I may cut on the Islands to the proper Department of whatever Government they belong the Crown Lands Agent here Mr. J.B. R. Williams informs me that I am to pay dues to him. But on applying to Mr Belcher the Dominion Engineer in charge of the Trent Waters he referred

Sir,

Complaint has been made that Mr. D. A. Macdonald, Lumber Dealer, of Peterborough, is about to cut all the timber including Hemlock and other scrubby trees off the Islands in Stony Lake, by virtue of a License which he claims to hold from You.

Upon referring to Correspondence in this matter, I find that on the 24th of November 1850 You reported that Mr. Dalton had proceeded to Peterborough to

to examine into a complaint made against the said Wm. Macdonald for cutting timber off the Islands in question; that he found that Mr Macdonald had not done so, but that he wished to cut the timber, and that upon enquiry it was ascertained that the best of the Pine timber had been removed several years ago, and that there only remained a small quantity of Pine, Oak and Cedar on said Island. The Oak and Cedar being only fit for Railway ties

You then recommended that

that a Bonus of $25.00 be accepted from Mr. Macdonald, as the locality in which he proposed cutting was a long way back, and the timber was being stolen every year as it grew up without any Dues being paid thereon. In view of the statements made by you the Department authorized the issue of a License to Mr. Macdonald on the terms proposed, provided that you considered the Bonus in addition to Dues and other charges sufficient.

On the 21st January, 1881, you reported that

You had issued a License to Mr. Macdonald on the terms aforesaid; and on the 4th February 1881 you forwarded a copy of the License in question to the Department. From this document it appears that Mr. Macdonald was given authority to cut up to the 30th April 1881 timber on the Islands in Deer Bay and Stony Lake, in the County of Peterborough. Dues to be payable according to tariff.

The Department has not been advised of any renewal of this License to Mr. Macdonald; and

it is now stated that there is no Pine or Cedar on the Islands in Stony Lake, and that the timber thereon consists of Hemlock, and other scrubby stuff - the removal of which will greatly injure the natural beauty of the Islands, - and in fact will entirely efface any beauty that they have, - and consequently diminish their value.

A Gentleman from Peterborough - Mr Edwards - called on me yesterday in respect to this matter with a Petition numerously signed by residents.

I sent Mr. Dalton of this Office, the same Evening to Peterboro. to Examine the matter, and he found that Mr. McDonald had not cut any Timber but that he wanted to do so on the said Islands.-

Upon Enquiry it was found that the best of the Pine had been removed several years ago, and that there is only a small quantity of Pine. Oak and Cedar remaining thereon, the Oak and Cedar being only fit for Railway Ties.

Mr McDonald offers a Bonus of $10. and to pay Dues as per Tariff. He says that if we expect a large Bonus he would not have anything to do with it. I would however. beg

LICENCE TO CUT TIMBER ON INDIAN LANDS.

DEPT. OF INDIAN AFFAIRS. FEB 5 1881

By Authority of the 42nd Chapter of the Acts passed by the Parliament of Canada, in the 31st year of Her Majesty's Reign, and of the Consolidated Statutes of the late Province of Canada, Cap. 23, and Orders in Council, dated 5th May, and 6th August, 1862, and for and in consideration of the payments made, and to be made to the credit of Indian Lands:—

I do hereby give unto D. A. McDonald, Lumber Dealer of Peterborough, Ontario

and unto his Agents and Workmen full power and Licence to cut Timber on Islands in Deer Bay and Stoney Lake in County of Peterborough

~~upon the location described upon the back hereof by~~

and to hold and occupy the said Location to the exclusion of all others, except as hereinafter mentioned:—from January 4th 1881 to 30th April, 1881, and no longer: with the right of conveying away the said Timber through any ungranted or waste Indian Lands.

And by virtue of this Licence the said Licentiate has right by the said Statutes, to all Timber cut by others in trespass on the ground hereby assigned, with full power to seize and recover the same any where within the Provinces of Ontario and Quebec.

But this Licence is subject to the following conditions, viz:

That the dues to which the Timber cut under its authority shall be paid as follows, namely: one half of the dues shall be paid, and bonds given for the payment of the other moiety before the removal of the timber

That any person or persons may at all times make and use Roads upon, and travel over, the ground hereby licensed.

That nothing herein shall prevent any person or persons from taking standing Timber of any kind to be used for the making of Roads and Bridges, or for Public Works.

And that persons settling under lawful authority or title within the location hereby licensed, shall not in any way be interrupted by the said Licentiate, or any one acting for him or by his permission.

And further, under condition that the said Licentiate or his representatives shall comply with all regulations that are or may be established by Order in Council, and shall submit all the Timber cut under this Licence to be counted or measured, and shall settle for the duties chargeable thereon when required by me or any Officer thereunto authorized,—otherwise the said timber will be forfeited to the Crown, and the said Licentiate be subject to such other penalty or penalties as provided by law.

Given under my hand, at Toronto, this twenty first day of January, in the year of Our Lord one thousand eight hundred and Eighty one

Dear Sir

It appears that Number upon the Islands in Stony Lake in Smith Riding has been put under License and the Licensee is about to cut it. The Islands themselves are simply masses of rock like the Thousand Islands Covered with scrubby timber of no great value. If the timber is removed the natural beauty of this Lake will be entirely effaced. Mr Edwards of Peterborough who is now in Ottawa will call upon you and explain the views of the people here upon the matter. I hope the Department will be able to withdraw the License I am sure the people here would subscribe to pay the Government what they could ask for the timber under the License.

The Petition of the Undersigned Inhabitants of the Town of Peterborough respectfully Showeth

Your Petitioners are deeply interested in the preservation of all features of natural beauty pertaining to Stony Lake, one of the most beautiful Lakes in this Province, and which has been for many years the popular Summer resort of large numbers of visitors from all parts of Canada as well as of the United States.

Your Petitioners have learned that an irreparable injury is about to be committed by the cutting of timber upon the Islands in said Lake by persons who claim to have a license from the Department to do so

Your Petitioners therefore pray

That all licenses to cut timber upon the Islands of Stony Lake may be cancelled and the cutting of timber thereon at once put an end to

Sir

Complaint has been made that Mr D. A. Macdonald, Lumber Dealer of Peterborough, is about to cut all the timber including Hemlock & other scrubby ~~timber~~ trees off the Islands in Stoney Lake, by virtue of a License which he claims to hold from you

When referring to correspondence in this matter I find that on the 24th of November 1850 you reported that Mr Dalton had proceeded to Peterborough to examine into a Complaint made against the said Mr Macdonald for cutting timber off the Islands in question; that he found that Mr Macdonald had not done so, but that he wished to cut the timber in question, & that upon enquiry it was ascertained that the best of the Pine timber had been removed several years

years ago, & that there only remained a small quantity of Pine, Oak & Cedar on said Island - the Oak & Cedar being ~~nearly~~ only fit for Railway ties.

You then recommended that a Bonus of $25.00 be accepted from Mr Macdonald, as the locality in which the proposed cutting was a long way North, & the timber was being stolen every year as it grew up, without any Dues being paid thereon.

In view of the statements made by you the Department authorized the issue of a License to Mr Macdonald on the terms proposed, provided that you considered the Bonus in addition to Dues & other charges sufficient.

On the 21st Jany. '81 you reported that you had issued the License to Mr Macdonald on the terms aforesaid & on the 4th Feby '81 you forwarded a copy of the License in question to the Department. From this document it appears that Mr Macdonald was given authority to cut up to

to the 30 April 1851 - timber on the Islands in Deer Bay & Stony Lake, in the County of Peterborough. Dues to be payable according to Tariff &c &c &c.

The Department has not been advised of any renewal of this license to Mr Macdonald, & it is now stated that there is no Pine or Cedar on the Islands in Stony Lake, & that the timber thereon consists of Hemlock & Other scrubby Stuff - the removal of which will greatly injure the natural beauty of the Islands & in fact will entirely Efface any beauty that they have, & unnecessarily diminish their value.

N. A Gentleman from Peterborough Mr Edwards called on me yesterday in respect to this matter with a Petition numerously signed by residents, praying that the license in question be cancelled Mr Joshua Burnham MP has also written to the Department to the same

States will be largely increased

Your Petitioners beg respectfully to represent that there is very little timber if any of any considerable growth or value on the Islands of Stony Lake which are all of rocky formation and that the cutting by lumbermen of trees here and there on the Islands will not only rob them of the few trees which have attained any size but by creating a "slash" will make the islands more liable to be run over by fires and thus strip them of their remaining foliage.

Your Petitioners therefore pray that all licenses to cut timber upon any of the Islands of Stony Lake may be cancelled and the cutting of timber put a stop to and that as to the other waters enquiry may be made as to whether the timber obtained from them will compensate for the injury done and action thereon taken accordingly

And your Petitioners will ever pray:

Dear Sir,

I enclose you petition prepared in my Riding in reference to licenses granted to cut timber on Stony Lake &c., which I am desired to lay before you. I hope some way may be found to stop the licensee as the great beauty of these waters will be destroyed if the islands are denuded of the little timber upon them.

Sir.

I have the honor to acknowledge your letter of the 13th inst. in relation to the Timber license, in favor of D. A. McDonald of Peterborough, covering Islands in Stoney Lake and Deer Bay. And have to state that as regards the granting the license in question, the facts of the case are correctly shown. Nearly all the Pine & Oak of value had been cut & removed without authority and no dues had been collected therefrom. As to the renewal of the license; this has been regularly and the ground rent included in our Timber Returns. The renewal for the present season was made in November last, and the ground rent sent to Ottawa in that months Returns. And acknowledged by the Department on the 17th inst.

There has only been a small quantity of Timber cut since the License was first issued. None for the past season.

I have informed Mr. McDonald that his license only covers Merchantable Timber of 1 foot in diameter at the butt. As requested by the Department.

Sir

In reply to your letter of June 30th, No. 24339. I beg to state that on Monday Evening last I went to Peterboro' by Steamer "Golden Eye". On making enquiry I was informed by Mr. Jackson, that D. A McDonald, had sold out to his brother Alfred, and that they had Cut logs on Black Duck Island, Deer Bay. last season -

I Called on Alfred McDonald, he said he had purchased his Brothers interest in the Mill, that his Brother (D. A. McDonald) had moved back to Haliburton, and that they had not Cut any logs on the limits in question, during the past season -

The two Statements not being the same, and D. A. McDonald having moved away - I decided to visit the limits, and drive back to Burleigh - I then Engaged a Mr Atkins, a lumberman, to take me to all the large Islands that were wooded.

The Examined, Black Duck Island, and a long strip, directly South, which may have been surveyed as a part of Black Duck Island, Also another Island South East of Black Duck, then Examined and the Black Point - The above mentioned Islands and point are situated at Deer Bay - The then Examined Hurricane point, Fir Island, and two other large sized Islands, one

We found that two small pine trees have
been cut on Black Duck Island, one of which
I think was used for fire wood, the other probably
to make large oars or for a small building -
and one small pine about eight inches through,
had been cut down on one of the Islands on

I was unable to obtain the names of

The Superintendent of Indian Affairs,

Sir:-

I beg to call your attention to the fact that some Indians from the Rice Lake Reserve at Hiawatha are taking young red cedar trees from the Islands at Stony Lake and offering them for sale in the Town of Peterborough. Happening to meet a couple of these Indians on the street to-day with a box of young red cedar trees which they said contained about 35 trees and which I understood to be part of what they had brought, the one whose name was Joseph Looks and who appeared to be well educated and intelligent, stated that he had got the trees on the islands at Stony Lake Reserved for the Indians and that he had obtained the permission of Mr. McFarlane the Indian Agent at Rice Lake to take them. He also claimed to be entitled to take them as of right. He stated that he had not taken any from the islands belonging to private parties. It is not possible without examination to say whether this is correct or not.

I pointed out to Looks that he ought not to remove the trees even from the islands which have not been sold to private parties, and asked if he would agree not to take any more but he declined to make any promise in that direction.

At one time the islands of Stony Lake were heavily

timbered with red cedar trees but these were nearly all cut down a number of years ago. The young trees are growing up to some extent in different parts and all who are in the habit of visiting Stony Lake in the summer agree that it would add much to the appearance of the Lake if the red cedar trees again obtained a foothold. In view of the fact that Looks claims to be entitled as of right to remove the trees as he chooses, and that he also claims to have the authority of Mr. McFarlane for doing so I think it important that the attention of the Department should be called to the matter in order that a stop may be put to the removal of these young trees.

In reply to your letter of the 24th instant enclosing copy of a communication from Mr. E. B. Edwards, M. C. of Peterboro regarding the taking by Joseph Loutres of young red cedar trees from Islands in Stony Lake

On the 28th instant I visited Joseph Loutres of the Rice Lake Band in regard to this matter. the taking of red cedar trees from the Islands in stony Lake

Loutres informed me that he had taken from 35 to 40 small red cedar bushes varying from 12 to 15 inches in hight of the Islands at stony Lake he is not certain if all the bushes were taken of Islands belonging to the Indians but he believes they were. Loutres states that he was not aware that he was doing rong by taking such small plants but that he will not do so again without permission

I have to State that I did not give Loutres any permission to take the said trees

I gave Loutres a stern reprimand for his conduct in this case and expressed regret for his wrongdoing

Report for the Dep. Supt Genl I.A.

"Joe" "Lindsay" and "Croker Island" in the River St Lawrence has not been sold.

Mr Simon reports that many years ago the occupier of this Island a person of the name of "Barcotte" sold his right to one Bryant who was a lighthouse keeper, and that subsequently Bryant's widow sold her right to the Island to a person of the name of Lindsay and that one Lindsay sold it to J.S. Dennis who subsequently sold his right to the same to Warren H. Prickey of Newcastle Ont

On the 12 Feby 1877 an official letter was written to A.B. Cowan Ind. Land Agent that Mr Buck's claim to the Island in question could not be recognized until he had transmitted to the Office an assignment from Mr Prickey with whom it would appear by the papers in this office an agreement had been entered into to purchase the Island on the receipt of which assignment a Lease might be granted to Mr Buck. No assignment having been as yet received the possession of the Island is still in the hands of Prickey in virtue of assignment from J.S. Dennis to him As yet therefore no Lease or Sale has taken place

Gentlemen.

In reply to your letter of the 2nd Instant enquiring in regard to Brokes. "Joel" or "Lindsay" Islands at the St Lawrence I have to inform you that the pre-emption of said Islands is claimed by Mr. Warren N. Dickey of Newcastle.

Mr. Buck who is a light House ~~Keeper~~ Keeper near Gananoque intimated to the Dept. that he had some claim to the Islands but was informed that unless he forwarded an assignment from the said Warren N. Dickey to him thereof his claim could not be recognized by the Dept.

I may add that Mr. A.B. Cowan of Gananoque is the Guardian for the Islands near that place and of which "Lindsay" Island forms one and correspondence with him might facilitate communication with Mr. Dickey.

Dear Sir — Re Wm Simmons

I have your letter and that of the Department both in reference to the W 1/2 of S.E 1/4 and the South W 1/4 of S.E 1/4 Sec 1 Denwick and from the letter of the Department I gather that these lots are still in the name of Wm Simmons and that the Department will not receive the assignment from the heirs to Wm Simmons for the reason that they are not required.

You state that a note of the assignment of these lots to Wm Simmons appear in your books now & are advised that by inadvertancy in the assignment to Wm Simmons, the assignment was returned by you to Wm Simmons for correction. The matter having fallen through by the death of Wm Simmons it is I imagine best to retain the assignment, and as the assignment was not a complete one, I think you can treat it as a nullity and so mark it in your books. So that Wm Simmons will still appear as the owner as in fact he really is. You will save us a great deal of useless labour if you will do this and I think it will be quite legal.

I await your reply as to this at the earliest

Dear Sir

Some time ago one Neriah Downey of Tenwick Sp. Algoma. applied to your Department for the patent of the S.E. quarter of the S.E. quarter of Section 1 Tenwick Sp. Algoma and he was informed that the above named land stood in the name of John Simmons. This it did at one time but on his death in 86 I received an assignment from all the members of the family and sent it to your Agent in the Sault and he afterwards informed me that the document

had been forwarded to your department and duly executed and the land in question now stood in my name. I also have his letter of this month to hand making the same statement. As my selling this land to Mr Mowney he applied for the patent but cannot get it as you have told him the land is in John Simmons name. Now there is evidently been some to say the least, mismanagement and as Mr Mowney is anxious to get his deed I want the affair settled at once.

I am not in a position to claim another assignment without incurring considerable expense which I am certainly not going to do without further investigation

Dear McLean,

I wrote you a couple of months ago, asking that S.H.Simmons be given the patent of a lot he owns in Fenwick Township, I think it was. I understand that since then the Lumber Company, which has the license on the Township, is agreeable to the patent being issued, so that I wish you could have this done, and very much oblige,

Yours truly,

Ottawa 19th March 1902-

Dear Mr.Dyment,

In reply to your letter of the 15th Instant regarding the issue of Patent to Mr.S.H.Simmons for a Lot in the Township of Fenwick,I beg to say that on the 1st Ultimo,a communication was received from Messrs Hearst & McKay,of Sault Ste Marie,in which it is stated that they would endeavour to have the consent of the Licensee forwarded to the Department at an early date.

This consent has not,as yet,been received and the Department is consequently unable to issue the Patent.

Yours very truly-

Sarnia 2nd Nov. 1880.

DEPARTMENT OF INDIAN AFFAIRS
NOV 4
1880

I have the honor to transmit herewith an Application for Lots 21 to 26 inclusive, of the Front Range of the Indian Lands South of the Town of Sarnia now offered for Sale. The price offered by the parties is $240. per lot or $32.00 per lot less than the proposed upset price

I believe the parties are respectable and trustworthy, and that their object is to establish a Ship Yard there, and commence operations at once.

One of these lots (Lot 20) has been applied for by Wm G. W. Pontine, principally, I think, for the repair of Vessels. I suppose Lot 20 would suit him, but all the lots in the Block would be required to establish such a Ship-Yard as the others contemplate. I may also say, that Messrs Dyble & Parry told me previous to the application of Wm Pontine, that for the business they intended to establish they would require the whole Six lots.

Wishing to act for the benefit of the Indians, and under the direction of the Department, I would be greatly obliged for Special directions in regard to such Cases.

I have the honor to be, Sir,
Your obt Servant

Sir,

For three years I always supplied the Reports and other work asked from me by the Indian Dept. The Indians can only partially support me, I have often been obliged to neglect the occupation which given me my supplys in order to be able to satisfy the Dep. Consequently I think that it is only just towards myself to ask an indemnity for work for the future. If I do not receive it, I cannot con- time to satisfy the demands of the Dept.

I hope dear Sir that you will be good enough to give this and such as it demerits.

I remain
Yours faithfully

Sir,

In reply to your letter No 24382 of the 11th instant I ought to tell you that I am a Slightly Confused by it, for knowing your gentlemanly feeling I would have much Preferred not to have to give my opinion on this Subject and that you yourself would have called the value of my Stipend. I Certainly would have been Satisfied with what you would have granted me if you had given me anything. But since you have asked my opinion, I think Sir that $50 cc a year would not be too much remuneration. As for the three years Service already given I would be happy under the present circumstances to take $100 cc

The undersigned submits herewith correspondence which has taken place with the Reverend O. Drapeau, Missionary of Cross Point, Restigouche, Province of Quebec on his application for remuneration for services rendered to this Department which has no regular Agent at the Point in question, but has always availed itself of the services of the resident Missionary in any business which it has had to transact with the Micmac Band, whose reserve is situated upon the Quebec side of the Restigouche River, and who number by the last Census 451 souls.

The duties entrusted to the Missionary consist principally of the expenditure in the Spring of moneys sent for the purchase of seed Grain for the Indians, and in the fall for relief of the sick and aged. He also is called upon annually

annually to report to the Department on the condition of the Indians and to supply statistics as to grain and other crops raised by them, cattle owned, land cultivated &c, &c which all entails considerable labor.

Mr. Draper will be observed on reference to his letter of the 15th instant, in reply to one from this Office on the subject, suggests that Fifty dollars per annum would not be excessive remuneration for his services; and he claims that he should be allowed one hundred dollars for the last three years' services.

The undersigned considers that the compensation claimed by Mr. Drapeau is reasonable, and if the Superintendent General concurs in this opinion, the undersigned will prepare a Recommendation to Council for Mr. Drapeau's appointment as Indian Agent at that salary, with one hundred dollars for past services.

Cher Monsieur,

Depuis que j'ai eu l'honneur de Son Excellence le Gouverneur Général de me nommer agent pour les Sauvages de Restigouche, les travaux pour lesquels je m'avais demandé qu'une petite rémunération fut augmenté considérablement, et devaient être faits avec beaucoup plus de particularité qu'autrefois. En conséquence, il m'est impossible de continuer cet agence à raison de $50.00 par année. Je vous demande donc de vouloir bien faire élever mon salaire au taux de $200.00 par année à partir du 1er janvier 1882 ou de me remplacer comme agent après le présent terme. Dans ce cas encore, je désire toute personne autre qu'un prêtre résidant, de pouvoir accepter et de faire l'ouvrage à la satisfaction, et à l'avantage des Sauvages.

Sir,

In reply to your letter of the 23rd Inst. asking in what respect my duties have been extended since my appointment as Indian Agent, I state as follows:

I Before my appointment, all the work was consisting only in making two distributions per annum, and as no particular regulations were imposed, I was making them in an easy way, that is, giving goods, when I had some, and money, and not being obliged to have a person to be witness of the delivery.

II Since my appointment - 1st The above distributions have to be made according to regulations which render the work far more difficult - Being not allowed to give money, I have to look after the grain seed which is allowed to be given, to distribute it, and to have somebody able to write his name to be a witness of delivery. It is the same thing for the distributions to the Indians, with the

the addition, that I have to read nightly the provisions, by the existence of the delinquency, when nobody of the family can come for them.

2° The annual report and statutary statements, are also a considerable addition.

3° All the school business and responsibility, with which I had nothing to do before. Allow me also to state here, that to keep the school in operation, I have been obliged to keep the teacher in my house, no teacher is now willing to stay alone in the school house or at the Indians after the hours of school teaching.

4° The Indians Nets are under my charge since last year, by special order of the Department, and they add an annual distribution, besides, what I had and has to be done concerning the nets themselves.

5° The power to act as Stipendiary Magistrate or Police Magistrate, by the Amendments to the Ind. Act of 1880, deserve mention certainly.

6° Most of the Indians who are sick require a line of me to go at the Doctor, and often times I have to drive and accompany the Doctor to the sick calls, as interpreter and to force the patients to obey.

I believe, Sir, that this is enough to prove to the Department that the augmentation of duties near worth the increase of salary to $200. asked in yearly Cash, without mentioning when on duty, there are always incidents requiring travellings or writings.

Memorandum:—

The undersigned begs to report that in January last the Rev. A. Drapeau, Indian Agent at Cross Point, County of Bonaventure, P.Q., tendered his resignation to the Department. Mr. Drapeau's reason for resigning was because the Department would not increase his salary from $350.00 per annum — being the amount for which he offered to discharge the duties of Agent — to $200.00.

The Department has since been in communication with Mr. J. Albert Verge, who holds

holds the position of Fishery Overseer at Cross Point, in order to ascertain whether he would undertake the duties of Indian Agent, and if so, what remuneration he would expect to receive. Mr. Verge replied to the letter that he considered $200.00 per annum would not be too much to pay him properly for his services.

The Indians of Restigouche number, according to the last census, 445 souls. They have a Reserve on the Restigouche River in the Township of Man, County of Bonaventure, of about 840 acres. Owing to their proximity to White Settlements and more especially to Campbellton in the County of Restigouche, N. B., which is directly opposite their Reserve, these Indians are specially exposed to temptation and their Reserve to trespass. They therefore require the attention of a vigilant Agent.

The Department also sends for the relief of the sick and

and aged in the Fall, and for the encouragement of agriculture among the Indians in the Spring, small sums of money to be disbursed by the Agent. The whole amount thus disbursed by him is between $300.00 and $400.00 per annum. These Indians have no funds of their own. The amounts sent have ~~however~~, to be judiciously expended and properly accounted for by the Agent; and the land and timber on the Reserve have also to be protected from trespass; and a salmon fishery, which is leased for the Indians by the Department has also to be looked after by the Agent & returns of fish taken, &c., forwarded to the Department

The increase, ~~however~~, from $50.00 to $200.00 per annum seems large; but both Mr. Verge and the Rev. Mr. Drapeau do not consider the latter figure more than sufficient compensation for an Agent, and Mr. Riopel, M.P., from his letter

letter of the 25th Instant would not appear to differ from them in this opinion, and he recommends that, if the Department decide to pay that sum, the Rev. Father Drapeau's services as Agent be retained.

It is proper, however, for the undersigned to inform the Minister that on the last occasion of a cheque being sent this Winter to the Rev. M. Drapeau for the relief of the distressed among these Indians, he declined to disburse the same, although from advice very shortly after received from the Chief of the Restigouche Band old people of the Tribe were stated to be starving.

Since I wrote I have no reply and Rumour says Revd. Mr. Drapeau has got the Agency - if such be true after all what he told me of the meanness of Indian Department and what he has written you certainly astonishes me very much.

He did not ask less than he did to see Frank with him, so that he might not be lead to believe I was craving the position from him seeing the game of deception he has been playing. I will consent to do the work for $100.00 a year.

In further reference to your re-appointment to the Indian Agency at Cross Point P.Q. - which has been confirmed by Order of His Excellency in Council of the 7th inst. I beg to remind you that the Dept. expect that you will use all diligence in protecting the Indian Reserves from trespass; & you are hereby authorized to carry out the provisions of the Indian act (2 Copies of which are herewith inclosed) respecting trespass & the punishment of parties guilty thereof.

It is hardly necessary to remind you of the necessity for preventing the introduction of liquor upon the Reserves & giving

I am informed by your letter No 24,382, that you allow the Micmacs of Restigouche the sum of $250.00 per annum for the poor and sick Indians -

You further add in your letter the following "In March "one moiety for the Provisions "of seed grain for the Micmacs "and in October the second moiety "for the relief of distress amongst "the aged and infirm Micmacs "during the ensuing winter."

As I have been appointed Micmac Agent last October only, must I take the half of the money, that is to say $125.00 for the relief of the distressed Micmacs during the coming winter?

More than ten families are now without wood and without food - There are sick persons in each of these families and every day they come to me for assistance -

I have already run through the provisions I had for the winter -

I know not what to do with

Honorable Sir,

The object of this humble request is to humbly solicit:
1st An annual salary of $1200.00 as Agent of the Micmacs Indians at Restigouche, as well as for my daily services rendered them in my capacity of missionary, I would also beg that said salary be granted from 1st July last, date of my arrival amongst them.
Similar salaries are already granted to other Agents whose services are not continually required whilst I devote my whole days and nights to their welfare.
For instance the following gentlemen many others receive a salary of $1200.00 per annum solely as Agents viz:

Messrs: W. H. Lomas, H. Guillard,
G. Belnkinsop, A. McDonald, W. Anderson
&c, &c.

By the Returns of the Indian Department I see that the following amounts have been paid for services to missionaries viz: Revd F. Marcoux $452.00 Revd H. P. Chase $400.00 Revd A. Jamieson $400.00 Revd E. H. M. Baker $400.00 &c, &c. while I ask $1200.00 per annum from 1st July 1884 for my services, both as Agent and Missionary. At present my salary is only $200.00 as Agent and it is all I receive.

2d. It is absolutely necessary to repair the chapel * to build a residence for the Missionary who is always the Agent in this locality.

The chapel as also the residence of the Missionary & Agent are old wooden buildings erected fifty years ago and to repair the former and rebuild the latter it would require a sum of at least $6000.00 and the Indians are too poor to contribute towards it in any way. *

My request in this respect is based on precedents mentioned also in the Report where I find that sums of from $100.00 to $230.00 & $240.00 for

3rd The Indians of Restigouche only receive from the Department $250.00 only Half of this sum is expended for the support of the poor during winter & the other half goes towards the purchase of seed grains.

This sum is far from being sufficient for a population of 500. and I would beg that it be increased to $500.00 inasmuch as the poor the sick and the widows are numerous in the Tribe.

The Montagnais Indians at Labador numbering 1281 receive $1389.00 and those of Maria, Co of Bonaventure, 83 in number receive $200.00. In both cases the per capita allowance exceed a great deal that of $1.00 per head asked for the Micmacs of Restigouche.

I beg to remark that those Indians earn very little in the way of hunting and fishing and whatever they do realise that way is unsufficient to support themselves and families and the poor and widows have no other support but from the Missionary.

It is true that during the summer season some ones are utilized by American tourists as Guides whilst in the winter time some others go

and work in the shanties. But in the first case they bring scarcely nothing back to support their families and in the second instance, their not being accustomed to hard labor renders them sick & they return only to increase the sick list.

Some of them are inclined to agriculture but there are ~~few~~ no good lands on the reserve except beyond where they cannot reach for want of a roadway.

I trust that these various demands will receive due consideration on your part and since it is the first time that such matters are brought to your notice you will take them in good part & give them your kind attention

Indian matters on the Reserve.
The Agents whose salaries he compares with his own in his letter have a much more extended sphere of duty, and their responsibilities are very much greater than Mr. Gray's. Mr. Gray's predecessor received until a short time before his resignation but one half of the salary now paid the Agent at Restigouche. As to payment for services as Missionary at that point, the Department never has paid salaries to the Missionaries as such at Restigouche.
The Rev. gentlemen to whom Mr. Gray refers in his letter as drawing salaries as Missionaries are paid the same in consequence of their having been allowed similar salaries under the Imperial Government, the Department merely continuing to them the allowance thus made.

a Grant to be given towards the repair of the Church and Mission house at Restigouche, the undersigned begs to report that the Indians of Restigouche have no funds at their credit from which any such payment could be made; and the Grants referred to as having been made for similar purposes on other Reserves were given from funds at the credit of the Bands owning those Reserves.

3rd With respect to Mr. Gray's recommendation that the Grant given for relief purposes to the Indians of Restigouche be increased from $250 to $500 per annum, and referring to the contrast made by him between the amount ~~xxxxx~~ given those Indians and the amounts granted other Indians of the Province of Quebec, the undersigned begs to state that the Grants given

As respects the Indians of Restigouche, they are surrounded by a well settled country in which they have facilities for obtaining employment ~~labor~~ at remunerative wages. They have also an excellent tract of land for cultivation, and ~~they~~ have a salmon fishery for their exclusive use. Some of them are also employed by tourists as guides during the fishing season, and they receive ample compensation for this service. Work is also obtainable by them in the woods from the lumbering firms during the Winter season.

There seems to be no reason therefore, why these Indians should not be able to support themselves, their families, and the sick and aged among them.

Mr the Minister,

I had the honor to present yourself in Ottawa, the 16 th February last, the following request.

1st A Salary of $1200.00 per annum to date from the first of July last as Agent and as Missionary of the Indians Micmacs of Restigouche, County of Bonaventure, Province of Quebec.

2d I had also the honor to ask you, once for all, $6000.00 $3000.00 as a help to construct a house for the Agent or the Missionary of the Indians, (the Missionary is always the Agent) and $3000.00 for the actually reparation of the Chapel of the Indians of the said place of Restigouche.

3d To grant every year to the same Indians of Restigouche $500.00.

4th Allow me to renew my request in making you the remark that my salary is actualy of only ($200.00) per annum whilst there is some Indian Agents

who are obtaining salaries of $1200.00 $1800.00 and 2.000.00 per annum, whilst there are also some Indian Missionaries who have from $300.00 to $600.00 for salary.

You understand, that it is impossible for me to have a decent living with a salary of $900.00 per annum, and the Indians are not giving anything to the Missionary, for they are too poor.

Formely the Missionary of Restigouche was receiving $400.00 per annum of the Government, as Missionary only, and he had nothing to do with the Agency.

I had to make depts to live decently since I am here, I have to pay those depts, and how can I pay them with a salary of $200.00 per annum.

You will may be tell me that the other Missionaries used to live here with that salary.

I will tell you that the other Missionaries here, used to receive every year allowance of the Propaganda of Faith, and to day he does not receive anything of the said Propaganda of Faith.

I will tell you also that the other Missionaries used to receive $400.00 per annum of the Government and since the Government has taken off that sum, no missionary can stay

here, because the cannot live.
It is eight long months that I am amongst the Indians, working far them days and nights, and I have received from your Department $50.00/100 only It is not even the salary that you are giving to humblest of your servants.
I am certain now that as you know my position, that you will accede to my request immediately and that you will grant me a annual salary of $1,200.00/100 from the 1st July 1884.
2d Allow me to tell you that the Missionary or Agent is now without a house.
I am to leave some of these days the one that I am into it now it is fallen to pieces, It is a wooden house built since 50 years and that was never well construct.
Where will I go, I dont know?
It is absolutely necessary to build in the spring, and I have not a cent. I am asking $200/100 as a help, and time is short, if I want that house to be ready to go into it next fall. It is lonely enough to live in the midst of an Indian population, that it seems to me, that the Missionary or the Agent should have a house at least comfortable.
3d Our chapel is also in need to

be repaired if we dont want to be obliged to construct a new one.
The reparations to that chapel must be made immediately, for it will fall down, and I have only $200.00/100 that I have begged myself since I am here. The repairs will cost over $4,000.00/100.
I ask $3,000.00/100 as a help.
4°. I have here 500 Indians, and I ask for them yearly $500.00/100, half of it will given, through the Winter, to the sick and Widowees which are to the number of 43, and for the poorer, the other half for seeds in the spring.
I have received this winter $250.00/100 for the poor, and I ask you to send me as soon as possible $250.00/100 for seeds, so as I could buy it for them, before seeds will be too dear.
I must make you remark, that the Indians of this place are complaining since a long time about the Government having taken away from them their land and their River, and at different times, they have ~~made~~ reclaimed their rights, they even went to Ottawa, several times and always without any success.
When they heared of the Insurrection of the North West, there was a great excitement amongst them. They wanted, three few last days

I have stop that petition to prevent a greater excitement, in promising them to write to you, and in telling them that I had the honor to speak to you in Ottawa this winter, and that you appeared to be very well disposed for them. With regard to the statement that the Indians of Restigouche became greatly excited over the insurrection in the North West and that they want to get possession of land of which they claim they have been deprived, the undersigned begs to state that he is not aware of the Indians in question having been deprived of any land. They have a large Reserve, more indeed than they cultivate although it is a fertile tract and, if it were brought under proper cultivation by them, should afford them ample means of support.

being too lazy to fish it for themselves sublet the fishery to a white man and derive a revenue from the same. The Department tried one or two seasons to induce them to fish the stream themselves, furnishing them with nets, &c. but the result was that they allowed the nets to rot on the beach and fishing by them was a complete failure. As stated in my previous report these Indians have in the heart of the country in which their Reserve is situated ample means for subsisting themselves either by Agriculture, fishing, competing in the labor market, or as guides to sportsmen during the fishing season, and the undersigned does not consider them, as a whole, the object deserving of increased aid from the Department. Assistance is sent periodically for the relief of the sick and aged among them, and, if they are provided for the others should support themselves

As to paying a salary to an interpreter at Mission Point, these Indians having been for many years surrounded by a White population are doubtless for the most part capable of speaking French and some of them English, and it is doubtful whether the services of an interpreter are therefore required.

With reference to Sir Hector Langevin's letter of the 3rd instant relative to an application made by the Right Reverend Charles Guay in regard to his salary, lodgings, and Chapel, the undersigned begs to report that Mr. Guay applied some time ago for an increase of salary as well as for a new building to reside in, on the allegation that the one in which he at present resides is unfit for occupation. The salary allowed the Indian Agent at Restigouche is $200.00

$200.00 per annum; ~~that~~ until of late years no salary was attached to this Office, the Missionary Priest performing the duties without Compensation; but ~~the~~ Mr. Sway's predecessor on his representation that it cost him considerable trouble was allowed a salary of $100.00 which was subsequently increased to $200.00 per annum.

The principal duties which this Official has to discharge for the Department and Indians are, to prevent trespassing upon the Reserve, to prevent the sale of liquor to the Indians, and to distribute relief from time to time to them. They are therefore not at all of an onerous nature, and the undersigned is of the opinion that he is fully compensated by the amount paid him for the same.

As respects a building for the residence of the Agent, the undersigned begs to state that as above shown

the Department merely supplements the salary of the Roman Catholic Missionary on the Reserve by granting him $200.00 to perform the duties of Indian Agent; that it is not therefore necessary to provide a lodging for him and none such was provided at the expense of the Department, as he resides in the Mission house which was not built at the expense of this Department. Consequently the undersigned cannot see on what grounds the Right Reverend gentleman claims that this Department should either repair his present place of residence or build another for him.

As regards the Chapel, the same was built at the expense of the Roman Catholic Church and not of this Department. It is therefore not the property of the Department, and any repairs that are required to the same should be made as in other similar Cases

To the Honorable

Master the Premier Minister,

I am very respectfully, coming to ask you to be kind enough to grant me a suffisant salary as Missionary and as agent of the Indians of Restigouche, Co. of Bonaventure, so as I could live amongst that tribe.

I am only receiving $200.00 per annum. That is all my revenues for twelve long months.

I can see after the annual Report of the Department of the Indian Affairs, for the year 1884, at the page 4 of the II part that Masters M. Van Abbot agent, $500.00; Thomas Gordon, agent, $600.00; J. P. Donnelly $600.00 and several others, at the following page has salaries of $500.00 per annum as agent only.

By the same report that the Revds M. S. Chase, A. Jamieson, E. H. M. Baker, protestant ministers, have each salaries of $400.00.

There are again several others who have similar salaries Commissioners amongst the Indians.

Why then, is your Department only giving me $200.00 as Agent and as missionary; whilst a great number of Agents are receiving per annum $500.00 and more; and whilst a great number of Missionnaries are receiving $400.00 and more.

Is it because I am french-canadian and catholic priest?

Is it because I am in same time Missionnary and Agent of these Indians, without a lodging, I will not say unsuitable, but not even a lodging for a shelter, with a chapel going to ruin to make visits to it the officers, that your Department gives me but $200 per annum.

M. Vankoughnet gives for reasons that the other Missionnaries had no salary, consequently I must have none.

The other Missionnaries have done what I am doing twice a year, they have asked, but in vain; they have always been refused.

Formerly the Missionnary of the

Indians of Restigouche was receiving a salary of $400.00 as Missionary only.

If my predecessors have not received a salary; it is a stronger reason to gave one to day, and the Department of the Indian Affairs cannot say that he has spent a great deal for the support of the Missionary here.

As you can see it perfectly well, for me to obtain an augmentation of salary, it is sufficient of an order in Coneil, and if you are willing as I hope, the thing will be very easly done.

The French-Canadians and me particulary, knows to much how you are just, for this request of mine to remain without any effect. I am certain that if I had address myself to you at first, this little affair would be settled more with my great satisfaction.

I have asked $1200.00 per annum as missionary and Agent. I think that that salary is not too much, but if what I am asking is not going to be given to me, be kind enough to give me a suffisant salary.

You understand that I cannot live decently with a salary of $200.00 per annum.

I must tell you that I realy dont-

Sir

Will you have the goodness to inform me, if it is the intention of the Govt. to have the money required for the repairs of the Indian Chapel at Restigouche and the Construction of a Sacristy for the use of the Missionary or for the Construction of a house voted during this Session?

I presume that it must be the intention of the Govt. to have this money voted, as some time ago, an Inspector of works was sent here to establish what were the works to be made.

If these works are not done during next Summer, Divine Service in the Chapel will have to be discontinued and it will be impossible for me to inhabit any longer the house I now occupy.

Will you also have the goodness to let me know what amount it is proposed to have voted.

I.

Monsieur,

J'ai l'honneur de vous demander dans ma visite que j'ai eu le plaisir de vous faire à Ottawa, durant mon dernier voyage, une augmentation de salaire soit comme agent des Sauvages de Restigouche, soit comme missionnaire de ces sauvages.

J'ai eu aussi l'honneur de vous dire que ces années dernières encore le missionnaire de ces Sauvages recevait $400.00 par année de la Propagation de la Foi, mais par suite de certaines fortes épreuves par cette société il ne reçoit plus rien.

Je n'ai donc pour vivre que $200.00 par an que je reçois comme agent des Sauvages.

dans la Province de Québec, la loi civile oblige les fidèles appartenant à l'Eglise catholique-romaine de soutenir leurs prêtres. Ici, les Sauvages ne donnent absolument rien à leurs missionnaires, c'est celui-ci qui doit leur donner.

Je ne puis les obliger à me soutenir, d'abord parce qu'ils sont trop pauvres, et ensuite la loi des Sauvages les exempte de toute taxe.

Vous comprenez qu'il m'est impossible de vivre avec $200.00 par année, et aucun autre homme avec le même revenu sous contrôle des chefs.

J'ai déjà contracté des dettes depuis mon arrivée ici et je n'ai pas le sou pour les payer.

Je vous demande donc d'être assez bon de faire augmenter mon salaire de manière que je puisse vivre sous votre juridiction.

Il faut pour vivre ici au moins $600.00 par année quand il faut compter que il faut tout acheter. Je reçois déjà $100.00 de votre département, il me faudrait une augmentation d'au moins $400.00 par année, ce qui me donnerait $600.00 par an.

