## British Press On Towards Cambrai; Gain Quarter Mile

### Also Capture Heights and Two Villages —Progress Satisfactory All Along Line

London, April 11.—The British captured the village and heights of Monchy Le Preux early this morning, according to a British official statement. The village of La Bergennes was also captured and satisfactory progress is reported being made on other parts of the battle-front.

London, April 11.—British troops yesterday advanced north of the village of Louverval, in the direction of Cambrai, to the extent of a quarter of a mile along a front of 2,000 yards and consolidated this gain during the night.

So telegraphs Reuter's correspondent from the British military headquarters in France.

London, April 11.—The message of Reuter's correspondent reads: "North of the village of Louverval we pushed forward towards Cambrai to the extent of a quarter of a mile along a front of 2,000 yards and consolidated this gain during the night."

"Northwards our patrols are advancing to the belt of forest which runs along the whole of the steep eastern slope of Vimy Ridge.

"The splendid success of our offensive has created a most interesting situation and one which is fraught with tremendous possibilities. The enemy has been forced back upon the pivot of his previous retreat in a manner which creates a dangerously sharp salient at this spot.

"Indeed, a glance at the map suggests that there is a distinct outflanking of the German northern pivot as it existed before the present fighting."

### FRENCH REPORT

Paris, April 11.—(2:15 p.m.)—"Active artillery fighting continues over the front between the Somme and the Oise," says today's official communication.

"Patrol encounters occurred at various points, in the course of which we took prisoners.

"South of the Oise a German attack on one of our posts east of Coucy was broken up by our fire. Near Maisons de Champagne there was severe grenade fighting during the night. In Le Preux France the artillery firing was rather violent. North of Arracourt our patrols brought back prisoners. In the region of Ban-De-Sapt we inflicted losses on the enemy in the course of an incursion into his lines north of Frontzenelle."

## "PLAY BALL" IN MAJORS TODAY

### American and National Leagues Open Season

### MAJOR GENERAL WOOD THROWS FIRST BALL IN NEW YORK—MATCH IN BOSTON POSTPONED AS GROUNDS ARE SNOW COVERED

New York, April 11.—Baseball, the national safety valve for pent up enthusiasms and tense nerves, took the field today before the national war.

The approval of the military authorities is evidenced by the fact that Major General Leonard Wood will open the opening game at Boston with New York in this league was declared off because the grounds are covered with snow.

The season in the American League will start with games at St. Louis, Detroit, Philadelphia and New York. The weather promises to be generally fair, but temperatures remain too low for ideal baseball. The fact that owners expect a fairly prosperous season but admit that receipts and attendance probably will be cut by the war. They are encouraged, however, by the fact that the game flourished during the Spanish-American war and that the International League games in Canada last summer were well attended.

Friends of the game declare that baseball this year will perform a national service by affording a distraction from the grim tension of war.

Philadelphia, April 11.—Washington and Philadelphia will meet in the opening game of the American League season here today. The opposing batteries probably will be Bush and Schang for the Athletics and Gallia and Henry for Washington.

Chicago, April 11.—The major league baseball season of 1917 was inaugurated here today by the Chicago and Pittsburgh teams of the National League. The probable battery selections for today were Vaughn and Elliott for Chicago and Mammann or Cooper and Fisher for Pittsburgh.

St. Louis, Mo., April 11.—The Chicago and St. Louis team of the American League are scheduled to open the 1917 baseball season at Sportsman's Park this afternoon. Batteries as announced are: Chicago, Williams and Schalk; St. Louis, Hamilton and Hale.

Detroit, Mich., April 11.—Military drills by both squads was held at the leading feature of the ceremony at the opening game of the season between Detroit and Cleveland here today. James and Cavanaugh were the probable battery selections for Detroit and Manager Fohl expected to call on Bagby and O'Neil.

Today's Schedule

National League—Pittsburg at Chicago, cloudy, 3 p.m.; St. Louis at Cincinnati, clear, 2:30 p.m.; Philadelphia at Brooklyn, clear, 3:30 p.m.; New York at Boston (no game, snow on field), postponed to Thursday.

American League—Cleveland at Detroit, clear, 3 p.m.; Washington at Philadelphia, clear, 3 p.m.; Chicago at St. Louis, cloudy, 3 p.m.; Boston at New York, clear, 3:15 p.m.

## SHOCKING CONDITIONS REVEALED IN RAID

### Police in Court Today Report on House in Which Six Arrest Were Made

Following a midnight raid by Detective Barrett, assisted by Detectives Duncan, Sergt. Scott and Policemen Harvey, Ward and Gibbs, on a house at No. 10 Brunswick street, Henry Hubbard, aged thirty-five, and his wife, Charlotte, aged twenty-seven, of Nova Scotia, were before Police Magistrate Ritchie in the police court this morning, charged with keeping a disorderly house, and Cornelius Muse, aged nineteen; George Golding, aged nineteen, both of Nova Scotia; Fred Suthers, aged twenty-eight, of New Brunswick; James Seare, aged twenty-nine, of Italy; and Jennie Golding, aged twenty-one, of Nova Scotia, were all charged with being inmates.

The hearing was behind closed doors and the evidence of Detectives Barrett and Duncan, Sergeant Scott, and the policemen was that the house was a most undesirable sort of dwelling. The police said that there was very little furniture, few cooking utensils and the two beds, although there were five children taken along in the raid, lacked mattresses and the children were found lying doubled up in straw and excelsior. There was no evidence of food in the house, the police said, except two dry crusts of bread and what the family lives on is a mystery. "The door is in such a dilapidated condition that the water runs into the house from the street," said Detective Barrett in his evidence. In some of the rooms in the house there are no windows. The police say that it is the worst place they have ever been called upon to visit. Liquor was found. It is understood that the board of health officials reported the condition of the house and the owner given until May 1 to make repairs.

The children taken from the house range from eight months to eleven years in age, four boys and one girl. They were taken to the Children's Aid Society this morning by Police Matron Ross and Rev. W. R. Robinson, secretary of the society. The police magistrate said that, under the conditions, he could not allow the children to be returned to the parents.

The six prisoners were remanded to jail pending enquiries. The woman pleaded with the magistrate to have her children given back and said she would make amends in the future. Hubbard's employer said that he was with him for some two years and was an honest and industrious workman and he had never seen any signs of liquor on him. The Golding girl is a sister of Mrs. Hubbard.

### DISORDERS IN BULGARIA

London, April 11.—Rioting in several towns in Bulgaria is reported in a Reuter despatch from the French headquarters in the Macedonian front. It is said, was that the men are on their feet for so long and do so much walking about that he could not stand the strain. There are now two vacancies on the force.

### POLICEMAN RESIGNS

There is another vacancy on the local police force. Yesterday afternoon Policeman Clarence Tower, who has been on duty in North End, tendered his resignation to Chief Simpson, and it was accepted. The reason for the resignation, it is said, was that the men are on their feet for so long and do so much walking about that he could not stand the strain. There are now two vacancies on the force.

## LIEUT. McCORD WELCOMED HOME

### Sackville Officer Who Won Commission and D. S. O.

### SPEAKS OF THE FIGHTING

#### No Need to Worry About the Hindenburg Line — Germans Falling Back Because They Have To — All Regiments Doing Well

Moncton, April 11.—"In a general way we have had a very good first winter, we handed it back to Fritz the second winter, and it was an even clinch; but the Somme offensive has given us the upper hand," said Lieut. G. R. McCord of Sackville, who arrived in Moncton yesterday and left in the afternoon for Sackville. Lieut. McCord is on one month's leave of absence.

"People need not worry about the Hindenburg line," he said. "There is no mystery about that. The Germans are falling back because they have to, and those who faint-heartedly speculate on this pay a poor compliment to Sir Douglas Haig and his armies. These operations are simply a continuation of the offensive which was suspended last fall by the intervention of unprecedented weather."

"The type of fighting," said Lieut. McCord, "changes every few months, so that a man who has been out through the winter has hardly any acquaintance with the methods of fighting now, since the introduction of gas, bombing and all those things."

Lieut. McCord was greeted by many friends in Moncton yesterday. He enlisted on September 1, 1914, going over to England from Valcartier with the 1st Canadian contingent. After being in England for less than three months he volunteered for service with the famous Princess Patricia's. With him in the Princess Patricia's were two other Sackville men, Joseph Lirette, who was killed in March, 1915, and Pte. Ernest Rhodes. The latter was awarded the distinguished conduct medal last summer.

Like most of those who return from the front, Lieut. McCord has little to say about his own experiences, which have won him the D. S. O. He was in the third battle of Ypres and mortar section, took his mortars overland in the month of last year and returned to France, taking part in the Somme offensive. He went unscathed through the battle of Conneville and the storming of Regina trench. In this engagement Lieut. McCord, who was in the trench mortar section, took his mortars overland into the advance, a hitherto untried feat. It was as a result of this operation that he was recommended for the D.S.O.

Lieut. McCord says that every Canadian regiment at the front has done its duty, and has risen to the occasion when the opportunity offered.

"There is never a New Brunswick soldier who goes over on leave in England and returns to France with recollections of E. W. Sumner's kindness," said Lieut. McCord. "It is only fair to New Brunswick's present agent-general to pay him a tribute for the real reason, intense cold continues, only a few had overcoats. They are a docile lot and somewhat surprised their captors by carefully sorting themselves into their respective units before being registered and temporarily caged."

Smaller cages were provided for the officers. For the latter had been in a furious rage ever since they were taken. They were in a forward observation post, they said, and saw the infantry coming back for their front line, but had no idea that they were actually retreating. Their anger was due to the failure of these troops to give them warning so that they, too, could flee.

### DEAD NOW 122; 23 ARE MISSING

#### May be Further Loss of Life in Connection With Eddystone Explosion

Chester, Pa., April 11.—Revised lists of the fatalities resulting from explosions yesterday at the shrapnel loading plant of the Eddystone Ammunition Corporation at North Eddystone, near here, place the number of dead at 122, the majority girls and young women.

Between 125 and 150 men, women and girls were injured, at least ten being so burned and torn by shrapnel fragments that death was momentarily expected. Twenty-three others employed in the structure, which was blown to splinters, are missing.

### BOY INJURED

John Bradley, nine-year-old son of Mr. and Mrs. J. Bradley of Coburg street, was within the shadow of death from Monday afternoon until yesterday. The lad was sliding down a banister in his home on Monday afternoon about five o'clock when he lost his balance and fell from the second flight of stairs to the lower floor. When picked up he was unconscious and remained so until yesterday morning. Today he is reported to be much better, and it is said that he will recover. He has been suffering from a slight concussion of the brain.

## HISTORY WILL RECORD AS THE BATTLE OF ARRAS

### New Information of the Great Fight Received

### WONDERFUL ARTILLERY WORK

#### Germans Lost Many Guns Captured or Destroyed — Under Zest of Offensive, Troops Are Swinging Forward to Gay Tunes by the Bands

British Headquarters in France, April 11, via London.—(From a staff correspondent of the Associated Press)—The speed and power of the British assault, in what will probably be known in history as the battle of Arras, seems to have thoroughly surprised the Germans. So much so in fact, that their usual retaliatory artillery fire has been absolutely negligible in the last two days.

