

CAUSE MUST GO ON, SAYS GIRL WHO SEIZED KING'S RACE HORSE

Miss Davison Will Recover and Is Regarded as a Prisoner in the Hospital—Suffragette Disputes Threaten to Disrupt Queen Mary's Household.

Special Cable to The World.
LONDON, June 5.—(Copyright).—“Did I ruin the race?” asked Emily Wilding Davison, the suffragette who seized the King's colt near the finish of the Derby and was nearly killed yesterday by the horse and rider rolling over her, when she partly recovered consciousness this afternoon in the hospital at Epsom.

She was told that she did not stop the race but that she caused the King's jockey, Herbert Jones, to be seriously injured.

“That cannot be helped,” Miss Davison replied. “The cause must go on.”

When Jockey Jones awoke in the hospital this morning his first question was: “How is that unfortunate woman?”

The surgeon in charge replied that she will not be able to leave the hospital for some weeks. The police notified the hospital authorities today that she must be regarded as a prisoner.

The police have been warned that Miss Davison is likely to have imitators and special precautions are being taken to prevent tomorrow's race for the Oaks being spoiled.

The attack on the King's horse in the Derby was the militant suffragette's return upon the King and Queen for the latter's attempt to prevent the militant sympathizers in the Royal household wearing their badges, as was exclusively announced in The World's cable dispatches of last Saturday.

The Only Comment.
Militant leaders profess to have had no foreknowledge of Miss Davison's design. The only comment they make upon it is that she was courageous and selfless.

Miss Davison is one of the women the police have always feared would do something tragic and for months she was under observation. Recently she had been very quiet, staying in the country, probably preparing her coup. The suggestion that it was accidental, that she caught the King's

horse is discredited because she had a card and had carefully studied the jockeys' colors.

She is a woman of high education, having taken the degree of bachelor of arts at London University. There she passed with honors and afterward went to Oxford, where she was a student in the final honor school. A citizen of London by birth, she spends much of her time at her residence in the County of Northumberland.

General indignation, of course, but a feeling of utter helplessness in dealing with these militant criminals. The new Cat-and-Mouse bill seems to prove a failure because the government is unwilling to throw on the militants themselves the responsibility for the results of hunger striking.

The attack on the King's horse has intensified the anti-militant feeling of both the King and the Queen.

Consequently the situation in the royal household has become tense. In fact, were it not that the season is at its height and royal engagements are extremely heavy there would be a cleaning out of suffragette sympathizers from the royal household.

The suffragettes' troubles in the household have become very serious that when Queen Mary asked the Duchess of Devonshire to take the post of mistress of the robes during the absence of the Duchess of Devonshire for that season, the Duchess of Devonshire begged to be excused on the ground of pressing private engagements.

The real reason was that she feared the might get involved in the friction in the household between the militant sympathizers and the anti-suffragettes. The Duchess of Devonshire is an anti-militant, but is always careful to keep free from squabbles.

It is a tradition that the mistress of the robes must be a duchess, but after the Duchess of Devonshire's refusal, the Queen has appointed to the post the Countess of Airlie, one of her ladies-in-waiting.

MISSION REPORTS PLEASED ASSEMBLY

Experiment of Unification in Home Fields Has Proved Successful.

WORK AMONG THE JEWS

Christian Synagogue in the "Ward" Will Be Dedicated on Saturday.

Rev. Dr. A. S. Grant was given a great ovation when he rose to present the report of the home mission board before the General Assembly, and three thousand visiting Presbyterians at Massey Hall last night.

“Emminently satisfactory” was the verdict of the board respecting the experiment of unifying the various home mission committees, and placing ten district superintendents in charge of the various fields. There were now 118 augmented churches and mission fields. While immigrants poured into Canada at the rate of over a thousand a day, the home mission committee must continue to open up new work.

The aim in Quebec of the French Presbyterian Church was to win over Quebec to evangelical Christianity.”

The report asserted that in Quebec “Clericalism is losing its grip; modern ideas of education and progress are at work. There is a spirit of enquiry. That the hour has come for advance, there are signs that we cannot mistake.

Leads to Infidelity.
“Anti-clericalism may readily lead to infidelity. Not in a sectarian, but in a broad Christian spirit our church must go with the gospel that will rescue those drifting from their faith in the old system into unbelief.”

The report stated that there were at least 150,000 Jews in Canada. Of the total, 25,000 were in Toronto and 13,000 in Winnipeg. In this free country Judaism has entirely lost its influence. True, the people hold tenaciously together on national grounds. It is the racial sentiment rather than that of religious interest that keeps the Jews united in the new land. And so the Jews are rapidly drifting away from the faith of their fathers.”

In Toronto the committee announced the Jewish work would be marked

TENDERS FOR DREDGING.

SEALED TENDERS, addressed to the undersigned, and endorsed “Tender for Dredging, Port Arthur, Ontario,” will be received until 4:00 p.m., on Friday, June 13, 1913, for dredging required at Port Arthur, Ont.

Tenders will not be considered unless made on the forms supplied, and signed with the actual signatures of the tenderers.

Combined specification and form of tender can be obtained on application to the Secretary, Department of Public Works, Ottawa. Tenders must include the towing of the plant to and from the work. Dredges and tugs not owned and registered in Canada shall not be employed in the performance of the work contracted for. Contractors must be ready to begin work within thirty days after the date they have been notified of the acceptance of their tender.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, for five per cent. (5 p.c.) of the contract price, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fails to complete the work contracted for. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
R. C. DESROCHERS,
Secretary.

FINE OPENING OF GALT HORSE SHOW

With More Than Five Hundred Entries All Records Are Broken.

SOME NEW EXHIBITORS

But the Absence of Adam Beck and Others Is Regretted.

GALT, June 5.—(Special).—More than 500 entries are formally written up on the big record book of Galt Horse Show Association, which opened today its 13th annual exhibition at Dickson Park, under most favorable auspices.

A glance over the book shows an uninterrupted and remarkable advance all along the line from the date of the initial exhibition; while the ledger account disclosed a most gratifying state of the finances.

This year's show, not merely in number of entries, but also in variety and quality of stock, will eclipse all previous exhibitions.

Great Horseman Missed. Hon. Adam Beck and his wife are absent for the first time in the history of the show, and will be greatly missed.

Also will be Miss Clifford Sifton and his sons. Everybody, too, mourns the absence of Jim Murray, George Pepper with his great string is another old favorite whose name is off the list. As is Aemilius Jarvis, the veteran.

But there are compensations in such new-comers as Miss Vau of Montreal, with her superb carriage pairs, and in Jones & Bates of Ottawa, who have transported a whole carload of beauties to Galt. Major Reason and Capt. Reason, London, are others new first showing, while Hamilton and Brantford also give something new. The splendid Crosson (Cobourg) stables are well in evidence. So are those of Cruickshank and Sunnyside Farm.

Record Attendance. There was fine weather today, a record-breaking attendance and a good program run off on grounds that are admirably adapted for the purpose.

Tomorrow will witness what is usually the function of fashion as well as of sport during the three days' show. On Saturday the show will be in attendance, and on Sunday the show will be in attendance.

Events and Prize Winners. The winners were: Single harness, amateur—1, Lottie Fay (F. K. Ferguson, Berlin); 2, Ginger (A. R. Goldie, Galt); 3, Cabbage (A. R. Goldie, Galt); 4, Princess Chic (B. G. Cowan, Galt).

Runabout—1, So Am I (Bates & Jones, Ottawa); 2, Going Some (Bates & Jones, Ottawa); 3, Bo-Peep (W. C. Blackburn, London); 4, Tony (F. C. Greenidge, Guelph).

Pair of general purpose—1, Maggie and Peach (D. Wood, Hamilton); 2, Rose and Sparkie (G. R. Barrie, Galt); 3, Prince Oregon (Miss Vau, Montreal); 4, Depend (Capt. Reason, London).

