Dutch Will Not Hand Over Kaiser For Trial

That is Information of London Chronicle

Speaks of Arrangements for Interning Him in Holland - German Statesman Declares Belief That Dutch Will Never Surrender Him.

London, Jan. 20.—From a high diplomatic source in London the Chronicle learns that it is regarded as certain that the Dutch government will decline to hand over the Kaiser for trial.

The paper adds that it is thought possible that, in order to avert any possibility of strained relations between the Allied governments and Holland, an arrangement may be effected by which the ex-Kaiser would be interned, perhaps in Holland, under conditions mutually agreeable to all the governments concerned.

German View. Paris, Jan. 20.—Dissatisfaction that the efforts of the Allies to get former Emperor William out of Holland would prove successful was expressed today by Baron Kurt von Lersner, Germany's chief representative here.

"I am absolutely sure," he said, "that the Dutch government will never surrender the former German emperor for trial on charges that are not provided for in any constitution, any laws, or any treaties regarding extradition."

With regard to the expected demand for the extradition of German subjects for trial for acts committed during the war, the German plenipotentiary declared himself certain that public sentiment in every country was against such a demand.

"It is contrary to any law or any precedent," he said, "the feeling of the whole world in favor of peace is stronger than the feeling anywhere for revenge. I hope strongly that the Allied statesmen will find a solution of this question that will leave the world in tranquility."

The Hague, Jan. 20.—The demand of the Allies upon Holland for the surrender of William reached The Hague late Saturday night through the ambassador of the Netherlands at the Dutch government yesterday made formal acknowledgment of receipt.

John P. Ryder Wires for Funds and Says He Does Not Know How He Got There.

(Canadian Press.) Fredericton, Jan. 20.—John P. Ryder, of St. Stephen, who disappeared suddenly a week ago tonight from Newcastle where he was employed in the customs department, has turned up just as suddenly in Montreal. Last evening a telegram came to his brother, Frank, in Ryder, stating that he was at Montreal, had no recollection of having left Newcastle and wanted money forwarded to him so he could return.

Jack Ryder has been suffering from severe shell shock ever since he returned from France, where he went with the first Canadian contingent in 1914, and has several times been stricken with loss of memory, but this is the first time he has been affected for such a long period.

BARDIC NOW STANDING BY POWHATTAN

Rescue Expected to be Effected This Afternoon

American Destroyers Also Nearing Scene - No Heat on Board Transport and There is Suffering.

(Canadian Press.) Halifax, N. S., Jan. 20.—The White Star liner Bardic, en route from London to New York, today took the place of the Cedric, which since early Sunday night has stood by the American army transport Powhattan, in distress off Sable Island, with 500 passengers aboard and late this morning was endeavoring to get a line aboard the transport to tow her to port.

The fleet of American destroyers sent out to assist had not reached the scene at that hour. The transport Northern Pacific, returning from Europe with the last of the American Expeditionary Forces, reported that she too had been unable to get a line to the transport and would reach her position late this afternoon.

Aboard the Powhattan conditions this morning showed no improvement. While the bulkheads, temporarily reinforced, were holding, both fire rooms were full of water and with the source of heat shut off, suffering from cold and exposure was general. The storm, raging since the middle of last week, is believed to be moderating today and it is felt here that the rescue of the passengers will be effected this afternoon.

NEW BRUNSWICK AND THE UNION GOVERNMENT

(Special to Times.) Ottawa, Jan. 19.—"New Brunswick's regeneration" is the way the Ottawa Citizen heads an article referring to Premier W. E. Foster's remarks in introducing Hon. W. L. Mackenzie King at a public meeting last Friday. The premier's declaration that he would do all he could to relegate union government to the rear, the Citizen declares, would seem to be the feeling of the people throughout Canada.

The article states that New Brunswick Liberal Unionists are apparently unwilling to associate themselves with the union government, and add:—"Conservatives, who might be willing to see in worse case, New Brunswick people have not so soon forgotten the betrayal of the public trust by members of the Fleming government.

Conservative aspirants for office would have to live down the verdict of a judicial commission finding some of their leaders guilty of misappropriating public funds and indeed holding up government contractors for bribes as well as to answer for the decline of Union Government, which started out but two years ago with opportunities for a government of Canada would seem to have enjoyed."

IN THE COURTS

The case of Teed vs. Cohan came before Judge Armstrong in county court chambers this morning. It is an action to set aside an attaching order issued at the instance of the plaintiff to attach money claimed as due the defendant by the Hartford Insurance Co. under a policy under which a loss took place in that December, on the grounds that there was no insurance due the defendant, that the insurance was in the name of the American Cigar Mfg. Co.

The evidence of the defendant was taken, also that of Frank A. Kinnear. Adjudgment was made to obtain the evidence of E. H. Fairweather, E. P. Raymond and J. F. H. Teed contra.

In the chancery division, before Chief Justice Hazen, the case of Baird vs. Jones was postponed until Thursday at 11 a. m.

Letters testamentary were granted to Headley Vickers Curry, executor under the will of the late Rachael Susanna Curry, of St. John. The probate value of estate is \$1,200, personal property, E. H. McAlpine is proctor.

BIG CUT MADE IN THE APPROPRIATION.

Washington, Jan. 20.—With much of its "book" eliminated, the annual bill and harbor appropriation bill carrying funds for the next fiscal year was reported yesterday to the house by the ways and means committee. The bill would appropriate only \$12,400,000, a slashing down of \$95,000,000 from the total of estimates submitted to the committee and a considerable cut from the amounts usually carried by the measures.

Of the total appropriation carried, \$7,000,000 would be used for improvement work, \$5,000,000 for maintenance and \$4,000,000 for survey purposes.

London, Jan. 20.—(Irish)—Viscount French, lord lieutenant of Ireland, has been a convert to home rule, it is asserted by the Dublin correspondent of the Pall Mall Gazette.

Londonderry, Jan. 20.—The Unionists of Londonderry were defeated in the municipal elections of last week. As a result, the new municipal council will be composed of thirteen Unionists as against twenty-one Sinn Feiners or Nationalists.

Dublin, Jan. 20.—Members of the Laibrette parliamentary delegation which will travel through Ireland to gain a first-hand view of conditions in this country, arrived here last night. No reception had been offered and nobody but an unofficial representative of the party met them at the docks.

