

## GOVERNMENT STEPS TO THE FRONT TO FORCE MINERS AND OPERATORS TO NEGOTIATE NEW WAGE SCALE

### Clothed With His War-time Powers as Fuel Administrator, and Backed by President's Cabinet, Dr. Garfield Called Factions Together and Gave Formal Notice That Time Had Come to Resume Operations on Normal Scale.

Washington, D. C., Nov. 18.—The Government stepped to the front today to force miners and operators to negotiate a new wage agreement and resume work in the bituminous fields before the country is in the grip of a coal famine. Clothing with all of his war-time powers as Fuel Administrator, and acting by direct authority of the President's cabinet, Dr. Harry A. Garfield called a joint meeting of Scale Committees at which he was expected to give formal notice that the time had come to resume mining operations on a normal scale.

While the joint conference was not for this afternoon, Dr. Garfield found that a full attendance could not be obtained, so it went over until tomorrow. Meanwhile word was passed that the strike situation had reached the point where action was regarded by Federal authorities as absolutely imperative.

There was no evidence presented to the cabinet that the coal committees called here last week to negotiate a new wage agreement, had made the least headway. Reports from the General Competitive Fields, embracing the states of Illinois, Indiana, Ohio and Western Pennsylvania, strongholds of the United Mine Workers of America, showed all mines shut down and not enough coal coming from non union plants in other states to meet the normal demand by several million tons. Other reports, from widely separated sections, brought the same story of a rapidly vanishing coal supply, with indications that hundreds of industrial plants would be forced to close shortly unless coal production was put back at normal. In the view of many officials the situation was critical enough to demand drastic action.

Although he would not discuss the nature of the statement he was prepared to lay before the operators and miners, it was said on high authority that Dr. Garfield was prepared to present the situation forcibly to the chief representatives of the mine owners and mine workers. There was no indication as to what direction governmental action would take in case the deadlock continued.

The telegram said that Sir George, however, had been asked to protest against the arrest of several socialist leaders by the military officials.

## D'Annunzio's Recent Stroke In Zara Increased His Forces To 50,000 Men

Fiume, Monday, Nov. 17.—(By The Associated Press)—Gabriele D'Annunzio's recent stroke in Dalmatia, executed in his descent upon Zara, has augmented his land and sea forces to such an extent that they are now estimated to number fifty thousand men.

The Italian forces of occupation in Dalmatia comprise an army corps, with one division at Zara and another at Sebenico. All of these troops are now registered under D'Annunzio's banner and are said to have supplies and all sorts of equipment, assuring their subsistence for several months.

### Triumph of Law and Order In France

### Newspaper Comments on Sunday's Election Results See Death Blow Delivered to Bolshevism.

Paris, Nov. 18.—All the newspapers hail the result of the elections as a triumph of law and order over Bolshevism, excepting the Socialist papers, which adopted a stullen and bitter tone.

Henry Franklin-Bouillon, Jean Longuet, Charles Chaumet and Pierre Renaudel, the most determined enemies of M. Clemenceau and justification of Peace, have been defeated.

L'Echo de Paris says: "An admirable, glorious day for law and order."

The Figaro says: "Bolshevism is crushed."

L'Action Francaise says: "It is a vote of national vitality."

Louis Bartho, former premier, was elected, as was also the Marquis de Chambray. The Catholic and Protestant priests to the chamber to keep company with Abbe Lemire. They are Abbe Wetteries, Upper Rhine, and Abbe Louis, Lower Rhine. The Protestant pastor Altorf was returned in the Lower Rhine. All the aviators were brought down, except Captain Henri Farman and the latter by a narrow margin.

### WINNIPEG CITY ELECTIONS OCCUR NOVEMBER 28TH

### Three-Cornered Contests in Aldermanic Fight According to Present Indications.

Winnipeg, Man., Nov. 18.—With the three contests in the aldermanic fight, a straight fight for mayoralty between Mayor W. F. Gray and S. J. Parnis and no triangular contests in the school trustee area, civic nominations closed here today. At least one triangular contest will be avoided in the aldermanic ring, and possibly the whole three. It was stated at the City Hall.

Wards three, five and six will have three cornered contests unless a candidate drops out by two p. m. tomorrow the official time allowed. In ward three one candidate has already declared that he will withdraw rather than split the vote, and it is considered likely that candidates will drop out in wards five and six, thus making a straight fight in all wards.

### HALIFAX HONORS AMERICAN CONSUL AT BANQUET

### Consul General Young Has Been Named for the Post at Odessa, Russia, and Leaves Shortly for His Duties There.

Halifax, N. S., Nov. 18.—Citizens of Halifax assembled tonight in honor of American Consul General E. E. Young, who for six years has been stationed at Halifax. The chate was occupied by Lieutenant-Governor Campbell and a hundred of the leading people of the city were present at the banquet in Mr. Young's honor. Speeches were made on behalf of the population, the city council and other bodies. The mayor proposed the health of the guest of honor, and in response Mr. Young made an address in which he expressed his warm appreciation of the honor done him. Consul General Young has been designated to the post at Odessa, Russia, and leaves shortly to take up his duties there.

### CABINET MEMBERS RETURNING FROM THEIR VACATIONS

Ottawa, Ont., Nov. 18.—Members of the Cabinet who have been absent from the capital since the session are gradually returning. There were seven ministers present at the Cabinet meeting this afternoon, and the return of Sir Henry Drayton this evening will add another to this number. Sir George Foster is still in the West and will probably not return before the end of the week. In his absence Hon. C. J. Doherty continues to act as Prime Minister. There is no official word as to when Sir Robert Borden will return, but it is expected that he will have sufficiently recovered in two, or possibly three, weeks to resume his duties.

### Several Million Souls Show in Characteristic American Fashion Their Cordiality Towards Heir to British Throne.

### NEW YORK JUBILANT OVER HIS PRESENCE

### Confetti and Streamers Shot at Prince from All Sides as His Automobile Traversed Crowded Thoroughfares.

New York, N. Y., Nov. 18.—(F. G. Aldrich, Canadian Press Ltd. staff correspondent).

In the intensely eager crowd which lined the streets of New York today for miles to greet the Prince of Wales there must have been several million souls, showing in characteristic American fashion their cordiality towards the heir to the British throne. From the sidewalks a million cheers went up in the course of the long drive, while at every window the young people hung out to add their note of welcome, shower confetti and wave flags.

The prince's visit to Washington was without demonstration from any official circles. It remained for New York to show the prince how highly Britain and the British reigning house is held in the esteem of the American people.

Coming into New Jersey at the Hudson terminal, the royal party was able to step at once into the barges from H. M. S. Benbow in which it crossed the river to the Battery. Thus the prince came into New York by water and he was greeted in the Battery by official New York, accompanied by soldiers and a guard of honor of marines and bluejackets. The official welcome of the prince started up town, through the eager crowds which filled Broadway. The prince was guarded only by motor cycle policemen who rode beside his car. The evening throng on the sidewalks left lane for the procession of cars which travelled slowly uptown, the prince travelling incognito. Here and there a band of British National Anthem, men in the vicinity baring their heads in recognition.

Peppered with Confetti.

A hundred feet in the air, men and women threw confetti from the windows of skyscrapers, while far up in the sky parachutes, released from aeroplanes, floated aimlessly, carrying the British and American flags. In the business district of Lower Broadway the crowds were dense but very orderly. The curb policemen had little to do and were able to grin good humoredly when the paper streamers, twisted about their faces and shoulders. While uptown on Fifth Avenue the traffic policemen were needed to watch the crowds which gathered in the shopping districts, and perhaps the biggest crowd of all was the one which watched the prince put out across the North River to embark on his ship H. M. S. Benbow. It is just three months since he left it in the motor and there was an eager light in the prince's eyes as he stepped into the motor barge which was to carry him a few hundred yards to where the British warship waited, her decks drawn up to welcome him home.

### MONCTON WORRIED OVER GAS SUPPLY

### Mass Meeting Called to Consider Conservative Methods — Utilities Board Requested to Act.

Moncton, Nov. 18.—A mass meeting of the pastors and official boards of the city churches together with the citizens held tonight in the city hall and presided over by Judge Chandler, recent finding of the New Brunswick Public Utilities Commission relative to the conservation of natural gas in so far as it effected schools and churches was under lengthy discussion. Two resolutions were finally adopted by the meeting. The first, after expressing concurrence with the Utilities Board in their efforts to conserve gas, called upon the board to amend their order that the smaller churches and smaller schools be allowed to continue the use of natural gas, it being understood that the larger churches and larger schools had already made preparations to use other fuels.

### Fatality Attends the Efforts of the Opponents of Prohibition, Says the Star.

Toronto, Nov. 18.—The Star today editorially intimates that the "wets" against the Dominion Canners that food alleged to be unfit for human consumption was canned and shipped to the soldiers in France. The charge was made by D. D. McKenzie, leader of the opposition, who asked for an investigation, but the government took no action.

The Dominion command of the G. W. V. A. now intends to press the charges and ask for an investigation. The Dominion command has in its possession some documents bearing on the case, and in the current issue of "The Veteran" prints the charges under the heading: "Was Grave and Corruption Claimed for Soldiers?"

It characterizes the story if the charges are true, as being "the most diabolical and cold-blooded dividend-raising plot ever hatched by soulless profiteers."

From the talk on the street it was expected that considerable opposition would develop, but only one speaker was against the request and when the vote was taken only one was recorded against several hundred in favor. It is said that the new station will be started almost as soon so that it can be completed before next summer and that it will cost between \$60,000 and \$85,000.

## COMPROMISE MOVES TO RESCUE TREATY FROM DEADLOCK IN U. S. SENATE MADE PROGRESS TUESDAY

### Friends of Treaty Declare it Now Has More Than An Even Chance for Life—Compromise Points Toward Acceptance of Committee's Reservations Without Requirement They Must be Assented to Affirmatively by the Other Powers.

Washington, D. C., November 18.—Compromise moves to rescue the Peace Treaty from a threatened deadlock made such progress today that its friends declared it had more than an even chance for life. So far as it had taken definite form through the compromise programme called for a final vote Thursday, and pointed toward acceptance of the reservations of the Foreign Relations Committee without the requirements that they must be assented to affirmatively by the other powers.