Toronto Winners. Single harness, over 15.2, amateur—1, Cass Lorna Lad (Sir H. M. Pellatt, Toronto); 2, Norda (F. D. Mercer, Toronto); 3, Derby Squire (C. W. Stewart, Hamilton); 4, Cabbage (A. R. Goldie, Galt).

Pair of agricultural—1, Bell and Bess (J. McClure & Son, Brantford); 2, Earl Grey and Grey Count (Firstbrook Farm, Toronto); 3, King and Queen (C. W. Moser, Berlin); 4, Sam and Joe (R. Barlow, Galt).

Pony in saddle, over 13 hands—1, Fairy Queen (Miss Edna Clancy, Guelph); 2, Lady Kitty (R. O. McCulloch, Galt).

Saddle, over 15.2—1, Paddington (Ennisclair Farm, Oakville); 2, Miss Canada (Sunnybrook Farm, Oakville); 3, Lovemaker (Miss Vau, Montreal); 4, Depend (Capt. Reason, London).

Hunter Classes. Hunters, heavy weight, amateur—1, Gloria (Ennisclair Farm, Oakville); 2, ridden by F. Moss, Preston; 2, Liberty (Sunnybrook Farm, Oakville); 3, Tomboy (A. N. W. Clare, Toronto).

Hunters, middle weight, amateur—1, Roscommon (Ennisclair Farm, Oakville); 2, ridden by F. Moss; 2, Eglinton (Sunnybrook Farm, Oakville); 3, Miss Canada (Sunnybrook Farm, Oakville); 4, The Whip (Ennisclair Farm, Oakville).

Roadster, Walker Cup—1, Lady C. (W. J. Crossen, Cobourg); 2, Median (W. J. Crossen, Cobourg); 3, Rose Stahl (W. J. Hammett, Toronto); 4, Grace Todd (Miss Wilks, Galt).

Harness Pairs. Harness pairs, 15.2 and under, open—1, I Wonder and Eye Opener (Miss Vau, Montreal); 2, Going Some and So Am I (Bates & Jones, Ottawa); 3, Hunter Belle and Blue Belle (Laughton Bros., Toronto); 4, Princess Reita and Princess Reka (G. H. Smith, Delhi).

Best Canadian-bred mare or gelding—1, Paddington; saddle horse ridden by Hugh Wilson and owned by Ennisclair Farm, Oakville. The prize was a \$100 cup given by Miss Vau of Montreal.

WEST END CAR SERVICE UNDER FIRE

Residents Voice Complaints to Ontario Railway Board.

A NEW LINE IS NEEDED

Western Extension May Be Made Along Bloor Street.

The Ontario Railway Board yesterday afternoon considered the advocated extension of street car service in West Toronto in the light of the traffic experts' report. The hearing, which took place in the afternoon, was devoted almost entirely to the evidence of residents in various parts and seven, who are particularly interested.

The examination of these by G. R. Geary, corporation counsel, showed the district to be suffering acutely from a lack of transportation facilities. It was stated by citizens that the one car-line running from the head of Roncesvalles to Keele street was crowded in the morning and evening. Representatives from the whole western part of the district claimed that a new line was needed.

The district had sprung up rapidly during the past two years, and the car service had not increased in adequate proportion.

Altho the experts' report did not come under immediate discussion, the suggestion that a western line be run along Bloor was seen to coincide with the views of those living to the west and north.

The interests of the city were represented by Mr. Geary, and F. G. Oeler, K.C., appeared for the street railway. J. W. Moyes was present at the hearing, which will continue tomorrow.

WOMEN OF MISSIONS

east gets the idea of its own power before they get Christian ideas, pity the rest of the world.

Note further all the members of the adoption of the report began by asking what is adoption? Not the shorter Catechism adoption, and all owned. To adopt a child is to take it into our own home. So, to adopt a report, hence, I trust that we shall digest it, and with the strength thereof give it life.

The second, who is one of the women of the manse out west, could not as first be heard. "Louder," the audience called. "This is my Toronto voice; not what I enjoy in the glorious Kootenay," and her retort caught the ear of the house. By this time we gave our seat away and retired.

Our eyes then fell upon the general assembly at Massey Hall. Such a strange scene to those familiar with this supreme court. The so-called "floor of the house" is more like a field. In the galleries there are enough ministers to form two more of equal size. Think of the challenge given by the congress for them to go ahead and do things. This much is true, it is only a place for big voices and may they have large ideas.

Deputations are welcomed upon the platform of the assembly. Dr. Read, the chairman of the Congregational Union of Canada, and Dr. High Pedley, formed the first. The former at once put himself on good terms with an audience with a story. At a great Free Church council in England, a great Scotch leader said that he was a "humble Presbyterian." Dr. Parker, who followed, recalled the remark, "a humble Presbyterian." As to the congress for them to go ahead and do things. This much is true, it is only a place for big voices and may they have large ideas.

Dr. Pedley, in referring to the great assembly, said "I saw the crush of humanity to get into Massey Hall, and knew that you had a crowd inside, and I felt a little sorry that I was not in it, too. To me there is but one great question in Canada, it is to get together. Not to be absorbed by Presbyterianism, but to have a united church. And I hope to see my good friend, Dr. Campbell, at Montreal, at this church, too." The moderator responded gracefully. And to see the two cultured and reverend brethren of Congregationalism standing shoulder to shoulder, with the moderator and his cabinet of fathers, and singing praise to God, union looks as if it must soon come.

Clark Upholds Senate. Dr. Clark (Red Deer) made a typical "Red Michael" speech. He pointed out that the senate was just as sensible a body as the house of commons. It had rejected the tariff commission bill and the government had admitted that the senate was right, as the bill had not been reintroduced.

Mr. Loughheed, government leader in the senate, he said, stated that it was the intention of the government to construct a national highway. It was not a national highway the people needed, it was local highways. Many of the roads in Alberta at the present time were a disgrace. The same was true all over Canada.

The B. N. A. Act, Dr. Clark pointed out, distinctly involved the fact that the government could not accept the province's power to control their own roads. Let the government accept the senate amendment and constitutionally improve the highways.

Dr. Clark was followed by Hon. George P. Graham. Mr. Graham declared that the government and not the senate was killing the highway bill.

subsidy, and that the item should be amended to make that possible. Hon. Frank Cochrane declined to accept the amendment, and Mr. Nickle, deputy chairman, stated that the motion was out of order, as it changed the method of expending the money as allowed by the governor-general.

Mr. Carvell appealed from the ruling of the chair and on division the deputy chairman's decision was sustained by Yeas 42, nays 21.

Cochrane's Objections. Mr. Cochrane said the government could not accept the senate amendments. His grounds were as follows: 1. They were not all intents and purposes the same amendments that the government rejected last year.

2. The amendments were unnecessary, because the supply bill would make provision for the apportionment of the grant for the present fiscal year and because such apportionment could be more conveniently provided for in the annual supply bill, and 3. Because it was beyond the jurisdiction of the senate to amend a money bill.

Laurel Fears Sinister Designs. Sir Wilfrid Laurier made a finely balanced constitutional argument. He said the bill was not a money bill and it was therefore childish to say that the amendments were unconstitutional. The prime minister, said Sir Wilfrid, had declared even and over again that these provincial subsidies for highways should be distributed between the provinces on a per capita basis. Then why not say so?

Mr. Borden in reply declared that the senate had overstepped its limits of power in amending the highways bill. He said that it seemed to be the opinion of the Liberal party in Alberta that the senate had overstepped its limits of power in amending the highways bill.

Hon. George P. Graham: "We have reason to believe that there is an attempt to have a provincial party in Manitoba arrested."

Mr. Rogers: I would ask the hon. minister to withdraw that statement. It is not correct. Mr. Oliver: My hon. friend knows that his denial is untrue.

Upon appeal the speaker Mr. Oliver withdrew the statement. In conclusion, Mr. Oliver declared that the government was going too far in interfering with the constitutional rights of the provinces.

Mr. E. M. Macdonald (Pictou) said it was his opinion that the government wanted the bill killed.

The opposition policy, he said, was to give a million dollars outright to the provinces and let them spend it as they saw fit. It was unconstitutional to do otherwise.