Sir,

When I had the pleasure of seeing you in Ottawa, on the occasion of my last trip to that place, I had the honor to ask you for an increase of salary as Indian Agent or for a salary as Missionary to the Indians.

I had also the honor to represent to you at the time that until a few years past the Missionary of these Indians used to receive $400 per annum from the funds of the propagation of the faith and that owing to certain losses sustained by that Society that allowance was stopped -

I have therefore only $200 per annum paid to me by the Department as Indian agent with which to support myself - You are probably aware that in the Province of Quebec the law compels the members of the Roman Catholic Church to support their priests, but here the Indians give nothing to

to this Missionary, on the
Contrary it is the Missionary
who has to give to them —
I cannot compel them
to support me, for the
reason that they are too
poor and because they
are exempted by law
from all taxes. —
You must know that it
is impossible for me to
subsist with only £200 cy per
annum and we are also
could without contracting
debts. —
I have already been obliged
to contract some. since
my arrival here and I have
no means to pay — I must
therefore ask of you to have
the goodness to have my
Salary increased enough to
enable me to live without
contracting more debts —
It is impossible to live here
with less than £600 cy per annum
considering that all the neces-
saries of life must be bought.
I receive £200 cy per annum
from your Dept. I am
therefore reduced an increase
of at least £400 cy per annum
which would bring my
salary to £600 cy —

Memorandum:-

The undersigned begs to submit herewith a letter of the 31st Ultimo from the Rt. Rev. Chas. Guay, Indian Agent at St. Anne de Restigouche, P.Q., renewing his application for an increase of salary which he now asks may be placed at the rate of $600 per annum, Mr. Guay's present salary being $200 per annum. Mr. Guay states in his letter that he receives no salary as Missionary at that point and that therefore he is totally dependent upon the amount paid him

him by the Department, for his subsistence.

It appears strange to the undersigned that this should be the case, inasmuch as Mr. Gray's predecessor until the year 1850 received no remuneration whatever from this Department for his services as Indian Agent at that point, and there has always been a Missionary stationed there. He performed the duties up to that year gratuitously. The Department in giving a salary to the predecessor of the present incumbent for his services as Indian Agent merely supplemented the income derived by him as Curé at that point, and a similar course was pursued in respect to the Curé at Maré in the same County (Bonaventure), the understanding being that these Missionaries were, besides attending to their duties

duties as Clergymen, to perform such services as the Department might call upon them to transact in connection with the Indians of their respective Missions.

There can be no doubt that if Mr. Gray has only the Salary paid him by the Department, as he alleges, to live upon, it must be quite insufficient to support him; but, on the other hand, should the Department consent to place him on the same footing in respect to salary as regular Indian Agents, he should devote his whole time and attention to the duties of his office as Agent.

Agent of the said Indians.

You know that, in the Province of Quebec, the Roman catholics, from the civil law, are obliged to pay the tithe to their parish priest and Missionnaries. This law cannot be applied to the Indians of here, as they are, after the federal laws exempted of all taxes. The federal Government is then oblige to see to the support of their missionnaries.

In asking a reasonable salary as missionnary of the Indians of Restigouche, it is not a favor that I am asking your Government, but a right that I think to have to present this request.

Why, would the missionnary of the Indians of Restigouche, not be treated as the missionnaries of the Indians of Labrador and other indians of this country?

I like to give you as a remark, that I have only, to pass twelve long months here, a salary of $200. as agent.

It is impossible for one to make a decent living with so little, and an other missionnary will be in the same position as I am.

Formely, the missionnary of here used to receive $400. as of the Government, that salary

has been taken away from him, and the reason why was never knowed.

As the missionary could not stay here, the Propaganda of the Faith used to give him yearly $400. Fr per annum, but this sum has been taken from him, for now this Propaganda of the faith is too poor.

I would have yet good many other reasons to give in favor of my request, but I would be afraid of being too long.

I have too much confidence, Sir the Premier, in your Government, and in your wise and clever administration in the public Affairs for my request to not be received well from you.

I would be very thankful to you if you could grant me $500.00/100 per annum. It is the salary of the missionaries of the Indians of the Caraibes and several others.

I am in a great need of money, and it is worth that forces me to present you this same request again.

I remain with the greatest consideration Yours most obt. servt.

DEPARTMENT OF INDIAN AFFAIRS
NOV 8 1880

Dear Mr Vankoughnet

I am making my annual report upon the Indians under the charge of the Rev. John Sanderson and I may remark that I have always been in the habit of dividing each individual's money into several parts, so as to enable them to pay each trader they deal with. After making the divisions as usual I found myself on this occasion, in some unaccountable way short in the above amount. - As soon as the discovery was made I called the attention of the Chiefs, the Secretary & others to the fact. They at once said that as the whole of the money had been divided among their people, it was only fair that the Band should reimburse me the amount -

It was agreed the matter should remain open till this fall, and that they would in the meantime make enquiries, but I am informed that nothing has been discovered.

Dpty Supt. General
of Ind. Affairs.

And they desire that I should be repaid.

I have thought it best to mention the matter to you - Had it been a small amount, I would have passed it over, but I cannot afford to lose so large a sum, which I had to borrow at the time to make my payments, and I think there can be no objection to the Band refunding the Amount.

Believe me.
Yours very truly,
Wm Plummer

File with application re Timber Lot

Dear Sir I purchased from the Joint Stock Co. Mr Phipps Indian agent at Manitowaning Manitoulin Island Lots 20 & 21 Con 4 & Lots 20 & 21 Con 8. I have had a settler on the lots for nearly two years. I have had a small patch hoed and (11) eleven acres Cleared and fenced on Lot 21 Con 4 and (3) three acres Cleared & fenced on Lot 20 Con 8. and I have more improvements contracted for.

On Lots 20 & 21 Con. 8. Township A Campbell Esqr is some pine timber I understand some parties have applied for a timber license on these lots. I write to caution the Minister and if the department will issue a timber license I wait the License issued done and I will pay the charges if any for the License.

There is not a large quantity of timber on the lots & I do not want to lose it as I am improving and will require it for building purposes. By complying with my request and issuing me a timber License you will confer a favor.

Sir,

In further reference to your letter of the 4th inst. and my reply of the 17 Instant relative to the timber on lot 20 in the 8th Concession of Campbell I now enclose herein a copy of a letter of the 12 Instant from Mr. A.G. Campbell relative to that and other lots claimed by him in the same Township.

There is an apparent discrepancy between the statement made in your letter of the 4th inst & that of Mr. Campbell's of the 12 Inst: with regard to the improvements on lot 20; as it would appear from the latter that a settler has been on that & the other lots for nearly two years past.

Referred by him

You will be good enough to report on the matter, & also on Mr. Campbell's application for a timber license covering the lots referred to in his letter.

Sir

I have the honor to state in reply to official letter dated 12th Inst. that Mr. Andrew G Campbell purchased on 26. April 1877 lots 26 + 27. in 4th Con. Township of Campbell and on 27th Sept. 1878 lots 20 + 21 in 8th Con. same Township.

Sale 1582. 1583 - 2317. 2318

On August 1879 a House 16ft + 22ft was completed on lot No. 26 Con 4. and a settler placed on the lot.

On September 1879 Mr Campbell informed me that he had contracted for clearing three acres on lots Nos 20 + 21. Con. 8, which I understand has been done, Mr Campbell had been previously notified to settle on the land within three months from 25th June 1879.

According to the regulations each separate sale of land is subject to be settled upon and improved; in Mr Campbells case there are two distinct purchases, but only one settler has been placed on the lands,- the neighbours have made complaint and Mr Campbell has been notified to place a settler upon lots 20 + 21 in 8th Con. but has not done so. Sir,

In further reference to your letter of the 12 of Novr. last relative to lots 26 & 27 in the 4 Con: and lots 20 & 21 in the 8 Concession of the Township of Campbell, I beg to inform you that it appears that the last two lots were purchased by you on the 27 of sept 78 & the first two lots on the 26th sept 1877.

As respects the sale last referred to, a house appears to have been erected thereon & a settler placed therein; but with regard to the sale made in sept 1878 of lots 20 & 21 in the 8 Con; although you have, it is understood, cleared three acres on these lots no settlement has been effected inasmuch the Regulations in respect to each sale require that the land shall be settled upon as well as improved, you do not appear to have fulfilled the conditions as respects the last-named lots.

With regard to the pine timber on said lots, you are aware that it was reserved at the time the land was sold to you; and the Dept has a right to realize thereon until the patent has issued to you for the Lots; the Dept cannot therefore refuse ~~to~~ to offer from a ~~the~~ purchaser for the pine timber, if it considers that the acceptance of said offer would be in the interests of the Indians; - and as you appear to wish to have the pine timber reserved for building purposes the Dept would not appreciably realize anything thereon by allowing you to get possession of the same.

Dear Sir

In further reply to your favor. I do not know exactly what amount of Timber is on my Lots on Manitoulin Island and would not like to offer the Department more than $30.00 each for it. Or I will pay Renewal Fee for Timber Licence which I believe is $4.00 per Lot. and Cut the Timber must season the winter of 1881 & 1882.

I think either of the above propositions might be satisfactory to the Department and I am prepared to carry out whichever one they accept.

By arranging this matter for me you will confer a favor.

Yours truly

Dear Sir

About the fifth of last November I sent your agent at Manitowaning Affidavitts complaining of Non Settlement on Lots Numbers Twenty. Twenty one. Twenty two, and Twenty three. in the Eighth Concession in the Township of Campbell in the District of Algoma and to day I sent Mr Phipps Affidavitts Shewing that there is not any Settlers on these lands yet three months after I sent the first affidavitts I notified Mr Phipps that the Land was not Settled on and now after Six months I have sent Affidavitts to Shew that the Land is unsettled. These Lots I believe have been purchased for more than three years and it appears the Parties are holding them for Speculation as is the case with a great part of the Land on this Island this land is bit for farming purposes it is Rocking Back Schools and roads Farmers have to make roads past the Lots in order to get Back & forth to their own property Now Sir I wish you to inform me when these Lots will be for Sale the Parties that owns these Lots are not living on the Island

I will await your reply

Yours of 17th Inst duly received,
the owners of lots 20. 21. 22 & 23 in 8th Con
Campbell have been notified to settle thereon
as however it is almost impossible for any
one to reach their Island during the winter
season I think it will be best to allow
the matter to stand over until after
opening of navigation next spring,
and if the lots are not settled upon
pay by 1st June, file affidavits to that
effect, which will be forwarded to the
Department.—

Separate affidavits should be filed
for 20 & 21. and for 22 & 23. in 8th Con

Sir

On the 7th inst I had the honor to communicate with the Department on the subject of the land complained of by Mr Thos Dean, as being occupied, in the Township of Campbell.

Two of the lots complained of are No 20 & 21 in the 8th Concession, - owned by Mr A.G. Campbell - On the 27th December last Mr Campbell was notified to settle on the lots and perform the settlement duties thereon within three months - also to pay in full therefor - I enclose Mr Campbells reply, the Land has since been paid for in full, and it will be seen by the enclosed letter from Rev Robt Armstrong that men are at work on the lots making improvements.

Mr Dean anxiety to have the sale of the lots cancelled before opening of navigation is doubtless attributable to the circumstance of his having an application to purchase the lots when the sale had been cancelled, and that the lots are worth fully $500. as improved by Mr Campbell. —

In addition to having paid in full for the lots, Mr Campbell has also paid

Sir

I have the honor to enclose an application by Capt J. F. Foote, Shipwreck of Lots nos 22 & 23 in the 8th Concession in the Township of Campbell) for a further extension of time of fifteen months to place a cattle on the land.

An extension of time for three months was previously granted to Capt Foote by official letter dated 28th June last.

In submitting Capt. Foote's application for the consideration of the Department I would respectfully state that the anomalous condition of the labor market on this island during the past two years caused by the demand for men to work on the construction of the Canadian Pacific Railway, at very high wages, has prevented employers of labor from obtaining the help they required and I am aware that Capt. Foote has offered high wages to get a cattle to go on and improve his

As regards the Case of W. A. G. Campbell.
He purchased Lots 26 & 27. Con: 4 Campbell Township in Sept. 1877 Paid in full & Patented last summer
The Affidavit of Settlement states that there are 10 acres Cleared, a dwelling house occupied by a Tenant.

Lots 20 & 21 Con: 8 purchased by him Sept 1878.
The Affidavit (or Declaration, he under says that "there are about 4½ acres under Wheat Crop, four acres in Grass. And over about of one & half acres Potatoes Crop", but does not say that the land is fenced.-

It will be seen that W. Campbell has a Tenant on the first 200 acres, but none on the 2d 200. The quantity of land to be Cleared & fenced should be 5 acres for each 100 = would be 20. acres. = If the Affidavit sets forth positively of there having been 10 acres Cleared, fenced & under Crop as regards the 2d 200 acres, then would there be in the opinion of the undersigned any objection to the issue of a Patent.

I consider that I have provided the best in connection with the Rochester Mills case in the accompanying letter. I should think that the Deputy would be quite willing to meet the views of Mr Dart as regards the matter.

As regards the matter referred to, Mr Mackie states that he resides on lot 11 in 1st Con: Tehkummah, where he has improvements, and the lot is Patented to him. That he took up lot 11 in 1st Con: Sandfield for wood and Pasturage.

The two Concessions in which these lots are, join each other, although they are in different Townships. The lots are really over one mile apart. They can hardly be said to be contiguous.

The undersigned is of opinion that when a Settler living on the borders of one Township takes up a lot adjoining his own, in the adjoining Township, the letter of the rule regarding lots being in the same Township might be waived. This being conceded, it would be well to define what distance the lots might be, at the outside, from each other, as the term Contiguous is rather Vague.

In this instance the lots referred to are over a mile from each other.

What would the Deputy advise in the matter?

Sir:

In reply to your letter of the 7th inst. enclosing a Memorial from Wm Martin and others, that he (Wm Martin) may be allowed to retain Lot No 11 in the 1st Con: of Sandfield, for the reasons stated therein. I have to inform you that it has been decided by the Dept. that in this case the spirit of the regulation to allow one settler to hold more than one lot provided they are contiguous and in the same Township has been complied with. although the lots are in two Townships yet the Concessions are joining each other. Wm Martin will therefore be allowed to retain the Lot in question provided he complies in other respects with the conditions of sale. that is. in the payment of the purchase money with interest thereon.

You will be good enough to communicate the purport of this letter to Wm Martin.

Sir

I have the honor to inform you that the Council of the Municipality of Howard has requested that further powers of land sales for taxes in this Municipality be given a reasonable time to do settlement duties thereon as the time given them by the Department is not sufficient for them to do so as the people are not able to build and survey out for the land in so short a time. I beg respectfully to say that I, with several others, who purchased lands on the Manitoulin Island with a view to make there our future home and scene of our labors, and not having fully complied all the requirements and conditions of sale, have received notice that the same must be done, and affidavits to that effect sent in by a Specified Short Time, and payment in full made -

In behalf of myself, and those I particularly represent, I wish to say, That winter being now the only time allowed us. It is a physical impossibility to complete the work in the allotted time, -

And on account of hard times -and low price of grain it would be hard to pay up in full at once -

That much of our lands have been more or less improved, and the Settlement duties nearly completed on Some, and to lose them now would be a great hardship -

I would therefore respectfully ask for a short extension of time -

And we will endeavor, & I think we can get all completed in one year, but it cannot be done in the winter -

I ask in behalf of Land held by myself, also A. A. Herriman, W. C. Herriman, and A. Choate

Trusting & hoping for a short respite,

PETITION. 58606

DEPARTMENT OF INDIAN AFFAIRS APR 2 1885 OTTAWA

To the Superintendent General of Indian Affairs :

The Petition of the Undersigned Humbly Sheweth :

1 That circulars have recently been issued, by authority of the Department of Indian Affairs, to the effect that all lands on Manitoulin Island which have been taken up for settlement, and on which the settlement duties have not been performed, will be cancelled unless such improvements are performed before the fifteenth of June, 1885 ; also, that all arrears of of purchase money due on said lands must be paid up by the same date ;

2 In response to this circular your petitioners beg to show ;

a That im many cases single settlers have taken up from two to four hundred acres, with a view to providing homes for their boys, on the understanding that when such lands were taken up at one time the improvements could all be made on one lot :

b That parties who did this in good faith are now called on to perform settlement duties on each separate lot under penalty of cancellation;

c That if the intimation contained in this circular be carried out many worthy settlers will be arbitrarily deprived of their land for which they have already partly paid ;

d Your petitioners would further show that in many cases where settlers only have one lot even they are unable at present to meet the arrearges of purchase money now due ;

3 your petitions therefore pray that the time for depositing balance of purchase money be postponed until the settlers are in a better position to make the deposit ;

4 That in the case of settlers who have taken up more than a single lot at one time that sufficient improvements on one be allowed to serve for all ;

5 That the arrears of interests due on purchase money be cancelled, as the petitioners consider that in paying the principal and performing the ardnous duties of pioneers they give enough in return for their land ;

6 That where land is only of use for the timber thereon, or for grazing purposes, that the purchaser be given a deed therefor simply on payment of 50c. per acre.

7 That only such land as is held for purpose of speculation be cancelled ; and that the bona fide settler be given every latitude.

Sir

At the request of the Petitioners I have the honor to transmit a Petition from some of the settlers upon this Island in reference to circulars sent them by instructions contained in official letter dated 11th Novr 1884.

In this connection I beg respectfully to remark that the land upon this Island until recently has been sold upon the conditions stated in official letter No. 2689 dated 4th December 1872. but that since the receipt of official letters Nos 56.816 dated 24th Feby and 24.551 dated 3rd March '85 I have informed settlers that Patents for their lands may be obtained upon the conditions mentioned therein.

I beg further respectfully to state that many of the settlers are this winter in an impoverished condition; in 1883 the Wheat Crop was seriously damaged by Frost. the following year the price was and still continues so low as to be unremunerative, this condition of affairs has been aggravated by the present long and severe winter, in which

Department of Indian Affairs,

Ottawa, April 16 1885

Replying to the application of W. L. Hinman on behalf of himself his two sons and A. Choate for an extension of time to pay arrears of purchase money and to complete settlement duties.

It is said that they have already made some improvements, but it is not shown that they or either of them reside on the land or on the Island. The application of W. Hinman, which is enclosed in W. Phipps' letter of the 19th ult. is written from Port Hope.

As regards the matter however the undersigned begs to recommend that if the parties commence operations this Summer, and pay one instalment with interest, on the 1st November next, the time for making the Complete Settlement duties, might be extended for one year longer.

Sir,

In reply to your letter of the 19th ult. in which you enclose an application from W. W. L. Hemman of Port Hope Esq. on his own behalf, and that of others, for an extension of time to pay arrears of purchase money on their lots on the Manitoulin Island, and to complete the settlement duties thereon, I have to request that you will be good enough to notify Mr Hemman that if they commence operations on the lands this coming Summer, and pay the 2nd instalment with interest on each lot by the 1st November next. the time for completing the settlement duties may be extended for one year from the 15th June next.

W.P.

In this connection I would call your attention to the fact that the gentlemen you name do not own three of the lots mentioned in your letter. Namely- Sales 1764- 2026. & 2360.

Dear Sir I received a notice from Ottawa saying the Sale of my lot on the Island, that is lot 26 in the 11 con township of Campbell would be cancelled I wrote to them and they said I was to acquaint you with the matter. Some one has been complaining about the settlement duties not being done Now sir the only thing I think is wrong with the duties is, the house was not large enough to take out the deed. Now sir I must tell you the reason it is not finished I got out lumber enough to put up a frame house and had well started to build when Mr. E. Brooks son of the mill man at Squaw Lake and

wanted to buy. I sold it and gave him the material to build the house I even gave him the nails he was to build it right away I worked on the Island all that Summer he paid a trifling payment and when I came down here he said he would give it up, then again he would write and say he would keep it. they took a crop of oats off it but this summer past some one pulled the fence down so they could say it was a common they Brither put the fence up several times and seeded and done some work for me, and Sir they threatened to cancell it on me they want it for the timber I must admit Sir that the house should be built but that is the reasm I never meant to work the government nor keep the place without an occupant nor will I as soon as I found I was not strong enough to clear the place I tried to dispose of it I have been talking to a man here about it and he has a notion to move his family there I send you one letter from this Mill Man Mr. Brooks and part of another so you can see for yourself that I am not telling you an untruth I want to ask you Sir's purpose to give me a chance to dispose of the place it is a good one it has cost me a lot and I am a poor man and dont want to lose what I have worked for I think I can sell it before Spring

Department of Indian Affairs,

To W. W. Reill

Ottawa, 16 Nov. 1885

Please write and enclose to the Surveyor Genl. of New Brunswick the attached Tracing of part of the Duplicate Copies of the Plan of the Indian Reserve in the Parish of Eddington, County of Restigouche, on file in this Department, shewing the West Boundary of the Reserve, and inform him that the Copies do not agree, in the one the West Boundary of the Reserve is shown to be the East Bank of a Creek or Inlet by being coloured red, in the other the West Boundary of the Reserve appears to be a Line running North from the mouth of the Creek cutting off from the Reserve a small portion of land between this Line and the Creek, and ask him to be good enough to state if the said Line running North or the Bank of the Creek is the West Limit of the Reserve

And whereas doubts have arisen as to the right or power of the said Indian Chiefs to make or grant leases for land belonging to the community without the knowledge privity or assent of the duly authorized agent appointed by the Government to act in their behalf.

Be it Known that we the subscribing Indian chiefs now acting as trustees for the Tribe to which we belong with the knowledge and concurrence of Walter Colquhoun, agent appointed as aforesaid, having examined and considered the said informal lease granted by our predecessors, and assuming that it was done in good faith, and being moreover consistent with the interests of the whole tribe, we hereby accept the conditions therein contained excepting the term of years which by a general order from the head of the Indian department in 1822 was restricted to thirty years, and therefore approve of and confirm (as far as lies in us lies to do so) the right title occupation and possession of the said Island to John Craig aforesaid and his heirs executors and assigns, for the term and period of thirty years from and after the date of these presents, for the consideration or rent of six dollars per annum, payable to our authorized agent on the first day of January 1872 and so on annually during the thirty years to come.

Dear Sir In reply to your favour of the 10th inst. I have to say that Mr Duncan Indian Agent at Dundee has enclosed to Mr Dickinson a copy of your letter to him pointing out a defect in his title to above island viz that it does not appear how James R. Gray obtained the title from John Gray. We hold the lease from the Indians to John Gray, a transfer from John Gray to his son James R. Gray and a transfer from James R. Gray to Mr. Dickinson all of which papers form one document. Which document appears by letters from the department to have been sent to Ottawa for registration and returned in order to be filed with the Indian Agent. If however you consider it necessary that it should be sent to the Department again we will forward it to you

Sir

According to instructions in your letter No 24.678, of the 7th Dec. ultimo, I wrote to Dr Dickinson, of Cornwall, as to the assignment from John Craig to James R. Craig, of Jacobs Island, as it was necessary to complete the link of assignments.

I am in receipt of what purports to be the original assignment, with the others, from John Craig to James R. Craig signed only by the party of the first part.

When I had the lease, marked No 1, to copy into memorial book, and transfer from James R. Craig to Dr Dickinson, marked (No 3), the assignment to James R. Craig was not written on the sheet as it now is, and yet it states that it was signed and sealed on the 28th day of December 1874. You will see by note in margin of (3) that I intend it on the 10th April

Dear Sir

We enclose lease and assignments thereof of Jacobs Island with affidavit of a person familiar with witness' signature under sec 44 of Indian Act 43 Vic c 28 which provides for cases where the attesting witness has left the Province. We hope this will meet with your approval. With regard to the question of the date of execution of the assignment. From facts we have gathered we are forced to come to the conclusion that you must have overlooked the presence of this instrument on the back of the others. We attended Mr Riddell of the firm of Macdonnell & Macdonnell who recollected having drawn the assignment. And from charges in the docketts of the firm relating to it asserts that it was drawn in July of the year 1873, but not executed in a Chancery suit respecting the Craig Estate instituted shortly after the death of James Craig this very assignment is recited as being executed upon the 28th day of Dec. 74 and the bill seeks to set it aside. The circumstance of the Chancery suit makes them recollect that this instrument was executed in the lifetime of the late Jas Craig. Lastly Mr Dingwall of Ross & Dingwall before whom it was subsequently executed remembers erasing the words "July" and "three" and substituting "December" and "four" in order to bring the date up to the time upon which it was actually executed. These facts force us to the conclusion that you must have

Dundee, 4th March 1881

Sir,

As instructed in your letter No. 24,678 dated the 12th Janry. last, I sent the enclosed assignments of Jacobs Island back to Dr. Dickinson, for the purpose of having the witness to the assignment, from John to James R. Craig, swear to the execution, date &c.

I re-enclose the documents with an affadavit by a person who is familiar with witnesses hand writing or signature; and also a letter with certain explanations, in which it is stated that I may have made an oversight of the writing on the back, when I had it to copy the other assignments.

If that particular assignment had been written before the assignment from James R. Craig to Dr. Dickinson, why write it on the back, when there was plenty of room on the inside, then? I am quite certain that I made no such oversight.

Dear Sir John

Kindly send me the copy of the lease of Jacobs Island an Indian Island in the St Lawrence opposite Summerstown. I don't know to whom the lease was originally made but it is now held by Dr Dickinson by assignment from either John Craig or James Craig and was once held by the late David Sammon. Will you kindly let me know at the same time whether it is the practice to register a note assignments of lease in your department. I am interested in having leased a building lot from Dr Dickinson and built on it. Early answer will oblige

Dear Sir:-

Will you please inform me if there is a possibility of my being able to rent and obtain a lease for a number of years on the Island now rented by Mr. Dickinson of Cornwall and a mile or more I suppose east of Stone House Point and next to an Island now inhabited by Indians and an Indian Chief. Dr Sir, I have been requested by Mr. Dickinson to answer your letter to him. The Island he now occupies is not the Island known as "Stone House Point" but the Island next to it, known as "Indian Island" on the Map. Mr. Dickinson pays no rent for it, but has been allowed to occupy it free of charge. I am not aware that any other person has applied for it.

FORM 37.

OPERATED BY THE GREAT NORTH WESTERN TELEGRAPH COMPANY OF CANADA

ALL MESSAGES TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS:

It is agreed between the sender of the following message and this Company that said Company shall not be liable for [illegible] arising from failure to transmit or deliver, or from any error in the transmission or delivery of an unrepeated telegram, whether happening from negligence of its servants or [illegible] for delays from interruption in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the message. To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it will not be responsible for errors beyond fifty times the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating the amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz:—One per cent. for any distance not exceeding [illegible] miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reach its destination, but only as the agent of the sender and without liability therefor. This Company shall not be responsible for messages until they are presented and accepted in order of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, unless authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same are claimed in writing, within sixty days after receipt of the telegram for transmission.

No employee of the Company shall vary the foregoing.

Report on the Islands in the St. Lawrence River and Lake St. Francis, belonging to the British Iroquois Indians of St. Regis, and under the Control of the Superintendant General of Indian Affairs commencing westward and going Eastward

DEPARTMENT OF INDIAN AFFAIRS JAN 28 1888

Spencer Island,

Is the first below Prescott but 4½ miles it lies opposite Lots No 21 & 22, in the first Concession of the Township of Edwardsburgh in the County of Grenville. But its extent is about 35 acres, very good soil, but stony, but portions of it if not all could be cultivated and some of it has been a number of years ago. It is used now as a pasture but unless the season is a very wet one, the grass dries up in July, and is of very little benefit until the fall rains set in. It was first leased to one Spencer his lease running out when in the possession of Abel Adams. It was leased to Gabriel Summers, the present occupant by the Chief in 1876. at a rental of $20.00 per thirty years, the former rent being $10.00. No improvements of any consequence have been made on it except the removal of the timber only a few trees remain standing. Its value is rated at about $15.00 per acre.

Drummond Island.

A portion of which lies outside of Spencer Island, the balance of it extending further down the stream opposite Lot No. 20 in the same Concession &c. It contains about 70 acres about three fourths of which is under culti-

Station. The soil is good and capable of raising all kinds of produce indigenous to this section, it is stony, but the stones number of which could be removed with without considerable labor. A portion of the west end is uncleared having been thrown up in entrenchments during the French war. It was leased to Drummond in 1817 for the period of 99 years at a rental of $180. It is now in the possession of Edward Murdoch having been purchased by him from Thomas Montgomery a short time ago. Murdoch paying him the sum of $800 for the improvements thereon. There is a house and barn on it and a family living thereon who has the buildings rented. There is no timber on it. In value I should think it worth about $12 per acre irrespective of the improvements.—

Duck Island.

Lies opposite lot no 18 in the Township of Edwardsburgh in the same Concession & County as the last two named and according to plan contains 10 acres but the Proprietor says about 4 acres and is used for pasture, the soil is sandy & stony as all the Islands here are more or less. It is becomes unfit for pasture during the middle of Summer. The lease was granted to one Ezra Adams in 1817 for the period of 99 years and was transferred by Adams to Silas Quinn the present occupant. There are a few trees thereon such as Butternut Elm & Basswood valued at about $10 per acre. The rental per year is $8 00.

Lane Square Island

Lies a little to the South East of Duck Island and contains about 3 acres

White Rock Island

lies a short distance further down the stream and contains about 6 acres. These two Islands were leased to Samuel Adams for two dollars per annum but the lease has expired. They have been used by R. P. R. McDonagh of Prescott Ont. for the last few years to pasture some cattle. Like some of the others the grass does not remain long good in the dry season. The rent paid formerly is hardly enough and if again leased ought to be raised to at least five dollars which amount I think can be got from different parties. They are not of any great value being so small say about $8.00 per acre.

Bream Island.

Is at the head of the Gallops Rapids & forms Lot No 13 in the first Concession of the Township of Edwardsburgh County of Grenville it contains about 83 acres. The soil is gravelly & quite stony. It stands very high out of the water. A portion of it has been cultivated many years ago but is used altogether now for pasture. It also dries up very much during the hot weather months of the summer, the west end of it also has been burned up in Bushes Islands during the French war. There are a few trees on the outskirts of the Island such as Elm, Basswood, Butternut etc. It was first leased to Seneca Greeny in 1834 for thirty years since the lease expired in 1864 but has been occupied by the present occupant Alpheus Adams (who without any lease whatever there is no legal lease in force at present. No improvements have been made by Adams except that he removed a quantity of stones which he did to extend the piers at the head of the Edwardsburgh Canal. Mr Adams has no claim upon the Island only that he has had it

is proceeded formerly at the low rental of £6. He offers for a renewal of lease @ Six 25/- per annum. James Jameson offers £30 who also is a responsible party. He value about £10 per acre. The Island is somewhat difficult of approach on account of the strong current which on the inside of Green Island opposite the East half of Lot No 13. mentioned in report of the above Island is a piece of land containing about 4 or 5 acres on the inside a small channel of from 3 to 4 rods in width runs between it and the main shore, from one to three feet in depth, George Bolton the owner of said half of 13 claims it as belonging to his property but as it is entirely surrounded by water at all seasons of the year it is as much an Island as if it was further from shore. It could be rented for 5 dollars per annum—

Precipile Island.

Lies opposite Lot No. 38. Broken Front of the Township of Matilda in the County of Dundas Ont. in extent about 4 acres. This Island is not under the control of the Indian Department having been deeded to Col. William Fraser on the 20th May 1831. by the then authorities. Samuel Shaver is the present owner—

Green Island.

Lies opposite Lots No 30 & 31 in the Broken Front of the Township of Matilda, County of Dundas Ont. in extent between 90 & 100 acres a portion of which is under cultivation although it is almost too stony for farming purposes and to remove them would cost more than the land is worth. Good crops have been raised thereon but the land and the persons who farmed it have improperly, and in need of rest. On the west end is considerable wood growth timber but not very large. The Island once was

covered with maple trees and in the time of the
last war were all cut down by the Canadian Gov-
ernment so they would not afford shelter to the
rebels to enfilade their stores in transportation
Towson was the first resident on the Island and
for services he rendered the Canadian Government
was allowed to remain on the Island rent free
while he lived. It was leased in 1842 for 30 years
at £7.50 per annum and afterwards sold to Henry
Chase in 1857 when the lease expired in 1872 one
Andrew Richardt offered $20.00 rental and took it
a short time when Henry-Chase Patrick Leslie and
got a lease of it for five years at $20.00 Dollars which
lease expires by the 1st January 1880. Henry Chase
has sold his improvements &c to William Benison
for $600.00 but as Mr Chase had rented the
Island to another party. Mr Benison cannot
get possession at present. There is a stone house
barns and stables erected thereon. Like the Hen
Islands the pasturage in the heat of summer
becomes unfit for containing stock. A number
of Years ago rent the same was been made but
as Mr Benison does operate and paid for the
improvements thereon by his payment of a fair
rental he has the best claim. Its value is about
10 or 12 dollars per acre.

Sheep Island.

Lease appears with verbal renewal

Lies opposite Lot No 88 in the Township of
Williamsburgh in the County of Dundas, in
extent about 20 acres. It is in the neighborhood
of the Town of Morrisburgh. It stands high from
the water and being at the foot of or I may say
nearly in the Rapid de Platte the current is very
strong which makes it difficult to get to and from
it. It was leased to Jacob Berkley in 1817 for
99 years to be renewed in a like period from until
the full period of 999 years. Amount of rent is $2.00 per
annum. Auctis Orau of Morrisburgh is the present
occupier. It used only as a pasturage for sheep and

affords but little grass also in the dry part of ~~summer~~ the season. A few trees on the edge of the Island - Its value about $ 8.00 per acre as it is situated in the Rapids.

Maple Island.

Lies opposite Lot No 24 in the first concession of the Township of Williamsburgh, County of Dundas about one mile below the Town of Morrisburgh It is cleared with a small Island at the foot which has always been cleared with it, about 30 acres. It was formerly called about 30 acres but upon viewing it I think the former amount is nearer correct. There is better pasturage on it than any of the preceding ones and contains very good throughout the season. The Island at one time was covered with Maple trees but the former tenant cleared it. Root out them all down and sold or made use of by himself. There is no lease to any one at present as the lease that J. H. Root held expired in 1864 and has been occupied by him and his sons since without any. No one occupies it this season. There is a number of Pipes to lease the Island as follows. The Executors Dr. Chas E. Mickey Pipes $ 15.00 Dr. Chamberlain & James L. Allison $ 26.00 J. & N. Roberts $ 25.00 John C. Davis $ 25.00 all respectable parties. It will be for the Department to choose between them. On the small Island at the foot there is some brush and second growth trees but only a few on the main Island around the shores. In value should say from 10 to 12 dollars per acres. No improvements made except the cutting of the timber if that can be called an improvement.

about 44 acres. It was leased to Richard Coup in 1806 for the term of 99 years at $1.50 per annum but the present lessee Robert Clute for some years the amount of Rent paid is $2.00 which is a mere nothing for so large an Island. A large portion of the Island was grown up with second growth trees of all kinds. From a superficial view it does not seem so stony as a number of the Islands mentioned previous and the portion that is clear could be cultivated without trouble. It is quite a pleasant Island and does not lie so high out of the water so some. Value about $2.00 per acre.

lease for 99 years

Lower Green Island

There is a small Island that they call "Lower Green Island" that lies a little further down stream from Coup Island Opposite Lot 81 in the said Township of Pittsburgh and in extent about 1½ acres There is two small houses on it built there by parties who took possession without any title or lease from any one - I interviewed the owner of one of the houses Alexander Cummers and he said he was willing to pay two dollars per annum if he was granted a lease of it for a term of years. It was at one time much larger but the action of the ice in the spring of the year when breaking up is such washing it away so many of the Islands upper in the same way and are becoming reduced in size in consequence.

Hay Islands.

Lies opposite the village of Dickinsons Landing in the Township of Pittsburgh County of Frontenac near the head of the canal that forms the long Sault Rapids thence to Cornwall. Their extent is about fifty acres according to the lease but I do not think there is that much land in them as one of our there was. A small channel divides the two they were leased to one Geo. C. Kirk in 1838 for the term of thirty years at the annual rent of $3.00 they were transferred to W. H. Wagner in 1838 and by

Lien to William Colquhoun the present occupant
a small portion of the Easterly of the two the one
furthest westward is high land and stony

"A. E. McCulloch, Sheriff gave a deed to O. B. Wagner
and Wm Colquhoun jointly dated the 8th day 1860 for
the above Islands and which Islands Wagner has
transferred to Colquhoun as above mentioned.
The lease having expired in 1864 there has not
been any granted since any knowledge but the
rent has been always paid. Cleare not seen
Mr. Colquhoun but have no doubt he would
like a new lease and as to the terms that

Millerstown or Cheeks Island
lies at the foot of the Long Sault Rapids op-
posite the Village of Monkinetta &c in the Township
of Cornwall, County of Stormont. It is about 2
miles long and ¾ of a mile in width and con-
tains about 1400 acres of land which is divided
into lots of 200 acres No. four to seven. It was first
leased to David Cheeke and Jeremiah French
in 1746. for the term of 999 years for the sum of
30/- rental per annum after the year 1800 provided
no mills or mills be erected thereon but should there be
the rental was to be $60.00. A mill was erected but I
do not think any more than the $30/- was ever
collected. The mill is not used now. Parties having
farms on the Island got separate leases since the
first lease was granted as it was a condition of
the first lease that any portion of the Island
could not be occupied by other parties without the
consent of the Chiefs. Enough was imposed to
make up the $30/- rent altogether all holding
land on the Island does not pay rent.
The land on the Island is very good for farming

purposes although some portions of it is quite stony and rolling. The inhabitants are taxed the same as those on the main shore and the property assessed at $ 10 per acre. There are some eighteen families residing on the Island at present. There are some good houses on it. At the village of Boulinette there is a bridge to the mainland which makes the land worth more than other Islands where access is not so convenient.

Cornwall Island.

Lies opposite the Town of Cornwall in the County of Stormont Ont. Its extent is about 3.500 acres 5 miles long and 3/4 of a mile in width. The Island is occupied by the Indians except 200 acres the amount of Mr. Cheeley's farm. A ridge passes along the centre which is somewhat stony the balance of the land is excellent for growing all kinds of produce that is grown in this section of the country and the season is somewhat longer than on the Mainland as the frosts does not harm the Island so early nor so late as inland. In value it is worth about $ 150 per acre most of the land that is not cultivated is given up in second growth trees of all kinds that grows in this section. There are about 40 families residents on the Island in 37 houses. Some of the Indians are in very good circumstances.

St. Regis Island.

Lies at the foot of Cornwall Island a little to the South East and the west end is opposite the Village of St. Regis in the Township of Dundee, County of Huntingdon P.Q. It is about 3 miles in length but narrow at both ends and is in extent about 600 acres a large portion of which is excellent land for farming purposes. It is exclusively occupied by the Indians

Ten families residing thereon. The easterly portion is used as a common for pasturing stock; it is chiefly well covered with small cedar, second growth pine & shrubbery. Its value about 15s per acre.

Pelo Island.

Sundries called Hop Island lies opposite Lots C & B in the Township of Cornwall County of Glengarry Ont. in extent about 30 acres. It is occupied at present by an Indian (Peter Lynn) but there are other Indians who claim portions of the Island. This is the Island Sole McDonald has been trying to lease but the Indians refuse to lease it. There is very good land on it and a portion of it is cultivated. Like the others there is considerable small cedar, second growth pine &c but no heavy timber, its value about $8/50 per acre. It does not lie far from the main shore and easy of access & crow &c Boat.

Snyder Island.

Lies opposite Lot No 11 in the Broken front of the Township of Charlottenburgh County of Glengarry Ont. It was leased to Robert Oglebone father of the late Capt. Walter Oglebone and was left to him in 1817 for the period of 99 years at $8 4s, per annum the lease says it contains 40 acres more or less but I am of opinion it is some less instead of more. It is used as pasture by Mrs Walter Oglebone, there is quite a number of second growth timber on it but somewhat large from on the Main Island above being from one to one and one half feet in diameter &c —

Col. Lewis Island.

Lies opposite Lots No 12 & 13 of the same place and immediately at the foot of Snyder a small channel of a couple rods in width, covering between them. It was also rented to Robert Oglebone in

1821 for 99 years at 14/- rental per annum
It is a very pretty Island and is used at present as a pasture but a portion of it has been cultivated. Like the other there is a number of large second growth timber of all kinds on it but there enough for pasturing among them. It contains about 60 acres worth about 8/10-/- per acre. When such in my returns of property leased was not aware of these Islands being held by the Cat yet as the account stands was in another book from where I took the others. There is some back rent due on them which Mr Ogletree promises to pay as soon as he can.

Yellow Island

Lies to the South of Lt. Regis Island and opposite the Lands occupied by the Indians in the Petite chenail in Dundee. It is occupied by the Indians some four or five families residing thereon. It is not very much cleared up any portion of it as it is not as productive as the rock of the Islands being quite sandy. Its extent it is about 300 acres small second growth Pine and Shrubbery stones &c &c Its value not over 8/- per acre —

Cow Island

Lies at the foot of Yellow Island a little to the North and about opposite Lot no 13 in the Chenail Dundee P.Q. Its extent about 20 acres. It is not used and is covered with small Pine and shrubbery. The soil is good and it could be cultivated as I saw no appearance of stones on the surface. A strip of marsh extends down the river a short distance which attaches this small Islands which two under the same name one of which contains about 1½ acres the other about 14 acres on which some corn was planted last season, a few Pine and small

Berry Island.