This is partly due, of course, to the number of guns captured to which must be added the number knocked out by the British artillery before the actual assault began. It is also due to the fact that the Germans have been too busy trying to get their remaining guns away from immediate danger to other busy to bother firing them at the enemy. In a German artillery position east of Arras, known as Exterley valley, could be seen the remains of twenty-four field pieces today. A trip over the newly taken lines revealed a condition of trenches closely approaching those recently evacuated by the Germans in the valley of the Somme. Many dugouts remained with nice precision. The trenches, including all communication lines, have been miserably battered about. So successful was the artillery work that the British have been back of the German lines that some of the German prisoners reported they had been without food supplies for four days.

The barbed wire entanglements obstructing the German withdrawal have been cut and only stray strands could be seen here and there on the front line. The thoroughness with which the wire cutting was done by the artillery was a major factor in accelerating the speed of the infantry in the attack.

The case of the new warfare could be felt in all parts of the British front today. Troops were swinging forward with bands playing gay tunes. The Germans had reached their ground air-planes were scouting while beneath them were tanks at rest. The tanks had sped splendidly throughout, especially in attack, and were being used in the operation. The artillery had not dealt. Some German anti-tank guns were captured. Machine guns and trench mortars were taken in such large numbers they have not yet been counted.

A cavalry corps had the unique distinction of capturing two big howitzers. The capture of these guns, which were killing several members of the crew before the others surrendered. A German motor transport column was captured and taken in such large numbers they have not yet been counted.

The drivers said that when they left Douai there was no idea that the attackers had reached their ground. Thousands of German prisoners could be seen along the roads today. Some had little round caps and others were wearing the great coal scuttle steel helmet. Although the intense cold continues, only a few had overcoats. They are a docile lot and somewhat surprised their captors by carefully sorting themselves into their respective units before being registered and temporarily caged.

Smaller cages were provided for the officers. For the latter had been in a furious rage ever since they were taken. They were in a forward observation post, they said, and saw the infantry coming back for their front line, but had no idea that they were actually retreating. Their anger was due to the failure of these troops to give them warning so that they, too, could flee.

### SAD NEWS FOR TORONTO SOLDIER NOW IN ST. JOHN

Red Cross Sergt. A. Atkins of the 217th Battalion received a telegram on arrival here that his mother had been buried to death in a fire in the Queen Hotel, Toronto. The sergeant had not seen his mother for seven years, and the news was a terrible shock to him. She had no relatives in Toronto, but a daughter resides in British Columbia, and Sergt. Atkins at once wired her the sad news.

### FUNERALS

The funeral of Arthur W. Hickson took place this morning from his late residence, 328 Rockland road. Services were conducted by Rev. Ralph Sherman. The body was taken to Avonmore, Kings county, for interment.

The funeral of Mrs. Mary Ross took place this morning from Messrs. Fitzpatrick's undertaking rooms to the Cathedral, where high mass of requiem was celebrated by Rev. J. J. McDermott, who was assisted by Rev. Miles P. Howland as deacon, Rev. H. L. Coughlan as sub deacon and Rev. William Duke as master of ceremonies. Interment was made in the new Catholic cemetery.

## THE WORK ON THE SOMME OUTDONE IN NEW DRIVE

### Every Unit Triumphant in British Advance

### PERFECT TACTICAL METHOD

#### Casualties Proportionately Light and Spear Point of Attacking Force Not Materially Blunted— Commentators Expect Heavy Counter Attacks

London, April 11.—Accumulating accounts of the battle of Arras impress the commentators here with the conviction that it probably was the most successful operation on a great scale yet carried out by the British during the war, being the only one in which every unit triumphantly obtained its immediate objective. The critics compare it with the offensive on the Somme last July of which one of the commentators says:

"We failed on one-third of the front attacked and on the other two-thirds obtained a number of very important but imperfectly connected successes which it took some days to link into a continuous advance. The prisoners on the first day were 2,000 and after three days they numbered 4,800 while the British casualties were exceedingly heavy."

"On the other hand, Monday's advance was complete and continuous. The attack was nowhere baffled and the casualties were proportionately so light that the spear point of the attacking force was not materially blunted. Everything went in accordance with the programme and with nice precision. The French at Verdun last October-December and by the British on the Ancre and at Arras, the methods which enabled the strongest field fortresses to be captured with less loss to the attackers than to the defenders, did not exist in its present form in July."

"It is held here that if the advance could be continued at Monday's speed, it would result in a most crushing blow for the Germans. But the military critics deplore the expectations that can be continued indefinitely and predict violent counter-attacks with large reserves which they say the Germans have ready."

### IS FINED \$50

In the police court today Donaldson Parks, arrested last evening by Policeman Hopkins, was fined \$8 for drunkenness in Charlotte street, and \$50 for being out of uniform. Seven other prisoners were fined the usual amount for drunkenness. Another left a deposit.

### FIRE THIS MORNING

A alarm from Box 16 brought the fire department out this morning about 10:30 o'clock to extinguish a small blaze in the home of James Smith, 315 Brussels street. The fire had considerable headway before the apparatus arrived but was quickly put out before much damage was done. The wall directly behind the kitchen stove caught fire from the stove and the fire traveled up the wall to the ceiling. There was no one in the house at the time the fire started. Mrs. Smith and her husband occupy four rooms at the top of the three storey house. Three of the rooms were wrecked. Other families live in the house.

The building is owned by the Sisters of Charity and is leased by Richard Caples who conducts his business on the ground floor.

Owing to the presence of much snow in the streets the fire teams encountered considerable difficulty in getting along, but despite this they made a good run.

### WEATHER REPORT

Issued by Authority of the Department of Marine and Fisheries, R. F. Stupart, Director of meteorological service

Synopsis—The eastern disturbance is dispersing over the maritime provinces and another of less intensity is moving across the Great Lakes. The temperature is now rising in Ontario, but remains low in Quebec and eastern Canada.

### Fair Warmer.

Maritime—Western portion: Fresh northwest winds, cold, with snow flurries. Thursday, fair, with a little higher temperature. Eastern portion, moderate winds, cold and unsettled with occasional light snow or sleet.

### New England—Fair tonight and Thursday, rising temperature, fresh west winds.

## TOTAL CASUALTIES OF CANADIAN OFFICERS AT VIMY RIDGE WERE 89

### Ottawa Gets Cable News—Report of Hundred Casualties From Ranks Believed Incomplete—Some Officers of High Rank Hit

Ottawa, Ont., April 11.—The victorious battle at Vimy Ridge, in which the Canadians played such a prominent part, has not been accomplished without a resultant loss of life, but in proportion to the numbers engaged and the severity of the fighting, the list is not heavy.

The militia department this morning received a private cable stating that in the big battle the officers' casualties all told, killed and wounded, totalled eighty-nine. A hundred casualties from the ranks are reported, but this is thought to be incomplete. It is understood that some officers of high rank were hit, including a brigadier general, but his injuries were so slight as to permit return to duty.

### DR. WHEELER RECEIVES BRITISH APPOINTMENT

#### European War Veterans of Fredericton Organize — News of Capital

Fredericton, April 11.—The European War Veterans' Association last night re-organized with George W. Betts, president; Alfred Ashford, vice-president, and Sergt-Major John Hanlon, secretary-treasurer. The constitution of the Calgary association was adopted. It was decided to celebrate the second anniversary of the battle of Ypres on April 22 by attending a memorial service in the Cathedral.

The Good Government Association gives notice that petitions for the repeal of the Scott Act will be placed in the county record office for public inspection on May 1.

A Sanbury petition will be placed in the record office at Oromocto on the same date.

Dr. D. E. Wheeler of Buffalo, who spent some weeks here early in the winter, has received an appointment from the British war office and is now in London. He was wounded while serving in France with the French foreign legion, and came to Canada to recuperate his health. He tried to secure an appointment for overseas service with the Canadians, but was unsuccessful.

The Royal Gazette today contains a proclamation summoning the legislature to meet on May 10. Appointment of members of the government as the provincial hospital commissioners, etc., is gazetted.

Eara P. Hoar of Moncton was appointed a provincial constable on March 16.

Frederick Howland, Gordon Bennett MacKay and William Bennett McKay of Sussex are incorporated as the National Garage Co. Ltd.

The body of James Doherty was brought from St. John last evening and re-interred in the cemetery at St. John. The case of Rosenberg vs. Rich was taken up in the Supreme Court this morning. Mr. Winalow supported a review of taxation costs; Mr. Hanson, K. C., contra. The case is on.

In the Berlin Machine Works Ltd. vs. Randolph and Baker, Ltd., Mr. Ewing K. C. and T. Levin are supporting an appeal from the judgment of Judge Barry. Messrs. Teed and Wallace, K. C., are contra.

HINTS FOR GARDENERS  
Those interested in gardening to increase production can get at the National Service Bureau in the post-office building in this city a very interesting booklet on Gardening. It is issued by the Home Vegetable Garden, by W. T. Macoun, Dominion Horticulturist.

Berlin, April 11.—Germany has stopped all mail services, both direct and indirect, between this country and the United States. Telegraph services also have been stopped.

Buenos Aires, April 11.—The government issued a declaration late last night announcing that it supported the position of the United States in reference to Germany.

Rio Janeiro, April 11.—At a cabinet council yesterday it was decided that Brazil should sever her relations with Germany.

Pro-ally demonstrations are growing in volume throughout the city. The flags of the Entente are visible everywhere and the streets are thronged with paraders cheering for Great Britain and France and shouting "down with Germany."

Chili Considering  
Rio Janeiro, April 11.—It is expected in diplomatic circles here that South American nations will soon follow the example of Brazil in severing relations with Germany. The Chilean minister is continuing his conference with Dr. L. Muller, Brazilian foreign minister, who subsequently conferred with President Wenceslau Braz. Spain will take charge of Germany's interests in Brazil.

Montevideo, Uruguay, April 11.—The Uruguayan government today issued a decree of neutrality in the war between the United States and Germany and renewed the declaration of neutrality issued at the outbreak of the war. The Swedish government has accepted Austria-Hungary's request to take over diplomatic representation of the Dual Monarchy in Washington.

Berlin, Switzerland, April 11.—As a result of the rupture of relations between the United States and Austria, Switzerland will take charge of Austrian interests in Paris. The Swiss will also look after Italian and French interests in Vienna, which have been formerly cared for by the American embassy.

Stockholm, April 11.—Foreign Minister Lindman has handed to United States Ambassador Morris a formal notice by the Swedish government that it intends to preserve strict neutrality between America and Germany and renews and reiterates the declaration of neutrality issued at the outbreak of the war. The Swedish government has accepted Austria-Hungary's request to take over diplomatic representation of the Dual Monarchy in Washington.

