KAISER MAY BE IN LONDON IN SUMMER

Empire Capital Again Hears of Likelihood of Visit From German Emperor in June

London, April 10.—(Canadian Press)—It is again affirmed that the Kaiser will visit England in June. It is said also that while here he will be the guest of Lord Londsdale.

The Kaiser and the Earl of Londsdale are close personal friends. The latter went to Potsdam some months ago during the friction between Great Britain and Germany and tried to smooth the troubled waters by giving out a short account of his interview with the German Emperor. It is declared, has nothing but the most friendly feelings toward Great Brit-

RESPECTED CITIZEN IS DEAD TODAY

John M. Taylor Passed Away This Morning—Long Prominent in Business and Philanthropic Work

After having been for some years in failing health, John M. Taylor, who for a long time a prominent citizen of St. John, passed away this morning at the age of seventy-nine years, leaving his wife, one son and one brother and a wide circle of acquaintances. Mr. Taylor was identified with many enterprises and philanthropic movements in St. John and had an active interest in public matters. He was a large ship owner and for years conducted business in materials and supplies in Nelson street. About ten years ago he retired. His health showed that time became poor and had tendencies toward a stroke.

He was a member of the governing board of the Wiggins Male Orphan Institution, of the board of directors of the Orphan Home, of the governing board of the Home for Aged Females, and of the governing board of the school for the Deaf and Dumb of Fredericton; member of the Horticultural Association. He was also a respected and life-long member of Trinity church, and for many years was one of the most prominent members of Trinity church. Mr. Taylor was a friend officer of the old New Brunswick Regiment of Artillery.

ROOSEVELT IS AWAY AHEAD OF TAFT IN ILLINOIS

Chicago, April 10.—Theodore Roosevelt defeated President Taft in the presidential primary in Illinois yesterday by approximately 110,000 votes, and speaker Champ Clark received a majority of more than 40,000 over Woodrow Wilson, according to returns early today. Charles S. Densen has been nominated or governor for the consecutive term by the republicans, his plurality being estimated at 75,000. Edward F. Dunn, former mayor of Chicago, received the nomination for governor on the Democratic ticket by a plurality close to 30,000. It is expected that another 24 hours will be required to complete the count.

RECENT DEATHS

William McLean, father of A. A. McLean, M.P., of Charlottetown, died at the latter's residence there Monday, aged 88. He was one of the foremost men in P. I. Island in the sixties and was prominent as shipbuilder, merchant and banker. Mrs. E. A. Jackson, widow of William Jackson, died in St. Paul's, near Chatham, Wednesday. She was eighty-three years old. Of a family of five, four survive her—Mrs. J. Leggat and Mrs. J. Baker, of Cambridge, Mass., and Mrs. N. Nagle and J. Richardson Jackson of Chatham Head. Mrs. George E. Killam, of Killam's Mills, is dead. She leaves her husband and two daughters and two sons. She was the eldest daughter of the late Nebemiah Keith, of Havelock, and was seventy-eight years of age. She also leaves four brothers and four sisters. The sisters are—Mrs. Allen Killam, Mrs. W. S. King of Havelock; Mrs. Abel E. Thorne, of New Brunswick; and Mrs. E. C. Alward of Havelock. Her brothers are W. W. and Antonio F. Keith, of Nebraska; M. S. Keith, of Moncton; and C. B. Keith, station master at Berry's Mills.

THE WEATHER

Forecast:—Moderate to fresh west and northwest winds; mostly fair today and Thursday with a little higher temperature.

WASHDEMOAK BRIDGE DOWN; CARS WITH IT

Lives of Forty People or More in Danger, But All Safe

Structure Collapses as Central Train Is Crossing—Four Freight Cars go Into River With Span of Bridge—Passenger Car Kept the Rails

Colby's Station was the scene of a serious accident about ten o'clock this morning. Between forty and fifty lives were in danger. The Washdemoak bridge collapsed just as the regular Central Railway train was crossing. The train was in charge of Conductor Morrison, and was running from Norton to Chipman. It was made up mostly of freight and coal cars, but at the rear was a passenger car which was filled. Some of the passengers were school teachers returning to their schools after spending the Easter holidays at their home. The train was running on time. When it was crossing the bridge, several of the abutments gave way, and four of the freight cars fell into the river. One of the heavy spans of the bridge also fell, and smashed a couple of the cars. Fortunately, the engine remained on the tracks and did not go through, and the passenger car also kept to the rails, as the couplings on the freight car next to it have plunged through the bridge into the river and the lives of the forty passengers might have been lost, as the river is quite deep at this point. The bridge that collapsed is known as

and it is alleged that the abutments that replaced the old ones were inferior to the original ones. The work was done under provincial government supervision. Soon after the accident word was sent back to Moncton and a wrecking crew was sent out from there. The passengers will be taken across the river in boats and forwarded to their destination by special train. The Washdemoak Bridge, it was destroyed by fire in June last. It was rebuilt by the Transcontinental Railway Company. Permission has been granted by the New Brunswick Coal & Railway Company from the Transcontinental Railway office in Moncton to run a light engine from Chipman to Moncton over the Transcontinental, thence over the I. C. R. to Norton and out on their own line to Washdemoak to bring back the passenger cars. A later report from Colby states that the engine of the train had crossed the bridge and the passengers were women. Some were shaken up considerably in the wreck.

TWO HUNDRED AT BANQUET IN HONOR OF F. B. CARVELL

Harland, N. B., April 10.—More than 200 last night attended a banquet in honor of F. B. Carvell, M. P., at Carvell's, and he was given a hearty reception. Conductor F. R. Shaw presided and representatives were present from every parish in the county though five were at first intended to be but a local affair. Mr. Carvell responded to the toast "Our Guest" and dealt at length on interesting questions. In referring to the post office building at Harland, he said it was one of the finest in Canada and it was the policy of the late administration to erect such buildings as this. He was pleased to note that the minister of public works was following in the path of his predecessor in this regard. In local cheers greeted him when he said that reciprocity was not a dead issue. It must come, he said, and the more the people thought of how they were cheated out of their rights by wrong impressions and canvasses, the more they realized how valuable the pact would be to Canada. Reciprocity was bound to come to Canada some day for the people were steadily realizing that they had been duped by misrepresentation of the issue and that the wider markets were a necessity. Mr. Carvell was given prolonged applause during his address, and when he concluded, Hon. Mr. P. P. made an interesting address, and Mr. Shaw also spoke. The Woodstock band played.

START SOON AT COURTENAY BAY; OFFICIALS HERE

P. R. Warren, chief engineer for Nelson Griffiths & Co., and G. F. Palmer, who will be in charge of the work at Courtenay Bay, were passengers for Moncton last night and went to Fredericton to join the general manager, W. Barton Stewart who is in conference with the provincial government. They will arrive in St. John by the late train tonight. I. W. Russell, assistant engineer, accompanied by his family and T. B. Burgess, another member of the staff, arrived in St. John at noon and registered at the Royal. Mr. Russell said that the plans for commencing the work are progressing rapidly and that a start should be made before very long. The first work will be the excavation for dry-dock and the construction of the breakwater.

