EDITOR PROVES AN ADEPT WITH FISTS IN SELF DEFENCE

Right-Hand Man of Premier Gouin Makes an At- tack on Editor McNab of Montreal and There Were Some Lively Moments.

[By Special Wire to The Courier] QUEBEC, Feb. 5.—The one round bout which took place between Hon. Chas. Lanctot, assistant Attorney-General, and Brenton A. MacNab, editor of the Montreal Daily Mail, last evening at the session of the legislative committee inquiring into the graft charges of the newspaper, occupied all the limelight here today. While legislators have come to blows before, nearly everybody greets the incident last evening because of the eminence of Mr. Lanctot's position in the Gouin Govern- ment and because of the fact that Mr. MacNab is a witness in the graft in- quiry, the clash providing enemies of the administration with an opportu- nity to criticize one of its members, and that one who's assistant attorney-general, represents law and order in the province.

CHINESE CONSUL MAKES STATEMENT

Out of 15,000 Celestials in Vancouver, Only 2,000 Are Working.

[By Special Wire to The Courier] VANCOUVER, B.C., Feb. 5.—Lin Shin Yuen, Chinese consul here fig- ures that 15,000 Chinese laborers in Vancouver and the surrounding districts, not more than 10 per cent are working at present. Two thou- sand Chinese arrived here last year from the native land, and fearing an- other large influx, a Chinese Associa- tion has been formed by Vancouver Chinese to keep their brothers and consins from coming here. Cabals with the consul's endorsement has been sent to China asking the co-oper- ation of the home government in keeping laborers at home. The condi- tions among the poor in Chinatown are said to be deplorable.

National Appeal For Boy Scouts

[By Special Wire to The Courier] MONTREAL, Feb. 5.—The Lon- don correspondent of The Gazette cables: A national appeal for an endow- ment fund of 250,000 pounds for the boy scouts, was launched yesterday by General Sir Robert Baden-Powell, in support of which he publishes a letter from the Duke of Connaught. The governor-general's letter says that the boy scout movement has stood the test of a five year's trial successfully, and all opinions seem to agree that in proper hands it will achieve a great national work. General Baden-Powell, in the course of his appeal, declares: "From the top to the bottom of the social struc- ture, we have too many drones, with resultant misery, discontent, selfish- ness, thriftlessness and irreligion. Among the boy scouts we seek to eli- minate the drone and provide that the next generation shall be one of workers. With the money, we pro- pose to place headquarters on a sound financial basis, give a regular training to scoutmasters, which will enable them to start work with the senior scouts, and provide a firm to be conducted on scout principles."

### Gypsy Women Rob Men in Bold Style

Peel Bills Off Bank Roll Right Before Their Victims' Eyes.

MONTREAL, Feb. 5—Two women posing as gypsies and charged with conducting a clever flim-flam game, were run down by detectives yesterday on the complaint of Molson LaLonde, grocer, of 364 Charlevoix St., who claims that they relieved him of \$25. A number of complaints have been made to the police of women temporarily renting small stores, telling fortunes and by sleight of hand work extracting bills from rolls of money handed them to have a "good luck" charm put upon it.

The women arrested gave the names of Katherina Helena, aged 55, and Alexandra Frederica, aged 22.

Mr. Lalonde states that after mumbling some incantation one of the women handed back his roll, apparently in the same condition she received it, but the latter missed from it two bills, a \$20 and a \$5. The operation was carried on before his eyes, and he could not see how the money was extracted.

### Swimming is Popular at the Y. M. C. A. These Days

Ladies, especially those interested in the art of Natation, are invited to a great display of swimming to be held in the Y. M. C. A. at eight-thirty on Friday night.

Many citizens have expressed a wish to see the Brantford swimmers on a recent visit to the Hamilton City and also to see the entrants into the championships. In order to gratify the demand the swimmers will turn out at full strength and first class water sport will be indulged in. Among the events, will be a back swimming race, forty yards sprint, 100 yards speed, fancy exhibition and water polo. No time is to be wasted and as the event is free to all, a large gathering is expected.

The boom which the most useful of arts has had in this city, is being felt in Brantford, and people are beginning to realize the credit behind the interesting branch of sport this is. Six months ago there was not a "crawl stroke" swimmer in the city, and from a modest beginning, there is now quite a school of young and fast "crawlers" at the Y. M. C. A.

To Geo. Mosley, the general instructor, does the credit belong, for with the encouragement of a splendid new tank he set to work and sorted out the raw material and now he is polishing off the rough corners of some real gems. Some of the youngest swimmers are showing signs of being record breakers and when they are brought out by a judicious training, they will take a great deal of holding.