## AMERICAN FLAG AT FRENCH FRONT

### Lafayette Flying Squadron Members to Change to Uniform of U. S. Army

Paris, April 11.—It was decided today that the Lafayette Flying Squadron, composed of Americans who have distinguished themselves at the front, will change from the French to the American military uniform and hereafter carry the American flag at the French front.

## THE 62ND

Since the announcement that Lieut. Col. J. L. McAuliffe, late O. C. of the 26th Battalion, has received orders to lead and command a regiment in the Canadian Defence Force, to be known as the 62nd, there has been talk as to whether or not he will take over the command of the draft which is about to be recruited as a re-enforcing draft for the 26th, and which is at present in the command of Major Frost. This question was asked a military official of high rank this morning and it was his intention to answer that it was his intention to start a recruiting campaign at the first of the week. One officer has been named for this unit, Lieut. W. H. Brooks, a returned soldier of the 26th, now attached to the 26thth Kiltie battalion. He is at present in Halifax qualifying for his commission. It is understood that he will command the draft when recruited and will take it overseas.

## GERMANY SAYS NO MORE MAIL FOR UNITED STATES

Berlin, April 11.—Germany has stopped all mail services, both direct and indirect, between this country and the United States. Telegraph services also have been stopped.

## URUGUAY DECIDES TO REMAIN NEUTRAL; ARGENTINA COMING IN

Buenos Aires, April 11.—The government issued a declaration late last night announcing that it supported the position of the United States in reference to Germany.

Rio Janeiro, April 11.—At a cabinet council yesterday it was decided that Brazil should sever her relations with Germany.

Pro-ally demonstrations are growing in volume throughout the city. The flags of the Entente are visible everywhere and the streets are thronged with paraders cheering for Great Britain and France and shouting "down with Germany."

Chili Considering  
Rio Janeiro, April 11.—It is expected in diplomatic circles here that South American nations will soon follow the example of Brazil in severing relations with Germany. The Chilean minister is continuing his conference with Dr. L. Muller, Brazilian foreign minister, who subsequently conferred with President Wenceslau Braz. Spain will take charge of Germany's interests in Brazil.

Montevideo, Uruguay, April 11.—The Uruguayan government today issued a decree of neutrality in the war between the United States and Germany and renewed the declaration of neutrality issued at the outbreak of the war. The Swedish government has accepted Austria-Hungary's request to take over diplomatic representation of the Dual Monarchy in Washington.

**RECENT DEATHS**  
 Mrs. Thomas Power, wife of Thomas Power, died early this morning at her home, 88 Murray street, following a short illness. She leaves to mourn, her husband, nine children, her father, Terrance McGowan, one brother, John McGowan, Montreal, and four sisters, Mrs. John McKinnon, Fairville; Mrs. George Moore, city; Mrs. Edward Hanley, Massachusetts, and Miss Mary, at home.  
 News was received in the city yesterday of the death in Montreal of C. H. Wilkinson, superintendent of the Dominion Coal Company in that city. Mr. Wilkinson moved away from St. John a few years ago after having resided here for ten years. He was well known in this city and a member of St. David's church as well as a member of the Hibernian Lodge and F. and A. Masonic Lodge. He is survived by one daughter, Doris, who resides in Montreal. Many friends in St. John will be shocked to learn of his sudden death.  
 E. H. Anderson of Campbellton died at Ogdensburg, N.Y., yesterday. He underwent an operation there but did not recover. He was sixty-two years old and was one of Campbellton's leading citizens.  
 The death of Miss Alice M. Donohue of this city, occurred in Boston yesterday, where she had gone to consult a specialist. She was forty-eight years of age. She leaves one sister, Florence E., and two brothers, Thomas B. and William W., all of this city.  
 The death occurred on Tuesday of J. A. Kuple of his twenty-first year. He is survived by three brothers and four sisters.  
**HAS RECOVERED**  
 Following the information that her husband, Pte. Robert I. McCutcheon, had been seriously wounded and admitted to hospital in France, his wife, Mrs. McCutcheon, of 80 Cliff street, received a letter from him recently, stating that he has recovered nicely and expects soon to return to the base.

**ANNUAL MEETING OF THE GUILD**  
 The King's Daughters' Guild held its annual meeting last night with the president, Mrs. Kirkpatrick, in the chair. Interesting reports were given by the Lend-a-Hand, Doorkeepers, Comfort, Opportunity and Ministering circles. Reports were also heard from the hospitals, spiritual, mothers' meetings, house committee and travelers' aid committees. The reports of the recording secretary, corresponding secretary and treasurer showed that the guild was flourishing. During the year the circles have contributed to the order about \$200. They have done much work for the soldiers and the Red Cross and donated coal to the Soldiers' Club. Some circles made clothing for the poor. The Lend-a-Hand circle has frequently gone to the Old Ladies' Home and helped those there in various ways.  
 A vote of thanks was extended to the retiring president, Mrs. Kirkpatrick. Seven new members were elected to the executive as follows: Mesdames A. Pierce Crockett, Byron Lingley, Campbell, Charles Peters, W. H. Nic, George Dishart and Fred Barbour.  
**NATURAL HISTORY SOCIETY**  
 Before the Round Table of the Natural History Society last evening Mrs. W. Edmund Raymond gave a very interesting lecture on "Gems." James A. Estey presided and made a brief address. Mrs. John A. McAvity, president of the ladies of the N.H.S., spoke of the honor that had been conferred upon the society in the invitation extended to Mrs. Raymond to speak before them as it was an innovation having a lady lecturer.  
 After the lecture Wm. McIntosh showed views of precious stones. Later an exhibition of jewelry of historic interest or rare value was given.  
**Five Fishermen Drowned**  
 Five fishermen lost their lives in the gale which swept the Nova Scotia coast on Monday night. Three were drowned when their sloop sank and it is believed the others were washed from their motor boat which drifted ashore.

**Head in Age**  
 Old age and low vitality go hand-in-hand. The blood gets thin and watery; the nerves, failing to get proper nourishment, become exhausted. Since nerve force is the power which runs the machinery of the body, when this is lacking the bodily organs lag, and the result is pain, weakness and suffering.  
 Build up the reserve force of nervous energy, and you put new vigor into mind and body. Dr. Chase's Nerve Food will help you to do this as nothing else can. It is a source of unbounded blessing to people of advanced years. With the nerve cells revitalized the vital organs resume their natural functions—digestion is improved—the liver, kidneys and bowels are more active in eliminating the poisons from the system—the blood-stream is enriched, and the health is benefited in every way. Just try a half-dozen boxes of this great Food Cure, and you will understand why so many people are enthusiastic about it.  
 50 cents a box, 6 for \$2.50, all dealers, or Edmondson, Bates & Co., Limited, Toronto.  
 Insist on getting what you ask for.

**GERMAN WHO HAD BOMBS IN ROOMS, IS FOUND GUILTY.**  
 Fritz Kolb Convicted After All-night Session. But Jury Disagrees in Case of Companion—Alleged They Planned Explosion on Black Tom Island.  
 Jersey City, N. J., April 10.—The jury which tried Fritz Kolb, a German, on a charge of having bombs in his room in a Hoboken hotel, brought in a verdict of guilty today, after an all-night consideration of the evidence. Kolb was sentenced to the State Prison for a term of five years.  
 The jurors reported they were unable to agree in the case of Hans Schwartz, a German, who was tried with Kolb on the same charge. It was announced that Schwartz would be tried again. The two men admitted during their trial that they had explosives in their possession. It was alleged by the state that they planned to cause a second explosion on Black Tom Island. They claimed that Jean Humbert instigated such a plot, but that they had no intention of carrying it through. Humbert, also a German, was indicted with them, and was granted a separate trial, which has not yet been held.

**LAST YEAR'S COSTUME.**  
 Many women can have last year's costumes transformed to look like this year's, the Paris dress gossamer of the London Times says, if they will only explain to their dressmaker what they want. The full skirt can be narrowed, and the coat changed in the basques and the collar. A few yards of crepe georgette will bring the costume up to date in the matter of a blouse, and as no complicated collars are to be worn, a small dressmaker can make the also a very simple dinner dress can be arranged in the same way, and generally with no expense for extra material.  
**Chief of Police Vincent Hall of Sydney, N.S., left last evening with the mother and child who have been detained by the local police on request of the authorities at Sydney. The husband also returned with the wife and child. They will settle their difficulties in Sydney Mines.**

**DEATH OF SUPERVISOR MCKAY**  
 (Halifax Recorder)  
 There passed away on Sunday morning at his home on Victoria Road, Dartmouth, N.S., Alexander McKay, M.A., who was the supervisor of the Halifax public schools. It was only in January last that he formally retired from his public office.  
 Supervisor McKay was born at Earlton, Colchester county, on July 16, 1841. He commenced teaching at the early age of fifteen years; he graduated from the Normal school at Truro in 1859. He then taught in the counties of Digby, Colchester and Kings for eleven years. In 1872 Mr. McKay took charge of the Dartmouth public schools and was principal of these institutions for nine years.  
 In 1881 he was appointed to the department of mathematics and science in the Halifax High school and was associated with others in the Institute of Technology, since defunct.  
 In 1884 he was appointed supervisor of the Halifax public schools. This position he filled for thirty-five years.  
 Mr. McKay was a director of the Victoria School of Art and Design and secretary of the institution for a long time; he was for many years secretary of the Nova Scotia Institute of the Provincial Educational Association of Nova Scotia. Mr. McKay was also a director of the Nova Scotia Institute of the Provincial Educational Association of Nova Scotia.  
 Mr. McKay leaves five children, Mary, wife of P. J. Shaw of the staff of the Agricultural College, Truro; Katie, wife of Dr. Nelson Gunning of Rosland, B.C.; Miss Carrie, at home; Dr. T. McKay of Saco, New Mexico; the late Alexander, at Berwick, Nova Scotia. His wife predeceased him in 1894.

**St. David's Brotherhood**  
 The annual meeting of St. David's church brotherhood was held last night and the following officers were elected: Lieut.-Colonel G. G. Corbett, honorary president; R. E. Armstrong, president; H. L. McGowan, vice-president; C. W. McMullin, treasurer; D. W. H. Magee, secretary; additional members of executive, Bruce S. Robb, Charles Robinson and G. R. Ewing. The reports concerning the work were of a most satisfactory nature.

**GAS, HEARTBURN, INDIGESTION OR A SICK STOMACH**  
**"Pape's Diasepsin" Ends All Stomach Distress in Five Minutes**  
 Time it! Pape's Diasepsin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes.  
 If your meals don't fit comfortably or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.  
 Get from your pharmacist a fifty-cent case of Pape's Diasepsin and take a dose just as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, flatulency, debilitating headaches, dizziness or intestinal griping. This will all go, and besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.  
 Pape's Diasepsin is a certain cure for out-of-order stomachs because it takes hold of your food and digests it just the same as if your stomach wasn't there. Relief in five minutes from all stomach misery is waiting for you at any drug store.  
 These large fifty-cent cases contain enough "Pape's Diasepsin" to keep the entire family free from stomach distress and indigestion for many months; it belongs in your home.

