The Toronto World
TUESDAY MORNING JANUARY 11 1921 41ST YEAR—ISSUE NO. 14,671 TWO CENTSPREMIER NAILS N.P. COLOPS TO MAST IN WEST PETERBORO
Minister of Education Beats Off Two Gunmen in Queen's ParkNEW TARIFF BILL
LIKELY TO LEAD
TO RETALIATION

U. S. Senate Finance Commit-
tee Is Warned by Several
Witnesses.

FEAR A TRADE WAR

Washington, Jan. 10.—Warning
that the passage of the Fordney
emergency tariff bill would lead to
retaliatory measures from Canada
and other countries, and would breed
unfriendliness to United States trade
in other parts of the world, was given
today by witnesses before the senate
finance committee.

As a result of this testimony, it
was expected tonight that members
of the United States tariff commis-
sion would be asked for information
on the question. At the close of to-
day's hearing Chairman Penrose in-
dicated that he desired fuller en-
lightenment as to the danger of re-
taliation from other countries. The
committee will conclude its hearings
tomorrow and the bill is to be taken
up in executive session for Friday.

H. M. Smith of Philadelphia, one
witness of today, when asked to ex-
plain his statement that the proposed
bill would lead to trade reprisals,
said that the United States was now
sending vast quantities of steel and
construction materials to the orient
at a time when Canada and much
of Europe is entering actively the
field of selling.

Canadian prices, the witness said,
were not far different from those in
the United States, and he added:
"Those people can just as well place
their orders in British Columbia as
with the United States."

This, he added, was merely an in-
dication of how the retaliation might
start, and he explained that there
were many other commodities which
could be included if a trade war were
begun.

Today Louisiana sugar growers ap-
peared for protection for cane sugar.
While Bermuda producers of potatoes
and onions, thru their trade repre-
sentative in New York, opposed in-
clusion of these two articles in the
proposed emergency tariff.

Importers of vegetable oils, who
claimed that they have invested
about \$10,000,000 in Pacific coast
ships to enable them to handle vast
imports from the orient, declared the
proposed tariff would prove a crush-
ing blow to them. These importers
were represented by Mr. Smith and
several other witnesses.

BRITAIN LEADING
IN SHIPBUILDING

Constructing More Commer-
cial Vessels Than Rest of
World Combined.

New York, Jan. 10.—Great Britain
is now building more commercial
ships than all the rest of the world
combined, says a statement issued
here today by Lloyd's register of ship-
ping.

On reports received up to and in-
cluding Dec. 31, 1920, shipping under
way in the United Kingdom amounted
to 3,709,000 gross tons. In the United
States it amounted to 1,310,000 tons
and in all the countries of the world
7,178,000 tons. Tonnage under con-
struction in all countries on Dec. 31,
1919, amounted to 7,861,000 tons.

On a percentage basis the report
shows Great Britain's share to be
51.6 per cent. of the total, as against
38.1 per cent. at the beginning of
1920. In the same period the share
of the United States has de-
creased from 27.7 per cent. to 18.2 per
cent.

Tank steamers under construction
at the beginning of this year amount-
ed to 1,169,000 tons, of which 637,000
tons were in American yards. Indi-
cating an increase in internal com-
bustion engines, ships of this type
building at the end of last year
amounted to 454,000 tons.

TO QUIT COUNCIL
OF AMBASSADORS?

Reported That United States
Will Withdraw From
Participation.

Washington, Jan. 10.—Immediate
withdrawal of the United States from
further participation in the council of
ambassadors in Europe was reported
today to have been decided upon.

State department officials declined
to discuss the report, but they did say
that the United States government
would not be represented at the meet-
ing of premiers next week at which
France and Great Britain will discuss
ways and means for enforcing the
terms of the treaty of Versailles af-
fecting particularly the conditions in
the Ruhr valley.

TWO THUGS REPELLED
BY HON. R. H. GRANT IN
QUEEN'S PARK BATTLE

Revolver Is Shown by One Assailant, But Sixty-Year-Old
Minister of Education Knocks Out One Man With His
Cane and Grapples With the Other, Getting His Eye
Blackened in Tussle—Footpads Flee Without Getting
Any Booty.

Sir John A. Macdonald's monu-
ment in Queen's Park has seen some
strange sights in its day no doubt, but
perhaps none stranger than that which
it witnessed at 8.30 last night when,
but a few yards from its base, Hon.
R. H. Grant, minister of education for
Ontario, battled successfully with two
highwaymen.

Had the cold marble statue not
been inanimate a smile would no
doubt have lit up Sir John's face
as he saw the two bold highway-
men, after a brief encounter, in a
mad flight, while standing in a de-
fiant pose was Hon. Mr. Grant hold-
ing his ground and shaking what was
left of his walking stick after the re-
taliating figures.

Some Casualties.
Altho the enemy outnumbered the
party attacked two to one their casu-
alties were much greater, and this
despite the fact that their weapons
were much superior. Perhaps the
factor which contributed most largely
to the success of the defending party
was the element of surprise which he
turned to his advantage by the aid of
good generalship.

Relating his story to the police Hon.
Mr. Grant stated that he was walking
towards the parliament buildings thru
Queen's Park when about opposite the
statue of Sir John A. Macdonald two
men walked up behind him and one

said "hold on there, old fellow, we'll
walk along with you."
Threatened With Revolver.
The Hon. Mr. Grant stopped and
when the two men reached his side
one of them drew a gun and shoved it
under his nose, demanding that he
hand over all the money he had.