Some of them are even now accomplishing 20 yards in even time, and that is, to use a slang term, going some. Down at Hamilton they looked upon the locals as easy prey, judging from past experience and when the Telephone City youths took all the points they were more surprised than Balaam and his mules.

The "crawl" upon which Geo. Mosley is specializing, is an importation from America and for short distances, is easily the fastest stroke extant. It is much in evidence in England, where swimming is universally practiced and big prizes are being won by getting through water. Breathing is difficult to master and in this respect the Trudgen stroke is better than crawl. A good fast average pace can be maintained with the former and breathing easy, but the speed of the latest method is not equalled.

The crawl is the coming stroke, recognizing this, Inspector Mosley is making tracks for victory, and swimming fame for Brantford. The championship of Ontario, if not Canada for Telephone City is his aim. He aims high and he aims well.

### LADY STRATHCONA'S SON PROVIDED FOR

To Receive Income of \$125,000 and Real Estate at Pictou, N. S.

NEW YORK, Feb. 5—James H. Smith, of Brookline, Mass., who announced a few days ago that he intended to put in no claim for any part of the estate of his stepfather, the late Lord Strathcona, benefits by the will. The income of \$125,000 is placed in trust for him and he receives outright real estate in Pictou, N. S.

This was disclosed when the text of the will was made public yesterday by the late peer's attorney in this city. Smith was the son of Lady Strathcona by a former husband.

In regard to the bequest of \$500,000 to Yale University, Lord Strathcona's will states that it is an expression of his appreciation of the benefits he gained from investments in the United States, particularly from the St. Paul, Minneapolis and Manitoba, and Great Northern Railways. The will directs that the money be used for the "promotion of the Modern sciences and for instruction in the practical questions arising from the application of scientific knowledge to the industrial social and economical problems of the time, it being my special desire to have the said sum expended so far as in the opinion of my trustees may be deemed advisable for instruction in civil and mechanical engineering, with special reference to the construction equipment and operation of passenger and freight, whether by land or water, and the financial and legislative questions involved."

The university is empowered to equip buildings or to endow chairs for the promotion of these ends, and instructions are given that scholarships in the scientific or graduate departments be provided for sons of officials or employees of the two railway companies.

### Flyers Break More Records

An Englishman Goes 21 Miles With Engine Stopped.

[By Special Wire to The Courier]

NEW YORK, Feb. 5—A London cable to The Herald says: The Royal Aero Club announced yesterday that entries for the coupe internationale de aviation contest to be held in France in the autumn have been received from Messrs. A. V. Roe, makers of the Avro biplane, and the Sopwith Aviation Company of Kingston, manufacturers of the Sopwith biplane. The club will select three pilots to represent the British Empire.

F. T. Raynham, set a new British altitude record yesterday on an Avro biplane with 180 horse-power Gnome Engine. Mr. Raynham ascended from Brooklands to a height of 15,000 feet. He flew at this altitude to Hendon, covering twenty-one miles of the journey with the engine stopped.

Another Record.

CHARTRES, France, Feb. 5—The French aviator, Garais, yesterday established a new altitude record with five passengers, ascending to a height of 7,282. He made the flight in the new biplane built by Paul Schmitt, an engineer, which Tuesday reached a height of 5,000 feet with seven passengers. The previous record for altitude with five passengers was made by the Austrian Aviator, Sablatnik, last October at Johannisthal, who reached an altitude of 3,281 feet.

VANCOUVER, Feb. 5—At the end of Marie Lloyd's engagement here this week, she will not be allowed to re-enter the United States, she was advised today. She is under bond until March 4, the limit of time she was allowed to remain in the United States, after having trouble at immigration headquarters at Ellis Island.

United States officials advised her on her application for an extension of time on her bond, that seeing she was no longer in the United States as stipulated in the bond, she would be compelled to stay on British soil. She is due to play at Seattle and San Francisco, but the new order will cancel her plans. Miss Lloyd recently played at Winnipeg and other mid-western theatres.

eight were paying patients, and thirty non-paying. A third nurse had assisted for four days.

The order had received a donation of two pairs of sheets, two sets of infants clothing and a number of useful articles from Mr. Whitaker, Market street.

The reports from the talent tea held on January 24th were most encouraging, and the thanks of the order are tendered the management of the Y. W. C. A. for use of club room, and to those who by their interest and hard work made it possible to raise a little over one hundred and thirty-five dollars.

HYDRO LIGHTS A BIG IMPROVEMENT They Were Turned on Last Night in the East Ward With Good Effect. The Hydro street lights, apart from the ornamental lights, were turned on yesterday for the first time. A portion of district No. 1, as it is known in hydro circles, but to the reader the district lying east of Market street and north of the canal, was the one so favored. About 20 lights were in service and were located on Chatham and Colborne streets.

