There is a kind of imperialism which would be no more popular here than elsewhere in Canada.

There is a kind of imperialism which would be no more popular here than elsewhere in Canada, for autonomy is very dear to the Canadian heart; but the imperial partnership which has come to pass is entirely to our liking.

Had our visitors time to give they would find much in the history of this city and province to make them, if possible, more devoted to those principles of government and ideals of liberty which went with the British flag to widely scattered regions of the earth, to be the inspiration of new commonwealths.

The Land of Evangelism is invested with a new interest by yesterday's ceremony when Lady Burnham, in the presence of people from five continents, unveiled a statue in honor of the heroine of Longfellow's poem.

It is announced that Premier Meighen will speak at a political picnic near Belleville, Ontario, on Aug. 11, and it is intimated that he will then deal with the tariff policy of his government.

The fact attendant in the railway yard this morning calls for a thorough investigation. Universal sympathy goes out to the families of the men who lost their lives.

It had been hoped that the present summer would witness a great reduction in the quantity of manufactured lumber stored in New Brunswick, but conditions have not been favorable.

St. John to have the new hotel? It is up to the citizens. If the project fails of accomplishment, what excuse can be offered?

Mr. Etienne Wilks, national chairman of the Democratic party, says they are "Cox-sure" of winning.

But it's being done. The College Inn is doing it. Great, big, generous Dan-dee Leaf, leader in fibre wrapper, and oh—so good!

You must order early, though. We cannot hope to meet the entire demand and, naturally, first come, first served.

Why Pearls Are Popular

Pearls are today the favorite neck ornament of womankind. Just why they are so popular is little understood. Here is an expert's opinion:

"Pearls—because of their peculiar sheen—are 'complimentary' to every complexion. Blondes and Brunettes alike can wear them with equally good results. The roundness of the pearl and the soft drape of the string add to their charm. Any colors may be worn with them."

"We have made a close study of the pearl situation and have been successful in acquiring a stock of the best grade to duplicate as they are extremely scarce."

Long Distance Telephone Rates

The new schedule of Long Distance Rates as ordered by the Board of Commissioners of Public Utilities of New Brunswick, will go into effect on August 1st, and in order that the public may understand and take advantage of the different classes of service available, the following information is given:

Station-to-Station Calls—Make your call for the number wanted; or if you do not know the number, give the name and address of the subscriber to the toll Operator and tell her you will talk with ANYONE there.

This is the simplest form of toll call and carries the lowest rate. There will be no charge for it unless connection is established with the TELEPHONE of the subscriber wanted. In most cases, this form of toll call will be found satisfactory and will save about 25 per cent. as compared with the person-to-person rate.

The station-to-station rate is computed on the basis of 5 cents for each six miles, up to 24 miles, and 5 cents for each eight miles beyond that distance, with a minimum charge of 10 cents from 0 to 12 miles.

Person-to-Person Calls—Where it is absolutely necessary that you speak to some particular person, tell the Toll Operator so.

The operator will endeavor to establish direct communication with the person wanted. If the call is completed, it will be charged at the person-to-person rate. If the particular person called for cannot be reached, the Operator will so report to the person calling; and if no further particulars can be supplied which will enable the Operator to locate the called person, and the order is then cancelled, there will be a report charge for the service rendered, approximately, one-fourth the station-to-station rate. If the caller desires, the Operator will continue her efforts to locate the particular person at any one toll center during the same day with but one report charge. If communication is finally established the same day on which the call was filed, the charge will be the regular person-to-person rate and there will be no report charge.

Person-to-Person calls require greater effort and, therefore, are charged for at a rate about 25 per cent. higher than the station-to-station rate. The minimum charge for such a call is 15 cents.

Collect Calls, that is calls on which the charges are to be reversed or paid for by the called party, are charged for at the person-to-person rate. The charges on a station-to-station toll call cannot be reversed.

There are also two special classes of person-to-person calls, **Appointment Calls** and **Messenger Calls**.

(1) **Appointment Calls** are person-to-person calls which provide that communication is to be arranged for establishment at a specified future time. The rates for appointment calls are approximately 50 per cent. higher than the rate for station-to-station messages between the same points or approximately 25 per cent. higher than the corresponding person-to-person rate to provide for the greater operating effort required to complete them. The report charge is applicable on this class of call.

