WAITRESS WANTED AT AMERICAN HOUSE, KENTVILLE.

TO LET—large furnished room, on ground floor, suitable for two.
 o&ax. APPLY TO BOX 137.

Mrs. E. F. Robbins of Berwick has been visiting friends in Western Nova Scotia.

Mr. and Mrs. Earl Congdon who have been visiting in Berwick have returned to their home in St. John, N. B.

Mr. Stuart Graham, son of Mr. and Mrs. Edson Graham of Wolfville has sufficiently recovered from his severe wounds to attend to some duties in hospital work in England.

Rev. G. W. Miller accompanied by his wife of Wolfville have been visiting in Hants Co.

Pvt. Raymond Corbett formerly of Berwick has been invited home to his family at Weymouth. Ray has had many a "close shave" while at Berwick and since.

Mrs. Edson Graham has returned home to Wolfville having visited a few days at Windsor with Mr. and Mrs. E. H. Dimock.

Private Aubrey Murray of Gore, Hants Co., has been obliged to enter the Provincial Sanatorium for treatment.

On Sunday evening a Boston auto arrived at Berwick which contained Mr. and Mrs. Enos Fancy and son. They travelled by land and are visiting his parents Mr. and Mrs. Eldred Fancy.

Mr. Murray Dodge, son of Mr. and Mrs. C. L. Dodge has been transferred from the Royal Bank at Berwick to the agency at Yarmouth going to the latter place early this week.

One of the wounded heroes to return of late from the scene of war after a hospital experience is Private E. A. McMahon of Aylesford son of Mr. B. W. McMahon. His friends were overjoyed to see him recovering well from his wounds.

Lieut. Ralph Donaldson of the Princess Pats has been awarded the Military Cross for conspicuous bravery in leading his men forward in a dangerous position to the second line of German trenches. Lieut. Donaldson is a son of Mr. and Mrs. John Donaldson of Port Williams.

Misses Catherine and Constance Young of Kentville are attending the opening of Edgchill and visiting Mrs. Blanchard.

Miss Annie Fitch of Wolfville has been visiting her aunt Mrs. Elder at Hantsport.

Welsford Red Cross has forwarded \$22 to the Belgian Relief Fund.

The steamer Empress which has been off of the Bay service on account of a broken shaft resumed her regular sailings to St. John on Monday.

There are many people in town who are taking pride in fixing up premises, ornamental lawns and planting flowers. This beautifies our town and is to be commended. Unfortunately some few people who frequent our streets at different hours, have a fondness for destruction and spoil the careful work of planting and ornamenting. The destruction of window boxes and other depredation on the premises of the Bank of Nova Scotia recently is one case in point. Anyone seeing persons at such work in day or night should report to the authorities.

Boots for Farm Work

We have an Oil Tanned, Chrome Leather Water-proof Boot, shaped like a larrigan. It gives all the ease and comfort to the feet that is so much needed in warm weather, but is not possible to get in a heavy boot.

Light in weight, but grand wearing qualities and waterproof.
 Suitable for all kinds of wet weather

THE BEST QUALITY AND LOWEST PRICES

W. E. PORTER, S

Cornwallis St. Kentville

People are realizing these days that Portrait Photographs are not at all to be classed as luxuries.

There are many so called necessities that we would part with sooner than those pictures of our family or our friends.

There is only one best time to have Photographs made, and that is NOW.

And just now is a good time to have childrens photos made

Mrs William Elder and her granddaughter have come to Hantsport and are occupying their summer cottage.

A NEW PASTIME FOR KENTVILLE

Mr. C. E. Walker, who so successfully conducted roller skating at Digby has transferred his interests to Kentville. On Monday next, July 2nd, he will open the Kentville Arena for roller skating and everyone will have an opportunity of celebrating the 50th anniversary of Confederation by skating dancing or witnessing those pastime at the Arena. The skating floor is the largest outside of big cities being 70x170 feet and it is covered with a new hardwood floor. Good music by an Electric Band Organ will accompany the skating and Hiawatha Band the dancing. The management have 500 pairs of skates to suit all sizes in feet. Special trains will be run and low excursion fares will give people from Windsor, Middleton and Kingsport a chance to get to Kentville that day and return.

"Those Without Sin"

is the title of a special five reel production at the Nickel Theatre, tonight and Saturday night. The theme of the story interests everyone. It is a Lasky picture with Blanche Sweet as the star. Monday and Tuesday, next week, Lou Tellegen will be seen in "The Black Wolf."

Kings Kounty Klothing Store

THE HOUSE OF SATISFACTION

In Every Department our Stock is complete Here are a few Facts :

OUR
 Ready-to-Wear Clothing Department, Mens and Boys Suits in great Variety—The Campbell Make lead all others in fit and workmanship, they equal the best custom work, we want you to look over this line, and you will be convinced. You need not pay \$40.00 for Custom Made Suits. A Big range of Boys Suits—Our PRICES are so convincing.

OUR
 Foot Wear Department is second to none in the Country. Prices are high, but we are keeping the lid down as tight as possible.
HARTT SHOES
 Have more real Value than any Shoe I know.
ASTORIA SHOES
 Are TRADE WINNERS
CROSBY SHOES — For Children never fail.

 For Women are pleasing — and our Prices, what a difference.

OUR
 Furnishing Department includes all the small articles that men wear: Shirts, Underwear, Hosiery, Gloves, Collars, Neckwear, Umbrellas, Trunks, Suit Cases, etc

OUR Hat and Cap
 Department contains all the newest creations in Mens Millinery, in Felts, hard and soft, Straws, Panamas

Ladies and Mens Raincoats — Special Values.
MILITARY SUPPLIES

TAKE NOTICE—Until further notice we will issue Cash Register Checks for the amount of Cash purchases which will be redeemed in lots of \$10.00 at 5 p. c. their face. Save your Checks.

E. J. BISHOP

Kentville, N. S.

Mr. J. Logan Trask, the newly appointed principal of Kentville schools and Academy, arrived in town on Wednesday. Sydney made a most strenuous effort to retain Mr. Trask as his work there had been particularly satisfactory. Kings Co. Academy and Kentville is fortunate in obtaining the services of such an efficient principal. He will move his family here this summer. His daughter Miss Edith Trask has been appointed permanently with a raise in salary, as principal of the Sydney Domestic Science department.

Newcombes are showing some special values still in silk suits.

Mr. David Costley was in town on Wednesday on his way to Canada Creek where he will visit Mr. and Mrs. Henry Dickey. He had with him the snout of his 118th bear captured a fortnight ago Saturday. This he said was the 15th bear that he had trapped against one tree. He is now given bruin a rest as the fur is not good this time of year.

A memorial service for Pte. Kenneth Belcher who died of wounds received on Vimy Ridge will be held on Sunday morning in the Presbyterian Church, Upper Canard. Preacher, Rev. John U. Bell.

Mrs. H. B. Vaughan will be "at home" on Thursday and Friday afternoons and Friday evening, July 5th and 6th at her residence at Sheffield Mills.

WANTED—To hire a man to drive express team and work on farm. Apply to J. ROONEY, Kentville, N. S.

