**GARLAND RECEIVED POWELL'S PROFITS**

Money Went to Pay Trade Debts and Real Estate Mortgage.

**DEAL IN BINOCULARS**

Bilsky Got Share in Profits in Glasses Birkett Sold to Ellis.

OTTAWA, June 28.—W. F. Garland, M.P. for Carleton, at the army contract probe this morning, admitted getting \$4800 of Drug Clerk Powell's profits from the contract for medical supplies to the militia department. He admitted that he knew the source of the money Powell had had in the bank, and instructed him to withdraw it. According to Powell, Garland received \$1666 from him, but Garland explained the difference in figures by stating that the balance was taken out and placed in his current account to pay Bauer and Black the Chicago drug firm, when the government held up payments. Garland testified that he had returned the money in various amounts to Powell on March 9, 10 and 11, and at his request Powell drew a cheque on March 27 for \$2500, payable to the chairman of public accounts.

Garland said that he had no conversation with W. H. Brown, director of contracts, as to profits. He had a disagreement with Brown before he was elected. He did not receive all the money from Powell personally. Four hundred dollars went to Boyd on a trade debt, \$3000 went to R. F. Halfpenny on a debt, and another \$1700 went to some one he did not recollect. The \$2500 or \$3000 he had returned went into real estate. He had no understanding to pay Powell anything, and nothing was paid him, for the account was never audited.

**Bilsky Got Commission.** In regard to the purchase of binoculars, it was brought out that Thomas B. Birkett and Bilsky formed an agreement on the division of the profits after they received an order for the goods from Mr. Mason, buyer of the P. W. Ellis Co. Birkett, who had supplied binoculars in the name of the Keystone Supply Co., had been told by Alexander Taylor that Bilsky had glasses to sell, he swore on the witness stand. Birkett looked an order from Mason for 400 glasses at \$2 each. He then telephoned Bilsky, who said that he could not finance the deal, and that the Union Bank had refused to supply the funds. He determined to finance the deal himself. He had an agreement with Bilsky to give him \$2 a glass, but Bilsky crossed out the \$2 on the document and wanted \$5. Witness admitted that he had not delivered the right description of glasses, he could not get them from the P. W. Ellis Co., and confessed that many of the glasses were not up to the mark. He simply went on the statement of Bilsky.

**GEN. RUZSKY AS WAR MINISTER?**

Gen. Vernander's Appointment Believed at Petrograd Only Temporary.

**IMPORTANT COUNCIL**

Grand Duke Nicholas and Leading Strategists at Conference.

LONDON, June 28.—The Emperor of Russia presided at an important council of ministers in the imperial tent at the headquarters of the Petrograd correspondent of Reuters Telegram Co. The correspondent adds that those present included Grand Duke Nicholas, commander-in-chief of the Russian forces, his chief of staff, other leading military men and several ministers. Nothing seems to be known as yet of Petrograd regarding the reason for the appointment of Gen. Vladimir Sukhomlinoff, the Russian minister of war, who was regarded as being largely responsible for the creation of the modern Muscovite army. During his tenure of office he reorganized and unified the imperial forces, introducing a radical change in the system of educating and training officers.

**Ruzsky Mentioned.** Gen. P. Vernander, who will succeed Gen. Sukhomlinoff, has been appointed the minister of war. It is believed his appointment will be only temporary, however. He is a distinguished engineer, responsible, among other things, for the fortifications of Warsaw, west of the Vistula river. There seems to be an impression in Petrograd that Gen. Ruzsky, who played a prominent part in the Russian conquest of Galicia, but gave up his command because of poor health, may actually become minister of war, as he is now being recovered and is regarded as one of the greatest strategists in Russia. He was in command of the forces which captured Lemberg in September, 1914.

**ITALIAN WARSHIPS FOR DARDANELLES**

Modern Battleships Will Replace Some Pre-Dreadnoughts.

**PORTS ARE OFFERED**

Adriatic Bases Will Help Allies in Their Big Operations.