(2) **Messenger Calls** are person-to-person calls on which the called person is not available at a telephone and on which the telephone company undertakes to notify him, by messenger or other means, that communication is desired with him by long distance telephone. Messenger service is furnished at cost on guarantee of payment by the calling person and the charges for such service are, in every case, in addition to the regular rates for messenger long distance calls which are the same as those for appointment calls, as explained in paragraph (1) above. The report charge applies to this class of call.

Reduced Rates for Night Long Distance Calls—Reduced rates for night service apply when the calls are on a station-to-station, person-to-person, appointment or messenger basis and are effective between 8.30 p.m. and 7 a.m. (Atlantic Standard Time). The night rates are approximately one-half of the day rates. The minimum night rate is 25 cents. Day rates apply on calls made at night when the charge is less than the minimum night rate.

EXAMPLES:

| | Station to Station Rate. | Person to Person Rate. | Appointment and Messenger Call Rate. | Report Charge. |

These rates are for an initial period of three minutes; overtime per minute is approximately one-third of the initial rate.

The rate for Two-Number No-Delay service from St. John to Rothesay and Westfield is 10 cents for three minutes and 5 cents for each additional two minutes.

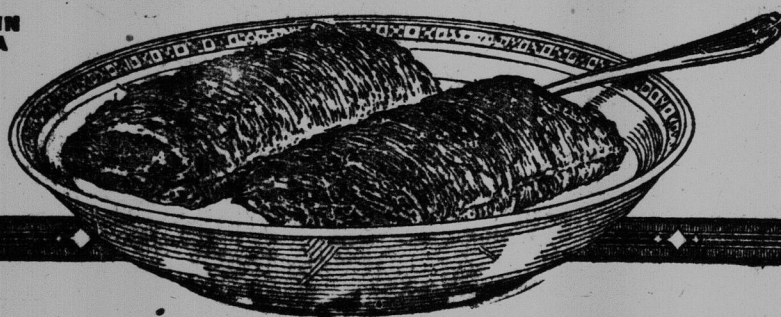

If any further information is required as to long distance rates call Exchange Manager.

BAKED BEANS AND BROWN BREAD FOR YOU TOMORROW?

Statistics are not obtainable to prove our statement, but it is certainly a very popular fact that home-baked beans have been increasingly favored as the national week-end food. But progress provided factory-produced substitutes in cans, which for some time seemed to satisfy the demand. Then, the people got restless, again started talking about things "like mother used to make."

The baked-beans-and-brown-bread habit began to wane. The old-fashioned satisfaction seemed to be a thing of the past. Tempting baked-bean poster no longer tempted. Alas—and much else crops this year.

But—don't despair. Miss Mand Simpson said recently: "I believe my source of supply for home-cooked beans will meet the demand. The wonderfully browned product that will re-establish the once established leadership of beans as a food."

Miss Simpson is now directing the delicatessen department of the College Inn, 108 Charlotte street, where, once more, home-cooking is gaining its rightful supremacy.

Moist Bread, Brown Bread, Rolls, Frankfurts, Cold Meats, Pies, Pickles, etc., all there at easy prices. A visit a day will stretch your pay—Get the delicatessen habit.

FAMOUS GUNMAN KILLED BY WIFE

Man Who Slew Two on Her Behalf Himself a Victim.

Winfield, Kas., July 29—Homer S. Wilson, matinee idol of wild west shows, who killed two men on the main street at Tahlequah, Oklahoma, a year and a half ago, to avenge his wife's honor, himself was shot and killed on a lonely country road near here this week by Mrs. Wilson.

In Wilson perished the fourth man connected with the woman, who is in the county jail here. Charles West, first husband of Mrs. Wilson, was shot and killed from ambush near Tahlequah half a dozen years ago. Then Frank Anthony and his father, William, fell at Wilson's hands because, so Wilson charged, young Anthony, foreman of Mrs. Wilson's ranch at Tahlequah, had been intimate with Mrs. Wilson while her husband was in the army.

