26TH CONGRATULATED BY GENERAL TURNER FOR GOOD WORK DONE

Letter From Colonel McAvity Will Give St. John New Pride in Its Soldiers—Sergt. Frank Cotter Distinguished Himself

The following is an extract from a letter from Lt.-Col. McAvity of the 26th Battalion, written on Sunday, Oct. 17: "We got out of the trenches on Friday night, midnight, not without loss of several men, all of whom I buried before leaving for here. This bivouac or billet is several miles from the trenches, and is only a paper shack. Three bell tents for headquarters 26th. Cold, wet weather. Almost everyone wears rubber boots all the while when not sleeping. General health of all ranks is high. The men are as game as ever, just looking for trouble, which, from what I see right along, isn't hard to get into. "My regiment has been congratulated by Gen. Turner in general orders for the manner in which it carried out orders regarding the crater attack on Wednesday night. The attack was called a reconnaissance in force. I was ordered to convey to all ranks his thanks for their good and efficient work. "We are going to have a church service this morning, 10.30, by Rev. E. B. Hooper, the first service since coming to France. He, the Padre, volunteered and is coming at considerable exertion from where he is attached, several miles away, at an ambulance station. I believe all ranks are anxious to go to church once more and, though a dirty morning, there will be a good turn out, I am sure, everybody doing their duty willingly. Well, all New Brunswick has got to do is to send along men."

Col. McAvity speaks glowingly of the gallantry of Major Brown and Sergt. Ryder, and refers especially to the fact that Sergt. Cotter distinguished himself in the action which caused his death.

SOLDIERS WRITE OF THE GREAT CHARGE

The story of the charge of the 26th of the casualties among his comrades and of his own remarkable escape, is told by Private W. D. Stewart in a letter to his wife, residing in Clarence street. He says: "We have had a warm time this trip. I was in the thick of it and just got out safe by the skin of my teeth. It was as hot as ever I want to see it. We got quite a lot of casualties this time, but No. 10 platoon was lucky, as we were the only platoon that had none at all. Four of us were in the thickest of it and came out without a scratch. It was terrible to see the poor fellows killed and wounded. They asked for volunteers to bring in the wounded and I was one of them to go out and help bring them in." Arthur Ingram. "In a letter to his parents, Mr. and Mrs. W. L. Ingram, 40 Forrest street, Private Arthur Ingram of the 26th tells how he was wounded in the famous charge of the picked company. By good fortune he escaped with only slight wounds and says he hopes to be around again in a week or so. He was hit three times in the right leg, but had a narrow escape from more serious injury or death, as his smoke helmet, which was hung on his side, was blown to pieces. The censorship prevents him telling the details of their charge, but he says they succeeded in driving the Germans out of their trenches and capturing them. He mentions Harold Delaney from Freeport, a chum of his, who was wounded slightly in the head, and speaks with sorrow of those who died while taking part in the charge. At the time of writing, Ingram was in a first aid dressing station, and says he was getting on well towards recovery. S. L. T. HARRISON GOES TO WAR; BUSY EAST SOLD

Sir Charles Tupper Dead Last of the Fathers of Confederation Passes Away in London At Age of 94

Ottawa, Oct. 30.—Sir Charles Tupper died this morning in London. Word came to Sir Robt. Borden from Hon. G. H. Fugatey. The Right Hon. Sir Charles Tupper, C.M.G., eminent Canadian conservative statesman, and the last of the fathers of federation, was born in Amherst, N.S., on July 2, 1821. He was educated at Horton Academy, graduated in medicine at Edinburgh University, and returning to Nova Scotia began practice in his native town, and soon reaching eminence in his profession was president of the Canadian Medical Association, 1867-70. Entering the Nova Scotia legislature in 1855, as member for the Cumberland district, he identified himself with all the important legislation of the period and was provincial secretary, 1858-60. While in England, in 1868, on business connected with the Intercolonial railway, he conferred with a number of prominent statesmen regarding the project for confederating the provinces of British North America. He was prime minister of Nova Scotia, 1864-67, during which period he passed the free school law, and after the union of the Canadian provinces, he sat in the Dominion House of Commons until 1870, when he entered the cabinet as president of the council. He filled the post of minister of internal revenue, 1872-74, was

minister of public works, 1874-76, and minister of railways and canals, 1876-84. He was knighted in 1876, and in 1888 was created a baronet for his services in connection with the Tupper Treaty at Washington. He was high commissioner for Canada in London, 1884-87, and after a year as secretary of finance in the dominion government, was recalled to London as high commissioner in 1888. In January, 1888, he entered the Ottawa administration as secretary of state, and later succeeded Sir Mackenzie Bowell as prime minister of Canada. His party being defeated in June on the Manitoba School Bill, he resigned and at the assembling of the Canadian parliament in August following, became leader of the opposition, while Sir Wilfrid Laurier succeeded in the premiership. Sir Charles was a great campaigner, and a forceful, and at times, eloquent public speaker. Since his retirement he has resided in England. SIR CHARLES TUPPER

