Canadians Fill a German Trench With Dead Bodies of Enemy

Fierce Fighting on Last Sunday Fills New Page in History of Dominion; Attack Under Withering Fire, Reach Objective but Compelled to Retire

Ottawa, Oct. 12.—Fierce fighting by the Canadians at the front, an advance which demonstrated personal superiority and filled a trench with dead Germans but failed to maintain the position aimed at, are told today in a cable from the militia department from the Canadian war records office.

It extended over a frontage of 3,500 yards. Ontario, Manitoba, British Columbia and Alberta battalions distinguished themselves in the fray. Though hampered by wire entanglements and meanwhile subjected to a withering hail of bullets from enemy machine guns the troops, especially on the left, made their way to the German lines and took their toll of dead. Afterwards, however, they had to retire.

The record office describes the battle as a demonstration of the dash and courage of the troops and a great event in the military history of Canada.

London, Oct. 12.—An uneventful night along the British lines in the Somme region is reported in today's official statement. It follows: "South of the Ancre there is nothing to report. During the night five raids were undertaken by us in the Meuse-Bois Grenier and Haines areas, in the course of which we took prisoners and inflicted casualties on the enemy."

Devilish Work. Petrograd, Oct. 12.—In Dobruja, an enemy air squadron dropped bombs on Constanta (the principal Roumanian Black Sea port) and also poisoned sweets and garlic infected with cholera bacilli.

Berlin Statement. London, Oct. 12.—Reporting the military operations in Greek Macedonia the British official statement issued this afternoon says: "Strains from a mounted brigade in clearing the country up to the outskirts of Serez, found the town strongly held by the enemy."

Dolan Front—Further raids on enemy trenches were carried out on the Dolan front. Two advanced posts were driven in and some Bulgarian and German prisoners were taken.

Enemy Reports. Berlin, Oct. 12.—All attacks made yesterday by the Anglo-French forces against the German positions on the Somme front were repulsed.

Berlin, Oct. 12.—Teuton troops are pursuing the Roumanian army on the whole eastern Transylvanian front, says the official German statement. The second Roumanian army, which had advanced against a German line, has been driven back into the frontier positions.

A German Failure. Petrograd, Oct. 12.—Three German gas attacks launched against the Russian position in front of the Uskub Bridge fortifications (western Russian front) on Oct. 8 were unsuccessful, says the Russian official statement. The defenders destroyed the gas apparatus. A bridge erected by the Germans over the river Balduka in the region of Belauze village, was destroyed by Russian artillery. "In the Caucasus nothing of importance occurred."

Portuguese Carry on. Lisbon, via Paris, Oct. 11.—The general commanding the Portuguese forces in East Africa reports that after an engagement in which he repulsed the German troops, the Portuguese advanced nineteen miles north of Rovuma.

Norwegian Sunk. London, Oct. 12.—A Reuter despatch from Christiania announces the sinking of the Norwegian steamer Birk, of 115 tons. The crew was saved.

LOSS OF \$2,000,000 IN WEST INDIES HURRICANE

Two Thirds of People of Danish Islands Need Help

Washington, Oct. 12.—The United States consul at St. Thomas reported today on the hurricane which swept the Danish West Indies on Monday and Tuesday as follows: "Disaster generally serious. Estimated loss \$2,000,000. Two thirds of the population need food and clothing, one third shelter. Relief required, \$50,000 of which should include building material, food, clothing and money."

TWO WEEKS HAVE BROUGHT 255 MEN TO KILTIE BATTALION

Fredericton, N. B., Oct. 12.—The recruits from each county during first two weeks of the Kiltie recruiting campaign number: York, twenty-one; Sunbury, five; Queens, six; Charlotte, eleven; Carleton, twenty; Victoria, four; Madawaska, twelve; Restigouche, forty-four; Gloucester, nine; Northumberland, forty-one; Kent, eight; Westmorland, thirty-five; Albert, four; Kings, ten; St. John, twenty-five; total 255.

Also Official Report on Some Previously Mentioned

NEW BRUNSWICK TOLL HEAVY

Wm. Wood, Fred P. Lawson, Pte. Hounihan, Lance Corp. Ingraham and Others—Lieut. Good of Fredericton Also is Among the Number Today

Montreal, Oct. 12.—It is officially announced that the Royal Bank of Canada will purchase the Quebec bank. The directors of the bank have reached an agreement whereby for every three shares of Quebec Bank stock, shareholders of the Quebec bank will receive one share of Royal Bank stock and \$75 in cash.

A circular has been dispatched to the shareholders of the Quebec bank calling a special meeting to ratify the agreement. In this circular the directors of the Quebec Bank state that after a per-

sistent and vigorous effort to establish the bank in the west and to increase its business elsewhere, they have concluded that it is in the best interests of the shareholders to amalgamate with a larger and stronger bank.

The Royal Bank of Canada is one of the strongest of the Canadian banks. On August 31 its deposits exceeded \$190,000,000 and the purchase of the Quebec Bank will further strengthen it. Three directors of the Quebec Bank will be added to the board of the Royal Bank. The minister of finance has given his official consent to the merger.

NO ACTION RE CLARENDON ST. PIPE CLEANING APPROVED

Commissioner Fisher Still Says His Department Should Do Work

Main Street Paving Contract Awarded to Corey & Stevens—Another Step Towards Harbor Survey—Public Discussion Wanted

Although Clarendon street improvements were the subject of a long discussion at a committee meeting of the city council this morning, the question of when the work is to start was not settled. Commissioner Fisher announced that he recognized the need for the work but said that the property owners had asked. No motion was offered and no action taken.

The proposal to clean certain water mains also evoked a rather lively discussion, during which Commissioner Wigmore suggested that the city should employ a private contractor for the work but afterwards said that he would vote for the resolution authorizing the work to be done by the city.

When Commissioner Russell brought in a resolution asking for permission to submit a draft of the proposed contract for a harbor survey, Commissioner Fisher said that he was in opposition but the motion passed. It does not commit the council to undertaking the work.

Penders for the granite paving in Main street were submitted and the contract awarded to Corey & Stevens, at a bid of \$2,350 being the lowest.

While speaking of some of the criticism directed at the council, Commissioner McLellan said that the man who would write a critical letter anonymously is a cur and should be put to death. He said that he would permit the meeting to meet the commissioners for frank discussion of public affairs.

The meeting was called to order at 11:30 o'clock with all the commissioners present.

Commissioner Russell moved that he be permitted to submit the proposed form of contract for survey of the harbor, in order that the council might decide whether the work was necessary, before the council to decide whether to grant the money. The motion was seconded by Commissioner Wigmore.

Commissioner McLellan said this would leave the council open to object only on the questions of the efficiency of the engineer or the price to be paid. Commissioner Fisher said the motion would commit the council to the project and, as he did not see the need for the work, he could not vote for it. The motion was carried with the one dissenting vote.

Pipe Cleaning. A motion providing for cleaning water mains in City road, Brussels and other streets, held over from Tuesday, was again submitted by Commissioner Wigmore. He also submitted a letter from Engineer McLellan approving of the need for it.

The Mayor—How about that cleaning apparatus Mr. Murdoch designed? Commissioner Wigmore—"I have not said anything about that as he still is city engineer, although not in my department."

Commissioner Fisher—"He is in my department."

Commissioner Wigmore—"Unfortunately my department has to pay part of his salary, but I do not employ him in any way."

The Mayor—"How about that cleaning apparatus Mr. Murdoch designed? Commissioner Wigmore—"I have not said anything about that as he still is city engineer, although not in my department."

Commissioner Fisher—"He is in my department."

Commissioner Wigmore—"Unfortunately my department has to pay part of his salary, but I do not employ him in any way."

Royal Bank Is To Absorb The Quebec

Merger is Officially Announced and Finance Minister Agrees—The Terms of Purchase

Montreal, Oct. 12.—It is officially announced that the Royal Bank of Canada will purchase the Quebec bank. The directors of the bank have reached an agreement whereby for every three shares of Quebec Bank stock, shareholders of the Quebec bank will receive one share of Royal Bank stock and \$75 in cash.

Smith Vs. Shore Is Expectation Today

GREECE GRUMBLES A BIT BUT MEETS ALLIES' DEMAND

Hands Over Her Navy in Total To Du Fournet

A PROTEST IS MADE

Not Navy Alone, But Mails, Telegraphs and Railroads Included in Ultimatum to the Greek Government

London, Oct. 12.—The Daily Chronicle's Athens correspondent, in announcing that Greece has accepted the demands of the Entente powers, says that the Greek government added a protest to its notification of acceptance.

A telephone message received in Athens from Piraeus says that the handing over of the Greek navy to the allied naval authorities, as demanded, has already begun. The lighter craft will be handed over intact so as to enable them to be despatched to the provisional government at Saloniki. The heavier vessels will be dismantled and left where they are in the Gulf of Keratrali.

According to the Chronicle's correspondent, the Greek crews have already been removed from some of the warships and are being landed from the others. French crews were placed on the small ships and all guns on the larger vessels rendered ineffective and placed under guard. Quiet is reported at Athens and Piraeus.

The demand was made as a precautionary measure for the safety of the allies' fleet.

Broader Than First Thought. Paris, Oct. 12.—Details of the demands made on the Greek government by Admiral D'Arville Du Fournet, the commander of the allied naval forces at Saloniki, are being made public. They show that the ultimatum was much more comprehensive than was understood at first.

In addition to handing over her fleet, Greece was required to permit allied control of all material for naval operations as well as the mails, telegraphs and railroads. The ultimatum set forth that such control was necessary in order to render impossible the use of the navy, the mails, telegraphs and railroads for the benefit of the Greek government until one o'clock on Wednesday.

The rest of the government, it is said, has demanded and said that failure to do so would result in his taking the necessary steps himself.

Get War Minister. London, Oct. 12.—General Zimbrakalis has been appointed minister of war in the Greek provisional government, organization of which is being completed at Saloniki, says a Reuter despatch from Saloniki under date of October 10.

The rest of the government, it is said, has demanded and said that failure to do so would result in his taking the necessary steps himself.

Edgewater, N.J., Oct. 12.—The police are holding prisoner a white dove with a bomb of confetti on its leg, bearing the inscription U-38, the number of the German submarine which made its raid on Nantuxet on last Sunday. The dove fluttered in the window of a business office here yesterday. Its captors do not know whence it came.

DEATH OF JOHN MAGER. Many will learn with regret of the death of John Mager, which occurred in the general hospital at an early hour this morning, from appendicitis. He was seventy-six years of age. Besides his wife he is survived by one son and two daughters.

Not Killed, But Wounded. Ottawa, Ont., Oct. 12.—The family of Robert S. Turfiff, son of J. G. Turfiff, M.P., were notified yesterday that he was wounded. The report of his death in action was erroneous, according to advices received from the militia department.

Parliament. Issued by Authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Synopsis.—The high pressure is now centred in the New England States and a shallow low is approaching the Great Lakes from the west. Except for a few showers in the maritime provinces, the weather of the last day has been fine throughout the dominion.

Forecast.—Moderate to fresh southerly and southwesterly winds; fine, Friday, southerly winds, local showers but partly fair with much of the same temperature.

Fine and Cool. Maritime.—Moderate northwesterly winds, fair and cool. Friday, moderate winds, fine and cool.

