

INGLIS & HUNTER HAPPY.

THEY SECURE THE CONTRACT FOR THE NEW PUMPING ENGINE.

A Hot Night Debate.—The National Police Academy.—The Lake Simcoe Water Supply Discussed.

After a year's talk, innumerable aldermen and buckets full of newspaper opinion the city council last night settled the pumping engine contract by awarding it to Inglis & Hunter. For the first time in many months the entire council, 36 in number, were in their places. Ald. Walker and Smith after a three months' absence were in there. The council chamber was exceedingly warm, and the debate was carried on under very sweating circumstances until 12.15 this morning, when the vote was finally taken, and by a straight vote of 25 to 7 the tender was awarded to Inglis & Hunter. From the moment the debate opened it was clear that it was quite apparent that the firm would get the contract, and their friends stuck by them to the last.

Before going into committee of the whole Mayor Boswell explained his efforts to induce Judge Boyd to hold the investigation into the alleged attempt at bribery by the Holly agents. He said Judge Boyd had peremptorily refused to open the investigation before Sept. 2, and Judge McDougall did not possess the power to conduct the investigation. His worship then went into the merits of the respective contracts at length, and he strongly urged that the plans and specifications of Messrs. Inglis & Hunter be submitted alone to three experts—Messrs. Robb, Galbraith and Wright—to be reported upon forthwith, and if their report be favorable, and that in their opinion the engine and pump tender be accepted, and in the event of these gentlemen, or any of them, being unable or unwilling to report thereon, then that the waterworks committee be authorized in place of those unwilling or unable to act, a motion to defer proceeding in the matter until the report was received was voted upon by 25 to 7, and the council went into committee of the whole, Ald. Blevins again in the chair. A free, open, lively debate followed in the committee, and it was quite evident that no matter who was said each member had irrevocably made up his mind as to how he was going to vote.

Mr. J. Smith, a frequent visitor at the police court, came up before the magistrate this morning. She pleaded hard for another chance, and said that before she would go to Toronto if let go. The magistrate said he would oblige, and sent her to the Mercer for six months.

The parks committee have decided to recommend to the city council the purchase of Dundurn park. The committee this afternoon inspected seven different sites, in order to arrive at a decision concerning a park in the center of the city, and will likely recommend one to the council.

OTTAWA, June 23.—The wages of a large number of workmen employed by E. B. Eddy, Hull, were reduced to 80c per day yesterday. A man named Maveaux was sent down for trial at the police court this morning for attempting to bribe a witness who was to appear again him at the coming assizes, he being charged with making away with some of the funds of the late firm of Lamm & Maveaux.

THE MASQUETE AT THE GARDENS. A good house greeted Grant's opera company at the pavilion last night in Audran's comic opera La Masquette. Owing to some accident to the drop curtain the performance did not commence until nearly 9 o'clock. Just before the curtain rose it was announced that Chas. Bowers, who was to take the part of Prince Frederick, was ill, and that his place would be filled by Miss McHenry, Miss May Douglas taking the part of the Countess.

THE VOLUNTEER CAMP. Everything at the camp is in ship shape order, and everyone is under strict military discipline. Col. R. B. The old favorites made their reappearance before a fair-sized audience in the stables, as blown from the quill of the late J. J. Joe Banks.

DE LA SALLE'S VENTURE.

Closing Exercises—Study of stenography—The schemes discussed by the Methodist conference.

There was a large audience in Elm street Methodist church last night to hear the debate on the educational system of the church. Rev. Dr. Rose occupied the chair, and the first speech was made by Rev. Dr. Sutherland, president of the conference. He said the time was come for a change in the system of higher education, and it was incumbent upon the people to consider the matter, but they should not be dismayed thereby. The great object of education is to teach the mind to think, and no man can think aright who leaves God out of his thoughts. If a thinker is not a Christian, he gets but half the truth, hence the necessity for preserving intact the religious element in the higher education of the day.

IN THE EDUCATION OF OUR YOUTH we must guard against everything which tends to erode our religious faith. Education is purely secular, it will leave upon the mind of the student the idea that religion is a secondary consideration. He reasons thus: If wise men ignore religion, is it not because it is antagonistic to high intellectual thought? The Methodist church asks for higher religious education, and is answered that the country does not want sectarian religion. (The speaker) would rather have the student taught by a sectarian than by the most scholarly professor who excludes all religion from his lectures. We want to see the young men be taught theology, but we want colleges founded on Christian principles and in those institutions we want professors who are Christians. We want a curriculum which includes, among the sciences—subjects, Christian evidences and ethics. The real issue between the Christians and skeptics is not the inspiration of the bible, but whether religion shall be taught in our schools and colleges. The education we want can be obtained only in colleges sustained by the church. If a satisfaction there is no guarantee that the teachers shall be Christian. There are Christian professors in Toronto who are not Christians, and nothing by chance, and these men are there to teach the young men. We want to see the chairs upon the sea of life, and the church can save them but religion. The church must maintain its university, and in each way that it shall be second to none in the dominion.