Mrs. John Earle Burgess of Sheffield Mills Station will receive for the first time since her marriage on Wednesday afternoon and evening, July 4th. 1a-o

Capt. John Pratt and Mrs. Pratt of Wolfville were in Centre Burlington last week.

THE BOHEMIANS DESERTED EN MASSE

COPENHAGEN, June 25—The disclosures of the retiring Austrian Minister of Defence, F. Von Gorgl, before a Reichsrat committee, that three Bohemian regiments had during the war gone over to the enemy in a body, and his statement that Czech prisoners of war had volunteered for service against Austria-Hungary in considerable numbers constitute only a part of the anti-Austrian demonstrations of Bohemian troops, who through long continued conflicts with the Germans for dominance in Bohemia have felt in a way more closely allied with the Russians than with the Teuton directed Austria.

It is a fact freely admitted in Austria-Hungary, although the newspapers permitted to refer plainly to it, that papers have never previously been permitted to refer plainly to it, that from the beginning of the war Bohemians deserted en masse at every opportunity. Certain regiments, as early as the spring of 1915 had to be decimated because of their conduct in the face of the enemy. The Royal Bohemian bodyguard regiment was permanently disbanded at that time and its colors sent to the arsenal in Vienna. It was about this period that the correspondent saw a naive letter from a Bohemian prisoner in Serbia advising his comrades not to desert while in Siberia as the conditions or residence there were too unpleasant.

DESERTER MADE THINGS INTERESTING FOR GUARD

One day this week Chief of Police Fraser received advice of a deserter from one of the regiments at Aldershot. A little later, going down Prince St., East, he noticed a young man going into a store with a new suit on and a large bundle under his arm. The chief's suspicions were aroused and he arrested the man. On examination the bundle was found to contain his regiment khaki suit which he was discarding.

Chief Fraser put the man in jail and wired the O. C. at Aldershot camp. An escort arrived by next train and took their man, but on the road he managed to get away from his captors and disappeared. So far he is still at large, but it is safe betting that he will give Truro a wide berth.—Truro Citizen.

COMPANY ESTABLISHING FACTORY AT HALIFAX

A branch factory is to be established at Halifax by the L'Air Liquide Society the Canadian headquarters of which are at Montreal, where the company has a large factory. Negotiations for the purchase of a lot have been completed by Charles Royer, the general manager, who is in Halifax this week. The factory will be located in the vicinity of the cotton factory siding and will be 100x50. The company will manufacture acetylene cutting and welding machines, and will employ about twenty hands at the start.

L'Air Liquide is a very large company with Canadian headquarters at Montreal, but the home office is Paris, France. We congratulate Halifax on having secured this new industry.

BRITISH STEAMER SANK GERMAN SUBMARINE

AN ATLANTIC PORT, June 25—Officers of a British steamer which arrived here today, reported having sunk an attacking German submarine. The British vessel sent a shell into the U-boat's magazine, causing an explosion which parted the under-sea boat about midships. Each end sank separately. The British steamer was uninjured.

The submarine was about five miles distant and running away after having attacked the steamer nearly 400 miles off the coast of Ireland.

A WELCOME VISITOR

We had a pleasant call on Wednesday from J. W. Lawrence, collector of customs, Hantsport. He came to meet a troop train on board of which was his son, Lieut. G. Ralph Lawrence, technical officer, and his son, Corporal Lawrence, father and son.

L. Lawrence threw up a good position as manager of the Willow River Lumber Co. to go overseas and avenge the death of so many of his friends who have gone before. He obeyed the call, leaving a wife and seven children in Calgary. This is not Quebec patriotism.—Citizen.

the pure cane sugar with "FINE" granulation that dissolves instantly, giving a clear bright syrup.

BRITISH MADE SUCCESSFUL ATTACK

LONDON, June 25—The official report from British headquarters in France reads:

"Our successful attack last night southwest of Lens was followed up during the day on both banks of the Souchez river. Substantial progress was made by our troops in this area on a front of about one and one-half miles.

"A raid attempted by the enemy last night southeast of Ypres was completely repulsed by our machine gun fire. There was heavy fighting in the air yesterday. Five German airplanes were brought down by our machines; five others were driven down out of control. Another hostile machine was shot down by our anti-aircraft guns.

Capt. R. R. Late of Paradise, one of Acadia's students has been wounded lately in action.

SIR ARTHUR CURRIE, NATIVE CANADIAN, NOW COMMANDS OUR CORPS

Sir Arthur Currie who has been acting commander of the Canadian corps since Sir Julien Byng left, returned to headquarters this morning, having been authorized to take over the command.

Sir Arthur came to France with the original Canadian overseas contingent as a brigadier, commanding the second brigade of the first division and has had a part in all the major engagements of the corps. His appointment greatly pleases the men in the trenches. He is the first Canadian to command the corps. His predecessors, General Alderson and Byng, were both imperial officers of long service and distinction.

QUEBEC, June 18—A contingent of six hundred invalided officers and men is expected in the course of the present week.

The Canadians Captured Outposts

Germans Made Hasty Retreat

Canadian Headquarters in France, via London, June 25th.—(By Stewart Lyon, special correspondent of the Canadian Press)—In a difficult advance towards Lens, and amid a confused tangle of wrecked mines, partially destroyed miners' houses, railway embankments and the flooded ground in the Souchez Valley, a bit of the enemy's front line trench, extending over four hundred yards north of the river and east of the Bois de Riamont, was captured during the night by the Canadians and was firmly incorporated.

Carried the Outpost

The attack on the outpost was evidently expected. The enemy scuttled, abandoning ground upon which machine gun fire was immediately turned by Germans located on the hill.

This was speedily followed by heavy artillery fire, which continued during the night and was especially severe in the vicinity of the Lens electric station. The enemy's dugouts were searched, but found to be empty.

The enemy on this front appears no longer to have confidence in the ability of his infantry to oppose night attacks stoutly. Several raids last night in the region between Lens and La Basse showed that the German trenches were so lightly held that little resistance could be offered to the raiders.

In one case British troops remained half an hour in the enemy's positions destroying defences.

Canadian Miners' Work

In a recent cable on the part taken by the Canadians in the work preparatory to the capture of Messines ridge, mention should have been made of the work of the tunnelling companies from the Dominion. During many weary months while Canadians above ground in the Ypres salient borne with fortitude the constant fire from the enemy guns, behind the ridge, the Canadian miners, far under ground, were driving mine shafts for the enemy's destruction.

After our troops went to the Somme the work was continued. It is not permitted to write in detail of the work of the miners, but Canadians will learn with satisfaction that no small part of the mining operations that made possible the blowing up of the German lines on Messines ridge stands to the credit of Canada.

FRENCH FORCES IN A BRILLIANT ATTACK

Carry a German First Line of a Strongly Organized Enemy Position Northwest of Hurtebise

Paris, June 26—The French made a surprise attack northwest of Hurtebise last night, after brief artillery preparation. The war office announces the capture of the entire first line German trenches, which were held against desperate counter attack. More than 300 prisoners were taken. The statement follows:

"After a short bombardment last evening our troops made a brilliant attack northwest of Hurtebise against a strongly organized position of the enemy. All our objectives were attained. In a few moments we carried the German first line. Counter attacks delivered by the enemy at both ends of this position, supported by violent artillery bombardment, were broken up by our fire. The enemy, surprised by the rapidity of our attack, suffered heavy losses and left in our hands more than 300 prisoners, including ten officers. Several enemy surprise attacks on small posts in the region of Tahure and in the Argonne were broken up by our fire."

