RUSSIA GIVES BULGARIA TWENTY-FOUR HOURS TO DECLARE HERSELF; BRITISH TAKE TWO MORE TRENCHES

BULGARIA MUST BREAK WITH TEUTONS WITHIN THE NEXT 24 HOURS OR ANSWER TO RUSSIA

Russian Ambassador Ordered to Leave Sofia Unless Bulgaria Dismisses German and Austrian Officers — Allies Back Up Russia — Greece Expected to Keep Treaty with Serbia, but Attitude Roumania Will Pursue Still Uncertain.

Petrograd, Oct. 2.—Sergius Sazonoff, Russian minister of foreign affairs, declared to the Associated Press correspondent today that if the Bulgarians "persist in their present traitorous course they must answer to Russia."

"An ultimatum has not been presented yet," added the minister, "but I presume one will be within a short time."

The semi-official News Agency says the Russian minister has been ordered to leave Sofia, unless within twenty-four hours the Bulgarian government openly breaks with Austria and Germany and sends away the Austrian and German military officers now in Bulgaria.

The news agency gives the following note which the minister at Sofia has been ordered to hand to M. Radoloff, the Bulgarian premier: "The events which are taking place in Bulgaria at this moment give evidence of a definite decision of King Ferdinand's government to place the fate of its country in the hands of Germany."

"The presence of German and Austrian officers at the Ministry of War and on the staff of the army, the concentration of troops in the zone bordering Serbia, and the extensive financial support accepted from our enemies by the Sofia cabinet, no longer leave any doubt as to the object of the military preparations of Bulgaria."

"The Powers of the Entente, who have at heart the realization of the aspirations of the Bulgarian people, have, on many occasions, warned M. Radoloff that any hostile act against Serbia would be considered as directed against themselves. The assurances given by the head of the Bulgarian cabinet in reply to these warnings are contradicted by the facts."

"The representative of Russia, which is bound to Bulgaria by the imperishable memory of her liberation from the Turkish yoke, cannot sanction by his presence preparations for fratricidal aggression against a Slav and allied people. The Russian minister, therefore, has received orders to leave Bulgaria with all the staff of the legation and consulates if the Bulgarian government does not, within twenty-four hours, openly break with the enemies of the Slav cause and of Russia, and does not at once proceed to send away officers belonging to armies of states which are at war with the Powers of the Entente."

Greek Mobilization Merely To Protect Frontier

Sofia, Sept. 28, via London, Oct. 2.—(Delayed in transmission) The Greek minister to Bulgaria, M. Naoum, said today that Greece did not covet Bulgarian territory, and that the object of Greek mobilization was merely to protect the frontier.

Regarding the treaty between Greece and Serbia, M. Naoum said: "Like every treaty, it consists of words, and it is circumstances which give meaning to words. That is to say, words have the sense you give them, according to circumstances."

London, Oct. 3.—The Russian minister at Sofia has been ordered by his government to leave the Bulgarian capital if, within twenty-four hours, Bulgaria does not openly break with the Central Powers and dismiss the Austro-German officers who recently arrived in that country to direct the operations of King Ferdinand's army.

The other Powers of the Quadruple Entente are backing up Russia in this demand, and, so, Bulgaria must, within a few hours, decide on continued neutrality or be considered definitely committed to the Central Powers.

From the news received during the past few days from the Balkans it is considered certain that King Ferdinand and Premier Radoloff have made their choice, and are only waiting the completion of mobilization to strike at Serbia and assist the Austro-Germans to open the road to Constantinople, which has been anxiously waiting for many weeks for promised aid from the Central Powers.

Greece, it is believed, will live up to

FRENCH LOSE AIRSHIP; CREW CAPTURED

Berlin, via London, Oct. 3.—The French airship Albatross has been brought down in the Rethel district and the crew captured, it was announced officially at the war office this afternoon.

LATEST OFFICIAL LIST BRINGS PRUSSIAN CASUALTIES NEARLY UP TO TWO MILLIONS

Amsterdam, via London, Oct. 3.—The Prussian casualty lists No. 330 to 339, covering the period from Sept. 17 to Sept. 28, give the names of 63,468 men killed, wounded and missing, according to the Nieuwe Rotterdamse Courant, of Rotterdam. The Courant says that these figures increase the total Prussian casualties to 1,916,148.

How the severity of the fighting recently has increased, continues the paper, is indicated by the following figures:

The lists from No. 300 to 309 announced 49,705 casualties; the lists from No. 310 to 319 contained 53,396 names; the lists from No. 320 to No. 329 gave 58,445 names, and the remaining lists as above.

Besides the Prussian lists there have been published 224 Bavarian, 199 Saxon, 274 Wurtemberg, 49 naval and four lists of Prussian officers and non-commissioned officers in the Turkish service.

2ND DIVISION TAKING PART IN BIG DRIVE

Shown by List of Casualties Being Received Which are Heavier Than When Trench Fighting was in Progress.

Special to The Standard.

Ottawa, Oct. 3.—The second Canadian division is now beginning to take a part in the big drive. This is evident from the reports of casualties which have reached the militia department during the last couple of days. The casualties are not serious, but they are greater than has been the case while trench fighting only was in progress. It is expected that the Princess Patricia's will be attached shortly to the second Canadian division. So far they have been fighting with one of the British divisions.

DRIVE GERMANS BACK WITH THEIR OWN GUNS

Prisoners Captured in Allied Offensive Include Large Number of Old Men and Boys.

London, Oct. 3 (Gazette cable)—A member of the Dominion Emigration staff in the Royal Artillery, writing from the front on Monday, said, "Yesterday we were driving the Germans back with their own guns, which our infantry had captured. I think the Germans are on their last reserves, judging by the prisoners taken. They are either old men or boys, most of them in a bad state, and seem glad to fall into our hands. By all accounts the Germans were more than surprised when they were taken."

While fully confident of their ability to handle the new situation, the Allies do not believe it, which accounts in some respects for their activities.

"UNFITS" ARE CALLED OUT IN HUNGARY

All Classes Between Ages of 19 and 42 Ordered to Report for Military Service.

Zurich, Switzerland, via London Oct. 3.—The Hungarian minister of national defense has ordered all classes between the ages of nineteen and forty-two, who were previously declared unfit for military service, to present themselves again for supplementary enrollment. A similar order has been issued for these between the same ages who heretofore, for various reasons, have been excused from military service.

ALLIES' OFFER TO BULGARIA WITHDRAWN

Anglo-French Expedition Will Land at Saloniki to be Ready for New Developments in Balkans.

Paris, Oct. 3.—The landing of an Anglo-French expedition at Saloniki preparatory to meeting possible eventualities in the Balkans is about to take place, according to the usually well-informed Temps, which adds that Greece gave her approval last April to the use of this port, although it was not expected then that the present contingency would arise.

The Temps states also that the Quadruple Powers have notified Greece that their joint proposals recently submitted to Bulgaria have been withdrawn. These proposals detailed concessions Serbia was willing to make in Macedonia, and Bulgaria has not withdrawn their proposed concessions of Macedonian territory.

LIBERAL CANDIDATE.

Vancouver, B. C., Oct. 3.—Joe Martin got the Liberal nomination for the federal house for Cariboo at a convention held Saturday afternoon in Ashcroft. Senator Bostock has decided to stay with that body, and his name as possible candidate in Cariboo was not voted upon.

view point on the Arabic case might bring about the threatened rupture. Just what the details are on which the two governments are in conflict was not definitely known tonight. In general, it was learned that Germany after examining the evidence submitted by the United States, came to the conclusion that her submarine commander erred in assuming that the Arabic was intent on ramming the German submarine when steering to rescue the passengers on the British steamer Dunley.

This admission of a mistake would amount to a disavowal of the act, but the United States has insisted that disavowal must be accompanied by an assumption of responsibility and liability, while Germany in her first note, was willing to submit the question to an arbitral tribunal to decide what liability, if any, was thereby incurred.

President Wilson has taken the position that the United States cannot arbitrate questions involving the loss of American lives.

RAIN IMPEDES ALLIES' DRIVE, BUT HEAVY FIGHTING CONTINUES IN THE WEST

Heavy Bombardment of Enemy's Positions Renewed and Regarded by Military Writers as Prelude to Another Drive at Germans—Luxemburg Attacked by Allied Aircraft and Bombs Dropped on Military Stations—Von Hindenburg's Army Halted in Advance on Minsk.

London, Oct. 3.—The British delivered a counter-attack Friday night on the Tuetonic forces southwest of Fosse, France and achieved their "objective," which was two German trenches, according to a report received from Field Marshal Sir John French, commander-in-chief of the British army in the field.

The Field Marshal's communication received under date of 10 p. m., Oct. 2, was given out by the British war office as follows:

"We delivered a counter-attack last night and achieved our objective, which was two German trenches southwest of Fosse and the enemy had recovered in his counter-attack of the 26th."

"There have been no other events on our front."

Paris, Oct. 3.—The official communication issued by the war office tonight records the continuance of heavy bombardments, the capture by the French of a German blockhouse and the bombardment of Luxemburg by French aeroplanes.

The text of the statement follows:

"In Artois we have made progress, capturing a blockhouse and entrenchments to the south of the woods of Givenchy."

"There has been a bombardment by both sides of quite a violent nature to the south of the Somme, in the environs of Beaufort and Bouchoir, as well as on the Champagne front and in the Argonne to the north of La Bassee."

"In the Vosges, the enemy has attempted but unsuccessfully to direct jets of liquid flame on our trenches at La Violu, between the De Sainte Marie and Du Benhomme. We replied by shattering his mine works by an effective small mine."