CAPT. GERALD FURLONG WRITES FROM TRENCHES Has a Perilous Job But is Glad He Offered—A Word to His Friends

Mrs. Kathleen Furlong Schmidt has received a letter from her brother, Capt. Gerald Furlong, in Flanders, in which he relates most interestingly some of his experiences within 200 yards of the German trenches. Captain Furlong performs the rather perilous duty of collecting, sorting out and packing the personal effects of men having fallen on the battlefield. He writes that he has several times heard the whistle of "Krupp confectionery" around his ears. The St. John boy has also been assisting in the censoring of letters being sent from the zone of battle. He writes that it is perfectly wonderful how the men maintain their cheerful mood throughout the great stress of strife and especially when they are brought in from the field with wounds. He has not yet heard a kicker in a trench. In fact, the fellows seem to outdo one another in making light of their injuries and are never heard to complain. Capt. Furlong wishes to be kindly remembered to his St. John friends and says on his word they may be forwarded to relatives. While thus engaged he has several times heard the whistle of "Krupp confectionery" around his ears. The St. John boy has also been assisting in the censoring of letters being sent from the zone of battle. He writes that it is perfectly wonderful how the men maintain their cheerful mood throughout the great stress of strife and especially when they are brought in from the field with wounds. He has not yet heard a kicker in a trench. In fact, the fellows seem to outdo one another in making light of their injuries and are never heard to complain.

PIEPSHOT MILL, SALMON RIVER, BURNED DOWN

The big saw mill of the Peipskot Lumber Company at Salmon River, St. John county, was destroyed by fire last evening with a loss roughly estimated at \$20,000. The fire was confined to the mill. The alarm from the mill sounded at 9:45 o'clock, and almost simultaneously the mill seemed to burst into flames at both ends and in the middle. In fifteen minutes it was practically destroyed. There is nothing to indicate how the fire started. When it was seen that there was no hope for the mill every effort was concentrated on saving the surrounding property. In the immediate vicinity were the conveyor, a large pile of lumber and the buildings of the mill village but all were saved by the energetic efforts of the men. It is believed that the value of the property destroyed was about \$20,000, but information regarding this and also insurance is kept by the New York office. Apart from the direct damage there will be a heavy loss in the interruption of the work and it will be a serious thing for the 100 to 150 men who have been employed there, and their families.

LONDON PAPERS' VIEWS OF NEW YORK TRIBUNE EDITORIAL ON WAR

New York, Oct. 30.—A cable to the Tribune from London says: "The New York Tribune's editorial on 'Germany is beaten' has been called here, and is given considerable prominence. The Daily Express says: 'It has always been extraordinarily difficult for people in this country to obtain a clear view of the course of the struggle as it presents itself to the important judgment of neutrals. With one exception, the editorial on the British public from the first has been kept very fully informed. It is represented admirably in the editorial on the British article which has just appeared in the New York Tribune.' The Daily Express says: 'We are unable to accept the optimistic conclusion of the New York Tribune that Germany is already beaten. We have learned too much of the skill and determination of the enemy to allow ourselves again to believe in comfortable illusions. Nevertheless we may go so far with the friendly American critic as to agree that there is an increasing assurance that Germany will assuredly be beaten, unless we continue to blunder or fall in our purpose.'"

A TURN FOR THE BETTER Turn your attention to the good value in overcoats at Turner's, Out-of-the-high-rent-district, 440 Main. 11-1.

Plans for increasing the members were discussed at a meeting following.

LOOKING OLD TOO SOON

The Condition of Too Many Women and Too Many Girls

Too many women and too many girls look old long before they should. Their faces become pale and drawn; wrinkles appear and their eyes look wrinkled. Can this be wondered at when they so frequently have headaches, backaches and a general feeling of weakness?

It is important that the blood supply of girls and women be regularly replenished—important not only on the score of looks, but to restore robust health, which is of greater value. Dr. Williams' Pink Pills actually make new blood and restore the system shattered by overwork or worry. These pills give a glow of health to pale faces and make tired, weary women and girls feel bright and happy.

