ORDER 42 PINE LAWN HOUSE ROOFS RELAI

TECH SCHOOL'S MANAGEMENT IS SUPPORTED

Joint Meeting of Board and Advisory Body Indorse Institution.

FILLS NECESSARY DEMAND
Conference Finds School Compares Economically With Any in Ontario.

As a direct answer to Mayor Cameron Wilson, Jared Vining, chairman of the public utilities commission, and the majority of the members of the city council who have criticized from time to time the maintenance of the London Technical and Art School, the members of the board of education at a joint private conference Thursday night with the advisory vocational committee, placed themselves on record as "being entirely satisfied that the Technical School is being conducted by Principal Beal in an efficient and economical manner, and is filling a necessary educational demand in London."

The trustees gathered at the Technical School, where H. B. Beal, principal, submitted, as requested, an extensive and exhaustive report of the institution's activities from Sept. 1 to date, covering every phase of the school's work and organization.

After a full discussion and a careful consideration of the report the trustees adopted the following resolution: "The recommendation of the principal that the fees charged for evening classes in wood carving, art, automobile mechanics, and afternoon classes in millinery, dressmaking and embroidery shall pay for the cost of these classes is adopted, which will considerably reduce the cost of evening classes. That the conference places itself on record as being satisfied that the Technical High School is being conducted in an efficient and economical manner, and is filling a very necessary educational demand in the city, and that the conference places itself on record as being satisfied that the Technical High School building will be more than taxed to accommodate the Technical and Commercial High School students, and that we regret that the board of education cannot look to this building to help in solving the problem of other secondary school accommodation."

The report revealed the fact that during the present school year, the enrollment in full-time Technical and Commercial High School classes was 661, and that 1,833 students attended the evening classes, making a total enrollment for day and evening classes of 2,494, deducting 51 Technical day students attending evening classes for special reasons, the number of individuals attending the school for the year was 2,443, no student counted twice.

During the year considerable space in the school intended for practical work has been taken over to accommodate the increased enrollment in day classes and preparations are being made to use additional space for room for classroom purposes for the year opening September next. In this way the committee expects to accommodate 700 full-time day secondary school students in September.

The cost of education for county pupils attending the Technical High School is charged to the counties.

Report Pleaded.
Members of the board, as well as the vocational committee state that the report dispelled any impression that the school was not largely attended, as during the year it had.

The Weather

FORECASTS.

Moderate northeast and east winds; fair today and on Saturday; not quite so warm.

The energetic disturbance which was in Dakota yesterday is now centered in Manitoba, and pressure is rising over the Pacific States and in far Northeastern Ontario.

Rain has been general again over Saskatchewan and Manitoba, and very heavy in many localities.

Elsewhere in the Dominion, with the exception of a few light scattered showers, the weather has been fair.

Temperatures.
The highest and lowest temperatures during the 24 hours previous to 8 a.m. today were:

High.	Low.
Victoria .. 53	44
Calgary .. 52	36
Winnipeg .. 52	32
St. Arthur .. 58	44
London .. 52	40
Quebec .. 54	42
Montreal .. 52	42
Ottawa .. 54	42
St. John .. 46	40
St. John .. 46	40
Halifax .. 48	38

LOCAL TEMPERATURES.
The highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night were: Highest, 52; lowest, 42.

The official temperatures for the 12 hours previous to 8 a.m. today were: Highest, 52; lowest, 42.

Barometric Readings.
Thursday—3 p.m., 29.15.
Today—8 a.m., 29.14.

Police Get Stolen Goods Worth \$5,000

THINK FIND WILL CLEAR UP PORT STANLEY THEFTS

Young Londoner Disappears Following Discovery of Plunder by Detectives.

HIDDEN IN ASHES

Articles Includes All Kinds of Auto Accessories and Other Goods.

BULLETIN.
Mrs. Fred Lawson identified part of the property recovered by the police as articles stolen from her summer cottage at Port Stanley, this spring.

Twenty-three large automobile tires and a quantity of household goods, fur coats and other goods, valued at \$5,000, stolen from automobiles and residences, were recovered Friday afternoon by Inspector Nickle and Detectives Bolton and Egleton.

The young man who the police believe is responsible for all the thefts left the city Saturday night. At 3 o'clock today the detectives refused to give his name or to say where the property was recovered. It is believed that with the recovery of the goods Port Stanley cottagers will recover many of the articles that have been stolen from their property during the winter months.

"The young chap comes from a respectable family," stated Detective Nickle. "I am not prepared to say anything more at the present." It took a motor truck to haul the three big packing cases in which the goods had been hidden behind a pile of ashes could be easily seen, as the covers were covered with dirt and ashes.

The man had everything for a car "except the engine," carburetors, in the city, and that considering the enrollment for the present year, and the prospects for September next, we are of the opinion that the accommodation of the Technical High School building will be more than taxed to accommodate the Technical and Commercial High School students, and that we regret that the board of education cannot look to this building to help in solving the problem of other secondary school accommodation."

A piano stool was yanked out by Detective Bolton, followed by pillow slips, towels, blankets, spoons, rubber mats, scarfs, furs, sheets and clothes hangers.

A club bag and much fancy work were found in the bottom of the first box opened. "There's my auto rug that I had stolen a month ago," remarked A. T. McMahon, who had dropped into the police station to pay a fine for infringement of the motor vehicle act.

In discovering the goods, the police believe they have discovered the identity of one of the worst sneak thieves that has ever operated in London.

Because he had a good job, and came from a respectable family, he was never suspected of any crooked dealings, the police say.

Report Pleaded.
Members of the board, as well as the vocational committee state that the report dispelled any impression that the school was not largely attended, as during the year it had.

Vault of Federal Finance DEPARTMENT SMOKE-FILLED

Ottawa Firemen Find Back Draft From Incinerator Caused Alarm.

BULLETIN.
Ottawa, May 12.—The budget will be brought down on Tuesday, May 23, Hon. W. S. Fielding announced this afternoon.

Ottawa, May 12.—Dense smoke issuing from one of the windows of an underground vault beneath the finance department on the eastern side of the east block parliament buildings caused a private alarm.

The alarm was sent to the fire department last night. On responding, it was found that a back draft from Stations 8, 1 and 2 draft from an incinerator in which papers were being burned had filled the vault with smoke.

It was difficult, however, for the fire fighters to ascertain exactly what was happening, but by the use of one stream of water the fire in the furnace was put out.

The inspector states that he intends to turn the vault over to the Salvation Army authorities on the American side of the boundary.

The Minnesota girl was of prepossessing manner stylishly dressed and generally neat in appearance.

Not cast aside all of his primitive instincts. Nature calls and he answers. The rich loam holds a hidden lure which he cannot resist.

But the would-be agriculturalist finds that there is many a slip between the seed and the fruit of his labor. In the first place, there is the omnipresent burdock and thistle. Even before the tiniest sprout of lettuce or radish has made its appearance, the thistle and the burdock have shoved their unwelcome head above terra firma.

In the second place there are the neighbors' chickens, who shun the weeds of the fields, but who, as soon as the tender edible sprouts make their appearance, proceed to peck

Lo! In That Hour of Misery, a Lady With a Lamp I See!

BY T. ROY McLEOD.

"THEIR Name Liveth Forever More."

Such are the words of Rudyard Kipling, which have been selected as the inscription for the little stone cross erected over each grave of nursing sisters and soldiers of the British army who laid down their lives in the great war. And today, which is May 12, those who uphold the ethics of the nursing profession proudly add Kipling's tribute to the name of Florence Nightingale, the first nurse attached to the British army, whose 102nd birthday anniversary falls on this date.

Eighty years ago a nurse was a drudge. In fact, she was a so-called "ward maid," whose social standing was that of a scrubwoman. Into this environment, with no thought of personal comfort, Florence Nightingale, member of a distinguished English family, voluntarily placed herself.

To be of service to others was her motive, but this laudable thought was not entertained by her friends and relatives, who were greatly shocked when she began nursing the sick.

It was Florence Nightingale who founded the noble nursing profession as it is known today, and was demonstrated in the story by her writings on the subject are still used as textbooks, which shows how clearly she is identified with the fundamentals in her field.

The Crimean war gave Florence Nightingale her opportunity. At the first time in history, women nurses were attached to the British army with her at their head. The soldiers loved her for her indefatigable devotion to duty in saving their lives, and those of their comrades. It was this devotion which won her the name of "The Lady of the Lamp," going through the long hours of the night.

Longfellow wrote a famous poem under this title.

Nursing has advanced greatly since Florence Nightingale's day, but the principles laid down by her are still the basis of the profession.

To Londoners, evidence of these principles, religiously carried out by Canadian women, is found in the bronze tablets which stand just within the main entrance to Victoria Hospital, as a memorial to graduate nurses of that institution who made the supreme sacrifice for others in the world war.

There are four names on the tablet. Those of Nursing Sister Agnes McDonald, Nursing Sister Henrietta Mellett, Nursing Sister Katherine M. MacDonald, and Nursing Sister Dorothy M. Y. Baldwin.

Miss Baldwin, who was beloved by

FLORENCE NIGHTINGALE, THE LAMP THAT MADE HER FAMOUS, VERSE OF LONGFELLOW'S POEM DEDICATED TO HER, AND VIEWS SHOWING THE VARIED WORK OF LONDON NURSES.

her associates, was the victim of "kultur," being fatally wounded when the Huns bombed No. 3 Canadian Stationary Hospital at Doullens, which was executed by the Germans in Brussels. The story of Miss Cavell's heroism is familiar to every household, and like Florence Nightingale and her sisters in the profession, her name will live forever.

Since "The Lady of the Lamp's" death the nursing profession has become more and more specialized, and the training more rigorous as standards have been raised. In these days nurses are to be found not only in

sick-rooms, but in public health service, in industrial work, in laboratories, in schools, in operating theatres; everywhere, in fact, that offers a place to save life and relieve suffering.

In London, a band of young women organized during the war to help others, and took for their name the Nightingale Club. The good work of these young women is being continued here in perpetuation of the ideals inculcated into womanhood at vital wards during the long hours of the night.

May 12 probably always will be observed as the birthday anniversary of Florence Nightingale.

As a coincidence with the birthday date of "The Lady of the Lamp," a dispatch from overseas announces that King George this week laid a wreath on the spot where Edith Cavell was executed by the Germans.

And wherever there are nurses, May 12 probably always will be observed as the birthday anniversary of Florence Nightingale.

TO ESCORT LAURA OLSEN TO BORDER

Immigration Inspector Reynolds Arrives To Take Girl From City Jail.

Laura Olsen, alias Helen Harris, 19 years old, left London Friday morning for Detroit in charge of D. H. Reynolds, federal inspector of immigration, who arrived in the city the same morning with the necessary documents for her deportation.

Laura was arrested about a month ago and was charged by the police with associating for immoral purposes with Chinese.

The immigration officials, during their investigation learned, they say, that Laura was born in St. Ansgar, Iowa, but did not arrive in Canada until December, 1921. They claim that she was brought into the country by a Toronto Jew, for whom a warrant has been issued, charging him with "child slavery."

The girl's parents live in Osten, Minnesota, and although informed by the local police of their daughter's plight, refused absolutely to take her home, claiming that she was of legal age and quite capable of taking care of herself.

The inspector states that he intends to turn the vault over to the Salvation Army authorities on the American side of the boundary.

The Minnesota girl was of prepossessing manner stylishly dressed and generally neat in appearance.

Not cast aside all of his primitive instincts. Nature calls and he answers. The rich loam holds a hidden lure which he cannot resist.

But the would-be agriculturalist finds that there is many a slip between the seed and the fruit of his labor. In the first place, there is the omnipresent burdock and thistle. "Uncle Bill's" Pet Parrot Deserts Him

For Glimpse of London's Night Life

Bill Moore's pretty lady love known to all friends of Bill's as "Pretty Polly," got tired of her quarters on Thursday night and determined to investigate "London by night."

Polly ambled up and down the main streets and screamed threats at all and sundry who endeavored to put a pinch of salt on her tail.

It was the favorite occupation of habits of all-night cafes to round up the elusive lady, who being wise in her generation finally wended her way in the direction of the police station, where she knew she would find protection from the night hawks.

However, Polly overstepped the mark, and ended up in a hallway close to the Carling street jumping

21-YEAR-OLD WIFE COMMITS SUICIDE

Mrs. Helen Hutchinson, Coroner Thinks, Took Life With Gas Deliberately.

Forcing an entry into a room in an attempt to locate the source of a strong odor of gas at 557 Talbot street, neighbors were horrified to find the dead body of Mrs. Helen Hutchinson, 21 years old, on a couch, and in an adjoining room, not 20 feet away, a gas plate, with two of the burners open.

The young wife, according to her husband, was in good spirits when she kissed him good-bye as he left for his work at the Dominion Express Company, about 11 o'clock Thursday night.

They had visited his father, Mr. Hutchinson, on Argyle street, West London, during the evening, and after taking his wife home, Mr. Hutchinson left for work. The windows were left open owing to the heat, but when neighbors tried to gain entry to the house about 7 o'clock Friday morning each window was securely locked.

Dr. John S. Schram and Coroner Ferguson were called. After investigating, the coroner stated that he believed it to be a case of suicide, but no motive could be found for the tragedy.

The body was removed to N. J. Griffith's undertaking parlors, 104 Dundas street.

SELL \$137,587,956 BONDS.

Toronto, May 12.—Sales of Canadian bonds in April totalled \$137,587,956, according to the Monetary Times estimates. This includes the Dominion loan of \$100,000,000.

KAISER ACQUIRES RELIGIOUS MANIA

Amsterdam, May 12.—Former Emperor William's devotion to religion has progressed to the point of mania, Admiral von Tirpitz, former minister of the German navy, is reported to have told a friend recently.

The German ex-kaiser is described as spending the greater part of each day in reading the Scriptures, commentaries, sermons and other religious books and in prayer. His physical health appears to be good, but the members of his entourage at Doorn regard his mental state with some anxiety.

GANDHI'S SON'S ARRESTED AGAIN

Bombay, May 12.—Dewadas Gandhi, son of Mohandas Gandhi, now serving a prison sentence, was arrested at Allahabad, it was learned here today. Hundit Ramadhami, president of the All-India congress committee, and Hardoi Chotela Lashiram, secretary of the Indore congress committee, also were arrested.

TWO PORTUGUESE FLIERS PICKED UP

Pernambuco, Brazil, May 12.—The Portuguese trans-Atlantic aviators, Captains Coutinho and Sacadura, are safe aboard the British steamship Paris City, says a wireless message from the Portuguese cruiser Republica. The fliers, who had not been heard from since they left the island Fernando Noronha at 4 o'clock yesterday morning, were picked up by the Paris City at 2:45 o'clock yesterday afternoon.

Several damage claims are to be entered by the housing commission against persons who purchased houses on Pine Lawn, did not meet their payments, and caused considerable damage to the houses.

"We have got rid of all these troublemakers," said the city clerk, "and most of the houses have been resold. We have now a fine, contented lot of people living in these houses. Those who were dissatisfied and were not paying up have all been ousted, and their houses handed over to other people," he added.

DECLARES NAVAL EXPENSE DOUBLED

London, May 12.—(Canadian Press Cable).—Col. Sir R. H. Rhodes, New Zealand minister of defence, when interviewed yesterday regarding the statement of Lord Lee, first lord of the admiralty, that the dominions were tardy in the matter of navy construction, stated, cables Reuters' Wellington correspondent, that New Zealand's expenditure under the heading of naval defence had been doubled since the declaration of war in 1914. He added that no application had been received from the admiralty since the Washington conference on the basis of a readjusted proportion. Such application when received, he said, would be sure of sympathetic consideration.

BLOW UP COAL MINE IN PENNSYLVANIA TOWNSHIP

Believed Strike Sympathizers Are Responsible For Destruction Of Petroleum Property.

Pittsburg, Pa., May 12.—The Petroleum Mine in Pennsylvania Township, near here, was blown up early today by a heavy charge of dynamite which threw stones so far that the farmhouse of George Wessel, almost a quarter of a mile away, was damaged. Sheriff Woodside, with a big force of deputies, left Pittsburg shortly after 9 a.m. for the mine, where it was reported, a body of coal strike sympathizers had collected.

Ten minutes after the deputies left Pittsburg, Peterman said over the telephone from his home in Oakmont, Pa., that the men who had attacked his place were hastening in automobiles completely destroyed it. They then disappeared, only to gather again, he said. No one was hurt by the explosion.

King George Visits Graves of Canadian Heroes With Kipling

LONDON, England, May 12.—(Canadian Press Cable).—His Majesty King George, in the course of his tour among the war graves yesterday, met Hon. P. C. Larkin, Canadian high commissioner, and Rudyard Kipling at Vlamertinghe Military Cemetery. The whole party reverently inspected the graves of many Canadians in the neighborhood.

King George tomorrow will place wreaths on the graves of British heroes who fell in the northern sector of France.

FLOOD CUTS OFF SUPPLIES FROM STRICKEN AREA

Manitoba Residents Flee As River Continues To Rise.

DYNAMITE HIGHWAYS

Situation Exceeds Disaster of Twenty-Four Years Ago.

Special to London Advertiser.

Winnipeg, May 12.—Thousands of cattle driven from flooded settlements west of the Assiniboia River, are in danger today of dying of starvation, as there is no food available for them, and no means whereby supplies can be rushed into the district.

There is but little grass as yet, and hay feed has been swept away by the terrific downpour of rain all this week. For miles along the river the country, and for distances of from three to six miles on either side, the country presents the appearance of a vast lake.

The situation is worse than the floods of 24 years ago. With a further rise of the river during the night, the situation again assumes serious proportions. The river is now reported to be overflowing its banks at Headingley, 12 miles west of here, at Reburn, 35 miles west of here, several feet under water, while the Hurteries are fleeing to the hilly land from Iberville, as the latter will be flooded within ten hours under present conditions.

At Pidgeon Lake, 25 miles west of here, the rushing waters have finally broke down the dykes, flooding the country for many miles around. Highways have been dynamited at strategic points to allow freer passage.

COMMISSION TO SERVE NOTICES IMMEDIATELY

Sequel to Advertiser Exposure Is Orders To Contractors.

PATCHING JOB FAILS

Firm Must Live Absolutely Up To Contract Specifications.

Building Inspector A. M. Piper will order the roofs of the 42 Pine Lawn houses of the housing commission relaid.

Mr. Piper is acting on instructions from the housing commission, and is now preparing to serve notice on the general contractors, Messrs. Hayman and Willis, that the roofs must be relaid.

J. W. Cunliffe, who is managing the affairs of the commission, is responsible for bringing matters to a head once again in regard to the Pine Lawn roofs.

Last year, The London Advertiser exposed the faulty condition of these roofs. Commissioner J. J. Tallant pressed the matter, and the subcontractor who laid the roofs made repairs to them.

Later the matter was laid before the provincial body, and Commissioner Ellis was agreeable to the city trying out the repair job, especially as the commission was told that the roofs would be kept in shape.

Spilled Sale of Houses.
However, of late, it is claimed, that the roofs are interfering with the sale of the houses by the city.

The housing commission after pondering at length on the matter, expressed a determination to have the roofs set right once and for all. Mr. Piper, in co-operation with the provincial architects, was instructed to see that the contractors were made to live up to the strict wording of the roofing contract.

"I cannot see anything to it but to have them relaid. The material and patching them has failed to satisfy, and the only thing that the contractors can do will be to relay them as per the specifications," said Mr. Piper.

The roofs as laid are not in keeping with the specifications, inasmuch as a different material was used.

Hayman & Willis, the general contractors, are said to have the shingles which they purchased to put on the houses in their yard now, but before the time came to lay them the specifications had been changed, and a different roof was laid.

Deny Giving Authority.
Members of the housing commission at the time denied giving any authority for the change in the roofing specifications.

Whether or not the roofs will be ordered relaid, the material and is now on them or whether the letter of the original specifications will be asked, is not known. The instructions to Mr. Piper as outlined by City Clerk Baker is that Mr. Piper is to see that the "contractors live up absolutely to the contract."

Several damage claims are to be entered by the housing commission against persons who purchased houses on Pine Lawn, did not meet their payments, and caused considerable damage to the houses.

"We have got rid of all these troublemakers," said the city clerk, "and most of the houses have been resold. We have now a fine, contented lot of people living in these houses. Those who were dissatisfied and were not paying up have all been ousted, and their houses handed over to other people," he added.

DECLARES NAVAL EXPENSE DOUBLED

THERE'S MANY A SLIP 'TWIXT SEED AND FRUIT OF GARDEN LABORS

BY RUSSELL F. BOYD.

To the worried businessman and the tired office clerk, it's a "grand and glorious feeling" to get out and dig in mother earth. That's why so many Londoners in all stations of life are today preparing gardens.

After all, the desire to dig the soil is but one of the proofs that man has

ONTARIO BODY SOCIAL HYGIENE MEETS IN CITY

Change of Name Will Be Discussed At Early Session of Council.