Special Cable to The Toronto World. TURIN, June 28.—The momentous announcement that Italy is about to share in the operations at the Dardanelles eclipses today in public interest even the steady march of events on the Italian-Austrian frontiers. Engaged as she actually is in life and death struggle with the dual monarchy and possibly with its bigger ally also, Italy cannot at this moment afford to dislocate considerable forces from their main objective, hence the report is altogether untrue that Italy is on the point of despatching two army corps to aid the Anglo-French troops in Gallipoli or that she is drafting the main portion of her fleet from the Adriatic. What Italy has really done is to offer Britain and France the free use of one or more ports on the Adriatic coast of Italy like Brindisi or Taranto so as to afford a nearer, safer and more advantageous base than the actual one at Alexandria. Italy, furthermore, has undertaken to send to the Dardanelles under the command of the Duke of Abruzzi, certain warships of a type better adapted for work in the straits than some of the pre-dreadnoughts employed there hitherto and England will withdraw these latter from Turkish waters, exchanging them with Italy for police work in the Adriatic.

**EARLY DELIVERIES OF WAR SUPPLIES**

Several American Concerns Ship Explosives Month Ahead of Time.

**RIFLES FOR BRITAIN**

Lee-Metford Small Arms Already Being Sent Forward.

NEW YORK, June 28.—It was reported here today that several concerns making war supplies for the allies had begun shipments nearly a month ahead of the scheduled time. Shrapnel shells and explosives have been going aboard vessels lying in Gravesend Bay about three weeks off shore, for about a week now. Every day huge lighters, flying the red flag, denoting that they carry explosives, may be seen going down New York harbor, and as they pass out of the Narrows and head over into Gravesend Bay, the waiting steamers also haul up red flags to warn all shipping to keep away. Sometimes as many as three lighters are lying around one vessel, discharging shells and cases of shells, dynamite or melinite into the holds. The ammunition now being delivered, it was said, was to be sent straight to France.

The Bethlehem Steel Company was today reported to have been sending out 35,000 loaded three-inch shrapnel shells for the British fleet every day since last Monday. The Dupont Powder Company was also, it was said, delivering considerable shipments of raw explosives and it was understood that the Stevens Arms Company, whose plant was bought by the Westinghouse Electric Company for the purpose of turning out Lee-Metford rifles for the British army, was beginning to deliver small arms for export.

**FIFTEEN YEAR LAD LOST LIFE WHILE BATHING**

Gordon Watters Stepped Into Hole in Chippewa Creek—Companions Had Narrow Escape.

Special to The Toronto World. NIAGARA FALLS, Ont., June 28.—Gordon Watters, 15, of Montrose, was drowned in Chippewa Creek while in bathing. John Rowway and Ernest Beets nearly lost their lives trying to save him. Watters lost his life by stepping into a hole while wading not far from shore near Montrose bridge. His companions, who swam to his rescue, went down twice. He broke his rescuers' hold by his struggles. The body was recovered half an hour later with grappling irons.

**RUSSIANS HOLD UP GERMAN ADVANCE**

Successes on Dniester Cause Inaction of Main Enemy Forces at Lemberg.

**GENERALS ENTANGLED**

Teutons Intended to Swing Immense Forces Into Central Poland.

Special Cable to The Toronto World. PETROGRAD, June 28.—When the Russians evacuated Lemberg, the Germans sought to send powerful columns immediately southeast across the Dniester, but the Russians were waiting for them there and they have entangled first Pfanner's, then Linsingen's, and now Boehm-Ermoloffs armies. The enemy is losing thousands of prisoners to the Russians every day. Mackensen and Archduke Joseph are compelled to remain westward of Lemberg, stamping their feet with rage at the miscarriage of their plans. Evidently they dread being drawn into the Russian interior, but they dread still more the commencing of the second part of their plan while the first promises calamitous results. It was the intention of Mackensen and his colleagues when they had occupied Lemberg and both banks of the Dniester to swing immense forces northward into central Poland where they would join the columns now active on the Narew River and at Przasnysz in north Poland, but continued Russian victories on both banks of the Dniester have kept the main hostile armies four days in practically a pause today at Lemberg. Any new plan will have to be a drastic reduction of the original scheme. It is impossible to disregard the Russian army while it is master of the entire south bank of the Dniester.

**A WORD OF EXPLANATION RE J. H. PORTER SHOES**

**BANKRUPT SALE**

AT CORNER YONGE AND SHUTTER STS. Sale Continues Daily---Doors Open 9 a.m.

In The Sunday World we announced the greatest clearance sale of high-class shoes ever offered at panic prices. We told you to come early. The crowds came early, and all day—in fact they came so fast we couldn't look after everybody as expeditiously as we would have liked to, with the result that some were unfortunately turned away. It is well, therefore, to couple with this apology a word of explanation. This sale is in no sense a clearance of obsolete styles, or shop-worn goods. Never in the history of Toronto has a new clean stock of fashionable footwear been sacrificed at such panic prices.

