EVIDENCE IN THE ISAACS CASE

Mr. Miles Tells of Transaction Over Lands in Edson, Alberta—Some Letters—Hearing Off Until Monday

(Canadian Press)

The case against Richard D. Isaacs, charged with uttering forged documents of title to land in Edson, Alberta, to Andrew Miles, manufacturer, agent, and Albert McArthur, storekeeper, was begun this morning before Judge Ritchie in the police court.

Mr. Miles said that he had known Isaacs only for a short time before the alleged transaction. Albert McArthur had introduced him. He had a conversation with Isaacs prior to March 4.

The certificates of title were delivered by the defendant's brother M. J. Isaacs to him after payment. The witness noticed that a certain section had been omitted from the certificate.

THAW'S MOTHER IS IN MONTREAL TODAY

Conference With Lawyers is to Be Held This Afternoon

Montreal, Sept. 8.—The arrival of Mrs. M. Copley Thaw, mother of the alay of Stanford White, was the only new development in the Thaw case today.

Mrs. Thaw declined to see representatives of the press, pleading fatigue. Mr. Lafamme, K. C., and J. N. Green-shield, K. C., of the Thaw counsel, held a conference this morning.

According to J. N. Green-shield, K. C., who leads the legal forces in Harry K. Thaw's fight against deportation to the United States, one of the main hopes of the defense, aside from the fight against the Immigration Act itself, is an alleged irregularity in the proceedings taken by the immigration officers. It is contended that they did not have a formal order from the minister of justice to take Thaw in charge, which the defence claims is necessary under the act, when the alien affected has been in the country ten days.

MORE PYTHIANS THAN A YEAR AGO

Grand Lodge in Session in St. Andrews

MEMBERSHIP 2,790

The Reports of the Officers—Celebration of the Golden Jubilee in Next February is to Be Taken up—Recommendations by Grand Chancellor Palmer

(Canadian Press)

The Grand Lodge, Knights of Pythias, national province, opened its 27th annual session in St. Andrews today with a good attendance of delegates. Those from St. John include: W. A. Thompson, James E. Arthur, Charles T. Jones, B. L. Sheppard, John Beamish, Robert Maxwell, B. M. Bartch, Fred Dolg, W. H. McEldon, C. F. Nixon, William H. Holder, E. M. Smith, S. W. McEldon, A. W. McEldon, H. F. Black and E. A. Kincaid.

The grand lodge, besides dealing with important matters previously referred to in the Times, has interesting reports on the year's work to hear and discuss. The membership at June 30 was 2790, a gain of 336 during the year.

George K. Palmer, grand chancellor, in his annual report, spoke with pleasure of this visit to St. Andrews and gave a review of his year's work, which he said had been extended by extra demands of his own business on his time.

He referred to the system of monthly reports installed by him and of its value and recommended that it be kept up. He spoke of the good work of E. A. Potter of Cumberland Lodge, Springfield, and of Rev. W. J. Layton, of the same lodge, in re-establishing the same lodge. Contributions to the forward movement totalled \$222.35, including \$60 each from New Brunswick and Union Lodges, St. John. He felt the time was ripe when the grand lodge should take up this matter. A permanent organizer was needed.

LIFE PRESERVERS AND WRECKAGE OFF MAINE

Nothing to Indicate Whence They Came—Lake Michigan Disaster Feared

Portland, Me., Sept. 8.—Several life preservers and other wreckage were found floating in the water yesterday between Housatonic and Little Diamond islands, by the United States engineers' steamer Knicker, when she went in pursuit of her daughter, blown away during a storm. There were about a dozen preservers, several buckets, a boat hook, a broom, and several paper scraps.

Milwaukee, Wis., Sept. 8.—The schooner Westcott, with a crew of five men aboard, is six days overdue at this port, and fears are entertained that the vessel has been wrecked during one of the severe storms of last week.

COLONEL SAM WANTS ROYAL MILITARY COLLEGE IMPROVED

Kingston, Ont., Sept. 8.—The minister of militia is dissatisfied with the syllabus of the Royal Military College, which he thinks is not up to date and he will see that it is improved. He is not satisfied with the work being done by the military staff. The curriculum is behind the times, he says, and the college does not give the educational training it should.

WANT BARRACKS FOR CATHOLIC UNIVERSITY

London, Ont., Sept. 8.—The governors of the Western University are considering the advisability of consulting a military architect with a view to acquiring Wolsey Barracks as a home for the university. The barracks are within a few minutes walk of the site of the new Catholic university and boys school to be erected by Bishop Fallon.

Body of a Society Woman In Lake; Rope About Neck and Floral Mound on the Beach

Police Say it is Suicide, Wealthy Mrs. Smith's Husband Declares it is Murder—Was "Happiest Woman in the World"

(Canadian Press)

Chicago, Ill., Sept. 8.—The body of Mrs. Walter B. Smith, society leader, daughter-in-law of Byron L. Smith, millionaire president of the Chicago and Northwestern Railroad, and granddaughter of Martin Huggitt, former president of the Chicago and Northwestern Railroad, was found in Lake Michigan, near the city park, Lake Forest, yesterday afternoon.

A rope was knotted tightly about the woman's neck. On the beach was a small mound of sand painstakingly decorated with flowers.

Suicide was the only theory which was put forward by the police. Walter B. Smith, husband of the dead woman, scouted the suicide theory. He said: "I believe it is a murder pure and simple. She was the happiest woman in the world, and well poised."

INDIAN ACCIDENTALLY SHOT BY HIS COMPANION

Were Duck Shooting on Thatch Island, at Oromocto

(Special To Times)

Fredericton, Sept. 8.—On Thatch Island, at Oromocto, last night, two Indians named Nicholas Sobol and Peter Pouches were out duck shooting and remained near a pond hole until one o'clock on each side. A brace of ducks alighted in the water between the two men. Pouches opened fire and, besides shooting a duck seriously wounded his companion, part of the charge of duck shot striking him in the face, and passing through both cheeks.