MASONIC ANNIVERSARY

On Sunday Kentville Masonic Lodge and brethren attended divine worship at St. James Church and listened to an eloquent address by the Grand Chaplain Rev. T. C. Mellor. Mr. Mellor took as his text "And as they departed Jesus began to say unto the multitudes concerning John 'What went ye out into the wilderness to see? A reed shaken with the wind? The speaker first referred to the work during 200 years of

WOMAN AVOIDS OPERATION

Medicine Which Made Surgeon's Work Unnecessary.

Astoria, N. Y.—"For two years I was feeling ill and took all kinds of tonics. I was getting worse every day. I had chills, my head would ache, I was always tired. I could not walk straight because of the pain in my back and I had pains in my stomach. I went to a doctor and he said I must go under an operation, but I did not go. I read in the paper about Lydia E. Pinkham's Vegetable Compound and told my husband about it. I said 'I know nothing will help me but I will try this.' I found myself improving from the very first bottle, and in two weeks time I was able to sit down and eat a hearty breakfast with my husband, which I had not done for two years. I am now in the best of health and did not have the operation."—Mrs. John A. Koenig, 502 Flushing Avenue, Astoria, N. Y.

Every one dreads the surgeon's knife and the operating table. Sometimes nothing else will do; but many times doctors say they are necessary when they are not. Letter after letter comes to the Pinkham Laboratory, telling how operations were advised and were not performed; or, if performed, did no good, but Lydia E. Pinkham's Vegetable Compound was used and good health followed.

If you want advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

Masonry this anniversary occasion of the Mother Grand Lodge and the existence of the principles of freemasonry previous. In the world it has done a marvellously beneficent work for the good of humanity for consolidating the idea of brotherhood and the uplifting influences which have wrought untold good. The principles of masonry were shown to be those which go to make men better christians the Holy Bible being the guiding light of the Order.

For enlightenment instruction and example we can turn to one of the patron saints of Masonry John Baptist. His characteristics were portrayed, stability, austere habits and simple manner, and more than a Prophet. It is the story of the Masonic order that in her teachings and the lessons inculcated in her ritual are such as to make men emulate the example of this patron saint.

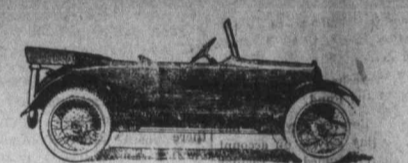

Men of today refuse to accept as the Great Arbitrator the Christ of whom John spoke. The world is in arms and we have enemies in our own land. Quebec is a dark spot on the horizon of Canada. It is not a question so much will it or will it not send soldiers to assist in bringing the war to a conclusion but whether Canada is to rule Quebec or Quebec rule Canada. Here is a menace which must be settled sooner or later. It is for the electorate to decide. It is a crying shame that at this critical period in the Empire's unrest and turmoil that this menace should exist. And the shame belongs to Quebec. Mr. Mellor concluded his powerful message by quoting verses composed by Dr. C. K. Harrington. If Thou Had'st Failed.

At the closing meeting of Billy Sunday's campaign in New York city on Tuesday evening among his thanks to all who had assisted in his work he said: "And, O yes, I want to thank all of you who have contributed to the free-will offering. It will help to dry tears when our boys reach France. Hasten the day, O Lord, when the flags of the Allies shall win. Hasten the day when these great wrongs shall be righted and the dove of peace shall again rest over the world. Hasten the day, dear Lord, when Alsace-Lorraine shall be handed over to France, when Turkey shall get out of Europe when the Jews may go back and take possession of Jerusalem, and when Poland be free." This caused vigorous applause.

SHOT HIMSELF THROUGH THE HEAD

Temporarily deranged in his mind, Arthur E. Perkins put a shotgun to his head after he had retired at his home, Gaspareux Station, last Friday night, and killed himself. The discharge of the weapon, mistaken by other occupants of the house as a dropping window sash, attracted no attention, and the body was not found until next morning. Perkins, who was 21 years of age, was a telegraph operator.— St. John Telegraph.

Overland Fours

Smart—Economical

It is an ideal car for people of taste and refinement—the great sweeping success of the year.

THE TONIC THAT BRINGS HEALTH

"Fruit-a-lives" Builds Up The Whole System

Those who take "Fruit-a-lives" for the first time, are often astonished at the way it builds them up and makes them feel better all over. They may be taking "Fruit-a-lives" for some specific disease, as Constipation, Indigestion, Chronic Headaches or Neuralgia, Kidney or Bladder Trouble, Rheumatism or Pain in the Back. And they find when "Fruit-a-lives" has cured the disease, that they feel better and stronger in every way. This is due to the wonderful tonic properties of these famous tablets, made from fruit juices. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

THREE BRITISHERS AGAINST TEN GERMANS IN THE AIR

In a Battle Between Airplanes Over Flanders, Three British and Ten German Were Engaged For Sixteen Minutes.—Victory With the British.

London, June 26.—Three British naval airplanes fought a battle with ten German machines over Flanders on Monday. An official account of the fight says one and probably three of the Germans were driven down. All the British airmen returned safely. The announcement follows:—

"In the course of a patrol, three naval airplanes encountered and engaged ten enemy machines in the vicinity of Roulers. They fought for sixteen minutes and brought down one enemy in flames. It is believed two others were driven down out of control, but clouds interrupted the view. Our machines returned safely."

MINARD'S LINIMENT is the only Liniment asked for at my store and the only one we keep for sale. All the people use it.

DOMINION DEPARTMENT OF AGRICULTURE Dairy Branch SUBSTANTIAL INCOMES

What did your best cow earn for you last year? A seven-year-old grade in a herd Oxford Mills, Ont., that milked from March 30, 1916, to January 30, 1917, gave 363.9 lb fat, which at 45 cents per pound equals the substantial sum of \$163.75. Perhaps you got more.

Fortunately, the owner of this herd is keeping records of each cow that he owns and has the satisfaction of knowing that six out of his fifteen cows earned over \$150.00 each.

With milk weighed every tenth day, and a composite sample once a month, the actual yield of each cow for her full period of lactation can be found with but little trouble.

Milk and feed record forms are free on application to the Dairy Division, Ottawa. A study of records should mean an increase in your cows earning capacity by at least fifty per cent in three years.

THE CORRECT WAY TO TREAT A COLD

A cough is not a distinct disease, it is the result of inflammation caused by a cold. Therefore, the only way to cure a cough is to allay the inflammation which invades the delicate bronchial tubes. All of the narcotics in the world will not correct the conditions which cause a cough—they simply deaden the senses and afford temporary relief.

Penslar White Pine and Spruce Balsam with Menthol will promptly soothe and heal the inflamed membranes and overcome the nervous irritation. Price, 25c and 50c the bottle.