Lies below the last named and opposite Lot No 6 in the Chimil Indian, and is in extent about 2 acres of good and but somewhat stony. It is unoccupied Cedar, Birch and Alder are the present productions. Its value about $ 8.00.

Kegel Nut Island

Lies below the Last opposite Lot No 3 Chimil Indian and contains about the same amount of land and is a counterpart of Berry Island in all respects —

Otter Island

Lies in the same range below the last named and is opposite and Island on the Main shore called Sugar Bush Island. It contains about 20 acres but otherwise it is nothing different from the two preceding ones. A strip of marsh extends along the South side of the three last named Islands and in this marsh is a small Island called

Bellevue Island

lies nearly north of Berry Island and is very pleasantly situated. It is opposite Lot 22 in the Township of Charlottenburgh, it was leased to one Buel Ailetcreek in 1854 for ten years at 8 5ds rental. It was transferred to Mr Bellevieau of Cornwall. The lease stated that upon giving up the Island the trees would be paid for the improvements. No rent has been paid for a number of years as Mr. Bellevieau has removed a small house that was built on the Island and has cut down some of the trees which is a detriment rather than an improvement I think his claim for any remuneration for improvements is not valid. I think he has given it up although he has not stated so to me It contains about 10 acres, a few trees still remain on it. Value about 8$.

Canal Island.

Is immediately below the Lock named and in range with it. A small stream divides it from the same Canal. It is of Limit between two & three acres with some trees and such growing thereon. It is unoccupied and not of much value.

Unless some one takes a notion to build on the
small Islands a summer residence they are
not of any great value.

Sardano Island.

Is another in the same range and is about
the size and capacity as the last named and
I can hardly put a value on them.

Jacobs Island

Is in the same range east & west as the
four last named and is opposite Lt No 16
in the Township of Charlottenburgh County
of Glengarry Ont. It was leased to David
Cummings & he was promised a lease in
1851 for 99 years. After his death his widow sold
it to John Craig and a new lease was granted
him in 1871 for Thirty years at $6.00 per year
rental. The lease says it contains 60 acres but
I understand it has been measured and only
contains 40 acres. It has been purchased by
Mr J. J. Dickinson of Cornwall who is the pre-
sent lessee and he has set to work to beautify
it by planting maple trees &c and erecting buildings
A portion of it has been cultivated and the
soil is good although like other Islands there
is a goodly number of stones on it. There is a
few small trees &c on the west end of it

Clarks Island

Lies to the north of the main channel and opposite Lot No 16 in the Township of Charlottenburgh County of Stormont Prov. of Ontario about 15 acres. It was leased as I understand a few years ago to a man who lives opposite called Robideau for ten years by the Chief at $4.00 per annum which they collect and use as they see fit. There is a few sheep pasturing on it. It is pretty well covered with brush but if cleared up might might be made a very good Island. A great detriment to most of the Islands is the great number of wood ticks on them which sometimes kills stock. It is difficult and I dont know if there is any way of getting rid of them unless it was to clean up the Island and farming it. Value about $ 8.00 per acre

Summers Island.

Lies opposite Lot No 12 in the same Township as the one above and on the north side of the main Channel. It was leased in 1831 to David Summers for a term of 99 years at $ 7.00 rental per annum. The lease says it contains 30 acres but at present it does not. The half of it in dry land It lies very low and the greater portion of it at times is submerged and nothing grows on it but wild hay. Geo. Renchaw is the present occupier and lives thereon he has a house and barn and some stock. There is a wharf built on the north side of it there considerable wood used to be sold to the boats but there is not much traffic in that at present. The soil is good but it being so

It was leased to Com Hamilton in 1819 for 99 years at $20 rental per annum. The lease says ~~the Island~~ it contains 100 acres but the Island is accused for 160 acres. Christates Island.

Lies opposite Lots No 22 & 23 in the Broken Front of the Township of Dundee. It contains about 70 acres and is unoccupied. An Indian by the name of Christate used to live on it but he removed some years ago to St. Regis He used to cultivate a small portion of the Island but it is now grown up with brush and weeds. Trees of a medium size are scattered all over it. Attached to it on the south side is a bay piece of marsh on which hay is cut at times. It is in keeping with the rest of the Islands so far as soil &c is concerned. It could make a very good farm but very inconvenient to those who would reside there. Value about $4.00 per acre

It was leased to Thompson who was a Surveyor and who surveyed a considerable of the Lands near this in Ontario The lease is for a long term 999 years but I could not ascertain the date. It belongs to J. McMartin Advocate Montreal Qebec a man of the name of James Cameron I think resides on it. The annual rent is $10.00 but none has been paid for between 17 & 18 years A portion of the Island has been cultivated but the family living on it now does not cultivate very much of it. The soil is good. The largest portion of it is covered with medium sized trees of different species value about 1000. There is a small island at the foot of this one about an acre in extent but of very little use.

Dear Sir

As the lessee of Jacobs Island from the Indian department I am desirous of having my tenure of this Island confirmed by the Commission about to inquire into matters affecting the Indian lands in Dundee

With the view of making the Island a Summer resort I have made improvements upon it to the extent of about $15000 but a further expenditure

of a considerable amount will be necessary to complete the project

To effect this would be necessary for me to associate others with me and I fear I will be unable to get Capitalists to join in the enterprise without obtaining the fee simple

This I would like to do by communicating with the department surrendering my present lease paying the department for the lands and obtaining a patent.

The enterprise I have in view would greatly benefit the locality & the Indians for whose benefit Moose Island

In the matter of

JACOB'S ISLAND

November IIth 1887.

The Commission met in the evening to hear an application of Mr.Maclennan, Q.C., in regard to Jacob's Island.

Mr.Maclennan. This Jacob's Island was first leased to David Somers in 1851, by a long lease. In 1871 the island was acquired from the Somers estate by John Craig. When he acquired it, it was found that the old lease was inoperative, inasmuch as it did not comply with the order in Council made in 1822, providing for 30 year leases instead of long leases. The old lease was cancelled, and a new lease was given to Craig in 1871. That lease was transferred by John Craig to his son, and by his son subsequently to the late Dr.Dickinson. In 1885 it was acquired by me from the Dickinson estate. A few years ago Mr.Dickinson, while owner, entered into the project of making it a summer resort, and made improvements upon it to a certain extent. That project has since been carried out by myself, so that now we have accommodation, including hotel accommodation and kitchen accommodation, for, perhaps a couple of hundred people. It has involved an expenditure, probably, of about $15000. Of course, as a summer resort, it is but a small affair, a mere beginning. Before going to any further expense, and getting others to join in with me in any further expenditure that would be required, I intend to make application to the Government in some form, to get my title changed into a fee simple. Without that it will be impossible to gat capitalists to join in going to any further expenditure that will be necessary. I intend further

Further to show in evidence the value of the Island in 1871 when the present lease was given, its value now without the improvements and the value of the improvements. I propose also to show that the Island belongs to a class of lands that the Indians do now occupy, because it is a well knwon fact that the Indians will not occupy any island by themselves; they have not done so except in very exceptional cases. Of the 55 islands which belong to this reservation, only six are occupied by Indians, somewhere about 23 are occupied by whites, and about the same number are unoccupied at all.

I intend to show, also, that the furthering of the project I have in view, would be a great advantage to the Indians of the St. Regis band by providing a market for their baskets, their fish and their berries, and all the products they have to sell. During the lasttwo years that the island has been used as a summer resort, many of the Indians have made a good deal of money out of it. That is one of the strongest reasons that I propose to press upon the attention of the Department as a ground for changing the title, so that I may be enabled to carry the project to completion, by the larger expenditure that will still be necessary. The lease extends for 30 years from 1871; it will therefore terminate in 1901. I pay the respectable rent of $6 a year. The lease does not provide for payment for the improvements, but I apprehend that under our law, a holder under a lease of that sort could either call for a renewal perpetually, or, if he were rejected from the property, could call for payment for his improvement. In the first place, the leases of these lands were leases of landsin a state of nature. In order to enable the tenant to utilize these lands in any way, you would have to make improvements, and therefore at the time the leases were executed, it was contemplated that the tenant should make improvements.

Judge Burbidge. These improvements might be part of his rent.

Mr.Maclennan. It might be so construed, but it was never so

ever so expressed. But whatever effect that would have in our case, I dare say, it would have this effect in our Courts in Ontario from the cases I have been looking over, that the improvements consisting of buildings might be removed at the expiration of the lease.

Judge Burbidge. It might be removable before the expiration of the lease, and not after.

Mr. Maclennan. Our courts have held, that when a man is ejected after the expiration of his lease, he can remove his buildings under certain circumstances. He has control of the buildings while the lease runs, whereas in this case, he has control of them after the lease expires.

Mr. Lynch. What is the acreage of land?

Mr. MacLennan. About 40 acres. It is expressed in the lease to be 60, but the actual measurement is about 40.

Mr. Dingman. You want to get a deed for the Island?

Mr. Maclennan. Yes.

Mr. Dingman. Has it been surrendered to the Department for sale?

Mr. Maclennan. No. Therefore it is impossible to get a deed without some legislation. The very difficulty which you are now enquiring into, has set the minds of the Indians against surrendering any lands, either for lease or for sale. Up to about ten years ago there was no difficulty in getting the Indians to lease an island if it was desired.

Mr. Dingman. Do you think that Parliament would legislate an island away from the Indians without their consent?

Mr. Maclennan. I suppose that Indians are in the same condition that infants are, independent of the law, and I suppose the Government would do what they think best for them. It is to be borne in mind, of course, that these lands are not vested in the Indians; the lands are vested in the Crown, held, of course, in

trust for the Indians. If the Legislature has the same position as an ordinary trustee, then they can deal with them just as they like, and they are only answerable in this, that they deal with them in the manner which is most advantageous to the Indians.

Mr.Dingman. In some instances, the Department refrains from administering the affairs of the Indians, because they cannot get consent.

Mr.Maclennan. As far as the action of the Department is concerned, it is quite clear there must be a surrender, either for the purpose of lease or sale, a surrender taken by the consent of the band. But I have no doubt that the Legislature, or the Government of whom these Indians are wards, might very properly legislate to dispense with the surrender. Of course, the fact that the Indians will not surrender one acre of land for the purpose of lease or sale gives rise to difficulties. I might apply to them and say, I want to buy this island, but I would have to get a vote of the majority of the males of 21 years of age, and I do not suppose, out of a band numbering 1000 Indians, there would be a dozen to vote in favor of it. Since this difficulty has arisen in regard to the Dundee lands, the Indians have got the idea that if they part with an acre, either by way of lease or sale, they prejudice their rights down here. The few attempts that have been made in recent years to get leases from them, have entirely failed just because they have made up their minds that they will not part with an acre of land, either by way of lease or sale.

Mr.Lynch. Was that lease in this case, given by competition, or by arrangement with the Department?

Mr.Maclennan. It was by arrangement with the Indians themselves, ratified afterwards by the Department. They do not adopt the same rule with regard to landson this reserve, that they do on the Thousand Islands. Here you take a vote of the Indians for a surrender of the lands to the Government, for the purpose of leas-

of leasing, and when the vote is taken, if it is favorable to the applicant, then the Department grants the lease as a matter of course. I put in a certified copy of the lease from the Indian chief of St.Regis, dated 12th August, 1871, to John Craig, of Jacobs Island, for a term of 30 years, at a rental of $6 a year, marked exhibit No.3. Exhibit No.4 is a certified copy of an assignment bearing date the 8th of Dec.,1874, from John Craig to James R. Craig; No.5 is a certified copy of an assignment dated the 18th of Feb.,1878, from James R.Craig to James John Dickinson; No.6 is an assignment dated the 29th of May, 1885, from the executors of James John Dickinson to myself, john B.Maclennan. The originals of these papers are all on file in the Indian Department. That is the title under which I claim. There is also filed herewith, as exhibit No.I a letter of D.V.Maclennan to the Hon.Thomas White, in the matter of Jacob's Island; and No.2 is a letter of the Hon.Thomas White.

John Craig, being sworn by Mr.A.Dingman, Inspector of Indian Agencies, deposed:

Q. You are the lessee of Jacob's Island, under lease of 1871?

A. Yes. It was I who got out the lease.

Q. The island was formerly occupied by David Summers I believe?

A. Yes, in his lifetime and afterwards by his son and his widow. I held it until I gave an assignment to my son.

Q. In what shape was the island when you got it in regard to improvements?

A. Nearly in a state of nature.

Q. Could that island be easily reduced to a state of cultivation?

A. No. It was stony and brushy.

Q. Was any of the original valuable timber upon it when you

got it?

A. No, it was all gut down and covered with second growth in a very poor state.

Q. Was there any buildings on it when you got it?

A. There was an old barn, a good deal wrecked.

Q. What was the value per acre, if you were buying it out and out, and getting a fee simple at that time?

A. If it was mine, I do not think at that time I would have given $4 an acre. I would have looked at it a good while before giving $4.

Q. If it were in the same condition now that it was in 1871, what would it be worth?

A. The way you have got it now?

Q. If it were in the same condition now that it was in 1871 when you got it, what would it be worth per acre?

A. I would say it would be worth $8 an acre.

Q. There are many other islands around this one in the same locality?

A. Yes.

Q. It is about five miles distant from St.Regis?

A. About that.

Q. Can you form any idea as to the advantage the Indians will derive from having a large population on this island in summer?

A. It will give them a market for their berries and baskets and such things as that, because people resorting to the island will require those things.

By Mr.White.

Q. For what purpose did you buy this island?

A. For agricultural purposes.

Q. How did you come to dispose of it?

A. I gave it to my son, and he used it for agricultural pur-

purposes.

Q. While it was in your possession was it cleared?

A. Not when I got it, but I made a good deal of improvements upon it myself for agricultural purposes, in buildings and things of that sort. I put up a little house on it besides a barn, and picked up a great many stones, and got it fit for agricultural use.

Q. What was the value of your improvements, roughly?

A. Between $100 and $200.

Re-examined.

Q. Was the whole island very stony?

A. Most of it. There were some parts not so bad.

By Mr.Lynch.

Q. How much did you sell it to your son for?

A. I did not sell it, I made an arrangement with my son for the whole place.

Q. But in that arrangement what price did you fix upon the island?

A. $400 was the price. My son disposed of it to Dr.Dickinson

John Davidson, being sworn by Mr.Dingman, testified:

I was Indian Agent in 1878 and prior thereto. I made an examination of the islands belonging to the St.Regis Indians, and made a report thereon in 1878.

Q. You made the report for the purpose of submitting it to the Indian Department?

A. I was instructed to do so.

Q. That report, I suppose, truly states the condition of the islands at that time?

A. Yes, as nearly as I could get it.

Q. Would you be willing to swear to the statements in that

[illegible]t report.

A. Yes.

By Mr.Dingman.

Q. Did you make that report on instructions from the Department?

A. Yes. I was not acquainted with any of the islands up west, and I wrote to the Department saying, I would like to take a trip through them so as to know something about them, to know better what to do, and they gave me liberty to go on and visit them all and make a report. I got a boat up at Brockville and rowed all the way down from Cornwall. I made a personal examination of all the islands.

By Mr.Maclennan.

Q. I see you valued the islands?

A. That was my instructions, what I thought the lands were worth.

Q. In speaking of the value of Jacob's Island, did you value it at what it was worth at that time, with the improvements on it?

A. That is what I meant.

Q. With such improvements as were on it at that time?

A. What I considered the island would be worth.

By Mr.Dingman.

Q. Did you value the land and the improvements separately?

A. No.

By Mr.White.

Q. Did you visit this island personally?

A. Yes. It was in the month of May. I started to do this on the 20th of May, ~~and was gone, it may have been,~~ or it may have been the 1st of June.

Q. You state here that when you visited it, Dr.Dickinson had commenced planting trees and erecting buildings; can you state from recollection how far that had gone?

A. No, it could not have gone very far, for he had not had it a great while. He had only made a commencement.

Q. Then this report is from information you received at the

the island, that is, it was the information of Dr.Dickinson, and not what you saw?

A. Of course I saw for myself, and then I was told besides.

James R.Craig, being sworn by Mr.Dingman, testified:

Q. You acquired a lease of this island from your father, john Craig?

A. He made an assignment to me.

Q. And you afterwards assigned it to Dr.Dickinson?

A. Yes.

Q. What was the island worth at the time you got it from your father, if you were buying a freehold?

A. I suppose it might be worth $10, it might be worth a little more. As a freehold I would give more for it. I paid $6 a year rent for it. The first I knew, it was a 30 year lease, and I knew the Indians were opposed to granting new leases.

Q. I understand you to say, it would be worth $10 an acre if you were buying it, but if you were getting a deed then you would give more?

A. I would give probably $12, I would not risk any more than $12 at that time, in 1874.

Q. Do you know the condition in which it was at the time your father bought it in 1871?

A. No, I was in California, or the State of Nevada.

Q. You know your father has made some improvements on it?

A. Yes.

Q. If the island were in the same condition it was before your father made the imppovements, what would you give for it per acre, buying it out and out?

A. I would make quite a difference with the fee simple, I

I might have given $8 an acre for it at the time my father got it.

Q. If it were in the same condition now, as it was when your father gotit, in the same state of nature, what would you give for it to-day?

A. I would give $IO an acre.

Q. Do you kn ow as a matter of fact, that the Indians do not occupy these islands as a general thing?

A. They dont as a general thing at all. That island has lain there for years and they never occupied it.

Q. There are four or five islands right around this, I believe, all unoccupied?

A. Yes. Some islands are better than that, better soil.

Q. How large is Plum Island?

A. It is not quite so large as Jacob's Island.

By Mr.Dingman.

Q. How many acres do you suppose there would be in Plum Island?

A. Perhaps 30 acres.

Q. Is Jacob's Island large enough for a farm?

A. For a small farm.

Q. You are aware that this island is occupied in summer by visitors, for the last two or three years?

A. Yes, it is occupied longer than that.

Q. Is it an advantage to the Indians of the band to have the island so occupied?

A. Yes.

Q. In what way?

A. Well, they would have an opportunity of selling anything they had to sell.

[redacted]itors are there.

A. I have seen a few there. I have only been there occasionally, I have not had an opportunity of seeing a great deal of it.

Q. How much were you there during the course of last summer?

A. I was there two or three times, by it.

Q. Did you see any Indians there last summer?

A. Yes.

Q. On each occasion you were there?

A. I think I was there on some two or three occasions.

Q. Were you there on special occasions when the public were invited to this island, for special amusement.

A. On ordinary occasions.

Q. Was it Saturday afternoon, for instance, or Sundays?

A. I never was there on Sundays since I sold the island.

Q. On these three occasions when you were there, did you see a good many people?

A. Yes, quite a number of people.

Q. That is, more than the usual number of guests on the island?

A. I suppose they were guests. They were there boarding in a big boarding house and camping.

Q. Were the Indians specially attracted on these occasions, or did they appear to be there in the usual course of matters?

A. That is what I supposed, in the usual course of things. I supposed they were there trading. I never took into consideration what they were doing there.

Q. Is it not a fact that this island is specially adapted for a summer resort by nature, and unfit for agriculture?

A. I told Dr.Dickinson when he came to me to buy it, that I thought he was mad. All he offered me was $250 for it.

By Judge Burbidge.

Q. How much did he give you in the end?

A. He allowed me $400. I owed him a heavy doctor's bill, $608, and he had my note for it. He was crowding me, and I was so situated, and the island was so situated, with the title I had for it, that I could not raise money on it, He was wanting to close his account, and I asked him $450, and finally he said he would give me $400. I offered it to my brother, who lives nearly opposite on the land shore, and he would not touch it.

Q. Do you know for what purpose Dr.Dickinson bought this island?

A. For a summer resort, to improve it. He has built a wharf there, and several said he was mad. I think it broke him. He went down in the world.

By Mr.Maclennan.

Q. Did you think at that time it was adapted for a summer resort?

A. As I have already stated, most everyone passed the remark that he was mad.

Q. Why?

A. Because it would never pay.

Q. You did not think it well adapted for a summer resort in the state in which it was?

A. Nobody thought so. There was nothing but the bare island and a barn on it.

By Mr.White.

Q. Experience has shown you that it was adapted for a summer resort?

A. It has proved successful.

By Mr.Dingman.

Q. You are quite certain that the Indians sought that island as a place for marketing their wares?

A. I could not say.

I was in the employment of the late Dr.Dickinson, as an accountant, from the spring of 1880 until the fall of 1882.

A. He was. He was clearing it up, taking off the stone, grubbing out the roots and building cottages. He also built a wharf and a hotel.

Q. Had he been making improvements before you were in his employment?

A. I think he had.

Q. Did he make improvements after you left?

A. Yes, and they continued to go on.

Q. Can you give us an idea as to the amount he expended in improving the island while you were with him?

A. He spent in the neighborhood of $5000.

By Mr.White.

Q. Have you a personal knowledge of that expenditure of $5000

A. I think so.

Q. In what way?

A. It employs some of them, people buy their fish and berries baskets &c. People employ them in rowing.

Q. Did they realise a good deal of money last year and the year before?

A. I think so. I know one squaw alone who sold $40 or $50 worth of baskets.

Q. Were the Indians in the habit of going there every day during the season?

A. Yes, with berries or fish. I bought fish from them myself nearly every day.

Q. Besides your hotel, there are some ten or twelve cottages with families living in them, are there not?

A. Yes.

By Mr.White.

Q. About what number of Indians were engaged in this trade you have spoken of?

A. Well, I had one, sometimes two, rowing parties.

Q. Only one or two?

A. Yes, there were some others who bought fish of them. But I kept one there last year all summer, one alone pretty much all summer.

Q. About how many are in the habit of frequenting the island for the purpose of trade?

A. All of half a dozen, anyway, come regularly, sometimes more.

Q. That would be about the average?

A. Yes.

Q. Do you know where these Indians come from?

A. Some from St.Regis, and some from the islands above where there are Indians.

A. I think we used to see about half a dozen in the hotel. Many would come to the cottages and would not come to the hotel.

Q. Is it not a fact that the Indians have a market at Cornwall for all their wares, and at Messema and Hogansburg.

A. I could not say.

Q. Have they not a good market in Cornwall for all their wares and produce?

A. They sell quite a lot in Cornwall.

Q. Would the necessity for a market for the Indians justify the Government in selling this island without the consent of the Indians?

Judge Burbidge. That is too hard a question to ask.

By Mr.Maclennan.

Q. Indians who come to the islands with baskets from St.Regis would be nearer to Cornwall than to the island?

A. O yes.

Q. Do you think there is any market at all for the sale of baskets in Cornwall, to be compared with the market on the island?

A. I think the market on the island is better.

By Mr.Lynch.

Q. The island is a very attractive summer resort, I suppose?

A. Yes.

be[illegible] he bought it.

A. Yes.

Q. At that time before it was improved by Dr.Dickinson, was it any better adapted for a summer resort than any of the other islands?

A. I suppose probably it was.

Q. Is it as well adapted for a summer resort as Hamilton Island?

A. I think Hamilton Island would be the best. It is two miles distant from this island.

Q. I suppose Hopkins Point is equally well adapted for a summer resort as Jacob's Island?

A. I think so.

Q. I suppose there are many places on the main shore that would be well adapted for a summer resort---Stone House Point for instance?

A. I think it would be very nice.

Q. Is it not better adapted than any of the islands?

A. I think it would be. It would require less than half the expenditure.

Q. The advantage of a summer resort on the land over the island, is very great, is it not?

A. Yes, with regard to attracting people who drive?

Q. How far is Jacob's Island from the shore on the North side?

A. Pretty nearly a mile, I think.

Q. And on the south side.

A. To Hopkins Point they call it two miles.

By Mr.White.

Q. These other places you have spoken about, are they not available for purposes of agriculture? Are they used as farms now?

A. They are used for farms altogether. People go there for camping. I do not think they work Stonehouse Point as a farm, I do not think they plough there. There are lighthouses there.

William Holdsworth, being sworn by Mr.Dingman, testified:

I am a farmer living in Charlottenburg, nearly opposite Jacob' s Island.

Q. Have you been on the island frequently the last two summers while visitors were there?

A. Yes.

Q. Did you see Indians trading there?

A. I have seen some. They had baskets or pails.

Q. What were they there for?

A. They appeared to have berries.

Q. Would the making of Jacobs Island a summer resort be an advantage to the Indians of the St.Regis band?

A. I think it would.

Q. In what way?

A. By selling their wares, and the work they would get there, by rowing and working.

Q. Did you know this island when John Craig got his lease in 1871?

A. I have been there, but I could not say much about it. It was a rough looking place.

Q. What would it be worth at that time to buy, fee simple.

A. I think it would be something like what they said to you ---$8 an acre.

Q. If it were in the same condition now that it was then, what would it be worth?

A. It would be worth a little more on account of property getting higher.

Q. How much more?

A. There were stones, and brush and weeds of all descriptions; it cost a great deal to improve it.

By Mr.Lynch.

Q. Is it high land, the island?

A. It is very high.

Q. Not very well suited, I suppose, for farming purposes?

A. It is pretty hard soil, pretty stony; but there are places very clear of stones, only a small portion.

By Mr.Maclennan.

Q. You mean that the land is high in the sense that it is not submerged under water like the adjoining island?

A. Yes, it slopes up gradually from the river.

Daniel Ward, being sworn by Mr.Dingman, testified:

I amliving at Summerstown, which is nearly opposite Jacobs Island.

Q. Did you know Jacob's Island when Mr.Craig first got it, in 1871?

A. No.

Q. Did you know it before Dr.Dickinson commenced to improve it?

A. Yes.

Q. In what condition was it at that time?

A. In a very rough state, with stones and brush.

Q. If you had wished to buy the fee simple, before Dr.Dickinson commenced to improve it, how much would you give for it?

A. I would not have given more than $200, or $5 an acre, assuming there are 40 acres.

Q. If it were in the same condition now, that it was when you first knew it, what would you give for it per acre?

A. It would be worth a little more, the rise of land around there, would, perhaps, make it worth $8.

Q. Is it an advantage to the Indians of the St.Regis band to have a summer resort on Dickinson's Island?

A. I should judge so. I know I have seen them come there to market their produce, but I did not want to buy, nor the neighbors around me---such as corn, fish and berries. I do not know whether they sold or not.

By Mr.White.

Q. You are aware there is a hotel on that island?

A. Yes.

Q. Is liquor sold there?

A. I could not say. I do not use it, and I never made any enquiry.

Q. Does it not appear to you that the neighborhood of a summer resort, instead of being an advantage to the Indians, would have rather a demoralizing effect upon them?

A. I cannot say.

Q. Would it not tend to take them away from agricultural pursuits?

A. I cannot see it.

Q. Then you think it would be an advantage to them?

A. I do. Not having a summer resort for a market, they get on a steamboat and go to Montreal with their baskets.

Q. Is this market more easy of access than other markets like Cornwall?

A. I do not know as it is; but at certain times, when it is out of the fish season, they dare not sell in Cornwall under the laws.

Q. Is not that a demoralizing thing to the Indians, to offer them an illegal market?

A. I could not say. That is not for me to answer.

A. Up to this year. There is no market there now to my knowledge.

Q. THen what do you mean when you state that they could not sell at all times in Cornwall?

A. It might be worth $8 or $9.

Q. Is it an advantage to the Indians at St.Regis to have a summer resort upon this island?

A. I think so.

Q. Why?

A. It procures a market for their baskets and berries and fish, and gives them employment, of course, in rowing people about.

Q. Would it enhance the value of their other lands in the neighborhood?

By Mr. White.

Q. Have you any idea, from your personal observation, how many Indians resort to this island for the purpose of trading?

A. I cannot say how many, I have seen several.

Q. Do you know where they came from?

A. Well, from the surrounding islands.

Q. Have you any personal knowledge of the Indians of St. Regis village resorting to that island?

A. No, only from hearsay.

Alexander Smallman, being sworn by Mr. Dingman, testified:

I own two ferry steamers that ply between Dundee and Cornwall. I have been engaged for 16 years in the steamboat business on the same route. One of my steamers plys during the whole season, from the opening of navigation to the close. Jacobs Island is on the route between here and Cornwall, and during the months of July and August, I stopped there every day through the camping season; at other times I call.

Q. Do you know that many visitors were there last year and the year before?

A. A great many, I carry a good many people there myself.

Q. Do you consider that the use of this island as a summer resort would be an advantage to the Indians?

A. I think it would.

Q. In what way?

A. As it has been already represented here to-night, ~~that~~ gentlemen have been asked if there were not markets in other places

I have had a good deal of experience during the boating season, with the Indians in their berry and fish business. When they first start out, they go and sell all they can. In a short time afterwards, the market gets glutted and they have to hunt up other places---I am referring now to Cornwall---and I see lots of them down there with parties who go there, and I see them take a great many people there, passing up and down in a boat, taking them to the island. Then we meet them in the morning coming down to the island. I see them there with people, taking them out fishing, rowing them around these islands and back again. I know a great many parties whom I meet in the morning and see them there in the afternoon.

Q. Have you seen any of the St.Regis Indians bringing their products to the market?

A. Yes, I have taken it there myself for them, brought it from St.Regis, corn, berries and such stuff.

Q. Would it have a tendency to increase the value of their other lands?

A. I think so, because that island being fitted up, the islands adjacent to them would be worth more, because people would be more apt to visit them.

Q. Do you think that making a summer resort of Jacobs Island would benefit the islands near the shore?

A. I think so, fetching so many people there, it attracts the attention of strangers a great deal, and it gives employment to a good many living close by.

Q. The islands on the main shore, on the south side, belong to the Indians, I believe?

A. Yes.

Q. Do you think it would benefit those islands?

A. Well, I do not know what particualr effect it would have on them. It cannot make a very material difference.

By Mr.Dingman.

Q. It would effect the islands more particularly?

A. Yes.

By Mr.Maclennan.

Q. A majority of the islands in that neighborhood, are still unoccupied?

A. Most of them are unoccupied. St.Regis island is occupied pretty extensively, but of the smaller islands there are only one or two on which people live that I know of.

By Mr.Dingman.

Q. Is it not a fact that the Indians do not like to live on an island unless it is large enough for a number of families?

A. I have always understood that they like to congregate togeth_er.

Q. An island with only a few acres---

A. Is not likely to be inhabited. If you take Cornwall island, for example, there it seems all inhabited. Yellow island right opposite that is inhabited. But of these smaller islands there is only Corn Island, and the one above it, that are inhabited I think there is one family on that. There is another small island, and these are the only ones that are not inhabited.

By Mr.White.

Q. In your experience, is the near neighborhood of a summer resort,in any sense, a disadvantage to the Indians?

A. I think not.

Q. Are you aware that the Indians obtain liquor at these summer resorts, either from the hotel or from guests.

A. I never knew that they did. I have been there often myself, and I never saw an Indian get a drop of liquor, and did not know they could get any. I never saw one the worse of liquor, but I have seen lots of them the worse of liquor in other places. I have seen them the worse of liquor in Cornwall, almost every day, I believe, since the introductionof the Scott Act.

Frank Barnhart, being sworn by Mr.Dingman, testified:

I occupy Clarke's Island. It was unoccupied before I went into possession of it. I have been in possession of it three years. It is a few miles from Jacob's Island.

Q. Has the making of a summer resort of Jacobs Island, benefited you?

A. Yes, I have got a good deal of work there.

Q. Do you know that the Indians from St.Regis come there very frequently with articles to sell?

A. Yes.

Q. What do they sell?

A. Berries, corn, fish and baskets.

Q. Did you notice many of them come there this season?

A. Yes.

Q. Where did they come from?

A. From St.Regis and the islands.

Q. You occupy Clarkes Island by arrangement with the Indians there?

A. Yes.

Q. In right of your wife?

A. Yes.

Patrick Purcell, M.P., being sworn by Mr.Dingman, testified:

I live right opposite Jacobs Island on the main shore. My store is directly opposite.

Q. In your opinion, does the making of this island a summer resort, tend to the advantage of the Indians of St.Regis?

A. I do not find it advantageous for myself. I find that when people stayed on the island, we had to pay a great deal higher price for our fish. It was very hard to get this stuff in our

store. We had to pay a much higher price for it.

Q. You attribute the rising of the price of the product of the Indians, to there being a summer resort at Jacobs Island?

A. Decidedly, during the summer season.

Q. You have known this island for a long time?

A. Yes.

Q. What was it worth per acre to buy the fee simple when John Craig first got possession of it?

A. My opinion of that thing would not be as good as Mr. Craig's, and these gentlemen who have testified, because I was not acquainted with that part. My opinion was that it was not a good island for a summer resort. That was my opinion when Dr. Dickinson got it first, and I thought Stonehouse Point and Hamilton Point were better for that purpose, because the steamboat channel is on the south side. On Stonehouse Point there are veyy heavy hickoty trees, and a hill rises up from the shore, and the cold winds in the morning are not felt so much, because it is facing the south, facing the steamboat channel, and the same on Hamilton Island. I always thought that a summer resort is much preferable where it faces the south, particularly the steamboat channel. Jacobs Island faces the north, and the steamboat channel is on the north. People remain there until the mornings get pretty cold, and I think they could remain longer at either of these other places, I do not know whether they do or not. They could remain later in the season if that island faced the south. It is more pleasant where the island faces the steamboat channel.

Q. Then you think that before Dr. Dickinson commenced to improve it, Stonehouse Point and Hamilton Point were much better adapted for a summer resort?

A. I think so.

Q. Then Hamilton Island, without any improvements at all,

[redacted]w used as a summer resort?

A. It is now used as a summer resort. The question has also been asked, whether it is culti_vated. Both Hamilton island and Stonehouse Point are woods, a very fine growth. On Jacobs Island there are no woods at all except pieces of second growth. There is a hotel, and most of the buildings face the north.

By Mr.Lynch.

Q. Is the value of Jacobs Island to be determined by its value for agricultural purposes?

A. If I owned it, and it had no buildings on it, I would use it for pasturage rathar than anything else. It is very stony in most parts, a little flat to the east.

Q. Is the value of it to-day, for instance, to be estimated by its worth for agricultural purposes?

A. No. There are buildings on it now.

Q. I mean irrespective of buildings or improvements.

A. I would use it for agricultural purposes.

By Mr.White.

Q. Is that island available for agricultural purposes?

A. It is for pasturing.

Q. It is not large enough to farm?

A. No. There is not good land enough on it to farm, unless there is a piece on the east side of it. It is not land for a farmer, and I would not want to buy it unless I bought it for grass and pasture, not to live on it.

James Nicholson, being sworn by Mr.Dingman, testified:

I live on the main shore of Jacobs Island, and have lived there 39 or 40 years.

Q. What sort of an island was Jacobs Island before Mr.Craig got it?

Indian Affairs. (RG 10, Volume 2128, File 24,678)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

A. It was a pretty rough island.

Q. At that time was it of any value for a summer resort?

A. I would never think of such a thing at that time.

Q. If it were in the same condition to-day that it was at that time, would it be adapted for a summer resort?

A. I could not say. They might make a summer resort of it now. The St.Lawrence is getting more frequented.

Q. What was it worth per acre to buy the fee simple in 1871 when John Craig bought it?

A. $5 or $6 an acre.

Q. What would it be worth to-day if it were in the same condition that it was when Craig bought it?

A. Perhaps $7 or $8.

Q. Do you consider it would be advantageous to the Indians to have a summer resort on the island?

A. Yes. I have seen them there myself on several occasions to sell their goods, fish, corn and such things as that. They would come to the postoffice in order to sell them, and I would tell them to go over to Duquette and he would buy them.

By Mr.White.

Q. Do you know where these Indians came from?

A. From the surrounding islands, St.Regis, or the vicinity.

By Mr.Dingman.

Q. Several witnesses have stated that they have sent Indians to the island; is it not a fact, that they would have to pass the island before they could come to you?

A. My brother keeps the post-office, and he would be in when they came to sell.

Q. In coming to sell to you they would have to pass the island?

A. They make baskets down below before they come up.

Q. As a rule dont they come from the reserves to your place?

Indian Affairs. (RG 10, Volume 2128, File 24,678)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

Q. No, they would be out camping or fishing. They go down to the lower islands and manufacture these baskets.

Q. Would your place be the first place they would arrive at?

A. I live in Summerstown, and they would come along the shoreto sell this produce, and they would be out camping.

Q. Then it would be only those from the north side?

A. They would come down the river?

Q. But they would come from the north side of the river?

A. Yes.

Q. It is a little peculiar that they should come from St.Regis to your place, because in doing that they would pass the island.

A. I have seen them come on several occasions to sell fish to the farmers, when it would be out of season. I have bought fish myself from them on the road, when they had it, because they could not go into Cornwall to sell fish, as it was against the law.

George Renshaw, being sworn by Mr.Dingman, testified:

I have known Jacob's Island for about 27 years.

Q. What was it worth per acre when John Craig got it in 1871?

A. I could not say what land was worth exactly then, but it was not worth as much as it is now.

Q. Do you know that the Indians go there to trade in Summer?

A. Yes, I have seen them there myself the last three summers.

Q. Is it an advantage to the Indians to have summer visitors on the island?

A. I should think it was. I think they sell a good deal of their stuff there.

By Mr.White.

Q. What personal knowledge have you of that fact?

A. My personal knowledge is, that I think the Indians sell a

sold a good deal of their stuff there. I know they go to the island nearly opposite and eat their lunch there. Duquette buys fish from them.

Q. You know that because Duquette tells you; have you ever seen them selling fish on the island?

A. No, but they carry fish there to sell.

Q. Did you ever see any Indians selling fish or anything else on the island?

A. No, but I have seen them going round trying to catch fish to take there to sell.

Donald B.Maclennan, being sworn by Mr.Dinsman, tertified:

Dr.Dickinson, or my predecessor in the ownership of the lease of this island, died in the spring of 1884. Up to that time he had made considerable improvements on the island. In the spring of 1885, I purchased the leasehold from his executors. During the years 1885--86and the present year, I have continued to make improvements upon it, in the way of removing the under brush, a considerable part of which remained there, even after Dr.Dickinson had made all his improvements in erecting buildings and wharf, and in fitting up the island generally to make it attractive for visitors in summer. I may mention that before I acquired the island from Dickinson's estate, I had built myself a summer residence upon it, which cost, with the additions made to it up to the present time, some $1800. Mr.Brown, of Montreal, also built a summer residence, 5 or 6 years ago, worth, I suppose, $2500 or more. After I acquired the island in 1885, I enlarged the hotel, as I said before, and built a wharf and made other improvements. My entire expenditure upon the island, exclusive of the price which I paid for it, amounts to the sum of $9500. The price I paid for it was

Indian Affairs. (RG 10, Volume 2128, File 24,678)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

was $3000. I may explain that in my lease, the consideration was is expressed to be $3500. That arises from the fact, that I gave back to Mrs.Dickinson, widow of the former owner, a cottage and ~~at~~ site on which it stands, for $500. There are about a dozen cottages on the island, besides the hotel, including Brown's and mine. The others are of comparatively small value, with the exception of two, which were built this spring by lessees, and which are worth $500 or $600 each. With all these improvements it is quite a small affair as a summer resort, the hotel accommodation and the cottage accommodation only being sufficient for about 200 people. In order to make it a proper summer resort it requires a larger expenditure. It requires a hotel which would accommodate 400 or 500 people. That would require, probably, the building of an addition to the hotel, and the other improvements about the island which would be necessary, would cost, I suppose, $12000 or $15000 additional expenditure, perhaps more. The difficulty which has arisen in regard to the Dundee lands, has called my attention to the probable existence in regard to Jacob's Island when my lease expires, and I feel it is very desirable that I should obtain an absolute title without which I would hardly think of making any more expenditure upon it.

By Mr.White.

Q. What steps have you already taken to obtain the consent of the Indians?

A. No steps at all. The question has suggested to me to say on oath what I mentioned before, that since the question has arisen in regard to the Dundee lands, the Indians are unwilling to vote the surrender of any of their lands, either for lease or sale; and I believe it would be utterly impossible to obtain their consent to sell, or even a renewal of the lease at the present time. Prior to this difficulty in regard to the Dundee lands, the Indians were rather disposed to lease their lands than otherwise.

not refer to the question of selling, because I do not know any proposal ever made to them to buy any property. One of the islands in this group, as appears from Mr.Davidson's report, was sold many years ago, and the fee simple was granted to the tenant.

By Judge Burbidge.