The way to compromise was opened by the group of mild reservation Republicans who served notice on the Republican and Democratic leaders that they would not put up the bars entirely to modification of the committee's reservations, but would stand out against and defeat the administration's parliamentary programme. With this final announcement that their deciding strength would be used in the closing stages of the Treaty contest, the mild reservationists retired to the back-ground. The result was that Senators Lodge and Hitchcock faced each other and laid all their cards on the table.

### Think Accusation Against Dominion Canners, Alleging the Canning of Impure Foods for Soldiers, Should be Looked Into.

Ottawa, Nov. 17.—The Great War Veterans' Association intends to request the investigation into the charges made in the House of Commons against the Dominion Canners that food alleged to be unfit for human consumption was canned and shipped to the soldiers in France. The charge was made by D. D. McKenzie, leader of the opposition, who asked for an investigation, but the government took no action.

The Dominion command of the G. W. V. A. now intends to press the charges and ask for an investigation. The Dominion command has in its possession some documents bearing on the case, and in the current issue of "The Veteran" prints the charges under the heading: "Was Grave and Corruption Claimed for Soldiers?"

Toronto, Ont., Nov. 18.—Lloyd Harris, Canadian trade commissioner, is in Toronto, and says he is tired out. "It is over five years since I had a rest of any kind," said Mr. Harris, and "as it is beginning to tell upon me physically, I am going to take a prolonged vacation. My report on the trade opportunities offered to Canada is now in the hands of the department. The outlook for development of Canadian trade is worldwide and unlimited."

Fine Service At St. David's Church

Rev. J. A. Clark, D. D. Last Evening Delivered Interesting Sermon to Large Congregation - Subject, "The Potency of Prayer and the Right Method of Praying."

There was a good attendance at the service of Re-Dedication held at St. David's Church last evening. Rev. J. A. MacKeigan, B. A. conducted the service. The Scripture lesson taken from St. Luke 18th chapter, being read by Rev. J. A. Clark, D. D., of Halifax.

The music was in charge of St. David's choir a solo "One Sweetly Solemn Thought" being beautifully sung by Miss Bernice Climo.

Dr. Clark took for his subject "The Potency of Prayer and the Right Method of Praying" the text being taken from Luke 18-1, "Men ought always to pray and not to faint." He pointed out the eighteenth chapter of St. Luke contained two extraordinary stories, so familiar that most people fail to see how extraordinary they are.

The second, the parable of the Pharisee and the Publican was spoken to themselves and despised others. Dr. Clark showed that the alternative of losing heart is prayer.

Those to whom the Master spoke, among whom were Philip and Thomas who found faith difficult, were discouraged and had reason to be. This is a world but infinitely better than the world of the first century in which these men lived.

Then it is that Jesus Christ becomes real to us. The little widow woman in the parable is a vindication of the power of prayer. All she did was pray. Her case was hopeless but she got what she wanted by prayer.

The address was powerful and practical and the message could fall to understand. The benediction was pronounced by Rev. M. E. Conron.

N.B. TEMPERANCE ALLIANCE COMM. MAKES REPORT

Reviews the Work Accomplished During the Year and Makes Recommendations For Furthering Work of Prohibition

Fredericton, Nov. 18.-The report of the Executive Committee of the N. B. Temperance Alliance given at the convention held today, is as follows: Your executive have much pleasure in presenting its report of work done since the convention held in Saint John, last December.

Never before has the outlook for Prohibition in Canada been so full of promise as today. The situation in Quebec, our near neighbor, as the result of the action of the Government and the referendum held there has resulted in abolishing the bar and the sale of hard liquors is forbidden except for medicinal purposes.

In the Province of Ontario the electors, by a very large majority, declared their determination to retain the Prohibition Law and to have it satisfactorily enforced.

In the other provinces continuous efforts are being made to render more effective the Prohibitory Acts and to successfully enforce the same. The action of the United States in passing restrictive and stringent legislation, which legislation has been ratified by the necessary number of States to make the law nationwide, is an event of more than ordinary importance.

Probably no year has had so many holidays and joy days as this present year. We have had celebrations, demonstrations, parades, picnics and exhibitions throughout the whole year and one of the marked features has been the very large crowds which have gathered together to celebrate the event and the outstanding feature of the gatherings was the orderliness and sobriety of the crowds.

Your committee cannot too highly speak of the way in which the majority of the doctors are carrying out the law, but unfortunately there are members of the medical profession who are continuously and notoriously violating it and have been convicted some more than once.

In the early stages of prohibition enforcement it was considered that if we had a fairly good law and efficient inspectors success would come, but experience has shown that these are other features that are a vital necessity, and these amongst others are a community spirit and a self-motivated court of law.

Interesting And Clever Programme

Good Attendance at Indian Evening in Natural History Rooms - Three Ten Minute Talks, Tableaux and Exhibition of Indian Material.

A most interesting and cleverly arranged programme on "Indians" was held last evening at the Natural History Society rooms being the first of a series of entertainments planned for the winter months.

The first paper written and read by Miss Patterson dealt with the pre-historic Indians of New Brunswick and their dwellings near rivers. She described the tribes of Maliseets and Micmacs and told of many of their curious customs.

Miss Willitt spoke particularly on Indian games, pointing out that the Indians when not engaged in obtaining food were occupied with dancing, feasting, gambling and story-telling. While many of the dances were religious or ceremonial, others were purely for social pleasure.

The names of the tableaux were: The Prisoner, Skinning, Indian Game, the Medicine Man, Story Telling, and Goosap and Chemo. Mrs. Lawrence introduced the subject of the evening saying that the entertainments would probably be repeated for the December meeting as on account of the night the audience was a small one.

N. B. TEMPERANCE ALLIANCE MEET AT FREDERICTON

Discuss Work Carried During the Year, and Many Resolutions Look to Better Enforcement of Prohibition.

Fredericton, Nov. 18.-The meeting of the New Brunswick Temperance Alliance opened in the block street United Baptist church this morning. In the afternoon of President Donald Fraser, Thomas Marshall, vice-president of the alliance.

Rev. F. E. Boothroyd, secretary of the Alliance, gave his report of the work which was done by the Alliance and which was approved by the members. The propaganda which was being carried on in the city and in the country was discussed and the members were urged to do their utmost to bring about a better enforcement of the law.

When it was stated that names of doctors who spent so much of their time in prescribing should be published by the Chief Inspector so that those who were doing this sort of thing would become known to the public and not cast a slur on the medical profession as a whole, there was objection taken by some of the members, they did not think the working class section of the report was apt.

The following officers were elected at the meeting: President, Donald Fraser, Fredericton; Vice-President, Rev. Thomas Marshall, Fredericton; Secretary, W. G. Clark, Fredericton; Treasurer, Rev. F. E. Boothroyd, Fredericton.

The members of the council and headquarters re-elected, with the following: President, Donald Fraser, Fredericton; Vice-President, Rev. Thomas Marshall, Fredericton; Secretary, W. G. Clark, Fredericton; Treasurer, Rev. F. E. Boothroyd, Fredericton.

### N. B. TEMPERANCE ALLIANCE MET AT FREDERICTON

#### Discuss Work Carried on During the Year, and Pass Many Resolutions Looking to Better Enforcement of Prohibition.

Fredericton, Nov. 18.—The annual meeting of the New Brunswick Temperance Alliance opened in the Brunswick Street United Baptist church yesterday morning. In the absence of President Donald Fraser, Thomas Marshall, vice-president, presided.

Rev. F. E. Boothroyd, secretary of the Alliance, gave his report of the work which was done by the Alliance and a report on the propaganda which was being carried on against prohibition. The report was not against prohibition but against the means by which enforcement of the prohibitive law was being carried out.

He made reference to the struggle which was being carried on in Quebec, Ontario and the United States to overcome the evils of the liquor traffic. Conditions under the present legal sale of intoxicating liquors for beverage purposes were deemed to be much better than those which existed prior to the time when prohibitionary law came into effect.

Before Mr. Boothroyd's report, Donald Fraser, present of the Alliance, arrived and spoke in the chair. Rev. Thomas Marshall presented the report of the executive. Some of the matters discussed were the report on the propaganda which was being carried on against prohibition. The fact that offenders of the law should forfeit a deposit several times and then claim that a conviction had not been brought in against them was referred to. Some of the members thought a man who forfeit his deposit should be considered as having been convicted, and where police magistrates did not treat offenders in the proper way something should be done to have them treated as offenders who take this means of evading the law, not being considered under the law for a second offence.

When it was suggested that the names of doctors who spent so much of their time giving prescriptions should be published by the Chief Inspector so that those who were doing this sort of thing would become known to the public as not a slur upon the medical profession as a whole, there was objection taken by some of the members. They did not think it practicable. For some change in the wording of that section of the report it was agreed.

The following officers were elected at the concluding session this afternoon of the New Brunswick Temperance Alliance: President—Donald Fraser, Plaster Block. Vice-President—Rev. Thomas Marshall, F. R. Boothroyd, St. John.

The members of the council and executive were re-elected, with the following additional members of the council: R. J. S. Sutherland, Rev. A. D. McLeod, Rev. Archie McLeod, Rev. E. C. Barron, Rev. Z. L. Pash, Rev. J. A. MacLellan, and Rev. Mr. McLean. Resolutions were passed on the following subjects:

(1) Sympathy for Rev. C. Flemming and his family in the serious illness of his wife.

(2) Asking the Legislature to bring out a referendum under Dominion jurisdiction on the question of the manufacture and importation of liquor coasting in this Province.

(3) Expressing appreciation of the work of the sub-executive of the Alliance. D. Fraser, Rev. Thomas Marshall, W. G. Clark and W. D. Wilson.

(4) Instructing the executive to take up with the Provincial Government the matter of magistrates failing to impose proper penalties upon offenders.

(5) Expressing satisfaction with results during two and a half years of prohibition in New Brunswick and confidence in Chief Inspector Wilson and the executive of the Alliance.