"A group of aeroplanes this morning bombarded the station, the railway bridge and the military buildings at Luxemburg."

Rain Impedes Allies.

Rain and the consequent mud have prevented the Allies from continuing their full offensive in Artois. Fighting of a stubborn nature, however, is still going on in that region, both sides endeavoring to secure vantage points. Success here, as in Champagne, is apparently varying, although the Allies are holding virtually all the ground they gained in last week's blow.

That other similar blows will take place before long is the settled conviction of military writers, who see in the repeated bombardments of the German positions on the Belgian coast by British ships and big French guns, and air raids over the German lines, evidence of another storm brewing. Naturally it will take some days to prepare, as the guns which now play such a large part in the campaign have to be brought up, and this is no easy matter after the heavy rains, particularly in the low countries of Flanders and Artois.

SUBMARINES FOR BRITISH NAVY CROSSED ATLANTIC SAFELY UNDER OWN POWER

Parts Made in the United States and Shipped to Canada where Boats were Completed—Made Trans-Atlantic Trip Without Mishap Conveyed by the Calgarian and Canada

Boston, Oct. 3.—A flotilla of American-built submarines which ventured across the Atlantic to join the British naval forces at Gibraltar, made the passage safely under their own power and without extraordinary discomfort for the crews, according to letters received here today from men who shared in the expedition.

Conveyed by larger warships, the little squadron of four vessels, fresh from the yards at Montreal, proceeded down the St. Lawrence river, and after a stop at St. John's, Nfld., put to sea for Gibraltar. No extremely rough weather was encountered, and all the boats were able to make the long run under their own engines. Provisions had been made to tow them if they got into any trouble.

The flotilla formed part of a group of ten submarines for which the British Admiralty had contracted for in the United States. After Washington decreed that the construction of the vessels in this country would be a violation of neutrality, the parts were

shipped to Canada, where the boats were completed in the yards of the Vickers Maxim Company, an English concern, which two years ago established a branch in Montreal for the building of merchant ships.

By the middle of July the submarines were ready for the water, and naval officers, who had arrived from England, conducted a series of trials in the St. Lawrence river.

When it was established that the new vessels were seaworthy they sailed from Montreal, under convoy of the gunboat Canada. Off the Island of Anticosti, in the Gulf of St. Lawrence, they were joined by the cruiser Calgarian. The latter, an Allan liner, had been taken over by the British Admiralty at the beginning of the war, and fitted out as an auxiliary cruiser, with 4-inch guns.

One Boat Lost for 2 Days.

With the Calgarian and Canada showing the way, the submarines voyaged seaward and along the south coast of Newfoundland to St. John's.

Four Counter-Attacks Failed.

Paris, Oct. 3.—The repulse of four German attempts to re-take lost trenches between Souchez and the woods of Givenchy and of a similar attack to the north of Mesnil are reported in the official statement given out by the war office this afternoon.

The communication also says that the Germans bombarded the rear of the French lines in the valley of the Sulpes with asphyxiating shells, and that the French artillery, on its part, reduced several of the enemy's batteries to silence. Elsewhere the night was calm.

Only Misadventure was the Loss of one of them in a fog for two days.

They remained in the harbor of St. John's for four days to have their machinery adjusted, while the Calgarian took on supplies for all the boats. One hundred men of the Newfoundland naval reserve and 200 soldiers of the Newfoundland regiment went aboard the Calgarian, to join the British sea and land forces. Thoroughly outfitted, the Calgarian turned her prow eastward, suiting her pace to the wallowing stride of her proteges. The latter travelled on the surface through the fog, propelled by a crew of two officers and 16 men.

The writers say that the English officers, who had their first experience with American submarines, were well pleased with them. They are not nearly so large as some of the British-built boats, and are designed more for off-shore operations for deep sea work. Submerged they are driven by electric motors, but in the voyage to Gibraltar electricity was used only for heating and cooking.

It's up to you—remember your pledge to those soldiers now fighting the country's battles. Help the Patriotic Auction.

SIR JOHN FRENCH THANKS OFFICERS AND MEN

BRITISH OPERATIONS MOST SUCCESSFUL, FIELD MARSHAL FRENCH REPORTS

King George Sends His Congratulations to Officers and Men for the Gallant Work in Great Offensive.

British Headquarters in France, via London, Oct. 3.—The following special orders of the day have been issued by Field Marshal Sir John French:

"The field marshal, commander-in-chief, has received the following message from the King dated the 29th of September, 1915:

"I heartily congratulate you, and all ranks of my army under your command, upon the success which has attended their gallant efforts since the commencement of the combined attack. I recognize that this strenuous, determined fighting is but the prelude to greater deeds and further victories. I trust the sick and wounded are being well cared for."

"The following reply has been sent to His Majesty:

"To His Majesty, the King, Buckingham Palace:

"Your Majesty's forces in France are deeply grateful for Your Majesty's most gracious message. There is no sacrifice the troops are not prepared to make to uphold the honor and traditions of Your Majesty's army, and to secure a final and complete victory."

"D. P. French, Field Marshal, commander-in-chief, has received the following message from Earl Kitchener, dated the 27th of September, 1915:

"To Sir John French, general headquarters:

"My warmest congratulations to you and all serving under you on the substantial success you have achieved and my best wishes for progress in your important operations."

"Special order of the day by Field Marshal Sir John French, commander-in-chief of the British army in the field:

"We have now reached a definite stage in the great battle which commenced on the 25th inst. Our allies in the south have pierced the enemy's last line of entrenchments, and effected large captures of prisoners, guns and tents."

"The French army on our immediate right has been heavily opposed, but has brilliantly succeeded in securing an important position, known as the Vimy Ridge."

"Capture of Hill 70

"The operations of the British forces have been most successful, and have had great and important results. On the morning of the 25th the first and fourth corps attacked and carried the enemy's first and most powerful line of entrenchments, extending from our extreme right flank at Origny to a point north of the Hohenzollern ridge, a distance of 6,500 yards."

"This position was exceptionally strong, consisting of a double line which included some large redoubts and a network of trenches and tombarrow shelter. Dugouts were constructed at short intervals all along the line, some of them being large covers, thirty feet below the ground."

"The 11th corps in general reserve and the 3rd cavalry division were subsequently thrown into the fight, and finally the 25th division. After the vicissitudes attendant upon every great fight the enemy's line and second line positions were taken. A commanding position known as Hill 70, in advance of Loos, was finally captured and a strong line established and consolidated in close proximity to the German third and last line."

"The main operations south of La Bassée Canal were much facilitated and assisted by subsidiary attacks delivered by the 3rd and Indian corps and the troops of the second army. Great help also was rendered the operations by the 5th corps east of Ypres, during which some important captures were made."

"We also are much indebted to Vice-Admiral Buxton and our naval comrades for the valuable co-operation of the fleet."

"Our captures have amounted to over three thousand prisoners and some 25 guns, besides many machine guns and a quantity of war material."

"The enemy has suffered heavy losses, particularly in many counterattacks, which he has endeavored to wrest back captured positions, but which have all been gallantly repulsed by our troops."

"I desire to express to the army under my command my deep appreciation of the splendid work they have accomplished, and my heartfelt thanks for the brilliant leadership displayed by Gen. Sir Douglas Haig, and the corps and divisional commanders who acted under his orders in the main attack."

"In the same spirit of admiration and gratitude I wish particularly to comment upon the magnificent spirit, indomitable courage and dogged tenacity displayed by the troops of the old and new army and the territorials, who have with you another in the heroic conduct displayed throughout the battle, and by the officers and non-commissioned officers."

"I feel the utmost confidence and assurance that the same glorious spirit"

BRIG. GEN. MORRISON IN COMMAND OF ARTILLERY 2ND C.D.

Ottawa, Oct. 3.—Major-General Sir Sam Hughes last night received the following cable from Sir Max Aitken, general representative of the Minister of Militia in France:

"Canadian Headquarters in France, Oct. 3.—During the latter half of the period of Sept. 29-30, a combined British and French offensive has been steadily developing. Fierce fighting has taken place at various points along the Allied line in weather alternating brilliant sunshine and torrential rains."

"Progress has been made on our front. Hostile fire has been somewhat heavier than usual, and the enemy's artillery has been most aggressive, but with little net results. The enemy's aeroplanes and snipers have been particularly active."

"On the morning of Saturday, Sept. 25, a demonstration was carried out by our division. The German trenches were heavily manned, and our artillery machine gun and rifle fire are believed to have caused numerous casualties. The enemy's official communication stated that an attack had been made by us and had been repulsed with heavy loss. This, of course, is false."

"Reports indicate considerable movement of troops in the rear of the enemy's lines opposite our front. Our working parties have repaired the slight damage to our wire and parapets caused by the enemy's shell fire and have been continuously employed improving the lines. Our patrols continue to be very active everywhere. Our machine gunners, D.S.O. (Ottawa), senior artillery divisional commander, now having fully recovered his wound strength, has taken command of the artillery of the Second Canadian Division, while Brig. Gen. Thibault has assumed command of the divisional artillery of the First Canadian Division."

"Major H. H. Methews has assumed command of the Eighth Infantry Battalion."

"The French army on our immediate right has been heavily opposed, but has brilliantly succeeded in securing an important position, known as the Vimy Ridge."

"Capture of Hill 70

"The operations of the British forces have been most successful, and have had great and important results. On the morning of the 25th the first and fourth corps attacked and carried the enemy's first and most powerful line of entrenchments, extending from our extreme right flank at Origny to a point north of the Hohenzollern ridge, a distance of 6,500 yards."

"This position was exceptionally strong, consisting of a double line which included some large redoubts and a network of trenches and tombarrow shelter. Dugouts were constructed at short intervals all along the line, some of them being large covers, thirty feet below the ground."