Quickly swinging his cane, Mr. Grant
brought it down with force across the
head of the man with the gun knock-
ing him to the ground. In falling the
fallen man lost his gun, and the minister,
seeing the fallen man reaching for
the weapon, again struck him across
the head, partially stunning him, but
thwarting him in his attempt to se-
cure the revolver. "All this took but
the space of a few seconds, and dur-
ing which the other bandit stood as
if rooted to the spot, so surprised was
he. As Mr. Grant's cane fell the
second time he awoke from the daze
he was apparently in and grappled
with the minister. In the scuffle
that ensued the Hon. Mr. Grant re-
ceived a black eye, but he succeeded
in wrenching his opponent and the
latter took to his heels, following the
direction taken by his partner, who,
as soon as he saw his partner up,
did not make an effort to aid his
friend.

Leave Revolver Behind.
In their haste the men left a re-
volver of small calibre, three car-
tridges, and a walking stick. (Continued on Page 2, Column 1.)

QUEBEC TO CONTROL
RETAIL LIQUOR SALE

By Bill Coming Before House in
Few Days Government Takes
Charge of Trade.

Montreal, Jan. 10.—The Quebec
legislature opens tomorrow, and while
there are many things to be attend-
ed to, one of the main questions to
be discussed will be the liquor situa-
tion.

Members of Montreal district were
at the government offices this morn-
ing on their way to Quebec, and ac-
cording to most reliable information,
the liquor law will be settled as follows:

Wholesalers are to remain in pos-
session of their present privileges,
the government not deeming it right
to deprive certain old-established
houses of such privileges. Besides that,
these houses are agents for the sale
of the largest European firms and
the government could not very well
interfere.

To Control Retail Sales.
It is stated, however, that the gov-
ernment has decided to take control
of all the retail sale of liquor in the
(Continued on Page 3, Column 5.)

MINERS SIGN AGREEMENT.

New Glasgow, N. S., Jan. 10.—Pre-
sident Baxter of the United Mine
Workers and International Board
Members Barrett, and J. W. McLeod
and James Porter, owners of the
Greenwood Colliery today signed the
Montreal agreement. This colliery has
an output of six hundred tons per
day.

NEW EDUCATION BROOM

Sub-Committee Will Report On New Jarvis Street Build-
ing and Consider General Question of High School Ac-

—New Members Shine.

Toronto's board of education new
brooms raised a cloud of dust but
swept clear thru at the largely at-
tended conference of trustees and
officials with the management com-
mittee at the administration building
yesterday afternoon.

While everything had been prepared
for a quick and easy getaway by the
old cut-and-dried method, if so de-
sired, the outcome was quite the op-
posite, and the officials' proposals and
positions were, in some notable in-
stances, sent sky-rocketing, never to
come down again.

The newcomers sat tight while the
formal proceedings were being put
thru, but were keyed up for lively
music and suddenly made the china
begin to rattle when the officials' pro-
positions were before them.

All the members of the management
committee sat at the big round table
in addition to several prominent mem-
bers of other committees. At the

STEAM RAILWAYS
SHOW HOSTILITY

Hewson, for Hydro Commis-
sion, Says Railways With-
hold Information.

FEAR STRONG RIVAL

Obstacles which existing steam rail-
roads had placed before the radial
program of the Ontario Hydro electric
commission, figured prominently yes-
terday at Osgoode Hall when the royal
commission on Hydro radials resumed
its session. W. G. Hewson, general
railway engineer for the Hydro com-
mission, occupied the witness stand
during the whole of the day and told
of the refusal of the steam systems
to furnish information for the initial
survey made up to determine the pos-
sibilities of success which the radials
would enjoy.

The evidence regarding the hostility
of the railways was precipitated by a
question from J. M. Bellmuth, K.C.,
regarding the nature of a station which
the witness had mentioned as sending
at present 2000 passengers per year to
Toronto.

Some Information Refused.
"I am afraid that I cannot give that
name," replied Mr. Hewson, in answer
to the counsel's query, and adding:
"Some of these names I can give and
others I cannot."

"I suppose the difficulty that you
are in is that some of this informa-
tion could not be obtained from the
railroad and that in giving me your
source you would be giving somebody
else away?" suggested Commissioner
Bancroft.

"Yes," admitted Mr. Hewson.
"Would you say that you were actu-
(Continued on Page 3, Column 1.)

GROSS PROFITEERING
IN CANADIAN APPLES

London, Jan. 10.—The Pall Mall
Gazette today refers to Canadian
complaints regarding prices of apples,
as a specific instance of profiteering
by middlemen.

The Canadian grower, it says, gets
27 to 29 shillings per barrel for apples
sold here at 120 to 140 shillings a
barrel.

The Pall Mall Gazette says that
what is required is a system of co-
operation bringing producer and cus-
tomer together and it asks why the
Canadian apple growers do not estab-
lish their own agencies here and so
cut at the root of the evil against which
they protest.

FIRST WAR CRIMINALS
SENTENCED IN GERMANY

Leipzig, Jan. 10.—The second crimi-
nal chamber of the imperial court to-
day sentenced the first three war
criminals convicted respectively to
five and four years' penal servitude
and two years imprisonment. The men
were accused of having looted an inn
at Edingen, Belgium, in Oct. 1918.

The accused, who were engineers,
did not figure in the allied extradition
list, but were tried under the German
law of Dec. 5, 1919.