Wilson was shot yesterday by Mrs. Wilson as they were returning from a battle-purchasing trip to Dexter, Okla., twenty-two miles east of here. Charles Ridgeway and Ed Glass, who have ranches near Dexter, were returning with the Wilsons. According to their story, Wilson had been driving very fast. When a stop was made for tire trouble and Wilson left the car, Mrs. Wilson slid into the driver's seat, insisting that she would drive. An argument followed, and Mrs. Wilson suddenly shot twice with an automatic pistol she had taken from the lap of one of the seats.

Wilson was acquitted in the Anthony case on the "unwritten law" plea by the jury after forty-five minutes' deliberation. Wilson, who was thirty-five years old, gained considerable fame in the cattle country for his ability as a larist thrower. He was with the 101 Ranch Wild West Shows several years as chief of its cowboys, touring Europe and South America with that circus. According to friends, Mrs. Wilson is of Indian blood.

"THE RIGHT OF WAY" PACKED THE IMPERIAL

Sir Gilbert Parker's Greatest Story Proves an Irresistible Attraction—Then Fatty Arbuckle Supplied the Laughs.

Imperial theatre had a summer lineup of patrons along King square last evening so eager were people to see the filmed version of the great Canadian story, "The Right of Way," written by Sir Gilbert Parker—who, by strange coincidence, is in town today with the British press party—and played by the Metro stars headed by Bert Lytell. Nobody was in the least disappointed, it was a delightful presentation. After the somewhat serious story no less personages than Fatty Arbuckle and Buster Keaton started roars of hilarity with their funniest of two-act farces entitled "The Garage." The same show at the Imperial for the remainder of the week.

**AFTER THE SHOW—
THE COLLEGE INN**

After the theatre you'll want something different for a change. How does Purty Ice Cream and French Pastry or Pound Cake appeal to you?

The nice things people have said about the College Inn Banana Splits we serve lead us to mention them—abundance of fruit and syrups, served temptingly and pleasingly, and bound to cheer you up.

Custard, Pumpkin and Coconut Cream Pies at 30 cents each—Small Apple Pies, 15 cents; Layer Cake, 29 cents a pound, and other big continuous features to boast about.

**SHERIFF KILLED
IN GUN BATTLE**

Another Wounded and at Least Two of the Bandits Shot.

Jackson, Mich. July 29—Deputy Sheriff Harry Worthen was instantly killed, Deputy Sheriff Kutt was wounded and two alleged bandits were shot in a gun fight late yesterday between a sheriff's posse and a band of robbers who had held up and looted the Farmers' State Bank at Grass Lake, seventeen miles east of here, this forenoon. Six men, five of whom are said to have been members of the bandit gang, were captured following a fight in a marsh near Wolf Lake, a few miles from the scene of the robbery. The robbers were captured after being surrounded in a cottage. The loot, consisting of approximately \$10,000 in cash and bonds, was recovered.

Macon, Me., July 29—A forty-eight pound catfish was caught by Harve Varner. The fish weighed exactly half what Varner does. He tops the scale at ninety-six.

AUTO RUNS AWAY.
When two young ladies left a McLaughlin Special which they were driving outside an ice cream parlor on the south side of King street last evening, the car started and running diagonally across King street smashed the window

in Macaulay Bros' store. The fractured window was the only thing damaged for the car and the goods in the window were unharmed.

The young lady who owns the car came across the street and calmly backed the car into the street and drove away.

Shortly after she returned and asked to speak with some one in charge of the store so that she could arrange for the payment of damages.

She said that two boys were seen handling the wheel of the car and that since the breaks were tight on and the

front wheels were turned to the side, walk they must have started the car.

Rebburn and Barry formed the battery for the suburbanites and Johnson and Smith worked for the "slugger's".

ONE ON LARRY McLEAN.

New York, July 30.—Miller Huggins, manager of the Yankees, told a tale about Larry McLean when that eccentric catcher was starting with the Cincinnati Reds. "One day we were sitting on the bench and Larry was there with his head in his hands, disconsolate as ever a man could be. In listless fingers he held a telegram purporting to have been sent by his mother. It was Sunday and Larry had been under suspension for a week or so. One of the boys asked what was in the telegram and Larry said: 'It's from my mother. It says, 'Don't play ball on Sunday. Did you answer it?' asked a player. 'I did,' replied McLean. 'I said, 'Don't worry, I'm not even playing on weekdays.'"