"The 11th corps in general reserve and the 3rd cavalry division were subsequently thrown into the fight, and finally the 25th division. After the vicissitudes attendant upon every great fight the enemy's line and second line positions were taken. A commanding position known as Hill 70, in advance of Loos, was finally captured and a strong line established and consolidated in close proximity to the German third and last line."

"The main operations south of La Bassée Canal were much facilitated and assisted by subsidiary attacks delivered by the 3rd and Indian corps and the troops of the second army. Great help also was rendered the operations by the 5th corps east of Ypres, during which some important captures were made."

"We also are much indebted to Vice-Admiral Buxton and our naval comrades for the valuable co-operation of the fleet."

"Our captures have amounted to over three thousand prisoners and some 25 guns, besides many machine guns and a quantity of war material."

"The enemy has suffered heavy losses, particularly in many counterattacks, which he has endeavored to wrest back captured positions, but which have all been gallantly repulsed by our troops."

"I desire to express to the army under my command my deep appreciation of the splendid work they have accomplished, and my heartfelt thanks for the brilliant leadership displayed by Gen. Sir Douglas Haig, and the corps and divisional commanders who acted under his orders in the main attack."

"In the same spirit of admiration and gratitude I wish particularly to comment upon the magnificent spirit, indomitable courage and dogged tenacity displayed by the troops of the old and new army and the territorials, who have with you another in the heroic conduct displayed throughout the battle, and by the officers and non-commissioned officers."

"I feel the utmost confidence and assurance that the same glorious spirit"

WERE BRUTALLY TREATED BY TEUTON CAPTORS

Quebec, Oct. 3.—Privates Barlow and Tikish, of the 5th Royal Highlanders, Montreal, who arrived here with other wounded officers and men today, says that while wounded and prisoners they were struck and insulted and refused cold water. While on the train in Germany little girls spat on them and threw refuse in their faces, while crowds hurled all kinds of vile epithets at them. Had it not been for the Red Cross Society they would have almost died of starvation, says Barlow. On the other hand, after being exchanged, they received the most kindly treatment of their way through Holland.

Dr. Michael Clarke's son promoted; now a lieutenant

Ottawa, Oct. 3.—Private James Arthur Clark, son of Dr. Michael Clarke, M. P., for Red Deer, who has been through every fight with the Princess Patricia since that famous regiment went to France, has been given a commission on the personal recommendation of Major Gen. Sir Sam Hughes, minister of militia. During the minister's visit to France he sent for young Clark and Alfred McCouprey, who is gallant. Clark is now attached to the 12th Reserve Battalion at Shorncliffe at Leuven.

ST. STEPHEN MEN HURT IN AUTO ACCIDENT

Special to The Standard.

St. Stephen, Oct. 3.—Uriah Stanhope and Alfred McCouprey left St. Stephen Saturday morning in Mr. Stanhope's auto for a hunting trip to Pooleocan. At Rolling Dam they picked up Joseph and Max Scullin, who were to enjoy the outing with them. When they were four miles this side of St. George, things began to happen. While going down a steep hill, Mr. Stanhope, who was driving the car, glanced over his shoulder for a second, and the next thing they knew the car was cross ways of the road, and all four occupants thrown out. The Scullin brothers sustained but slight injuries, and summoned Dr. Taylor from St. George, who found McCouprey with a dislocated shoulder, and Stanhope with one ear hanging to his head by one muscle. Dr. Taylor put the two injured men in his car and brought them to St. Stephen where their injuries were treated at the Chipman Memorial Hospital.

CONTRACTOR KELLY TO FIGHT EXTRADITION

Chicago, Oct. 2.—Thomas Kelly, the millionaire Canadian contractor, arrested here yesterday in connection with alleged frauds in the construction of parliament buildings at Winnipeg, declared today that he would "fight extradition, and go back when good and ready."

FOUR RECRUITS AT PARROSBORO MEETING

Special to The Standard.

Parroboro, N. S., Oct. 2.—A well attended recruiting meeting was held in the Opera House last night. Mayor Salter presided and the meeting was ably and eloquently addressed by Lieutenant J. L. Ralston and Hance J. Logan. As a result four young men enlisted in the Eighty-Fifth.

Walter Shaw of Wall street, who was in the employ of the I. C. R. for nearly twelve years, has resigned to accept a good offer from the Boston & Maine Railroad. He will leave in the near future to enter upon his new duties as freight tracer with headquarters in Boston. His many friends are congratulating him on his appointment and wish him every success.

HON. MR. MEIGHEN NOW MEMBER OF THE CABINET

Member Without Portfolio Until Parliament Meets and Office of Solicitor General is Made a Department.

Special to The Standard.

Ottawa, Oct. 3.—Hon. Arthur S. Meighen, Solicitor General, was on Saturday sworn in a member of the cabinet. Until parliament meets and the position of Solicitor General becomes a department, Mr. Meighen will rank as a minister without portfolio. Therefore the salary of the Solicitor General cannot be increased to the usual cabinet salary of \$7,000 until then.

Since he came into parliament in 1908 as one of the youngest members of the House, Mr. Meighen has taken a prominent part in the debates but since the Conservatives came into power in 1911 he has been detailed the duty of presenting the case of the government on many of the important issues.

Mr. Meighen, who represents Portage La Prairie, Man., is 39 years of age. He is a native of Perth County, Ont., and a graduate of Toronto University. He was married in 1904.

Dr. Jackson's Roman Meal The Only "Money Back" Food

This is a fact. It is all very well to make claims and let the other fellows take chances. Roman Meal Co. does not ask you to take chances. It asks you to try Dr. Jackson's Roman Meal or Roman Meal Nuggets for constipation, which, if they do not relieve completely, naturally, delightfully, will give you your money back. Because it does this naturally by the brain and tasteless flavoured contained in it, stimulating the bowel muscles and lubricating the bowel canal, it strengthens the wasted muscles through exercise and overcomes the drying of the lining of the bowel which has resulted from the foolish use of drugs. Unlike all drugs, it thus removes the cause of constipation instead of making it worse. If you take a drug your bowels may move but your constipated habit will be lessened. Dr. Jackson's Roman Meal Nuggets can be carried in the pocket or handbag on outing trips or sports. Carry a pocketful. They prevent fatigue. Ask your doctor. At all grocers, 10 and 25 cents.

FORD TO REPLY THROUGH THE PRESS

Special to The Standard.

Ottawa, Oct. 3.—Major General Sir Sam Hughes received a telegram today from the secretary of Henry Ford, the American automobile manufacturer, saying: "A reply to your telegram will be made through the Toronto newspapers."

On Thursday last General Hughes wired Ford asking if it were true as reported in the press that he had declared himself opposed to the Franco-British loan, that he would withdraw his patronage from any bank which took part in the loan and that if he had this way he would tie a tin can to the commission and send them out of the country.

General Hughes today made no comment upon the fact that he had had no reply for several days and then only an intimation from Ford's secretary that the answer would be made through the press.

Another Alleged Interview

Detroit, Mich., Oct. 3.—In an accredited interview this evening, Mr. Henry Ford, head of the Ford Motor Company, while saying he neither cared to affirm or deny the statement attributed to him, and which was said to have been made in New York recently, to the effect that he was opposed to the Anglo-French war loan, said in his opinion the consummation of the loan would only mean a prolongation of the war. He placed himself irrevocably on record as opposed to militarism and everything in connection with it, particularly preparedness.

119 OFFICERS IN BRITISH CASUALTY LIST

London, Oct. 4. (3.10 a. m.)—Casualty lists published today include the names of 119 officers and 3,607 men.

A list under date of Sept. 26 gives the names of 85 officers from the western front, of whom 20 are dead. The dead include many prominent officers, among them Lieutenant-Col. John R. E. Stanfield, commander of the Second Gordon Highlanders; Lieutenant-Col. Arthur Parkin, commander of the Seventh Battalion of the Northamptonshire Regiment; Lieutenant-Col. Godfrey Morris, of the Eighth Gurkhas, and Lieutenant. Browne, son of the Earl of Kenmore.

NEARLY 700 FIRES CAUSED BY CHILDREN PLAYING WITH MATCHES

Special to The Standard

Ottawa, Oct. 2.—No fewer than 683 fires, one million and a half dollars damage to property and the loss of thirty-eight lives occurred during the year 1914 in Canada as the direct result of children playing with matches. The conservative commission today issues a warning to mothers of the Dominion.

DIED.

EDMONDS—In this city, on the 3rd inst., Charles William, son of Mary and the late Alfred Edmonds. Funeral Tuesday at 2.30 from the residence of his brother-in-law, R. E. Plimpton, 51 Mecklenburg street.

RANDALL—In this city, suddenly, on Sunday, October 3rd, Herbert S. Randall, at the age of forty-nine years, leaving his wife, three children, three sisters and three brothers to mourn.

EVANS—At the General Public Hospital on October 3, after a short illness, Albert Evans of Rothesay, leaving his wife to mourn. Funeral on Tuesday at 2.30 p.m. from his late residence, Rothesay.

PERSONAL

W. C. McKay, manager of the Opera House, will leave this morning on a short business trip to Boston.

Willard S. McIntyre, son of the late Dr. W. E. McIntyre, arrived home yesterday on the C.P.R. from Vancouver. Mr. McIntyre is a signaller with the 47th Battalion situated in Vancouver and enlisted only a few months ago. He had heard of his father's illness and was coming home to see him but did not know of his death until he reached Revelstoke. He continued his journey nevertheless and will remain in the city for a short time.