TITANIC ON THE OCEAN

Southampton, Eng. April 10.—The new White Star liner Titanic, the biggest vessel afloat, started from this port today at a quarter past twelve on her maiden voyage to New York. She carries 330 first-class passengers. Daniel Usher, of Grand Bay, left last evening for a two week's visit to Boston, leaving for Fredericton.

PERSONALS

Leonard J. Cronin returned to Montreal on Monday night after having spent Easter with his parents here. Joe Page arrived in the city yesterday from Montreal after spending Easter at his home here. Miss Jean Spicer and Miss Bertha Neal of Mt. Allison are visiting Mrs. M. A. Morris, 68 Dorchester street. William A. Magee, formerly of St. John, but now of Vancouver, arrived in the city yesterday and is visiting his daughter, Mrs. George Dick, 195 Queen street. Police Magistrate Ritchie went to Fredericton last night. Hon. L. J. Tweedie returned this morning from Fredericton.

OFFICIAL COUNT OF BALLOTS

Little Change From First Figures—Some Things Revealed by Yesterday's Election

The official returns of yesterday's election, compiled by the returning clerk, assisted by the chamberlain, this morning, showed a few small differences from the tabulated statement which appears elsewhere in this paper. The corrections were not important, however, as they do not affect the standing of any of the candidates.

In the corrected returns Mr. Bullock gains five, Mr. Fisher loses four and Mayor Frink loses ten. There is a difference of only one or two votes in five of the candidates for the commissionships and the others were exact. The corrected totals are here given:

Table with 2 columns: Name and Votes. Includes Bullock (2,417), Fisher (1,088), Frink (1,271), Agate (1,207), Allan (2,059), Allingham (1,382), Collier (1,411), Green (254), Hyatt (840), McLeod (1,918), Maxwell (1,799), McEbride (1,338), McEldan (2,215), Pottin (1,347), Scheffeld (2,510), Scully (1,247), Simpson (1,443), Spruell (882), Wigmore (1,848).

GENERAL BOOTH, WHO IS 83 TODAY, PLANS TRIP TO CANADA NEXT YEAR

Aged Leader of Salvation Army Hears Call to China First—To Undergo Another Operation Which May Give Back Sight

London, April 10.—Rev. Wm. Booth, general and commander in chief of the Salvation Army, is eighty-three years of age today. He recently had his eyes examined by the United States and Canada before he reaches his 84th anniversary. He says "China calls to me and before I pass away I must find men and money that the Salvation Army may play well its part in the Celestial Empire. "At the end of eighty-three years of my pilgrimage, I testify to the faithfulness of God, to the true happiness of a life spent in seeking the benefit of others, to the grand possibilities of goodness which exist in the human soul. "The span of life which may yet be left to me, I purpose to spend in this, the final glimmer of sight. He cannot read, but I am told that an operation is intended to undergo next month, which may give him some sight. He says, however, that after the operation he may have ten years of good sight.

FAIL TO GET TO TOP OF MCKINLEY

Expedition Returns After Climbing a Little More Than Half Way

Fairbanks, Alaska, via Ashcroft, B. C. April 10.—The Fairbanks Times Mount McKinley expedition, which left here on February 5, returned last night having been unsuccessful in the attempt to scale the mountain. The party climbed 10,000 feet on the north side of the mountain east of Peter Glacier. Further progress was barred by precipitous icefalls and lack of supplies and the lateness of the season made it impracticable to renew the attempt by another route. Members of the party believe the ascent feasible, but not along the ridge. Nothing of the expedition led by Professor Hercher, Parke of Columbia University and Belmont Brown, of Tacoma, was seen. They left several early in February. The Fairbanks Times expedition was composed of four men, George S. Lewis, formerly associate engineer in the United States reclamation service at Yuma, Ariz., and for the last three years a resident of Alaska; Martin Nash, of Dawson; and two men, McCabe, who worked with the government survey last summer in the Fairbanks district, and Jack Phillips, a noted "musher." The party took two sleds, nineteen dogs and 1,500 pounds of supplies.

PHILIP THIBIDEAU, FORMER INTERCOLONIAL RY. MAN, DEAD

Moncton, N. B., April 10.—(Special)—Philip Thibideau, a former well-known employee of the I. C. R. round house in Moncton, died at his home in Leger corner on Tuesday, aged sixty-eight. He suffered a stroke of paralysis about two years ago and went on the retired list. A second stroke ended fatally. Mr. Thibideau, who was a son of the late Frank Thibideau, was unmarried. He is survived by two brothers, Louis and Joseph, and two sisters.

AMERICAN MONEY IN CANADA

Toronto, April 10.—The total amount of American money invested in Canada in real estate and mortgages is \$417,143,321.

BRING AUTO INTO FAVOR ON ISLAND

Influential Delegation Presses Premier for Repeal of Law Prohibiting the Motor Cars

(Special to Times) Charlottetown, P. E. I., April 10.—The provincial legislature resumed its session yesterday after the Easter holidays. The report of the delegation to Ottawa, which pressed the claims of the province against the dominion laws presented. The premier, in speaking of the subsidy, said there might be another conference at any time, but what was now proposed was on such grounds as not to prejudice a future settlement. In the afternoon a delegation from various parts of the province waited on Premier Macdonald and the government, and presented a memorial praying for the repeal of the automobile act which prohibits automobiles altogether and asking the enactment of a proper regulating act. It is a lengthy and comprehensive document and deals with the introduction of the motor vehicle in this province, the passing of the prohibitive law and the request for repeal. It is contended that the law is running tourist travel, which dropped off seventy per cent with a resultant loss of \$90,000 annually, compared with other places where automobile tourists go.

GENERAL WILLIAM BOOTH

Patrolling Sixteen Million Acres of Timber Land in Western States—Funds From Government

PROTECT VAST AREA FROM THE FIRE RAVAGES

Spokane Wash, April 10.—Sixteen million acres of land in California, Oregon, Washington, Idaho, and Montana, containing more than 400,000,000 feet of standing timber, will be patrolled and otherwise protected against fire this season under the direction of the Western Forestry and Conservation Association, which has allied organizations expected \$20,000 for this work in 1910 and 1911. At the annual meeting of the association in Spokane, it was also decided to enlist the states in forest protection, urging each to take steps to secure a portion of the federal appropriation made possible by the Weeks law, which gives the government \$200,000 to distribute over a period of three years in the work of timber conservation. The maximum amount for each state is \$10,000 a year, providing the state itself extends an equal or larger amount of its own funds for fire fighting purposes. Albert L. Fawcett of Spokane, president of the association, said among other things in his annual address that fifty per cent of the merchantable timber in the United States is included in the five intermountain and Pacific states; that seventy-five per cent of all the shipping by water from the Pacific coast states is timber products; that seventy-five per cent of all rail shipments eastward is timber, and that seventy-five per cent of the business east of the Cascade mountains is timber and lumber.

STRATHCONA IS ABLE TO TAKE TRIP FROM LONDON

London, April 10.—Lord Strathcona has recovered sufficiently to leave town to spend a fortnight at Debenham Hall.

MANY MORE BIRTHS THAN DEATHS IN NEW YORK

New York, April 10.—There were 134,442 births and 75,423 deaths in this city in 1911.