Now the edict has gone forth that tips will be banned in the future.

FARM TENDENCY CLAIMED DOWNHILL. Dr. Talmie, Minister of Agriculture, Issues a Warning in Speech. Speaking before the Canadian Club in Regina this week Dr. Talmie, dominion minister of agriculture, declared that \$800,000,000, or one-fourth of Canada's national debt, could be added annually to the wealth of the country by adoption of more intelligent and enterprising methods of agriculture. The one-crop system was deemed said Dr. Talmie, and mixed farming with stock raising as its basis, was destined to be the future of the farmer. While the acreage under crop in Canada had greatly increased during the last decade, there had been a marked falling off in the yield per acre. "The whole tendency has been downhill," said Dr. Talmie, "and more intelligence and enterprise on the part of the farmer would be required to stay this downward progress." BALDHEADS INCORPORATE. Winsted, Conn., July 30.—The Baldheaded Club of America is to be incorporated under the laws of Connecticut, according to a decision of the executive committee. EAST ST. JOHN GIRLS UNDER CANVAS.
Members of the "Pocahontas" Sunday school class at East St. John, returned this week from a delightful camping trip at Dunham's wharf. Much time was spent in boating, fishing and swimming and almost every evening a large bonfire illuminated the beach. The two weeks passed all too quickly and they were reluctant about taking down their tents and returning to the city. Several short trips were taken by motor boat visiting other places on the river. Rev. Isaac Brindley of Fairville church was a guest of the party part of the time. Among those attending the camp were Misses Grace and Freda McLaughlin, Leone Ward, Dorothy Cunningham, Muriel McAllister and Alice Appleby accompanied by Mrs. Arthur F. Burditt.

PROFIT-MITCHELL.
A wedding of interest to many St. John people took place on Friday, June 4, at St. Marks church, Seattle, Washington, when George Arthur Profit, son of Anthony Profit of this city, and Miss Edith Beatrice Mitchell, of Seattle were united in marriage. The bride is a well known and popular lady, having taught in high school here for four years. The ceremony was performed by the Rev. H. H. Goiven, D.D., who was a member of the faculty at the University of Washington when she took her masters degree. Numerous presents were received from former pupils, with whom the bride was a favorite. A large number of valuable and useful presents were received from friends of both parties. A beautiful piece of cut glass was presented by the members of the church, who called upon the happy couple in a body. The groom is a well known man in St. John his father being the oldest man in the city connected with the shipbuilding industry. Besides father and mother, the groom has one brother, Anthony, and two sisters, Mrs. Williams and Mrs. Cunningham residing in the city.

SPORT BOOMS IN SUSSEX.
(Sussex Record.)
The Sussex Amateur Athletic park is now the centre of attraction for young and old, and the splendid opportunities afforded for recreation are being taken advantage of to the fullest extent. The tennis courts have proven a valuable acquisition and they are fully occupied, both afternoon and evening—in the afternoon principally by the new beginners, who are coming along nicely. A tournament is being arranged with the Hampton Tennis Club, which, when played, will no doubt create much interest. A quilt tournament is also on the bill of fare. Baseball has assumed all of its old time popularity and the fans turn out in force to "root" for their favorites.

POLICE COURT SITS AT EARLY HOUR

Prisoner Charged With Automobile Theft—Revolver Case Brought Up—Further Charge Against Vail.

The morning session of the police court was held this morning at 6 o'clock and the arrests last night were rudely awakened at this early hour to appear before the magistrate and answer to their misdemeanors. Elijah Verrill, aged thirty-one, was charged with having in his possession a loaded revolver. He pleaded guilty and was remanded. Later in the morning Sergeant Rankine came to central police station and laid an additional charge of pointing a revolver at Charles East and ordering him to put up his hands while wearing a mask. Both charges will be dealt with at a hearing next week.

Marland McLellan and Walter McCaseman were charged with breaking and entering the garage of John J. Sullivan, 219 South Row street, and stealing an automobile valued at \$1,800, the property of Mr. Sullivan. They were not asked to plead to the charge but were remanded. The arrests were made by Policemen Gibbs and Howard.