Arthur Henderson, a member of the party, said the British Labor party before the war had favored Irish self-government and had been influenced by the eighty-four Irish members of parliament. Under the tremendously changed parliamentary representation from Ireland, however, he had been influenced by three Sinn Feiners had absent themselves from the house of commons, he said Irish influence in parliament had waned.

Dublin, Jan. 20.—American newspapers arriving here during the last few days have been seized by postal inspectors, supposedly because of articles referring to Irish affairs.

London, Jan. 19.—The results of the Irish local elections are still incomplete, and will not be fully known till Tuesday night.

Thurles, Tipperary, Jan. 20.—Sinn Feiners on Sunday night attacked Drombane village hall, which is occupied as a police barracks. After an unsuccessful attempt to blow it up with dynamite they besieged it for several hours. Finally they were driven off by the police, who returned their fire. So far as known there were no casualties.

MCKAY SHARP.

The Bangor Commercial says: The first wedding to take place at the new parlance in Presque Isle, Me., was that of Miss Della Susanna Sharp, daughter of Fred E. Sharp of St. John, and Cecil Hillard McKay, only son of Hillard McKay of Presque Isle. The wedding ceremony, which was performed on Jan. 15, by Rev. J. B. Ranger, was very simple and only the sister of the bride, Miss Evelyn Sharp, was present. Mr. and Mrs. McKay left on the 4:32 train for wedding trip after which they will return and make their home in Presque Isle. Miss Sharp is a graduate of Dr. Chipman's hospital at St. Stephen, N. B. As Hiram Sees It

Hiram, said the Times reporter to Mr. Hiram Hornbeam, "in a vase at home I have a great bunch of golden-red, plucked by the roadside along the river the rich, golden glow of September, but standing there in a tall vase it makes a plumage that a prince might wear. It speaks to me of the quiet fields and the tranquil river. It brings before me pictures of green meadows, the yellowing birches, the crimson, gold and white and purple of the wild asters, the swallows soaring above the orchard on the hill, the corn waving their way at evening to the green old pine the hawk with a fish in his talons cleaving the air toward the deep woods, the moon and stars, the glow of the smoke of a pipe lying heavy above a great raft that puts you on your toes, mentally and physically. Heat two Shredded Wheat Biscuits in the oven (to restore their crispness); pour hot milk over them; salt or sweeten to suit the taste. If you don't like milk pour hot water over the Biscuits, drain off the water, place a small bit of butter on each. The tasty goodness of the baked whole wheat is a joy to the palate and supplies all the nutriment needed for a half day's work.

ANNUAL MEETING OF CEDAR HILL LOT HOLDERS

The seventh annual meeting of the lot holders of Cedar Hill Cemetery Company, Limited, was held last evening in Temperance Hall, Fairville. E. O. Jones, the president, occupied the chair and there was a fair attendance. Mr. Jones read the presidential address, in which he urged lot holders who are not giving their lots proper attention to do so next year and thus improve the appearance of the place. The treasurer, W. George Gray, reported income from all sources, \$4,888.50; expenses, \$3,576.12; balance on hand, \$1,257.38 and detailed assets belonging to the company \$7,702.48.

The election of officers resulted in the old board being re-elected en bloc, as follows: President, E. O. Jones; secretary, W. H. Allingham; treasurer, W. George Gray; members, F. E. Marvin, George Vincent, W. J. Linton, Thomas Rippey. All of the members of the board were present, with the exception of Mr. Marvin, who was reported to be ill. The newly elected officers thanked the gathering for their appointment in brief addresses.

The secretary, W. H. Allingham, reported that the directors were considering acquiring a parcel of land on the Manawagonish road. One-half the proceeds of the sale of the lots would go to the owner and the other half to the cemetery funds. In this way proper care could be taken of Cedar Hill, which was not now self-sustaining.

The fire department was called out last evening at 10.10 for a fire in a chimney in the residence of A. Kinella,

Oak Hall's claim that their anniversary sale is St. John's Greatest Mercantile Event has certainly been substantiated. One but has to see the crowded store from opening till closing time to realize this fact. Oak Hall, expecting large crowds of merry shoppers, made considerable additions to their sales force, but even these extra sales people, along with the regular staff, were unable to cope with the situation, so that further assistance had to be brought in, all going to prove how popular the event really is. Of course there is a reason for this and it is simply that the Oak Hall sale is entirely different than most sales. At an Oak Hall anniversary sale everything in the store is marked at a substantial reduction, odd lots are given tremendous markdowns and further, there are thousands of dollars worth of new goods procured for this event at very low prices for cash and are put on the tables at a very minimum of profit. It is doubtful if there is another large store in Canada that runs a sale on such a wide comprehensive plan; it is a tremendous undertaking but Oak Hall believe that in no better way could they show their appreciation to their friends and customers than by giving them this great opportunity to economize and that this method consolidates and widens their acquaintance throughout the province as no smaller attempt possibly could.

St. John's Greatest Mercantile Event ends Saturday night at ten o'clock, so you have not many more days to make up your mind to take full advantage of the economical possibilities offered.

RECOVERY IS REMARKABLE

American Writer Describes Wonderful Effort of Belgians in Reconstruction.

New York, Jan. 20.—The remarkable resumption of Belgium's coal mining, the complete re-organization of her transportation system, the determined progress of her wrecked steel industry, the reconstruction of the great port of Antwerp, the recovery of \$500,000,000 worth of machinery stolen by Germany, the firm and orderly adjustment of her labor problems, the reappalling of her textile mills, and her re-entry into world finance as one of the great trading nations—these are some of the bolder outlines in a sketch of new Belgium, entitled "Belgium's Recovery," just written by D. L. Blount, an American who recently directed the central information office of the Belgian ministry of economic affairs.

Toronto, Jan. 20.—Under a judgment given by Mr. Justice Logie yesterday there will be an unusual state of affairs when the will of the late D. F. Burk of Port Arthur is presented for probate. The application will be made by Mrs. Evangeline Medora Anderson and by Mrs. A. I. Burk. The latter is Mr. Burk's widow, from whom he thought he had been separated by a divorce obtained in the United States. The former is the lady with whom he went through a form of marriage when he thought the divorce effective. Form of marriage had been valid the will would have been invalid, as it was made before the ceremony. Mrs. Anderson would have thereby lost the legacy of half the estate, which is valued at \$300,000. But it is held that Mrs. A. I. Burk is the widow, and therefore the will is valid.