ONT. OFFICERS ATTEND

40,707 Treatments Given At Government Clinics During Year.

Discussion of the change of the name of the organization from "Council for Combating Venereal Disease" to "Social Hygiene Association" was an important feature of the meeting in the new medical school Friday afternoon of the executive of the Ontario Council, of which Dean H. W. Hill, of the London Institute of Public Health, is chairman.

It was pointed out that the name "Social Hygiene," which the Toronto society has already adopted, and which is already adopted by usage, is broader in its application, though it will not necessitate a change in the policy of work.

Local organizations reporting which have rendered valuable service in promoting the work were Toronto, Brantford, Hamilton and London. Among prominent members of the Ontario Council present were Mrs. A. M. Huestis, president for Toronto, and president of the Canadian National Council; Dr. J. H. Mullen, Hamilton; Miss Gertrude Tate, secretary of the Ontario Council; Dr. McClenahan, of the Provincial Board of Health; Miss E. C. Nagle, of Hamilton.

Emphasis in reports and discussion was laid on the importance of educational work and the providing of proper recreational facilities in raising the physical and moral standard of the citizenship, and looking to the future welfare of the nation.

Business Committee.
A development of the past year has been the appointment of a business management committee, made up of leading business men of the province to deal with finances, apart from the federal grant, and to supplement this, Major Gordon Ingram, London president, and J. E. McConnell, representing this city on the committee.

In the annual report, presented by the secretary, Miss Tate, the statement was made that 40,707 treatments had been given in Ontario government clinics between January 1, 1921, and December 31, of the same year, and 21,564 treatments in penal institutions. Attention was drawn to the fact that the figures represented treatments, not cases.

A revelation of achievement was the report presented for Toronto by Mrs. A. M. Huestis, of which a feature was steps that have been taken towards securing better sitting out and diagnosis of inmates of institutions, involving more thorough examination with relation to venereal, physical condition, age, record, etc. As a means of giving the girl first offender a chance to reinstate herself, the association advanced the idea of opening hostels where such

"Y" Boys Will Take First Hike of Season to Sages' Farm Saturday

The first big hike of the season will be held on Saturday, when Lloyd Houlding, boys' secretary of the Y. M. C. A., and Will Spearman, assistant boys' secretary, will take the Prep and Junior school boys on a hike to Sages' farm.

The lads will bring their own lunches, and will cook their meals in the open. Outdoor games, including a treasure hunt, will be the feature of the afternoon.

Last year the hikes were held weekly, and on account of their popularity it was decided to follow the

same program this season. The object of the hikes is to get the boys into the open, to teach them directions out of doors, and to develop a spirit of independence when there is occasion to travel across country. Another object Mr. Houlding pointed out was to teach wood-craft and camp-craft to teen-age boys.

As soon as the weather permits swimming in the river, it is the plan of Mr. Houlding to supervise swimming in the Thames, and also to teach the fine points of the art to those who wish to take advantage of the opportunity.

is four feet deep on the level, and more than ten feet deep in the gullies. Thousands of acres of seeded land are inundated, and the crop will be a total loss. A fleet of fifty boats has been put to work to rescue marooned families.

Great damage to farm property, power transmission lines, which supply the city of Winnipeg, telephone and telegraph lines, resulted from the cyclone which swept over the districts of Sinnott, Lydiatt and Golden yesterday afternoon. Damage to farm property is extensive, while at Lydiatt twelve towers on the Winnipeg Electric Railway power line were twisted level to the ground, and twenty-two towers of the city hydro-electric were destroyed within a mile. No lives were lost, although many persons had miraculous escapes, and several were injured.

Successful Negotiations.
An achievement of the past year has been successful negotiations with synthetic drug companies to have more distinctive wrappings for arse-nal preparations to prevent accidents.

The president of the council enthusiastically advocated, in connection with the subject of recreation, the promoting of community singing in parks, a scheme which will be tried out in Toronto this summer. It is hoped in co-operation with local lands.

Mrs. Emmeline Pankhurst, who has been lecturing for the Canadian Council during the past year, has been giving her services specially in the Toronto district in the past few months, in connection with educational work. Mrs. Pankhurst arrives in London at 5:30 Friday evening to address the annual meeting of the Ontario association in the evening. College auditorium in the evening.

Thursday evening and Friday morning meetings were held of the constitution committee of the Canadian Council.

TECHNICAL SCHOOL HEAD SUPPORTED.

Continued From Page One.

commodated 2,544 students, 661 of whom were in day classes and 1,883 in evening classes. The analysis of the occupations of those attending evening classes very clearly demonstrated that the Technical School is the workers' university, and that the industrial workers of the city were turning to it in large numbers to prepare themselves for advancement in their chosen occupations, and that women and girls in factories, stores and offices are making extensive use of the home-making and industrial courses.

Considerable space is given to the report on the cost of classes. The fact that 1,883 evening and special students received instruction at a cost to the city of only \$7,451.75 is very gratifying to the trustees, in face of the extravagant statements that the evening classes were costing an enormous sum.

The report shows that the cost, whether taken from the standpoint of proportion of students to teachers, rate of pay of teachers, cost of supervision or fees charged, seems to compare most favorably with that of any other Technical School in the province.

The board has arranged that the fees charged for evening classes in wood carving, art, automobile mechanics and afternoon classes in millinery, dressmaking and embroidery, shall pay for the cost of these classes, and that the county of Middlesex shall pay the cost of county pupils.

The board of education and advisory vocational committee, after an extensive discussion, were satisfied that the school, when carried on in an efficient and economical manner, and that from the present enrolment the capacity of the Technical High School will be taxed to accommodate Technical and Commercial High School students.

FLOOD CUTS OFF MANITOBA SUPPLIES

Continued From Page One.

sage of the flood waters. This was necessary on the main road to Portage La Prairie, which for a distance of several miles, is under four feet of water.

Traces of the flood, accentuating its seriousness can be noted in Winnipeg today by the bodies of horses, cattle, household pets and great quantities of debris floating continually down the river.

FAMILIES FLEE.

WINNIPEG, May 11.—(By Canadian Press).—The flood situation along the Assiniboine River between this city and Portage La Prairie has assumed grave proportions overnight, with a steady rise reported from several districts, ranging from four to eight inches. The town of Reaumur is under water for several feet, while Marquette and Irberville settlements will be the same if the waters do not abate during the next ten hours. The flood waters are also rearing Pigeon Lake and Poplar Point. A Poplar Point the waters are now within half a mile of the town, and the town itself, which is situated on high ground, if the waters continue to rise, will be an island, cut off from outside communication.

No loss of life has as yet been reported, but many families in the Reaumur and Irberville districts have been forced to vacate their homes. In the Bate St. Paul district thousands of acres have been inundated, and farmers are fleeing from the fast-moving waters. On the north side of the river the situation is very bad, the Portage highway being eaten away. On the south side the dykes are not holding well, and should these dykes give way many additional acres will be under water.

Hundreds of head of cattle, driven to the hill lands, may starve, as hay and feed have been swept away, and there is very little grass on the ridges.

Irberville, near the Hutterite settlement, estimates the night rise at eight inches, the greatest increase on record. Another rise is reported from Poplar Point, where the water

BRIEF SESSION OF DAIL EIREANN HELD

Week's Adjournment Made To Give More Time To Peace Committee.

DUBLIN, May 11.—The session of the Dail Eireann today occupied less than an hour. The reports from the various participants in the peace conference revealed a break on fundamentals.

The Republicans will not agree to a settlement of the situation on any terms which involve their admission that the Anglo-Irish treaty is acceptable to the people or that its endorsement by the Dail Eireann has altered the situation.

There is an almost complete agreement in the Dail for an adjournment for a week in order to allow the peace committee to try again to smooth over the difficulty. Nevertheless the opposition to adjournment divided into more moderate and more extreme sections.

Seumas Robinson, who commands an important part of the dissident army in Tipperary, wanted the real issue faced immediately, while Harry Boland favored a new attempt to bring about a peace.

The attempt at army unification also has failed thus far, and pending the settlement of the political situation is not intended further to pursue the unification negotiations.

Nothing definite has been settled even concerning the true nature in existence, but it probably will continue in force. It has been agreed between the politicians to suspend all public meetings until this question is thrashed out, probably next Wednesday.

ALTER WINGHAM SCHOOL

Crowded Condition Necessitates Addition of Another Room.

WINGHAM, May 11.—Several changes are pending as a result of the overcrowded condition of the public school. The room used by the teaching staff will be fitted up as a classroom in which the senior second and junior third forms will be taught. Another smaller room will likely be fitted up for the teachers.

Miss M. Thorne, in charge of the primary class, has resigned, and will be succeeded by Miss Davey. Miss Rathwell remains as kindergarten teacher.

TORONTO WOMAN TO SPEAK HERE

Under the auspices of the Children's Work Board of the London branch of the Religious Educational Council, a conference is to be held in St. Andrew's Hall Tuesday of the teachers and workers of the junior and primary departments of the Sunday schools in the city. Miss Laine of Toronto, secretary of the Children's Work Board of the Ontario Religious Educational Council, has been secured as the speaker and will address a meeting of mothers in the afternoon. The evening session will deal with questions of interest to all those who are engaged in the junior departments of Sunday school work.

CITY MAY GET REVENUE FROM GASOLINE STATIONS

Bill Presented to Legislature by Dr. H. A. Stevenson, M.L.A., Passes First Reading.

Dr. H. A. Stevenson, M. L. A. for London, may save the London council worry and sleepless nights by a bill which he has presented to the Legislature and which has been read a first time.

It related to gasoline tanks. It will give municipalities power to permit curb tanks to be erected and for the city to collect a revenue from them.

There are numerous tanks on the curbs of London today for which the city receives no revenue. The aldermen have battled for months with the problem, but got nowhere.

Some time ago the city had worn that Dr. Stevenson was going to present such a measure to the Legislature, but it was thought that it had been thrown out. City Clerk Baker was quite surprised when he received a copy of the bill through the mail.

OPEN COLLEGIATE TO COUNTY PUPILS

Brantford Trustees Will Admit Rural Students For Another Year.

Special to London Advertiser.

BRANTFORD, May 11.—There are very few cases of "pink eye" in the city schools, according to a statement issued by Dr. W. L. Hutton, at a meeting of the board of education held this evening.

E. C. Kilmer, inspector of schools for this county, stated that the total attendance for the month of April was 33,552, an average attendance of 3,904, or a percentage of 93.4. The number of entries to the various schools of the city totalled 57, while the number having left school was 77. He attributed the latter to the conditions that prevailed in the city at the present time, through parents moving to farms for the summer months.

The question of letting the pupils from the county study in the Collegiate Institute came up for a further discussion at the meeting, and it was moved that the pupils be allowed to continue to attend that institution for the period of one year, owing to the difficulty that the county council would have in getting suitable quarters in which the pupils could be taught.

Rev. C. E. Jenkins stated that there were 36 pupils within one mile of the city hall that were the children of residents of the county, and he was of the opinion that they should not be cut off from their source of knowledge, as would undoubtedly result if the present motion was left in force.

It was finally decided that the building and grounds committee be asked to make provisions to accommodate 150 more pupils in the collegiate, and that the pupils from the county be allowed to continue to make use of the collegiate from June 30, 1922, until June 30, 1923.

PLAN UNION FOR TORONTO.

Cleveland, May 12.—Establishment of organization of headquarters in several prominent cities and plans for a campaign in unionizing were discussed yesterday at a meeting of the Ladies' Garment Workers' Union. Toronto is named in the list of cities in which headquarters are to be established.

FRATERNAL MEN DISCUSS LAWS

Session Taken Up With Insurance Legislation and Medical Section.

Elect Officers For 1922 At Friday Afternoon Meeting.

Delegates to the Canadian Fraternal Association met again Friday morning at 9 a.m. to resume the business of their annual convention, being held in the I. O. O. F. Hall, Alma block. The larger part of the morning was taken up with discussion concerning insurance legislation.

V. Evan Gray, M.A., K.C., registrar of Friendly Societies, was expected to be present at the Friday morning's session, but was unable to attend.

Dr. Frank Sanderson, consulting surgeon for the province of Ontario, addressed the convention on insurance legislation in the province of Ontario, and Chas. Heath, superintendent of insurance for the province of Manitoba, also spoke.

Dr. Demese Caron acted as chairman of the medical section of the gathering, which began to discuss its problems immediately at the close of the talk on insurance legislation. The first paper to be given under the medical department heading was one by Dr. John Ferguson, M.A., entitled "Annuities in Fraternal Society Work." Dr. Wm. Crawford of R. T. of T. also gave a paper before the meeting, in which he discussed the problem of "Postponing Claims."

Speeches Held Over. Since the time taken in the morning for the first three items on the convention program ran on till noon, the other two items, a paper on "The Fraternal Press," by Rev. Dr. MacGillivray, of Toronto, and report of special committee of last session, by Claire Jarvis, head of the Women of the World, were held over.

At 2 p.m. the convention resumed to hear the final papers of the convention and to elect and install their officers. A presentation will be made to the immediate past president, and a committee on legislation will be appointed at this session.

A vote of thanks was moved by Lyman Lee at the morning meeting on behalf of the delegates, and extended to the visiting speakers.

Thursday afternoon Mayor Wilson delivered an address of welcome to the delegates to the city of London. J. R. McPherson welcomed the delegates on behalf of the chamber of commerce. C. Duquette responded to the addresses of welcome. This was followed by the report on the committee on distribution, and a paper by G. E. Bailey, secretary of the I. O. O. F. of Toronto.

Made Toug of City. At 4 o'clock the delegates made an automobile tour of the city, and then taking a special car on the L. and P. S. left for Port Stanley, where a banquet was held later in the evening.

After the toast to the king and the president of the United States, a toast was proposed by John Ferguson, S. O. S. of Toronto, in honor of the "National Fraternal Congress of America." This was replied to by E. J. Dunn, president of the Loyal American Insurance, in Chicago.

Other toasts were: "The Fraternal System," by G. E. Bailey, of Toronto, replied to by A. P. Vandomeren, Canadian Foresters, Brantford, and E. C. Laberge, Montreal; "The City of London," proposed by J. M. Farrell, K.C., Kingston, and replied to by ex-Mayor Essery, "Our Hosts," proposed by H. Roy, Montreal, president of the National Fraternal Congress of America, and replied to by C. Jarvis, of London.

A vote of thanks was moved by Rev. Dr. MacGillivray, of Toronto, during the meal, the Brunswick Trio entertained the members.

START GARDENING ON VACANT LOTS

Ald. Watkinson is anxious to find out the number of citizens who want garden plots for the coming season, in order that the allotments of space may be made. Those who are desirous of exploiting their talent for gardening and are keen to have a table growing with home-grown vegetables, are advised to communicate with the city clerk as soon as possible in order that sufficient space may be laid out for all.

Denies Rumor That City Barbers Will Lower Price of Work

FROM present observation a considerable time must elapse before prices will be lowered in London's tonsorial establishments.

Sid Thompson, secretary of the local barbers' union, explained Friday that he had received an inquiry from the Hamilton barbers relative to a report prevalent in that city that the London barbers contemplated taking the initiative in a reduction for hair-cuts and shaves. The barbers in the "Ambitious City" desired to know concerning the truth of the statement.

The secretary states that from present indications, no change will occur in the existing price list until such times as the cost of other commodities is lowered, more particularly, he says, rent, heat, etc.

Town Topics.

A THOUGHT FOR TODAY

And Jesus said, Render to Caesar the things that are Caesar's, and to God the things that are God's.—Mark, 12:17.

HAD religion been a mere chimera, it would long ago have been extinct; were it susceptible of a definite formula, that formula would long ago have been discovered.—Ernest Renan.

TOMORROW'S DOINGS.

SATURDAY—Middlesex County road directors meet at the county buildings, 11 o'clock.

THE CAMP EXECUTIVE of Western Ontario for Fisher's Glen Camp will convene at Fisher's Glen on Monday, May 15, to complete arrangements for the leadership training camp from July 3-15, and also for the boys' camp, which will be held from July 17-29.

ORVILLE HUGHES, son of Special G. T. R. Constable Hughes, owns a White Wyandotte pullet, born on Dec. 31, who cackled lovingly over her first egg on May 6. Poultry experts of the city state that all the Wyandottes to start laying eggs "so young in life."

MANY RESIDENTS of the city have not as yet received their tax bills, and some are asking if they will receive the bills in time to pay their first instalment. City Treasurer James Bell says that all the tax bills will be ready by May 17, which will give the belated recipients eleven days to peruse and worry over them before they will have to pay up the first instalment.

MEMBERS OF THE CAVELL Club of Centennial Methodist Church were the hostesses at a greatly enjoyed entertainment Thursday evening, when they had as their guests the members of the "I Will" Club, the Beavers and the Tuxis boys. Follow- ing a delightful five-mile hike, the party spent the evening in games and music, with refreshments served at the close of the evening.

SCIENCE IN INDUSTRY, C. OF C. MEETS NEXT FALL

Difficulty of Procuring Speakers Prompts Postponement.

At the last general meeting held under the auspices of the science in industry committee of the chamber of commerce at the McClary Manufacturing Company's plant, it was the unanimous desire of those present that another meeting should be held before the holiday season.

A meeting of the committee took place in the chamber of commerce board room Thursday afternoon, D. H. McPherson occupying the chair, at which an effort was made to arrange for another meeting of similar character to those which have proved so popular during the coming season.

However, after very careful consideration, the committee came to the conclusion that owing to the difficulty in securing suitable speakers and the necessary experimental material, it would not be practical to hold another meeting until the fall, when a series of interesting meetings is planned.

CALL STRIKE IN NEW SOUTH WALES

London, England, May 12.—(Canadian Press cable)—A Reuter dispatch from Sydney, New South Wales, says the local trades organizations have declared a general strike against wage reductions and threats of revolutionary action are heard.

The state railwaymen threaten to go on strike against the new regulations requiring medical examination of workers before engagement.

SOVIET STAYS II EXECUTIONS

Moscow, May 12.—The Soviet central executive committee officials have ordered a stay in the execution of the eleven persons convicted of having opposed the requisitioning of church treasures and participation in consequent disturbances. The stay is operative, pending an appeal to the supreme tribunal. One of the eleven is a woman.

NINE GO TO PRISON.

Hamilton, May 12.—Last year 37 convicts were sent from Hamilton, an increase of 21 over the previous year. Already this year nine have been sent.

THINKS IT TOO BAD TO SPOIL RECORD

Court Sympathizes With C. Roughly When Imposing Fine For Speeding.

Charles Roughly, who owns a fine automobile, was later in police court Friday, and although he hated to spoil anyone's record, Magistrate Graydon felt called upon to impose a \$5 fine for speeding.

"I want a chance to speak to you," said Mr. Roughly, when his case was called.

"You'll get a chance," promised the court. "Are you guilty or not guilty?"

"I'm not prepared to say. I'm not conscious of the fact," declared the accused.

Constable Fred Tomblin stated that Roughly's car had traveled from Grosvenor to St. James street at Richmond street at 27 miles an hour on May 8 at 7:25 p.m. A young man was driving.

"That's right, so far. My son was driving, and he is very careful. We were fishing, and was just returning home," said Mr. Roughly.

"Well, what do you say about it?" queried the court.

"I cannot defend the case when I'm not conscious of being guilty," replied Mr. Roughly. "We're considered very moderate drivers, never going over 20 miles an hour."

"Not by the police," observed the magistrate.

"I didn't think that we were doing anything out of the way. The car was purring, and my son is a level-headed driver," was the comeback of the accused.

"A great many people are convicted just about that spot," declared Mr. Graydon.

"We were just coasting down grade," argued the motorist.

"Better not do it when the police are watching," advised the court.

"This never happened before," continued Mr. Roughly.

"For bad," said the court.

"We claim to be law-abiding people," declared the accused.

"I know you are. Five dollars and costs this time," stated the magistrate.

"Who do I pay it to?" asked the motorist.

"Mr. Moule will take your money," replied Mr. Graydon, with a smile.

DR. JARVIS RETURNS FROM HOMEOPATHS' CONVENTION

Number of Interesting Papers Read—Hamilton Gets Meeting Next.

The annual convention of homeopathic physicians of Ontario was held in the Central Y. M. C. A. building in Toronto, Wednesday. Dr. C. E. Jarvis was the delegate from this city.

A number of papers of interest to homeopathic physicians were read. It was decided at the convention to continue the scholarship of \$100 to the most successful candidate in each of the homeopathic examinations held at the College of Physicians and Surgeons.

This scholarship was advocated by the licensing body for this province as an encouragement to students to acquire homeopathic training.

Letters of condolence were voted to be sent to the widows of the late Drs. John B. Hall of Toronto, and C. T. Campbell of London. These members were greatly esteemed by the homeopathic profession, and their loss is keenly felt by all.

The officers elected for the ensuing year are: Dr. W. S. Cody, of Hamilton, president; Dr. Warner Schmitt, of Kitchener, vice president; Dr. Porter, of Hamilton, secretary; Dr. Kenneth A. McLaren, of Toronto, was re-elected treasurer.