PETTICOAT RIVER OPEN

Moncton, April 10.—Tuesday marked the opening of navigation on the river to Moncton. There were two arrivals, the schooner Inez, Captain Beaumont, from Hopewell Cape, and Captain Belliveau's packet from Pre den Haut. Both vessels were loaded with general cargo.

ST. LAWRENCE NAVIGATION NOT LIKELY FOR TWO WEEKS

Montreal, April 10.—According to the calculations of river pilots, there is little likelihood that navigation on the St. Lawrence to Montreal will be open before April 20. Their opinion is based upon the unusual thickness of the ice, which is about three feet, and the backward spring. The Richelieu River is used as a measure, since it is generally about a week ahead of the departure of the ice from the Richelieu that the Montreal ice goes out. The ice in the Richelieu still holds solid, with indications that it might be several days yet before it moves.

DAMAGE TO TREES

John Sterling has been reported by the West Side police for lighting fires in passengers for western points. They will pass through St. John today in special trains. The steamer Royal Edward docked at Halifax early this morning with 1,000 passengers for western points. They will pass through St. John today in special trains.

The Evening Times and Star

The St. John Evening Times is printed at 27 and 29 Cassebury Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the laws of the Dominion of New Brunswick.

THE EVENING TIMES THE DAILY TELEGRAPH

New Brunswick's Independent Newspapers.

These newspapers advocate: British connection, Honesty in public life, Measures for the material progress and moral advancement of our great Dominion.

THE CIVIC CONTEST

The commission plan of government in St. John seems certain to be inaugurated by its friends; for, though Mr. W. S. Fisher failed to reach the final in the majority vote, the four candidates of the Citizens' Committee for commission-ership are in the final, and one of the candidates for mayor (Mayor Frink) is a friend of the commission plan.

Until the terms of the treaty are known all that can be said in regard to the agreement between Canada and the West Indies is that there is a universal disposition on the part of Canadians to promote better trade relations. The question presents difficulties, but if these can be overcome and a first class steamship service provided, and a larger trade built up, it will be welcomed by all Canadians.

Mr. Allingham did not poll as large a vote as his colleagues, but should make a much better relative showing on the second ballot.

On the whole, the Citizens' Committee have reason to regard the outlook with a considerable degree of satisfaction. Their labors have given the city a better system of government, have aroused a more general interest in civic affairs, and have brought into the final in this contest a group of men from whom it is possible to select an excellent city council or commission.

GOING AFTER TRADE

The American Manufacturers' Export Association will send a floating exposition south to develop trade. An exchange of a steamship of more than 12,000 tons will be loaded with exhibits of up-to-date manufactures of all varieties and will in the fall make a trip to Central and South America and the West Indies, stopping at the principal ports.

Those who predicted that Mr. Allingham would not be named in the final ballot did not reckon with the strength he would poll as a representative labor man, and as one who had also made a strong impression on the business men and others who were associated with him on the Citizens' Committee and the charter committee.

WANTED A GOOD ONE. A distinguished divine of unusually solemn and impressive appearance went out to a country town not long ago to address a temperance society. He arrived early in the afternoon, and all the towns, of course, "spotted" him within five minutes as a very great and saintly man. He went into a chemist's, and in tones that from the young blood of the assistant behind the counter said - "Young - man - do - you - smoke?" "Yes, sir," said the trembling young man, and he handed him a cigarette. "You are not going to give up the habit, are you?" "No, sir," said the divine, without the movement of a muscle or the abatement of a shade of the awful solemnity of his voice. "Can you tell me where I can get a good cigar?"

PLAN TO RAISE SHIP OF SPANISH ARMADA

English Syndicate Hopes to Salvage a Treasure Galleon, She Carried Much Gold

Stories of the seeking and finding of treasure are always attractive, and although the amount of seeking is usually very disproportionate (except in romances) to the finding, interest in enterprises of this character never fails.

One of the most romantic, and also, if it would appear, one of the most hopeful, of present day adventures in search of treasure is the attempt to recover the great amount of gold that is known to lie in the wreck of a large Spanish galleon, one of the vessels of the Great Armada, that was sunk off Tobermory, Scotland. This is the fourth season that a treasure-hunting syndicate has brought modern traps, skill and appliances to bear on these operations. Many of the descendants of families connected with the Countess of Argyll, or belonging to the days of the Armada, are shareholders in the salvage venture now being determinedly carried on in the stormy bay in the northern part of the island of Mull, in the Scottish Western Highlands. Among the names on the syndicate register of members are those of several of the Argyll family and of the Clan MacLean. There is also a direct descendant of the Mr. Smollett to whom centuries ago was entrusted the duty of recovering the gold from the wreck of the Spanish galleon. This task—doubtless a pleasing one—was accomplished with the aid of some of MacLean's men.

Bright hopes are held of the success of the salvage venture. The latest suction pump plant is being called in to aid; apparently dynamite is not the most satisfactory agent for clearing the mud and accumulations of centuries away from the sunken ship. But a spiral steel cutter at the lower end of the suction pipe slices up the material, and the great inverting power of the steam pumps brings the mud, sand, clay, small stones, and shells in a constant stream to a large sieve-like apparatus on the deck of the lighter, where everything is examined before being cast away. Already various objects of value—coins, plate, arms, etc.—have been recovered. An ambitious scheme is projected. The aim is to raise the galleon bodily, repair it, and tow it to London. It is said that the plan is quite practicable. The ship was one of the stoutest of the Spanish Armada, built of oak, clamped with tons of copper bolts. Imbedded in the mud at Tobermory Bay the warship would be protected from harm, and oak is a wood that endures.

In any case, the treasure on board—sheets full of gold and silver of value of Spain—will, it is hoped, be brought to the surface, together with brass cannon and other equipment.

RUST REMOVER. Nothing answers the purpose of a rust remover like rice. A recent stain, or one of long standing, can easily be removed by using it, says Good Housekeeping. Boil a cupful of rice in two quarts of water for thirty minutes. Let it stand overnight, then strain through a cheesecloth. Soak the iron-rust spots in the rice water for four or five hours and then rinse in clear water. No matter how old the stains they will be effectively removed.

MUCH SUCCESS IS ACHIEVED IN HALIFAX

Evening Technical School Has An Enrollment of 674

A STEADY GROWTH

Five Years Ago Number Was 220—Features of the Work and Some of the Good Results That Have Been Seen

(Halifax Chronicle) The enrollment in the evening technical college this year has been the largest in the history of the school, being 674. It has grown to this number from 220, five years ago. The increase from the session of 1907-11 was more than forty per cent. A large part of this increase is due to the establishing of classes in needlework for women in the fall of 1907. These were announced as classes in plain sewing, shirt waist making, coat and skirt making. One hundred and seventy women made application to join the classes, but only 125 could be accommodated. The classes were designed for young women who were earning their own living. At the opening of the school in October last year a large number of the applicants were found who had not even been taught the art of plain sewing in the public schools, or at home. A surprisingly large number were found who did not even know the simplest manipulations connected with a sewing machine. The great need of such instruction among women was apparent by the lack of knowledge of the students.