SOLDIER-REPORTER IN GUELPH, ONT., DEAD.

Guelph, Ont., Jan. 20.—In hospital yesterday Herbert William Philip, son of Professor and Mrs. Wm. Philip, died suddenly. The document which gives half Burk's estate to Mrs. Anderson is held to be his will, duly executed by him. It is also held that he was mentally competent when he made it.

SOLDIER OF 52ND IN ONTARIO IS KILLED IN WOODS

Kenora, Ont., Jan. 20.—Ernest Butt, aged twenty-three, was accidentally killed on Saturday while out shooting with his brother and another young man. He had been hauling the shotgun on a toboggan and when lifting it off the trigger caught on something. He was a returned soldier of the 52nd Battalion.

COSTS HIM LIBERTY FOR THREE MONTHS.

Port Arthur, Ont., Jan. 20.—Ray Clarke was sentenced to three months in jail for giving false information to the police causing Provincial Inspector Simons to make a forty-five mile trip in search of a body which Clarke told him was lying near a lumber camp. It developed that Clarke told the story to "get even" with the boss who discharged him. On the trip Inspector Simons froze his face and one foot.

MAY ARGUE WITH UMPES.

Chicago, Jan. 17.—Baseball players in the American Association will be permitted to argue in a "gentlemanly" manner with umpires next season, when they believe close decisions have been given against them, but the use of profanity will be stamped out. The club owners decided at their adjourned meeting today.

NOT SO MUCH OF FICTION AS THOUGHT

Toronto, Jan. 20.—George H. Locke, chief librarian of Toronto, says in his annual report of the libraries of this city that the old idea that public libraries circulate fiction chiefly has been dispelled. Out of 1,269,180 books taken from Toronto libraries in the last year, only 605,986 were fiction.

HAMILTON MEN ARE BUYING MUCH LIQUOR.

Hamilton, Ont., Jan. 20.—Orders for liquor to the amount of \$25,000 or \$30,000 a month are being sent out of this city, according to Inspector Sturdee. He says that workmen are among those ordering liquor, and that the merchants say that this is injuring their trade.

DEFINE POWERS OF COMMERCE BOARD

Supreme Court of Canada Asked to Make Ruling—Provinces May Take Hand. (Canadian Press Despatch.) Quebec, Jan. 20.—It was learned here last night from the attorney general's department that the federal board of commerce has addressed a series of questions to the supreme court of Canada, regarding its powers concerning which it appears to entertain certain doubts.

KILL WOLF IN JERSEY.

Belvidere, N. J., Jan. 20.—Burlington county, with a black bear running wild in its cranberry bogs, has nothing on Warren county in the line of big game thrills, since farmers in the vicinity of Warren have heard a pack of wolves howling about their forests at night, and Martin Cole of New Village actually killed one of the beasts on Scott's Mountain. It has been twenty years since a gray wolf was killed in Warren county.

CHILDREN ARE DYING LIKE FLIES.

"Children are dying like flies," is the word that comes from Austria, where the shortage of food and fuel has become so great as to reduce the population for the most part to utter misery. Before order can be restored the people must be fed and clothed, and put in a condition to increase production on their own account. It is a very dreadful situation, and the Allies could cope with it much more successfully if the United States would cease playing party politics and do its part in the regeneration of Central Europe.

An Ottawa despatch says a large immigration is looked for this year, both from the United States and Europe. Immigrants for Canada should be carefully selected. Farmers coming into the west from the States will be heartily welcomed. They will help to increase production, and they bring wealth into the country.

Sir George Foster sees no good result to be achieved by damning the government. If he means that the government should damn itself his point may be well taken, and the Montreal Gazette appears to think the government has been doing it with neatness and dispatch.

THE INFLUENZA.

The influenza has come again to America as well as to a portion of Europe. More than two thousand cases are said to have been reported in Chicago in forty-eight hours. A despatch of yesterday's date says: "Since 9 o'clock this morning 500 cases were reported to the board of health, with ten deaths, and new pneumonia cases number one hundred, with sixteen deaths." The death rate is said to be small in comparison with last year's record, but the epidemic has only begun. Yesterday's cables told of terrible ravages by influenza in Poland. It is quite possible that the disease will spread from Chicago or show itself in other parts of the United States and in Canada. Dr. Hastings of Toronto repeats his advice of last year to all who may feel as if they were contracting influenza: "Don't attempt to fight the disease with drugs or otherwise, but at the first symptoms take a hot bath, laxatives and go to bed." This is excellent advice for those who can afford to take it, and indeed it would pay those who think they cannot afford it, if they are really attacked by the disease; for they would suffer less loss in the end, and perhaps save their lives. There is no cause for alarm, since the epidemic may not become widespread; but there is always reason at this season for keeping one's bodily health up to as high a standard as possible.

BISHOP BARRY.

Members of the Roman Catholic faith throughout the province, but especially those of the northern counties, will mourn the death and rever the memory of Bishop Barry of Chatham. Born in a then remote section of Gloucester county, he rose to be the bishop of the diocese in which the home of his childhood is located. The church in his native county owed much to his zeal and ability before he was raised to the episcopate. He lived to a ripe old age. Ordained to the priesthood in the year before confederation he lived to see the Dominion of Canada become a great commonwealth and his native province pass through many political and social changes. Through it all he was the zealous student, priest and bishop, leaving at the end of a busy life the record of a faithful and a fruitful service.

WOMAN CIGAR SMOKER.

Paris, Jan. 20.—Should a woman smoke a cigar in a public restaurant? This was the question with which the manager of one of the best known Paris hotels was suddenly confronted. After luncheon a lady drew from her vanity bag a beautiful platinum cigarette case, and extracting from it a choice Havana, asked the waiter to bring her some coffee. She then sat back in her chair to enjoy the effect of the smoke, but the manager decided to see nothing and found urgent business awaited him elsewhere.