It was decided to hold the next convention in Hamilton.

THE CENTRAL COMMITTEE for Boys' Week will hold a final meeting in the Chamber of Commerce on Friday at 5 o'clock to discuss the ex- perience and the results of the week, and also to pass on all accounts.

The various clubs in the city are sharing the expenses of Boys' Week. The expenses are reduced to a minimum on account of the greater part of the work being done voluntarily.

LONDONERS PASS FROM QUEEN'S

Several Londoners are among those who secured various standing in the recent April examinations at Queen's University. The following are those who succeeded in passing the tests, with the standing they thereby achieved: F. W. Oates, B.A., B. Com., passed on to further graduate work; G. A. Wible, B.A., also passed on to further post-graduate work; H. B. Galpin, of Ryerson public school, received his pass, entitling him to a B. A. degree; L. D. McCamus, of Lord Roberts, and C. A. Brown, of Alexandra public school, passed further papers leading to the B. A. degree.

Son Fined \$5 For Striking Mother Who Hit Him and Threw Loaf at Wife

A family quarrel over two children on Sunday night led to a mother throwing a loaf of bread at her daughter-in-law's head and slapping her son's face on Monday morning. The son was somewhat peeved and excited and struck his mother in the eye, and she had her boy summoned to court Friday morning.

The mother could hardly tell her story when she stepped into the witness box, being choked with emotion.

"You will have to quiet down or I can do nothing with the case," stated the court.

"He accused me of putting his father in the asylum," wept the woman, who admitted striking her son first.

The daughter-in-law told of the bread being thrown and of her husband being slapped in the face.

"We've been married four years and never had a quarrel," informed the witness.

"You put them up (mother and small daughter), five weeks ago because they had no place to go, and that's what we get for it," declared the daughter-in-law.

"I admit I struck her," said the man.

"You may have had some provocation," said the court, "but it is a dreadful thing to strike your mother in the eye."

"I told my wife Sunday about the man hanging himself in the garden and my mother said, 'That will be the next thing that will happen to your father,' declared the accused."

"I can't overlook this offence," stated the court. "It is a dreadful thing to use such violence. I'll impose a fine of \$5 and costs."

"I don't think that you are free from blame," said Mr. Graydon, turning to the mother. "It is apparent to me that you are a woman of violent temper."

After giving evidence in the first division court, Mrs. William Taylor, who, with her husband and Frank Atwood, is being held at the county jail to face a charge of assault, collapsed on her way back to the cells and had to be assisted thence.

All three witnesses were defendants in police court Thursday when they were charged by William Walsh with assault with intent to do bodily harm. Mrs. Taylor, at that time, admitted striking the complainant with a whip.

The trouble, it appears, arose from a civil court case, which was threshed out in the division court Friday morning before Judge Joseph Judd, who reserved judgment.

It seems that at one time Walsh boarded with the Taylor family. During his sojourn there he undertook apparently to make certain repairs to the stove and do other chores about the house. The bone of contention is seemingly as to the manner in which Walsh was to receive payment for his work.

Mrs. Taylor makes certain charges which Walsh denies, submitting counter-charges. Returning from the court-room Friday she was suddenly taken ill. Her condition is not considered serious, however, her husband pointing out that she is often subject to hysterical attacks from which she eventually recovers.

DISABLED ARE D.S.C.R. BIG PROBLEM, NOT UNEMPLOYED

Westminster Hospital Administration Entails Much Work, With Constant Increases.

The disabled men, and not the man seeking employment is the chief problem of the district soldiers' civil re-establishment, declared Col. Shannon, Friday morning.

Col. Shannon pointed out that the returned man who is fit and seeking employment is looked after by the city and not by the D. S. C. R. At present the D. S. C. R. have very few men in training. A year or two ago the number of men being trained by the D. S. C. R. ran into the hundreds but today less than fifty are being taken care of in this way.

There are also few men engaged in veteran work. In most cases these men have been in a hospital for a period of from one to four years, and as they are not well enough to do ordinary labor the government employs them to do veteran work.

Westminster Hospital is managed by the D. S. C. R. as well, and as soldiers are coming there all the time from every province in the Dominion the officials have their hands full looking after this institution. The majority of men in the hospital are either mentally deranged or nervous cases.

Although the public as a whole does not realize it hundreds of thousands of dollars are being spent by the D. S. C. R. every year to aid returned soldiers in this district in relief work and other directions.

The Blue-Headed Vireo reported Wednesday afternoon. This bird, practically unknown except to bird students, is the handsomest of the vireos. Its song seems to be between the Red-Eyed and Yellow-Throats, being more deliberate than the former and not as harsh as the latter. It is also known as the solitary vireo, seldom more than a pair being found in one woods. It breeds in the north.

The Scarlet Tanager arrived Thursday morning. He depends on his brilliant coat of scarlet with black wings and tail to win popular favor, as he is not a high-class singer, his song resembling that of the robin, but much more raspy.

The new warblers arriving Thursday morning were the Orange-Crowned, Wilson's and Chestnut-Sided. The Orange-Crowned, when not singing, is one of the hardest to identify, being plainly dressed in dull olive green above and yellowish green underneath. Wilson's is bright green above with black crown and yellow under-parts. These two nest in the north, while the Chestnut-Sided is a fairly well-known summer resident. Thursday morning probably witnessed the greatest migration of the season.

There are so many vacancies that, when they are filled, postoffice officials say, it will be just like Christmas morning, something for everybody and to spare.

At the present time the proverb, "The race is not always to the swift," is the accepted form of greeting at the city's main mail disbursing place, or alternatively, for the religiously inclined, "Though many run in a race, only one winneth the prize." The candidates for the supervisor's position will be examined by the principal of the Technical, H. B. Beal.

COUNTY COUNCIL MAY START QUIZ

Miss Harris' Counsel Hopeful Case Will Be Considered.

That the Middlesex county council at its next regular session in June will ask for further information relative to all circumstances attending the dismissal of Miss Minnie Harris, former assistant matron at the county jail, is the general consensus of opinion at the court house Friday morning.

Although served by Sheriff Donald Graham with another notice to vacate the living quarters that she has occupied during the past 33 years, Miss Harris still retains the same.

Her counsel, John M. McEvoy, K. C., when questioned upon his return from Toronto Friday as to the report that the entire issue would be brought before the county council, was somewhat reticent. "It is very likely," he replied, "in any event I hope it will."

Mr. McEvoy explained further that he also had received a notice that his client was to vacate immediately, but was a trifle reluctant to state just what action, if any, he contemplated should the authorities enter eviction proceedings.

"We are waiting developments in the meanwhile," he stated, "if they have the power to put her out, we'll wait and see if it is done. However, I think that she has been subjected to rather harsh treatment. Furthermore, I do understand that during the past few days she has been to every section of the city in an effort to secure a suitable house, but was unable to get one that she could afford."

"For my part I would certainly not advise her to leave where she is when she has no place to go," he concluded.

Sheriff Graham declined to shed additional light upon the question. "No developments," he reported.

Child's Poor Report at School.

The next time your child comes home with a poor report from school meet the situation in a new way. Don't blame the teacher and do not scold the child, as often their eyesight is to blame. See Chas. H. Foster, doctor of optics, with John A. Nash, Jeweler, 152 Dundas street, "Where You Will Eventually Buy."

WOMAN COLLAPSES ON WAY TO CELLS

After giving evidence in the first division court, Mrs. William Taylor, who, with her husband and Frank Atwood, is being held at the county jail to face a charge of assault, collapsed on her way back to the cells and had to be assisted thence.

All three witnesses were defendants in police court Thursday when they were charged by William Walsh with assault with intent to do bodily harm. Mrs. Taylor, at that time, admitted striking the complainant with a whip.

The trouble, it appears, arose from a civil court case, which was threshed out in the division court Friday morning before Judge Joseph Judd, who reserved judgment.

It seems that at one time Walsh boarded with the Taylor family. During his sojourn there he undertook apparently to make certain repairs to the stove and do other chores about the house. The bone of contention is seemingly as to the manner in which Walsh was to receive payment for his work.

Mrs. Taylor makes certain charges which Walsh denies, submitting counter-charges. Returning from the court-room Friday she was suddenly taken ill. Her condition is not considered serious, however, her husband pointing out that she is often subject to hysterical attacks from which she eventually recovers.

Bird Bulletin

Issued by the MacLaurin Ornithological Club.

The Blue-Headed Vireo reported Wednesday afternoon. This bird, practically unknown except to bird students, is the handsomest of the vireos. Its song seems to be between the Red-Eyed and Yellow-Throats, being more deliberate than the former and not as harsh as the latter. It is also known as the solitary vireo, seldom more than a pair being found in one woods. It breeds in the north.

The Scarlet Tanager arrived Thursday morning. He depends on his brilliant coat of scarlet with black wings and tail to win popular favor, as he is not a high-class singer, his song resembling that of the robin, but much more raspy.

The new warblers arriving Thursday morning were the Orange-Crowned, Wilson's and Chestnut-Sided. The Orange-Crowned, when not singing, is one of the hardest to identify, being plainly dressed in dull olive green above and yellowish green underneath. Wilson's is bright green above with black crown and yellow under-parts. These two nest in the north, while the Chestnut-Sided is a fairly well-known summer resident. Thursday morning probably witnessed the greatest migration of the season.

There are so many vacancies that, when they are filled, postoffice officials say, it will be just like Christmas morning, something for everybody and to spare.

At the present time the proverb, "The race is not always to the swift," is the accepted form of greeting at the city's main mail disbursing place, or alternatively, for the religiously inclined, "Though many run in a race, only one winneth the prize." The candidates for the supervisor's position will be examined by the principal of the Technical, H. B. Beal.

Ransack Bedrooms While Occupants Slumber Peacefully

COMPLETELY ransacking bedrooms in which the members of the household were asleep and getting away with out waking a person is the record of one or more thieves who entered the home of Leo Girard, 116 Mount Pleasant Ave., late Thursday night, or early Friday morning.

Money, and money alone, must have been the object of the visit, for although every drawer in the place had been opened and rummaged through, no articles were found to be missing by the family when an investigation was made this morning.

Mr. Girard was the first to discover that the house had received unwelcome attentions and lost no time in waking the family. It was found that entrance had been gained through a back window, the thieves climbing a tree and swinging over to the window.

Marks on the ground would indicate that there were several men in the gang.

BIBLE STUDENTS TO HEAR HOWLETT

The Grand Opera House has been engaged for Sunday night by the local branch of the International Bible Students' Association for a lecture to be given by H. Howlett, who is a traveling lecturer for the association of New York.

Mr. Howlett is a forceful speaker, and the object of his lecture is "to comfort all who mourn."

He is thoroughly convinced that the time is ripe for the resurrection of the dead and that within a few short years the dead will awake, every man in his own order.

But, will the earth accommodate all of these billions when they come back? How will they be clothed and fed?

These questions will be answered by Mr. Howlett in his lecture, and many others which every thoughtful individual asks.

His lecture, it is said, is full of hope and cheer.

THREATENED OUTBREAKS Haverstraw, N. Y., May 12.—

Twenty state troopers were ordered to Haverstraw today to guard the town against threatened outbreaks of 1,000 negroes who are on strike in the brick plants here.

These questions will be answered by Mr. Howlett in his lecture, and many others which every thoughtful individual asks.

His lecture, it is said, is full of hope and cheer.

LAUD MUSIC OF SCOTS GUARDS

Loch Lomond Chapter I.O.D.E. Gives Reception in First Presbyterian Church.

Mrs. E. H. Smith Declares London Will Always Welcome Band With Open Arms.

"Music is important," declared Lieut. F. W. Wood, bandmaster of the Scots Guards Band, during a reception given the famous bandmen by Loch Lomond Chapter, I. O. D. E. in the lecture-room of the First Presbyterian Church at noon Friday.

"Nothing after the orator, can sway the emotions like music. From the time we are in the cradle until we die, music plays a part in our lives. I only hope our music will assist the bands here in Canada."

"When the Germans started the war, they didn't think that they were doing the Empire a great service. We needed a slap in the face. It consolidated the Empire, and consolidated the English-speaking peoples."

"We need the aid of Canada to help us rule with justice."

"There are living under ideal conditions here. I envy you. There are many beautiful towns in England, hallowed in our memory, but there is poverty. There are poor children in England whose only playground is the street where vice and sin are rampant."

"The many welcomes bring tears to my eyes."

Col. the Rev. William Beattie, D. D., C.M.G., the chairman, found great pleasure, he declared, in entertaining such a famous band as that of the Scots Guards. He characterized the members of Loch Lomond chapter as "breathing loyalty to the Motherland."

Lieut. Col. W. G. Coles spoke on behalf of the Great War Veterans' Association in London. He said he hoped that the band would see fit to return to London soon. Their concerts, he felt sure, were inspirations to the community.

"I believe there are no more loyal people than those in Canada. We have room for 50 millions more, and we want British stock."

Mrs. E. H. Smith, on behalf of the chapter, expressed appreciation of the band's visit.

4,000,000 PEOPLE

Annually use organic Nuxated Iron to build up red blood, strength and endurance.

There are thousands of people who are ageing and breaking down a time of life when they should be enjoying that perfect health which carries defiance to disease simply because they are not awake to the condition of their blood. Without organic iron your blood carries no oxygen, and without oxygen there is nothing to unite with the carbon in your food so what you eat does you no good. It is like putting coal into a stove without fire. You can now obtain organic iron like the iron in your blood and like the iron in spinach, lentils, and apples from any druggist under the name of Nuxated Iron. Nuxated Iron also contains the principal chemical constituent of active, living nerve force; it is, therefore, a true blood and nerve food. It helps create and rebuild new and stronger red blood cells. It feeds the body the substances which nerve force must have to give it that vital, electromagnetic power which is stored in the nerve and brain cells of man. Nuxated Iron often increases the strength and endurance of weak, nervous, rundown men and women in two weeks time. The manufacturers guarantee successful results to every purchaser or they will refund your money.

HELPS MAKE RICH, RED BLOOD

NUXATED IRON ENRICHES THE BLOOD—GIVES YOU NEW STRENGTH AND ENERGY

FIRE SALE OF SHOES

CONTINUES TO DRAW EAGER CROWDS

The large racks are filled again with Men's, Women's and Children's Shoes from surplus stock in basement. This includes all White and Tennis Shoes. Everything will be ready again for Saturday. Shoes are only slightly damaged by water. Prices greatly reduced to clear out quickly. Come early if you appreciate good values.

O.T.A. OPERATOR SENT TO REGINA

Tells of Receiving Ticket and \$600 To Leave Kitchener.

General Elliott Explains Circumstances of Raid At Sutton.

TORONTO, May 11.—The evidence of Sam McCutcheon and Lloyd Gordon, two operators in the enforcement of the O. T. A. against the proceedings of the public accounts committee of the Legislature this morning. Most of the raids described by McCutcheon were in Toronto, while Gordon's major activities were in Kitchener.

Gordon explained that in December, 1920, H. H. McCutcheon, who gave evidence yesterday, and he were sent to Kitchener to endeavor to get cases against the bootleggers there. They worked there for five days, then returned to Toronto for the week-end with either five or seven cases which they intended to prosecute.

On the following Monday they went to Stratford, and the next day reached Kitchener again.

As soon as they stepped off the train on this occasion, Gordon claimed, his uncle, Frank Letson of that city, sent word he wanted to see him, and told him they had received "spotters," and that a man named Struck wanted to see him. Gordon met Struck and a meeting was arranged for that night in Heuter's Brewery.

There were several men there whom he did not know by name with the exception of Struck. They told him that they had been advised to send him away, so he would not appear in the cases, Gordon said, and to offer him anything up to \$700. Gordon claimed his understanding was that this advice came from Toronto.

Got Ticket to Regina.
At any rate he agreed to accept \$600 and a ticket to Regina. He suggested Regina as the place he would go, and Struck went with him to Detroit, where witness said he was paid the money and given a ticket. They also gave a woman a ticket for Regina who had been connected with the enforcement of the O. T. A.

Gordon remained in Regina for several months, coming back to Toronto in June, when he applied to be taken on as an O. T. A. operator again. He said he had been told in Kitchener, when making the deal to go to Regina, that he could return in six months and get his job back with the department.

The department did engage him again to seek to ascertain if operators were in league with bootleggers, and particularly to investigate the suspicion that A. Corrian was protecting a number of places where liquor was being sold.

Sentenced to Jail.
Gordon was later sentenced to a month in jail for stealing a Victory bond, and after he came out of jail continued to be employed for a week in the investigations against places where liquor was supposed to be protecting in order to get something on Corrian.

Sam McCutcheon told of entering the service of the department under the name of Dunn, because he did not think he could get a job under the name of McCutcheon owing to the prejudice against his brother, H. H. McCutcheon. He told of being detailed to watch his brother by officials, not knowing that they were brothers.

His principal evidence was regarding disappearances of liquor seized, giving him the impression that officials did not turn over to the courts all the liquor they got.

Gen. Elliott Heard.
Gen. Elliott, former commissioner of provincial police, gave evidence this afternoon regarding the enforcement of the O. T. A.

The raid in Sutton, in the constituency of North York, two days before the federal elections, was stressed. It was a raid on a hotel in which a Conservative candidate and Conservative workers were staying, and liquor was found.

He said O. T. A. operators were sent to Newmarket as a result of a memo he received from the attorney-general.

As far as witness knew there was no political significance in sending him there. He did not know of the raid at Sutton until he read of it in the papers, but got a report shortly afterwards.

There was no rule in his department to ease up enforcement of the O. T. A. during the election campaign, nor any instructions to watch any particular party's operations.

Where Happiness Dwells and Beauty Excels.

A summer day is long in Algonquin Park, inviting to outdoor pastimes of all descriptions. The nights are cool and restful, with clear lakes reflecting the great stars that hang low in the northern skies, and there is silence, except for an occasional fluted call, the dip of feeding trout or bass and the subdued song of water and stirring leaves. If you would experience such summer days as these, visit Algonquin Park, drink in with your lungs the air of its heights, with your eyes behold its manifold beauties and you will become a lover of this big unspoiled forest of the Ontario Highlands. Reached by booklet telling you all about it sent free on application to any Grand Trunk Agent, or C. E. Horning, D.P.A., Toronto, Ont.

BOARD HEARS FURTHER EVIDENCE AT ST. THOMAS

Will Give Decision in Case of Hill Versus Water Commission Soon.

Special to London Advertiser.
ST. THOMAS, May 11.—Further evidence was heard Thursday by the arbitration board in the case of John Wynn Hill versus the St. Thomas Water Commission. It is thought that a decision will be rendered by the board within a few days.

The witnesses examined in behalf of Mr. Hill Wednesday afternoon and Thursday were: Charles Jackson, Edgar Johnson, William Pranglin, William McVey, Terence Brady, William Mackey, Frank McBrayne and Charles McCormick, all Yeomouth farmers. Aid. M. H. Penhale and Deputy Reeve Fred Carr of Yeomouth are among the chief witnesses for the water commission. Aid. Penhale took the options on the property in question and other land required by the city for water storage purposes, while Mr. Carr disposed of 83 acres of his land, comparable to that under arbitration to the city for \$110 an acre.

The property in question is 65 acres of valley and hillside land, which was expropriated by the city for water storage purposes. Mr. Hill was offered \$6,500, but demands \$16,300.

The arbitration board is composed of Judge Ross, chairman; Alex. Darach, representing Mr. Hill, and J. T. Webster for the city.

"WHY, MOTHER, PRINT IS BLACK, ISN'T IT?"

"Certainly, dear, what color did you think it was?" "Oh, I don't know, it always seemed sort of a gray to me before I got these glasses from Mr. Steele, and the letters are straight up and down now instead of slanting."

Are YOU laboring under this illusion, or are you SURE that your eyes are right? Better see us today and let us tell you all about your eyes, and the good acquired from glasses, if needed. For proper examination of the eyes we have the most desired combination—sixteen years' experience, and the most scientific and up-to-date examining rooms in the city. See F. Steele, 219 Dundas street for "Glasses That Satisfy."

A Mile More!

A large user of gasoline, (name on request), after a careful and extended test, told us that the mileage from his cars was increased more than a mile per gallon by using Imperial Premier Gasoline exclusively.

You, too, will get, "More Miles per Gallon," if your carburetor is properly adjusted to burn it and you use Imperial Premier Gasoline all the time.

Obtainable everywhere. Every gallon the same uniform high quality.

ARRANGE N.W.B.A. GROUP AT WINGHAM MEETING

Kincardine Opens at Lucknow on May 18 at Latter's Diamonds.