KENTVILLE Tel. 51

OTTAWA LETTER

OTTAWA, June 23.—All this week has been devoted to the debate on compulsory military service and it has been full of events of startling significance. During the two weeks that negotiations were going on between the Prime Minister and Sir Wilfrid Laurier there was a lot of guessing. It is known that several of Sir Wilfrid's followers were favorable to a co-partnership, but the Quebec wing was bitterly opposed to it, and the Pugsley-Oliver-McDonald crowd were just as hostile. None of these was ever mentioned as a possibility in a coalition government, and that accounts for the unrelenting opposition to it.

After the coalition overtures were declared off the dissension in the Liberal ranks came to the surface. They had a party caucus and could not agree. A committee was appointed to try and frame up an amendment that would hold the crowd together. But that proved to be impossible, because the Quebec men would make no compromise—they are opposed to compulsory service and opposed to the continuation of Canada in the war—that is the rock bottom fact, while on the other hand the strong men of Ontario and the West are in favor of compulsory service.

There was therefore a split that could not be bridged, and Laurier had to make a choice. He decided to stick to the Quebec wing and those who will follow him on a motion for referendum in a sense he is to be pitied. His position is trying. The once great leader is no longer a leader of a party. He is only the leader of a faction.

His speech on the second reading was an apology and an appeal. "Bear me, hear me, for my cause," was his plaintive cry. He tried to argue that his Militia Act of 1904 did not authorize the government to send troops out of Canada; but the fallaciousness of his contention faded away in the presence of the law. As Sir George Foster pointed out the words of the law are plain and the meaning is clear. Sir Wilfrid admitted that Quebec had made a poor response in enlistments. He tried to excuse the default by blaming the government; but he did not offer to go into Quebec and get the men required. He held out no hope in that regard.

The official figures show that out of a population of 1,605,339 French Canadians in Quebec only 6,979 have gone overseas. The total enlistments from Quebec Province are 23,000. Of these 6,979 are French, the remainder English speaking. There are 400,000 French Canadians outside of Quebec, and these have sent more men to the front than have the 1,605,339 of Quebec men. The French Canadians outside of Quebec have responded well.

These startling figures staggered Sir Wilfrid, and his speech was a great disappointment, especially when he concluded by asking that the great and pressing duty of sending reinforcements to our brave sons at the front he shelve while we fight out a referendum at home.

Sir George Foster replied to Sir Wilfrid Laurier in a brilliant oration. But the stroke that fell heaviest on the old Liberal Leader was delivered by one of his biggest men who sits immediately behind him Hugh Guthrie believed to be the ablest man in the Liberal ranks, delivered it in a powerful speech on Tuesday. He demolished Sir Wilfrid's specious arguments the Militia Act, described a referendum as un-British, and

declared that he is in favour of coalition, of extension of parliament and of the Borden compulsory service Bill. He will vote against Laurier's amendment and for the Borden Bill. His great speech made a profound impression.

On Wednesday Mr. Barrette of Berthier threw a bombshell at Laurier by moving the six months hoist as an amendment to the amendment. This means that Sir Wilfrid must get out from his referendum and vote squarely for or against the principle of compulsory service. He is much worried over this, as his Quebec friends are demanding a square avowal from him, and he is trying to hedge on referendum.

The next crack came on Tuesday when the Chief Liberal Whip F. F. Pardee who is the closest man to Laurier, made a strong speech and took the same ground as Hugh Guthrie. He breaks, and will vote against the Laurier referendum and for the Borden Bill.

The same evening a western Liberal, George McCraney, of Saskatoon followed the lead of Guthrie and Pardee and declared against Laurier's referendum and for compulsory service.

Before Mr. McCraney spoke Thursday night L. J. Gauthier of St. Hyacinthe caused a sensation. He spoke strongly for the Laurier policy and closed with a memorable threat that his electors would "fight the matter out." The House understood his extreme language "in this fight there will be pain and suffering." "We may have to go to the direst consequences" to mean that the law would be opposed by force. In other words that he and his electors would rebel.

On Friday Sir Wilfrid was given another stunning blow by his first lieutenant, George P. Graham—the man who sits beside him in the House, at the same desk. Mr. Graham, it is true, prepared the way for his revolt by making a violent attack on his government; but when the wind had subsided he announced that he too would vote against his leader's referendum amendment and in favour of Sir Robert Borden's compulsory service Bill.

Added to Mr. Graham on Friday were two other Liberals, W. A. Buchanan of Medicine Hat and E. W. Nesbitt of Oxford, who announced their intention to vote against the referendum and for the Compulsory Bill.

Comment at this stage is unnecessary. Sir Wilfrid's adherence to the Quebec malcontents is causing his party to crumble to pieces. His best men are going him; and he sits in his place a picture of despair. There are more to follow; and the signs of times are that his days as the leader of a united party are quickly running out. There may be new parties but Sir Wilfrid if he remains can never be more than the head of a faction.

The debate will likely continue all of next week. Meantime the government are dealing effectively with great and important public matters. A fuel controller has been named. A Grain Board has been appointed, and a food controller is also appointed. These are all given the greatest of powers to deal with the vital questions of coal and other fuel, wheat and foods, the pieces thereof, and transportation of them. These public officials will all co-operate with the United States' authorities to make section common to both countries.

G. A. L.

MONEY WASTED.

On Luxuries is Needed by the Country.

In one city alone in the Dominion it is estimated that half a million dollars a year is spent in unnecessary parcel deliveries from departmental stores. In England small parcels deliveries have been refused since the early months of the war. Millions of dollars are being wasted in Canada in just such small ways. Those millions are required for war purposes. The average Canadian family before the war wasted 25 per cent of its food.

That waste is still going on, though to a lesser extent. But there must be elimination of waste, denial of luxuries, sacrifice of personal convenience and rigid exclusion of extravagant methods if the country is to bear its war burden and maintain its military industrial and financial establishments. The representative at out of London's

The Right Furnace

McClary's Sunshine Furnace is absolutely right—right in idea, in design, in construction, in price and in performance. It's a furnace made for your needs and is complete in every single detail. Write for free, descriptive booklet.

leading tailoring establishments reports that more dress suits and dinner jackets are being bought in Canada today than ever before in his experience and he has been visiting the country for a score of years. Such extravagance is absolutely opposed to the best interests of the country. The National Service Board is appealing to you to save your money and buy Government War Savings Certificates. Canada needs your dollars.

CANADIANS PUSHING ON TOWARDS LA COULOTTE

They Have Occupied the Strongest Outpost in the Defence of Lens.—Increasing Pressure is Bringing Signal Success to the British Arms, With Relatively Slight Loss.

By Stewart Lyon, correspondent of the Canadian Press
Canadian Army Headquarters, in France, June 26.—The Canadians have occupied the strongest outpost in the defence of Lens and have pushed their advance towards La Coulotte. The unceasing pressure to which the enemy during the past few weeks has brought signal success to the British arms, with relatively slight loss.

Early yesterday afternoon an unusual movement within the enemy lines indicated that he was retiring, while at the same time aerial observers brought back news that the cross roads and streets intersections west of the German lines had been mined. Craters were seen by them at a number of these cross roads. At once the patrols were pushed out, who, early in the morning had occupied the enemy trench at the foot of reserve hill. They reached the summit of the hill without opposition and pushed down the eastern slope. Strong posts were established and the strong Lens outposts was effectively occupied.