Those who were in the neighborhood last night, got a good idea of how the entire city will very shortly be served. The wonderful improvement over the old system of street lighting was most marked. Instead the street being lit up only in the immediate vicinity of the corner, the whole street was lighted. When asked this morning why the lights were not turned on in the entire district, Hydro Engineer Ireland stated that it is necessary to test each transformer separately. He promised to have the lights in the entire district in service to-night. He would not state when the lights in the remainder of the city would be turned on.

Mace of Irish House of Commons

The very beautiful mace, the emblem of royal authority used in the old Irish House of Commons is now in possession of Viscount Masserene and Ferrard, great grandson of the last speaker of Ireland. It was demanded by the British Government after the Union from Mr. Speaker Foster, who refused to surrender it to any but the constituted authority by whom it had been entrusted to his keeping. Its surrender was not enforced, and it has been in the custody of Mr. Speaker Foster or his descendants from that day to this.

MARKET REPORTS

CHICAGO, Feb. 4.—It took but a rumor of export sales today to give the wheat market a complete recovery. Corn finished 5-5c down to 1-3c up, oats with 3c loss, and provisions dealer by 12 1/2 to 3c. Liverpool wheat closed 4d lower, corn 4d lower.

MONTREAL LIVE STOCK

MONTREAL, Feb. 4.—At the C.P.R. live stock market this morning the offerings of live cattle were 400 cows and 200 calves. ### GOOD TIMES IN SIGHT

Under the heading the London Advertiser (Liberal) says in part: "Chicago banks have been sending large sums of money to the Canadian Northwest during the past month, and this fact, coupled with the more important fact that the Canadian banks are more freely loaning money to their customers than they have been doing recently, are sure signs of returning prosperity.

"The return of prosperity to a Canadian Northwest means an increased prosperity for Ontario. Never in the history of Ontario did its prospects look brighter than to-day.

Our contemporary does not in any sense overstate the case. There is a distinct feeling of revival in all directions, although it may take a few weeks yet to entirely pick up the slack.

Canada has come through the world-wide depression probably better than any other land, and in Ontario no place has weathered the storm better than this good city of Brantford.

### THE LOCAL LIBERAL RECORD

Stung by what the four Conservative members of the four Brants have been able to accomplish for the just needs of their constituents, when Grit members didn't, the Expositor tries to bluff the thing out by claiming that in reality Liberal representatives for the Brants had a "splendid record." Here is his list, with comments by this great family journal:

"Free mail delivery for Brantford." (The city had reached a size when that was long overdue.)

"Institution of rural free mail delivery." (That was largely a farce until a Conservative Government took hold. How many routes were there in Brant county?)

"Improvements to the city post-office." (Some coloring outside and a few internal alterations. Accommodation still rotten.)

"Placing of the Brantford Post Office on a city basis." (We had reached that in the matter of revenue.)

"Increase in customs staff." (In a picaresque way; more needed help refused.)

"Passing of the first grant toward a new public building for Brantford." (And that was all. The Laurier Government wanted to grab half the market square for nothing as a site, and failing in that, said "Nothing doing." There wouldn't to-day be one stone upon another for such a structure had the Government not changed.)

"The expenditure of many thousands of dollars on making the Brantford armory what it ought to be." (Grant you that one.)

"Institution of manual training in Brantford." (Part of a general plan.)

"First planting of the Grand River with bass." (Very inefficiently done.)

"First expert report on Grand river floods." (The net result of said report was that too much water caused the same. This illuminating piece of information was all that ever came of the matter.)

"Presentation to the county of an oil painting of Hon. A. S. Hardy." (With all due respect for the memory of that undoubtedly brilliant man, said painting was sent here because it did not suit at Toronto.)

"Erection of Burford armory." (Granted, although the old wooden shed was allowed to stand far too long.)

"Gift of new public building to Paris, etc., etc." (Mainly with the accent on the et cetera.)

### FREE WHEAT

As the Montreal Star very well points out, the question of "free wheat" is a complicated and weighty one. It ought not to be dismissed without consideration, in view of the unanimous resolution in its favor adopted by the Manitoba Legislature. Apparently the wheat-growers of that province think it would work to their benefit. On the other hand, we ought not to be stampeded into so great a change in our fiscal systems by the mere fact that the Americans have baited a trap for us at this point. It is clear enough that they want "free wheat." But they deny themselves what they want, in order to see if the offer to free our wheat if we will free theirs does not tempt us to "walk into their parlor." It looks

## RESTS WITH QUEBEC TO REMEDY WRONG

Case of Man Unjustly Imprisoned Brought Up in Commons.