SINN FEIN ATTACKS
BARRACKS IN MEATH

At Many Other Places in Ire-
land Police and Military
Were Fired On.

Dublin, Jan. 10.—The list of week-
end attacks on the police and military
was augmented by official reports this
afternoon that the police barracks at
Longwood, County Meath, was attack-
ed Saturday night. The fight lasted a
quarter of an hour, when the attack-
ing forces retired. The police sustain-
ed no casualties.

Information was received from vari-
ous sources Saturday night of a con-
templated attack on the police bar-
racks at Trim, County Meath. A large
body of men assembled a mile distant,
but did not approach the barracks.
The roads leading out of Trim were
trenched and obstructed and the tele-
graph wires were cut.

At various other places the police
and military were fired upon, but no
one was injured so far as is known.

The Wexford county council, com-
posed of Republicans, has adopted a
resolution unanimously calling on the
general council of Irish county coun-
cils to start a campaign for the total
prohibition of the consumption of
liquor and tobacco in Ireland, in or-
der to deprive the imperial exchequer
of taxes from these commodities, es-
timated at £20,000,000.

The resolution, which was proposed
and seconded by members connected
with the liquor trade, appealed to the
Catholic hierarchy for co-operation.

Shorten Curfew Hours.
Cork, Jan. 10.—The military gov-
ernor of Cork has set back the cur-
few hour in Cork from 10 o'clock at
night to 8. This is due to the attack
on the police at Parnell Bridge last
week.

HELPING TO RUN CITY'S AFFAIRS

On the left is Mrs. L. A. Hamilton, who has the honor of being the first woman
to be elected to the Toronto city council, and who was re-elected alderman
in the third ward. On the right is Mrs. Sidney Small, who was elected alder-
man in the fourth ward, on her first attempt.

DE VALERA ATTACKS
BRITISH CHARGE OF
GERMAN-IRISH PLOT

Immunity Extended Was Con-
ditional on His Preserving
Silence on Irish Affairs —
Irish President May Become
Useful in Bringing Into
Force the Home Rule Act
— Government Hopes to
Profit by Alleged Split.

London, Jan. 10.—Eamonn de Valera,
the Irish republican leader, broke his
silence today with a formal statement
vigorously denying the alleged Ger-
man-Irish plot against Great Britain,
and attacking the government's "white
paper" issued Saturday concerning
such a plot.

In his statement De Valera denies
that there was any such plot in 1918,
and states that as he was intimately
in touch with all the major activities
of the Sinn Fein and Irish volunteers,
he can speak with knowledge and
authority.

He states that the "general char-
acter of the report, its total untruth-
fulness, and its obvious purpose
to bring into play on the side of the
authors of the present military
fightfulness in Ireland all the pre-
judices and hatreds of the past war
can be inferred from the portions that
have reference to me personally."

That apparent immunity of Eamonn
de Valera from arrest would continue
as long as de Valera maintained sil-
ence and does not participate in the
affairs of the extreme Nationalists.
(Continued on Page 2, Column 2.)

SHOT DEAD IN DUBLIN
BY AUXILIARY POLICE

Dublin, Jan. 10.—Early this evening
James Farrell was shot dead and Thos.
Connolly was severely wounded in
North Brunswick street, Dublin, by
auxiliary police. A few children who
were playing in the street at the time
were the only witnesses.

A semi-official report of the shoot-
ing says that while two auxiliary po-

them, whereupon one of the officers

fire.

Two express trains held up
By Deep Snow in Newfoundland

St. John's, Nfld., Jan. 10.—Two ex-
press trains carrying many passen-
gers and 800 bags of mail are detained
at Port Aux Basques by the heavy
snows of the last few days. Railway
service in the colony is considerably
disorganized because of the storm.

41ST YEAR—ISSUE NO. 14,671 TWO CENTS

If Great Industrial Centre Like
Peterboro Defeats Govern-
ment Candidate It Will Be
Construed Everywhere as
Knockout Blow for Protec-
tion Principle, He Tells Big
Meetings—Hon. Mackenzie
King's Dissembling Tactics
on Tariff Roundly Scored.

(By Staff Reporter.)
Peterboro, Ont., Jan. 10.—The
campaign for the government in the
West Peterboro election opened tri-
umphantly tonight with two large
meetings addressed by the prime
minister and Hon. Hugh Guthrie,
minister of militia. Hon. Mr.
Meighen arrived from Ottawa this
afternoon and held an informal re-
ception at the Empress Hotel. It
had been arranged to hold his meet-
ing in the Grand Opera House at 8
o'clock, but long before the hour
named the opera house was filled to
overflowing and another meeting had
to be hastily arranged for at Victo-
ria Hall. At both meetings the
prime minister was greeted with
great applause and his speeches
aroused great enthusiasm.

Roland Denne, the government
candidate, an old Peterboro boy,
spoke at both meetings and made a
most favorable impression.

Among out of town visitors were:
J. A. Sexsmith, government member
for East Peterboro, who was on the
platform at the Grand Opera meet-
ing, and W. F. O'Connor, K.C., who
held down a front seat in the audi-
ence, and who remains as mysterious
as ever.

All for Protection.
The keynote at both meetings to-
night was protection of Canadian
industries, and especially for great in-
dustries which have placed the city
of Peterboro on the map. Everybody in
Peterboro is a protectionist, and all
the candidates except the U.F.O. vie
with each other in protesting devotion
to a high tariff. Mr. Meighen, how-
ever, warned his audience that the
defeat of the government would be
construed in only one way all over

(Continued on Page 3, Column 4.)