Believed Germans Planned Epidemic Of Glanders Among Roumanians

London, Oct. 12.—(New York Times cable.)—The Daily Express this morning says: "The depth of infamy to which the German nation has descended in its war against civilized mankind, is shown by the official announcement from Bucharest of the discovery, in the German legion, of Ragons labelled 'Virus Morve' intended to propagate a simultaneous epidemic among men and horses."

"The fact that a representative of the United States legion witnessed the discovery is convincing proof of its truth.

"Virus Morve" produces one of the most loathsome diseases known to mankind, generally known as glanders," said one of the most eminent pathologists in this country to a Daily Express representative yesterday. "It would be difficult to spread it among human beings, to whom it is practically always fatal. Death may come rapidly or gradually and victims might undergo terrible sufferings."

Paris Doctor Decorated for Sacrifice in Interests of Soldiers

Paris, Oct. 12.—Dr. Menard of the Cochin Hospital, was decorated with the Legion of Honor yesterday as a recompense for his loss of two fingers by exposure to the X-ray in hospital work.

Dr. Menard, who has lost a finger from each hand, has accomplished admirable results in the location of projectiles in the bodies of wounded soldiers. The loss of his first finger did not deter him from following up his research work in the radiogram room. In the loss of his finger he learned that tissue cells exposed to the action of the X-ray are subjected to a localized disease of nutrition and, in consequence, harden and rapidly die.

Through Dr. Menard's experiments at the Cochin Hospital, a surgeon there was able a few days ago to locate and extract in ten minutes a shrapnel bullet lodged under the heart of a wounded soldier.

COAL \$50 A TON IN ITALY

Submarine Activity Causes Concern Because of High Prices For Necessities

Rome, Oct. 12.—The resumption of Austro-German submarine attacks is causing grave concern in Italy, where the prices of coal, wheat, lumber and other imports have trebled within a year, owing to the prohibitive freight rates.

The railroads have a stock of 200,000 tons of coal, however, and are not likely to be interrupted during the winter. Coal now costs \$40 a ton.

FIELD AMBULANCE DEPOT MAY TAKE OVER LOCAL HOSPITAL WORK

An important change in the duties of the Field Ambulance Depot, now recruiting under Major G. G. Corbett, is planned, according to rumors in military circles. It is said that this unit may take over the administration of the local military hospital, the officers acting as physicians and surgeons and the men performing the other duties of the institution. By this plan a certain number of doctors would be set free for other duties while the officers of the depot and their men would be getting practical hospital experience which would be expected to be of great value to them.

Different squads of men would be detailed to the hospital from time to time so that all might get the benefit of the experience.

In addition to this it is possible that the duty of examining all recruits will be placed in the hands of the officers of the unit.

It is not expected that these changes would make any difference in the prospect of the field ambulance train going overseas, as the unit is still up to strength and the extra training will service all the more rapidly.

Even when the ambulance train is sent overseas, it is expected that the depot will be continued and recruiting will be continuous, succeeding recruits getting their training here and then going forward in drafts.

MAYFLOWERS AND RASPBERRIES; AND WE ARE NOW IN OCTOBER

While people in the city are going about with overcoats and gloves and complaining about Jack Frost, suburbanites tell of October Mayflowers and raspberries. A gentleman coming to the city this morning—he is still living in the country—told the Times that he had picked a bunch of mayflowers yesterday. "Is that extraordinary?" he was asked. "Extraordinary," he replied, "I should say not. Why last Sunday some of my boys picked some raspberries in a field at 'Foxyburn.' With the thought that mayflowers are still blooming, that raspberries are still growing wild and that snow was seen recently by people coming down the river, a unique situation is presented.

A large bunch of raspberries has just reached the Times office. They were picked by G. K. Kennedy, Summer street.

THE NEW ASSESSMENT PLAN. Dr. Keirstead, member of the commission, will explain proposed new assessment law before Canadian Club at 8:30 p.m. at 616 tomorrow evening. Members can pay annual dues when getting tickets. All urged to attend.

CHANGE OF ROUTE. A Boston paper reports the Governor Cobb temporarily on the Boston-Yarmouth route.

Mr. and Mrs. Lewis Ingram of 27 Meadow street received word this afternoon that their son, Lance-Corp. Arthur B. Ingram, infantry, was on September 29 admitted to No. 11 Stationary Hospital in the department and I can claim an

increase in efficiency since I took office, despite the criticisms of one of the local newspapers."

Commissioner McLellan—"Don't pay attention to that paper. It is not worth it."

Commissioner Fisher said the letter from Mr. McLellan was satisfactory, but he wished to draw attention to the danger of cleaning operations to the sewer pipes and that he had heard that the cleaning process removed the surplus cleaned more often afterwards.

Commissioner McLellan showed a piece of water pipe so thickly encrusted with scale that it could be bent and asked if anyone would say that no opening through it could be made to clean it. He said that the best experts available had recommended the use of a high pressure water jet, but he held up by criticism from persons of no experience and he characterized the letter as a criticism of the work of the department.

Commissioner Fisher announced that although he had not received all the information he wanted, he would vote for the resolution on next Tuesday.

A very elaborate programme had been prepared which was carried out excellently, as follows: Opening ode, "Blessed God For Whom All Blessings Flow"; welcome by Chairman E. A. Law-

Simple Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid sawn from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the fingertips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

Just One Application and the Hairs Vanish
(Modes of Today.)

A harmless, yet very effective, treatment is here given for the quick removal of hairy growths: Mix enough powdered delatone and water to cover the undesirable hairs, apply paste and after 2 or 3 minutes remove, wash the skin and the hairs have vanished. One application usually is sufficient, but to be certain of results, buy the delatone in an original package.

WANTED—Soprano for a city choir. Address Soprano, care Times. 4698-10-13

Ladies' fur collars and muffs, the latest styles, at easy prices for you, at Bassen's, 14-16-18 Charlotte street.

You can buy a good strong well made suit for your boy for \$4 at Turner's, out of the high rent district, 440 Main. —L.F.

"Burn RADIO Chestnut, the superior kitchen hard coal—Consumers Coal Company, sole vendors." —L.F.

Yardman Wanted at the Royal Hotel. 10-13

THOSE VALUABLE PAPERS
Valuable papers, such as deeds, contracts, mortgages, bonds, insurance policies, etc., should be kept in a modern burglar-and-fire-proof vault. You may obtain this protection by renting a safe deposit box in the Bank of Nova Scotia at Prince William street, Charlotte street or North End branch. Rentals \$5.00 per year and upward.

Fairville people! Order your coal now. Special prices, while unloading—O'Brien's, West 234-11. 10-12.

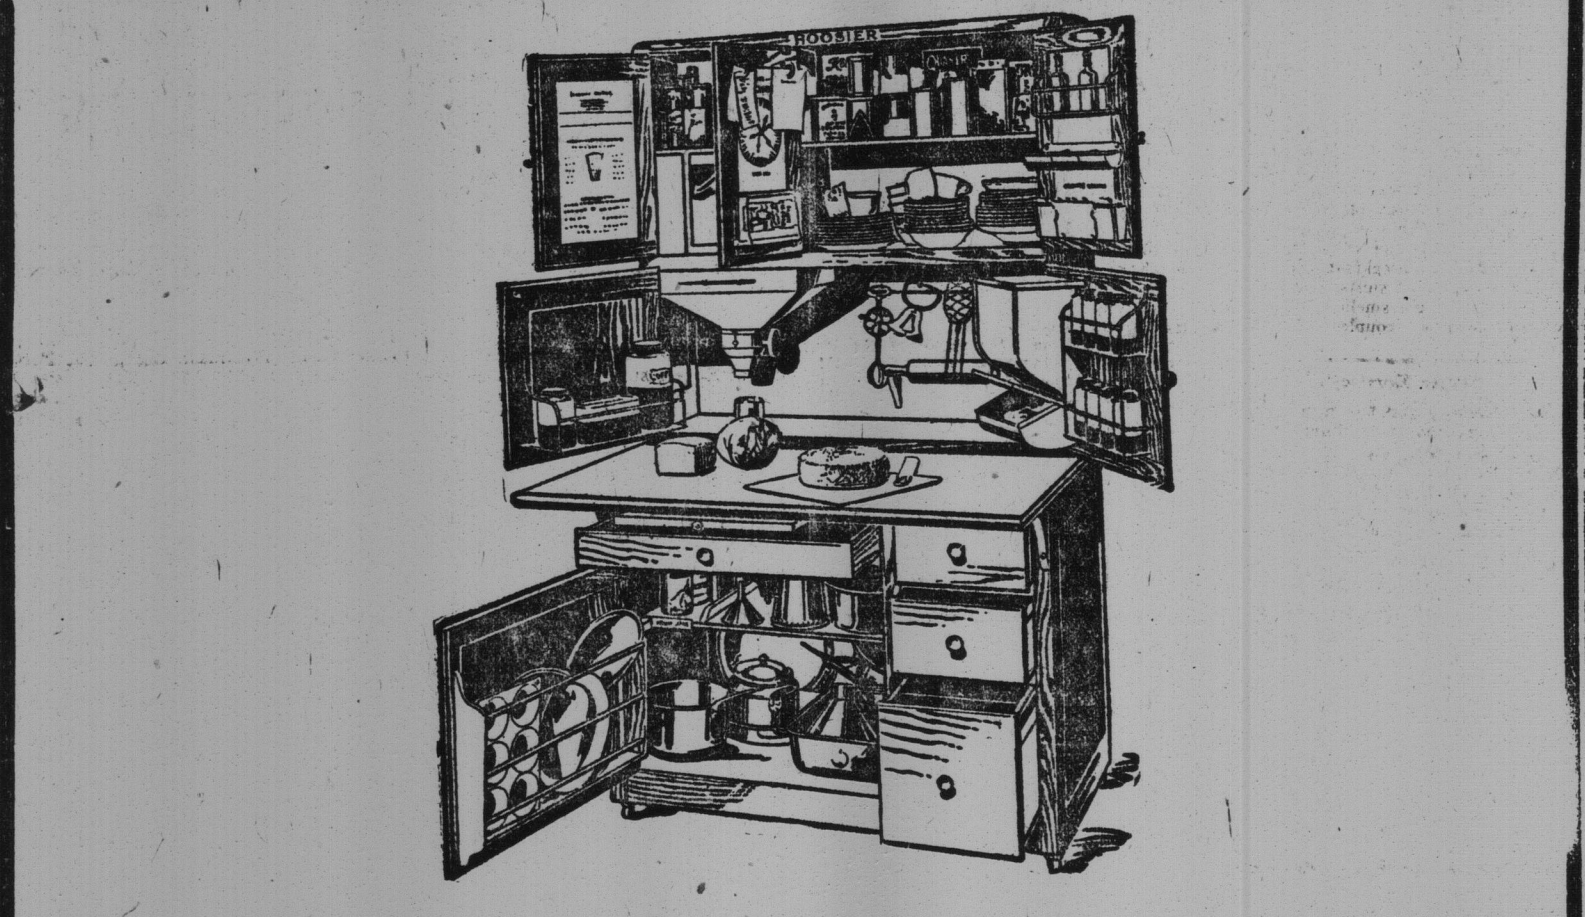

Chalet Afternoon Class Saturday 6 o'clock. 10-15

A CERTAINTY
Once you shop at our store you will always shop here. There is a reason—we have the goods at the lowest prices. Bassen's, 14-16-18 Charlotte street.