**SCOTT'S IS PURE AND RICH AND FREE FROM DRUGS.**  
 Scott & Bowne, Toronto, Ont. 16-24

**Don't Spoil Your Hair By Washing It**  
 When you wash your hair, be careful what you use. Don't use prepared shampoos or anything else, that contains too much alkali, for this is very injurious, as it dries the scalp and makes the hair brittle.  
 The best thing to use is just plain purified coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.  
 Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

**THERE IS TIME TODAY TO GET GOOD FLOUR. IT WILL BE SCARCE**

THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, APRIL 11, 1917

The Evening Times and Star

ST. JOHN, N. B., APRIL 11, 1917.

The St. John Evening Times is printed at 27 and 29 Canterbury Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

THE FOOD PROBLEM

It is estimated that there is 102,000,000 bushels of wheat in Canada at the present time. On the other hand it is pointed out that the Canadian acreage of wheat, oats, barley and potatoes was nearly 365,000 less in 1916 than in 1915, and the yield declined by more than seventy-three million bushels.

We are told that ten nations are on short rations, and six in dire need. It is also estimated, says the Toronto Star, that forty million men are bearing arms in the present titanic struggle, while twenty million men and women are producing munitions and clothing for soldiers; and many of these sixty million were formerly producers of food.

"A forecast of a production of about 480,000,000 bushels of winter wheat, which compares with 481,744,000 bushels in 1916, was made today by the bureau of crop estimates. The average condition of winter wheat was 68.4-10 per cent. of normal against 78.8-10 per cent. on April 1, 1916. There was a decrease in condition from December 1, 1916, to April 1, 1917, of 22.8-10 per cent. as compared with an average decrease of the past ten years of about four points between the same dates.

Now that the United States has entered the war, the problem of increased production faces the people, and a despatch to the New York Tribune from St. Louis yesterday said:—"Representatives from all parts of the United States met in an all-day conference late yesterday to plan an appeal to Congress to pass a law guaranteeing a minimum price for all farm products and a minimum wage to farm laborers. There will also be a call upon the bankers to lend money to the farmers to buy seeds and a demand upon farmers to increase farm production by a greater acreage and more scientific methods of cultivation."

President Wilson personally appealed yesterday to the farmers of the United States, through the national agricultural society, to make it their patriotic duty to increase the food supply of the nation, and Secretary Lane brought forward a plan for greatly increasing the acreage under cultivation on public lands.

"And what of Canada? On this point the Toronto Star says:—"Canada is one of the countries that are expected to produce a surplus of food to help to make up the deficit in lands that are more severely affected. It is our duty to feed our soldiers and our allies. Our country is exceptionally well situated, for a vessel can make four trips from Canada to England in the time occupied by one trip from Australia."

Mr. G. C. Creelman, commissioner for agriculture in Ontario, gives three reasons why farm production should be speeded up. The allies are not getting the food they need. Ten nations are on short rations, and six on the verge of starvation. The inexhaustible pile of foodstuffs on the Canadian Atlantic seaboard. The third reason is that the Canadians in the trenches should be properly fed.

The Halifax Chronicle points out that three things are requisite to ensure increased production. The first is labor, the second fertilizer, and the third a guarantee that the products will bring a fair price. There need be no great worry over the last of these requisites. We should rather have a guarantee that prices would not go far too high. But the Chronicle is right in asserting that these are matters which especially concern the Dominion government. There is need of leadership. Since labor is scarce, steps should be taken to see that all of it is made available where it is most needed. Since fertilizer is absolutely essential, the government should see that it is distributed. There is a universal disposition in the country from coast to coast to encourage and assist in the work of increased production. Will the government do its part? The seeding season is short, and all arrangements should be made in ample time to get the best results.

HINTS FOR ST. JOHN.

We read with interest that there are twenty-three medical inspectors and twenty-one dental officers, besides a nursing staff, in connection with the schools of Toronto. The doctors and dentists give the hours from nine to twelve each day. It is now proposed by Dr. Hastings, the city's health officer, to re-organise the system. He desires to secure the services of an outstanding medical man to take charge of the school branch of the health department, paying him a handsome salary, and then to secure a staff of doctors and dentists who will give all their time and energy to the work in the schools.

In St. John, we are still without either medical or dental inspection. Surely it is time the citizens bestirred themselves and insisted upon having such inspection

in the schools of this city. Not only have they medical inspection in Toronto, but the public health department has a child welfare department, which carries the work into the homes for the benefit of those who are under school age.

But they also look after the moral health of the children in Toronto. They have a juvenile court which costs the city \$18,000 per year. This court, during the last year or two, does not appear to have been as well administered as it should have been, and there is a suggestion that the children should be put back again under the police court administration. To this the Toronto Star strenuously objects, holding that children who are morally sick should have the same care and attention as those who are physically deficient. They should not be herded with criminals. If the juvenile court is not producing satisfactory results it should be reformed and not abandoned. The atmosphere of a police court is not fitted to reform a delinquent child. The Star very properly says:—"What such a child needs is the supervision of a court which will be to him a fatherly counsellor and a wise guardian rather than an agent of retribution and punishment. If the Juvenile Court in Toronto is not living up to these opportunities it should be changed. But the way to change it is not to substitute a court which would shoot the child in at one door and out at the other, sentencing it on the spot. Surely Controller Cameron was justified in demanding that the juvenile court be given a fighting chance to show what it can do with \$18,000, following the morally sick into their homes as a physician would follow them in physical sickness, and keeping them under supervision until moral convalescence has set in. Eighteen thousand dollars would buy only a third of a mile of ordinary asphalt pavement. If it goes any considerable length towards making good citizens of wayward boys and girls, it is money well spent."

The remarkable success of the British drive which resulted in the capture of Vimy Ridge lends a new interest to speculation as to the course now to be pursued by the Germans. Will they continue to fall back mile after mile along the entire front, in the meantime concentrating great masses of men and guns on a new line in preparation for open fighting, instead of continuing the trench warfare of the past? It appears to be obvious that they must retire for considerable distances, and it is at least possible that the rapid advance of the British and French may upset their plans for future fighting, and compel them to make the best of a situation in which the initiative remains with the former.

The Toronto Globe points out that three correlated forces are tending to bring about the collapse of Germany. One is military, the second economic and the third political, the last named being intensified by the revolution in Russia. The inevitable result of the action of the three forces is described in the three words, subjugation, exhaustion and revolution. Towards this threefold ruin the Central Powers are steadily moving, and as the number of their enemies increases the sooner the end will come.

The British in the battle on the Arras-Lens line captured more than 11,000 prisoners, in addition to more than 100 guns, 60 trench mortars and 168 machine guns. Among the prisoners are 235 officers, including seven battalion commanders. No doubt later and fuller reports will swell the list of captures, for the advance continues. This was not a "strategical retirement" by the Germans. They were overwhelmed by superior forces.

The new Russian government announces that the old regime left the country badly off, and that the resources of the nation must be severely taxed if Germany sends great armies against it; but that every nerve will be strained to meet the situation, and the struggle continued to the bitter end.

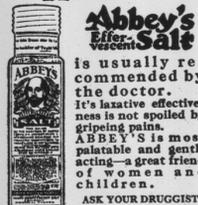

The submarine campaign is not going as well as Germany's calculations. The British have developed means of coping with this menace which did not at all enter into Germany's calculations. There is good reason to believe that a large number of submarines has been destroyed.

If an expeditionary force is not raised in the United States there will doubtless be an increase in the number of Americans joining Canadian units. But Col. Roosevelt is still confident that he will get his division.

Argentina as well as Brazil and Panama is with the United States and Cuba. Guatemala is expected to follow suit, and Peru may also decide to enter the lists. The fire is in the heater in Central and South America.

The United States will aid her Allies at the outset with bread, meat and money, the essentials most needed at the moment. The Argentine can also give assistance in the matter of food supply

LIGHTER VEIN

An elderly lady entered a store and asked to be shown some tablecloths. A salesman brought a pile and showed them to her, but she said she had seen those elsewhere—nothing suited her. "Haven't you something new?" she asked. Then the clerk brought another pile and showed them to her. "These are the newest patterns," he said. "You will notice that the edge runs right around the border and the center is in the middle."

A new system of memory training was being taught in a small village, and the instructor was becoming enthusiastic. "Now, for example," he said, "suppose you wish to remember the name of the poet Bobby Burns. Fix in your mind a picture of an English policeman in flames. You know that policemen are often called 'Bobbies,' and there you have it. Bobby Burns. See?" "Yes," said one pupil, "but I am not

allowed to use slang or nicknames, so that, to me, would mean Robert Browning.

The old miser in the story, who dropped a five-dollar gold piece in the plate at church, mistaking it for a nickel, could get no great satisfaction out of the deacon, as will be recalled, but he was not the man to give up easily.

Accordingly, he sought legal advice with a view of instituting a suit at law. But the lawyer whom he consulted was one of those rare and gifted souls who would rather be witty than rich, or almost anything else, for that matter.

"Sit," said he at once, "you have no case. You are guilty of contributory negligence."

A lady canvasser called on old Farmer Giles and proceeded to cross-examine him on the subject of his political faith. Everything else proving satisfactory, she produced a formidable document. "I have here," she told him, "a petition in favor of the woman's suffrage movement, and I should like you to sign it."

The old man was unable to read, but he took the petition and regarded it with a suspicious eye. Finally he handed it back to her, saying, with an air of finality, "no, I don't hold w' move-ments. A woman that's allus a-movin' is allus gettin' in trouble. If you've got one o' them I'll keep her quiet, I'll sign it."

THE BAPTIST MINISTERS. (Maritime Baptist.) Rev. G. B. Macdonald and Rev. H. R. Boyer expect to attend the annual meeting of the Maritime Baptist Society in Montreal. They will occupy Montreal pulpits next Sunday and present the work being done in all parts of the world by the Bible Society.

Rev. W. A. Cameron, pastor of the Bloor Street Baptist church, Toronto, but now on leave of absence for Y. M. C. A. service at the front, is spending some time in Canada seeking to arouse further interest in that work. He expects to be in St. John next Sunday.

Our attention has been called to a slight error in a recent note concerning Rev. S. W. Schurman. He will begin his work at Glace Bay a week from next Sunday, instead of in June, as we reported.

Rev. H. Y. Payzant has accepted a call at Yarmouth, N. S., and will take up his work there on the first Sunday in June. Mr. Payzant has been enjoying a few months of rest at Falmouth, N. S.

Success continues to crown the work of Rev. Austen T. Kempton, pastor of the Broadway church, Cambridge, Mass. Four were baptized on March 25. Fifteen more were received during the following week.

The last issue of the Berwick Register speaks of the serious illness of Dr. Alfred Chipman. No particulars are given. This news will be heard with deep regret by a host of friends throughout our constituency. Mrs. Chipman also had been suffering from illness, but her condition was reported as improving.