TORONTO MAN DIES
IN PLANE CRASH

Was on Way From Cairo, Ill.,
and Fell Into Mississippi
River.

Special To The Toronto World.
Dayton, O., Jan. 10.—Last doubts as
to the death of George Simpson, Day-
ton-Wright test pilot, formerly of
Toronto, and his mechanic, Carl
Fisher, of Dayton, Ohio, were removed
late Monday afternoon upon the dis-
covery of an overcoat sleeve belonging
to Simpson floating in the Mississippi
River. Simpson was last seen at
Dayton Sunday while en route
from Dayton to Key West in a hydro-
aeroplane. The accident occurred be-
tween Cairo, Ill., and Carruthersville,
Mo. The plane falling into the river
and both occupants being drowned.
First reports were that the flying boat
had fallen in flames, but upon later
investigation it was ascertained that
Simpson had probably got into a nose
dive and lost control of his ship.

Efforts to recover the bodies of the
fliers were being made today. Search-
parties were started for the scene of
the tragedy from Memphis, Tenn.,
Cairo, Ill., and St. Louis, Mo. No re-
ports of their success or failure have
been received.

Simpson and Fisher left Dayton
December 31 with a consignment of
motion picture films, to be delivered at
different cities along the Ohio and Mis-
sissippi Rivers. The men left Cairo
Sunday afternoon and were scheduled
to stop at Memphis with a packet of
films. The accident occurred at 3
o'clock.

Simpson and Fisher are married, the
former having one child. Simpson
came here from Canada, following ser-
vice with the British R.A.F. during the
war. He was employed by the Dayton-
Wright division of the General Motors
Corporation. His father is Dr. Simp-
son of Toronto. Simpson was a gradu-
ate of the University of Toronto.

Two Thousand Legionnaires
Have Already Left Fiume

Rome, Jan. 10.—The D'Annunzio
legionaries who occupied the island
of Veglia and Arbe have been with-
drawn and landed at Fiume in good
order, in accordance with the agree-
ment between Gen. Cavaglia, com-
mander of the regular Italian force,
and the Fiume delegates, says a dis-
patch from Fiume today. Regular
troops are being sent to replace the
irregulars.

Two thousand legionnaires already
have left Fiume and all the warships
have departed, the dispatch adds.

Prohibition Whis
Number of A
to Hospit

Binghamton, N.Y., Jan. 10.—An epidemic of insanity, prohibition liquor, is immune to statements made by Binghamton State Hospital. Examined Michael Hatla, suffering from "whiskey."

Hatla's case is the result of moonshine whiskey, received at the state hospital as one of many cases brought to the institution in the last few years. Hatla, who has been in the following is

three days following his arrest was able to say yes or no to having drunk some whiskey and whether he knew he was in jail. He admitted it was irrational, and it was his fault. He told him to the hospital. The hospital official said he recognized him from the many which prevail in many parts of the city induced by prohibition during the last year. He enumerated twenty cases in the past year from nearby towns, under the result of imbibing liquor. Several bootleggers.

LOOK GOOD FOR ELECTRIC POWER

Commission Will Soon Be Able to Meet All Demands.

WORK TOWNSHIP

For 1921 promises to be big for electric power in the township. At a meeting of the township council, held yesterday, it was decided to call for a franchise that as a result of the franchise, the Hydro-Electric will be able to supply the township with electric power. It was stated that the township had been successful in securing a franchise from the Hydro-Electric. The township council will now be able to meet all demands for electric power.

Urges Employment. Over 100 deputations appeared before the township council yesterday to urge the township to employ more men. The township council has agreed to employ more men to meet the demand for electric power.

Frederick Miller made the point that a special meeting will be held today to discuss the situation when a representative of the township will be present to deal with the township council.

INSANITY EPIDEMIC DUE TO MOONSHINE

Prohibition Whiskey Adds to Number of Admissions to Hospitals.

Binghamton, N.Y., Jan. 10.—(Special.)—An epidemic of insanity, due to prohibition liquor, is imminent, according to statements made by officials of the Binghamton State Hospital, who examined Michael Hatt, of Johnson City, suffering from "whiskey madness."

Hatt's case is the result of drinking moonshine whiskey, representatives of the state hospital assert, and his is one of many cases brought to the institution in the last few weeks.

Hatt, who has been in confinement three days following irrational actions, was able to say yesterday that he drank some whiskey and the next thing he knew he was in jail. He is still irrational, and he is being treated with the usual methods of the hospital.

The hospital official who examined Hatt said he recognized symptoms of insanity in many cases of insanity induced by prohibition booze during the last year. He enumerated at least twenty cases in the last two weeks from near-by towns, questioning the result of imbibing liquor dispensed by bootleggers. Several cases came from Elmira, one from Binghamton and another from Endicott.

Many of the patients may have had tendencies to mental derangement but the precipitation of their misfortune was traced directly to the use of bootlegging beverages, the official said.

Insanity On Increase. Chicago, Jan. 10.—Cases of insanity from alcoholism have increased in the Cook County Psychopathic Hospital since prohibition went into effect, according to the quarterly report of Dr. James Whitney Hall, chairman of the insanity commission for the county.

Dr. Hall reported an increase of 33 per cent in alcoholic cases in December, 1920, over the last official year, December and 16 per cent in November. A slight increase was noted in October over previous October, while in September the increase was 30 per cent, according to the report.