The wounded man was removed to a hospital, but no doctor being available his wounds were not properly treated until today. He suffered a great deal of pain but will likely recover.

The engagement of Miss Marjorie Massey, daughter of a former manager of the Bank of Montreal here, to William Forde of the Bank of Nova Scotia, is announced.

EUROPEAN ATHLETES WILL CONPETE AT SAN FRANCISCO

London, Sept. 8.—Great Britain, France, Germany, Russia, Finland, Denmark, Sweden and Austria have definitely promised James E. Sullivan, secretary of the American Athletic Union and chairman of the American Olympic committee that they will send teams to San Francisco in 1914 at the opening of the Panama-Pacific exposition. Secretary Sullivan has looked forward to the Panama-Pacific exposition since he was elected secretary of the American Athletic Union on Thursday of this week for New York.

FORMER ALBERT COUNTY MAN DEAD IN BOSTON

Boston, Mass., Sept. 8.—Sanford Vernon Garland, a master tinsmith, is dead at his home in Somerville. He was born in Eglar, Alberta County, thirty-three years ago.

LEGISLATION FOR STEEL CARS

Washington, Sept. 8.—Consideration will be given early next winter to the proposed legislation prohibiting railroads, after January 1, 1918, from using express baggage or passenger cars made of steel. A bill covering such a prohibition already has been introduced by Senator O'Gorman.

After January 1, 1914, the senator's bill provides it shall be unlawful for a railroad to place such cars not constructed of steel between cars constructed of steel, or from bringing into use such cars at that date of any new car not constructed of steel.

CANADIANS TO CONFER ON SAFETY AT SEA

Ottawa, Sept. 8.—The world will soon witness another convincing demonstration that the lesson of the Titanic was not lost upon the British Empire at least. In London in November there will be held a big international conference, at which Canada will be represented, to discuss and formulate conclusions from the rules drawn up by the British board of trade last year after the Titanic disaster. Canada was represented at last year's conference.

Says Duke is in Ireland London, Sept. 8.—The Daily Citizen, a labor organ, announces that the Duke of Connaught crossed to north Ireland last night and precautions have been taken to prevent the journey from being publicized. It suggests that the visit has some connection with the Duke's date of any new car not constructed of steel.

FINAL VOTE ON THE TARIFF BILL

Senate to Meet This Afternoon at Four O'Clock

FOUR MONTHS DELIBERATING

Senators Anxious to Get to Homes or to Vacation Places For a Rest—Currency Measure The Next Big One to Handle

(Canadian Press)

Washington, Sept. 8.—The final vote on the tariff bill will be taken in the senate at four o'clock this afternoon in accordance with an agreement reached before the senate adjourned a little before two o'clock this morning, after a sixteen hours' session.

Senators who had remained in the chamber until adjournment, returned sleepy-eyed at nine o'clock for the final deliberations, the income tax, the cotton schedule, and several other amendments remaining to be discussed. Senator LaFollette planned to discuss the cotton schedule and to offer amendments; Senator Brewster and Senator McCumber were ready for the final arguments against free cattle, free wheat and rates on other agricultural products, and Senator Norris planned to urge volitional of coffee amendments.

An caucus of senators was confidently expected soon after the final vote, many indicating last night that they would leave for their homes or vacation resting places as soon as possible. Senator Simmons, in urging the hour of four o'clock for a vote, asserted it was imperative that one democrat who wished to vote for the bill, should leave town on a train at five o'clock.

The tariff bill has been in the senate exactly four months and two days, having been sent over from the house on May 8 last. During the lull in the senate, little business will be transacted as a quorum is not expected until demands are made for consideration of the currency measure. This, in all probability, will not come under the committee for many weeks. In the meantime, the senate probably will meet and adjourn every three days.

GREAT LAND CAMPAIGN LAUNCHED BY HON. LLOYD GEORGE ON OCTOBER 11

London, Sept. 8.—Hon. David Lloyd George, according to official announcement, will inaugurate his great land campaign at a meeting in Bedford, on October 11. The committee appointed by the chancellor to study the question has concluded its labors and its report will be issued soon after the Bedford meeting.

It is understood that this will recommend chiefly the adoption of small holdings, cultivated by the tenant occupiers, this tenancy system being safeguarded by land courts. It will also propose reforms in the condition of agricultural laborers, fewer hours of work, more holidays, and the institution of wages boards. It is believed, however, that the cabinet is still far from agreed on the details of the policy.

According to the liberal papers, the government is basing all its plans on parliament lasting until 1918. They say, however, that dissolution is likely to occur in June or July of that year. This would be before the new Irish parliament would be elected, and the election would then the home rule bill receiving royal assent in June, 1914, and the actual constitution of the parliament at Dublin.

REPUBLICAN IS VICTOR IN MAINE

Portland, Me., Sept. 8.—Speaker John A. Peters, Republican, of Ellsworth, was chosen to fill the vacancy in the Third Congressional District, by a plurality of 559 over Mayor William A. Pittsburg, Democrat, of Waterville, with Edward M. Lawrence of Lubec, Progressive, a poor third in the race.

FUNERAL OF R. S. EDGECOMBE

The feeling of sympathy aroused by the death of Richard S. Edgecombe was shown by the great number of friends who called at the home and by the very large and beautiful display of floral tributes. The latter included a beautiful floral pillow with the words "Our Son," from the parents; a floral cross from the Knights of Pythias, a cross from Mrs. E. S. Bonnell, wreath from Mr. and Mrs. William Charlton, pillow from John R. Dunlap, crescent from the employees of Edgecombe & Chaisson, sheaf of roses and asters from Mr. and Mrs. Gilbert C. Jordan, crescent from Mr. and Mrs. A. M. Belding, sheaf of white asters from Mr. and Mrs. F. W. Hoach, sheaf of roses and asters from Mrs. J. L. Finley, basket of flowers from Mrs. Arthur and Elinor Chaisson, cut flowers from Mr. and Mrs. W. R. Humphrey, E. Peters, J. M. Humphrey & Company and vestry of Centenary church, shower bouquet of pink asters, E. Clinton Brown, set pieces, Mrs. Charles Magee, East St. John.