**TWO OR THREE PAIRS AT THE PRICE OF ONE**

You can readily understand that on account of the high class of goods, it is impossible to throw them in bins, on tables or in strings. The shoes must be preserved in pairs in the boxes, and it is necessary that all customers can be properly fitted with whatever style desired.

**An Army of Attendants Continually Unpack New Goods**

There is \$50,000.00 worth of shoes to be disposed of without reserve. The entire stock will be sold from the corner store at Shuter and Yonge Sts. There are high and low shoes for men, women, misses and children in all effects, styles, sizes and widths, including tennis, boating, bathing, golfing and rubber-soled shoes. Everything in shoes we have at less than manufacturers' cost. This creditors' sale means a saving to everyone. Remember, every day new goods are unpacked and marked. Tell your friends and come yourself. We will do our best to give a fast service.

**NOXIOUS GAS NOT FATAL IN MAJORITY OF CASES**

Dr. R. D. Rudolf of Number Two Canadian Hospital, Returns From France.

Dr. R. D. Rudolf of 202 West Bloor street, the first of the Toronto medical men to return from the front, says the chlorine gas used by the Germans is less serious than stated at first. In cases where only small quantities are inhaled a complete recovery is possible. Dr. Rudolf was connected with No. 2 Canadian Base Hospital in Normandy, France. The most severe cases of gas poisoning were not treated at this hospital. Neighboring hospitals had deaths from chlorine poisoning, but not a great number of deaths resulted. The Army Medical Corps has got every disease under control, the doctor said. The inoculation against typhoid has proved its worth and cases of fever are very few. The general health of the army in the field is excellent.

JAPAN WILL EXCLUDE RELIGIOUS TEACHING

Ten Years Allowed in Which All Mission Schools Must Close.

SITUATION IS WATCHED Foreign Mission Boards Keeping Their Eyes on Far Eastern Kingdom.

What the final action of the Japanese Government will be in excluding religious teaching from educational institutions is being closely watched by the foreign mission boards.

Rev. Robt. F. Mackay, secretary of Presbyterian Foreign Missions stated yesterday to the World that it was not true that the Japanese Government proposed to adopt Buddhism as the state religion.

"The fact is," he said, "that the Japanese desire to have no state religion but to separate religious instruction from education in order to allow absolute religious toleration. The Japanese were under the impression that they were following the American school system, which is a misapprehension.

There are about 2,000,000 pupils in the United States in private schools where no restrictions are imposed.

"Should the Japanese insist upon their new regulations it would seriously affect mission schools, in all of which religious instruction is given. According to recent legislation, 10 years are allowed in which missions can adjust themselves to the new conditions, and then religious instruction must cease.

"Unless some concessions are made by the government this will mean the closing of mission schools, because mission boards do not simply aim at education, but at Christianization."

CHILDREN COLLECTED BOOKS FOR SOLDIERS

Their Generosity Overwhelmed Y. M. C. A. Officials at Niagara Camp.

That the school children of Toronto had collected nine tons of magazines to be read by the overseas troops stationed at Niagara camp was announced at the meeting of the finance committee of the board of education held yesterday afternoon.

The generosity of the school children overwhelmed the Y.M.C.A. at Niagara who are turning the books over to the soldiers. They sent word to the school board to send no more at present.

A call for magazines for the men at the Valcartier camp may be made later on.

Chief Inspector of Schools Cowley said the response was so great that he could have obtained 25,000 magazines if necessary.

A SMILE IN BATTLE'S MIDST.

One of Many Grotesque Incidents Recounted by Wounded Canadian.

The German repulse at Ypres, where they received a wholesome dose of Canadian steel, has passed into the grim the struggle was, the incident related by Lance-Corporal Woodruff, of the Second Battalion, brings mirth bubbling to the top when recounted, just as it did at the moment it happened.

"On Friday morning, April 21, in the battle of the Ypres a German soldier emerged from the trench alone and unarmed, holding his hands high above his head as we watched with puzzled anticipation his approach during the lull in the firing. In droll, broken English he continued shouting: 'Surrender!!! Surrender!!! Surrender!!!' as he stumbled toward us, and the idea, the sight, the setting for the scene was all as grotesque as a cartoon from Punch."