Meanwhile to the south of the Souchez river we pushed forward on the heels of the retiring enemy. Railway embankments to the east of the Lens electric station were occupied. The advance was then continued towards La Coulotte. As night fell, strong parties were sent out to consolidate the positions occupied and patrols were pushed out with the object of keeping in touch with the enemy.

Several days ago the enemy was known to be destroying houses in the western part of Lens with the object of giving a wider area of fire for his guns. That may indicate his intention or clinging to the eastern side of the city and prolonging the struggle by house to house fighting.

Heavy artillery fire was directed last night upon all roads eastwards of Lens and Avion by which troops and guns could be moved back. On the extreme south exploratory patrols met with heavy opposition.

FOR SALE

A small Farm situated in Steam Mill Village, Containing Thirty Acres
Good House and Barn, Twelve acres cultivated, 8 acres in orchard. Remainder in wood and timber. Apply to Advertiser Office, Kentville. atf

R. H. Earle, the noted Newfoundland inventor, was in Truro this week. Mr. Earle in his day has the credit of several inventions of note, but like many other invention does not possess the ability of making money out of his inventions. He is now talking to protect shipping against submarines. If it works his fortune is made. We trust there may be something in it.—Citizen.

THE ADVERTISER
H. G. HARRIS
 Editor and Publisher
 KENTVILLE, TUESDAY, JUNE 29, 1917
 PANDERING TO QUEBEC

In his letter to Sir Robert Borden regarding coalition Sir Wilfrid Laurier stated that he could take no definite action until he had consulted with Sir Lomer Gouin. Why Sir Lomer Gouin? Why was it necessary for Sir Wilfrid to consult with the Premier of a province that has done less in the war than any other self-governing portion of the empire?

What has Sir Lomer to do with the Conscription Bill? If Sir Robert Borden had said that it would be necessary for him to consult Sir William Hearst, Premier of Ontario, before he could answer a question what a fuss there would be on both sides of the house, especially from the Quebec contingent.

The people of Canada are getting sick and tired of this eternal submission to the yoke of Quebec. Quebec has been the spoiled child of Confederation. It has assumed more privileges and shirked more obligations than any other portion of the Dominion; and, outside of the English speaking section of Montreal, it has not only fought less but paid less than any other province toward the war.

The time seems to have come in this country for plain speaking. If Quebec desires to reap the benefits of British connection, it must be prepared to sacrifice something for British connection. Thus far English-speaking Canada has done most of the fighting and paying and French Canada most of the talking. It is a condition that cannot and will not be much longer tolerated by the overwhelming bulk of loyal Canadians.

JUBILEE SERVICES

The Government of Canada has issued an appeal that all loyal subjects observe the Jubilee of Confederation on July 1st by attending divine services.

United services between the Methodists and Presbyterians will take place as last Sunday. At the evening service special attention will be given to the Story of Confederation, showing what wonderful changes have taken place during the past fifty years.

RECENT CASUALTY LISTS

The following from the Valley and Province are on late casualty lists:

KILLED IN ACTION
 Charles Farris, Wolfville.
 A/Cpl. P. M. Palmeter, Middleton.
 L. E. Penney, Aunburndale

GAS POISONING
 L. E. Rice, Bear River.

WOUNDED
 Capt. W. T. Ruggles, Middleton.

GERMAN MINISTER RESIGNS

LONDON, June 26—Herr Michaelis, the German Minister to Norway, has resigned and is returning to Germany, according to Scandinavian despatches. The Morning Post's Christiania correspondent, however, says that this is not connected with the recent discovery that explosives were being brought into Norway from Germany.

The following official announcement has been made: "The king has deemed desirable, in the conditions brought about by the war, that the princes of his family who are his subjects and bear German names and titles should relinquish these titles and henceforth adopt British surnames.

This year the spur is king. From drought, blight and bugs. God save the king!—Anaconda Standard.

TENDERS

At a meeting of the creditors of HARRY SOLOMAN it was decided to advertise for tenders for his stock of goods as follows:

1st—For the Stock on bloc.
 2nd—For the Stock of Footwear.
 3rd—For the balance of the stock of Dry Goods.

All tenders to be sent to the Official Assignee on or before July 14. The highest or any tender not necessarily accepted.

I will attend at the store of Harry Solomon, Aberdeen Street, on July 9, 10, 11 between the hours of 10 to 4 o'clock for intending purchasers to inspect stock.

J. A. KINSMAN,
 Official Assignee.

Mrs. T. B. Messinger has sold the Isaac Masters farm on which she resides to Mr. William Sutton who has returned from Annapolis Co. Mr. Sutton takes possession in August.

Mr. C. S. Pelton of Malden, Mass., came to Port George to attend the funeral of his mother and later came to his former home at Harborville to visit former friends.

Velvet Coat in latest styles at half price to clear at Newcombes.

Mrs. Walter C. Wallis will be "at home" to her friends on Wednesday afternoon July the fourth at Canning.

The Halifax Ladies' College closed on Wednesday of last week. Miss Eleanor Wickwire carried off a special prize in drawing.

Coun. W. M. Caldwell manager of Yemas's Grocery, Yarmouth left on Wednesday as a delegate to the American Farmer's Convention which is being held in Minneapolis. He will be absent about two weeks.

In the town of Truro a baby Shetland pony was born the other day. When a day old it was 20 inches high and the owner's little daughter, eight years old, was able to carry it quite easily in her arms.

An auto party from Greenwood consisting of Mrs. W. W. Nelly, Mrs. Eliza Neely, Mr. Howe Spinney, Mrs. Myra Morse and Miss M. Nelly were visiting Mr. and Mrs. Joseph Gordon at Greenwich on Saturday, June 16th.

Mr. and Mrs. Charlie A. Belcher of Upper Dyke Village wish to extend their sincere thanks to their friends for expressions of sympathy by letters and other ways in the loss of their dear son Kenneth who died of wounds in England, May 12th.

Mr. and Mrs. James Stanley left for Kentville on Wednesday. The many friends of Mrs. Stanley will be pleased to learn that her health has improved, and that after a few weeks' sojourn in Kentville, she will return greatly benefited by the change.—From Barrington notes in Telegram.

Miss Margaret Handry appeared on the streets of Marysville, Calif., the other day with American flags painted on her bare legs. She wore no stocking and had on low shoes and an extra short dress in order to show the colors. Her daring caused great excitement along the streets.

There can be no misunderstanding as to the meaning of General Pershing's arrival in Europe either to the enemy or to ourselves. It means that the grim business of translating words into action has begun. It means that America has taken the field, just as surely as though Pershing instead of Haig, and American boys instead of Canadians, New Zealanders and Australians, had stormed Messines Ridge yesterday.

What the British and French troops have been doing for three years our boys will be doing within a few months and they will keep with the fight until it is won, cost what it may.—Brooklyn Eagle.