Mr. Borden, however, passed over the imputation. He pointed out that an amendment similar to the present one had been rejected last year. The senate's amendment provided that before the minister of railways leases or buys any feeder to the I.C.R. he must first submit the lease or purchase to parliament.

Sir Wilfrid Laurier said that, as that matter now stood, the senate was the only champion of the rights of the people. The government was completely ignoring those rights. By the terms of the bill, he pointed out, the minister of railways had power to purchase or lease any railway under two hundred miles in length without consulting parliament. In other words, the minister usurped the power of parliament.

The senate amendment, he said, was a wise one, and it should be accepted in the interests of the people.

An Important Castigation. Mr. Borden pointed out that he had amended the bill. He had discussed his amendment privately with several prominent opposition members, and they had concurred in it. The house had unanimously passed the bill. He could see no reason why the government should accept the senate amendment.

"The leader of the opposition," said Mr. Borden, "is castigating fellow parliamentarians when he condemns this bill." (Laughter)

ANOTHER ATTACK FROM S. H. BLAKE

Famous Anglican Layman Issues Pamphlet on Church Union.

SCORES RECENT APPEAL

And Declares That It Places Secondary Things First.

"There is no use worrying people with an oft-repeated general statement as to 'union.' To do so becomes more and more an exhibition of weakness. The time has come to cease playing with the matter and to present in definite terms a platform for a splendid union of all Protestant religious bodies in an aggressive warfare for the work of our Master. If we do not definitely define our position we shall begin in misunderstanding and in discord."

Hon. S. H. Blake, altho just lately recovered from a serious illness, still hammers away for church union. He has issued a pamphlet, entitled, "Our Bishops and Church Union. Are our Bishops justified in endorsing a Union (a) Based on Sand or (b) on a Dissected and Discredited Bible?"

Mr. Blake says a spiritual union must precede an organized or visible union. Truth must be maintained if the union is to be a "Christian union" lest thru this attempt at "unity" an increase of "disunion" should result. He scores the "appeal on behalf of Christian union" because it places secondary things first.

Regarding the suggestion that the cause of Christian unity would be promoted by "permission being given to members of other denominations—being members in good standing—on occasions and with consent of the ordinary to 'communicate in our churches,'"

he says that non-Episcopal churches might reasonably feel that a grievous wrong was done them by an Episcopalian body which claims to belong to the "Holy Catholic Church" in "furthering a precarious, limited and almost secret communion in the doubtful, circuitous and demeaning fashion indicated in this appeal."

VARSITY PACKED FOR POLITICAL PURPOSES

Continued From Page 1.

Falconer rose and made a strongly worded statement.

"Let me say," he said, "that one word from the leader of the opposition to his servile followers in the senate would have prevented the bill from being amended."

Sir Wilfrid objected to this statement. He said the senate was capable of acting on its own initiative.

Oliver and Rogers Clash. Hon. Frank Oliver, who followed, said that the Liberal party in Alberta might have erred, their conduct was angelic compared to the conduct of the Conservative party in Manitoba.

"Why," said Mr. Oliver, "any man who would vote against the Conservative party in Manitoba is promptly arrested."

Mr. Rogers: I would ask the hon. minister to withdraw that statement. It is not correct.

Mr. Oliver: My hon. friend knows that his denial is untrue.

Upon appeal the speaker Mr. Oliver withdrew the statement. In conclusion, Mr. Oliver declared that the government was going too far in interfering with the constitutional rights of the provinces.

Mr. E. M. Macdonald (Pictou) said it was his opinion that the government wanted the bill killed.

The opposition policy, he said, was to give a million dollars outright to the provinces and let them spend it as they saw fit. It was unconstitutional to do otherwise.

FELL TO ROADWAY ESCAPED INJURY

Wm. Thompson Had Narrow Escape While Driving in Ward Seven.

A PRIZE PRESENTATION

Pupils of Humberstone Collegiate Were Awarded Medals and Trophies.

To fall from the top of a large load of hay to a concrete pavement and escape without broken limbs was the experience of William Thompson, a farmer, living near Streetsville, yesterday morning about 10.30. When near Edna avenue, on Dundas street, one of the front wheels of the wagon fell off, causing the whole load of hay to slip off on the roadway, temporarily blocking traffic and precipitating the owner with some force to the pavement. Fortunately he escaped with only a few bruises, a sprained wrist and a shaking up.

Very enjoyable and of excellent quality was the elocution recital given by the pupils of Miss Evelyn Madill Vrooman in the Toronto Junction School of Music Assembly Hall last evening. Several selections, humorous and otherwise, were rendered in the first part of the program by Misses Jackson, Frances Seaman, Edith Wark and Mary Minto and Mr. Cecil Downey. The pupils were assisted by Miss Rae Shipman, violinist, and Miss Margaret Gracey, vocalist. The second half of the program was a short sketch entitled, "Snowed Up with a Duchess," in which the characters were well portrayed by the Misses Marian Joy, Mary Minto, Alice M. Wark and Edith Wark.

The presentations of prizes and medals won in the recent annual school games of the Humberstone Collegiate Institute, took place yesterday afternoon in the auditorium of the school. The principal's gold medal, for the senior all-round champion, was given to Ed. Smiley by F. C. Colbeck, B.A., the donor, and J. C. Bennett, B.A., donated a silver medal for the junior champion to the following successful ones: Masters Fulton, Kayler, Sinclair, Patterson, McCuaig, McCormack, Lowry, Gilson, H. Clark, A. Clark, Rider, Atwell and Rowntree. The pennant for the relay race was won by the fourth form and the second prizes, small emblematic school pins, were presented by the president, Mr. Atwell.

were put into the university to become political leaders was not warranted. He objected to the statement that it was designed. It was a situation which unless the board of governors increased the junior salaries would continue to face the institution. Men could not be held at the present rate, and many of them now on the staff were working at great sacrifice to themselves.

Another member followed in like spirit and felt that the suggestion reflected on the governors. He was astonished at the charge. Surely the university was big enough to draw from any institution.

In spite of a second to the motion, it was abandoned for a year on the urging of the chairman.

After the graduation, interviewed by The World, stated that the charges were not only serious but interesting. He had himself heard opinions on the same thing expressed among graduates and supporters of the university. He felt that there was a resentment growing against the custom.

The annual report showed a profit of \$200 for the year a deficit having occurred thru increased expense due to publication of the monthly organ.

The officers were re-elected in the majority. J. C. McLennan was president and J. Patterson, M.A., secretary-treasurer.

Sir John Gibson made a felicitous address. It was a most interesting which was numerically smaller than usual.

ON TO EGLINTON IS MAYOR'S SLOGAN

Favors Annexing All Territory Between Bathurst, Eglinton and City.

TO PURCHASE COLLEGE

Parks Commissioner Will Report on Upper Canada Property.

"On to Eglinton!" is the slogan of Mayor Hocken. Property owners at the head of Bathurst street were before the board of control seeking annexation. Their property is west of the Upper Canada College.

Now you will help us to get the petition signed we will annex all the territory between Bathurst, Eglinton and the city," said Mayor Hocken. "We could include Cedarvale and the territory south to the city limits."

This was acceptable to the deputation. By annexing this large area the city will acquire a considerable portion of the old belt line, and will also get so much of the projected Forest Hill Railroad that the promoters will not have enough line left to warrant going on with their plans.

The board decided to have a resolution prepared which will show the exact boundaries of the new annex. The resolution is to be adopted today.

Wickert Bros., contractors for the municipal abattoir, asked that a date be set early in next spring of turning over the building to the city. March 1 was set.

Manager Atkinson of the Boys' Dominion applied for a lease of the brick building at 1511 East Queen street for a "province." He explained that a branch of the work is needed in the city and that the building is on the south side of Queen street where the high level sewer crosses the road. The assessment commissioner recommended that the building be leased for \$1 per year. The matter was referred to the Social Service Commission.