(6) Thanking the Brunswick Street Baptist Church for providing a meeting place.

When Rev. H. G. Archer introduced the resolutions which had been drawn up by the committee on resolutions, there was considerable discussion, but in the majority of cases the resolutions passed as they were presented to the meeting. On the resolution that was passed calling upon the Provincial Government to request the Dominion Government to hold a referendum on prohibition there was a little difference of views as to whether it would be more expedient from the point of view of the Alliance to have the Provincial or the Dominion referendum first.

Some members of the convention claimed that they knew of cases being tried in the course in which men had been convicted several times for violations of the prohibition law, and yet the magistrates did not impose a fine according to the provision of the act for a second offence. It was suggested by some members of the Alliance that the magistrates who were acting in this way should be removed from office, if they did not act in accordance with the law. A resolution was passed to have the executive of the Alliance meet the government to discuss the matter.

Lemon extract and Jamaica ginger were also the subject of considerable discussion at the convention, and it was suggested that they be abolished and the people of the province be forced to use other flavoring materials than those which came in liquid form. The idea of abolishing liquid extracts did not meet with the general approval of the convention, however.

A resolution was passed expressing the approval of the Alliance of the resolutions brought about by the New Brunswick Prohibition Act and of the work which was being carried on by the Chief Inspector.

During the afternoon session, W. G. Clark presented the report of the financial condition of the Alliance for the year. The receipts for the year amounted to \$2,517, and the balance on hand was \$467.

J. M. Lemont, of Fredericton, who has been auditor for some years, resigned, and A. G. M. Lawson, of Fredericton was appointed to the position. The number of persons attending the convention was about fifty, including about half a dozen women.

Executive of Women's Canadian Club Held Meeting Yesterday at Which Plans for Lecture Course Are Made — Dr. Hibbard Will Address Club on Education

An Executive meeting of the Women's Canadian Club was held Tuesday morning at Mrs. Tilley's residence, Miss Pitcher, the first vice-president, presiding. Those present were Mrs. W. E. Foster, Mrs. W. Shaw, Mrs. Kubring, Mrs. John Thomson, Mrs. Bonnell, Mrs. Benoit, Mrs. B. Barbour, Mrs. Stanley Elkin, Mrs. James McCarty, Mrs. Powell, Miss McGovern, Miss May Harrison and Mrs. deVeber.

Business transacted dealt almost entirely with the lecture programme. The club is inviting Mrs. Dobell, of Quebec, who is working with the French War Emergency Fund, and Sir Oliver Lodge, the great English scientist, to address it at an early date.

Dr. Hibbard's lecture on the Educational Convention at Winnipeg will be given on the evening of December 6th. In view of the keen interest being taken in this great national movement, Dr. Hibbard's address will prove a fund of information on the making of a bigger and better type of Canadian citizen. So as to make it possible for many to hear this interesting discourse, the Club has decided to extend to its members the privilege of inviting their friends. An enjoyable musical programme is being arranged. A communication was read from the Association of Canadian Clubs at Ottawa asking the Canadian Club in St. John to join this co-operative bureau.

**ARRIVING AT A CONCLUSION.**  
A barn down on a Long Island farm had been burned, and an agent went down to see about it.  
"What was the cause of the fire?"  
"It was a thunderstorm," I guess," was the reply.  
"But we have had no thunderstorms for a month or two."  
"Then it might have been a spark from the chimney of my house."  
"But your house is too far away."  
"Could—could it be what they call spontaneous combustion?" thoughtfully, asked the farmer.  
"But you see you didn't have any oil rags about the barn, did you?"  
"No, I can't say I did. I'll tell you what. We had better serve at some conclusion. We had better say the hired man dropped a candle into the hay when he went out in the evening to feed the stock. That will account for the fire and you can hand me over the insurance."

ST. JOHN, N. B., WEDNESDAY, NOVEMBER 19, 1915.

THE RIGHT TO STRIKE.

After announcing its purpose to provide for arbitration courts with power to make compulsory awards in labor disputes, the British Government has so modified the original draft of its bill that the compulsory features have been eliminated.

the report of which has been published and is available at the Publications Branch of the Department of Agriculture at Ottawa. It was strongly urged at that conference that this is the time of co-operation.

AUSTRALIA FOR PROTECTION.

While the apparent determination of the farmers of Canada to make themselves an independent power in politics seems to have given to the free trade agitation a significance it never acquired under Liberal auspices, the sister dominion of Australia has no her face in the direction of higher tariff all along the line.

The Newfoundland Result.

The Newfoundland elections resulted in the defeat of the Cashin Government, which appealed on what its friends called a Liberal progressive platform. The result was not far shadowed by anything that appeared in St. John's newspapers and seems to have been something of a surprise to many Newfoundlanders.

A BIT OF VERSE

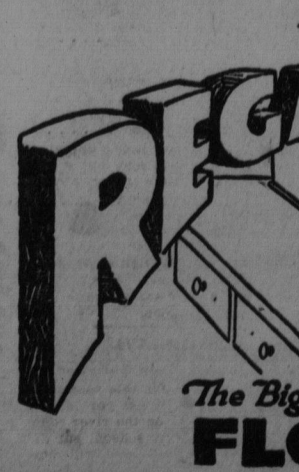

THE LEAFLET'S DANCE OF DEATH Did you ever watch the leaflets Out upon the sunlit heath, Golden-gilded and crimson-tinged, Watch them dance their dance of death?

CARRY ON.

That material conditions in St. John justify optimism for the future, and that all that is needed to launch the city upon a forward movement of promising proportions is a little united effort, was the unanimous feeling of about eighty representative business men who gathered in the Victoria Loan headquarters last evening for the purpose of forming a club committed to the work of advancing the city's commercial and other interests.

Old Ben's quiet little cousin Joe was sitting on the front steps eating an apple after school yesterday and I started to go past and then I had a frown and stopped and sat down alongside of him, saying, Hello, Joe, where did you get that apple, and I said, Save us the core, will you, Joe?

SEIZE SHIPMENT OF CHAMPAGNE AT OTTAWA

Toronto, Oct. 18.—Mr. J. D. Flavella, chairman of the Ontario Liquor License Board, speaking in regard to the reported seizure of a shipment of champagne at Ottawa, which was in transit from Montreal and said to have been consigned to the Ottawa County Club, which is located in Quebec, said he thought such a shipment was an infringement of the laws of Quebec, and that the express company made a mistake in shipping it through Ontario.

Will It Come to This?

With a wild shriek the train dashed through the country station without pausing. "I say, portie" cried a startled passenger, waiting at the station, "isn't that the 4.15 to Newtowon? Why didn't it stop here?"

**Easy to Make This Pine Cough Remedy**

Thousands of families everywhere are saved about \$5.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup. To make the best pine cough remedy that money can buy, put ½ ounce of Pinex (50 cents worth) in a 10-oz. bottle, and fill up with home-made sugar syrup. Or you can use clarified sugar, honey, or corn syrup, instead of sugar syrup. Either way, you make 16 ounces—more than you can buy ready-made for \$2.50. It is pure, good and very pleasant—children take it eagerly. You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be presently loose from the formation of phlegm. The Pinex is the same—inflamed membranes—and this Pinex and syrup combination will stop it—usually in 24 hours or less. Salivoid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous throughout the world for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "Pine Cough Remedy" and give the directions, and don't accept anything else. Guaranteed to give relief or your money refunded. The Pinex Co., Toronto, Ont.

**POLICE COURT CASES YESTERDAY**

**Prisoner Charged With Obtaining a Motor Car Under False Pretences—John Berry Charged With Begging—William Webber Fined for Liquor Violation.**

Yesterday morning, in the police court, Collingwood Brennan was charged with obtaining a motor car on Monday under false pretences. Evidence was given by Allan Miller, Frank Ellis and James MacNeil. This case, which arises from the defendant trying to sell a McLaughlin Sedan, which was not his property, was postponed until this morning, and the accused remanded.

John Merriek, arrested on a charge of being drunk and with destroying a policeman's greatcoat, was fined \$5 on the first charge, and the other matter was dropped on the request of the policeman.

John Berry, charged with begging from house to house on Waterloo street, was remanded.

**Re-Establishment Of Canadian Forces**

Distinguished Military Officers Assembled Yesterday—Organization of the Provincial Command Being Considered—Provincial Units Represented at the Meeting.

St. John had some distinguished military visitors yesterday in the persons of Major-General Sir William D. Orde, K. C. B., C. M. G., Major-General Sir E. W. B. Morrison, K. C. M. G., B. D. S. O., Major-General W. G. Oatley, C. B., C. M. G., and Brigadier-General Andrew G. L. McNaughton.

Sir William Orde has a long and brilliant record as a soldier in both the South African and the present war; Sir E. W. B. Morrison, it will be remembered, is the last Canadian to be granted the rank of knight and the first to receive the accolade from the Prince of Wales. General McNaughton served in the staff of General Morillon when the latter was commanding officer of the Canadian Second Artillery Division, at the front, and General Gwatkin commanded a brigade in France.

These gentlemen are in the city for the purpose of arranging for the re-establishment of the Canadian forces which represented the provinces as units in the recent war, into an active militia on a peace-time footing.

A special meeting of all local officers, who had commanded units at the front, or who are the ranking officers of permanent provincial militia, was held in the armouries yesterday, when the organization of the provincial command was considered.

Among the officers present were Major-General H. H. MacLean, Brig.-Gen. A. H. Macdonnell, Lieut. Col. W. R. Brown, Lieut. Col. W. H. Harrison, Lieut. Col. Armstrong, Lieut. Col. Gray, Lieut. Col. Frederick Wedderburn, Major J. A. MacMillan, Major H. H. Donnelly, Major E. P. R. Shearer and others.

These officers represent such units as the Corps of Guides, 52nd Regiment of the 3rd Regiment of Canadian Artillery, the Machine Gun Corps, the 73rd Regiment, as well as the overseas units such as the 96th Battalion, the 44th Battalion, the 56th Battalion, the 4th Siege Battery, the 6th Siege Battery, the 8th Siege Battery, the 2nd Divisional Train, the 9th Field Ambulance, etc.