WINGHAM, May 11.—Representatives of group 3 of the N. W. B. A. met at Wingham, May 3, and drafted the following schedule for the group for the season:

May 18—Kincardine at Lucknow.
May 22—Teeswater at Wingham.
May 29—Wingham at Kincardine.
June 1—Lucknow at Kincardine.
June 6—Wingham at Lucknow.
June 8—Teeswater at Kincardine.
June 15—Lucknow at Kincardine.
June 16—Wingham at Teeswater.
June 22—Teeswater at Lucknow.
June 23—Kincardine at Wingham.
June 29—Lucknow at Wingham.
June 29—Teeswater at Kincardine.
July 3—Wingham at Teeswater.
July 7—Kincardine at Wingham.
July 6—Lucknow at Kincardine.
July 7—Teeswater at Wingham.
July 10—Kincardine at Teeswater.
July 11—Wingham at Lucknow.
July 17—Lucknow at Teeswater.
July 17—Kincardine at Wingham.
July 20—Wingham at Kincardine.
July 21—Teeswater at Lucknow.
July 21—Kincardine at Teeswater.
July 28—Lucknow at Wingham.

ST. THOMAS RIFLE MEN HOLD SHOOT

The St. Thomas Rifle Association held its weekly practice shoot on the ranges yesterday afternoon, and the following scores were made:

	200 Yds	300 Yds	500 Yds	Total
John H. Smith	29	29	29	87
Chas. H. Eames	32	34	33	99
E. W. Ramey	28	29	25	82

RUSSIAN REPLY REGARDED AS CONCILIATORY

Majority of Delegates See
Basis For Further Ne-
gotiations.

FRENCH DISAPPOINTED

Italy and England Believe
Soviet Representatives
Really Want Peace.

GENOA, May 11.—Russia's reply to the allied memorandum, which was presented today to Signor Schanzer, president of the economic conference, is generally regarded as conciliatory. At least it is considered a basis for further negotiations.

Its suggestions that all the tangled financial problems be submitted to a mixed committee of experts named by the Genoa conference, provides a means of escape from the present super-heated atmosphere, which appears to be unfavorable for the settlement of the myriad questions arising from the Russian situation.

England regards the reply as moderately conciliatory; also so does Italy. The Italian foreign minister has been working day and night to prevent a break which seemed imminent through the opposition of France and Belgium to the settlement of the property question, which Great Britain and the lesser powers will approve.

Reply Disappoints.
France expresses great disappointment at the reply and Belgium is far from satisfied. M. Barthou, head of the French delegation, declared after an examination of the text that the reply did not get anywhere and was not really a reply to the allies' proposals. Consequently it will not be certain until after he has conferred with the government in Paris whether the Russian proposals will be accepted by the French as a basis for continuation of the discussion.

In the meantime, the future of the conference is highly uncertain. Some of the delegations believe it will close precipitately, or perhaps it will be truer to say that they hope it will last six weeks longer and go into the Russian financial tangle in great detail. The latter seem to be in the majority and indications tonight are that the conference may be prolonged indefinitely.

Russians Seek Peace.

The Russians and all the other delegations are saying many things for home consumption, which it is believed they do not really mean and underneath there is undoubtedly a general desire to reach some agreement which will make Europe more peaceful. The Russians have appealed strongly to Premier Lloyd George and the peace-loving populations of the world in their support of the non-aggression pact and allusions to disarmament.

On the other hand, they flatly refuse to accept the allied proposals for the treatment of nationalized property, and reject the proposed mixed claims of foreigners against the Soviet government.

HOLDS LABOR LEADERS

Judge Scanlon Decides "Chicago in
State of Warfare."

CHICAGO, May 11.—Declaring that he agreed with the contention made by the police that "Chicago is in a state of warfare," Judge Scanlon today refused to issue writs of habeas corpus releasing Cornelius Shea and John Lafferty, labor leaders, arrested in connection with the killing of two policemen yesterday morning during a series of labor bombings.

He told the police these two men could be held at least until Saturday.

URGES EXTENDED PAYMENT TERMS

OTTAWA, May 11.—A longer spread in payments, rather than a revaluation of stock and equipment for soldier settlers on the land was advocated before the civil re-establishment committee of the house this morning by Major John Barnett, chairman of the soldier settlement board.

This measure, he believed, would bring a greater measure of relief to the settlers than could be obtained through a revaluation.

\$28,000,000 Bridge Bill For Windsor Reported.

OTTAWA, May 11.—"If we keep going on this way, the whole administration of the affairs of this country will go across the line," asserted W. F. Maclean, M.P., for York South, in the railway committee this morning during the discussion of a bill to amend the charter of the Canadian Transit Company which, with its affiliated company in United States, is seeking to build a \$28,000,000 bridge from Windsor to Detroit.

The section of the bill which called forth Mr. Maclean's comment was one which permits the securities of the company to be issued "elsewhere than in Canada."

The bill was reported.

SAYS GOVERNMENT ACTION DISHONEST

Pass Resolution Against
Change in Present Cat-
tle Embargo.

LONDON, England, May 11.—(By Canadian Press Cable.)—The agricultural members of the House of Commons, by a vote of 53 to 7, have passed a resolution against the government making any change in the present embargo against Canadian cattle.

The Daily Mail and Daily Express have editorials today declaring that the attitude of Rt. Hon. Austen Chamberlain, government leader in the House of Commons, with reference to the embargo question was typical of the dishonesty with which the government had handled the matter. They take the ground that while it may be a small affair to this country, it is a legitimate cause of grievance in Canada. They assert that it is not surprising that Canadians should be puzzled and hurt by the government's evasions, instead of the square dealing they had a right to expect.

To retain the sanitary regulations of the diseases of animals act, for which there is now no need, and which the British government is pledged to repeal, as a mask for a protective measure that dare not be advanced as such these papers declare, is a shifty and unworthy device on which Canada has every right to complain.

ADMITS ADAMSON APPOINTED JUDGE

OTTAWA, May 11.—(By Canadian Press.)—This is the fact that J. E. Adamson of Winnipeg has been appointed a judge of the court of king's bench for Manitoba," asked Right Hon. Arthur Meighen, leader of the opposition, of Sir Lomer Gouin, minister of justice, in the House of Commons this afternoon.

An expectant house waited for a few moments, and then Sir Lomer, when the question was repeated, got up slowly and replied: "Yes, it is a fact."

The house smiled.

Several minor supplementary estimates, covering the expenses of Sir Lomer's office, were passed. One vote of \$150,000 for penitentiaries caused Mr. Meighen to ask if this was due to increased prison population. The minister replied that it was.

WORKERS TO RUN SOVIET FACTORIES

CHICAGO, May 11.—Operation of all Soviet clothing and textile factories in Russia will be turned over to an American Workers' Society, to be known as the American-Russian Trade Industrial Workers' Association, with a capitalization of not less than a million dollars, it was announced today at the biennial convention of the Amalgamated Clothing Workers of America.

This train, of which 56 cars are loaded with wheat, was drawn by a single engine, and made fast time. The wheat is destined for the head of the lakes.

The length of the train is approximately 4,000 feet, and the tonnage is more than 5,000 tons.

BIGGS' BILL GOES THROUGH AFTER LONG STRUGGLE

Measure Provides For Raising
\$25,000,000 To Build
Roads.

RAISE LICENSE FEES

Ontario Minister of High-
ways Announces Plan To
Increase Motor Permits.

TORONTO, May 11.—Hon. F. C. Biggs' bill providing for the raising of \$25,000,000 for road construction by capitalizing \$2,000,000 annually of the revenue from motor licenses was passed by the Legislature in committee tonight after a long debate and the adoption of the two or three minor amendments.

Debate on the bill which had taken up most of the afternoon session was continued tonight. The bill was attacked by Hon. G. H. Ferguson, Hon. G. S. Henry and Hon. Thomas Crawford, and was not approved by the Liberal leader, F. Wellington Hay.

Mr. Biggs explained that it was not the intention to borrow the whole \$25,000,000 at once, but probably in three trumps, one each year for three years.

Just before the contentious clause passed Hon. Mr. Ferguson pointed out that on the minister's own figures the department would be short \$300,000 in maintenance funds next year, and declared it would be proven an utter fallacy that the road system would be maintained by motor licenses.

Will Raise Fees.

Near the end of the debate Hon. Mr. Biggs made it fairly clear that it was the intention of the highways department to increase motor license fees when the good roads system got fairly well under way, and he instanced in that connection Quebec's \$27 for a small car and Ontario's \$13 for a similar make.

It was also stated that there was no serious consideration being given by the department to the suggestion of taxing property in close proximity to provincial highways. In greater proportion than land further back in the country. For the rest of the evening the house talked about fish, the occasion being the amendments to the Ontario game and fisheries act. R. R. Hall contested bitterly the clause allowing pound nets in the Georgian Bay, but Mr. Meigs explained that it would work a hardship to fishermen to stop this. M. Lang, Liberal member for Cochrane, said that fishermen in the Georgian Bay owned their own equipment, and sold their fish where they liked, not being bound by contract to sell to any one company.

Improve Marketing Conditions.

Hon. Manning Doherty told the house last night that plans were under way for the establishment of co-operative association of fishermen in Ontario to encourage and improve the marketing conditions that exist at present. Mr. Doherty estimated that the plans were well under way. The minister's speech was made during the discussion on the amendments to the Ontario game and fisheries act, when exception was being taken to the alleged American control of Canadian fisheries, especially in the Georgian Bay. He said that only that afternoon a deputation of fishermen had waited on him to ask that something be done to give them access to the Ontario market. They wanted the government to undertake some sort of advertising campaign, extolling the merits of Ontario fish.

The minister said he had told them that it would not be practicable to start an advertising campaign at the present time unless the markets throughout the province were assured of a steady supply of fish.

BODY OF ROSS ELLISON FOUND IN DETROIT RIVER

Border Cities School Principal Was
Missing Since Nov. 7.

WINDSOR, May 11.—Missing since November 7 of last year, when he disappeared from a Walkerville ferry, the body of W. Ross Ellison, principal of Prince Edward School, was taken from the Detroit River tonight at 6 o'clock by the crew of the C. F. Bielman, United States mail boat.

Only for the fact that personal papers on the late principal were still in the clothing, the body might never have been identified, because of its decomposed condition. In addition to these papers, including a handbook, was \$65 in Canadian currency. Ellison is said to have had \$100 when he left home on the night that he disappeared.

Suffering from a nervous breakdown, he was on leave of absence from his school duties. He left home on November 7 to purchase meat from a nearby butcher shop. He was last seen standing near the gang-plank. Two minutes later one of the crew found the overcoat that Ellison was carrying over his arm. In a pocket of the coat was a check for \$900 made payable to his wife. Mrs. Ellison has never been able to cash this, because officials of the bank had no evidence that the missing principal was dead.

Dr. H. Crasswell, coroner, who was called to Janisse's morgue, where the body was taken by the police, ruled an inquest unnecessary. It was a clear case of suicide, he said.

Tell Mrs. Ellison was informed by Chief of Police J. P. Smith of Walkerville, that the body of her husband had been found, she steadfastly refused to believe he had drowned himself. She clung to the belief that he was in some institution, where he hoped to be cured of his mental disorder.

Steam was first applied to industrial purposes about 1750. Aluminum with 11 to 14 per cent of silicon yields an alloy which is lighter than aluminum itself.

Forbidden Fruit Lurks in Billie's Bon-Bons.

NEW YORK, May 11.—The only way Billie Burke can have a box of luscious candy sent her from Europe is for her to promise to give it back.

It's a penalty imposed on the actress by United States customs officials. The candy weighs 50 pounds, and comes from Paris. But, customs officials declare, there's a high-grade of brandy in the candy. "There's a kick in every chocolate drop," customs agents told Billie's husband, Florenz Ziegfeld, asking him to promise to send it back if they let Miss Burke look it over.

WATERLOO DUMP ORDERED CLOSED

KITCHENER, May 11.—The only bazaar at present attracting public attention in Waterloo is the condition of the garbage dump situated at the rear of the much-boasted Waterloo Park.

As a result of an investigation of the surroundings today by the park board it is expected the council will be requested to immediately close the dumping grounds, as they will create an insanitary condition in connection with recreation in the park lake this summer.

It is believed the action of the board will be upheld by the council, with the result that the dumping grounds will be permanently closed and filled in. It is confidently expected the next move of the corporation will be the building of a modern incineration plant.

BEGINS ERECTION OF NEW FACTORY

Dominion Shirt Company
Abandons Disputed Site
in Kitchener.

Special to London Advertiser.

KITCHENER, May 11.—The long-drawn-out controversy between the Dominion Shirt Company of this city and the residents of Church street, in connection with the intention of the company to erect a factory on the street in the heart of an exclusive residential section, has been finally concluded by the company purchasing another site on South Foundry street, a business thoroughfare where excavations for the factory were started today.

It is only a month ago that the council passed what was alleged to be an illegal resolution cancelling the permit of the company to build on Church street, with the provision that the residents of the street furnish the city with sufficient bonds to protect the corporation against damages that might be claimed by the company in consequence of the cancellation.

The residents were never able to provide the city with bonds, and up until today it was feared by the ratepayers of the street that the company would take advantage of the loophole and build there to the depreciation of their property.

The announcement of the company that building operations have actually started on Foundry street comes as a great relief to the Church street residents as well as to the members of the city council. Church street has since been declared a residential street by the council, and a similar situation cannot occur in the future.

Get Your Hands on these Values, Men!

Feel the richness of these new fabrics—the soft-finished worsteds, full body-feeling serges and strong-woven tweeds. They're British woollens, the world's standard of quality.

Get into one of these suits—note the style distinction that is with you at once; the perfect fit in shoulders and at back of neck, the beautiful drape toward waist, and shaped sleeves that follow nature's curved arm.

WOMEN'S HOME AND MAGAZINE PAGE

Merry Event For High School Girls Is Springbank Valedictory Party

It was their last outing together as the 1921-22 High School Girls' Club, but it was a joyous event, just the same, even if twenty or thirty of the popular members present are graduating this summer and setting forth to seek educational pastures new in the autumn.

Under the circumstances, a valedictory was in order, and this was ably and poetically presented by Miss Eleanor Grant.

But for the time and the place. After the day's work at school was done, the merry party fared forth to Springbank by special trolley car at 4:30 o'clock, taking the Bungalow Inn by storm, if not unawares. Almost at the same time, the special guests of the occasion, teachers of the Collegiate, arrived by motor, those invited for the occasion including Principal W. H. T. Mooney, Mr. and Mrs. W. G. McNeill, Mr. and Mrs. J. H. Dolan, Mr. and Mrs. J. F. Calvert, Misses Bessie McCamus, Edna Holland and Helen D'Avignon.

Tables were laid and a menu prepared to give a high school girl thrills. So far as the decorations were concerned, these were carried out in streamers in the Collegiate colors, purple and gold, and quantities of lovely spring blossoms. Miss Madeline Roddick had charge of the program, which included a song, a Gregor of the school, games, a song and charades, Miss Barbara Daly, retiring president, presiding in her usual dignified and efficient manner.

Nothing if not original, Miss Grant presented her "good-bye to the school" in the form of an allegory, using as an illustration of high school days the life of a fairy spring, starting on its life journey from the mountain pool, rippling down the hillside, broadening out and gaining in power as it progressed across the plains, to find its resting place in the great ocean.

"It is towards a life of greater usefulness we look," said the eloquent young valedictorian. "We are loath to leave the old school behind, but, like the brook, we have learned how vain it is to look backwards, how unattainable are the years that lie behind. It is towards the future that we turn our gaze, anxious to fill

Constitution is one of the commonest ailments of mankind, and one too often allowed to go unlooked after, until some serious complication sets in.

A free motion of the bowels daily should be the rule of everyone, then there will be no constipation, sick or bilious spells, dizziness, heartburn, coated tongue, foul breath, sour stomach, floating specks before the eyes, jaundice, water brash, etc.

Keep the bowels properly regulated by the use of

MILBURN'S
LAXA-LIVER PILLS.

and you will enjoy the best of health. Mrs. Frank Wilsey, R. R. 3, Belmont, Ont., writes: "I have been troubled with constipation for nearly two years. I had bad headaches, faint and dizzy spells, and would bleed terribly. I was nearly discouraged, for I had tried so many things that gave me no relief. My mother got me a box of Milburn's Laxa-Liver Pills and told me to give them a fair trial. After I had taken one I felt much better and continued their use. Now I have no faint and dizzy spells and am gaining nicely. I would not be without Milburn's Laxa-Liver Pills for the world."—Advt.

MRS. R. E. DAVIS IS PRESIDENT

Music Club Delighted Over Popular Member's Acceptance of Office.

Year Ends With Balance of \$164—Ambitious Plans For Next Year.

Enthusiastic applause greeted the acceptance by Mrs. R. E. Davis of the presidency of the Woman's Music Club at the annual meeting held Thursday afternoon in the Masonic Temple. First vice-president during the past year, Mrs. Davis shouldered responsibility most capably and brought the season through to a successful conclusion when the late beloved president, Mrs. Victor Blackwell, was removed by death. Touching reference was made to Mrs. Blackwell and her valuable service to the club in the annual report of the secretary, Mrs. J. D. Grant.

Remarkable harmony and unanimity characterized the meeting. Mrs. C. R. Somerville presided during the election of officers, submitted the report prepared by the nominating committee, under the convener'ship of Mrs. Harris Elliott. On the motion of Mrs. Sherwood Fox, this was adopted without change as follows: Honorary president, Miss Louise Carling, founder of the club; president, Mrs. R. E. Davis; first vice-president, Mrs. J. R. Wainwright; second vice-president, Mrs. C. R. Somerville; third vice-president, Mrs. Charles A. E. Cooper; Arthur Little, Gordon Hunt, Harold Clarke, W. R. Roome, A. G. Hewton, Harris Elliott, Edwin Paul and Misses Isabel C. Armstrong and Mabel Stevens.

In order to make a good start early in the fall, Mrs. Davis is calling a meeting of the new executive in the form of a few weeks to appoint sub-committees and get other business in shape. With a membership of 263 in the past season, the club has a balance of \$164 with which to begin another year's work.

Among questions discussed was that of reduction of the membership fee, and the opinion generally expressed that this would result in larger membership. This will be dealt with at the next meeting of the executive, and also a proposal to hold all regular recitals in the afternoon instead of alternately afternoon and evening, the plan followed until a few years ago.

Next season an effort will be made to secure artists from sister clubs or surrounding cities and towns for each fortnightly recital, particular success attending the recitals at which artists from the Brantford and St. Thomas clubs appeared in the past winter. The season opens in the way of an artists' concert, and with an outstanding attraction, the presentation of Mariel Kerr, Canadian child prodigy, whose fame has gone far and wide as a genius of the piano, though she is only 11 years old.

Following the meeting Mrs. A. D. Jordan entertained the new executive at tea at the London Institute of Musical Art.

CLUB NEWS
What Women Are Accomplishing in London.

W. L. P. HEARS REV. W. R. MCINTOSH.

A large turnout of members and their friends greeted Rev. W. R. McIntosh Wednesday evening, when he appeared as speaker at the weekly meeting of the Women's Labor Party. A special program, followed by a social hour, was arranged in the subject of "The New Woman." Mr. McIntosh gave a comprehensive survey of the many fields which women are entering of public service. Mrs. Fred White presided, and those contributing to the program of music and readings were Misses E. Burnard, Cunningham, Greenstone, McGregor, M. Gilmore, Messrs. Scott, Letford and Artyon. Mrs. W. Harding and her daughter, Miss Harding, were convener of refreshments, taking charge of the serving of a tempting supper.

CENTENNIAL M. C.
Upon the resignation of Miss Edna Lancaster, Mrs. E. Evans was elected president of the Centennial Mission Circle, at the annual meeting held Tuesday evening at the home of Mrs. Shaw, 950 Lorne avenue. A vote of thanks was given to Miss Lancaster for the splendid work she had done for the circle during the three years she held the office of president. Other officers elected for the coming year were: First vice-president, Mrs. W. Weir; second vice-president, Miss Edna Lancaster; third vice-president, Mrs. B. Tilson; recording secretary, Miss Velma Edwards; treasurer, Miss Leota Dale; corresponding secretary, Miss Anita Graham; superintendent of Herald, Miss Edna Spinner; superintendent of systematic giving, Mrs. J. Page.

ORGANIZE IN STRATFORD.

Personals

Mrs. P. H. Goldring of Mimico Beach, Toronto, is a guest with Mrs. A. H. Clinger.

Mr. and Mrs. Charles H. White and family leave next week for their country residence, "Scramble Inn," London Township.

Herbert P. Graves, son of Mr. and Mrs. Louisa H. Graves, is being congratulated on receiving his degree of B.A.Sc., University of Toronto.

The London branch of the Canadian Red Cross is entertaining sixty patients from Westminster Hospital at the Scots Guards Band matinee Friday afternoon.

Mr. and Mrs. E. L. Cody, Emboro, announce the engagement of their daughter Eva Evelyn to Mr. Adam D. Munro of St. Marys, son of the late Mr. and Mrs. Hugh Munro of West Zorra, the marriage to take place in May.

