At that time he complained of the pain in the region of his heart, and went into the game Friday against the advice of Dr. F. C. Berg, the club physician, and of his own physician.

The break, which the physicians had feared came in the middle of the fourth inning, when the "big fellow" swung at the ball. His physicians say that this is liable to recur at any violent exercise, when the referee, and was advised to retire from the game at once and for all time.

HANS WAGNER OUT; MAY BE FOR SEASON

Great Pittsburg Ball Player, Injured Friday, Has "Stitch" in Heart Muscle

That Hans Wagner, greatest of living ball players, has not only been injured for the rest of the season, but that he may never be able to play baseball again, is the discouraging news handed out to the fans of Pittsburg.

Wagner, who limped from the game in the middle of the fourth inning Friday after two strikes had been called on him, did not appear in the game Saturday, nor will he appear for some time, according to his doctors, though Wagner had hoped to be in the line-up on Tuesday.

AWFUL! UMPIRE SUES

PLAYER FOR SLANDER

Mysterious Epithet Used by Catcher G's Him Into Dire Trouble.

WINSTED, Conn., Aug. 3.—What awful epithet "Charlie" Barnum, catcher of the Equinetic Valley League, hurled at August Jenks, an umpire, induced the latter to sue him for slander?

That's the question which is bothering the "fans" in this section more than the standing of their respective clubs.

Until Jenks raised the issue no one could have believed it possible to indict an umpire. It was believed that the entire output of language—living, dead and profane—had been exhausted in an unsuccessful effort to find something that would penetrate the hide of the baseball referee.

The alleged slander took place during a game between the Lakeville and Shelton teams, in which the town of District Attorney Jerome, of New York, made famous, got the alleged slur of a seven to three score. No one has seen the complaint, but it is said to be drawn on August Jenks, that so far his decision were concentrated on Jenks' judgment on several decisions, but says he can't recall using "any stronger language and that usually he is contented on several occasions.

"There was only one reference, that he made, and that was '

**SOUNDS RATHER NEW DROME
FISHY BUT IT SOON READY
MAY BE TRUE**

PETAWAWA, Ont., Aug. 3.—Despite
the severe injuries sustained in yester-
day's accident Baldwin and Mc-
Curdy were at work early this morn-
ing, rushing the work of assembling
Baldock No. 1. Good progress was
made, the two aviators having the
assistance of Capt. Bogart, Camp Engi-
neer, Lieut. Fern, of R. C. H. A., and
"Bill" McDonald, from works at Bad-
deck, N. S. So much was accomplish-
ed that it is expected that all will be
ready for installation of the engine by
tomorrow afternoon. A feature of
the new drome, which is much larger
and of stronger construction than
Silver Dart, is the minimum space
taken up by gasoline tanks. These are
placed over operators heads between
top surface. They are of 17 gallons
capacity or enough for four hours' flight.
The trial of Baldock No. 1 will
take place either on Thursday even-
ing or Friday morning early.

**MONT BLANC IS
ASCENDED BY GIRL**

GENEVA, Aug. 3.—Miss Helen Bauer,
aged twenty, of Chicago has accom-
plished the feat of climbing Mont
Blanc.

Among the women who have hitherto
reached the summit of Mont Blanc are
Mrs. Burup, wife of a military attaché
at the United States legation, who
climbed the mountain in August, 1891,
and Miss Florence Morse, twelve years
old, who scaled the heights in August,
1888. During the Alpine season of 1904
no less than eleven women were suc-
cessful in reaching the top.

REMAKING MILES COW TOWN.

Western "Hell's Kitchen" to be Duplicated With Old-Time
Gambling, Road Agents' Hold-Ups and
Indian Warfare.

MILES CITY, Mont., Aug. 3.—
Alongside the Tongue river they are
building a true copy of Miles City of
the '70s, when it was one of the wild-
est cow towns on the plains and be-
fore the committee of public safety
hanged a leader of the toughs who ac-
crued the place and drove the rest
away. Just now the constructors
are placing an old-time wooden awning
in front of what stands for Henry
Bruce's saloon, in the back of which
Nell Chalwick—Doker Nell—dressed as
for the opera, said each evening soon
after sundown: "Gents' th' game's
open," and then dealt throughout the
night.