Another meeting will be held today when a definite organization will be planned and officers appointed.

Last night the visiting officers were entertained at the Union Club by their companions-in-arms in the city.

**INDIGESTION**

"Pape's Diapepsin" instantly relieves Dyspepsia, or a Sour, Acid, Gassy Stomach—quick! Sure!

Food souring, gas, acidity! Wonder what upset your stomach? Well, don't bother! The moment you eat a tablet or two of Pape's Diapepsin all the lumps of indigestion pain, the sourness, heartburn and belching of gases, due to acidity, vanish—truly wonderful! Millions of people know that it is needless to be bothered with indigestion, dyspepsia or a disordered stomach. A few tablets of Pape's Diapepsin neutralize acidity and give relief at once—so waiting! Buy a box of Pape's Diapepsin now! Don't say miserable! Try to regulate your stomach so you can eat favorite foods without causing distress. The cost is so little. The benefits so great. You, too, will be a Diapepsin enthusiast afterwards.

An undated case came up yesterday morning in Chambers before Sir Douglas Hazen, C. J., presiding in chambers. This action is brought by Harry D. Baird vs. Jones Brothers. In the month of April, 1918, John B. Jones, Jr., entered into an agreement with the plaintiff, whereby he transferred his business to the plaintiff in consideration of the sum of \$3,000.00 and in the further consideration that the defendant would not do any more electrical business in the City of Saint John. Mr. Baird claims damages arising out of the alleged breach of this contract. He held that since about ten months ago Mr. Jones has been doing electrical business in Saint John under the name of Jones Brothers, and that he therefore has suffered considerable damages. Mr. Baird testified that the defendant went to his shop after the transfer and offered to buy him out, but that he had refused to sell. A number of witnesses testified that John B. Jones, Jr., did some electrical business after the transfer to Harry D. Baird. The case occupied the day. Daniel Mullin, K. C., for plaintiff. Jones did not appear in court.

**Unique Programme Carried Through Last Evening by Young Ladies' Aid of Main Street Baptist Church.**

The Young Ladies' Aid of Main Street Baptist Church, gave a unique entertainment last evening. The programme was called a magazine one, each number representing a page of a magazine, some very clever and well thought out characters were given. Among those taking part were Miss Waring, Miss Cowan, Miss Edith Estabrook, Miss Dorothy Christie, Miss Enid Hutchinson, Miss Beryl Blanch, Mrs. Blaise Parris and Mrs. Codner.

There were also several tableaux in which members of the Aid to Missions took part and which were greatly enjoyed by all. The attendance last evening was excellent in spite of the rain. A silver collection was taken.

**Halifax Man Gains Twenty-Five Pounds and Ends Old Trouble Taking Tanlac.**

"When a man has had stomach trouble for years so bad he couldn't eat anything without just suffering agony and then finds a medicine that fixes him up in a few weeks' time, so nothing hurts him. I think it's time for him to talk for the benefit of others. Well, that is what Tanlac has done for me and more, for I am twenty-five pounds heavier than I was when I began taking it and am feeling just like a man made over."

The above statement was made by Frank Walsh, a stationary engineer, living at 62 West Street, Halifax, while in Kinley's drug store recently, and although remarkable, is by no means unusual, as many thousands in all parts of the American continent have testified to having used the medicine with the same wonderful results.

"For about five years now, that is until I began taking Tanlac," he continued, "I have suffered almost continually with my stomach. I had no appetite and it seemed that every mouthful I would eat disagreed with me. There was a feeling like a lump of lead in the pit of my stomach and I would bloat up so with sour gas that I could scarcely get my breath. I would have terrible cramping pains and vomiting spells after meals and would be in misery for hours. Some nights I would hardly close my eyes for sleep, my stomach hurt me so, and I have had to get out of bed and walk the floor for hours trying to get relief so I could get a little rest. I have gone for weeks at a time with such an awful pain in the pit of my stomach that I could hardly stand it and I could scarcely retain enough of what I would eat to keep soul and body together. I was constipated all the time, had burning headaches, and was so weak and played-out that I had to lay off from work two and three days at a time.

"I would have a terrible cramping pain and I would have a feeling like a lump of lead in the pit of my stomach. I got Tanlac. Why, I simply dreaded to eat, and I had fallen to nearly thirty pounds in weight. But Tanlac has changed things completely around for me. I thought from the way my body felt, I had no idea it was so fine until I tried it out. I have been taking it now for a little more than thirty days and can eat just anything without having a sign of indigestion and I doubt if there's a man in Halifax who has felt so well in years and I mean to say by that I haven't an ache or a pain of any kind, and I feel like a new man up in the morning. I would sleep over time. I don't have any more of that tired, no account feeling that has been right soon after I began taking Tanlac. After Tanlac has done so much for me, I would have been glad to tell others about it. There's nothing too good to say for such a medicine. Tanlac is sold in St. John by Ross Drug Co. and by W. Munro under the personal direction of a special Tanlac representative.—Advt.

**INDUSTRIAL HOME DIRECTORS MEET**

A satisfactory report of conditions at the Boys' Industrial Home was given by the superintendent, Arthur J. Parker, before the regular meeting of the Board of Directors on Monday afternoon. Mrs. E. Atherton Smith, R. T. Hayes, F. W. Daniel, J. S. Myles and L. O. Thomas were present.

There are thirty-four boys at the Home at present all of whom are being looked after at day school in the well-equipped schoolroom. Three sessions during the week are given up to manual training taught by Mr. Tweedie. During the summer each boy had his own garden, and good results were obtained by their efforts at farming. They have some share in the duties of the household, but are given ample time for play. A competent seamstress looks after all sewing and mending at the Home.

Particular attention is paid to any physical defect from which any boy may be found to suffer, and a dentist looks carefully after their teeth so that their health may not suffer in that respect.

MARKET REPORTS STOCKS, BONDS AND PRODUCE

STOCK MARKET IN THE THROES OF LIQUIDATION

Stringent Money Conditions and Collapse of Foreign Exchange Contributory Causes for Reaction.

New York, Nov. 18-The stock market was in the throes of another violent liquidating movement today, the reaction attaining its full force in the final hour when extreme declines in the more vulnerable issues extended from ten to over thirty points.

Stringent money conditions as indicated by the maintenance of the twelve per cent for call loans, seven and a half to eight per cent bid for time money and the utter collapse of foreign exchange, with the London rate at a new discount, contributed to the further reversal.

Minimum quotations made by a number of erstwhile favorites in today's session placed several of those issues materially under lowest prices touched in the sweeping setback of last week, and more than cancelled recent substantial gains made by high grade rails.

During the early and intermediate stages dealings were lighter and more perturbed than at any period in many weeks. The market lapsed largely into an affair between traders, public participation being wholly negligible.

Crucible Steel, which more than any other stock brought about the slump at the end, was almost the only issue to evince a reactionary trend during the morning, when it broke twenty seven points, losing five points between seven and eight.

Partial recovery of this loss, was accompanied by a brisk rally in related issues, but all this was dissipated when Crucible became the center of another selling movement. At the level the stock fell thirty-one and one half points to 17 1/2, and closed at 18.

Final prices of several other stocks also oiled, motors and equipments showed net losses of three to ten points. Tobacco, electrical and motor specialties were similarly depressed and early gains in food, shipping and metal issues were mostly replaced by moderate net losses.

Bonds were irregular to heavy, Liberty issues eased and internationals were steady. Total sales (par value) aggregated \$1,850,000.

TORONTO TRADE QUOTATIONS

Toronto, Ont., Nov. 18-The grain quotation on the Toronto Board of Trade today was as follows: Manitoba wheat, in store Fort William, No. 1 northern, \$2.30; No. 2 northern, \$2.27; No. 3 northern, \$2.23.

Ontario wheat, f. o. b. shipping points, according to freight, No. 1 mixed winter, car lots, \$2.00 to \$2.05; No. 2, \$1.97 to \$2.03; No. 3, \$1.93 to \$1.99; No. 1 spring, \$2.02 to \$2.05; No. 2, \$1.99 to \$2.05; No. 3, \$1.95 to \$2.01.

Peas, No. 2, \$2.50. Barley, malting, \$1.47 to \$1.50. Buckwheat, \$1.32 to \$1.50. Manitoba flour, government standard, \$1.25 to \$1.30.

Ontario flour, government standard, \$1.25 to \$1.30. In late bags, Montreal, prompt shipment, \$9.50 to \$9.60; Toronto, \$9.50 to \$9.60.

Milled, car lots, delivered Montreal, freight, bags included: Bran, per ton, \$45; shorts, \$52; good feed flour, per bag, \$2.15 to \$2.30.

Hay, truck Toronto, No. 1, \$25 to \$26; mixed, \$20 to \$22. Straw, car lots, truck Toronto, \$12 to \$13 per ton.

BEARS IN CONTROL OF THE MARKET (McDougall and Cowans) New York, Nov. 18-There was only a slight upturn in prices in the last few minutes of trading, call money remained at 12 per cent, but it was apparently not so much an acute nervousness in the money situation that caused the afternoon weakness in stocks as the general conviction that stocks could not go up until the general credit situation had been measurably corrected.

As usual in such cases professional operators in the short side assisted prices downward and the day either as to the progress of the coal strike negotiations or the Senate's further action on the peace treaty.

STATEMENT OF BANK OF MONTREAL

Total Profits for the Year, to October 31, Are \$3,314,327. Montreal, Nov. 18-The annual statement of the Bank of Montreal now going forward to shareholders shows total assets at \$45,304,809 compared with \$568,413,546 at the end of 1918.

Liquid assets amount to \$337,980,538 and are equal to 67.59 per cent of the liabilities to the public. In the liquid assets the principal accounts showing changes are Dominion Notes, which now stand at \$49,865,151, down from \$68,531,256 a year ago.

An outstanding feature of the bank statement is the great increase in interest-bearing deposits which are \$312,555,984 against \$298,167,111 last year.

Since the close of the last fiscal year the Bank of Montreal has absorbed the Bank of British North America and both capital stock and rest accounts have been increased to \$20,000,000, respectively, as compared with \$16,000,000.