Commissioner Harris recommended against the extension of Queen street into High Park. He contended that an expensive bridge is being built at Sunnyside, and that the building entrance, thus giving all necessary continuance of Queen street to the park.

Police Protection. Commissioner Chambers' campaign for the appointment of special constables to protect plants in the parks has resulted in Chief Grassett supplying the necessary police protection. Controller McCarthy suggested that Commissioner Chambers keep in touch with Chief Grassett as to the needs of parks for police protection. This was adopted. Controller McCarthy also reported that very few hydro globes are now broken by vandals.

Controller Church, anticipating the removal of Upper Canada College from the city, suggested negotiations to purchase the property. Commissioner Chambers will be asked for a report. The controller also put thru a motion that the Department of Railways Board be asked to order the electrification of all steam railroads within the city limits.

Controller Foster, in conferring with Commissioner Chambers upon establishing supervised playgrounds for boys and girls. They will visit the several properties and submit a requisition for paraphernalia and supervisors.

Lace flouncing, combined with plain net, make the greater part of this dress. The tinted bands under the scallops are of orange chiffon and a color facing of this same shade is also used. The sash and tiny ribbon at the neck are black.

The lower part of the skirt is arranged in a new way. The hem is turned once on the outside and stitched twice three-quarters of an inch from each edge. In the space between the stitchings an orange ribbon is run and tied in front, drawing the skirt in just a little at the foot, to give the desired outline. A sleeveless slip of pale orange messaline is worn underneath.

Parkdale W.C.T.U. will hold its annual meeting today at 3 p.m. in the parlour of Parkdale Methodist Church. Mrs. Ward, president of Toronto district, will be in the chair. Officers for the ensuing year are to be elected, delegates to Toronto district convention appointed, and also a social half hour at the close.

Mrs. Champ of New York is visiting her daughter, Mr. J. R. Kirkpatrick, North street.

St. Paul's Church, Chatsworth, was the scene of a pretty wedding on Tuesday, June 3, at 1 o'clock, when Lella, only daughter of Dr. and Mrs. E. Oldham of Chatsworth was united in marriage to Mr. Robert VanBuskirk of Toronto. The ceremony was performed by the rector of the church, Rev. W. G. Kelly. The bride wore a lovely gown of soft ivory satin with lace and an embroidered tulle veil caught with sprays of orange blossoms, and she carried a shower bouquet of roses and lilies of the valley. The bridesmaids were Miss Agnes Ramage of Toronto, in pale pink, and Miss Jessie McTavish of Owen Sound in pale blue. The best man was Dr. Morrell Oldham, brother of the bride. After the ceremony a reception was held at the home of the bride's parents, and the happy young couple left on the 3.45 train for Toronto and a trip down the St. Lawrence. On their return they will reside at 64 Victor avenue, Toronto.

Full Damages Awarded.

DIARRHOEA.

I had intended keeping this talk until warmer weather, since it is during the cruel hot days that this dread disease attacks our little ones. But since we are on the subject of diseases, it may be just as well to let this follow now. Besides, our motto is "Prevention," therefore the articles coming now may help get you ready for the summer.

During the first year, when the sterile milk of the mother is the child's main food there is little danger of the infectious diarrhoea that finds so many victims during the second summer. The thought of that second summer used to strike terror to the young mother's heart; and often she followed her neighbor's advice and attempted to nurse her baby thru this period. This is not a good plan. Baby does not get the nourishment he needs, and the food given him to help out the mother's poor milk is very likely just what will upset him. Follow our plan—already given—of weaning, starting at the tenth month, and baby will become accustomed to the new food as he should. Let the mother of the little, new baby get ready now for second summer. Do not let friends and relatives who have brought up "big families in the good old-fashioned way" laugh you out of your "new-fangled notions." The new way is showing results far ahead of the old—and it is results that count.

The mother in preparing to carry her baby safely thru this crisis must beware of irregular feeding, overfeeding, improper or spoiled food. The digestive organs must be kept in the very best condition. Food must be kept or made as nearly as may be, germ free. All bacteria are not vicious, but during summer months, wholesale destruction is necessary that none of the vicious ones escape. And these vicious ones lurk in milk during hot weather, and in the child's intestines. The intestinal tract of the baby they set up infectious diarrhoea, or as it is often called, cholera infantum. This is different from the cholera of adults, that may come any time from heat, disturbed digestion, teething, overfeeding or the like, and requires prompt treatment.

IS J. DICKEY INSANE? TWO DOCTORS SAY NO

Man Committed as Lunatic Creates Scene When Released From Jail.

Two physicians say James Dickey is insane; two physicians say he is not. At any rate, Dickey succeeded in frightening the female staff at the juvenile court yesterday morning. Dickey is alleged to have threatened to shoot his wife, and even went so far as to press the gun against her head. Dr. Helen MacMurray and Dr. Clark examined him, and declared him insane. Accordingly he was committed to the jail as a lunatic.

The jail doctors said he was not insane, with the result that Dickey appeared in court yesterday morning and asked the officials to shake hands with him. The ladies summoned Detective Nursery, who took charge of Dickey. He will again be examined as to his sanity.

TO TEACH KING'S BABY TO SPEAK

Helen Keller Will Go to Spain at Alfonso's Invitation.

SPANISH COURT MOVES

Interesting Domestic Event Is Being Awaited by Royal Family.

Special Cable to The World.
MADRID, June 5.—(Copyright.)—To await an interesting domestic event in the royal family, the Spanish court will go tomorrow to La Granja, 40 miles from here. The palace there is situated on magnificent grounds, 4000 feet above sea level.

Queen Victoria Eugenie, who married King Alfonso on May 31, 1906, is the mother of two sons and two daughters. The eldest, the Prince of Asturias, was six years old May 10. The second child, poor deaf and dumb Don Jaime, will be five in about a fortnight. Infanta Beatrice, the next, will be four on June 22. The youngest, Infanta Maria Christina, is 18 months old.

The report of the persistent report that the royal family is in communication with Helen Keller, trying to induce her to teach Don Jaime to talk, The World correspondent learns that it is true, and that her services are needed also for baby Maria.

After the stork visits La Granja, the court will go to Santander, in the far north of Spain, to dedicate the new palace, La Magdalena, after which the court will establish itself in San Sebastian, the summer capital, to remain until the end of July.

Helen Keller is expected to join the royal family at San Sebastian.

Don Jaime is a sturdy little fellow, very dark, good looking, exceedingly bright and popular with all the palace entourage and with the people. Whenever he is seen in public the utmost commiseration is openly displayed, and he may yet gain the powers of hearing and speech.

WARM ATTACK ON NON-CHURCHGOERS

Old Country Presbyterians Arraigned For Indifference in Religious Matters.

THEY HEAR REPORTS

Financial Statement Shows Over Five Millions Raised During Year.

"They are no good" asserted Rev. Dr. Ross of London, Ont., speaking of the Presbyterians who had come out from Scotland, and did not attend church. "I personally know where they are" he said, "but they are no good. They appear to have done so much religious and church work in the old land that they need a rest when they get over here."

Rev. Dr. McGillivray gave a hot report. It was the duty of the church to look after just such people. They needed religious care "even if they did not keep up the vital connection of the duplex envelope," he said.

Rev. Dr. Somerville started the discussion at the afternoon session of the general assembly by roasting the ministers for failing to send in complete figures for the committee on statistics. The financial and statistical report, presented by Dr. Somerville, showed that 240,910 Canadians who gave their names to the census takers were not accounted for by the reports from the Presbyteries. While the Dominion census gave a total of 1,115,324 Presbyterians in the Dominion the reports to the committee only accounted for 874,414.

The report deplored the fact that the number received on profession of faith during the year was 15,868, or only 198 over last year. This was less than one for every ten families.

Glimpses of Sunshine.
Shadows changed to sunshine when the financial side of the report was presented. Ministerial salaries had been increased to the extent of \$86,000.

NATURAL GAS ISN'T RAISING LAKE LEVEL.

Ingenious Theory Causes Amusement to Men in the Industry.