Carefully Chosen The instructors were very carefully chosen, with a view to their teaching qualifications as far as these could be ascertained, and also because of their good reputation for competency in the lines of work which they were to instruct.

From the very beginning a great deal of assistance was secured from the Local Council of Women, and a committee consisting of the following ladies: Mrs. W. M. Hunt, Mrs. Michael Keefe and Mrs. Stiel, was appointed to distribute pamphlets through the various organizations allied with the council, in the homes of girls who would be likely to be benefited by the course offered.

The committee also recommended dress-makers who had been engaged by the visiting committee was also appointed, which would visit the evening classes during the season, and watch the progress of the young women.

The attendance of the pupils in the classes during the session was good. It may be safely said that practically none of them have been absent during the whole season, except on account of sickness or slight work.

Remarkable Progress The progress of the young women has also been remarkable, and has surprised even the teachers. Some girls who did not know how to operate a sewing machine have learned plain sewing, simple shirt waist making, and are now engaged in making their third or fourth plain dress. All this has been accomplished in fifty weeks of two hours each.

The girls furnished their own materials, so that the cost of the classes to the city and government is extremely small. The girls pay \$5 deposit on entering the class, which is refunded at the end of the year on the basis of their attendance. The girls themselves prize the classes very highly and some of them have made it their business to take any refund because they had learned far more than would repay them for their deposit.

A number of the young women have acquired better taste in dress because they are now able to afford much better garments than if they purchased them ready-made at the stores.

Another feature A number of women who have been newly married or are about to be married have learned how to make children's clothes as well as their own clothes, so that they will be able to support the family with much better expended than formerly.

The general work of the technical school has increased in efficiency during the present year. The same classes have been offered in other years have been well attended, being as follows: Four in arithmetic, four in English, four in bookkeeping, four in electricity, chemistry, practical mathematics, mechanical and architectural drawing, and a class in garment making for ladies' apprentices.

The director of the cutting school of the American Fashion Co., of New York was so impressed with the effectiveness of the plan for training tailors apprentices that he offered a free scholarship in his cutting school, to the value of \$100 to the student in the evening class who should make the highest record. This was the only class for training garment makers in America, except one that had been started in New York by the Y.M.C.A. during the last year.

Direct Results A number of students who have passed through the course at the technical school and have been promoted, say their promotion is due to the knowledge gained in these classes.

There is a growing belief in the effectiveness of technical education among employers, as well as young men and women engaged in industry. The evening technical school which has been so highly developed in Great Britain offers the greatest opportunity to young men and women who have had to go direct from the common school into industry.

LUNCHING AT THE CLUB The house committee of a certain club recently received this unique complaint: "I have the honor to inform you that I lunched at the club this afternoon and had as my guests three gentlemen, all well-known gourmets. Among other things an omelet was served. It contained only three files. As an old member of the club, jealous of its reputation, I naturally found this very embarrassing, as, in order to make an equitable division of the omelet, it was necessary either to divide a fly—a nice bit of carving, as you must know, for a cooking-pot. I beg to suggest that in future, when an omelet is served for four persons, it should be either with (a) four files or (b) no files at all."

The New Summer Style Book. Two thousand illustrations. 32 full page fashion pictures. A pattern free with each book. At the pattern counter.

MANCHESTER ROBERTSON ALLISON, LTD.

MAYOR GAYNOR LIKELY TO ENTER PRESIDENTIAL RACE

New York, April 9—With the return today of Charles F. Murphy, leader of Tammany Hall, from Atlantic City, it was declared that if the councils of the party leader, were followed, as there is every reason to believe they will, New York's ninety delegates to the Democratic national convention will go to Baltimore pledged to any candidate for the presidential nomination.

It was freely predicted by leading Democrats today that the speech of Mayor William J. Gaynor before the National Democratic Club, which is to celebrate the 100th birthday of Thomas Jefferson at a dinner at the Waldorf-Astoria on next Saturday evening, would be the formal announcement of his candidacy for the presidential nomination.

It is declared by close friends of the leaders, including those of Mr. Murphy, that the ninety delegates from New York, even though, as seems probable, they are to go to Baltimore uncommitted, will vote for Mayor Gaynor.

It was pointed out today that friends of Mayor Gaynor already have engaged rooms at a Baltimore hotel, and that headquarters will be opened there in the interests of Mayor Gaynor should he be nominated.

At the bottom of the title page is the following from Ecclesiasticus, V, 3: "Better it is that thou shouldst not vow, than thou shouldst vow and not pay."

BIG VERDICT AGAINST BRITISH CONCERN IN BOSTON COURT

Boston, April 9—Francis Willey & Company, Limited, of Bradford, England, Philadelphia and Barre (Mass.), are ordered by the superior court to pay \$183,541 to Frank Edwards, of Newton, Edwards was sent from Bradford under contract to Philadelphia in 1881 to establish an American branch of the firm. In 1898, Edwards was discharged and brought suit here to enforce the terms of the contract.

TWO QUEBEC MEN HELD FOR MURDER OF ANOTHER IN BAR

Quebec, April 9—As a result of a coroner's inquest held this morning, Louis Gleroux and Joseph Garneau are held responsible for the death of Georges Leclerc which occurred last Friday.

Leclerc was taken to death last Thursday near a bar room in St. Roch. Both prisoners will stand for trial at the term of the court of Kings Bench, which opens tomorrow.

Most of us are glad the voice of conscience is so still and small that the night boys can't overhear it.

NEW YORK MERCHANT ARRESTED FOR LIBEL ON CONGRESSMEN

Henry Page Issued Pamphlet Calling Them Crooks and Perjurers.

New York, April 9—Henry W. A. Page, a well to do commission merchant and importer of goods and cosmetics, was arrested here today on a federal warrant from the District of Columbia, charging him with libelling Representative Henry D. Clayton, of Alabama, chairman of the house committee on judiciary, and other members of congress.

Page took his arrest coolly; in fact he requested that the federal officers be notified that he was waiting for the arrival of officers. When arranged he gave \$5,000 bail for his appearance in Washington where he will go without fighting extradition.

In the indictment which contains three counts, Page is charged with having circulated alleged libelous matter in a pamphlet, bearing a title page as follows: "The Crime of the Hon. Henry D. Clayton, Congressman Commit Perjury."

On the title page these captions were followed by these questions: Q—"Do congressmen take a solemn oath to defend the constitution against all its enemies?" A—"Yes."

Q—"Do congressmen keep this oath?" A—"No."

Q—"Way do not congressmen keep this solemn oath?" A—"Because all congressmen are crooks."

At the bottom of the title page is the following from Ecclesiasticus, V, 3: "Better it is that thou shouldst not vow, than thou shouldst vow and not pay."

THE Y. M. C. A. WORK

Citizens to Be Asked Tomorrow to Assist in Practical Way

One of the points of interest to which visitors to St. John are directed is the fine building of the Y. M. C. A., one of which citizens have reason to be proud. Visitors are always courteously welcomed.

Among the industries that are helping to make a bigger, better and more prosperous St. John, there is none of more importance than that which is conducted for the "making of men." The success of a city depends upon the character of its citizenship, and every agency that helps in making better men and for the right "forming" rather than reforming of boys, it is felt, should have the encouragement of every loyal citizen.

