AT the General Meeting of the Society held at Windsor, in June, 1852, the usual Grant of £50 stg. towards the salary of Professor of Modern Languages was passed—and £20 cy. towards procuring a 2nd Assistant at the Academy up to the 31st December,—such grant to cease from that period.

As the Foundation Scholarships have been discontinued, owing to a want of funds, the Alumni granted a sum of £25, to be at the disposal of the Committee for prizes for the ensuing year, 1853, which has been distributed in the following manner, viz :

For the best General Scholar in College, . . .	£10
For the best Mathematical Scholar (the winner of the 1st prize to be excluded,) }	£5
For the best Modern Linguist—open to all, . . .	£5
For the best general conduct—open to all, . . .	£5

His Lordship the Bishop of the Diocese, has also offered a prize of £5 (in books) for the best English Essay.

And the Hon. Mr. Justice Bliss, has offered a prize of £5, (also in books) for the best Latin verse.

The Committee have much pleasure in stating that they waited on His Excellency the Lieutenant Governor, who very kindly promised his aid and support to the Association, and consented to become its Patron.

At the request of the Alumni the Governors have abolished all the oaths heretofore taken by undergraduates on matriculation, except the oath of allegiance ;—a promise of obedience to the Statutes being required in lieu of them.

It was understood that a new edition of the Statutes would shortly be published.

The income of the Society from interest on investments (exclusive of the Wm. Cogswell Scholarship fund and the Academy Prize endowment), and from annual subscriptions, is about £200 per annum.

The Committee meet at the Secretary's office on the first Wednesday of every month, at 3 o'clock, P. M., and all members of the Society who may visit Halifax at any of those periods are invited to attend.

Donations, either of land or money, will be thankfully received by the Committee. In order to facilitate the benevolent intentions of any parties, who may feel disposed to assist the Society in their efforts to sustain the College, a form of bequest is given below: "I give, devise, and bequeath to the Incorporated Society called and known as 'The Alumni of King's College, Windsor,' and to their successors and assigns, the sum of — (or my lot of land containing — acres at A. with the appurtenances) for the uses and objects of the said Society; the receipt of the Treasurer for the time being of such Society, to be a sufficient discharge to my executors."

As many persons are not aware of the moderate amount of the necessary expenses of an Undergraduate at King's College, a table of fees is subjoined.

Table of Fees payable at King's College, Windsor, Nova Scotia.

Matriculation Fee, 5s. 7d.			

The Terms appointed for Matriculation are the last week in June and the first week in September. There should be a full three years attendance at Lectures. These are designed to embrace the successive study of the most approved Classics, the several branches of Mathematics and Natural Philosophy and Logic, the Evidences of Religion, Divinity and Hebrew. For such Students as reside after passing the examination for degree, separate classes are formed in the subjects required of Candidates for Ordination, and proficiency is tested by an examination similar to the "Voluntary," at the English Universities.

It is perhaps not generally known, that a Subscriber of £100 has the privilege of nominating a Student, who shall pass through College without payment of fees.

THE following Resolutions were passed at the General Meeting, and from their importance they are given at length :—

RESOLVED, That agreeably to the suggestion contained in the Report of the Committee, a Conference be sought with the Governors of the College, for the purpose of consulting as to the best mode of procuring such an alteration in the Charter and Provincial Statutes as may secure the management of the College in the hands of those whose affections are engaged in its behalf, instead of entrusting it to ex-officio members who may or may not be friends of that Institution.

RESOLVED, That the Governors of the College be respectfully requested to take into their consideration the expediency of disposing of part or the whole of the wilderness lands belonging to the College, which are yearly suffering by the depredations of trespassers, and perhaps may at last be wholly alienated from the Institution.

WHEREAS, the Society P. C. K. has granted the sum of £1000, Stg. in aid of the funds of the College, to meet the sum of £2000, raised by the Alumni, which grant has already been funded : And whereas the said venerable Society has also been pleased to promise the further sum of £1000, Stg. whenever the friends of the College shall procure an additional sum of £2000 to meet this second grant, towards which latter amount about £700 had been raised when the late lamented Bishop was removed by death, leaving only a balance of £1300 to be now collected in order to entitle the Institution to this second munificent grant of £1000 from the Society P. C. K. and thus add the large sum of £3250 in all, to the funds of the College. Therefore RESOLVED, that it is highly essential, that energetic measures should be adopted, without further delay, to render that grant available for the support of the College—and that the attention of the Right Reverend the Visitor, be respectfully invited to this important point.