OTTAWA, Feb. 5.—Mr. Lemieux brought up in the House of Commons to-day the case of the Italian, Gerolamo Fatsari, who six years ago had been tried and convicted in Montreal on a charge of attempted murder and sentenced to 15 years in the penitentiary. He was convicted on the evidence of three men, one of whom had since been hanged, another was in Dorchester Penitentiary, and the third a fugitive from justice. When the police of Montreal, finding that there was some doubt as to Fatsari's guilt, investigated the case they petitioned the Department of Justice, and Fatsari was pardoned. He was liberated on Christmas Eve, sick and penniless, and since then had been subsisting mainly upon charity. Mr. Lemieux submitted that it was a case of great hardship, the man having been through judicial error confined to prison for five years for a crime of which he was innocent. The Government, he said, should make some compensation to the sufferer.

Rests With Province.

The Minister of Justice, in the course of his reply, pointed out that, while there was every ground for sympathy with the unfortunate man, it was his duty to point out that the Crown in this case was entirely in the rights of the Province of Quebec. If there had been a judicial error and if Fatsari was entitled to compensation for the injury suffered, the appeal should be made not to the Federal but to the provincial authorities, at whose instance the prosecution had been instituted, and under whose jurisdiction the sentence had been passed. After having served five years of his 15 years' sentence Fatsari had sent to the Department of Justice a petition for clemency, in which he made no plea for consideration of his case upon the question of his guilt or innocence, but merely asked the clemency of the Crown and remission of his sentence.

### NOTES AND COMMENTS.

Our old chum, the Hebert marriage case, has been re-opened. That and the Thaw case are perennial.

It has been decided to pay the Fenian raid bounty to widows of those veterans. This is the proper course.

The Guelph tax collector has quit the job because he found it unpleasant to make those who owed pay up. No doubt unpleasant all round.

In the States the doctors have constructed a new face for a man. By the same token many of the rest of us could stand for the same thing.

That Quebec scandal is getting worse and more of it. The picture is even more black than in those dark days before Sir James Whitney took hold in Ontario.

"Happy, jolly and jovial," is the latest description of Sir James Whitney. And thus he has once again demonstrated that he is a man who can come back.

### BIRTHDAYS Note

THURSDAY, FEBRUARY FIFTH

The Hon. Charles Wilson, K.C., formerly attorney-general of British Columbia was born seventy-three years ago to-day in London, England. He is one of the legal lights of the Pacific Coast and has had charge of a good many celebrated cases. For a time he was the leader of the conservative party in British Columbia and is now honorary president of the British Columbia Conservative Association. He held the position of attorney-general from 1903 to 1906. The following year he contested Carleton Place for the House of Commons but without success.

### PESSIMISM.

I never knew a man to sing or wear an optimistic smile, when going out of doors to bring a load of wood from the pile. I've studied men for many years and never one I've known has worn a cheery smile when neighbors' steers broke in his field and ate his corn. No man has ever danced a jig of happiness, full well I know, when trying to escort a pig the way he didn't want to go. No sunshine lights the eye or brow of any man to milk a cow in some old windy, drafty shed. Oh, there are times—not far between, when mortals cannot sing and smile, when they are feeling dour and mean, and wish that sack-cloth were in style. And then the optimist who's wise will hide himself behind a cloud; foolhardy is the man who tries to force his sunshine on the crowd. In our town there's a Sunny Jim who works the sunshine tap too much; he has a beefsteak on his girth and cannot walk without a crutch.

WALT MASON.

Missing Hisserman's Fate

There is now little doubt that James Nicol and his two sons, the crew of the motor boat Agnes of Mallaig, have been lost. They went to sea, bound for the haddock grounds in Loch Bracadale, about forty miles away. There was a strong breeze with a good sea, and it is surmised that somewhere in the vicinity of the Point of Sleat their small craft was swamped.

## Orangemen At Annual Meeting

Officers for Year Elected Tuesday Afternoon—Meeting Notes.

On Tuesday afternoon, Feb. 3, the Brant County Orangemen held their annual meeting in the Orange Hall, Dalhousie street. There was a very good attendance, all the lodges being well represented. The meeting was called to order at 3 o'clock by County Master J. W. White, and the business of the order proceeded with. The County Master reported a successful year throughout the county, all the lodges having added new members.