Q. Do the Indians make any use of these islands that are not occupied, by temporary occupation during the summer?

A. No, with the exception of one, or possibly two. There is an island called Wilkinson's Island, formerly owned by Dr.Dickinson. He had improved it, cleared it, and I believe he intended to use that by planting some potatoes on it, but they did not live on it. It appears from Mr.Davidson's report (and I refer to the matters in the report, which are within my own knowledge) that the Indians do not occupy, as a general thing, the small islands. They seem to be averse to living on an island unless they have neighbors. The condition of the islands, according to Mr.Davidson's report, shows this very clearly. According to that report, of the 54 or 55 islands, only 6 are occupied by Indians. One of these, Cornwall Island, is reported to have an acreage of 35 acres. Another, St. Regis, with an acreage of 600, is occupied by Indians. Two other islands, Yellow Island and another one of the same size, 1300 acres are occupied by Indians. Of the smaller islands occupied, there is one occupied by the witness Barnhart, (whose wife is an Indian woman,) containing about 30 acres, and below the island near the main shore, there is one containing also 30 acres, occupied by two Indian families. To be exact, of the 55 islands, 26 are unoccupied 23 are occupied by whites, and 6 are occupied by Indians, according to Mr.Davidson's report. Since that time there may have been slight changes, but those changes do not materially effect the features of this statement, in regard to the comparative number occupied by whites or Indians, and those unoccupied.

By Mr.Dingman.

Q. Is your hotel accommodation taxed to its fullest capacity?

A. In 1886 it was taxed beyond its capacity. Many visitors had to be sent away.

Q. Therefore you would feel justified in extending your hotel conveniences?

A. Yes, it is absolutely necessary in order to make the place a success as a summer resort. It was not so much overtaxed this year, because they have made some additions.

Q. But the number of your visitors was equally as large?

A. It was greater this year. I may state that Hamilton Island, which is about a mile or a mile and a half distant from Jacobs Island, is also a summer resort. By nature extremely well adapted for a summer resort, it attracts a good many visitors, without the expenditure of, I suppose, more than $200 or $300 expended upon it. It attracts a great many visitors; they camp out generally, and some have small cottages. The guests generally come from across the river, the American side, some from Cornwall, some from Toronto, and some across by the ferry steamer. Our visitors come from various parts, the greater part from Montreal, and next to Montreal the greater number come from Cornwall.

By Mr.Lynch.

Q. Are not the islands more sought after now, as favorable summer resorts, than a few years ago?

A. I am not quite sure of it. This Jacob's Island is the only one which has been turned into a summer resort. I have no doubt that there would be far more sought after if these islands could be got, but as it is well known that it is absolutely impossible to get a lease from the Indians, of course, people never attempt to get one in this neighborhood. On Lake St.Francis there are two small summer resorts on the south side of the river, and the whole of them, considering the locality in which this island is

Indian Affairs. (RG 10, Volume 2128, File 24,678)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

is situated, would be, perhaps, better adapted for a summer resort. For instance, we can get a far larger number to go to a summer resort at Hamilton Island or Stonehouse Point, from Cornwall, if they had the same accommodation, because people can drive there. I may mention that Stonehouse Point, within 4 miles of this island, is, perhaps, one of the finest localities for a summer resort that can be found anywhere. Before I got this island, I tried to purchase Stonehouse Point, thinking it far more desirable. It is well adapted by nature, and requires no expenditure at all. I may say that Jacob's Island has become an extremely desirable now for a summer resort, but that result has been brought about by a large expenditure of money upon it. The wharf cost $2500, and is one of the best wharves along the river. It requires to be very strong on account of its being near the channel and the current, and is exposed to the breaking up of the ice in the spring. I now produce a paper as exhibit 7, containing a true copy of the original duplicate of Mr.Davidson's report, which I found in the Ind ian office at St.Regis.

Sir;-

I am in receipt of your communication of the 21st inst and am much pleased to find that the Superintendent General's settlement of the long standing dispute regarding the Dundee Lands has produced such a benefical influence upon the Indians and that they have surrendered Jacobs Island. I observe however from your letter that Jacobs Island has been surrendered to be leased and not to be sold. My intention i n writing on the 4th of November 1887 to the Minister was to procure the title in fee simple. In view of the facts that my present lease runs for thirteen years more and that the new lease I could obtain would only run for thirty years it would be scarcely any advantage to exchange my present lease tenure for a tenure of a singular character.

My project of making the Island a summer resort has only been fairly started. To complete it will require an additional outlay of twenty thousand dollars. I could not think of making this expenditure without obtaining the fee simple. I

would therefore urge that a surrender of the Island to be sold for the benefit of the Indians should be obtained. One of the Islands of the St Regis group has already been sold as will be observed by the report of John Davidson late Indian Agent sent to your department in 1878. In Davidson's report Jacobs Island is valued at $10.00 an acre which would be $400.00 for the forty acres it contains. And in the evidence which the minister kindly allowed me to give before the Commissioner at Dundee the value was variously stated by six witnesses at from $7.00 to $12.00 averaging $9.00 an acre. In order to make it an object to the Indians to surrender for sale I would be willing to pay $1000.00 for a patent which is more than double the value of the land for any purpose whatever. If I were ~~giving~~ beginning the project I would certainly not give $500. for it. I am induced to make so large an offer simply because my present enterprise is blocked unless I can obtain the fee simple.

One of the Commissioner's at Dundee seemed to think that the Island was more valuable for the purpose of a summer resort than any other ~~and this~~ but it is quite obvious that this is not the case from the fact that no summer resort has ever been attended with any pecuniary profit. I certainly do not expect

to realize more than four percent on my expenditure. Looking at the matter from the stand point of the Indians I have only to contrast the annual rental of $6.00 which my present lease calls for up to 1901 with the interest which could be obtained for the Indians from the sum which I promise to pay.

The Indian Act provides for surrenders for sale as well as for lease so that what I ask to be done in this case does not involve the inauguration of any new policy in regard to these Islands.

I have only further to mention as a reason in support of my application the advantages that would accrue to the surrounding country and especially to the Indians in bringing to their doors in summer a market for their fish baskets and other articles manufactured by them which would flow fom congregating on the Island of a large number of people for two months in summer.

The effects in those respects of the presence of some 200 people in the years 1886 and 1887 were very perceptibly felt and all that is required to increase the number of visitors to 1000 is the erection of an additional ~~hotel~~ *hotel* accommodation and adding to the attractions of the Island in various other ways and I venture to think that it is a credit to the country to have such an ~~enterprise~~

I beg leave to acknowledge Receipt of your letter of the 13th ultimo N°-24.678. In Reference to Jacobs Island in the St. Lawrence as an offer had been Made by the present holder of the lease Mr. Maclennan of $1000, I had an interview Recently with the Chiefs and also other Indian of the Band and explained to them the benefit they would derive from the Island if it was sold. I advised them to Consent to the Sale. They seem to be very timid in giving any Reply thought it best to wait until the present lease Expires. I did not urge them very Strongly as they are some what unsettled about the Drundee lands. I think it better to let the matter rest just at present and will see what can be done later on, in the meantime will do what I can to bring it about.

I explained to the Indians that the surrender for sale would require a majority of votes of the Male Members of the Band of 21 years and over at a general Meeting Summond for that purpose, according to the Rules and Customs of the Band. The Indians appear to think that the Chiefs have the right to sell the Island in question.

Sir:-

Re- Jacobs Island.

I became the lessee of this Island in 1885 and on the 11th November 1887 with the kind permission of the late Honorable Thomas White I appeared before Mr. Justice Burbridge, Hon. W. W. Lynch and Mr. Dingwall sitting as a Commission at Dundee and presented evidence before them on which to grant my application to your Department for the purchase of the Island and evidence was taken which was forwarded to the Department.

My present Lease of thirty years expires in 1901 but the Island was surrendered for releasing during the late Mr. White's visit to Dundee and an Order in Council was passed accepting it.

On the 24th. March 1888, I wrote to Mr. Vankoughnet offering $1000, for the Island being at the rate of $25, an acre for the forty acres it contains.

Mr. Davidson Indian Agent at St. Regis in 1878 examined and valued all the Islands of this group. He valued Jacobs Island at $10, an acre.

On the 18th. of April I received Mr. Vankoughnet's reply that he was writing to the Indian Agent at St. Regis

reporting my offer and requesting him to advise the Indians to consent to the Island being sold.

The hostility of the St. Regis Band to surrendering for sale up to the present time prevented anything being done towards the acceptance of my offer but I think they will now surrender for sale.

I have made a large offer to make it an object to the Indians to consent to sell.

I understand that for some time Mr. George Long the present Indian Agent has instructions, though not of recent date to take a vote of the band for the surrender of Jacobs Island for sale but he would not probably feel justified in acting upon it without the renewal of the instructions. Kindly instruct him in the matter forwarding the instructions to be signed by the Chiefs and principal men of the band. A few years ago I named the property Stanley Island in honor of the late Governor General and would ask your Department to convey the Island under that name making proper reference to the old name for the purpose of identity.

Sir,

The Indians held a meeting on the 25th ultimo, partly in relation to the surrender of Stanley Island for sale to the present lessee Mr. D.B. Maclennan who was present at the meeting. There was nothing done more than talk the matter over. Mr Maclennan told them that his offer of $1000.00 was still open, which he considers a good value for the Island containing about 40 acres, which would be equal to $25.00 pr acre. not very certain whether the Indians will consent or not.

Sir,

In reply to your Special Notice of the 18th ~~instant~~ also your letter of the 28th November last No 9468 in relation to the present Lease of Jacobs Island, (also called Stanley Island) the sum offered by the present Lessee $1000.00 which I consider good value. I have held many meetings on this matter and always met with a strong opposition. I have consulted with the Chiefs & other Indians in the matter and told them to let me know when they were willing to surrender the Island for sale. There is a meeting to be held about the first of May to see what can be done in the matter of course I do not say that they will surrender but will find out the results. Perhaps it would be well to have the Forms of Surrender filled out and forwarded in case they may be needed.

Hon. & Dear Sir,

I notice in the annual report of your Department that the revenue derived by the Government from Stanley Island, opposite Summerstown, Ont., is only $6 per annum. It appears to be leased to D.B.MacLennan of Cornwall.

I should be glad to know if that or any other island along the St.Lawrence is open to competition from lessees or purchasers; for myself, I should be glad to pay many times $6 per annum for Stanley Island, or to purchase it from the Government on assured terms, that is if property be not pledged to another. I am informed that a new lease is about to be made in a few days, and hope I am not too late to appear as a competitor.

In reply to your letter of the 29th Instant in relation to Stanley Island, opposite Summerstown, River St. Lawrence, I have to inform you that this Island is under Lease for a term of 30 years from the 12th August 1871 at a yearly rental of $6.00, which Lease is now held by Mr. D.B. McLennan of Cornwall. This Island is therefore not in the market for leasing and the Department, at present, could not entertain any application for purchase thereof as the Island has not been surrendered by the Indians for sale. There are no Islands in this part of the St. Lawrence River at present in the market as they are all required by the Indians of St. Regis for their own use. If you desire to purchase any Islands further up the River, I enclose you a pamphlet showing Islands still for sale.

In reply to your letter of the 7th Instant I beg to enlose a printed copy of Surrender No 253 made by the Indians of the St. Regis Band on the 16th February 1888, which is a Surrender for the leasing of Jacob's Island in the River St. Lawrence, and the Order-in-Council of the 22nd February 1888 simply accepts this Surrender.

On reference to letter to you of the 13th April 1888 it is observed that you were informed that the Indians had refused to surrender the Island for sale. This letter was in answer to one from you of the 24th March same year in which you state "my intention in writing on the 4th November 1887 to "the Minister was to procure the title in Fee Simple. In view of "the fact that my present Lease runs for 13 years more and that "the new Lease I could obtain would only run for 30 years, it "would be scarcely any advantage to exchange my present Lease "tenure for a tenure of a singular character. The Honorable Superintendent General
of Indian Affairs,
Ottawa.

Sir:-

I am in receipt of a communication from your department dated the 13th inst., enclosing copies of the instrument surrendering Jacobs Island for leasing, and of the Order in Council accepting the same, and intimating that my tenure is that of a lease which expires in 1901 and which makes no provision for renewal.

In reply to this communication I beg to call your attention to the fact that the proceedings taken in 1888 were for the express purpose of making provision for a renewal of my lease when it expired. The action taken by the late Honorable Thomas White, then Minister of Indian Affairs, was upon evidence which he himself directed to be taken before the commission appointed to investigate the title of the Dundee lands in the same year.

It is true that my application as originally framed covered the acquisition of the fee simple but the action taken fell short of that while it provided the very substantial provision of a renewal. There may be nothing on record in your department to show this purpose but it must be quite apparent even without this, that the taking of the vote in 1888 and the passing the order in council accepting this surrender could have been for no other purpose. There could be no other poss-

ible motive and no other justification for such a proceeding pending the currency of an existing lease which had thirteen years yet to run.

I communicate these facts to you so that there may be no misunderstanding in regard to the object of the proceeding in 1888,and in regard to my rights thereunder, and that there may be no misconception on the part of the Indians.

I am not aware except from a communication received from your department about a couple of months ago that the Indians have ever refused to surrender the Island for sale as mentioned in your communication of the 13th inst. I became aware from your former letter that Mr. Long had so reported to the department, but Mr. Long's report is incorrect.

I was personally present at the meeting called for the purpose of taking a vote,but in as much as the attendance was a mere fraction of the Band,it was decided that no vote should be taken. There was some little discussion in which opinions were expressed both in favor of surrendering and against it,but no action whatever beyond this was taken.

Mr. Long must have construed the not taking of a vote as a decision to refuse to surrender, while it is quite obvious that the effect was to furnish no decision one way or the other.

In answer to your Memo. as to whether the Indians at the time of the Surrender Com.ne understood or in any way Consented that Mr Mackenzie Lease of Jarvis Island was to be renewed. They do state that there is nothing of record to show this. The Surrender for Lease was obtained by the late Hon. Mr. Vidal & there is no report of the proceedings at the time the Surrender was Submitted by the Indians. It is fair to assume however from the Evidence given before the Commission in regard to this Island that the intention of obtaining the Surrender for lease from the Indians was with the view of leasing to Mr Mackenzie who had at that time Expended the sum of $4950 in improving the Island in order to make it

MEMORANDUM

To the Minister-

Ottawa 4th January 1896-

The undersigned begs to state that Jacobs Island in the River St. Lawrence was leased by the St. Regis Chiefs on the 20th October 1851 to David Summers for the term of ten years in succession to the full end and term of 99 years. X Summers died in 1867 and bequeathed the Island to his wife who sold her interest to Mr. John Craig, who afterwards assigned to Dr. J.J. Dickenson, of Cornwall, who in turn, assigned to Mr. D.B. McLennan on the 29th May 1885. The Island is stated in the Lease to contain about 60 acres, but its actual area is nearer 40 acres. The rental called for by the Lease is $6.00 per annum.

On the 12th August 1871 the St. Regis Chiefs confirmed Mr. Craig in his possession of the Island by a Lease for 30 years from that date, which Lease expires in 1901 and is the tenure under which Mr. McLennan now holds by virtue of the Assignment from Dr. Dickenson.

In 1887 Mr. McLennan represented to the late Honourable Mr. White that he desired to have his tenure of the Island changed from Leasehold to a fee. He represented that he was desirous of making the Island a Summer resort and had made improvements thereon to the extent of about $15000.00, and that a further expenditure of a considerable amount would be necessary to complete his project. The evidence taken before the Commission appointed to look into the question of the Dundee Lands was to the effect that the making of this Island a Summer resort would be of benefit to the Indians, as it would give them a market for their berries, baskets etc.- The Honourable Mr. White, however, was unable to obtain a Surrender for the sale of the Island but obtained ~~but~~ instead ~~obtained~~ a

X which owned not expire until 1950.

Surrender for leasing without limit as to time. The Surrender is dated the 16th February 1888 and is No 253 in the Printed Book of Surrenders, Volume 2.- The Indians have been since asked to surrender the Island for sale but up to the present have refused to do so. Recently some of them visited the Department with Mr. Copeland of Cornwall and respresented that they were anxious to obtain possession of the Island after the expiration of the Lease to Mr. McLennan, which expires in 1901, and stated that he was making extensive improvements on the Island. Accordingly on the 5th Ultimo Mr. McLennan was informed that the Department would not hold itself responsible to take over or pay for any improvements that he might make on the Island and that the making of such improvements was entirely at his own risk. The Minister will see from the letters of the 7th and 16th Ultimo, subsequently received from Mr. McLennan that he clims the right of renewal of His Lease and that the obtaining of the Surrender in 1888 was for this purpose.

The undersigned begs to state that there is no report of the proceedings at the time the Surrender was taken, but the natural inference to be drawn from the evidence given before the Commission is that the intention of obtaining the Surrender from the Indians was with a view of Leasing to Mr. McLennan who at that time had spent a large sum of money in improving the Island for the purpose of making it a Summer resort.

Submitted whether, under the circumstances, Mr. McLennan is entitled to the renewal of his Lease at a fair rental there being nothing in the Lease itself nor the Surrender obtained from the Indians as to the question of renewal.

Ottawa, 10th August, 1900.

Memorandum: The Superintendent General:-

With reference to your memorandum of the 7th inst., I beg to state that Mr. McLennan called at the Department and stated that he would send in a formal application for a lease of Jacobs Island. For particulars regarding this Island I beg to refer you to memorandum which I prepared for the late Deputy, Mr. Reed, dated the 4th January, 1896, and the Hon. Mr. Daly's ruling thereon. I have nothing to add to that memorandum excepting that I understood from Mr. McLennan that he spoke to you about an Order in Council, which, he understood, was passed some years ago limiting tenure from ninety-nine years to thirty years. A search has been made, but no such Order in Council appears to have been issued. The following extract is taken from a copy of the lease of record in the Department, which tends to show that the tenure was changed by a Departmental order instead of by an Order in Council. The Indians, however, having given an absolute surrender for leasing in 1888 the Department can grant a lease for any length of time it may be considered advisable, at whatever price may be agreed upon:-

Dear Sir:-

On the 12th of August 1871 the British Chiefs of St. Regis tribe of Indians by Indenture of that date leased Jacob's Island to John Craig for the term of thirty years at an annual rental of $6 per year.

By Indenture bearing date the 28th December 1874 John Craig assigned the foregoing lease to James R. Craig.

By Indenture bearing date the 18th day of February 1878 James R. Craig assigned the same lease to Doctor James J. Dickinson.

By Indenture bearing date the 29th day of May 1885 executrix and executor under Dr Dickinsons will Mary Dickinson and Edmund L. Dickinson assigned the said lease to me, and I am now the holder of the same.

The original lease and the assignments with the proper attestation are on record in your Department. On the 16th day of February 1888 the Indians of the St. Regis band by Surrender number 253 surrendered the said Island to Her Majesty in trust to lease the same. By Order in council of the 22nd of February 1888 this Surrender was accepted by the Government.

Under the terms of the foregoing Surrender I beg to apply to you for a lease of the said Island to myself for the term of ninety-nine years with a clause providing for

the renewal of the said lease for a further term of ninety-nine years. I observe that in many of the old leases ~~that~~ the cumulative period of all renewals is one thousand years, but I do not ask this. I hereby enclose a Surrender of the existing lease. This I presume is unnecessary as my acceptance of a new lease would be a surrender of the old but the Surrender you can use if you deem it important.

The description of the property leased will be as follows:- "That certain parcel or tract of land situate, lying and being in the Township of Charlottenburgh in the County of Glengarry, and being a certain Island in the River St. Lawrence or the expansion of the River St. Lawrence known as Lake St. Francis, by the name of Stanley Island formerly Jacob's Island situate opposite lots numbers 12, 13 and 14 in the First or front concession of the Township of Charlottenburgh in the County of Glengarry, and nearly opposite the Village of Summerstown and South-West of the flat Island known as Summers Island, and containing sixty acres of land be the same more or less."

My Dear Sifton:-

I enclose a formal application for a lease of Stanley Island, formerly Jacob's Island, pursuant to our conversation yesterday. After seeing you yesterday a search in the Department of Indian Affairs showed that there was no order in council in 1822 as I thought there was, and I find that at all events in 1822 many leases for ninety-nine years were granted as shown by the appendix to the report of Judge Burbidge, Mr. Linch and Mr. Diamond Sugrman made in reference to the Dundee lands in 1888.

Yours truly,

PROVIDED ALWAYS, and it is hereby agreed that if the rent hereby reserved or any part thereof, shall at any time or times during the said term be in arrear or unpaid for the space of Forty days next after the days or any of them whereon the same shall become due, according to the reservation thereof hereinbefore contained, whether the same be demanded or not, or in case of breach or non-performance of any or either of the covenants herein contained on the part of the said party of the second part, his executors, administrators, or assigns, to be observed and performed, that then and in such case or either of them, it shall be lawful for the said party of the first part, his successors or assigns, or any of them, at any time after the expiration of the said forty days, into and upon the said lands, tenements, and premises, or any part thereof, in the name of the whole to re-enter, and the same to have again, re-possess and enjoy, as if this Indenture had never been made; and in that case or either of them, this present Indenture, and every clause, matter, and thing therein contained, and the term hereby granted, shall cease, determine, and be absolutely void to all intents and purposes whatever, and the said party of the first part, his successors or assigns, shall thereupon hold the said lands and premises, with the appurtenances, utterly discharged of this lease, and of all covenants and provisoes herein contained, without the payment or allowance by the said party of the first part, of any sum of money whatever to the said party of the second part, his executors, administrators, or assigns, or any tenants or occupiers of the said land, for any houses, buildings, and improvements, erected or made by the said party of the second part, his executors, administrators, and assigns, or to the tenants or occupiers of the said lands and premises, or any part thereof.

PROVIDED ALWAYS, that if any portion of the tenements or hereditaments hereby demised shall be under a lease to any other person, then this lease shall be considered as excluding such land, without thereby causing any diminution of rent.

THIS LEASE to be renewable on expiration at the option of the said part of the second part, his executors, &c., and on such terms as to the Government may then seem proper.

IN WITNESS WHEREOF, the parties hereto have hereunto set their hands and seals.

CANADIAN PACIFIC RAILWAY COMPANY'S TELEGRAPH.

All Messages taken by this Company are subject to the following terms:

It is agreed between the sender of the following message and this Company that the said Company shall not be liable for damages arising from failure to transmit or deliver, or from any error in the transmission or delivery of an unrepeated telegram, whether happening from negligence of its servants or otherwise, or from delays from interruption in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending same. To guard against error, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon, at the following rates, in addition to the usual charge for repeating messages, viz.:—One per cent. for any distance not exceeding 1[illegible] miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender, and without liability therefor. This Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages unless the same be claimed in writing, within sixty days after receipt of the telegram for transmission. No employee of the Company shall vary the foregoing.

DEPARTMENT OF INDIAN AFFAIRS
DEC. 16 1880

Sir,

I have the honor to acknowledge the receipt of Duplicate of my Land & Timber Return for the Month of October 1880.

In the remarks appended thereto I am asked to explain the discrepancy between the figures in my Return and the Official Plan. My Return stating the area of Lot 23 - 11 Con. Orford (Sale 213) to be only 94 Acres - and the price as being $7.5 p. Ac. whereas in the Official Plan the area is said to be 100 Acres - and the price $6.50 per Acre.

On reference to the Sales Book I find that in copying my Return therefrom I had looked to Sale 212 - instead of Sale 213. However in the Book the entry is quite correct. The Calculation is made from the correct amount of the Sale - $650. and the interest from the date of Sale Mar. 14. 1861. - The Amt of Principal due on 6th Instalment was $ 58.50 leaving balance to Credit of 7th Instalment of $ 5.79

I am sorry that I should have made the mistake and thus Caused unnecessary trouble to the Department.

I have the honor to be

DEPARTMENT OF INDIAN AFFAIRS. NOV 17 1880

Superintendent General of

Sir — I have purchased the rights of Locatees of the Crown to Lots 27, 29 and 30 Con 11 and Lots 27, 28, 29 and 30 Con 12 in the Township of Keppel Co of Grey — all of which were wholly unsaleable separately for farming purposes. My intention was to clear up parts of several of these Lots which were fit for cultivation and lay together in the hope that out of all the land I might be able to make one farm: and I have actually spent thus far in building, clearing about 25 Acres and making roads about $600, besides paying taxes on all the Lots which is a very heavy yearly expense

I find however that there is such a large proportion the land rocky or swampy that it will cost too much for drainage roads &c. to justify me in making further improvement unless the Crown will

consent to reduce the price at which these Lots were sold. By far the greater part of the land is either Swampy or Rocky, and the Surface much broken by rocky precipices I have no hesitation in saying that the prices at which these Lots were sold was more than double what it should have been as compared with the prices of other lands in the same township; and as I have already made large improvements and desire to make more, you will greatly oblige me by ordering a re-valuation of above Lots, and allowing me the same privileges as others who are actual Settlers in the Township

I therefore respectfully request that you will direct above Lots to be re-valued and that Patents shall issue to me on payment within three month of the amounts due on them at the reduced prices after giving credit for the payments already made thereon

Sir,

I beg to acknowledge the receipt of your letter of the 15 ultimo, enclosing a letter from Mr. Jno J Fenton requesting for the reasons stated therein that certain lots at present claimed by him may be valued & patents issued to him on payment within three months of the amount due thereon at the reduced price after giving credit for the payments already made thereon.

In reply I have to inform you that there are no official data in this Office of settlement and improvement of the lands in question and that no reductions have been allowed of any Indian lands to other classes of purchasers than actual settlers.

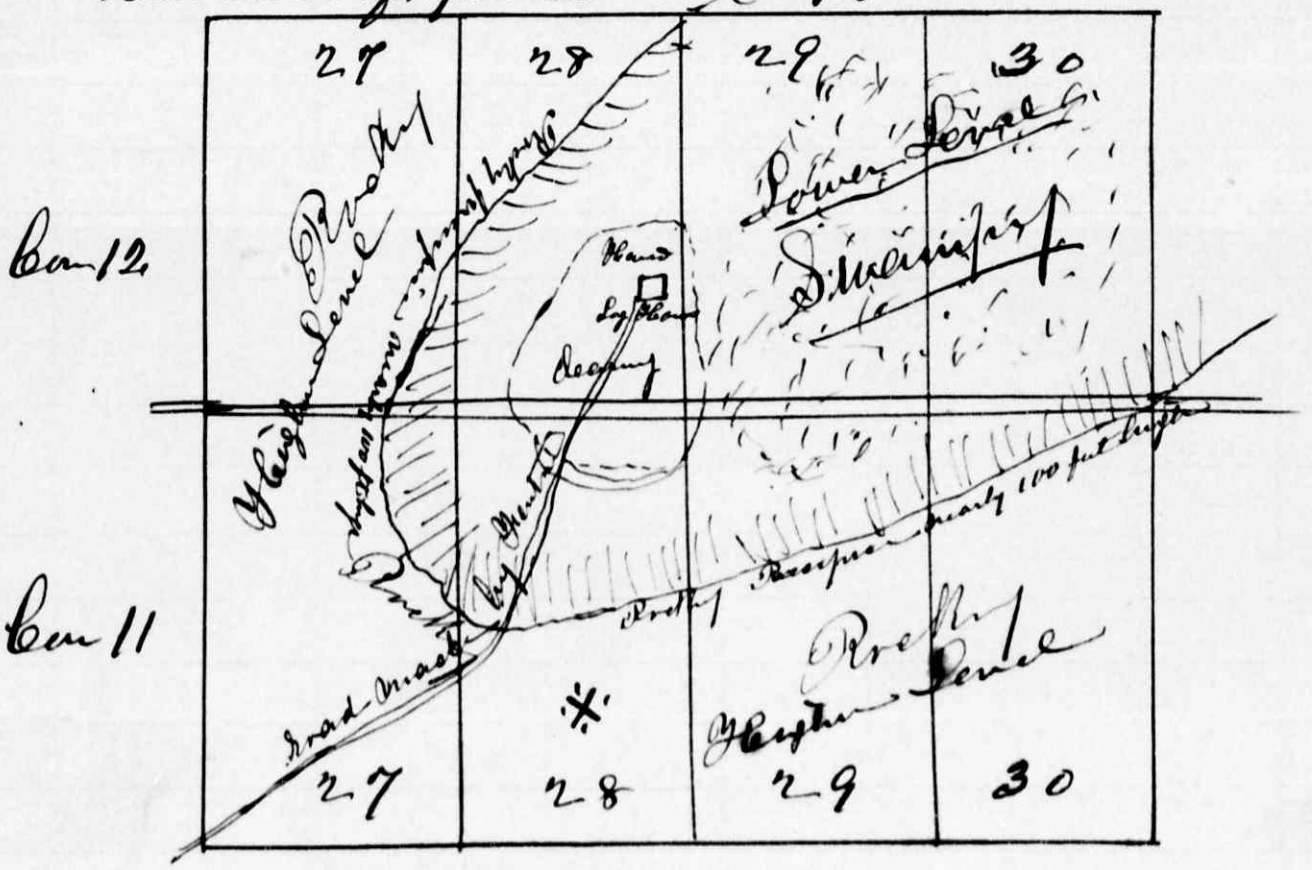

Should Mr. Fenton file affidavits shewing settlement & improvement of the lands & have been effected in accordance with the conditions of sale, his application for a reduction in the prices of said lands will then receive consideration.

I have &c

2 — That I have personally examined the said Seven Lots and found that at least from two hundred to three hundred acres thereof are wholly unfit for settlement by reason of the land being so rocky that it could not be cultivated and that there is also a very large proportion of said Lots so swampy that it could only be reclaimed at great expense by drainage

3 — That I have been informed that one of said Seven Lots, namely, Lot Number Thirty in the Eleventh Concession of said Township of Keppel is not subject to settlement duties because the sale thereof under which any title is held, was made by the Crown on or about the third day of September A.D. 1856 without any such condition being "attached" to the terms of said Sale

Sir —

Mr Thos. Enclosed please find affidavit which I trust will prove satisfactory more especially in view of the fact that one of the eight Lots covered by the former affidavit (Lot 28 Con 11) is already patented and also in view of the fact that as I believe Lot 30 Con 11 is not subject to settlement duties at all.

I have as a matter of fact performed many more settlement duties than would be required for the quantity of land fit for cultivation, and I trust that you will therefore be able to give me a favourable reply at your earliest convenience

We duly and August/81 sent Messrs Wm Murrick Howard & Drayton Rent to the local Agent of your Dept at Muncton Dftds for the balance remaining unpaid on Lots 27 29 and 30 Con 11 Keppel — for which on receipt of these Amounts Patents were to issue to us as per letter from your Dept at Ottawa dated 11th April/81

It appears that by some oversight these Patents have not yet been issued, and as the land has been sold under the impression that the Lots were Patented & serious difficulty has arisen in making title to the purchaser who wants to go into possession — Mr McMurrick says he has written twice to Ottawa the last time on 6th inst without getting any reply. Please let us know as soon as possible about what date we may expect the Patents for above Lots

& 27 Chiefs. and a good attendance of people.

Council Opened By Chief Johnson Williamson in due form.

Business. The Supt said, he stated at last meeting, he would inform them of the day to begin the fall distribution, and, now named Tuesday the 16th Inst by which time he expected to be ready: The examination of Claims against moneys of the Six Nations is the cause of delay.

He would notify their five Creditors to be present, with books, that their claims might be proved if requisite.

The Ploughing Match. He had to congratulate them upon the Ploughing Match on Tuesday last, pleased to observe the increased number of competitors to 28.

the attendance of Spectators, and the general interest evinced while the ploughing appeared to be well done.

Prizes.

The Governor General's Prize

We was pleased to see the Excellent selection of prizes from Messrs Cosh of Hamiltone, and, the Plough he had pur=chased for the Governor Gen.l prize, is a valuable, and beautiful article; Sur=passing Those previously presented.

Joseph Woodruff Winner.

The Supt Stanley requested Joseph Woodruff to come forward, addressed a few fine words of Congratu=lation, upon his winning the Governor Generals prize, hoped he would use it well, and take Care of it, he should feel proud of his prize.

As to reported sale of prizes

The Supt took occasion to again mention that he is informed, one or more winners have sold their prizes, which he is sorry to hear, and if such more the case, it might be well for the Council, to pass a Minute to prevent such an Act

Council Opd by Bay Chief Jake Buck, who also said all is well on the Reserve, except some fevers, with several deaths; the issue of Seed last Spring had given them good results in abundance of Crops, and they had now plenty —

Reply of Supt with remarks on Fevers, Drift Wood & back water.

The Supt congratulated them on this meeting though the weather is not very pleasant, glad to hear the good words from Chief Buck, but sorry for the sickness, which reminded them of the urgent necessity for the removal of drift wood, and thereby free the water courses: he hopes soon to hear from Chief Jake Hill and his Committee with their recommendation of the course to take.

and he always felt satisfied when he saw the quantity of Sheaves of Corn, their staple food, that their people were secure against want.

Agricultural Show. He had to state, their late Agricultural Show was capital, the only difficulty was the want of room for the large exhibit, which he hoped would be obviated by next fall.

Letters to and from Dept re 2d. Read his letter of 11th Inst to the Department, reporting the satisfactory Show, also, the acknowledgment of the Superintendent of the 18th Inst.

About a protest. Read Supt's letter of 12th Oct, stating protest of certain Chiefs to the proposed Expenditure for Agricultural Grounds and improvements thereon.

Remarks by Supt upon Agricultural Grounds and Next Years. We could not but express regret, any such protest should have come down, as the project is most desirable in their interests, once no money could be better expended. We trust the erection of the fence and building,

The Late Creditors. At the payment, the five Creditors will be present, in order to satisfy all in regard to their many claims.

The Ploughing Matches. We learn they have determined upon the 2nd Nov^r for their ploughing Matches, and they will please decide upon a Committee for selection of prizes and appropriation for same.

Prize Plough from Mr Tisdale. We had the pleasure to announce that Mr Tisdale will present a Plough, to be competed for at the Ploughing Match.

Mr Cockshutt's Offer. Mr Cockshutt too, offers a deduction of 25 per cent, from any purchase of implements from here for prizes.

Remark. These offered presentation is gratifying, showing the friendly interest entertained for the Six Nations.

The Four Sh^d Excavation began. Under their authority and that of the Department, he has commenced to excavate at the so called "Four Springs" he will not expend much

much, while the results may prove highly remunerative to the Six Nations, and beneficial to the Public at large.

Family Carrier, Her eyesight, cost near $60.

We had to report the return of Emily Carrier from Toronto, her eyesight said to be improved, the cost has been about Sixty dollars.

Letter from President of Agricultural Society.

The President of the Agricultural Society, Capt. W. M. Johnson here read his letter to the Superintendent, upon the late Agricultural Show, as follows,

Chiefswood.

J. J. Gilkison Esq.,

Sir

I have the pleasure to report the result of the Six Nation Agricultural Society held on the 7th & 8th of this month, was most satisfactory, the entries was much larger than any previous show, and better in every respect, and every Department is most encouraging; the people seems first awaken now to compete with their white brethren, in this great art of raising and rearing

bearing Stock, and products of the ground, I have attended the Southern, Grand, Onondaga, Caledonia, all these white shows, in many instances the Indians are ahead, particularly on fruit; the White Gentlemen who judge our Shows were the same judges in Onondaga, a White Show, pronounce the Six Nations Show was equal and many things superior; I look forward that when our grounds and fence, buildings, and other requirements made, we will do far more, and better than we ever did, and our future generation will learn, and will, by good Schooling, industry, and make them self relied in all time to come.

In my view, the Government, and the Indian Department, never Expended any Expense out of the Funds, for a better object, and interest, than Encouraging the industry among the Various Bands of the Indians, not only the Six Nations, but all other Indians in Canada.

Minutes.

Sir,

These minutes con-
=form the gratifying results from
the issue of seed last spring,
though I regret to add, reports
of potatoe rotting in certain locali=
=ties, have reached me.

The annual ploughing match
being determined upon, the Council voted
the usual seventy dollars for prizes,
a selection of implements of superior
quality being made at Messrs Cockshutt,
Hamilton.

Messrs Cockshutt presented a fine iron
plough as a prize; also, one by Mr=
Liddale of this town.

The plough for the
Governor Generals prize, I bought
of Mr Garon of Jarvis, being a
celebrated make, and of handsome
appearance. The match took place
on the 2nd inst:, and was very suc=
=cessful, the day being fine, and
twenty eight ploughmen — men & lads —
competed in the several classes.

The Spectators were numerous, and all passed off well, very creditably to the Society.

The Governor Generals' prize, was awarded to Joseph Broadcaff, a young man of good standing, to whom, I presented the plough in the Council House, in presence of Chiefs and people.

The agricultural grounds im-provements, is again the subject of reference and description.

Taking advantage of the fall and fine weather, - I caused - as mentioned in council — excavation at "Sour Spring", the importance and value of which has to be determined: I shall report to You fully with specimens and bottles of the waters, for analysis. A depth of 12 feet has been reached, through loam, clay and gravel, - no flowing spring, but water black in colour, oozes and accumulates, with emission of gasses so powerful, as to cause disturbance in the water, impregnates the air, and affects the eyes and head of the labourer. I have suspended the work until I again see it in a few days.

It is apparent, some mineral deposit exists, and think it well, to go a few feet further, to get through the present strata of clay & gravel, when something more decided may be developed. The water now in excavation, is, to the taste, that of sulpher and iron.

The whole locality thereabouts, appears to be Mineral, and may show a variety of curative waters like the celebrated Spa's in other Countries.

I am informed, a few hundred Yards distant from "Sour Spring", the water in a 17 foot well, (since filled up.) proved unfit to drink, and upon trying to boil potatoes and beans, they became petrescent.

I enclose the account & of Messrs Cobb Brothers & Co., with requisition for £70.- also, the account of Mr. C. R. Corson for £35, price of "Governor General" Plough."

re McKenzie & Murphy Patent

Dear Sir:

I have sent to you per book post the Patent from Crown of Indian Lands in favour of McKenzie & Murphy. The description contained in it is incorrect and I would like you to see that the error is amended. I wrote to the Department last week & enclosed a proper description made by Mr Reid P.L.S. and asked for information as to what should be done to rectify the error. You will observe that the description says "commencing at a post planted at the North East angle" & should have been "at the North West angle" By the description in Patent another portion of land is conveyed instead of that was intended. Will you please have the mistake rectified at once and let me know how soon it can be done in Registry Office. If a Confirmation Patent comes to issue with correct description it would suffice.

Yours truly

Ottawa, 4th September, 1894

His Excellency

The Governor General in Council.

The undersigned has the honour to refer to the Order in Council of the 29th October, 1880, under which arrangements were made for the inspection of Indian schools in the older Provinces by Provincial Government Inspectors; and to report that since the decision of the Privy Council of England in the case of the St. Catherines Milling Company, which declared certain territory covered by Treaty Three, which was formerly regarded as being within the boundaries of Manitoba, to be part of the Province of Ontario, an officer of the Provincial Government has undertaken the inspection of certain schools within the bounds of that Treaty, Mr. School Inspector McCaig having during the last school term inspected the Indian schools at ~~Hungry Hill,~~ Little Forks, Manitou Rapids and the Long Sault, in the Rainy River District. But Treaty Three is part of what is known by the Department of Indian Affairs as the Manitoba Superintendency, in which officers are employed by the Department to inspect the schools, as well as to attend to other departmental duties. The result is that the same work is, without any compensating benefit, being really twice paid for.

The undersigned would, therefore, respectfully recommend that the Provincial authorities be asked to discontinue the inspection of Indian schools in the aforesaid territory: and that, to that end, a copy of the Minute of Council based on this report, if approved, be transmitted to His Honour the Lieutenant Governor of Ontario.

OTTAWA 14th July 1894

The Hon.

T.Mayne Daly,

Superintendent General of Indian Affairs.

The undersigned has the honor to report that

In 1884 arrangements were made with the various Provincial Governments under which provision was made for the Inspection of Indian Schools in each Province by the Public School Inspectors for the Districts in which Indian schools were situated. Such inspection to be made not oftener than twice each year and a Report of every inspection to be furnished to the Department, which Report besides describing the condition of the school and the progress made by the pupils was to contain certain suggestions and recommendations for the future management of such schools, the Department agreeing to pay a fee of $6 for each inspection in Ontario and Quebec, and $5 in each of the other Provinces, together with legitimate travelling expenses in connection with such visits.

At the time of making this arrangement the Province of Ontario did not extend further west than the then District of Algoma, and it was only

only in I888 that what is now known as the Rainy River District was transferred to the Ontario Government. This District forms part of Treaty 3 and is for all purposes connected with this Department, still part of the Manitoba Superintendency, being in the Coucheeching Agency. We have an Inspector of Indian Agencies and an Agent for this District, and the inspection and reporting upon the Schools is a prt of their duty for which they are paid, ~~and should further inspection be thought necessary Mr Betournay, Inspector of Roman Catholic Indian Schools might be sent.~~ The undersigned is, therefore, of ~~the~~ opinion that as this section of country was not originally contemplated to come under the arrangement made with the Ontario Government for the Inspection of our Schools, and as the inspection adds considerably to the cost, it might be well, should you deeem it advisable, to call the attention of the Ontario Goevrnment, through the Hon. the Sedretary of State for Canada, to the position which this District occupies in regard to the inspection of Indian Schools by their Inspectors, and that in so far as these particular schools are concerned, such inspection by the Ontario School Inspectors might cease.

I may add that in the Returns made of our Schools in this District they are included in the Province of Manitoba, and the salaries and other expenses in connection therewith are provided for out of the School Vote for that Province.

SCHOOL BRANCH

OTTAWA 28th June 1895

Hon. T.Mayne Daly,
Superintendent General
of Indian Affairs
Ottawa:

The undersigned begs to submit the following remarks in reference to the inspection of Indian Schools in Ontario, Quebec and the Maritime Provinces by the Public School Inspectors of these Provinces.