Mrs. A. M. Huestis and Miss Gertrude Tate have arrived in town from Toronto for the annual meeting of the Ontario branch of the Canadian Social Hygiene Association and are staying at the Tecumseh Hotel.

Mr. and Mrs. Wm. MacNaughton, Grosvenor street, announce the engagement of their youngest daughter, Helen Mae, to Mr. A. Randolph Davidson, only son of Mr. and Mrs. John Davidson of this city, marriage to take place in June.

Following the annual meeting of the Woman's Music Club Thursday afternoon in the Masonic Temple, Mrs. A. D. Jordan entertained the members of the newly-elected executive at afternoon tea at the Institute of Musical Art. Her mother, Mrs. Henry C. Houghton, presided over the tea table, charming with decoration of fragrant May blossoms.

Representing the War Memorial Children's Hospital committee, under the auspices of which the Scots Guards Band is appearing in London, Mrs. E. B. Smith, regent of the Municipal Chapter, L. O. D. E., and Mrs. F. J. Greenaway, honorary secretary of the committee, met the band at the station on its arrival in London Thursday evening to extend a welcome on behalf of the committee. Owing to a sprained ankle, Mrs. A. H. Smith, convener of the committee, was unable to be there.

One of London's charming and gifted girls is to be numbered among the June brides this year. The engagement has just been announced by Mr. and Mrs. John Gemmell of their only daughter, Margaret Allen, to Urban Tigner Holmes Jun., M.A., of Cambridge, Mass., son of Commander Urban T. Holmes, U. S. N., retired, and Mrs. Holmes. The marriage takes place June 22 in St. Andrew's Presbyterian Church.

The bride-elect, known to her host of friends as "Peggy," is a graduate of the Western University. Immediately after the wedding, for a young couple will go abroad for a year, Mr. Holmes having recently taken the valuable Sheldon traveling fellowship in Harvard University. They will subsequently take up their residence in Boston. Miss Gemmell is exceptionally gifted along dramatic lines, and is taking a leading part in the presentation of Tennyson's "Idylls of the King" at the London Drama League in the Collegiate auditorium, May 22. She has been in charge of the southeast branch of the public library since it was opened.

Classic City. While Stratford has had six flourishing mothers' and home and school clubs for some time past, this is the first attempt to unite forces. The London visitors spoke on the work of the federation here, impressing the value of co-operation and united effort. Miss Rankin was made president of the new federation, with a representative from each individual club on the executive.

REPEAT L. C. I. "LIT" CONCERT.
Such a success did the program prove for the wind-up meeting of the season of the London Collegiate Literary Society that it has been decided to repeat it Friday evening in the collegiate auditorium for the benefit of the public. The program will include numbers by the collegiate orchestra, the Collegiate Glee Club, and other musical numbers by students of the school, and a one-act play, "Obstinacy," presented by half a dozen clever young people. The entertainment begins at 8 promptly.

A NEW ADVENTURE

[By Olive Roberts Barton.]

"Do you want company?" asked the Magical Mushroom.

THE Fairy Queen wrote a letter of introduction for the Twins to give to Mr. Peetrabout when they got to the moon. When it was finished, she handed it to Nick, who put it away carefully in his pocket.

"Do you want company?" asked the Magical Mushroom. "I'd sort of like to go along for I haven't seen my old friend Peetrabout for years 'n' years."

"Oh, yes, do come," cried Nancy. "We'd love to have you. Can you wish yourself so far?"

"I don't know whether my magic will hold out for that distance or not," answered the Mushroom, "but what's the matter with each of you taking one of my arms (the Mushroom had arms you know, my dears,—legs, too) and when you wish yourself to the moon, I'll go, too."

"But can you get down?" asked Nick.

"Ha, ha, ha! That's a fine joke, isn't it?" laughed the Mushroom, turning to the Fairy Queen and all the other fairies who were gathered around to see the Twins off on their new adventure. "That's a fine joke—to ask a person with a hat like an open umbrella, if he can get down from the moon. Yes, my dear, I can sail down as easily as a parachute."

To Be Continued.

Radio Radiations

Amateurs are requested to make their queries as brief as possible to facilitate the publication and answering of the questions. Address your communications to the Radio Editor, The London Advertiser.

THE telephone head receivers of a radio set are perhaps the most sensitive part of the apparatus. Whenever they are not in use, they should be hung up alongside the set, so as to avoid their being knocked off the table. Any kind of shock

HOW TO TEST HEAD SET.

might cause injury to the delicate diaphragms of the ear-pieces.

These diaphragms vibrate at several thousand times a minute, when signals are being heard, and for this

SULPHUR CLEARS A PIMPLY SKIN

Apply Sulphur as Told When Your Skin Breaks Out.

Any breaking out of the skin on face, neck, arms or body is overcome quickest by applying Menthosulphur. The pimples seem to dry right up and go away, declares a noted skin specialist.

Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Menthosulphur and use it like cold cream.—Adv.

purpose they must be exact in every particular, to reproduce a voice or message accurately.

If, for any reason, the head set is believed to be damaged in any way, there is an easy way to test them.

Place a one-cent piece on the table and on that place a slightly larger piece of tissue paper that had previously been soaked in vinegar. On the wet paper place a five-cent coin. Then another vinegar-soaked paper, another cent piece and so on for four or six layers.

Place the head set over your ears, and take a tip of the telephone cord in each hand. Touch one tip to the bottom coin, which should be a cent piece, and the other tip to the top coin—a nickel without any paper on it.

By holding the phone cord tip to the bottom coin and tapping the top nickel coin lightly with the other tip, a clicking noise will be heard if the receivers are in good condition. This noise is caused by the closing of an electrical circuit between the coins and the phones. The stack of coins and wet paper form a delicate electric generator.

The efficiency of the phones can be estimated from the amount of coins used in the stack. The lower the stack the better the phones.

RADIO PRIMER

REGENERATION—The property of a radio receiving circuit to "feed back" energy from the plate circuit to the grid, so as to amplify the original strength of the received signals.

"Wrap-Around" Skirt Is New

Is the absorbing question of what is or is not fashionable keeping you awake at night?

Just fold the drape of your skirt about you and you may lie down to pleasant dreams. Add a fringed hem and you will be as fashionable as it's good for anyone's pride to be.

The formula is simple. Just wrap it around, ravel out the bottom or

slash it into fringe, and button it up the front. In case the material doesn't lend itself to raveling the desirable effect may be obtained by sewing matching fringe around the bottom.

The "wrap-around" skirt is made of homespun, ratine, tweed, flannel or one of the new sport silks—crepe-knit or silk homespun. As to colors—you have full paint-box range.

SISTER MARY'S KITCHEN GRAPEFRUIT

HERE'S a tang to grapefruit that goes "right to the spot" in the spring of the year. The fruit acts as a tonic to jaded appetites.

Try salt instead of sugar on your breakfast fruit. Add salt to the fruit cocktail you serve at luncheon or dinner. Try these rules for grapefruit and see if the family doesn't approve.

Grapefruit Pie.

One grapefruit, boiling water, 1 cup

sugar, ½ teaspoon salt, 2 tablespoons cornstarch, 1 egg, baked pie shell, 2 tablespoons granulated sugar, 1 tablespoon cold water.

Squeeze juice from grapefruit and use enough boiling water to make two cups of liquid. Put boiling water in a saucepan. Add sugar, cornstarch diluted in cold water and salt. Cook, stirring constantly until clear. Stir in grapefruit juice.

Add yolk of egg unbeaten and remove from the fire. Mix thoroughly and pour into the baked pie shell. Beat white of egg till stiff and dry with cold water. Beat in sugar and pile on pie. Bake eight minutes in a moderate oven. Serve cold.

Grapefruit Salad.

Two grapefruit, 1 green pepper, 3 drops onion juice, ¼ teaspoon salt, 2 tablespoons oil, paprika.

Peel grapefruit, removing all tough white skin. Divide into sections and remove pulp from connecting tissues. Remove seeds and white fiber from pepper and mince. Arrange sections of grapefruit on hearts of lettuce, sprinkle with minced pepper and pour over dressing of onion juice, salt and oil mixed. Sprinkle with paprika and serve. Any juice that escapes from the fruit while it is being prepared should be saved and mixed with the oil. This salad should be thoroughly chilled before mixing.

Grapefruit Marmalade.

Six small grapefruit, 2 lemons, 3 oranges, water, sugar. Cut grapefruit in halves and scoop out pulp with a spoon. Free the peels or shells from the fibers and pith and cook in boiling water to cover. Change the water three times during the first hour of cooking. Cook until the peels are tender. Drain. Scrape the white part off with a spoon, leaving only the yellow rind.

Cut in shreds. Measure pulp and use same amount of sugar and fruit. Wash and wipe oranges and lemons the night before you want to make the marmalade. Slice very thin into a large crock.

Add 10 cups cold water and let stand over night. Bring slowly to the boiling point and boil half an hour. Measure and add as much sugar as there is fruit. Add to

Linda Lee, Inc. by LOUIS JOSEPH VANCE

And Mr. Willing was to understand that these were to be regular tests and no monkey business; he was to see that someone with plenty of know-how helped the ladies make up; after which he was to shoot the party as a whole in some little scene or other, in addition to making individual close-ups.

A compliment signaled their screen debut; the presence of Miss Daley—"in person"—composed, hospitable, showing every anxiety to make their tests successful.

"I thought it would be nice if we could all have tea," Miss Daley explained—make a regular little scene of it.

"I'm sure that would be delightful," replied Lucinda, suspended judgment melting into liking even in those first few minutes.

Miss Daley was tactful enough to make her guests forget themselves and the trial to come, as they took their places—and were served with tea by actor-waiters in correct livery. All the same, Lucinda noticed that their hostess ingeniously manoeuvred to a central position in the foreground, where she sat full-face to the camera; this being by far her best phase. And just before the lights blazed up, the girl launched into a spirited account of her passage-at-arms with King Laughlin.

Clever actress that she was, Miss Daley extemporized a star part for herself by rising without warning and announcing that she would have to run and change for the scenes to be photographed.

"I'll try to hurry and try to get ready before you go," she said, shaking hands all round with charming grace; "but if I don't see you again, it's been just wonderful to meet you all, and I hope this isn't good-bye forever!"

The bank lights hissed out and the camera stills its stuttering. "Nice little scene," said Mr. Culp, intercepting Lucinda as she left the set. "Go in to screen pretty. I'm bankin' on Jack here."

He dropped an affectionate, fat hand on the shoulder of the cameraman. "Excuse me, Mrs. Druce, want to introduce you to Mr. Jack Timilty, best little cameraman ever turned a crank." The cameraman grinned sheepishly and proffered a diffident hand. "No temptation, no funny business about Jack, Mrs. Druce. When Jack says that little scene took pretty, I know it did."

"Salright, Mrs. Druce," Mr. Timilty averred. "I wouldn't say about the others, but you and that other little blonde lady—"

"Mrs. Lorraine."

"Her and you registered like a million dollars."

Nevertheless the little flip ad ministered to her self-esteem made Lucinda feel more contented; it deepened her interest in the business in hand.

On the point of leaving, Culp put in a hasty appearance and insisted on escorting Lucinda to the door.

"Lis'n, Mrs. Druce," he abruptly volunteered, "Jack says your test's going to turn out great. That's just what he said—like a million dollars."

"I was speakin' it over with Mrs. Culp in her dressing-room, d'you see, and she's strong for it, says she'd be tickled to pieces. I was thinkin' maybe you'd like to try goin' into pitchers. You got everything, d'you see, looks and style and all, everythin' but experience; and that's somethin' you can get right here in this studio, workin' with Mrs. Culp. I got a good part for you in her next pitcher you could try out in, and—"

"It's awfully kind of you," Lucinda interrupted, "and I'm truly appreciative."

grapefruit pulp shredded rind and sugar and cook the whole about an hour and one-half. The marmalade should set quickly when tried on a cold saucer. Turn into jelly glasses and cover with paraffin when cold.

(Copyright, 1922.)

active, Mr. Culp; but really I couldn't think of it."

"Well, of course, if you don't, that's different." He pondered gloomily this incomprehensible freak. "Lis'n," he suggested, brightening. "Tell you what, Mrs. Druce; you go home and think it over."

"Seriously, Mr. Culp; if I should think it over for a month, my decision would be the same. But thank you ever so much—and please thank Mrs. Culp for me, too."

"Well," Culp said reluctantly, holding the street door. "If that's the way you feel about it. . . well, of course. . . G'night, Mrs. Druce, and pleas'meet you."

Crossing to her car, Lucinda experienced a vagary of vivid reminiscence. Just for an instant the clock was turned back for her a dozen years and more, she was again a little girl, a child bringing dazed eyes of dream from the warm and scented romance of a matinee, her thrilled person groping mutinously toward reconciliation with the mysterious verities of streets nantied in blue twilight.

That passed too quickly, too soon she was Lucinda Druce once more, grown up and married, disillusioned. Notwithstanding that, she drove

"I WAS THINKIN' MAYBE YOU'D LIKE TO TRY GOIN' INTO PITCHERS."

Directly home, pausing only to drop Daubney at his club and the Lorraine at their hotel.

The maid answered for her, and came to report; Mr. Druce had called up to say he wouldn't be dining at home that night, he was detained by a "conference."

Without looking, Lucinda knew that the woman's eyes were demure, her lips twitching.

Her just anger of that afternoon recurred with strength redoubled. On leaving her bath Lucinda de-

Chats With Rex Beach About the Great Out-of-Doors

BY MORRIS ACKERMAN.

"Comfort" is the keynote of the outdoorsman," confides Rex Beach. Herein he lets you in on some worth-while secrets.

"Always carry an extra shirt. When I am wet from perspiration, rain or snow, I change into a dry shirt."

"No matter whether I am on a mountain peak or in a spruce swamp I change to a dry shirt at noon."

"Wear a dry shirt and you have no idea how comfortable you will feel. The wet one will dry as well if you wear it on the outside. No matter how cold the weather is, just strip right down and put on that dry shirt."

"The matter of footwear is probably more important than any other item of wear for the hunter. Keep the feet in a natural posture. No man can travel in comfort on flat arches. Wear shoes or packs that are plenty big, but not too big. Keep your feet from becoming blistered and chafed. While I don't mind the

layed only long enough to shrug into a dressing gown before going to the telephone, call Daubney and make an engagement for the evening."

X.

AT first glance the huge main room of the Palais Royal seemed less frequented by clients than by waiters; but the influx of the former was constant, and when a gang of incurable melodramas crashed, blared and whanged into jazz fox trot, the oval dance floor was quickly hidden by swaying couples.

For some minutes Lucinda sat looking out over without seeing these herded dancers, only aware of the shifting swirl of color and the hypnotic influence of savage music, her thoughts far from this decadent adaptation of jungle orgies which she had come to witness. And presently a smile began to flicker in the depths of her eyes.

"Oh!" she said, rousing when Daubney uttered a note of interrogation. "I was thinking about this afternoon, remembering King Laughlin moping in his magnificent delusion that he was conducting an orchestra."

"You don't know about the handsome offer Mr. Culp made me, with his wife's approval, just as we were going away," she continued.

Daubney frowned. "What kind of an offer?"

"To become a movie actress under the Culp banner, a sister-in-art to Alma Daley."

"Do you mean Culp actually had the impertinence—"

"Oh, come!" Lucinda's amusement subsided. "Mr. Culp was most kind, at least he meant to be. He said he, his wife and his cameraman—whose opinion he values more highly than any director's—all agreed I had

because he values his character; so, by the same token, he respects others. He has a keen sense of honor, and when he says yes, he means it. A man who can be a gentleman when he pleases, never pleases to be anything else."

MRS. JOHN G. MILLER, 894 Lorne Avenue, London.

MEN WHO ARE CLEAN.

M. P. Highgate, Ont.

hardships that go with hunting. I try to eliminate them when possible.

"I like an air mattress in my tent box when duck shooting. I am strong for reindeer garb such as the Eskimo uses. When it gets cold down on the coast, I turn hair towards my skin, pull on parka and stay with the birds and others find comfort around shanty stove."

"I learned a lot about reindeer clothing while living in Alaska. I am strong for it. It is light, warm, and this hair against the skin keeps a layer of air around the body that forms just the proper resistance against the cold."

The trick in clothing the body is covering the feet in cold weather. Both instances are not to have tight fitting shoes.

Feet are warmer with one pair woolen socks in loose shoes than several pairs in tight-fitting shoes. The same is true of loose-fitting clothing. Wear just enough for comfort.

showed a great deal of promise; that if I cared to try it on, he'd glad to give me a good part in his Daley's next picture, and if I was good in that he'd form a company star with me."

"What role?"

"Very well, Dobbin. Let's say more about it."

The constraint that fell between them like a curtain of muffled folds, was presently emphasized by an abrupt suspension of the music. Descending the several steps to the box level to the common, it threaded their way through a jam of tables to the fringe of the dance-mob, in whose closely-packed, roiling and surging rout considerable imagination and ingenuity were required to find room.

All about the couples were practicing every conceivable variety step that could be executed to rhythm beaten out by tireless drum whose timbre had all the grim, weirdly stimulating monotony of African tom-toms. Many contented themselves with a tedious, stilted jigging by means of which they traversed the floor crab-inch by inch. Others charged st distances at headlong speed, checked short, whirled madly, darted swooped again with increased agility, in a sort of corvantic fling, like dervishes. Yet there were strangely few collisions. . . .

And suddenly she knew she had enough.

"It's too crowded," she told Daubney, and he nodded agreement. "Sit we stop when we get around to the box."

Without warning Lucinda was struck by a wildly careering ball with such force that she lost foot altogether and must have fallen for Dobbin.

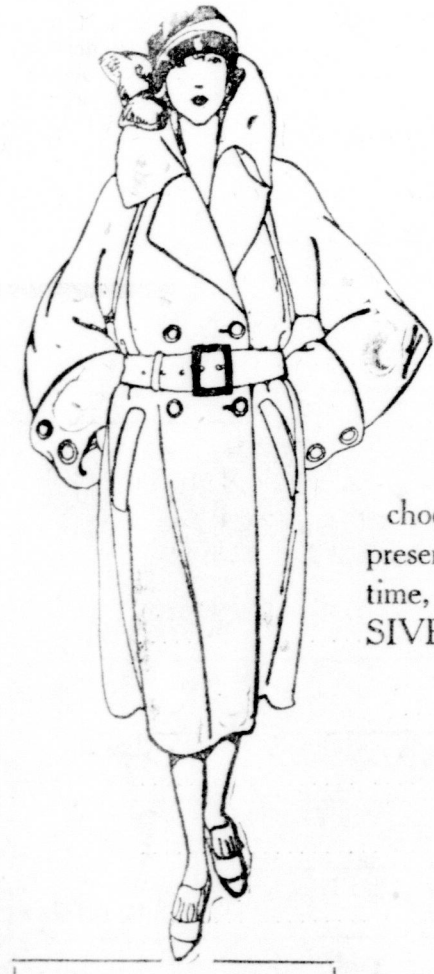

Simultaneously the floor shook with the impact of two heavy feet. And clinging to Dobbin, a little dazed Lucinda saw a strikingly young woman sprawling at her feet and at a yard's distance a man similar plight.

(Continued In Our Next Issue.)

Cloves are grown almost entirely on two tiny islands off the east coast of Africa—Zanzibar and Pemba.

The cave man buried his dead with solemn religious rites as any vogue today.

Now for the Finish of Sumner's Big 20% Discount Jewelry Sale

The Only Special Sale We Ever Put On, and It Has Been a Decided Success

20

Per Cent Off Diamonds Watches Clocks

Good-bye, Old Store!

UNLESS our calculations fail this will be our last week in the old store. Next week we will be in the new store, along with what remains of our present stock, on mahogany shelves and in plate glass cases in our new store, to display all its beauty and attractiveness. And right here occurs a little of the sentimental. After twenty years' occupancy of one place—be it a home or place of business—during which one has become intimate with every visible nail and screw, and every nook and cranny, and established a successful business relation with the purchasing public, it is impossible to "pull up stakes" and leave the place without certain regrets. For years our business had required more space, and while we have secured a most commodious store, and even closer into the heart of the business center, yet we will feel a strangeness to the new quarters for a little time; and when asked for some minor article, will, of necessity, hesitate for a moment as to just where to locate it. Then thoughts are reflected back to the old store, and how convenient it was to place one's hand on each of the thousands of articles crowded into that small space. It may require a little time to get accustomed to the new surroundings, but then everything will be more convenient; and there'll be oodles of space for our many patrons, instead of being crowded into a small space while waiting one's turn for service.

At 332 Richmond Street (Boulevard's old gent's furnishings store) where we will be installed in a few days, we will greet our old friends, and the many new ones we are confident of making, with a hearty welcome and the Sumner smile, and endeavor to give them the same reliable service, or even better, that we have always handed them in the past.

Meanwhile our 20 Per Cent Discount Sale will continue for a few days longer, but unless calculations go awry, we will be ready to invite you to inspect our new store and stock some time during next week.