Mrs. R. W. Churchill (wife of Lieut. Churchill of the 64th Battalion) and Mrs. Clarence Yeaton of Hantsport, N. S., are guests of Mr. and Mrs. R. E. Armstrong.

The Misses Kathleen, Helen and Margaret Lydon, of Lakewood, are visiting at the home of their aunt, Mrs. M. A. Walton of North End.

W. E. Stavert was re-elected president of the Spanish Pulp and Paper Mills, Limited, at the annual meeting at Montreal on Thursday.

Highfield, Queens county, Oct. 2.—An enjoyable concert was held at the Highfield Hall on Wednesday night in aid of the Highfield branch of the Red Cross Society. The accompanist for the evening was Mrs. Medley Pearson; cashier, John S. Gamblin; stage manager, David Pearson. About thirty dollars was realized and a programme including choruses, vocal and instrumental music, readings, sketches, etc. was rendered. The following took part: Mr. and Mrs. Robt. Mitchell, Emily Fulton, Ada McManus, F. W. Eleanor McLean, Eva McManus, Laura Thorne, Nina Thorne, Medley Pearson, John Gamblin, Jr., Robt. Ward, Chas. Plummer, Arta Pearson, Lulu Smith, Thomas Stevens and Stewart McManus.

Safe in France.

AIR SIXTY-FIVE PLANES POSI

Biggest Enterprise of Dropped on German Struck—Moving craft—Germans

Paris, Oct. 2.—A squadron of 60 bombers of the railway station at Valenciennes, according to the text of the communication.

"Our heavy artillery has co-operated in the bombardment of the German batteries in Artois the enemy directed, ville-St. Vaast and the wood to the north to which we very energetic."

"An intense bombardment by Berry-Au-Bac, in the direction of the direction of Sapignieu."

"On the Champagne front the sides, in which the enemy has again focusing gases."

"Between the Meuse and the Moselle has been several outbreaks from the trenches, but our batteries put a stop to them."

"In Lorraine a new and strong, repulsed and dispersed to the south."

"In Champagne one of our balloons, which dropped to the earth."

"A squadron of sixty-five aeroplanes at Vouziers, the aviation group at Chalons. More than three objects aimed at, which were at in two a moving train near the station."

EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

If feverish, bilious, constipated, give fruit laxative at once.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign his little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throats sore, doesn't sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of California Syrup of Figs, and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of California Syrup of Figs, which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the California Fig Syrup Company." Hand back with contempt any other fig syrup.

SUED FOR LIBEL ON MAYOR OF MONTREAL

Montreal, Oct. 3.—Mr. Jules Fournier, editor of the French weekly of this city, L'Action, was arrested Saturday, charged with criminal libel, at the instances of Mayor Mederic Martin, and he will appear for a hearing on Wednesday. He is out on bail, \$1,000. The criminal action is the outcome of an article published in L'Action, in connection with alleged offers of an asphalt company to corruptly influence the Mayor and some other members of the City Council in favor of a civic awarding of contracts.

QUEEN'S COUNTY MACHINE GUN FUND

Contribution by Loyal Orange Lodge No. 150, Brigg's Corner, Queens Co., \$182.00, bringing the total receipts to date from the Parish of Chipman to \$898.75.

It has been suggested that some of the successful men who are natives of Queens, but doing business outside of the county, might well join in bringing this fund up to an even \$4,000.00. It will require less than \$340.00 to do this.

Who will be the first? What's your bid? \$50,000 in a week!

AIR RAID IN CHAMPAGNE BY THE FRENCH

SIXTY-FIVE FRENCH AERO-PLANES BOMBARD ENEMY'S POSITIONS AT VAUZIERY

Biggest Enterprise of Kind Ever Undertaken — Hundreds of Shells Dropped on German Positions and Station and Aviation Base Struck—Moving Train Cut in Two by Bombs From French Aircraft — Germans Using Poison Gas Shells in West.

Paris, Oct. 2.—A squadron of sixty-five French aeroplanes, today bombarded the railway station at Vouziers, and the station grounds near Challange, according to the official statement issued tonight by the war office. No additional progress is recorded for the Allies. The text of the communication follows: "Our heavy artillery has co-operated with the British fleet in the bombardment of the German batteries at Westende, Belgium. "In Artols the enemy directed, on our entire front, between Neuville-St. Vaast and the wood to the north of Souchez, a violent cannonade to which we very energetically replied. "An intense bombardment by both sides has occurred to the north of Berry-Au-Bac, in the direction of the Cholera Farm, and to the south in the direction of Sapignewil. "On the Champagne front there has been cannonading on all sides, in which the enemy has again made use of shells containing suffocating gases. "Between the Meuse and the Moselle, to the north of Filrey, there has been several outbursts from the German artillery against our trenches, but our batteries put a stop to this. "In Lorraine a new and strong reconnaissance of the enemy was repulsed and dispersed to the south of the forest of Parroy. "In Champagne one of our gun aeroplanes hit a hostile captive balloon, which dropped to the earth in flames. "A squadron of sixty-five aeroplanes today bombarded the railway station at Vouziers, the aviation ground near the town and the station at Challange. More than three hundred shells were dropped on the objects aimed at, which were struck. Another bombardment cut in two a moving train near the station at Laon."

DORCHESTER BOARD OF HEALTH CENSURED BY CITIZENS MASS MEETING

Undue delay in coping with typhoid epidemic — Strong resolution unanimously adopted by meeting.

Special to The Standard. Dorchester, Oct. 3.—At a very largely attended mass meeting of the citizens of Dorchester this afternoon the whole situation as it stands regarding the epidemic which has overtaken the town was frankly and earnestly discussed. Great dissatisfaction was expressed over the attitude of the County Board of Health and their apparent unwillingness to act within their rights and promptly. It was stated on the best of authority that ten days were allowed to elapse before an analysis of the milk could be obtained. Reference was also made to the entire absence on the part of the Board of Health of anything resembling a general inspection of the sanitary conditions of the community. The board for reasons entirely known to themselves, have failed to provide a physician, the citizens have taken the matter in hand and secured Dr. Atkinson who was unanimously requested by the citizens to remain in Dorchester and grapple with the situation, the citizens pledging themselves to stand by him. The following resolutions were passed unanimously, and are self-explanatory: "Resolved whereas there now prevails in this locality an epidemic pronounced by the members of the local board of health to be typhoid fever, which has assumed alarming proportions and is attended by lamentable mortality. And whereas Dr. W. A. Cameron has succumbed to the disease and the only other resident medical doctor has been forbidden by the department of justice to administer to the sick. "And whereas in the opinion of this public meeting the measures taken by the Board of Health for the county has been attended by unnecessary delay and are still inadequate to cope with the disease or stamp it out and further steps are possible and immediately necessary. "Therefore resolved, by this meeting that the local board of health be requested and required to exercise its power in taking steps to cause at once a duly qualified medical doctor to be provided, who shall remain constantly in the affected district while the epidemic lasts, and also to procure additional nurses and other necessary aid forthwith, and that a copy of this resolution be communicated at once to the chairman of the local Board of Health, the secretary of the Provincial Board of Health and to the Attorney General of the province. "Moved by Hon. Chief Justice Landry and seconded by M. G. Teed, K. C., that the chairman of the Board of Health be notified by telephone of the passing of the first resolution and that Dr. Atkinson is now here at our request and that it is the desire of the meeting that he remain here until the disease is stamped out. And further that Dr. Atkinson be requested to remain and continue his services and to visit the patients. "It was also moved, seconded and passed unanimously that a committee of three be appointed to lay the last resolution before the Board of Health, and also the Attorney General of the province and to co-operate with the board in regard to other matters, especially to see that a careful inspection of all places complained of be made. Messrs. J. H. Hickman, C. L. Hamilton and James Priel were appointed such committee. "The general situation tonight is considered hopeful. There are some cases that cause unusual anxiety. Incubation has become quite general and but one new case is reported today.

MONTREAL LAWYER CRUSHED TO DEATH IN AUTOMOBILE ACCIDENT

J. A. Labelle, K. C., and Rodolph Bedard, Accountant, lost lives when car crashed through fence.

Montreal, Oct. 3.—Mr. J. A. Labelle, K. C., Montreal, was crushed to death under an automobile near St. Rose, Sunday morning, and Mr. Rodolph Bedard, accountant of this city, a friend of Mr. Labelle's, who was accompanying the lawyer on a trip, died later in the day at the Hotel Dieu hospital from injuries received in the accident. The chauffeur, Chabot, also was severely injured, and was removed to the Hotel Dieu. The fatalities resulted from the machine leaving the road at a curve and crashing through a fence.

VON HINDENBURG'S 68TH BIRTHDAY IS CELEBRATED IN BERLIN

Berlin, Oct. 2 (by wireless to Tucker, N. J.).—Field Marshal Von Hindenburg's 68th birthday today was celebrated here in a notable way. A feature of the celebration was the driving of nails by one thousand children in the "Iron Hindenburg," the colossal wooden statue of the Field Marshal that was recently erected, and which is being sheathed with gold, silver and iron nails, in the interest of a fund for rehabilitating East Prussia. An address was delivered by Count Von Reventlow.

FUNERALS.

The funeral of Mrs. Mary F. Cohan took place from her father's residence, 557 Main street, at 8:30 o'clock on Saturday morning. Many friends were present to pay their last tribute of respect for the deceased. The remains were taken to St. Peter's church where a solemn requiem mass was sung. Rev. Pierre O'Hare, C. S.S.R., was celebrant; Rev. P. M. Costello, C. S.S.R., deacon, and Rev. Wm. Hogan, C. S.S.R., sub-deacon. There was special music by the choir, and as the body was being removed after the service Miss Julia McCarthy sang the hymn "Have Mercy on Her." Bearing in mind the valuable services rendered on many occasions the City Cornet Band, always appreciative of favors, sent a handsome lyre of cream roses and carnations. The choir of Holy Trinity church sent a beautiful crescent of orchids and roses, and many other friends and admirers sent flowers. Interment was in the old Catholic cemetery and relatives acted as pall-bearers.