A good black Melton overcoat at \$15, the best in town for money—Turner, out of the high rent district, 440 Main. T.F.

WRISLE WATCHES
A large assortment to choose from, all fully guaranteed. At Smallley & Company's, 91 Prince William street. 10-12.

Bananas' Colds
You have probably had many a banana that has been covered with brown spots and streaks of brown and is very "squashy" inside. Most people think that such a banana is merely over-ripe. As a matter of fact that particular fruit has caught a bad cold. Any sudden change of heat, a rush of cold air or a draught makes the fruit spotted, and it quickly becomes sodden and unmarketable.

This Hoosier Cabinet Cuts Work in Half
Stop Being a Slave to Your Kitchen

Nothing wears a woman out so quickly as kitchen work. Many a woman has lost her health and strength through toiling long hours in the kitchen when she could have had her work done in half the time with the Hoosier Cabinet.

This marvel of convenience has places for 400 articles, all within arm's reach—a centralized store-house with 40 labor-saving inventions! Some cabinets have copied a few of them, but 17 of these Hoosier features can't be found in all other cabinets combined.

- The Vital Part of Your Kitchen Cabinet**
- The picture above shows the section of your cabinet that is most important. Storage space is above and below; the articles most often used are placed where they are easiest reached. There is plenty of unhampered room above and around the aluminum (or porcelain) work-table.
- There are no useless little partitions to chop up the space and leave no room for work. Your cabinet must have big table space to work on. The Hoosier gives it. Come see these six exclusive Hoosier features!
- 1—The all-metal glass front floor bin.
 - 2—The gear-driven shaker flour sifter—makes flour light and fluffy.
 - 3—Scientific arrangement—articles needed most frequently easiest reached.
 - 4—Revolving caster (shown in center of illustration).
 - 5—The ingenious, big-capacity sugar bin—holds more than twice as much as most other bins.
 - 6—Finally, the doors that roll back at the sides of the cabinet, entirely out of the way.
- And regardless of the room in your kitchen, there's a special Hoosier model to fit, at a price you can easily afford.

Science Deals With Corns
Let Us Convince You

Let us prove to you tonight that every corn is needless.

Get Blue-jay at your drug store. Apply it in a jiffy. The pain will stop forever. And in 48 hours there will be no corn.

This is due to a chemical that has studied corns for 23 years. He has found a gentle, certain way to end them.

No soreness, no inconvenience. Blue-jay is a wax set in protecting plaster.

Millions of people never have corns, simply because they know Blue-jay. They stop them as soon as they start. But substitutes won't do that.

THE WAR SITUATION

Once more Premier Asquith was affirmed in parliament the unalterable determination of the Allies to continue the war until they are able to secure "adequate security for the future." There is the whole purpose, stated in a single phrase, no fear of the result. However difficult the task and however long a time may be required for its accomplishment, there must and shall be an end to Prussian militarism and an amendment for the crimes against civilization which Germany has committed. The house of commons cheered Premier Asquith, and it will vote 280,000,000 asked for as cheerfully as it would an ordinary amount for ordinary purposes in a year of peace.

THE SUBMARINE ATTACK

The press of the United States devotes a good deal of space to the discussion of the latest German submarine exploit and its possible effect upon American neutrality. A number of powerful newspapers are very outspoken, and assert that their country cannot tolerate such acts as have been committed by the U-53. Others point out that if such warfare is continued it is certain, sooner or later, to involve the loss of American lives and property. The general disposition is, of course, to give the government ample time to get all the facts and determine its course, but there is a very evident note of resentment in the general comment on Germany's latest move. The New York Times, which supports President Wilson and would not say anything to embarrass him, yet speaks very plainly on the subject of what may occur if the German policy continues. It says:

"The anxiety of our people is nevertheless very great, and it will be relieved only by the destruction or departure of the German submarine that has brought the war altogether too near our coasts for our comfort. We have to consider not only the grave peril of such infractions of the laws of war or of our rights as would lead to a severance of our relations with Germany, but we are compelled also to take measures for sufficiently safeguarding our neutrality. Acts of war committed in our territorial waters would give reason for demanding instant reparation and a disposition to persist in disregarding the prohibitions of the three-mile limit would give us full warrant for the use of force. We cannot, of course, indefinitely supply a rescue fleet of destroyers to pick up the passengers and crews of vessels sunk by the U-53. Humanity has been the justification of what we have done thus far, but should the U-boat continue its operations we might be compelled to give its commander warning that in future he and his government will be held responsible for any loss of life occurring through his operations. We have been moved purely by considerations of humanity to rescue the human beings he has set adrift upon the sea, but obviously we cannot indefinitely continue to relieve him of any part of his responsibility."

Holland has taken a much more aggressive stand regarding the matter. The sinking of a Dutch steamer, bound from one neutral country to another, is regarded in Holland as an act to be explained without delay. It has been asserted that there was a strong pro-German party in Holland. If so Germany has committed another blunder, and reduced still more the neutral sympathy which must have been of some value to her. The British government very wisely refrains from comment at the moment, preferring to hear first from the government of the United States. The latter has not yet decided upon its course, although in a speech this week the president declared that Germany would be held to her pledge to the United States regarding submarine warfare. Meanwhile the U-53 has disappeared, and there has been no further attack upon shipping bound to or from American ports.

THE ROAD QUESTION

The Times yesterday quoted the views of Mr. Thomas Adams concerning the manner in which a province should set about getting good roads. First the provincial organization; second, the plan of the roads of the province; and, third, a proper system of construction and maintenance. As to the provincial or-

ganization, Ontario has a deputy minister of highways and the state of Massachusetts has a highway commission. Both plans are working well, but Mr. Adams prefers a third, which is a department of municipal affairs for the province, with an expert staff to deal with all municipal problems, including town-planning, housing, roads, finance, water and sewerage, unemployment and other problems. This is probably too ambitious a plan for New Brunswick at the present time, but the need of a provincial organization and plan is obvious. Then comes the question of apportionment of cost, and on this point Mr. Adams says:

"There must be some system of apportioning cost between the federal, provincial and municipal governments. Different systems prevail in different provinces or states. The Ontario system is working successfully and may be taken as an example. The province has a map of trunk roads. It provides forty per cent. of the cost of constructing new roads and twenty per cent. of the cost of maintenance out of provincial funds. The revenue derived from motors goes a long way to meet that contribution. The municipality contributes the other sixty per cent. and eighty per cent. respectively. An exception occurs in the proximity of cities and large towns where roads which form the principal access to these cities have to be partially made and maintained by the province, the city and the municipality in the following proportions:

"Construction—Province, 40 per cent.; city, 30 per cent.; rural municipality, 30 per cent.
Maintenance—Province, 20 per cent.; city, 40 per cent.; rural municipality, 40 per cent."

"These suburban roads just outside the cities are the most important. They are converging channels of distribution to and from the centre, and follow up the branch feeders in the outer suburbs, the need for better roads immediately adjacent to our cities is a pressing one. The development of a trunk system of roads may involve paralleling some of the railways with trunk roads, but that is not necessarily a disadvantage, and cannot be avoided. You must have your trunk system first and follow up with branch feeders later. We want a proper plan, and having that it will be a good thing to have some of the trunk roads running in the same direction as the railways, both in the interest of the farmers and the motorists."

We have never in New Brunswick got down to a basis of apportionment for construction and maintenance of the roads within ten or fifteen miles of the cities and towns. The latter are obviously much interested in having good roads in their immediate vicinity, not only for their own traffic but to encourage the development of the suburban area along these roads. Hence, the subject is one that should engage the attention of the boards of trade and commercial organizations as well as of the people along the route of these trunk lines. Vigorous agitation is needed, and a deeper interest on the part of city people in the whole subject.

It is understood that the committee which is appealing in behalf of the Patriotic Fund is meeting with a very friendly reception. This is as it should be.

The daily casualty lists bring grief to homes in New Brunswick. They should also bring to young men who are fit and free a sense of their responsibility. There are waiting battalions—where are the recruits?

New Brunswick should be a separate military district, as it was years ago. There has been far too much delay under the arrangement which makes Halifax the headquarters.

The Italians, after another period of preparation, have made a new drive against the Austrians, in the direction of Trieste, capturing trenches and over 5,000 prisoners, and at some points breaking the enemy's lines. The Allies are still making some progress on the Macedonian front and the like is true on the Somme. The attempt of the Germans and Austrians to crush the Roumanian army in Transylvania has forced the latter to retire, but it is disputing every inch of ground.

Of conditions in Belgium a recent London cable says:—"Famine is at the doors of Belgium because of the requisitions of the Germans on the conquered population, according to the Times' correspondent at Lausanne. Meat is practically unobtainable, he says, and butter very scarce. Potatoes have not been seen for some time, and prices are becoming impossible. Coffee is \$1.80 a pound; chocolate, \$2.40; cocoa, \$3; and sugar 72 cents. The almost total disappearance of sea fish and the excessive cost of meat have made mussels a popular food. The object of the Germans in starving the Belgians is without doubt to induce them to demand peace."

APPLES, ORANGES, FIGS AND PRUNES

Are the Four Fruits Used in Making "Fruit-a-tives"

"FRUIT-A-TIVES" is the only medicine in the world that is made from the juices of fresh ripe fruits. Thus, it is manifestly unfair to say, "I won't take Fruit-a-tives because I have tried other remedies and they did me no good." On the other hand, the fact that "Fruit-a-tives" is entirely different from any other preparation in the world, is just why you should give it a fair trial, in any trouble of the Stomach, Liver, Bowels, Kidneys or Skin. "Fruit-a-tives" is composed of the active principle of fruit and the greatest nerve tonic ever discovered. 50c a box, 6 for \$2.50, trial size, 25c. All dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

LIGHTER VEIN

Late Repentance

"You should never take anything that doesn't agree with you," admonished the physician.

The patient glanced around ruefully at his wife.

"If I had always followed that rule, Lizzie, where would you be?"

His Reason.

"Why, Harry, I told you to bring a dozen apples and you've brought only ten."

"Well, Mother, the bag was so small I had to eat two to keep 'em from falling out."

Too Exact.

Lucy—"Don't you just adore Clarence Joyce? My, I think he's the handsomest thing!"

Mabel—"Well, his nose is a little flat, and his hair pretty light, and his eyes are a trifle big and pale, and his eyebrows—"

Lucy—"Oh, I know! You always expect a man to be a regular Venus!"

Millions of Dollars Given—Millions of Belgians Fed—Yet Millions More Are Needed

Nothing else has ever so roused the indignation and practical sympathy of the English-speaking world as the fate of Belgium.

At the first call for help some of the leading business men of neutral United States organized the Belgian Relief Committee, arranging with the British Government to co-operate, and with the Germans to keep their hands off—and the work of feeding the starving Belgians began.

Since then many million dollars have been contributed to the Belgian Relief Fund, chiefly in the British Empire and the United States, about half of it coming from Belgians living in these countries.

The wonderfully efficient Relief Committee have spent this money so carefully that an average of \$2.50 has fed each dependent Belgian family a month. Thus the nation has been saved alive—so far.