With Dr. Williams' Pink Pills at hand there is no need for any woman or any girl to look ill or feel ill. Mrs. J. McDonald, Jr., Hay (Ont.), says: "I honestly believe Dr. Williams' Pink Pills saved my life. Some years ago I had anaemia, and as I did not sleep nor eat well, and could not go upstairs without stopping to rest. At times I had an almost unbearable pain in my back and would have to remain in bed. I suffered almost constantly from a dull headache, and when sweeping if I would stoop to pick up anything I would get so dizzy that I would have to catch hold of something to keep from falling. At times my heart would beat so fast that I would have a smothering sensation. My eyes were sunken and my hands and limbs would be swollen in the mornings. I tried several kinds of medicine without benefit, and my friends thought I would not recover. Then I began taking Dr. Williams' Pink Pills, and before long could see and feel that they were helping me. I gladly continued the use of the pills until I was completely cured and I cannot say enough in their praise, and I strongly recommend them to all run-down girls and women."

CANADA'S NEW BIRTH.

A WORD TO RAILROAD MEN. Does your watch pass the inspectors? Has it been recently cleaned and repaired BUT CONDEMNED BECAUSE YOU DID NOT HAVE THE WORK DONE BY THE OFFICIALLY APPOINTED INSPECTORS? We have absolute information that some inspectors are unscrupulous enough to resort to this means to bolster up their failing business.

That is the new birth which has come to Canada. The shock of war, which made men of so many of our boys, and transformed into heroes the unconsidered lads who strolled our streets in the gay and careless abandon of golden youth, has introduced to the world a new Canada, and revealed to ourselves in a new and nobler aspect. The petty prejudice of class, the petty strife of race and creed, have broken down in the trenches, in the hospitals, in the Red Cross depots, and everywhere save in the narrow souls of some with whom intolerance is the only virtue and hatred the only passion.

France has followed the example of England and formed a coalition government to prosecute the war. Operations on the Gallipoli peninsula have not been abandoned. The Allies shambles today because Germany, in the arrogance of her pride, turned away from the true sources of a nation's greatness, and sought to thrust her doctrines down the throats of her neighbors, who only asked the privilege of being true to the dictates of honor and to live their own lives in peace.

ST. JOHN'S ANSWER. St. John's answer this week to King George's appeal, and it is also an answer to the Kaiser whose guns and explosives robbed this city of the lives of some of its brave young men, leaves no doubt of the spirit and determination of the people. More men and yet more men will go from St. John at the call of duty, to avenge the death of their comrades and to have a share in the glorious task of crushing forever the spirit of Prussian militarism.

The Baker's Story. Mr. C. is a Baker; August 11, 1913, his employer had one of FOLEY'S SOVE LININGS THAT LAST put into the bakery stove. Mr. C. bought a stove for his own house. It had the old-fashioned linings, and when these gave out, the linings in the bakery were still good.

SOLDIER SONGSTER ON OPERA HOUSE STAGE

Veteran of Boer War Has Composition Dedicated to the 104th

Mr. Russell appears with the Partello Stock Company at the Opera House this coming week as a special vaudeville feature, singing his own original songs. In his native country he is known as a soldier-poet, due to his long service with

the Australian military forces. He served with distinction all through the Boer war, with the South Africa Light Horse, under Hon. J. Byng, colonel in General Buller's command, going in as a trooper and rising through the several non-commissioned ranks and being made a lieutenant for gallantry under fire. He wears with pride a long service medal with six bars. In his tour of the world he has sung before Lord Kitchener in Pretoria and Lord Cromer in Cairo.

During the coming week, Mr. Russell will sing his latest composition, "Canada's Reply to the World," which he has dedicated to the 104th New Brunswick Battalion.

Jack Russell, Australian Merry-maker, With Partello Stock Company at the Opera House.

GAS, HEARTBURN INDIGESTION OR A SICK STOMACH

"Pape's Diapepsin" Ends All Stomach Distress in Five Minutes

Time it! Pape's Diapepsin will digest anything you eat and overcome a sour, gassy or out-of-order stomach sure within five minutes.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, distasteful headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach were there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapepsin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

from the pen of Roy Norton with the scenes laid in the far west and a two part Lubin feature, "From Champion to Tramp," with Rommie Fielding in the leading role, will be presented. There will, of course, be the usual comedies and the Gem orchestra. The mid-week show will have "Spontaneous Combustion," a rather two-part episode in "The New Exploits of Elaine," together with war pictures in the British-Canadian news weekly, comedies, and other features. Special features are given daily at the Opera House.

OPERA HOUSE

Tonight, at the Opera House, Partello Stock Company offer "Pally of the Circus" for the last time here. In addition to the play there are two good vaudeville features.