The Y. M. C. A. is doing a work not paralleled by any other organization. To keep the association within the reach of those who need it most, the fees must be kept low, and the revenue from this source cannot be expected to meet the current expenses. About 25 per cent. of the budget is annually contributed by the business men, and each year since the association has entered its new building, the management have been able to present to the annual meeting a statement showing all current expenses met.

A SHAKESPEAREAN PRODUCTION

An Ideal Rendition of Romeo and Juliet by Miss Grayce

Every care that can possibly be given a classic has been bestowed on Romeo and Juliet, which Helen Grayce and her company will present at the Opera House tomorrow evening. The costumes and scenery are all historically correct, while the various competent members of the organization are able to impersonate the roles in a way that will be a delight to the student.

Jane Eyre will be the pleasing bill for this evening, while Wildfire is announced for tomorrow afternoon, and Arizona for Friday night.

Clarence A. Richards, of Danvers, Me., is said to hold more public offices demanding gratuitous services than any other man in Maine. He is a town constable, fire warden, member of the committee on appropriations and has just been elected chairman of the school committee. His only compensation is \$3, which he receives for acting as moderator at the annual town meeting.

MUSIC TAUGHT FREE

Home Instruction Special Offer to Readers of The Times-Star

In order to advertise and introduce their home study music lessons in every locality the INTERNATIONAL INSTITUTE OF MUSIC of New York will give free to our readers a complete course of instruction for either Piano, Organ, Violin, Mandolin, Guitar, Cornet, Banjo, Cello or Sight Singing. In return they simply ask that you recommend their Institute to your friends after you learn to play.

You may not know one note from another; yet, by their wonderfully simple and thorough method, you can soon learn to play. If you are an advanced player you will receive special instruction.

The lessons are sent weekly. They are so simple and easy that they are recommended to any person or little child who can read English. Photographs and drawings make everything plain. Under the Institute's free tuition offer you will be asked to pay only a very small amount (averaging 14 cents a week) to cover postage and the necessary sheet music.

No one should overlook this wonderful offer. Tell your friends about it—show this article to them.

The INTERNATIONAL INSTITUTE has successfully taught others and can successfully teach you, even if you know absolutely nothing whatever about music. The lessons make everything clear.

Write today for the FREE booklet, which explains everything. It will convince you and cost you nothing. Address your letter or postal card to INTERNATIONAL INSTITUTE OF MUSIC, 88 Fifth Ave., Dept. 406, New York, N. Y.

FOR CANAL FROM HARBOR OF ST. JOHN TO MARBLE COVE

Frederick, N. B., April 9—The corporations committee met this afternoon. Bills to amend the act incorporating the St. John Rural Cemetery Company, and to amend the act incorporating the St. John Law Society, were agreed to.

A bill relating to the Butcher & Rexton Railway Company was agreed to with amendments, to provide that construction shall start in two years and be completed in five years.

A bill to incorporate the Norton & Springfield Telephone Company was agreed to with amendments.

J. S. Armstrong supported the bill relating to the Auto Road Company. He said the company proposed to improve the highways and to establish auto routes. The bill was referred to a sub-committee.

A bill to incorporate the St. John Canal & Dock Company, Mr. Armstrong presented a plan of the proposed canal which is proposed to construct from the head of St. John harbor to Marble Cove. He said that the expenditure for the canal would be between two and three million dollars, while an additional expenditure of several millions for wharves and other accommodations might be made. The committee decided to further consider the bill at a later date.

MORNING LOCALS

Miss Tillotson gave a very interesting lecture on the manners and customs in the Hawaiian Islands, in St. John Presbyterian church last night. A very enjoyable programme was also given; Miss Annie McKay, Miss Jessie McKay, Miss Emma Robins, George Liles and George Craigie took part.

A concert under the auspices of the Ladies' Auxiliary of Clan MacKenzie was given in the lecture room of St. David's church last night. The programme consisted of vocal and instrumental music and readings, all of a Scottish character, and was much enjoyed.

At the quarterly meeting of St. George's Society in the Elks' rooms last night, it was decided to hold the annual dinner of the society in the Royal Hotel on April 24. Thirty-five names were proposed for membership.

The staff of clerks in the C. P. R. offices, West St. John, presented to R. E. Woodburn a handsome pipe and fitting. He has joined the staff of the Allan Line.

Prof. Kilham, of Mount Allison University, last night delivered his closing address on the Gasolene Engine, in this city, in the Y. M. C. A. building. He was heard with close attention by an interested audience.

About ninety-five children yesterday morning in St. Rose's church, Fairville, received their first holy communion. Rev. Charles Collins, the pastor, delivered an interesting and inspiring sermon to the young boys and girls and the children's choir sang.

At a religious service in Scotland the late Lord Kelvin noticed a youngster accompanying his grandparents and looking wise as a young owl through the sermon. At the close of the service Lord Kelvin congratulated the grandfather upon the excellence of the lad's behavior. "Och, ay," returned the veteran; "Duncan, I wad threaten afore he was gaein'."

ADVISES ST. JOHN TO TRADE WITH BARROW

Captain Thompson, Furness Railway Company Man, is in City and Talks of Tourist and Freight Matters

According to what Captain Thompson has to say of the road he represents, tourists from this country to England would do well to visit the district it serves, for, according to the literature the captain has with him, it is undoubtedly wonderfully rich, not only in natural scenery, but in the literature of the district.

A SALE OF BEDSTEDS AT COST AND WHY

We intended handling furniture, but on account of the amount of space required, which would interfere with our rapidly growing business in other lines, we have decided to sell off the bedsteads on hand (which consists of brass and white enamel) at cost—the greatest bargain ever offered in this line of goods.

The remarkable success of Rexal Dypessia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well-known properties of Bismuth-Subnitrate and Pepsin have been combined with Carminatives and other agents.

EVERY STATEMENT OF BIG MEN

Relating to St. John and Its Future IS A BOOST FOR TISDALE PLACE

What the federal ministers have said and done for St. John as a transportation centre; what Norton Griffiths, the contractor, for the tremendous work has to say of the place; the pronouncements of Sir Tom Shaughnessy and Vice-President McNeill of the C. P. R.; the opinions of American and English experts, all point to the strategic position, and therefore the great value of Tisdale Place as a real estate investment.

PLAYS AND PLAYERS

Budget of News Concerning Stage Favorites Known to St. John Audiences.

Miss Elvira Leveroni, a Boston contralto, has been engaged to sing principal parts at Covent Garden, London. She sailed from New York this week on the steamer Finland, and will remain in London until the Covent Garden season closes in July. Afterwards she will spend several months in Paris studying French roles and will then return to her Italian repertoire. Miss Leveroni has been a member of the Boston Opera Company since its inception three years ago. She created in Boston the part of the Indian queen in "The Girl of the Golden West," and this will be one of the parts she will sing in London.

Dallas Welford, who is remembered in St. John as the funny fellow "Theophilus" in the first visit of Madame Blary, in the last season, has been engaged by F. Zeigfeld, Jr., for a part in his new comedy in music, "The Winsome Widow." Henry Wilson is in the lead, and Harry Conner is also playing a part.