Wilfred E. Scott (Lie.) has been called from his studies at Colgate to his home at Hammond Vale, N. B., by the very serious illness of his father. To him and other members of the family we extend Christian sympathy. Mr. Scott is in the graduating class at Colgate and expects to return to his father from the military covered by the churches. He has already rendered a valuable service on several fields, both during his course at Acadia and later while studying at Colgate.

The Central church, St. John, was crowded on last Sunday evening to hear Dr. E. W. Kelly, president of Bangon Baptist College, Burnham. Before entering upon his missionary work in Burnham, Dr. Kelly was pastor of the Leinster street church and is now a member of the Central church. He is now enjoying a well-earned furlough, and will spend a few months in New Brunswick. From St. John he will go to his old

home in Collins, where he will receive a warm welcome from his boyhood friends.

Dr. Charles A. Eaton, pastor of the Madison Avenue church, New York, was recently tendered a banquet by the men of his Bible class on the occasion of his forty-ninth birthday. He also received a beautiful watch from the class. This class was organized only three months ago, and now enrolls 300 men. Dr. Newell Dwight Hillis, who was present as an honored guest, declared that the only thing that is saving the United States is God Almighty and the British fleet.

We have received the welcome intelligence that Rev. H. G. Kennedy has accepted the call extended to him by the church at Windsor. He has not yet fixed a date on which he will take up his work and to carry it forward. His resignation has been accepted with great regret by the church at Houlton.

The following from The Watchman-Examiner refers to one who is well known in these provinces, as Dr. Shaw is one of our own, a graduate of Acadia, and for some years pastor of the church at Windsor: "Dr. Avery A. Shaw, pastor of the Emmanuel church, has returned after his sojourn of three months in the south and is now eminently fit for service. In the early winter it was said that Dr. Shaw was still suffering from the results of his automobile accident last summer, and his friends persuaded him that he ought to take a complete rest. He spent two months in Camden, South Carolina, and for the last month he has been at Hot Springs, Virginia. He now feels quite able to take up his work and to carry it forward. There is general rejoicing in the Emmanuel church over his return and over the fact that he will occupy the pulpit on Easter Sunday."

Rev. R. Osgood Morse has resigned the pastorate of the North River group of churches in New Brunswick and accepted that of the church at Clarke's Harbor, N. S. Mr. Morse has spent three years with the North River group. The territory covered by the churches is large and Mr. Morse found the work very taxing, as is very much of our rural work. The pastorate to which Mr. Morse goes consists of but a single church with a large congregation. It should be particularly gratifying to all concerned that the call to his new pastorate came to Mr. Morse without any candidating whatever. He expects to begin his work at Clarke's Harbor about the first of May.

HEARTY WELCOME FOR REV. G. A. KUHRING

An official welcome was tendered Captain (Rev.) G. A. Kuhring by the congregation of St. John (Stone) church last evening. The school room of the church was handsomely decorated and a large number turned out to greet the rector who has served so long overseas.

The opening hour was spent in an informal reception. Later, senior warden, J. E. Secord took the chair, and after a few introductory remarks, called upon Captain Kuhring to address the congregation.

Captain Kuhring gave a very interesting and thrilling account of his experiences as a chaplain both at Lismore and later on the western front. He spoke of the men from St. John whom he had met in France and how well they were upholding the honor of their native land. He described the Vimy Ridge front, where the heavy fighting is now in progress.

After the address solos were rendered by Mrs. Harrison and Miss Erminie, St. John, N. B.

WHAT THE DOCTOR KNOWS

Kidneys Must Be Right to Insure Health

Few people realize to what extent their health depends upon the condition of the kidneys.

The physician in nearly all cases of serious illness, makes a chemical analysis of the patient's urine. He knows that unless the kidneys are doing their work properly, the other organs cannot really be brought back to health.

When your kidneys require attention, get Swamp-Root at once from any pharmacy. It is sold by every druggist in bottles of two sizes—75c. and \$1.25.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the St. John Daily Telegraph and Times.

Climo, accompanied by D. Arnold Fox, Refreshments were served, the tables being presided over by Mrs. James E. Robertson and Mrs. George F. Smith. Besides the members of the congregation present there were several clergymen from the different churches in the city.

The mild and healing influence of this preparation, in most cases, is soon realized, according to sworn statements and verified testimony of those who have used the remedy.

PIMPLES and BOILS

ALL OVER FACE AND BODY

When the blood becomes impure you will find that pimples and boils will break out all over the body, and although they are not a dangerous trouble, they make you appear unattractive to your friends and yourself.

Burdock Blood Bitters will cleanse the blood of all the impurities and poisons which cause the skin to break out in these eruptions.

Miss Sylvia Swanson, Theodora, Sask., writes: "I am letting you know what great value your B.B.B. has had to me. A year ago I started to grow pale and weak, the cause being bad blood. I got so many pimples and boils all over my face and body that I would not let strangers see me, and I used to avoid company. I tried many remedies but all seemed a failure. I read about how good your B.B.B. had been to thousands of people so I got a bottle and after I had finished the second one my pimples and boils had all disappeared. People thought it a miracle how well I looked."

"Your grand old remedy sure has been as good as gold and better, to me. Burdock Blood Bitters has been manufactured for the past forty years by The T. Milburn Company, Limited, Toronto, Ont. See that our name appears on the wrapper."

D. D. D. Prescription For Eczema

For 15 years the standard remedy for all skin diseases. A liquid used externally. Instant relief from itch. Your money back if the first bottle does not bring you relief. Ask also about D. D. D. Soap. E. Clinton Brown, Druggist, St. John, N. B.

New Brunswick Power Company Street Railway - Gas - Electricity Cor. Dock and Union Streets

May Increase The Car Fares

Street Railway Company Refuses to Issue Workmen's Tickets and Suggests Straight Five Cent Fares and Fewer Transfers

That the New Brunswick Power Company could not supply eight workmen's car tickets for a quarter, as requested by the common council, and that the company was thinking seriously of abolishing the six tickets for twenty-five cents in favor of the straight five-cent fare, was announced in a communication received from the general manager of the company yesterday by the council at its weekly meeting. It was further intimated in the letter that certain transfer points might be abolished. The communication further stated that in taking these steps, the company would only be following actions that have already been taken by many American roads, and that the increased cost of coal, copper, steel, and other supplies necessary to the carrying on of a street railway business, had been further advanced.

& Gregory, Limited, at \$22 per 1,000 feet. Reports of the commissioners of the water and sewerage and the public safety department were received and filed to be printed as read. Previous to adjourning Mayor Hayes asked that the council meet some time before the close of the week to consider the assessment report. It was agreed to meet Thursday morning at 11.30 and that the entire session would be devoted to the report. Commissioner Fisher reported that he had held a conference with the executive of the New Brunswick Power Company regarding the paving of Union street, West St. John. The company was anxious that the work should be postponed for two years as it would be difficult to secure the new rails required at present. The commissioner did not approve of the postponement. The council decided to deal with the matter on Thursday morning. The commissioner of public works and the city solicitor were authorized to make a settlement with James Lattimer of his claim for injuries caused by a city truck running over his foot. There was some discussion of an offer of the St. John Ice Company to share the expense of repairs to the road leading from Sandy Point road to Rockwood Park, but no action was taken.

PARTY MEANT WHAT IT SAID

Maritime Baptist Warns Commends New Government's Action in Regard to Prohibition Enforcement

(Maritime Baptist.) The appointment of Rev. W. D. Wilson as chief inspector under the new Brunswick prohibitory law has been officially announced. This appointment we believe will meet with the unqualified approval of temperance workers throughout the province. Mr. Wilson's previous experience as field secretary for the New Brunswick Temperance Alliance will prove a valuable preparation for his present important position. In him the temperance people of the province have an official whom they can trust absolutely, and one who has already proved his worth as a temperance worker, both in Prince Edward Island and in New Brunswick.

In justice to Mr. Wilson it should be made known that he did not seek the position and accepted it finally in deference to the wishes of the Temperance Alliance. On Thursday a strong representation of the members of the council of the alliance met in Fredericton. The situation was thoroughly discussed. It was thought all present felt that Mr. Wilson was performing a valuable and needed service as field secretary the conclusion was reached that the work of the chief inspector was of supreme importance at the present time. So by an unanimous vote the council decided to recommend Mr. Wilson for the position.

as speedily as possible so that the benefits of the prohibitory law may be secured for these counties. The work of securing the necessary signatures to the petitions for repeal should be completed as soon as possible. There can be no doubt in any unprejudiced mind in regard to the superiority of the new law. With honest and efficient enforcement now assured we may confidently expect that the curse of the trade in strong drink will be greatly mitigated.

Following Nature BABY'S natural Milk diet changes gradually in composition as his growing body demands stronger food. Milk Food No. 1 for use from birth to 3 months—Milk Food No. 2 from 3 to 6 months—and Malted Food No. 3 from 6 months onwards.

She Could Not Work And Was Discouraged BUT DODD'S KIDNEY PILLS CURED HER RHEUMATISM. Mde. Lachapelle Tells How All Her Other Ills Also Vanished When She Used the Great Canadian Kidney Remedy, Dodd's Kidney Pills.

St. Henri de Masouche, Que., April 10. (Special.)—Completely cured of rheumatism, from which she had suffered for five years, Madame Joseph Lachapelle, a well-known lady living here, is recommending Dodd's Kidney Pills to everyone who suffers from any form of kidney disease. "I could not work and I had almost given up hope," Madame Lachapelle states, "but Dodd's Kidney Pills cured me. Not only did I suffer from rheumatism, but I was a victim of neuralgia, lumbago, backache and headache and I had an attack of eczema. I took several other remedies but without much relief. Then I decided that my kidneys were the root of all my troubles and I started to take Dodd's Kidney Pills. It took just eight boxes to cure me. "If any women wish to write to me about my cure, it will give me pleasure to answer them. Madame Lachapelle's ill all came from bad kidneys. This is why Dodd's Kidney Pills cured her. They cure only sick kidneys. Ask your neighbors about them.

PRESENTATION TO DR. McAVENNEY At a banquet following the annual meeting of the St. John Dental Society last evening in the L. M. Club, Dr. A. F. McAvenny, of this city, received a silver tray with cut glass decanter and glasses on the occasion of the golden anniversary of his entering into the dental profession. The presentation was made on behalf of the dental profession of New Brunswick by Dr. George C. Hamman in a short address. Major James M. Magee and Dr. Murray of Moncton both spoke in the highest degree of the guest of the evening.

CHILD'S TONGUE BECOMES COATED IF CONSTIPATED When Cross, Feverish and Sick Give "California Syrup of Figs."

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing if he is constipated, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

A pure vegetable compound that assists the digestive organs and the bowels to perform their natural tasks. Braxley's Stomach and Liver Pills permanently cure and remove all causes of Stomach, Liver and Kidney troubles. They should be in every home. Highly endorsed and recommended by the Medical profession.