"This German was allowed to return to his comrades after we had facetiously invited him to join us, and the first forthwith began with renewed vigor."

"What impetus actuated the man to believe that Canadian troops surrendered the Union Jack to Germans 'upon request' is hard to imagine, yet the Union Jack is surrendered every day by the World to loyal and patriotic citizens who read and follow directions in the announcement appearing on another page of today's issue. There's a flag for every home and they're offered on presentation terms."

Obstruction or Compromise?

The Telegram: An adequate scheme can, perhaps, hardly be decided upon, with a proper allocation of duties, until the city council decide upon the powers to be conferred upon a fire commissioner, or a commission...

This extract from an article in The Evening Telegram indicates that nothing has really been accomplished yet by the city hall administration in getting a policy for the reconstruction or reorganization of the fire department...

The point to be kept in mind is that nothing has, as yet, been done. In an attempt to be helpful to the city, without taking sides for or against any of the several factions into which the question has divided the aldermen, it is merely necessary to recognize that doing nothing is not what the city council is elected for...

In Toronto civic politics, party government was supposed to be eliminated. Possibly this may have been the case. But there remain two parties, and instead of recognizing majority rule, the parties never dream of compromise, or of doing business on any terms but the fiercest rivalry...

What is often called public opinion is really not opinion at all, but sentiment. Quite recently the governor of Georgia committed the death sentence in a case which had attracted widespread publicity. While the appeal for executive clemency was before him the governor received no less than 100,000 letters from people outside of the state...

That is rather a sweeping assertion, but it will certainly be admitted, that no one has a right to declare a person innocent or guilty of crime unless he can give some reason based upon evidence. Of course it by no means follows that every person familiar with the evidence will arrive at a correct conclusion...

Many people outside of Georgia assume that Leo Frank, the man in question, was not given a fair trial on account of local prejudice against his race and religion. Acting upon this assumption they demanded that he should not be hung...

But in the ordinary working day life of the Dominion we need the hard-headed thrift and common sense of the people to restrain extravagance and corruption. Just now we are hearing a good deal about the absence of public opinion as a cleansing factor in Canadian politics...

The Grain Growers' Guide suggests that the absence of public opinion is accounted for by the absence of public knowledge. The people do not sufficiently know what is going on to form an opinion. Why, it is asked, should provincial cabinets sit behind closed doors, while municipal boards of control do business in the open?

Those calling most loudly for public opinion to assert itself, as for example in Manitoba, appear to think that the people are a sort of policeman who need to be reminded by politicians of their duty. As long as the politicians are reasonably honest no one seems to call upon public opinion. But there are other issues respecting which the people should think, decide, and speak...

"The Soul of Germany"

In the centenary number of The North American Review, published last month, Mr. W. D. Howells, the dean of the American literatures, wrote that "from militarist Germany, from that dead corpse of medieval oppression, galvanized into an ecstasy of murder and rapine, humanity can expect nothing."

The question has been debated whether the horrible deeds committed by the German soldiery and naval men have been due to causes inherent in the German people or whether it has been imposed on them by an educational system designed through to produce the type of citizen desired by the autocrat of the German Empire.

Charges of Roblin-Norris Deal to Be Fully Investigated. Action Against Smith Falls Hospital is Unsuccessful.

WINNIPEG, June 28.—The new royal commission, consisting of Mr. Justice Phippen, chairman, Mr. Justice Gait, and Judge Robson, public utilities commissioner for Manitoba, met today to investigate the allegations that the Norris government took office as a result of a deal with the Roblin regime.

Mr. Fullerton attended to press his charges, with the assistance of E. K. Williams and A. E. Johnston. Hugh Phillips and Isaac Pitblado represented the Norris government. No witnesses were examined and the session was devoted to organization.

Mr. Fullerton said he expected to call the chief justice of the court of King's bench (Mathers) and former Judge Phippen as witnesses.

Mr. Fullerton suggested that the new commission did not possess all the powers of the former one in that order appointing the former one authorized them to investigate "all matters and things which in your judgment are relevant thereto."

Mr. Fullerton said he would like the commission to be asked to E. H. Phippen and W. N. Tilley, of Toronto, barristers, to appear and give evidence next Monday morning.

Names Withheld. Names were asked for by Isaac Pitblado in a letter to the government, who said that names of German officers were necessary in preparing a list.