Robert McWade, Jr., and Emma Dunn, both of whom played here some years ago with W. S. Hawkins, have been engaged to support Edmund Cushman in "The Governor's Lady," to be produced in New York very soon.

Edward O'Connor Terry, well known in St. John as the actor who played "The Boy" in "The Girl of the Golden West," was born in London in 1844. He made his first appearance on the stage in London at the Surrey Theatre in 1867, and very quickly achieved marked success, playing successively at the Lyceum Theatre in 1868, at the Strand Theatre in 1870, and at the Strand until 1873, when he went to the Gaiety Theatre for the next year.

Mr. Terry had long been prominent in the Masonic craft, and was a past grand master of the English Masons and founder of Edward Terry Lodge. He was twice married, first in 1870, to Nellie Datta, and second, in 1904, to Florence Edna Combe, widow of Sir Augustus Harris. He leaves a son and a daughter.

Mr. Terry's last appearance on the stage was in London in 1907, in the play "The Girl of the Golden West." He was engaged to play the part of "Theophilus" in the first visit of Madame Blary, in the last season, and was engaged to play the part of "Theophilus" in the first visit of Madame Blary, in the last season.

Madame Lillian Norlita, Maine's great offering to the world of song, will be the prima donna at the next Maine Musical Festival, the negotiations to bring about this desired result having been successful. The completion of the new Portland City hall, at the new home for the Festival in that city, gives a new interest to the plans for the 19th annual Festival.

IN FEAR OF CONSUMPTION To be entirely cured of a cold which threatened to become consumption naturally makes one think well of the treatment which helped to effect the cure. In a letter just received from Mrs. Edson Brock, Tremhou, Que., the writer says: "I wish to tell you that I have used Dr. Chase's medicine with great success. I took a very bad cold and could not get rid of the cough. I felt so bad that I really thought I was going into consumption. I got well by using Dr. Chase's Syrup of Linaeum and Turpentine. Dr. Chase's Kidney-Liver Pills also did me a lot of good. You may publish this if you wish, for many people already know what great good Dr. Chase's medicines have done me."

CITIZENS' TICKET ALL ON SECOND BALLOT EXCEPTING MR. FISHER

H. B. Schofield, One of the Five, Leads the Poll—Mayor Frink and T. H. Bullock to Contest for Mayoralty—The Vote in Detail

Table titled 'THE VOTE BY WARDS' showing election results for Mayor and Commissioners across various wards like Alder, Green, Hyatt, etc.

The action of the Citizens' Committee in placing a ticket in the field received hearty approval in yesterday's election. The other commissioner candidates who received their support received a very heavy vote. H. B. Schofield led the polls and three of the candidates appearing in the first four, and all of them qualifying for a position on the second ballot. Their only loss was that of W. S. Fisher for mayor, who ran thirty-five votes behind Mayor Frink for a place in the second election, ex-Mayor Bullock leading Mayor Frink by a substantial margin. The vote for Mr. Fisher in regard to an especially creditable man is considered that he was not in the city to contest the election.

Mr. Fisher's friends had the field cut off from voting when the polls closed. Either longer hours or the division of some of the larger wards may be necessary to overcome this. The returns were received by the Citizens' Committee in the board of trade rooms and when their victory was made certain there was general rejoicing. H. B. Schofield made a brief speech on behalf of the candidates thanking the committee for their support.

Mr. Fisher's friends had the field cut off from voting when the polls closed. Either longer hours or the division of some of the larger wards may be necessary to overcome this. The returns were received by the Citizens' Committee in the board of trade rooms and when their victory was made certain there was general rejoicing.

IS SICKNESS A HABIT? With many sickness undoubtedly becomes of so great a habit, they who are afflicted with it, are often unable to get away from it. They are often unable to get away from it. They are often unable to get away from it.

NORDICA AT THE NEXT MAINE MUSICAL FESTIVAL Madame Lillian Norlita, Maine's great offering to the world of song, will be the prima donna at the next Maine Musical Festival, the negotiations to bring about this desired result having been successful.

MR. ADVERTISER

The circulation of The Evening Times for each day of last week was as follows:—

Table showing circulation figures for Monday through Saturday, with a total of 59,444 and an average daily of 11,888.

Mr. Advertiser—If your Ad. isn't in the Times to-day, hadn't you better call, write, or telephone? Think it over.

TRADE AGREEMENTS NEXT WITH AUSTRALIA AND SOUTH AFRICA

Ottawa, April 10—Before the Duke of Connaught, the reciprocity treaty between Canada, the British West Indies and British Guiana was signed at 2:30 this afternoon. A memorandum was subsequently issued by the Duke of Connaught, detailing the terms of the agreement.

The Canadian government will now turn its attention to negotiating similar trade agreements with Australia and South Africa and preliminary parleys looking to conferences this coming summer to conduct negotiations are now in progress.

With the church bells tolling a requiem for the day at half past one on the public buildings, town officials of Revere, Mayor Fitzgerald and Boston, actors and actresses, and men prominent in fraternal, political and sporting circles joined with his townspeople in paying a last tribute to the memory of Captain William D. Daly, formerly of Bathurst, N. B., the last of the one famous theatrical group of Daly boys, at the Church of the Immaculate Conception in Revere on Sunday afternoon.

NEWS OF MONCTON Moncton, N. B., April 9—The city council proceedings tonight were enlivened by a delegation from Georgetown, who vigorously protested against being taken into the city by the Moncton extension bill, now before the legislature. Six residents of the suburb comprised the delegation and they claimed a majority of the property holders were opposed to coming into the city. They charged those favoring being taken into incorporation were forging names to the petition and misrepresenting the attitude of the people.

GLASS MENDED Earthquake, glass or other useful crockery that has become cracked can be cemented together by mixing a little white lead and spreading this upon a strip of old linen rag. This should be neatly laid over the damaged part and allowed to dry, says the Philadelphia Times. A few banks of stout yarn should be securely tied around the article to make the repair more secure.

WHY BACKS ACHES The Kidneys Seldom to Blame—The Trouble Due to Blood Impurities There is more nonsense talked about backache than any other disease. Some people have been frightened into the belief that every backache means deadly disease. That is a terrible mistake. A matter of scientific fact is that backache in twenty has anything to do with the kidneys. Most backaches come from sheer weakness and kidney drags can't possibly cure that. You need something to build you up and give you new strength. That is exactly what Dr. Williams' Pink Pills will do. Other backaches are really muscular rheumatism and Dr. Williams' Pink Pills have cured the worst poisonous acid out of the blood. Other backaches often come from the troubles which accompany indigestion, constipation, and bile complaint. In women backaches often come from the troubles that follow so surely on any weakness or irregularity in the usual blood supply. There is one way to cure these backaches, it is to strike at the root of the trouble with Dr. Williams' Pink Pills, which enrich the blood and bring strength to aching back and weak nerves. Mr. Alex. Cochrane, Delaware (Kan.), says: "About three years ago I suffered terribly from backache. I consulted a doctor and took his medicine, and was a platter, but did not get the least relief. Then I got a box of Dr. Williams' Pink Pills, and this was as useless as the other treatment, and my suffering still continued. Then one of my friends asked me why I did not try Dr. Williams' Pink Pills, and I got a box. Before they were all used there was some improvement in my condition and I got three boxes more. By the time I had taken these all the signs of the pain had gone, and as I had not since returned I feel that the cure is permanent. My only regret is that I did not hear of Dr. Williams' Pink Pills sooner, for not only would I have got rid of the pain sooner, but would also have saved twenty-five dollars needlessly spent in other treatments."