Seven Recruits On Tuesday

May Seek Men Across the Border - Lieut. Arthur Anglin to McGill Siege Battery - Lieut. Peacock Killed

Seven recruits were secured in the city yesterday. They were: Edward Cassidy, St. John; Thomas H. A. Nesbitt, George E. Lower, Campobello, 28th Battalion; Fred Ryder, Fawcett Hill; Frank Shannon, St. John, A. S. Battery; and W. G. Shippee, U. S. A., 62nd Regiment.

To Recruit in U. S. It is possible that Canadian recruiting officers will go to the United States in search of recruits for the units being formed in Canada. A proposition is being sent to the United States government to remove the restrictions which have prevented Canadian officers from recruiting south of the border.

Lieut. Arthur Anglin, of the 8th Royal Canadian Garrison Artillery, son of Dr. J. V. Anglin, of West St. John, who has been instructor at the Royal School of Artillery at Halifax for some time, left the city last evening en route to Montreal. He has been appointed second in command of No. 6 McGill Heavy Siege Battery, which is being raised by Sir Stephen Bruntton, captain, of McGill University.

Killed in England. Ernest Scott Peacock, of Montreal, received word on Saturday of the death of his third son, Second Lieutenant W. H. Peacock, R. F. C., as the result of an aeroplane accident at Lincoln, England. Lieutenant Peacock went overseas with the 20th Battalion. He was well known in St. John. It was after he enlisted that his family removed to Montreal.

Casualties Ottawa, April 10, 10.30 p. m.—Following is the latest casualty list: INFANTRY.

Wounded. C. F. Kingston, Weyerton (N. B.) E. McLean, Stratheden (N. B.) G. H. Ring, Redbank (N. B.) J. J. Furlong, Nash Creek (N. B.) MOUNTED RIFLES.

Killed in Action. D. J. Kane, Perikindale (N. B.) H. W. Robinson, St. John (N. B.) Died of Wounds. R. Loet, Bathurst (N. B.) Wounded. F. H. Crandall, Moncton (N. B.) Entertained Soldiers.

Members of the Philatelia class of the Germain Street Baptist church Sunday school were the hostesses last evening to about fifty members of the 917th and 177th battalions at a party given in the institute rooms.

About four hundred members of the 217th Battalion were the guests of the St. John Y. M. C. A. last evening at a social and reception given in the association building. Games and contests of all kinds were played and carried out. Following the contests the men and officers gathered in the lobby, where speeches were made by Secretary Frank Smith, Captain Bishop, general secretary of the national council at Toronto, and recently returned from work in the trenches in France, and Major Woods, a veteran of the South African war. At the close of the evening refreshments of coffee, sandwiches and cake was served.

British Have Penetrated Famous Hindenburg Line

Pressing Far Beyond Barrier Regarded by Germans as Invulnerable - Canadians Take 3,000 Prisoners at Vimy - Further Advance Near Bagdad

FROM A STAFF CORRESPONDENT OF THE ASSOCIATED PRESS WITH THE BRITISH ARMIES IN FRANCE, VIA LONDON, APRIL 10.—The British sweep east of Arras today turned the northern pivot of the famous Hindenburg line, and large forces of British troops tonight were pressing far beyond the top of that German barrier, which was prepared after endless months of labor.

The manner in which the British have advanced over scores of German trenches, which the Germans must have believed would protect them indefinitely, has been little short of miraculous. The Germans themselves have been amazed at the audacity of the invaders, and have surrendered with an air of complete mystification.

The success of the attack launched yesterday against some of the strongest sections of the German lines of the entire western front seems to prove the fact that the artillery has finally solved the problem of entrenched warfare. It has taken months and years of preparation, but when the guns were finally massed against the German front they hammered it into submission.

In connection with the new offensive it was determined that Vimy must fall. The ridge positions had been flayed by an incessant bombardment for ten days and nights, when yesterday at dawn the Canadians climbed out of their lowly trenches and began moving toward the top of it. They fought their way from the foot to the crest before mid-afternoon yesterday; today they swept down the further slope, and now dominate the enemy remaining in the Douai Plains.

VIMY WAS ONE OF THE VAUNTED GERMAN FIELD FORTRESSES, AND THE BRITISH FIND IT DIFFICULT TO IMAGINE ANY "STRATEGICAL REASONS" WHICH WOULD CALL FOR GIVING IT UP. MORE THAN THREE THOUSAND GERMANS IN THE VIMY GARRISON, INCLUDING ONE HUNDRED OFFICERS, FELL INTO CANADIAN HANDS BEFORE SUNSET LAST NIGHT.

Among the officers captured on the ridge were seven lieutenant-colonels, and also several doctors, who surrendered, with all their staffs. Some of the officers were inclined to be sulky, blaming their predicament on the failure of the supports to come up, as promised. They were told that the British artillery "had attended to that." Other officers were deeply depressed. Hundreds of prisoners taken were found lying in the assembly tunnels, from which they had attempted to reach the front line, but could not emerge on account of the shell fire.

London, April 10, 6.10 p. m.—The British have made a further advance north of Bagdad, the war office announced. They have captured the Balad station on the Bagdad-Samarrah railway, and the town of Herbe.

It is also announced that the Turkish forces in Mesopotamia apparently are preparing a converging movement against the British between the Abshim and Diala rivers, while attempting to hold the Russians on the upper reaches of the Diala.

Fewer Eggs are required with ROYAL BAKING POWDER

In many recipes the number of eggs may be reduced with excellent results by using an additional quantity of Royal Baking Powder, about a teaspoon, for each egg omitted. The following recipe is a practical example:

Chocolate Sponge Roll 1/4 cups flour 2 tablespoons melted shortening 1/2 teaspoon salt 1/4 cup hot water 1 cup sugar 1 teaspoon vanilla 2 eggs 2 teaspoons Royal Baking Powder 2 squares melted chocolate

The old method called for 4 eggs and no baking powder. DIRECTIONS.—Sift flour, baking powder and salt together three times. Beat whole eggs. Add slowly sugar, then boiling water slowly; add next vanilla, melted chocolate and melted shortening, without beating. Sift in dry ingredients, and fold in as lightly as possible. Pour into large baking pan lined with oiled paper, and bake in slow oven twenty minutes. When done, turn out on a damp, hot cloth, spread with white icing and roll. Booklet of recipes which economize in eggs and other expensive ingredients mailed free. Address: ROYAL BAKING POWDER CO., 5 St. Lawrence Boulevard, Montreal

NEW YORK STOCK MARKET
Quotations furnished by private wire of J. M. Robinson & Sons, St. John, N.B., New York, April 11.

Table with columns for various stocks and their prices, including Am Zinc, Am Car and Fdry, Am Locomotive, etc.

THE GROCERY MARKET
The following comment on the market situation as regards food stuffs appeared in Canadian Grocer last week:-
The opinion is quite generally held among wholesalers and others closely in touch with the grocery trade that the entry of the United States into the war will mean higher prices in many lines of commodities. Purchase of large stocks of supplies by the United States government for the use of her troops would have the effect of sending prices in an upward direction. Beans and dried fruits of all kinds will be in big demand for the use of troops. Flour and cereals of all kinds, together with sugar, are commodities that adapt themselves to rations for an army and the consumption is expected to be heavier in these.

Today - remember to order a supply of Sunkist Oranges from your dealer. They are uniformly good Oranges.

Gilmour's 68 King St.

THE HARDWARE MARKETS
"Hardware and Metal," April 7, said: The entrance of the United States into the war on the side of the allies brings with it a wide scope of market possibilities. The future is very uncertain, owing to the lack of definite statements by the United States as to probable requirements. It is known that of late many United States munitions plants have completed their contracts and did not receive renewals. However, the entrance of the United States government as a heavy buyer of iron and steel products, has already had a firming effect in a market that is already overdone. In the market reports this week there are several important price changes to announce. These changes, all in an upward direction, were anticipated for some time before President Wilson's momentous announcement and the new development in the international situation can hardly be blamed for this week's price advances. Practically all wire products, including wire nails, O & A wire, tinned and coppered wire, wire bale ties, bright and annealed wire, Black and galvanized iron pipe have advanced twice since last week's reports. Prices on pig-iron have been withdrawn this week, and higher prices are undoubtedly forthcoming. Among other lines which have advanced during the week are files, cutlery, chair seats, ice cream freezers, food choppers, screen doors, bit braces, drills, stoves and ranges, black bristle brushes, brooms, coarse jute twine. Turpentine has declined in price and linseed oil is slightly easier, owing to arrivals of flax seed from the west.

THE LUMBER MARKET
Boston, April 10 - For dimension spruce the base price today is \$36. Orders, although very many, are nevertheless sufficiently numerous to keep moving the saws of the mills at present in operation and some observers are doubtful about the top price having yet been reached. Whether it will prove practicable to hold the market up to its present level after the production shows the increase usual in the spring, is a question which many people would like to have an answer. Some of the more conservative manufacturers think that there may be a decline, but that it will not be drastic. Others declare they look for a firm market throughout the year. Among the retailers there are several whose actions indicate that they lack faith in the permanence of the current price. They are not only buying very sparingly, but if rumor is correct, they are sometimes selling at figures that seem to prove that they expect to replace the lumber at appreciably less than today's wholesale quotations. The fact that the nation is now at war may have an untoward influence on the demand. It is conceivable at any rate that people who had intended to build this year may deem that a new house is a luxury without which they can do very well until it becomes clearer just what effect upon their general expenditure hostilities may have. War may

OUR NEW ALLY.
"Halifax Herald:-Our latest ally, the Republic of Cuba, is to develop still further her business with Canada and it is announced from a reliable source that Caesar A. Barranco, now Cuban consul at St. John, N. B., is to be promoted to the office of consul general for Canada. His place is being filled by Consul Patterson, formerly Cuban consul at Sweden. Both gentlemen are enthusiastic over the possibilities of increased business between Cuba and Canada and have possessed themselves of much valuable information for their government. Major Stable, on leaving Halifax, said that hereafter Canada would see more of wealthy Cubans and that during the coming summer we would be visited by scores who formerly spent a few months each year in Europe.

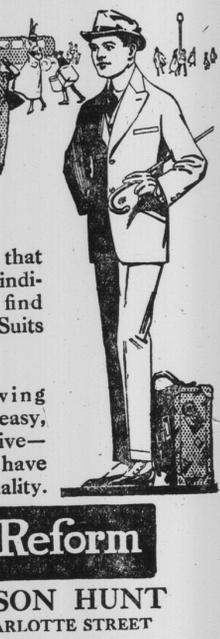

GERMAN DRUGS.
F. A. Hocking, of the London Hospital, speaking at the Society of Arts, said that of eighty vegetable drugs used at the London Hospital, few were produced in the Central Empire. Those imported from Germany-such as scouite, belladonna, valerian, and so forth-could be obtained elsewhere, and some of them have always grown in England. Our dependence on Germany was for "synthetic" such as antipyrin, novocain, phenacetin, resorcin, aspirin, and similar drugs, but these were now being manufactured in large quantities in England.

er, 198 Mill street (next to Hygenic Bakery). For reliable and lasting repairs come to me with your watches and clocks. Prompt attention and reasonable charges. Watches demagnetized.