Monday, Tuesday and Wednesday of the coming week the company presents, for the first time here, a strong dramatic play, "The Shepherd of the Hills," a dramatization of Harold Bell Wright's famous book. Since its first production in Chicago the play has been just as big a hit on the stage as the story has been in book stores.

There are many dramatic episodes in the play, but its strength lies in the unfolding and development of its characters. The shepherd is a most impressive figure. The young woman who is the heroine of the story is a beautiful character—there is a young, likeable hero—in fact, there is love interest, strong drama, good comedy and all the other elements that go to make up a play that grips one at the very start and holds the interest firmly clenched until the final word is spoken. If you have read Harold Bell Wright's novel, you should see the play—if you have not read the story, see the play anyway.

There will be the usual vaudeville features.

WEIRD VENTURES ON LAND AND SEA

"Neal of the Navy" Has Strange Encounters — A Dashing Hero and Pretty Heroine — Gem's Next Week Bills

The story told at the Gem Theatre today, "The Failure," is the popular and topical serial "Neal of the Navy," which was favored with yesterday's audience. It was exciting and gripping, dealing with two adventures and romance of a manly young lieutenant, and another two part episode next week, "The Tattered Parchment," on Friday and Saturday, will carry the story further along. On those days also another chapter, "What 'Towers Fall Out,'" will be given in the Kaleid series, "The Mysteries of the Grand Hotel." The week-end bill today is especially attractive.

BOY OF FIVE SHOTS ONE YEAR YOUNGER

Boston, Oct. 30.—Elito Giannone, the four-year-old son of Mr. and Mrs. Carl Giannone, of Winter Hill, is in the Somerville Hospital, probably fatally wounded from two .38-caliber revolver shots discharged by Melvin Hurley, the five-year-old son of Mr. and Mrs. James M. Hurley of Winter Hill.

DANDRUFF GOES! HAIR GETS THICK, WAVY, BEAUTIFUL

Save your hair! Double its beauty in a few moments. Try This!

Hair stops coming out and every particle of dandruff disappears

Try as you will, after an application of Danderine, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—you hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.

Danderine is to the hair what fresh showers or rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

Break a Child's Cold by Giving Syrup of Figs

Cleanses the Little Liver and Bowels and They Get Well Quick

When your child suffers from a cold don't wait; give the little stomach, liver and bowels a gentle, thorough cleansing at once. When cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

If your child coughs, snuffles and has caught cold or is feverish or has a sore throat give a good dose of "California Syrup of Figs," to evacuate the bowels no difference what other treatment is given.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a 30-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company."

Diamonds

The "War" has not lessened the demand for Diamonds—the reason being, no doubt, that of all commodities "The Diamond" is affected less by business panics or depressions than any other.

It is stable. It holds its value, while other classes of merchandise suffer.

It is thus a safe investment at all times. Our prices have not advanced.

We can show you some excellent values.

Remember the 'Lone Soldiers' on Monday; Send Christmas Cheer

"Lone Soldier Day" will be observed in St. John on Monday, when Christmas gifts for friendly soldiers at the front will be received by the Loyalist Chapter I. O. D. E., at the Dufferin Hotel sample rooms.

To make sure that packages will arrive in time it has been necessary to make an early start. While the other chaps are receiving their Christmas packages from home it is to be expected that many of the men, friendless and without families or relatives to remember them would feel all the more keenly their own loneliness. To help cheer these soldiers and to give them a share in the festivities, the young ladies of Loyalist Chapter are lending their efforts.

While fruit cakes, hard candy, tobacco, cigarettes and other luxuries might be the most appreciated as Christmas gifts there is a long list of toilet supplies, small articles of clothing and other things which would be warmly welcomed.

Any one wishing to give the lone soldier a share of the Christmas cheer may send contributions to the Dufferin sample rooms on Monday from ten o'clock a. m. to six o'clock p. m. The goods will be packed by the members of Loyalist Chapter and will be forwarded free of charge through the Soldiers' Comforts Association.

Beautiful Tourist Route

A prominent lady traveler from Brooklyn (N. Y.), who has just returned from a trip to the Pacific coast and the Panama Pacific Expedition, has written to the Grand Trunk Pacific as follows: "I want to let you know how I enjoyed my trip to San Francisco this summer, journeying over the Grand Trunk Pacific via Fort William, Winnipeg, Edmonton and Prince Rupert. The scenery from Edmonton to the Pacific coast was a combination of Switzerland and Norway, and last but not best, that beautiful journey from Prince Rupert to Seattle. There is nothing in Europe (and I have traveled in every country of Europe), that is more charming, more gloriously grand and beautiful than this rail."