Replicas are to be built also of John
Carter's Drover's House, the callen-
men's headquarters—the Charley Brown
brewery saloon—the Charley Brown
who held justice court in front of his
bar, who struck the first blow with a
whetstone handle, that called out the
vigilantes and purged the town of
its desperate malefactors and who be-
came known to a later generation,
along in '89, by taking a herd of rein-
deer to relieve the starving miners at
Valdez, Alaska. Cohn & Co's general
store is to be represented, too. And
elsewhere will be found more saloons,
they were plentiful in that day—and
other places where can be found such
amusements as were peculiar to the
old frontier.

**\$3,800 FOR KILLING
PARISIAN BY AUTO**

His Family Recover Damages From New
York Woman.

PARIS, Aug. 3.—That it costs an
automobile money to kill a pedestri-
an in Paris was shown today when
Mrs. Smith, of 160 West Fifty-
ninth street, New York, was ordered
by the court to pay \$3,800 to the fam-
ily of a bank manager named Sadou.

An automobile belonging to Mrs.
Smith knocked down Sadou as he was
attempting to cross the Champs Ely-
ses on June 30, inflicting injuries from
which he died a few days later. The
chauffeur who was driving the car at
the time of the accident appeared in
court today to answer to a charge of
homicide.

Sadou's widow claimed 20,000 francs
from Mrs. Smith, holding she was
civilly responsible for her chauffeur.
Sadou's eldest son claimed 6000 francs
and his younger son 1000 francs.
The tribunal, taking into account Mrs.
Smith's wealth, awarded 15,000 francs
to the widow, 3000 to the elder son
and 1000 francs to the younger son. The
chauffeur was sentenced to four
months' imprisonment, with the bene-
fit of the first offender's act.

**LONDON STILL LOVES
"THE MERRY WIDOW"**

Opera Closes Run of 779 Performances
Amid Great Enthusiasm.

LONDON, Aug. 3.—The last perfor-
mance of "The Merry Widow" took
place tonight amid scenes of the great-
est enthusiasm.

The piece has been played 779 times
in London, and over 1,000,000 persons
have seen it. The price of admission
was raised tonight an orchestra seat
costing 4s. Purchasers paid spectators
25s several days ago. The box office re-
ceipts during the run amounted to
£1,740,000.

Changes in the cast never affected
the popularity of the opera. There have
been six representatives of "The Merry
Widow" during the run.

BOSTON, Aug. 4.—Thomas Wright, a
colored waiter on the steamer Calvin
Klein, pleaded not guilty yesterday to a
charge of stealing on the high seas,
before U. S. Commissioner Hayes, and
was held in \$1,000 for a hearing on
Thursday. Wright was arrested Sun-
day. It is alleged that he robbed the
spaterooms on the steamer on which he
was employed.

It is hard for the visitor to Miles
City for the round-up who didn't know
old Mileston to realize that the well-
behaved, prosperous behaving city of
today grew out of such a beginning.
But it grew from a smaller and worse
beginning. It was a tough place—a very
tough place, old Mileston. Money was
plentiful, considering. Fort Kough,
abutting, had a full regiment and the
usual complement of citizen employes
and camp followers made a good pay-
roll, to which were added the earnings
of a small army of government con-
tractors' men, high salaried clerks
in the stores, and the continuous contribu-
tions of the inevitable tenderfoot who
flocked to Miles City.

**CHARLES W. ALLEY
DIED LAST NIGHT**

Was Engineer of Tug Champlain and Was
Stricken With Paralysis While
at His Post.