In October 1880 an Order-in-Council was passed authorizing negotiations to be opened up with the Local Government of each of the above Provinces, through the Secretary of State, having for their object the securing for the Indian Schools in such Province the same system of inspection at the hands of the local Government officers as the Public Schools of the Province undergo.

The results of such negotiations being that Orders-in-Council were passed by the different local Governments fixing the terms and conditions upon which such inspections were to be made semi-annually and the Inspector was to make a visit and state the condition of the school and the progress of the pupils and offer any suggestions and recommendations relative to the future management of the school, which he considered desirable.

Regulations on the subject of Indian Schools were approved by the Minister of Education for Ontario and this Department, which read as follows:-

"The Department of Indian Affairs for "the Dominion having expressed a desire "to place the Indian Schools in Ontario "under the inspection of the Public "School Inspectors for the Province, the "following Regulations have been adopt-"ed.":-

"I. The teachers are required to have a speaking acquaintance with the "Indian language and are, consequently likely in most cases to be Indians: "but the instruction should as soon as "practicable and as far as possible "be given in English".

"II. Teachers shall receive their "Certificates from the County or Distric "Board of Examiners, whoch shall be "granted discretionary powers as to the

"III. The subjects of study in "these schools need not at present "embrace more than the following viz:- "Reading, Writing, Object Lessons, Elemen- "tary Drawing (from cards) Elementary "Arithmetic (the four simple rules) "Elementary Geography (the maps of the "World and Dominion of Canada) Spelling "and Grammar (formation and analysis of "simple sentences".

"IV. The Indian Department will "furnish all text-books and apparatus "for use in the schools".

"V. The schools shall be placed "under the inspectoral supervision of "the County Inspectors in conjunction "with the Indian Agent, who shall "together also have a controlling "influence in the selection of teachers "except in the case of such schools as "are established by any religious "denomination under the Regulations of "the Department of Indian Affairs, "and in such schools the selection of "teachers shall continue to be made as "heretofore; but each of the Inspectors "shall state in his reports of inspec- "tion his opinion upon the competency

Minister of Education.

It will be seen from these Regulations that the Programme of Studies as then laid down was much lower than at present called for and that the qualification required for teachers was correspondingly low.

At the time the negotiations were entered into with the various local Governments for the inspection of Indian Schools by their Public School Inspectors, the Department had not much experience in the management of Indian Schools. Although many of its schools had for a long time been in operation, they were nearly, if not all, conducted by the various religious denominations. Quarterly School Returns were called for and rëceived very irregularly in most instances,- payment of teacher's salaries not being as now, contingent upon the receipt of such Return. The Agh Agents of the Department were not then

required to make periodical visits and reports on the schools in their Agency, and no such reports were received; the only mention then made of them was a short sentince or paragraph sometimes occurring in their Annual Report on the affairs of their Agency. Appropriations were annually made for school purposes, salaries paid,material supplies,buildings put up and repaired and fuel provided but the Department had little,if any knowledge as to what good was resulting from such outlay.

The present system of inspection has been in force for thirteen years in some of the Provinces and in all for more than ten years. The expenditure for these semi-annual inspections has been close upon $1000 a year for Ontario and Quebec alone,or all of the money voted by Parliament for the cost of inspection,fuel,cleaning,books and maps for the whole of the schools of the two Provinces,while nearly if not all of the information in the Inspectors Reports is now received by the Department through its Agents under the new Regulations which require them to visit and inspect our schools,and from other sources,long before the Inspector's Reports reach the Department,-the Reports of some of the Inspectors being

delayed frequently for months, so that when received, it is too late for the requisite action to be taken. Most of their suggestions relate to the repairs to school-houses and outbuildings and the supply of school material and should be forwarded immediately after their inspection.

Public School Inspector's Reports on the qualification of teachers and progress of the pupils are also of slight value to the Department as many of our schools are so remote and the salaries so small that it is difficult to obtain properly qualified teachers to take positions, while the irregular attendance of children at such schools is greatly against their progress. The Public School Inspectors have so far failed to better the condition of affairs, and improvement can only be looked for by the exercise of vigilance and energy on the part of the Department and its own officers, and not from the paid officials of other Governments over whom the Department has no control. The undersigned is confident that one visit from an official from headquarters who knows the requirements of the Department in regard to Indian Schools would be productive of better results than any number of inspections by an Inspector who is not even allowed

to communicate directly with the Department, and who takes his orders from his own Government. This Department has no power to command the services of these Inspectors and they only make their inspections when it suits their convenience or that of their Government.

The most we can at present expect is that our teachers should use their best endeavors to instruct the children in the elementary branches and that this instruction be given in English, and that they should use every means in their power to induce parents to send their children to school. The chief fault with our teachers is their neglect of this duty,-where they are interested in the work, good results are obtained, both as regards progress and attendance.

The class of work done by our schools does not call for Inspectors holding Provincial Certificates. Any of our Agents of ordinary education and intelligence are competent, on hearing the school children go through their exercises, to given an opinion as to whether they are deriving any benefit from their attendance or not, and they should also be able to report on the fitness of the teacher for the position In addition to this the undersigned begs

to state that it is only through the officers of the Department it can look for any improvement. They are now aware that school matters form one of their most important duties and with very few exceptions and attending regularly and carefully to this duty.

As an instnace of the cost of inspection the undersigned would refer to Mr Separate School Inspector White's account for inspecting the Catholic Schools from Manitoulin Island up to Port William, which with visits to two Schools in Eastern Ontario, amounted to $188, or $376 for the year. Inspector Kelly' accoun for visiting the Six Nation and New Credit Schools, comes to $75 or $152 for the year, while Mr McCaig who visited two Protestant Schools on Manitoulin Island and the Shingwauk Home renders a bill of $34:50. These are the only Inspectors reports yet received for this fall, but the cost of these three inspections foos up to $300 for the half-year. The teachers of the denominational schools are appointed by the various denominations and the Department has been in the habit of approving of their nimineos. Very few of these teachers hold anything higher than a Permit and in many instances even that qualificatin

is lacking. Some of the teachers are Indians with only an imperfect knowledge of English, who find it easier to give their explanations in the Indian language than in English, which will account for the slow progress in English made by the pupils, who, although able to repeat sentences in English off their book, do not understand what they read.

The Public School Inspectors, no matter how painstaking their examination and inspection cannot remedy these defects and both teachers, parents and pupils are well aware that they are not officers of this Department and they have little to fear from their reports. What they do require to feel is that the Department is taking a personal interest in their work and its results and that good work will be appreciated and that carelessness will lead to dismissal or the closing of the schools. This they can only be taught by the Department itself through its officers.

Other disadvantages also exist in the present system. The inspections in many instances are made too early in the fall and too late in the spring for Indian Schools, as they are not fairly in operation at such times. The Indians in some cases migrate in the spring long before the Public Schools close and do not return until some time after they are re-opened in the fall, and the

rarely,if ever, make a special visit for the purpose of inspecting an Indian school,but take them in their regular round of duty as Provincial Inspectors and charge this Department in most instance with full travelling expenses. These inspection Reports are published in the Departmental Reports of the Ontario Government,and most likely in the other Provincial Blue Books,-this the undersigned considers to be unfair to our Department as our schools cannot be expected to compare favorably with the Ontario Schools or the Public Schools of the other Provinces.

Two sets of Inspectors are required now,-the Public School and Separate School Inspector,both going over the same ground,but visiting only their own schools,while if an officer of the Department were to make a visit neither denomination could object,as they all recognize the right of the Department to make any inspection it considers necessary.

With regard to the inspection of Industrial Schools,the undersigned begs to repeat that very little,if any benefit to the Department is dreived from such inspection,as the Inspector merely makes a hurried examination of the pupils in their studies and does not make the minute examination into

the details connected with the management of such Institutions which the Department requires and ought to be furnished with.

The Inspector's Reports appear to be written solely with a view to brevity, very few of them making any remarks, and when they do so, only repeating their previous suggestions, many of which are wholly impracticable for Indian Schools.

If, however, it is not considered expedient to dispense with the services of the Public School Inspectors altogether the undersigned is of the opinion that they should be more under the immediate control of the Department than they are now, and that they should not only visit the schools when instructed by the Department to do so. If this concession could be obtained a great deal of unnecessary expense and many useless trips would be avoided.

Respectfully, submitted.

Dear Sir

I beg to acknowledge receipt of your letter of the 2nd inst. and the City Council of Belleville desire patents for two Islands situated the former of the Corporation the Drill Island at the mouth of the River Moira & Bushey Island at the South West part of the mouth of said River.

I duly beg to inform you that these Islands are held in trust by me Dept to be sold for the benefit of the Indians who surrendered them for the purpose

Notice regard to Drill Island the price for the same is $52.00

As regards Bushey Island I have to inform you that it cannot be identified on the records of this Office.

You describe Drill Island as only one but it would appear from our records that there are two Islands under that name - Probably one of these is the one which you designate as Bushey Island and if so the valuation above stated would cover both.

Sir

I have the honor to enquire at the request of Mr. Dra Blanchard whether any assignment of lots 44 & 45 in 1st Concession of Assiginack from C. T. Dupont to ~~James~~ Thomas Lemon has been filed at Ottawa.

The lots were purchased on 17th June/68 by John Cole and assigned to C. T. Dupont on 26th Oct/68. There is no sale number the lot being marked "on deposit" in the sales Book.

An assignment dated 20 Dec 1874 from Jane Lemon, (Executrix of Thomas Lemon dec'd) to Randal Bentley has been deposited in this office also an assignment from Randal Bentley to Dra Blanchard dated 18th Sept. 1880, but the assignment from Dupont to Lemon required to complete the chain of title, can not be found, and Mr Blanchard thinks that it may have been sent direct to the Department, and has requested me to make enquiry on

25.128 Sir

I have the honor to state that upon receipt of official letter dated 7th Dec last I notified Mr Jas Blanchard that the sale of Lots 44 & 46 in the 1st concession Townships of Assiginack ~~was~~ to John Cole was never been carried out by the Department, and that consequently the missing assignment, if found, would not aid him in establishing his claim thereto. — To day Mr Blanchard called at this office and tendered the first instalment on the lots, wishing to purchase them. I declined to receive it, and have the honor to ask for instructions.

The lots in question have been occupied by Mr Blanchard as tenant under Randal Bentley, who claims them under an assignment from Cameron for four or five years, they were used only for pasturage, no improvements of any importance having been made until last year, when Mr Bentley

Bentley was notified to settle on the land within three months from 15th June.
Mr Bentley sold his claim to Mr Blanchard who commenced to improve clearing about five acres and building a Dwelling House 18ft x 22ft.

Complaint has been made by Charles Faulkner on 14th July 79 and by James Hannah on 16th June 1880 that the lots were unoccupied and unimproved - the last mentioned (Hannah) has squatted upon Lot No 45 and built a small shanty and cleared up four or five acres, he has also I am informed been removing and selling some of the timber.

Should the land be required I beg respectfully to recommend that Mr Blanchard may be allowed to purchase, Hannah who claims No 45. has squatted in defiance of authority, and if such practices are encouraged others will be induced to do the same: Mr Blanchard is a highly respectable settler who has lived on the adjoining farm for about six years, and has in my opinion the best right to the land.

Sir

I am reply to your letter of the 26 ult. inst forwarding an application from Messrs Burton Brothers for a timber licence covering certain lots in the Township of Melville, and stating that the settlers of said Township object to any timber licences being granted in that Township I have to remind you that the Dept. when it sells the lots to the settlers ~~&~~ specially reserves the pine timber from such sales, and consequently it is the property of the Dept. ~~&~~ until the issue of patents for the lots ~~&~~ the Dept. can sell the pine timber ~~&~~ to whomsoever it is thought proper ~~&~~

As respects the amount offered ~~for~~ as bonus by the Burton Bros. for the pine on the lots mentioned in their application, unless the timber on these lots is very superior to that described in the Surveyors report of inspection as being on the other lots in Melville would not appear to be at all an adequate sum ~~&~~ to offer as bonus for the pine timber on the 5 lots in question

Re Sale 3027 Lot 9 Con. 11 E.B.R. Albemarle

Mr. William N. Forbes called at this office in reference to this Lot viz 9 Con 11 E.B.R. Albemarle he claimed to be the owner, and said his brother Richard Smith Forbes assigned it to him in the month of November 1880. On referring to the assignment Book I found it duly entered there as stated - also I found it entered in the land returns of assignments for the Month of November 1880 - but was never entered in the Sale Books. The Lot still stands in the name of Richard Smith Forbes

Kindly advise me in the matter - I presume the assignment was sent to Ottawa in the November Land returns 1880. if so, shall I enter the Lot in question as being assigned from Richard Smith Forbes-to William N. Forbes.

Dear Sir

On 25th June last we paid into the Bank of Montreal $124 as the purchase money of this lot from the Indian Depart., on behalf of a man named Faber.

We then sent the certificate of the Bank to the person who was acting for Faber, in the county, which cert: appears only to have been handed to the local agent of Indian Lands on the 22nd inst.

We enclose copy of a letter just received from this agent. He claims that, tho' $124 paid all that was due on the 25th June, he should be paid subsequent interest because the cert: was not handed him on that day (which we are point out, it was physically impossible to do.)

It appears to us that the

Sir

I would beg leave to draw your attention to my Land Returns for the Month of August last, Sale № 3027 of Wm. Williams & Forbes Lot 9 Con 11 East of the Bay Road Albemarle - Balance in full $80 :: interest compuded from April 25/76 to June 25/85. $44 :: Total $124 ::. It seems this amount was deposited in the Bank of Montreal Toronto on the 25th June 1885, the Cerificate of deposit, duplicate and trepliceate in favor of Receiver General was sent to a business man in Marton to be handed in to me as payment of the lot in question. № 9 Con 11 E.B.R. Albemarle, sale 3027. This was not done until the 20th August 1885. I demanded interest up to the date of payment to me August 20/85 - being the sum of 75 Cents - They the parties Concerned say - the Money being deposited to the Credit of the Receiver General on the 25th day of June last - it was not requisite to pay interest on the principal beyond that date. Shall I still demand interest up to the date of payment into me. Kindly advise me in the Matter.

Sup't Gen'l. Indian Affairs,

O t t a w a, Ont.

Dear Sir;-

In the year 1885 we paid the amount due the Department in respect of lot 9 Con.11 E. B. R. Albermarle, and expected in due course to get a patent to the lot. We beg to refer you to your letter of the 7th Sept. 1885, No. 25167, in which you acknowledge the payment in full. Would you kindly advise us if there is anything in the way of the issue of the Patent, and if not please have it issued, and forwarded to us, and oblige.

Yours truly,

We the undersigned Micmac Indians inhabitants of Eel-Ground, recognizing the benefits derivable from elementary instruction in the education of our children, request your kind attention in this direction. Our petitioners have for some time past been deprived of the instruction which a teacher conversant with the Indian & English languages can alone give, and are consequently desirous of having among them such a teacher. Your petitioners further call your attention to the necessity of erecting a suitable building for the said purpose.

Sir,

I am directed by the Minister to acknowledge the receipt of your letter dated 3rd inst. and to request that you will forward to this office the specifications of a school house proposed to be erected at Eel Ground, N.B. as returned herewith; and that you will call your attention to the remarks made thereon in pencil by the Asst. Architect of this Dept.

The specifications should be amended & you will accordingly return them to this office for transmission to the Dept. If you should then invite Tenders from responsible practical men for the completion of the work according to specifications, and forward to this Dept all Tenders received with a report recommending the one you think it advisable for the Dept to accept.

Sir

I beg to forward tenders for the building of a School House at Eel Ground reserve. County of Northumberland, in accordance with your instructions as contained in No. 25294 dated October 21st 1881.

I would recommend the acceptance of Mr Daniel Baldwin's tender, I consider the amount tendered for is not any too much. The tenders of Messrs Doyle and Doran, I could not recommend, as I have not confidence in the parties. Mr Fernands, I think would be behind with the work. Mr Baldwin I know can be depended on, he is an active and reliable man, and I am sure will do everything Satisfactorily

In reply to No. 25294 of the 15th Instant asking for bonds to be executed by two responsible persons, from the party who tendered the lowest for the building of the School house on the Eelgrownd reserve. I beg to say that Mr Thomas O'Dolan's tender was the lowest, I did not ask him to furnish bonds, nor can I advise that the contract be given to him under any consideration, I am quite positive there would be trouble with him, as in previous matters he was not disposed to do near what was right. There is ten dollars between his and Mr. Dye's tender. Mr. Dye has offered the names of two responsible parties as sureties for the faithful performance of the work, and I think his tender is "the most advantageous for the Department to accept". Please advise as soon as convenient in order that the bond may be executed.

A Mistake has been Made in issuing this Deed the Name Thos Cahill has been inserted instead of James Overand who was the Claimant at the Heirs & Devisee Court in Toronto and who was the Assignee of the Cahills - Overand has paid for the land for which he holds Mr Atkinsons Receipt. and as the Cahills have all left the Country he has no way now of rectifying the mistake if Cahill was here he could make Overand a Deed - will you try and have the matter made right at Ottawa.

In reference to your verbal enquiry made at this Office on the 13 Inst. I beg to inform you that Mrs. Mary McKenzie is according to the Sales Book of this Office the purchaser of Lot 9 on the Middle River Indian Reserve. Said lot contains 20 acres and she still owes on it the sum of $118.00 principal besides interest thereon at 6 per cent from 1867.

I am told that the Dept. cannot remit the interest as Mrs. McKenzie has been in occupation of the lot in question for several years & has without having paid anything on account. She has consequently had the use of the land & money during that time

Sir,

When recently visiting our Indian Mission on Chief's Bay, Lake Nepigon, I was unable to obtain, on the spot, any definite information as to the status of the little settlement, whether the land on which they had built their houses, and cultivated their little farms, was reserved, recognised as such by the Government. A friend has suggested my going to the Fort and I shall therefore feel very much obliged if you will kindly furnish me with the desired information, and also, if obtainable, with any kind of map, or tracing, of Lake Nepigon, showing the results of any surveys that may have been made.

Rt Rev. Sir/

I beg to ack. the receipt of Your Lordship's letter of the 2nd inst. asking for information respecting the land occupied by Indians at Chief's Bay on Lake Nipigon, and enquiring whether the Bay is recognized as an Indian Reserve by the Govt.

I beg to inform Your Lordship in reply that the land in question does not form part of an Indian Reserve. In the Fall of 1880 correspondence took place between the Rev. Thos. Wm. Appleby to whom the postscript of Your Lordship's letter refers — and this Dept., and between the Dominion Govt. and the Govt. of Ontario in regard to which Your Lordship's letter is evidently based, but the lands

I enclose copies of the correspondence referred to, viz. a letter of the 9th of Nov. 1880 from the Rev. How it seems to me that the necessary conditions have been complied with, inasmuch as several Indians have built substantial log houses - improved the interiors. So far as their scanty means permitted - fenced in their little gardens. and cultivated them to the extent of planting potatoes. &c. I am most anxious to encourage them to settle down there, and intend making formal application to the Government for assistance for this purpose, in the form of the building, or cutting rather (by the Indians) of a road. the granting of some agricultural implements. and the provision of a small salary for a school teacher. but, as a necessary preliminary. I am naturally desirous to secure these Indians in the undisturbed possession of the lands on which they have settled, and hence will be deeply indebted to you. my dear Sir. if. in view of the facts stated above. you can advise me as to the steps necessary to be taken for this purpose. or render me any assistance in the accomplishment of the object which I have in view.

Localisation is a necessary condition of civilisation. The Indians appear to be quite prepared to abandon their migratory habits, if they can feel assured of the permanent possession of their little settlements. Dear Sir.

I had hoped to have communicated with you more promptly, as to our Georgian Indians. but absence from home, and delay in hearing from the friend to whom I wrote in Manitoba must be my apology. Indeed I have not heard from the latter even yet: and how my suggestions, in one direction, must be somewhat vague and indefinite for School Teachers.

1. As to the stipends, for teachers Creek, and Rey Weenemang on Lake Nipigon. I fear I must ask you to change the $150 which I suggested for each to at least $250. I do not believe we can possibly obtain teachers for less. Could I supplement your grant from my Diocesan Funds. I would most gladly do so. but the condition of my Exchequer will not permit it.

2. As to the agricultural implements for which I have requested a grant in my supplementary Estimates. I have not yet had. as said above. any reply from any friend in Manitoba. but I think that if you were to appropriate. say $200 for this purpose. for the purchase of implements. &c. to be loaned to the Indians. and taken charge of by our Missionary. the Rev. Robert Rundle. even this would be the dawn of a new era for the little Settlement. and would be an invaluable aid in the introduction of the principle of self help. to which I am most anxious to educate them.

3. With regard to the road for which they ask assistance. I may repeat what I said to you. in illustration of the necessity for it: that a barrel of flour which costs $10 when laid at Red Rock. costs $14 when delivered at Weywayanung. having to be canoed. and carried over the portages for a distance of 65 miles. The proposed road would reduce this to 35 miles. I have consulted the Hon. W. Pardee on the subject. and he informs me that the matter can only be dealt with by the Indian Department. I may also add that assistance has already

from given to the Roman Catholic Settlement at
Lake Nipissing for a similar purpose. and that the
necessity is still more urgent in the case of the
Indians on Lake Nipissing. This road would
also furnish an invaluable outlet for the
Indian Settlements 40 miles distant from each
also on Lake Nipissing. The Indians are prepared
to chop this road out. to town as an offer per mile
is made for the purpose. I would strongly urge
this matter on your attention, Honorable Sir, if there
be any possibility of obtaining it just now.

4. May I ask for some information as to certain
lands secured for the Church of England. at Little

of the late Bishop Fauquier. chiefly. I believe. through

promised to build a church worth $1200. at this point. but. reasonably enough. wishes to be satisfied that the property does actually belong to us. May I ask for an enquiry as to this matter. whether there is anything in the Books of the Department. to shew that the case stands as I have been led to believe it does. and if it does. whether the Department could give me such an assurance as to the title to the property. as would enable us to take the necessary steps towards the erection of the church. as above. The plans and specifications have already been sent out to me. I cannot give you any description of the lots. but this will make no difference. as. if already surveyed. and described in the Books as belonging to the Ch. of England. a letter stating this fact would satisfy myself. for the present. and my English friend as well. Memorandum for Mr.McKenna

Chiefs or Grand Bay Indians, Lake Nipigon.

1st. The Indian settlement at the South Shore of Lake Nipigon was formed in July 1880 by the Rev.Thos.H.Appleby, English Church Missionary.

A church and school combined was built by that gentleman and a request was made that the land settled upon by the Indians be set apart as a reserve. This request was forwarded to the Department of Crown Lands,Toronto and a reply received that the amount of land asked for,between 4000 and 5000 acres, would not be set aside for the reserve but that any individual families had the right to settle on any of the lands in the unsurveyed territory,and that if found in occupation with substantial improvements at the time the survey of the land would take place there would,it was thought,be no difficulty in preserving the land for them.

In October 1884,the Bishop of Algoma reported that the conditions,in so far as improvements were concerned,had been complied with,and requested that the Ontario Government be again asked to give a grant of the land,but as the survey had not extended to Nipigon at that time it was not thought advisable to make the application.

In 1888,at the request of the Grand Bay Indians a survey of the lands occupied by them was made by A.J.Russell, D.L.S. The reserve as surveyed contains 585 acres,and the land was reported,for the most part,well adapted for farming purposes,

purposes,especially for roots.

A number of letters have been written to the Crown Lands Department,Ont.,asking that this reserve be set apart as well as other reserves on the north shore of Lake Superior, the last letter on this subject being written on the 29th March, I897,but so far without satisfactory results.

2nd. The following expenditure has been made on behalf of these Indians since they moved to their present location. -:

I886	Implements and tools	$I40.8I
	Freight on same	3I.35
I887	Bull and freight on same	72.85
	Seed potatoes	20.00
I888	Plough,chains &c.	25.78
I898	Bull	30.00

I900. Authority given the Agent to purchase hoes and other tools for which accounts have not yet been received.

$200.00 has been voted annually since I886 to pay the salary of a teacher,but has not been requisitioned for for several years as the school has been closed.

3rd. The Indian Agent has only made irregular visits to this reserve as it is out of his line of travel. The payment of their annuities has been made at Gull River,Red Rock or by the H.B.Co.when opportunity offered. It is the intention, however,to instruct the Agent to visit these Indians this year and spend a day in inspecting the reserve.

4th. Under the present Election Law, this is a matter to be dealt with by the Provincial Government.

5th,6th,7th and 8th. The report regarding the Grand Bay Indians is very satisfactory. They are said to be thrifty, energetic and in every way worthy of encouragement. They are, reported to be in every respect very much superior to the members

of the band residing at Red Rock, and any cattle given them would, it [illegible], be well cared for, and a good use would be made of them as well as of any seeds with which they might be supplied.

The petitioners are in error in stating that they are entitled under the Robinson Treaty to the articles for which they ask.

Sir:-

I have the honour to request that when making your preparations for paying the Indians their annuity moneys during the coming season you will arrange to visit the English Church Mission on the South shore of Lake Nepigon and pay the Indians of that place on their reserve. You will also be good enough to carefully inspect the reserve and report the progress made by these Indians, and as to whether they have made good use of the agricultural implements, cattle, etc., supplied to them by the Department.

Sir-

I beg to report that upon my visit to the English Church Mission at last payment I found that the Indians had made some progress in the way of land cultivation, altogether they had broken about three acres, they had nearly all their land planted with potatoes and had more than enough for their wants during last winter, they disposed of nearly 100 bushells to Mining camps operating on the lake, they have had very poor luck with the bull supplied by the Department, it has been impossible to manage it, at the time of my visit it had been away for several weeks late last fall the Indians had failed to find it , and it probable that it is a loss.

My dear Mr Hodder

In my recent visit to our English Church Mission at Chief's Bay, Lake Nepigon, I found that nothing had been done by the Government to secure to the Indians of the Mission the land on which they are located.

This land is understood to be set apart as a Reserve. But the necessary formalities constituting it a Reserve have never been completed. The Indians feel insecure in consequence, and although they do a good deal of work in the way of improving their properties, they would no doubt do a great deal more if they knew the land they were

improving to be their own!

I have recently sent a missionary among them who is prepared to lead them in improving their houses and land and in the arts of civilization generally. But he is handicapped by the present condition of things; and until the Reserve is formally made over to the Indians we cannot expect satisfactory results, in the way of growth and advancement, from the work our missionary - the Rev. B.P. Fuller - is doing.

I lay the matter before you in the hope that you may be able to represent it to the Department in its true light and to secure immediate attention to it.

Our Indians will never be settled and contented, nor can our work among them progress as it should do, until their title to the land is placed entirely beyond dispute.

It is my hope that while the matter is being dealt with the Department will see the propriety of making over to the Church of England, by a special Deed, the lot, or farm, occupied by our Church and Parsonage.

In reply to your letter of the 3rd Instant enclosing a communication from His Lordship, the Bishop of Algoma, regarding the title to land on the Red Rock Indian Reserve, at McIntyre's Bay, Lake Nepigon, I beg to say that pending confirmation by the Government of Ontario of the Reserves set aside in what was formerly known as "the disputed territory", the Department is not in a position to do anything.

I may say, however, in this connection that it is hoped that the question of title to the Reserves in question will be adjusted in the near future.

Dear Sir

When you were here the last time there was one thing in particular that I wished to speak to you about. i.e. the question of the reserve we have asked for. But as it was proposed to go to South Bay and there meet Mr Cornee and yourself. I decided to leave the matter until that time. Failing to have this opportunity I now take the liberty of writing you on the same question.

Allow me to say that I am an old man now, and I desire much to see my people in comfortable homes on their own land. As the matter stands at present we have nothing upon which we feel secure. White people are coming in now, and for them there is any quantity of Lands, timber, Ammunal, water, fish Etc etc. Room for the homes of thousands of our White Brothers All we ask is that we may have to hold for ourselves and our children this small reserve.

Some of my people have expressed at times the thought of moving if the reserve cannot be granted, and I would much regret to see any leave, and I am sure the Government would not wish them to go. If we were sure of keeping our land and homes. then we would be encouraged to go on and do more. And other

Indians might be induced to come and join us.
Some have already assured us of this fact.

We have waited many years always hoping that this little matter, yet to us of great moment, will in the near future be settled for us,

We realize that a great change is about to take place in this part, has even begun now and for this reason we are more than ever anxious about that which concerns us both now and in the future.

Re 29/2 S.C.D. Kerfoot

My advice is asked as to whether under the terms of the will of the late D.A. Jones a patent for the above lot may be issued to the executors named in the will.

The will contains no devise of this lot. The executors are merely authorised to sell all real estate and convey, which lot forms part, and to dispose of the proceeds in the manner directed. The legal estate therefore descends to the heir at law of the testator. The executors take no estate and are not entitled to the patent

INDIAN AFFAIRS. FEB 22 1881 OTTAWA

As an Executor (jointly with his Widow) of the Estate of the late Samuel Lazers Jones of Derby, I am desirous of getting out the Patent for a lot (No 29 in the 2nd South Diagonal Con. of Keppel) belonging to that estate. And if you can assist us in the matter without our having to apply to the Heir & Devisee Court on the subject. We & I would both consider it a particular favour —

The circumstances of the case are these, viz. - The lot was purchased from the Indian Dept many years ago by Mr William Jones, then father of Sk Jones, and was fully paid for; tho' from the circumstance of certain Road opening, required by the terms of Sale, not having been done up to the time of the death of the purchaser, the patent had not issued, — That Road opening however was subsequently done by his Son - Mr Samuel Lazers Jones - and a certificate of it I believe is filed in the Office of the Indian Agent at Brierton, and I think also in the Office at Ottawa, - still no patent was ever obtained, - and perhaps not applied for — As Mr Sk Jones seeing the lot advertised by the County Treasurer to be sold for arrears of taxes, in 1872, attended the Sale, and bought it in, and obtained the Treasurer and Warden's deed for it, in his own name, — probably he thought that deed was sufficient, and therefore was careless about calling on the Indian Dept for a patent, altho' he knew that all the requirements of the purchase had been complied with.

He — Mr Samuel Lazers Jones - the Son, also died about two years ago, and in his Will, after bequeathing various portions of his Property specifically, adds a paragraph thus, viz - "All my estate, real and personal, not specifically

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

decreased in this Will, - I desire that My Executors shall sell and convert into Money as soon as practicable, for the purposes of the estate, &c -

This lot is included together with other parcels of lands not specially designated, in this last paragraph of the Will, and the executors, desiring to raise Money for the needs of the estate, would sell it; but objection is raised by proposing purchasers that the Tax deed is not sufficient title, since the patent had never issued, &c -

I wrote to Mr Lemon - our Member - a short time ago, requesting him to go to the Indian Office and ascertain as to whom the patent might issue to - whether to the heirs or the Executors &c. his answer is not satisfactory - merely briefly saying that "the Dept refuse to issue a patent to the Trustee," (the Executors I suppose he means) and giving, as cause, "that the Will is not sufficient" - what this means I of course don't know, except it may be that this lot is not specially named - as I said above in the Will, but included with other lots referred to in the last paragraph by being kept in the old &c -

If this is the difficulty or cause of objection to the patent issuing, I should think it might be satisfactorily overcome by the Executors sending down an affidavit to the effect that the lot is included in the above mentioned last paragraph &c - the Tax deed also which we hold in Mr A. Jones' name can be produced, shewing that the lot is part of the estate &c -

I hope you will be able, and willing, without putting yourself much out of the way, to ascertain for us what the Indian Dept will do in the case, and let me know their determination, &c -

Or, should we make a conditional bargain to sell the lot as circumstances are, could the patent issue to the purchaser, on his paying our right, &c -

Excuse - please to let me hear from you; and believe me Sincerely Yours C. Rankin

If the Ottawa Govt, or the Indian Dept, or the Legislature, have lately issued an Map or Maps shewing the Surveys which have been made in Manitoba and the N.W. Territory, and the route - as far as located - of the Pacific R.R, I would receive it as a favour if you could procure and send me a copy.

Sir

In reply to your letter of 20th inst respecting the proposed payment to Oxnaden for professional services to Muncrick Indians I have the honor to explain, that he was engaged by the Indian Council on the 1st March 1879 at an annual salary of $150.00, but through an oversight he was named in the requisition for quarter ending 30th June of that year for only three months instead of four months salary, Consequently the salary for the month of March 1879 is still owing to Mr Oxnaden being $12.50

He has been paid from 1st April 1879 to 31st March 1880, but his services were not dispensed with and he still continued attending the Indians till the end of July last and is therefore entitled to additional four months salary at the former rate amounting in all to $62.50

The amount mentioned in the requisition enclosed in my letter of the 11th inst is evidently an error on the part of the Indian

Memorandum.

With reference to the application made on behalf of Mr. F. Farrow for a reduction in the price of lot No 1, Concession 24, Township of Anabell, the undersigned begs to report, that, the lot was sold on the 24th of July 1873 at the rate of $2.00 per acre.

It is described by Mr. Bell who inspected the lots in the Township of Anabel as nearly all rocky, and he values it at 75¢ per acre. The timber land being of ~~no~~ value, and consists of hardwood, Hemlock and Cedar.

In the affidavit filed on behalf of Mr. Farrow the land is described as almost unfit for settlement, there not being one acre of land on the whole lot fit to plough, and it is only suitable for grass

It is further stated in the affidavit that there is no valuable timber on the lot it having been almost all burned down.

The occupant is described as a poor man with a family and unable to buy a better lot for himself & makes his living by manual labor in the vicinity

The value put upon the lot by the deponents in said affidavit is 50¢ per acre.

In consideration of the facts above stated, the undersigned respectfully recommends that the price of the lot be reduced from $2.00 to $1.00 per acre.

Dec. 18th / 80

Dr,

On the occasion of my visit in the Fall of 1879 to the Walpole Island Indian Reserve certain Indians who were represented to me as representing themselves as being the descendants of the Chippewa families who formerly occupied some 300 acres on the Anderdon Reserve which was subsequently surrendered by them to the Crown, claimed that the proceeds of the sale of said 300 acres should be paid over to them in accordance with the conditions of the surrender.

In connection with this claim I enclose herein copy of a letter addressed to the late Lt.-Col. Fisher, on the 10th of February 1871 who claimed also to be a descendant of the families referred to, explaining why the Dept did not consider that the amount received on account of the sale of said 300 acres should be paid over to the claimants. If you have ever there are any facts known to you or which you may hereafter ascertain which might lead you to conclude that the decision arrived at then by the Dept was based upon erroneous premises I will

Revd. Sir.

At your request I proceeded on the 20th inst to Margarets Bay Ingram River and having just returned I hasten to submit to you my appended report which was gathered by an insurmountable amount of difficulties. On my arrival by coach I proceeded to make an investigation of the surrounding generally which you will find embodied in the following report.

I. With reference to the timber that is grown on the Indian Res. it may be classified into three kinds viz Spruce, Soft Wood and Fir most of these trees have been cut down by the people in the neighbourhood for the purpose of fencing leaving but the stumps to indicate their depredations which gives the place a most barren aspect. I made every attempt to gather information who the depredators were but to no effect they seemed to be more or less guilty none could be found who would give a truthful statement.

is of a swampy Rocky & Stubtile
nature and in consequence of
which makes it entirely barren
of grass or any other kind of
vegetation which had it not
been so would have been of great
service to the Indians; there is
only a Scrubby underbrush existing
which makes the land totally
unfit for cultivation.
I personally entered this Marshy
ground and it being so boggy
had to procure the services of a
guide for whose services I had to
pay the sum of $5.00 before he would
consent to offer any assistance
whatever.
III. The River and adjoining Lake
is well supplied with Trout and
Salmon which are the only
species of Fish to be found as
there are to be seen hundreds of
sporting men from all parts of
the County with their angling
gear indulging the delightful
sport of fishing in this River
which appears to be preferable
to any River or Lake where the same
sport can be indulged in.
IV. The Reserve is occasionally
visited by the Indians but in
consequence of its impoverished
condition not affording them
a sufficient livelihood they
only remain two or three days at

a time which is employed in
fishing and soliciting alms from
the surrounding neighbours.
V The Reserve lies on both sides
of the River and is estimated
to contain from 230 to 260 Acres
of Land and from its barren
aspect and uncultivated con-
dition to my mind it would not
be worth at its present value more
than 7s^t or 8s^t per acre.
I have now completed my Report
report on the general surroundings
of this Reserve it has been my single
object in the foregoing to give an
accurate statement of the results
of personal investigation and ha
not taken a step beyond the
limits of facts, and am
persuaded that a more complete
statement cannot be procured
from any other reliable source.
I have occupied the full time

Rev. Sir/

I beg to ack the receipt of your letter of the 26th Ult. forwarding a report from Mr. James Lane, whom you employed to inspect the Indian Reserve at Blacks Point, Ingram River, and his bill of expenses in connection with that service.

I find that Mr Lane is in error as to the extent of the Reserve. The area of it is 325 acres, and the principal advantage which it seems to possess is that of the fishery in the River & Lake which are described as ~~where fishing can be had~~ being well supplied with both trout and salmon. Under these circumstances, as the Indians appear frequent this ~~Stream~~ Reserve occasionally

occasionally for the
purpose of fishing,
I think that it
would be injudicious
to sell the land
with a view to the
erection of a mill
thereon, as, in the
first place, the price
offered is no temptation
to destroy the fishery,
which certainly would
be done by the erection
of a mill; and, in the
next place, it appears
to me that the
Indians would profit
more by the proper
preservation of the
fishery on their Reserve
and the ejectment therefrom
of all parties ~~[illegible]~~ who come
there to fish. The
Indian Act prohibits
fishing upon a stream
passing through an
Indian Reserve, as
you will observe upon
reference to the 21st section
of the Act 47 Vic. cap. 27;

cease fishing or in any way using the stream aforesaid, and, if they do not comply with your requirement you should remove them in the manner provided by the Act. It would be well for you also to notify the Indians who are in the habit of frequenting this stream that no other parties have a right to fish in the stream that passes through the Reserve. With reference to Mr. Lane's account for his services, I consider that his charges are excessive for the time occupied in inspecting the Reserve and in making a full report. It would appear that he occupied three or at most four days in this service, and for this he charges $20.00. I think that if he is allowed $12.00, he should be satisfied, and I have accordingly reduced his account to that extent. He has not furnished any details for

The Hon. The Minister of Interior

Dear Sir

I wrote your department about ten months since asking the Govt. through you the privilege of purchasing on Indian Reserve, near Ingram River, and received reply to communicate with Rev. A. P. Desmond, Cape which I have done, and after some investigation I made the Govt an offer. The same time and he informed me that he recommended the Govt to sell, and I have been a long time waiting for a reply.

In the mean time it is being taken possession of by squatters; so that, I would kindly ask your department to come to a decision as soon as convenient. As I have already explained, the reserve in question is of no benefit to the Indians either as a hunting or fishing ground and is, nor has been, occupied by them as a camping ground.

The only use or benefit to be derived is for the benefit of a small stream of water on which I would like to build a grist mill, which with the water of Ingram River, I could have sufficient water power to run a mill a few months in the autumn rains. If the Govt. do not see fit to grant the Indians I would willingly have them reserve a certain to hunt, hunt or fish and take off any timber that may be on the place that they need for their use.

Hoping you will give this matter your favourable consideration and soliciting a reply.

informed that no Indians have ever occupied the land, I beg to report that the Reserve referred to consists of somewhat over 300 acres; that it is described as being utterly useless for agricultural purposes; but that there is a good fishery at the Ingraham River, which flows through the Reserve, and the Indians are in the habit of resorting thereto for the purpose of fishing every season. The River abounds in fine trout and salmon. It is unlikely, therefore, that the Indians would consent to the land being sold, and it could not, of course, be disposed of without the Dep't obtaining a surrender from them. The question of surrendering is for sale

for their benefit might, however, be submitted to the Indians; but before this is done the Dep't should be in a position to inform the Indians what amount would be realized from the sale, and, as Mr Gapper states that the parties who desire to acquire the land would be willing to pay sufficient to make it a benefit to the Indians, it would be advisable that they should intimate what sum they would be prepared to pay, should the Indians and the Dep't consent to dispose of the Reserve.

Dear Mr. Deputy,

I beg further to refer to Mr. Deputy Superintendent Vankoughnet's letter of the 9th ult. and to the enclosures on the subject of the Ingram River Fishery in Nova Scotia.

Referring to the letter from Indian Supt. Wm. Pugh of the 2nd ult. enclosing the letter from Colonel Clarke, Halifax, to purchase the Indian Reserve at the mouth of the Ingram River, Nova Scotia, for which he states that he is prepared to purchase another lot of land of equal, if not greater, value for the Indians, I beg to inform you that the Ingram River is a valuable salmon and trout stream, and I think that we could probably make more for the Indians by leasing to some

some other parties, than by selling the Reserve for which we would not likely get more than 50¢ per acre, according to the value of land in that locality; and the land in the Reserve being very inferior in quality. The whole amount of the sale at that rate would be $162.50/100

We could probably realize as much as that per annum by leasing the fisheries, and still hold the land. I think, therefore, an attempt should be made, if it is true as stated by Col. Clarke that the Indians do not use the River for fishing purposes, to lease the same to others and then with the proceeds, if the Indians want a Reserve nearer a market, purchase land for them.