But only so far! The number of Belgians dependent on the Fund is steadily growing as their little hoards of food and money run out. Help is needed now more than ever before—and will be till the

Mother-Made, Quick Acting Cough Syrup

Should be Kept Handy in Every Home—Easily Prepared and Costs Little.

Mother, you'll never know what you are missing until you make up this inexpensive, quick-acting cough syrup and try it. Children love its pleasant taste and nothing else will loosen a cough or chest cold and heal the inflamed or swollen throat membranes with such ease and promptness. It's equally as good for grown-ups as for children.

This mixture cough syrup is made by pouring 2 1/2 ounces of Pinex (50 cents worth) into a 16-oz bottle and filling the bottle with plain granulated sugar syrup. This gives you 16 ounces—a family supply—of much better cough remedy than you could buy ready-made for \$2.50—a clear saving of \$2.

The moment it touches the inflamed, cold-contracted membranes that line the throat and air passages, the healing herb, the pines, loosens, softens, soothes, cough spasms lessen and soon disappear altogether, thus ending a cough quicker than you ever thought possible. Hoarseness and ordinary colds are conquered by it in 24 hours or less. Excellent for bronchitis, whooping cough, spasmodic croup, bronchial asthma or winter cough.

Pinex is a highly concentrated compound of genuine Norway pine extract, combined with glycerol and is famous world over for its quick healing effect on the membranes.

Beware of substitutes. Ask your druggist for "2 1/2 ounces of Pinex" with directions and do not accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Toronto, Ont.

What Dyspeptics Should Eat

A PHYSICIAN'S ADVICE

"Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty foods, and are trying to keep up a miserable existence on gluten products, I would suggest that you should try a meal of any food or foods which you may like, in moderate amount, taking immediately afterwards a teaspoonful of bisulphated magnesia in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisulphated magnesia is doubtless the best food corrective and antacid known. It has no direct action on the stomach, but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining, it does more than could possibly be done by any drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I can't see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid—the cause of all the trouble. Get a little bisulphated magnesia from your druggist, eat what you want at your next meal, take some of the bisulphated magnesia as directed above, and see if I'm not right."

THE SOLDIER AND THE SHEEP

Crops of Wool and Lambs Can be Raised by Men Who Cannot Till the Soil

"The Soldier and the Hen" was the title of a paragraph published recently describing the way in which soldiers had taken up poultry-raising at some of the Military Hospitals Commission's convalescent homes. J. H. Grisdale, director of the Dominion government's experimental farm system, has sent the Military Hospital Commission the following article on "Sheep farming for returned soldiers."

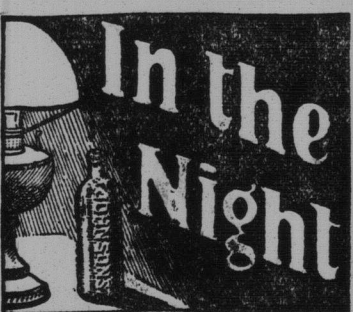

Agriculturally, Canada is and has been a land of big things. Sheep, however, though great money-makers in many other countries, have received anything but the attention their possibilities well merit in this country. Yet every province in Canada has been proven to include extensive areas highly suitable to the successful pursuit of the sheep-breeding industry, and climatic conditions seem favorable in practically all parts of the Dominion.

One peculiarity of this industry is its suitability to either fertile or inferior lands. Much money has been made with sheep on farms where no other line of farming could possibly have been followed.

Another peculiarity is that it may be conducted either on a small scale, earning a satisfactory income, or on a very large scale, building a fortune. The single-handed farmer with his tiny flock of high grade ewes is sure of a comfortable income, while the rancher with his wide scattered flocks and his hired shepherds may be easily on a financial par with the railway president.

A Most Attractive Line. To the soldiers returning war-weary to peaceful pursuits in this country, in my opinion no single line should prove more attractive than sheep-farming. Even though previously entirely innocent of any knowledge in this connection, one really interested can easily and quickly get into the business. A few months spent where sheep are kept, then a little bit of cheap land, a few nice grade ewes with a right good ram, and the thing is on its way.

The initial investment is small, the daily labor is light, and the sum of work for the year much less than with most other lines of live stock. Besides, the

JOHNSON'S ANODYNE LINIMENT

When pain is severe and doctors distant, you are fortunate if you have a bottle of wonderful soothing, healing and penetrating JOHNSON'S ANODYNE LINIMENT

ROPE NOT BROKEN

Charles Swanton, steevedore, in explaining to George Ramsey of 297 Brussels street, sustained his injury on Monday while assisting in discharging cargo from the sulphur steamer Freda, said that Mr. Ramsey was standing on a staging on the dock as the buckets were being hoisted from the hold of the ship and their contents dumped into waiting wheelbarrows. One of the buckets swung back and struck Mr. Ramsey on the back of the head and shoulder, he said that the accident was not caused by the breaking of the rope which held the tackle, as was reported.

CLERGYMEN STUNG BY DISORDERLY BEES Rev. Edwin C. Whittemore, D.D., of Waterville, Me., one of the secretaries of the United Baptists of Maine, and Rev. George C. Sauer, formerly pastor of the First Baptist church of Bangor, were the victims of an unpleasant accident on last Saturday when they were badly stung by honey bees belonging to Dr. Whittemore which he was taking from his summer home on the shore of Lake Wassagook to Dexter to have them stored for the winter.

Two hives of bees were in the back of the carriage in which the clergymen were riding. The top of one of the hives became loosened and the bees emerged and descended upon the occupants of the carriage and the horse. Dr. Whittemore pluckily clung to the reins and prevented a runaway with the result that he was badly stung by the bees. Rev. Mr. Sauer was more fortunate and his injuries were less painful. The hive was finally thrown from the carriage, the journey to the village renewed and the stings treated.

INSTEAD OF PAINT DON'T paint your pretty home this season, but use instead Velvex Crocote Shingle Stains. They are beautiful, they are permanent, they are easy to apply, they are economical. Write for a sample of wood stained with Velvex Crocote Shingle Stain. Carleton, Paterson, McE., Limited, Halifax, N. S., St. John, N. B., 212-213, 214, 215.

MILLIONAIRE TO BUILD AND EQUIP RADIUM INSTITUTE Los Angeles, Cal., Oct. 12--After learning the value of radium as a curative during his own illness, E. L. Doherty of Los Angeles, millionaire oil man, announces that he will build and equip a radium institute in this city. It will not be a part nor an annex to any institution or hospital and it is planned to give free treatment to the poor. A new building will be erected to house the institute and \$50,000 worth of radium will comprise the initial stock. A specialist will be placed in charge and will be assisted by nurses versed in the application of radium treatments. The new institution will be the first of its kind to be established in the west.

CAPTAIN OF MOEWE KILLED Count von Dook Struck by a Shell on Milan, Oct. 12--The death of Count von Dook (Dohna) of the Moeve, which captured or sank a score of allied vessels in the Atlantic, is announced. Dook, who commanded a battalion of the Thirty-fifth Infantry Regiment, was killed by a shell on the German front in France on Sept. 25.

THE PIBROCH. Enlist! Enlist! the foe is near our shore. The deadly submarine is on our coast. The dread torpedo, and the cannon's roar. Are coming nearer! and you still hold back. How can you wait? when o'er the ocean wide Demons let their evil genius loose? Your brothers fight, and sorely need your aid; Private and officer fall side by side, And call for you, young man, are you afraid? Enlist, then, and earn your country's thanks. Don't let the others put us all to shame; For honor's sake fill up New Brunswick's ranks. And save the "Loyal City's" name, and fame. HOPE A. THOMSON, 812 Princess street. The Pibroch is a call to arms.

L. O. D. E. at Sackville. The quarterly meeting of the Provincial Chapter L. O. D. E. was held yesterday at Sackville. Reports of a most encouraging nature were received and the society is in a flourishing condition. The next quarterly meeting which will be in January will be held here. Those who attended from St. John were--Mrs. A. W. Adams, Mrs. F. E. Mackay, Mrs. G. D. E. Jones, Loyalist chapter; Miss Rosamond McAvity, Miss Marion Moore, Valcourist chapter; Mrs. C. B. Allan, Mrs. G. C. Armstrong, Royal Standard chapter. Representatives were also present from Fredericton, Moncton and Dorchester.

HAMILTON-SCOTT In the Presbyterian church at Prince William on Thursday, Oct. 5, Miss Mary Jane, only daughter of John B. Scott, was united in marriage to Charles Hamilton of Lower St. Mary.

RECENT DEATHS Babbirk-Morrison. Newcastle, Oct. 11--The wedding of Miss Stella E. Morrison, youngest daughter of Mr. and Mrs. John Morrison, of Douglastown, and Alvin Babbirk, son of Mr. and Mrs. J. W. S. Babbirk, of Loggieville, took place yesterday morning at 8.30 o'clock, at the home of the bride's parents. Rev. W. W. Rosborough performed the ceremony.

Edith M. Giggery. Hampton, Oct. 10--The death of Miss Edith M., only child of Mrs. Fannie A. Giggery, occurred this morning at her home, Upper French Village. The deceased was twenty-four years of age and up to last June was a successful teacher of Kings county. Since then she developed measles and had been confined to her bed up to the time of her death. She leaves a wide circle of friends to mourn her loss.

Rev. J. H. Holmes will conduct the funeral service at 2.30 p. m. Thursday. At her home in Douglas on Tuesday morning Mrs. Eva Morgan, wife of Herbert J. Morgan, proprietor of Pine Grove Hotel, passed away. She was thirty-seven years of age and a daughter of the late John McCoy. Beside her husband she leaves one daughter, Clara M., survives. Dr. G. C. McCoy and Charles McCoy are her brothers, and Mrs. Alice Burke of Yukon and Mrs. Minnie McLellan of Fredericton, are sisters.

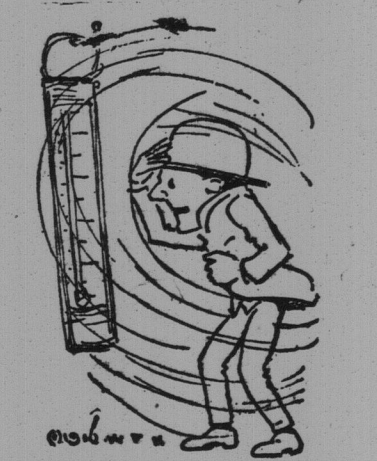

The death of J. Frank King took place at Portland, Me., recently. Less than three months ago Mr. King was married to Miss Charlotte Allingham at her home in St. Stephen.

Mr. and Mrs. R. D. Ross of St. Stephen were called to Woodstock last week to attend the funeral of Mrs. Louis Newcombe, who is a niece of Mr. Ross and as Miss Pauline Watson, was a frequent visitor in St. Stephen. She became the bride of Mr. Newcombe 18 months ago.

The death of Mrs. Nancy Vye, widow of John Vye, occurred at her home at Wilson's Point, Miramichi, on Friday, aged sixty-one years. She leaves two grown up sons, Henderson and Lyman, one brother, Joseph Ferguson of South East, one sister, Mrs. John Menden, of Cassilis.

Mrs. Cook, wife of Captain Joseph Cook, passed away at her home at Hopewell Cape on September 28. She was upwards of seventy years of age and was formerly Miss Jerusha Fowles. She was twice married, her first husband being William Robinson. She is survived by her second husband and two daughters by her first marriage--Mrs. Skillen of New York and Mrs. Lottie Hamilton, three brothers, George, James and Alma V. Fowles, all residents of the shiretown, and two sisters, Mrs. Wm. Hutchings of Boston, and Mrs. Crandall, living in Nova Scotia, also survive.