RECENT WEDDINGS

A quiet wedding took place at the Church of the Assumption, Carleton Place, Monday, January 19, when Rev. Father O'Neill united in marriage with a nuptial mass, John Carmichael to Kathryn Condon, of Kingston (N. S.). RECENT DEATHS

James E. Bryant, of Fairville, died yesterday morning after an illness lasting several months. For many years he had taken a prominent part in the municipal affairs of the parish of Lancaster, and on several occasions led the polls over all his opponents. He was also secretary of the board of school trustees. A man of very devout character, he was formerly superintendent of the St. Columba Presbyterian Sunday school and also acted as the clerk of the church session. He leaves a son and a daughter in Fairville. The late Mr. Bryant had friends everywhere throughout the parish of Lancaster and he will be most sincerely mourned.

Ernest Palmer, of Houlton, died on January 18 of typhoid fever. He was a son of Mrs. Alice Palmer of that town and was forty-one years of age. He is survived by a wife, formerly Miss Viola Colwell, of St. John.

The death occurred last evening of an aged and respected citizen of this city when Mrs. Cordelia Rawlin Christian died at the home of her son, Thomas R. Christian, 55 Wright street. Mrs. Christian, who was a well known resident of St. John, was the widow of Thomas R. Christian and the youngest daughter of the late John Venner Thurgur. Besides her son, Thomas R., she leaves another son, Samuel Venner Christian, of Vanderhoof (B. C.), and a daughter, Miss Cordelia Elizabeth Christian at home.

Notice of the funeral will be announced later.

The death occurred yesterday at his residence Millidgeville avenue, of Peter O'Connor, one of the oldest and best known residents of the north end. Mr. O'Connor was in his eighty-third year and was the first child to be baptized in the old St. Peter's church in the north end. He lived all his life in Millidgeville and was the son of two brothers, Edward, of Millidgeville avenue, and Joseph, of Somerville (Mass.). He also leaves one sister, Miss Katherine, of Millidgeville avenue.

The date of the funeral will be announced later.

John M. Fripp, a well known citizen of Woodstock, passed away yesterday morning at his home. He was proprietor of the Medicinaker's grist mill, which business he has conducted since he came from England when a young man. He leaves his wife and two children, including one daughter, Mrs. James M. Queen of this city.

Samuel Mooney died suddenly in Toronto while selling stock at the Union Stock Yards yesterday. He was sixty years of age.

The death of Miss Estella G. Boyd took place Tuesday, January 15, at her home in Gagetown, after being in failing health for some time. She was a graduate of the provincial Normal School and taught school in the province for several years, her last school being in Campobello. She leaves her father, Jarvis Boyd, four sisters and four brothers.

The death of Mrs. William Rockefeller was announced as having taken place recently at her winter home on Jekyl Island, near Brunswick, Ga. She was formerly Miss Amanda M. Goodell of Cleveland, Ohio. Her New York home is in 689 Fifth avenue. She leaves her husband and four children.

The death of Daniel Ferguson occurred at his home in Chatham yesterday, after a short illness. Had he lived a few days longer he would have celebrated his ninety-fourth birthday. He leaves two daughters.

TWO MEMBERS OF FIRING PARTY GAVE OUT.
Montreal, Jan. 20—At a military funeral here yesterday, the extreme cold, coupled with the long slow march to the cemetery, and the parade there, proved too much for two members of the firing party. They were overcome by exposure and dropped. They recovered quickly after first aid.

GROCER'S CART AS HEARSE.
London, Eng., Jan. 20—At the funeral of William Dickson, an Esher green grocer, the coffin, in accordance with his wish, was conveyed to the church in his grocer's cart, drawn by a white pony, with which he used to make the rounds of the village.

SOME CHRISTMAS PUDDING.
London, Eng., Jan. 20—A Christmas pudding, eaten by the inmates of Kingston Workhouse, weighed 800 pounds. Included in it were thirty pounds of raisins, sultanas, currants, flour and sugar, ninety eggs, and the usual other ingredients in proportion.

AN HONOR.
London, Eng., Jan. 20—"Joining the army is an honor, not a punishment," said the clerk to the Wood Green bench, when answering a request of a woman that her son should be allowed to become a soldier. The boy was sentenced to six months' imprisonment for stealing £3 10s. from his employer.

GIRLS ARE ACQUITTED.
Toronto, Jan. 20—Coral Shay and Dolly Wells were acquitted by a jury yesterday on a charge of having set fire to some straw in the cellar of the Belmont Industrial Refuge so that the two girls might make their escape from the institute in the ensuing excitement. One of the girls admitted setting the fire. Both girls were discharged from custody by Judge Coatsworth.

SILVER WEDDING.
Last Friday evening about forty friends met at the residence of Capt. Mrs. J. A. Mowry, 219 Newman street, to be the twenty-fifth anniversary of their wedding. STRIKING DIVING FEATURE IN NEW OPERA HOUSE BILL TONIGHT

SPECTACULAR DIVING ACT RIGHT FROM THE N. Y. HIPPODROME.

The Opera House management has secured a feature act for the new vaudeville bill, which will be presented this evening. It is a spectacular diving act in which Traville, a trained seal, and Girdle will demonstrate some of the most difficult and most modern feats. The tank in which they are to perform weighs two tons and in order to give patrons an opportunity to see this great performance special construction work on and under the stage had to be undertaken. The fact that it made such a hit in New York and all over the large vaudeville circuits is convincing evidence that it must be intensely interesting and will undoubtedly be both enjoyed and appreciated by citizens of St. John.

IS OF INTEREST TO BUSINESS MEN

Label Action in Ontario Over Use of Word "Relieved."

(Canadian Press Despatch.)
Ottawa, Jan. 20.—The use of the word "relieved," in the publication announcement or notice by a business firm in connection with the cessation of a member of the firm's activities with it, is not libel, according to a verdict returned by a Carleton county jury yesterday, when the \$10,000 libel action brought by James Muir, now a temporary employe of the finance department and formerly a patent attorney, against Harold C. Shipman and A. L. K. Shillington, doing business as the firm name of Harold C. Shipman Company, patent attorneys, was disposed of.

The action was heard in the Supreme Court of Ontario with Mr. Justice Leeson presiding. After the jury had been out for about one hour, its foreman, E. G. Steers, formerly a member of the jury which convicted Dr. Crippen in the Old Bailey police court, London, about ten years ago, returned a verdict in favor of the defendants, Harold C. Shipman & Company, whose interests were defended by Arthur Ellis, M. J. Gorman appeared as counsel for Mr. Muir.