Instead of paying 4 1/2 cents for a ride on a Halifax tram car, the people of Halifax can now, between the hours of noon and two p.m. and the hours of five and seven p.m., go and come from work at a comparatively cheap rate of 3 1/2 cents per ride, says a Halifax paper. This has been made effective by the decision handed down by the board of public utilities, upon which body devolved the duty of fixing the hours, terms and conditions subject to which the tickets, as provided by an act passed by the Nova Scotia legislature at its last session should be issued.

Mrs. J. M. Smith, formerly Mildred Wallace arrived at Avonport three weeks ago with her family of three children and she now is residing with her brother, Messrs Shaw and E. L. Wallace. She has passed through terrible grief, her husband Mr. Smith having been frozen to death last April. He was steward on the ship Hattie Barbour bound from New York to St. John. The vessel was cast away on the voyage and the crew had but few minutes to get into the boats. Smith and the Captain only saved a table cloth and a loaf of bread from the vessel and used the cloth for a signal. They both died in the boat from exposure to the cold and the mate and 3 others survived. Mrs. Wallace is left with three children to support. Mr. Smith belonged to Falmouth.

Captain Aubrey

Standard Bred STALLION owned by Nova Scotia Agricultural College

The Standard Bred Stallion Capt in Aubrey 1274-48000-2.07 1-4, the great son of Peter the Great 2.07 1-4

Will stand for Service at the following places on the dates specified:

- Arrive at New Glasgow, July 23; leave there for Truro, July 30th; arrive in Kentville on Aug 6th, leave there for Truro, Aug 13th; arrive in New Glasgow, Aug. 17th; leave there for Truro, August 27th; arrive in Antville, Aug. 31st; leave there for Halifax Exhibition about Sept. 10th., and leave Halifax for Sydney about Sept. 20th.

When in New Glasgow he will be at the stable of Dr. J. Heywood Fraser, V. S., and when at Kentville he will be at the stable of the Experimental Farm.

The above schedule will be followed unless absolutely blocked by accidents, or train service. All mares will be bred at owner's risk. \$25.00 cash at time of service with return privilege if mare does not prove in foal.

For full particulars and card, giving breeding of Captain Aubrey, apply to Agricultural College Farm, Truro, per JOHN M. TRUEMAN, 3 a Superintendent, Truro, N. S.

WEED OUT THE MALE BIRDS

(Experimental-Farms Note)

The worker bees put their house in order by killing off all the male bees as soon as their services are no longer required. What a great benefit it would be to the poultry producer and the poultry product consumer if the hens of the flock would likewise dispose of the male birds in those flocks that are indifferently managed. The worker bee permits no star boarder to loaf around and consume the product of her labor. The hen is not like the bee in asserting her rights. If she were, then her verdict would be, "Rooster you must die."

There are over two million five hundred thousand roosters of the various breeds of chicken kept for breeding purposes by the people of our country. Of this vast army perhaps one hundred and fifty thousand have a right for another year of service. One hundred and fifty thousand may be good as individuals and in breeding to be used in the increase of their kind. What of the two million three hundred and fifty thousand that are usually permitted to live, birds that consume feed, worry the hens and reduce the quality of market eggs?

The function of the rooster is to develop and distribute germ cells, during a short period of three months, February, March and April. These germ cells should be distributed only to such egg-laying individuals as are desired to perpetuate the breed. The germ cell is a living organism capable of starting a chain of development and here is where the mischief lies if they are distributed where they do not serve their proper function in race perpetuation.

The function of the modern hen is to produce eggs, ten per cent of which may be desired for the increase of the breed and the remaining ninety per cent for human food. Nine eggs are used for hatching. Only one-tenth of the eggs that a hen lays require fertilization. Why fertilize the nine tenths of the product of that is used for human food? The addition of a living germ cell to an egg that is produced for human food does not add anything to its value and may set up a chain of embryo development that will make quite unfit for human food.

Eggs gathered from flocks where the roosters are permitted to run after the hatching season is over, are not desirable for storage. They are not desirable in the pantry during periods of warm weather as high temperatures will start incubation. Eggs in the first stage of decay are not desirable for human food.

It is an easy matter to prevent the fertilization of eggs. If the male bird is put in an ordinary one and a half block of wood will prevent further mischief. If the male bird is possessed of such merit as would warrant his being boarded for a year to be used in the next season's breeding operations, then give him an enclosure of his own and see that he stays in it.

The cost of the feed consumed by an ordinary rooster is about twenty cents per month. Can you afford it? If you keep poultry with profit as your object, can you afford to keep a star boarder for nine months and perhaps have him doing mischief all the time?

The two million, three hundred and fifty thousand odd, unnecessary male birds are costing the country about three and a half million dollars per year while enjoying life. Those unnecessary birds are at the same time doing about ten million dollars damage to the egg-producing business. If every person owning a rooster would manage him as a male bird should be managed the poultry industry would be benefitted by additional profits many million dollars.

KILL FLIES WITH FORMALIN

A quick and sure method of killing stable flies is to make a 10 per cent solution of formalin in milk and sprinkle it on the cement floor and gutters. The flies are attracted to it and are killed in 30 minutes. Then the floors are washed and the stable is clean for the day. This operation is repeated each morning as long as necessary. At the beginning of the campaign it will take several mornings to clear out the flies, but after that it will be necessary to do it only as often as they become bothersome. Their breeding place in the manure pile outside the stable should be done away with if possible, and the manure drawn out daily to the fields or placed in a fly-tight pit.

The Studebaker Car
More Reasons for Its Leadership

THE Series 18 Studebakers are the best cars Studebaker has ever produced. They have been perfected by four years' experience with the same basic design.

They embody ninety distinct improvements in mechanical construction, convenience and comfort over the Series 17, which made such a great record for Studebaker in 1916.

They offer what are probably the best automobiles values in Canada today.

They are made of carefully selected materials, tested and developed in the great Studebaker laboratories.

Their workmanship is experienced, painstaking and carefully supervised.

The inspections are rigid and exacting in the extreme.

For these reasons Studebakers are probably the most powerful cars on the market in ratio to their weight.

For these reasons they are most economical in the consumption of gasoline.

For these reasons Studebaker owners frequently get from 8,000 to 10,000 miles on a single set of tires.

For these reasons Studebakers stand up on the hardest, highest drives in the Dominion and under the most racking tests of Canadian roads at a minimum cost for upkeep.

For these reasons Studebaker is enabled to guarantee its cars for a full year against defective workmanship and material.

Let us prove the quality and economy of Studebakers, let us give you a Studebaker demonstration.

THE TERRIBLE ACT OF A
DOMESTIC THAT WILL
HORRIFY THE COMMUNITY

HALIFAX, June 26—From the sewer pipes of a residence in south end of the city the body of an infant cut into several pieces was taken yesterday morning by plumbers who had been engaged to discover the cause of an overflow of the waste water.

Annie Newton, a young woman who gave birth to the child, is at the City Home, to which institution she was taken after being arrested by the police last night she was said to be in a critical condition.