And the junior members of the firm (Messrs. Chas. E. and Osbert W., sons of Mr. C. R. Sumner) will be all eagerness to greet their friends, in addition to our many well-known customers. It will be a pleasure to display our stock and give to all the best possible service.

With hearty thanks to those who have been our staunch patrons during the past years, for their assistance in our business success, and hoping to meet many new faces in our commodious new premises, we are, Yours faithfully,

HECK STORIES OF 4 MEN HELD

ntford Police Investigating
aims of Quartet To Mon-
treal Homes.

nect Prisoners With
otting Occurrence and At-
tempted Garage-Breaking.

ANTFORD, May 11.—It is now
ed that there were eight men in
gang that shot at J. Williams,
resides on the Burford road,
day morning about 8:20.
men now held by the local
on a nominal charge of vag-
were seen, it is alleged, in the
ty of the MacDonald garage.
e, it is said, they attempted to
some gasoline when their car
at fire and they had to abandon
they were traced by High County
able Fred Kerr and County
able William Taylor to East-
where they were caught asleep
some shrubbery on the road-
by the officers.
Had Two Cars.
is now reported that the gang
operating in two cars, and that

Chicago Jails 400 In Hunt For Slayer of 2 Policemen In Auto

CHICAGO, May 11.—The detective bureau and city jails were
crowded today with 400 labor leaders and others held in con-
nection with the murder of two policemen here yesterday, and the
bombing of two buildings, which police attributed to labor dis-
orders.
All law enforcement organizations in the city are united in what
police term "a fight to the finish with organized labor." More than
100 labor leaders, including "Big" Tim Murphy, Cornelius Shea and
Fred Mader, president of the building trades' council, are among
those under arrest. Raid on labor headquarters brought in labor
bosses by the score yesterday.
Isadore Braverman, 28, is alleged to have fired the shots from
an automobile when Lieutenant Lyons was killed.

It was pre-arranged that they meet
at Mount Vernon. This plan would
have been successful had it not been
for the one car burning.
The police are led to believe this
because late Tuesday night a party
of Burford men motoring near Mount
Vernon saw two Ford cars near the
MacDonald garage. One car sped
away westward as the local motor-
ists approached, and the other Ford
was left standing in front of the
garage.
The standing car suddenly broke
into flames, and as was previously
reported, it was burned badly.
Efforts were made to get in touch
with the county police, and the
Mount Vernon people finally motored

well equipped.
A huge steel "jimmy," used in
prying open the gasoline tank and
in attempting to force the door of
the garage, was found. In the rear
seat of the motor car were a dozen
spark plugs, wheel caps and numer-
ous other accessories, showing that
the occupants had prepared them-
selves for many emergencies.
Witnesses are being secured by
Constable Kerr to check up the ac-
tions of the men while they were in
Brantford. They will appear before
Magistrate Blake next Wednesday.

SAYS MacBRIEN WAS MISQUOTED

OTTAWA, May 11.—(By Canadian
Press.)—In the House of Commons
this afternoon, A. R. McMaster
(Liberal, Brome) drew the attention
of the government to an article ap-
pearing in the morning newspapers,
quoting Major-General MacBrien as
saying: "There have been debates
in regard to the estimates recently
as to the necessity for training for
our men. Those who say that train-
ing is not necessary simply display
their ignorance."
Mr. McMaster asked that inquiries
be instituted, as such remarks, if
made, were very improper, when com-
ing from the head of the general
staff.
Hon. G. P. Graham agreed with the
member for Brome, but thought that
probably the general had been mis-
quoted.

PRESENTS REPORT ON BRITISH STRIKE

Sir William MacKenzie Urges
Mutual Recessions in Engi-
neering Dispute.

LONDON, England, May 11.—(By
Canadian Press.)—Sir William Mac-
Kenzie, who has been conducting a
court of inquiry on behalf of the
government into the dispute in the
engineering industry resulting in a
lockout of about three-quarters of
a million workers, has presented his
report.
He holds that the management of
the industries concerned alone are
in a position to judge as to the neces-
sity of overtime, and that there must
be freedom for the management to
exercise discretion up to the limit
of 30 hours' overtime in four weeks.
The management of the industries,
Sir William reports, are also en-
titled to decide as to whether any
proposed change in the working con-
ditions is urgent, and must be en-
forced immediately, but subject
thereto, he declares, it is desirable
that there should be a prior consulta-
tion between the management and
the men.
Where a consultation in the work-
shop fails to secure an agreement

Sir William favors a change being
made, without prejudice to any later
agreement that may be reached by
the ordinary procedure of a central
conference.
Sir William MacKenzie makes
other suggestions in his report, but
states that the matter is one in
which no agreement can wholly take
the place of mutual good sense, good
will and appreciation, by each side,
of the other's difficulties.

STEAMER ARRIVALS.
SOUTHAMPTON, May 11.—Em-

ATURDAY afternoon sees London's first organized amateur baseball introduced to the fans at Queen's Park when the Inter-Club League, affiliated with the O. B. A., opens with a twin bill.

A parade and all the big league fixtures will attend the opening ceremonies of the amateurs. Over 60 automobiles will be in the parade, which will form up on Carling street, between Talbot and Ridout, at 1:30 o'clock. The fans who have been waiting for the amateur season to open won't be able to say that they didn't get any notice, for there are features billed for the parade which can't be overlooked.

The clubs will line up in the following order: Forest City, Hermitage, Orients and Alerts. In front will be the guests: Mayor Wilson and Ald. Childs; George Martin; the officials of the Manufacturers' League and the press. The first two teams playing will be slated to take to the mound with Alerts.

At the park, Mayor Wilson will be off. The clubs that takes part in the games on Saturday will have amateur cards and the O. B. A. certificates, which will be conferred by Mayor Wilson. Some of the clubs are not sure how some of their players stand, as some of the amateur cards have yet to arrive. G. Forge, former St. Thomas player in the first game and Al Watts is billed to preside over the second affair.

The O. B. A. brand of ball is getting its first test in London, and by the first test of the ball in the city is of baseball talent in the city is concentrated in the Inter-Club League, which is the first time the fans have seen in action before, but there is much news that will add a lot of speculation to the game this year.

The amateurs have done so well elsewhere, and especially since the introduction of the O. B. A., that they are looked for from London for years, one of the best ball towns on the continent.

IRISH BATTLE IS STAKE WINNER

LONDON, May 11.—(Canadian Press Cable)—Sir R. W. Griffith's 3-year-old club Irish Battle, by Lemberg—Mary Macneil, quoted at 7 to 2 against, won the Payne stakes at Newmarket this afternoon from a field of six.

Lord Derby's chestnut colt Spithhead, by John of Gaunt—Scapa Flow, quoted at 100 to 1 against, finished a length behind the Griffith colt for second place. J. P. Hornum's bay colt Solace, by Sunstar—Dependence, a Derby stake, was a poor third, six lengths in the rear. Solace was quoted at 100 to 1.

Neither Irish Battle or Spithhead have engagements in the Epsom classic. The Payne stakes, of 10 sovereigns each, with 400 sovereigns added, is for 3-year-old colts and fillies, and is run over the last mile and a half of the Curlew course.

The clothes I feature have quality tailored right into them—quality that does not wear off—it stays to the end of the garment's life. It is the quality that makes them distinctive and above the ordinary.

Price \$25.00 to \$50.00.

BEAVERS COULDN'T KEEP 2-RUN LEAD

Brant Hits Came Opportunely and Had the Punch.

BRANTFORD, May 11.—Kitchener Beavers fought hard today, but in spite of a two-run lead were unable to hold the Brants who battled out victory by a score of 4 to 2. The visitors were weak in the field in comparison with the home side, and it was the punch of the home side that won the game.

LITTLE DRIBBLES

At the special meeting of the City Soccer League executive held last night in the "Y," Alf. Ince was suspended for six months for his attack on Charles Lowney, a Grand Trunk player, in a game last Saturday.

The sentence was more or less expected, in view of the suspension handed Jimmy Smith of Public Utilities last year for an offence somewhat similar.

Ince is one of the city's most valuable players and had good record. While very sorry that an affair happened, Ince probably realizes that nothing less could have been done by the league officials, in view of the circumstances. He will not be able to return to the game before Nov. 12.

The league has received permission to play its games on the east diamond until November.

On Saturday one or two good games will take place under the jurisdiction of the St. Thomas League.

The outstanding game in London will be the clash between the R. C. R. and the St. Andrew's team.

If the soldiers can put their full team on the field they claim they will defeat the Canby Scotchmen. As far as weight is concerned, the R. C. R. is a powerful team, and at times displays this combination.

Looking at the other side of the story, the St. Andrew's boys have played four games, with a goal average of 16 against 1. This record itself shows they are no mean side, although 14 of the goals were scored against the A. and N. St. Georges, so far the two weakest teams in the league.

The W. O. R. journey to St. Thomas to play the M. C. club. The team will leave on the 4:29 train.

It is rumored that the take-up in the team will take place, and although they may defeat at the hands of the G. T. R. last Saturday, a big effort will be made to secure both points from the R. C. R. roaders.

The Wasps, fresh from their victory last Saturday, will be right in the game again this week, but the Lions of St. Georges may surprise them by beating the Wasps on their own grounds, so another good game should take place between these teams.

W. O. R. will play R. C. R. in a Junior City Soccer League game to night at Carling Heights.

The teams will line up with the following: R. C. R.—Sengfield, Brodie, Winmill, Brooker, Cornhill, Ward, Cameron, Warren, Smith, Dennis, Nichol, Smith, Bruce, Felscher, Lowe, Turner, Smith, Woods, Davis.

W. O. R.—Warton, Dennis, Nichol, Smith, Bruce, Felscher, Lowe, Turner, Smith, Woods, Davis.

TRIBE CLAWED 15--1 BY TIGERS

Coggins Mauls For Fourteen Hits, Eleven Runs in Four Frames.

LONDON, May 11.—Georges Carpentier may knock out Ted "Kid" Lewis in the first round of what was to have been a twenty-round bout for the light heavyweight championship of the world, held by Carpentier. The end came when Carpentier, in breaking from a clinch, drove a sharp right to the point of Lewis' jaw. The Englishman toppled over backward and lay motionless on the floor until the referee counted ten. Then Carpentier picked up his fallen rival and aided in carrying him to his corner.

The spectators were slow to realize what had occurred, but when finally they comprehended the battle was over and Lewis was defeated there arose a storm of boos and cries of "foul" from all parts of the vast auditorium, which drowned out the comparatively little applause Carpentier was receiving from the Parisians.

From the sound of the going to the end of the referee's count, two minutes and fifteen seconds intervened.

Carpentier weighed 175 pounds, the light heavyweight limit, while Lewis weighed 155 pounds. Buck went to the scales at 157 pounds with his clothes on, when the fighters weighed in this afternoon.

Dempsey Congratulates Carpentier. Jack Dempsey, the world's champion heavyweight boxer, was the first man to congratulate Carpentier after the knock-out. Carpentier left the ring and proceeded to his dressing-room through lanes of hoarsely cheering fans.

The great Olympia amphitheatre held a record-breaking crowd for the battle between the two fighters.

Hundreds of handsomely gowned women were among the spectators and Carpentier's victory was hailed as a triumph for the Frenchman.

Among others present were the Duke of York and the Prince of Wales, who were seated at the ringside. Jack Dempsey was applauded when he entered the arena and was shown a great ovation by the crowd.

Kyanize

WASHABLE CELOID FINISH

HERE'S a new coating that meets squarely the problem of all wall finishing. Right from the can, it spreads easily under the brush—dries overnight, waterproof and washable—a handsome satin-like lustre. Not a high gloss, distracting to the eye, nor a dull flat tone. Washes easily with soap and water.

Eight dainty, delicately-toned tints and Pure White. An ideal finish for Bedroom or Nursery Furniture and all Woodwork.

TRY IT AT OUR EXPENSE

Free Trial Can: A full half-pint can of Kyanize Celoid Finish will be given FREE by the dealers named below if you present this Coupon and 25 cents for a brush to apply it.

All the new Straw Hats opened for your inspection tomorrow.

John Graham & Company

BALTIMORE, Md., May 11.—(Canadian Press.)—Henry Daniel, trainer for J. K. Ross of Montreal, last night shipped twenty horses of the Ross stable to Toronto. They are destined for the sales ring at Woodbine Park. The remainder of the stable will leave for Toronto on Sunday night.

RANGERS TO OPEN WITH HESPELER

KITCHENER, May 11.—The Kitchener Rangers soccer team, which will open the season here in Victoria Park Saturday against Hespeler, will be composed of: Goal, Henderson; right back, Swartz; left back, Franklin; halves, Sutherland, Brodie, W. Garden (capt.); right outside, Barnes; right inside, McKee; center, Weir; left inside, McKee; left outside, Langton; Hoss and J. Garden will be the reserves. The game will be called about 4:15.

Tomorrow night at the whist drive in the G. W. V. A. rooms, the MacCosses will be presented to the club members. It is expected that Honorary President D. Forsythe and Miss L. Bruce will make the presentation.

LOUISVILLE, Ky., May 11.—More than \$20,000 a minute will be paid to the owner of the winning horse in the Kentucky Derby here next Saturday for the two miles or less the horse is in action. The gross value of the stake, if four horses face the barrier, will be \$57,300, which includes the purse of \$50,000 offered by the club, fees from 82 nominees at \$25 each, and \$300 each from ten starters.

The winner takes it all, except \$5,000 to the owner of the second horse, \$3,000 to the third, and \$1,000 to the fourth, leaving \$47,300 in prize money for the thoroughbred which noses out the field. Dreams of negro stable boys that out of Kentucky once again would come the winner of the super-classic of the turf gave way to stern reality in the form of Morvich, favorite of the East, with the announcement from the E. R. Bradley stable that "only by a miracle" could Busy American, the acknowledged hope of the West, face the barrier in the Kentucky Derby. Coming hard on the report of Busy American's final Derby trial yesterday morning, the Kentucky Derby Club announced that the Kentucky Derby would be run on a higher mark, however, the Bradley stable still boasts two good candidates, and according to Trainer H. J. Thompson, Morvich will not take first place from Busy American and By-Gosh. Hope has not been given up for Busy American, as Trainer Thompson said, he was banking on the miracle.

ORIOLE HURLER SHUTS OUT LEAFS

Martin Kept Orioles' Hits Scattered Except in Fourth Count.

TORONTO, May 11.—Groves mastered Toronto today, shutting the Leafs out 1 to 0. Baltimore got ten hits off Martin, but he kept them scattered, with the exception of the fourth inning, when Walsh's triple and Boley's single got the only run of the game.

The score: R.H.E. Baltimore 000 010 000—1 10 6 Toronto 000 000 000—0 3 1 Groves and McAvoy; Martin and Sanborn.

BEARS OPEN WITH WIN.

ROCHESTER, May 11.—Newark won the opening game of the series, defeating Rochester this afternoon 8 to 7. The Bears twice came from behind, a three-run rally in the ninth deciding the game.

The score: R.H.E. Newark 010 102 103—8 9 1 Rochester 000 000 000—7 12 3

Rochester 000 000 000—7 12 3 off. Ebor, during his training last night, further injured his right hand, and Dr. Hand, the Ontario Boxing Commission's medical physician, announced this morning that it would be impossible for him to box for two weeks or more. His first bout will probably be with Curly Wilshur in Toronto on June 9.

JOE REDDY IS STEADY.

BUFFALO, May 11.—Buffalo today valuated the crippled Jersey City team by a score of 9 to 3. Sellars was hit hard in spots, while Reddy pitched a steady game. Kelly made his fourth home run since the home season opened. Jacobs also lifted the ball over the left field wall.

The score: R.H.E. Jersey City 000 001 011—3 8 2 Buffalo 001 231 024—9 10 0 Sellars and Freitag; Reddy and Benough.

HOMER HELPS STARS.

SYRACUSE, May 11.—Smith's home run in the fourth inning with two runners on bases gave Syracuse a victory over Reading today in the first game of the series by a score of 4 to 1. Kirsch pitched strongly for the Stars, all four of the visitors' hits being scratches.

The score: R.H.E. Reading 000 100 000—1 4 2 Syracuse 000 201 004—4 6 4

EBOR-LYNCH BOUT IS CALLED OFF

HAMILTON, Ont., May 11.—The Ebor-Lynch boxing bout, scheduled to be fought here on May 13, has been called off.

TAYLOR HANDLES STARTING GUN

According to the trials, there will be little difference between the times hung up by juniors and seniors at today's 1. C. I. track meet. The L. C. I. officials are using the poundage division, and all over 125 pounds are classed as seniors.

The officials of the meet are: Clerk of the course—J. H. Cameron. Associate clerks of the course—W. A. Adams, C. K. Bluet, Miss McCann, Miss Holland.

Referee—W. A. Casselman. Starter—W. A. Taylor.

Timekeepers—N. C. Hart, W. T. Lawrence.

Track judges—Lt.-Col. Eric Reid, Dr. Detwiler, J. B. Ferguson, Mel Blake, G. H. Copeland.

Field judges—J. H. Dolan, F. Tanton, Dr. Deane, J. McKellar, N. R. Gray, Miss Jackson, Miss McCann, Miss Menhennick.

Scorers—W. G. McNeill, J. F. Calvert, G. McDermid, C. S. Buck, G. McCracken.

Announcers—J. Dean, C. Poukes.

CANADIAN PACIFIC FAST TRANS CONTINENTAL TRAIN, "TRANS CANADA LIMITED."

Commencing Sunday, May 21, the "Trans-Canada Limited," the Canadian Pacific train of the Canadian Pacific, will operate between Toronto and Vancouver daily, this addition to "Vancouver Express" no longer operating, making two trans-continental trains daily between Toronto and Vancouver. "Trans-Canada Limited" is a 12-hour train, this being the shortest time scheduled for an trans-continental train on the continent. It carries first-class sleeping car passengers only, and the schedule is so arranged as to provide for convenient hours of arrival at the different principal points and gives the scenery in daylight. A business day is saved on the trans-continental train as the businessman has had his breakfast and is ready for business the next morning in Winnipeg, the third morning in Calgary, and the fourth morning in Vancouver. The Canadian Pacific will this summer have four transcontinental trains each way every day over the mountain.

Orth Does the Unexpected for the Men of London and Vicinity

We have secured for one day selling, SATURDAY ONLY, 1,484 SUITING ENDS, from Hobblerlin's cloth warehouse, and will offer these at a startling reduction of a straight 33 1-3 PER CENT CUT.

Buy Your Suit Saturday for the 24th of May

We will be obliged to return on Monday the remaining unsold ends. This wonderful offer has been made possible through our present high starting with "Hobblerlin's, Ltd." and further it will be of interest to know that these ends of high grade material have always been disposed of in the Toronto Hobblerlin Retail Stores. But Orth has made a record (thanks to the wonderful co-operation of London and vicinity men), making Hobblerlin Suits, thirty-seven hundred, during two and one-half years. The materials consist of Blue Serges, Gray Overchecks, Browns, Sands and Lovats, in English Tweeds; also Scotch All-Wool Worsteds. In fact, any man can easily make a selection of any particular suit he may desire. The prices are cut according to this scale.

Regular	Sale Price	Your Saving
\$23.33	\$15.50	\$8.83
35.00	23.00	12.00
45.00	30.00	15.00
52.50	35.00	17.50
60.00	40.00	20.00
65.00	43.33	21.67
70.00	46.67	23.33
75.00	50.00	25.00

Further, you look at the numbers on the Hobblerlin ticket and cut the price one-third in your favor. Every garment bears the same guarantee, as though you purchased at the regular prices. We'll expect you. If you have not time to be measured Saturday, select your material and be measured by appointment. Orth says—"Could not time to be measured Saturday, select your material and show him the real clothes satisfaction that Orth offers in Hobblerlin custom-made clothes, we would not need to expect you to buy our clothes eventually, but you surely would come Saturday. This offer is too good to pass up. MEET ORTH AND WEAR HOBBERLIN CLOTHES."

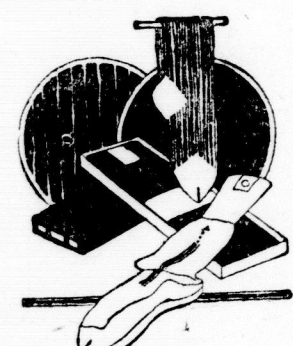

Orth's Ready-To-Wear Suit Sale--

LANS REPAIRS TO PORT BRIDGE

gin County Council Committee Makes Inspection of Structure.

se of Piling Advised by Expert As Temporary Measure.

Special to London Advertiser.

ST. THOMAS, May 11.—That the pier of the bridge at Port Stanley must be repaired at once, was the finding of the improvements committee of the county council, following a tour of inspection made Thursday morning. County Engineer James A. Bell, who accompanied the committee, stated that a new structure was necessary, but advised the use of piles as a temporary measure.

On account of its dangerous condition it is unsafe for traffic, and it is thought that unless immediate steps are taken to render it safe for the public it will be condemned. The pier is reported to have been away half an inch in the last week.