ST. JOHN, N. B., MONDAY, OCTOBER 4, 1915.

"We are fighting for a worthy purpose, and we shall not lay down our arms until that purpose has been fully achieved"—H. M. The King.
TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

THE TELEGRAPH AND THE NAVY.

In an effort to shift from the Liberal party the shameful responsibility for the fact that Canada is not represented in the Empire's fighting lines by three of the largest and finest ships that science could build or money supply the Telegraph says: "The people of this country know quite well that Mr. Borden and his friends have been in full control since September, 1911, and that it is childish to charge the Liberal party with responsibility for the inactivity of their opponents since that time." Such a statement from the Telegraph is not only a deliberate misrepresentation of the facts but it is, as well, an insult to the intelligence of the Canadian people. The facts are well known, and the Telegraph cannot get behind them.

When the Borden Government took office the question of Canadian participation in Imperial defence was one of the first to which the premier devoted his attention. He did not proceed as Sir Wilfrid Laurier had done, lip his loyalty on the passage of resolutions providing for a joint scheme and then go to sleep on the job. Sir Robert Borden took the patriotic and businesslike way of it. He wrote to the Admiralty and, in effect, said: "Canada is prepared to do what ever the Motherland says is necessary in the matter of naval defence. What do you want?"

The reply from the Admiralty is best told in the words of the Churchill memorandum, as follows: "The Prime Minister of the Dominion having inquired in what form any immediate aid that Canada might give would be most effective, we have no hesitation in answering after a prolonged consideration of all the circumstances that it is desirable that such aid should include the provision of a certain number of the largest and strongest ships of war which science can build or money supply."

Such ships of war, as desired by the British Admiralty assuredly did not mean cruisers of the "improved" class. If the Admiralty had desired such ships they would have asked for them. Not asking for them is tantamount to assume that they did not desire such vessels would meet the need. In that memorandum alone the British Admiralty stamped the alleged Laurier proposal with its disapproval.

Can the Telegraph get behind that? Reverting from the Admiralty the specific information as to the class of ships which would be of greatest service, what did Sir Robert Borden next do? On December 5, 1912, Sir Robert Borden moved a resolution to provide that Canada should vote \$25,000,000 for the immediate provision of three Dreadnoughts as Canada's gift to the Empire. This was done one week after the House was summoned.

Can the Telegraph get behind that? At once the Liberal opposition commenced to fight. Let by Sir Wilfrid Laurier, and seconded by Mr. Pugsley, they exerted every means in their power to oppose the Borden resolution and carried the debate to such an unseemly length that it was necessary for the government to introduce a measure of closure in order to shut off the stream of senseless wind from the opposition.

Can the Telegraph get behind that? Finally, after Laurier or his lieutenants had moved several amendments, the purpose of all of which was to delay the bill, Sir Robert Borden's proposal was carried and, in due time, reached the Senate. There it was defeated by the vote of the Liberal Senators, every Liberal in the Senate opposing it with the exception of the late Senator Ellis. That killed the bill.

Can the Telegraph get behind that? Thus it can be seen that the Canadian premier and the Canadian Government made every effort to put on the statute books of Canada an act which would have provided as Canada's contribution to the British navy, not a few cruisers of the improved Bristol type, which the Admiralty did not want, but three of the largest and strongest ships of war which science could build or money supply. Laurier by his speeches in the House of Com-

mons and by his influence with the Brit appointed members of the Canadian Senate stood in the way and prevented the people of Canada from aiding the Motherland when the Motherland notified them that such aid was needed and plainly specified the form in which it would be most acceptable. Can the Telegraph get behind that? It is today clearly and solely due to the pernicious influence of Sir Wilfrid Laurier and the disloyal action of his parasites in the Canadian Senate, that there is no "Canada," no "New Brunswick," no "Nova Scotia" to represent this country in the Dreadnought squadron in the North Sea.

Can the Telegraph get behind that? Will the Telegraph continue to attempt to mislead the people on this question? Will it dare to defend the course of the gentleman who referred to the British Government as "the Highbrows of Downing Street," or will it crawl when cornered and with smug hypocrisy continue to deplore the introduction of politics in war times?

RUSSIA AND BULGARIA.
Russia has determined that Bulgaria shall openly declare herself at once and with that end in view has despatched an order to the Russian Minister in Sofia that he is to leave the Bulgarian capital if, within twenty-four hours, Bulgaria does not openly break with Austria and Germany and send away the Austro-German officers who have become attached to the Bulgarian army during the last few weeks. The opinion of observers is that Bulgaria will permit the Russian representative to do and will definitely ally herself with the Central Powers. If she so decides, Greece will come to the side of the Entente Allies so it is altogether likely the situation will be kept well in hand although London and Petrograd are not disposed to minimize the seriousness of the new development.

By all ethical laws that govern human conduct Bulgaria should be the last country to take up arms against Russia. Even though the authorities in Sofia might delude themselves into the belief that the material future of their country would be best served by an alliance with the Central Powers, they should not forget their debt to the Russians, nor the fact that an alliance with Germany must also mean alliance with Turkey, their age-long enemy and oppressor.

If they have really decided to make common cause with the Central Powers the authorities at Sofia must have forgotten Achmed Aga, the Turkish chieftain, who massacred five thousand men, women and children in one Bulgarian community back in 1876; they must have permitted time to efface the memory of Turkish atrocities in Philippopolis, when fifteen thousand men, women and children were massacred, and when Mr. Gladstone made his stirring call to the nations of Europe to intervene and stop the slaughter.

It was for Bulgaria that Russia went to war with Turkey in 1877 and by the success then achieved paved the way for ultimate Bulgarian independence. By the treaty of San Stefano, Russia secured autonomy for the Bulgars and enlarged their territory, although, at the Berlin conference, the following year, much of this territory was taken from them and given to Serbia and Roumania. It was Russia that advanced the immense sum demanded by Turkey for the Turkish railway and other concessions in Bulgaria; it was Russia again that assisted the incorporation of Eastern Roumelia into a Bulgarian principality, and it was Russia that, as recently as 1898, was the prime power in the declaration of Bulgaria as an independent kingdom entirely free from Turkish suzerainty.

Thus it will be seen that practically everything it has of national existence Bulgaria owes to the great power against which she would now throw herself. Turkey has ever been cast in the role of her oppressor and it is indeed difficult to conceive how the diplomats at Sofia, if sane, can justify their present course. Bulgaria, siding with Turkey and Germany, will have some effect on the progress of the Allies' campaign in that particular locality but she cannot turn the

tide of Allied victory, and in the end must pay heavily for her ingratitude. Participation in the war will mean untold hardship and suffering for her people. That will be a matter for regret. But aside from that the worst fate that Bulgaria's enemies will wish for her is that she receives the punishment she deserves. And she will probably get it.

Anything you want to buy? You'll find at the Patriotic Auction.

Rally Day Exercises
Yesterday was observed as the annual Rally Day in Centenary church at the morning service the Rev. W. H. Barralough took for his subject "Signals." He dealt with the flags that pertain to death, danger, disease and safety. The Sunday school met in their rooms and marched into the church and occupied the centre pews. A Union Jack was strung up and caused to flutter throughout the service. In the afternoon the Sunday school held the rally service. An address on "Loyalty," its meaning, object, cost and reward, was given by A. M. Belding. Judge E. T. C. Knowles gave a brief history of Centenary Sunday school, dating from 1839 to the present time. A short address was given by Mr. Myers, superintendent of the Methodist Sunday school, Edinburgh Scotland. The orchestra gave several selections among which were the national anthems of England, France and Russia. There were special hymns and recitations and at the close of the service three cheers were given for the warred boys at the front.

The Epworth League of Christian Endeavor met at 8:30 o'clock in the church parlor after which they went in a body to the evening service at which the pastor spoke on "The Standardized Life."

Looking up Absentees.
Harry Horsman, military policeman of the 5th Battalion, now at Valcartier, was in the city on Saturday, rounding up absentees. He said that some of the men were on passes, but had overstayed their time, while others had taken French leave for a few days. Mr. Horsman, who is a cousin of the late Bandmaster Horsman, of the Sons of England Band, says that the 5th members are all in good health, and are enjoying the soldier's life very much, and that they expect to break camp this week-adding that the boys are always glad to get The Standard, when it arrives in camp, and read it from beginning to end. On Saturday evening Mr. Horsman took the train for Moncton to look up men there.

Joram and Mr. Bryan.
Rev. J. H. Hinchin in the Congregational church last evening, took for his subject "Joram—the William Jennings Bryan of the Old Testament." He said a great many people were desirous of peace, but Jesus pronounced a very blessing upon peace-makers, but declared that He Himself came not to bring peace but the sword. "William Jennings Bryan, Henry Ford and some other advocates of peace, believe that to abolish armies and navies and forbid the manufacture and sale of arms will mean the establishment of peace," said Mr. Hinchin. He felt, however, that this view was wrong. He compared the action of Joram and Mr. Bryan. He pointed out that there could be no peace while the peoples liberties were in danger.

C. P. R. Trainman to Wed.
Thomas Welch, of St. John, the popular trainman on the Fredericton branch of the C. P. R., is to be married next Wednesday to Miss Inez McVicar, of St. Stephen. The ceremony will be performed by Rev. Father O'Flaherty at the church of the Holy Rosary, St. Stephen. Mr. Welch is at present enjoying a month's holidays, having started on his vacation this morning. During his absence Brake-man George Currie, of St. John, will run on the Fredericton branch—Fredericton Gleaner.