The profit and loss reflects the larger business handled, the total profit for the year to October 31 being \$3,314,327, the per centage upon the bank's capital being 16.57 per cent.

RAN HIS SHIP UP ST. LAWRENCE WITHOUT PILOT

Performed by Skipper Who Had Never Been on the River Before-Had to Pay Pilot Fees Just the Same.

Montreal, Que., Nov. 17-The remarkable feat of running a ship nearly up to Quebec without a pilot was performed by the skipper of the Joazeiro, a vesper which has come here for the Brazilian Government, and has a crew of that nationality. It was said that the captain had never been in the St. Lawrence before, and that he was unaware of the regulations and ran right past the pilots' ground.

The pilot naturally goes as much against the ideas of the Pilots' Association as would the miraculous cure of a Christian Scientist against the opinions of the medical fraternity. The bitter pill in this case was that the ship was obliged to pay the pilots due as if he had used their services.

SMALL HOPE FOR "WET" CHRISTMAS IN UNITED STATES

Arguments on the Validity of War-time Prohibition Act Will be Heard by Supreme Court Thursday. Washington, D. C., Nov. 17-While arguments on the validity of the War Time Prohibition Act will be heard by the Supreme Court Thursday, a decision is not expected before the court reconvenes after a recess announced today to begin Monday.

Should the Supreme Court hold the War Time Act unconstitutional, millions of gallons of whiskey and wine would be placed on the market immediately in those states which had not voted on liquor before the operation of the Federal Act.

Those longing for a "wet" Christmas are not placing all their hopes on a favorable opinion by the Supreme Court, in spite of the somewhat complicated Peace Treaty situation in the Senate, many opponents of prohibition expect it to be an accomplished fact before the end of the present special session of Congress this month. The White House has announced that immediately upon the production of peace President Wilson will declare the War Time Prohibition Act an end.

### PAVING WAY TO PLEBISCITE ON THE HARBOR QUESTION

**City Commissioners Adopt Resolution Reserving Ferry Rights—To be Submitted to Government for Agreement—Com. Bullock Says Harbor Properties Have Value of \$6,000,000 and Strongly Opposes Acceptance of Offer of \$2,000,000—Mayor Says Uncertainty is Holding up Harbor Development.**

The City Commissioners in committee of the whole yesterday adopted a resolution advancing a stage in the question of transferring the harbor to the Government. Commissioner Bullock declared that the harbor assets were worth over \$6,000,000, and that the Government's offer of \$2,000,000 was not reasonable. He said that the city had made a success of managing the harbor so far, and should have a better offer and assurance of satisfactory harbor development before relinquishing control of its valuable property.

Commissioner Jones moved that the following resolution be adopted:

Resolved that acting under the provisions of the Act of Assembly 9th Edward VII, chapter 41, the City of St. John does hereby contract and agree to transfer to commissioners to be duly appointed under the Act of Parliament of Canada 8-10 George V, chapter 70 to constitute and form a board of harbor commissioners for the harbor of St. John all the rights, title, and interest of the said City of St. John as well as by the Charter of the said City of St. John as by Act of Assembly 9th Edward VII, chapter 41, and Act of Assembly relating thereto and otherwise howsoever, of and to the harbor of St. John within the City of St. John, and of, in and to the land, water and the land covered with water, tenements and hereditaments within the bounds not forth in section 4 of the said Act of Parliament of Canada 8-10 George V, chapter 70, saving and excepting thereto and therefrom the right of ferryage from the foot or western side of Brisbane street on the eastern side of said harbor to Rodney wharf on the western side of said harbor as the same has heretofore been used and enjoyed also the east side ferry building (so called) and the land occupied by the same and used in connection therewith together with the ferry slip and approaches on the eastern side of the harbor; also the west side ferry building (so called) and the land occupied by the same and used in connection therewith together with the ferry slip and the approaches on the western side of the harbor including Rodney Wharf from Union street eastward bounded northerly by land leased to the Canadian Pacific Railway, southerly by the southern line of the street railway tracks and the low water mark of a small piece of flats adjacent to the said Rodney wharf and also all movable property used in connection with or appertaining to the said ferry.

And further resolved that His Worship the Mayor be and is hereby authorized to execute a conveyance of all the right, title, interest and property specified in the preceding paragraph of this resolution to His Majesty for the use of said commissioners so to be appointed as aforesaid, such deed, however, not to be operative until the sale of the said harbor property and the rights shall have been approved by a vote of the electors of the City of St. John as provided in the said Act of Assembly 9th Edward VII, chapter 41.

And further resolved that the consideration for the said transfer is the sum of two million dollars to be paid as provided and as set forth in section 11 of the said Act of Parliament of Canada 8-10 George V, 70.

The resolution will be submitted to the Government for approval, and will then become the basis of a plebiscite which it is proposed to submit to the people.

Dr. Baxter, the city solicitor, said the drafting of a satisfactory resolution was not an easy matter. The Act of Parliament providing for the proposed transfer, only gave a general outline of the harbor dimensions. St. John took in Lunenburg harbor, but the city had no property there except Public Landing. The proposed harbor extended from Green Head on the St. John River to points outside Partridge Island and the shores of Courtney Bay. The sides of the harbor were not defined, the limits might be high or low tide levels or the level of wharves. Possibly the city and Government might not quarrel, but it would be advisable to have a more definite undertaking—there might be a question of the control of street ends. The city solicitor said a rough survey of harbor lines should be made any way, and points fixed, this would serve as guide posts.

In reply to a question Dr. Baxter said the Government could hardly be compelled to build new wharves on the property involved in the transfer, agreement between the city and Government.

ment and the C. P. R. because the building of wharves was conditional upon votes of money by Parliament. Commissioner Thornton did not think the Government had been generous as it might have been, but he wished to see the matter go through. He seconded the motion.

Commissioner Bullock said some people were willing to give the harbor away for a bagatelle, but they were not bound to accept any offer. They had a heavy responsibility. There was a motion on the minute books demanding \$2,000,000; this had not yet been rescinded. He agreed with Dr. Baxter that they had no details for a concrete agreement.

Anybody who had followed the history of the port must admit that the city had done well with the harbor, and it might hope to do better in the future. The weak point was that the Government had no definite program for the development of the harbor. In Halifax the Government had spent millions though they had neither commission nor nationalization. A commission of control did not constitute nationalization of the port. On the west side a large part of the shore was unused; on the east side the Government could readily develop deep water berths, below the ballast wharf. Sites from Union street to Barrack Point had been deemed to the Government, but not a thing had been done to develop them.

Commissioner Bullock said the harbor was not on the market for bids from competitors; nevertheless the price was consideration, and \$2,000,000 was hardly reasonable. Colonel Ballantyne admitted St. John should receive back its actual investment at least; the government's own auditors showed St. John had put in more than \$2,000,000 in actual cash. Yet an arbitrary value arrived at somehow between Messrs. Ballantyne, Carvell and Elkin was now offered.

Colonel Ballantyne had been surprised that the bonded indebtedness did not represent St. John's whole investment. The city's books showed that. Taking the actual cash investment and other costs, the city clerical staff could not admit that \$2,000,000 was a reasonable price.

The actual investment in the harbor was \$2,008,000, and the auditors admitted that the city should have \$237,000 for loss of interest. Territorial revenues should be capitalized at \$350,000 and the fabrics at \$120,000. Mr. Gordon Scott's report showed the city's harbor properties had a value of \$2,970,572.

It was stated that the government would have to spend a lot of money to fix up the city's harbor property. Yet the government's own engineers reported that the harbor properties had been well maintained and were generally in a good state of repair. It was announced from Ottawa that it would be necessary to spend \$750,000 on the city harbor properties. The city's engineer's estimate for all repairs needed was only \$60,000. It was a wrong idea that the city only owned some tumble down wharves and sheds.

Speaking of the indefiniteness of the rates and bounds of the harbor described in the Act of Parliament, Commissioner Bullock said they did not know whether the old mill pond would be included in the transfer. The government act provided for taking over of all rights and privileges in the harbor—the fisheries and even the rent from the buildings constructed on brick casing in the Market Slip.

We have eight deep water berths, they are worth \$4,800,000, even on the bases of costs 10 years ago. In May, 1918, the Globe said if St. John harbor was properly managed it could produce a handsome revenue.

Commissioner Bullock agreed with that view. Business was coming stronger every year, this winter the prospect was that the traffic would be as good as the best war year, and possibly better.

We should not for a temporary advantage dispose of our rights in the harbor without due regard to their possible future values.

Col. Ballantyne could not see why the joint sales of the wharves should have any value. On the basis of 30 cents per square foot—the price the government sold land to the sugar refinery—the land sites under the harbor wharves are worth \$524,000, while the water areas of the slips are worth \$539,824. The city is asked to give away undeveloped areas worth \$2,000,000. The total value of land sites involved in the transfer at 30 cents a foot is \$8,422,800.

The government has already got from the city in Courtenay Bay areas of great value.

Continuing Commissioner Bullock said there was a mistake of \$300,000 against St. John in the report sent the Minister of Marine. It was not the auditor's mistake. The mistake was in the report submitted by a certain gentleman to the minister.

Commissioner Bullock declared that St. John's harbor assets were worth \$6,270,800. This was on the basis of half the valuation of Montreal's harbor properties. A sale at \$2,000,000 was not reasonable. The crucial thing was for the government to redeem its pledges to develop the sites already given it. American harbors were being developed extensively—many cases under civic regime. Quebec has shown no property since the harbor went into commission. In Halifax the government had expropriated private property for harbor terminals at high prices. Let it expropriate the city of St. John's property, but the city should not give its property away. The harbor was a trust. If there was to be any change, let it be nationalization, with assurance of a definite development policy.

Commissioner Fisher was impressed with Commissioner Bullock's presentation of the case, and thought there were strong reasons on both sides. He thought he would suggest the res-

## Give an Ingersoll

THERE'S no gift like a watch—nothing used so much, consulted so often, carried so long. The Ingersoll you give now will be ticking Christmas greetings next July—next September—and so on through the years to come.