While it is unlikely that the federal department of works will be asked to erect a new bridge this year, efforts will be made to have included in the estimates for next year provision for a swing or lift bridge. The upper part of the creek would then be open to larger craft.

It was understood that the former government had promised to undertake a new structure as part of the harbor system. The county at that time offered to assume \$20,000 of the cost, and this amount was later increased to \$25,000. Nothing was done, however, and the offer was withdrawn.

PROF. ZOELLNER PASSES

Well-Known Kitchener Musician, 68 Years Old, Dies.

KITCHENER, May 11.—Word was received in this city today of the death at a St. Catharines Hospital of Prof. Herman T. Zoellner, Kitchener's veteran and pioneer musician. Deceased came of a family of distinguished musicians, and settled in Kitchener with his father when a child. He was responsible for the founding of several successful musical societies in Kitchener in the early days, and was also the

Lieutenant-Governor Cockshutt To Crown Guelph Girl As Queen-of-May

GUELPH, May 11.—The climax in the great Made-in-Guelph show will be reached on Friday afternoon, when Lieutenant-Governor Cockshutt will come to Guelph to crown the Queen of the May, and take part in a brilliant pageant, the stage for which is all set.

That the Made-in-Guelph show is attracting wide attention is evidenced in the fact that in connection with tomorrow afternoon's program no less than three of the largest film companies in the country, Pathe, Fox and Maritime, will have representatives here to take films of the affair for distribution throughout the world.

Will Inspect Cadets.

The lieutenant-governor and party will reach Guelph over the Grand Trunk at 2:50 Friday afternoon. Lined up on the station platform for inspection will be 100 collegiate cadets, 40 boy scouts and 20 girl guides, all in uniform. After inspecting these units his honor will proceed immediately to the armories, where an interesting program will be carried out.

The Queen of the May and her attendants will come out of the armory building to a throne that has been arranged on the rear lawn, where Lieutenant-Governor Cockshutt will crown her with a garland of roses, and she will be handed a golden sceptre, the roses and sceptre to be kept as a personal gift from the Made-in-Guelph committees.

Hold May Pole Dance.

Following the coronation ceremonies will come the May Pole dance in the armories grounds, and this will be a decidedly attractive feature.

Miss Vida Brill, daughter of Mr. and Mrs. W. P. Brill, Cambridge street, is Guelph's Queen of the May. The three first contestants in the election contest stood as follows: Miss Vida Brill, 555,000; Miss Christina Wilson, 502,000; Miss Reva Tassie, 277,000.

Waterloo Experiences Big Building Boom.

Special to London Advertiser.

WATERLOO, May 11.—The town of Waterloo is at present experiencing an unprecedented building boom. Engineer Moock announced today that the building permits for the year thus far approximate a total value of \$110,000, which is at least \$30,000 in advance of the building at this time last year. He declared that the type of residences being erected this year are of a much superior standard than any erected heretofore. Most of them are workmen's homes, and the excellent type of structure will greatly enhance the already high standard of living for the working people of the town.

successful producer through the medium of these societies of celebrated oratorios and light operas. As a musician Mr. Zoellner was noted throughout Ontario for many musical triumphs. In his later years he devoted his efforts to the training of the children of Kitchener and Waterloo schools in singing. Deceased was 68 years old. To mourn his loss he leaves two daughters. The funeral of Prof. Zoellner will be held in this city Saturday afternoon.

SLAIN MAN'S WIFE HEARS OF CRIME

Mrs. Veroni of Guelph Leaves For Niagara Falls, N. Y.

Special to London Advertiser.

GUELPH, May 11.—Considerable excitement was created this morning in local Italian circles when a telegram was received stating that Dominic Sciaroni, or as he was better known among the people here, Joseph Veroni, had been murdered near Niagara Falls, N. Y. The murdered man was a well-known character, and it had been rumored that he was supposed to be engaged in the business of whiskey running along the Niagara frontier.

As soon as the message was received from the authorities at Niagara Falls, N. Y., Mrs. Veroni and several members of the family started for the scene of the tragedy. They went by auto, leaving about 9 o'clock. Sciaroni was last in Guelph on Tuesday morning, when he left by auto for the Niagara frontier.

The omnibuses of London travel about 85,000,000 miles a year. An apron is the Persian royal standard.

Anti-pneumonia serum is obtained from the blood of horses.

SIDE LIGHTS AT OTTAWA

BY RANDOLPH J. CHURCHILL, Staff Correspondent The London Advertiser.

HOUSE OF COMMONS, Ottawa.

May 11.—From all parts of Canada protests against the proposed cuts in the civil service bonus schedule announced by the government Tuesday have been received by private members of the house.

Although several complaints have already been received from servants of the government in Western Ontario, no protests had been received up to Wednesday night from London, Brantford and Stratford. Among the first complaints to be received was one from St. Thomas and one from the riding of North Huron. In practically all cases complaint was made that the cuts announced by the government were much too drastic.

To assist the flax producers of Western Ontario to seek new markets, a representative of the agricultural department of the Dominion government is at the present time touring Great Britain and Ireland. He has with him three carloads of flax grown at various points in the counties of Middlesex, Huron, and Perth, which he is endeavoring to place upon the British markets.

Although he has been gone nearly six weeks, little success has attended his efforts. He has already visited Ireland without results, and the last report received from him stated that he was en route to Scotland. Because of the more settled condition of Scotland and England it is expected that they will offer a more promising field than Ireland.

Flax producers in Western Ontario are in straightened circumstances, owing to the condition of the linen market since the year 1920. Practically the whole of that season's crop is still in the warehouses unsold. The crop in 1921 was materially reduced as a result, and this year the acreage of flax is very small indeed.

Because it was feared that the industry was threatened with extinction, the government is endeavoring to do everything in its power to assist the producers. In addition to seeking out markets and the establishment of a mill at Clinton, experiments in flax raising and in the use of labor-saving devices are being carried out at the central farm at Ottawa.

HON. CHARLES STEWART, minister of the interior and of Indian affairs, will visit the Six Nations Indian Reserve on the Grand River Monday next to make a personal investigation into the troubles which apparently have stirred his wards into a rebellious mood.

The minister originally intended to visit the reserve in July next or at the end of the present session, but on Wednesday he decided that the situation had become grave enough to warrant an immediate investigation. He is hopeful that a peaceful settlement will be reached.

On two occasions since the present government came into power Hon. Mr. Stewart has endeavored to fathom the difficulties by hearing deputations from the reserve council at his office in Ottawa. While at the time the chiefs seemed satisfied with the results of the parleys, they evidently failed to establish peace, for no sooner the Indians returned to the reserve than trouble broke out again. The minister therefore believes that little can be accomplished by receiving further deputations.

ONE of the longest speeches of the session was made yesterday when W. C. Wood, Progressive member for Brant, spoke for 1 hour and 45 minutes on his proposed resolution on proportional representation and the alternative voting system for electing members to the House of Commons. When typed in preparation for Hansard the speech covered 55 sheets of paper.

Needless to say the subject was covered fully, but in addition to this the matter was well thought out and clearly expressed. Indeed, Mr. Wood's presentation of the case drew flattering comments from A. R. McMaster, Liberal member from Brant, who supported the resolution.

Mr. Wood also won the support of Hon. T. A. Cresser and favorable comments from Premier W. L. Mackenzie King. The only opposition given during the whole debate, which lasted all afternoon, came from Leon J. Ladner, Conservative member for Vancouver.

Mr. Wood presented facts gleaned from the political experiences of many European nations and of Great Britain. He gave statistics and figures for practically every election, provincial or federal, in Canada during the past 30 years. The debate was adjourned at 6 o'clock, there being no evening session.

J. W. FINDLAY, member for South Bruce, has interested himself in the welfare of the British Columbia Indians, who were imprisoned recently for taking part in "Potlaches." He announced in the house Tuesday evening that he had received a message from the Pacific coast, informing him that the statement of Hon. Charles Stewart last week that all but four of the Indians had been released was incorrect. He wanted an explanation, as the sender of the telegram stated that all the Indians were still in jail. As the Hon. Mr. Stewart was not in the house at the time the prime minister promised to take the matter up.

CIRCULATE PETITIONS.

WOODSTOCK, May 11.—Despite the announcement of Provincial Secretary Nixon that his department did not intend making an investigation into the shooting of William Mitchell at Burwash, local citizens are going ahead with their petition requesting the premier and attorney-general to take the matter in hand, and today a second petition was placed in circulation in Ingersoll, where the young man formerly resided.

Faultless

"Faultless" is a word that must be used sparingly. Few things are perfect.

Until now, you have been unable to apply it to a match. That is why the new Maple Leaf Match is different. That is why it is so very much better.

MAPLE LEAF MATCHES

are positively non-poisonous. Accidental eating will not injure.

They are longer than other matches, saving the fingers and staying alight longer.

They are stronger—made to withstand the force of the heavier masculine strike.

The heads will not fly off—no danger from flying sparks.

Rats won't gnaw them — no danger of accidental fires.

No live sparks when the flame is out — no scorched clothes, table linen or carpets.

Special preparation renders them practically impervious to moisture. They resist more wind.

The longer even sticks and well finished heads tell you at your first glance that Maple Leaf Matches are Different and Better.

Take any match in any Maple Leaf box. Examine and test it against any ordinary match that you can buy.

HYDRO SERVICE REDUCES COST

Ontario Commission Issues a Report Showing Decline in Price For Horsepower.

Petroleum Rates Lower Than in 1917, Despite Increased Generating Outlay.

Toronto, May 12.—In several Western Ontario towns the cost of power has been reduced through the service provided by the Ontario Hydro-Electric Power Commission, according to a report issued by the commission here today. In Forest, which is 257 miles from Niagara Falls, the price for delivered power has declined since 1917 from \$63.27 to \$60 per horsepower. The rates for a standard 24-hour service average 9.3c for domestic light, 9c for commercial light, and \$33.83 per horsepower for industrial energy.

In Ridgeway, where the load last year was 191.9 horsepower, the price declined from \$47.17 to \$45. Hydro rates now average 5.7c domestic, 5.3c commercial, and \$32.46 per horsepower for energy for industries. The saving to the consumers for the year is estimated at \$10,664.84. The hydro rates in Petrolia are 5.5c domestic light, 5.3c commercial light, and \$32.80 per horsepower to industrial consumers. The cost of power to Petrolia, as in the case of other towns in Western Ontario, is slightly lower than in 1917, despite increased generating costs at Niagara Falls.

The average rates in Wallaceburg have decreased since 1915 when the hydro system was installed, from 11c per kilowatt hour for domestic light to 4.9c, and from 19c for commercial to 11c. The D. S. C. R. every year to aid returned soldiers in this district is estimated that the reductions in cost of power to Wallaceburg have totalled \$22,572.98.

In Thamesville the revenue in 1921 was \$9,299.73, and expenditure \$5,882.59. The balance sheet after about six years' operation, shows total assets of \$17,819.92, and a debt of \$9,452.92.

TO RENEDR DECISION IN MACAROW CASE MAY 22

Judge Cusson Will Give Verdict Regarding Merchants Bank General Manager.

Montreal, May 12.—Judge Cusson announced this morning that he would render his decision in the case of D. C. Macarow, general manager of the Merchants Bank at the time of its sale to the Bank of Montreal on May 22. Mr. Macarow is charged with wilfully making a false return to the federal government as to the bank's standing for the month of October, 1921. Judge Cusson made this announcement this morning at the pro forma hearing of the charge against Sir H. Montagu Allan, former president of the defunct institution, who is charged with signing and approving the above-mentioned return. Argument as to whether there is sufficient evidence to commit Mr. Macarow for trial has been taking place before Judge Cusson during the past fortnight. His lordship also stated that he would not consider the charge against Sir Montagu until Mr. Macarow's case had been disposed of, so he therefore set the preliminary hearing of the charge against the former president for May 22. Sir Montagu was present in court this morning.

STOPS SEEDING IN SASKATCHEWAN

Regina, Sask., May 12.—A persistent heavy rain, which has been falling in Southern Saskatchewan since noon yesterday, has definitely postponed the seeding of thousands of acres in this part of the province. The precipitation was the greatest of the spring, and conditions in many localities are practically similar to those of a few weeks ago. Between Regina and Moose Jaw large sections are studded with miniature lakes, which three or four weeks of ideal drying weather will probably not dry up.

BREAK FROM FEDERATION. London, England, May 12.—(By the Canadian Press.)—The Daily News says that a number of firms have broken away from the Engineering Employers' Federation, owing to dissatisfaction with the policy pursued by the committee handling the engineering trades dispute.

How Ancient Fashions Are Coming Back Into Style

AN EGYPTIAN MUMMY AND THE STYLES OF TODAY. OTHER OLDEN-DAY DESIGNS THAT ARE BEING COPIED.

WE are willing to give Shaw credit for starting the are still being worn young, and the adolescent figure general "Back to Methuselah" movement, but it is continues to prevail. If you are conservative you may go back only to the Middle Ages for copies. Or the native totes of India. To be modern, you must be antique. This refers to your clothes, not your features. Faces Persia or Russia may seem remote enough.

Crown Prosecutors Point To Huge Debt Firm Owed Bank.

Securities of Thornton, Davidson and Company Accepted For Claim.

MONTREAL, May 11.—(By Canadian Press.)—The day was wholly taken up in lawyers' arguments in enquete court here today in the case against D. C. Macarow, general manager of the Merchants Bank, charged with having wilfully signed a false return for the month of October, as general manager of the bank. At the conclusion of the day, Hon. George H. Montgomery, K.C., who with N. K. Laflamme, K.C., made the argument for the defence, had not concluded his case, and adjournment was made until tomorrow afternoon to enable him to do so, and also allow for further remarks which Chas. A. Wilson, K.C., counsel for the prosecution, and his associate, J. J. Creelman, K.C., may have to offer. Resuming the argument this afternoon A. C. Wilson, K.C., crown prosecutor, said it was no excuse for the accused to plead that the bank had 254 branches and the reports from each for the monthly return could not

be promptly handled. It was the duty of the bank to see it had a sufficient staff to enable it to comply with the requirements of the law. The bank act provides that any reports on any particular month arriving too late for inclusion in the government returns could be held for the following month.

Assumed Returns Correct. Mr. Laflamme, on behalf of Mr. Macarow, had asked why the minister of finance had taken no action from October, 1921, until March, 1922. It appeared to him that the minister assumed the return was correct, and believed he was dealing with law-abiding people. It was not until, as a result of the investigation by Mr. Macarow, the rest of the bank's debt and doubtful debts every month.

Judge Cusson asked—Am I to understand two kinds of reports were sent in by managers, the monthly statements for the government return and the bi-annual statement on bad and doubtful debts? I do not think there is anything in the law requiring those second reports.

Mr. Wilson said the true state of the bank had been reported every month. If he had a bill due on Sept. 15, it was overdue at one second past three p.m.

Showed Debt Discharged. Thornton, Davidson and Company owed the bank half a million in 1916, and by 1920 had increased it to \$4,500,000. The accused had knowledge of this as a letter from F. R. Meredith, K.C., to him informing him of arrangements to be made about the debt and the closing of negotiations indicated.

The bank had desisted from its claim of \$4,500,000, took the securities of the Thornton, Davidson and Company and handed over a check for \$47,000.

The agreement between them showed the clear discharge of this debt. There was no reservation for future action. And knowing this and giving this discharge the manager left in the return that he signed an amount of \$550,000 in current loans from April till October, whereas there was not a single cent.

CHOICE OF ROUTES TO WESTERN CANADA. The Canadian National Railway, in addition to providing unexcelled service between Eastern and Western Canada, offers patrons optional routes. You may travel westward via the Port Arthur-Fort William route, returning the northern route via Cochrane and North Bay, or vice versa. This means that you are in new environments continuously. A train leaves Toronto (Grand Trunk Railway) at 3:45 p.m., carrying Standard Sleeping Car to Winnipeg via North Bay, Cochrane and Cochrane daily, and through Tourist Sleeping Car, Toronto to Winnipeg, on Tuesdays, Thursdays, Saturdays and Sundays.

"The National," a solid through train, leaves Toronto for Winnipeg at 10:35 p.m. every Monday, Wednesday and Friday, via Sudbury and Port Arthur, with Standard and Tourist Sleeping Cars, Coaches, Coloniast Car and Dining Car Service.

Get full particulars, reservations, etc., at Canadian National-Grand Trunk ticket office, corner Richmond and Dundas streets, London, Ont.

SEEKS NAMES FOR CHIPPAWA PROBE Toronto, May 12.—Whether the Ontario Municipal Electric Association will fall in line with the suggestion of Premier Drury and give him a list of names from which to pick a municipal representative on the Gregory commission, which is probing Chippawa Canal work, will be decided on Wednesday afternoon next, when the executive meets at Hamilton.

Day's Legislative Doings at Ottawa

TODAY IN PARLIAMENT.

In the Commons.

Naval and air board estimates will be taken up, to be followed by railway estimates if time allows.

In the Senate.

Further debate in committee on the bill to create a department of national defence.

YESTERDAY IN PARLIAMENT.

In the Commons.

House in committee passed a vote of \$344,000 to cover unprovided items of the fiscal year 1920-21.

Supplementary estimates for the last fiscal year were considered in committee and took up the major time of the house at both afternoon and evening sittings. A vote of \$150,000 for penitentiaries was passed, the minister of justice stating that it was necessitated by increased prison population.

Discussion of an item of \$10,000 for the department of secretary of state, brought out the information that the government is custodian of alien enemy property estimated to be worth \$20,000,000.

The claim of the Dominion Iron and Steel Company against the government, arising out of the cancelling of contracts for steel plates and the payment of \$3,000,000 to the company by the late government last fall was discussed when an item of \$70,303 came before the committee. The item, it was explained, was to cover the cost of legal service in connection with the court action.

In the evening, on an item of \$725,000 to provide for expenditure for rails, accessories and equipment of government railways, G. W. Kyte, Liberal member for South Cape Breton and Richmond, asked the government to give an order for steel rails to the mills at Sydney. Hon. T. A. Crerar voiced strong opposition to Mr. Kyte's request. The discussion was lengthy, but the item finally carried. Balance of items in supplementary estimates passed.

T. L. Church's bill to amend railway act given second reading and referred to railway committee.

In the Senate.

Discussion of the national defence bill occupied the whole of the sitting and little progress was made. The bill was still in committee when the Senate rose.

4 FAMILIES LOSE HOMES BY FIRE

Hamilton, May 12.—Four houses in Barton Township, adjoining the city, were destroyed by fire of unknown origin early this morning, with a loss of \$8,000. Nearly all the contents were destroyed and there was not much insurance. The houses were owned and tenanted by J. Savory, J. Brown, A. Sulky and W. Johnings, who, with their families, are being housed by neighbors until they can find homes.

ANNOUNCES INCORPORATION

Toronto, May 12.—Authorized capital of \$10,501,000 is represented by companies whose incorporations were reported to the Monetary Times during the week ended May 6, compared with \$12,946,300 the previous week.

HAMILTON POLICE SUBPOENAED

HAMILTON, May 11.—Inspector Cruickshank and Constables McBeth and Davidson of the Hamilton police force have been subpoenaed to testify before the public accounts committee of the Legislature regarding the activities of government liquor spot- ters here.

SOLDIERS EXPRESS THANKS TO K. OF C.

Veterans At Byron Present Address to E. V. Hession As Mark of Appreciation.

As an appreciation of what had been done for them by the London K. of C. Army Hut, and particularly the kindly consideration and efforts of E. V. Hession, who since the institution of the hut here has been in charge of the work, the soldiers of Byron Sanatorium recently presented Mr. Hession with an address expressing their thanks for the many good things which came their way from the hut organization.

Mr. Hession was in charge of the hut when it was conducted at the headquarters of the Catholic Club and has been in charge of the hospital and other work carried on since the hut was closed.

Give Subscription.

Accompanying the address to Mr. Hession was a check which was made up by subscriptions from the men who benefited from the hut administration.

The address of the veterans at the sanatorium read as follows:

"We, the soldier patients of Queen Alexandra Sanatorium, wish to express to you in a tangible manner our keen appreciation and gratitude for the unfailing manner in which you have supplied us with comforts from the organization, which you so ably represent, the Knights of Columbus.

"Although the war ceased in November, 1918, you through your organization have presented to us monthly, comforts which we have all thoroughly enjoyed, and you have done this in your own time, which to a man whom we realize is as busy as you, must be a great sacrifice indeed.

"We wish, therefore, that you will accept this check, which has been subscribed solely by the men to whom you administered comforts during the past four years at this institution.

"We wish also that you would thank your organization, the Knights of Columbus, for their very generous gifts of amusement sets, Christmas presents and monthly donations, which have been received by us through you.

"In concluding, we trust that you will be spared for many years to continue the good work among the ex-soldiers, as shown by your sincere attitude towards them in the past; inculcated, no doubt, by your association in the permanent forces in Canada for the twenty years that you served and throughout the South African campaign."