One man, charged with drunkenness, pleaded guilty and was remanded.

IN IRELAND

Dublin, July 30—One civilian and three military police were wounded outside the Bank of Ireland last night. Their injuries were received in a scuffle following upon an attempt made to disarm five military police.

Two military lorries carrying armed soldiers from Mill street to Ballingary were captured by Sinn Fein soldiers and taken to the mountains. The lorries were burned.

In a fight between soldiers and Irish volunteers at Brure, County Limerick, last evening, one soldier was shot dead. It is reported that five other deaths resulted from the fighting, but of this there is no confirmation.

Must Stay in Empire.
London, July 29—Whatever happened, said Lord George, Ireland cannot be allowed to leave the Empire. Munitions would be sent, and railway men refusing to handle them would be instantly dismissed. In reply to a question as to whether generous treatment would be accorded Ireland beyond the present home rule bill after she had been pacified, the premier said, that his definition of what Ireland ought to have was in accordance with the provisions of the Home Rule Bill.

Lieutenant Killed.
Dublin, July 30—Frank Brooke, deputy lieutenant for County Wicklow, Leinster division, was shot dead at the Westbury station, Dublin, this morning just after alighting from a train. His assailants escaped.

RED CROSS HOSPITAL COMMITTEE MEETS

The meeting of the hospital committee of the Provincial Red Cross Society was held in the Red Cross rooms in Chipman Hill this morning at 10 o'clock with the president, Mrs. V. Y. Anglin, in the chair. Reports were received as to the work carried on during the last month. The East St. John and Lancaster hospitals received four packages of tobacco per week besides fruit and candy as the comforts regularly supplied by the Red Cross. The recreation room at River Glade was furnished and automobiles supplied for drives each week at the three hospitals in the city.

Five hundred cigarettes were placed on board the Pullman taking the military patients from a provincial hospital to the Montreal special hospital. Arrangements have been made whereby the committee will take its share in making the Red Cross booth an attraction at the coming exhibition. The Assiniboia branch at Fredericton has been asked to co-operate.

The monthly indent for hospital supplies was passed and it was decided to be filled by the committee. The forming of a "follow up" committee was laid over till next meeting, so many ladies being out of town at the present time. The session was adjourned to meet on the last Friday in August.

BIG DOINGS TONIGHT AT SOUTH END GROUND

Abner Secord will have a plough and scraper at the south end playground this evening, and William J. Lane will be there with a horse and drag. Freddy Ricketts will be there with a motor truck, and men from the sugar refinery will aid in the attack on the big bank. The grading of the hundred yards track will be rushed by this strong force. Frank White saw Mr. Secord and Mr. Lane last evening and they heartily agreed to lend a hand with their teams. The motor truck was busy last evening and considerable work done. It is hoped the work of completing the playground in every detail will now be carried on without delay.

A lady who has lately made her home in the south end called up a member of the executive of the South End Improvement League this morning asking whether the next meeting, so many ladies being out of town at the present time, the session was adjourned to meet on the last Friday in August.

GET SALMON AT SUSSEX.

Sussex Record.—Rev. J. M. Rice holds this season's salmon fishing record for Sussex. Last week he learned of Rev. D. J. McPherson's success in hooking a salmon so he hied over to the river the same morning to try his luck, with the result that he caught a nice one, and in the afternoon he went back again when he secured two more salmon, making three in all. This was a good day's sport and the popular parson was justly proud of his performance. Quite a number of salmon have been caught in the river in the vicinity of Sussex during the last fortnight and our town is fast becoming famous as a fishing resort.

The Dainty Dressing Table

If there is any one piece of furniture in a woman's bedroom that to her seems indispensable—we, of course, except the bed—it is the dressing table. When one considers the many conveniences of these handy little boudoir beautifiers, it is, indeed, a wonder that the triple-mirror type—an acquisition of recent years—was not put on the market a long time before it finally came.

It goes without saying that the women of St. John are as tasteful in their dress as those who live in any other city, and that our women take as much pride in their personal appearance, around the house, when out calling or on the street.

It is a credit to any woman that she should wish to own one of the handsome dressing tables that we are showing, and it is even more to the credit of any husband, father or brother who is thoughtful enough to buy it for her.