The funeral was held at 2:30 this afternoon and was conducted by Rev. Wilfred Gaetz assisted by Rev. R. A. Armstrong. The hymns were sung by a quartette from the choir of Queen Square Methodist church composed of Miss Gaetz, Miss Gunn, W. J. Barnaby and Kenneth Bonnell. Interment took place in Fernhill.

VACATION'S HONEYMOON IS O'ER

THE ROYAL PAIR WHOSE BETROTHAL HAS PLEASED THE BRITISH NATION

Approaching Marriage of Prince Arthur of Connaught to the Rich and Comely Young Duchess of Fife

Duchess One of England's Wealthiest Women—Prince Arthur Likely to be Made a Duke—Known as the "Royal Handyman" by Reason of the Many Occasions on Which he has Understudied the Sovereign—Once Ambition Was to be Clockmaker

(Times' Special Correspondence) London, August 27.—It is difficult to think of any announcement that could have given more general satisfaction to the public in this country than has that of the betrothal of Prince Arthur of Connaught, the good-looking young soldier, sportsman and envoy-extraordinary, and the youthful and comely Duchess of Fife, who are to be married in the Chapel Royal at St. James' Palace on October 16.

Each of the royal lovers has a definite place in the affections of dwellers in these islands. The Duke of Connaught's heir is admired as a keen soldier, sportsman and envoy-extraordinary, and the youthful and comely Duchess of Fife, who are to be married in the Chapel Royal at St. James' Palace on October 16.

"Come," said she, "you must admit you are going after our big fish." "Well," said the prince, reluctantly, "I think you are right. The gillie has told me where he is, and I thought I would try a cast before any one was about."

Her Inheritance The property which the duchess inherited upon the death of her father, represents more than 200,000 acres, while her private fortune is large enough to indulge to the full a charitable predilection on which, in the past, the Princess Royal found it highly necessary to keep a watchful check, the young girl's generous impulses frequently out-running her purse.

His Royal Highness took up the proffered gillie, and early next morning, one of the royal gillies having informed him definitely that this particular salmon was lurking in a certain pool, the prince gathered up his rod and tackle and, without telling his niece of the news he had received, set off to catch the fish.

The Duke of Connaught, whose love of a joke is well known, determined to show his son the error of his choice, and pretended to take the matter quite seriously.

EXPERT APPROVES OF HOSPITAL SITE

Dr. Cox of Boston Finds Merritt Street Suited For Tubercular Patients.

That the Merritt street site, decided on by the St. John county hospital commission as the location for the proposed tuberculosis hospital, was all that could be desired, and would tend in no way to contaminate that section of the city, was the opinion of Dr. Simon F. Cox, the superintendent of the Boston City Tuberculosis Hospital at Matapan, and the man who has charge of the fight against the disease in Boston, in an address, delivered last evening before the members of the commission in the county court chamber.

The meeting opened at 8:30 o'clock with a very slim attendance, due no doubt to the inclemency of the weather.

Besides Dr. Cox and His Worship, the Mayor, among those present were Commissioner Wigmore, Dr. G. G. Melvin, medical health officer, Dr. Thomas Walker, J. King Kelley, county secretary, Dr. S. H. McDonald, F. Neil Brodie, who is preparing the plans for a building, and Commissioner Schofield, who came in while the meeting was in progress.

The mayor, in introducing the speaker, explained the reason why the meeting was called and told of the objections made to the proposed site for the hospital.

Dr. Cox opened his discourse with a short talk on the disease and said in substance that it is a contagious disease, and the chief item in the fight against it is a knowledge of its cause, method of spread and means to prevent its spread.

"At one time little was known as to how it was carried from one person to another, and it was a general supposition that it was hereditary. But this idea has given way to the belief that the chief cause of the spread of the plague is carelessness as regards the sputum.

"Consumption germs, unlike many others, resist both heat and cold and are often known to make their appearance in the human body after several years. It is this feature that makes the disease so difficult one to contend with. By the time the germ is discovered it has become firmly entrenched in the system of the afflicted one.

"Some years ago it was thought that we had to do with care for the lungs, and if the greatest factors in the fight is the use of advanced cases. Although we cannot assure these of a return to health, we can at least offer them the best care possible and allow their friends to visit them frequently. For this reason they should be situated where their friends will be near to them, and they should not be isolated.

"There are the two separate types of consumption, the curable and incurable, F CONSTIPATED OR BILIOUS 'CASCARETS' or Sick Headache, Sour Stomach, Sluggish Liver and Bowels.

Get a 10-cent box. Take a Cascaret tonight to cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning.

Remember, a Cascaret tonight will brighten you out by morning. A Cascaret from your druggist means healthy bowel action, a clear head and heartiness for months. Don't forget the children.

HELPLESS GRIPPLE FROM RHEUMATISM

Toronto Lady Took "Fruit-a-lives" And Cured Herself

Toronto Lady Took "Fruit-a-lives" And Cured Herself. "I was a helpless cripple from Rheumatism for nearly a year. All down the right side, the pain was dreadful and I could not move for the agony. I was treated by two physicians without benefit. I saw "Fruit-a-lives" advertised and bought a box. After taking one box, I was much better. When I had taken three boxes, I could use my arm and the pain was almost gone.

After taking five boxes, I was entirely well again. The cure of my case by "Fruit-a-lives" was indeed splendid because all the doctors failed to even relieve me. "Fruit-a-lives" cured me."

Mrs. LIZZIE BAXTER, 50c a box, 6 for \$2.50—trial size, 25c. At all drug stores or from Fruit-a-lives, Limited, Ottawa.