Makes Appropriate Reply.

Mr. Hession made an appropriate reply. He said that it always gave him great pleasure to be associated with the Knights of Columbus Catholic army hut work, in view of the fact that the work was carried on by men who gave the best that was in them in defence of the ideals and principles for which all true Canadians stand.

He said that he regretted that the funds of the C. A. hut organization were about exhausted, as it meant the severance of a connection between himself and the noble self-sacrificing men with whom he worked and who did so much to uphold the good name of Canada on the battlefields of Europe.

ROYAL YEAST CAKES

Product of Canada

It was known many years ago that yeast is an excellent thing for the many ills that result from disordered stomach or rundown blood condition. Lately eminent scientists have been investigating the matter thoroughly and their conclusions point to the fact that the beneficial effect of yeast has not been overrated. The yeast treatment is very simple and economical - and altogether harmless.

Before each meal eat a Royal Yeast Cake, or take a cake dissolved in water or fruit juices. The scientific investigators say that the curative elements in Royal Yeast are the vitamins and nuclein which it contains. It is certainly well worth a fair trial by those who suffer from any of the ailments mentioned above.

Send name and address for free booklet "Royal Yeast Cakes for Better Health."

STEWART GOES UNDER FIRE ON RAIL CONTRACTS

Liberals Give Ex-Minister Unpleasant Time Answering Questions.

HOLDING ALIEN PROPERTY
Government Acting As Custodian in Case of Securities Seized.

OTTAWA, May 11.—The house tonight saw the tables turned; instead of the opposition doing its best to give one of the ministers a trying time when his estimates were under review, government members were giving Hon. J. A. Stewart, ex-minister of railways, a couple of uncomfortable hours as they questioned him with regard to the placing of contracts for car repairs, steel rails and equipment for the government railways.

The order-in-council authorizing the placing of the contracts was passed in October last—in the days of the Meighen administration. Members supporting the present government were critical of an item in supplementary estimates of \$750,000 to provide payment for the material and repairs. Conservative ex-ministers explained that the contracts had been placed by the boards administering the government railways after consultation with the minister of labor to relieve unemployment.

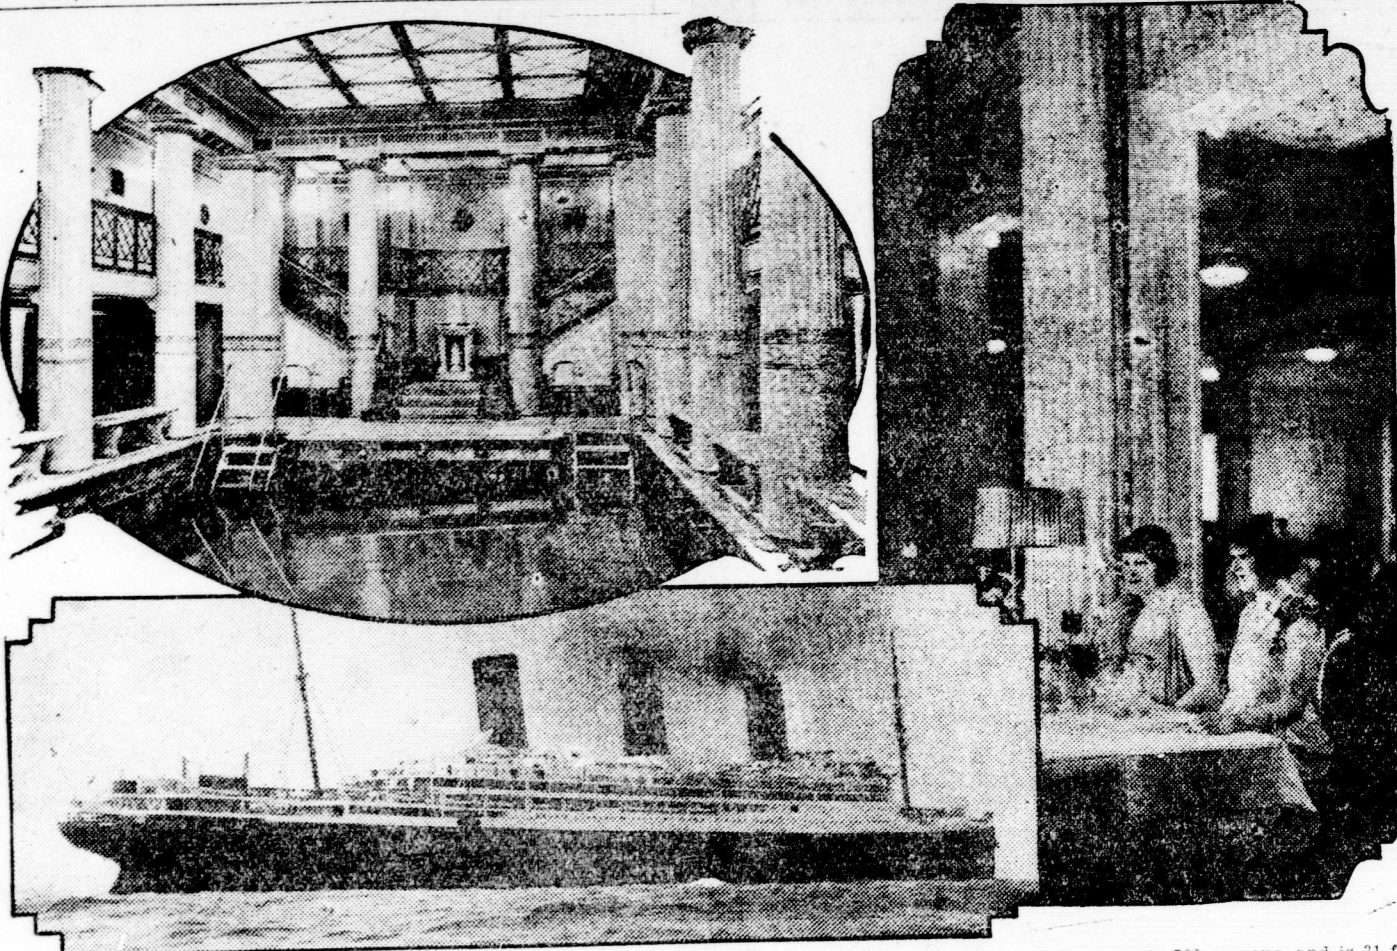

The railway boards had been asked to anticipate, as far as possible, their requirements for this spring in new rails and car repairs, and to place those orders last fall in order to relieve unemployment. Payment was to be made on delivery.

Liberals generally were suspicious that the late government had considered political expediency in letting the contracts, although Hon. Logan, Liberal, Cumberland, N. S., warmly cheered by Conservatives, sharply supported the policy of the Meighen government in placing the orders, instancing unemployment at Amherst as justification. George Kite of Cape Breton, chief Liberal whip, pressed, too, the case of Sydney, N. S. Some orders for steel rails had been given last fall, but there was still serious unemployment.

He urged the minister of railways to place another order in Sydney for 25,000 tons. This brought Hon. T. A. Cregar to his feet with a warm protest against Mr. Kite's "strange and remarkable doctrine." The only consideration that should govern in purchasing rails and supplies, pressed Mr. Cregar, "is that of getting the best supplies for the smallest sum," to which Mr. Kite retorted that western farmers wanted a wheat board to get a higher price for the wheat.

HOLDS ALIEN PROPERTY.
OTTAWA, May 11.—The govern-

World's Largest Liner Now Speeding On Maiden Voyage Across Atlantic

THE MAJESTIC, the mammoth 956-foot liner, which left Southampton yesterday on her maiden trip, contains a marble swimming pool (upper left) with a surface area of 820 feet. The first cabin dining saloon, also glimpsed here, seats 700 persons, and is 31 feet high. The area of the vessel's decks is 7 1-2 acres and the passenger capacity 4,100.

ment is holding 140,000 shares of Canadian Pacific Railway stock as a portion of the alien enemy property seized during the war. This information was given to W. E. MacLean, Conservative member for South York, in the House of Commons today. Mr. MacLean asked with regard to these shares when an item of \$10,000 for expenses of the clearing house which handles alien property was under discussion.

Hon. A. R. Copp, secretary of state, answered a number of questions in regard to alien enemy property. He told T. A. Cregar that the alien enemy property now in the hands of the government was estimated to be worth \$20,000,000. Its exact value was not known. The government was merely holding the property as a custodian, and its disposition was now under consideration. Mr. Copp stated that repatriation claims amounting to some \$22,000,000 had been filed. Some of these claims had already been satisfied.

The vote for the clearing house carried.

BOARD OF TRADE INDORSES PLAN

Hope To Change Galt-Preston Highway Into Boulevard.

ALT, May 11.—The board of trade has gone on record as endorsing the scheme of K. K. Homuth, M.L.A., to have a boulevard made out of the Preston-Galt highway, and it is expected that the scheme will go through.

Rev. W. S. Webb, formerly pastor of First Baptist Church, and recently head of the Christian and Missionary Alliance, who leaves tomorrow for Boston, where he will in future make his home, was presented with a club bag by his following of the latter organization, while Mrs. Webb received a purse.

President S. L. Clark of the board of trade will shortly go to Ottawa to accompany William Elliott, M.P., on an interview with Premier Mackenzie King and the postmaster-general in regard to postoffice matters here. The local building is now taxed to the limit, and the conditions are such as will not admit of the best results. A proposition will be submitted to the authorities to secure a site, which is now to be had for a government building, which will be required in the near future.

The Horticultural Society will hold a tulip show on Saturday.

Robert Pike, charged with non-support of his wife and three children, today agreed to comply with a decision of the court to provide his family with the necessities of life, which he had neglected to do for the past eight weeks.

IDENTIFIED BY CLOTHING

Decomposed Body Said To Be That of Ernest Robson, Wallaceport.

Special to London Advertiser.
ST. THOMAS, May 11.—A description of his clothing furnished by Crown Attorney Angus McCrimmon has led to the conviction that the partly decomposed body found at Port Burwell is that of Ernest Robson, Wallaceport.

The young man's parents, Mr. and Mrs. Richard Robson of Wallaceport, visited Mr. McCrimmon's office Thursday morning, and told a piteous story of their son having his memory following a serious operation undergone last fall. While in this unfortunate condition the young man wandered off the ice into Lake Erie at Tyngsboro in January.

NOTIFIED 3 DAYS AFTER DISMISSAL

OTTAWA, May 11.—(By Canadian Press).—The tale of James Connor, formerly customs officer at Snowflake, Man., who "did not know that he was going till three days after he had gone," was the occasion of a brief and amusing debate in the House of Commons this afternoon.

Hon. Jacques Bureau explained that Mr. Connor did not receive his notice of dismissal during the reorganization of the customs department until three days after the dismissal took effect; and the description of the incident quoted above was added by A. R. McMaster, Liberal member for Bromont.

The item was for only \$125, a gratuity given in lieu of notice and in view of Mr. Connor's long service.

DISCUSS LIFTING CATTLE EMBARGO

LONDON, Eng., May 11.—(Canadian Press Cable).—When asked in the House of Commons today whether any proposal to admit Canadian store cattle to the United Kingdom would be confined to cattle coming direct by sea and not those sent through ports of the United States, Sir A. Griffith Boscawen, minister of agriculture, said he understood it was desired to move merely that the embargo on the importation of Canadian cattle be removed.

He added that it was for the speaker to decide what, if any, limitations should be placed on discussion, the scope of the motion and what amendments would be in order.

ARCHIBALD SCOTT DIES SUDDENLY AT SEAFORTH

Prominent Businessman Passes Away From Effects of Pernicious Anaemia.

Special to London Advertiser.

SEAFORTH, May 11.—The death occurred suddenly at his home on Godrich street Wednesday night of Archibald Scott, an old and well-known resident of the town. The deceased, who was 77 years old, was born in this vicinity and was associated with his brother, James Scott, in the piano business in Seaforth for many years.

Mr. Scott had been a sufferer from pernicious anaemia for some time, but the end was rather unexpected. He was an esteemed member of First Presbyterian Church, and a Liberal in politics. Besides his widow he is survived by one son, Melvin Scott of Edmonton, and one daughter, Clara.

Mr. F. Lorne Hutchison, son of Mr. and Mrs. E. D. Hutchison of Seaforth, who recently won the Moss scholarship at Toronto University, has just been awarded the Bristol Prize of \$30 for public speaking on the year's record. Mr. Hutchison has been engaged by the education department to work in the accountants' branch during the summer.

JOHNSON SIGNS 3-YEAR CONTRACT

Special to London Advertiser.

QUELPH, May 11.—After completing a series of recitals following the closing of the Chicago opera season, "Eddie" Johnson, world-famous tenor, arrived in Quelph today, and will remain here for a few weeks for a well-earned rest. Before returning to Quelph Johnson, went to New York, where he signed a three-year contract with the Metropolitan Opera Company. He will join the Metropolitan Company on November 15.

General Wu Pei-Fu, inspector-general of the provinces of Hupeh and Hunan, one of China's outstanding military figures, recently celebrated a birthday and received among his gifts a huge flask of distilled water from his friend, General Feng Yuh-siang, governor of Shensi. In the message that accompanied the gift General Feng, who is known as China's Christian general, suggested that prohibition would be beneficial to the provinces over which General Wu ruled.

BERLIN, May 11.—Bismarck's cook, who still lives in Danzig, and has reached an advanced age, has been relating his reminiscences of his glorious days. If great men are not heroes to their valets, Bismarck certainly was to his cook, who greatly admired his master's extraordinary capacity for consuming large quantities of food. Bismarck kept an

World News Cut Short

ANOY, China, May 11.—"National Disgrace Day" was generally observed today as a mark of protest against Japan's "twenty-one demands" on China, made in 1915. All places of business and amusement were closed, the schools, guilds, clubs and other organizations uniting in a great parade and demonstration.

HAVANA, May 11.—Cuba's connection with the world war ended yesterday, when a presidential proclamation of peace appeared in the Official Gazette. The proclamation was dated May 5. One result is the transfer from military courts to civil tribunals of about 200 cases pending against members of the military election outrages in the 1920 presidential campaign.

CONSTANTINOPLE, May 11.—A flotilla of Greek destroyers has sailed from Brusa under orders to enforce a blockade of the Turkish Black Sea ports. The Greek battleship Kilos has seized the Turkish steamship Incebol as a measure of reprisal for the seizure recently of the Greek steamship Enosis in the Black Sea. The Incebol was captured in the Sea of Marmora while bound for Ismid with passengers.

CAIRO, May 11.—Egypt, hitherto the drug fiend's paradise because the capitulations hampered the infliction of penalties for the distribution of narcotics, with the result of an alarming increase in the number of addicts, so numerous as to affect public morals, has a decree issued today which prohibits the importation into, or export from Egypt, of opium, cocaine, hashish, or morphine except by special license of the government.

SHANGHAI, China, May 11.—General Wu Pei-Fu, inspector-general of the provinces of Hupeh and Hunan, one of China's outstanding military figures, recently celebrated a birthday and received among his gifts a huge flask of distilled water from his friend, General Feng Yuh-siang, governor of Shensi. In the message that accompanied the gift General Feng, who is known as China's Christian general, suggested that prohibition would be beneficial to the provinces over which General Wu ruled.

BERLIN, May 11.—Bismarck's cook, who still lives in Danzig, and has reached an advanced age, has been relating his reminiscences of his glorious days. If great men are not heroes to their valets, Bismarck certainly was to his cook, who greatly admired his master's extraordinary capacity for consuming large quantities of food. Bismarck kept an

holders to watch their fly-traps and report if pink ones were caught. The following day nearly every householder in Suva reported that pink flies were swarming into their larders and fly-traps. As a result, it is believed that the Chinese will have to remove his vegetable garden.

ANSWERS CHARGE OF SLAYING WIFE

TORONTO, May 11.—Appearing in county police court today after two remands, Robert Stevenson, charged with wife murder on April 29, was committed for trial by Magistrate Brunton.

Constable Kirk was called to the witness stand. He said he had visited the Stevenson house after the tragedy and saw Mrs. Stevenson lying on the floor in a pool of blood.

BAND GIVES CONCERT

Special to London Advertiser.
CHATHAM, May 11.—The crack regimental band of the Scots Guards, under the direction of Lieut. F. W. Wood, gave a splendid concert in the Kent Regiment Armories this afternoon to a highly-appreciative audience. The band received a great reception both at the concert and when it arrived in the city this morning. They were given a civic reception and banquet by the G. W. V. A.

Simmons Pure White Layer Felt Mattress

Finest art ticking, well-stitched sides, roll edges, a real

ROYAL
Felt Mattress

50c
CASH

SALE STARTS TOMORROW MORNING

Promptly at 9 o'clock, 300 Pure Felt Mattresses, with durable art ticking, well-stayed sides and roll edges, go on sale at the record-shattering low price of \$12.50 each. We secured these Mattresses from the Simmons Bedding Co. at a close-out price, hence the scarcely believable price to our customers. Those who want a good Mattress at a REAL price should let nothing stand in the way of their coming in here early tomorrow—the earlier the better! The entire supply—300—may be all sold by noon!

THINK OF THE PRICE—THEN THINK OF THE TERMS

We could have purchased a mattress to sell for \$7.00 or \$8.00 for this sale, but we sell only bedding that we can really recommend to our customers. This Mattress at \$12.50 is whole lot cheaper than the so-called Felt Mattress at lower prices.

50c PLACES THIS SPLENDID MATTRESS IN YOUR HOME

For those who want a Bed or a Spring we also have some great bargains. During this sale we will sell any Bed or Spring on payments of \$1.00 cash. Be here at 9 o'clock tomorrow morning.

KITCHENER SCHOOL CADETS REVIEWED

Make Creditable Showing At Inspection by Lieut.-Col. McCrimmon.

Special to London Advertiser.

KITCHENER, May 11.—The annual inspection of cadets of the local schools was held here today by Lieut.-Col. McCrimmon of London.

The reviewing of the various school corps being held at Athletic Park.

The public school cadets were inspected this morning, and the afternoon was devoted to the task of inspecting the high school cadets. At the conclusion of his day's inspection Lieut.-Col. McCrimmon announced he was highly satisfied with the cadet work which is being done in Kitchener.

He was assured by Principal Carmichael of the public schools that when he comes next year he will have a class of girl cadets to inspect. The girls of the Kitchener schools are at present being organized.

After a careful inspection and survey of Waterloo Park today the members of the Waterloo Park

Board came to the decision that a considerably augmented park staff will be necessary this spring if the beauty of the park is to be maintained and improved during the season now about to open.

While considerable preliminary work has been done toward getting the park into shape for the season, much important work remains. The work is greatly behind this year, owing to the delay caused by the ice storm damages and the late season.

Announcement was made here today that the Waterloo Loan and Savings Company of this city had by a private bill been authorized to change to trust company status under the name of Waterloo Trust and Savings Company.

The head offices of the company are being transferred from Waterloo to Kitchener, where General Manager H. P. V. Wilson will in future be located.

S. S. Bricker, one of Waterloo's most prominent merchants, and a director of the company, will assume the management of the Waterloo office, by which change becomes a branch of the company.

SPENDS BIRTHDAY AT HUDSON, N. Y.

Mr. and Mrs. George Hiscow, Queen's avenue, have returned from a visit with friends and relatives in Hudson, New York.

Last Saturday, on his 69th birthday anniversary, Mr. Hiscow was the guest of honor at a birthday dinner given by his cousin, Judge Hall of Hudson.

Hudson, according to Mr. Hiscow, is a bright little town of 12,000.

It has a low assessment, but a tax rate of 65 mills, which covers the cost of light and water, supplied free without metering to all ratepayers.

Near West Aisle, near the Market Entrance, is where you see the good imported British Flannels for sports wear. We have opened up some of those lovely qualities recently, and the prices are so much lower for really good flannel that it doesn't pay to buy a cloth not guaranteed shrunk. All good flannels are thoroughly shrunk, will wash nicely, and keep their good color. This especially applies in reference to the NEW ENGLISH CRICKETING FLANNEL for smart wear. In plain white and white with either blue or black stripes, 23 inches \$1.75

ALSO VYELLA, you know its sterling worth; the maker positively guarantees against shrinking. We have it in all white, also white with colored or black stripes, weights suitable for the Sports Blouse, Tennis Skirts, Men's Trousers for Boating, Tennis, Bowling, etc., 31 inches, \$1.50, \$1.65 and \$2.00 yard; 36 inches\$1.95 yard

BLAZER FLANNELS—Be sure and see these displayed in department. The very thing for young ladies' and misses' sports wear. The holiday girl will find them indispensable for blazer or jumper; something entirely different, with big black stripes contrasting with either blue, red, orange or green, 28 inches \$1.50

Children's Rompers, colored chambrays, pink, blue and reseda; aged 2 and 4 years. Prices 86c to \$2.75

Children's sweaters, colors pink and blue, chambrays, blue and white, check, gingham and blue and pink stripe print. Ages 6 months to 2 years. Prices 85c to \$2.00