PLEASED WITH HOSTEL REPORTS

The local branch of the Canadian council for the immigration of women for household service met yesterday afternoon in the board of trade rooms and received reports of the satisfaction which the hostel had afforded the girls who had been received in it from the steamer Metagama. Mrs. H. A. Powell, the president, was in the chair and there was a representative gathering of members. Mrs. H. Lawrence gave a concise report of the meeting of the dominion council in Ottawa and reports of the various committees were all gratifying. The treasurer's statement told of total expenditure of \$1,116.72 for the equipment and groceries for the hostel and of \$488.72 paid from the government grant of \$500. Mrs. A. W. Adams, for the house committee, spoke of the house having been put in readiness to receive the immigrants and of seven girls from the steamer Metagama being accommodated, some for one night and some for two nights. She specially praised Mrs. J. J. Gordon who had done splendid work as the house mother.

50 YEARS WITHOUT ILLNESS.

London, Eng., Jan. 20.—Half a century's service without a single day off for illness is the remarkable record of Edwin Davey, who at the new year retired from his post of clerk to the Islington Guardians.

"I don't remember ever spending a day in bed," he said. Apart from snow whiteness of hair and beard, a pink and white complexion and alertness of movement almost offers a contradiction of his seventy-five years.

"I have no fads," he asserts. "My only rule is moderation in all things. My life has been spent between my office and my home."

ZAM-BUK

This illustrates but one of the many uses to which Zam-Buk, the great herbal balm, is daily put. Accidents will happen, especially where there are children. Mothers should never be without Zam-Buk. Zam-Buk is the best "First Aid." Its strong antiseptic properties kill all germs, preventing blood-poisoning and inflammation. Its rich, herbal essences quickly ease pain and build up new healthy tissue. Zam-Buk is entirely different from all other ointments. It is purely herbal and contains no poisonous coloring matter. Take no substitutes. See the name on every box before buying.

ZAM-BUK HEALED SEVERE CUT

Mrs. J. E. Bizenowicz, writes: "My little son cut the end of his finger. As it was such a severe cut, I was going to take him to a doctor, but in the meantime to ease the pain, I applied some Zam-Buk. This stopped the bleeding and gave me relief. I then decided to see if Zam-Buk would heal the wound. Next day I replaced the dressing, and continued to do so each day, using nothing but Zam-Buk. Complete cure."

MACKENZIE KING SPEAKS OF TRIP TO PROVINCES

Montreal, Jan. 19.—Hon. William Lyon Mackenzie King paid his first visit to Montreal as Liberal leader today when he addressed members of the Montreal Reform Club at a special luncheon. Mr. King devoted much of his address to an account of his recent tour of the maritime provinces and to a consideration of the Farmers' movement throughout the Dominion which he regarded as a species of Liberalism. He declared that there was no danger of a farmers' political movement in the maritime provinces, giving as his view that the farmers there were quite content with the political programme of the Liberal party. As to Ontario and the west it was his opinion that the movement there would in the end harmonize with the Liberal doctrines of lower tariff and reciprocity with the United States. He said that owing to pressure of work and the approach of another parliamentary session he had been compelled to postpone his original intention of making a tour of the west until after the conclusion of the next session.

Later in the afternoon Mr. King met the Women's Liberal Club and in the evening the Young Men's Liberal Club, leaving by the ten o'clock train for Ottawa.

The other officers elected were: Miss Alice Mackay, secretary; Miss Alice Keith, assistant secretary; Frederick McGovern, treasurer; and Mrs. Richards, assistant treasurer.

The president addressed the meeting and thanked the members for the faith they had shown in him, saying that he hoped every member would be a booster and try to get as many new members as possible. He felt that every member should give his moral and actual support to the association.

A Simple Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. Do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve an entirely destroyed every single sign and trace of it, no matter how much dandruff you may have.

You will find itching and digging of the scalp will stop instantly, and your hair will be shiny, lustrous, glossy, silken and soft, and look and feel a hundred times better.

No Trouble To Remove Superfluous Hair

(Toilet Tips.)

It is an easy matter to rid the skin of objectionable hair or fur, if you proceed as follows: Mix a paste with some water and a little powdered talcum, apply to hairy surface and in 2 or 3 minutes rub off, wash the skin and hair with soap. This method of banishing hairy growths is painless and does not mar the skin, but to avoid disappointment, be certain to get real depilatory.

SEAMEN'S CONCERT A GREAT SUCCESS

Members of the crew of the C.P.O.S. liner Empress of France, gave a very successful entertainment last evening at the Seamen's Institute. Nearly 500 people took advantage of the opportunity to hear these seamen in their various entertaining roles and the proceeds, which are to go to the institute, amounted to fifty dollars, which is the largest sum yet taken at these concerts. MARITIME UNION.

Truro, N. S., Jan. 19.—H. J. Logan, of Amherst, president of the Maritime Board of Trade, in an address before the Canadian Club tonight made a strong appeal for the union of the maritime provinces. His slogan was "get together" for the upbuilding of the three provinces, in the "Atlantic province" and the upbuilding of that province would be the upbuilding of Canada, the premier dominion of the empire.

A conference of all the city commissioners, with Mayor Hayes presiding, was held in the mayor's office yesterday afternoon, when matters of a departmental nature were discussed.

CANADIANISM IS THE BINDING TIE

(Canadian Finance.)

Canada has attained a position of importance in the mercantile world. Spurred on by the necessities of war, our country has reached a high standard of commercial, financial and social importance. One of the tasks that we must tackle in 1920 is to maintain that standard so that Canada may measure up to the demands of the present critical economic situation. If we are to do this, there should be no relaxation of effort—rather should there be more intense application to the needs of the hour.

Industrially, the future was never before so full of opportunities. With raw material in abundance, and gradually becoming more plentiful, and a wide open world market for our products, commercial prosperity seems assured. We have the men, the money and the materials which will be required to make this prosperity an accomplished fact.

But it is not sufficient to have these very necessary resources. We also need that untiring influence which will bring them together. What is that all important binding tie which we require? We may name it with the one word "Canadianism." Our men, whether they be employers or employed, should be Canadians. Captains of Industry and leaders of labor should make the year 1920 stand out in history as the period during which all men approached their tasks with the national welfare as the foremost consideration.