ST. CATHARINES, June 5.—(Special.)—Natural gas men smile at the theory to the effect that natural gas is raising the water in Lake Ontario. They state that if there were the slightest indication of natural gas there St. Catharines would be getting its supply closer to home rather than piping it from the vicinity of Dunnville.

The closer prospectors have approached Lake Ontario the farther remote have been the indications of gas. The conditions prevailing along and under Lake Erie are entirely different.

FERVID ORATORY MARKS CONFERENCE

Evangelism the Main Theme
at Laymen's Meeting in
Knox Church.

COMMITTEE APPOINTED

Appeal Made For Increased
Devotion to Missionary
Movement.

Fervid oratory pervaded the men's missionary conference at Cooke's Church yesterday. Rev. Dr. A. S. Grant declared that the present time afforded the golden opportunity to evangelize heathendom. This was because Christian laymen were making business a means to the end of Christian progress.

T. Humphries, Calgary, said that the laymen needed ministers in sympathy with the laymen's movement, otherwise the minister was a great drawback.

A series of resolutions were unanimously adopted, endorsing seriously the plans of the laymen's movement.

The following committee was appointed as the Presbyterian section of the Laymen's Missionary Council for Canada: M. Parkinson, John A. Patterson, K.C.; D. E. Hughes, Thomas Findley, T. W. Gibson, Hon. W. A. Charlton, D. H. Gibson, Mr. McIlraith, Thomas Bradshaw, R. S. Goulay, J. J. Gibson, James Rogers, J. W. Richardson, Robert Munro, Montreal; J. A. Michado, Ottawa; B. O. Hooper, C. W. Graham, Hamilton; John Penman, Paris; Thomas Alexander, London; A. Denholm, Blenheim; T. L. Wood, Brantford; Geo. F. Gibson, Vancouver; Geo. S. Dingle, Thos. Humphrey, Calgary; Ed. Brown, Sir W. W. Whyte, Winnipeg; James Balfour, K.C.; Reginald, J. H. Strain, K.C.; New Brunswick; A. S. Barnstead, Halifax; T. C. James, Charlottetown; Mr. Martin, Regina; Sir J. M. Gibson, Toronto, and Mr. McEwen, Montreal.

Addresses on "How to Conduct an Every-Man Campaign" were given at the afternoon session by A. E. Corey, Chalmers; John Penman, Paris, Ont.; L. J. Bryant, Moose Jaw; Thos. Findley, Toronto; W. R. Waghorn, Wallaceburg; J. M. Strain, Kingston; Rev. John Penman, Sydney, N. S.; W. S. Frost, Orillia; B. O. Hooper, Hamilton; W. J. McMurray, Niagara Falls, and Rev. J. W. Gordon, Brantford.

J. Campbell White brought the meeting to a close with an appeal for increased devotion to the missionary cause, so that every part of the world might be evangelized within the next ten years.

WANT LADY PRINCIPAL FOR ROSEDALE SCHOOL

Deputation Tells Board of Education That Mere Man Will Not Do.

"We want a woman principal for Rosedale School," declared a large deputation to the board of education, Miss A. Sims, who has been the principal for many years, has resigned and is superannuated. She has conducted a system of art instruction for 17 years, which has made Rosedale School a unique example to the other schools. The deputation insisted that a male principal could not continue this art instruction.

S. H. Armstrong, recently appointed chief supervisor of the city playgrounds, resigned as supervisor of commercial work and writing, and his resignation was accepted.

The promotion of W. H. Grant to the principalship of St. Clair Ave. school was reported back, some wanting him for the John Fisher school and others for the Rosedale school.

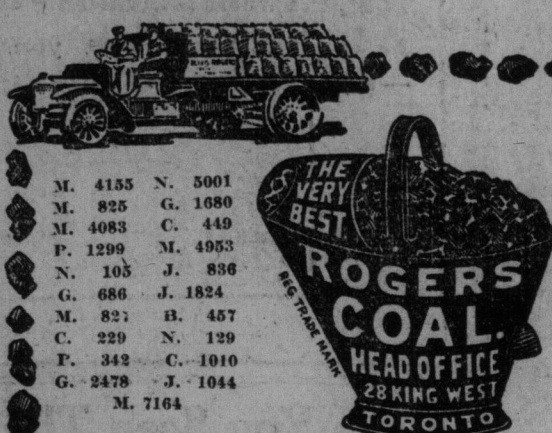

A superannuation of \$550 a year was allowed Miss Sims, principal of Rosedale school.

In the Spring the Blood is Thin

The body of a man can be influenced in health or disease only through the medium of two channels—the blood and the nerves.

When the blood is thin and watery, as it usually is in the spring, the nerves are starved and depleted, and every organ in the human body is less capable of performing its natural functions.

The action of the heart weakens. Breathing is weaker. The gastric juices of the stomach do not flow regularly. The liver, kidneys and bowels are less active, and in fact, the whole body falls an easy victim to disease.

Dr. Chase's Nerve Food goes directly to the formation of new, rich blood, and on this account is a restorative of exceptional value. You can scarcely conceive of a treatment better suited as a spring tonic to enrich the watery blood and put new vim, vigor and energy into every part of the human body.

There is no trouble from headaches, neuralgia, sleeplessness, irritability, nervousness and despondency when the nerves are properly nourished with an abundance of pure, rich blood. The use of Dr. Chase's Nerve Food is the most certain means of getting the blood into perfect condition.

EFFICIENT HOUSEKEEPING BY HENRIETTA D. GRAUEL DOMESTIC SCIENCE LECTURER

Oevr-wokring and Under-resting

A FAMOUS physician, speaking to a woman's club assembly, recently said: "A steam engine that is calculated to do a certain amount of work in a day will soon break down if over-worked."

The human body may be likened to such a machine; it is composed of the most delicately constructed organs, intended to perform only a certain number of hours without rest.

"If these organs are over-driven, Nature has no time to renew the worn parts."

House mothers, as well as club women, may heed this warning for there is the constant cry from each of over work.

First sift your work to what is really needed. For instance, cut off all that is done for mere ornament; then consider how you can rest by change of occupation.

When you have ironing to do, don't stand over the board until your back aches and your feet swell. Work until it wears you, then go to a comfortable chair in the bay window, or on the porch, and sew the buttons on the ironed clothes, or pare the vegetables.

There is also rest in exercise. When you have nursed the baby and sewed, and not glanced out the window all morning, take a friendly look at the sparrows in the yard, or go to the grocery, or run into your neighbor's and tell her, she, too, is working too hard.

When the out doors does not move you to pleasant thoughts, when your home no longer has power to charm away your moods, when your hands feel as heavy as your tired feet, rest. Do not think, then, a change of scene or work or exercise is what you need.

Polygonum Cuspidatum.

This is a plant that has made many poor gardeners bitterly rue the unlucky day on which it became an inmate of their garden, for no weed was ever more prolific, more wickedly persistent, more eternally everlasting, more ubiquitous, more—oh well, enough said.

The deceiving catalog calls it the Japanese Polygonum, a bold (too true) handsome, (?) plant, 4 to 6 feet tall, with stout, clustered stems. From the axils of the leaves, (which are smooth, oblong, dark, clean green,) are borne (late in September, altho this is not told) myriads of small, white flowers, in a cloud-like mass of sprays, giving a soft, misty effect. Hardy and stately; useful for giving bold masses of foliage and tropical effects. This is copied, as the quotation marks show—and out of a catalog.

But let me add from experience. Once this plant gets a foothold in your garden, it will never, never die, and you will spend the rest of your days, quothin' "Never more!" and pulling up the fat red noses that spring up, just like the first healthy sprouts of rhubarb, save that the rhubarb stays at home minding its own business, while this plant, is on the tramp, coming down Roncesvalles ave. the other day, I saw one misguided man, busily engaged setting out some clumps, and didn't I want to warn him, but being on the car—

The fresh new stems are fleshy, hollow, and extraordinary rapid in growth, like bamboo plants, tip and up and they shoot, the stronger the root, the stronger the hollow stem. Rich blood red at first, white an inch under ground, the stems soon take on a red-green and finally green color. The tall clump are really very pretty when covered with bloom in fall and make very pretty sprays for large floor vases. In a day or so, however, the wee flowers fall to pieces and make the whole place very untidy.