Rev. Dr. Dewart was the next speaker. He congratulated the speaker, and said that the people would be more interested in education if they understood that it is a preparation for the work of life. If the student in a state institution does not have a religious faith, it is not a preparation for the work of life. The question of religious faith was now before them, and it is proposed to make Victoria a theological college. The advantages claimed for this institution are that we have a greater number of Christian teachers shall be employed and Christian education is also exercised over the moral life of the student. We can have the same assurance with regard to the moral life of the student as we have with regard to the religious life. It is also proposed to remove Victoria university from Toronto. Our students would then receive a more thorough part of their education in the provincial university and their theological training in the Victoria university. The question of our religious life and besides our college would be much better in Toronto.

THE UNIVERSITY OF TORONTO belongs to the people and the people should not shut themselves out of it. We can have a guarantee as to the character of the professors. There are no such questions before the church as religious or secular education. That is not a fair way of putting it. THE SCHEME DISCUSSED BY THE METHODIST CONFERENCE.

Dr. Dewart and Principal Rose strongly in favor of the scheme proposed by Dr. Sutherland and Justice Ross. PRECAUTIONS AGAINST FALLING.—The Mayor Asked to Stop all Wheelbarrow Traffic.

THE LITTLE EPISCOPALIAN.—Ald. Davies and Millchampe.

Things are very warm, both inside and outside, down at the city hall over the pumping engine question. Last night Ald. Davies arose to a question of privilege, claiming that Ald. Millchampe owed him an apology for the language used by the latter to the gentleman from the Don banks in the members' room at the last meeting of the council. Ald. Davies remarked that Ald. Millchampe had used the language unworthy of a gentleman occupying a seat at the board. Ald. Millchampe said he would apologize to the council and not personally to Ald. Davies. Mayor Boswell regretted that there should be a feeling between members of the council, and said that as Ald. Millchampe had apologized to the council he did not think Ald. Davies should require him to apologize to him personally. Ald. F. C. Denison raised the point about the slugging match occurred outside the council chamber he did not see how the council could claim jurisdiction in the matter and it was allowed to drop.

THE SAFETY OF THE REPLANE. The following letter was read at the city council last night and referred to the proper committee: GRAND TRUNK RAILWAY OF CANADA, LOCAL MANAGER'S OFFICE, TORONTO, June 23.—Following up the proposal I made to you on Friday afternoon, I beg to inform you that I have been given your answer, which you personally pressed upon me. I beg to inform you that I have been given your answer, which you personally pressed upon me. I beg to inform you that I have been given your answer, which you personally pressed upon me.

BEAUTY ON ROLLERS. There was a fair attendance at the opening of the Toronto roller skating rink (Adelaide street rink) last evening. A large portion of those present being ladies. The band of the Royal Grenadier Guards, from the music from the gallery. Hundreds of Chinese lanterns hung in festoons from the roof of the rink, presenting a handsome appearance. The skating of C. C. Sellers and Miss Carrie Gilmore was exceedingly graceful; but the feature of the evening was the waltz riding of Master Geo. Nash, who performed some wonderful feats on his iron steed.

THE SCOT ACT. T. J. Bell of Dundas, who is engaged in fighting the Bell act, was in the city yesterday, and left for Ontario county in the afternoon. He had just completed a series of successful meetings in Norfolk county. He reports the contest in that region as going warmer, and also that public sentiment with regard to the act is changing rapidly. The opponents of the measure are making a thorough organization in every portion of the north and south ridings. During this week and next Mr. Bell will address meetings in the north riding of Ontario.

A WARNING TO ABSENT GRAND JURYMEN. The York criminal assizes opened before Chief Justice Cameron yesterday. His lordship threatened to fine several city grand jurors \$25 for absence. The fine will have to be an appearance to-day, or the fine will go into effect. David James is foreman. The judge told the jury that he could not complain of the lightness of the criminal calendar, which includes among other crimes the Edward street tragedy.

