A RELIGIOUS ENTHUSIAST'S CRIME.

He Murders his Little Daughter as a Sacrifice—And Threatens to Shoot Anyone Who Interferes—An Extraordinary Hallucination.

Pocasset, Mass., May 2.—Yesterday C. S. Freeman killed his five-year-old daughter. Freeman is a Second Adventist, and became greatly excited the last few days while attending revival meetings. About a week ago he claimed to have received a wonderful revelation, and has not eaten or slept since. He says the Lord directed him to sacrifice his daughter, and declares she will arise again in three days. Yesterday morning he sent word he would make an orthodox sacrifice. At three in the afternoon a number of Second Advent people assembled at his house. Previous to their arrival the deed was performed with cool deliberation, and accompanied with a strange ceremony. The little one was transfixed with a knife, and her blood poured upon a table improvised as an altar. Freeman has driven every one from the house, locked and barred the doors and windows, and being supplied with firearms, threatens death to anyone who shall interfere. Alone with the dead he goes through with a horrible incantation, which he says in three days will result in the child's resurrection. Further particulars of the Pocasset tragedy state that Freeman is a mail carrier at Pocasset, between the railway station and the post office. He woke his wife at 3.30 on Thursday morning, and told her he must make a sacrifice to the Lord of his youngest daughter. He got up and took the child from her bed, and stabbed her in the side with a butcher's knife, causing her death. His wife said it was all right, and Abraham would raise her next Sunday. Freeman says the child gave one scream, and died in a minute. It is stated the Second Adventists held a meeting in his house the same afternoon and appeared to wish the affair to be kept quiet. Freeman carried the mail as usual, and showed no signs of insanity. The cause appears to be religious excitement alone. Freeman informed a reporter that he was told by God to offer Edith, his young and beautiful daughter, as a sacrifice to God, and that he did so. As God would not stay his hand, he had to do His command. He said God would justify him in his act.

LATER PARTICULARS.

Boston, May 3.—Freeman who murdered his child on Thursday, was arraigned at Barnstable to-day, with his wife as accessory. Both maintain composure and insist that God will fully justify their action and relieve them from all human penalties. Quite a number of the Adventist neighbors of Freeman sustain him in his course, many being well-to-do farmers.

EDITH FREEMAN'S FUNERAL.

Boston, May 4.—The funeral of Edith Freeman, the victim of her father's fanaticism, took place in the Methodist church in the village of Pocasset this afternoon. The services were brief and appropriate, and were conducted by the pastor of the Methodist church. The Adventists, who had believed that the dead child would be resurrected or else bodily transferred to heaven, are deeply mortified that their professed should result in such apparent non-fulfillment. After the funeral service in the church, the body was removed to the village cemetery and deposited in the grave. One Davis, an Adventist fanatic, mounted a marble tombstone and began to address the crowd, attempting to prove that Freeman was justified by God in killing his child, but was prevented by the crowd, who compelled him to desist. The racket was then covered with rods. The Adventists have threatened to remove the body and throw it into the water, near by, but the climax to this sacrifice may not be interfered with. The Sheriff's officers have guarded the grave and will remain in watch till morning.

Several of Freeman's neighbors, Second Adventists, have been arrested in connection with the act.

By law No. 43, to issue debentures to the amount of \$9,000, having been now read a second time, be published as required by law, and submitted to the ratepayers as therein set forth—carried. It was moved by J. A. Hacking, seconded by A. McDonald, that by law No. 42 be published in the Listowel Banner, and that by law No. 43 be published in the Listowel Standard, each to be inserted three times—carried. On motion Council adjourned.

ELICE.
NEW POST OFFICE.—A new post office has been established in this township and is known as Ellice Centre, and has a mail twice a week, on Mondays and Saturdays. Mr. Justice Kruter is the postmaster.

MORNINGTON.
THOROUGH BREED STOCK.—Mr. A. Anderson of this place has always been noted as an enterprising and successful farmer, and has also distinguished himself in no small degree as a stock raiser. His attention has been directed chiefly to the rearing of thoroughbred Oxford sheep, of which he has a number of excellent animals. With a view of improving his horned cattle, he purchased at the late sale at Bow Park, the splendid young shorthorn bull, 3rd Ayrshire, whose name will doubtless appear frequently as a prizetaker during the coming fall. This is a move in the right direction, and we hope more of the farmers of Mornington will follow Mr. Anderson's example.

MILBANK.—A subscription, under the auspices of Grace church, was given by Rev. P. E. Spencer, of Palmerston, in the schoolhouse, on Tuesday evening of last week.

GARDEN AND FIELD SEEDS.—Gentlemen, if you wish to purchase garden and field seeds that you can rely upon as being fresh and pure, select them from the large stock to be found at Michener's book and drug store, just received from the most reliable seedsmen.

CONSECRATION OF THE BISHOP OF TORONTO.

Yesterday, (May 1st) in the cathedral church of St. James, the Ven. Archdeacon Sweetman was consecrated Bishop of the Anglican See of Toronto. The scene had that quiet impressiveness which characterizes the "functions" of the Anglican Church. Five bishops in black and scarlet, with lawn sleeves, over a hundred clergy in surplices, and over three thousand spectators—the somewhat monotonous reading of the service relieved by the deep volume of the responses from so many throats, the stirring congregational hymns and an occasional anthem from the choir, the impressive sermon by the Bishop of Huron arguing for the Scriptures as the supreme court of appeal of the Church, the questions of the Bishop elect, the recommending him to the people's prayers, and the after Communion with its hundreds of participants—all these made up a service severely simple but soberly impressive, and very significant of the distinctively Protestant character of the Church. As one looked at the mass of laity in the building, one doubted if any other church could draw together so thoroughly representative a congregation, whilst the body of clergy represented all the races, even to the dusky Indian, which inhabit our broad Dominion. We congratulate our Anglican brethren on this most pleasing final scene in the sharp contest of parties, and we trust that, as the Bishop of Huron said in his sermon, it is the inauguration of an era of peace.—Mail.

STILL MORE PROOFS.—Attention has already been called to the fact that the printing paper has not gone up in price in Canada in consequence of the National Policy. It has also been shown that the largest importers of type, Messrs. Miller & Richards, intend to sell at their "old prices." And now we have a circular letter from J. J. Smith & Co., ink manufacturers, Toronto, announcing a reduction in the prices of printer's ink to six cents per pound. So that in the articles of paper, type and ink, printer's are not worse off, but something better than before.

Every Moment's Wonderful Work.
Every moment that we live the work of destruction never ceases among what is scientifically called the "tissues" of which our bodies are composed. Every moment, if we are in health, the work of repairing this destructive process goes on with equal pace. When the vital force is great, more vigor is given to the blood and muscular tissue than the ordinary wear and tear of existence uses up. When the vital force falls from any cause, there ensues a wasting away, which, if not arrested, leads to decay and death. Physicians all declare that when these symptoms of debility set in, the only certain remedy is God Liver Oil. But their patients, with almost equal unanimity, say that God Liver Oil is "so nasty" they cannot take it. The only resource left is to obtain **Scott's Emulsion of the Oil with the Hypophosphites of Lime and Soda.** This is altogether free from disagreeable taste and odor, and is an unequalled tonic for the nerves and brain.