A strong clump of ten or twelve stout stalks, make a very imposing bush, especially if all the side shoots are kept off until the top branches, spreading outwards, give the clump an umbrella shape. The stalks must be tied loosely together with tape, else they will straggle apart, making an untidy bush.

The root beneath ground is a puzzle to get out. It forms a hard, red-yellow knot of the toughest kind that one can imagine. There is nothing like it. From this central knot, long runners creep under the surface of the ground, an inconceivable distance, before coming to the top.

When you are trying to oust the plant, do not drop one single tiny piece of the sucker, because the minute your back is turned it will take root. My advice is to commence a thorough war of extermination, as soon as a sign of it appears. For close on fifty years I have been pulling up the stray shoots, and they are still appearing.

This talk will answer the queries of Mrs. M. G. Spadina ave. "Worried to death" (I am with you), and Gardener Green.

deavor to save Mrs. Waverton from another scoundrel, I found myself compelled to lie to her this morning. She believes now that I mean to marry Mrs. Delamar. Still, as a man of free to exercise a feminine privilege, and change his mind, I shall be glad to hear from you if there is any real chance of Teale's winning Mrs. Waverton's affection—on the rebound, as it were, it may be my wish, as it would certainly be my duty, to stop a crime of that magnitude."

Steinlind was bending his brows over this enigmatical note, and nibbling his mustache in a vain effort to reconcile its rather contradictory charges with the mere bagatelle. Now, he had a case the other day, when a rock fell on an Italian at work in a quarry, in which a splinter of granite had lodged itself between the paracental lobule and the precruciate—now, that was a most beautiful—No, he had not examined the injuries of the poor fellow killed

CHAPTER X.
A Turn of the Screw—And Two Turns of the Wheel.

Clancy meant to stop the growth of confidential relations between Claude Waverton and the bureau, because he had good ground for believing that the man might get figure in court side by side with Josephine Delamar. If that thrilling delusion came about, Mrs. Delamar would be charged with the murder of her husband, and Waverton would be called on to disprove that he was "an accessory before the fact."

Even if his innocence of that particular crime were established, he might be indicted for another grave offense; and, in either event, he was officially undesirable as a friend. But, to understand Clancy's attitude on this point, it is necessary to follow the little man's adventures in Florida.

He called first on the chief of police at Palm Beach, and persuaded that Waverton was to set on foot an enquiry as to whether any person had purchased a considerable quantity of crystals of nicotine from a local drug store during the last year.

With regard to any ordinary drug of a poisonous nature, such a wide cast of the net might have defeated its own purpose; but crystals of nicotine was a rare poison. It was more than likely that the great majority of the Palm

Beach druggists had never so much as heard of it, whilst those who did recognize it, and had dispensed it, would surely have some record or memory of the customer.

Then he set forth to interview Drs. Bentley and Mercier. Dr. Bentley was a fussy little man, a Bostonian, a wonderfully adroit surgeon; but so full of the present that he could only deal in generalities as to the past.

He remembered the Waverton accident, of course; but was inclined to dismiss it in a sentence. It had no points. The man had been stunned, and his cuts demanded a stitch or two; but the affair was nothing serious, a mere bagatelle. Now, he had a case the other day, when a rock fell on an Italian at work in a quarry, in which a splinter of granite had lodged itself between the paracental lobule and the precruciate—now, that was a most beautiful—No, he had not examined the injuries of the poor fellow killed

Yes, he had conducted the post-mortem examination on a body of Scott, tutor to the family of Don Miguel Santander, formerly of Rosala, in the Argentine. The man's head had been flattened like a pancake.

"Was the paracental lobule damaged?" Clancy could not help asking.

Dr. Mercier had bushy eyebrows, and they curved now disdainfully. "My dear sir," he snapped, "the man's brain was in a pulp down to the corpus callosum."

Clancy looked grave. "In that event," he said, "he must have been struck while the car was traveling at terrific speed."

TWO FAVORITES IN LADIES' GOLF FINAL

Miss Bishop and Miss Hollins Eliminate Opponents—Battle For Metropolitan Honors Today.

Special to The Toronto World.
NEW YORK, June 5.—As the result of the semi-final round of the tournament for the woman's metropolitan golf championship over the links of the Nassau Country Club today, Miss Georgianna M. Bishop of Brooklawn, formerly the holder of the national and metropolitan titles, will meet Miss Marion Hollins of Westbrook, runner-up last year in the decisive tilt tomorrow.

Thru the defeat of Mrs. A. S. Rossin of the Century Country Club by 2 up and 1 to play, Miss Bishop advanced. Meanwhile Miss Hollins handily disposed of the aspirations of Mrs. Howland F. Whitney, one of the best of the home set, the margin being 5 up and 4 to play.

Out-driving her opponent on an average of from 15 to 20 yards, Miss Hollins generally had the advantage, forcing her opponent to always play the odd. This was difficult for Mrs. Whitney to overcome, and it was only by carefully avoiding the Nassau traps and doing good work on the greens that she, after being three down, was only one down at the turn.

On several occasions Miss Hollins visited the bunkers with all but disastrous results. After the turn Miss Hollins rapidly drew away from her opponent, particularly on the long holes, where distance from the tee counted heavily. The card:

Miss Bishop..... 4 6 6 4 5 7 6 4 4—46
Mrs. Whitney..... 6 7 6 5 5 6 6 3 5—49

Miss Bishop was the reason why Miss Hollins was forced to the seventeenth hole before she could eliminate Mrs. Rossin. The Brooklawn girl won three out of the first five holes, and it looked there as if she would have no difficulty in distancing the Century player, but the last named did a little winning on her own account, and held Miss Bishop to 3 up at the turn.

Altho Miss Bishop won the tenth, Mrs. Rossin took the twelfth, and after losing the thirteenth captured the next, where Miss Bishop's iron shot found the trap to the right of the green, and the fifteenth as well, when Miss Bishop drove out of bounds. As the next two holes were halved, Miss Bishop became the winner.

TWO FAVORITES WIN AT BLUE BONNETS

Cannock Wins Two-Year-Old Stake in Duel With Grazele.

TA NUN DA WINS AGAIN

Dennerlen Defeats Buckthorn in Challenge Cup Steeplechase.

MONTREAL, June 5.—(Special).—With the Kindergarten Stakes for two-year-olds and the Wilson Challenge Cup for steeplechasers providing the feature events, the third day at Blue Bonnets brought about some interesting racing with upsets of form a notable feature.

The Kindergarten this year attracted four youngsters, of which J. S. Tyne's Grazele went to the post a split favorite with Capri. Pregrave's Yankee, Cannock, The last named turned out the winner after a lively race over the five furlong course during which Grazele turned all the consolation. Mrs. Livingston's Jazair, considered an outside chance of the four horses, made a good third.

The jumping race, a handicap for Canadian owned horses, fell to G. S. Brodie's Dennerlen, ridden by George Pearce, who, incidentally, rode Luckooka to a victory in the same race last year. Dennerlen was taken to the front at the start, and opened up a gap which he maintained through the race, the Mr. Bartlett McLennan's Buckthorn was coming strong at the finish, after wearing down Mr. Lionel Ekers' Wickson, which was carrying 125 pounds.

Chas. Crew's Ta Nun Da scored another fair priced victory in the second race when he headed off the field. Mr. Norman Macfarlane's Cliff Stream, J. C. Galaher's Pex, a warm favorite in the third race, the believe that over the seven furlong route, ran right to form. A heavy play on Senator sparks featured this race, his present being sacking down from thirty to one at the opening, to five to one at the close. Senator, however, was played at reserve. Money by N. B. Davis R. H. Gray. A big field went to the post for the sixth race, a selling race, with W. C. Clancy's Little Jane made the favorite. Fifteen horses faced the barrier and of the lot, Jacqueline, E. J. McGraw's Peter Pan filly, ran a fine race after getting away to a bad start, and virtually beat the field in the last few jumps.