SMOOKUMS AND THE NEWLYWEDS MAKE OPERA HOUSE HIT

Musical Comedy Delights Large Audience — Attractive, Bright and Full of Fun

The marital joys and tribulations of "Lovey and Dovey" and "Smookums, their only child," afforded unceasing laughter last night at the Opera House to a very large audience assembled to witness the musical comedy presented under the name of "The Newlyweds and their Baby." These three characters are familiar to all readers of the comic supplements for the pen of George Melman has depicted the trio in an entertaining series, but to see them personated in real life last night added greatly to the merriment derived from the picture caricatures. It was a night of good, sheer fun, and all present enjoyed every moment of it.

Of course in order to build up a faint semblance of a plot it is necessary to have several other characters in the piece, and this resulted in some other interesting personages making their appearance in the life of the "dear little Smookums, mama's little oopy-woopy." They added many more laughs to the general abundance. One of these, Tom Travers, in love with Mr. Newlywed's sister, makes one sad mistake about which the whole fun centres—the gives little Smookums away to the proprietor of an incubator bureau, although at the time he thought it was a precious building he was passing with, as it was covered in a big wicker basket. That was the beginning of a long series of laughs and the ending was not until the fall of the last curtain, for there was fun galore in the efforts of all to find little Smookums.

Meanwhile one, Major Knotmuch, very diminutive in stature, arrived on the scene, and immediately Travers was possessed of a happy thought of substituting him for the Newlywed's baby, whom he resembled very much. "Nuff said—more fun. Then there is a Dutch water of droll tongue and comical aspect. He is a very appropriate name for the New York household, his brother the head of the incubator bureau, and two or three other characters who serve to increase the terror of "Turtle Dove and Honey Lovel" feeling with anxiety for their lost darling, but who manage to provide another big bundle of laughs and giggles to the audience.

In Master Harold West, the audience saw a juvenile comedian of distinctly rare calibre. He played the dual role of SMOOKUMS and KNOTMUCH with remarkable cleverness and was the centre of much of the merriment of the evening. Miss Olive May, daughter of Albert Phillips was married last evening to Irvine M. Somerville who is in the employ of H. Bisset. Rev. A. B. Nobles officiated at the ceremony. Mr. and Mrs. Somerville left on a short honeymoon trip and on their return will reside on Mecklenburg street.

Medical Inspection for Public Schools Chairman Says Provision Must Be Made in 1914 Estimates—Low Salaries of Teachers Again an Issue

Important business was considered last night at a meeting of the board of school trustees. The study of medical inspection in the public schools was the first item on the agenda. Mr. E. B. Emerson, who presided, gave the matter serious consideration, as it was almost absolutely necessary to have provision made for such in the estimates for the coming year. The study of music in the schools was also urged. Trustee M. D. Coll referred to the successful experiment which was made in Dufferin school and he thought that all the schools should receive the same privilege as this school regarding musical instruction. A communication was received from the common clerk, expressing the approval of the council in regard to the issuing of debentures for the school board to the extent of \$50,000. Other matters of a more or less routine character were also taken up.

Applications were received from Kathleen O'Neill and Hazel McLean for positions on the teaching staff in the city schools. These were referred to the teachers' committee. Miss Catherine Robinson, of Dufferin school, asked for an increase in her salary. This the board did not feel at liberty to grant at the present time. (E. Va. Verkes) tendered her resignation from the teaching staff as the pay was too small. The board did not feel disposed to grant an increase to one teacher and refuse another, so the matter was referred to the teachers' committee.

In regard to the issuing of bonds, Dr. Manning suggested that they be not placed on the market until conditions became more favorable for their sale. This was agreed to and they will not be issued for some time yet. Dr. Manning reported that the school on Partridge Island was successfully opened yesterday morning. A letter had been secured by the school, with little difficulty than was anticipated. Miss Hargrove has accepted the position and the board endorsed the action of Dr. H. S. Bridges in giving her \$30 per month.

WANT DEFINITE TERMS CHANGE OF FEELING FROM STREET RAILWAY TOWARDS COLONIES

Agreement For Extension Held up — Council to Ask Regard C. T. P. Plans—The Fire Inquiry

Discussion of the agreement made on Friday between the city and the St. John Railway Company relative to the Keithway extension, occupied the greater part of the session of the common council yesterday afternoon. The resolution granting the company permission to proceed with the work was postponed until the morning of the 11th. Details had not been touched upon in the agreement. Among the details which have been omitted were the position of the line in the street, the question of a continuous service and a clause forcing the company to restore the street to a proper condition after the tracks have been laid.

The commissioners discussed the situation in committee of the whole and consulted with the recorder with the result that the matter was laid on the table till further conference with the management of the company which was arranged for this morning at 11 o'clock. A resolution was passed that something definite be ascertained, if possible, regarding the position of the street as to the plans of the Grand Trunk Pacific concerning the construction of terminals at St. John.

In answer to a question from the mayor, Commissioner McLellan said he proposed to make some investigation as to the reason why the Dock street fire on Sunday morning had not been noticed sooner by the constables on duty in the vicinity, if it was found that the statements of various witnesses proved that the fire had started half an hour before the alarm was rung.

Mayor Pringle, with Commissioners Wigmore, Agar, Schofield and McLellan and the common clerk present. A letter from the Trades and Labor Council protesting against the city's action in withdrawing the privilege of the teamsters of using the north side of King square as a stand was received and filed. The letter called attention to the opinion of the Trades and Labor Council that the use of that street as a stand for slovens, etc., was beneficial both to the teamsters and the merchants of the neighborhood.

CROPS AND FARM HELP Canadian Finance of Winnipeg has a very cheerful statement concerning the western crops. It sees no reason to dep-

part from its earlier estimate of over two hundred million bushels of wheat and two hundred and fifty million bushels of other grain, with a marketable value for the west of a quarter billion dollars or over.

It is evident that a considerable amount of Thaw money is to be gathered in by Canadian lawyers.

Lord Haldane says that "the relations between Great Britain and Germany never were more cordial."

The schools of St. John appear to be losing some capable teachers because the salaries offered are too low.