TORONTO LADS IN ALL DAY BATTLE Toronto, April 9—In a yesterday afternoon waged nearly all a battle between two rival gangs of boys in the Grand Trunk tracks at Jones avenue, thirteen year old Edward Jones, of 17 Maplewood street, was shot through the hand with a small calibre rifle, and Gordon Taylor, twelve year old, of Victoria street, was shot through the leg. The mother of young Taylor declares that the wound was the result of ideas gained by the boys during the afternoon and it is estimated that at least 150 citizens were cut off from voting when the polls closed.

NEW YORK SOCIETY MAN CHARGED WITH ATTEMPTED MURDER New York, April 9—Frederick O. Beach, the broker and society man, who is charged with attempting to kill his wife, and who with Mrs. Beach, is now in London, will return to this country to meet the charges against him, according to a statement made tonight by the law firm of Nichol, Anable, Lindsay & Fuller of this city.

MASTER PLUMBERS AT FESTIVE BOARD Banquet in Victoria Brought Out Good Speeches and All Had Pleasant Time To a table nicely decorated and set for about fifty, the members of the newly formed Master Plumbers' Association of New Brunswick sat at a banquet last evening in the dining room of the Hotel Victoria. The banquet was presided over by the visiting delegates by the local members. It was most enjoyable and all present thoroughly appreciated the good time, the excellent meals, and the programme of speeches and other numbers. The speakers predicted success for the new association and visitors from outside St. John congratulated the local members on their success in adding in bringing negotiations to such a stage that the organization was actually completed.

Had Boils On Neck and Arms. Had Them Lanced But Got No Relief Until He Used Burdock Blood Bitters. Burdock Blood Bitters. Burdock Blood Bitters.

NEWS OF MONCTON Moncton, N. B., April 9—The city council proceedings tonight were enlivened by a delegation from Georgetown, who vigorously protested against being taken into the city by the Moncton extension bill, now before the legislature.

Jeff Gets One on His Friend Mutt

By "Bud" Fisher

SPORT NEWS OF A DAY, HOME AND ABROAD

The City League. In the City League game between the Ramblers and Tigers, played last evening at Black's alley, the former defeated the latter by the score of 3 to 1. The tabulated score:

Table with columns: Team, Total, Avg. Ramblers: 83, 94, 88, 201, 89.6. Tigers: 73, 87, 101, 261, 87.0.

Table with columns: Team, Total, Avg. Ramblers: 83, 94, 88, 201, 89.6. Tigers: 73, 87, 101, 261, 87.0.

The Commercial League. The Commercial League of the S. Haydon team defeated the Brock & Paterson team by the score of 4 to 0. The tabulated score:

Table with columns: Team, Total, Avg. Brock & Paterson: 73, 82, 83, 237, 79. Paterson: 79, 78, 70, 227, 75.6.

Table with columns: Team, Total, Avg. Hayward: 82, 82, 89, 253, 84.6. Hartsch: 81, 80, 87, 248, 82.3.

The games this evening will be: City League, Nationals and Wanderers; Commercial League, Waterbury & Ring and Barnes & Co.

Camdenia Tourney. At Camdenia, April 9.—The sixth annual tournament of the National Duck and Candelion Congress opened here last night and will continue until April 12.

The Turf. Talk of the Trotters. Peggy from Paris (213) goes into Hike McDevitt's stable at Cleveland.

LITTLE FABLES OF THE RISING YOUNG MAN

TWO CHAPS AND THEIR DEBTS. There were once two Rising Young Men who came face to face with the matter of running into debt—as all young men do. Both of them looked old "O. U." square between the eyes—surely debts have eyes, or seem to, for they always search you out and find you—and vanished. Chap No. 1 hit the trail right for him—straight into "O. U." open, welcoming arms. Chap No. 2 turned and ran as fast as he could—in the opposite direction. And thereby hangs a tale with a moral for all who care to read it.

COME EARLY! ONLY A LIMITED NUMBER! We are now Booking Orders (for May delivery) for the 3-Piece Suit—in Silk Embroidered Pongee Linen—16 shades to select from—Coat, Skirt and Blouse to match. Made to measure for \$14.75

JOHNSON TO BE SCORED OUT OF MASONS' LIST. New York, April 10.—A London cable says that Jack Johnson is to be no longer a freemason. The pugilist was initiated in the Dundee lodge some months ago and this gave rise to considerable discussion, and the provincial grand lodge officials appointed a special committee to hold an inquiry.

SPRING IS COMING. Have you got your new costume for Spring? If not, don't worry, come in to see our latest designs in Ladies and Men's Suits, and get one on our easy way, you will not hesitate a minute when you see them. Our Clothing are of the very best and latest design. Come in and see us any way. We shall be pleased to show you whether you purchase or not.

JACOBSON & CO., 675 MAIN ST. MODERN HOME FURNISHERS. The California sire, Lywood W., sire of Bonoma Girl (20414), is to do stud duty in Missouri this season. Here's the Memphis roster at the present time: Ed Geer, thirty-eight, head; Lew McDonald, thirty-two, head; John Dickerson, twenty-eight, head; Ed and Jim Boyson, thirteen, head; Doc Tanner, seven, head; William Bush, six, head; O. Gerrity, nine, head; George Walker, seven, head; Joseph Greer, thirteen, head; Harold Chiles, twelve, head; Ed Harris, five, head; Frank Simons, four, head.

Moncton May Get It. Moncton, N. B., April 10.—(Special)—It is now almost probable that the interprovincial track meet will be held in Moncton this year. Negotiations are now pending between the colleges and the M. A. A. A. Should they come to terms the meet this year promises to be one of the best held for some time, as the college legs are turning out strong teams. The management of the teams have as yet made no definite decision about a date, but probably May 27 will be agreed upon.

Champions in Marathon. New York, April 10.—Johnny Hayes, former marathon champion, has commenced training in Berlin for the international professional marathon in May. The managers of the race have secured the services of Longboat, St. Yves and Durando, while a special elimination race will be held among twenty-five German runners. Prizes aggregating \$5,000 are offered for the race.

Gamble Losses on Foul. Boston, April 9.—(Special)—Following by George T. Gamble, of St. John (N. B.), in the New England 145-pound championship, resulted in his disqualification in the

coming of spring and his friend John L. Sullivan, La Blanche forsook the whole compass of the country for the squalor of the West End. There are always men who will wrap sporting "dogs" with down and out "pugs" and a series of these exchanges landed La Blanche in the police court. In a few days he will try to arrange a benefit for himself. And after that—

MacDonald in Boston. Of one of the bouts on Monday night in Boston, the Post says—"The hottest boat was one of the hottest ever seen in the hall, both boys being game to the core, and refusing to show any indications of giving in, in spite of the fact that at various stages each was on the verge of remarkable ability to recover after punishment of a heavy order, his stiff legs doing the job of aiding him the most when it came to a show-down.