Dr. Hall said that the increase was "either to the fact that prohibition does not prohibit or else there is more kick in the modern drinks than in the days when liquor selling was legal."

Usually, however, the report said, "insanity will be greatly decreased by prohibition, for future generations will not know the taste of whiskey."

STEAM RAILWAYS SHOW HOSTILITY

(Continued From Page 1.)

ally refused information," queried Mr. Hellmuth.

Yes, on occasions we were, replied the witness.

Would Divert Traffic. At a somewhat later period in the examination, Mr. Hewson gave his opinion that the building of the new line would divert traffic from the present freight business would also come to the radicals.

"Then that might be a very good reason for this business," one of the highwaysmen said, "but it is a case of necessity. However, we are not robbing crippled men and those who have served their country."

Victims reported the robberies at Cranford and police from several villages set out in automobiles. As they approached the scene the bandits jumped in their car and fled, pursued by the police. The bandits escaped, however.

HEAVY LOSSES IN PARIS THRU THEFTS AND FRAUD

Paris, Jan. 10.—Twenty-four million francs in cash and securities and 10,000,000 francs' worth of goods and valuables, half of which were recovered by the police, were the total amount obtained in Paris through burglaries and thefts by criminals during 1920, according to official figures made public by police headquarters today.

The ministry of finance alone lost 3,220,000 francs thru swindles and forgeries.

Mount Royal Son-in-Law Passes Away in London

London, Jan. 10.—Dr. Robert Jared Bliss Howard, a noted authority in the medical world, died here yesterday. He was educated at McGill University at Montreal and at the London Hospital. He was a fellow of the Royal Society of Medicine. Dr. Howard was married in 1888 to Margaret Charlotte, daughter of Sir Donald Alexander Smith, who played a dominant role in the history of Canada from 1889 until his death in 1914, and who was made Baron Strathcona and Mount Royal. Following the death of his father, she succeeded to his title. Dr. Bliss is survived by his widow, two sons and two daughters.

Motor Companies Reopen Works On a Part Time Schedule

Detroit, Jan. 10.—Buick factories at Flint resumed operations on a part-time schedule this morning, after a shutdown of several weeks.

The Acme Motor truck plant at Cadillac also reopened today with about one third of its normal force.

ENGLISH GOLD KEEPS COMING

New York, Jan. 10.—The steamer Kaiserin Augusta, which today arrived from England with \$4,200,000 in gold for New York bankers. Of this amount \$2,400,000 was consigned to Kuhn, Loeb and Company.

HEAVY SNOW IN VIRGINIA

Roads, Va., Jan. 10.—One of the heaviest snows in the history of Roanoke, Va., fell during the last 24 hours, having reached a depth of from 15 to 18 inches on a level. Vehicular traffic is practically suspended and at least one building has collapsed under the weight on its roof.

explained that it was a factor which could not be computed by comparison with other roads, but could only be learned by an intimate study of the districts concerned. It depended largely upon the personal characteristics of the residents and upon the form of industry in which they engaged.

Mr. Hellmuth then examined the revenue estimate in the light of the probable first year's earnings of the system. He quoted, in response to the contention of the witness, that the figures of the estimate could not be seriously expected to materialize during the first year of operation, from the Hydro bylaw upon which various municipalities had voted. The earnings given in the estimate were there declared to be those which would be realized during the first ten years of operation.

Lower Operating Costs. "The average electors would regard the initial year as being included," remarked Commissioner Mitchell.

The witness stated that he believed the estimate to be substantially correct in view of the fact that the lowered revenues of the first year would be largely offset by the reduced operating charges. Track maintenance and smaller interest charges were factors which he mentioned as contributing to the general reliability of the forecast.

Mr. Hellmuth then turned to the outlined freight earnings of \$380,000 per year and was informed that this figure had been determined largely upon the basis of the business at present enjoyed by the steam roads. The realization of the sum, he was further advised by a lengthy analysis, would require the securing of approximately 25 tons of freight per annum from each factory.

He thought that the radicals would secure a good proportion of the freight of the district," declared the witness confidently.

According to your view, the steam roads would be practically eliminated in this district," challenged Mr. Hellmuth.

"That is a fair statement," agreed Mr. Hellmuth.

Effect of Price Slump. Evidence at the morning session of the probe concerned principally the manner in which the Hydro Commission had set about in 1914 preparing its estimates. It had received, following the passage in 1913 of the Hydro bill, a study and 500 applications from municipalities desiring surveys. It had, thereupon, commenced the work of preparing estimates, and had at the same time been arranging for municipalities to vote upon a Hydro bylaw. In 25 districts the bylaw had been passed, in five it had been defeated, and in three no vote had been taken.

The estimates prepared, the witness declared, had been revised in 1920 in view of the price level which then prevailed. The recent price slump would, therefore, render the final figures inaccurate to the extent to which a reduction had been effected.

CONFESSES KIDNAPING MAN NEAR OTTAWA

New York Clerk Says It Was Result of Interference Between Man and Wife.

New York, Jan. 10.—(By Canadian Press.)—Confession of a homicide committed near Ottawa in 1915 was made here today, according to the police, by Harry Dracy, 25, a clerk in a Maiden Lane jewelry store, who was held on a charge of larceny. Dracy was arrested last night in an uptown restaurant on the larceny charge, and later, the police added, made the confession of the previous crime.