Mr. Jerome has been acquitted and has been tendered an apology for the humiliation to which he was subjected at Coaticook.

The city council will ask Mr. Hazen to arrange a meeting with the officials of the Grand Trunk Pacific.

Report of the Convention Held in Summerside, P. E. I.

The affiliated unions of New Brunswick and Prince Edward Island held their seventh convention at Summerside, P. E. I., from Sept. 6 to 8. Forty-five delegates were in attendance as follows:—

Mrs. Sprague, Sackville; Mrs. Lindon, St. Stephen; Mrs. Asker, Campbellton; Mrs. McWha, St. Stephen; Mrs. Colter, Fredericton; Mrs. Mary McAvity, St. John North; Mrs. J. Seymour, St. John; Mrs. Stevenson, Fredericton; Mrs. Perry, Summerside; Mrs. Adams, Campbellton; Mrs. Clark, Durham Centre; Mrs. Patterson, Mrs. Hunsicker, Mrs. Henniker, Mrs. Myles, St. John; Mrs. Robinson, Mrs. Murray, Mrs. Laughlan and Miss McFarlane, St. Stephen; Mrs. Humphrey and Mrs. Aubrey Smith, Sackville; Mrs. Dickson, Mrs. Holman, Mrs. Brennan, Summerside; Mrs. Kilburn, Mrs. Burns, Mrs. Lawson and Mrs. McCallum, Fredericton; Mrs. Fowler and Mrs. Mabel Bonnell, Fairville; Mrs. Bruce, and Mrs. McKensie, Campbellton; Mrs. Brittain, Bristol; Mrs. White, Narrows; Mrs. Campbell and Mrs. Brecker, Charlottetown; Mrs. Sadler, Perth; Mrs. Bradley, Hartland; Mrs. MacOdrum, Moncton; Mrs. Clark, Durham Centre; Mrs. Smet, Sussex.

The first session was held on Saturday morning, Sept. 6 at 9 o'clock. A prayer and praise service was conducted by Mrs. Seymour. The convention was called to order at 9:30. Analysis of the 38th Psalm was given by Mrs. Seymour, followed by a crusade hymn. The president, Mrs. Sprague, called the meeting to order for business.

The convention speaker, Mrs. Deborah Knox Livingston, was introduced. She brought greetings from Miss Lillian Stevens, national president, and from Miss Anna Gordon. Mrs. Livingston was made a member of the convention. Roll call was responded to by four special officers, nine superintendents and forty-five delegates. The minutes of the executive meeting held on the previous evening were read.

The committee were appointed as follows:—

Greetings and Courtesy: Mrs. Lawson, Mrs. Perry, Mrs. Adams, Miss Asker, Mrs. Clark.
Finance: Miss Asker, Mrs. McWha, Mrs. McKensie, Miss Campbell.
Resolutions: Mrs. Lawson.
Plan of Work: Mrs. McAvity.
Press: Mrs. Brittain.
General officers present were: Mrs. Sprague, president; Mrs. Asker, secretary; Mrs. Margaret McWha, treasurer.

Bills and standard certificates were presented. Reports of superintendents followed. Mrs. Asker's report was read in the absence of the lumbermen's mission was read by Mrs. Brittain and Mrs. Slipp of Woodstock sent the report of the railway men's mission. This was discussed and adopted.

The report of the seaman's mission was given by Mrs. Hanson of Fairville. An interesting discussion followed and the report was adopted. The session closed with the Misses benediction.

At the afternoon session devotional service was conducted by Mrs. Brittain. The report of the mission of health and heredity by Mrs. McAvity was read, discussed and adopted. Mrs. Kilburn's report of fair was adopted. A very interesting discussion followed Mrs. Perry's report of the summer meetings. The convention then went into committee. At five o'clock, tea, cake and ice cream were served in the ladies' parlors by the ladies of Summerside Union.

The Saturday evening meeting was opened with the hymn: "All 'Round the World," followed by prayer by Rev. J. M. Rice. Greetings of the Summerside Union were given by Mrs. Strong, local president. Greeting of the local pastors were given by Rev. M. Rice. Mrs. Lindon replied to addresses of welcome. Mrs. Livingston expressed her appreciation of the beautiful island and of the courtesy of the people.

Rev. R. O. Morse gave an address emphasizing the question: "Are we reaching the people that we ought to reach?" The president's address followed and the convention expressed thanks for this very encouraging report by a standing vote.

A song "Hush for Prohibition" was heartily rendered. Miss Asker's general report of the unions was adopted. The treasurer's report showed total receipts \$708.42; total disbursements \$464.60; Miss Edith McFarlane read the report of the St. Stephen "Y" Mrs. Stevenson's report was read and adopted. The benediction was given by Rev. R. O. Morse.

MORE PYTHIANS THAN A YEAR AGO

(Continued from page 1).

Mr. Palmer referred to the care of W. H. Smith of St. John over the Carleton county lodges and commended him as an exemplary Pythian. He said plans for a new lodge in Digby and the re-activating of the St. John's, Nfld. lodge were in progress.

The report referred highly to the uniform rank and the insurance department. In this domain the insured membership is ninety-five, and the amount \$117,826.

Recommendations

Celebration of the golden jubilee of the order in February 19 next was urged. The grand chancellor advocated annual instead of semi-annual terms of office in subordinate lodges; also more general observance of Decoration day. He spoke highly of the co-operation of Mr. Monison, Grand Keeper of Records and Seals. The following recommendations were made:

First—That a committee be appointed to report at the convention upon the advisability of placing a special deputy in the field to perform such duties as the grand lodge, through its grand chancellor, may authorize.

Second—That a committee be appointed to report at this convention, recommending a change from semi-annual to annual terms for subordinate lodge officers, advising the grand lodge of the legal steps necessary to make the change operative.

Third—That authority be granted for a complete revision of the constitutions for grand and subordinate lodges.

Fourth—That Grand Lodge definitely

MACHINERY FOR MINING OF COAL AT MINTO

The Rothwell Coal Co., Ltd., who are extensively engaged in coal mining at Minto, intend installing a small plant for extracting the mineral by means of compressed air.