\$200 for Soldiers' Comforts.
A. H. Slipp, M. L. A., returned this morning from Armstrong's Corner, Queens county, where he was one of the speakers at the ceremonies in connection with the opening of the new steel bridge across the Nerepis river there. The women of Armstrong's Corner had a patriotic picnic along with the opening of the new bridge and upwards of \$200 was realized for the soldiers' comforts work. The affair was successful from every standpoint and largely attended, people from the whole countryside being present.—Fredericton Gleaner.

Six days of bargains in any line of goods you choose.
To Be Nurses.
Miss Mabel Ketchum, of West St. John left Saturday morning for Boston en route to Newport, R. I., where she will take a course at the Newport Hospital. Miss Doris Reed and Miss Natalie Reed left Saturday morning for Boston and will enter Newton Hos-

Little Benny's Note Book.

BY LEE PAPE.
Mary Watkins went away to the kuntry last week, wich she is still there, Mary Watkins beeing the prittiest gurl in our nayberhood and made in the city, and yestidday I got a postal card from her, beeing a picture of sun wattr with a lot of swans swimming around awn top of it with Peabody Lake printed undneath, wat was ritten awn the postal card beeing, Deer Benny, this is a luvly place, I wish you were heer, Mary a Watkins. Ang wat was awn the bottom of the postal card but a big X, meening a kiss.
O wizz, Im her fello awl rite, or she woodent be sending me a kiss, I thawt.
And wen Puds Simkins cam around I showed him the postal card and he looked at it, and I sed, I gessa you see wat she put awn the bottom of it, dont you.
Well, wat of it, look at heer if you want o see something, sed Puds. Wich jest then Sid Hunt cam up, and I put my postal card in Mary Watkins having the saim picture of the spm wattr with the saim swans awn it and saying Deer Puds, this is a luvly place, I wish you were heer, Mary Watkins. (Oy insted of beeing gis a X awn the bottom thare was 2 of them, X X.)
I gessa you see wat she put awn the bottom of mine, dont you, sed Puds. Wich jest then Sid Hunt cam up, and I put my postal card in my pocket, not thinking it was so grate as wat I did befor I saw Pudes.
Hello, Sid, look what I got from Mary Watkins, sed Puds.
And he showed Sid Hunt his postal card, saying, Dont forget to look at the bottom of it.
O well, wat of it, sed Sid. And he took a postal card out of his pocket and showed to us, and wat was it but the saim picture saying, Deer Sid, this is a luvly place, I wish you were heer, Mary Watkins. And wat was awn the bottom of it but 3 kisses, X X X.
I bet you put wun of them awn yureself to make it look like moar, sed Puds. And he put his own postal card in his pocket as if he didnt think it was so grate as wat he did befor he saw Sid Hunts, and I dont no weather Sid Hunt met anybody with 4 kisses awn a postal card from Mary Watkins or not, but I wooden be surprised if he did.

Mrs. A. W. Reed accompanied her daughters and will spend two weeks in Boston.
Every dollar, every cent you spend at the Patriotic Auction this week goes towards the Patriotic Fund.

The Best Quality at a Reasonable Price.
The Fifth Child Needs Glasses
For every four children of school age who have normal eyesight, there is one who has some defect in vision which should be corrected with glasses.
Usually the glasses need worn only for a few years—often only for close work. This care corrects the defect or permits the slowly developing eye to develop normally without strain.
It's very wrong to blame a child for not keeping up with others of the same age if the little one is handicapped by poor sight. Many a child is punished for stupidity when the fault is that the parents have not given proper attention to the little one's eyes.
Proper attention to the child's eyes means careful examination by a qualified specialist. Sharpe's optometrists are such specialists. Let them examine your child's eyes.

LIEUT. FRANK SMITH REPORTED MISSING AFTER ENGAGEMENT

St. John boy with York and Lancaster Regiment was on firing line in France.

Mrs. R. Morton Smith received a cablegram on Saturday afternoon from the secretary of the War Office in London as follows: "Regret inform you Second Lieutenant F. Morton Smith, York and Lancaster Regiment, reported missing September 25-27. Not necessarily killed or wounded. Secretary War Office, 352 p. m."

Lieut. Smith, who is a Rhodes scholar, of Mount Allison University, proceeded some time ago to England to complete his studies, entering Exeter College in the University of Oxford. On enlisting for foreign service he received a commission as second lieutenant in the York and Lancaster Regiment, which has taken a prominent part in the fighting. His brother, Serg. Roland Smith is also in active service and is with the 26th Battalion, being in charge of one of the machine guns. Their father, R. Morton Smith, recently left the city on a visit to the Old Country and was to have left New York yesterday afternoon on the steamer St. Louis.

During the morning service at Centenary church yesterday the pastor, Rev. W. H. Barraclough, in referring to the news received, spoke feelingly in terms of appreciation of Lieutenant Smith as one who had always taken a deep interest in the work of the church. He said he was sure that he would be able to voice the sentiments of many friends, both church members and others, when he expressed the hope that good news will be received respecting the missing officer.

OPERA HOUSE

Owing to sudden, unavoidable change of bookings the Opera House will be closed this week. Will re-open Monday, October 11th, with holiday matinee, presenting the Par-tello Dramatic Stock Company in the Harold McGrath success, "The Man on the Box."

OBITUARY.

Edward Jones.

Hillsborough, N. B., Oct. 2.—The news of the sudden death of Mr. Edward Jones, which occurred at about eight o'clock this morning, at the Gypsum Mill of the Albert Mfg. Co., came as a great shock to the community. Mr. Jones had been in failing health for several weeks, but feeling as well as usual, went to his work this morning. Death came as the result of heart failure. He was 70 years old.

Mr. Jones was very highly respected and liked by all who knew him, and his death will be learned with regret by a large circle of friends. Besides a wife he is survived by two daughters, Mrs. A. B. Lauder of this place, and Mrs. Oshay of James Plains, Mass.; two sons, Albert of U. S. A., and Harold of Vancouver, B. C., and one brother, George of Moncton.

Mrs. Z. R. Everett

Special to The Standard

Fredericton, N. B., Oct. 3.—Mrs. Z. R. Everett, who was stricken with paralysis last week died last evening at her home on Charlotte street. She was aged seventy-eight years.

Henry McManis, aged seventy-five years, died last night of general debility.

Charles E. Walsh

The death took place yesterday morning, at two o'clock, of Charles E. Walsh at the residence of his mother, Mrs. Mary Walsh, widow of the late Patrick Walsh, 42 Brussels street. Deceased, who was twenty-one years of age, and had been ill about two months, was a driver in the Fire Department. He leaves besides his mother, one brother, Leo, and five sisters, Malsie, Gussie, Agnes and Nellie at home and Mrs. M. Donovan of this city. The funeral will take place tomorrow morning.

Albert Evans

The death occurred yesterday at the General Public Hospital of Albert Evans of Rodhesay. Deceased, who was fifty-eight years of age, and had been ill only a short time, leaves his widow to mourn. The funeral will take place tomorrow from his late residence at 230 p. m.

D. H. Waterbury, of St. John, Inspector of Dominion Public Buildings for New Brunswick, was in the city last evening on business in connection with the new concrete walk and pavement about the new Post Office building. Before returning to St. John this morning he stated that the work would probably be started within a week or ten days, and that the roadway around the old Post Office building would be repaired at the same time. While in Fredericton Mr. Waterbury was at the Barker House—Fredericton Gleaser.

Patriotic Smoker Tomorrow.

A fine programme has been arranged for the grand patriotic smoker to-morrow night in Victoria Rink. Some of the best entertainers in the city will be present, and speakers of note will tell of the progress of the war. The meeting will be open to all men and it is hoped that the rink will be crowded.

THE APPEAL FOR MEN RANG FORTH AGAIN LAST NIGHT

The need of the Empire placed before men of St. John by brilliant speakers at Imperial Theatre—Meeting Saturday night also.

you here yet? Work is to be done in France and Flanders when are you going? The same question could be asked of many young men in St. John today, why are you here?

"Oh people of St. John consider. What are we going to do if we are not represented in numbers as we should, when the war is over? We will be ashamed to look our fellow men on the face. We will not be able to say for not enlisting in the good fight. I am afraid that a great many young men of this province and city are making excuses. I am afraid they do not realize what their duty is. There can only be one end to this war. When it is finished we will either be freemen or slaves. All that humanity has ever held dear is trembling in the scale. The only excuse that is justifiable for not enlisting is the excuse that the recruiting sergeant would accept from you if he had the authority to take his men by conscription.

"I am glad that the war is to be fought out in this generation, we can feel happy to think that the German menace is to be removed forever from the land. It is better for us to fight it out now than that our children should have to do. We are at a great crisis, a new world will emerge after this struggle is over. We are waging a war that will end wars.

"It will be a calamity if the young men of Canada do not respond to the appeal of the Empire now. In ancient Athens centuries ago they raised three thousand men with one speech. Here we have to make three thousand speeches to get one man.

"Young men of Canada I appeal to you tonight by the murdered women and children of Belgium and France to go forth and fight. I know of no stronger appeal.

"Your chance to serve is under more favorable conditions than exists in the armies of any other country. The pay is better. Your dependents will be taken care of by the government, and if it should be that you fall, you will know that you fell doing your duty and is not a noble way to die?"

"Rest assured the men who have gone to France and Flanders and are fighting the Empire's battles there will take no small part in the affairs of this country when the return. They will be a power in this land, they will rule Canada.