According to the police statement, Dracy said that in 1915, while living in a place about 15 miles from Ottawa, he heard a quarrel going on between a married couple living in the same house and interceded for the woman. Later he was in a café on the street when the husband entered, drew a revolver and threatened him. In self-defense, the alleged confession goes on, Dracy shot and killed the man.

Dracy succeeded in eluding the police, he says, and finally joined the Canadian army and served during the war. He was discharged in 1919 and returned to the man's statement.

The charge on which Dracy was arrested last night is preferred by the Grand Jury of the County of Ottawa. Dracy a cheque December 5, telling him to buy a suit of clothes for himself and then return the balance of the money. Dracy ran off with the money.

Aylmer Man Was Shot.

Ottawa, Jan. 10.—When acquainted of the alleged confession of murder of Harry Dracy of New York, Sheriff Wright of Huron County, Ontario, reported that he would open his market to American manufacturers while the American market was denied to the Canadian market.

Mr. Meighen was several times interrupted, but never in a disrespectful manner, and with his rapid-fire replies he elicited cheers. "When someone called out that American manufacturers only started because labor was cheap here," Mr. Meighen replied, "The working men don't come here because they had some money. In the United States, they would not remain in Canada."

When someone asked him why he did not tax millionaires, he pointed out that the income tax in Canada was more severe for rich men than the income tax of any other country. He said he could name several men in Canada who could save from \$150,000 to \$200,000 a year on their income tax by moving to England.

In conclusion, Mr. Meighen made a patriotic appeal for the independence of Canada, and said: "I may be accused of waving the flag, but I intend to do nothing of the kind. I am not ashamed or afraid, however, to wave the flag at the proper time and place. What I do say is that I have been all over Canada, and I have never seen public sentiment so opposed to this country becoming a mere adjunct to the United States. Our people realize that if they buy all they consume in the United States they will soon be at the mercy of that country, and we will have to be very careful what we do in parliament lest we offend that country. We want to make our own goods, have our manufacturers subject to our laws, and make our own money. We are not going to be a mere adjunct to any other country." (Applause.)

Inducement to British Firm To Transfer Plant to Canada

London, Jan. 10.—At a meeting of the Birmingham manufacturers today it was stated that the Walsall firm had had an offer from the Canadian government of land tax-free for ten years as an inducement to transfer their factory to the Dominion.

IRISH-AMERICANS CHECK TO CAUSE

New York Paper Says Campaign Is Aggressive and Stupidly Incompetent.

New York, Jan. 10.—Under the caption "A real Irish grievance," the New York Evening Post this evening dealt editorially with the recently proposed vendetta against British subjects, and the "tearing down of everything British in the United States," as advocated by Harry B. O'Leary, secretary to Eamonn de Valera, at Madison Square Garden. O'Leary's remarks, the newspaper says, are as "remarkable a tribute to the speaker's ignorance as to his foolishness."

"Sensitive and intelligent Irishmen have long been aware," says the Post, "that a serious disservice is being done to Ireland by the ignorant hate-mongers who apparently dominate the Irish-American campaign."

Intemperate hoodlums, frequently translated into appropriate acts, are alienating all sympathy from Ireland in this country. If the Sinn Féin movement had been conducted in Ireland with the same incompetence and aggressive stupidity as some of its champions display here it would never have established itself as it has done.

"Sinn Féiners who feel the need for physical combat with their enemies should not select the unheroic territory of Madison Square Garden, but join the combatants and their victims, who are suffering their exploit."

As Americans, we are interested only in a peaceful settlement where the strength of the bonds of friendship between our own country and Britain and Ireland."

MEIGHEN GIVES STRONG WARNING

(Continued From Page 1.)

like Peterboro defeated a protectionist government in a by-election, it would be construed everywhere as a knock-out blow for the principle of protection. The liberal candidate, he said, might protest that he was not himself in favor of free trade, but he would be the follower of Hon. Mackenzie King. Mr. Meighen frankly admitted that he did not know what Mr. King's views were on the tariff, if indeed he had any views at all.

Elusive Mr. King. "I have dared and challenged him," Mr. Meighen continued. "To answer by yes or no, whether he favored the protective principles. He has never answered, and he never will. If he comes to Peterboro I want some of you to put the question to him. I know he'll run away from the question, but if by any chance he can be driven into answering either yes or no, please write me at my expense immediately at Ottawa." (Applause and laughter.)

Mr. Meighen said that Mr. King continued to play double on the tariff question, because he had to be a protectionist in Ontario and a free trader in the west.

Securing prime ministerial lay in a possible combination between himself and Hon. T. A. Cregar. When he entered into that combination, Mr. Meighen said, he would have two to surrender to the demands of the free trade farmers of the west. Those farmers were not on speaking terms with the government, and they were determined to impose a policy of free trade upon Canada.

Outlook Is Bright. Roland Denne, the government candidate, and E. A. Peck, ex-M.L.A., in brief addresses, both emphasized the dependence of the government on the National Policy. Hon. Hugh Guthrie had less to say about the tariff and explained the position of the government in resisting the demand for a general election. He was heckled and interrupted by some persons in the audience, but the great majority of those present were evidently in favor of the government.

The outlook seems altogether bright for the government candidate. The farmers' vote is apt to be split by the ultra-protectionists, and the ultra-protectionists are threatening to put a candidate in the field. All this indicates that the opposition vote to the government will be badly divided.

On the other hand, J. H. Burnham is developing unexpected strength. His main appeal is to the ultra-protectionists, and is given some force by the fact that Thomas McMurtry, the Labor candidate, is a Roman Catholic.