There are fifteen different Ingersolls from which to choose, including jeweled watches and the famous Radiolites that tell time in the dark. They range in price from \$2.75 to \$13.50.

#### Gift Suggestions

- For the COLLEGE GIRL**—Saves located near the famous gift stores do a rushing business on Ingersolls. Why not give an Ingersoll? The dealer will show you several models; Write watch, "Two-In-One," the watch in the ivory-like case illustrated above, \$16.00.
- For the HOUSEKEEPER**—The Radiolite "Two-In-One" for desk, dressing table, on the piano or in the kitchen. Price \$1.75. Ingersolls are watches for the home.
- For the MAN WHO DOES HEAVY WORK**—Ingersolls are sturdy but they keep accurate time. The famous Maple Leaf at \$4.75, or the Eclipse at \$4.00 or a Radiolite. For "dress-up" a jeweled Ingersoll.
- For the BOY**—Nothing would please a boy so much as a Radiolite at \$3.50, or the Eclipse Radiolite at \$4.75. For older boys, too, a Wambury Radiolite, as illustrated.
- For the MOTORIST**—Give a Write watch, \$6.00, or any one of the Radiolite models. The Wambury Radiolite is a jeweled gift, \$6.00.
- For the SPORTSMAN**—A Radiolite Write watch, of course. The time's always in sight at a glance. Besides, it tells the time in the dark. Price \$6.00.
- For the FARMER**—A farmer needs two watches—a watch for "week" and one for "dress-up". In other words, one of the low-priced Ingersolls and a jeweled Ingersoll. He'd prefer a Radiolite.
- For the BUSINESS MAN**—The "Two-In-One" as a desk watch at \$1.75. And if he has a good pocket watch, one of the jeweled models illustrated below.
- For the TEACHER**—"Two-In-One" pictured at the top. Or the Write watch at \$6.00. Or the Midway Radiolite, \$5.50, a small watch for women.

### MOTHERS! NEVER NEGLECT WHOOPING COUGH

Many mothers make the mistake of thinking that whooping cough is not of serious importance, but unfortunately this mistake often leads to the neglect of this dangerous child's disease.

Never neglect whooping cough, for it may be followed by some serious lung trouble.

Dr. Wood's Norway Pine Syrup is highly recommended by mothers everywhere for the relief of this trouble. It will clear the clogged-up air passage of the mucous and phlegm that has collected, and in this way bring on the "whoop" which brings the so-much-sought-for relief.

Mrs. Francis Burlington, New Castle, B. C., writes:—This spring three of my children took the whooping cough, and they had it so bad I thought they would choke. I was getting pretty worried when my sister wrote me, telling me to try Dr. Wood's Norway Pine Syrup. I sent for some right away, and believe me, I will never forget how it worked. I will always have it in my house. There are many imitations of Dr. Wood's on the market. Get the genuine when you ask for it. It will pay in the end. Put up in a yellow wrapper; a glass bottle the trade mark price 50c, and 50c. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

### Let Your Dainty Things Be Your Everyday Things

You'd like to wear that daintyorgette or crepe-de-chine blouse every afternoon, wouldn't you? Well it's all a matter of knowing how to wash them properly and safely.

Lux will clean blouses beautifully, and after being washed and ironed—they will look even better than when new.

Lux will not harm any garment, however delicate or dainty, that pure water itself will not injure.

Lux is manufactured in a very special manner, and is absolutely pure; in fact, no form of soap essence can be made in a purer form.

There is no substitute for Lux. There is nothing like Lux. Lux is in a class by itself.

You can wash any garment with Lux without fear of having it spoiled. The whole secret lies in the matchless purity of the little safety Lux flakes.

Lux is on sale at all Grocers, Departmental Stores, etc.

A handy little recipe booklet, entitled, "The Care of Dainty Clothes" will be gladly sent, free of request.

## Acadia Fifteen Bests Dalhousie

### The Haligonians Are Blanketed in An Important Match at Truro Yesterday—Fluck and Lilly Score for the Victors.

Special to The Standard.  
Truro, Nov. 18.—Before a crowd of three thousand on the Truro Athletic grounds today Dalhousie College defeated Acadia College with a score of 12 to 0. The game was hotly contested, but it was soon evident that Dalhousie had the superior team and the ball was kept in Acadia's territory almost throughout the game.

The game played some days ago between Acadia and U. N. B. having been protested and the protest allowed, it will be necessary for Acadia and U. N. B. to play again at Wolfville. In case U. N. B. wins they will have a chance to play Dalhousie for the amateur championship of the maritime provinces.

A stiff breeze was blowing when the game started at two o'clock. Acadia won the kickoff. The wind favored Dalhousie and made it difficult for the Wolfville boys to kick the ball up the field. Lilly, fullback for Dalhousie, dropped a goal from the field and shortly afterwards M. Haslam, brother of the Dalhousie captain scored on a pass. Bozendale to Fluck to Haslam, and Fluck converted the goal. The first half ended nine to nothing.

When the second half began the wind had died down to half its former velocity. Dalhousie put the ball in Acadia's territory and it stayed there most of the time. Eight minutes before the game ended a series of scrums began about six feet from the Acadia line, both sides fighting desperately, and one minute before the game ended Fluck scored a touch down for Dalhousie, but was unable to convert because of the wind.

Lea Buckley, of Halifax, referred to the satisfaction of all. The game was stopped on three occasions when players were injured but no substitutes were used.

Each team was accompanied by hundreds of sympathizers and the town was gay with the gold and black of Dalhousie and the garnet and blue of Acadia. The lineup was:

Forwards.	Acadia.

## Wilde Will Meet Joe Sharkey

### In a Ten Round Bout at Milwaukee Next Month, According to a Statement from That Town.

Chicago, Nov. 18.—Jimmy Wilde, British flyweight champion, who recently arrived in New York, will make his first American appearance in the ring against Joe Sharkey, of New York, on December 6 at Milwaukee, if plans announced today by Otto Borchert, president of an athletic club of Milwaukee are carried out. Borchert said Wilde had agreed to fight before his club for \$11,000, and that Sharkey, whom he had selected to meet the British champion, had consented to make 116 pounds at 2 o'clock on the afternoon of the proposed ten round bout.

## BROCCO IN SIX DAY RACE.

New York, Nov. 18.—Maurice Brocco will be among those present in the lineup for the start of the six-day bicycle race at Madison Square Garden on November 30, the rider signing a contract to ride at a meeting of the European states in Paris yesterday. The cable announcing the signing of Brocco also stated that Oscar Egg, Swiss champion, agreed to terms.

## TO HOLD PENN RELAY CARNIVAL IN APRIL.

Philadelphia, Nov. 17.—Announcement was made today that the annual relay carnival of the University of Pennsylvania next spring will be held on Friday and Saturday, April 30 and May 1. This is one week later than these events have heretofore been run off. For 25 years they have always been held on the last Saturday in April. The change was made because some of the colleges, particularly in the northern part of the country have found the weather too cold to get their teams in condition. The announcement was made at this time in order that the colleges and schools usually participating in the relays may arrange their track schedules to fit in with the carnival dates.

## Herrmann Is Still Very Mum

### Regarding the Frazee-Ruppert-Comiskey Resolution—Special Meeting of the American League Magnates Today.

New York, Nov. 18.—A special meeting of the directors of the American League to consider the failure of the National Commission to award third place world series money to the New York Americans, has been called to meet here at noon tomorrow by the majority directors. These are Jacob Ruppert, of New York; Harry Frazee, of Boston, and Charles Comiskey, of Chicago.

The Detroit club had protested against New York's third place position, claiming that the games Carl Mays pitched should not be counted. New York was officially awarded the place at a special meeting of the directors, who adopted the resolution authorizing to pay the Yankees' players their share of the world series money.

Ruppert said that August Herrmann, chairman of the commission, formally acknowledged receipt of the resolution to Frazee, secretary of the meeting, but made no comment upon it.

## Harvard Team Ready For Yale

### Finishing Practice Games Early This Week—Meets Old Eli for Decisive Game Saturday.

Boston, Nov. 18.—Slowly the Harvard football eleven is dropping back into the grind, the culmination of which will be the big game at the Stadium in Cambridge next Saturday. Most of last week Coach Hines allowed the players who took part in the grueling Princeton game to take things easy and get thoroughly rested up before gathering up the threads once more.

There is no denying the fact that Harvard will be a different eleven at the kickoff in the Yale game from what she was at the same moment in the recent Princeton game. Harvard went through the crucible and benefited greatly by the lessons taught by the Tiger. The same time Yale has been through fire of a stinging defeat at the hands of an inferior eleven, and another administered by her old-time rival Princeton.

Nevertheless against the Tigers, Yale showed stuff which would lead one to believe that with another week in which to work the Blue will be most formidable, and the Crimson is bound to have its hands full.

## Winter Rowing Class For Harvard Oarsmen

Boston, Nov. 18.—William Haines, Harvard rowing coach, will open his indoor class for oarsmen this week. Fall rowing at Harvard was concluded in the interclass, club, dormitory and varsity regatta two weeks ago, but Coach Haines will be on hand at the Newell boathouse three afternoons a week for ambitious oarsmen out for extra winter work.

## HAWKER'S NERVE & STOMACH TONIC

has no equal as a nerve food, blood maker and invigorator. It is an excellent remedy for depression and despondency. Head what Mr. E. L. Rising, of the well known St. John firm of Waterbury and Rising, has to say: "I have used Hawker's Nerve and Stomach Tonic in my family for years, and consider it has no equal as a blood builder and appetizer. It was especially beneficial to my children after a attack of fever. Yours truly, E. L. RISING." Sold by all druggists and general stores. BOTTLED BY THE CANADIAN DRUG CO., Limited, ST. JOHN, N. B.

## ALONG THE SPORT TRAIL

Last night's wrestling match was a clean, straight bout and the best man won. The fans were satisfied, for they saw a good bout, and cheered winner and loser alike.

And now Acadia will have a look-at the Maritime Rugby championship. Dalhousie University will have an open-air skating rink this winter, and work was started today on the erection of an enclosure, which will be larger than the old Arena. The committee in charge of the rink hope to have skating on Christmas Day. Hockey games will be played in the afternoon and it is expected that the students will have several big skating parties and carnivals during the winter.