Yours Sincerely

this being replaced by another, whom Mr. Kenny and Archbishop O'Brien have recommended for appointment, which is delayed until the present Agent squares up financial matters, and this is in progress. We would, of course, require a surrender from the Indians before the Reserve could be sold, or exchanged for land elsewhere; and, as stated in my letter to you of the 3rd instant, we would get little or nothing for the land; whereas we would probably realize a handsome rental from

My Dear Tupper,

I have your note of the 5th instant, enclosing one from Col. Clark, of the Government House, Halifax, in reference to the Ingraham Fishery. What Col. Clark assumes in his note to you is really the case, namely, that we are not at present in a position to sell the land in question and I have decided, in case it may in any way meet Col. Clark's views, to advertise at an early date the leasing of this fishery in the most prominent Nova Scotia papers. The Colonel will therefore have an opportunity of tendering for the privileges desired should he feel so disposed. Regretting that the circumstances prevent me from meeting the

Referring to your letter of the 10 inst. respecting the right of this Dept. to grant leases of fisheries in waters upon Indian Reserves, a decision in respect to which, together with the question of the right of the Provinces to inland fisheries has been deferred pending the result of contemplated reference to the Courts, I beg to enquire if there would be any strong legal objection to this Dept. in the meantime leasing these Indian fisheries, such leases to be subject after the expiration of a term, say of one year, to such decision as the courts may arrive at on the question. We have on several of our Reserves in the Maritime Provinces valuable fishing locations which are simply lying idle and from which the Inds. might derive quite a revenue were they leased. Sir,

I beg to acknowledge with thanks the receipt of your letter of the 17th Ultimo, with enclosed copies of Plans of Indian Reserves at St Margarets Bay, Halifax County, and of the Plan of the Indian Lands at Gold River in the County of Lunenburg.

I have to request that you will kindly forward a copy of the Grant to the latter Indians in accordance with the copy of Plan which you forwarded.

The plan of the Gold River Reserve for Indians sent to this Department about the time of Confederation shows the land in two portions, apparently only projections, one portion 960 acres, on the West side of Gold River, another portion of 81 acres, having the River running through the centre of the Block. These Blocks are about one mile and a half apart.

In reply to your letter of the 4 inst. I beg to say that there is no grant to the Indians covering the "Gold River Tract", or tracts. Nor are there any grants to the Indians, so far as my knowledge extends, with the exception of the one at St. Margarets Bay, this County. And are in the District of Clements, Annapolis County. These lands were set apart for the use & benefit of the Indians by Order of the Governor-in-Council of this Province, who Managed them until Confederation when they passed over to the Control of the Dominion Government who dealt for the same purpose.

Memo: Mr.McLean,

Enquiry has been made respecting the Indian Reserve on the West side of Ingraham River, N.S. It is stated that there are no Indians upon the Reserve, and that there have been none there for at least 50 years, and that there are supposed to be none within five miles of the Reserve. The question is asked whether the Dominion Government would transfer the Reserve to the Local Government or in any other way dispose of it. Would you kindly let me have full information with any papers in the Department on the matter.

To the Secretary-

29/4/99

Ottawa 27th April 1899-

In relation to Mr.McKenna's Memo of the 26th Instant, regarding the Ingram River Indian Reserve, Nova Scotia, I beg to state that the Reserve in question, which is situate at the mouth of Ingram's River, St.Margaret's Bay, in the County of Halifax, contains 325 acres and was transferred to the Dominion by the Provincial Government at Confederation.

The local Agent, in his last report states that the Indians of this County are scattered all over, residing at Sheet Harbour, Cole Harbour, Dartmouth, Wellington, Windsor Junction and Elmsdale.

Some years ago, the Department had considerable correspondence in relation to the fishery on this Reserve, but no definite action was taken thereon, as will be seen from correspondence on this File.

If the Reserve is not used by the Indians, there would not appear to be any reason why the same should not be sold for their benefit or exchanged with the local Government for other land, provided, of course, they gave the usual Surrender for the purpose of having same done.

W Sidey

Better write agent for a report as to whether the reserve is used by the Indians and if not whether they would like surrender it with a view to its being disposed of for their benefit

Sir:—

In reply to your enquiry of 29th april No 25584— , I wish to say that there are no Indians residing on the reserve at Sheet Harbour River. as far as I can find out, no use whatever is made of it.

But I cannot say, whether the Dept. made a grant of this reserve to the Indians of the whole county, or to just a few. Probably the Dept. has a plan of the reserve. If so the parties to whom it was given might be named thereon.

How am I to call a meeting of Indians who live so many miles (often sixty or seventy) apart? In all such cases (i.e. surrender of reserves) it is pretty well impossible to get those interested to assemble.

To the Secretary-

The Indian Reserve at the mouth of Ingram River, at the head of St.Margaret's Bay,County of Halifax,contains 325 acres and was set aside under an Order of His Excellency the Lieutenant Governor in Council,dated 27th July 1853,as an Indian Reserve for the use of the Indians.

The local Indian Agent reports that there are no Indians residing on the Reserve and no use whatever is made of it and desires information as to taking of surrender.

I think it would be well for the Law Clerk to be asked to report if a Surrender should be taken from the Indians residing in the County of Halifax or whether the rights of this Department,owing to non-occupation of the Reserve by the Indians,have been in any way interfered with.

Sir:-

Reserve of 325 Acres at Ingrams River, N. S.

The Order in Council, dated 27th July, 1853, setting aside this reserve is expressed to be made agreeably to the recommendation of the Crown Lands Commissioner. The memorandum conveying this recommendation to Council appears to me to be necessary for interpretation of the Order in Council. It does not appear to be amongst the papers on file. These include a plan of the land and the O. C. numbered respectively 12A and 12 C. I think it probable that the memorandum missing is marked 12 B.

Unless the Order in Council so provides I see no reason why it should be considered that the land was set apart only for the use of the Indians residing in the County of Halifax.

I think if possible a copy of a memorandum should be obtained before the matter is finally reported upon.

Law Clerk.

The papers on file 6389 show that A Com. Lands Dept. Halifax was asked in 1892 for the papers bearing upon the case of the Band of Micmac Indians at Ingrams River and that no information or explanation could be found in the Department.

MINISTER OF THE Interior

Ottawa, Ont.

DEAR SIR,-

I have been in communication with the Indian Agent for this District about plans and descriptions of the lands reserved for Indians in the County of Lunenburg. The Agent, Mr. Charles Harlow, of Caledonia, Queens Co., N.S., informs me that he has no plans or descriptions of such Indian Reserves, and that he has asked the Department to furnish them.

There is a little trouble about land in an Indian family near Gold River, in this County, which I am anxious to see settled without legal proceedings, and it seems very desirable to know if the land in dispute is part of the Indian Reserve. The Agent cannot tell, because he has no documents or data by which to inform himself. I trust you will kindly take the trouble to instruct the officers of your Department to supply the Agent with plans or descriptions or both, at the earliest possible date, and to have surveys made, if necessary.

To the Secretary-

With reference to the letter from Mr. L.A.Chesley, of the 10th Inst. I beg to state that we have never had the boundaries of the Indian Reserves at Gold River, N.S. surveyed.

The Plans in the Dept. and the correspondence generally are very conflicting as to the limits and extent of these Reserves. I think that a Survey is a great necessity, and would recommend that it be made.

I am unable to give an estimate of the cost, but think it should be between $100.00 and $200.00, which sum can be defrayed from the vote for Surveys in the older Provinces

Ottawa, 8th August, 1902-

Sir,

It has become necessary to ascertain positively what lands constitute the Indian Reserve at Gold River, in the County of Lunenburg, Nova Scotia, and to have their bounds properly surveyed and permanently posted. I have been directed to request you to undertake the work.

Enclosed are copies of two Plans. The one lettered "A" is a copy of Plan No. 21, of Indian Reserves in Nova Scotia, received from the Government of Nova Scotia at the time of Confederation. You will note in this Plan that two tracts of land are shewn as being Indian Lands. One of these contains 960 Acres, and the other 81 Acres.

The second Plan lettered "B" is a copy of a Plan received from the Crown Lands Office, Halifax, in 1895, on which is shewn only one block of land, and that containing 998 Acres.

There are no records in the Department to throw light on this discrepancy. You should, therefore, place yourself in communication with Mr. Charles Harlow, Indian Agent at Caledonia, N.S. and with his assistance ascertain definitely what is the tract or tracts of land which are legitimately in the possession of Indians at Gold River, or are actually Indian Lands, although perhaps not occupied by them. For this purpose, you should make all necessary inquiries

inquiries in the locality,and examine the documents relating to the land that may be of record in the local Registry Office,or elsewhere. If you should think that a copy of one or more of such documents ought to be placed on record in this Department,please obtain the necessary copies,and forward them with your Returns for that purpose.

Mr.Harlow will render you all assistance possible in executing the Survey. The lines are to be drawn as usual,to be well blazed through the woods,&c. All the corners and angles should be marked with substantial posts, with the letter "R" cut on one side of them. A mound of stones is to be placed around each post,if they can be obtained within any reasonable distance.

The Returns are to consist of a separate Plan on mounted drawing paper,measuring twelve inches by fifteen inches,for each separate block of land. These should be drawn to a convenient scale;probably ten chains to the inch will be suitable,if not twenty chains to the inch will answer very well. Another Plan or Sketch is required on a small scale,say eighty chains to the inch,of the whole locality,to serve as a key Plan ; on which should be shewn the Indian Lands and the lands surrounding them,and all other information necessary to locate them correctly on a Map of Lunenburg,or of Nova Scotia. Your Report should state in detail all the ordinary information regarding the Survey ; the Indian houses and other improvements,their approximate value,and a general description of the Reserve, together with your estimate of their value per Acre.

The Plan and Report it is thought sho ld contain all necessary information. Field Notes will,therefore not be required.

Please forward your Account with the Returns above

above mentioned. You will be allowed the usual fees travelling and board expenses. You should engage all the assistance you require for the work of surveying,and pay for the same at local rates. Vouchers and receipts should be forwarded for each and every expenditure.

I have to add that the name of each Indian Occupant or Owner,with the lines bounding his land,should be shewn on your Plan,and a separate Schedule of the Indian Occupants should be prepared,giving the area of land occupied by them,and the nature and value of their improvements.

The Deputy Supt. General,-

In accordance with instructions from Mr. Smart, the then Deputy Supt. General of Indian Affairs, Mr. Chas. He has not replied to the letters from this Department, and neither are we able to obtain answers to our letters to the Agent, Mr. Chas. Harlow.

The survey is a very necessary one. We have just now applications for lands within the reserve, and we have frequently had questions arising in connection therewith, which for the want of a plan we are practically unable to deal with.

Dear Sir,

In August 1902, instructions were sent to Mr. Charles Starratt, Deputy Surveyor, Bridgewater, N. S., to retrace the boundaries of Indian Reserves at Gold River in the County of Lunenburg, N. S., At the time he was unable to do this work, but in September, 1905, he wrote to the effect that he expected to make this survey next month. He has not been heard from since and though asked in February, 1906, to report what advance he had made, nothing was heard from him.

In view of the above I think it best to have a nomination of another surveyor and would like to know from you whom you would recommend to do this work.

Dear Sir:-

In reply to your letter received of Indian Reserve Lands at Gold River, I beg to say, I have completed survey and enclose plan of same showing lands now in possesion of George Heisler and Heirss of Amos Heisler which is also claimed by the Indians to form part of the Indian Reserve, the Indians claim that from the point marked with red cross to the place of beginning that the river is the boundary line, There has been a lot of litigation with regard to these lands and it is a contract too great for me to get through with this year as the Supreme Court records as well as Registrar of Deeds Office will all have to be searched.

V. J. Paton Barrister of this town, who was the late F. R. Wades business Partner to the time of his death, and went through the Courts in this County and run law suits for the Indians, as well as the full Bench at Halifax and won against Amos Heisler on ownership. Also against Wm. Mosher on flowage and who has access to all old papers, and would be able to straighten the matter out better than any other man in Nova Scotia. Being a perfect straight honest lawyer(strange though it may seem) who will carry it to a finish for a reasonable sum. The land lines around the Heisler lots are not old lines, say from 15 to 20 years, while the old lines around the Reserve must be upward of 50 or 60 years, where they can be found. Should you want Mr. Paton to take hold of this matter you can either instruct him

If you intend to take the best I can give you and let that end it let me know at once that I may get it through while my dull time is on in the summer.

You will notice that the Orange line surrounds what the Indians Claim as Reserve and have fought and won in the Courts. Red line around George Heisler. Blue line around Amos Heisler.

DEPARTMENT OF INDIAN AFFAIRS CANADA

Ottawa, June 28, 1907.

Memo for Deputy Minister,

I beg to state that the plan herewith of survey submitted by Mr. Starratt bears no resemblance to the plan of lands at Gold River forwarded to the Dominion Government at Confederation.

Evidently the Indian Reserve exists as surveyed by Mr. Starratt. I think we may as well accept this as a fact notwithstanding the discrepancy above mentioned. The question then arises as to whether Amos Heisler and George Heisler own the two blocks of land which they hold and about which Mr. Starratt says there has been a lot of litigation.

The land is not valuable and as the question appears at best to be of a very doubtful nature, I think it would inadvisable for the Department to undertake a suit to recover possession. Under the circumstances, if you approve, Mr. V.J. Paton might, in accordance with Mr. Starratt's suggestion, be requested to look into the matter with the view of settling the question at issue if possible, without litigation. Such settlement not to be binding until finally approved by the Department.

Sir,-

I beg to enclose herewith a blue print copy of the plan of survey of Indian Reserve at Gold River, Lunenburg County, N.S., made by C.H.Starratt, Deputy Surveyor at the request of this Department.

You will note that two blocks of land are indicated within the limits of the reserve as being occupied by Amos Heisler and George Heisler. Mr.Starratt has reported to the effect that there has been a lot of litigation with regard to this land and it will be too great atask for him to ascertain the facts regarding them. He has suggested that the matter should be referred to you as you had a case in hand for the Indians some time ago and he thinks if you will take hold of this matter you will straighten it out for a reasonable charge.

I have to say that the Department does not wish to undertake a suit at Law, on account of the doubtful nature of the tenure of the land, because the land does not appear to be of very great value.

I shall be obliged if you will take the matter in hand and deal definitely and decidedly with it; if necessary by compromise. I have to request you to be good enough to submit, when you make your final report, all the facts in connection with the case which enabled you to arrive at your decision, and no settlement is to be binding until finally approved by the Department.

Sir,-

Referring to your letter of the 7th June I907 I beg to inform you that in accordance with your suggestion Mr.V.J.Paton was instructed to look into the question of ownership of certain lands in the Gold River Indian Reserve as you were informed on the 2nd of July of the same year. Mr.Paton acknowledged the receipt of our letter but has not again communicated with the Department on the subject.

We have also not heard from you any further in connection with this matter. Enclosed herewith is a blue print copy of the plan of your survey and a copy of the plan of lands laid out for Indians at Gold River in the County of Lunenburg which were received at Confederation. The Department has no knowledge of the tract as laid out by you. The area approximately granted to Indians at the point where you have made the survey is only 8I acres and as you will note there is another tract to the South-west containing 960 acres.

The Department does not see its way to press the Indians claim to any other lands than those granted at Confederation unless the title to them is absolutely clear. I shall be obliged if you will be good enough, at your earliest convenience to again visit this locality and make a survey and plan of the tracts of land, which are without question the property of the Indians.

It is by no means necessary that the tracts should contain the areas shown on the plan received at Confederation. It is,however, absolutely necessary that your survey should include the lands and those lands only which are the property of the Indians and I have to request you to make your report in full in every detail in order that the Department may submit your plan,together with your report to the Commissioner of Crown Lands, Halifax for his approval. I may again say that it is desired that this survey should be made at as early a date as possible.

Sir,-

I have the honour to inform you that a communication has been received by this Department to the effect that your Railway passes through an Indian Reserve situated at Gold River, Lunenburg, Co. N.S. If this is a fact I have to request you to file at once, in this Department a copy of that portion of your right of way plan showing the land required by your Railway in the said Reserve. This should be accompanied by your offer of compensation. The said plan should consist of a tracing signed by a responsible of your Company together with three blue prints copies of the said tracing.

I may say that on account of the trouble given and the dilatoriness of Railway Companies in paying for the right of way through Indian Reserves this Department has made a rule that no entrance shall be made on an Indian Reserve for construction purposes until the Right of way has been duly arranged or paid for. I have also to request you to inform me whether your Company is acting under a Provincial or Dominion Charter.

Memorandum for

Assistant Deputy Minister:-

With reference to your memorandum hereunder I beg to state that our records and information relating to the Indian lands at Gold River N.S. are indefinite and contradictory.

In I902 instructions were sent to Mr.C.H.Starratt Deputy Surveyor to survey the said lands. After considerable delay he made a survey in I907 which does not coincide with the plan received at Confederation.

Mr.Starratt showed in his report that there were conflicting claims between between the whites and the Indians as to the possession of two portions of land in the tract which Mr.Starratt surveyed as the Indian Reserve. In accordance with Mr.Starratt's suggestion the matter was placed for adjustment with Mr. V.J.Paton, Barrister,Bridgewater,N.S. Mr.Paton acknowledged our letter and said he would take the matter up as soon as possible and report. We have not yet heard from him. Please see drafts of letters to Mr.Paton and Mr.Starratt,file 25584.

We have had no communication whatever relating to the Right of way through the Gold River Reserve or reserves of the Halifax and South Western Railway. Please see draft of letter to the Secretary of the said Railway Company on the said file.

I think we will be unable to take definite action in this matter until,we are properly informed of the limits of the lands held for Indians at the point in question.

The lands are situated near the mouth of the Gold River running into Malone Bay,Lunenburg,N.S. According to the plan received at Confederation there are two blocks,

Indian Affairs. (RG 10, Volume 2130, File 25,584)

the larger contains 960 acres and the smaller one 81 acres. A great discrepancy occurs in Mr.Starratt's survey as he appears to have located a reserve of about 920 acres at the point where the said plan indicates a reserve of only 81 acres.

According to the census returns of 1909 there are only 6 Indians living on the said Reserve.

EX'D.

25,584 Ottawa, September 19, 1910.

Sir,-

In reply to the inquiry made by you through Mr. C. U. Mader as to whether an Indian living on a reserve and owning cattle, horses and grown crops thereon can be levied upon by a white man for any civil debt; I have to say that Section 102 of the Indian Act provides that no lien or charge, whether by mortgage, judgment or otherwise, can be taken on the real or personal property of an Indian, except on real or personal property subject to taxation. Section 99 of the Act provides that no Indian or non-treaty Indian shall be liable to be taxed for any real or personal property, unless he holds in his individual right real estate under a lease or in fee simple, or personal property outside of the reserve or special reserve, in which case he shall be liable to be taxed for such real or personal property at the same rate as other persons in the locality in which it is situate.

As to the right of way through the Gold River reserve, the Department is not aware of any payment having been made therefor. The matter has been taken up with the Secretary of the Halifax & South Western Railway Company, who has been asked for information in regard thereto.

Secretary.

Dear Sir, Re Gold River Indian Reserve, Lunenburg County, N.S.

With further reference to your letter of the 16th of September, calling attention to the fact that the Halifax & South Western Railway had been constructed through this Indian Reserve without compensation being effected, I have to advise that the matter has been carefully looked into and it appears that the Halifax & South Western was constructed under a Provincial charter, N.S. 1902, chapter 2, one of the clauses of which charter (section 22) provided that upon the filing of the plans the property required for right of way should be vested in the Company, and under section 21 the monies payable for lands for track and station purposes for the line of railway to be built under the charter should form a charge upon the several Municipalities through which the line passed.

The provisions of section 22 vesting the right of way in the Company upon the filing of plans being a Provincial enactment would not, of course, be binding on the Crown, represented by the Dominion Government, in respect of its

Indian lands. Apparently the Engineers constructing the railway at the time were not aware of this distinction and upon the filing of plans across the Gold River Reserve assumed that the Municipality would take the ordinary steps to arrange for compensation. Apparently also the Municipal arbitrators took no action with respect to the Indian Reserve. This we assume merely from your letter as we have no record of this action of the Municipal arbitrators.

In order to clear the matter up I am sending herewith three prints on paper showing the area required, namely, 10.98 acres, as taken off our final plans. If you will advise the amount of compensation which the Department will require for these lands we will take the matter up with the Municipality with a view to having them make payment to your Department accordingly.

To the Sec- Dept- Indian Affairs. Ottawa

Dear Sir.

I herewith endose plan Showing the Halifax and South Western Railway as it crosses the Indian Reserve lands at Gold River. My plan of the land is correct and there is no Indian land in that district as represented on the plans you sent me which are plans received at Ottawa at the time of Confederation. As you will notice by my bill for Surveying which seems very large for that job but different Surveyors had been on the ground making surveys at the time the Indians were into the Courts with Wm. Mosher of Gold River and things were badly mixed up so I went at the job determined to find Charles Morris' old work. (Morris was the man who first laid out the land for the Indians) I found the old piles of stones and a man by the name of Joseph Rafuse. (My Chainman) more than Eighty years old at that time made oath that he was present when John Penall, Grand father of the Penalls who live on the Reserve at present and one Dement- another old man swore that Morris set up the bounds as shewn by my plan. there is not a doubt but I have found the old bounds. As to the Heisler Claims. they amount to nothing. when the whole thing was in Court here they made no Claim- so you had better instruct the Indians

to take possession of the whole tract.

There is another tract of Indian Reserve near Wallabach lake. Near the head waters of Gold River. If you should want a survey of that tract I shall be ready to do the work at any time.

Now about My bill. I say Again with Chas Harlow I think it was in 1906. Any way I lost a book of notes Covering that survey and if you cannot see the way clear to pay me without dates just cut it out. perhaps you would write Mr Harlow before doing so and he might be able to convince the Dept. that I did the work. It was in connection with these same Heislers. Have talked matters over with V. J. Paton today & you will likely hear from him shortly.

Hoping to hear from you soon

I Remain Yours very truly

Re. your number 25584, Indian Reserve, Gold River.

Dear Sirs:-

Some years ago Joseph Pennall, one of the Indians residing upon the Indian Reserve at Gold River, Lunenburg County, brought action against a man by the name of Veinot, for trespassing upon the Reserve. In that action it was determined that the Reserve bordered upon the Gold River, as indicated on Mr. Starratts plan, a copy of which you sent me. The Trial Judge decided the case against the Indian on the ground that an Indian has no legal status, and could not maintain the action in his own name, on appeal the Court reversed the decision below, and gave judgment in favor of the Indian and enjoined the defendant from further trespassing upon the Reserve. At that time the Heislers' did not claim any portion of the Reserve, I understand they have since obtained deeds under which they claim a part of the Indian Reserve. Amos Heisler one of the Claimants is dead. I have written to George Heisler the other Claimant. I have not yet traced Heisler's title back to any grant. I shall make a search of his title and let you know the result.

Sir,-

Referring to your letter of the 25th Oct. last No. R- 1030-22 I beg to inform you that it appears that the plans you forwarded with the said letter showing the Right of way of the Halifax and South Western Railway through the Gold River Reserve, Lunenburg County, N.S. are incorrect, that is to say they show that a tract of land lying East of the Gold River is included in the Indian Reserve, whereas at this point the River is the boundary of the Reserve. The area taken from the reserve is only about 8.85 acres instead of 10.98 as stated on the said plans.

Our Agent has not yet reported as to the value of the Right of way.

Sir,-

Referring to letter to you of the 27th Oct. last I beg to inform you that Mr. C.H. Strratt says his plan shows correctly all the land comprising the Gold River Indian Reserve, a blue print copy of the said plan is enclosed herewith which is sent for use and record in your office. The plans of Indian lands at Gold River previously of record in the Department are incorrect.

By reference to the blue print plan enclosed you will note that the Gold River is the limit of the Reserve on the East, whereas the Railway plans sent you with letter of 27th Oct. shows incorrectly Indian land on the other or East side of the River. The area taken by the H, and S.W. Railway is therefore about 6.85 acres instead of 10.98 acres as stated on the said Railway plan.

I have to request you to be good enough to forward your valuations as soon as you conveniently can.

When making the valuation please consult the Indians interested with the view of obtaining their concurrence in such reasonable values as you may arrive at.

The value of the land itself will be credited to a separate fund, but the value of the Indian improvements will be paid to each individual Indian to whom they belong.

Sir,-

I beg to acknowledge the receipt of your letter of the 30th ult. and have to say that judging from your report you appear to have taken every precaution to ascertain the correct limits of the Indian Reserve at Gold River.

A communication has been received since the receipt of your letter from Mr.V.J.Patton in which he states that he has not yet traced Heisler's title, but that he will make a search and inform the Department of the result. It has therefore been decided not to take any action in the direction of ejecting trespassers from the reserve until we have heard again from Mr. Patton.

With reference to your suggestion that you make a survey of an Indian Reserve near Wallaback Lake, near the Head waters of Gold River, I would ask you to be good enough to examine the two plans of reserves received from the Provincial Government at the time of Confederation, enclosed herewith. We have never had their boundaries re-traced Kindly inform me whether the lands to which you refer are either of the tracts shown on the said plan. You might also state what would be the approximate cost of the survey of one or both of these tracts.

Hon. Frank Oliver

SURVEYS.

Dear Sir,

I am desirous of obtaining some reliable information regarding the extent and boundaries of the Indian Reserve on Gold River, Lunenburg County, N.S., a short distance west of Chester Basin and trust you will be good enough to enlighten me as far as you can.

Attached to this letter is a copy of a plan by W.L. Morris, Deputy Surveyor N.S., compiled from a survey made many years ago, showing the Reserve to contain 99 8 Acres and giving lengths and bearings of the three straight boundaries, the fourth or easterly boundary being the west edge of Gold River.

Question 1. Is this plan in keeping with the records in your department, or does it not correspond with them and if so in what particular? It appears to agree pretty well with the bounds on the ground.

Question 2. Is it against the law for white men to squat on Indian Reservations and claim the land they occupy by right of possession?

37826?

Question 3. Can any Provincial Government issue a grant to a private individual, of land embraced in an Indian Reserve: for instance could the Govt of this Province lawfully issue a grant of part of this Reserve of 998 Acres?

Question 4. After this Reserve of 998 Acres was established, was any portion of it sold or granted to any person and if so how much and when?

Question 5. The Reserve covers part of the Mining District as laid out by the Local Govt. A mining Company in order to operate their mine should have "surface rights" to enable them to develop their property by sinking shafts, making roads drains &c. These "surface rights" are usually granted in the form of a lease. Would your Department be willing to issue such a lease on a small section on the west bank of the River? If so how should I go about securing them before commencing operations.

As I want to run out a number of property lines in this vicinity and also a block of mining areas I will be greatly obliged for an early reply as possible

Yours very truly

Sir,-

With reference to the several questions contained in your letter of the 15th ultimo I beg to state as follows:

1. A copy of Mr. Starratt's plan will be sent to you. You will note that it accords with the sketch forwarded with your letter. It does not co-incide with the previous records in this Department.

2. It is decidedly against the law for whitemen to squat on Indian reserves and they cannot claim any land therein by right of possession.

3. The Provincial Government cannot lawfully issue a grant for any portion of the Gold River Indian reserve or for any other Indian reserve.

4. There is no record of any portion of the Gold River Indian reserve having been sold. The sale of the right of way of the Halifax & Southwestern Railway through the said reserve is now being dealt with.

5. No occupation of any kind is allowed on any Indian reserve unless permission or right has been duly obtained under the provisions of the "Indian Act".

Sir,

In reply to No. 25584 dated 2 March 1911

I beg to acknowledge, with thanks, your letter of 2nd inst.

I wish to obtain from your Dept a lease of a small portion of the Gold River Indian Reserve, for the purpose of working some mining areas in the Gold River Mining District as laid out by the Government of Nova Scotia, and the right to raise the water of the River along the west bank thereof which bounds the Reserve. At the time of purchase I understood George J. Hiseler owned 160 Acres on the west ~~bank~~ side of the River, but since it appears he cannot possibly have a legal claim to this property a lease of surface rights from him would be valueless.

The mining areas take up less than 25 Ac. and the surface rights needed cover such operations as sinking shafts, draining, damming and whatever is required to be done on the surface above the rock, as proper mining operations render necessary.

The land is very rough, covered with boul

and a poor growth of spruce; and would hardly sell for $1 per acre. The works I contemplate could not in any sense damage it. Similar rights on the east bank, opposite the Reserve I procured from the owners for $10 a year, including the privilege of raising the water 15 feet above normal level if necessary.

In order that I may make in proper form an application for the "permission or right" you mention, will you be good enough to have forwarded to me as soon as possible a copy of the Indian Act to which you refer.

I would like to know if the Indian Dept considers the lands shown on this plan as "Indian Lands", amounting to over 900 acres are really Indian Lands the title of which is vested in the Crown; and does the Dept consider a grant of 160 acres made by the Nova Scotia Crown Lands Dept in 1869 on the block shown on C.H. Dear Sir,- Re File 25,584.

Now in the Indian Act is a clause giving the Superintendent General power in just such a case as this to lease part of a reserve. Section 48 (Part I) states that no part of a reserve shall be sold or leased until it has been released or surrendered to the Crown by the Indians,

Provided however that the General Supt. may lease "for " the benefit of any Indian, upon his application for " that purpose, the land to which he is entitled without " such land being released or surrendered. "

From this it appears the General Supt. may lease me the barrens I require without putting me to the trouble of calling for an arbitration under the Mines Act of N. S. The land needed, in all about 40 acres, is simply "barrens": it produces no revenue and would not sell for $1. an acre. The plan I sent you 4th March clearly shows it. Will you kindly make one further effort to get me a lease of this for 10 or 20 years @ $10.00 a year and let me know as soon as possible what the prospects are.

Dear Sir,

Re: No. 25584.

I am in receipt of your letter of 8th June regarding my application for lease of a portion of land on Gold River Reserve, Nova Scotia and beg to say that I am satisfied with the terms. Of course I understand that the lease will give me no proprietary rights, but only the right to use the land for the purposes of mining, milling, draining, utilizing the Southwest bank similarly to the North East bank along which I now have such rights, and also for necessary ways in and out.

By "cancellation on protest of the Indians" I presume "on protest of the majority of Indians" is implied, otherwise the protest of only one who wished to practice a hold up on me would render the lease invalid. However in this regard I anticipate no trouble from the majority, as when opportunity offers I give some of them work. In fact I now have three working for me. Up to lately there was one Indian living on the Reserve; now there is none. Heavy fires in May have caused much devastation.

I enclose blue print, in duplicate showing just

exactly what is wanted & perhaps if these were attached to the lease it would save a lengthy description and show the situation more clearly.

To the Deputy Minister-

In regard to letter of the 18th ultimo addressed Mr. Sperry, M. P., by Mr. R. C. Stewart, as to application of the latter for a lease of land on the Gold River Indian Reserve, N. S., I beg to say that in March last, on application made for a lease of this land, Mr. Stewart was informed that owing to the fact that there was a question outstanding as to Indians from whom a surrender of any land should be taken, as well as the fact that before alienation it would be necessary to have this Reserve finally confirmed as such by the Nova Scotia Government, the Department was not then able to take any action towards alienation thereof.

In regard to Mr. Stewart's suggestion for the issue of a lease under section 48 of the Act, I beg to point out that this only applies where individual Indians are located for land, and in this case there is apparently no individual occupation, and consequently lease could not be issued without surrender.

Dear Mr. Sperry,-

In regard to letter of the 18th ultimo, addressed you by Mr. R. C. Stewart, of Chester Basin, Nova Scotia, in which he applies for a lease of land in the Gold River Indian reserve, I beg to say that in March last Mr. Stewart was informed that owing to the fact that there was a question outstanding as to Indians from whom a surrender to any land in Nova Scotia should be taken, as well as the fact that before alienation it would be necessary to have this reserve finally confirmed as such by the Nova Scotia Government, the Department was not in a position to take any action towards alienation of this property. Regarding Mr. Stewart's suggestion for the issue of a lease under Section 48 of the Act, this is applicable only where individual Indians are located for the land. There is no individual occupation here, consequently a lease could not issue without surrender.

Incl. I herewith return Mr. Stewart's letter.

Yours very truly,

Frank Pedley

Mr. Oliver,-

Referring to your memorandum of the 13th instant, regarding the application of Mr. R. C. Referring to your letter of the 20th Instant, enclosing Cheque, payment of rental for land on Gold River Reserve, N.S., I beg to say that the words quoted by you may be taken, assuredly, to mean a protest by a majority of the Indians, and I now advise you that official letter of the 2nd Ultimo is your warrant for use and occupation of the land in question, it not being the intention of the Department to issue a formal lease covering same, in view of the uncertain attitude of the Indians in the matter, although no trouble is anticipated from them.

Dear Sir,

Re: 25584 and letter of 31st July 11.

Referring to your letter of 31st ult. regarding land on Gold River Indian Reserve, you state that official letter of 2nd ult. is my warrant for use and occupation of land in question.
While I have received no letter of that date, namely 2nd June '11, I have one dated 8th June which may be the one you mean, and would like to know if I am correct in this.

I would have been better satisfied if you had added to your last letter (31st ult) a paragraph to the effect that the land you authorize me to use and occupy is approximately as shown on the blue print, in duplicate, which I sent you with my letter of 20th ult., as beyond the receipt for rental I have absolutely nothing showing to what section of the Reserve your permit applies.
This would commit the Dept to no more than is now granted, while it makes the situation more understandable in case I have to make explanations to the Indians or others, and is very desirable at the present moment, before beginning repairs to one of the roads shown on the blue print, on which two of the Indians are going to work for me.

Yours very truly
Robt C. Stewart.

We have a Driving Dam in connection with our lumber operations, just at the head of this Reservation, and control all the other Reservoirs and Lakes on this River, at its source, and would like to get the privilege of erecting a water Power to generate Electrical Power, just below this Dam. I think that the Indians that belong to the Reservation would be favorable to us being granted this privilege. and if others have not got it tied up, I would take it up with them and get them to write a letter to you stating their approval, if such would be of any service to you.

Dear Sir,

Dr. Stewart M.P. Lunenburg Co. has advised me to lay before you the facts, as far as I know them, regarding land claimed by George J. Hiseler of Halifax, on the Indian Reserve on Gold River, part of which I occupy for mining purposes under permission from the Indian Dep't dated 31st July 1910 and 11th Aug. 1911, No. 25.584

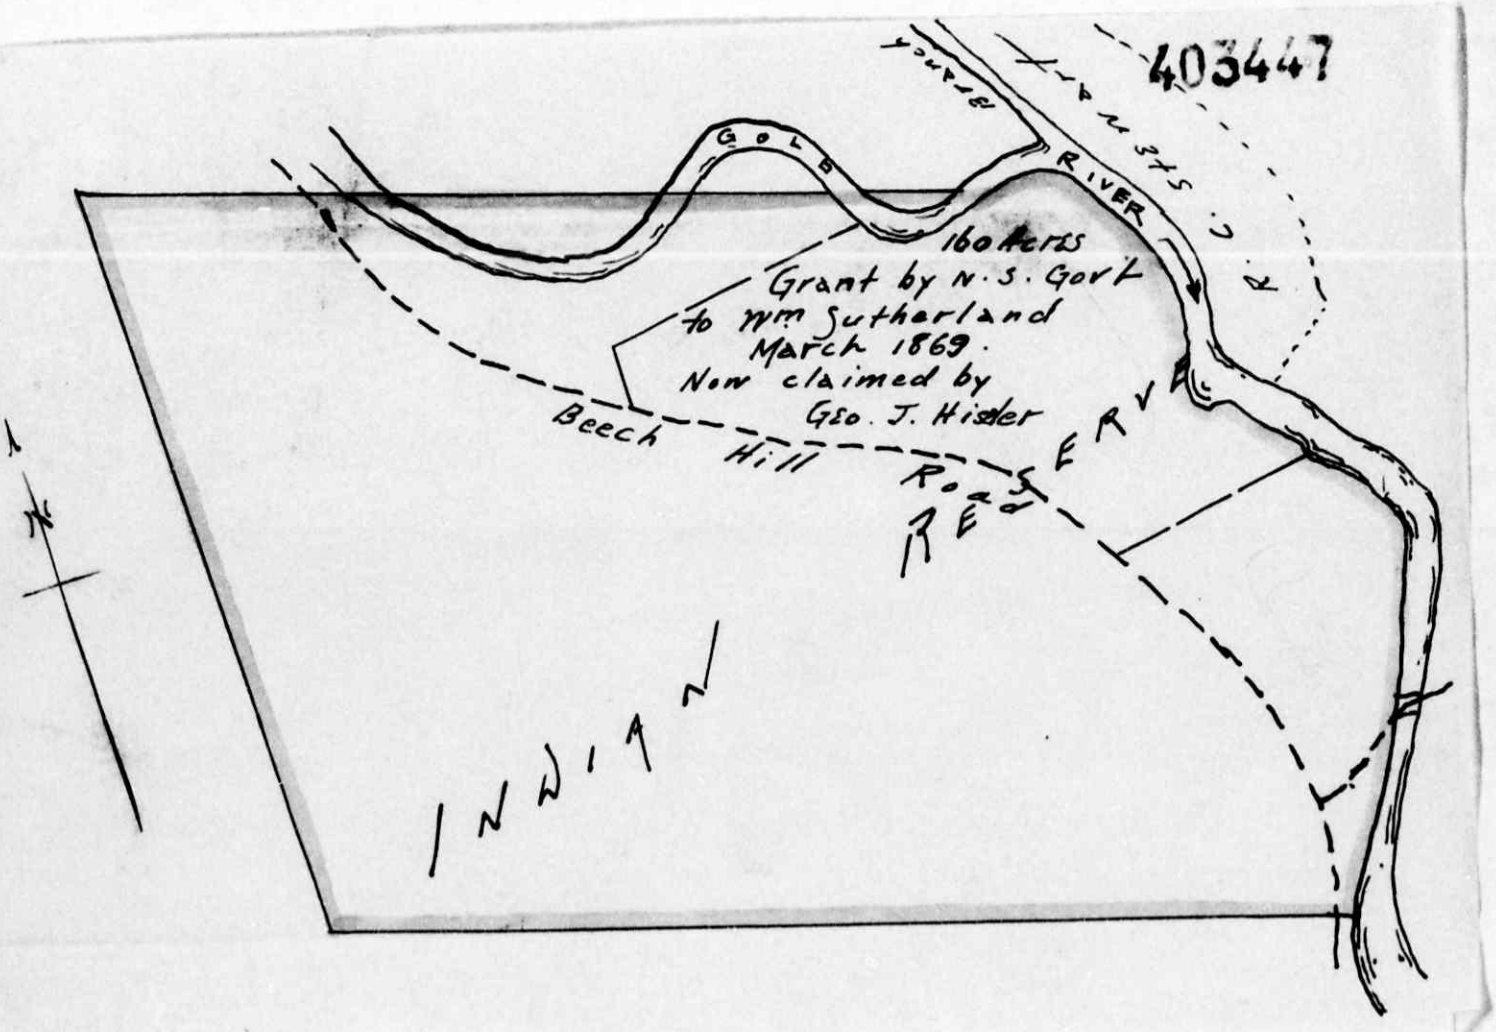

You will more readily understand the matter by having before you the plan of the Reserve by C. H. Starratt P.L.S. dated Nov. 1910, which is based on a survey made by Surveyor Morris some 80 years ago; and the blue print attached to my letter to the Secretary of the Dep't dated 20th July 1911, No 25.584, which shows the land I am occupying under warrant from the Dep't. I also enclose herewith a sketch showing the position of the land claimed by Hiseler.

On 17th March 1869 William Sutherland obtained from the N. S. Gov't a grant of land in the Indian Reserve amounting to 160 acres and extending along the West bank of Gold River. Before issuing the grant, however, the Gov't had him sign a document relieving the Gov't of all responsibility regarding the validity

of the Grant and himself assuming all risk. This clearly shows the Govt was in doubt as to the legality of the Grant and acknowledged thereby the cloud on the title imposed by the B. N. A. Act passed about two years previously, which transferred all Indian Lands to the Federal authority. I enclose copy of his acceptance.

Wm Sutherland, who got this Grant, or his assigns, sold it to Geo. J. Hisler some ten years ago and the latter has for a number of years past coerced mining men in this district into paying him exorbitant rents for surface rights on their mining areas included within the bounds of this Sutherland Grant.

As he seemed to have no clear title and as the Indians informed me the land covered by this Grant was actually part of the Reserve and had been always considered to be such, by them, I applied last year to the Indian Dept for a lease of what lands I needed for mining and allied purposes: and on 31st July and 11th Aug 1911 permission was given me on payment of an annual rent in advance to occupy and use those parts of the Reserve shown in red on a plan accompanying my letter of 20th July 1911 (No. 25-584). On the area thus shown I have a stamp mill, shafts, shops and bunk houses and intend to develop the water power of the river to a larger extent than at present unless prevented by the machinations of Mr. Hisler. For this last

purpose I have acquired rights along the east bank of the River for which I pay annually the same rental I pay the Dept. 403447

Shortly after I got the permit Hiseler put up large signs along the Beech Hill Road and at other points on this Sutherland Grant, bearing this legend :- "Trespassers will be prosecuted Geo. J. Hiseler", and some of these are yet in position. He has never cultivated or fenced in any part of the Grant but has cut and dealt in timber growing on it, to the extent, I am told, of several thousand dollars. He has a small building near the River's Edge, south of any mill. which has not been used for years.