ROTARIANS TO HELP. The City Cornet Band drew the largest crowd yet at their Around-the-World Fair in St. Andrew's rink last evening. The attendance was such as to almost exceed the capacity of the large building and everyone enjoyed themselves with the bandmen as hosts. The band of the 16th Battalion was present during the evening which was, in itself, a feature and the military musicians delighted the hearts of the hundreds present by their splendid playing. All the games and amusements were in full swing and a record was set for the number of patrons at the several booths. Tonight, it is expected, will be the banner night. The members of the Rotary Club, having in mind the past services rendered by the band, are turning out in full force with the intention of helping the bandmen to score a whirlwind night. Judging by the mark set by the Rotarians at previous fairs there will be plenty of excitement at the rink tonight. The City Cornet Band will play during the evening.

Don't wait for the thermometer to dictate your overcoat policy. No time like the present to look over our assortment and the picking will never be better; overcoats for dress, for business and for storms.

The conservative Chesterfield in black, Oxford or gray, \$18 to \$30. For young men the form-fitting overcoat in fancy mixture, belted back, \$15, \$20 and \$25.

The long, warm, double-breasted overcoat for severe weather, \$15, \$20, \$25. Raincoats. Mackinaws. Everything to make the great outdoors comfortable. Officers' Outfits to Order a Special Feature.

CATHEDRAL PARISH BOYS IN ORGANIZATION

A new organization for the working boys of the Cathedral parish took definite form last night when, at an enthusiastic meeting of the boys held in the rooms of the Knights of Columbus, the Junior Society of the Immaculate Conception was formed.

At last night's meeting there was considerable enthusiasm. Present were Rev. Win. Duke and Rev. H. L. Coughlin who were present to assist the boys.

After organization had been effected a vote was taken and the following were chosen from whose names the officers of the association will be chosen.

No Time For Wavering Purpose; No Patch-up Dishonoring Compromise

Premier Asquith Says There Must be Adequate Reparation For Past; Adequate Security For Future — The Allies Continue to Carry On

London, Oct. 11, 4.35 p.m.—"THIS IS NO TIME FOR FALTERING COUNSEL OR WAVERING PURPOSE," SAID PREMIER ASQUITH IN ADDRESSING THE HOUSE OF COMMONS TODAY.

"THIS WAR CANNOT BE ALLOWED TO END IN SOME PATCH-UP, PRECARIOUS AND DISHONORING COMPROMISE, MASQUERADING UNDER THE NAME OF PEACE."

"NO ONE DESIRES TO PROLONG, FOR A SINGLE MOMENT LONGER THAN IS NECESSARY, THE TRAGIC SPECTACLE OF BLOODSHED AND DESTRUCTION, BUT WE OWE IT TO THOSE WHO HAVE GIVEN THEIR LIVES THAT THEIR SUPREME SACRIFICES SHALL NOT HAVE BEEN UNAVAILING."

"THE ENDS OF THE ALLIES ARE WELL KNOWN. THEY HAVE BEEN FREQUENTLY STATED. THEY ARE NOT SELFISH, THEY ARE NOT VINDICTIVE, BUT THEY REQUIRE ADEQUATE REPARATION FOR THE PAST, AND ADEQUATE SECURITY FOR THE FUTURE."

The house cheered the premier loudly as he made these remarks, in concluding his address, after moving a vote of credit for £300,000,000. When the premier moved a vote of credit of £300,000,000, he brought up the total for the current financial year to £1,350,000,000.

The daily average of expenditures had risen slightly, he said, and was £5,070,000 for the last seventy-seven days of the financial year. Expenditures for the army had fallen off slightly, while those for munitions had increased somewhat.

The defeat of the Turks at the Katia Oasis, east of the Suez Canal, had gone far to remove the danger of attack on the canal, and had impaired Turkish prestige in Arabia and Syria.

The whole of the German East African coast had been occupied, the premier continued, and the complete conquest of the colony was only a matter of time.

In the west, Mr. Asquith said, the French and British had advanced a distance of seven miles on a front of nine miles, but the most important feature of the advance was that in no case had a counter-attack succeeded in driving them back.

The Germans had virtually abandoned the attack on Verdun, and their losses had been very heavy. He gave the total number of prisoners taken by the Allies on the Somme front as 60,474 in addition to which there had been captured 304 guns and 1,030 machine guns.

Premier Asquith referred to the complete co-ordination of the general staff of the four great powers, and to the sympathy and interest with which Great Britain is observing the courage, tenacity and strategic skill displayed by Italy and Russia in the more distant fields.

"I wish I could add Greece, with her imperishable record of resistance against the onrush of barbarism and tyranny," he continued.

"Even now Greece, wisely guided and wisely governed, might take a worthy part on the side to which she is committed by great and glorious traditions."

St. Edward Carson, the Ulster leader, should extend the military service act to Ireland, and expressing their readiness to assist the government in this and all the other measures which are necessary to increase the strength of the armaments.

London, Oct. 12.—The official communication from British headquarters to France, issued at midnight, reports heavy shelling of the Canadian front north of Courcellette, particularly at the Hessian trench and the Staff redoubt lately captured by the heroic second division.

Rome, Oct. 11, via London, 3.08 p.m.—Italian troops, fighting in the Carro region southeast of Gorizia, have resumed their march towards Trieste, capturing several Austrian trenches and more than 5,000 prisoners, says the official statement issued by the war office today.

The Hague, Oct. 11, via London.—The Dutch government, it is learned, on the basis of facts already ascertained, will ask Germany to explain the sinking of the Dutch steamer Bloemerdijk in the Atlantic, off the New England coast, last Sunday.

Paris, Oct. 11.—The newspapers continue to discuss animatedly the situation created by the operations of German submarines in American waters.

Gerard Not on This Business. New York, Oct. 11.—James W. Gerard, U. S. ambassador to Germany who returned here yesterday issued a formal statement late today in which he denied that his home-coming had been caused by the need of warning the administration at Washington of Germany's intention to resume indiscriminate submarine warfare against neutral, as well as hostile, shipping.

DANISH WEST INDIES ARE STORM-SWEEPED. St. Thomas, D. W. I., Oct. 11.—A cyclone swept over St. Thomas Monday night and yesterday morning with disastrous results.

Free to Pile Sufferers. The amount of suffering and helplessness of those who are afflicted with this disease is beyond all calculation.

Shattered Nerves. How utterly weak and helpless one becomes when the nerves give way. Sleepless, nervous, irritable and inconstant. He becomes a burden.

Rheumatism. A Home Cure Given by One Who Had It. In the spring of 1911 I was attacked by rheumatism and inflammatory rheumatism.

182 YEARS AGO TODAY

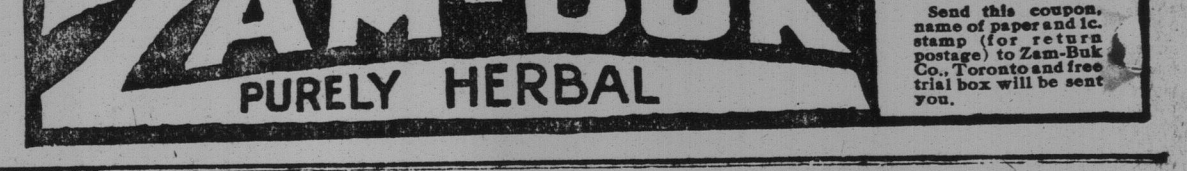

Jacques Cartier, the famous discoverer, used the crude essences of roots and herbs to cure a skin disease which broke out amongst his crew.

his descendant, Mr. J. Cartier of 2912 Clarke St., Montreal, has been cured of eczema by essences of roots and herbs. These, however, instead of being crude as used by his ancestor, were prepared exclusively of vegetable extracts and herbal essences.

Following is his letter: "Allow me to express to you my gratitude for the benefit I have derived from the use of Zam-Buk. It is the best remedy obtainable for eczema."

"I have no objection to your publishing my letter, as I wish everyone to know the high quality of Zam-Buk."

The reason for Zam-Buk's superiority is easily explainable. Zam-Buk is composed exclusively of vegetable extracts and herbal essences, with none of the animal fats or poisonous mineral drugs found in ordinary ointments.

FORMER ST. JOHN MAN DIES IN WAR. H. E. Davidson Killed in Action on Sept 26.

Fourteen Additional New Brunswick Men in Last Night's Casualty List; T. D. Popham Returns From Front; Two Recruits Yesterday.

J. H. Davidson received a telegram last night from Mrs. H. Edgar Davidson, of Winnipeg stating that her husband had been killed in action in France on September 26.

The names of fourteen New Brunswick men appear in the midnight casualty list: Wounded, John J. Doucet, Bathurst; previously reported missing, now killed in action, Gordon Frost, Campbellton; died of wounds, John McDonald, Bathurst; wounded, Duncon Robertson, St. John; Corporal John H. O'Brien, St. Stephen; Gordon D. Barbour, Harvey; died of wounds, Edgar Little, Ridgerton; James A. Wilson, Berry's Mills; R. Wilson, Moncton; William James Smith, Dalhousie; Howard Steves, Campbellton; Ray A. Stewart, Pomeroy Ridge; Arthur Kenneth Robertson, Dalhousie; and Warren H. Colpitts, Mapleton.

Sergeant W. Percy Crawford of Hampden has been admitted to a hospital in France as the result of wounds received. He went over with a draft from the 26th battalion, which was sent to the front on September 22.

Private T. D. Popham, a member of the 26th battalion, returned home on Tuesday evening. He has seen much hard fighting and it was only a few months ago that he met with a mishap, having been wounded. He is a member of the firm of Edleson and Popham, painters.

Recruits. Allan Rainford Wetmore of Fredericton enlisted yesterday with the 9th Siege Battery.

Rory P. Breen of Moss Glen signed on for overseas service yesterday with the 26th Kiltie battalion and A. J. Croft of St. John signed on with the Field Ambulance Depot.

D. B. Donald in Uniform. The former local baseball manager, Di B. Donald, has signed on for overseas service with the 176th Saskatchewan regiment. Mr. Donald went west a few years ago in order to regain his health.

While inspecting examination papers recently, a teacher found various humorous answers to questions. A class of boys, averaging 12 years of age, had examined in geography. The previous day had been devoted to grammar. Among the geographical questions was the following: "Name the sea."

One promising youth, who had asked the two subjects, wrote: "There are two zones, masculine and feminine. The masculine is either temperate or intemperate; the feminine is either torrid or frigid!"

ROYAL ACADIA SUGAR. This sugar is refined only from pure West Indian Cane Sugar. It is loaded on steamers in the West Indies and unloaded at our refinery in Halifax Harbor.

Sugar made from the Pure Cane is Clearcut, Crystalline, Sparkling and keeps dry. Beet Sugar, on the other hand, is dull, soggy, and is liable to become heavy and moist.

Be sure to look for the name 847 ROGERS BROS.—the date identifies it. Do not confuse it with other brands bearing the name "Rogers."