"The courtesy shown at your hotels, the Fort Garry and Macdonald, was all that one could wish for. Let me say a special word for the Macdonald—beautifully situated, beautifully built, and beautifully managed."

DODD'S KIDNEY PILLS

FOR ALL

You need good heavy underwear. You can get it here all weights. Call and make your selection now at Corbett's, 194 Union street.

AN EASY WAY TO GET FAT AND BE STRONG

The trouble with most thin folks who wish to gain weight is that they insist on grugging their stomach or stuffing it with greasy foods, rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.

Thanks to a remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This master-stroke of modern chemistry is called Sargol and has been termed the greatest of flesh builders. Sargol aims through its re-constructive powers to coax the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to every starved, heaving-down cell and tissue of your body. You can readily picture the result when this amazing transformation has taken place and you notice how your cheeks all out, hollows about your neck, shoulders and bust disappear and you take on from 10 to 30 pounds of solid, healthy flesh. Sargol is absolutely harmless, inexpensive, efficient. Leading druggists, St. John and vicinity have it and will refund your money if you are not satisfied, as per the guarantee found in every package.

Caution—While Sargol has given excellent results in overcoming nervous dyspepsia and general stomach troubles it should not be taken by those who do not wish to gain ten pounds or more.

THE CHARM OF MOTHERHOOD

Enhanced by Perfect Physical Health.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

VENO'S LIGHTNING COUGH CURE

How to Look Less Than Your Age

There are three golden rules that every woman who would ward off signs of advancing age should follow: 1. Those who understand the physiological effect of worrying, know the value of a good rest. 2. To look young or withered, use ordinary mercantile soap for the face. 3. Apply a night cream, erasing it morning with warm water, and a day cream, absorbing the thin film of surface skin, leaving the fresh and young skin underneath. An ounce of the wax, obtainable at any drug store, is enough to rejuvenate any complexion.

1. Wash the face with warm water, soap or cheek and chin muscles begin to sag, take the face upon a day for while in a solution of powdered maceille, 1 oz., dissolved in 1/2 pint of water. This solution absorbs the thin film of surface skin, leaving the fresh and young skin underneath. A remarkable effect in "firming up" and smoothing out the skin.

A method similar to the "punch-the-clock" system for church members has been inaugurated in a Pilgrim, N. J., church. Instead of a time clock there is a board with pegs and tags bearing the names of the members. Those who attend turn their tags over to the reverse side and thus the pastor can tell at a glance who the faithful ones are.

MAY PROHIBIT ALL EXPORTS

Rumor of German Plan to Induce United States to Seek End of British Blockade of Traffic

Washington, Oct. 30.—Unofficial information reached Washington through several reliable channels that the German government contemplated the prohibition of all exports from that country. Such an embargo would not only raise serious issues for the government of the United States, growing out of the importations of German goods, but would result in losses, running into the millions, for American importing houses, which for months have been clamoring for German and Austrian goods for this winter's holiday trade. These goods have been tied up in Holland, Germany and Austria by the British order-in-council.

To complicate the situation involved in the effort to bring these American-owned goods to the United States, it was learned that the British government was contemplating the prohibition of the passage of any goods of the class upon which Germans might have placed such an embargo. This, it is said, would seriously hinder the efforts of the state department's trade advisors to facilitate the shipment of such goods.

There has been no official confirmation of either of these reports, as to projected action by Germany and England, but the unofficial reports that reached Washington today are known to have been supplemented by similar information reaching private interests in New York city. The information is of such a character that officials here are inclined to regard it as authentic. Should this be so it is probable that President Wilson and Secretary Lansing will find it necessary to take vigorous diplomatic action in an effort to facilitate the movement of American-owned goods now in Germany.

According to the unofficial information received here, the Berlin government contemplates the embargo in an effort to force Great Britain and the allies to relax the blockade and to permit American cotton and other goods to enter Germany when destined only for the use of the civil population. It was intimated here tonight that the Berlin government felt that in the present condition of affairs, Germany could very well afford to establish such an embargo. The probable purpose is to force President Wilson to take a decisive stand in behalf of the freedom of the seas. In one of his notes to Germany during the controversy over the submarine, President Wilson asserted that he intended to leave no stone unturned to maintain the freedom of the seas for all American commerce, and that he would challenge all efforts to restrict such freedom of the seas for American commerce from whatever source assailed. The information reaching Washington is that unless the United States govern-

Julia Arthur AGAIN BEFORE THE FOOTLIGHTS

Of a now famous actress who played earlier years with W. S. Harkins in St. John the following is an interesting sketch. She returned to the stage this week.