"I appeal to you in the name of the Empire, and the boys who are over there looking across the waters and calling to you to come over and help us.

"Young man, how will you feel when the war is over if you are one of those who has content to stay at home and allow the other fellow to do your fighting?"

"The call is to young men of high courage, who are willing to go forth and risk their lives in a grand cause. If you should fall, you could not die in a more righteous cause."

The meeting closed with the singing of the national anthem.

Saturday's Meeting.

There was a good attendance at the recruiting rooms at the corner of Mill and Union streets on Saturday night. As a result of the measures taken by the citizens' committee these rooms have now been made attractive and comfortable. The chair was taken by F. J. G. Knowlton. Short addresses were given by Rev. Captain Thomas Harrison, captain of the 6th Battalion and Hope A. Thompson.

Rev. Mr. Harrison spoke of the part which the allies are taking in the war as being justifiable. He gave a short review of the causes that led to the war for more men. This appeal, he pointed out, had been so frequently brought to notice that it was difficult to understand why more young men do not enlist. He said it was a Christian obligation and honor, and that he felt sure the day would come when a glorious peace would crown the devotion and self-sacrifice of those who have fought for the emancipation of the world.

Mr. Thompson said that he had three sons in the ranks and that so far from dissuading them from wearing khaki he had encouraged them to do so in every way, as he was convinced that the cause was just. He urged all eligible young men to enlist and so help to bring freedom to those who are fighting for freedom and honor.

Miss Warner Promoted.

Miss Warner, who since the war began has been in charge of a hospital at Douenne, France, recently taken over by the French military authorities, has now received from the French government a much greater evidence of appreciation of her efforts. She has been offered and has accepted a position of responsibility with a flying column of nurses to work on the Belgian frontier. This new position will take Miss Warner close to the Channel and close to the British lines. The position is more responsible than that at the Douenne hospital for it involves work much closer to the fighting bases and the election of Miss Warner by the French government is a tribute to the skill and ability displayed in her hospital work.

Visit the auction rooms today, St. Andrew's and the Queen's rink.

PATRIOTIC AUCTION OPENS THIS EVENING A CHANCE FOR YOU

A fine pumpkin will be first article offered for sale—Bargains for all.

Who's going to buy the pumpkin? You've heard about the pumpkin. It is not an ordinary pumpkin although it looks like one. Its shape, color, size, taste, and other qualifications are just the same as any ordinary pumpkin, but it is worth more than several scores of the regular kind because it is a patriotic pumpkin. Now probably even the oldest farmer has been known of a patriotic pumpkin, but when he hears that one will give a hundred dollars or more to the patriotic fund, he'll realize just how loyal a pumpkin can be when the opportunity offers. And the opportunity will offer at 7:45 this evening, in St. Andrew's Rink, where Lieutenant Governor Wood will officially declare the patriotic auction open at 7:30 o'clock, and the band will play the national anthem. Then the Mayor will mount one of the auctioneering platforms and offer for sale the big, ripe, patriotic pumpkin, the first article to be sold, and which is expected to bring at least \$100. After the sale of the pumpkin several auctions will be immediately begun in different parts of the rink. Bargains in many lines will be offered. The gigantic most stupendous, most elaborate endeavor to swell the Patriotic Fund yet attempted in these parts will be in full swing and will continue in progress until Saturday night at ten o'clock. The rinks have been prettily decorated with flags and bunting under the capable direction of Capt. A. J. Mulcahey.

To Be Sold Tonight

Realizing that the public has not yet had an opportunity to become familiar with the wide assortment of goods to be sold this week, it has been decided to confine tonight's sale to staples, which are absolute necessities in any home, with a few other articles of rare value. The hours of sale for certain special articles will be announced tomorrow, and each succeeding day the papers will contain announcements as to the class of goods to be placed in auction and the time thereof. Groceries and provisions in lot quantities, dry goods, furniture, crockery, and some other commodities are to be auctioned tonight, and there will undoubtedly be numerous bargains in all, for while this is a patriotic auction, with the proceeds to be given to the patriotic fund, it does not follow that high prices must prevail because the entire receipts are to be given to the purpose intended. There will also be sold this evening a limited number of the newest design in table lamps—electric made from shrapnel shells, nickel-plated 15 pounders, unique and original, nickel-plated, fitted with silken shades, and made especially for the auction at a cost of between \$15 and \$20. Wouldn't you like to have one or more of these in your home? Come and see them, and you're certain to make a bid!

Professional Auctioneers

For the auctions to be held beginning tomorrow in both the Queen's and St. Andrew's Rinks, professionals and amateurs will be engaged, but for the opening tonight it has been decided to have the sale conducted almost entirely by four local professional auctioneers, R. F. Potts, I. Webster, T. T. Lantallum, and E. L. Potts. They will wear silken shawls from the time of the sale of the patriotic pumpkin by the Mayor until 10 p. m. Tomorrow morning at eleven o'clock a sale of country produce, vegetables, fruits, etc., will be conducted in the Queen's Rink, lasting until twelve o'clock, and resuming from three to four p. m. and from 7:30 to 8:30 p. m. in St. Andrew's Rink the auctions tomorrow will commence at two and continue at six p. m. and be continued in the evening from seven to ten p. m. Live stock will be auctioned on Wednesday at three o'clock in the Queen's Rink, and a handsome seven passenger Cadillac touring car at four o'clock. Other special sales will be announced later.

Delivery Arranged

The question has been asked "How will the goods be delivered when bought?" The buyer can make whatever arrangements he desires as to having his purchase delivered, but for the sake of convenience and accommodation an agreement has been made with White's Express Co. whereby special rates will be given on delivery of all articles sold at the big affair. The small sum of ten cents will be charged on the first package to be delivered, with five cents for each additional package from St. Andrew's Rink to any part of the city except St. John west where ten cents will be the charge on all. On barrelled goods from the Queen's Rink, ten cents will be the cost of cartage, while rates on especially large articles can be arranged between the purchaser and the company. An office for the purpose of giving checks, registering delivery, etc., will be established by the White's Express Co. in the rinks. This arrangement does not preclude any other teamsters from delivering goods—it is simply for the convenience of the buyers, and they can take

advantage of the low rates, or make other plans for having their purchases sent to their homes. The rates charged are exceptionally low, and much below the prevailing figures on ordinary cartage.

Home-Cooking, Cakes, etc.

Fresh cakes and articles of home-made cooking will be sold every day by the Brunswick Chapter, I. O. O. E., in St. Andrew's Rink. This will be almost entirely by private sale because of the nature of the goods, and the same will be true with regard to the fancy work which is displayed in a variety of unsurpassed elegance of this class of goods. Other articles of the "home-made" brand are a bounty in lot quantities, preserves, and fancy work to be found on the right of the rink on entering. The preserves are all labelled and are displayed in a most tempting manner varied sufficiently to suit even the most pronounced epicure.

Refreshments

Several large donations of soft drinks as well as iced cream has been received and is being dispensed by Valartier Chapter to establish a booth for the sale of these during the auction. Among the generous donors who have helped to this end are the Sussex Beverage Co., ten cases ginger beer, John Brisson, four cases, Dolan Bros., nine cases, root and ginger, Blue Ribbon Beverage Co., five cases ginger ale, J. J. Terris, fifty dozen bottles ginger ale, more to follow, Ready's Breweries, Ltd., daily supply, and Standard Creamery, ice cream.

NOTICE TO MARINERS
 Portland, Sept. 30—Frenchman Bay, Halibut Hole, M—Cod Ledges Buoy 7, 2d-class can, replaced September 29, heretofore reported missing.

SCHOONER ASHORE
 Chatham, Mass.—Schr. E. Mario Brown, from Campbellton for New York, with lumber, went ashore last Thursday night on Stone Horse Shoal, she was floated by Monomoy Point coast guard crew and proceeded.

STEAMERS CHARTERED
 British steamer Harland, Portland to British Channel, 32,000 grs grain, 95, 24 heavy, 85 9d barley, and 75 2d oats, October.

SCHOONERS IN TROUBLE
 The three-masted schooner N. H. Burrow of New York, being reported putting in at Portland leaking badly on Tuesday evening after striking a ledge or wreck of Boon Island, while bound from Stockton for New York. U. S. Steamer Com 814, 814, 803, 814, U. S. Rub Com 558, 552, 545, 554, Westing Elec 1335, 1334, 1338.

CHESAPEAKE SHIPING
 Parrsboro, N. S., October 1—During the six months ended today 675 vessels have entered this port and 633 vessels have cleared. This is considerably above the average of other years.

The lumber shipments from Parrsboro to Great Britain during September totalled 3,874,000 feet spruce and hardwood deals and scantling, a cargo of piling and another of spruce boards were exported to the United States. Four barks and a steamer are at present loading deals in Parrsboro Roads for the United Kingdom. The

ACTIVITY OF THE WEEK WAS WELL MAINTAINED AND MARKET CLOSED STRONG

Three-Quarter Million Shares turned over in Saturday's brief session—St. el again in front rank with Bethlehem reaching 375 points.

New York, Oct. 2.—Today's session of the stock exchange furnished a fitting close to one of the most active weeks in the history of that institution. At the outset there were signs that the movement in the specialties had run its course, temporarily, at least, but before the end of the first hour heavy trading was again in full swing. The second hour was even more active, the short session recording a turnover of about 750,000 shares. Of this amount Westinghouse contributed about 25 per cent, and United States Steel and American Car and Foundry 15 per cent each. Westinghouse was the all-absorbing feature for a time, adding a total of almost seven points to yesterday's substantial gain at the maximum of 139 1/2. American Car got into its greatest stride shortly before the close, the inquiry for this stock sending the price up by leaps and bounds to 95, a new record and an overnight advance of eleven points. Steel was backward at first, but came within a fraction of yesterday's top, its best price in four years' top, just before the end.

stamer and three of the barks are Norwegian, the other bark is Danish. Only one British ship has loaded here this season. Another Norwegian bark sailed from Havre for Parrsboro on the 11th ult.