The death occurred at seven o'clock
last night at his residence, 154 Met-
calf street, of Charles W. Alley, the en-
gineer of the tugboat Champlain, who
was suddenly stricken last week while
at his post on the tug, which was then
in the North End and was universally
to the city on the Victoria, but in spite
of the efforts of his physicians he suc-
cumbed to the trouble which has been
diagnosed as paralysis of the stomach.
The deceased was very well known
in the North End and was universally
esteemed. He was sixty years of age
and is survived by his wife and two
children. He was connected with Per-
less Lodge, I. O. O. F., for thirty-one
years, and has always taken an active
interest in the welfare of the order.
His many friends will learn of his
death with deep regret.

**RATES UP FOR HEAD SHAVES
AND CHINAMEN IN REVOLT**

Barbers and Herb Doctors in San Francisco
Conclude to Get Share in
General Increase.

SAN FRANCISCO, Aug. 3.—Barbers
in Chinatown have raised the price for
shaving heads from 25 to 35 cents
and the Chinese herb doctors have
increased their fees from 25 to 30
cents. The result is almost a revolu-
tion in the Celestial quarter, as a
Chinese cannot shave his own head
and every Chinaman regards herba-
lizing at regular intervals as a guard
against sickness. Several scores of
barber shops are scattered through
Chinatown and all do a flourishing
business, as the Celestial trend must
shave every day to keep up proper
appearances.

The barbers also clean the ears and
trim the eye brows. The barbers de-
clare that the high prices of food
and the excessive rents compel them
to make an advance in the time-hon-
ored price of "two bits." The herb do-
ctors claim that they have been under-
paid for years and they cite the fees
of the white doctors as proof that at
50 cents their prescriptions are very
cheap.

The dead walls of Chinatown are
flaming with red posters today attack-
ing the barbers and herb doctors for ad-
vancing their prices, but these lam-
pans have had no effect.

DR. PUGSLEY'S VISIT ENDS

Dominion Minister of Public Works Returns
From Side Trips to Victoria
and Nanaimo.

(Vancouver World.)

The Hon. Mr. William Pugsley,
Dominion Minister of Public Works,
returned to this city this morning on
the steamer Joan from a short visit to
Victoria and Nanaimo, and left again
in his private car Pilgrim for Wina-
peg and Ottawa.

To the World before his departure,
the Minister stated that he was not
prepared to say anything further
than what has already been published
in the news columns of this paper, but
reiterated his assertions that the
drover King Edward would be put to
work opening an entrance into False
Creek at the earliest possible date.

The matter of widening the Nar-
rows and making through them a 1900
foot channel, he stated this morning,
was a task of such gigantic propor-
tions that he would have to confer
with his colleagues before making any
further announcements.

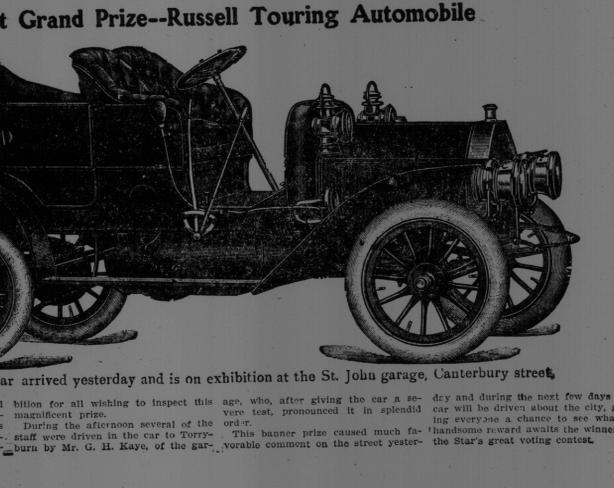

It was the intention of the Minister
to pay the city of Prince Rupert a
visit prior to his departure for the
east, but urgent duties at Ottawa ne-
cessitating his return there have
forced him to change his plans.

The Minister expressed himself as
delighted with his visit to the coast,
and took occasion to thank the people
for their kindly treatment of him
and his party.

"THE CALL OF THE WEST"

HARVESTERS! HARVESTERS!

Again the West calls to the East for
helpers to assist in harvesting the
greatest crop Western Canada has ever
produced.