W. Martin's Chactanooga filly, Elwah, was the best of a field of six which went to the post for the last race of the day, with Jerry Led and superintendence equal favorites for the second money. Elwah and Jerry Led ran right to form, but Mrs. Livingston's Senator best. Superstition for the show money. This race saw first appearance of Mr. D. Lorne Gibbons' good horse, Inspector Lestrade. The Inspector, however, appeared to be a little short of work.

FIRST RACE—\$500 added, 3-year-olds and up, maidens, 6 furlongs:
1. Bryndor, 106 (Rowley), 7 to 1, 2 to 1 and even.

2. Cliff Stream, 108 (Wilson), 9 to 10 and 2 to 1.
3. The Rump, 109 (Connolly), 7 to 1, 2 to 1 and even.
4. Time 1:42.5. Ambrette, Colston and Evans Tumbo, scratched. Monota, Belle Union and Lust'lan also ran.

THIRD RACE—\$500 added, 3-year-olds and up, selling, 7 furlongs:
1. Flex, 103 (Turner), even, 1 to 2 and out.
2. Emile Lee, 105 (Corey), 10 to 1, 4 to 1 and 6 to 1.
3. R. H. Gray, 97 (Dennerlen), 30 to 1, 12 to 1 and 6 to 1.
4. Time 1:23.5. Muff, Starter and Fiel scratched.

FOURTH RACE—\$1200 added, Kindergarten Stakes, for two-year-olds, five furlongs:
1. Cannock, 93 (Snider), 3 to 2, 2 to 5 and out.
2. Grazele, 103 (Turner), 3 to 2 to 5 and out.
3. Jazair, 108 (Clement), 10 to 1, 3 to 1 and out.
4. Time 1:02.5. Martha Cassa also ran.

FIFTH RACE—\$500 added, Wilson Challenge Cup, steeplechase, 4-year-olds and up, Canadian owned, 2½ miles:
1. Jack Dennerlen, 133 (Pearce), 3 to 1, 3 to 5 and out.
2. Buckthorn, 144 (Kellner), even, 1 to 3 and out.

1. Fribal, 108 (Turner), 6 to 5, 2 to 5 and out.
2. Merry Lad, 109 (Wilson), 5 to 1, 2 to 1 and even.
3. Fribal, 109 (Montour), 15 to 1, 6 to 1 and 3 to 1.
4. Time 1:55.5. Paton, Inspector Lestrade and Superstition also ran.

AUSTRALIANS ROYALLY WELCOMED IN WEST

Public Holiday Proclaimed When They Landed in Victoria—A. Diamond Captains Visitors.

That the Australian cricket team is being given a royal welcome by cricketers throughout the west is evidenced by a despatch from Edmonton which tells of the various receptions tendered the Cornstalks in Victoria and subsequently in the Alberta capital. A public holiday was proclaimed in Victoria and the visitors were entertained at a civic luncheon at which the principal speaker was Premier McBride. Contrary to expectation Edgar Mayne was not appointed captain of the team, the honor falling to A. Diamond, the South Australian player.

The personnel of the side is as follows: A. Diamond (captain), A. G. Macariny, W. Bardeley, S. Emery, L. A. Cady, A. Malley, P. S. Arnott, H. L. Collins, all of New South Wales; J. N. Crawford, G. C. Campbell, E. R. Mayne, G. S. Down of South Australia. Charles and George McDonald, the two brothers of the captain, are also accompanying the team.

Crawford's success with the ball against Edmonton, whom he provided sensation of the match, the old Surrey player taking no less than five wickets without having a run scored against him. The local players, despite this phenomenon, made a fairly good showing in the second game and had compiled 109 with two wickets to fall before rain put an end to the match.

The craze at Rosedale is being given particular attention in view of the two-day game between All-Toronto and the tourists, which starts on Wednesday next, and according to reports the ground to the keenness of cricketers throughout Ontario is the number of letters which have been received by the committee of management in regard to reserved tickets. These have now been placed on sale at Bell's piano rooms and Spaulding's store, 267 Yonge street.

The fact that an attendance numbered conservatively at 2000 was present at the first match at Edmonton is taken as a favorable augury by local enthusiasts, who believe that in Toronto, the home of Canadian cricket, this record should be easily trebled.

The management have issued a limited number of badges for club house, which may be obtained from Secretary Macdonald. Absolutely no but members in good standing will be permitted in club house. Visitors' list is suspended.

HIGH PRESSURE PACKING

Soccer at Brampton.

BRAMPTON, June 5.—The largest crowd that ever turned out to a football match in Brampton witnessed a magnificent struggle at Rosedale last night, between the Presbyterian Church and Christ Church teams, for the church league championship. Neither team had lost a game and enthusiasm ran high. The Anglicans proved the better pack, winning by 2 to 0. Joe Mitchell doing the trick in the last half. Sam Wilson, in goal for the Anglicans played a star game and several fine and accurate. The standing of the league is as follows:

Big Special Selling of
Men's Suits at \$5.00
Beginning 8.30 Today

THIS IS ONE OF THE BEST BARGAINS that the Men's Clothing Section has had for years. Such a big event is this that we're going to have extra space and extra sales, people to cope with the business. And we cannot promise to fill mail orders after 11 a.m. It's a big special purchase of clothing that we made—many of the suits being worth over twice this price. Here are the particulars:—

Men's Suits with about 60 patterns to select from—stylish mixtures, hairline stripes and fancy weaves with thread stripe. Materials are natty tweeds in shades of gray, brown, fawn and green, also the smoother worsteds in neat small patterns in medium and dark grays. Single breasted, smartly styled sac coats, well tailored with durable linings. They will be placed on separate tables in sizes to make choosing easy. Sizes 34 to 42 in the lot, and every suit is a rare bargain. 8.30 a.m. Friday, per suit 5.00

ROBERT MARGRAVE WON THE TROTTING STAKE

Johnny Burns' Good Gelding Went a Grand Race — The Auctioneer and Nettie Watson Won the Pacing Races, Each in Straight Heats.

The second day of the Dufferin Driving Club's Canadian Circuit meeting at Dufferin Park yesterday was productive of some great racing, and split heats were very much in evidence in the 2:24 class. The racing all thru was a splendid character and the 1500 spectators had a grand outing.

In addition to the 2:24 race and the card consisted of the trotting stake, the local favorite in the auctions, and also each of those two events was won in straight heats, the finishes were close and exciting.

Nettie Watson, formerly owned by Jas. Smith of this city, but now owned and driven by P. J. Stone of Collingwood, accounted for the 2:14 pace in straight heats, the black stallion, Oliver Direct, from Ed. Sunderlin's stable. However, the mare won a popular victory, as Oliver Direct was the favorite in the auctions, and local speculators played against him. As it was decided to conclude the racing program for the meeting yesterday, the 2:10 pace was added to the original card.

Sunderlin also supplied the favorite for this event in the black stallion, Auctioneer. This time the favorite rewarded his backers by winning in straight heats.

The stake race for trotters proved one of the very best ever witnessed on a local track. Auctioneer, that was a good winner on the ice last winter, was the original favorite and after this mare won the opening heat her supporters were Burns, turned local horseman, John J. Burns, who in the second heat, after the previous heat-winner to the beat. Then the Denver Colossus, mare, Mary Murphy, that had been supported in the early selling by a select few, beat Margrave in the third heat, after a great

Three Big Values

This is a one-price store, but we have clothes at a variety of prices. We feature three leaders; and we rightly call them leaders, they are so far ahead of any men's clothes we ever encountered at the price. They are attractive; they are stylish; they are good. Each in its class is a suit to win the favor of any man who knows values. We are not tied down to any one maker, and we choose in a free field the styles, the make and the values we know to be the best. No clothier could find better value for his customers than we offer you in our suits at

SATURDAY'S BIG RACE.