The County Lodge decided to celebrate the coming 12th of July with their brethren in St. Thomas this year. After the business of the lodge was finished, Past County Master Bro. T. Y. ## INCENDIARY ARRESTED

GLASGOW, Scotland, Feb. 5.—A woman giving the name of Rhoda Robinsou, was arrested here to-day and taken to Dumbane, Perthshire, in connection with the incendiary fires attributed to militant suffragette arson squads, which occurred yesterday at Aberchilly Castle, the House of Dosse and the St. Fillans Mansion in that county.

## GIRLS! STOP WASHING THE HAIR WITH SOAP

Soap dries your scalp, causing dandruff, then hair falls out.

After washing your hair with soap always apply a little Danderine to the scalp to invigorate the hair and prevent dryness. Better still, use soap as sparingly as possible, and instead have a "Danderine Hair Cleanse." Just moisten a cloth with Danderine and draw it carefully through your hair, taking one strand at a time. This will remove dust, dirt and excessive oil, in a few moments you will be amazed, your hair will not only be clean, but soft and wavy. Dandruff and sunburn are to be forgotten. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.

Men! Ladies! You can surely have lots of charming hair. Get a 25 cent bottle of Knott's Danderine from any drug store or toilet counter and try it.

## WILLING WORKERS AT BALFOUR ST.

Officers for the Year Elected at Meeting Last Night.

The Willing Workers Class of Balfour Street Presbyterian Church Sunday School, held its first monthly meeting at the home of Miss Beatrice McCormick last evening. The meeting was called to order by the president, and after the singing of a hymn the President led in prayer.

After the opening exercises, the "Willing Workers" set to work preparing for a bazaar which is to be held some time in March, the date not yet being decided on. Prospects look bright for the year 1914, and it is hoped that more will be added to their numbers by the end of the year.

The following are the officers for the year 1914:

Teacher: Mrs. S. Danby.  
Honorary President Miss S. Brown.  
President: Mrs. Gordon Raynor.  
Vice-president Miss Margaret Morrison.

Secretary: Miss Iva Hicks.  
Treasurer, Miss Maria Morrison.  
Social Committee: Mrs. S. Danby, Miss Beatrice McCormick and Miss Isabelle Mansz.

Visiting Committee: Miss Margaret Morrison, and Miss Lottie Wismer.

A very enjoyable evening was spent by the members present, all doing ample justice to the dainty repast which the hostess served. The first meeting of the "Willing Workers" was then brought to a close by repeating their motto, as follows: "We have committed the Golden Rule to memory, now let us commit it to deeds."

## WITHIN THE LAW

By MARVIN DANA FROM THE PLAY OF BAYARD VELLER

Demarest's keen face took on an expression of perplexity. "I'm puzzled," he confessed. "There is something familiar, somehow, about you, and yet—"

"Can't you guess?" Mary questioned. "Search your memory, Mr. Demarest." The face of the district attorney lightened.

"Why?" he exclaimed, "you are—it can't be—you are the girl, you're the Mary Turner whom I—oh, I know you now."

"I'm the girl you mean, Mr. Demarest, but for the rest, you don't know me—not at all!"

"Young woman," Burke said, peremptorily, "the Twentieth Century limited leaves Grand Central station at 4 o'clock. It arrives in Chicago at 8:55 tomorrow morning."

"He pulled an immense gold watch from his waistcoat pocket, glanced at it, thrust it back, and concluded ponderously: "You will just about have time to catch that train."

"Working for the New York Central now?" Mary asked blandly.

"You'd better be packing your trunk," the inspector rumbled. "But why? I'm not going away."

"On the Twentieth Century limited this afternoon," the inspector declared in a voice of growing wrath.

"Oh, dear, no!"

"I say yes!" The answer was a bellow. "I'm giving you your orders. You will either go to Chicago or you'll go up the river."

"If you can't convict me, pray, notice that little word 'if.'"

The district attorney interposed very suavely:

"I did once, I remember."

"But you can't do it again," Mary declared with an assurance that excited the astonishment of the police official.

"How do you know he can't?" he bustered.

"Because if he could he would have had me in prison some time ago."

"Hub!" Burke exclaimed gruffly. "I've seen them go up pretty easy."

"The poor ones; not those that have money. I have money, plenty of money—now."

### LOOKS LIKE A SURE THING

#### Old Home Week Committee Can Secure Splendid Attractions.

Mr. Victor D. Levitt, representing the Leon Washburn Midway shows, perhaps the most complete carnival organization of its kind in America, was in the city yesterday and had a conference with a number of gentlemen, including Ald. Geo. Ward, who are anxious to have an Old Home week in Brantford this summer. Ten years ago Mr. Levitt conducted the Hamilton affair, while last year he rendered valuable assistance to the successful Centennial. Mr. Levitt has agreed to give his assistance to the Brantford organization and in view of the reputation he has established in Hamilton, Guelph and other places for expert knowledge and probity of dealing, doubtless he will do business in this city. The securing of such high class shows as that of Washburn, would prove an important feature in the financing of the undertaking and would give Brantford a big week. The committee are getting right down to work and it is almost sure the re-union will be held this year, likely in the second week in August.