The increased acreage under cultiva-
tion and the splendid weather condi-
tions that have prevailed throughout
the entire season have combined to pro-
duce a harvest of grain estimated at from
125,000,000 to 150,000,000 bushels, and to
successfully harvest this enormous crop
will require at least 30,000 Farm Labor-
ers.

The West can supply but a small
fraction of this number, and conse-
quently the Western Farmers are
obliged to save the crops, which of
course require to be harvested within a
certain period of time.

The Canadian Pacific Railway, realizing
the demand for labor in the West,
will, as in previous years, run Farm
Laborers Excursions, and it is expected
that the Maritime Provinces will re-
spond in large numbers as heretofore.
Thousands of Farmers from the Pro-
vinces are now located in Manitoba,
Saskatchewan and Alberta, and they
will gladly welcome those from the
East who will go to their assistance.
The rate is so low that it is almost
equal to a free pass. It makes a splen-
did vacation trip and affords a great
opportunity to see the Great West at
only sufficient can be earned to pay the
expenses of the trip, and passengers
can return home from their vacation
with money in pocket.

BOGUS COUNT LIVES
SWELL LIFE BY FRAUD

Loosing His Temper and Striking Conductor
Lead to Discovery of Swindle.

PARIS, Aug. 3.—A very clever swind-
ler, passing under the name of Count
Grenottin de Thuin, lost his temper
with an omnibus conductor yesterday
and lost his liberty in consequence.

He tried to get into an omnibus which
was full, and struck the conductor dur-
ing an altercation. He was then taken
to the police station, where he was
asked whether he had any claim to the
ribbon of the Legion of Honor in his
buttonhole. His reply was given in each
forcible language that the inspector or-
dered him to be searched.

About thirty accidents insurance poli-
cies and details of accidents were found
in his pockets. Inquiries were made
and the "count" was found to belong to
an organization which had in the last
year or two defrauded several thou-
sand companies in Paris of large sums
of money.

The organization owns a number of
motor cars, so constructed that acci-
dents occur constantly. The drivers,
who are accomplices, arrange for heavy
indemnity and then put their cars in
order again.

A number of women and men, who
also belong to the organization, have
for some years past succeeded in
throwing themselves without success
hurt, under the wheels of motor cars,
omnibuses, private carriages and cabs.
They get medical certificates for injur-
ies, and in many cases obtain heavy
damages.

The "count" after a severe exam-
ination, confessed that he was at the
head of the organization, and that
he made \$40,000 last year as his share
of the fraud. Seven of his accomplices
were arrested this afternoon.

"Don't you realize that you are finan-
cially handicapped by bad roads?"
"Of course we realize it," answered
Farmer Corroless. "No automobilist
dare travel fast enough to give us an
excuse for collecting a fine."

"I have decided to suspend your
sentence," the Judge began.
"For gracious sake, Judge, you don't
mean to say that lifting a few chick-
ens is a hanging matter?"

There is a world of meaning in the three words: OPPORTUNITY, EFFORT, REALIZATION. To deal with each of them individually, we will take first OPPORTUNITY. The SUN and STAR is granting to its readers the opportunity of their lives to win a prize of unmistakable value for an infinitely small amount of work (we use the word guardedly). As for the EFFORT, we have repeatedly said (and the number of votes recorded each candidate in this contest will bear us out) that it will not be necessary for you to neglect your business in order to be a winner of one of these prizes. You will never know how very easy it is to secure subscriptions to the SUN and STAR until you have given it a trial. Then after you have been declared a winner in this contest, will come the REALIZATION of an absolute satisfaction in having won something by your own efforts. You will never cease to praise the SUN and STAR for having made this possible, and we shall rejoice with you in your proud ownership. In this paper today we show you the names of all who have entered, and you can easily see by the list that there is plenty of room in each district for a wideawake candidate to enter and win one of the prizes offered.

THIRTEEN WAS LUCKY NUMBER FOR EX-STEEL KING AT POKER

When Architect Came With Plans for New Building Height Was Fixed at 13 Storeys.