Murphy May Meet Mandot. Chicago, April 9.—Since Packey McFarland dodges a second match with Eddie Murphy, plans are now being laid for a set-to between Murphy and Joe Mandot. Murphy has agreed to meet the southern crack and will make his southern debut for such a battle. Notice of the match was sent to Mandot and the promoters are now awaiting the decision. Mandot has a tentative date at Los Angeles for an argument with Joe Rivers, but the dates advanced are May 23 or July. Mandot could meet Murphy within three weeks.

LaBlanche, the Marine. (Boston Post) With hands showing nearly every bone of them to have been sometimes broken, his face scarred by the dents of many a ring battle and clothes far from being like the silken garments of present-day pugilistic champions as can be imagined, George La Blanche, whose name, years ago, was flashed from one end of the world to the other, is today among the multitude of the disappointed.

Yet in spite of this, this gray-haired old man, whom the folk world of London admirably called the "Marine," insists that he is still in the ring and is willing to take all comers at his specified weight, for fights of four and six rounds. "Are you in condition?" the Post man asked him, "are you in training?" "The Marine" turned his head away: "He had no overcoat, his face is bloated and unrecognizable by time and disfigurement. He will never be seen in the ring again."

La Blanche had dropped out of the sight of even the sporting writers' maddest, when his name and part of his record came to light in the police news. He had been discharged from the police court on a charge of drunkenness because the probation officer could not find that he had been arrested before for the same offence, inside of a year. "This was his life as a fighter has done for him. He has him and he is able to pay for the cheap but cordial hospitality of one of the many down and out hotels in the West End. La Blanche is just out of Tewksbury poorhouse. With

A Dainty Cottage in Cement, Costing \$1,500

Here is another one of those "dainty" little cottages. The writer's attention has been recently called to the fact that more interest is displayed in a small cottage skilfully handled, of artistic and tasteful design, than in the larger residences. The small cottage shown in our illustration is 22 feet in width by 24 feet in depth, with three rooms on the first floor. No. 1 if he's building anything at all—except, perhaps, poultry for his old age—building on the sand, without even digging a foundation, at that. Just think of it, kiddo, Chap No. 1 hasn't got money enough to his name to buy a house, but he's got a job there at double his present salary. Did you ever think of it in quite that light, old scout?

NAUGHTY MAN! She: "What are you smiling at John?" He: "At a little item I just read here. The writer says, 'The best of us talk too much.'" She: "And why should you laugh at that?" He: "Why? Well, it's just because it's such a roundabout way of paying you a compliment, my dear!" Mrs. Greig—What are you burning, my dear? Mr. Greig—The letters I wrote you before we were married. Mrs. Greig—You heartless wretch! Have you no sentiment, no— Mr. Greig—Please be quiet, I'm doing this for your sake. I'm trying to fix things so that if I die nobody can dispute my will on the ground of insanity. Dreamer—Did you ever think what you'd do if you had Rockefeller's income? Footman—Yes, and I've often wondered what he'd do if he had mine.

LOCAL NEWS

POLICE REPORT.
The police report that the sidewalk on the Marsh road in front of George Coak's is in a dangerous condition, and in need of immediate repair.

THE STEAMERS
The S.S. Rhodanian will sail tomorrow for the West Indies.
The S.S. Borna will sail tomorrow for Mexico, Nassau and other southern ports. She will take away a few passengers.
The C. P. R. liner Empress of Ireland is expected here about Friday.
The C. P. R. liner Montrose is expected to dock here on Monday or Tuesday.

BURIAL TODAY
The funeral of Mrs. Thomas G. Hunt, who died on Monday, will take place this afternoon from the home of her daughter, Mrs. Norman Gregory in Charlotte street. Funeral services were conducted by Rev. L. A. McLean, and the funeral was in French. The body will be placed in the receiving vault there until word is received from relatives in the old country.

TABERNACLE CHURCH
A large number attended a concert and social in the vestry of the Tabernacle United Baptist Church last evening. The following programme was carried out: Address of welcome, by the pastor, Rev. J. D. Wetmore; reading, Miss M. Jewett; solo, R. D. Cogger; reading, Miss M. Jewett; Willis; dialogue, Her Easter Choice, Ruth Corkum, Katie Mullett, Lizzie Mullett, Mildred Campbell, Blanche Marr, Hazel Meloy, Nellie Mullett, Maud White and Mary Beys; duet, Rev. Mr. Wetmore and R. D. Cogger; quartette, Mrs. Corkum, Rev. Mr. Wetmore, Bud Wetmore and Robert McEachern, who responded to several encores. The evening was spent as a social gathering of church members and congregation. A circle of unity was formed and refreshments were served. Mrs. Cabberton presided.

HIS LEG BROKEN

John Murphy Struck by Sling of Deals and Falls into Hold of Steamer

A serious accident occurred at Grand Point last night, and as a result John Murphy, a longshoreman, is lying in the General Public Hospital with one leg broken, while he is otherwise seriously injured. The accident occurred on board the S. S. Lake Michigan. He was working on the deck of the steamer when he was struck by a sling of deals. He was thrown into the hold of the steamer and there was a slight injury and carried to the Emergency hospital. Later he was removed to the General Public Hospital.

MAY CAMPAIGN OF BOARD OF HEALTH

Beginning early in May the board of health will conduct a vigorous sanitary campaign, the annual house-to-house cleaning movement which will be carried out in weeks, and for which purpose preliminary arrangements were made yesterday. Doctor G. Melvin, medical health officer, submitted his quarterly report in which he recommended that in all grocery shops, produce stalls, etc., are exposed for sale, cards be posted bearing copies of the regulations of the board regarding the sale of these articles. Posters are also to be placed about the city notifying the public of the need of thoroughly cleaning their premises in the next few weeks, and advising landlords and tenants to have the matter attended to.

ST. LUKE'S CHURCH MEETING

In reference to trouble at the Easter meeting in St. Luke's church, the church said this morning that he had been present at the meeting and it had been one of the quietest in many years; that everybody was in even temper, and there was no stormy discussion.

"Last May," he said, "at a meeting of parishioners it was decided to build a rectory. The vestry was instructed to have plans prepared, and go on with the erection of the building. The auxiliary committee of ladies and gentlemen formed to aid in the work was very successful and last summer subscriptions were received for an amount more than necessary to cover the expenses of the building. Plans prepared by G. E. Fairweather, passed upon and adopted by the vestry. Late in the autumn contracts were ordered to be signed.

"At the meeting held on Monday night immediately after the reading of the minutes, S. G. Kilpatrick introduced the following motion: Resolved that the vestry through Warden Kilpatrick report the action taken in regard to a motion passed at the parish meeting on May 12, 1911, in reference to the building of a rectory."

"It was pointed out that such a report could not be received as an official one, therefore the meeting decided by a large majority that it could not be permitted. At this decision Mr. Kilpatrick left the room, and the regular business was proceeded with. The matter of a rectory was not under discussion in any way during the meeting and there was no stormy discussion. The meeting was one of the most largely attended for years and remarkably quiet."