On Saturday the young woman did her work as usual in the home where she was employed as a domestic, and where her services were satisfactory, the only objection being her fondness for having soldiers and sailors calling around. On Sunday morning she started her housework as usual, and nothing was thought to be amiss. Early in the forenoon it was discovered that the waste pipe was flooding the sewer, and the closets and tubs could not be used. Early yesterday morning the plumbers were sent for and after an investigation found that the pipes were clogged in such a manner that it was necessary to disconnect them. When the disconnection was made the ghastly find was discovered, and immediately the police were notified, and also Dr. Finn, medical examiner.

The young woman was placed under arrest, and her condition was such that she was taken to the City home, where she was given proper medical attention. The remains were taken in charge by Coroner's Constable Spencer.

The child was born Saturday night. An examination was held to determine if it had been born alive. The remains showed a perfectly developed male child, which would weigh at least eight pounds. In endeavoring to dispose of the child the mother had cut the body into several pieces, and the head shows where it had been crushed in. The pieces were not sufficiently small to pass through the pipe, and the clogging followed, which led to the overflowing of the cellar and the calling of the plumbers.

Dr. Finn's autopsy showed that breath had entered the lungs, but there was no proof that the child had been born alive. The mother said the child did not cry or show any signs of life.

The medical examiner's report will be filed today and an investigation ordered on a charge of concealment of birth, or infanticide.

The mother of the child is a young woman of strong physique. She is about thirty years of age, and is said to have come over from England with a number of orphans some years ago. She was in great fear when arrested, and repeatedly asked if she would be hanged for what she had done. All through Sunday and this forenoon she showed remarkable strength, despite

her condition, but collapsed after she was taken to the city home. "Will they hang me?" the woman said as the police took her away.

FIFTY OF CREW OF
BRITISH SHIP MISSING

BASE OF THE AMERICAN FLOTTILLA IN BRITISH WATERS, June 25—One of the American destroyers in the patrol flotilla reported this morning that she was unable to find any trace of the fifty members of the crew of a British merchantman which was being attacked by a submarine when the American craft matched the Britisher's wireless call from the air; "Submarine shelling us," the first message the destroyer picked up. The position showed the Britisher was ninety miles away, which meant a run of five hours through high seas for the destroyer.

The American craft was just getting under full speed when her wireless sounded the second and final message. It read: "Abandoning ship."

Only floating wreckage greeted the American bluejackets when they reached the scene, but they patrolled the vicinity for two days in the hope of finding some survivors. Owing to the high seas it seems doubtful if any of the sunken vessel's crew were rescued by passing ships.

Minard's Lignum Lumberman's Friend

METHODIST STATISTICS

SPRINGHILL MINES, June 25—The Methodist conference statistics for the years 1916 and 1917: Membership, 16,679, increase 143; received on probation 665; catechisms 102; funds raised for missions, \$17,880, increase \$98; education \$1,782; general conference \$992; young people's societies number 672; sustentation \$1,504; women's missionary society \$9,639; minister's salaries \$76,507, increase \$815; missionary grants or salaries \$13,048, increase \$385; superannuation \$19,000. Total raised for all purposes, 228,143, an increase of \$21,371. The Methodists enlisted in war service, 2,162; total officials, 1,945. Conference will probably close tonight.

The tern schooner *Salie E. Ludlam*, well known in the Bay of Fundy lumber carrying trade, was rammed and sunk in New York harbor a few days ago by an outward bound steamer. She was forty-four years old, registered 199 tons, built at Goschen, N. Y., and was owned by Stetson, Cutler & Company, of St. John. The captain, his wife and crew of five were on the schooner. All hands were saved.

Clark's Drug-Store

UNITED FRUIT COMPANIES

The fifth annual meeting of the United Fruit Co's of N.S., Ltd., was held at Kentville on Tuesday with morning, afternoon and evening session and the work completed on Wednesday morning. President John Donaldson called the meeting to order and after roll call gave his presidents address dealing succinctly and generally with the work accomplished during the year. Mr. John Chute, secretary presented his annual report.

In the afternoon session Mr. A. P. Runsey, inspector for the companies read his report stating his visits to each of the companies how the packing was done and making various recommendations as to more and better spraying better handling of fruit and more care in keeping fruit packages clean.

Inspector Vroom spoke of the good work done by Mr. Runsey and the need of great care in handling of fruit and packages. Some barrels were shipped in a disgraceful condition getting dirty in the orchards and by being conveyed in cattle and coal cars.

Mr. D. Johnson, Fruit Commissioner, Ottawa, who had just arrived in the hall received a hearty welcome and gave the United Fruit Co's great credit for the work they were doing in spraying, packing, etc. They were establishing a record for good fruit and were assisting him in the work he had to do.

Mr. H. Stairs moved that the directors be recommended to make a call of 15 per cent on the capital stock of the companies so as to give central more working capital. This seconded by Mr. Clarke and debated somewhat and passed.

Mr. McMahon said for various reasons if the directors approved of this, a call would not be made very soon. Election of Officers.

The election of officers resulted as follows:

President—F. W. Bishop, Paradise
Vice President—E. H. Johnson, Wolfville.

Secretary—John N. Chute, Berwick.

- Directors of Fruit Co's
- Annapolis Royal—A. H. Harris.
 - Aylesford—Craig Caldwell

 - South Farmington—S. A. Patterson
 - Sheffield Mills—J. E. Taylor
 - Tupperville—Howard Bent
 - Wolfville—H. A. Peck
 - Waterville—K. L. Pineo
 - Weston—H. C. Ward.

At the close of the afternoon session the officers, delegates and visitors took autos and paid a visit to the Experimental Farm where they were received by Prof. and Mrs. Blair and spent a most pleasant time in looking over the farm and the growing crops. The work being done there was a revelation to the fruit growers and plainly showed to them the importance of such a station in this important section.

The New Glasgow Chronicle says: "He may have been too observing as his eagle eye glanced at a group of over or under dressed girls on the opposite walk." Somewhere, he remarked, in the old sixth school reader, it said: The age of chivalry has gone and that of sophists, economists and calculators has succeeded and the glory of Europe is extinguished forever. Now do you think the age of modesty is gone and that of peek-a-boo waists, short skirts and silk stockings has succeeded, but here he broke away from the question, with the parting shock, it would be tough to be blind these days."

Minard's Lintment used by Physicians.

Relaxing the Tension with a Good Gillette Shave

A day a-wing over enemy lines—scouting, observing, fighting, dodging shells and machine-gun bullets—is anervous strain that has no precedent and probably no equal. When our airmen alight at last, after flights an eagle might envy, they certainly do enjoy the refreshing relaxation of a cool, smooth Gillette shave.

Nor is this appreciation of the Gillette Safety Razor limited to our airmen, or even to our own British armies. Every service has its own tense moments, hours or days, with its welcome intervals of relaxation when the Gillette is a friend indeed. Keen, compact, always ready for action, the Gillette Safety Razor is treasured in tens of thousands of kits on every fighting line on land and sea—and by no means least in the land of its birth, with the forces of our newest Ally.

Nor does its service end here, for "the man behind the gun", who in the factory, the office or on the land is bending every energy towards production—be too gets solid comfort and satisfaction out of the Gillette Safety Razor and its wonderful three minute shave.

Spend a five dollar bill to send a Gillette to one of your acquaintances—and get one for yourself to see how much he'll appreciate it!