Howard Johnstone Killed in Action

Gallant Young Officer of Nova Scotia Battalion, Formerly of The Chronicle Staff, Made Supreme Sacrifice; How Lieut. Stairs Fell

Lieut. L. Howard Johnstone, of a Nova Scotia Battalion, son of Dr. E. J. Johnstone, of Sydney, and a former member of The Halifax Chronicle's editorial staff, was killed in action at the front last Saturday. This news was conveyed to Sydney by telephone on Sunday. Lieut. Johnstone was at the time of his death, as far as is known at present, acting as second in command of "D" Company. His career since going to the front had been more or less brilliant, having been several times mentioned in despatches.

Lieut. Johnstone won recognition at the front as a trench mortar unit, and later did splendid work with a trench mortar unit. Lieut. Johnstone is survived by his father and mother, several brothers and sisters. His father is a prominent practicing physician at Sydney. One brother, Murray, in the artillery, went overseas with the Coburg Battery and has since been wounded. On both sides of his family, Lieut. Johnstone was connected with men and women who have given loyal service to the province of Nova Scotia. He was the great grandson of Hon. J. W. Johnstone, and descended from several of the great pioneer men of the province. Lieut. Johnstone was representative of that thoroughbred Nova Scotian manhood which is sacrificing everything today for the preservation of the Empire and the cause of freedom.

The deceased officer had strong military tendencies, and his knowledge of naval history, both past and contemporary, was such as possessed by few laymen, young or old.

Lieut. Johnstone was about twenty-eight years of age, and up to the time of his enlistment for active service had a career in journalism that promised brightly. He was born at Sydney, and educated in the high school of that city, graduating at an early age. From early boyhood he had given evidence of special aptitude for newspaper work in fact had shown more than ordinary capacity, being a wide reader, and possessing a most retentive memory. Last year he was on the staff of the Sydney Post and was one time was on the staff of the Sydney Record. Incidentally, at that time, he was acquiring military knowledge in the ranks of a local militia regiment.

On The Morning Chronicle.

In 1905 he became a member of The Morning Chronicle staff, and after ex-

SOLDIERS' COMFORTS

Work of First Circle, West St. John — Ready to do All Possible — Some Suggestions

The First Circle, Soldiers' Field Comforts, West St. John, have packed and have ready for shipment, fourteen cases of Christmas cheer for the soldier boys. The aggregate value of these goods is \$800. The articles include fruit cake, socks, gum, mitts, tobacco, Oxo cigarettes, chocolates, candy, lead pencils, condensed cocoa and coffee, handkerchiefs, and candles. The circle has listed and packed, besides their own goods, a large number of parcels for persons having friends at the front.

Shipments of goods will be made regularly this winter, and parcels will be received, listed, packed and forwarded from any person wishing to send goods this way.

Especially does this circle wish to care for the soldier who has not the loving tender care of mother and home to cheer him, and the president will be especially grateful for the address of these lonely soldiers.

Yarn will be gladly supplied to those who can assist in the important work of knitting socks. Contributions of small fancy cards and pictures to help in making scrap books, which are intended to bring the monotony of trench life, are asked for. Don't forget to send us all the old rubbers you have, as our work proceeds from which go our yarn fund.

MRS. E. A. YOUNG, President.
194 Guilford street, West St. John, Phone 76-21.

British soldiers to enter the main street of Courcellette. Since then the Gazette correspondent has learned from another officer that Lieut. Hills headed a small party sent in advance when they suddenly found themselves surrounded by a battalion of the enemy. They at once made a charge, and succeeded in dispersing or capturing the Germans. The latter, thinking that the main Canadian force must be close at hand, were completely bluffed, and expressed bitter chagrin when they realized that their whole battalion had been put to flight by a mere handful of Canadians.

"Young man, did you kiss my daughter in a hall last night?" said the girl's mother sternly. "I thought I did," said the young man promptly. "But really you look so young that I can't always tell you apart." The impending storm did not burst.

cellent service on this paper for several years he attracted the attention of Thomas Cantley, then general manager of the Nova Scotia Steel and Coal Company, who made him his private secretary.

He resumed his journalistic work in 1912, joining the staff of the Montreal Gazette, and later in the year returning to The Morning Chronicle. In reportorial work there were few newspaper men in Eastern Canada who were better descriptive writers on big stories, and few whose careers in journalism promised more brilliantly. Naval and shipping events particularly attracted him and many vivid stories came from his pen.

A True Canadian.

To people who knew him intimately he opened a very large heart, generous and sympathetic. Lieut. Johnstone possessed to a marked degree those outstanding qualities of Canadian manhood, confidence and initiative. He had a strong sense of loyalty to his native country, having specially educated himself in British history by long and thorough reading. Could he have chosen his death, not guided by the fatal hand of this war, he would have desired no other man that which he has obtained. No higher tribute could be paid him than that terse remark by an old friend, who, when informed of the gallant officer's death, said, "So Howard has made good." He died in the service of a land, with the traditions of which he was so thoroughly imbued.

It was a strange coincidence that on the very day of his death at the front a letter should have been received from him by relatives of Captain John Stairs, of Halifax, a brother officer, and who was killed two weeks ago, in the attack on Courcellette. This letter gives a glimpse of the sympathetic nature of the man, and also some account of the fighting in which the battalion has been engaged.

Parts of the letter were as follows:—

Tributes to His Comrades.

"The 8th Brigade were ordered to attack in the afternoon (Sept. 15), and we were the first line of attack. Only four were in each company were taken in and I was one of the few who were decorated for the opportunity of participating in the attack. John was hit in the first part of the advance and while coming out of the dressing station was hit

FOR RED CROSS ON TRAFALGAR DAY

All churches and patriotic societies in St. John will be asked to contribute toward the British Red Cross funds for a Trafalgar collection to be taken up as near the date of Oct. 10 as possible. This was decided at a meeting of clergymen and prominent ladies of the city, called at the direction of Mayor Hayes, and held in his office yesterday afternoon.

It was felt that time was too short to perfect or even arrange any sort of an organization to raise funds, and it was accordingly decided to take the method of appealing to the people through the medium of the churches and the patriotic societies.

The secretary of the meeting, R. E. Armstrong, read a communication from the Canadian Red Cross Society, saying it would contribute \$10,000 toward the fund, but felt that it could not take active part in any of the work. Mayor Hayes said that he hoped the society would be able to get along without any grant from the city. Last year it donated \$1,000 toward the fund, and has already this year given \$5,000 to the British Sailors' Relief Fund.

Very Rev. J. J. Walsh favored an organization, but the time was deemed too short, and it was finally moved by Rev. E. R. Sherman that grants be asked from congregations and from patriotic societies. This seemed to meet with general approval, and the motion was passed. Mr. Armstrong will draw up an appeal and forward it to pastors and patriotic organizations at once.

The following clergymen were present: Father Walsh, Father Duke, Father Murray, Rev. J. A. MacKeigan, Rev. F. W. Thompson, Rev. E. S. Dowling, Rev. J. A. Morrison, D. D. Rev. G. F. Scott, Rev. I. R. Sherman, Rev. W. G. Lane, Rev. F. H. Wentworth, Rev. J. C. B. Appel and Rev. J. H. Jenner.

The ladies who attended included: Mrs. J. V. Anglin, Mrs. G. K. McLeod, Mrs. J. B. Travers, Mrs. E. C. Schofield, Mrs. E. A. Smith, Miss Cudlip, Mrs. W. H. Shaw, Miss Fairweather, Miss Lois Grimmer, Mrs. James Ingham, Miss Clara Schofield, and Miss Doris DeVeber.

Chances Are That World Series Will End Today

Joe Page Writes of the Contest in Brooklyn; Detective Tom Barrett Becomes a Royal Rooter

Brooklyn, Oct. 11.—The Red Sox are the one best bet for the 1916 series. So far they have shown that they have the class in all departments of the game over Brooklyn. As a matter of fact I think myself that this is the poorest world series this far from the playing standpoint, that has yet taken place. The one bright particular spot is the work of both teams in that fourteen inning contest in Boston, everyone was on the job and playing the game as it should be played, but at that there were several unexcused plays that prevented or deferred victory.

JOE PAGE

It looked very much at the start of today's game as if Carrigan and his crew were going to repeat the first day's performance of Brooklyn in Boston. However they fooled not only the trolley dodger fans but quite a few of the Boston scribers as well. They started without any pepper and looked like a beaten team, while the others started like a team that was out to overcome a two game lead for the world's series.

In the very first inning, Brooklyn scored two runs on a triple by Johnston, Myers' single, a base on balls to Merkle and a fumble by Janvin.

Home Run by Gardner.
The turning point that gave Boston its chance to take the lead came on a base on balls, Marquard had gone well in the first inning. He had fanned Janvin and Walker after Hooper had been retired. Rube thought he had everything. He tried to cut the corners on Hoblitzel and couldn't do it, so Hobly walked and Lewis followed with a two base poke into deep right, Hobly lited going to third. That meant that the tying runs were on the bags. It was a case of eliminating Gardner. With the count two and three, Rube tried to groove the ball and on all indications he did groove, for Gardner pelted it and it went to deep right centre for a home run. Right then and there the Red Sox had the game sewed up.

Scott, as has been his wont in this series, played another clever game at short for the Red Sox, and made the infield look like a million dollars. His one bright and particular fielding feat was a stop and throw on Merkle in the eighth. Merkle opened the frame with a terrific drive to the right of Scott. Scott went over after it, captured the ball and threw Merkle out. Had the glove filtered through there is no telling what kind of a rally might have followed, for the Dodgers were desperate at this point.

The Red Sox tacked on three more runs after this at various times just to make sure and then they let down on the Dodgers and Leonard went very nicely right up to the finish.

Thursday will probably be the last day of the 1916 world series. Boston has so far outclassed the Dodgers so much

that it is as if the American League had a mortgage on the world's championship. If Boston wins on Thursday the series will end by tomorrow night.

St. John Fans There.

The 1200 St. John fans who will make Boston tomorrow to see the fifth game of the world's series will probably be in at the killing of the Brooklyn's hopes. Among those who are rooting one way or the other is Detective Tom Barrett of St. John, who has been elected a royal rooster. Baseball men and writers who journeyed to Brooklyn found some rabid fans in Brooklyn where they least expected it. The waiters who looked after the wants of the victors to the press headquarters at the Hotel Bossert were the most rabid in town. They bet on Dodgers last they were willing to risk their money on another bet.

Sherly Magee of the Boston Braves, who sat in on the last inquest of the Dodgers, had this one pulled on him. "Brooklyn has worked hard all season," said Magee and they certainly wanted to get into the world's series. "They did," said the waiter, and what is more they will get out of it chumps without as much hard work as they had to put up to get into it." Magee bowed his head and admitted he was licked.

Mutt and Jeff—O Well, Everybody Moves Sometime

By "Bud" Fisher

THE REASON WHY

You don't take sauce? Perhaps not, but if you look for the reason why, you will find it in the fact that the word "sauce" suggests to your mind a thin, dark, hot, tasteless fluid, which, if taken at dinner, runs all over the plate, saturates the vegetables and eventually leaves a disagreeable burning sensation in the mouth. No wonder that under these circumstances you do not take sauce—but, change the circumstances, and the taste will probably change with it.

A new sauce has been introduced by the Midland Vinegar Company of England, which is known as H. P. Sauce, and is quite different to the old fashioned sauces referred to.