PITTSBURGH, Aug. 3.—The announcement by H. C. Fryck here that his new office building in the East end, which was originally intended for an 18-story building, will go up but 13 storeys, today brought out from one of the fashionable clubs of Pittsburgh, to which Mr. Fryck belongs, the fact that it was over a game of poker recently that he decided that the number 13 was not unlucky for him at least and that hereafter he would not avoid it. In fact the ex-steel king appears to be of the opinion that this number is lucky for him, so much so that he has made the change in plans for his building.

JUDGE WILLRICH GIVES
INSPIRING MESSAGE TO
CITIZENS OF ST. JOHN

(Continued from Page One.)

You cannot depend on transportation alone for the future of the city. You need a farming population to develop the wealth of the province in addition.

ENTHUSIASTIC OVER PROSPECTS.
I have really become very enthusiastic about this province and I expect to see it become the home of a vastly larger population of prosperous home-seekers. There are no rivers in the world superior to the St. John, the Kennebecasis and others, either from the point of view of the advantage to the country's development. In addition to a beautiful country you can also develop the advantages of a settled society with good churches and schools and the other attractions which help to make life agreeable. The advantages of this province should be made known to the world at large.

CIVIC GOVERNMENT.
Asked by the Star man for his opinion as to the advisability of a change in the form of civic government, the Judge said: "I have seen many cities and many forms of government and from this experience I have ceased to be a believer in the importance of any special form of administration. Some prosper under one form and some under another. The great desideratum is the spirit of the citizens themselves. As long as the citizens as a body do not show that civic pride and that energy which is essential to the upbuilding of a city, it is futile to seek salvation in a specific form of government. If the leading citizens will encourage the pride and patriotism of the people favorable results can be secured under any form of government. If I had any criticism to make it would be regarding the lack of this spirit rather than anything concerning the form of government."

The first requirement for the development of this spirit is a deeper and more intelligent interest in civic affairs and the cessation of the captious criticism which does so much to discourage the citizen and which keeps many of the best citizens from entering civic politics.

Such could be done by the press by getting together irrespective of party, and working together for the good of the city. I am a strong believer in the party system, but I believe in civic matters men of all parties should work side by side.

"It would be a good thing for the city if you should form a civic organization to boom the city. You might call it The 100,000 Club, and make the securing of that population its chief aim. In such a club the best element of your citizenship could unite in practical work for the welfare of the city, as a citizen of St. John I would like to see the growth of such a civic spirit. A club of this kind could take an active part in the government of the city and do its share in bringing for the best material for your public officials."

"You have a most intelligent class of citizens and with your natural resources there is no doubt but that there is a great future for this city. In attaining these prospects I would like to speak of the power of the individual. One patient man can accomplish what a dozen others cannot. You younger men should be made to come to the front and give their energy to help the city along.

The Canadian Clubs are doing much to stimulate national patriotism, but I would like to see clubs to develop local patriotism. I have belonged to such clubs in the West and I know how much they can do to help the growth of a city. Local patriotism is the most valuable legacy the various local units make up the whole nation.

HILARIOUS FIREMAN FELL OVER THE WHARF

Slaker From the Governor Cobb Was Sobered by an Unexpected Ducking This Morning.

An exciting five minutes was experienced by officers and men of the Governor Cobb while leaving the dock this morning, in rescuing a member of the crew who had fallen overboard. The steamer has just cast off from the wharf when a belated fireman--who had spent a rather hilarious night on shore--agreed down the slip and in an effort to jump aboard the boat was precipitated to the water below.

Willing hands were immediately to the rescue and another of the crew was lowered by a rope to the water, where, after taking a few strokes, he succeeded in grasping his friend, who was soon safely landed on deck considerably sobered by his impromptu bath.

Mrs. Mary Gee, of Wicklow, pleaded guilty through her counsel, J. C. Hartley, before Magistrate Dible on Tuesday morning to two offences for selling liquor contrary to the provision of the Canada Temperance Act. Officers Woolverton and Carpenter met her on the road in Victoria County and as soon as they possessed the country line into Castleton she was taken into custody and brought to Woodstock. She had one case of whiskey in her possession--Dapatch.