Julia Arthur is to return to the stage. It was rumored a short time ago that the great artist and famous beauty had about determined to reconsider her decision to retire forever from the theatrical world, but the confirmation of the fact was obtainable only today.

Great as was the surprise and almost nation-wide protest when Mary Anderson announced her intention of retiring from the stage it was as nothing compared to that which arose when the beautiful Julia Arthur declared she would never appear before the footlights again.

Her marriage shortly afterwards to E. F. Cheney, of Boston, millionaire and member of one of the oldest Back Bay families, convinced those who had held out the hope that she might reconsider her determination, and regrettably they accepted her decision as final.

And now she is to come back. It is the lure of the stage that is bringing her—that and one other thing. Inexpressible happy in her married life, with everything that limitless wealth can give, possessor of an honored place in the best circles of the drama; standing first among our country's charming and talented women of the stage, it would not have been surprising were Julia Arthur content never to step

Who is Dr. Jackson? For years he taught food chemistry, dietetics and diseases of the digestive tract in one of the large medical schools of the continent. In his extensive experience in free clinics he worked out the formula for Dr. Jackson's Roman Meal, a compound of whole wheat anise, with deodorized flaxseed and bran. It nourishes better than meat, prevents indigestion and positively relieves constipation or "money back." Ask your doctor. At all grocers, 25 cents.

CANADA WILL GIVE 250,000 SOLDIERS

So Far 173,000 Have Enlisted—Fifteen Recruits Here Yesterday—Recruiting Meeting Produces Results

Up to yesterday, reports at Ottawa showed that the number of recruits enlisted in Canada was 173,000. An official call is to be made increasing this number to 250,000 by next spring. Of the men in arms, 101,500 have gone overseas.

Fifteen men signed the colors in St. John yesterday, making 185 in two days. They were George Sudsbar, Leonard and William Moore, James F. Scourah, George Ogston, Harold K. Hickman, Guy Paries, John Jessa, Albert E. Parks, William Alexander, Robert C. Phillips, Harold J. Aherley, Nelson Manning, Leonard F. Osborne, Bertley Goodine. Many of these volunteered last night at another successful meeting in the Queen's rink at which John Keefe presided, and stirring addresses were given by Rev. R. F. McKim, and Sergt. Knight.

Major Percy Guthrie of Fredericton was accorded a hearty welcome in Woodstock yesterday. He will deliver a patriotic address there today.

Stanley Chambers, a young Canadian soldier who enlisted in the west with the 10th Battalion, is in the city today. He lost his sight in the fierce fighting at Ypres and after having been treated in hospital, was invalided home. In a miraculous way his sight was restored. When the Hesperian sank he was aboard, and the shock gave him back his eyesight. He gave a slight address here yesterday at the Fisher building, German street, where an exhibit of war trophies which he helped secure, was being made.

Among the recruits with the edge battery are Donald and Norman Macaulay, sons of B. R. Macaulay, and Albert,

son of D. J. Brown, both of Macaulay Brothers & Company.

Patrick Floyd who has joined the siege battery, was honored by his associates on the staff of Unga's Laundry yesterday, when they presented a gold watch to him. H. Golding made the presentation in behalf of the members.

JAMES J. HILL GIVES HARVARD SUM OF \$125,000

Boston, Oct. 30—Gifts to Harvard University amounting to \$141,847.50, are announced. The largest single item was the gift of \$125,000 from James J. Hill, which is to be added to the principal of the James J. Hill professorship.

BLUBBER AND SEAL FOR THE HUNGRY GERMANS

Berlin, Oct. 30—The Lokal Anzeiger is advocating the use of "polar meat" to relieve the scarcity of meat in Germany during the war and afterwards. The newspaper quotes Nansen's "Farthest North," in which the explorer tells how he enjoyed the oyster-like deliciousness of blubber and whale meat.

A popular restaurant is now billing blubber, boiled or baked, and it is suggested that if whale pleases the public, seal meat will be added.

The German papers state that the provisioning of Belgium has been temporarily guaranteed for a year between the government-general and the ministers of the United States, Spain and Holland and the British government. It is asserted that England, after long negotiations, agreed to hinder in no way the supplying of the Belgian civil population with food by sea until the harvest of 1916, the German government undertaking in return to hand over the entire 1916 Belgian grain crop to the Belgians.

Two New York women have for nine years contributed \$1,000 each year for the aid of wives and children of disabled life-savers and for widows of those who have lost their lives in the service. The women are known only to Supt. I. M. Kimball of Washington, who receives the check. The 19th check has just been sent for Christmas distribution.