On the 15th of last March he demanded from me the sum of $150, made up of 3 years rent at $50 per year; two years rent being owing by my predecessor whose property was sold by the Sheriff, and one year's rent which he claims I owe him. He gave me 6 days in which to pay or be sued. Yesterday (1st May) I received a letter from a firm of lawyers in Halifax making the same demand and giving me one week in which to hand in the $150— The letter is as follows: from Harris, Henry, Rogers & Harris 30 April 1912 — Mr. George J Hiseler of Halifax has instructed us "to collect from you the sum of $150, owing in respect of land "occupied by you at Chester Basin in connection with "your mining operations. The rent due is $50 a year

ending October 1909; October 1910 and October 1911.
"Cheque for this amount must be sent to us within one
"week from date, otherwise we shall be compelled to
"place the matter in the hands of a bailiff".

You will appreciate Mr. Hisler's audacity by noticing that although I only acquired the mining property in Feb 1911 he claims three years rental, or $150, of which two years rent was incurred by my predecessor and therefore wiped out by the Sheriff's sale, while besides he has not a proper title to the land.

I would be greatly obliged if you would take the matter into consideration and advise me accordingly As the permission I now hold from the Dept is contained in two letters, of 31st July 1911 and 11th Aug 1911 No. 25,584, together with a blue print, it seems to me these might be embodied in one, in the shape of a lease - There will be no objection from the Indians. In fact these so called Indians are half breeds, only one of whom lives on the reserve.- The two men are married to white women and the two women to white men - Besides these I understand there is another man in the State of Maine and a woman living no where in particular.- Those within reach are not prepared to make any objection to me having a lease. I hire them to work from time to time, both men and women.

Yours truly

I beg to acknowledge receipt of your letter of 7th June 1912. in which you state that the question of the rights of parties holding lands in the Gold River Indian Reserve is being looked into.

On the 7th inst I received a further demand for rent from Messrs Harris, Henry & Rogers Solicitors for George J. Hiseler of Halifax (referred to in my former letters) and they give me final notice of the issuance of a writ today. I have not complied with their demand and do not intend to, as the land Hiseler claims is undoubtedly part of the Indian Reserve, and according to the oldest of the Indians, with whom I had a talk today, has been so considered by them since before the date of Morris's survey which I have just learned was made about 65 years ago. It hardly seems fair however that I should be put to heavy law costs in defending the Dominion in its title to these lands; and I hope something will be speedily done to stop the stealing of timber and exaction of exorbitant rents from any one Mr. Hiseler could impose on.

Yours truly
Robt C. Stewart.

P.S. I may mention that Hiseler now threatens to get an injunction out against my working the mill. Is not this rather high handed work for him, acting as proprietor on Govt property? &

Referring to your letter of 17th inst to Dr. Dugald Stewart M.P. it may be as well to inform you that on the 25th March 1912 the Deputy Commissioner of Crown Lands at Halifax wrote me to the effect that the land Geo. J. Hiseler claims in the Gold River Reserve was granted 17th March 1869 to William Sutherland, who, however, before getting the grant had to sign a paper of which the following is a copy:

"I hereby agree to accept a grant of the Lot of Land at Gold "River applied for by me by Petition 8833 at my own Risk, "and upon my own responsibility, in case any objection "should be hereafter made by any person, except the "Government by whom all its rights are intended to be "transferred by the grant to me.

"Halifax 17th March 1869 — Sgd. Wm Sutherland.

The Indians tell me this was always considered part of the Reserve, since long before Confederation and consider Hisler's claim a fraud. One of them last week started cutting his supply of firewood, posts &c. on this land.

Sir,

I beg to draw your attention to your letter of Dec. 21, 1910, relating to the claim of Geo. Heisler to a portion of the Cold River Indian Reserve and to enclose herewith a copy of a letter from the Deputy Commissioner of Crown Lands, Halifax, relating to the Lots marked, " Goe. Heisler " and "Amos Heisler", in the Cold River Indian Reserve, also a copy of the plan marked, "B" is enclosed.

Encl.

It would appear that the Cold River Reserve was set apart as Indianland and consequently the Provincial Government was unable to give Mr. Wm. Sutherland a clear grant to the land in question.

Kindly refer to the original letter sent to you July 2, 1907, relating to this matter and be good enough to advise with the least possible delay what action , in your opinion, the Department should take in the matter.

Sir,

I beg to enclose herewith a blue print plan showing the right of way of the Halifax and South Western Railway through the Gold River Indian Reserve. Kindly make a careful valuation of the land taken (6.80 acres) and of the damage to the Reserve and separately the value of any individual Indian improvements that may be affected by the taking of the said right of way. The Indian improvements consist of buildings, clearings, fencing, etc.,. The value of the land will be credited to the funds of the Indian Band whereas the value of the improvements will be paid to each individual Indian owner. Kindly attend to this matter at as early a date as may be at all convenient.

Dear Sir:-

Re your number 25584, Gold River Reserve and George Heisler.

Yours of the 24th ult. was duly received with enclosures as stated. I beg to report the result of my searches in this matter as follows:-

1. By order of the executive council of Nova Scotia, dated May 5th, 1820, a tract of land in Gold River. in the County of Lunenburg was reserved fur the use of Indians.

2. The lands so reserved were surveyed and the bounds placed upon the ground as appears by report of W.S.Morris, Deputy surveyor, in 1852.

3. At the time of Confederation Alands reserved for Indians passed through the Dominion Parliament (B.N.A. Act Sec. 91, Sub-section 24).

4. The grant of Sutherland under which I understand George Heisler claims, was made in 1869, by the Novascotia Government which had no power to make the grant.

5. The lines of this Indian Reserve were established in a law suit between Joseph Pennall and William Mosher, in 1895, and the reserve as so established takes in all that part of the

land claimed by Heisher, lying on the West side of Gold River.

6. I have been unable to come to any terms with Heisler as he did not answer my letters and has not come to see me.

7. The Dominion Government has perfect title to the land as against everybody but the Indians themselves, except possibly that portion of the Indian Reserve, which may be covered by the Rev. John Secum grant passed before Confederation, which grant covers the land claimed by Amos Heisler and a very small triangular part of the land claimed by George Heisler.

8. So far as I can ascertain the Heisler's have not been able to trace the title back to Secum and I understand that there has been no possession under the Secum grant by any person having a paper title going back to that grant.

9. The Indians have had actual possession of this land for upwards of sixty years prior to Heisler taking possession.

10. I advise an action by the Dominion Government and one of the Indians, say William Pennall who is willing to become a plaintiff against George Heisler for a declaration as to ownership, damages for trespass and erecting buildings and for to eject him. I think the possession of the Indians gives sufficient title to maintain action against Heisler even with respect to that portion of the Reserve which may be covered by

the Secum grant.. I think it would be a mistake to attempt any compromise with Heisler. as in my opinion he has no rights there at all and the Nova Scotia Government by the order in Council of 1820 endeavored to put itself in the position of a trustee for the Indians and the Dominion Government on taking over the Indian Reserve became a trustee, and as such trustee should, I think, not become a party of the giving away of any portion of the lands already in trust. It may be that there is no legal trust, but there is a moral one and the claim of George Heisler has no merits.

Ottawa, August 17, 1912.

Sir,-

I beg to hand you herewith file No. 25584, and to call your attention to Departmental letter of the 8th June, 1911, to R. C. Stewart of Chester Basin, N.S., in reply to his application for a lease of a portion of land on the Gold River Reserve, and subsequent communications on file. It appears that one George J. Heisler of Halifax, claims to be the owner of a portion of the land in question by virtue of a grant to his predecessor by the Nova Scotia Government which facts are set forth in Mr. Stewart's letter to the Department of the 2nd May, 1912. Mr. Stewart asks to be advised in the matter.

LANDS BRANCH
AUG 20 1912

It appears that the question of Heisler's claim came up some time ago and on the 2nd of July, 1907, the Department asked V. J. Paton, Esq., to look into the matter . A communication was received from Mr. Paton on the 21st December 1910, stating that he would make a search of Heisler's title and advise. On the 24th of July last, Mr. Paton's attention was drawn to his letter of December 21st, and asked to report on the matter . Mr. Paton has now reported by letter dated the 5th instant advising an action by the Government and one of the Indians against Heisler for a declaration as to ownership, and the department would be glad to be advised whether you consider such action, if any, advisable.

Dear Doctor,

I have rec'd word from Toronto from our secretary that Harris, Henry, Rogers & Harris of Halifax, lawyers for Geo. Hiseler notified him that if immediate payment of $150 was not made for rent alleged to be due Hiseler a distress warrant will be issued.

To this letter I replied stating the facts as I understand them, which I believe have been lately verified by the Indian Dept thru correspondence with the Crown Lands Dept at Halifax.

Do you not think it is time for that Dept to act with some show of decision ~~and~~ alacrity in the matter?

My rent is paid to 1st August 191

Perhaps you may think it worth while to make some suggestions to the Dept if so I will feel much obliged.

Yours Sincerely

Memorandum:

[illegible] Branch,

Assuming that the land in question is part of an Indian reserve I would suggest that the Agent be asked to furnish the valuation of the lands taken by the Railway as directed in Department's letter of the 24th July, and when this is received that the Department furnish the Railway Company with his valuation calling their attention to Section 46 of the Indian Act, which provides for the taking of a right of way through an Indian Reserve.

According to the material on file however there seems to be some doubt as to the title to a portion of this reserve and by letter dated the 17th ultimo the Department of Justice was asked for advise as to whether some action should not be taken by the Department to establish the Indian title. It might be advisable to await the reply of the Department of Justice before taking any action with respect to the right of way.

The King vs Heisler et al.

Summary of facts.

I. By order of the Executive Council of Nova Scotia dated May 8th, I820. lands at Gold River were set apart and reserved for the use of the Indians of Nova Scotia.

2. Such lands were resurveyed and the bounds placed upon the grounds in I852, as per report of W, S. Morris, Deputy Surveyor.

3. By British North America Act, Sec 9I sub-section 24, " exclusive legislative authority " over "lands reserved for the Indians " conferred on the Parliament of Canada.

4. The Indian Act, Cap 8I R. S. of C. and amendments.

5. Resurveying and marking of lines in I9I0 by C. H.. Starratt, Deputy Crown Land Surveyor.

6. Actual possession by the Indians for over 60 years.

7. In May I869 Grant to Sutherland by the Government of Nova Scotia covering part of the lands, This grant was in the nature of a quit claim and there is on file in the Crown Lands Department at Halifax a document signed by Sutherland acknowledging that the Nova Scotia Government did not warrant the title. See letter from Whitman.

8. Records to be searched tracing such paper title from Sutherland to Heisler. Instructed that Sutherland conveyed to one Hetherington who conveyed I2 or I5 years ago to Heisler.

9. Heisler has never been in possession of the lands and never occupied in any way except to build a gold crusher about I0 years ago, and against which he was warned by an Indian, Frank Pennall, in the presence of witnesses. In addition to the recent trespasses there may have been other cuttings by Heisler or by others under his directions.

I0. Heisler put up in I9II on the lands " no trespassing" signs.

II. Two or three years ago Heisler leased part of the lands to A. B. Stewart for use in connection with a gold mine and collected $50.00, a year therefor. Since he has attempted to collect $200.00, rentals from R. C. Stewart the successor of A. B. Stewart, R. C. Stewart denied Heisler's title and refused to pay, Heisler threatened suit but never took action.

I2. In I9I2 Heisler sold to The Kent Lumber Co, Limited, the standing timber on the lands and this Co, by their Superintendant or Contractor John Croft and his workmen, have been cutting since about November I5, I9I2. Price is said to be $2.50 a thousand. The workmen have stated that they expect to be so employed until May, I9I3. It is stated that such Company were warned as to Heisler's title and that Heisler gave them a warranty as to the title, W. K. McKean is resident manager of the Co.

I3. The workmen employed include Roscoe Mills, Herbert Croft and Gordon Croft, (son of John). All of Chester Basin except Gordon.

14. About five hundred logs have been cut and removed to the banks of Gold River ready tobe stream driven to the mill of the Kent Lumber Co, Ltd. Other trees have been cut and are in the woods, not yet being removed to the banks of the river. The trees would average 5 to a thousand.

Ottawa.

Dear Sir:-

A. 932.

The King vs Heisler et al.

Your letter of the 25th ult was given careful perusal as well as the extensive file of the Department of Indian Affairs accompanying the same.

I went to Chester Basin on the 9th inst and was over parts of the lands in question and acquainted myself with the locus. I saw where the trees had been cut and the logs on the ground ready for removal. I also spent considerable time with Mr R. C. Stewart who is familiar with all the facts and took full instructions from him as to the facts. I spent the day over the work. The lands are between one and two miles from Chester Basin. I inclose you a copy of the Summary of Facts made by me.

I am of opinion that proceedings in our own Supreme Court would be more expeditious and convenient than the Exchequer Court in this case, and have consequently taken proceedings in our Supreme Court.

I inclose for you a copy of the writ of Summons, a copy of the Chambers' Summons for restraining Order and a copy of my affidavit used on the application. Perusal of the affidavit will further inform you as to the facts.

From my understanding of the facts I do not consider Heisler's use of the lands sufficent to amount to "possession", and that the action was not one for "Information of intrusion " under Rule 5 of the Exchequer Court or for ejectment in our Supreme Court. The proper action under the facts, in my opinion, is as set forth in the writ.

I attended Supreme Court Chambers at Halifax on the 17th inst and obtained the Interim Restraining Order and all the defendants have now been served with the papers and the cuttings &c stopped. The hearing under the Chambers Summons, as you will notice, is at Chambers at Halifax on the 3rd of January, when application will be made for the continuance of the injunction until the trial, which will be at the next sittings of

the Supreme Court in this County, next May.

I do not think there is any doubt as to my getting the continuance of the Restraining Order, but I shall be pleased to receive any suggestions or assistance as to brief or otherwise that you may care to make.

Before the trial careful search of the records will be made and other preparations made to substantiate the claims made on behalf of the Crwn and to settle the title.

Copies of the pleadings will be sent to you when delivered or received.

Dear Sir:-

A. 932.

The King vs Heisler et al.

When at Gold River in connection with the above case recently I was informed that one of the Indians, William Pennall, with a man by the name of John Walker (not an Indian) was also cutting logs on the lands and selling or purposes selling the same to The Kent Lumber Co, Ltd. This, of course, is not authorized by The Indian Act.

The Indian Agent here, Dr N. P. Freeman, has consulted me in the matter abd informs me that it is not the first time that this Pennall has so trespassed, and he is of the opinion that drastic measures should be taken to stop such work.

Further, I am instructed that ~~him~~ Pennall is continually in litigation and that nothing short of an order of the Court will stop him. It would seem as if such steps were also necessary as a warning to the other Indians.

Will you please instruct me in the matter, as to whether I shall take immediate proceedings similar to those taken against Heisler et al or otherwise.

The King vs. Heisler, et al.

Sir:-

aug 17?

Referring to the letter from your Department of the 23rd. ulto. I have the honour to enclose herewith copy of a report dated the 21st instant, with the documents therein mentioned, and I shall be glad to receive any suggestions you may think it advisable to communicate to our Agent after you have perused the enclosures.

I also enclose a further copy of a report from him of the same date in which he mentions that logs are being cut by an Indian named William Pennall and John Walker, not an Indian, and he desires to know whether he should take similar proceedings to those against Heisler. Please be good enough to let me have your instructions as to this.

I have the honour to be,

Sir,

the action taken by Mr. Roberts

Mr Roberts asks whether he should

Sir,

The Department of Justice has informed this Department that trespass has been made upon lands on the Gold River Reserve, by an Indian named Wm. Pennall, and John Walker, not an Indian, and the question has been asked whether this Department approves of action being taken against them in the same way as that taken against Heisler.

A reply has been sent to the Department of Justice to the effect that it is not considered advisable to do so, and that you would be instructed to take proceedings against them under the provisions of the Indian Act.

You will, therefore, be good enough to visit the locality, and if you find any trees cut outside of the Heisler Claim, it should be seized, wherever found, under Section 80 of the Indian Act, and placed under proper custody.

Action should be taken against Walker, under Section 127 of this Act, and against Pennall, under Section 128 of the Act.

Sir,

In further reply to your letter of the 24th Ultimo, I have the honour to inform you that this Department is of the opinion that the action proposed by your Agent, Mr Arthur Roberts, should be approved, and that such steps as may be considered necessary, should be taken to secure the timber hauled to the water, or elsewhere. The Indian Agent, Mr. P. Freeman, will be instructed to assist in this matter.

In regard to the trespass by Mr. Pennall and John Walker, it is not considered necessary to take similar proceedings to those against Heisler, and the Indian Agent will be instructed to take action against them, under the provisions of the Indian Act.

I report the prosecution of William Bernard for trespass, (July 14th) and cutting timber on Indian Reserve (as per your instructions on January 7th 25-584/25) under the Indian Act. The defendant pleading guilty to taking a few logs was fined $24.00 and costs, the latter I believe Mr. Reporter Agent of Dept of Justice has reported to the Justice Dept more fully. As the matter of seizure of timber reported February 12th 1913 I may say there is some question as to where the logs were cut, as they were sold to McKeen of McKeen Lumber Co. and his mark placed on them, also they were paid for. Mr. McKeen is now threatening action to recover his property, on which I will report more fully when information is obtained as to where they were cut.

Dear Sir:-

A. No 932.
The King vs William Pennall.

I beg to refer to your letter of January 10th last inclosing letter from the Department of Indain Affairs of date January 7th last.

The prosecution in such last mentioned letter has been duly attended to and completed. It was a prosecution under Section 138 (b) of the Indian Act.

The Gold River Indian Reserve, the one in question, is situate about 30 miles from here, and considering the questions of attendance of Witnesses, Constable's services, and more particularly the qualifications of the Magistrates, I considered it advisable to have the case tried before Magistrates at Chester, which is about 4 miles from the Reserve and 26 from here. I also had in mind that the trial at such place made the proceedings more public and better known to those we wished to affect, viz: the other Indians, and also that these magistrates for the future would be better able to keep an eye on the conduct of the Indians than could the Magistrates at a distance.

The accused was convicted of the offence charged. The question of proof of title to the Reserve gave me considerable anxiety before the trial, but the point was not raised.

These Indians of course, have certain rights in the Reserve, and it appears were of the opinion that they could sell wood and timber for their living, and others have been doing the same as the accused. Under the circumstances I came to the conclusion that it was not a case for an extreme penalty and that the Department would be satisfied if it served as a warning, and for such purpose, and being a first offence, I asked the Magistrates to use their discretion. They took the view above quoted and fined the accused $4.00, and costs, a total of $15.35, and in default of payment 30 days in jail.

The accused did not have the money to pay and I did not advise immediate imprisonment. I thought, and the Magistrates thought, it would have better results if the conviction were held over in the meantime-suspended sentence -one might call it- depending on the future conduct of the accused.

Under the circumstances the costs had to be paid to the magistrates at the request of the Indian Agent, Dr N. P. Freeman, I advanced the

same, and have included them in my bill which is inclosed.

The extra fees paid to the Constable was made necessary by the conduct of the accused hiding and evading service of the summons.

To the Accountant,-

re The King vs. Wm. Pennell.

In regard to the letter hereunder from Mr. Gisborne, inclosing copy of a letter from Mr. Roberts, Barrister, with statement of account amounting to $114.25, I have to state that the Indian Agent, Mr. M. P. Freeman, was advised under date of 7th January, last, that it was not considered advisable to take action against Pennell in same manner as in action against Heisler, and that the Department of Justice was so informed.

The Agent was instructed to seize any trees cut outside of the Heisler clain, and to take action against Pennell under section 128 of the Indian Act, and if he required any assistance in making the seizure, or advice, that he might obtain it from the agent of the Department of Justice.

He was told how to make a seizure of logs, but he was not told to employ a lawyer to enter an action in Court in the case.

It seems to be a matter requiring explanation from the agent, as there was not any sufficient reason for incurring such an expenditure, and no authority was given to enter an action by the Department of Justice.

The result of the trial is a rather peculiar and extraordinary one.

Ottawa, April 3, 1913.

To the Deputy Minister-

re seizure of timber on Gold River Reserve, N.S.

In reply to your inquiry of 2nd instant, hereunder I beg to report that the Indian agent at Bridgewater, Mr. Freeman, was instructed under date of the 7th of January, last to visit the locality indicated by the Department of Justice, on which trespass was reported as having been made by an Indian named Pennell, and John Walker, a whit e man, and to seize any trees cut outside of the Heisler claim, and that action should be taken against Walker under section 127 of the Indian Act, and against Pennell under section 128 of the Act.

The Agent reported on the 12th of February that he had seized 375 logs taken from the Indian reserve lands at Gold River by Pennell who had sold them to the Kent Lumber Compan y.

A reply was sent to the agent on the 20th of February that the logs should be held pending decision of the matter as the Indian Act directed.

On receipt of your memo. of 28th February, which stated that you understood Frank Pennell, brother of Wm. Pennell, was cutting logs without authority, the agent was requested to take immediate action in seizing all logs so cut wherever found, and to report to the Department.

Under date of 21st March, the Agent reported that Wm. Pennell had been prosecuted for trespass and that he pleaded

pleaded guilty of taking a few logs and was fined $4.00 and costs.

He also stated that there was some question as to where the logs were cut. They were sold to McKeen, of Kent Lumber Company, paid for and carry his mark.

McKeen threatens action to recover his property on which the Agent is to report later, when he gets further information on the subject.

The Minister of Justice has sent in an account for services of Mr. Arthur Roberts, amounting to $114.25, with an explanatory letter.

It appears Mr. Roberts was employed by the Agent, who was instructed to make the seizure of logs but was not told to employ a lawyer to enter an action in Court.

The accountant left the file with me and I sent him a memo. dated 28th ultimo, on this file, and he has asked the agent to explain his action in the matter.

The Indian was unable to pay the fine and costs, and the lawyer paid the magistrates, at the request of the Indian agent, and included it in his account.

Department of Justice, and I assumed that Mr. Roberts had been instructed to prosecute in the matter.

In your letter to me of February 20th you state as to the logs seized "that they may be held pending the decision that may be made in the matter as the Indian Act directs." This "decision" I took to be the decision in the prosecution in the court against Pennell, and which I think was a reasonable inference from, or interpretation of such letter.

Your letter of January 7th does not say as mentioned in your letter of the 2nd inst. that I was told "it was not considered advisable to "take action in the matter against William Pennell "or John Walker"; but your letter of January 7th did say that your Department did not approve of action being taken against them in the same way as that taken against Heisler, which is a suit in Supreme Court, but that action should be taken against the men under the Indian Act, under the sections before referred to which provides for a summary conviction before two magistrates. Your letters were so interpreted by Mr. Roberts.

Mr. Roberts fully reported in the matter to the Department of Justice in a letter from him dated March 18th.

The Department of Justice forwarded to Mr. Roberts a copy of your letter to that Department and article includes the following, viz reference to Pennell — "and the Indian Agent with the instructed

Re 25-5-84

I beg to acknowledge receipt of your letter of the 2nd inst. The contents of your letter came as a surprise to me as my understanding from the correspondence was that the prosecution in question was to be taken and that I was to consult with and act on the advice of the agent of the Justice Department, Mr. Arthur Roberts, in the matter. I may add that Mr. Roberts was also of the same opinion, and that neither of us at any time entertained any doubt in the matter until receipt of your letter above referred to.

In your letter to me of the 7th of January last you state that no action should be taken against Pennal in the same way as that taken against Hensley and that you had written to the Department of Justice to that effect and further stated that I would be instructed to take proceedings under the Provision of the Indian act. You also state in your letter to me. "Action should be taken against Walker under "Section 127 of this Act; and against Pennall "under Section 128 of the Act.

I was instructed by your letter to render any required assistance to the Agent of this

Dear Sir,

I am in receipt of yours of the 10th inst. and thank you for the plan you enclose of the Indian Reserve at Tobeld River N.

This plan, however, is not correct according to the records in the Crown Land office here, and I do not care to accept the Garrett survey of this land as there are two surveys of this property one hundred years ago, and Nicholas Bacheyer's grant that you show on Indian Reserve belongs to and was sold to James A Fraser. This grant was made by the Government 148 years ago.

I wish you to kindly send me a plan and lines of the Indian Reserve given in 1867 to your Department as our Records here show that the two

Sir,

With reference to your letter of the 14th instant, I beg to inform you that we have no previous plan of the Indian Reserve surveyed by Mr. Starrett at Gold River. Mr. Starrett appears to have taken great pains to ascertain the correct limits of the Indian lands. It is thought that if you are not satisfied that he ascertained their limits correctly you should employ another duly qualified surveyor and on the receipt of a copy of his plan and report by the Department, any discrepancies between his work and that of Mr. Starrett will be duly considered.

With reference to the purchase by Mr. Amos A. Hiseler of a portion of the land reserved for Indians at Gold River to which you refer, I beg to inform you that this ~~matter~~ matter under investigation.

Dear Sir:-

The King vs William Pennall.

A copy of your letter, in A. 952 in the King vs Heisler et al, to the Deputy Minister of Justice, was forwarded to me, and after which work was done by me in connection with the prosecution of Pennall, which I took your said letter and other correspondence authorized. I sent a full report of the case to the Deputy Minister of Justice under date 18th of March, 1913. Afterwards you wrote the Indian Agent, Dr N. P. Freeman, that you expected him to do the business alone and not to engage Counsel. Dr Freeman could not have done the business alone and it was unfair to expect him to do so. Further your instructions to him were, to say the least, anything but clear to that effect. Both of us certainly acted in good faith and understood your letters as instructing him to work with me in the matter.

With my letter of the 18th of March I sent my bill and received a letter of date March 22/13 in reply saying my account had been certified to at $103.25, and forwarded to your Department for payment. I have heard nothing further in the matter. As the account includes $28.25, I advanced over a month ago, expecting prompt payment, I think I should be allowed to ask you to send me cheque in payment of the account so certified without further delay.

Dict. A. R.

Yours faithfully,

Arthur Roberts.

Sir,-

I have to acknowledge the receipt of your letter of the 5th instant, in regard to the alleged trespass by Frank Pennell on the Gold River Reserve, and in reply to inform you that your explanation is satisfactory.

Your letter of the 12th of February last reported that you had made a seizure of 375 logs taken from the Indian reserve at Gold River by Wm. Pennell, Indian, and you were advised that they might be held pending the decision that might be made regarding them as the Indian Act directs.

The prosecution of Pennell which followed shows that at least a number of these logs were cut on the Reserve.

Such being the case, section 81 of the Indian Act provides that if logs are mixed with others the whole shall be held to have been cut without authority on the reserve, and shall be forfeited and sold by the Superintendent General unless evidence satisfactory to him is adduced showing the probable quantity, or number, cut outside of the reserve.

You will, therefore, endeavour to ascertain reliable information as to the estimated number of logs cut

The probable cost would be three or four days work & expenses, perhaps fifteen dollars, this is only a rough guess, if the Dept. required

Sir. If it is permissable for your office to furnish the following information, I should much like to have it.

I have been spending some time in making a detailed survey of Gold River with a view of constructing empounding dams to give a steady flow of water at Mosher's Falls sufficient to generate a minimum of 1000 hp. for a hydro-electric installation. I am confronted with the fact that practically the only site for a dam and ditch is controlled by a Lease from your Department to Mr R.C. Stewart, which is situated on an Indian Reservation, now the subject of suit for timber trespass. I wish to know whether this Lease is perpetual, with no requirements of user so long as the pepper-corn rent is paid? I have been told that the assent of the Indians occupying the Reservation is necessary to validate the powers given for the diversion of waters, included in the Lease. Should the present Lessee be unable to obtain this consent, which is now the case, will it still hold good to the exclusion of bona fide operators?

As a matter of fact these few acres appear to be the key of the whole watershed of Gold River, 118 square miles of lands owned by the Province and others, and just now the price that is put upon it by the Lessee would be prohibitive owing to the great outlay necessary for empounding dams and purchase of essential rights.

I cannot say as yet whether in any event we will build this Power Plant, as there are so many undetermined points to be solved, but this Lease as I understand it, is a very serious stumbling-block to the initial expenditure of $100,000, hence my enquiries.

I am Sir, yours most respectfully
Reginald W. Petre.

In reply to your letter of the 20th ultimo reporting information concerning alleged damage done by fire to timber on the Gold River Reserve, I have to state that you should verify it by personal examination, and report the facts to the Department.

You should make inquiries as to prices that can be obtained for the burned timber in the form of pulpwood, in cords, and in board measure for the large logs.

It would be well to ascertain the distance of haul to shipping point or railway.

If the quantity is not large, perhaps the Indians might take it out; if not, it will have to be sold to white men under competition.

Sir,-

Referring to your letter of the 19th instant, (25584), I have the honour to advise you that this case came on for trial some time ago and judgment was given in favour of the defendant. I enclose for your information copy of the reasons for judgment.

After careful consideration, our agent at Bridgewater, Mr. Arthur Roberts, decided not to appeal from this judgment, and I may state that Mr. Newcombe is satisfied that Mr. Roberts exercised good judgment in deciding not to proceed with the appeal. There was nothing more than a possibility to succeed on the appeal. The evidence to identify the reserve was most indefinite, and offered very little prospect of success.

Dear Sir

I have cruised the Indian Lands at Gold Rivr, Lunenburg County as per instructions for the agent D.C. N. P. Freeman, and would report as follows.

about two thirds of Reserve acreage has been burned over, and I estimate that there is about 1.000 cords of burned wood, all spruce and under 8 inches on stump (with a small percentage of fir). This wood will only be suitable for pulp. The distance from Railroad shipment is four miles and by water the nearest point of shipping is three Miles

The balance 1.000 cords is worth from 50¢ to 60¢ on the stump and would be altogether too big a lot for the Indians to handle as it should be done as soon as possible

I am Enclosing report of Stanley Rawding as to burned timber on Tobeatic River Reserve as per Message sent me mentioned above.

As it is late in the season and the difficult men who do such work as required for the season, it might be difficult to get it attended to this winter, however as it is imperative that it be done (due to the timber being burned) we will have to see our best. Your as Pulp Concerns usually arrange for their years supply of wood, at the beginning of each season.

As you see by report there are no timber fit for Lumber, only Pulp wood "under eight inches".

This job will have to be done by White men who are more dependable, & then the limited time to perform the work, will have to be considered.

Please let me hear from the Department immediately

To the Deputy Minister,

Referring to your telegram to Agent Freeman, of the 19th Instant, I beg to report that Mr. Rawding has reported that about two thirds of the timber on Cold River Reserve, has been burnt over.

He estimates that about 1,000 cords of spruce under eight inches at stump, have been burnt, a small per centage being fir.

The distance of haul to Railway is four miles, and to shipping point, three miles.

The value he has placed on the timber is 50 to 60 cents per cord, on the stump, and as he states it would be too big a job for Indians to handle, and considering the lateness of the Season, I would recommend that Agent Freeman be instructed by telegram, to obtain offers as soon as possible, and submit them to the Department for decision.

Dear Sir,

A. 932.

The King vs. Heisler.

I am in receipt of letter of date the 29th ult. from Mr. W. Stuart Edwards, Secretary, asking me to return the file of the Department of Indian Affairs and any other papers which I had relating to this case.

These papers would have been returned before this but for the fact that the case has not yet been finally disposed of.

The case was tried last May, which was the earliest court at which it could be heard. Judgment was reserved until August, and it was some weeks after that before the defendant's solicitor took out the order based on the judgment, dismissing the action and ordering a second trial on the question of damages.

When the action was commenced an injunction was taken out preventing the defendant from further cutting on the lands in question, and as a preliminary to this injunction an undertaking had to be given by us that we would be responsible for any damages the defendant might suffer, by reason of the injunction.

Consequently an inquiry was ordered to decide whether the defendant suffered damages, and if so, to assess the same. This meant a second trial, which came on at the next court here, the middle of December last. At the conclusion of the trial, in order to expedite the business of the court, the presiding Judge said he would not hear Counsel on the question then, but that we could wait until we got copies of the evidence from the Stenographer, and then send in to him written briefs.

We did not get the evidence from the Stenographer until the second week in January, and I then asked the defendant's solicitor to send in his brief, as he was claiming damages, and to give me a copy and I would reply to the same. In answer he sent me a copy of a letter that he had just received from the trial Judge, in which the Judge said he had decided that he would rather hear us, instead of the written briefs.

I at once asked for a hearing, but the defendant's solicitor stated he could not arrange with the Judge just then. I was at Halifax shortly after, week before last, and asked the Judge to hear us while I was there, but he replied that pressure of other business prevented his doing so.

Deputy Minister of Justice-2.

I am writing him today asking him to fix a time for the hearing without further delay, and as soon as I possibly can will bring the matter to a conclusion. After such hearing before the Judge, we shall have to wait for his decision, and then the necessary order taken out, and the defendant's costs taxed, and that will end the case.

Then I shall forward to you the file and the other papers for which you ask, and at the same time shall send my account in the matter, which I have not sent in so far, because the business was unfinished.

The above illustrates how such proceedings will drag along, in spite of one's best efforts to expedite matters.

Trusting that this is satisfactory, believe me.

Yours faithfully,

(Sgd) Arthur Roberts.

Sir,

I have to request you to submit a tender for the burnt timber on the Cold River Indian Reserve, outside of the portion claimed by Mr. Heisler.

The tender should state the price you are disposed to pay in cash, for each kind of timber per thousand feet B.M. under sworn returns of measurement. No green trees, or partly green trees, are to be cut.

Tenders will be received up to noon of Thursday, 26th Instant.

on
TIMBER TRESPASS
on
Gold River Indian Reserve, N.S.

Frank Penall, andIndian residing on the Reserve has cut and manufactured 527 railroad ties, spruce and pine, from off the reserve during the past winter. Ten per cent of this material was cut from green trees.

He received no permit to cut, although he states that he had notified the Indian Agent at Bridgewater that the intended to cut this timber.

He has disposed of these ties to Messrs. Oxner and Hennigar at Chester Basin, and has already laid nearly 200 of them down at the track.

The ties were seized and Messrs. Oxner and Hennigar advised accordingly.

As this man, F. Penall, has on previous occasions cut timber illegally, I would suggest that trespass dues amounting to 6¢ per tie be collected.

Estimate and Valuation of the timber on the Indian Reserve

at

GOLD RIVER N.S.

The reserve has a total area of 736 acres, and is situated near the mouth of the Gold River in Lunenberg County Nova Scotia.

The timber is mostly of small size, very little of it being merchantable.

There is a large tract in the centre of the reserve about 200 acres in extent, which is entirely denuded of trees, having been burnt over about three years ago, and is now covered with saplings of birch and poplar.

The remaining portion of the reserve is covered with a fairly dense growth of small spruce and fir, pulpwood size.

Certain sections of this class of timber have been recently killed by fire, and if the burnt and dry wood is removed within a short time, it would be available as pulpwood.

There is a small quantity of both green and dry rock pine, mostly occurring in scattered patches, and inferior in quality.

The total estimate of green spruce covers 1310 cords green fir, 370 cords and merchantable green pine 7 M ft. B.M.

There

6000 feet " " " " pine.

Pulpwood and firewood can be readily hauled to the river or the railroad, and the value of the dry wood per cord on the stump is $1.00 for pulpwood and .75¢ for firewood.

As will be seen, 65% of the small timber is green, only 35% having been burnt, and now available for sale as burnt or dry wood.

A plan showing the distribution of timber and the classification of land is herewith attached.

THE KING Vs. HEISLER.

The only question in this case is the location of the Indian Reserve at Gold River in the County of Lunenburg, which it is claimed includes and covers a lot of land between Gold River and the road from Beech Hill, which is in the occupancy of the defendant. I have examined all the plans and documents produced at the trial. They are not consistent with one another, but I feel safe in assuming that when Mr. Howe took charge of the Indian Department and made a painstaking and thorough inquiry into the condition of the Indians, he must have discovered the proper location of their reserves. In his detailed and interesting record of his "Western Tour" in 1842, he refers to the Gold River settlement as almost the only one to be found on the whole southwestern shore where anything like an approach to settlement combined with some agricultural improvement was perceptible. The reserves here, he says, embraced 40 acres of land on the eastern side of the river, chiefly interval, skirting the margin of the river for about a quarter of a mile above and below the bridge over which the post road passes, and 960 acres on the western side of the river. The 40 acres are on the side of the river opposite to the lot claimed by the defendant, whose occupancy is on the western side of the river. The 960 acres reserved on the western side of the river are west of the Beech Hill road and do not cover the portion between this road and the river claimed by the defendant. There was evidence of occupation by the Indians, but the only names referred to were those of the Indian witness, Frank Pennall, which was west of the Beech Hill road and that of his father which was east of the river. No doubt the Indians moved over the land between the river and the road, cut axe-handles and paddles and used the wood for other purposes, but I do not think there is anything in such evidence as this to aid in locating

the

the grant, and in any event I could not accept it as satisfactory against the plan annexed to Mr. Howe's report in 1842, or if I am wrong in understanding it to be so,

The Minutes of the Council in 1820 do not define the boundaries at all. In one copy of those Minutes, there is a blank, which indicates that a description was to be filled in, but it seems never to have been supplied. The plan in the book referred to indicates that the eastern line of the 960 acres is the rear line of the lots.fronting on Gold River, and there is evidently more than one grant made between the River and the road, which could not have happened, or would not have been likely to happen if the land was part of the Indian Reserve. It is true that as to one of these grants, the grantee took it at his own risks, but I cannot imagine that any Commissioner of Crown Lands or that the Governor in Council would make such a grant at all if the land had been within the reserve. There has been a mistake made somewhere in locating the grant by some of the later surveyors, but I do not think I can offer any safe conjecture as to its origin. It may have arisen from the fact that there is a plan dated apparently in 1818 in which the Indian lands on both sides of the river are continuous with no such break between the river and the road, as the plan in the Record Book shows. This 1818 plan, however, is evidently not the plan of the present Indian reserve. It does not correspond in acreage, containing 200 acres. It would seem from the surveyor's memo on the plan that the Indians were asking for more land and it is possible that this request resulted in the subsequent location of the land, as indicated in the plan contained in the Book referred to.

The plaintiff's claim will be dismissed.

Sir,

The Department has been advised by Mr.M.P.Freeman, Indian Agent, Bridgewater, that the Provincial Government has given Mr. McKean of Gold River permission to run out certain parts of the Gold River Indian Reserve. He has been requested to ascertain under what authority this action has been taken. In this connection, I beg to enclose for your information a copy of a plan of the Gold River Indian Reserve as surveyed for this Department in 1910 by Deputy Surveyor C. H. Starrett. Mr. Starrett included the Heisler claims but according to a recent decision of the Court in a case of The King Vs. Heisler the said claims do not form part of the Indian Reserve. Please note that in the plan herewith the said claims are shown as being excluded from the reserve.

IN YOUR REPLY REFER TO
No. 25584/1a
ALSO
TO DATE OF THIS LETTER.

Sir,—

In reply to yours of Mar. 16th - 14
I have to say that a reply from the Crown Land Deputy
of Nova Scotia states, an application has been received from
Mr McLean for an Indian Reserve and that the matter
had been taken up by the Dept of Indian affairs at
Ottawa.

The Indians would be quite willing to surrender
the reserve lands, but I presume they would each
want a price for their rights

Your very humble
M. Freeman

Ottawa, April 16, 1914.

Sir,

With reference to your letter of the 5th instant, I beg to inform you that a communication has been received from the Deputy Commissioner of Crown Lands, Halifax, to the effect that his Department has issued no instructions to have any of the Indian Reserve lands at Gold River surveyed and the Deputy Commissioner further states that should it be found that the survey under Mr. McKeen's application includes any part of the Indian Reserve ~~his~~ application will at once be cancelled.

I have to say that necessary surveys for railways or other public works may be prosecuted on or across Indian Reserves but you should be guided by the provisions of Section 33 of the Indian Act and not allow any trespass on an Indian Reserve.

Your obedient servant,

Assistant Deputy and Secretary.

To wit

In the matter of the South halves of lots number five in the seventh and eighth Concessions of the Township of Anderdon in the County of Essex.

I, William Pattypiece of the Township of Anderdon in the County of Essex and Province of Ontario Yeoman do solemnly declare.

1 That in about the year one thousand eight hundred and fifty two, or one thousand eight hundred and fifty three, I agreed to purchase the north half of lot Number four in the seventh Concession of the said Township of Anderdon through Colonel Clench Agent of the Indian Department and remitted to the said Colonel Clench, at the time and on account of the said purchase, the sum of one hundred dollars.

2 The said sum of money was posted at the Town of Amherstburg in the said County of Essex properly addressed to the said Colonel Clench, in the presence of the late James Revill, for many years Post-Master at the said Town, and I subsequently procured an affidavit from the said Revill verifying the remittance of the said money as aforesaid.