THE Y.M.C.A. AND ITS WORK IN WAR

Major Gerald Birks, O.C. of overseas Y.M.C.A. who was in the city yesterday on the way from the front, spoke interestingly of the Y.M.C.A. work.

A VIRGINIA GIRL

Gained 15 Pounds By Taking Vinol

Norfolk, Va.—"I suffered from nervousness, had no appetite and was very thin. Nothing I took seemed to help me until one day a friend told me about Vinol.

Saxol Salve CURES SKIN AFFECTIONS One package proves it. Sold and guaranteed by above Vinol druggist.

the nature of its work. It has been essentially constructive. The hardships, exposure and isolation of war have been lessened by the huts and buildings fitted up by the association.

"Then, too, its work has been progressive as well as constructive. A year ago there were twelve officers in France and seventeen in England; today there are thirty-two officers in France and fifty-three in England, and within a few weeks the latter will have been increased to a hundred.

"It has found its soul in the activities of its work in the training camps in Canada and England and with the troops in France. When the war is over the Y.M.C.A. in Great Britain and throughout the world will have had a new birth into a strong manhood.

ing overseas, was the pastor of the Brewer Street Baptist church, Toronto. It was Captain Cameron who Sir Sam Hughes heralded as being the best recruiting officer in the dominion that had come under his notice.

INCLUDE WIDOW IN THOSE CHARGED IN ONTARIO MURDER CASE

Cornwall, Ont., April 11.—A fresh arrest in the St. Pierre murder case was announced when the trial of Emerson St. Pierre, on a charge of shooting his father, an Ottawa township well digger, on February 8, opened before Mr. Justice Latchford this morning.

Mr. Pringle, K.C. of Ottawa, who announced that the arrest would be made, said that Mrs. St. Pierre was present when the body of her husband, who had been shot and killed the day before, was buried in the cellar.

POTATO SCHOONER GOES ASHORE ON WAY HERE

Digby, N. S., April 11.—A small schooner loaded with potatoes from Apple River for St. John is ashore at Gulliver's Cove, on the Bay of Fundy shore nine miles west of Point Prime. She is resting easily and both vessel and cargo may be saved.

GERARD DESCRIBES CRUELTY OF GERMANS

Former Ambassador Relates Happenings at Internment Camps

New York, April 11.—British charges of cruel treatment received by war prisoners in Germany are confirmed by James W. Gerard. For the first time since his return from Germany the former American ambassador at the dinner of the Canadian club on Monday night, told some of the things he had seen on visits to the German prison camps.

As the climax of this story Mr. Gerard told how the inhabitants of a northern German town were imprisoned and held up to shame because they have given food and drink to a trainload of Canadian war prisoners who were starving and half dead with thirst.

LABOR DEPUTIES IN RUSSIA SAID TO PLAN GIVING UP THE FIGHT

London, April 11.—A Petrograd despatch to the Times, dated Sunday, says that a committee of labor deputies has published a series of resolutions, revealing a desire to insure the defeat of the Russian army and a dishonorable peace.

The labor deputies further demand control of messages sent to the foreign press by the Petrograd telegraph agency and their programme includes propaganda among the Russian masses with a view to terminating the war, which they say benefits only the bourgeoisie.

Clear Thinking

CLEARNESS of head depends upon cleanliness of body—inside and out. If men of active minds were as active with their bodies, the chances are that they would not suffer from biliousness, sour stomach, constipation and kindred disorders.

Being a natural aperient—that is, composed of all cleansing and tonic elements of ripe fruit juices—it performs its work in a normal way without irritation or harmful reaction.

ENO'S FRUIT SALT

Sold by all Druggists

SARDINE CANNERS FACING SHORTAGE OF WORKMEN

Eastport, April 11.—Sardine canners here are experiencing considerable difficulty in obtaining rough workmen for the opening of the season on April 15.

GERMAN FASHIONS IN WAR

The imperial clothing committee at Asterdam, entrusted with the distribution of clothes to Germans, issues a warning that feminine styles cannot be allowed to change every six months, as they did before the war, and "our ladies can wear this winter's dresses during the coming summer and the following winter without disgrace."

ter storms. Prominent packers estimate that the cost of production will be 50 per cent higher than last season, necessitating increased prices for their output.

THE END!

McMACKIN SAYS: GIVE 'EM AWAY!

### BASEBALL

**Braves Ready to Go To War**  
Boston, April 8.—The members of the Boston National baseball team will be trained as bomb throwers and trained also to shoot straight, George T. Stallings, manager of the club, announced when the team arrived here from the spring exhibition tour tonight. A drill master will be obtained at once, rifles will be supplied each man, and practice will be held regularly, said Stallings. Twice a week the men will go to a rifle range. In their drill work at the spring training camp the players used sticks in place of rifles. Manager Stallings, himself a graduate of the Georgia Military Institute, said he would lead the Braves into service with the colors if the need arose.

ural, but will look more so by Wednesday, when Niehoff will be in regular harness. Pat Moran is likely to start the same batting list as above except for the shift to Niehoff from Dugey. Jack Barry in six practice games this spring leads his Red Sox team in batting, with 412, while Cady in nine games hit for an even 300, as did Del Gainer in eight games.

Barry, Cady, Hoblitzel, Walker, Walsh, Shorten, Gardner, Agnew, Thomas and McNally did not make fielding error during the Sox practice session.

Sherwood Magee's .824 average in the series with the Mackens and Yankees is a gall the big fellow should be able to maintain all season.

### THE CYCLE

**A Record Not in Danger.**  
It is generally taken for granted in the world of sport that speed records as well as other athletic marks are fated in the normal course of events to be supplanted. In fact, a record which stands for five or six years is considered old, and one which endures for a decade is antique.

There is one speed record, however, which is now nearly eighteen years old, and may never be blotted from this list. It was made in June, 1899, by Charles M. Murphy, who retired recently from active service in the police force of New York. His retirement was unostentatious, but when, astride a bicycle he pedaled a mile in 57.4 seconds, the feat aroused broadcast interest and amusement.

Regarding Murphy and his startling performance, Bicycle News says: "The retirement of Charles M. Murphy, popularly known as 'Mile-a-Minute' Murphy, from active service on the New York police force on Jan. 29, calls to mind the performance that made him world famous, and the fact that but three men have ridden a mile on a bicycle within the minute. While on duty and riding his motor cycle on Manhattan Bridge, on Sept. 3 last, Murphy was thrown in collision with a motor car and broke his left leg in three places. Nine weeks in the hospital has failed to fit him for service and his transfer to the retired list follows."

"He was the first of three bicyclists who have ridden a mile in less than sixty seconds. His performance was accomplished on June 30, 1899, on a specially prepared road course laid between the railroad tracks on Long Island at Haywood, paced by a locomotive, and equipped with sandbags and coffee. Several preliminary attempts, he rode the 5,280 feet in 57.4—5—a performance that has never been equaled on a bicycle."

### ATHLETICS

**Chinese in Tourney**  
New York, April 9.—Twenty-five star athletes will represent the Far Eastern Olympic games which are to take place in Tokyo on May 8. The Chinese delegation will be composed of the foremost athletes in their country. All the large colleges have volunteered the services of their best performers for the meet.

The participants are to be selected at a try out meet to be held in Tin-Hua College, the institution at Peking established with the Boxer indemnity refund to China by the United States government, Peking University at Yen Tsin, Peking University, and St. John's University will compete in the final try-out meet.

### HOCKEY

**Canadiens Leave for Home**  
Vancouver, April 9.—George Kennedy, manager of the Canadiens, "News" Landon and Corbeau, players, left Vancouver for Montreal last night. The other members of the club which played Seattle for the Stanley Cup left for home on Saturday night. Kennedy stated before departing that the trip had been a most pleasant one.

"When the players got used to the coast they showed their superiority over the Seattle club," he declared. Canadiens defeated the world's champions two games out of three in an exhibition series in San Francisco, following the big time matches.

The Eastern hockey magazine is understood to have his eye on a couple of coast players but naturally would not give any inkling as to his prospects.

### DESERVES GOLD MEDAL FOR THIS

Cincinnati authority tells how to dry up a corn so it lifts out

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of frezoon applied directly on a tender, aching corn stops soreness at once and soon the corn loosens so it can be lifted out root and all, without pain.

A quarter of an ounce of frezoon costs very little at any drug store, but is sufficient to take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is not to inflame or even irritate the surrounding tissue or skin.

**AT THE BOYS' CLUB.**

Rev. W. H. Barraclough and the Epworth League of Centenary church gave over sixty members of the Boys' Club a delightful entertainment with refreshments last evening. Mr. Barraclough took along his lantern and threw upon the screen a series of historical Canadian pictures relating to the French regime and then a series of views of Japan. All these he explained in an interesting way and they were greatly enjoyed by the boys.

Miss Freda Jenkins gave a vocal solo, there was a piano solo by Miss Hilda Brittain, Miss Jenkins and Mrs. W. C. Good sang a patriotic duet, the boys joining in the chorus. Mrs. Good also gave a short address and Mr. Barraclough a humorous recitation. The boys had prepared a little surprise for Mrs. Good, who had been so kind to them all winter and in their behalf A. M. Belding presented her a very pretty pin. Mrs. Good made a feeling response. The Epworth League then took charge and provided the boys with an abundance of sandwiches, doughnuts and coffee. Mrs. A. M. Belding was also present representing the playground executive.

### RESULTS OF FIRST AID CLASS

The St. John ambulance class in first aid, instructed by Capt. Burns was lately examined by Captain Curran with the assistance of Major Bishop. The following twenty-one young ladies all succeeded in qualifying, and some made high marks. Miss Camp sent in an advertisement for Dr. Cassell's Tablets.

### MARRY IN HASTE

The following was overheard in the park, says the London Pall Mall Gazette:—"Yes, we met and were engaged at once, and married, and then my husband returned to the front. He wrote and said he was coming back on leave one Saturday night, and I wanted mother to come with me to meet him. But she said she never heard of such a thing and said I declined, and told me I must go alone. 'Well, mother, I told her, 'I want you to come with me, because I'm afraid I shan't recognise him!'"

### Had Awful Attacks of Heart Trouble FOR 5 OR 6 YEARS

Diseases and disorders of the heart and nervous system have become frightfully prevalent of late years.

One can scarcely pick up a paper but he will find recorded instances of sudden deaths through heart failure, or of prominent men and women unable to prosecute their ordinary business or profession on account of a breaking down of the nervous system.

"We do not desire to unnecessarily alarm anyone, but to sound a word of warning."

When the heart begins to beat irregularly, palpitates and throbs, has shooting pains through it, it is time to stop and think.

"At all sufferers from heart and nerve troubles Milburn's Heart and Nerve Pills can give prompt and permanent relief."