There is a feeling all along the street that there should be something doing this year and it is likely most of the festivities which will be planned will be confined to the centre of the city.

Yesterday, while in the city, Mr. Levitt gave Mr. Chas. Murton of Hamilton, as a reference to the Brantford committee. When telephoned, Mr. Murton said without reservation of any kind, that Mr. Levitt would be able to render invaluable assistance if Brantford went ahead with the movement. Not only that, but his carnival attractions were of the highest class and would undoubtedly prove a big feature.

#### At Widow's Home

The monthly meeting of the Widows' Home Board was held Tuesday, when the routine business attendant to the home was looked into, accounts passed, etc., and the following interesting report was read from Dr. Helen MacMurphy of Toronto, regarding her recent visit of inspection in this city. An official visit of inspection was made to the Widows' Home, Brantford, on January 16, 1914.

Number of inmates, all women, one being away for a week.  
Building—General condition of the building was good.  
Beds and Bedding—Satisfactory. Halls, Etc.—Halls, corridors and other rooms were in good condition. Yard—Satisfactory. Some hens in good condition were seen supplying seven or eight fresh eggs daily for the home.  
Bathroom, Etc.—Bathroom, lavatories, etc., in good condition. Drainage and Water Supply, Brantford.  
Ventilation—Good.  
Health—No one was in bed at the time of my visit; one was slightly indisposed.  
Food—Good quality and well served.  
Books—Well kept and up-to-date. This home is comfortable and well managed. My visit made a very favorable impression upon me.

A chemical fire extinguisher of approved pattern should be placed in the house for use in emergency. (Signed HELEEN MACMURPHY, Inspector.)

The managers of the Widows' Home, gratefully acknowledge the following donations: A quantity of drugs from Cameron & Higginbotham, \$2.25; a rubber sheet and drugs from M. H. Roberts & Co.; a friend, a quantity of jelly, fruits and pickles; Young Ladies Bible Class, Alexandra Church, fruits, cakes, coffee, sugar, candy, and sandwiches; First Baptist Church, Golden Circle class, box of sandwiches, and cakes; Mr. Good, four boxes of apples; a friend, white underwear; Whisker Baking Co., rolls, cakes and buns; First Baptist B.Y.P.U., basket of bread and butter and cake; Mr. Balantyne, 7 knives and forks; Mrs. J. ### WILL CELEBRATE DAY OF ENGLAND'S SAINT

Salisbury Lodge, S. O. E., held their regular meeting last evening and it took a very interesting form, a large number of members being present supplemented by the officers and members of Wolfe Lodge. After the usual business, when several applications for membership were passed, the officers of Wolfe Lodge put on the first degree and their work called forth several expressions of praise for the excellent manner in which they exemplified the degree. W. P. Bro. W. G. Lee thanked the members of Lodge Salisbury for their appreciation of the work they put on. W. Secretary Bro. A. J. Stevens proposed that a committee be put on to confer with their sister lodge with a view to celebrating St. George's day, a day dear to all Englishmen, on the 28th anniversary of the founding of Lodge Salisbury. This met with the unanimous approval of all present, and no doubt this event, with the presence of the local members of parliament and one or two prominent speakers from Toronto, a night which will be memorable will be held. After the adjournment the meeting took a social form and P.D.D. Bro. John F. Van-Lane, called upon Bro. F. Cutmore to come forward, and after eulogizing the brother for his excellent and faithful services he had given the lodge as outside guard since its inauguration 26 years ago, said they could not let the present occasion which was Bro. Cutmore's 80th birthday pass without some token of the esteem in which he was held by his brethren. Mr. Van-Lane then called upon Mr. Stevens to read the address and make the presentation. Mr. Stevens before doing so in a few well chosen words spoke of his friendship with Mr. Cutmore of over forty years and found in him a man who "whatever his hand found to do did it with all his might." He hoped he would be long spared to continue in the service of the lodge. He then presented Mr. Cutmore in the name of the lodge with a very handsome mission Morris chair. After seating Mr. Cutmore in the chair he was hoisted by several of the members and carried around the room to the strains of "He's a jolly good fellow." Bro. Cutmore suitably replied, thanking the members for their gift. After the cigars were passed around the members of Lodge Wolfe contributed a programme of songs, etc., the following contributed to the success of the evening: P.P., W. M. Lewis,

### COLLEGIATE BOARD

#### A Meeting of the Trustees Was Held Last Evening to Discuss Affairs.

The first meeting of the Collegiate School Board during the present year was held last night at the school, when business was of a purely formal character. The principal business was the formation of the various standing committees, and they were appointed as follows:

Finance Committee—Mr. Sweet and Dr. Hart.  
Building Committee—Dr. Frank and Mr. Ryerson.