H. P. Sauce has proved an immediate success, and is now used regularly by those who previously never took sauce. It is prepared by blending together the choicest Oriental fruits and spices with pure malt vinegar. The manufacturers' secret process produces a thick, fruity sauce which, if poured on the side of the plate can be eaten with the most delicate mutton.

H. P. Sauce is also used very extensively in the kitchen, for housekeepers have discovered that old and familiar dishes of which everyone has grown tired become tempting and delicious when enriched and enlivened with H. P.

All family grocers are selling H. P. Sauce. Of course its success has brought many imitations, but if you ask for H. P. and see that these letters appear on each label, you will preclude the possibility of disappointment.

F. H. S. Trims Freshman.

Pennant Winning Past and Present

How the Old Orioles Would Size up Now—An Interview With John McGraw

(From the World's Series Baseball Magazine.)

John McGraw will not take part in the 1916 championship series. But he has piloted five clubs into pennantville and was a master player on that renowned old team, the Baltimore Orioles. What he has to say on pennant winning in general is the opinion of a high class expert.

"It is getting to be about the most difficult job in the world to win a pennant. Not that it was ever easy, but it gets harder all the time. The competition is keener and the manager is under a heavier strain.

"In the old days a club had only one or two extra players, and an outfielder might be on first base and a pitcher in the outfield when not otherwise occupied. But nowadays with the abundance of substitutes it is a close problem to win games. Pitchers aren't knocked out of the box any more. Let a man start to show signs of distress and he is promptly yanked for another. It takes pretty nearly perfect pitching to get by in the major leagues nowadays.

"Why, I remember a game when I was playing on the Baltimore Orioles when the opposing club scored thirteen runs off our pitcher in the first inning. We wanted to take him out, but he said no, that he would 'settle down' all right and we left him in. And he did settle down. They didn't score any more runs and we finally won the game by a score of fourteen to thirteen. But what chance would a pitcher have nowadays to 'set-

Sneezing Colds, Bad Coughs, Irritable Throat, All Cured

Just think of it, a cold cured in ten minutes—that's what happens when you use "Catarrhone." You inhale the soothing balsams and out goes the cold—cures colds—headache is cured—symptoms of Catarrh and grippe disappear at once. It's the healing power and powerful antiseptics in "Catarrhone" that enables it to set so quickly. In disease of the nose, for irritable throat, bronchitis, coughs and Catarrh it's a marvel. Safe even for children. Beware of dangerous substitutes offered under misleading names and meant to deceive you for genuine "Catarrhone" which is sold everywhere. Large size containing two months' treatment costs \$1; small size 50c. List \$1.50.

and tired after the day's work. That cup of KING COLE TEA, ready and waiting, will refresh as nothing else can quite do. In its warm, generous glow, weariness will be forgotten.

KING COLE TEA

"You'll like the flavor."

Fredericton, Oct. 11.—(Special)—Rugby football season opened here today with Fredericton High playing the U. N. B. freshman team. Fredericton won, 9 to 0. Tries were scored by W. Howie Niles and W. McAdam. None was converted. The freshman team was outplayed at all points.

Quito, the capital of Ecuador, on the Equator, has no regular water supply. Water carriers bring water into the city in jara.

Fredericton Withdraws
The announcement that Fredericton has withdrawn from the Intercollegiate Football League, gives rise to the fears that the league will be broken up. The captain of the Fredericton team has enlisted and, as his services are considered very valuable to the team, it was thought best to withdraw. Representatives from St. John's High and Robbsey College

When a man was on the mound he took what was coming to him unless he got too bad, but nowadays it isn't anything unusual to see three or four pitchers in succession occupy the slab in a single encounter.

"Baseball has become largely a scheme of pitching and machine methods. The grand old free-swinging, quick-thinking sluggers are gone. They had their day I suppose and baseball is undoubtedly advancing. But I sometimes wish most heartily for the return of a few players like the old Orioles."

A boy named Heckman has died at Ongar, Essex, from actinomycosis, contagious in cattle and man, which he contracted by chewing a piece of straw picked up on a farm.

Prize Winners Yesterday

The dog show yesterday was of a quality that has been unequalled here in many years. The stock that was brought before the judges was of a very high standard and competition was high. The attendance at the ring side was large yesterday afternoon and evening. The following were the prize winners for yesterday:

Cocker Spaniels.

Black.

Winners dogs—Revelation, F. E. Stewart, Montreal, 1st.

Winners bitches—Blossom's Baby, Charles Conway, city, 1st; Redeemed, Harry Green, Villa St. Pierre, Quebec, reserve.

Any other solid color.

Winners dog—Teddy, H. Williams, city, 1st; Teddy, William Hankin, reserve.

Winners bitches—Welsh Queen, W. H. Proulx, 1st; Baby, Mrs. A. Gillbank, reserve.

The best local cocker puppy was Baby, owned by Mrs. A. Gillbank and Teddy, owned by James Sprout, city, was second.

The best local cocker any color, was Blossom's Baby, owned by Charles Conway, while the award for the best cocker in the whole show was awarded to Drumclaph Baronet, owned by L. R. Ross, city.

Field Spaniels.

Winners dogs—Jip, E. A. Morton, 1st; Rowdy, Owen Trainor, 2nd.

Sporting Spaniels.

Open dogs and bitches—Rover, Wm. Gaskin, 1st; Flo, E. D. Ring, 2nd; Peter, Wm. Gaskin, 3rd.

Dalmatians.

Winners dogs—Champion Windholme Forever, J. R. Constantineau, Montreal.

Winners bitches—Dot, A. P. Ryan, city, 1st; Quisic, Miss Annie Quinlan, Gollies.

Winners dogs—Coltless Clinker, J. D. Strachan, Toronto, 1st; Collie Swatch, Alex. Thomson, 2nd; Tony, R. H. Irwin, 3rd.

Winners bitches—Hannell Lucille, Geo. Alker, Fredericton, 1st; Coltless Cynthine, J. D. Strachan, Toronto, 2nd.

Bred by local exhibitor—Coltless Clinker, J. D. Strachan, Toronto.

English Bulls.

Winners dogs—Baron of Lambre, J. E. Dowling, Toronto, 1st; Silver Reflex, R. W. Short, city, 2nd.

Winners bitches—Chinook Tenacity, Chinook Kennels, Lethbridge (Alta.), 1st; Ivanhoe Violet, John P. Condon, 2nd.

The winner of the open special was Baron of Lambre, owned by Callaghan Mac, owned by John P. Condon.

French Bulls.

Winner—Baby Pourquoi, G. Rex. Gaultier, city.

Bull Terriers.

Winners dogs—Roseland, Challenger Major, E. E. Frechill, New Glasgow, 1st; Haymarket Glendon, Miss C. F. McCaffrey, Fredericton, 2nd.

Winners bitches—Haymarket Jesse, Miss C. F. McCaffrey, Fredericton, 1st.

This bitch was also winner for special.

Boston Terriers.

Winners dogs—Dowd's Glory, W. B. Leveck, Toronto, 1st; Teaser, Miss Margaret Gilmore, St. John, reserve.

Winners bitches—Lady Butterly, J. H. Cameron, Ottawa, 1st; Tipperary Floss, Geo. T. Kane, city, reserve.

Winner of best Boston in the show, Dowd's Glory, owned by W. B. Leveck, Toronto.

Airedale Terriers.

Open dogs—Polan Maxim, Norman Mackenzie, Ontario, 1st; Levi's Reformer, Dr. J. H. Villeneuve, Montreal.

Local dogs and bitches—Celestial dream, John McCortley, Fredericton, 1st.

Won Three Firsts.

In the English setters, judged on Tuesday, Charles O'Neill, Brussels street, won three firsts with Nancy.

BASEBALL

Canadians Beat Americans

In a return match on last Saturday the Canadian Hospital team from Epson defeated the Americans by a score of 8 to 4. There were three thousand spectators present. The Canadian team included Yandye, Clark and Cron.

Detroit Setts Dubuc

President Frank J. Navin of the Detroit club, announces that he has sold pitcher Jean Dubuc to the Chattanooga club of the Southern League. Dubuc is the oldest pitcher in point of service on the Detroit list. He went to the Tigers from Montreal club in 1910.

GOLF

Miss Stirling Champion

Miss Alexis Stirling of Atlanta, Ga., won the women's national golf championship on the links of the Belmont Springs Country Club by defeating Miss Mildred Cavry of Philadelphia, 2 and 1 in the final match of the annual title tournament.

The winning of the highest golf honor for women by a 19-year-old girl was regarded as the most notable achievement in the history of the United States Golf Association. Miss Stirling showed all the qualities of a champion. She never faltered in any department of her game and in fact, drove to some of the holes like many of the best male golfers of the country.

Her handling of iron clubs was phenomenal, and if any weak streak developed in her play, it came rarely, and then on the putting greens.

ATHLETICS

Extravagance Barred

In turning over the report to the new Yale championship committee, the "pre-cavers" of Yale athletics, Prof. Robert Corwin, George P. Day and Henry Hobson, asserted that if athletics should go to further heights of extravagance and absurdity it might be abolished at Yale. It advocated abolishing high-priced coaches. The report says in part: "The intensity of the rivalry among universities, if unchecked, may so increase as to make intercollegiate athletics an unprofitable scramble for the raising of huge sums of money for the payment of disproportionate salaries demanded by expert coaches. "A lack of discipline from the top to the bottom of the whole structure of the Yale Athletic Association is responsible for many of its ills."

Corkery Wins Road Race

The annual around-the-bay Hamilton Herald classic long distance event was won again this year by James Corkery of Toronto, 190th Sportsmen's Battalion. Corkery won the race last year and his chief competitor this year, as last, was an Indian runner, Arthur Jamieson, 114th Battalion. Corkery's time was 1:51.58, forty-eight seconds slower than last year. E. W. Boulton, 198th Battalion, was third.

RING

Brennan Wins on Points

Frankie Brennan of Detroit, middle-weight champion of Michigan, was the victor on points in a ten-round bout in London, Ontario, on last Monday night, with Young Fisher of Syracuse, N.Y. Both were in perfect trim, but the fans were a trifle disappointed over the exhibition, which seemed to lack the "pep" usually seen in ten-round battles. It was under the auspices of the Sportsmen's Patriotic Association.

For the twelfth time and without opposition in his own party, Speaker Champ Clark has been nominated for congress by the Democrats of Montgomery, Mo.

See Jackie Saunders

See Jackie Saunders—fair haired heroine of a hundred picture plays—in the greatest role of her entire career. See her as Mary Temple—wealthy daughter of a millionaire Steel King—who is saved from death by one of her father's humblest workmen. See her interpret a new and thrilling role every week in Pathé's most spectacular motion pictures—"The Grip of Evil."

PATHE'S Mightiest Film Spectacle

THE GRIP OF EVIL

By Louis Tracy

Featuring Jackie Saunders and Roland Bottomley

Never was a more powerful story of modern social conditions unfolded on the screen. This first of the wonderful feature productions of the new \$5,000,000.00 Pathé Serial Program has set new standards for film dramas. It is bigger, better, more grippingly powerful and supremely interesting than anything you have seen before. It is a master plot in fourteen episodes showing the real side of humanity. See it—by all means! At these Theatres:

Judging Commences at 2 in the Afternoon and 7.30 in the Evening

ADMISSION—25c.; Children, 10c.