3 The said mentioned property was subsequently sold through mistake to John Cook as appears by the letter of the said Colonel Clench bearing date June 1854 and hereunto annexed marked "A".

4 The letter hereunto annexed marked "B" bearing date the thirtieth of April 1854 was received by me from the said Colonel Clench and refers to the said property sold to Cook as aforesaid.

5 The memorandum on the back of the said last-

last mentioned letter had reference to the adoption of legal proceedings which were contemplated at that time, to set aside the said sale to the said John Cook on account of my prior claim.

6 About the time I remitted the said amount one hundred dollars, I also remitted a further sum of fifty dollars to the said Colonel Clench on account of the purchase of the South West half of lot number five in the eighth Concession of the said Township of Anderdon

7 Hereunto annexed marked "C." is a statement received by me from Mr. Meredith shewing moneys paid by me to the said Clench on account of the purchase of lands in the said Township of Anderdon.

8 Hereunto annexed marked "D." is a statement containing extracts from the books of the Indian Department respecting the moneys paid by me on lands in the said Township of Anderdon purchased by me from the Indian Department

9 I paid the following moneys to the said Clench in addition to those which appear by the statement marked "D." Twenty dollars on the fourteenth day of December one thousand eight hundred and fifty two. Ten dollars in January one thousand eight hundred and fifty three Forty five dollars in May. Ten dollars in September fifty dollars in September, Forty dollars in November and seventy five dollars in December of the said year one thousand eight hundred and fifty three making in all Two hundred and fifty dollars.

10 I had a personal interview with the said Colonel Clench in the year one thousand eight hundred and fifty four or one thousand eight hundred and fifty five in presence of J. Doyle of Moravian Town Missionary, with reference to the said

Lots and to the moneys paid by me as aforesaid.

11 The said Clench on that occasion admitted to me the payment of the several sums mentioned in this my declaration and promised that they should be duly credited to me.

12 Hereunto annexed marked "C" is a true copy of a letter received from the said Doglar with reference to the said interview.

13 All the other letters and receipts which I received from the said Clench, the letter of the said Doglar and the affidavit of the said Revill were given by me to ~~the said~~ of the Town of Amherstburg, Esquire John McLeod to enable him to represent my case to the Crown Land Department of the Province of Canada and I am informed and verily believe that the said papers were left with the Agent of the Crown Lands Department in Toronto by the said John McLeod.

14 The said papers have never been returned to me by the said McLeod or by any other person.

15 The said moneys paid to the said Clench aforesaid with interest thereon should be applied in payment of the balance due on the South half of Lots Numbers five in the seventh and eighth Concessions of the Township of Anderdon and the surplus if any refunded to me.

16 And I make this solemn Declaration conscientiously believing the same to be true and by virtue of the act passed in the thirty seventh year of Her Majesty's reign intituled "An Act for the suppression of Voluntary and Extra judicial oaths

Dear Sir

I am in receipt of your letter of the 5th Inst enclosing copy of a declaration of John McLeod Esq. relative to receipts letters and other papers given to him by William Pattypiece respecting the South halves of 5th & 7th and 8th Concessions of Anderdon which said papers Mr McLeod states he left with the Agent of the Crown Lands Department in the City of Toronto and requesting search to be made for the same.

The precise date when these papers were left by Mr McLeod is not stated but appears to be sometime between the years 1857 and 1861

You will bear in mind that this Department left Toronto in September 1859 and up to that time had no charge or control of Indian Affairs

The papers in question therefore must have been left either with the Civil Secretary or the Indian Agent in Toronto.

In the matter of the south halves of Lots numbered five in the 7th & 8th Concessions of the Township of Anderdon, in the County of Essex.

I James Colebrooke Patterson of the Town of Windsor in the County of Essex, Esquire do solemnly declare:

1. That William Pattypiece, of the Township of Anderdon, in the said County of Essex, Yeoman, is personally well known to me, and that I have been acquainted with the said William Pattypiece for about twenty years

2. That the said William Pattypiece has repeatedly spoken to me respecting his claim against the Indian Department and the amounts paid by him to Colonel Elench, formerly Indian Agent; and the said William Pattypiece in all his conversations invariably maintained that he had overpaid for his Lands, and was entitled to a refund from the Indian Department; and he explained this by showing that he had made a payment upon Lot numbered four in the 7th Concession

cession of Anderdon (to the best of my recollection) which lot was afterwards sold in error, as the said Pattypiece assures me, to one Cook.

3 John McLeod of the Town of Amherstburg in the said County of Essex, Esquire, formerly member for the said County in the Legislature of the Province of Canada, has admitted to me that the said William Pattypiece had entrusted to him his receipts and letters relating to the lots in question with a view to obtaining his patents for the said Pattypiece, and the said John McLeod assents that he left the said papers at the Crown Lands Department in the City of Toronto, and that such papers were never returned to him

4 The said William Pattypiece had repeatedly told me about his entrusting his papers and receipts affecting the lots in question to the said John McLeod long before I ever spoke upon the subject to the said McLeod, and the said Pattypiece was not present when I conversed with the said McLeod upon

upon this subject

5 The said William Pattypiece is a man of the highest respectability, his veracity is unquestioned by those who know him, and I am fully convinced from my thorough knowledge of his character that his statements in connection with the payments made by him on the lots in question are literally and absolutely true.

And I make this solemn declaration conscientiously believing the same to be true, and by virtue of the Act passed in the 37th year of Her Majesty's reign, intituled "An Act for the Suppression of ~~—~~ Voluntary and Extra-Judicial Oaths."

The undersigned has the honor to submit herewith a fyle of papers, containing correspondence and affidavits in reference to certain Moneys, amounting altogether to the sum of $250.00, alleged to have been paid by one Wm. Pattypiece of the Township of Anderdon between the 20th December 1852 and December 1853; but which Moneys were never accounted for by the Agent, the late Col Elench (who was a heavy defaulter to the Government on account of Moneys collected as Indian Agent and appropriated by him).— Mr Pattypiece asks that the ~~the amount above~~ stated with the interest thereon be credited to his purchase of S½ of Lot 5 in the 7th & 8th Con: of the Township of Anderdon

and that the surplus if any to be re-funded to him.

The receipts given by Col Clench for the moneys paid into his hands by Mr. Pattypiece are stated by Mr. Pattypiece in his affidavit to have been handed by him to Mr. John McLeod of the Town of Amherstburg who at that time represented the County of Essex in the Legislature of the Province of Canada and Mr McLeod in an affidavit fyled herewith, states that all the papers handed to him by said Pattypiece were left by him with the Agent of the Crown Lands Department in the City of Toronto and that they were never returned to him — A letter was recently addressed to the Crown Lands Department on the subject, requesting that a search might be made for the missing papers; and a reply was received to the effect that that Department up to the year 1859 had no charge or control of Indian Affairs under the old Province of Canada; and as the papers referred to were alleged

to have been fyled by Mr. McLeod in the year 1857, they must have been either left with the Governor's Secretary or the Indian Agent in Toronto — Letters were then addressed to both the Indian Agent at Toronto and to the Governor's Secretary in Ottawa, requesting them to make searches for the missing documents.— Replies have been received from both offices to the effect that no such papers can be found.— A thorough search has also been made among the documents on fyle in this Department, and the papers referred to are not to be found among its records.— Affidavits are fyled, made by the said Pattypiece and McLeod relative to the existence of the receipts, and other documents in Confirmation of his Claim; also a solemn declaration by J. applied in payment for certain Indian Lands — Pattypiece paid in all — $420; of this amount he has been credited by the Department with $184.05, and patents have issued to him for certain of his lots, but there is a cash balance still due to him of $235.95 and interest thereon since 1853 —

Pattypiece doesn't ask for the money he is willing that it should be placed to his credit, on account of a lot he has purchased, namely the South half of Lot 6 in the 8th Con: of Anderdon —

We clearly proved by the Statutory Declarations of Pattypiece — of John Macleod, ex - M.P.P. for Essex, and others, that Pattypiece had a good case — in fact the Department admitted it —

I think the old man is entitled to his money or an equivalent —

My dear Sir John,

William Pettipiece has a long standing unsettled claim against the Indian Department which he would like to have disposed of in his life-time, and not left as a heritage for his children-

About 30 years ago, he paid several large sums of money to Colonel Clench, the Indian Agent, upon Lands in the Township of Anderdon in the County of Essex- His claim is perfectly just, and has been recognized by the Department- Col. Prince, I. H. McLeod and the Hon. John O'Connor have from time to time presented it, and it is about time now that it was finally disposed of-

The amount paid by him to Col. Clench have been recognized by the Department and applied on his Lands, but there is a balance of $235.25 still due him with interest thereon since 1853- Pettypiece does not want this money

Sir,

Referring to your letter of the 1st of Dec last and previous correspondence relative to Mr Pattypiece's claim to be credited with the balance of certain moneys alleged by him to have been paid by the late Lieut Col. Clench formerly Indian Supt, but which moneys were not accounted for by the latter to this Dept, I am directed by the Lieut Govr of U. C. to inform you that he will allow the sum of $269.25 to be credited on the South half of Lot 6 in the 5th Con. Anderdon, provided Mr Pattypiece will forthwith pay the balance that will then remain due on that Lot with interest from November 25th 1875 when the

Dear Sir.

Re S/p 6 in 8th Con Anderdon

I wrote you about two weeks ago enquiring the balance due by Wm Patty piece on South half of lot six in 8th Concession of Anderdon

I would be very much obliged if you would give instructions to have the matter looked up and the information sent to me at once, as I am anxious on Patty piece's behalf to have his difficulties with the Indian Department finally arranged. He is now a very old man and wishes naturally enough, to leave his affairs in good shape. Trusting that you will oblige me with an early reply.

Sir,

With reference to the petition of certain Indians who state that they live on the River Rouge, in the County of Argenteuil and Ottawa, praying for a grant of 5000 acres of land on the Masselonge Lake, County of Ottawa for their own exclusive use and for assistance to erect houses and other buildings and to Clear the land.

If you will be good enough to inform those Indians that the Dominion Govt. has no land in the locality in question nor could application be made to the local Govt. who own the land there, for so large a quantity ~~of land~~ as that asked for by them.

The number of families according to the number of souls ~~to be~~ in the Band

would be 10 acres estimating the quantity of land required by each family at 80 acres & more than 800 acres would not be required.

If the Indians will be contented with that quantity of land an application for the same will be made to the Quebec Govt; but of course no assurance can be given by the Dept that the application will be successful.

As regards assistance for the erection of houses & other buildings, the Indians should build their houses themselves as other settlers do; and they should also clear their lands if they get them

I shall be glad if you will make enquiry of persons likely to know & inform me as to the actual number of Indians who are interested in this matter.

Dear, Dec. 23rd '80

Mr. Cundle who states that he holds an assignment from Burton Bros. covering certain descriptions of timber in the Township of Robinson stated personally to me to day that he wished to take what timber was discarded as unfit for square timber from the part of the same being in part rotten on a special measurement thereof, which would exclude the unsound portion of the tree

He states that he had conferred with you upon the subject and that you had informed him that your instructions prevented you from complying with his suggestion.

Will you be good enough to report on this subject with a view to the question of allowing a special measurement in such case of such timber as Mr. Cundle refers to, being taken into consideration by the Dept?

Feb 23rd '81

Sir,

With reference to your recent statement verbally made in my office, that you were prepared to purchase from Messrs Burton Bro the unwanted portions of the trees in the Township of Robinson from which they have made square timber & the Inspector from you that Messrs Burton Bro have no license covering any timber in the Township of Robinson. Their license covers certain lots in the Townships of Mills & Burpee.

Assuming that you must refer to the timber in both of the last named Townships the Local Agent will be instructed to allow you to have the refuse timber in question of the lots in the Township covered by Messrs Burton Bro license, on payment of 1/3 of the usual rate of dues.

I am in receipt of yours of the 23rd inst in reference to butts of trees remaining after Lightening operations, and as to which Mr. Mc Carthy and I spoke to you about two months ago - We apparently did not make my application clear to you, and I will now take the liberty of going over the matter again - I am interested in two timber limit licences to Mr. D. limit covering a part of the Township of Robinson.

Mr. Shatty and I have called to the Messrs Burton, Captains of the square timbers on the Dawson limit and are ready sell square timber to other parties; what we desire - (and what I was under the impression when I saw you would be granted us), is that the limits left whenever any square timber is cut on any of the three limits, should be allowed to us without payment of any timber dues to the Government - this I understand has been done before to other parties by the former Government

I think Mr. Murphy can assure you that this should be accorded to Mr. Shatty and me, as we will perform what we undertake.

I may mention that Mr. Shatty and I take any logs we can get out of the logs left by the Burtons, this of course the Govt will get the dues for - all I ask is that we should be allowed that part of the trees which would under ordinary circumstances be allowed to rot, and which we certainly would make no use of unless we got them for nothing - Will you please drop me a line and also

Destrict No 9. 14th March 1881

To the
Honble the Superintendent General
of Indian Affairs

Honble Sir

In reply to your letter of the 3rd January No 25661. I have to state as follows: The Railroad for which the damages were allowed as passing through the Indian lands is the Eastern Extension Railroad extending from New Glasgow, County Pictou, to the Strait of Canso in the County Guysboro. It passes through a Corner of the Settle River Indian Reserve and takes up, I am told about ten Acres including Salt. The valuation was arrived at for damages was by two Arbitrators appointed by the local Government and other two appointed by the Several Counties through which the road passes. The Contract for building the road was first given to C.A Gregory of New Brunswick. After opening a part of the road Mr Gregory not fulfilling his Contract the finishing of it was handed over by the local Government to Mr H. Abbott of Ontario. I believe Sir Hugh Allan became his Surety as to the fulfillment of the Contract. I cannot ascertain whether the Contracting parties have been formed legally into a Corporate body. The road has been opened for travelling but is not yet quite finished according to Contract

The damages for the lands taken up by the Railroad were assessed on the rate payers of the County. These damages were payable in two yearly instalments. The damages awarded for the Indian Reserves were $17.21. namely $8.66 for Interval land improved and occupied by the Ballot family and $8.55 allowed for wood land through which the road passed. The $8.66 were given to the Indians occupying the land. The Treasurer A McGilvray Esqr Restigouche pays them by my order. I believe at the same rate

they had a full right to it. It was afterwards on receiving a Copy of the Indian Act of 1880 that I saw such monies should be sent to the Receiver General. I shall at any time if required furnish the Indian Office with Vouchers that the Indians as stated above did receive the money. In giving it I acted in good faith believing they had the same rights to the damages as their white neighbors. — Should the Department insist upon my remitting the whole sum I shall do so and bear the loss of my blunder. I have on hand the Amount of the Second instalment $8 55/100 and waiting orders from the Indian Office as to its disposal.

One of the Sub Contractors of the Canton Extension Railroad has been taking gravel for grading the road off the Little River Reserve. The amount of damages and value of gravel already taken off would be about $12 00/100. As the Road is not finished it is likely more gravel shall be taken out of the same pit early next Summer — Mr H. McDonald I learn is the Sub Contractors name. He is away now but is to return next month. The ordinary way of awarding damages of this kind on the line, is by the Contractor choosing a man and the proprietor of the land another as arbitrators. — Please instruct me how to act in regard to the the affair and what to do with the money after receiving it.

I have the honor to be
Your Humble Servt.

P.S. The Gravel pit is on a piece of pasture land occupied by an elderly Indian Jim Peek. He cannot understand why the money for damages should not be given himself.

To ack. Letter from Mr Agent Ross of the 25th ult and say that among some old papers sent in this Dept. by him from the Gen Bay Office when he took charge an assignment has been found coming up 6 Can 3 Bami Island from Robt Bridges to Walter C. Murden but no Transfer can be found from Otho H. McGuire to Robt Bridges by which Murden could make claim against the Gen Bay Office papers for this Transfer if same cannot be found we should ask Mr Murden to file a Transfer from O.H. McGuire to Robt Bridges upon receipt of which by this Dept this Ass will be duly entered in Walter C Murdens name.

Stand after this explanation
2 Feby 28/81

I beg to acknowledge the receipt of your letter of 24th instant Number 257/81.

The parcel of land conveyed by George Bluny (Sale 286) to Garnet E. Wilson is the West half of North half of Lot 13 in the 8th Concession of Lyendinaga.

The S/2 of Lot 37 in the 5th Concession of Lyendinaga Sale 184. This Lot was sold on January 5th 1856 for £69 equal to 276 dollars which £69 appears to have been made up of £37:10 and interest to day of Sale £31.10. And the Purchaser Wm Murphy paid on account $92. With regard to the payments of (£8.3.2 or) $34:63. I can find no such entry on Mr Macaunay's Old Sales Book, a copy of which I wrote you I had made in my letter of 13th January last. and on referring to his Old Cash Book no such sum, or indeed any payment appears to have been made to him on account of this Lot or about that date say October 22nd 1857. But on that day there was paid by the Timothy Brennan Sale 185 £8.3.2 (equal to the dollars to $32:63.) and which was perhaps accidentally entered up to the credit of both Sales 184 & 185. I would remark that at the time of making payment to me, Mr Murphy made no claim to have paid up more than the payment of $92. Trusting this explanation will be satisfactory

Extract from letter dated Christian Island. N.S. 13th Dec, 1880, from Revd M. McKenzie Indian agent to The Hon. The Supt Genl of Indian Affairs. (See File No 23172).

. . . . . .

I do not know how to get the Indians living at North Sydney to join the rest of the Band on the Reserve - there is plenty land for all of them but these are not dis-posed to work it. They are exposed to many dangers in their present situation - continually wandering about the town which must eventually have an injurious effect on the morals of both parents and children. I would suggest that you write a letter to the leader Francis Bernard urging on himself and followers the necessity of taken up lots on the Reserve and turn their attention to farming.

Revd Sir

With reference to the
post script to your letter
of the 13 January inst which
you state, that you find it
difficult to induce the
Indians, who reside at
North Sydney to join the rest of
the Band on the Reserve
although there is plenty of
land for them. That they temp-
tations and dangers to
which they are exposed
while living at North
Sydney, I enclose herewith
suggested by you a letter written
to the Leader of those Indians
Francis Bernard urging on
him and his followers to take
up land on the Reserve at
Eskasoni and turn their
attention to farming.

Yours

Wm Francis Bernard

relative to the residence
by yourself and other
Indians in the vicinity
of North Sydney.

You are aware that
the Govt has provided a
Reserve for the Indians of
Cape Breton County at
Eskasoni, and that there is
a sufficiency of land thereon
for all the Indians of the
County.

I would strongly advise
you and the other Indians
who are with you to remove
next Spring to the Reserve
and to settle down on
locations which Mr. McKenzie
will allot to you and devote
yourself to cultivating land.

There is no doubt that
you will very soon become
comfortable in your circumstances
if you do so, and you will
escape the many temptations to
which Indians are always
exposed when living in the
vicinity of towns or cities.

I trust that I shall hear
that you have followed
this good advice.

Monsieur

Le Département a été informé que la variole sévit à Arletow à 30 miles environ de la Mission et comme il est nécessaire que tous les sauvages soient vaccinés sans retard, des plumes chargées de vaccin à leur surface extérieure vous sont expédiées par cette malle avec une lancette afin que vous puissiez les vacciner vous même ou les faire vacciner par une personne sur laquelle vous pouvez compter et qui soit assez intelligente pour faire cette opération. Le Département paiera 12½ cents pour chaque sauvage vacciné avec succès, soit homme, femme ou enfant, et à la réception d'un état démontrant la quantité de personnes vaccinées, lequel devra être certifié par vous, le montant du compte vous sera immédiatement transmis

Je l'honneur d'être

P.S. Veuillez remettre la lettre ci-jointe à Louis Coupée ou Antoine Gloutier si vous ne pouvez pas vous rendre vous même à la réunion pour vaccination des sauvages.

Rev Sir,

The Dept has recently been informed that Smallpox has broken out at the village of Carleton in the County of Bonaventure, P.Q; and inasmuch as it is possible owing to the migratory habits of the Indians that some of the members of Maria, though they are considerable distance from that Town, may be brought into contact with parties afflicted with the disease, I think it will be prudent to have the Indians vaccinated; and for this purpose I forward by you by this mail quills with which are coated on their surfaces with pure vaccine matter.

I accordingly direction for performing the operation and using the vaccine as well as a lancet. The operation is a very simple one and can be performed by any intelligent person as you will perceive upon reading the directions.

Rev^d Monsieur

Le Département ayant été informé que la variole sévit dans le Village de Carleton ~~Comté~~ de Bonaventure P.Q. et comme il est possible, vu les habitudes migratoires des sauvages que quelques uns des membres de la Tribu des Micmacs quoiqu'ils soient considérablement éloignés de cette ville viennent en contact avec quelques uns de ceux qui sont affligés de cette Maladie, je crois qu'il serait prudent de leur vacciner ~~les sauvages~~ et dans ce but - j'envoie par cette Malle des plumes Chargées de pus vaccin et leur Instructions. Je vous transmets aussi

la direction pour faire
cette opération ~~[illegible]~~ et
pour faire usage des plumes
et de la lancette - L'opération
comme vous pouvez le
voir en lisant les divers
tion est des plus simple
et peut être faite par
toute personne intelligente

Maria, 10 février 1881.

Monsieur,

J'accuse réception de votre lettre N° 25,867, ainsi qu'une copie du télégramme du chef des Sauvages, Louis Jérôme, au département demandant d'appointer docteur Lériault pour vacciner sa tribu, en même temps, la réponse à lui faite par le département.

Comme j'ai été obligé de m'absenter pendant quinze jours pour Québec, il s'ensuit que la vaccination des sauvages a été retardé jusqu'à mon retour.

Pour répondre aux vues
du Département, je me suis
donc empressé de faire
venir le Docteur Martin de
Carleton, lequel en a vacciné
soixante-trois. Un plus grand
nombre n'a pu être vacciné, vu qu'un
bon nombre des sauvages
est dans le bois; plusieurs,
qui étaient présents, n'ont pas
jugés à propos de se faire
vacciner de nouveau.

La vaccine a très-bien
pris chez tous ceux que le
Docteur Martin a vaccinés.

J'ai l'honneur d'être,
Messieurs,
Votre très-humble serviteur

Sir,

I acknowledge the rect of your letter No 20867. also a Copy of a telegram from Chief Louis Jerome to the Department asking that Dr Crepault be appointed to vaccinate his tribe & the reply of the Dept to him.

I was obliged to go to Quebec for a fortnight, it followed that the Vaccination of the Indians was delayed until my return. To carry out the wishes of the Dept I was anxious to have Dr Martin of Caleton who vaccinated 63. a great number were not vaccinated as very many were in the woods & I was not thought necessary to revaccinate some who were present

The operation has taken very well on those whom Dr Martin vaccinated

Monsieur,

Vous trouverez ci-joint le compte du Dr Martin qui est de $24.75.

Monsieur le Dr Martin n'a pas voulu vacciner les sauvages pour 12½ cts; il me dit qu'il ne charge pas plus qu'aucun autre médecins, en prenant 25 cts: c'est là le tarif de tous les médecins. Pour toutes les maladies épidémiques, les

Sir,

You will find herewith the act of Dr Martin amtg to $24.75

Dr Martin would not vaccinate the Indians for 12½ ¢ he told me that he charged no more than any other Dr would for 25 ¢ Sir the tariff of the Drs. For all epidemics and the care given to prevent them are always a little higher.

I could find no one as intelligent among my constituents or power over the Indians who would vaccinate them for less than 25 ¢

ALSO TO THE DATE OF THIS LETTER

ADDRESS REPLY TO THE
DEPUTY SUPT GENERAL OF INDIAN AFFAIRS
OTTAWA

DEPARTMENT OF INDIAN AFFAIRS CANADA

Ottawa 29th January 1896-

THIS LETTER HAS BEEN SENT

Sir,

In reply to your verbal enquiry at the Department on Monday last, I beg to inform you that Lot 19, Range 1, Ouiatchouan stands on the Books of the Department in the name of Mr. Ferdinand Larouche, having been sold to him on the 5th Jul 1871. No money however was paid upon the purchase of the L until December 1880, when the first and second instalments together with Interest thereon from the date of Sale were forwarded to the Department through Mr.L.E.Otis, the Local Agent at Lake St.John. The Sale, therefore, stands as follows:-

105 Acres @ 50cents Per Acre---------$52.50

Paid 28th Dec.1880 ----------$21.00 (Int.$11.35)
Paid 2nd Aug. 1886---------- $15.75 (Int.$14.25) $36.75

Balance of Principal due --------- --------$15.75.
and Interest thereon @6% from the date of Sale.

I may further state that upon payment of the above balance and Interest through the Local Agent, Mr.L. E. Otis, a Patent will issue to Mr. Larouche, or to the other party you referred, upon filing proper Transfers so as to complete the chain of title from Mr.Larouche, also payment of the balance referred to. These documents and the payment forwarded to the Department through the Local Agent.

I have the honour to be,
Sir,
Your obedient servant

Gentlemen of the
Indian Department I send
you those Reports which
I think you will find
Satisfactory. As I have chosen
some of the leading men
of the Township of South
Monaghan. And Mr. Gilchrist

I have notified them at different times to not cut any timber on lot 15 they said they would cut when they pleased. They have cleared about 18 acres about 4 acres on lot 15 there are neither building nor fences on the Island they have been getting the benefit of it and I have been the looser. I sent a letter to the Crown Land Department for them to send you Mr Salter's Survey of the Island, Lot 16 Fotheragill point the north part contains forty three acres, the point about forty acres the remainder is flooded which would have been dry land had not the present dam been built. I was thinking of cutting some firewood on the Island but I shall do nothing to I hear from you

To the Hon. the Superintendent-General
of Indian Affairs.

The petition of the undersigned Chiefs and Warriors of the Oneida Band of Indians in the Township of Delaware in the Province of Ontario,

Humbly Sheweth,

That there has been no survey of their reserve since their occupation of it. That in consequence there has been great inequality in the division of land amongst the members of the band; and trouble and dispute have arisen in regard to line fences; and that these evils cannot be removed till a survey be made.

That when (about a month ago) the agent Mr Gordon came to consult the Chiefs of the band in regard to a survey, sufficient notice was not given and he was met by only a few chiefs and warriors. That since that time the band have met in Council and a majority of them favored the making of a survey.

Wherefore your petitioners pray that you will authorize the making of a survey and report of their reserve as mentioned in Sec. 16 of the Indian Act 1880; and will direct that the whole of the said reserve be subdivided into lots as provided for in the same section.

And your petitioners as in duty bound will ever pray.

Sir,

I am informed by Chief Colwell of Cornwall Island, that the Rev. F. Marrany, has forbid them, on the Island, to send their children to the school, because the Teacher is a Protestant; and threatens them if they continue to send, that he will not allow them any church benefits.

A number have withdrawn their children on that account.

The Indians seem well enough satisfied with the Teacher, and there would be no trouble, only for the Priests interference; but as a number is getting no benefit of the School under the circumstances, the Indians would be pleased to have it arranged so there would be no trouble, and ask the Department what can be done?

Sir,

With reference to your letter of the 4th inst and the proposed regulations made by the Indians of Cornwall Island in regard to the denomination to which the School teacher on that Island shall belong, I have to inform you that said regulations have (been) submitted to His Excy in Council. His Excellency has been pleased to approve of the same.

You will consequently be good enough to notify the present teacher of the Indian School on the said Island (who is a Protestant) that his services will not be kept required after the 30th of June next & in the meantime you should endeavor to procure the services of a competent teacher belonging to the Roman Catholic Denomination

To The Right Honorable Sir John A. Macdonald K.C.B. Superintendant General of Indian Affairs

The Petition of the undersigned Inhabitants of the Township of Sarnia Humbly sheweth

The Indian Reservation in said Township adjoining the Town of Sarnia contains about 6500 acres of land on which are settled about seventy Indian families consisting in all of about four hundred and fifty souls

On the rear of said Reservation from the Great Western Railway to the Moore line a distance of nearly three miles is a tier of thirteen Lots of eighty acres each on which are settled just five Indian families consisting in all of eighteen souls who only partially cultivate from five to ten acres each not more altogether than thirty acres

The whole of the rest of said tier of Lots as well as a large portion of the remaining part of the Reserve has been stripped of all large timber of any value but unfortunately has never been cleared, hence the land has grown up with brians, weeds and Canada thistles. These weeds and thistles are increasing and extending and are now overrunning our farms which lie adjacent so that it has become

a perfect nuisance to us as we cannot successfully contend against them coming from such a fruitful source

What little timber is left on the Reserve is being continually taken away by parties coming from the Town of Sarnia who claim to have authority for taking it though there is not enough left to fence a quarter of the Reserve if cleared

The Indians derive but little support from the few acres they partially cultivate and the whole of the rest of this fine tract of land is utterly useless to them and has become a nuisance to the surrounding neighbourhood while there are several poor Indians consisting of some ten families on the Reserve dependant upon Charity and were it not for the assistance some of them have received from ourselves and others they would actually have starved, though living on what should be a mine of wealth to them.

This condition of affairs has been going on for a long time and instead of improving seems to be getting worse

Your Petitioners would therefore humbly request you to cause this land to be cleared, cleaned and improved by granting leases

or otherwise so that the Indians, the rightful owners might receive the benefit of it; for the land if let to proper parties would pay for its own improvement and yield a revenue to the Indians even if used for pasture only

Or that you would take such other steps as you think proper to remedy the evils complained of

And your Petitioners will ever pray &c.

Sir,

I enclose herein for your early report on the subject, a copy of a petition from certain inhabitants of the Township of Sarnia praying for the reasons given therein that the land not occupied or used by the Indians on the Reserve should be cleared, cleaned of weeds and improved by granting leases or otherwise, so that the Indians may receive the benefit of the same.

Will you be good enough to state in your report on this matter what number of acres might be, in your opinion, leased for the benefit of the Indians and what rental per acre ~~would~~ ought to be charged for the same; also whether the Indians would consent to such leases being issued on an agreement that the proceeds shall be divided among them; and that any work required to be done on the lands by the Indian labor shall be employed on the same.

Sarnia 3rd March 1881

Sir,

I have the honor to acknowledge the receipt of Dep.t Letter (No. 26,042) dated 22nd Jan.y '81 enclosing "a Copy of a Petition from Certain inhabitants of the "Township of Sarnia, praying for the reasons given therein, "that the Land not occupied or used by the Indians on "the Reserve should be cleared,— Cleared of weeds and improved "by granting leases or otherwise &c.— And asking from me an early report on the Subject— and in such Report to state "What number of Acres might be, in "your Opinion leased for the benefit of the Indians, and "what rental per Acre should be obtained for the same, "Whether the Indians would Consent to such leases being "issued" &c.

In reply I beg to say that I believe, as things are with the Indians on this Reserve, it would be better if they would Consent to lease or sell One half, or even two thirds, of their whole Reserve, as they seem determined not to utilize it themselves. It is perfectly surprising to find Strong, active, and to some extent, intelligent Indians, who can and do work well when hired by white men, so utterly indifferent in regard to doing any thing that would improve their farms, and benefit themselves and their families. But so it is; there are many Strong, active Indians, who with an allotment of 80 Acres, Content themselves with

with a Clearing of from 3 to 6 or 8 acres of half Cultivated land, and instead of adding to their clear land from year to year, as they ought to do, actually allow the Second growth timber to encroach upon them, so that their fields are Continually getting smaller.

In some places they have actually removed portions of their fences and used the rails for firewood. Except when working for others, the Majority of them seem to give themselves up to almost hopeless idleness.

As to the rental that Could be obtained per Acre, I may say that for many years it would amount to very little. Though the land has been almost entirely stripped of timber of any value, it was not Cleared. It is full of old logs, and gnarled useless trees, and in most places, is a perfect thicket of young timber, interspersed in many places, with brambles and weeds. Then it will be very difficult to obtain sufficient timber to fence it. Besides this no ditches have been Cut, and a great deal of the land is low and swampy.

For these reasons I do not think that any reliable person would undertake to Clear and fence the land, unless he Could get it free from rent for from 6 to 8 or 10 years, according to the quality of the land, its state & position.

After the land is fairly Cleared and leading Ditches made, a rental of from $2.00 to $3.00 per Acre, I think Could be obtained.

As to the Consent of the Indians, I have little doubt that

that if a good rent could be got <u>at once</u>, they would consent, but I do not think they would do so on any other terms. However, if it is thought proper, I will call a Meeting of the Indians in order to ascertain their views in regard to any plan that might be proposed for the improvement of their Reserve.

In regard to the whole matter of the Civilization of the Indians, and the improvement of their Reserves, I confess I am much discouraged. Even if the land were cleared and put in good order, to all appearance the Indians would not Cultivate it. On the River front there is some fine land, clear of stumps and every obstruction, yet I do not think one half of it is Cultivated by the Indians themselves. Last year several fine fields were left untilled, and grew nothing but weeds. In regard to other portions, the Indians arranged with White men, and let them have their fields for the season. In what way habits of industry and self reliance could best be fostered among them, seems a problem rather difficult to solve.

I have the honor to be

Department of Indian Affairs,

To R. Wardle
Sir John Macdonald K.C.B.
Supt. Genl. Ind. Affs.

Ottawa, March 9th 1881.

Indians on the Sarnia Reserve.

London, March 7.—The Free Press gives an account of the condition of the Indians on the Sarnia Reserve, stating that it is frightfully neglected. A reporter recently sent among them found most of them in a starving state, living in filthy huts without clothing or blankets. In many cases their allowances are misappropriated and there is no proper supervision. The department at Ottawa is urged to send a commission of enquiry to the reserve in order to remedy this state of affairs.

Copy the clipping and send the written answer RD

With reference to the above article clipped from the Ottawa Free Press of the 7th Inst. the undersigned begs to state that the cause of the misery of the Indts of the Sarnia Reserve is attributable to their own idleness.

They have a fine tract of land on the banks of the River St Clair - but as will be seen from Mr Supt Watson's report of the 3rd Inst they do but little in the way of cultivation.

The Supt Genl will remember the proposal of the deputation of Sarnia people, introduced by Hon A. Mackenzie last January that the Govt should lease the unoccupied portion

P.S. There is no truth whatever in the statement that their allowances are misappropriated - The interest on the invested capital at the credit of the Band is distributed among them semi-annually share and share alike - no tribal exps being paid until carefully audited.

In re Sarnia Indians

With reference to the articles which appeared in the "Sarnia Canadian" of the 2nd Inst. and in the "London Free Press" of the 7th Inst. Regarding the wretched Condition in which some of these Indians were found to be on the occasion of a visit made by a Newspaper Reporter and some other Gentlemen to the Reserve. the undersigned would premise by stating that it is very remarkable no Complaints have been made by the Indians, who, as is well known, are not generally backward in making known their wants. also that the undersigned was on the Sarnia Reserve in the Autumn of 1879 had two Councilmeetings of the whole

Should the facts stated in the papers above mentioned be found on investigation to be generally borne out, the undersigned is of opinion that a Change in the administration of the local affairs of the Band would be made by appointing an Agent to reside among them, instead of having one like the present Superintendent stationed at Sarnia which is situated 30 or 40 miles from the Reserve

Sir,

I have the honor to acknowledge the receipt of Dept. Letter (26042) dated 22nd inst. Calling my attention to a letter addressed to me on the 30th (25th) May last, relative to the reported distress of Certain Indians on the Reserve and asking what action (if any) I have taken in regard to the same:—

In reply I beg to say- That a good while previous to the receipt of Dept. letter of 25th May- I had visited a number of the poorest families on the Reserve, and had taken measures to prevent their suffering from actual want.- I may say in general, that though there are a number of families very poor, there has been no actual starvation, or any thing approaching thereto. I may also say that on receipt of said letter as directed therein, I consulted with Mr. Dingman- "as to the best course to be adopted "1st in relieving effectually the extreme Cases of distress "above described; 2nd for the Amelioration of the Con- "dition generally of the Indians on the Reserves."- Mr. Dingman agreed with myself, that these were very difficult problems to solve; and did not feel prepared to make any special recommendation.

Since then, however, I have seen Mr. Dingman who informs me that in his Report which he is preparing to send to the Department, he will make some propositions

propositions with a view to the amelioration of the Condition of the Indians. At the Conclusion of this letter I shall also venture on some suggestions.

I will now briefly refer to the different Cases mentioned in the letter referred to:—

1st Mrs E. Riley (Shegagoqua). She is indeed decrepit and helpless. For a short time she was living in a Tent; but so far as I could learn, it was her own wish to do so. While she was living in the Tent, I spoke to a respectable farmer, living quite near, to provide her with good food such as she required. She is now living under the Care of Mrs Peter Williams, and I think is as Comfortable as Can be expected under the Circumstances. Mrs Riley, has a daughter - strong & vigorous, but I believe she pays no attention to her poor Mother.

2nd William Isaac (Kashegance) is an old man, I suppose, about 70 - but is quite smart, and able to do ordinary light work. He lives in a very poor hut or Wigwam, but is quite able to make a better if he Chooses to do so. He says he would rather live in a Wigwam than in White mans house. He has not wanted for food, and when he Comes to Town, (which he does frequently) he is Clean and tidy -

3rd Moses James - is in poor health - Asthmatic - Yet I think he might do a great deal more than he does - He is quite able to walk through muddy roads to Town, and when he Can procure liquor, - gets drunk. His father-in-law - Old

Old Nahyahnaquodt is a decent old Indian. His son a strong able bodied man, ought to support him; but I believe gives him nothing. The old man, however, is not suffered to want.

4th Widows, David & Neganegeeshig— These widows are both poor. Mrs Davids husband was a decent Indian. He died two years ago; but like most Indians the only legacy which he left his family was debt. The poor woman has paid part of it since her husband died. She has got some assistance from the Band, and will get more as she may require it.— The husband of Mrs Neganegeeshig was a strong powerful fellow, but a thorough drunkard, and was always in trouble. He died about a year ago; but his death I think was very little loss to his family, who are no worse off than before. She has got Considerable assistance in Charity, and must get more as she may require it.

In regard to the statement that there was not a single occupant of land who had hay or Oats for his horses in the Spring - I suppose it is not far from being Correct. Several of them borrowed money from me to purchase fodder for their horses. This is simply the result of bad management and improvidence. The winter was exceptionably severe, while their preparations are far from being sufficient even for a mild winter. They are also very deficient ~~in~~ in regard to buildings for sheltering their Stock or preserving their fodder. There is nothing however to prevent them from having such buildings if they would only use a little industry.

There are other families who are justly described as living in poor and straightened circumstances, and while their habits are as at present, this will necessarily continue to be the case.

The cause of the poverty of the Indians may be said to be three-fold - viz. Drunkenness, Idleness, Improvidence. Notwithstanding the severity of the law in regard to furnishing liquor to Indians (and I have had it enforced as much as possible) - they still continue to get liquor even in Sarnia, and being so near the American side, they can always get it there, and many of them do so - Then a number of them are thoroughly lazy. Others work well by spells, but, with very few exceptions, they do not work steadily. When they have no forethought when they get a few dollars, they must stop work till all is spent. Many of them will then come to me to borrow 50c. to pay their fare to the place where they had been previously working. They have no sort of idea of providing for the future. Hence when they become aged and infirm they are totally dependent. The strong and healthy Indians are by no means attentive to their aged parents, and are perfectly willing to cast them on the Charity of the Band.

But it is generally much easier to point out an evil than to discover a remedy. Various plans have been proposed. To lease or sell a portion of the Reserve - say the three Eastern Ranges, has been proposed Unless these lands could be leased for all purposes the rental for many years would amount to

Almost

almost nothing, as a large expenditure would be necessary before any return could be got from it. To sell this portion (if the Indians would Consent) would, of Course, Considerably increase the Annuity, but it would make it necessary to reduce the size of the Farms on the Reserve far too much. At present there is no more land on this Reserve than might be used to advantage by the Indians on it. The lots are quite small enough for Moderate sized Farms; and I think it would be unwise to divide them up. Except to the aged & infirm, widows with small Children &c. the Annuity is really of little Consequence. I often think that those who are able to work, would in many Cases, be better without it. They trust too much to it, and do not exert themselves to obtain money from other Sources.

I have thought of some such Scheme as the following- Let a Competent Engineer be employed to take levels so as to shew where leading ditches would be necessary through the whole Reserve. Let such ditches be opened at an expense of probably from $6,000. to $8,000. I think, at any rate, the latter named sum would be sufficient to Construct main ditches, so that all the lands on the Reserve might be drained into them. Then suppose- say $100. from the Share Capital of each individual, was set apart for Clearing up and improving the different Farms- the work for the most part to be done by the Indians themselves, under Competent Supervision. This would

would, on an average be an expenditure of above $300. on each farm, and if properly done would put the farms in such Condition, that if the occupants would work, they would soon have abundance. And then as regards the Aged, Widows &c. it would put their farms in such a Condition that they could readily let them on shares, and so secure an abundance of food.

I am quite well aware that many objections may be urged against such a scheme as this, and that there would be great difficulties in carrying it out. Some are so lazy that though every thing were made right for them, they would still be, as they themselves express it, always "hard up". Yet I think there are quite a number who would greatly benefit by such a scheme, if honestly and thoroughly Carried out.