Her second husband had been sentenced to sixty days' imprisonment for assaulting her, and apparently in a spirit of revenge had "given her away." Sheriff (to accused): "G'away, and don't do it again. Passed It Over In His Will

WINNIPEG, Man., Feb. 4.—Speaking editorially this morning of Lord Strathcona's will, The Winnipeg Telegram says in part: "It will not escape notice that the Canadian West, which laid the foundation of Strathcona's fortunes and opened the way to the public career which made his name famous, is quite passed over. The omission will arouse no resentment in the west, but it may be permitted in the circumstance to remark at a time when so much is being said of his services to the west—and they were undoubtedly valuable—that it was the west that made Strathcona's name famous and that gave him his great fortune, which he bestows elsewhere with such a lavish hand."

C. P. R AT GOLDEN

Headed others familiar with the district, declare that the building of the railroad from Golden to Fort Steele, will mean a rush to British Columbia in 1914 and 1915 that will equal, if not surpass, that of the years previous. Even to-day, with poor transportation to many of the mines, the lead-silver ore mining proves to be one of the province's biggest assets. The output from the mines aggregates several million dollars annually. What the output will be when the rails are in use in Columbia-Kootenay Valley is a matter of conjecture. When connected, this rich valley of the Columbia and Kootenay Rivers will have two outlets, one to the main line of the C.P.R. at Golden, and the other to the Crow's Nest branch, through Fort Steele at Fernie.

CHEESE MERCHANT MAKES BIG FIND

It is not often that a \$90 horse is able to go forth and battle with the very best of the Grand Circuit brigade and it is not customary for a country cheese merchant to campaign the fastest pacer in the 2:05 class. The records for the racing season, just closed, however, prove that to the lot of a cheap horse and a country owner have come the honor of heading the list of money winners in the 2:05 class.

The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. Goes to Jail

Editor of "Modern Society" in Montreal Sent Up.

Montreal, Feb. 5.—A London cable to The Daily Mail says: Frank Harris, formerly editor of Vanity Fair, and now editor of Modern Society, was summoned before the courts yesterday by Earl Fitzwilliam in consequence of his having published articles in the latter journal in reference to the divorce suit in which the name of high personages in the realm were mentioned.

The court viewed the articles complained of as the highest contempt of court and asked Harris to apologize. He refused to do so and was committed to prison for an indefinite period.

Local News

Call For Uniforms At the fire and light committee meeting yesterday it was decided to call for new uniforms for the firemen.

Will Install Services. The Courier was informed that the Hydro Department this morning that the work of installing house services would be commenced to-morrow. About 15 services will be connected before to-morrow night.

A Skating Party. The members of the Tutela Glee Club, Eagle Place, held a very enjoyable skating party last evening. On leaving the rink, those participating, repairs to the home of Miss Margaret Merihan, Strathcona avenue, where the remainder of the evening was very pleasantly spent.

Readers' Solos. By an error last night it was not stated in the report of the Grace church A.N.P.A. banquet that Mrs. W. Burch rendered a solo and responded to an encore. Although there were many excellent numbers on the programme, it must be stated that the solos rendered by Mrs. Burch were exceptionally well received.

Sport at the Amories. Two scheduled football matches were played at the Amories last evening by the Dufferin Rifles teams, D company won from F company, 7 to 0, and B company won from A company, last year's champions by a score of 2 to 0. Several players of B company distinguished themselves; Alexander, a defence player and Hutchinson in goal played well and Hutchinson on the forward line scored both goals.

At the Empire. The Empire Theatre is fast growing in popularity with lovers of the photo play. Yesterday and today an excellent bill is presented. A 300 Bison 2-reel feature "Fighters of the Plains" portraying an attack on a Western pioneers home by a tribe of Indians is presented. There is a delightful love story woven into the plot, making it very interesting. Other films shown are "His Last Gamble," "Private Box No. 23" and several more including an educational film entitled "Polypo" depicting the life of an organism which inhabits stagnant waters. To secure increased patronage at the matinees the management has recently lowered the price of admission.