If the plant proves satisfactory which they have every reason to believe it will, as it is used extensively in England and Scotland with great success.

The company intend equipping all their shafts with the new system. The device is known as the Hardy Puncher Coal Cutter, and will do the work of several men, mining more coal and with much less waste. The plant consists of a boiler and machine for compressing air.

The total output of the company at present is between 300 and 400 tons of coal a day, and it is expected that this amount will be greatly increased when the new system has been installed. The first plant, which will be given a thorough trial before the whole system is equipped with the compressed air system, has already been ordered.

THE TARIFF AND THE CURRENCY BILLS G. T. P. RAILWAY TO BE COMPLETED NEXT YEAR

Beyond these cardinal and simple propositions the committee has not deemed it wise at this time to make any recommendations save that in a few particulars it has suggested the amendment of existing provisions in the national bank act, with a view to strengthening that measure at points where experience has shown the necessity of alteration.
The administration currency reform bill, as approved by the democratic caucus, was reported to the house today from the committee on banking and currency, by Chairman Glass. A voluminous report including a lengthy discussion of the bill, and the views of the bill accompanied the measure, setting forth the views of the democrats on the committee. Representative Hayes of California, presented a report from the Republicans, criticizing the measure and proposing various amendments.
The majority declared that the bill 'is intended to bring about necessary reforms in the currency system, and to correct long standing evils that have caused a slow and stunted growth in the currency system of the United States and to the rectification of the essential defects of the present system, although it does not seek to make all the innovations that might, from an ideal standpoint, be deemed desirable.'
'After looking over the whole ground and after examining the various suggestions for legislation, the committee on banking and currency is firmly of the opinion that any effective legislation on banking must include the following fundamental elements, which it considers indispensable measures to be taken to prove satisfactory to the country.
'Provision for better extension of American banking facilities in foreign countries to the end that our trade requirements in the conduct of their operations.
'Creation of a joint mechanism for the extension of credit to banks which possess sound assets and which desire to liquidate them for the purpose of meeting legitimate commercial, agricultural and industrial demands on the part of their clients.
'Ultimate retirement of the present bond secured currency, with suitable provision for the fulfillment of government obligations to bondholders completed with the creation of a satisfactory flexible currency to take its place.

NO Let up on Building Operations
Until Last Rail is Laid, Says Mr. Smithers—Planning Connection With Vancouver
A. W. Smithers of the Grand Trunk Pacific said yesterday to the Montreal Star:—

'It can now be announced with certainty that the Grand Trunk Pacific will be completed next year, and there will be no let up on building operations while there is a mile of steel to lay between the eastern and western terminals.'

Mr. Chamberlain is going over some of the branches and the main line to the end of the track, and will return from his western trip, Mr. Smithers will not proceed to London.

'When I return' he said, 'it will be one fully sharing the confidence of Canadian and British friends of the enterprise, as to its bright future. As to the west, Prince Rupert, of course, continue to be our main port, but we will operate the line down to Vancouver although it will not be built by the company. Friendly interests are looking after the road, and after its completion we will lease and operate it as a much-needed branch.'

Rheumatism
A Home Cure Given by One Who Had It
In the spring of 1911 I was attacked by muscular and inflammatory rheumatism. I suffer, as do only those who have it, for over three years. I tried nearly every remedy, but only those who have it know what relief is received by only temporary relief. I found a remedy that cured me completely and it has never returned. I have written to number who were terribly afflicted and even bedridden with rheumatism, and it effected a cure in every case.

SAM LANGFORD TO MEET NEW HEAVYWEIGHT IN NEW YORK TONIGHT

New York, Sept. 8.—Tonight, the Atlantic Garden A. C. on the Bowery, will be crowded with fistic fans, to witness the bout between Sam Langford, the Nova Scotia hero, whom many consider the greatest of heavyweight champions of the present day, and John L. Johnson, who is a big, tough slugging rough and tumble scrapper. In the inner circles, the tip has been going round that Langford has been going back, being far from the annihilator he once was, and that Johnson will give him a lot of trouble. Sam, however, has a distinct advantage in reach and experience. Langford has only appeared in America once since his return from Australia, when he knocked out Porky Flynn in the seventh round, but there is nothing remarkable about that. What was remarkable, however, is that Flynn, who is not thought to have a punch, scored a knockout early in the nucleus, upsetting Langford considerably.

WRECKED ON THE WAY HERE

Famous Schooner Agnes G. Donahue Ashore Across the Bay—Had Brick For St. John

Digby, N. S., Sept. 8.—The schooner Agnes G. Donahue, Capt. Kaiser, from Annapolis for St. John with brick is ashore just west of Point Prim Light-house and will probably prove a total loss. The vessel and cargo are both said to be insured.

The officers and crew were rescued by the life-boat Saring in charge of Capt. J. W. Hayden and crew from the Bayview Life Saving Station, who made a heroic rescue in the surf.

The wrecked vessel several years ago was seized by the Argentine Revenue for fishing within the three mile limit. Judge Palfrey of Yarmouth succeeded in obtaining her release. She is 90 tons register and was built at Lunenburg.

Splendid Building Lots in Rothsay For Sale
A short time ago we offered for sale eleven very choice lots in a subdivision on Grove Avenue, Rothsay, which have all been sold, and cannot be purchased for less than double the purchase price. On two of the lots first class residences have already been built, and the owners of the others express their intention of building in the near future.

Ten acres immediately adjoining on Grove Avenue have now been subdivided into large lots of 77x110 feet each. These lots are beautifully situated on high land, commanding a magnificent view of the valley adjoining and also of the Kennebec River. Although this subdivision has just been made, lots 1 and 2 have already been sold—Water and Electric light. With most convenient train service, (eight trains daily each way stopping at Rothsay), the Collegiate schools for both boys and girls, and an excellent public school, Rothsay has become the favorite suburb of St. John both for summer and all year residences. Most of the lots are beautifully treed.