Mrs. Frank Arsenau, Newcastle, N. B., writes: "I had awful attacks of heart trouble for the past five or six years, and as I had tried many kinds of medicine without getting any better I decided to give Milburn's Heart and Nerve Pills a trial, and to my surprise I found ease from the second dose. I continued taking them until I had used six boxes, and now I feel as well as can be."

"At the present time my sister is using them for nervousness and finds great comfort by their use."

Milburn's Heart and Nerve Pills are 50c. or three boxes for \$1.25 at all dealers, or mailed direct on receipt of price by The Milburn Co., Limited, Toronto, Ont.

### Isn't he a Fine Child?

What every Mother should know

Every mother should know that Dr. Cassell's Tablets are just as suitable for children as they are for grown-up people. Their splendid nutritive and vitalizing properties soon overcome any tendency to nervousness or weakness in the little ones, and lay the foundation of a strong constitution for after years. They make weakly children thrive.

Dr. Cassell's Tablets should be given to all children who are in any way delicate, fretful, or of weakly build. The results will be improved assimilation, a well-nourished frame, and bright, happy child health. There is no difficulty in getting children to take Dr. Cassell's Tablets. Full directions and dosage are given with each packet.

Dr. Chas. Botwood, D.Sc., Ph.D., &c., an English Scientist, says:—"As a safe and reliable remedy for loss of flesh and vigour, nerve affections, and bodily weakness Dr. Cassell's Tablets appear to be unique. I have no hesitation in recommending them for young or old."

**Allen Has Not Heard FROM DAN McDONALD**

Says if His Challenge is Not Accepted He Will Meet All Corners

Frederickton, N.S.—No word has yet been received from Dan McDonald, middleweight wrestler of New Glasgow, N.S., as to what time he will meet Chas. Allen of Fredericton. If Allen does not receive a reply to his challenge inside of a week he says he will agree to meet all wrestlers in the middleweight class who are willing to come to Fredericton and accept his challenge. Allen will give all his share of the proceeds obtained by the match to the Red Cross Society.

It has been reported to Allen that McDonald is hard at work training for the match to be staged here in Fredericton some time soon. Allen himself is keeping fit in his private gymnasium and will do his best to defeat the Nova Scotia champion. He expects to receive word this week that his challenge has been accepted, and that a date is fixed for the match. If not, he will meet all corners, as stated.

## Dr. Cassell's Tablets

Dr. Cassell's Tablets are Nutritive, Restorative, Alterative, and Anti-scurvitic, and the recognized remedy for:

Nervousness	Sleeplessness	Dyspepsia

**WRITES THAT HE IS NOT DEAD**

Was Reported That Company Sergeant-Major Holmes Was Killed

Letter Comes From Him Giving Interesting News From Scenes of Battle Has Won Military Medal

A denial of a report that he is dead is contained in a letter from Company Sergeant-Major W. J. Holmes which has been received by Miss M. Barnes of Hanington. In a letter from an officer of a mounted rifles unit which accompanied a picture of a group of New Brunswick men, Holmes was listed as killed in action. Fortunately, this was incorrect. The sergeant-major, who is the winner of a military medal, is very much alive. His letter is as follows:

France, March 9, 1917.  
"Your letter came to hand a few days ago. I thank you very much for your kind wishes and congratulations. I received a letter from Major Barnes about the same time. He tells me that the hearing of his arm is a long process; I hope it heals up O.K. and that he will not suffer any permanent ill effects. He was talking about getting back over here among the boys. I can assure you that the boys would be very glad to see him but, for his sake, I would much prefer to hear that he had arrived back in 'God's country.' It seems that he is getting fed up with hospital life.

"The company is pretty much a New Brunswick company again, as during the last three months we have received drafts from the 104th and 146th. I believe the 104th was your father's regiment. They are a fine lot of boys.

"The socks you mention have not arrived so far but will prove acceptable. We received one parcel about a month or five weeks before Christmas.

"We have a cousin of the late Mr. Otty as lieutenant of the battalion now. He is in another company but very often looks up the New Brunswick fellows.

"I had the satisfaction of reading of my decease in The St. John Evening Times. I wish to repudiate that statement. There was also a picture of some of us. I only hope it is not a forecast of what is in store for some of us before very long.

"We spent a very hard winter in the trenches but at present we are out for a rest in billets among the inhabitants of a French mining town and, on the whole, having a good time as we would had and certainly the best rest. The weather is March weather, cold winds and flurries of snow, but it is nothing to what we had in January and February. I will not forget the last winter in a hurry; my toes are only beginning to get thawed out.

"Many thanks for your kind offers. Any things you think will do for the boys will be appreciated and I will see that they get them. Socks, soap, handkerchiefs, etc., are always acceptable."

**A PROFITABLE EVENING**  
Young People's Rally in Connection With Waterloo Street Church Anniversary

A young people's rally in connection with the seventy-fifth anniversary celebration of Waterloo street United Baptist church, held last evening, was a great success. Many members of Boy Scout troops of the city attended. The proceedings opened with the sound of bugles and drums, followed by the scout yell, and the repetition of the scout law and oath. The Lord's Prayer was then recited in unison.

The chair was occupied by the pastor, Rev. F. H. Wentworth, who welcomed the young people in the name of the church. He also spoke a few words on the privilege of the manhood of tomorrow, when the war was over and the boys of today had become men, called to shape the destiny of the empire in the reconstruction period. The boys joined heartily in singing "Stand up, stand up for Jesus."

A. C. Skilton, president of the local Boy Scout council, was then introduced. He gave an excellent outline of what the Boy Scout movement stands for, showing that it makes for the all-round development of the boy. He said that it was not a military organization, though scout masters and older Boy Scouts had been quick to respond to the call of arms and country. He also pointed out that the scout movement attended very definitely to the religious needs of the boy.

Rev. P. R. Hayward followed with an excellent address on "The Value of Achievement and Mastery." He dealt with "The Mastery of Self," "The Mastery of Substance," "The Mastery of Difficulties," and "The Mastery of the Future." All were greatly impressed by this message, and the boys showed their appreciation in regular boy fashion.

R. T. Mawhinney sang very appropriately and tellingly "Building for Eternity." Then the boys were treated to a very fine lantern lecture of "The Yukon" by Rev. H. A. Cody, who is a general favorite among scouts. Scout Master Gallely tendered the speakers a hearty vote of thanks. It was unanimously declared that it has been a most enjoyable and profitable evening.

**The Man In The Street**

Honestly, now, didn't you have to look up the maps to make sure where some of our new allies live?

At the rate the Germans are traveling, the new combatants will have to make an early start to catch up with them.

It is a simpler matter to declare war than to wage war, under some circumstances.

It may be noted that neutral nations within arm's reach of Germany are not making any war declarations.

Meanwhile the Kaiser continues to demonstrate his supremacy in the art of retreating.

Almost time for the official announcement from Berlin that they never intended to hold the Hindenburg line.

Canadian troops seem to have captured Vimy quite regardless of the Germans' plans.

Democracy must be contagious, judging from developments in Germany.

The Kaiser's promises of electoral reform inevitably recalls the lines: "The devil was sick, the devil a saint would be."

"The devil was well, the devil a saint was he."

After shovelling two feet of snow off the sidewalk, we firmly maintain that even a spring drive is no sure sign of spring.

With this kind of weather on the western front they could make their spring drive a sleigh drive.

No, we did not say a "slay" drive.

If this kind of thing continues the street cleaning department will be seeking an injunction against the weather man.

The entente cordiale between the city council and the new power company seems to have been too fragile a flower to last long.

After their request for reduced rates was met with an intimation that street car fares may be increased instead of lowered, the common council might reply in those well known words:

"It is all very well to dissemble your love."

"But why did you throw us down stairs?"

Regarding the rumor that a large party from city hall will join the home defence regiment, one of the commission announces that there is no truth to it—if it is the large party referred to.

Sharp decline in prices precipitated panic in Chicago produce market; householders would enjoy the opportunity to suffer from a panic on similar grounds.

**F. C. DUNHAM OF WEST END DIES SUDDENLY**

Stricken While Returning to His Home in Stern Last Evening

A long and useful life came to a sudden termination last evening when Frederick Cooper Dunham of West St. John died at his home on the West Side and, owing to the car service was disorganized by the storm, he started to walk from the West Side floats. The effort proved too much for him and his heart was affected. He managed to reach the home of his daughter, Mrs. Ellis, at the corner of Ludlow and Gullford streets, and stopped there to rest. But the attack beamed there to rest. He expired in a few minutes. The body was taken to his home, 288 Gullford street, whence the funeral will be held on Thursday afternoon at 2 o'clock.

A native of Carleton, Mr. Dunham had lived nearly all his life time on the West Side, where he was widely known. He was a man of fine character and enjoyed the respect and esteem of the entire community. He was a member of Ludlow Street Baptist church, and of Peerless Lodge, I. O. O. F., and for the last six years he had been employed with James Pender & Co., Ltd.

Surviving are five daughters, Mrs. G. Allen, Mrs. A. Campbell, Mrs. Henry Ellis, Mrs. Howard Jones, all of this city, and Miss Frederica, of Walden, one son, Pearson B. Dunham, of Walden.

Mr. Dunham had been choir leader of the Ludlow street church for years. For their Easter music on last Sunday he asked the choir to practice and sing an anthem he had sung at Easter sixty-two years ago. He said he wanted to sing it once more before he went beyond. The choir acceded to his request, and he sang the solo part from the same book he had used so long ago. None knew it was to be for the last time, but they noted the fervor with which the aged man sang it through.

**ON VICTORIA ALLEYS**  
In a match game on the Victoria alleys, between two teams representing McArdy's and the East St. John Engineers, the latter won three points by a small margin. The game was very close, only a few pins separating the teams at the end of each string. Although the scores made were small, the game was marked by good plays. The following was the result:

Engineers	Total
Sterling	82 86 84-282
Lewis	81 83 84-247
Coates	80 100-269
McKen	77 63 74-214
Jenkins	83 95 105-288
	418 415 487-1265

McArdy	Total
Ferguson	82 92 92-266
Hayward	68 81 78-227
Fleet	71 65 83-219
Ward	104 80 89-273
Tommy	81 98 91-270
	400 416 433-1255

The following were the prize winners in the daily competition during the last week—Wednesday, Bent, 117; Thursday, Hopkins, 117; Friday, McMichael, 122; Saturday, Pettigrew, 118; Monday, Hopkins, 132; Tuesday, McIven, 121.

**MACAULAY BROS. & CO.** STORES OPEN 8.30 A.M. CLOSE 6 P.M.

**We Have The Stock**

Notwithstanding the great quantities of Furniture which we have put away for customers who were wise enough to order in advance of their requirements, we still have a full stock, as well as a large reserve, and are prepared to show you in every department a great variety from which to choose.

This fact is of the utmost importance to those who want new Furniture for use this spring, as it is out of the question to order goods from the factories now and have them here for May delivery.

In fact, even shipments already on the way are not to be relied upon under present freight conditions, so that you will be wise to come where you will find the largest stock to choose from, and where you can have your purchases put away for you and delivered when required.