POLICE COURT POSTERS. John Morgan was charged in the police court yesterday with stealing a steer from John White, a Toronto township farmer. Morgan said he purchased the animal and gave him to Monday to prove his innocence, which he said he could. James Wood, stealing from the Grand Trunk, was given three days in jail. A number of other petty larceny cases were enlarged. Elias Bigban, indolently, remanded for medical examination.

THE CITY SOLICITOR'S RECORD. "Is the case of Olyphant against the city for \$4000 damages for an alleged defective drain coming on this court?" asked The World of City Solicitor McWilliams yesterday. "No," he replied, "at the request of the plaintiffs it was adjourned till next court. You might just add however," continued the sanguine solicitor, "that I win three out of every four cases brought against the city."

WHAT THEY ARE SAYING. This is a Holy victory for us—Inglis & Hunter. It may prove a hollow one, rather—Millchampe. It was better to lay it to a fog than take the risk—Captain of the Algoma. Precautions Against Falling.—The Mayor Asked to Stop all Wheelbarrow Traffic. The following letter was read at the city council last night, and referred to the proper committee: GRAND TRUNK RAILWAY OF CANADA, LOCAL MANAGER'S OFFICE, TORONTO, June 23.—Following up the proposal I made to you on Friday afternoon, I beg to inform you that I have been given your answer, which you personally pressed upon me. I beg to inform you that I have been given your answer, which you personally pressed upon me.

THE WITNESS CASE. This case was called before Judge Mc Dougall yesterday. His honor was officially notified of Witness's disappearance. The authorities do not know where he is, but one of his lawyers thinks he will return soon. It seems that he made over the bulk of his claims against the insurance companies to a trust, which is now considering whether or not they will intervene as third parties. The judge yesterday gave them an opportunity to come to a decision in this matter. In the meantime the case stands.

THE NOSEY GALLERY AT THE COUNCIL. The noisy concourse of people who occupied the public gallery at the city council chamber ever since the pumping engine has been under discussion were effectively sent away by Mayor Boswell last night. The gallery was cleared of the noisy unless applause was stopped. This was the desired effect, and quiet prevailed throughout the night.

THE YORK STREET CAR STAND A NUISANCE. Mark H. Irish sent a complaining letter to the city council last night, complaining of the noisy street car stand, opposite the Rossin house, as a public nuisance. Mr. Irish suggests that the stand be removed south of Wellington street, and that it be cleaned at least twice a day.

PERSONAL. Cardinal Falloux is dead at Rome. Hector Cameron, M.P., is at Ottawa. Dr. J. D. Whitford, M.P., is at Rossin. George A. Cox, mayor of Peterboro, is at Rossin. Francis Vincent, author, politician and journalist, is dead at Wilmington, Del. Rev. H. D. Powys, who is spending his vacation at Quebec, preached there Sunday. J. F. Rankin, superintendent of the street railway, is slowly recovering from his recent riding of Ontario.

THE WORLD WOULD LIKE TO KNOW. What Norey is doing in the Commerce so much these days. How many of the stock-brokers are really poor. What Senator Allan and his friends think of the style of the Mail's political articles. If Archibald Lynch has applied for admission to the bar at Montreal, in the city on his own. If Kiddy Hughes has secured a cabin passage for the grey mare. If Inglis & Hunter will start on the pumping engine this morning. What the bank managers think of Mr. Hague's sermon on banking and business. If Mr. Hague lives up to the rules that he lays down.

ORDERING A HAIR CUT. An excited man rushed into Pat Graham's shop yesterday afternoon and demanded a hair-cut. "Take this chair, sir," said Mr. Graham, in his usual bland style. "Oh, no," replied the customer, "I'm in a hurry and can't wait. Have it ready at 4.30 and I'll call for it." These he darted out. Mr. Graham is still wondering whether his visitor is a crank or is just getting over his nerves.

WHAT THEY ARE SAYING. This is a Holy victory for us—Inglis & Hunter. It may prove a hollow one, rather—Millchampe. It was better to lay it to a fog than take the risk—Captain of the Algoma. EMMA JANE WARBOISE'S NEW AND Popular Works. Handsomely bound. Printed on fine-tanned paper, in clear bold type. The "Weekly Review" says: "While we are not enthusiastically partial to religious novels, yet we admit that from the high tone and the practical truths which are taught in all that we have read of Mrs. Warboise's tales, our objections to this description of literature are greatly modified. Indeed, they contain all the qualities of modern literature, without their evil features."

Co. is offering a few lots on terms that are acceptable to all. An acre for \$10, and \$2 a week for 182 weeks will purchase a fine lot 50x150 at the Junction, including interest and taxes.