Lumber freights seem to be still soaring. A Parrsboro schooner has been offered 155 shillings per standard which is the highest yet reported here. The steamer Yun, now loading here, sets 150 shillings.

HAD ROUGH TIME
 St. Johns, Nfld., Telegram, Sept. 28.—With thirty degrees of a port list, the Danish steamer Norben, Capt. C. Peterson, eight days out from Three Rivers, Quebec, bound for London, heavily laden with lumber, crept into harbor this morning. She called at St. John's on the way along and bunkered, leaving there on Saturday last. On Sunday evening a strong wind from the S. S. W. raised with a choppy sea. As the night advanced a terrific storm set in. Within about forty-five miles S. of St. John's, her big deck load of lumber broke adrift, caused by the huge seas that swept over the ship. All night Sunday and all day Monday the storm continued, a tedious while the time was spent, the Norben, which was almost unmanageable, "laying to" all the time until the elements subsided and Capt. Peterson availed of the chance to come in here.

CRITICISED FOR HIS ACTIONS AT MUNICH

Thomas St. John Gaffney, United States Consul General at Munich, Germany, has attracted much unfavorable criticism concerning his conduct of his office since hostilities started in Europe. It has been asserted that Mr. Gaffney has permitted his strong feelings against the English to sway him in his actions at a time when he not only had charge of affairs for the United States government, but for Great Britain.

New York, Oct. 2.—The market showed the familiar characteristics of great strength and activity in a few other parts of the list. These realizing sales were absorbed without making much impression on the prices even of the stocks in which they were heaviest, and it was evident that the success of the foreign loan had brought a new accession of buying power into the market. The ability to take stocks in issues in which there had been large advances previously, development of increased strength in a few stocks like WX and AP. In WX there was probably a good deal of covering of shorts on the news that the employees had voted down a strike proposition and decided to accept, concessions made by the company. Westinghouse is negotiating for new war orders and the contracts may be closed within a short time. AP has recently received a new order of a small size and has announced that it will accept no more of that kind of business giving a certainty that demand for equipment on the part of the railroads will henceforth tax the facilities of its plants. The activity in U. S. Steel was not great but the stock was firm notwithstanding a moderate amount of realizing. The Coppers were quiet but it was reported that Miami and Ray would probably increase their dividends in the near future. Reviews of the business situation published at the end of the week are the most favorable that have appeared this year and the pace of improvement is now rapid. Total sales 799,900. Bonds, \$2,226,000. E. & R. RANDOLPH.

WORLD'S SERIES GOSSIP

New York, Oct. 3.—The Philadelphia Nationals and the Boston Americans respective pennant winners in their leagues, are about to reap the financial rewards of their season-long efforts in the coming world's series. Owners and players are expected to divide more than \$300,000 paid in at the gates by the baseball fans of the two cities most interested in the series. With the immense seating capacity of the Boston Nationals' new stadium, which will be used for the games in that city, the receipts should be larger than in any previous contests in one park.
 The Braves stadium will seat more than 50,000 and the receipts should exceed \$80,000 per game. In Philadelphia the Phillies Park will not hold more than 20,000 and the gate is not likely to be more than \$40,000. Even under these conditions the players and managers will split the major portion of \$240,000, in case the series title is won in four games straight and more than double that sum should the series go six or seven games. In any event it appears probable that new gate receipts records will be established, since the present high figures are \$490,449 collected in the eight game series between the New York Giants and Boston Red Sox in 1912, while the individual game record is held by the opening contest of the Athletic-Giants series of 1911 played at New York when 38,281 spectators paid \$77,338.90 to witness the contest.
 It is certain the players and stockholders of the two contending clubs in the coming series will not have cause for complaining regarding the financial returns and division of the same. The division of the players and the interest of the fans assures big gate receipts and the National Agreement and National Commission rulings provide for the distribution of the same along the following lines: The National Commission receives ten per cent of the receipts of each and every game; of the remaining ninety per cent the players take sixty per cent and the club owners forty per cent of the first four games. After four games have been played the players cease to share in the receipts and the club owners take the full ninety per cent remaining after the National Commission has levied its assessment.
 Since the World's Series came under the official control of organized baseball the total receipts have amounted to \$2,168,273. Of this huge sum the twenty clubs participating in the games between 1903 and 1914 have divided \$1,093,517, while the players who won and lost the championships in these years split \$733,098 on a basis of sixty per cent to the winning team and forty per cent to the losing combination. The National Commission has received \$213,546 and the coming share of the Red Sox-Philadelphia series will be welcome for the large service of the commission has rendered away in the past two years owing to heavy expenses incurred in the struggle between Organized and Independent baseball interests.
 The details of the receipts and the division of the same as well as the attendance figures since 1903 are shown in the following tabulation:

Year	Attendance	Receipts
1903	190,429	\$ 50,900
1904	91,723	68,405
1905	99,845	106,550
1906	78,068	101,728
1908	62,232	84,976
1909	145,295	188,304
1910	124,222	172,880
1911	179,851	342,164
1912	251,901	490,449
1913	150,992	325,980
1914	111,909	225,739
Total	1,385,567	\$2,168,273

THE SERIES OPENS IN PHILADELPHIA

New York, Oct. 2.—The National Commission, at its meeting today, decided that the first game of the world's series shall be played in Philadelphia on Friday, Oct. 8. The second game is set for the next day, Oct. 9, in the same city. The third and fourth games will be played in Boston on October 11 and 12 respectively, the fifth in Philadelphia on October 13 and the sixth in Boston on October 14. The seventh game, if one is necessary, will be played on Friday, October 15. The place for this game will be chosen by the toss of a coin.
 Buy some of those new shrapnel shell table lamps for your home.

Thanksgiving Oct. 11

You still have a few days to order your supply of
Ready's Lager, Ready's Ale, Ready's Porter
 for the Thanksgiving feast.
 It's the FLAVOR—that dainty relishability and pleasing exhilaration of the palate—that wins for these Beverages increasing popularity in the homes of the Maritime Provinces.
 Make Thanksgiving more enjoyable. Serve Ale, Lager or Porter to your family and guests.
 Goods shipped to Scott Act counties, for private use, in plain, clean packages.

You can help me by spreading my Gossip
 This is the power of good.
 Celestia, visiting a crowded factory, where ill-kempt, ill-paid girls work their life away, is startled by the cry of "Fire"—and finds herself in the midst of a shivering frightened herd of suffocating maniacs.
 The lights go out and amid the smoke and flames, and the clangor and clamor, Celestia, calms the girls and saves their lives.
 And then in response to their thankful offers to help her, Celestia tells them to spread her gospel.
 Beautiful, inspiring scene! Minister, priest and rabbi, you will agree that here is a sermon despite all its thrills, loveliness and exquisite art.

The Goddess
 "Join the army," follow Celestia, see Anita Stewart in the Vitagraph pictures of "The Goddess."
 See the Vitagraph Pictures at your favorite Theatre. Read the Story for Gouverneur Morris in **The Standard**

THE VICTORIA ALLEYS
 Many high scores have been made lately on the Victoria alleys. The management say that no season has started off so brilliant and a fine showing by local bowlers is looked for this winter. Among those bowlers making high scores are: A. Howard, P. Howard, Wigmore, Taylor, Gambin, Logan, Williams and Sullivan who have made between 120 and 130. Jas. Steen holds the alley record for this year with the score of 138.
 It is expected the Five-Man League will open on Monday, Oct. 18th, and ten or twelve teams will probably enter. This year the league will be open to local firms, so that it will be partly commercial. Last year captains were chosen and they picked their teams, but this year it is thought many local firms will enter teams. In this league each team is composed of five regular men and a substitute.

Want to buy an auto? Visit the Queen's rink Wednesday, 4 p. m.

Ready's Breweries Limited St. John
 Why you should be sure and order **RED BALL ALE or PORTER**
 Choicest ingredients used in manufacture. Made from best selected barley, choice imported hops. Better matured, keeps longer. Absolute cleanliness observed in making. Excellent tonics. Refreshing and invigorating.
RED BALL ALE and PORTER are put up in most convenient form, in cartons containing one dozen quarts or two dozen pints, easily carried, easily packed, and easily shipped.
SIMEON JONES, LTD. Brewers ST. JOHN, N. B.

Bringing Up Father

I DO HOPE ALL THE PEOPLE SHOW UP TONIGHT AT OUR RECEPTION—JUST THINK—THERE WERE SIXTY INVITATIONS—I GAVE YOU TO MAIL THE OTHER NIGHT!
 BY GOLLY—FER YOUR SAKE I HOPE THEY ALL SHOW UP.
 ANSWER THE DOOR—I GUESS THEY ARE STARTING TO ARRIVE—
 ALL RIGHT—MAGGIE!
 SAY—JKGS—YOU LEFT THE LETTERS IN DINTY MOORE'S PLACE THE OTHER NIGHT AN HE DIDN'T PLACE IF YOU WANTED THEM MAILED SO I BROUGHT THEM BACK!
 THE INVITATIONS I FERGOT TO MAIL THEM!
 I CAN'T UNDERSTAND WHY NONE OF THEM ARE SHOWING UP—
 MAGGIE—I HAVE SOMETHING TO TELL YOU—
 WHAT'S THE MATTER—
 SAY—DINTY—KIN YOU PUT ME UP FER THE NIGHT—