Equality of opportunity is a right which every Canadian should have. It is the duty of our governments to see that this right is safeguarded and it is the duty of every citizen to assist and encourage the powers that be in their efforts to protect that right.

As a final thought for the days to come may we as a nation be guided by those simple words of Abraham Lincoln: "With malice towards none; with charity for all; with firmness in the right, as God gives us to see the right, let us strive on to finish the work we are in."

ST. DAVID'S Y. P. A.

The Young People's Association of St. David's church held a very largely attended and thoroughly enjoyable social gathering in the recreation room of the church last night when the president, Stanley F. Jamieson, was the chairman and master of ceremonies. A delightful programme was arranged by the committee, with Miss Muriel Baird as convener. It opened with an entertaining series of guessing games for which prizes were arranged by the committee. The programme then proceeded to the singing of hymns and songs, which prizes were awarded. Next came some very prettily arranged tableaux, each of which was made up by the members of the association. The tableaux were served under the convener'ship of Miss Alberta Nelson. Miss Phyllis McGowan was the accompanist and the success and pleasure of the evening.

PEPS

for Childrens COUGHS & COLDS

Why are Peps best for children? Because they contain absolutely no harmful drugs. Because, when dissolved in the mouth, they are breathed down to the air passages and lungs—not swallowed to the child's delicate stomach, which is so easily upset; and because they act directly on the throat, breathing passages and lungs. These pine vapors released when Peps are taken, penetrate to all parts of the breathing organs, bringing relief and healing to the sore and inflamed membranes, ending that tight feeling in the chest, making breathing easy and stopping any cough. Keep Peps handy this winter and use them freely. Give them to the children when the first symptom of a cough or a cold appears. Just as suitable for adults. All dealers 50c. box.

GLOUCESTER AND THE CARAQUET RY.

Gloucester county council calls upon the federal government either to take over the Caraqueit Railway or permit the provincial legislature affecting it to come into effect. The Northern Light says:—

"How many people, we wonder, have ever stopped to consider what the inefficiency of the Caraqueit Railway really costs them? First, of course, there are the excessive freight rates. These mean to every resident higher cost living; to every shipper lower margin of profit and consequent less wages for workmen; to every farmer they mean lower prices for produce and to every fisherman lower prices for fish, for their goods compete with those of others who do not such high rates to pay in order to market their output.

"Then there is the uncertainty of the service. A carload of perishable goods, and a great deal of the products of this part of the country is perishable, may happen to figure in one of the numerous run-offs for which the Caraqueit Railway has a fame all its own. Or it may be stalled for weeks when the road is tied up by heavy or less severe storms. Disaster may likewise overtake goods such as flour, feed and groceries, and actual want at any time stare the people in the face before their goods reach their destination.

"Besides these expensive inconveniences there is the not so vital perils, but no less costly experience of the travelling public, who lose valuable time and money through delayed trains, slow trains or trains that do not run at all. In the last but not any means least, there is a tremendous loss suffered by the country through the impossibility of taking advantage of industries and enterprises which desire to locate in this territory. At least one pulp mill has been turned away, and coal deposits of unknown value lie undeveloped while all round the country are fillitable sources of wealth and prosperity that must lie dormant until transportation facilities are provided.

"Is it any reason then that the people of the County possess an intense feeling against those responsible for the present plight of the country, but after all, would it not be good business for them to take steps, even to the extent of putting their hands-in their pockets, to remedy the existing condition of affairs?"

DENTAL SCIENCE has proved that the great tooth wrecker is a slimy film. You can feel it with your tongue. Most tooth troubles are caused by it. It clings to the teeth, enters the crevices, hardens and stays. And teeth will discolor and decay where the film stays, however much you brush them. That is why millions of tooth brush users fail to save their teeth.

That film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Scientists have for years sought ways to combat that film, but the methods proved inadequate. Then one man, after extensive research, applied activated pepsin—a digester—to the film. And many clinical tests seem to clearly prove that he solved this great film problem.

We ask you to see for yourself. This pepsin method is employed in Pepsodent, and we offer a 10-Day Tube. See what it does when you use it. See the results in ten days. It will show you a way to clean your teeth as you never have cleaned them before.

Analysis shows that the film is albuminous. Pepsin digests albumin. The object in Pepsodent is to dissolve the film, then to constantly combat it. But pepsin alone is inert. It must be activated, and the usual agent is an acid harmful to the teeth. So pepsin long seemed forbidden.

Now a harmless, activating method has been found. And that method, used in Pepsodent, makes efficient pepsin possible.

Able authorities have proved Pepsodent by convincing clinical tests. It has been adopted, and is now endorsed, by leading dentists everywhere. It does what nothing else has done, and everyone should use it. We urge you to prove it yourself. Ask us for a 10-Day Tube. Look at your teeth and see what it does. See how they glisten. BASEBALL.

Honus Wagner as Coach.

Honus Wagner, the old Pirate star, has signified his intention of remaining in charge of the Carnegie Institute of Technology baseball team during the coming season. Last year was the first that he directed the Plaid Nine. An abundance of very promising material is available this year, comprising both a number of veterans and some new men, and this, together with the unusually strenuous schedule that has been arranged, indicates a very attractive season.

Will Tour Camps.

Toronto Mail & Empire: Two weeks before the Leafs go south on their training trip, Manager Hugh Duffy, who is now paying a visit to local headquarters, will take a tour through several of the major league training camps in search of players with which to strengthen the Toronto team. "It is my intention to get two or three pitchers, including a capable left-hander, as well

BASEBALL.

Retains Title.

Boston, Jan. 19.—Waino Ketonen retained his title as the world's middleweight wrestling champion here today when he gained two falls from Mike Yokel, a former title holder, Yoked won the first fall in forty-two minutes, but the champion took the next two in seventeen minutes, thirty seconds, and twenty minutes and seventeen seconds, respectively.

Montreal Wins Again.

Montreal, Jan. 19.—Joe Burns, a local featherweight, earned the decision over Battling Gabe of Cincinnati in a ten-round bout here tonight. Burns had the edge on his opponent in nine of the ten rounds, but was unable to score a knockout. In the final round, Gabe rallied and almost put Burns away, as Burns lost his prudence in over-exercising a knockout.

Wild and Ertie Matched.