Ted Wood, the 15-mile champion, and Charlie Heffron, the South African galloper, who cleaned up the great relay races here last spring, are confident of springing another surprise in Saturday night's 10-mile relay race at the island stadium. Wood has had Heffron in training for six weeks at Cayuga and sprines him at the last moment for the race and says that he and the South African will take down the big end of the purse. He figures Quail and Crook to be the team to beat. The Yankees are flying right now, but there are not a few fans who fancy Shrub and Meadows. Meadows is running well and Shrub should be on edge too, for he has been doing short work at Harvard and at Appleton. Crook and the Yankee team; Charlie Heffron and Dott Carr of New Haven, the U.S. girl sprint champion, who runs Miss Miller, will all be in town this morning.

AMERICAN POLO TEAM RESERVES.

NEW YORK, June 5.—H. L. Herbert, chairman of the Polo Association, announced today that the reserve players for the American team had been selected in Harry Payne Whitney, J. M. Arbuthnot, J. and L. Waterbury. This was taken as an indication that the reports to the effect that these three members of the Meadowbrook four had retired from the international cup play owing to differences with the selection committee were without foundation.

EXPORT DEMAND RALLIES WHEAT

Rain in Kansas Somewhat Re-
lieves Apprehension as to
Crop Outlook.

CHICAGO, June 5.—Large sales of cash
wheat today for prompt shipment out of
Chicago had a rallying effect on deferred
deliveries. Although the market closed weak,
latest prices ranged from 1/4c off to 1/4c
net advance. Corn finished 1/4c to 1/2c up,
oats, down a shade to 1/4c and provisions
increased in 2 1/2c to 5c.

Prices of cash wheat here amounted to
\$50,000 bushels, the most generous total
in a long time. The greater part was
hard winter wheat to go to a Baltimore ex-
porter, who deals chiefly with foreign. Du-
rham also disposed of 150,000 bushels for
export. Bullish sentiment was further
aided by grain dealers estimating the
Kansas harvest as low as 70,000,000 bush-
els and reducing the Oklahoma forecast to
15,000,000 bushels.

Timely rains in Kansas.
The stock weakness had a depressing
effect at the outset and was again in-
fluential near the close. At both times
the market strengthened. The close was
the highest so far in the crop. Big con-
signments weakened oats. The market
and counteracted heavy selling thought to
be for foreign account. This selling was
mainly in October and September
Rusals.

Large offerings of corn were not yet
acted to merchandise requirements and
after an early dip, due to fine weather,
the market strengthened. The close was
the highest so far in the crop. Big con-
signments weakened oats. The market
and counteracted heavy selling thought to
be for foreign account. This selling was
mainly in October and September
Rusals.

CATTLE MARKET

BARELY STEADY

Hogs Easier—Sheep, Lambs
and Calves Sold at Firm
Prices.

Receipts of live stock at the Union
Yards were 62 cars, 448 cattle, 2067 hogs,
324 sheep and 217 calves.

The quality of the cattle, as a rule,
was not as good as on Tuesday and Wed-
nesday, but there were several loads of
good to choice heavy steers on offer.

Although the receipts of cattle were light,
the supply seemed to be greater than
the demand, and trade was anything but
brisk, with prices barely steady. And in
fact some of the sellers stated that they
could not get what they were bid for
cattle on Wednesday.

There were several lots of cattle that
cost \$7 per cwt. in the country, and the
owners stated that they could not realize
that price for them after bringing them
here.

Should there be a heavy delivery this
coming week the prospects look like low-
er prices, especially if there should be
many cattle that have been on grass.

There is a tendency to lower values
for hogs, and the market was not as
strong as for a past two days.

Sheep, lambs and calves sold at firm
prices, especially calves.

Choice steers of export weights and
quality sold at \$6.50 to \$7.15; good to
choice butchers, \$6.50 to \$6.85; medium,
\$6.15 to \$6.50; common, \$5.75 to \$6.15;
cows, \$5.75 to \$6.25; good cows, \$5.25 to
\$5.65; medium cows, \$4.75 to \$5.25;
cows, \$4 to \$4.50; choice bulls, \$5.75 to
\$6.25; medium to good bulls, \$5.25 to
\$5.65; common, \$4.50 to \$5.

Feeders, 800 to 850 lbs., sold at \$6 to
\$6.25; stockers, 600 to 700 lbs., at \$5 to
\$5.75; light rough eastern stockers, 500
to 600 lbs., \$4.75 to \$5.10.

The market for milkers and springers
was not as good as earlier on in the
week. Prices ranged from \$4.50 to \$5 each,
but the bulk sold at \$4.50 to \$5.

Choice veal calves sold at \$8.50 to \$9.50;
good, at \$7.50 to \$8.50; common, \$6.50 to
\$7.50; medium, \$5.50 to \$6.50.

Sheep, ewes, light, \$6 to \$7; heavy
ewes and lambs, \$4.50 to \$5.75; yearling
ewes and lambs, \$4.50 to \$5.75; spring
lambs sold at \$5.50 to \$6.50.

Selects, fed and watered, sold at \$10 to
\$10.10, and \$9.50 to \$9.70 f.o.b. cars, and
\$10.30 weighed off cars.

Representative Sales.
Maybee & Wilson sold 1 load butchers,
1150 lbs., at \$7.12 1/2; 1 load of cows at
\$5.40 to \$5.60; 2 decks of hogs at \$9.70,
f.o.b. cars; 2 spring lambs at \$6.50 each,
10 sheep at \$6.75 per cwt.; 1 ram at \$6.25
per cwt.; 3 calves at \$5.25 per cwt.; 1
calf at \$5.80 per cwt.

Dunn & Leavack sold:

\$4.45.

Bulls—2, 1640 lbs., at \$5.75.
Milkers—1, at \$9; 1, at \$6; 2, at \$61
each; 1, at \$50; 1, at \$49.

McDonald & Halligan sold at the Union
Stock Yards Wednesday and Thursday,
14 cars as follows: Best butchers, 4
cars, at \$7 per cwt.; fair to good butchers,
at \$6.35 to \$6.60; common to medium
butchers, at \$6 to \$6.25; best cows, at
\$5.50 to \$6; fair to good cows, at \$5 to
\$5.25; bulls, at \$5.50 to \$6.25; milkers
and springers, at \$4.50 to \$6; each.

D. A. McDonald sold for McDonald &
Halligan: 1 deck of hogs, at \$9.55 per
cwt. f.o.b.; 115 hogs, at \$10.35 per cwt.

ROSEDALE HOUSE SOLD

The house at No. 36 North Sher-
bourne street, Rosedale, with ground
34.8 feet by 140, has been sold by John
Quirt to John D. Cameron. The price is
not ascertainable.

TO WIDEN BLOOR STREET.

The widening of Bloor street from
Sherbourne street, is recommended by
the commissioner of works. He sug-
gests a width of pavement of 42 feet,
to cost \$14,000. It will involve the re-
moval of 214 trees.

TEMPORARY RECESSIONS

During the present financial nervousness favorable opportunities will be present-
ed for picking up mining stocks. We anticipate only a temporary set back and not
much reduction in prices. Pearl Lake and Great Northern are good trading issues.
On any further reaction we would advise purchases of these. There are some other
stocks we will cite if requested, which are worth the consideration of careful buyers.

OUTLOOK FOR CROPS

NOT ENTIRELY ROSY
Early Sown Wheat in Good Con-
dition But Rest is Back-
ward.

WINNIPEG, June 5.—(Special).—G.
M. Leckie, a well-known American
grain expert, was in Winnipeg today,
returning south after a trip over the
Canadian west to Regina by C. P. R.,
Saskatoon by C. N. R., and back to
Winnipeg by G. T. P.

Leckie states that as far as he tra-
velled early sown wheat was looking
well, and there was no serious need of
rain, the rain would be acceptable al-
most everywhere. "Later sown wheat
is not more than 1 1/2 inches high, and
some only just coming thru the
ground," said Leckie. "And it will
take exceedingly favorable weather
from now on to late fall to make a
crop from this wheat, and the same
applies to stubble in crop."