These are all names I want to give now," said Mr. Fullerton, "I don't want to suggest a name, any name, but for my fellow-citizens who at this time could induce an atrocious discussion. George P. Graham and The Globe have been branding me with what is substantially amounts to dishonesty and I want to brand these charges as false to the core."

FRAUD ON FARMER REMEDIED BY COURT

James Johnston Wins Sweeping Verdict Against J. E. Haines, Promoter. Sued for Burned Foot.

Mr. Justice Lennox, at Osgrade Hall farm, 37, awarded James Johnston, farmer, of Vaughan Township, judgment for the full amount in his claim for \$29,000 from J. E. Haines, in connection with stock transactions.

In his statement of claim Johnston declared that the defendant approached him to purchase 2000 worth of stock in the British American Sign Co., \$4000 in the Forty Mile Gold Dredging Co., and \$2000 in the Consolidated Gold Dredging Co. of Alaska.

Johnston next purchased a large number of shares, which the defendant represented were worth \$10,000, in the Consolidated Gold Dredging Co. He alleged that the defendant did not pay the money to the company, but appropriated it to his own use, and that the money was obtained from him by false and fraudulent means.

Mr. Justice Britton dismissed the action of Mrs. Marjory Lavery of Winnetka, Ont., against the Smith's Falls Hospital for \$3000 damages for injuries sustained to her foot when a patient at the hospital.

**Vatican Regrets Italy's Participation in War—Attitude Strictly Neutral.**

(Continued From Page 1.)

knows all this perfectly. How, then, could he put them in a category with the Belgian and French hostages or with the Jews of Russia?

"With regard to Gen. von Bissing, the German governor of Belgium, neither the Holy Father nor the secretariat of state ever received a letter or communication from him directly or indirectly. The pope could not refer to such a letter and he did not. The letter was born of the fervid imagination of M. Latapie."

Benedict said: "It was under the pontificate of Pius X. when asked by M. Latapie if it was necessary to inquire whether the neutrality of Belgium had been violated, but the secretary of state does not say what words the pontiff used."

Desired Italy's Neutrality

"But much graver is the confusion of M. Latapie when he speaks of the relations between the Holy See and Italy," continues Cardinal Gasparri.

The following is the real opinion of the pontiff.

"It is true that he wished Italy to remain outside the conflict upon receiving concessions from Austria, because he desired that Italy should not suffer the horrors of war and he was preoccupied with the delicate position of the church if Italy entered the conflict. War once declared, the church became entirely neutral. It has not in any way tried to prevent Catholics from doing their duty according to their consciences and it has done everything for the spiritual welfare of the soldiers."

The pontiff recognizes that the Italian Government has done everything possible to attenuate any difficulties that might arise between it and the Holy See. The Vatican's correspondence is not being touched. But that does not mean that the situation of the Holy See is normal. It does not intend to create embarrassment for the government.

Deplored Lusitania's Sinking.

"The Holy Father much deplored the sinking of the Lusitania, but he could not pronounce directly on it because there was before him a question of fact regarding which each side makes different assertions."

Cardinal Gasparri ended the interview by saying:

"With regard to what concerns me personally I saw M. Latapie only a few minutes. In that time the diplomatic relations between the Holy See and France were not mentioned. M. Latapie would have done better had he maintained the promise he formally gave me not to publish anything without previous authorization. But as the formal promise was not sufficient to preserve the Holy See from such deplorable indiscretions M. Latapie will have the honor of being the last journalist to be received by the Holy Father during the war."

**DENIES GERMAN RIGHT TO SINK U. S. VESSELS**

U.S. Government Again Demands Prompt Settlement for Destruction of Frye.

WASHINGTON, June 28.—By agreement with the German foreign office, the state department made public tonight the text of the note sent on June 24 by the United States, asking Germany to reconsider her refusal to settle by direct diplomatic negotiations, instead of by prize court proceedings, the claim presented on behalf of the captain and owners of the American ship, William P. Frye, sunk with her cargo of wheat by the commerce raider Prinz Eitel Friedrich.

The note brings out clearly the refusal of the United States to accept the contention that Germany has a right to stop the carrying of contraband by American ships, "by the destruction of the contraband and the ship carrying it."

While no mention of submarine warfare was made in either the last German note or the present reply, occasion was taken to deny this right, because of a belief that admission of some in mission design, and all in first-class condition and with a fine tone.