TENDERED A SHOWER.

Miss Pauline Tippet of Fairville was the guest of honor one evening this week at the residence of Mrs. Harry B. Tippet, Manawagonish road, when about thirty friends tendered her a novelty shower. The drawing room was artistically decorated in red and white, while the bride-elect was seated under a large bell of red and white sweet peas. Master Ralph Murphy of South Bay, very efficiently performed the duties of cupid, bringing in a wagon well decked with goodies for the bride. Many handsome remembrances were received and Miss Tippet, although taken completely by surprise, tendered her sincere thanks. The party, after an evening well spent in music, games and with refreshments, dispersed with the best wishes to the future bride in her Campbellton home.

Doctor's Narrow Escape.

Dr. E. J. Camworth, of Riverside, while driving in his car at night on the Lumsden road, about four miles from Albert, went over a seventy-five foot embankment, and car and owner went right to the bottom. He had a remarkable escape from death, but suffered a fractured arm, wrenched his arm and received several severe cuts about his head and body.

When buttons are taken from an old dress they should be strung on a string before putting them into the button box.

LOCAL NEWS

LOCAL NEWS

STANTON'S GAIN
The St. John bank clearings for the week ending today were \$1,658,838, corresponding week last year, \$1,292,745.

MILITARY INSPECTION
An inspection of the 62nd detachment was made this morning by Lt.-Colonel J. L. A. Varty, A. A. C., N. B. command, assisted by Major Good.

MRS. ANNIE STANTON
The death of Mrs. Annie Stanton, widow of George Stanton, took place at an early hour this morning. She is survived by one son, Gerald of this city and two daughters, Mrs. William Hayes of Dorchester, N. B. and Mrs. William G. Conway of Adelaide street, where she made her home.

KEATINGE-SPLANE
The wedding of William A. Keatinge of Randolph and Miss Sadie E. Splane of Fairville took place last evening at the home of the bride's parents, Mr. and Mrs. William Splane, Church street, Fairville. The ceremony was performed by Rev. P. B. Hayward in the presence of the immediate relatives. After the wedding a dainty luncheon was served. Mr. and Mrs. Keatinge will reside in Church street, Fairville.

LONGMIRE-BAKER
A very pretty event took place Tuesday morning, Oct. 10, when Miss Clara Alberta, daughter of Mr. and Mrs. J. W. Baker, of St. John West, was united in marriage to Lloyd Lewis Longmire, of Annapolis, by the Rev. J. H. Jenner. After the ceremony Mr. and Mrs. Longmire left by the steamer Empress en route to Digby and Annapolis, where they will spend a few weeks. On their return they will reside in St. John West.

MORE GOOD WORK
The patriotic spirit is surely spreading among the boys and girls of the West Side. Some weeks ago some of the younger set of Blue Rock held a bus-ness among the residents living at the end of Duke street, where the factory is situated.

About five o'clock the night watchman James O'Neill of Gilbert's Lane, had gone into the boiler house at the top of the day. After filling the fire bed with coal, he turned away and was just opening the door to go, when a heavy explosion started by a loud explosion from the boiler. Fortunately for him he was near the door and very little steam was on.

EXPLOSION IN BRUSH FACTORY

Night Watchman O'Neill Had Just Built up Fire—An Explosive in Coal?

An explosion early this morning in the boiler house of the Canadian Brush company caused the death of one man and injured several others. The explosion occurred among the residents living at the end of Duke street, where the factory is situated.

The face plates of the boiler were broken, the brick work of the base was loosened and some wreckage from their position, the smoke-stack which stands about forty feet, swayed and the top capping is now leaning considerably to one side. Windows were blown out. The extent of the damage will not be known until the boiler inspector arrives. The insurance is carried with the Boiler Inspection Company, with head office in Upper Canada.

One in authority in the firm speaking to a Times reporter this morning, said that, in his opinion the explosion was caused by a piece of explosive being in the coal, probably a small bit of dynamite. The accident has caused the suspension of operations with the exception of a few machines on the top floor being operated by a motor.

The watchman escaped with only a few burns about the face.

The Canadian Brush factory concern feel the effects of the setback already as there were some rush orders on hand but it is hoped by them that the damage will prove light and that complete operations will be resumed soon.

KIDDIES TOO LATE TO GET THEIR FRIEND INTO THE SHOW

Two smallurchins with ragged clothes and faces not of the cleanest entered the dog show this morning with a great big towering canine at the end of a cord. The kiddies looked about for a moment and then said that they wanted to enter the weird looking creature in the show. Disappointed indeed were they when they were informed by a kindly disposed gentleman that the entries were closed and that they could call around next year with the dog.

Many of the owners of dogs in the show were busy this morning getting their favorites to look their best in anticipation of coming before the judge this afternoon. Judging in several of the classes will be resumed this afternoon and some important prizes awarded.

POLICE COURT

In the police court this morning, three persons were fined \$8 or two months in jail for drunkenness. William Heenan on charges of drunkenness and interfering with people in the public street, was given nine months in jail.

Jeremiah Hurley was before the court on charge of persistently hanging around the I. C. R. station. I. C. R. Policeman Collins said that he went there about a week ago and has been continually in and out since, although warned and ejected forcibly several times. It is said that the man has relatives at Fredericton Junction and is living on a pension from the American government, but has not received his checks of a recent date. He was sent below for further inquiries.

Flo. N. Charoykova, a Russian soldier, formerly of the 140th Battalion, was charged with being drunk and causing damage to property in the Union depot to the extent of \$10. The soldier, who could talk very little English, said that he was just out of the hospital and could not proceed overseas with his battalion. According to police books, he is now in the 165th Regiment. The automobile cases were dismissed.

PREMIER TO BE NEXT GOVERNOR?

Some Problems Ahead For the Politicians in New Brunswick

There are several elements in the provincial political situation which, while not pressing for immediate attention, must be considered soon by the powers that be, and the moves which will be made are the source of anxiety in some quarters and the inspiration for hope in others.

The present lieutenant-governor, Hon. Josiah Wood, will conclude his term of office next March, and his successor must be chosen. There are several who would be willing to accept the honor, but the Premier's claims have been recognized as the strongest and he is expected to be the next occupant of the lieutenant-governor's chair. It had been reported that the Premier was long for a more permanent berth on the supreme court bench, but that his health has not been such lately as to permit of his undertaking the judicial duties. As his health also is regarded as standing in the way of any prospect of success in active politics and as his service to the party demands recognition, it is said that he will be Governor Wood's successor in office.

The problem of deciding upon the next Conservative leader in the legislature is one which is causing the party more worry. Hon. J. B. M. Baxter has been credited (or charged) with being the power behind the throne for some considerable time, and his friends are anxious to see him in the position of leader. On the other hand, Hon. J. A. Murray is Dr. Baxter's senior in the cabinet and it is understood that he expects the honor. Then there is Dr. Landry, a member of the original Hasen cabinet and a leader among Acadians, whose claims will have to be considered. It was thought, a while ago, that the Premier would be advanced a step towards solution by the retirement of Hon. Mr. Baxter from active politics, but it is understood that the party leaders will not consent that he retire at present, at least not to the jurisdiction to which he is said to aspire.

That judgment has been a source of more than a little trouble within the party, but it is believed that the choice of the new leader, who will take office when Chief Justice McLeod retires, has been settled. If reports are true it is another illustration of the old political adage that "a logical candidate is the candidate who is never chosen." As one vacancy after another has occurred the name of M. G. Free, K. C., has been mentioned as the logical candidate, on account of his recognized qualifications, but each time the appointment has gone to some one else. This time some one else, it is said, will be A. Rowell, K. C., whose participation in politics, according to members of the party, has been on a scale to entitle him to first choice.

There still is the vacancy in the senate, caused by the death of Hon. John Costigan. There are other vacancies in the upper chamber also and, as the dominion government has shown no great hurry in filling the vacant seats, it cannot be expected that there will any day be a change in the New Brunswick appointments. The next senator must be chosen some time, however, and the friends of various candidates are busy urging their claims. M. E. Agar of this province has the unanimous support of the local patronage committee and good backing from other parts of the province. There is at least one barrier reported in the way of the confirmation of this selection, and that is an understanding that M. Burns of Bathurst has the promise of Hon. Mr. Hasen that he will have the first chance. Mr. Burns has a twice defeated candidate, is a brother of a former senator, and stands high enough in the councils of the party to be able to handle some consideration.

Then there are the five vacancies in the provincial legislature which must be filled some day. Hon. John E. Wilson and C. B. Lockhart of St. John, and Mr. Sheridan of Kent retired some time ago to accept dominion appointments; Hon. W. B. Dickson of Albert died in office, and A. J. H. Stewart was forced out of the legislature. No candidates have been named by the government party in these constituencies as yet, perhaps for the reason that there has been a possibility of being on the general election. Meanwhile the time for the opening of the next session is approaching with the prospect of there being five vacant seats when the session is convened.

SUDDEN DEATH OF MRS. EDWARD McSWEENEY IN BOSTON

Daughter of Mr. and Mrs. P. J. Quinn of This City Passed Away Yesterday

St. John friends will be shocked to hear of the death of Mrs. Edward McSweeney, Jr. in Boston yesterday. News reached Moncton in a telegram from her brother-in-law, Eugene McSweeney, who also came to relatives in this city. Death was sudden.

Mrs. McSweeney was Lillian Quinn, daughter of Mr. and Mrs. P. J. Quinn of St. John. She is survived by her parents and two sisters, Mrs. Henry McCullough and Miss May Quinn. She spent some weeks here this summer, returning to Boston only recently. Her husband has for some time been prominent in the financial life of Boston, being secretary to Thomas F. Lawson. Deep sympathy of many friends will go out to the bereaved. A Moncton despatch says:

"Much regret was felt here on receipt of news of the sudden death of Mrs. Edward McSweeney, Jr., in Boston on Wednesday. Information reached here in a telegram from her brother-in-law, Eugene McSweeney, who was in Boston when her death occurred. The deceased lady was Lillian, second daughter of P. J. Quinn, formerly of Moncton, now of St. John. Mr. Quinn for many years conducted a dry goods business in the Caledonia Block here."

BURIED TODAY.
The funeral of Mathew McGuigan took place this morning from his late residence, 73 Queen street, to St. John's Baptist church, where high mass of requiem was celebrated by Rev. E. J. McMoran. Interment was made in the new Catholic cemetery. Among the floral offerings were an anchor of roses from the city dock men and a wreath of roses from the William Thomson Co. steamship dock men.

The funeral of Mrs. Mary J. Lawton took place this afternoon from her late residence, 245 Washington road; services were conducted by Rev. W. G. Lane and Rev. Walter P. Dunham, and interment was made in the old Methodist burying grounds.

In our show room, 37 Canterbury street, we are displaying the largest stock of Office Furniture to be found in this city.

This includes every style of desk—flat top, roll top typewriter and standing bookkeepers' desks, in various woods and at all prices; also swivel and tilting chairs, with armchairs and small chairs to match; typewriter chairs, high stools, both swivel top and stationary; wardrobes, costumers, etc.

We are agents for St. John for the famous "Macey" Inter-Inter Filing Devices, and can supply cabinets fitted to meet the requirements of practically any business, as well as including the devices in the Macey Desk when so desired.