La Princeton, 2.01, will very likely go into the stud at Castleton. Calgary Earl, the son of Earl Jr., 2.01 1/2, carries a record of 2.02 3/4. A new lens of life to the public eye on Christmas Day. Hockey games will be played in the afternoon and it is expected that the students will have several big skating parties and carnivals during the winter.

Walter Cox has sold Gentry C., 2.05 1/4, and Legal W., 2.10 1/4 to A. H. Merrill for export to England. Only eight of the 42 heats raced at Phoenix were slower than 2:10.

## WRITERS SARCASTIC OVER NEW MAJOR LEAGUE TALK

### Say Ban Johnson Will be Crowned Czar of Baseball, But Crowning Will be Done With a Baseball Bat.

New York, Nov. 18.—Interest in the "third major league" which had been flagging for the past day or so has taken a new lease of life in the public prints of this city. Sport writers, mulling over the "baseball war" between Ban Johnson and the New York Chicago and Boston magnates, again are toying with the novel idea of the latest "new international" the Canadian and of this "phantom circuit" is not being stressed, but it still remains as the substantial background of the picture. Lack of a statement from Commissioner Ross of Montreal, whom the first story of the new league mentioned as sponsor for a Montreal club in the league, is one thing that mars the surface of the gossip pool, but this need be no serious handicap when it is realized that the Commissioner's non-oy talks quite as freely as his horses.

Commenting on the organized baseball squabbles, James P. Simec, sporting editor of the Evening Mail says: "Garry Herrmann does not think that there is much danger of a baseball war over the whole in the American League between Co'nell, Ruppert, Harry Frazee, Charles Comiskey and Ban Johnson. Garry thinks that the failure of the Federal League will prove sufficient warning against any attempt to start a third major league circuit."

Vincent Trecator in the Evening World says: "The public is good and sick of the squabbling among the baseball magnates. They wish they put their house in order and quit the incessant wrangling that they have been engaged in for years. "If the powers that be really care to re-establish the sport on a sound basis they had better reorganize their commission, pay off the kiddies, their third money they are entitled to, and let the teams on the ball field do all the talking."

Bozeman Bulger in the same paper says that if the members of the National Commission do not recognize the Kiddies' rights to their money, they will be in a pickle, because they have already paid the Cleveland club "second money," and may have to get it back because, if the Yank victory was illegal, then the championship of the White Sox can be questioned. Apologizing for Johnson The Evening Sun which is the chief supporter of and apologist for Johnson says: "Johnson has realized all along that Herrmann would have to be supplanted, and he is ready to accept another chairman, providing the candidate possesses the necessary qualifications and is strictly neutral. A person who has the endorsement of a majority of the American and National League clubs will succeed Herrmann, but nobody also can be forced into the chairmanship as a result of partisan politics."

The Evening Telegram says: "Now that Colonel Ruppert assuredly will vote against Johnson and Herrmann at the next league meeting and will put forth every effort to muster support against them, it seems a certainty that Herrmann's days as head of the National Commission are numbered."

## Pestering Old Man

"Several other false rumors floated through the baseball rattle yesterday. A story that Colonel Jacob Ruppert had hired Carnegie Hall and issued a challenge to Johnson for a debate on their respective social standings could not be verified. Neither could the

## Local Bowling Results Yesterday

### On Y. M. C. I. Alleys Swans Won from Falcons—Emerson & Fisher Took Three Points in Commercial—Rambler Defeated Nationals Three to One.

New Haven, Nov. 17.—"Poor football." This was opinion expressed today by Yale graduates in summing up the defeat of Capt. Callahan's team by the Tigers. Yale made no excuse for her defeat and frankly admitted that Princeton deserved to win.

The graduates put the defeat squarely up to the coaches and not to the players. In this discussion the record of the Yale freshmen team, which has been defeated even by High School teams, was not overlooked. Yale has never had such freshman material and likewise never such a record by a freshman team as this year's eleven.

The one question that now confronts Yale is: Can this team be made over in a week's time and whip Harvard? Have we any chances? This was asked a thousand times today. No one is ready to concede the game to Harvard. There is too much good material here in this team to admit that it cannot do better next Saturday than the team did yesterday, but whether the team can be made over in a few days' time and win from the Crimson is a question that very few want to hazard a guess on.

One thing is certain, and this is that Yale money will be scarce unless the Crimson gets up courage and offers some attractive odds. Yale lost heavily yesterday, and in every case gave the odds. The Tigers simply cleaned up a wagon load of change. Many of the undergraduates will be too poor to even get to Cambridge and back.

The Emerson & Fisher team in the Commercial League defeated the Post Office five on Black's Alleys last night by a score of three points to one. The individual scores follow:

Post Office.

Some Canadian Political Topics

Liberal Party in Quebec Plans to Defeat Farmers' Movement - Mr. Lapointe in Role of Elisha - Newfoundland Elections - Liberal Uneasiness.

Politics in Quebec. (London Free Press.) Liberal party plans in Quebec have for their object the destruction of the movement in that province. The Quebec Liberals have been prompted to recent danger. One of them tells us that Sir William Hearst was defeated in Ontario because his Government was "naughty," and that the farmers cannot succeed in Quebec for the reason that Sir William Hearst was a far-seeing administrator. It is evident that the policy of keeping Quebec in a position of estrangement from the rest of the province is to be followed by these Liberals, and that they will not brook interference from farmers or any other organization.

Le Soliel, the organ of the Liberal party in Quebec, in an editorial on "The New Government of Ontario" betrays some nervousness over the ascendancy of the United Farmers, while protesting in anxiety lest "experience in politics" may lead the new party to make a false step, or "attempt too much at the outset," which may result in the farmers losing all the ground they have gained. Hence: "Perhaps it would have been better if the United Farmers had allied themselves with the strongest of the two political groups actually elected to the Legislature in order to profit by the experience of a certain number of politicians trained in public affairs." (The Liberals have a narrow majority over the Conservatives.)

Le Soliel concludes: "The farmers of Quebec, who have commenced to organize, will watch with interest the developments as they take place in Ontario during the next two or three years. They will evidently profit by their neighbors' experience. But for our part, we believe the farmers will serve us best if they ally themselves with the Liberals. It is a Government, and not a party, which should have the duty of directing the course of the country." (The Liberals have a narrow majority over the Conservatives.)

Mr. Ernest Lapointe. In the excitement of the moment caused by the wonderful success of the United Farmers' movement, not only in the provincial elections in Ontario, but also in the Federal by-elections, we are apt to lose sight of another important fact in the history of Canada, that is the election by an overwhelming majority of Mr. Ernest Lapointe in the Federal by-election in St. John's. This old constituency, although Mr. Mackenzie King is the leader of the Liberal

MAKING A MATCH. He stepped up on the rear platform of a trolley car with a new pair of mittens and a pair of gloves. He had to remove them to light his cigar, and one of them fell to the street without his noticing it. When he got ready to put on his gloves again, one of them was not there. He pondered for a moment and then threw the other glove into the street. "Why did you do that?" he was asked.

**IS RECOVERING.**  
Police Officer William Stinson, who was shot in the arm, while attempting to arrest two bootleggers on the Manawagonish Road, is recovering as rapidly as can be expected.

**ARRESTED AT DEPOT.**  
Kerelov Millershe, who had been loading around the depot for some time yesterday and was acting in a suspicious manner, was arrested by C. N. R. Policeman Roberts last night and taken to the police station.

**COMES FOR PRISONER.**  
J. Holland, C. N. R. policeman of Sackville, arrived in the city last evening to take charge of F. C. Mantorn, who was arrested Monday night on a charge of obtaining goods under false pretences at Port Elgin.

**AN ARREST EXPECTED.**  
Detective Sgt. John Power and Detective William Biddiscombe left yesterday for St. George, where it is expected they will make an arrest in connection with the recent shooting matter in Fairville.

**FLYING MACHINE COMING.**  
There is a prospect that St. John people may see an aeroplane flying over the city this week. The Atlantic Leader, of Halifax, is devoting much space in this week's issue to St. John and its industries, and a proposal has been made that an aeroplane shall fly to St. John with this special edition. Last week the paper was sent by plane through different parts of Nova Scotia.

**A. Y. P. A. OF ST. MARY'S.**  
At a well-attended meeting of the A. Y. P. A. of St. Mary's Church last evening an interesting and instructive address on the prevention of tuber olosis was given by Dr. H. L. Abramson. It was announced that the next meeting will take the form of a debate, the subject being, "Resolved, that men have more influence in the world for good than women." Captains have been chosen for both sides and much interest is being taken in preparing strong arguments.

**REGENT WELCOMED BACK.**  
A special meeting of the Royal Standard Chapter, I. O. D. E., was held last evening in the Chanter rooms, Orange Hall, Germain street. The regent, Mrs. E. Atherton Smith was cordially welcomed back after her summer's sojourn in St. Andrews. The meeting was occupied with plans for the annual sale which is to take place shortly in the Orange Lodge rooms and the Chanter rooms adjoining. Reports from the various committees were heard, and all stated that members were working hard on the fancy articles, dolls and baby clothes which will be for sale. Afternoon tea will be served.

**W. C. T. U. REGULAR WEEKLY MEETING.**  
Members Spoke of Encouragement for the Work by Sermons Preached on Temperance — Excellent Reports Received.  
The regular weekly meeting of the W. C. T. U. took place yesterday afternoon, Mrs. David Hipwell presiding. Mrs. W. H. Humphrey led in prayer, others following. A collection was taken for flowers.  
Two members spoke of the great encouragement it was for the work that two of the city's clergymen, Canon Armstrong and Rev. David Hutchinson had preached strong sermons last Sunday on "Temperance." The forward movement was referred to and it was felt by some present that the world was more than ever on pleasure bent. An account of the splendid talk given by Francis Jones of the Overseas Club before the Women's Canadian Club was given by a member, and the lesson of carrying on the work of re-construction and lifting up to the standard of Empire was pointed out.  
The year books of the W. C. T. U. were received and distributed among members.  
Mrs. Hipwell spoke on the coming to this country of immigrant girls and urged all W. C. T. U. members to do their best for them in every possible way.  
Mrs. J. L. Davis sent in a good report of her hospital work, and Mrs. Seymour asked that help should be sent several sick members.  
Mrs. Hipwell and Mrs. R. D. Christie were asked to visit the Reconstruction Hospital, Lancaster for the coming week. After a discussion regarding the quarterly meeting to take place shortly, the meeting closed with the Bishop benediction.