Price of lots only \$200 each. For terms and plans apply to Messrs. MacEae Sinclair & MacEae, Solicitors, Pugsley Building, St. John.

CINEMATOPHGRAPHING THE MATTERHORN

Daring Feat Accomplished For First Time by Famous Alpinist

THROUGH MANY PERILS

Mr. Burlington's Account of a Trip Which Threatened Several Times to End Fatally—Carrying Heavy Camera and Tripod up Almost Impossible Ice Clad Slopes

(Times' Special Correspondence)
Paris, Aug. 27.—The Matterhorn is one of the Alpine giants that is treated with great respect by even the most experienced climbers.

The form of this mountain inspires awe. A steep pyramid of ice, it rises 14,705 feet in a series of tremendous precipices. On all sides it stands menacing, its overhanging crags defying the amateur.

When I began making arrangements for carrying up a cinema camera and tripod, however, the Matterhorn was extremely anxious as to their safety.

When I had seen the mountain scores of times, I had never felt the need of climbing in the Mont Blanc range, but when seen from the train arriving at Zermatt, it is the most superb peak imaginable, by far.

At last one thing studying it with a telescope, I could see plainly the lead face of the mountain, in places only 200 feet wide, and the perpendicular, across which it would be necessary to carry the camera and tripod.

At last two things favored our starting. For two days a tremendous wind had blown from the fresh snow away, after which came two fine days of sunshine.

There were five of us. To save the men as much as possible we used three mules as far as Schwabsee and one of these as far as the Hornli ridge.

Half way between Schwabsee and the cabin the snow grew so deep that the upper part of the Hornli ridge was covered with snow and ice, suggesting what we might expect to find on the mountain, but in spite of this drawback we reached the cabin early in the afternoon.

One may imagine as ascending a steep craggy ridge with precipices on either side falling almost sheer to the glaciers below. In the gloom the crevasses appeared a dull grey beneath which above the mountain itself now and then blotted out the stars.

At dawn we reached the abandoned club hut on the Matterhorn. It was completely filled with snow. While eating an extremely light second breakfast we remained roped together. All I had to do was to slide the snow with my feet to get it off the face or where the hair was desired.

PROMISE HALF HOUR SERVICE

On Street Railway Extension To One Mile House

CONFERENCE TODAY

Company Offers \$1,500 to Pay For New Surface After Tracks Are Laid—To Decide Location This Afternoon—May Use Middle of Road

The common council spent a couple of hours this morning discussing with the representatives of the St. John Railway Company the location of the proposed extension to the One Mile House, the condition in which the surface would be put by the company after the rails were laid and similar details of the agreement.

There was some doubt whether the best location would be the middle of the road or the southern side and an inspection will be made this afternoon to determine this point.

Regarding the surface the company agreed to pay the city \$1,500 to cover the cost of a new surface.

In reply to his question on the matter the mayor was informed that the company intends to run cars at least every half hour over the new section.

Those present were Mayor Frink, presiding, Commissioners Agar, Wignore and McLellan and H. M. Hopper, F. R. Taylor and F. E. Sayre for the railway company. Some delay was caused by Commissioner McLellan being late but an informal discussion was commenced at 11.15.

Mayor Frink said that one of the purposes of the meeting was to discuss the condition in which the company would leave the roadway after the tracks are laid. The city wants something better than the condition of the Westmorland road after the Kane's corner extension was laid.

The railway representatives said that it was their intention to leave the roadway in the same condition as when they entered, as provided by the act.

As Commissioner McLellan arrived at this point the council was called to order and went into committee of the whole.

The mayor said that he wanted this incorporated in the agreement.

Mr. Hopper said it was his intention to roll the Kane's corner extension but they were waiting until the city road engineer completed some filling which he was doing.

Mr. Agar read the section of the act which applies and said that he thought it gave all the protection the city needs.

Mr. Sayre said that on the Kane's corner extension they had changed the level of the rails three times after they were laid without making any protest against the extra expense.

Mr. Hopper said that eighteen feet on the western side of the road from Kane's corner to the One Mile House, which was part of the highway, had been fenced in by the Gilbert estate. If this would be recovered it would greatly improve the roadway. He also asked which side of the cross road they would be expected to use. The corner at the One Mile House is an acute angle which would make it difficult to turn and keep on the western side of the road.

The discussion continued regarding the line the railway would take on the March road. Mr. Hopper suggested that the tracks be laid four feet from the southern side line of the road which, he thought, would bring them inside the location of the old water main. The existing ditch could be filled or made smaller.

Commissioner McLellan asked if the railway could swing around the corner and back to the western side of the cross road, but Mr. Hopper pointed out that vehicles would have to cross the tracks twice. Commissioner McLellan suggested that a curve could be cut through the corner.

Reverting to the arrangement for restoring the surface of the road after the rails were laid, the company agreed to carry out the provisions of the act. The road engineer said he would like something more definite if he had to pass on the job when it is completed.

Mr. Hopper said they would use the same surface material that is on it now. The mayor raised the objection that if the rails were over the ditch it would produce a new situation not provided for by the act. He thought it might be necessary to allow the company to lay the tracks in the middle of the road.

Commissioner McLellan asked if the company would expect the city to fill up the ditch. Mr. Hopper said that they would fill the ditch if the city would supply the broken stone, as it is impossible for anybody to purchase broken stone in the open market in St. John. He did not think they should be required to provide drainage.

The commissioners agreed that they would look after the drainage, but would expect the company to put a new stone surface on the road, which Commissioner Agar said the city would sell at \$2.25 per cubic yard, cost price. The road engineer said that a depth of three inches would be needed on top of the old material.

Mr. Hopper said this proposal would cost them about \$2,000 additional and they could not agree to this without the authority of their directors, which, he believed, they could not secure.

Mr. Hopper offered to fill in with the material there ready for the surface, and the company would pay the city \$1,500 and allow the city to finish it to their own satisfaction.