Minneapolis, Minn., Jan. 20.—Mike Ertle of St. Paul last night was signed to meet Jimmy Wilde of England at Milwaukee on Jan. 29 in a ten-round non-decision bout. Ertle agreed to make 115 pounds at three p. m. the day of the match.

Ten-Round Draw.

Peoria, Ill., Jan. 20.—Jack Wolfe of Cleveland and Joe Burman of Chicago fought ten rounds to a draw here last night. They weighed in at 120 pounds.

In Philadelphia.

Philadelphia, Pa., Jan. 19.—Young Chancey of Baltimore and Joe Tippitts of Philadelphia fought six fast rounds to a draw here tonight. Chancey had the advantage of the first four but the local boxer came back strong and evened up the bout. Harry "Kid" Brown of Philadelphia had the better of a six-round fight with Billy Eck of England. Jack Russo of New Orleans defeated Johnny Milano of Hazelton, Pa., in a hard hitting ten-round bout.

May Change Situation.

New York, Jan. 19.—C. B. Cochrane, English boxing promoter, announced tonight receipt of a cable from M. Deschamps, manager of Georges Carpentier, in support of his contention that he is the only one who can stage a world's championship bout in 1920. Deschamps had been paid \$25,000 to Decamp for the French title-holder's services this year. The message read: "Awaiting your decision. Have entertained no other offers whatever. Will not do so until released by you."

Cochrane, who will sell home on next Saturday, intimated he would hold the bout in England if he can sign up Jack Dempsey.

Outdated.

Buffalo, Jan. 19.—A scheduled ten-round bout here tonight between Fred Fulton of Minnesota and Silas Greene, negro boxer of Toronto, was stopped for the fourth time because apparent that Greene was hopelessly outclassed by Fulton. Greene weighed only 176 pounds, while Fulton entered the ring at 214.

WRESTLING.

Retains Title.

Boston, Jan. 19.—Waino Ketonen retained his title as the world's middleweight wrestling champion here today when he gained two falls from Mike Yoked, a former title holder, Yoked won the first fall in forty-two minutes, but the champion took the next two in seventeen minutes, thirty seconds, and twenty minutes and seventeen seconds, respectively.

as an extra infielder. The place to get these players is in the training camps of the majors. It is next to useless to try to get them now," says Duffy. Toronto's new manager realizes that the International will be a much faster league in 1920 than it was in 1919, and proposes to strengthen the Leafs up to the point where they will be in the running from beginning to end.

ATHLETIC.

Won Fifty Yard Dash.

The Y. M. C. A. Junior "A" School Boys held a 50 yard dash yesterday on the indoor running track. Halston won in 7 and 5/8 seconds; Murray, Sprout, Armstrong and Breen all tied for second place in 8 seconds flat.

Y. M. C. I. Hike.

Members of the Y. M. C. I. Senior, Junior and School Boy classes are planning a hike. They are to meet at the Y. M. C. I. at 7 o'clock, and will hike out towards Rockwood Park and vicinity. On their return, showers and a plunge in the swimming pool will follow, after which an entertainment will be held and refreshments served.

SIDE LIGHTS ON SPORT

Hugh Duffy, Toronto manager, is evidently out to win the International League pennant this year. His proposed trip through the major league spring training camps should give him a good idea on surplus players and he should be able to fortify himself in every department.

Bobby McLean is now on the ocean bound for Christiansia, where he expects to arrive Jan. 26. He is to meet Oscar Mathieson of that city on Feb. 8 and 9 in six races for the professional ice skating championship of the world.

Local skaters are in force these nights and some of the best racing in years should be witnessed during the winter. It is hard to decide which skater has the best opportunity to clinch the championship, for the friends of this or that one are confident that he will win the title. The only way the fans can decide is to see the boys in a championship series.

From a sporting standpoint St. John seems to be coming back to its own. With talk of minor league baseball, rowing regatta, ice skating championships, to say nothing of sport now holding the attention of fans, such as bowling, hand ball, basketball, wrestling, etc., it would seem that St. John is not "dead."

LEONARD SOON MILLIONAIRE.

BOXER HAS HALF THAT SUM

New York, Jan. 20.—Before some of the most famous boxing matches in landing a K. O. on the elusive Jack Lightweight Champion Benny Leonard, the champion may be referred to as the "Millionaire Champion." With a win equal to his fistful generalship, Leonard has been gathering the golden shooks which have poured into his boxing coffers and it is estimated that his various ventures have already netted him close to half a million dollars, with the tide of shekels still continuing in good force.

POLICE COURT.

At the afternoon session of the police court yesterday the case against William Deane, charged with assaulting his wife, was resumed. The magistrate had postponed judgment hoping that a reconciliation would be made, but the wife said she could not live with her husband. S. B. Bustin, counsel for the plaintiff, asked that the husband be ordered to support the wife and child, but this was refused, and the magistrate allowed the defendant to go on a suspended sentence on condition that he would enter a recognizance of \$200 with two sureties of \$100 each.

The Children's Aid Society withdrew the charge against Elmer Thomas, charged with neglecting his children. Thomas, a tailor, charged with having liquor in his possession, was fined \$50.

Y. W. C. A. ARRANGE FORMAL OPENING OF NEW CENTRE

The many and varied activities of the Young Women's Christian Association were most favorably reported on at the meeting of the board of directors in the King street building yesterday afternoon when arrangements were made for the formal opening of the new recreational centre in King street east. The president, Mrs. J. A. McAvity, was in the chair and the opening devotional exercises were led by Miss K. McK. Matheson.

Reports were presented from the King street Cafeteria showing it to have served 2,244 meals in twenty-eight days, and to be in good financial shape. The King street home had thirty permanent boarders during December and forty-four transients. The Travelers' Aid and other projects of the Y. W. C. A. were reported upon favorably.

Mrs. Lawrence reported on the meeting in Ottawa, said that Premier Foster had assured her that New Brunswick would support the hostel, although some return for this support would be expected. Mrs. Gordon gave a report as house mother and told how pleased the immigrants were with the home. They were amazed, she said, at the abundance of butter and tea here, that is none too plentiful in England. A letter from the nurse in Halifax to Mrs. Gordon, speaking of her as "Our Canadian Mother," was read. A sum of \$5.50 per week was arranged to be charged immigrants who remained in the hostel over the twenty-four hours. It was decided on motion that the council for immigration be affiliated with the women's council and Mrs. Jenner was appointed as the first delegate. Other matters were discussed.