**BUSINESS MEN DECIDED TO ORGANIZE COMMERCIAL CLUB**

Interesting Meeting Held Last Night—Object is to Help All Good Causes Calculated to Promote Welfare of City—Number of Stirring Addresses Delivered and Large Number Become Charter Members.

As a result of the new feeling of optimism which has succeeded the war reaction in St. John a meeting of representative business men of the city, mostly of the younger generation, decided last evening to organize a Commercial Club having for its object the helping of all good causes calculated to promote the welfare of the city. The new club was started in the headquarters of the Victory Loan Committee, a fitting place for its birth, for the manner in which the city has gone over the top in the Loan Campaign has been largely responsible for the new feeling of optimism. The Commercial Club will make it its purpose to capitalize the enthusiasm, loyalty and energy developed by the new assurance that the city can do anything it is called upon to do, and it will organize and direct the new enthusiasm, so as to get the results necessary to place St. John where it properly belongs.

S. E. Elkin, M. P., presided at the meeting and T. E. Simpson was appointed secretary.

R. J. Paterson briefly explained the objects of the gathering, spoke of the prosperity of the city as indicated by its subscription to the Victory Loan, and gave a number of interesting reasons why the promoters of the meeting considered the time was opportune for a well considered movement to boost the city, and its interests.

A letter was read from A. E. Schofield, approving the object of the meeting, and urging the business men of the city to get together and help in the creation of a stronger community spirit and more united effort for the city's wellbeing. Mr. Schofield deprecated the attitude of newspapers which spoke in a disparaging tone of St. John, and conveyed the impression that it was standing still, and making no effort to improve its position.

H. P. Robinson spoke briefly, describing the inception of the movement, and urging the business men and all interested in community welfare to get behind the movement and give it their best efforts. Following the war there may have been some lack of confidence, but there was no justification for any doubts about the future of St. John. Its position was assured, and its future was bright with promise.

C. H. Peters spoke of the advisability of a get-together movement, and expressed the opinion that St. John was due for a forward movement of considerable proportions.

Dr. Baxter suggested that one of the city's needs was a building offering accommodation for public gatherings and clubs committed to community of effort. He said that one of the objects of the Club should be to fill this long felt want, if they had to solicit public subscriptions to erect a suitable building.

F. T. Lewis moved, seconded by T. E. Simpson, that this meeting be in agreement with the idea of forming a Commercial Club to boost the town, and this was carried unanimously. About eight men at once handed in their applications for memberships, and each undertook to bring a new member to the next meeting which will be held next Tuesday.

R. H. Bruce spoke of the housing question, and the importance of good housing accommodation in attracting new citizens and retaining the young men.

Stanley Elkin said the motto of the Club should be loyalty to the Loyalist City, and that if they went to work in that spirit they could do much to build up the city.

The following were appointed a committee to draw up a constitution: W. S. Allison, R. D. Paterson, W. J. Mahoney, L. A. Keith and H. P. Robinson.

A nominating committee was named as follows: R. H. Bruce, J. A. Tilton, J. P. Brittain, L. J. Siedenticker, and Geo. L. Warwick.

The secretary was instructed to write to W. A. Major of Halifax asking him to address the club at some date in the future.

The following are the charter members: S. E. Elkin, J. B. M. Baxter, H. H. Scott, S. K. Smith, R. D. Paterson, J. R. Thomson, J. C. Chesley, P. D. McAvity, J. T. Drummond, H. P. Robinson, G. P. **Board of Health Special Meeting**

Discussion Yesterday on Local Milk Supply and Methods of Increasing the Quality Now Offered—Resolution Formed and Adopted.

A special meeting of the Board of Health was held yesterday afternoon to discuss the local milk supply, and methods of increasing the quality of the commodity now offered the public. John Kelly presided, and there were also present the chief provincial medical officer, Dr. G. G. Melvin; the district health officer, Dr. J. S. L. Brown; the local inspectors of food and dairies, Dr. Fred Johnston; Dr. H. L. Abramson, Mrs. R. J. Hooper, George Blake, W. H. Goulding, Dr. L. M. Curran and T. M. Burns.

Dr. Abramson, who has made tests of the various specimens of milk from local vendors, which has been taken by the milk inspector, said that the bacteria count in every sample was high and showed a poor condition of affairs. He did not think that the educational campaign conducted by the District Board of Health has been very successful. The inspection of milk should be taken from the direction of the producers, he thought, and the condition of milk controlled at a central point under the direction of the Health Board.

Dr. Johnston said that few if any of the producers followed the regulations of the Health Board consistently. He advocated a pasteurizing plant. Dr. Melvin stated that the pasteurizing method was introduced in St. John three years ago. As a purifying method it is a last resort, he thought, and did not approve of pasteurizing the superior grade of milk that some dealers produce. He thought that the inferior milk, registering from 5,000,000 to 27,000,000 bacteria per cubic centimetre, which is now coming to the city, would not be allowed for sale. On the other hand, a pasteurizing plant might easily become the royal road for impure milk.

Dr. Curran favored a bonus system for the producers followed the regulations of the Health Board consistently. He thought that such a plant would cost \$35,000.

Following a considerable discussion along these lines, Dr. Melvin suggested that a resolution be formed, with the proviso that milk 24 hours old or less, which produces a bacteria count of more than a million per c. c. on three consecutive tests, from a source ranking over 60 p. c. c. in the health inspector's report, should be prohibited from the sale in the city, but that milk 48 hours old, under the same condition, should not be banned unless it shows a count of two million bacteria per c. c.

This resolution was formed and adopted. Dr. Curran being the stager of the resolution.

Dr. Mabel Hainington, health officer for the city schools, asked the Board for the services of a stenographer on each Friday.

The report on the health condition at Navy Island was presented by Dr. Brown. This matter, which has been already reported in The Standard, was fully discussed, and a communication sent to the city authorities requesting that they do not lease any more buildings on Navy Island and that no per-sons, unless abodes be allowed thereon hereafter.

**SENSATIONAL LIQUOR RAID WAS MADE BY INSPECTORS YESTERDAY**

Premises of William Webber, 71 Orange Street, Raided and About \$20,000 Worth of Booze Gathered in by Inspectors McAlinh and Kerr — Four Team Loads Along With Devices for Bottling, Corking, Etc.

All through the long, wet, weary hours last night the trip from the government rooms, Prince William street, kept watch over what is considered to be the finest assortment of intoxicants that has ever graced that building.

The collection of concoctions was secured yesterday forenoon, when two officers raided the premises of William Webber, 71 Orange street, making the call about 11.30 and finding the owner absent, but the wet goods very much in evidence.

Trucks were called into service and after four had made the trip from the Orange street house to the Prince William street office, there was gathered there the following collection:  
700 bottles of whiskey.  
Three cases of rum.  
Two cases of whiskey.  
One case of alcohol.  
33 jars, jugs and demi-Johns of Italian and French wines.  
One case of wine.  
3 three-gallon jars of cherry wine.  
3 three-gallon jars of port wine.  
One jar of gin.  
8 one-gallon jars of alcohol.  
9 one-gallon cans of alcohol.  
One jar of burnt sugar for coloring liquors.  
Half barrel of bottle corks.  
One box of bottle capsules.  
One corking machine.  
One sealing apparatus.  
Two funnels.  
Several feet of rubber tubing.  
The whole makes an appearance like a stock-taking day in a saloon of the old, bad, prohibition days and there were many hungry eyes and thirsty throats in evidence when the seized goods were being taken into their close confinement.

Inspector McAlinh said last night that the raid was primarily the result of the disclosure made by Webber on Monday night, when he was arrested on a train about to leave the city by Inspector Merryfield. The prohibition authorities, however, had been informed regarding this amount of intoxicants for some time and were just waiting for a chance to call a "show down."

William Webber did not make his appearance in court yesterday morning when his case of having liquor on the train was called, and that one of the reasons why the seizure was made so early in the day, for the authorities feared that the condemning evidence would be removed before they could secure it.

When they arrived at the house it took but a brief search to find the entire stock, filling two cellars, and crowded onto shelves, cases and stands, a veritable wine cellar.

It is estimated, according to the prices that are being currently charged for intoxicants at retail, that this seizure would amount to more than \$20,000, making by far the greatest haul that the prohibition authorities have made since the law came into force.

Webber is now out on a \$200 deposit. His case was postponed until November 26. It is expected he will be formally charged on this second case with having liquor illegally in his possession. Chief Inspector Wilson is coming from Fredericton to take charge of the case.

It is estimated that with the bottled liquor, and that found in cases, and jugs, the quantity will reach nearly 1,500 quarts.

Webber is a prominent citizen and proprietor of the New Brunswick overall and pants company, establishment at 238 Princess street. Webber has also been proprietor of the King Square Sales Co., who conducted the men's clothing store on the corner of King square and Charlotte street.

**LUNATIC AT LARGE.**  
Frank Pierce, a patient who escaped from the Provincial Hospital, was captured by Policeman Thomas yesterday morning, but not until he had caused considerable damage. He broke a plate glass door window in the store of T. McAvity & Sons, Ltd.; also windows in George Worrall's store, Haymarket Square; Gilbert's second-hand store, Mill street and Williams' second-hand store, Dock street. Pierce was taken back to the Asylum.

**CLAIM FOR DAMAGES.**  
Damages are claimed against the city by the N. B. Contracting and Building Co. Ltd. for loss of money in connection with trenching operations. It is alleged that delay of the water and sewerage department in laying pipe caused additional excavation on account of cave-ins, etc.; further, that the work was held up. The amount involved is said to be \$1,500.