A man is as old as his arteries. The walls of the arteries grow thick and hard through a constant high-proteid diet. Cut out heavy meats for a while and eat **SHREDDED WHEAT**. It will postpone old age and help you keep the buoyancy and vigor of youth. Contains all the body-building material in the whole wheat grain in its most digestible form. It contains the bran coat—Nature's laxative for keeping the bowels healthy and active. Why not be "a youngster at fifty?"

Shredded Wheat is made in two forms, BISCUIT and TRISCUIT—the Biscuit for breakfast with milk or cream, or with fruits; Triscuit, the wafer-toast, delicious for luncheons with butter or soft cheese, or for any meal as a substitute for white flour bread.

A Suggestion for Efficient Economy

Throughout the Empire has gone the call for personal economy to meet the extraordinary demands of the war. Here is a timely suggestion to men who have been spending from \$25.00 to \$75.00 a year on barber shop shaves:

Invest five dollars in a **GILLETTE Safety Razor** and shave yourself at home.

The saving will not be limited to money—the time you'll gain will be even more important, for the morning shave with the Gillette need not take more than five minutes.

And the comfort rivals the economy. Though you never shaved yourself before, you'll have no trouble in getting a clean, cool, safe shave with the Gillette Safety Razor. No more waiting your turn in the chair—no more breaks in the morning's work—no more dependence on unknown barbers when travelling, for the Gillette works anywhere.

Truly, the man with a Gillette is an efficient economist. Get one yourself to-day. "Bulldog", "Aristocrat" or Standard Sets cost \$5.—Pocket Editions \$5. to \$6.—Combination Sets \$6.50 up. Your Hardware Dealer or Jeweler will show you an assortment.

TALK OF BASEBALL PEACE AGAIN HEARD

Chicago, Oct. 27 - Chicago papers print today a story that peace terms have been reached under which the Federal League and the National League will unite.

The peace plan, according to the story published, includes the possible purchase of the New York Nationals by H. Sinclair, owner of the Newark Federals and the union of the National and Federal League teams in Brooklyn, St. Louis, Pittsburgh and Chicago.

Chicago, Oct. 27 - Chairman Augustus Herrmann of the National Commission, when told today of the report that peace terms had been reached between the National and Federal Baseball Leagues, said: "I can say nothing, or rather I have nothing to say, but it is a story worth printing."

The Boston Red Sox have been particularly successful in the system of sending to the minors for a year players who, when they made their debut into fast company, did not show up well.

Carigan, for instance, was sent to Toronto to develop after he had reported to the Boston. Thomas was shifted to Sacramento to learn the tricks of the profession. Leonard was farmed to Denver for a season before he was able to make good.

The Man In The Street

Well, well Here's a whole week gone by without another Hughes becoming a general.
 King George may congratulate himself that his seat on the throne is more secure than was his seat in the saddle on the occasion of his accident, and his hold on the hearts of his subjects more solid than either.
 It must have been a recruiter with a sardonic idea of satire who posted the plea "Wake Up! You Country Needs You" in front of Fernhill.
 "What will Greece do?" is the subject of endless discussion. Rather a slippery subject to deal with, eh what?
 King Constantine's attitude seems to be that of the man who wants to be allowed to put up his bets after the horse-race is over.
 Forget The Transfer, Too
 Let us hope that no feelings of spite on the part of any city or company official will further delay unnecessarily the running of the cars through to Indiantown now that the concrete has been laid.
 The Kaiser has denied the story that he has \$1,000,000 on deposit in the Bank of England—He'd have a fat chance of getting it, anyhow.
 "Another Maine man was shot this week in mistake for a deer. People who advocate a close season for hunters were right."
 Fellow who have regarded joy-riding as a luxurious pleasure partly because of the cost of it, may now transfer their regard to the beer wagon if they hold to the same viewpoint. It cost a local \$80 to drive a beer-wagon from the city to the One Mile House this week.
 But Don't Do It Again.
 The United States is facing another "serious crisis." This one is caused through the infringement of neutrality by German agents plotting against munition shipments. It is not known what the next "critical situation" in the States will be, but whatever it is, there is no doubt that the nation, having come through so many, will be equal to the strain.
 This probably means more work for President Wilson's secretary in the way of correspondence.
 And it's remarkable how many "last straws" there are in a national bundle.
 Have One Saturday Night, Anyhow.
 It was probably with no intention of taking advantage of the advertising done by the recruiting committee this week that a local business house inserted in one of its show windows a poster appropriate to their display. They were making a feature exhibit of their fixtures, and just in front of a large bathtub was displayed the now familiar poster: "Ye have been waiting, waiting, waiting, etc.—Can you afford to wait any longer?"—Of course people with a strong sense of humor saw a chance for a smile whether they took the tip or not.