CANADIANS HAVE CAPTURED LA POULOTTE

CANADIAN HEADQUARTERS IN FRANCE, June 26—Canadian troops entered the village of La Coulotte this morning. The Germans have withdrawn in this neighborhood from a line about one and three-quarters of a mile long.

The retirement of the Germans ceased during the night. Patrols sent out on that part of the front opposite Mercourt and to the south found the enemy's front line strongly held. The Germans used many flares throughout the night, and threw rifle grenades whenever our patrols were observed. In the vicinity of La Coulotte machine guns were in action all night. The night was wild and pitch dark. The torrential rain which fell was accompanied by a high wind, which held the advance towards the village until daylight.

Our casualties, the people at home will be glad to learn, were remarkably few. Coulotte was occupied without a single fatality. The German artillery fire has been far below normal. It has

been directed chiefly on his former front line of trenches. Between our shelling and his very little is left of them.

FRANCE, June 26—Canadian troops entered the village of La Coulotte this morning. The Germans have withdrawn in this neighborhood from a line about one and three-quarters of a mile long.

OTTAWA, June 19—Hon. Dr. Roche has given his consent to an amendment to the resolution of the Soldiers' Settlement Board which fixes the maximum amount that the board may loan to settlers at \$2,500 as was first provided by the resolution.

The following leading Liberal papers in Canada are supporting Sir Robert Borden's Equal Service Bill: The Toronto Globe; The Toronto Star; The Brantford Expositor; The Montreal

Charlottetown Guardian—Two applicants for the Flying Corps, Briggs of Halifax, and Crocker of Yarmouth, arrived here Saturday by the Aranmore. They will be examined before Mr. F. W. Hyndman, President of the Aerial League, before leaving for Toronto.

Look for the Roll with the Paroid Label

The Real Asphalt Roofing

Don't confuse Paroid with ordinary ready roofings. Paroid has the record of 19 years of proven service and is the choice of farmers, and is used on Government Military Camp Buildings.

NEPONSET Paroid ROOFING

Insist on the Genuine Paroid and your roofs will be weather-proof and fire-resisting; your buildings will be warmer in winter.

Paroid has the Gyp surface. Also made with crushed glass surface, Red and Green. Complete kit and special instructions with each roll; it is the easiest of all roofings to lay. The Neponset dealer is a man worth dealing with.

T. F. CALKIN & CO.
Neponset Dealer Kentville.

Nova Scotia with a population of 450,000 gave 20,000 soldiers to fight the Hun. Quebec with 1,600,000 people only gave 7,000 French speaking men. Will you vote for Quebec, or your own boys? Washington Star—"Aren't you going away this summer?" "No," replied Mr. Cumrox. "I don't dare, leave. I've got a ton of coal and a bushel of potatoes in the cellar."

NOTICE

It is now three years since I introduced Cement Brick into the county, during which time I have endeavored to supply the public with a uniform good article, and am glad to state that this result is attested to by the mass of my customers and friends. My success in Concrete products have not been attained without strenuous effort, but it is satisfactory (I hope mutual) to know that the result registers progress and finds me better equipped to meet your requirements. I am now making Cement Brick in Kentville from my sand and gravel pit on the Meadow Road, where with more machinery and the finest material in practically unlimited quantity, machine mixed, can promise you products of unvarying high quality. I thank you for your custom and hope to be of further service to you.

CHAS. McDONALD,
Kentville, N. S.
I still have Bricks in stock at Centreville. H. C. Lydiard in charge. Telephone connection soon.

WEDDING AT FALMOUTH

WINDSOR, June 26—At Falmouth at three o'clock this afternoon a quiet but pretty wedding was celebrated at the home of Mr. and Mrs. Walter J. Aylward, when their second daughter, Adelaide Wynn, was united in marriage to Mr. John Moxner, son of Mr. H. O. Juncanson, one of Falmouth's successful orchardists.

WEDDING BELLS

On June 18th, at the home of Mr. R. North, Canning, by the Rev. F. H. Bone, Harry Roy Whalen of Woodside and Jeanie Maud Ellis of Canning. The ceremony was witnessed by a large number of relatives and friends. Miss Seva North, cousin of the bride, acted as flower girl and master Shaw, nephew of the bridegroom acted as ring bearer. To the music of the wedding march, played by Miss Ethel Loomer, the happy pair took their places under a becomingly decorated arch where, after the wedding ceremony, they stood to receive the hearty congratulations and well wishes of their many friends. After refreshments, which were partaken to the music of exploding spin-yarn-devils, etc., Mr. and Mrs. Whalen motored to their future home at Woodside. The great number of valuable and useful wedding presents betoken the respect and esteem of a wide circle of relatives and friends.

DOMINION DAY AT CANNING

On Monday, July 2nd, Canning will hold a celebration of Dominion Day by a full afternoon of horse races, sports, baseball match, etc. The dyke road to Millaton has been placed in perfect condition and horse races will be held there.

There will be Three Well Contested Races, and prize money of \$25.00 will be awarded the winners together with a prize for the best turnout of Single Horse and Carriage.

A Baseball game will be held. Program of sports to begin at 2 o'clock.

In the evening the Band at Aldershot assisted by best local talent will give a Concert in the Armouries at eight o'clock.

Proceeds for Red Cross Fund. Do not fail to be present.

The vote on the second reading of the Conscription Bill in the House of Commons is expected towards the end of this week. The six months hoist amendment of Mr. Barrette will be supported only by some seven or eight Nationalists and will be opposed by all the Liberals. After the second reading carries there will probably be a very long debate in the committee stage. Several amendments to the administration details of the Bill now contemplated by the Liberals may be accepted by the Government, as Premier Borden has invited suggestions to make the Bill more equitable and satisfactory. The third reading stage should be reached some time next week.

Racing at Aylesford Driving Park, Monday, July 2nd. A Great Day of Sport.

Mr. and Mrs. C. G. Giannou and Mr. and Mrs. R. N. H. Horton returned on Friday evening from their auto trip to Kentville.—Yarmouth Herald.

Mrs. C. K. Harrington and Miss Dorothy Harrington have been in Wolfville the last weeks. Dr. C. K. Harrington left this week for Boston and other parts of the United States and will be absent for a little while.

The death of Marion G. Walker, daughter of Mr. and Mrs. Jabez E. Walker took place on Wednesday, aged only 13 years of pneumonia. Funeral service from the home today at 2.30 p. m.

On Wednesday Rev. A. W. West received word from Halifax that Mrs. West had suffered a relapse with temperature running very high. Yesterday brought word of an improvement in her condition. It was thought that she would be able to leave the infirmary and return home this week.

On Sunday evening the service in the Kentville Baptist Church will be of a patriotic nature, celebrating the fiftieth anniversary of Confederation. Addresses on the history, progress and future of the Dominion will be given by Rev. A. W. West and Captain C. W. Corey.

The New Brunswick Provincial Parliament on Thursday night adopted a resolution in favor negotiating with Nova Scotia and Prince Edward Island relative to the formation of a legislative union of the Maritime Provinces. By a non-party vote of 24 to 15 the Legislature agreed to shelve the women's suffrage bill until next session.