Have the Liberal nomination, is a shrewd politician with a host of friends, who has always been a municipal politician in any honor. If he goes into the fight at all, he will go in to win, and a bitter battle may be expected.

Ban of Free Trade. The Hon. the minister in addressing his audience at the Grand Opera House, laid special stress upon the effect that free trade or tariff reduction would have on the Canadian industries. The tendency would be to curtail the production of goods down altogether the factories that have made Peterboro famous.

Mr. Meighen said that he would seriously consider that we should open our markets to American manufacturers while the American market was denied to the Canadian market.

Mr. Meighen was several times interrupted, but never in a disrespectful manner, and with his rapid-fire replies he elicited cheers. "When someone called out that American manufacturers only started because labor was cheap here," Mr. Meighen replied, "The working men don't come here because they had some money. In the United States, they would not remain in Canada."

When someone asked him why he did not tax millionaires, he pointed out that the income tax in Canada was more severe for rich men than the income tax of any other country. He said he could name several men in Canada who could save from \$150,000 to \$200,000 a year on their income tax by moving to England.

LEAGUE OF NATIONS' WORK IS REVIEWED

Secretariat Issues an Official Statement of What Has Been Accomplished.

Paris, Jan. 10.—The secretariat of the League of Nations today issued an official document entitled "The work accomplished by the League of Nations during the first year of its existence, January 10, 1920, to January 10, 1921," enumerating the various questions settled or discussed by the league. It mentions first the establishment of a permanent international court of justice; second, the work accomplished in the limitation of armaments, and third, the creation of an international commission to study use of the blockade as an economic weapon. The three foregoing are mentioned as "measures destined to prevent war." Under the heading, "Efforts at political conciliation," the document refers to the question of the Eastern Islands, upon which the league commission will report within three weeks.

As measures destined to remedy the economic crisis, the report says, the creation of an economic and financial organization in accordance with the conclusions of the Brussels financial conference and the organization of a transit commission were foremost in the league's work. Concerning humanitarian measures, the report goes on, the league elaborated a series of projects, including an appeal for funds to fight typhus, the acceptance of responsibilities for opium traffic control, and also the white slave traffic, and the United States of America, and effected the repatriation of more than a hundred thousand war prisoners.

Work on Peace Treaty. Regarding execution of the peace treaty the league points out the following missions accomplished: 1. Administration of the Saar Valley.

2. Direction of the affairs of the free city of Danzig.

3. Election of the German government's conclusions and note asking another plebiscite in Bupen and Malmédy, and the final awarding of the territories to Belgium.

4. The establishment of a permanent mandate commission to administer the affairs of former German colonies.

5. Acceptance of responsibility for the protection of minorities.

6. The registering of 69 treaties in accordance with the stipulation of the treaty of Versailles.

MRS. GEO. FOSTER SEEING NEW HOME

Ottawa, Jan. 10.—"I am very glad to be in Canada again and look forward to living in Ottawa with a great deal of pleasure," said Lady Foster, who with Sir George Foster, arrived in the city Sunday evening and took up residence immediately at the Foster house on Somerset street. Sir George and Lady Foster have been married a month only, and notwithstanding the long voyage from Geneva, both were about early this morning. Sir George busy with his mail and his wife seeing her new home. The un-

Blends Dignity and Charm.
A Scotswoman, in whom dignity and charm are admirably blended, the new Lady Foster is a welcome counter to the streaks of cabin ministerial wives at Ottawa. Having been the daughter of a British parliamentarian, she is highly qualified for her position as the wife of Canada's veteran statesman. Personally she is fine-looking, with graying hair and a fresh face. If there is any difference between her height and Sir

Was Miss Jessie Allan.
Lady Foster before her marriage was Miss Jessie Allan, a daughter of the late Sir William Allan and granddaughter of Colonel Fraser of the Highland Clan Lovat. In the old land she left her Scottish home and came to Canada to make a life for herself in Canada as Sir George Foster's wife.

CHARGE IS THEFT.
Beatrice Harris, 53 Carlton street, was arrested yesterday afternoon by Detective-Sgt. Elliott on a charge of stealing a coat. She is alleged to have stolen a coat from another woman by the name of Violet Martin.

**SWIFT CURRENT FIRE
CAUSES PRISONER'S LIFE**

Swift Current, Sask., Jan. 10.—In a fire which broke out at six o'clock this morning in the city hall, the building was pretty well gutted. The damage was estimated at \$100,000. The city hall and contents are covered by only \$25,000 insurance. The most deplorable feature of the fire is the fact that the late prisoner, Andrew, was arrested in his life while locked in one of the police cells located in the basement of the building. Andrew was arrested on this morning on

**Priceless Census Records
Are Destroyed at Washington**

Washington, Jan. 10.—Priceless census records, dating back to 1790, when the first enumeration of the United States was taken, were destroyed tonight in a fire of undetermined origin at the department of commerce. The records, included figures from every census up to the present one, and officials said it would be impossible to estimate the damage.

the damage could be given.

Son of Chicago Millionaire Killed by Discharge

New Orleans, Jan. 10.—Joe. Lettler, Jr., aged 14, son of Jos. Lettler, millionaire Chicago and Washington resident, was killed today by the accidental discharge of a shot gun while returning from a duck hunt near the Lettler camp at Chatacnaur, near the mouth of the Mississippi River.