PLANS TO BRING HOME OUR DEAD

Toronto Undertaker Makes Announcement of Project Under Way.

Toronto, Jan. 20.—Robert U. Stone, an undertaker of this city, says there is a movement on foot and other arrangements have been well advanced by an organization known as the Overseas Mortuary Association "to bring back the remains of the heroic Canadian dead from England, France and Belgium and bury them in their own country."

Mr. Stone says it is a private enterprise and is the result of an increasing demand on the part of relatives to have their loved ones laid to rest in Canada. He says that E. Teyssere, an undertaker in Paris, France, is associated with him.

TRAVELERS' SUGGESTION.

Commercial travelers and others who patronize C. N. R. trains frequently are of the opinion that, in the interest of the "safety first" slogan, wooden sleeping cars should not be placed forward of steel cars, because of the greater danger in collisions. The subject already has been talked over informally by travelers coming to St. John, and it is understood their views are to be presented to the railway commission at an early date.

QUICK WORK AT THE GRAMPIAN

Due to the erection of the commodious baggage room at Sand Point, the C. P. R. is now able to make records at this port in the quick dispatch of passengers. When the C. P. O. S. liner Grampian arrived last night at 10.10 o'clock, everything was ready for the disembarkation of the Chinese in twenty minutes and at 11.46 o'clock the first train load were en route to the Pacific coast. At 1.45 o'clock the second was away. The party consisted of four imperial officers and seven other ranks and 1,000 Chinese. During the time elapsed after landing until they left on the special trains, they had to be checked off, manifests made out, six copies to a man, and many other details attended to. In addition every one was furnished with a military blanket provided by the Canadian militia, which were done up by the Colonel Napier, assistant chief provost marshal of Canada. They were also given two apples by Miss Deming, daughter of Senator Deming of the Halifax Herald, and Mrs. Dobson, also of Halifax.

In addition to the Chinese on board there were 250 cabin passengers who left this morning on a special train for Montreal and points west. This is the first time Chinese were brought to this port. The coolies were employed at Noyelle and Dieppe. During the voyage here the Grampian encountered very rough weather, and as a result was delayed. Nothing eventful occurred on the voyage.

TWELVE BELOW IN CITY TODAY

Those who were in hopes that the cold weather would abate during the night, were disappointed when they went out this morning and found the mercury down to twelve degrees below zero. During the morning it became a big warmer, and at noon the thermometer registered five degrees below. The cold was very penetrating, as a light wind was blowing. In the afternoon it was twenty-two below this morning.

POLICE COURT

There was one in the prisoner's dock this morning to greet the magistrate. On several occasions this year the words "no sheet" have been repeated. Several postponed cases were taken up.

A charge against Dr. F. X. Morris, charging with procuring abortion was again read over. The accused was brought into court and his counsel, Scott E. Morrell, asked for bail, but this was refused, and the accused was remanded until tomorrow afternoon at three o'clock, when the case will be heard at the Maternity Home. E. S. Ritchie is acting for the woman complainant.

A case against Thomas Grant, charged with stealing moccasins from the store of Max Shecter, Mill street, was resumed. The accused told of meeting a friend, who was under the influence of liquor on December 22, 1919, and said they both went to the store in question, where the accused's friend wanted to see some clothes. While the negotiations were taking place he said he was looking at some moccasins. A man came to the store and opened the door, but did not come in, as the accused went to shut the door the complainant grabbed him and said, "where are you going with the moccasins," and he said he pushed him out of the door before an explanation could be given.

The magistrate sent the accused up for trial. A case against Louis Carey, charged with misappropriating \$860, the property of Sidney Kerr and others, was again postponed until this afternoon at 2.30. Scott E. Morrell appeared for the plaintiffs and W. M. Ryan for the defence. A case against George Drew, on suspicion of breaking and entering and stealing from the store of Sidney Isaacs, Mill street, was postponed until the condition of Mr. Isaacs, who is ill in the infirmary, permits. It is probable that it will be taken up tomorrow afternoon at two o'clock. J. A. Barry appeared for the defence.

A section referring to the continuation of bonuses for the present year was struck out, as it was considered unnecessary. A recommendation to place on file the reports of the city and street engineers and the commissioner of public works with regard to the pavement of Brussels street was adopted.

A letter from the St. John Agricultural Society asking for the usual grant was received as usual. Also the annual report of the slaughter house commissioner.

A letter from the publishers of the Agricultural Gazette came with a copy of a recent number which contained an article regarding city markets. The publishers asked for information with regard to the milk supply in the city and also for a copy of any milk by-laws in force. The matter was referred to the commissioner of public safety.

Commissioner Fisher brought in a resolution that the commissioners be authorized in their discretion to pay the new rates outlined in a schedule submitted by the Civic Public Service Employees' Union, dating back to Jan. 7. It was decided to let the matter stand for the present as Commissioner Jones was not prepared to support the move without further consideration. It was pointed out that the adjustment could be made at the next pay day.

A petition was read from the Women's Institute asking the city to take action upon having their dining-room furniture not only dignified but congenial—not only neat but beautiful.

The Taxes. The mayor read a report made by the chamberlain for the information of the council with regard to the collection of last year's taxes. The report showed there was a shortage of \$40,873.50 in collection. The mayor explained that this was made up for the great part of amounts rebated to several firms and individuals whose appeals had been considered in a recent session. He said that the amount was less than he had expected and that it was due to the introduction of the new act. He was of the opinion that it was not the fault of the act but rather the putting of it into effect, coupled with the lateness of the collection. The loss to the city for the delay in collection would amount to about \$1,200 in interest, etc. He was confident that now that the working of the act had been demonstrated, so great a discrepancy would not occur again.

In reply to Commissioner Bullock the mayor said that this amount would have to be added to the assessment for the present year and would therefore increase the rate.

EX-SOLDIER'S AND THE KHAKI

The garrison military police of this district have received instructions to warn all men who have left the army over thirty days immediately to discontinue wearing khaki with brass buttons. Quite a number of men have already been warned to change the buttons and in most cases the order has been carried out. In future if these instructions are not complied with prosecutions before the city magistrate will follow.