A Class Social The 3M class of Wesley church held a very successful social gathering on Tuesday evening last in the school room. There was a large attendance, all present enjoying themselves thoroughly. The following officers were elected for the year: President, Clarence Chittenden; vice-president, Miss Estella Johnston; secretary, Mrs. E. Night; assistant secretary, Harry Newman; treasurer, Miss Lane; teacher, Mr. A. E. Day; assistant teachers, Irvine Crowe and F. J. Porter. A pleasing feature of the proceedings was the presentation to Mr. Day of a beautiful gold ring, accompanying an address. The recipient made a suitable reply. Mr. Jack Martin favored with several musical selections. The affair closed with an oyster supper.

CLEANED OFF SNOW SAID DEFENDANT Chief Slemin and E. Hunt Give Contradictory Evidence in Court.

Opinions differed very considerably at the police court this morning as to whether the sidewalk in front of Mr. Ed. Hunt's establishment at 4 Dalhousie St. has been kept clean during this winter. The Chief was John Kemachi and had not been hadly neglected as it had not been cleared of snow this season. Mr. Hunt was called to the stand and had occasion to pass the place three times a day and was quite positive that the snow had been regularly cleared from the place complained of. So positive was the Chief that his contention was correct that he entered the box, at Mr. Heyd's request and swore, as to his previous assertions' correctness.

Two witnesses testified on behalf of defendant that the sidewalk had been well and regularly cleaned. There seemed to be a deadlock looming when Magistrate Livingstone said he would dismiss the case, but the future of the defendant must be very careful as to the condition of the sidewalk. Three persons, Ernie Brank, Arthur Springstead and Annie Prince were also down to answer the same charge, and it was learned lived in the same block of frame houses at 4 Dalhousie St. and they were likewise warned and allowed to go.

The by-law regulating the nuisance of snow on sidewalks will be strictly enforced and all citizens, regardless of whom they are, must take warning that future breaches of the by-law will be followed up and the offending parties prosecuted.

John Kemachi, suffered from a strange lapse of memory at the court this morning. He is a Russian Pole and has not been long in this country, entering by way of Buffalo, three months ago. He was arrested last night as he was wandering about without any visible means of support.

At the station he told the officers in English, all they knew about him and comprehended various questions. Before the bench, however, he looked mutely upon his questioners and did not understand the most elementary sentences. The magistrate left the case over till to-morrow.

Magardich Artinian, charged Manigah Bohodich with the theft of \$45 during a night about two weeks ago when he was boarding at 49 Queen street.

He gave a very unsatisfactory story of the affair and said he hid counted the money and put it into his trouser pockets. Getting up next morning he missed the money and accused defendant, who happens to be cook at the house. The cook, who had been in debt, paid his indebtedness immediately after the robbery and therefore Artinian looked upon this circumstance as suspicious. Upon the evidence however, the magistrate decided he could not convict and dismissed the charge.

Broom Firm Call Creditors Thomas Brothers, Formerly of Norwich, Are in Business Straits.

TORONTO, Feb. 5.—A meeting of the creditors of Thomas Brothers, Limited, manufacturers of brooms and brushes and kindred articles at St. Thomas, Ont., with branch factories in Montreal, Winnipeg and Ottawa, has been called to be held in the office of E. R. C. Clarkson, Toronto, next Tuesday, Feb. 10.

It is understood that the embarrassment of the concern was chiefly precipitated by failure to secure adequate funds to meet its current obligations, the directors being unable to obtain sufficient banking accommodation because of the heavy overdraft which already stood against the company's credit. Recent commercial ratings placed the credit in the neighborhood of one hundred thousand dollars.

The firm of Thomas Brothers was first established at Norwich, Ontario, 20 years ago. The business soon grew to such proportions that concern was incorporated, and in 1896 the head office and factory were moved to St. Thomas, which municipality provided a bonus of \$50,000 to secure the industry. Since that time the business has steadily increased.

Facilitating the establishment of three branch factories, where many men are employed. It is expected that a plan of reorganization may be devised by the creditors.

The liabilities of the company are understood to be about \$250,000.

Splendid Year At Zion Church

Total Amount Raised for All Purposes Over \$16,000

A large and enthusiastic congregation gathered last night at Zion Church to hear the reports from the different organizations at work throughout the year. All reports were of a most encouraging character.

Missions were at high water mark, the total contribution amounting to \$7,503.00. A large addition in membership for the year, making a total of 237 since Mr. Woodside's coming. The managers report shows a greatly increased budget for the year, but also a surplus of over \$800—something unknown in the last quarter of a century in the church. The total raised for all purposes amounted to over \$16,000. Owing to a great demand for larger seating capacity the Board was authorized to proceed with the reconstruction and raising of the galleries. After a short address from Mr. Woodside, the meeting was closed with the doxology and benediction.