The Bowlers Have Big Monday Night in League Competitions

As will be seen, the bowlers responded splendidly to The World's request for scores. Owing to the demand for space it is found necessary to confine the results to the totals, and secretaries may henceforth keep their reports to these proportions and follow the style as below. Suggestions are in order from the league secretaries or managers. It was Lawn Bowlers and Hydro night at Kew's. The Royal Canadian Yacht Club won three from Balm Beach with a majority of nearly 300 on the total. Kew Beach beat St. Matthews also three straight, but by smaller margins, while Easton Memorial and Thistles beat Grates and Lawrence Park. It is not the intention to review the play, the above being going to the credit of the bowlers, to what, it is hoped, will be an interesting permanent feature, satisfactory to both The World and the bowlers.

BLUE RUNNERS TO CORNELL.

New York, Jan. 10.—An international inter-collegiate contest in the United States next spring appears certain as the result of the Cornell University team's trip to Canada during the Christmas holidays. Word has been received from Cornell that a team of runners will be sent to Cornell next spring.

CARPENTIER MAY MEET MORAN.

Amsterdam, Jan. 10.—(Georges Carpentier.)—The champion heavyweight of Europe in an interview in The Telegraph regarding his fight with Jack Dempsey, said it depends upon the result of the match with Dempsey. Carpentier said: "If I win, I shall go on fighting for some time." In an exhibition match Saturday night with Belgian boxer Belier, Carpentier astonished the Dutch sportsmen by his cleverness. Carpentier said he might fight with Dempsey.

BOXERS MUST NOT WEAR U. S. FLAG.

Boston, Jan. 10.—The wearing of the U. S. flag by boxers appearing in the U. S. flag is prohibited in a ruling issued by the American Boxing Commission. The ruling was made at the request of the American Legion. The American Legion has asked that boxers refrain from making religious signs in the ring.

FOR THE DEGGAN TROPHY.

Montreal, Jan. 10.—P. W. Moleson, the well-known local sportsman, has ordered a new class B yacht to take part in the international trophy race given by George Horlick Duggan, and for which he has offered a purse of \$1,000. Moleson has challenged the race to take place on Lake St. Louis next August.

SOCCER NOTES.

All Old Country F. C. players and members of the Central League are requested to meet at the Ontario Referees' Association meeting on Wednesday evening, Jan. 12, in the Occident Hall, at 8 o'clock. Special business to be transacted for the coming season, also to elect referees and it is essential that all referees or any one intending to referee in the coming season be present. Now you referees who wish for a prosperous season, or desire that the best of harmony prevail between referee and players, and also every referee, are specially requested to attend.

EASY FOR TREMAINE.

Toledo, Ohio, Jan. 10.—Carl Tremaine of the out-purloined ball club, fought Earl Puryear of Baltimore in their twelve-round bout here tonight, and won by a knockout in the eighth round. Puryear was knocked down for the count of nine in the eleventh round. The men are bantamweights.

WOODSTOCK IS READY.

Woodstock, Ont., Jan. 10.—(Special.)—The juniors' football team of the Woodstock team tonight in Tillsonburg when they met the local team. The game was a close one, but the Woodstock team won by a score of 10 to 0. The game was played in a very fair manner, and the referee was very fair.

CURLING GAMES POSTPONED.

Kingston, Ont., Jan. 10.—(Special.)—Games in the Central League Curling League between Napanee and Kingston, scheduled for tonight, had to be postponed owing to bad weather.

MONTREAL PRODUCE MARKET.

Montreal, Jan. 10.—Prices were firmly maintained in the cash grain markets here today. Business in baled hay is quiet, and there is nothing new in the egg market. A steady feeling prevails in a steady market was done in butter today. A much stronger feeling with prices advanced.

CATTLE MARKET IS BARELY STEADY

Lamb and Calves Strong—Hogs Look a Lot Weaker.

With around 3,000 cattle on sale at the Union Stock Yards yesterday the demand for all classes of cattle was fairly active and steady prices with the close of last week's market.

The only class that were hard to sell were some unimproved steers. The demand for butchers cows was satisfactory and there that the buyers were relatively stronger and prices higher.

The bull trade held about steady, but the milkers and springers are hard to sell as the bulls are in the market and it is pretty hard to get down to concrete results.

The stocker and feeder trade is very quiet. Little or nothing doing, and some of the leading commission houses who specialise in this class of cattle, are operating at a loss.

Judging from what you can see and hear the outlook for a steady market in cattle for the balance of the year is not bright. In short, this is The World's summary of the market at the Union Stock Yards yesterday. There were some who stoutly maintained that the trade in cattle yesterday was relatively low all round, and that they were men, some of them who have by the general business of the year, but judging from the market which was cleaned up, and practically all before noon, we do not think their claim is well founded.

Sheep and Lambs.

There was a fairly good run of sheep and lambs on sale yesterday, around 1,200 head, but the market was not very active, and the prices were not very high.

The calf market is steady, selling at about \$17 per cwt. with a few extra choice calves bringing \$17 per cwt.

MONTEAL CATTLE MARKET.

Montreal, Jan. 10.—(Dominion Live Stock Branch.)—Cattle receipts, 1515. Some of the common grades of cows and heifers were in the market, but the market was not very active, and the prices were not very high.

Wheat—May, open \$1.94 to \$1.95, close \$1.94. Wheat—June, open \$1.94 to \$1.95, close \$1.94. Wheat—July, open \$1.94 to \$1.95, close \$1.94.