HIS FATHER WAS IN FAMOUS MARCH OF THE 104TH REGIMENT
 Ralph London Now Has Two Boys of His Own at Front in France
 Events of more than a century ago do not seem so much like ancient history to a man who is familiar with them through the stories told by his own father. To Ralph London of Wright street, caretaker for the St. John Tennis Club, the famous march of the 104th who tramped on snowshoes in the dead of winter from Fredericton to Quebec, is a matter of family history. His father was a member of the regiment and was one of the few who went through the Upper Canadian campaign and returned safely again to New Brunswick. Mr. London was a small boy when his father died but he still remembers the tales of that remarkable march and of the fierce fighting in the war of 1812 which his father related.
 The military traditions of the family are being well upheld and Mr. London now has two of his boys at the front in France. Gunner Roy B. London is with the Divisional Ammunition Column of the second contingent and Gunner Samuel London is with the second Canadian heavy artillery.

MONCTON BANDSMAN IS FATALLY STRIKEN PLAYING AT A SOLDIER'S RECEPTION
 Moncton, Oct. 30.—Walter S. Bonness, whose death occurred on Thursday night following an attack of paralysis, possessed unusual ability, both as a musician and a mechanic. He was a member of the Citizens' Band. He suffered the fatal stroke while attending a reception in honor of Pte. Arthur LeBlanc, a returned soldier. He continued to play a selection after one arm was numb, thinking it was only "sleazy." Mr. Bonness was a native of Summerside, P. E. I.

ST. JOHN MAN IS INJURED IN CALGARY
 Joseph P. Nason, formerly employed with H. Horton & Son in St. John in the manufacture of military harness and equipment has met with a painful accident in Calgary. While working in a harness factory his hand was crushed in a power splitting machine and blood poison set in. The surgeon suggested amputation of two fingers and possibly the whole hand but Nason has refused as he has hopes of saving the hand. He is thinking of returning to St. John to consult his family doctor. This information comes from a friend of his in Calgary in a letter to the Times.

Store and Home
 Newspapers advertising is the direct link between store and home.
 People look to the advertisements for the news that will guide them to satisfactory buying.
 They patronize stores that advertise and they buy advertised goods.
 No other medium forms such an active link between store and home as the daily newspaper.
 No advertising brings such profitable results as newspaper advertising.

HOW IS ST. JOHN TO BE TREATED?

Two Battalions Can be Easily Wintered Here—Halifax May Reap Benefit of \$400,000 a Month—There Are Other Matters Also
 To the Editor of the Times:—
 Sir—The larger the amount of money cleared in St. John, the more readily the people will be able to respond to the appeals made to them in behalf of all funds, and the easier it will be for merchants and manufacturers to maintain their business in a normal state, giving employment to their able, who in their turn will reap a benefit.
 For this reason we feel that more than one battalion should be quartered in this city for the winter, since there is ample accommodation.
 As an example, let us consider the case of Halifax. That city has some four thousand regular troops. If we add to these the 64th and 88th Battalions and other units in training for overseas, there will probably be more than seven thousand, besides eight hundred men, as we understand it, worn on the terminals. In all there would be, say, eight thousand men. The board and pay of each of these would represent not less than two dollars per day, or \$16,000 in all per day. That would be \$480,000 per week, or say \$400,000 per month.
 This great amount of money put in circulation must have a very stimulating effect upon every branch of trade, and illustrates very clearly the benefit St. John would derive from the presence of even two battalions here. We feel, therefore, that the hands of the Hon. Mr. Hasen should be strengthened in every possible way to ensure that result, and that it is purely a business matter and in the interests of the city as a whole.
 Yours,
 A. O. SKINNER,
 F. W. DANIEL.

A correspondent in last evening's Globe points out that St. John is still without an elevator for grain over the I. C. R. He intimates that the last new wharf at West St. John cannot be used until the breakwater has been extended to Partridge Island, and that though the contract is said to have been awarded for this work, the contractors have not been permitted to go on with it. In Halifax, he says, 1,000 men are at work on new terminals. He says further that horses, \$400 should go from St. John, are to go from Portland and Boston. Regarding troops to be wintered in St. John, he says we are kept in the dark, and while we may get a battalion, or perhaps two, or none at all, Halifax will get at least three. He refers also to the delay in the Valley Railway matter and asks how much longer the people of St. John will put up with this sort of treatment.