Commissioner McLellan did not want to agree on anything regarding surface until the location was decided upon. It was agreed that this offer might be all right and further discussion was postponed until the commissioners had an opportunity to see the road and decide upon the location.

The mayor was informed, in reply to a question, that the company intends to operate cars at least every half hour. The committee arose and reported, and the council adjourned with the arrangement that they should meet at two o'clock at the Marsh Bridge to look over the location.

CARLETON MAN AT BOSTON RE-UNION OF FILLMORE FAMILY

He is President and Next Gathering Will be Held in St. John in July of Next Year

Edward Fillmore of West St. John has returned from Boston, where he and his brother Jeremiah Fillmore of Moncton, and some other members of the family in New Brunswick attended a Fillmore reunion. This is the sixth family reunion, and the next one will be held in St. John in the first week of July next. A Boston paper gives the following account of last week's reunion:—

"The sixth reunion of the Fillmore family was held at the Quincy house Boston, on Labor Day; 88 members of the family were present at the dinner. The oldest member present, a G. A. R. veteran, Asa Fillmore Sterling of Toledo, O., gave a very interesting talk on the early history of the family. The Fillmore's are descendants of a shipmaster who did such valiant service during Revolutionary war that he was presented a walking cane, by sympathizers which has been preserved and will always be kept as a family heirloom. It now in Illinois. Millard Fillmore, president of the United States in 1850-1852 was a brother of one of the ancestors of the family.

Joseph Dee presided at the business meeting. Greetings were received from members who could not be present. It was voted to have the next reunion at St. John, N. B., July 2, 1914.

Edward Fillmore was elected president; Jeremiah Fillmore, Moncton, N. B., secretary; Charles Fillmore Palmer, assistant secretary. A vote of thanks was extended to the retiring officers, Joseph Dee, Lynn, and Maud Fillmore Palmer, each received a souvenir of the occasion. Those present were Mr. and Mrs. W. F. Fillmore, Miss May Fillmore, Mr. and Mrs. Gilbert Fillmore, Harry Fillmore of Palmer, Mrs. Carl Reed of Springfield; Miss Mary Fillmore, Miss Pearl Fillmore, Miss Marion Fillmore, all of Quebec, Mr. and Mrs. Arthur Fillmore, Hudson; Mr. and Mrs. Roy Fillmore, Mr. and Mrs. Miles Murray, Marlboro; Mr. and Mrs. Joseph Dee, George W. Dee, Miss Ella M. Dee, Miss Ethel S. Dee, Miss Marion Dee, Mrs. Lynn, Mr. and Mrs. James H. MacLean, Fred MacLean, Salem; Eddie Fillmore, W. St. John, N. B.; Miss Berce Mitton, Moncton; Asa Fillmore, Miss Amy Fillmore, Stow, Mass.; Mr. and Mrs. Jeremiah Fillmore, Moncton, N. B.; Edward Fillmore, St. John, N. B.; Asa F. Fillmore, Toledo, O."

The Fillmore family are of old English stock. Edward Fillmore of St. John has five brothers in the States and two brothers and one sister in New Brunswick. They were all born at Turbuck trees in Albert county.

Eighty grand children, 125 great-grand children and two who are great-great-grand children.

These are Descendants of Mrs. Elizabeth Gambin of Studholm—Close of a Noble Life.

Sorrowing relatives at her bedside saw the ebbing of a noble life at Studholm, Kings county, on Sept. 5, and they knew that when death had come to Mrs. Elizabeth Gambin there had closed the record of long years well spent, and brightened by many acts of charity and kindness to those among whom she lived.

Born in the County Fermanagh, Ireland, 87 years ago, Mrs. Gambin, when but a child of six years, was brought here by her parents. For a year they lived in Carleton and then the sturdy pioneer moved to the thickly wooded districts and lived for himself a holding out of the wilderness. In young womanhood came marriage of the daughter to James R. Gambin, the ceremony being performed in Johnston, and for some seventy years Mrs. Gambin lived at Studholm. She reared a large family, but was never too busy to extend kindly offices to those about her in distress or sorrow. Her life is the record of noble characteristics given full scope and of acts of goodness which endeared her to all.

Mr. Gambin died 22 years ago, and he, too, left a record of a good life and a reputation for integrity.

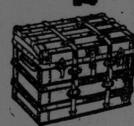

It is remarkable that Mrs. Gambin's direct descendants are living today to the great number of 218. There are four sons, eight daughters, eighty grand children, 125 great-grand children and two great-great-grand children. There is also one brother and, joining with all these in their sorrow over her death, are many other relatives and numerous friends, including St. John people who had met her on her visits here and held her in high esteem.

The brother is George Rowley, of North Range, N. S. The sons are George and William of Johnston, Queens county; James at home, and Walter of Springfield, Kings county. The daughters are: Mrs. Henry Steen of Johnston, Queens county, Mrs. Edward Long, Mrs. John Reisle and Mrs. Geo. McKnight of Studholm, Kings county, Mrs. Elizabeth Starkey, Mrs. Herbert Johnston and Mrs. E. C. Keirstead of St. John, and Mrs. James Small of Springfield, Kings county.

Followed by a large concourse of people there must have been fully 100 carriages in the funeral procession—her body was escorted on last Sunday to the United Baptist church at Snider Mountain, where impressive services were conducted by Rev. George McDonald, pastor of the Sussex United Baptist church. Her four sons and two of her grandsons were pall-bearers.

CANADA AT PANAMA FAIR Ottawa, Sept. 9.—Canada will be represented at the Panama-Pacific Exposition at San Francisco. Arrangements for a Canadian building that will sit in the vicinity of half a million dollars are now being made by the government.

Hon. Martin Burrell, who has just returned from the old country, has taken up the matter in an enthusiastic way. While at the Ghent Exposition he discussed the matter with Superintendent Hutchinson of Canada's splendid exhibit there, and Mr. Hutchinson will have charge of the dominion's booth in San Francisco.
