The scheme of the laymen of the Methodist church in Canada and Newfoundland, which has for its object the getting of better salaries for the ministers, has met with a response beyond expectations. The total increases brought about by the campaign is \$400,000, and, while the advances are not such as to make any individual pastor wealthy, the appeal of the laymen has been accorded generous support. There are about 200 circuits in Canada and Newfoundland, making an average increase of \$200 per circuit. The minimum salary, which was fixed at \$1,500 per annum, has been in almost every instance arranged for.

WINTER HARD ON BABY

The winter season is a hard one on the baby. He is more or less confined to stuffy, badly ventilated rooms. It is so often stormy that the mother does not get him out in the fresh air as often as she should. He catches colds which rack his little system; his stomach and bowels get out of order and he becomes peevish and cross. To guard against this the mother should keep a box of Baby's Own Tablets in the house. They regulate the stomach and bowels and break up colds. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

MINING WALLES What's Your

Does your skin get chapped and irritable? Are you distressed by slightly reddened patches on which appear tiny watery heads that burst and form into sores? Do your arms or face feel sore, inflamed and itchy? If so, a coarse fatty ointment will have little effect. You need Zam-Buk whose refined herbal extracts penetrate to the underlying tissue and drive disease out. Being powerfully antiseptic, Zam-Buk purifies the skin. It soothes raw angry surfaces, stops the intolerable burning, itchy irritation, and clears away sores and eruptions.

Mr. A. Josey, Spry Harbor, Halifax, N.S., says: "I had eczema on the hands for three years. The intense itching kept for three years. The intense itching kept me awake night long. I had 'eczema cures' but got no better until I applied Zam-Buk. This wonderful healer, however, has entirely rid me of the distressing disease." Don't suffer winter skin torment a day longer. Get Zam-Buk to-day! 50 c. box, all dealers.

HOW TO BE HEALIHY DURING THE WINTER

Many Troubles May be Avoided if the Blood is Pure.

Do not let your blood get thin this winter. For people who have a tendency towards anaemia, or bloodlessness, winter is a trying season. Lack of exercise, lack of fresh air, and a more restricted diet are among the things that combine to lower the tone of the body and, weaken the blood.
